For such services the city treasurer shall receive such compensation as the council may from time to time prescribe by ordinance in conformity with general law. (1952, c. 216; 1956, Ex Sess, c. 3; 2002, c. [685](#))

**§ 38. Commissioner of revenue.**

The commissioner of the revenue shall be elected at the time, in the manner and for the term provided in § 18 of this charter. The commissioner shall give bond in such sum as the council may by ordinance prescribe, with surety to be approved by the council, conditioned for the faithful performance of all the commissioner's duties under this charter, and under any ordinance of the city. The commissioner shall perform such duties not inconsistent with the laws of the State in relation to the assessment of property and licenses as may be required by the council for the purpose of levying city taxes and licenses. The commissioner shall have power to administer such oaths as may be required by the council in the assessment of license taxes or other taxes for the city. The commissioner shall make such reports in regard to the assessment of both property and licenses, or either, as may be required by the council. The council may by ordinance require that all tax bills shall be made out by the commissioner of the revenue and delivered in such manner as the ordinance may prescribe. For all such services the commissioner of the revenue shall receive such compensation as the council may from time to time prescribe by ordinance in conformity with general law. (1952, c. 216; 2002, c. [685](#))

**§ 39. Vacancies in the office of city treasurer or commissioner of revenue.**

In case of any vacancy in the office of the city treasurer or commissioner of the revenue, the council shall select a qualified person to fill the office in which such vacancy occurs for the unexpired term; provided that if the term of office so filled does not expire for two years or more after the next regular municipal election for the election of council members following such vacancy, and such vacancy occurs in time to permit it, a city treasurer or commissioner of the revenue, as the case may be, shall then be elected and shall from and after the date of his qualification succeed such appointee and serve the unexpired term. (1952, c. 216; 2002, c. [685](#))

**§ 40. Contracts for public improvements; purchases.**

Any purchase, public work, or improvement, costing more than \$50,000, except as provided in the next succeeding section, shall be executed by contract. All contracts for more than \$50,000 shall be awarded after public advertisement and competition, as may be prescribed by general law. The city council shall have the power to reject any and all bids, and all advertisements shall contain a reservation of this right. (1952, c. 216; 1970, c. 207; 1989, c. 129; 1990, c. 33; 1997, c. [305](#); 2002, c. [685](#))

**§ 41. Improvement by direct labor, emergency work.**

After bids shall have been advertised for and received for making any public improvement or doing any public work, the council may authorize the making of such improvement or doing such work by the direct employment of the necessary labor and purchase of the necessary materials and supplies on the basis of detailed estimates submitted by the city manager; provided the probable cost of such work of improvements as shown by such estimate is less than the bid of the lowest responsible bidder for the same work improvement; and provided, further, that the city manager shall certify to the council

that in his opinion the cost of making such improvement or doing such work will not exceed such estimate. Separate accounts shall be kept of all work and improvements so done or made.

In an emergency requiring immediate action, the city manager may make any purchase or cause any such improvements to be made or other public work to be done by direct employment of the necessary labor and purchase of the necessary material and supplies without previously advertising for or receiving bids therefor. Every such case shall be reported by the city manager in writing to the council at its next regular meeting with a statement of the facts constituting such emergency. Separate accounts shall be kept of all such work; provided that nothing in this or the next preceding section shall prevent the city from doing maintenance and repair work by direct labor and from maintaining a reasonable workforce for that purpose. (1952, c. 216; 1989, c. 129; 2002, c. [685](#))

#### **§ 42. Alterations or modifications of contracts.**

When it becomes necessary in the prosecution of any work or improvement under contract to make alterations or modifications of such contract, such alterations or modifications shall be made on order of the city council. However, when the amount involved in the proposed alterations or modifications does not exceed twenty-five percent of the amount of the contract or \$50,000, whichever is greater, such alterations or modifications may be made on the order of the city manager if the funds necessary therefor have been appropriated. No such order shall be effective until the price to be paid for the work and material, or both, and the credits, if any, to be allowed the city, under the altered or modified contract, shall have been agreed upon in writing and signed by the contractor and by the city manager. (1952, c. 216; 1978, c. 77; 1995, c. [292](#); 2002, c. [685](#))

#### **§ 43. Public advertising.**

All public advertising or publications necessary under this charter shall be in a newspaper of general circulation, published in the city, provided, however, that when the city provides for the regular periodic publication of an official bulletin of general circulation independent of any newspaper, advertising or publication therein shall be sufficient except where otherwise required by law. (1952, c. 216; 1956, c. 393)

#### **§ 44. Actions against the city for damages.**

No action shall be maintained against the city for injury to any person or property or for wrongful death alleged to have been sustained by reason of the negligence of the city or of any officer, agent or employee thereof, unless a written statement by the claimant, his agent, attorney or representative, of the nature of the claim and of the time and place at which the injury is alleged to have occurred or been received, shall have been filed with the city attorney, the mayor, or city manager, within six months after such cause of action shall have accrued, except if the complainant during such six-month period is able to establish by clear and convincing evidence that due to the injury sustained for which a claim is asserted that he was physically or mentally unable to give such notice within the six-month

period, then the time for giving notice shall be tolled until the claimant sufficiently recovers from such injury so as to be able to give such notice. (1952, c. 216; 1976, c. 573; 2002, c. [685](#))

**§ 45. Laying out of streets.**

No property within the corporate limits of the city or within three miles of such limits (or five miles as provided by Article 2, Chapter 23, of Title 15 of the Code of Virginia, 1950, except as to any lands within the overlapping boundaries under the jurisdiction of any incorporated town as defined by said Article), as now or hereafter established, shall be laid out with streets, alleys or public easements or ways thereon, except in accordance with such rules, regulations and provisions which may have been or hereafter be established, from time to time, by ordinance of the city council. To provide for the proper and orderly development of the city and its environs the council shall have the power, by ordinance, to make and enforce rules, regulations and provisions for the laying out of such streets, alleys, public ways or easements and shall have power to require, by the recordation of plats or otherwise, that the title to land so laid out shall thereby vest in the city or in such county as the land may be situated.

Notwithstanding anything in this section contained, the city shall not be liable for any accidents or injuries which may occur or be sustained upon any street, alley, boulevard or way, heretofore or hereafter laid out, until and unless the street, alley, boulevard or way shall have been accepted by the city, and the approval of any plan or plat shall not be taken as an acceptance by the city of any street, alley, boulevard, way or public place shown on such plan or plat. (1952, c. 216; 2002, c. [685](#))

**§ 46. (1952, c. 216; 1962, c. 442; repealed 1976, c. 573)**

**§ 47. Bond issues; borrowing in anticipation of issuance of bonds.**

(a) The council may, in the name and for the use of the city, cause to be issued bonds for any one or more of the following purposes: To provide for parks and other recreational purposes, water supply, water works, electric lights or other lighting system, suitable equipment against fire, or for erecting or improving bridges, viaducts, school buildings, jails, city halls, fire houses, libraries, museums, and other public buildings, incinerators, auditoriums, armories, airports and equipment and furnishings for same; to provide for hospitals and clinics, a local bus transportation system to operate on regular schedules; grading, paving, repaving, curbing, or otherwise improving any one or more of the streets or alleys, or widening existing ones; or to provide for locating, instituting and maintaining sewers, drains and culverts or any other permanent public improvement; to provide for the acquisition of automobiles, trucks and other automotive and movable equipment or a revolving fund for the establishment of a pool of automobiles, trucks and other automotive and movable equipment. No such bonds shall be issued under this charter except by an ordinance or a resolution adopted by a recorded affirmative vote of a majority of all members elected to council. Any bonds issued under this charter may be dated, may mature at such time or times not exceeding forty years from their date or dates, may be subject to redemption or repurchase at such price or prices and under such terms and

conditions and may contain such other provisions, all as determined before their issuance by the council or in such manner as the council shall provide. Any such bonds may bear interest payable at such time or times and at such rate or rates as determined by the council or in such manner as the council may provide, including the determination by reference to indices or formulas or by agents designated by the council under guidelines established by it. The council may fix the denomination or denominations of the bonds and the place or places of payment. Any such bonds may be issued in registered or book entry form, or in any combination of such forms, as the council may determine. The council may sell any bonds authorized under the provisions of this charter in such manner, either at public or private sale, and for such price as the council may determine. All proceeds received by the city from the sale of bonds issued under this charter shall be deposited and invested in accordance with the provisions of the Public Finance Act of 1991, as from time to time amended.

(b) The council, in its discretion, may require that an ordinance adopted by the council authorizing the issuance of general obligation bonds, as defined by the Public Finance Act of 1991, as may from time to time be amended, be approved by the affirmative vote of the majority of the qualified voters of the city voting on the question at an election for such purpose to be called, held and conducted in accordance with an ordinance or a resolution adopted by the council providing for such election.

(c) In no case shall the city issue any bonds or other interest-bearing obligations which, including existing indebtedness, shall at any time exceed ten percent of the assessed valuation of the real estate in the city subject to taxation, as shown by the last preceding assessment for taxes. In determining the limitation for the city there shall not be included the classes of indebtedness described in paragraphs (1), (2), (3) and (4) of subsection (a) of Section 10 of Article VII of the Constitution of Virginia.

(d) The said council shall determine the form and the manner of execution of the bonds. Any bonds issued under the provisions of this charter may bear or be executed with the facsimile signature of any official authorized to sign or to execute such bonds. If any law shall provide for the sealing of bonds with the official or corporate seal of the city, a facsimile of such seal may be imprinted on the bonds, and it shall not be necessary in such case to impress such seal physically upon such bonds.

In case any officer whose signature or a facsimile of whose signature shall appear on any bonds shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery. Any such bond may bear the facsimile signature of, or may be signed by, any person who at the actual time of the execution of such bonds shall be the proper officer to sign such bond although at the date of such bond such person may not have been such officer. When all signatures on bonds are facsimiles, the bonds must be authenticated by an agent appointed by the council or in such manner as the council may provide.

(e) In anticipation of the issuance of bonds under the provisions of this section or under the provisions of the Public Finance Act of 1991, as from time to time amended, and of the receipt of the proceeds of sale of such bonds, the council may, in the name and for the use of the city, by an ordinance or a resolution adopted by the council, cause to be borrowed money for the purpose for which such bonds have been authorized and within the maximum authorized amount of the bond issue. Negotiable notes shall be issued for all moneys borrowed in anticipation of the issuance of bonds under this section or of the Public Finance Act of 1991, as from time to time amended. The ordinance or resolution authorizing any such borrowing shall specify the maximum rate of interest to be paid by the city on such notes, and such notes shall mature and be paid within five years from the date of their original issuance. Any such notes may be extended or refinanced from time to time, provided that no note issued upon any such extension or refinancing shall mature later than five years from the date of the original issuance of such notes. The city may, in its discretion, retire any such loans by means of current revenues, special assessments, or other funds, in lieu of retiring them by means of bonds, and may, thereafter, provide for the issuance of the maximum amount of bonds that has been authorized without reduction by the amount of such loans retired in such manner. The issuance of such notes and other details thereof shall be governed by provisions of the ordinance or the resolution of the council authorizing such borrowing, not inconsistent with the provisions contained in this section.

(f) Notwithstanding any other provision of law, the council is authorized and required to levy and collect annually, at the same time and in the same manner as other taxes of the city are assessed, levied and collected, a tax upon all taxable property within the city, over and above all other taxes, authorized or limited by law and without limitation as to rate or amount, sufficient to pay when due the principal of and premium, if any, and interest on any general obligation bonds or notes of the city issued under the provisions of this charter to the extent other funds of the city are not lawfully available and appropriated for such purpose.

(g) All such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth and are made securities in which public officers and bodies of the Commonwealth, counties, cities and towns and municipal subdivisions of the Commonwealth, insurance companies and associations, savings banks, savings institutions, savings and loan associations, trust companies, beneficial and benevolent associations, administrators, guardians, executors, trustees and other fiduciaries in the Commonwealth may properly and legally invest funds under their control.

§ 48. (1952, c. 216; repealed 2002, c. [685](#))

§ 49. (1952, c. 216; 1974, c. 149; repealed 2002, c. [685](#))

§ 50. Special assessments.

All local or special assessments shall be made and collected as council shall prescribe by ordinance and in accordance with law, and such special assessments shall have priority over all other claims or liens, whether prior or subsequent thereto. (1952, c. 216)

**§ 51. Lien of taxes.**

There shall be a prior lien on all real estate and on each and every interest therein for the city taxes as assessed thereon, from the commencement of the year for which they were assessed, and also for all local assessments which may be made thereon according to law. There shall also be a lien on any land or premises for the amount of expense incurred by the city in abating any nuisance thereon or cutting or removing weeds therefrom, after notice to the owner thereof by publication or otherwise as may be provided by ordinance; provided, however, that the lien for the amount of any such local assessment or for the expense of abating any nuisance or cutting or removing weeds from any premises shall not be good against a purchaser of land or premises for value without notice except and until from the time that the same shall be recorded in records or books kept for that purpose in the office of the city clerk and recorded and indexed in the office of the clerk of the circuit court in the name of the person or persons owning such estate or land at the time the lien accrued. The council may require such real estate in the city delinquent for the non-payment of taxes, or assessments or expenses incurred as above provided, to be sold for taxes or assessments or expenses, with interest thereon at the maximum rate authorized by general law of the Commonwealth, and such percentage as may be prescribed for charges; and the council may regulate the terms on which the real estate so delinquent may be sold or redeemed. (1952, c. 216; 1982, c. 399; 2002, c. [685](#))

**§ 52. Distraint and sale of goods and chattels for unpaid taxes; payment of taxes by tenants or fiduciaries.**

All goods and chattels of any person against whom taxes for the city are assessed may be distrained and sold for taxes when due and unpaid in the same manner and to the same extent that goods and chattels may be distrained and sold for state taxes.

A tenant by whom payment is made or from whom payment is obtained, by distress or otherwise, of taxes or levies due the city, by a person under whom he holds, shall have credit for the same against such person out of the rents he may owe him, except when the tenant is bound to pay such taxes and levies by an express contract with such persons. And where taxes or levies are paid to the city by any fiduciary on any estate in his hands or for which he may be liable, such taxes and levies shall be refunded out of the estate. (1952, c. 216; 1977, c. 201; 1980, c. 71; 2002, c. [685](#))

**§ 53. License taxes.**

(a) License taxes may be imposed by ordinance on businesses, trades, professions, and callings and upon the persons, firms, associations and corporations engaged therein and the agent thereof, except in cases where taxation by the localities shall be prohibited by the general law of the State, and nothing herein shall be construed to repeal, or amend any general law of the State with respect to taxation.

(b) The council may require every person, firm or corporation using or operating a cart or motor vehicle on the streets of the city to secure a license and to pay a tax therefor, whether such vehicle is used or operated for compensation or not.

(c) The council may subject any person, firm or corporation who or which without having obtained a license therefor, shall follow any business, occupation, vocation, trade, pursuit, calling, or shall do any other act for which a license is required by this section, to such fine or penalty as it is authorized to impose for any violation of its laws.

(d) The council may, in its discretion, determine whether or not the commissioner of the revenue shall receive fees for issuing and transferring city licenses, and it may fix the amount of such fees and change the same from time to time; provided, however, that no such fees shall be payable out of the city treasury, but shall be paid by the person obtaining the license or transfer, and such license or transfer may be withheld by the commissioner of the revenue until such fees are paid.

(e) Council may provide by ordinance for revoking any license for failure to comply with conditions upon which same is granted. (1952, c. 216; 2002, c. [685](#))

#### **§ 53.1. Rehabilitation Incentive Program.**

Council shall be authorized to establish by ordinance a grant program to encourage the rehabilitation and use of older residential, commercial and industrial buildings, for the improvement and revitalization of the city. Such ordinance shall specify the age of buildings and type and extent of rehabilitation qualifying for rehabilitation grants, shall establish a formula for determining the amounts of such grants, which shall be related to the value added to the buildings by renovation, and shall set the time and procedure for payment, which may be in one lump sum or in installments. (1978, c. 77)

thereon heretofore or hereafter purchased with money received from the sale of bonds of this city, appropriated by the council or received from any other source for the purpose of public education, shall be the property of the city of Roanoke, unless such money so received from any other source be received on other conditions. The school board shall transmit to the council and to the city manager a detailed statement of all moneys received by the board or placed to its credit. Separate accounts shall be kept by the board of moneys appropriated by the council, and moneys received from other sources, and every such statement shall show the balance of each class of funds on hand or under control of the board as of the date thereof.

