parcel of land of 10,000 square feet or less used for residential purposes or to shorelines where the erosion results from wave action or other coastal processes.

"Farm building or structure" means the same as that term is defined in § [36-97](#) and also includes any building or structure used for agritourism activity, as defined in § [3.2-6400](#), and any related impervious surfaces including roads, driveways, and parking areas.

"Land-disturbing activity" means any man-made change to the land surface that may result in soil erosion from water or wind and the movement of sediments into state waters or onto lands in the Commonwealth, including, but not limited to, clearing, grading, excavating, transporting, and filling of land, except that the term shall not include:

1. Minor land-disturbing activities such as home gardens and individual home landscaping, repairs, and maintenance work;
2. Individual service connections;
3. Installation, maintenance, or repair of any underground public utility lines when such activity occurs on an existing hard surfaced road, street, or sidewalk, provided the land-disturbing activity is confined to the area of the road, street, or sidewalk that is hard surfaced;
4. Septic tank lines or drainage fields unless included in an overall plan for land-disturbing activity relating to construction of the building to be served by the septic tank system;
5. Permitted surface or deep mining operations and projects, or oil and gas operations and projects conducted pursuant to Title 45.2;
6. Tilling, planting, or harvesting of agricultural, horticultural, or forest crops, livestock feedlot operations, or as additionally set forth by the Board in regulation, including engineering operations as follows: construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds, ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation; however, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (§ [10.1-1100](#) et seq.) of Title 10.1 or is converted to bona fide agricultural or improved pasture use as described in subsection B of § [10.1-1163](#);
7. Repair or rebuilding of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of a railroad company;

8. Agricultural engineering operations, including but not limited to the construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds not required to comply with the provisions of the Dam Safety Act (§ [10.1-604](#) et seq.), ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation;

9. Disturbed land areas of less than 10,000 square feet in size or 2,500 square feet in all areas of the jurisdictions designated as subject to the Chesapeake Bay Preservation Area Designation and Management Regulations; however, the governing body of the program authority may reduce this exception to a smaller area of disturbed land or qualify the conditions under which this exception shall apply;

10. Installation of fence and sign posts or telephone and electric poles and other kinds of posts or poles;

11. Shoreline erosion control projects on tidal waters when all of the land-disturbing activities are within the regulatory authority of and approved by local wetlands boards, the Marine Resources Commission, or the United States Army Corps of Engineers; however, any associated land that is disturbed outside of this exempted area shall remain subject to this article and the regulations adopted pursuant thereto; and

12. Emergency work to protect life, limb, or property, and emergency repairs; however, if the land-disturbing activity would have required an approved erosion and sediment control plan, if the activity were not an emergency, then the land area disturbed shall be shaped and stabilized in accordance with the requirements of the VESCP authority.

"Natural channel design concepts" means the utilization of engineering analysis and fluvial geomorphic processes to create, rehabilitate, restore, or stabilize an open conveyance system for the purpose of creating or recreating a stream that conveys its bankfull storm event within its banks and allows larger flows to access its bankfull bench and its floodplain.

"Owner" means the owner or owners of the freehold of the premises or lesser estate therein, mortgagee or vendee in possession, assignee of rents, receiver, executor, trustee, lessee, or other person, firm, or corporation in control of a property.

"Peak flow rate" means the maximum instantaneous flow from a given storm condition at a particular location.

"Permittee" means the person to whom the local permit authorizing land-disturbing activities is issued or the person who certifies that the approved erosion and sediment control plan will be followed.

"Person" means any individual, partnership, firm, association, joint venture, public or private corporation, trust, estate, commission, board, public or private institution, utility, cooperative, county, city, town, or other political subdivision of the Commonwealth, governmental body, including a federal or state entity as applicable, any interstate body, or any other legal entity.

"Runoff volume" means the volume of water that runs off the land development project from a prescribed storm event.

"Town" means an incorporated town.

"Virginia Erosion and Sediment Control Program" or "VESCP" means a program approved by the Board that has been established by a VESCP authority for the effective control of soil erosion, sediment deposition, and nonagricultural runoff associated with a land-disturbing activity to prevent the unreasonable degradation of properties, stream channels, waters, and other natural resources and shall include such items where applicable as local ordinances, rules, permit requirements, annual standards and specifications, policies and guidelines, technical materials, and requirements for plan review, inspection, enforcement where authorized in this article, and evaluation consistent with the requirements of this article and its associated regulations.