The school board shall on or before March 15 each fiscal year prepare and submit to the council or its designee for its information in making up its proposed annual budget a detailed estimate, in such form as the council or its designee shall require, of the amount of money required for the conduct of the public schools of the city for the ensuing fiscal year, with an estimate of the amount of all funds which will probably be received by the board for the purpose of public education from sources other than appropriations by the council.

**§ 61. (1952, c. 216; 1976, c. 573; repealed 1989, c. 129)**

**§ 62. Zoning.**

(a) For the promotion of health, safety, morals, comfort, prosperity, or general welfare of the general public, the council may, by ordinance, divide the area of the city into one or more districts of such shape and area as may be deemed best suited to carry out the purposes of this act, and in such district or districts may establish, set back building lines, regulate and restrict the location, erection, construction, reconstruction, alteration, repair or use of buildings and other structures, their height, area and bulk, and percentage of lot to be occupied by buildings or other structures, the size of yards, courts and other open spaces, and the trade, industry, residence and other specific uses of the premises in such district or districts. Any ordinance enacted under the authority of this act may exempt from the operation thereof any building or structure used or to be used by a public service corporation (not otherwise exempted) as to which proof shall be presented to the city that the exemption of such building or structure is reasonably necessary for the convenience or welfare of the public.

(b) All such regulations shall be uniform for each class or kind of buildings throughout each district, but the regulations in one district may differ from those in other districts.

(c) Such regulations shall be made in accordance with a comprehensive plan, and designed to lessen congestion in the streets, to secure safety from fire, panic and other dangers, to promote health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. Such regulations shall be made with reasonable consideration among other things, to the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the city.

(d) The council shall provide for the manner in which such regulations and restrictions and the boundaries of such districts shall be determined, established and enforced, and from time to time amended, supplemented or changed. However, no such regulation, restriction or boundary shall become effective until after a public hearing in relation thereto, conducted in conformity with state law, at which parties in interest and citizens shall have an opportunity to be heard.

(e) Such regulation, restrictions, and boundaries may from time to time be amended, supplemented, changed, modified, or repealed.

(f) In order to facilitate the creation of a convenient, attractive and harmonious community, the council may, after recommendation from the planning commission and public notice and hearing pursuant to state law, establish design overlay districts to encourage compatible development in areas of the city identified on an adopted comprehensive plan as having historic value or unique architectural value and located within an area designated on an adopted plan for conservation, rehabilitation or redevelopment. In such areas, city council shall adopt specific standards as to new construction or rehabilitation within view from public streets and provide for a design review process. City council may establish a fee applicable to such design review process which shall not exceed the actual cost of such review process or \$200.00, whichever is less.

(g) The council shall appoint a commission to be known as the planning commission to recommend the boundaries of the various original districts and appropriate regulations to be enforced therein.

(h) In case any building or structure is erected, constructed, reconstructed, altered, repaired, or converted; or any building, structure or land is used in violation of this act or of any ordinance or other regulation made under authority conferred hereby, the proper authorities of the city, in addition to other remedies, may institute any appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, to restrain, correct or abate such violation, to prevent the occupancy of such building, structure or land, or to prevent any illegal act, conduct, business or use in or about such premises.

(i) Such regulations shall be enforced by the division of building inspection which is empowered to cause any building, structure, place or premises to be inspected and examined and to order in writing

the remedying of any condition found to exist therein or thereat in violation of any provision of the regulations made under authority of this or the preceding paragraph. The owner or general agent of the building or premises where a violation of any provision of such regulations has been committed or shall exist, or the lessee or tenant of an entire building or entire premises where such violation has been committed or shall exist, or the owner, general agent, lessee or tenant of any part of the building or premises in which such violation has been committed or shall exist, or the general agent, architect, builder, contractor or any other person who commits, takes part or assists in any such violation or who maintains any building or premises in which any such violations shall exist shall be guilty of a misdemeanor, punishable as permitted by state law. In any case of the existence of a violation of any provision of such regulations the owner, lessee, tenant or agent shall be subject to a civil penalty as permitted by state law. (1952, c. 216; 1978, c. 77; 1989, c. 129; 1991, c. 449; 1991, c. 466; 1993, c. 706; 1994, c. [243](#), [2002](#), c. 685)

**§ 62.01. Board of zoning appeals.**

(a) The council may appoint a board of zoning appeals, and in the regulations and restrictions adopted pursuant to the authority of this act may provide that the board of zoning appeals may, in appropriate cases and subject to appropriate conditions and safeguards, vary the application of the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained.

(b) The board of zoning appeals shall consist of seven members, each to be appointed for a term of three years and removable for cause by the council, upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

(c) The board shall adopt rules in accordance with the provisions of any ordinance adopted pursuant to this act. Meetings of the board shall be held at the call of the chairman and such other times as the board may determine. Such chairman, or in his absence, the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board, and shall be a public record.

(d) Appeals to the board of zoning appeals may be taken by any person aggrieved or by any officer, department, board or bureau of the city affected by any decision of the administrative officer. Such appeal shall be taken in the manner provided by state law by filing with the officer from whom the appeal is taken and with the board of zoning appeals a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all papers constituting the record upon which the action appealed from was taken.

(e) An appeal shall stay all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of zoning appeals after the notice of appeal shall have been filed that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the board of zoning appeals or by a court of record on application therefor, following notice to the officer from whom the appeal is taken and on due cause shown.

(f) The board of zoning appeals shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

(g) The board of zoning appeals shall have the following powers:

(1) To hear and decide appeals from any order, requirement, decision, or determination made by an administrative official in the administrative enforcement of this charter or of any ordinance adopted pursuant thereto.

(2) To hear and decide special exceptions to the terms of the ordinance upon which such board is required to pass under such ordinance.

(3) To authorize upon appeal in specific cases such variance from the terms of the ordinance as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, provided that the spirit of the ordinance shall be observed and substantial justice done.

(h) In exercising the above-mentioned powers such board may, in conformity with the provisions of this act, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

(i) The concurring vote of four members of the board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance or to effect any variation in such ordinance.

(j) Any person or persons, jointly or severally, aggrieved by any decision of the board of zoning appeals, or any officer, department, board or bureau of the municipality, may present to a court of record of the city a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty days after the filing of the decision in the office of the board.

(k) Upon the presentation of such petition, the court may allow a writ of certiorari directed to the board of zoning appeals to review such decision of the board of zoning appeals and shall prescribe therein the time within which a return thereto must be made and served upon the relator's attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.

(l) The board of zoning appeals shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(m) If, upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a commissioner to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceeding upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

(n) Costs shall not be allowed against the board, unless it shall appear to the court that it acted with gross negligence or in bad faith or with malice in making the decision appealed from.

(o) All issues in any proceeding under this section shall have preference over all other civil actions and proceedings, except where otherwise provided by general law. (2002, c. [685](#))

#### **§ 62.02. Architectural Review Board.**

The council shall appoint an Architectural Review Board. Such board may be authorized to delegate to an agent its authority to issue any certificate of appropriateness. The agent, pursuant to such delegation, shall act only upon an application completed pursuant to the applicable city ordinance, and shall apply the same guidelines and review standards applicable to the board. Any person aggrieved by any decision of the agent made pursuant to this delegation may appeal to the board within a reasonable time as provided by city ordinance by filing with the board a notice of appeal specifying the grounds thereof. A decision of the board may be appealed to the city council and thereafter to the circuit court pursuant to the provisions of the Code of Virginia. (2002, c. [685](#))

#### **§ 62.1. Authority of city council to impose civil penalties for wrongful demolition of historic buildings.**

(a) Notwithstanding the provisions of any state law which authorizes civil penalties for the violation of a local zoning ordinance, city council may adopt an ordinance which establishes a civil penalty for the demolition, razing or moving of a building or structure without obtaining any required demolition permit and certificate of appropriateness when such building or structure is located within any historic zoning district of the city. The penalty established by the ordinance shall be imposed on the party deemed by

the court to be responsible for the violation and shall not exceed twice the fair market value of the building or structure, as determined by the city real estate tax assessment at the time of the demolition.

(b) An action seeking the imposition of such a penalty shall be instituted by petition filed by the city in circuit court, which shall be tried in the same manner as any action at law. It shall be the burden of the city to show the liability of the violator by a preponderance of the evidence. An admission of liability or finding of liability shall not be a criminal conviction for any purpose. The filing of any action pursuant to this section shall preclude a criminal prosecution for the same offense, except where the demolition, razing or moving has resulted in personal injury.

(c) The defendant, within twenty-one days after the filing of the petition, may file an answer and, without admitting liability, agree to restore the building or structure as it existed prior to demolition. If the restoration is completed within the time agreed upon by the parties, or as established by the court, the petition shall be dismissed from the court's docket.

(d) Nothing in this section shall preclude any other action by the zoning administrator or by the city, as authorized by law, either by separate action or as a part of the petition seeking a civil penalty. (1991, c. 449; 2002, c. [685](#))

#### **§ 63. Power to appoint boards or commissions of citizens.**

The council may provide for the appointment of boards or commissions, to be composed of such number of citizens as the council may deem expedient to act in an advisory capacity in conjunction with any one or more of the officers of the city. The members of all such commissions shall serve without compensation, unless otherwise provided by law. (1952, c. 216; 2002, c. [685](#))

#### **§ 64. Working prisoners and other persons convicted of offenses.**

Subject to the general laws of the State regulating the working of those convicted of offenses against the State, the council shall have the power to provide by ordinance for the supervision, management, and control of persons convicted of violating the laws of the Commonwealth of Virginia or the ordinances of the city of Roanoke who are referred to the city for public service work by courts of record and not of record. (1952, c. 216; 1981, c. 364)

#### **§ 65. Pensions, relief and retirement funds.**

The council shall maintain and preserve the systems for the pension, relief and/or retirement of employees of the city existent on the effective date of this charter and none of the privileges and benefits provided for or available to the members of such systems shall be curtailed or lessened; provided, however, that the council shall, from time to time, by ordinance, make such reasonable changes in such systems as will keep them actuarially sound and may, likewise, increase the privileges and benefits provided for or available thereunder to the members thereof; and provided, further, that the council may, at any time, limit the operation of such systems to those employees who are members thereof on the effective date of such limitation.

The council of the city shall continue to have authority to establish and maintain a fund or funds for the pension, relief and/or retirement of persons in the service of the city; to receive gifts, devises and bequests of money or property for the benefit of such fund or funds; to make contributions of public moneys thereto on such terms and conditions as it may see fit; and to make rules and regulations for the management, investment and administration of such fund or funds not inconsistent with this charter.

In addition, the council shall have authority, by ordinance, to provide for the participation of the city and its employees, the employees of the school board and the employees of any board or commission established by the council, in any welfare, relief, retirement, or security program established by the Congress of the United States or by the General Assembly of Virginia.

The council may, in its discretion, provide for participation in any pension or retirement fund by any deputies or employees of the commissioner of the revenue, treasurer, Commonwealth's attorney, the clerk of courts or city sergeant, whose salaries are paid in whole or in part by the city, and allow them to participate in any such welfare, relief, retirement or security program. (1952, c. 216; 2002, c. [685](#))

**§ 66. General laws to apply.**

All general laws of the State applicable to municipal corporations now in existence or hereafter enacted and which are not in conflict with the provisions of this charter or with ordinances or resolutions hereafter enacted by the council pursuant to authority conferred by this charter shall be applicable to the city; provided, however, that nothing contained in this charter shall be construed as limiting the power of the council to enact any ordinance or resolution not in conflict with the Constitution of the State or with the express provisions of this charter. (1952, c. 216; 2002, c. [685](#))

**§ 67. Attorney for Commonwealth to prosecute violations of ordinances.**

The attorney for the Commonwealth shall prosecute the violations of all city ordinances, both in the general district court and upon appeal, and shall notify the city attorney in all such prosecutions in which the validity of a city ordinance is attacked. (1952, c. 216; 1976, c. 573; 2002, c. [685](#))

**§ 68. Present ordinances and rules and regulations continued in effect.**

All ordinances and resolutions of the city and all rules, regulations and orders legally made by any department, board, commission or officer of the city, in force at the effective date of this charter, insofar as they or any portion thereof are not inconsistent therewith, shall remain in force until amended or repealed. (1952, c. 216)

**§ 69. Continuance of officials and officers.**

Except where this charter may otherwise provide, all officials and officers of the city holding office immediately prior to the effective date of this charter, whether such office be elective or appointive, shall continue in such office until the expiration of their respective current term of office or until their

respective successors shall have been elected or appointed and qualified or until such office may be lawfully terminated. (1952, c. 216)

**§ 70. Continuance of internal organization of the city.**

Except where this charter may otherwise provide, the several departments, commissions, boards and other administrative units of the city functioning at the effective date of this charter are hereby continued until otherwise provided by ordinance. (1952, c. 216)

**§ 71. Continuance of contracts.**

All contracts entered into by the city or for its benefit prior to the taking effect of this charter shall continue in full force and effect. All public works begun prior to the taking effect of this charter shall be continued and completed hereunder. Public improvements for which legislative steps shall have been taken under laws in force at the time this charter takes effect may be carried to completion in accordance with the provisions of such laws. (1952, c. 216)

**§ 72. Partial invalidity.**

If any clause, sentence, paragraph, or part of this charter shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of the charter, but shall be confined in its operations to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment shall have been rendered. (1952, c. 216; 2002, c. [685](#))

**§ 73. Citation of charter.**

This charter may for all purposes be referred to or cited as the Roanoke Charter of 1952. (1952, c. 216)

(2000, c. [952](#))

### § 3.2. General powers and duties of the council.

The government of the town shall be vested in the council which shall have the power to enact and enforce ordinances to carry into effect all powers granted by this charter and by law. The council shall be responsible for the determination of all matters of policy for the town and for ensuring the implementation thereof by the town administration. (2000, c. [952](#))

### § 3.3. Composition and qualifications.

The council shall be composed of seven council members, one of whom shall be the mayor, to be elected from the town at large. The council members shall be qualified voters of the town. (2000, c. [952](#))

### § 3.4. Election and term of office.

The council shall be elected in the manner provided by Virginia elections laws. Three council members shall be elected on the first Tuesday in May of the year 2000 and every four years thereafter. A mayor and three other council members shall be elected on the first Tuesday in May of the year 2002 and every four years thereafter.

At the first meeting of the council in July of each even-numbered year, the council shall elect from its members a vice mayor who shall serve for a term of two years. The vice mayor shall act as mayor during the absence or disability of the mayor, and, if a vacancy occurs, shall become mayor until the next regular councilmanic election. At that election, a mayor shall be elected to fill the unexpired term. (2000, c. [952](#))

**§ 3.8. Absence or disability of mayor and vice mayor.**

If both the mayor and vice mayor are absent or unable to act, the council shall, by a majority vote of the members present, elect from its members a person to serve as acting mayor until either the mayor or vice mayor is present and able to act. The person so elected shall possess the powers and discharge the duties of the mayor during such period of time. Whenever it is necessary to elect an acting mayor pursuant to this section, in the absence of both the mayor and vice mayor, the town clerk or acting town clerk shall call the meeting of the council to order and shall preside until an acting mayor is elected. Except as otherwise authorized by law, a member of council shall not be eligible during his or her tenure of office as such member, or for one year thereafter, to any compensated town employment. Neither the council nor any of its members shall in any manner dictate the appointment or removal of any town administrative officials or employees whom the manager or any of his subordinates are empowered to appoint, but the council may express its views and fully and freely discuss with the manager anything pertaining to appointment and removal of such officials and employees.