"Virginia Erosion and Sediment Control Program authority" or "VESCP authority" means an authority approved by the Board to operate a Virginia Erosion and Sediment Control Program. An authority may include a state entity, including the Department; a federal entity; a district, county, city, or town; or for linear projects subject to annual standards and specifications, electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, railroad companies, or authorities created pursuant to § [15.2-5102](#).

"Water quality volume" means the volume equal to the first one-half inch of runoff multiplied by the impervious surface of the land development project.

1973, c. 486, § 21-89.3; 1974, c. 265; 1977, c. 149; 1980, c. 305; 1988, cc. 690, 732, 891, § 10.1-560; 1990, c. 491; 1991, c. 469; 1992, c. 184; 1993, c. 925; 1994, c. [703](#); 2003, c. [423](#); 2004, c. [476](#); 2005, c. [107](#); 2006, c. [21](#); 2009, c. [309](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2023, cc. [48](#), [49](#).

**§62.1-44.15:51.1. (Effective July 1, 2024) Applicability.**

The requirements of this article shall apply in any locality that has chosen not to establish a Virginia Erosion and Stormwater Management Program (VESMP) pursuant to

subdivision B 3 of § [62.1-44.15:27](#). Each such locality shall be required to adopt and administer a Board-approved VESCP.

2016, cc. [68](#), [758](#).

**§62.1-44.15:51. (Effective July 1, 2024) Definitions.**

As used in this article, unless the context requires a different meaning:

"Agreement in lieu of a plan" means a contract between the VESCP authority and the owner that specifies conservation measures that must be implemented in the construction of a (i) single-family detached residential structure or (ii) farm building or structure on a parcel of land with a total impervious cover percentage, including the impervious cover from the farm building or structure to be constructed, of less than five percent; this contract may be executed by the VESCP authority in lieu of a formal site plan.

"Applicant" means any person submitting an erosion and sediment control plan for approval in order to obtain authorization for land-disturbing activities to commence.

"Certified inspector" means an employee or agent of a VESCP authority who (i) holds a certification from the Board in the area of project inspection or (ii) is enrolled in the Board's training program for project inspection and successfully completes such program within one year after enrollment.

"Certified plan reviewer" means an employee or agent of a VESCP authority who (i) holds a certification from the Board in the area of plan review, (ii) is enrolled in the Board's training program for plan review and successfully completes such program within one year after enrollment, or (iii) is licensed as a professional engineer, architect, landscape architect, land surveyor pursuant to Article 1 (§ [54.1-400](#) et seq.) of Chapter 4 of Title 54.1, or professional soil scientist as defined in § [54.1-2200](#).

"Certified program administrator" means an employee or agent of a VESCP authority who (i) holds a certification from the Board in the area of program administration or (ii) is enrolled in the Board's training program for program administration and successfully completes such program within one year after enrollment.

"Department" means the Department of Environmental Quality.

"Director" means the Director of the Department of Environmental Quality.

"District" or "soil and water conservation district" means a political subdivision of the Commonwealth organized in accordance with the provisions of Article 3 (§ [10.1-506](#) et seq.) of Chapter 5 of Title 10.1.

"Erosion and sediment control plan" or "plan" means a document containing material for the conservation of soil and water resources of a unit or group of units of land. It may include appropriate maps, an appropriate soil and water plan inventory and management information with needed interpretations, and a record of decisions contributing to conservation treatment. The plan shall contain all major conservation decisions to ensure that the entire unit or units of land will be so treated to achieve the conservation objectives.

"Erosion impact area" means an area of land that is not associated with a current land-disturbing activity but is subject to persistent soil erosion resulting in the delivery of sediment onto neighboring properties or into state waters. This definition shall not apply to any lot or parcel of land of 10,000 square feet or less used for residential purposes or to shorelines where the erosion results from wave action or other coastal processes.

"Farm building or structure" means the same as that term is defined in § [36-97](#) and also includes any building or structure used for agritourism activity, as defined in § [3.2-6400](#), and any related impervious surfaces including roads, driveways, and parking areas.

"Land disturbance" or "land-disturbing activity" means any man-made change to the land surface that may result in soil erosion or has the potential to change its runoff characteristics, including the clearing, grading, excavating, transporting, and filling of land.

"Natural channel design concepts" means the utilization of engineering analysis and fluvial geomorphic processes to create, rehabilitate, restore, or stabilize an open conveyance system for the purpose of creating or recreating a stream that conveys its bankfull storm event within its banks and allows larger flows to access its bankfull bench and its floodplain.

"Owner" means the same as provided in § [62.1-44.3](#). For a land-disturbing activity that is regulated under this article, "owner" also includes the owner or owners of the freehold of the premises or lesser estate therein, mortgagee or vendee in possession, assignee of rents, receiver, executor, trustee, lessee, or other person, firm, or corporation in control of a property.

"Peak flow rate" means the maximum instantaneous flow from a given storm condition at a particular location.

"Person" means any individual, partnership, firm, association, joint venture, public or private corporation, trust, estate, commission, board, public or private institution, utility, cooperative, county, city, town, or other political subdivision of the Commonwealth, governmental body, including a federal or state entity as applicable, any interstate body, or any other legal entity.

"Runoff volume" means the volume of water that runs off the land development project from a prescribed storm event.

"Soil erosion" means the movement of soil by wind or water into state waters or onto lands in the Commonwealth.

"Town" means an incorporated town.

"Virginia Erosion and Sediment Control Program" or "VESCP" means a program approved by the Board that has been established by a VESCP authority for the effective control of soil erosion, sediment deposition, and nonagricultural runoff associated with a land-disturbing activity to prevent the unreasonable degradation of properties, stream channels, waters, and other natural resources and shall include such items where applicable as local ordinances, rules, policies and guidelines, technical materials, and requirements for plan review, inspection, and evaluation consistent with the requirements of this article.

"Virginia Erosion and Sediment Control Program authority" or "VESCP authority" means a locality approved by the Board to operate a Virginia Erosion and Sediment Control Program. A locality that has chosen not to establish a Virginia Erosion and Stormwater Management Program pursuant to subdivision B 3 of § [62.1-44.15:27](#) is required to become a VESCP authority in accordance with this article.

"Virginia Stormwater Management Program" or "VSMP" means a program established by the Board pursuant to § [62.1-44.15:27.1](#) on behalf of a locality on or after July 1, 2014, to manage the quality and quantity of runoff resulting from any land-disturbing activity that (i) disturbs one acre or more of land or (ii) disturbs less than one acre of land and is part of a larger common plan of development or sale that results in one acre or greater of land disturbance.

1973, c. 486, § 21-89.3; 1974, c. 265; 1977, c. 149; 1980, c. 305; 1988, cc. 690, 732, 891, § 10.1-560; 1990, c. 491; 1991, c. 469; 1992, c. 184; 1993, c. 925; 1994, c. [703](#); 2003, c. [423](#); 2004, c. [476](#); 2005, c. [107](#); 2006, c. [21](#); 2009, c. [309](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#); 2023, cc. [48](#), [49](#).

**§62.1-44.15:52. (Effective until July 1, 2024) Virginia Erosion and Sediment Control Program.**

A. The Board shall develop a program and adopt regulations in accordance with the Administrative Process Act (§ [2.2-4000](#) et seq.) for the effective control of soil erosion, sediment deposition, and nonagricultural runoff that shall be met in any control program to prevent the unreasonable degradation of properties, stream channels, waters, and other natural resources. Stream restoration and relocation projects that incorporate natural channel design concepts are not man-made channels and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or § [62.1-44.15:54](#) or [62.1-44.15:65](#). Any plan approved prior to July 1, 2014, that provides for stormwater management that addresses any flow rate capacity and velocity requirements for natural or man-made channels shall satisfy the flow rate capacity and velocity requirements for natural or man-made channels if the practices are designed to (i) detain the water quality volume and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one-year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition, and shall be exempt from any flow rate capacity and velocity requirement for natural or man-made channels as defined in regulations promulgated pursuant to § [62.1-44.15:54](#) or [62.1-44.15:65](#). For plans approved on and after July 1, 2014, the flow rate capacity and velocity requirements of this subsection shall be satisfied by compliance with water quantity requirements in the Stormwater Management Act (§ [62.1-44.15:24](#) et seq.) and attendant regulations, unless such land-disturbing activities (a) are in accordance with the grandfathering or time limits on applicability of approved design criteria provisions of the Virginia Stormwater Management Program (VSMP) Regulations, in which case the flow rate capacity and velocity requirements of this subsection shall apply, or (b) are exempt pursuant to subdivision C 7 of § [62.1-44.15:34](#).