Except for the purpose of discussions, informal reviews, inquiries and official investigations, the council or its members shall communicate with town officials and employees who are subject to the direction and supervision of the manager solely through the manager, and neither the council nor its members shall give orders to any such official or employee, either publicly or privately. (2000, c. [952](#))

### **§ 3.10. Vacancies.**

The office of a council member shall become vacant upon his death, resignation, or removal from office in any manner authorized by law.

A vacancy on the council shall be filled within sixty days, for the unexpired term, by a majority vote of the remaining members, if the vacancy occurs two years or less before the date of expiration of such term. If the vacancy occurs more than two years before the expiration of the term, the vacancy shall be filled by a majority vote of the remaining members of council only until the next councilmanic election, at which election the voters of the town shall elect a person to serve as council member for the remaining two years of the term.

If a vacancy is being filled by voters at the next councilmanic election, the candidates receiving the highest number of votes will be entitled to full terms and the candidate receiving the next highest number shall be entitled to the unexpired term caused by the vacancy. (2000, c. [952](#))

### **§ 3.11. Town clerk.**

The clerk shall give notice of council meetings to its members and the public, keep the journal of its proceedings, keep all papers, documents and records pertaining to the town, keep and attest the town seal, and perform such other duties as are assigned to the clerk by this charter or by the council. (2000, c. [952](#))

### **§ 3.12. Independent audit.**

The council shall provide for an independent annual audit of all town accounts and may provide for such more frequent audits as it deems necessary. Such audits shall be made by a certified public accountant or firm of such accountants who have no personal interest, direct or indirect, in the fiscal affairs of the town government or any of its officers. The council may, without requiring competitive bids, designate such accountant or firm annually. If the Commonwealth makes such an audit, the council may accept it as satisfying the requirements of this section. (2000, c. [952](#))

### **§ 3.13. Procedure.**

The council shall meet regularly at least once in every month, at such times and places as the council may prescribe by ordinance. Special meetings may be held on the call of the mayor or of any two members upon no less than twenty-four hours' notice to each member, except in cases of extreme emergency when the time limit may be waived. No business shall be transacted by the council in such special meeting which has not been stated in the notice unless all members of the council are present

and give their unanimous consent to the consideration of such business, and such business is an emergency or of an unusual nature.

No vote shall be reconsidered or rescinded at any special meeting unless at such special meeting there are present as large a number of members as were present when such vote was taken.

The council shall determine its own rules and order of business and shall provide for keeping a journal of its proceedings. This journal shall be a public record.

Voting, except on procedural motions, shall be by roll call and the ayes and nays shall be recorded in the journal. The city may also donate any land now or hereafter owned by the city for hospital purposes. (1968, c. 150)

### **§ 2.6. Property assessments.**

(a) The city council may provide for the annual assessment and reassessment of real estate for taxation. The city manager shall appoint an assessor of real estate to assess all real estate within the city for taxation. The city manager shall prescribe the duties and terms of his office, may remove him for cause, shall fix his compensation, which shall be payable out of the treasury of the city, and may provide for such technical and clerical assistance as may be necessary or advisable and for the payment of any other expenses that may be properly incident to the function of his office.

(b) All real estate shall be assessed at its fair market value and the taxes for each year on such real estate shall be extended on the basis of the last assessment made prior to such year, subject to such changes as may have been lawfully made.

Members shall be appointed for terms of three years with no more than two terms expiring in any one year. Initial terms

may be for less than three years. All terms shall run from December 1 in the year of appointment until November 30 in the year of expiration, the terms of the members first appointed shall begin on the day of appointment. The members of the board shall receive per diem compensation for the time actually engaged in the duties of the board, to be fixed by the city council, and paid out of the treasury of the city; provided, the city council may limit the per diem compensation to such number of days as in its opinion is sufficient for the completion of the work of the board. Such board of equalization shall have and may exercise the power to revise, correct and amend any assessment of real estate made by the assessor in the calendar year in which they serve and to that end shall have all the powers conferred upon boards of equalization by Chapter 32 of Title 58.1 of the Code of Virginia, and any acts amendatory thereof and supplemental thereto. Notwithstanding such chapter, however, the board of equalization may adopt any regulations providing for the oral presentation, without formal petitions or other pleading or requests for review, and looking to the further facilitation and simplification of proceedings before the board.

Such differences in the rate of taxation shall bear a reasonable relationship to differences between nonrevenue producing governmental services giving land urban character which are furnished in one or several areas in contrast to the services furnished in other areas of the city. In so doing the city council may, from time to time, establish such taxing districts as may be necessary to reasonably differentiate between those areas added to the territorial limits of the city receiving contrasting services as hereinabove provided, and having once established such taxing districts, the city council may, from time to time thereafter, alter, amend or abolish the same as the character or extent of such services are changed. But the city manager shall have the power to reject any or all of the bids and advertise again, and all advertisements shall contain a reservation of this right.

In an emergency requiring immediate action, the city manager may proceed to do the work by procuring the required labor and materials without the necessity of advertising. (1968, c. 150; 1980, c. 391)

### **§ 8.2. Bond issues generally.**

(a) The city council may, in the name of and for the use of the city, contract debts and make and issue, or cause to be made and issued, as evidence thereof, bonds, notes or other obligations, upon the credit of the city or solely upon the credit of specific property owned by the city or solely upon the credit or income derived from property used in connection with any public utility owned and operated by the city. But except as provided in subsection (b) of this section, no debt shall hereafter be contracted for a longer period than that of the probable life of the work or object for which the debt is to be contracted, to be determined by the director of public works and certified by him to the city council. No public improvement shall be considered to have a probable life of more than thirty years; except, that the probable life of public buildings other than schools may be forty years, concrete bridges forty years and parks and other real estate fifty years.

(b) Bonds issued for the refunding of previous issues shall in no case be for a greater period of time than thirty years.

(c) The city may issue bonds, hereafter called "serial bonds," payable in annual installments, the first of which shall be payable at any time the city council may prescribe in the ordinance authorizing the issue of such bonds, and the last of which shall be payable within the period of the probable life of the work or object for which the debt evidenced by such bonds was created, ascertained and certified as hereinabove provided.

(d) Pending the issuance and sale of any bonds, notes or other obligations authorized by this section, or in anticipation of the receipt of taxes and revenues of the current fiscal year, it shall be lawful for the city to borrow money temporarily and to issue notes or other evidences of indebtedness therefor, and from time to time to renew such temporary loans, or to use current funds to be ultimately repaid from the proceeds of such bonds, notes or other obligations, or from the city taxes and revenues, as the case may be; provided, that the proceeds of sale of bonds shall not be used, except for the purposes set out in this subsection, or for permanent improvements and utilities or refunding matured issues, unless approved by vote of the people.

(e) The credit of the city shall not, directly or indirectly, under any device or pretense whatsoever, be granted to or in aid of any person, association or corporation. The city council shall not issue any bonds, notes or other obligations of the city, or increase the indebtedness thereof, to an amount greater than eighteen percent of the assessed valuation of the real estate in the city subject to taxation; provided, that in determining the limitation of the power of the city to incur indebtedness, there shall not be included the classes of indebtedness mentioned in subsections (a) and (b) of Section 127 of the Constitution of Virginia.

(f) Bonds based solely upon the credit of specific property owned by the city or solely upon the credit of income derived from property used in connection with any public utility owned or operated by the city shall be issued subject to this charter and any law applicable thereto. Any specific undertaking from which the city may derive revenue may be combined with any other undertaking from which the city may derive revenue for the purpose of financing any of such undertakings and said combined undertaking shall be a specific undertaking from which the city may derive revenue.

(g) Every ordinance authorizing the issuance of bonds shall specify the purpose or purposes for which they are to be issued, the aggregate amount of the bonds, the term for which they shall be issued, and the maximum rate of interest to be paid thereon. Any such ordinance may be amended by ordinance at any time before the bonds to be affected by such amendment have been sold. All other matters relating to such bonds may be determined by resolution within the limitations prescribed by such ordinances or by this charter.

(h) However, if there shall be omitted from this charter any provision essential to the valid authorization, sale, execution and issuance of any of the bonds of the city, the provisions of the general law with reference to similar bonds shall supply such omission.

The council may require real estate in the town delinquent for the non-payment of taxes or assessment to be sold for said taxes and assessments, with interest thereon from the time the same is delinquent, at the rate of six per centum per annum, and ten per centum of the amount of the tax to cover costs and charges, exclusive of costs attending the redemption thereof, as hereinafter provided, and may cause a good and sufficient deed to be made to the purchaser. (1926, c. 395)

§ 73. It shall be the duty of the treasurer of the town to make out and deliver to the council at its regular meeting in July, in each year following the passage of this act, a list of all real estate whereupon delinquent taxes or assessments are due and unpaid for the previous year, and thereupon the treasurer of the town, under the direction of the town council, and when so ordered by it, shall sell said real estate and shall cause a notice of the time and place of such sale to be published in a newspaper published in the said county of Page, for at least once a week for four consecutive issues of the said paper or papers, previous to the day of the sale and he shall cause to be published, at the same time and for the same length of time, a list of the several parcels of real estate delinquent for the non-payment of assessments due and the amount of tax or assessments due on each parcel. (1926, c. 395)

§ 75. If at any sale no bids shall be made by any person for any such parcel of land, or such bids shall not be equal to the tax or assessment with interest and costs thereon, the same may be bid in and purchased by the treasurer for the said town. On such sale the treasurer shall execute to the town a certificate of sale in which the property purchased shall be described and the aggregate amount of taxes or assessments, with interest and costs specified, and shall deposit such certificates with the clerk of the council of the town. Where the purchaser has assigned the benefit of his purchase, the deed may be with his consent evidence by his joining therein or by writing annexed thereto be executed to his assignee. And if the purchaser shall have died, his heirs or assigns may move the council to order the clerk of the council of the town to execute a deed conveying the property to such heirs or assigns; such inquiry shall be deemed conclusive as to the regularity of all proceedings connected therewith, but nothing contained in this section shall apply to the real estate purchased by the town at delinquent tax sales. (1926, c. 395)

§ 80. Any real estate purchased by the town at delinquent tax sales provided for in this charter, if not redeemed in accordance with the provisions of this charter shall be disposed of by the town in such mode as the council may prescribe. (1926, c. 395)

§ 81. (1934, c. 239)

§ 4. (1934, c. 239; repealed 1976, c. 631)

§ 4.1. The council shall consist of five members until the election to be held in May, 1978 and thereafter the council shall consist of seven members, who shall be elected at large from qualified voters of the City and they shall serve for a term of four years from the first day of July next following the date of their election and until their successors shall have been duly elected and qualified subject to the following provisions:

1. At the election held on May 4, 1976, four of the five members to be elected to council shall be elected for a term of three years ten months to commence on September 1, 1976, and to end on June 30, 1980, and the remaining member of council elected at said election shall serve a term of two years beginning on September 1, 1976, and ending August 30, 1978. The said three-year ten-month terms shall be for the four candidates for membership on council receiving the four highest

number of votes and the two-year term shall be for the candidate for membership on council receiving the fifth highest number of votes.

2. At the councilmanic election held in May of 1978 there shall be elected three members of council who shall serve for a term of three years ten months from the first day of September, 1978, through June 30, 1982.

3. Thereafter all members of council shall be elected to serve four-year terms.

4. All members of council shall serve, even though their terms have expired, until their successors shall have been duly elected and qualified.

5. If any member of council becomes mentally or physically incapacitated so as to render him incapable of performing his duties as a council member and to render him incapable of attending regular council meetings for a period of at least four months, then council may, upon request of the incapacitated council member or by unanimous vote of the remaining members of council, elect to name a temporary replacement to serve on council until such time as the incapacitated council member is able to resume his duties, or until the expiration of the incapacitated member's term, whichever occurs first. The replacement council member shall be chosen by a majority vote of council and shall have the same voting privileges as an elected member of council.

6. The membership of the council may be decreased from seven to five or increased from seven to nine if a majority of the qualified voters of the City shall so determine at an election held on the question as next herein provided. Upon the presentation to the circuit court of the City, or to the judge thereof in vacation, of a petition signed by all the members of the then existing council, or by at least 500 qualified voters of the City, asking that the membership of the council be decreased from seven to five or increased from seven to nine, and calling for an election on the question, the said court, or judge thereof in vacation, shall, by an order entered of record, direct an election to be held on the day fixed in the order, submitting to the qualified voters of the City the question of whether or not the membership of the council shall be decreased from seven to five or increased from seven to nine, according to the number requested in the petition. Such election shall be held and conducted by the regular election officers of the City in the manner prescribed by law for holding other elections, and the result thereof shall be certified by the electoral board to said court, or to the judge thereof in vacation. Upon receipt whereof, the court or judge, shall enter an order setting forth such result and declaring the effect thereof. If a majority of the votes cast be in favor of decreasing the membership of the council to five, then at the next regular election for members of council when the number of seats on council subject to being

filled for full terms would be four, the number to be elected at that election and thereafter on that election cycle shall be two. If a majority of the votes cast be in favor of increasing the membership of the council from seven to nine then the additional number shall be elected at the next regular election of members of council in the City of Staunton when three seats on council are subject to election for full regular terms.

Any election under this section shall be in accordance with the provisions and procedures established by state law.

The council shall elect one of its members to preside over its meetings, who shall be entitled president, and who shall be ex-officio mayor of the City, and shall also elect another member to be vice-president of the council, to act in the place of the president in his absence or incapacity. The president and vice-president of the council shall be elected for a term of two years, and any vacancy in the offices shall be filled by the election by the council for the unexpired term. The mayor shall have the same powers and duties as other members of the council with a vote, but no veto, and shall be the official head of the City. With the exception of those officers required by the Constitution of the Commonwealth to be elected by popular vote, the members of the council shall be the only elective city officials. (1934, c. 239)

§ 6. The council shall meet at such times as may be prescribed by ordinance or resolution, provided, however, that it shall hold at least one regular meeting each month. No business shall have transacted at a special meeting except that for which it shall have been called, unless all members of the council attend such special meeting or give their written consent thereto. For lack of quorum, any regular meeting may be postponed to such time as the council may determine. (1934, c. 239)

§ 7. The president or any other two members of the council may call special meetings of the council at any time upon at least twelve hours' written notice to each member served personally or left at his usual place of business or residence, but special meetings may be held at any time without notice, provided all members of the council attend said meeting or waive notice thereof. (1934, c. 239)

§ 8. No ordinance or resolution appropriating money exceeding the sum of \$1,000, imposing taxes, authorizing the borrowing of money, shall be passed by the council on the same day on which it is introduced, nor shall any such ordinance or resolution be valid unless at least three days intervene between its introduction and date of passage. No ordinance or resolution appropriating money exceeding the sum of \$100, imposing taxes or authorizing the borrowing of money shall be passed except by recorded affirmative vote of a majority of all members elected to the council. (1934, c. 239)

§ 9. Upon the announcement by the president of the adoption of resolutions or ordinances having for their object the increase of the indebtedness of the City, or the expenditure of its revenues, except for the payment of its salaried officers and employees, any two councilmen may give notice of a motion to reconsider, which motion shall delay the question until said reconsideration shall be finally acted on at the next regular meeting of the council. (1934, c. 239)

§ 10. The council shall elect a city clerk, who shall also be clerk of the council, and a city attorney, and may elect a constable and a city collector, each of whom shall serve for such term as may be provided by the council, and until his successor has been elected and qualified. They shall perform such duties and receive such compensation as shall be prescribed by the council. (1934, c. 239)

§ 11. The council shall have all the general powers vested in it by the Constitution and laws of the Commonwealth, and it shall have power to enact ordinances providing for the exercise within its jurisdiction of all police powers which the Commonwealth itself may exercise under the Constitution, except such as may be specifically denied by Act of the General Assembly; and shall further have power:

He shall have power to suspend all officers appointed by the council until the next regular meeting of the council, but such suspension shall in all cases be for misconduct in office or neglect of duties, the same to be specified in the order of suspension. If the publication be by handbills, a certificate of the posting of them shall be given by the sergeant to the clerk of the council; provided, however, that after the expiration of six months from the date of the passage of such ordinance its publication shall not be questioned or its validity affected by any failure to publish the same.