The regulations shall:

1. Be based upon relevant physical and developmental information concerning the watersheds and drainage basins of the Commonwealth, including, but not limited to, data relat-

ing to land use, soils, hydrology, geology, size of land area being disturbed, proximate water bodies and their characteristics, transportation, and public facilities and services;

2. Include such survey of lands and waters as may be deemed appropriate by the Board or required by any applicable law to identify areas, including multijurisdictional and watershed areas, with critical erosion and sediment problems; and

3. Contain conservation standards for various types of soils and land uses, which shall include criteria, techniques, and methods for the control of erosion and sediment resulting from land-disturbing activities.

B. The Board shall provide technical assistance and advice to, and conduct and supervise educational programs for VESCP authorities.

C. The Board shall adopt regulations establishing minimum standards of effectiveness of erosion and sediment control programs, and criteria and procedures for reviewing and evaluating the effectiveness of VESCPs. In developing minimum standards for program effectiveness, the Board shall consider information and standards on which the regulations promulgated pursuant to subsection A are based.

D. The Board shall approve VESCP authorities and shall periodically conduct a comprehensive program compliance review and evaluation to ensure that all VESCPs operating under the jurisdiction of this article meet minimum standards of effectiveness in controlling soil erosion, sediment deposition, and nonagricultural runoff. The Department shall develop a schedule for conducting periodic reviews and evaluations of the effectiveness of VESCPs unless otherwise directed by the Board. Such reviews where applicable shall be coordinated with those being implemented in accordance with the Stormwater Management Act (§ [62.1-44.15:24](#) et seq.) and associated regulations and the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.) and associated regulations. The Department may also conduct a comprehensive or partial program compliance review and evaluation of a VESCP at a greater frequency than the standard schedule.

E. The Board shall issue certificates of competence concerning the content, application, and intent of specified subject areas of this article and accompanying regulations, including program administration, plan review, and project inspection, to personnel of program authorities and to any other persons who have completed training programs or in other ways demonstrated adequate knowledge. The Department shall administer education and training programs for specified subject areas of this article and accompanying

regulations, and is authorized to charge persons attending such programs reasonable fees to cover the costs of administering the programs. Such education and training programs shall also contain expanded components to address plan review and project inspection elements of the Stormwater Management Act (§ [62.1-44.15:24](#) et seq.) and attendant regulations in accordance with § [62.1-44.15:30](#).

F. Department personnel conducting inspections pursuant to this article shall hold a certificate of competence as provided in subsection E.

1973, c. 486, § 21-89.4; 1988, cc. 732, 891, § 10.1-561; 1993, c. 925; 2004, c. [431](#); 2005, c. [107](#); 2006, c. [21](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2015, c. [497](#); 2016, c. [66](#).

**§62.1-44.15:52. (Effective July 1, 2024) Virginia Erosion and Sediment Control Program.**

A. The Board shall develop a program and adopt regulations in accordance with the Administrative Process Act (§ [2.2-4000](#) et seq.) for the effective control of soil erosion, sediment deposition, and nonagricultural runoff that shall be met in any control program to prevent the unreasonable degradation of properties, stream channels, waters, and other natural resources. Stream restoration and relocation projects that incorporate natural channel design concepts are not man-made channels and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or § [62.1-44.15:54](#) or [62.1-44.15:65](#). Any plan approved prior to July 1, 2014, that provides for stormwater management that addresses any flow rate capacity and velocity requirements for natural or man-made channels shall satisfy the flow rate capacity and velocity requirements for natural or man-made channels if the practices are designed to (i) detain the water volume equal to the first one-half inch of runoff multiplied by the impervious surface of the land development project and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one-year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition, and shall be exempt from any flow rate capacity and velocity requirement for natural or man-made channels as defined in regulations promulgated pursuant to § [62.1-44.15:54](#) or [62.1-44.15:65](#). For plans approved on and after July 1, 2014, the