ordinance with adequate penalty, the pipes, poles, works, fixtures, land and other things used in connection with the water works, electric plants or other public utilities owned or controlled by the town; to make, erect, and construct within or beyond the limits of said town septic tanks and other sewage disposal plants, sewers and public ducts and to acquire within or beyond the limits of said town, by purchase, condemnation or otherwise, so much land as may be necessary to make, erect, construct, operate and maintain the same; to make regulations concerning the building of houses in said town and to establish and maintain public squares, parks and playgrounds and boulevards and cause the same to be laid out, equipped or beautified and, in particular districts or along particular streets, to prescribe and elect building lines, regulate the height and character of buildings, and to require the removal of any dilapidated, unsightly or unused buildings, especially where same constitute a dangerous menace and fire risk; to locate and establish or re-locate and re-establish permanent street lines where same are in doubt and after due notice to all parties in interest; to make regulations for the purpose of guarding against accidents, fires and other dangers to the general public; to regulate the means of exit from houses used for the assemblage of the public; to prevent injury or annoyance to the public from anything dangerous, offensive or unwholesome; to protect places of divine worship and to prevent disturbances of public worship in and about the premises where held; to provide for order and preservice of the Sabbath Day; to prevent vice and immorality; to suppress houses for gambling and of ill fame; to appoint and publish the places for holding town elections and the time of holding special elections and polls. (1922, c. 69)

§ 14. In any case where a street of the town or other public place has been or may be encroached upon by any fence, building or other structure, the council may require its removal and may cause such encroachment to be removed at the expense of the person responsible therefor. No encroachment on any street, sidewalk or public place, however long continued, shall constitute an adverse possession or right against the town. (1922, c. 69)

§ 15. Any street or alley reserved in the division or subdivision in the lots of any portion of the territory within the corporate limits of the town by plat or plan of record, shall be deemed and held to be a dedication to the uses of the town and general public and this provision shall apply, through the subdivision of such territory into lots, streets and alleys, shall have taken place prior to the inclusion of such territory within the corporate limits of the town. § 16. In addition to the right of the town under the general law to negotiate temporary loans and thereby anticipate its income for and during any year, the council in the name of and for the use of the

said Town of Strasburg, may contract loans, incur debts and cause certificates of debt or bonds to be issued whenever two-thirds of its members, by a recorded vote, decide that such course is in the best interest of the town and necessary in the acquirement and establishment of some needed public improvement or utility, but such council may borrow money in such manner and for such purposes only to the extent and subject to the provisions prescribed by the Constitution and laws of Virginia. If it is proposed by the town to borrow money and issue bonds under the provisions of the Constitution and laws of Virginia for any revenue producing undertaking, the council shall adopt an ordinance, reciting the expediency of borrowing money by the town and the issuance of bonds therefore, the amount of such issue, the length of time for which they are to run, the maximum rate of interest to be paid thereon, and the purpose for which the money realized therefrom is to be used, and if, under the Constitution and laws of Virginia, the purpose of borrowing money and issuing bonds qualifies such indebtedness so that it is not to be included within the otherwise authorized indebtedness of the town, the ordinance shall state that fact, as well as the specific undertaking for which the money is proposed to be borrowed and the bonds are to be issued. Any such ordinance must be passed upon the recorded affirmative vote of a two-thirds majority of all the members elected to the council. After adoption of such ordinance a certified copy thereof shall be forthwith presented to the circuit court having jurisdiction over the town, or to the judge thereof in vacation.

If the proposed bond issue be pursuant to Article VII, Section 10 (a) (2) of the Constitution of Virginia, whereby the full faith and credit of the town is pledged by the ordinance authorizing the issuance of said bonds, the court or judge, on the receipt of the certified copy of such ordinance, shall, by an order entered in term time or vacation, direct the proper election officers of the town to take such steps and prepare such means as may be proper to give due publicity to such election. If a majority of the qualified voters who vote thereon at such special election shall approve contracting the debt, borrowing the money and issuing the bonds, the governing body of the town shall thereupon authorize and issue such bonds in accordance with the provisions of the Constitution and laws of Virginia applicable to the authorization and issuance of bonds by cities and towns.

For the purposes of this section, no distinction shall be made between a member elected to the council and a member who has been appointed to the council except as to voting on those matters set forth in Article VII, Section 7 of the Constitution of Virginia. Upon any matter except those matters set forth in Article VII, Section 7 of the Constitution of Virginia coming before the council, the votes of all

If for any reason any or all officers are not elected in the July meeting, as set forth herein, the incumbent office holders shall continue in office until council has conducted an election as contemplated by this section. The salaries and compensation to be paid such officers, together with their respective duties, shall be fixed by the council. The council may also elect such other officers as may be necessary and desirable in the best interests of the town. All such officers as may be elected by the council shall reside within twenty miles of the limits of the town of Strasburg. The town manager shall be chosen solely on the basis of his executive and administrative qualifications, with special reference to his actual experience in or knowledge of accepted practice in respect to the duties of his office. At the time of his appointment, he need not be a resident of the town or the Commonwealth, but during his tenure of office he shall reside as provided in § 18 of this charter. **§ 5.04. Balanced budget.**

In no event shall the expenditures recommended by the city manager in the budget exceed the receipts estimated, taking into account the estimated cash surplus or deficit at the end of the current fiscal year, unless the city manager shall recommend an increase in the rate of ad valorem taxes on real estate and tangible personal property or other new or increased taxes or licenses within the power of the city to levy and collect in the ensuing fiscal year, the receipts from which estimated on the basis of the average experience with the same or similar taxes during the three tax years last past will

make up the difference. If estimated receipts exceed estimated expenditures, the city manager may recommend revisions in the tax and license ordinances of the city in order to bring the budget into balance. (1973, c. 367)

**§ 5.05. Budget message.**

The budget message shall contain the recommendations of the city manager concerning the fiscal policy of the city, a description of the important features of the budget and an explanation of all significant changes in the budget as to estimated receipts and recommended expenditures as compared with the current and last preceding fiscal years. **§ 5.08. Adoption of budget.**

After the public hearing, the council may make such changes in the budget as it may determine, except that no item of expenditure for debt service shall be reduced or omitted. The budget shall be adopted by the vote of at least a majority of all members of the council not later than the end of the current fiscal year. Should the council take no action prior to such day, the budget shall be deemed to have been finally adopted as submitted. In no event shall the council adopt a budget in which the estimated total of expenditures exceeds receipts, unless at the same time it adopts measures to provide additional revenue estimated to be sufficient to make up the difference. (1973, c. 367)

**§ 5.09. Additional appropriations.**

Appropriations in addition to those contained in the general appropriation ordinance may be made by the council only if there is available in the general fund an unencumbered and unappropriated sum sufficient to meet such appropriations. (1973, c. 367)

The council may, in its discretion, issue revenue bonds and notes made payable from the revenues and receipts of revenue producing undertakings, and the council may commit the full faith and credit of the city thereto; whether any such bonds or notes shall be subject to the debt limitation set forth in the first paragraph of this section shall be determined in the manner set forth in Section 10(a) of Article VII of the Constitution of Virginia.

All bonds or notes issued under this chapter shall be authorized by ordinance of the council and shall bear the date or dates and mature at the time or times that the ordinance provides, except that no bond or note shall mature more than fifty years from the date of issue. And it appearing to the Court that the said petition has been published for four successive weeks in the Peninsula Enterprise, a newspaper published in this County, and has also been posted at the front door of the Court House of said County for four successive weeks, and the court being satisfied that it will be to the best interest of the inhabitants of the locality desired to be incorporated, that the prayer of the petition is reasonable; that the general good of the community will be promoted by the incorporation of the said locality; that the number of inhabitants of said locality exceeds two hundred (200) and does not exceed five thousand (5000), to-wit, about twelve hundred (1200); and that the area of said locality designed to be embraced within the town is not excessive, the Court doth order and decree that such town be, and the same is, hereby incorporated as a town by the name and style of "The Town of Tangier," the metes and bounds to be as above set out in said petition, and henceforth the inhabitants within such bounds shall be a body politic and corporate with all the powers, privileges and duties conferred upon it appertaining to towns under the general law. However, no such regulation, restriction or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen days' notice of

In case, however, of a protest against any change in such regulations signed by the owners of twenty per centum or more, either of the lots included in each proposed change, or of those adjacent in the rear thereof, or of those directly opposite thereto, such amendment shall not become effective except by the favorable vote of three-fourths of all the members of the council. Such appeal shall be taken within a reasonable time as provided by the rules of the board by filing with the officer from whom the appeal is taken and with the board of zoning appeals a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all papers constituting the record upon which the action appealed from was taken. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of zoning appeals after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by a court of record on application, and notice to the officer from whom the appeal is taken and on due cause shown. (1958, c. 358)

§ 6-234. The board of zoning appeals shall fix a reasonable time and a reasonable appeal fee for the hearing of the appeal, give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or attorney. (1958, c. 358; 2014, cc. [245](#), [682](#))

§ 6-241. To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of this act or any ordinance adopted pursuant thereto. (1958, c. 358)

§ 6-242. To hear and decide uses permissible on appeals and other special exceptions to the terms of the ordinance upon which such board is required to pass under such ordinance. (1958, c. 358)

§ 6-243. To authorize upon appeal in specific cases such variance from the terms of the ordinance as will not be contrary to the public interest where owing to special conditions a literal enforcement of the provisions of the ordinance will result in exceptional and peculiar hardship, and so that the spirit of the ordinance shall be observed and substantial justice done. (1958, c. 358)

§ 6-25. Decisions by the Board of Zoning Appeals. In exercising the powers conferred upon it the board may reverse or affirm, wholly or partly, or may modify, the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as should be made and to that end shall have all the powers of the administrative officer charged by the

ordinance with enforcement. The concurring affirmative vote of three members of the board shall be necessary to reverse any order, requirement, decision or determination of the administrative officer or to decide in favor of the applicant in any matter of which it has jurisdiction. The board shall act by formal resolution which shall set forth the reason for its decision and the vote of each member participating therein which shall be spread upon its records and shall be open to public inspection. The board may, upon the affirmative vote of three members, reconsider any decision made and, upon such reconsideration, render a decision by formal resolution. Every decision of the board shall be based upon a finding of fact which may be abased on sworn testimony which finding of face shall be reduced in writing and preserved among its records. (1958, c. 358)

Such petition shall be presented to the court within thirty days after the filing of the decision in the office of the board. (1958, c. 358)

§ 6-261. Upon filing of the petition the court may cause a writ of certiorari to issue directed to the board, ordering it to produce within the time prescribed by the court, not less than ten days, the record of its action and documents considered by it in making the decision appealed from, which writ shall be served upon any member of the board. The issuance of the writ shall not stay proceedings upon the decision appealed from but the court may, on application, give notice to the board and, upon due cause shown, issue a restraining order. The board shall not be required to produce the original record and documents but it shall be sufficient to produce certified or sworn copies thereof or of such portions thereof as may be required by the writ. With the record and documents the board may concisely set forth in writing such other facts as may be pertinent and material to show the grounds of the decision appealed from, verified by affidavit. (1958, c. 358)

§ 6-262. The court shall review the record, documents and other matters produced by the board pursuant to the issuance of the writ and may reverse or modify the decision reviewed, in whole or in part, when it is satisfied that the decision of the board is contrary to law or that its decision is arbitrary and constitutes an abuse of discretion. Unless it is made to appear that the decision is contrary to law or is arbitrary and constitutes an abuse of discretion the court shall affirm the decision. If the court finds that the testimony of witnesses is necessary for a proper disposition of the matter it may hear evidence. (1958, c. 358)

Such regulations and restrictions may prescribe standards and requirements for the subdivision of land which may include but shall not be limited to the following: the location, size and layout of lots so as to prevent congestion of population and to provide for light and air; the width, grade, location, alignment and arrangement of streets and sidewalks with relation to other existing streets, planned streets and the comprehensive plan; access for fire fighting apparatus; adequate open spaces; adequate and convenient facilities for vehicular parking; easements for public utilities; suitable sites for schools, parks and playgrounds, planting of shade trees and shrubs; naming and designation of streets and other public places; laying out and constructing sidewalks; procedure for making variations in such regulations and restrictions; requirements for plats and subdivisions and their size, scale, contents and other matters; the erection of monuments of specified type for making and establishing property and street, alley, sidewalk and other lines; the extent to which and the manner in which new streets shall be graded, graveled or otherwise improved and water, sewer and other utility mains, piping, connections or other facilities shall be installed as a condition precedent to the approval of the plat. Such regulations may provide that, in lieu of the completion of such work previous to the final approval of a plat, the council or its designated agents, may accept a bond, in an amount and with surety or conditions satisfactory to the council or its designated agents, providing for such securing to the council, the actual construction and installation of such improvements and utilities within a period specified by the council or designated agents. (1958, c. 358; 2016, cc. [163](#), [413](#))

§ 6-31. Hearing on subdivision ordinance. The council shall not adopt or amend any ordinance establishing such regulations and restrictions until notice of intention so to do has been published once a week for two successive weeks in a newspaper of general circulation in the town. The notice shall

specify the time, not less than ten days after final publication, and the place at which persons affected may appear before the council and present their views. (1958, c. 358)

§ 6-32. Adoption of subdivision regulations. After hearing as above provided the council may adopt by ordinance any such regulations and restrictions applicable within the limits of the town and may adopt such regulations and restrictions applicable in an area outside such limits, provided that such regulations and restrictions applicable in any area outside such town limits shall not be adopted or become effective or applicable except in the manner and to the extent provided by the general laws of the Commonwealth. (1958, c. 358)

§ 6-33. Filing of regulations. When such regulations have been adopted, a certified copy thereof and all amendments thereto shall be filed in the office of the building and zoning inspector and in the office of the Clerk of the Circuit Court of Tazewell County. (1958, c. 358)

§ 6-34. Making and approval of plats. Any owner or any proprietor of any tract of land situated within the corporate limits of the Town of Tazewell, who subdivides the same shall cause a plat of such subdivision with reference to known or permanent monuments to be made and recorded in the office of the Clerk of the Circuit Court of Tazewell County. No such plat of subdivision shall be recorded unless and until it shall have been submitted and approved by the town council or its designated agent in accordance with regulations adopted under this act and so certified by the person authorized to make such certificate. (1958, c. 358)

§ 6-35. Recording of plats of subdivision. From and after the date on which such regulations and restrictions became effective in the town or in any area outside the town but within two miles thereof, no plat of any subdivision to which such regulations and restrictions are applicable shall be received or recorded by the clerk of any court unless the plat has been approved as provided in the preceding section. No owner of land in the town or outside area in which such regulations and restrictions are applicable, who has subdivided the same into two or more lots, shall sell or offer for sale any such lot by reference to or exhibition of or by the use of a plat of such subdivision or otherwise before the plat of such subdivision has been approved as provided and admitted to record in the office of the Clerk of the Circuit Court of Tazewell County. The recordation of the plat shall operate to transfer in fee simple to the town or the county in which the land lies such portion thereof as is on the plat set apart for streets, alleys, easements or other public use or purpose, and to create a public right of passage over or use of the same. The owner or owners of the land subdivided may construct, reconstruct, operate and maintain with the consent of the town or the county where the land lies, sewers, gas and water pipes or electric lines along or under the streets, alleys, easements or other land devoted to public use, provided that it shall not obstruct or hinder the passage over the streets, alleys, easements or

Any plat or part thereof recorded may be vacated, with the consent of the council or of the governing body of the county wherein the land lies, or both where the plat has been approved by both, by the owners thereof at any time before the sale of any lot therein, by a written instrument declaring the plat to be vacated which shall be duly executed, acknowledged and recorded in the clerk's office wherein the plat to be vacated is recorded. The execution and recordation of the instrument shall operate to destroy the force and effect of the recording of the plat and to divest all public rights in and to reinvest the owners with the title to the streets, alleys, easements and other land devoted to public use laid out or described in the plat. In cases where lots have been sold, the plat or part thereof may be vacated upon the application of the owners of the lots in the plat and with the approval of the council or governing body of the county, or both where the plat has been approved by both, and shall not be vacated otherwise. The clerk in whose office any plat so vacated has been recorded shall write in plain, legible letters across the plat or part thereof vacated the word "vacated" and also make a reference on the plat to the volume and page thereof in which the instrument of vacation is recorded. After the close of each fiscal year, the council shall cause to be made an independent audit of the accounts, books, records and financial transactions of the town by the Auditor of Public Accounts of the Commonwealth, or by a firm of independent certified public accountants to be selected by the council. The report of such audit shall be filed within such time as the council shall specify and one copy thereof shall always be available for public inspection in the office of the clerk to the council during regular business hours. The council shall have the further power to purchase, hold, sell and convey all real and personal property, within or without the corporate limits, necessary for its use and purposes.

(a) The council shall have power and authority to acquire, or otherwise obtain control of or establish, maintain, operate, extend and enlarge waterworks, sewage disposal plants, gasworks, electric plants, and other public utilities within or without the limits of the town; to acquire within or without the limits of

the town by purchase, condemnation, but insofar as such power of condemnation is exercised as to lands of a public service corporation, § 25-233 shall be applicable, or otherwise, whatever land may be necessary for acquiring, locating, establishing, maintaining, operating, extending and enlarging said waterworks, sewage disposal plants, electric plants and other utilities, and the rights of way, rails, pipes, poles, conduits and wires connected therewith or any of the fixtures or appurtenances thereof; and promulgate and enforce reasonable rates, rules and regulations for use of same, any or all of which rates, rules and regulations the council may alter at any time without notice.

(b) In the event the fees, rents, or charges, charged for the use and services of the public water system or sewage disposal system, by, or in connection with, any real estate, shall not be paid when due, interest shall at the time begin to accrue thereon at the rate of one percent per month. Such fees, rents, charges and the interest due thereon shall constitute a lien, which shall rank on a parity with liens for unpaid town or county taxes, against the property, which lien may be indexed and filed among the Judgment Records of the Circuit Court of Fairfax County, the cost of such filing to be included in the total amount of such lien. Such fees, rents, charges and the interest due thereon also may be recovered by the town of Vienna by action at law, or suit in equity.

(c) The council shall have the power and authority to require the owners or occupants of the real estate within the corporate limits of the town which may front or abut on the line of any sewer or water pipe line or conduit to make connections therewith, and to use such sewer pipes and conduits and water furnished by the town under such ordinances and regulations as the council may deem necessary to secure the proper service thereof and to improve and secure good sanitary conditions; and shall have the power to enforce the observance of all such ordinances and regulations by the imposition and collection of fines and penalties, to be collected as other fines and penalties under the provisions of this act. (1964, c. 432; 1966, c. 113; 1968, c. 68; 1970, c. 320)

#### **§ 6.2. May contract loans.**

The council, within the limits of the Constitution of this State and in accordance with the provisions of the general laws thereof, may, in the name of, and for the use of the town, contract loans or cause to be issued certificates of debt, notes or bonds. (1964, c. 432)

#### **§ 6.3. May make temporary loans.**

The council shall have the power to negotiate temporary loans, in anticipation of taxes, for the purpose of paying current expenses of the town; such loans to be evidenced by bonds or notes bearing interest at a rate permitted by general law for towns; such bonds or notes shall be payable within one year from the date of issue out of the current revenue of the year in which same are issued. No such temporary loan shall in the aggregate exceed seventy-five percent of the previous year's income.

The council shall also have the power to issue notes to raise capital in anticipation of a bond issue, which notes shall be paid within five years from the date of issuance thereof. In the issuance of bonds

and notes the town shall be subject to the limitations as to amount contained in Section 10 (a) of Article VII of the Constitution of the Commonwealth of Virginia only. (1964, c. 432; 1970, c. 320; 1971, c. 168; 1974, c. 209)

#### **§ 6.4. Sinking fund provision.**

There shall be set apart annually from the revenues of the town a sinking fund sufficient in amount to pay the outstanding indebtedness of the town, as it matures, which by its terms, is payable in not less than one year, and the council may, in its discretion annually from time to time, set aside such additional sinking fund as may be deemed proper, and invest all of the sinking fund as hereinafter set forth.

(a) All sinking funds shall be used exclusively in the payment or purchase and redemption of the outstanding bonds of the town, and when such sinking funds are not required or may not within a reasonable time be required for payment of any bond of the town, or cannot be used to advantage in the purchase and redemption of any bonds of the town, which may be outstanding, the same shall be securely invested in interest bearing municipal, State or United States government bonds, or invested in any securities approved by the general laws of the State for the investment of such funds, or deposited in a bank on a reasonable rate of interest. Such sinking fund may be used in the payment or purchase and redemption of all bonds of the town at the discretion of the council. (1964, c. 432)

#### **§ 6.5. Bonds.**

All bonds, and other evidences of indebtedness of the town shall be signed by the mayor and countersigned by the town clerk; and to all bonds the clerk of the town shall affix the corporate seal of the town and attest the same. (1964, c. 432)

### **Chapter 7. Taxes.**

#### **§ 7.1. May levy taxes.**

The town is empowered to levy and collect taxes, on all subjects of taxation except as restrained by the Constitution or by general law heretofore or hereafter adopted, provided that it shall impose no taxes on the bonds of the said town; and provided further that such levy shall not be increased beyond the rate of two dollars on the one hundred dollar assessed valuation of real and personal property (except as permitted by State law for increases beyond charter limitations) without the affirmative vote of the majority of citizens voting, as determined by a referendum held for this purpose. (1964, c. 432)

#### **§ 7.2. Assessment of real and personal property.**

The assessment of real and personal property in the town for the purpose of municipal taxation shall be the same as the assessment for the purpose of county taxation, but where the treasurer for the town knows of property that has been omitted by the Commissioner of Revenue of the county from his books, the treasurer of the town may by the same proceedings as are provided for county commissioners of revenue in similar cases assess such omitted property, real or personal, for town taxation.

(a) Where the treasurer for the town knows of property that has been erroneously assessed in the town of Vienna by the Commissioner of Revenue of the County of Fairfax from his books, the treasurer of the town may by the same proceedings as are provided for county commissioners of revenue in similar cases release such erroneous assessments from the town of Vienna tax rolls. (1964, c. 432)

§ 8.2. (1964, c. 432; 1973, c. 70; repealed 1976, c. 481)

## Chapter 8-A. Acquisition of Property for Roadway or Other Public Purposes.

### § 8-A.1. Bequest, purchase or lease; ownership and use of property.

The town shall have, for the purpose of carrying out any of its powers and duties in the construction or reconstruction of roadways and streets, or for other public purposes, power to acquire by gift, bequest, purchase or lease, and to own and make use of within the town lands, buildings, other structures and personal property, including any interest, right, easement or estate therein and in acquiring such property to exercise, within the town, the right of eminent domain, as hereinafter provided in this chapter.

(1966, c. 113; 1971, c. 168; 1973, c. 70)

### § 8-A.2. Eminent domain.

The town is hereby authorized to acquire by condemnation proceedings, lands, buildings, structures and personal property or any interest, right, easement, or estate therein of any person or corporation, whenever in the opinion of the council a public necessity exists therefor, which shall be expressed in the resolution or ordinance directing such acquisition, and whenever the town cannot agree on terms of purchase or settlement with the owners of the subject of such acquisition because of the incapacity of such owner, or because of the inability to agree on the compensation to be paid or other terms of settlement or purchase, or because the owner or some one of the owners is a nonresident of the State or cannot with reasonable diligence be found in the State or is unknown.

Such proceedings shall be instituted in the Circuit Court of Fairfax County. The provisions of § 25-233 of the Code of Virginia shall apply as to any property owned by a corporation possessing the power of eminent domain that may be sought to be taken by condemnation under the provisions of this act.

(1966, c. 113)

### § 8-A.3. Alternative procedures in condemnation.

The town may, in exercising the right of eminent domain conferred by the preceding section, make use of the procedure prescribed by the general law or may elect to proceed as hereinafter provided. In the latter event the resolution or ordinance directing the acquisition of any property, as set forth in the preceding section, shall provide therein in a lump sum the total funds necessary to compensate the

owners thereof for such property to be acquired or damaged, the amount of such sum to be determined by two competent impartial appraisers. Upon the adoption of such resolution or ordinance the town shall file a petition in the clerk's office of the Circuit Court of Fairfax County, which shall be signed by the town manager and set forth the interest or estate to be taken in the property and the uses and purposes for which the property or the interest or estate therein is wanted, or when property is not to be taken but is likely to be damaged, the necessity for the work or improvement which will cause or is likely to cause such damage. There shall also be filed with the petition a plat of a survey of the property with a profile showing cuts and fills, trestles and bridges, or other contemplated structures if any, and a description of the property which, or an interest or estate in which, is sought to be taken or likely to be damaged and a memorandum showing names and residences of the owners of the property, if known, and showing also the quantity of property which, or an interest or estate in which, is sought to be taken or which will be or is likely to be damaged. There shall be filed also with said petition a notice directed to the owners of the property, if known, copies of which shall be served on such owners or tenants of the freehold of such property, if known. If the owner or tenant of the freehold be unknown or a nonresident of the State or cannot with reasonable diligence be found in the State, or if the residence of the owner or tenant be unknown he may be proceeded against by order of publication which order, however, need not be published more than once a week for two successive weeks and shall be posted at a main entrance to the courthouse. The publication shall in all other respects conform to §§ 8-71, 8-72 and 8-76 of the Code of Virginia.

Upon the filing of said petition and the deposit of the funds provided by the council for the purpose with the clerk of the court in such proceedings and the filing of a certificate of deposit therefor, the interest or estate of the owner of such property shall terminate and the title to such property or the interest or estate to be taken in such property shall be vested absolutely in the town and such owner shall have such interest or estate in the funds so deposited as he had in the property taken or damaged and all liens by deed of trust, judgment or otherwise upon said property or estate shall be transferred to such funds and the town shall have the right to enter upon and take possession of such property for its uses and purposes and to construct its works or improvements. The clerk of the court shall make and certify a copy of the petition, exhibits filed therewith, and orders, and record the same in his deed book and index them in the name of the person or persons who had the property before and in the name of the town, for which he shall receive the same fees prescribed for recording a deed, which shall be paid by the town.

If the town and the owner of property so taken or damaged agree upon compensation therefor, upon filing such agreement in writing in the clerk's office of such court the court or judge thereof in vacation shall make such distribution of such funds as to it may seem right, having due regard to the interest of all persons therein whether such interest be vested, contingent or otherwise, and to enable the court or judge to make a proper distribution of such money it may in its discretion direct inquiries to be taken

by a special commissioner in order to ascertain what persons are entitled to such funds and in what proportions and may direct what notice shall be given of the making of such inquiries by such special commissioner.

If the town and the owner cannot agree upon the compensation for the property taken or damaged, if any, upon the filing of a memorandum in the clerk's office of said court to that effect, signed by either the town or the owner, the court shall appoint commissioners provided for in § 25-46.20 of the Code of Virginia, as amended, and all proceedings thereafter shall be had as provided in §§ 25-46.17 to 25-46.34, inclusive, of the Code of Virginia, as amended, insofar as they are then applicable and are not inconsistent with the provisions of this and the preceding section, and the court shall order the deposit in bank to the credit of the court of such additional funds as appear to be necessary to cover the award of the commissioners or shall order the return to the town of such funds deposited that are not necessary to compensate such owners for property taken or damaged. The commissioners so appointed shall not consider improvements placed upon the property by the town subsequent to its taking nor the value thereof nor the enhancement of the value of said property by said improvements in making their award. (1966, c. 113)

#### **§ 8-A.4. Enhancement in values, when considered.**

In all cases hereunder the enhancement, if any, in value of the remaining property of the owner by reason of the construction or improvement contemplated or made by the town, shall be offset against the damage, if any, resulting to such remaining property of such owner by reason of such construction or improvement, provided such enhancement in value shall not be offset against the value of the property taken, and provided further, that if such enhancement in value shall exceed the damage there shall be no recovery over against the owner for such excess. (1966, c. 113)

#### **§ 8-A.5. Unclaimed funds in condemnation cases.**

Whenever any money shall have remained for five years in the custody or under the control of the court enumerated in § 8-A.2, in any condemnation proceeding instituted therein by the town, without any claim having been asserted thereto such court shall, where the amount is one hundred dollars or more, cause a publication to be made once a week for two successive weeks in a newspaper of general circulation published in the town, setting forth the amount of such money, the source from which it was derived and the proceeding in which it is held, and requiring all persons having any claim to said money to appear before said court within such time after the completion of the publication as the court may prescribe, and establish their claim. If the sum be less than one hundred dollars, the court shall direct the same to be paid in to the treasury of the town, and a proper receipt for the payment taken and filed among the records of the proceeding. If no person shall appear and show title in himself the court shall order the money, after deducting therefrom the costs of such publication if such publication is made, and any other proper charges, to be paid into the treasury of the town and a proper receipt for the payment to be taken and filed among the records of the proceeding. The director of finance shall,

in a book provided for the purpose, keep an account of all money thus paid into the town treasury, showing the amount thereof, when, by whom, and under what order it was paid and the name of the court and as far as practicable, a description of the suit or proceeding in which the order was made and, as far as known, the names of the parties entitled to said funds. Money thus paid into the treasury of the town shall be paid out on the order of the court having jurisdiction of the proceeding, to any person entitled thereto who had not asserted a claim therefor in the proceeding in which it was held, upon satisfactory proof that he is entitled to such money. If such claim be established the net amount thereof, after deducting costs and other charges, shall be paid to the claimant out of the treasury of the town on the warrant of the director of finance. No claim to such money shall be asserted after ten years from the time when such court obtained control thereof, provided, however, if the person having such claim was an infant, insane, or imprisoned at the time the claim might have been presented or asserted by such person, claim to such money may be asserted within five years after the removal of such disability. (1966, c. 113)

§ 8-A.6. No rights of the town in and to its public lands, streets, avenues, parks, bridges or other public places, or its water works shall be sold except by an ordinance or resolution passed by a recorded affirmative vote of three-fourths of all members of the town council, and in accordance with all other provisions of Section 9, Article VII of the Constitution of Virginia. (1971, c. 168)

## **Chapter 8-B. Architectural Control Districts.**

### **§ 8-B.1. Architectural control districts.**

In order to protect and promote the general welfare and to prevent deterioration of the appearance of the town which would tend to create hazards to public health, safety and morals and destroy opportunity for the development of business and industry, the town council may designate, within any land areas, except those zoned for single family, detached, residential use, architectural control districts in which no structure shall be erected, reconstructed, altered or restored until approved by a board of architectural review.

Provided, that any lot, parcel or area of land which is used for other than single family, detached residences, or which is the subject of an application for a use permit or building permit involving any such other use, may be designated as an architectural control district without regard to its zoning classification. (1966, c. 113; 1968, c. 68; 1971, c. 168)

### **§ 8-B.2. Board of Architectural Review.**

The council may create a Board of Architectural Review. The Board shall consist of five members appointed by majority vote of the council for terms not to exceed three years. At least one member of the Board shall be an architect registered in Virginia and at least one shall be a member of the Virginia State Bar. All members of the Board shall be residents of the town of Vienna except one architect member who may, or may not be a resident of the town of Vienna. In the event that the one

architect member shall not be a resident of the town of Vienna, his appointment shall be for a period of one year. The council shall prepare and publish appropriate standards, rules, regulations and procedures for the operation of the Board and to carry out the purposes and objectives herein set forth; provided that the council shall not adopt as part of any such standards a specific architectural style; it shall provide for appeals to the town council from any final decision of the Board, which appeal shall stay the Board's decision pending the outcome of the appeal before the council. The council, on appeal, shall apply the same standards as those established for the Board and may affirm, reverse, or modify the decision of the Board, in whole or in part. Parties aggrieved by the decision of the town council shall have the right to appeal to the Circuit Court of Fairfax County for review by filing a petition, at law, setting forth the alleged illegality of the town council's action, provided such petition is filed within thirty days after the final decision is rendered by the town council. The filing of the said petition shall stay the council's decision pending the outcome of the appeal to the court. The court may reverse or modify the decision of the council, in whole or in part, if it finds upon review that the decision of the council is contrary to law or that its decision is arbitrary and constitutes an abuse of discretion, or it may affirm the decision of the council. (1966, c. 113; 1968, c. 68)

#### **§ 8-B.3. Purpose of Board.**

The purpose of the Board shall be to assure that all buildings, signs, landscaping and other external improvements erected in the designated architectural control districts conform to accepted architectural standards for permanent improvements, as contrasted with engineering standards designed to satisfy safety requirements only. Such improvements shall exhibit external characteristics as to material, texture, color, lighting, dimensions, line and mass of demonstrated architectural and aesthetic durability. The Board shall not authorize in such districts improvements of extremely unusual design, improvements where the characteristics are designed to serve as advertisements or commercial displays or improvements which in terms of material, texture, color, dimension, lighting, line or mass exhibit characteristics likely to deteriorate rapidly or be of short term architectural or aesthetic acceptability, be plainly offensive to human sensibilities or otherwise constitute a reasonably foreseeable detriment to the community. (1966, c. 113; 1977, c. 199)

### **Chapter 9. Miscellaneous.**

#### **§ 9.1. Ordinances in force.**

All ordinances now in force in the town of Vienna, not inconsistent with this act, shall be and remain in force until altered, amended or repealed by the council. (1964, c. 432)

##### **§ 9.1.1. Final passage of ordinances.**

(a) The object of every proposed ordinance shall be expressed in its title and no ordinance except an emergency ordinance shall be passed until after a notice of intention to propose the same for passage shall have been published once a week for two successive weeks prior to its passage in some

newspaper published in the county, and no such ordinance shall become effective until ten days after it shall have been published in full or by its title and an informative summary of such ordinance in a like newspaper. If such publication is by title and informative summary, the publication shall include a statement that a copy of the full text of the ordinance is on file in the office of the town clerk. The provisions of this section governing publication shall not apply, however, to any ordinance enacted pursuant to a State statute where such statute specifically provides for the manner of publication.

(b) On final vote on any ordinance or resolution, the name of each member of council voting and how he voted shall be recorded.

(c) No ordinance or resolution appropriating funds exceeding the sum of five hundred dollars, imposing taxes or authorizing the borrowing of money shall be passed except by a recorded affirmative vote of a majority of all members elected to the council. (1964, c. 432; 1971, c. 168)

§ 9.1.2. Any ordinance passed as an emergency shall require a two-thirds vote of all the council, and shall be void and of no effect at the expiration of sixty days from the date of adoption, unless sooner repealed or reenacted as provided in § 9.1.1 hereof. (1964, c. 432)

#### **§ 9.2. Present officers to continue.**

The present elected officers of the town shall be and remain in office until expiration of their several terms, and until their successors have been duly elected and qualified. (1964, c. 432)

#### **§ 9.3. United States government employees.**

No person, otherwise eligible, shall be disqualified, by reason of his accepting or holding an office, post, trust or emolument under the United States government, from serving as an officer or employee of the town, or as a member, officer, or employee of any board or commission. (1964, c. 432)

#### **§ 9.4. Authority to license dogs.**

Notwithstanding any other provision of law the town council shall have power to impose and collect a dog license tax and such tax shall be the only license tax on dogs required of residents within the town. The dog license tax shall be collected by the Director of Finance. The town council may appoint a dog warden for the town and such deputy wardens as may be required. Such warden and deputy wardens shall have authority to enforce all dog laws within the town. The town may provide facilities for the capture and confinement and disposition of unlicensed dogs or dogs owned, kept or harbored in violation of the dog laws. The town council may enact local ordinances corresponding in nature and scope and not in conflict with the provisions of Chapter 9.2 of Title 29 of the Code of Virginia, and may repeal, modify or amend such ordinances provided that no penalty imposed by such ordinances shall be greater than the penalty imposed for a similar offense under Chapter 9.2 of Title 29 of the Code of Virginia. The Director of Finance of the town shall not be required to remit any portion of the funds collected from the licensing of dogs to the State Treasurer. (1966, c. 113; 1978, c. 577)

#### **§ 9.5. Authority to permit use of sidewalks for bicycle riding.**

Notwithstanding any other provision of law, the town council may authorize children under fifteen years of age to ride bicycles upon the sidewalks in areas of the town prescribed by council and to regulate the riding of bicycles thereon in such manner as the council may deem to be in the public interest. (1973, c. 70)

#### **§ 9.6. Authority to establish historic districts.**

Notwithstanding any other provision of law, the town council may establish one or more historic districts for the purpose of promoting the general welfare, education and recreational pleasure of the public through the perpetuation of these general areas or individual structures and premises which have been officially designated by the town council as having historic or architectural significance. The establishment of historic districts shall be by amendment of the zoning ordinance and consistent with the purposes, criteria and procedures set forth in § 15.1-503.2 of the Code of Virginia. (1981, c. 618)

**§ 2.2. Adoption of certain sections of the Code of Virginia.**

The powers granted in § 2.1 of this charter include specifically, but are not limited to, all powers set forth in §§ 15.1-837 through 15.1-907, inclusive, of the Code of Virginia, as amended, and all acts in furtherance thereof and supplemental thereto. (1981, c. 618)

Such tax shall be prorated on a monthly basis. The ordinance may exclude boats from the property subject to proration of the personal property tax. For purposes of proration, a period of more than one-half of a month shall be counted as a full month and a period of less than one-half of a month shall not be counted.

The ordinance may provide that, notwithstanding any other date for billing and payment of personal property tax, the town may bill all personal property taxes assessed for a portion of the tax year less than the full year on or after December 15 of each year. The ordinance may further provide that such taxes shall be due not less than thirty days after the date of the tax bill. The budget shall be adopted by the vote of at least a majority of all members of the council not later than 30 days prior to the end of the current fiscal year. Should the council take no action prior to such day, the budget shall be deemed to have been finally adopted as submitted. (1962, c. 147)

**§ 5.09. Additional appropriations.**

Appropriations in addition to those contained in the general appropriation ordinance may be made by the council only if there is available in the general fund an unencumbered and unappropriated sum sufficient to meet such appropriations. (1962, c. 147)

landowners; and the procedure for making such assessments and the method of collecting such taxes and assessments, shall be in accordance with general law.

(68) The council hereinafter created shall have full power and authority, except as herein otherwise specifically provided, to exercise herein all the powers conferred upon the town, and pass all laws and ordinances relating to its municipal affairs, subject to the Constitution and general laws of the State and of this charter, and shall have full and complete control of all fiscal and municipal affairs of said town and all of its real and personal properties, and may from time to time amend, re-amend and/or repeal any or all of the said ordinances, for the proper regulation, management, and government of the said town and may impose fines and penalties for the violation or non-observance thereof.

(69) The enumeration of specific powers, privileges, and authority in this charter shall not be deemed exclusive, but in addition to the powers and privileges herein mentioned, implied or appropriated, the said town shall have and may exercise, all other powers, which are or may hereafter be, possessed, or enjoyed, by any towns under the Constitution and laws of the Commonwealth of Virginia, or not denied by the same, as fully and completely as if herein set out at length. (1946, c. 102)

### Chapter III.

§ 1. The council may adopt a town plan, showing the streets, highways, and parks heretofore laid out, adopted, and established, and such town plan shall be final with respect to the location, length, and width of such streets and highways, and the location and dimensions of such parks. Such town plan is hereby declared to be established for the promotion of the health, safety, and general welfare. Upon the adoption of the town plan, or any amendment thereto, a certificate to that effect, together with a plat, shall be filed immediately with the clerk of every county affected by such town plan and amendment. (1946, c. 102)

§ 2. The council is hereby authorized to appoint a town, fix the number and terms of members, remove any member for cause, fill any vacancies, which may occur, and provide for the powers and duties of such commission, not in conflict with the provisions of this act. (1946, c. 102)

§ 3. The council may at any time, after a public hearing, amend the town plan, by widening, relocating, or closing existing streets and highways, and by altering any existing park or by laying out new streets and highways and establishing new parks. Before amending the town plan, the council shall refer the proposed amendment to the town planning commission for a report thereon, and shall not act on such amendment until a report has been received from said commission, unless a period of thirty days has elapsed after the date of reference to the commission. Any amendment of the town plan, upon its adoption by the council, shall be final unless changed as herein provided as to the location, length, and width of any street and highway, and the location and dimensions of any park. Any widening,

relocating, closing or laying out of streets and highways proposed under the provisions of law other than those contained in this article shall be deemed an amendment of the town plan, and shall be subject in all respects to the provisions of this chapter. (1946, c. 102)

§ 4. No plat showing a new street or highway within the town, shall be filed or recorded in the office of the clerk of the town or of any county until such plat has been approved by the council. Before giving any approval, the council shall refer every such plat to the town planning commission for a report, and shall not act on any plat so referred until a report has been received from the commission unless a period of forty-five days has elapsed after the date of reference to the commission. Before reporting to the council on any plat, the commission shall hold a public hearing thereof. If any plat is disapproved by the commission, it shall report the reasons for such disapproval to the council. The council shall not approve any plat unless the streets and highways provided in such plats are of sufficient width, of proper grades, and suitably located to meet the probable traffic needs; to afford adequate light, air, and access of fire apparatus to such buildings as may be erected along the proposed streets and highways; and to insure healthful conditions on the land adjacent to such streets and highways. The council may, in appropriate cases, require that a plat, before being approved, shall provide adequate open spaces for parks, playgrounds, or other recreational uses; but the inclusion of such open spaces upon a plat does not require their dedication to public use. After a plat has been approved by the council, the streets, highways, parks, and other open spaces shall be a part of the town plan. The council, after a public hearing, may adopt general regulations in regard to the filing of plats. (1946, c. 102)

§ 5. (a) Before approving such plat, and thereby accepting the dedication of the streets, alleys, parks and public places thereon, the council shall require that the streets and alleys thereon shall be properly laid out and located with reference to the topography of the land so platted and the adjoining lands, both as to connections and widths, which widths of such streets and alleys shall be plainly marked in figures or written on such plat, and which streets and alleys shall be laid out in harmony with the general plan of the town.

(b) And, before approving such plat, and thereby accepting the dedication of the streets and alleys thereon, the council shall require the owner thereof to execute and deliver to the Town of Wachapreague a release and waiver of any claim or claims for damages which such owner, his heirs, successors or assigns may have or acquire against the Town of Wachapreague by reason of establishing proper grade lines on and along such streets and alleys and by reason of doing necessary grading or filling for the purpose of placing such streets and alleys upon the proper grade and releasing the Town of Wachapreague from building any retaining wall or walls along the streets and alleys and property lines; and the council may require such release and waiver to be written and executed on said plat and recorded therewith or by an instrument of writing to be executed and recorded in the clerk's office of the Circuit Court of Accomack County.

And the council may, in its discretion, require the owner of such platted lands to submit profiles of such streets and alleys, showing the contour thereof, together with proper grade lines laid thereon, and if and when the council is satisfied that the proper lines are laid on such profiles, the profiles shall be approved by the council and recorded by the owner or at his expense in the record of the profiles of the streets and alleys of the town, and the council may, in its discretion, require such release and waiver to be made with reference thereto.

(c) Before approving any such plat of any subdivision of lots or lands the town council may, at its discretion, require the owner of such lot or lands to grade the streets and alleys therein, according to grade lines approved and established by the council. (1946, c. 102)

§ 6. For the purpose of preserving the integrity of the plan, no permit shall hereafter be issued for the construction of any building within the street lines of any mapped street or highway, as laid down in the town plan, within the town. Provided, however, if the land within any mapped street or highway is not yielding a fair return to the owner, the board of appeals, provided for herein, by a majority vote of all of its members, may issue a permit for a building within the street line of such street or highway, upon such conditions as will increase as little as possible the cost of opening such street or highway, and will protect as far as possible the rights of the public and the integrity of the town plan. The board of appeals, hereinafter authorized, before taking any action under the provisions of this section, shall hold a public hearing, of which adequate notice shall be given to all persons deemed to be affected. Any decision by the board of appeals, rendered under the provisions of this section, shall be subject to the same court review as provided for zoning decisions of the board. (1946, c. 102)

§ 7. If such town plan is adopted, no public sewer, water pipe, or other public utility shall be laid and no grading or paving shall be done by the town in any street or highway in the town, unless such street or highway has been placed upon the town plan by the council. No permit shall be issued for any building in the town unless such building is located adjacent to a street or highway, which has been placed upon the town plan by the council. Provided, however, where the literal enforcement of the provisions of this section would result in practical difficulty or unnecessary hardship, or where the nature or use of the building does not require its location to be adjacent to a street or highway, the board of appeals, by a majority vote of all its members, may issue a permit for a building, upon such condition as the board may deem necessary to preserve the integrity of the town plan and to insure the proper location of future streets and highways in the town and the surrounding area. Any decisions of the board of appeals, rendered under the provisions of this section, shall be subject to the same court review as provided for zoning decisions of the board. (1946, c. 102)

## Chapter IV.

§ 1. For the purpose stated in Chapter 197 of the Acts of Assembly, approved March 18, 1926, the town council is hereby empowered to pass zoning ordinances in conformity with the said act, as amended, subject, however to the following modifications thereto:

(a) The council shall not adopt any zoning ordinance or map until it shall have appointed a town planning commission, as provided for in this act and shall have received from said commission its recommendations as to a zoning ordinance and map, and shall have held a public hearing thereon.

(b) Any zoning ordinance, regulations, restrictions, and boundaries of districts may be changed from time to time by the council, either upon its own motion or upon petition, under such conditions as the council may prescribe, after a public hearing and adequate notice to all owners and parties affected. If a protest or protests be filed with the council, signed by the owners of twenty per centum or more of the area of the land included in the proposed change, or by the owners of twenty per centum or more of the area of the land immediately adjacent to the land included in the proposed change, within a distance of 100 feet therefrom, or by the owners of twenty per centum or more of the area of the land directly opposite across any street or streets from the land included in the proposed change, within a distance of 100 feet from the street lines directly opposite, then no such change shall be made except by the majority vote of all of the members of the council. No change shall be made by the council in any zoning ordinance or map until such change has been referred to the town planning commission for a report thereon, and no action shall be taken by the council until a report has been received from the commission, unless a period of thirty days has elapsed after the date of reference to the commission.

(c) Within thirty days after the adoption of any zoning ordinance and map, the council shall appoint a board of appeals, consisting of five members, none of whom shall hold any other positions with the town.

The council may remove any member of the board for cause, after a public hearing. If a vacancy occurs otherwise than by the expiration of the term of the different members, it shall be filled by the council for the unexpired term.

Unless the council designates some member of the board as a chairman, the board shall select a chairman from among its own members, and may create and fill such other offices as it may choose. The board may employ such persons as the council may approve, and may expend such sums as are appropriated by the council for its work. (1946, c. 102)

## Chapter V.

### § 1. Administration and government.

(a) The present mayor and council of the Town of Wachapreague shall continue in office until the expiration of the terms of which they were respectively elected.

(b) The administration and government of the Town of Wachapreague shall be vested in one body to be called the council of the Town of Wachapreague which shall consist of seven (7) members, six (6) of whom shall be known as councilmen and one to be known as mayor, all of whom shall be residents and qualified voters of the said town. The council may create, appoint, or elect such departments, bodies, boards, and other officers, or assessors or attorneys, as are hereinafter provided for, or as are permitted, or required by law to be appointed by the council, or as may be deemed necessary or proper, and may fix their compensation and define their duties. (1946, c. 102)

**§ 2. Mayor and vice-mayor.**

(a) The mayor shall preside at the meetings of the council and perform such other duties as may be prescribed by this charter and by general law, and such as may be imposed by the council, consistent with his office. He shall be recognized as the official head of the town for all ceremonial purposes, by the courts for the purpose of serving civil process, and by the Governor for military purposes. In time of public danger or emergency, he may take command of the police, maintain order and enforce the law. Such course of action shall be subject to review by the council.

The mayor shall have no right to vote in the council except that in every case of a tie vote of the council, the mayor shall be entitled to vote and his vote in case of a tie only shall have the same weight and effect as the vote of a councilman.

The mayor shall have no power to suspend, remove or discharge any officer, agent or employee of the town nor shall he have any power or authority to appoint or employ any officer, agent or employee of the town nor to fix the term of office or employment, or the compensation, or to increase or decrease the power and authority of any officer, agent, or employee of the town, unless such power shall have been given him by the council, but the mayor shall have such powers with respect to the chief of police, the police, the policemen and employees of the police force when and if the mayor is given the control and supervision of the chief of police.

(b) Every ordinance, or resolution having the effect of an ordinance, shall, before it becomes operative be presented to the mayor. If he approve, he shall sign it, but if not, he may return it, with his objections in writing, to the town clerk who shall enter the mayor's objections at length on the minute book of the council. The council shall thereupon proceed to reconsider such ordinance or resolution. If, after such consideration, two-thirds of all the members elected to the council shall agree to pass the ordinance or resolution, it shall become operative notwithstanding the objection of the mayor. In all such cases the votes of members of the council upon such reconsideration shall be determined by "yeas" and "nays," and the names of the members voting for and against the ordinance or resolution shall be entered on the minute book of the council. If any ordinance or resolution shall not be returned by the mayor within five days (Sunday excepted) after it shall have been presented to him, it shall become operative in like manner as if he had signed it, unless his term of office or that of the council, shall expire within said five days.

(c) The council shall at its first meeting after the effective date of this act choose one of its members as vice-mayor who shall serve until August 31, 1946; and at its first meeting in September, 1946, and biennially thereafter following the regular municipal election, the council shall choose one of its members as vice-mayor. The vice-mayor shall perform the duties of the mayor during his absence or disability. In the event of the death, removal or resignation of the mayor, the council shall choose one of the councilmen or some other qualified voter of the Town of Wachapreague who shall serve as mayor until the next succeeding municipal election, at which time a successor shall be elected by the qualified voters of the Town of Wachapreague to fill the office of mayor for the remainder of the unexpired term.

Should a member of the council be chosen to serve as mayor until the next municipal election such councilman shall be deemed to have surrendered his office as councilman forthwith upon his qualification as mayor and his office of councilman shall thereupon be vacant. The vacancy thereby created in the council shall be filled by the council.

The member of the council who shall be chosen vice-mayor shall continue to have all of the rights, privileges, powers, duties and obligations of councilman even when performing the duties of mayor during the absence or disability of the mayor of the town. (1946, c. 102)

### **§ 3. The council.**

(a) At the regular municipal election to be held in the town on the second Tuesday in June in the year 1946, and every two years thereafter, there shall be elected, in the manner prescribed by law, six councilmen and a mayor for terms of two years beginning on the first day of September next succeeding their election, each of whom shall serve until his successor shall have been elected and qualified. The council shall be a continuing body, and no measure pending before such body shall abate or be discontinued by reason of expiration of the term of office or removal of the members of said body or any of them. Vacancies in the council by any officer therein shall be filled within thirty days after such vacancy occurs for the unexpired term by a majority vote of the remaining members, except where otherwise inconsistent with the provisions of this charter.

(b) The council shall, by ordinance, fix the time for their stated meetings. Special meetings shall be called by the clerk of the council upon the request of the mayor, or any three members of the council and all meetings shall be open to the public, except when the public welfare shall require executive sessions.

If any member of the said council shall be voluntarily absent from three regular meetings of the council consecutively, his seat may be deemed vacant by resolution of the council and thereupon his unexpired term shall be filled according to the provisions of this act. (1946, c. 102)

### **§ 4. Town clerk.**

The town clerk shall be appointed by the council, and shall attend the meetings of the council and shall keep permanent records of its proceedings; he shall be custodian of the town seal and shall affix it to all documents and instruments requiring the seal, and shall attest the same; he shall keep all papers, codes, documents, and records pertaining to the town, the custody of which is not otherwise provided for in this charter; he shall give notice to all parties, presenting petitions, or communications to the council of the final action of the council on such communications or petitions; he shall give to the proper department or officials ample notice of the expiration or termination of any franchise, contracts or agreements; he shall publish such reports and ordinances as the council is required to publish, and such other records and ordinances as it may direct; he shall upon final passage transmit to the proper departments or officials copies of all ordinances or resolutions of the council relating in any way to such departments or to the duties of such officials, and he shall perform such other acts and duties as the council may, from time to time, allow or require. (1946, c. 102)

The treasurer shall be responsible for the collection of all taxes, licenses and levies and charges for services furnished by the public utilities of a town. The council shall have authority to place in the hands of a town collector to be appointed by it, the collection of any taxes, licenses and other levies at any time if in the discretion of the council it shall be proper so to do.

(b) The town treasurer shall receive all moneys belonging to the town which it is his duty to collect from persons owing the same to the town, or which it is the duty of other officers of the town to collect and pay over to him, and pay the same out as the ordinances of the town may prescribe; to keep such moneys safely and account therefor; and to pay all drafts or orders made on him in conformity with the ordinances of the town.

(c) The funds of the town shall be deposited by the treasurer in such bank or banks as the council may direct, and such bank or banks may be required to give security in such sum or sums as the council shall fix. He shall keep books showing accurately the state of his accounts and the money of the town shall be kept distinct and separate from his own money and he is hereby expressly prohibited from using directly or indirectly the town's money, checks or warrants in his custody and keeping for his own use and benefit, or that of any person or persons whomsoever, and any violation of this provision shall subject him to immediate removal from office.

(d) The books and accounts of the town treasurer and all papers relating to the accounts and transactions of the town, shall be at all times subject to the inspection of the mayor, the town council, and such other persons as the council may appoint, to examine the same, and all such books and

accounts, together with any balance or moneys on hand, shall be transferred by the treasurer to his successor at every new appointment, or delivered up as the council may at any time require.

(e) The town treasurer shall, when required by the council, render an account to the council showing the state of the treasury and the balance of money on hand. He shall also, if required so to do by the council, accompany such account with a statement of all money received by him and on what account, with a list of all checks paid by him during the month then closed, and shall furnish such other information, accounts and statements as the town council may direct.

(f) The town treasurer shall annually submit to the town council at such times as directed by the council, a full and detailed account of all receipts and disbursements made during the fiscal year just closed.

(g) All taxes, levies or other sums of money of whatever nature received by the town treasurer belonging to the Town of Wachapreague shall be credited by the treasurer on his books to the Town of Wachapreague and shall be paid out by him only on a warrant of the clerk of the council, countersigned by the mayor.

(h) The treasurer shall keep a separate account of each fund and appropriation and the debts and credits belonging thereto; provided, however, that the council shall have the right to require all town funds to be deposited to the credit of the town and may prescribe by resolution or ordinance such other method of disbursement as it shall from time to time deem proper.

(i) All moneys received on all special assessments shall be held by the treasurer as a special fund, to be applied to the payment of the matter for which the assessment was made and said moneys shall be used for no other purpose.

(j) The treasurer shall perform such additional duties as may be required of him by the council not inconsistent with the laws of the State.

(k) The town treasurer shall receive for his services such compensation, if any, as the council may deem proper. (1946, c. 102)

#### **§ 6. Town sergeant.**

There shall be appointed by the council a town sergeant who shall qualify and give bond in such amount as the council may require. He shall be vested with powers of a conservator of the peace, and shall have the same powers and discharge the same duties as a constable within the corporate limits of the town and to a distance of one mile beyond the same, and shall perform such other duties as may be from time to time prescribed by the council. (1946, c. 102)

- (b) The town council shall grant and pay to all town officers and employees such salaries or compensation, if any, as the said council may from time to time deem just and proper, or which shall be fixed by this act, except as such salaries or compensation may be fixed by general law.

## **§ 2.2. Eminent domain.**

(a) (1) Generally. The city is hereby authorized to exercise the powers set forth in §§ 33.1-119 through 33.1-129 of the Code of Virginia as in force on the effective date of this Charter and as hereafter amended, relating to acquiring title and taking possession in eminent domain proceedings, and to acquire by condemnation proceedings lands, buildings, structures, and personal property or any interest, right, easement or estate therein, of any person or corporation, for its purposes whenever, in the opinion of the council, a public necessity exists therefor, which shall be expressed in the resolution or ordinance directing such acquisition, whether or not such lands, buildings, structures, or personal property or interest, right, easement, or estate has already been devoted to a public use; provided, however, that the provisions of Code of Virginia shall apply as to any property owned by a corporation possessing the power of eminent domain that may be sought to be taken by condemnation under the provisions of this act, and whenever the city cannot agree on terms of purchase or settlement with the owners of the subject of such acquisition because of incapacity of such owner, or because of the inability to agree on the compensation to be paid or other terms of settlement or purchase, or because the owner or some one of the owners is a nonresident of the state and cannot with reasonable diligence be found in the state or is unknown.

(2) Certificates issued pursuant to such eminent domain may be issued by the city council, signed by the city manager, and countersigned by the city treasurer. Such certificates shall have the same

effect as certificates issued by the State Highway Commissioner under the aforesaid sections and may be issued in any case in which the city proposes to acquire property of any kind by the exercise of its powers of eminent domain for any lawful public purpose, whether within or without the city.

(b) (1) Alternative procedures in condemnation. The city may, in exercising the right of eminent domain conferred by subsection (a), make use of the procedure prescribed by the general law of the Commonwealth, or may elect to proceed as hereinafter provided. In the latter event, the resolution or ordinance directing acquisition of any property, as set forth in the preceding section, shall provide therein in a lump sum the total funds necessary to compensate the owners thereof for such property to be acquired or damaged. Upon the adoption of such resolution or ordinance, the city may file a petition in the clerk's office of a court having jurisdiction of the subject, which shall be signed by the city manager and set forth the interest or estate to be taken in the property and the uses and purposes for which the property or the interest or estate therein is wanted, or when property is not to be taken but is likely to be damaged, the necessity for the work or improvement which will cause or is likely to cause such damage. There shall also be filed with the petition a plat of a survey of the property with a profile showing cuts and fills, trestles and bridges, if any, and a description of the property which, or an interest or estate in which, is sought to be taken or likely to be damaged and a memorandum showing names and residences of the owners of the property, if known, and showing also the quantity of property which, or an interest or estate in which, is sought to be taken or which will be or is likely to be damaged. There shall be filed also with said petition a notice directed to the owners and tenants of the property, if known, copies of which shall be served on such owners and tenants of the freehold of such property, if known. If the owner or tenant of the freehold is unknown or a nonresident of the state or cannot with reasonable diligence be found in the state, or if the residence of the owner or tenant is unknown, the owner or tenant may be proceeded against by order of publication which order, however, need not be published more than once a week for two successive weeks and shall be posted at a main entrance to the courthouse. The publication shall in all other respects conform to §§ [8.01-316](#), [8.01-317](#), and [8.01-319](#) of the Code of Virginia, as in effect on the effective date of this Charter or hereinafter modified or amended.

(2) Upon the filing of said petition and the deposit of the funds provided by the council for the purpose in a bank to the credit of the court in such proceedings and the filing of a certificate of deposit therefor, the interest or estate of the owner of such property shall terminate and the title to such property or the interest or estate to be taken in such property shall be vested absolutely in the city and such owner shall have such interest or estate in the funds so deposited as the owner had in the property taken or damaged and all liens by deed of trust, judgment, or otherwise upon said property or estate shall be transferred to such funds and the city shall have the right to enter upon and take possession of such property for its uses and purposes and to construct its works or improvements.

The clerk of the court in which such proceeding is instituted shall make and certify a copy of the petition, exhibits filed therewith, and orders, and deliver or transmit the same to the clerk of the court in which deeds are admitted to record, who shall record the same in the deed book and index them in the name of the person or persons who had the property before and in the name of the city, for which the clerk shall receive the same fees prescribed for recording a deed, which shall be paid by the city.

(3) If the city and the owner of property so taken or damaged agree upon compensation therefor, upon filing such agreement in writing in the clerk's office of such court, the court or judge thereof in vacation shall make such distribution of such funds as to it may seem right, having due regard to the interest of all persons therein whether such interest be vested, contingent or otherwise, and to enable the court or judge to make a proper distribution of such money it may in its discretion direct inquiries to be taken by a special commissioner in order to ascertain what persons are entitled to such funds and in what proportions and may direct what notice shall be given to the making of such inquiries by such special commissioner.

(4) If the city and the owner cannot agree upon the compensation for the property taken or damaged, if any, upon the filing of a memorandum in the clerk's office of said court to that effect, signed by either the city or the owner, the court shall appoint commissioners provided for in Chapter 2 (§ [25.1-200](#) et seq. ) of Title 25.1 of the Code of Virginia or as provided for in subsection (a), and all proceedings thereafter shall be had as provided in Chapter 2 of Title 25.1 of the Code of Virginia or § [38.2-1025](#) and §§ [38.2-1040](#) through [38.2-1049](#), all as in effect on the effective date of this Charter or as hereafter modified, insofar as they are then applicable and are not inconsistent with the provisions of this and the preceding section, and the court shall order the deposit in bank to the credit of the court of such additional funds as appear to be necessary to cover the award of the commissioners or shall order the return to the city of such funds deposited that are not necessary to compensate such owners for property taken or damaged. The commissioners so appointed shall not consider improvements placed upon the property by the city subsequent to its taking nor the value thereof nor the enhancement of the value of said property by said improvements in making their award.

(5) Unclaimed funds in condemnation cases. Whenever any money shall have remained for five years in the custody or under the control of any of the courts enumerated in subsection (a), in any condemnation proceeding instituted therein by the city, without any claim having been asserted thereto such court shall, where the amount is one hundred dollars (\$100.00) or more, cause a publication to be made once a week for two successive weeks in a newspaper of general circulation published in the city, setting forth the amount of such money, the source from which it was derived and the proceeding in which it is held, and requiring all persons having any claim to said money to appear before said court within such time after the completion of the publication as the court may

prescribe, and establish their claim. If the sum is less than one hundred dollars (\$100.00), the court shall direct the same to be paid into the treasury of the city, and a proper receipt for the payment taken and filed among the records of the proceeding. If no person shall appear and show title in himself, the court shall order the money, after deducting therefrom the costs of such publication if such publication is made and any other proper charges, to be paid into the treasury of the city and a proper receipt for the payment to be taken and filed among the records of the proceeding. The city treasurer shall, in a book provided for the purpose, keep an account of all money thus paid into the city treasury, showing the amount thereof, when, by whom, and under what order it was paid, and the name of the court and, as far as practicable, a description of the suit or proceeding in which the order was made and, as far as known, the names of the parties entitled to said funds. Money thus paid into the treasury of the city shall be paid out on the order of the court having jurisdiction of the proceeding, to any person entitled thereto who has not asserted a claim therefor in the proceeding in which it was held, upon satisfactory proof that such person is entitled to such money. If such claim be established, the net amount thereof, after deducting costs and other proper charges, shall be paid to the claimant out of the treasury of the city on the warrant of the city auditor. No claim to such money shall be asserted after ten (10) years from the time when such court obtained control thereof; provided, however, if the person having such claim was an infant, insane, or imprisoned at the time the claim might have been presented or asserted by such person, claim to such money may be asserted within five (5) years after the removal of such disability.

(6) In addition to city council, the school board established under this Charter shall have power to acquire by condemnation in accordance with general law land within or without the city, whether dwellings, yards, gardens or orchards, invaded or not, for school purposes not to exceed fifteen (15) acres for any one school when necessary. (2005, cc. [629](#), [674](#))

### **§ 2.3. Financial powers.**

(a) Generally. In accordance with the Constitutions of the Commonwealth of Virginia and the United States, the city may raise annual taxes and assessments on property, persons and other subjects of taxation, which are not prohibited by law, such sums of money as in the judgment of the city are necessary to pay the debts, defray the expense, accomplish the purposes, and perform the functions of the city, in such manner as the council deems necessary or expedient. The city shall impose no tax on its bonds.

(b) Consumer utility tax, etc. The city shall have power to impose, levy, and collect, in such manner as its council shall deem expedient, a consumer or subscriber tax upon the amount paid for the use within the city of water, electricity, gas, telephone, television, cell phone, wireless, and any public utility service, or the amount paid for any one or more of such public utility services used within the city, and the council may provide that such tax shall be added to and collected with bills rendered consumers for such services.

(e) Imposition of license taxes; fine or penalty for doing business without license; fees to be paid on grant or transfer of license.

(1) License taxes may be imposed by ordinance on businesses, trades, professions, and callings and upon the persons, firms, associations, and corporations engaged therein, and the agents thereof, except in cases where taxation by the locality shall be prohibited by general law, and nothing herein shall be construed to repeal or amend any general law with respect to taxation.

(2) The council may subject any person, who, without having obtained a license therefor, shall do any act or follow any business, occupation, vocation, pursuit, or calling in the city for which a license may be required by ordinance, to such fine or penalty as it is authorized to impose for any violation of its laws.

(3) For every city license granted or transferred by the commissioner of revenue under this Charter, the commissioner shall charge a fee to be prescribed by an ordinance. Such license or transfer may be withheld until the fees are paid into the city treasury for city purposes.

(f) Levy on other property. It is hereby expressly provided that said council shall, in its discretion, be authorized to fix such annual levy on property subject to taxation in the City of Waynesboro, for city purposes, without any limit as to the rate thereof, any provisions of the general laws of the state to the contrary notwithstanding, provided that said council shall not fix such levy on property partially segregated to the state for purposes of state taxation at a higher rate than is or may be permitted by the general laws relating thereto.

(g) Issuance of bonds, notes, and evidence of debt.

(1) For the execution of its powers and duties, the city council may, in the name and for the use of the city, contract loans and cause to be issued certificates of debts or bonds, provided no such

certificate of debt or bonds shall be issued except by ordinance adopted in accordance with Section 7 of Article VII of the Constitution of Virginia, and otherwise in accordance with the requirements of the Virginia "Public Finance Act." No such certificate or bonds shall be issued prior to city council holding a public hearing on the question, duly advertised at least ten (10) days in advance in a general newspaper of local circulation, and the ordinance authorizing any such certificate or bonds shall be introduced at one meeting of city council and adopted at a second meeting at least seven (7) calendar days after such introduction.

(2) Notwithstanding the foregoing paragraph, no bonds, notes, or other obligations shall be issued until their issuance shall have been authorized by a majority of the qualified voters of the city voting on the question at an election held for the purpose in the manner provided by general law, except as follows:

- (i) The council may authorize the issuance of refunding bonds or refunding notes by an ordinance adopted in the manner set forth in subdivision (g) (1) by the affirmative vote of a majority of all members of the council.
- (ii) The council may authorize, by an ordinance adopted in the manner set forth in subdivision (g) (1) by the affirmative vote of four-fifths (4/5) of all members of the council, the issuance of bonds and other obligations of a type excluded from the computation of indebtedness of cities under Section 10 (a) of Article VII of the Constitution by complying with the conditions for exclusion set forth therein.

There shall be a lien on all real estate within the corporate limits for taxes, levies, and assessments, in favor of the city, assessed thereon, from the commencement of the year for which the same were assessed, and there shall also be a lien on the real estate on which local assessments for improvements may be made for the amount of such assessments from the time the same is levied by the city council. Any person aggrieved by an assessment made by the assessor of real estate shall have the right to a hearing before the city assessor. After the hearing before the city assessor, if a person is still aggrieved by the assessment, such person may

apply to the board of equalization for a hearing. Application for relief to the board of equalization in the year for which the assessment is challenged and disposition of such application by the board of equalization shall continue to be prerequisites to the jurisdiction of the circuit court to hear an appeal with respect to a real estate assessment for that year. The council may by ordinance permit taxes to be paid in semi-annual installments.

The city, the financial officers, and all deputies and agents charged with the duty of collecting any and all taxes, licenses, and assessments due the city shall have all the powers provided by law for the collection thereof to cities and towns and their respective officers thereof, and in addition shall have all the rights, powers, and remedies provided to any state officers for the collection of taxes. It is further expressly provided that the treasurer, commission of the revenue, and court clerk shall proceed under the general law for handling of delinquent lands, the sale thereof, the purchase of same with the required reports of sale and all provisions for redemption, or if not redeemed for the making of a tax title deed, in accordance with the provisions of the tax code of Virginia. The city may purchase, gift, devise, condemn or otherwise, property, real and personal or any estate or interest therein, within or without the city or state and for any of the purposes of the city; and to hold, improve, sell, lease, mortgage, or pledge the same or any part thereof, including any property now owned by the city. In addition to its other powers under this Charter or general law, the council may issue purchase money obligations without a vote of the people, provided that such obligations are not general obligations of the City of Waynesboro, but shall be secured solely by the property purchased. Such obligations as may be from time to time issued for the purchase of property shall clearly show that such obligations are not general obligations of the city, but are secured only as herein provided, provided that nothing herein contained is contrary to or inconsistent with the Constitution of Virginia.

(b) Debts and evidence of indebtedness. The city may contract debts, borrow money, and make and issue evidence of indebtedness.

(c) Acquisition of property for encouraging commerce, etc.; sale, lease, etc., of city property for such purpose; donation of land for hospital purposes. (d) Gifts. The city may accept or refuse gifts, donations, bequests, or grants of any kind from any source, absolutely or in trust, which are related to the powers, duties, and functions of the municipal corporation, or for educational, charitable, or other public purposes, and do all the things and acts necessary to carry out the purposes of such gifts, grants, bequests, and devises, with power to manage, maintain, operate, sell, lease, or otherwise handle or dispose of the same, in accordance with terms and conditions of such gifts, grants, bequests, and devises.

The city may likewise acquire property adjacent to any street, the topography of which, from its proximity thereto, impairs the convenient use of such street, or renders impracticable, without extraordinary expense, the improvement of the same, and the city may subsequently dispose of the property so acquired, making limitations as to the use thereof, which will protect the beauty, usefulness, efficiency, or convenience of such parks, plats, streets, and property.

(2) And when the city proposes to open or widen a street, or change the channel of a creek, by taking any part of a block or square in such manner that the value of the property abutting the proposed street or creek would be injuriously affected, unless the property on such block or square is replatted and the property line or lines readjusted, then and in that event, the city, at the same time it acquires the land for said street or creek channel, may in its discretion, also acquire by purchase, gift, condemnation, or otherwise, all or any part of the property on such squares or block and may

subsequently replat and dispose of the property so acquired in whole or in part, making such limitations as to the uses thereof as it may see fit. (2005, cc. [629](#), [674](#))

(iii) At the hearing, evidence may be offered for and against the report, and the council may at that or any adjourned or regular meeting approve or modify the report as it deems right, just, and proper to do, and as approved or modified, adopt the same, or reject the report and dismiss the proceeding.

(iv) If the report is adopted, or as modified is adopted, the council shall pass an ordinance prescribing such conditions, if any, as it deems proper, vacating, discontinuing, or altering the said street, avenue, or alley in whole or in part. (2) All such regulations shall be uniform for each class or kind of building throughout each district, but the regulations in one district may differ from those in other districts.

For any of the purposes aforesaid, said city may, if the council shall so determine, acquire by condemnation, purchase, or otherwise, any estate or interest in such lands or any of them in fee.

(b) Electric light and gas works; supplying electricity and gas to customers. The city may own, operate, and maintain electric light and gas works, either within or without the corporate limits of said city, for the generating of electricity and the manufacture of gas for illuminating, power, and other purposes, and to supply the same, whether said gas and electricity be generated or purchased by said city, to its

customers and consumers both within and without the corporate limits of the said city, at such price and upon such terms as it may prescribe; and to that end it may contract with owners of land and water power for the use thereof, or may have the same condemned, and purchase such electricity and gas from the owners thereof, and furnish the same to its customers and consumers.

(c) Streets; parks, playgrounds, etc.; infrastructure; vehicles. The city may establish, maintain, improve, alter, vacate, regulate, and otherwise manage its streets, alleys, parks, playgrounds, and all of its public infrastructure and public works, in such manner as best serves the public interest, safety, and convenience; regulate, limit, restrict, and control the services and routes of and rates charged by vehicles for the carrying of passengers and property in accordance with general law; permit or prohibit poles and wires for electric, telephone, telegraph, television, and other purposes to be erected, and gas pipes to be laid in the streets and alleys, and to prescribe and collect an annual charge for such privileges; and require the owner or lessees of any such poles or wires now in use or hereafter used to place such wires, cables, and accoutrements in conduits underground in accordance with the city's prescribed requirements.

After defining the boundaries thereof, and notwithstanding any provision to the contrary in § [15.2-2404](#) of the Code of Virginia, to impose, without unanimous consent of the property owners in the district, taxes and assessments upon all parcels of real property within the bounds of such district in an amount not exceeding three-fourths of the total cost of the undergrounding of overhead utility lines located in such district for the provision of one or more of electricity, telephone and cable television services within the district. Except as here modified, all other provisions of Article 2 (§ [15.2-2404](#) et seq.) of Chapter 24 of Title 15.2 of the Code of Virginia shall apply.

8. Make and enforce all ordinances, rules and regulations necessary or expedient for the purpose of carrying into effect the powers conferred by this charter or by any general law, and to provide and impose suitable penalties for the violation of such ordinances, rules and regulations.

9. Do all things whatsoever necessary or expedient for promoting or maintaining the general welfare, comfort, education, morals, peace, government, health, trade, commerce or industries of the city and its inhabitants. Among such powers, and not in limitation thereof, shall be the power to compel the abatement and removal of all nuisances within the city or upon property owned by or lying adjacent to property owned by the city beyond its limits at the expense of the person or persons

The city manager shall appoint a chief of police and such police officers as the city manager shall deem necessary to carry out the above duties effectively. The police force shall also perform such other duties as the city manager may prescribe. The police chief shall be in charge of and have supervision of the police force. For the purposes of enabling the police force to execute its duties and powers, each police officer is hereby made a conservator of the peace, and endowed with all the powers of a constable in criminal cases, and all other powers that, under the laws of the state, may be necessary to enable the police officer to discharge the duties of his or her office. The purchasing agent may require from the director of each department, at such times as contracts for goods and services are to be let, a requisition for the quantity and kind of goods and services to be paid for from the appropriations of the department. Upon certification that funds are available in the proper appropriations, such goods and services shall be purchased and shall be paid for from funds in the proper department for that purpose. The purchasing agent shall not approve the purchase of any goods and services for any department unless there is to the credit of such department an available appropriation balance sufficient to pay for such goods and services. However, this procedure shall not prevent the purchasing agent from purchasing goods and services for cash on account of storehouse stock for future use by the various departments under such regulations as the director of finance may prescribe.

Before making any purchase or sale, the purchasing agent shall give opportunity for competition under such rules and regulations as may be established by the director of finance. All goods and chattels wheresoever found may be distrained and sold for taxes, interest and penalties assessed and due thereon and for taxes, interest

(a) Eminent domain. The city is hereby authorized to acquire within the city by condemnation proceedings lands, buildings, structures and personal property or any interest, right, easement or estate therein, of any person or corporation, whenever in the opinion of the council a public necessity exists therefor, which shall be expressed in the resolution or ordinance directing such acquisition, and whenever the city cannot agree on terms of purchase or settlement with the owners of the subject of such acquisition because of incapacity of such owner, or because of the inability to agree on the compensation to be paid or other terms of settlement or purchase, or because the owner or some one of the owners is a nonresident of the Commonwealth and cannot with reasonable diligence be found in the Commonwealth or is unknown.

Such proceedings may be instituted in the corporation court of the city of Winchester. The court or the judge thereof, shall appoint five disinterested freeholders any three of whom may act as commissioners as provided by law.

(b) Alternative procedures in condemnation. The city may, in exercising the right of eminent domain conferred by subsection (a) make use of the procedure prescribed by the general law of the Commonwealth as modified by subsection (a) or may elect to proceed as hereinafter provided. In the latter event, the resolution or ordinance directing acquisition of any property, as set forth in the preceding section, shall provide therein a lump sum the total funds necessary to compensate the owners thereof for such property to be acquired or damaged. Upon the adoption of such resolution or ordinance the city may file a petition in the clerk's office of a court enumerated in the preceding section, having jurisdiction of the subject, which shall be signed by the city manager and set forth the interest or estate to be taken in the property and the uses and purposes for which the property or the interest or estate therein is wanted, or when property is not to be taken but is likely to be damaged, the necessity for the work or improvement which will cause or is likely to cause such damage. There shall also be filed with the petition a plat of a survey of the property with a profile showing cuts and fills, trestles and bridges, if any, and a description of the property which, or an interest or estate in which, is sought to be taken or likely to be damaged and a memorandum showing names and residences of the owners

of the property, if known, and showing also the quantity of property which, or an interest or estate in which, is sought to be taken or which will be or is likely to be damaged. There shall be filed also with said petition a notice directed to the owners of the property, if known, copies of which shall be served on such owners or tenants of the freehold of such property, if known. If the owner or tenants of the freehold be unknown or a nonresident of the Commonwealth or cannot with reasonable diligence be found in the Commonwealth, or if the residence of the owner or tenant be unknown, he may be proceeded against by order of publication which order, however, need not be published more than once a week for two successive weeks and shall be posted as a main entrance to the courthouse. The publication shall in all respects conform to §§ 8-71, 8-72 and 8-76 of the Code of Virginia.

Upon the filing of said petition and the deposit of the funds provided by the council for the purpose in a bank to the credit of the court in such proceedings and the filing of a certificate of deposit therefor, the interest or estate of the owner of such property shall terminate and the title to such property or the interest or estate to be taken in such property shall be vested absolutely in the city and such owner shall have such interest or estate in the funds so deposited as he had in the property taken or damaged and all liens by deed of trust, judgment or otherwise upon said property or estate shall be transferred to such funds and the city shall have the right to enter upon and take possession of such property for its uses and purposes and to construct its works or improvements. The clerk of the court in which such proceeding is instituted shall make and certify a copy of the petition, exhibits filed therewith, and orders, and deliver or transmit the same to the clerk of the court in which deeds are admitted to record, who shall record the same in his deed book and index them in the name of the person or persons who had the property before and in the name of the city, for which he shall receive the same fees prescribed for recording a deed, which shall be paid by the city.

If the city and the owner of property so taken or damaged agree upon compensation therefor, upon filing such agreement in writing in the clerk's office of such court the court or judge thereof in vacation shall make such distribution of such funds as to it may seem right, having due regard to the interest of all persons therein whether such interest be vested, contingent or otherwise, and to enable the court or judge to make a proper distribution of such money it may in its discretion direct inquiries to be taken by a special commissioner in order to ascertain what persons are entitled to such funds and in what proportions and may direct what notice shall be given to the making of such inquiries by such special commissioner.

If the city and the owner cannot agree upon the compensation for the property taken or damaged, if any, upon the filing of a memorandum in the clerk's office of said court to that effect, signed by either the city or the owner, the court shall appoint commissioners provided for in § 25-12 of the Code of Virginia or as provided for in subsection (a) hereof, and all proceedings thereafter shall be had as provided in §§ 25-12 through 25-38 or §§ 33-59 through 33-67 of the Code of Virginia insofar as they are then applicable and are not inconsistent with the provisions of this and the preceding section, and

the court shall order the deposit in bank to the credit of the court of such additional funds as appear to be necessary to cover the award of the commissioners or shall order the return to the city of such funds deposited that are not necessary to compensate such owners for property taken or damaged. The commissioners so appointed shall not consider improvements placed upon the property by the city subsequent to its taking nor the value thereof nor the enhancement of the value of said property by said improvements in making their award.

(c) Enhancement in value when considered. In all cases under the provisions of subsection (b) hereof, the enhancement, if any, in value of the remaining property of the owner by reason of the construction or improvement contemplated or made by the city, shall be offset against the damage, if any, resulting to such remaining property of such owner by reason of such construction or improvement, provided such enhancement in value shall not be offset against the value of the property taken, and provided further, that if such enhancement in value shall exceed the damage there shall be no recovery over against the owner for such excess.

(d) Unclaimed funds in condemnation cases. Whenever any money shall have remained for five years in the custody or under the control of any of the courts enumerated in subsection (a) hereof, in any condemnation proceeding instituted therein by the city, without any claim having been asserted thereto such court shall act in accordance with §§ 8-746 and 8-747 of the Code of Virginia.