flow rate capacity and velocity requirements of this subsection shall be satisfied by compliance with water quantity requirements in the Virginia Erosion and Stormwater Management Act (§ [62.1-44.15:24](#) et seq.) and attendant regulations unless such land-disturbing activities (a) are in accordance with the grandfathering or time limits on applicability of approved design criteria provisions of the Virginia Erosion and Stormwater Management Program (VESMP) Regulations, in which case the flow rate capacity and velocity requirements of this subsection shall apply, or (b) are exempt pursuant to subdivision G 2 of § [62.1-44.15:34](#).

The regulations shall:

1. Be based upon relevant physical and developmental information concerning the watersheds and drainage basins of the Commonwealth, including, but not limited to, data relating to land use, soils, hydrology, geology, size of land area being disturbed, proximate water bodies and their characteristics, transportation, and public facilities and services;
2. Include such survey of lands and waters as may be deemed appropriate by the Board or required by any applicable law to identify areas, including multijurisdictional and watershed areas, with critical erosion and sediment problems; and
3. Contain conservation standards for various types of soils and land uses, which shall include criteria, techniques, and methods for the control of erosion and sediment resulting from land-disturbing activities.

B. The Board shall provide technical assistance and advice to, and conduct and supervise educational programs for VESCP authorities.

C. The Board shall adopt regulations establishing minimum standards of effectiveness of erosion and sediment control programs, and criteria and procedures for reviewing and evaluating the effectiveness of VESCPs. In developing minimum standards for program effectiveness, the Board shall consider information and standards on which the regulations promulgated pursuant to subsection A are based.

D. The Board shall approve VESCP authorities and shall periodically conduct a comprehensive program compliance review and evaluation pursuant to subdivision (19) of § [62.1-44.15](#).

E. The Board shall issue certifications concerning the content, application, and intent of specified subject areas of this article and accompanying regulations, including program administration, plan review, and project inspection, to personnel of program authorities and to any other persons who have completed training programs or in other ways

demonstrated adequate knowledge. The Department shall administer education and training programs for specified subject areas of this article and accompanying regulations, and is authorized to charge persons attending such programs reasonable fees to cover the costs of administering the programs. Such education and training programs shall also contain expanded components to address plan review and project inspection elements of the Virginia Erosion and Stormwater Management Act (§ [62.1-44.15:24](#) et seq.) in accordance with § [62.1-44.15:30](#).

F. Department personnel conducting inspections pursuant to this article shall hold a certification as provided in subsection E.

1973, c. 486, § 21-89.4; 1988, cc. 732, 891, § 10.1-561; 1993, c. 925; 2004, c. [431](#); 2005, c. [107](#); 2006, c. [21](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2015, c. [497](#); 2016, cc. [66](#), [68](#), [758](#).

**§62.1-44.15:53. Certification of program personnel.**

A. The minimum standards of VESCP effectiveness established by the Board pursuant to subsection C of § [62.1-44.15:52](#) shall provide that (i) an erosion and sediment control plan shall not be approved until it is reviewed by a certified plan reviewer; (ii) inspections of land-disturbing activities shall be conducted by a certified inspector; and (iii) a VESCP shall contain a certified program administrator, a certified plan reviewer, and a certified project inspector, who may be the same person.

B. Any person who holds a certificate of competence from the Board in the area of plan review, project inspection, or program administration that was attained prior to the adoption of the mandatory certification provisions of subsection A shall be deemed to satisfy the requirements of that area of certification.

C. (Effective until July 1, 2024) Professionals registered in the Commonwealth pursuant to Article 1 (§ [54.1-400](#) et seq.) of Chapter 4 of Title 54.1 or a professional soil scientist as defined in § [54.1-2200](#) shall be deemed to satisfy the certification requirements for the purposes of renewals.

C. (Effective July 1, 2024) Professionals registered in the Commonwealth pursuant to Article 1 (§ [54.1-400](#) et seq.) of Chapter 4 of Title 54.1 or a professional soil scientist as defined in § [54.1-2200](#) shall be deemed to have met the provisions of this section for the purposes of renewals of certifications.

1993, c. 925, § 10.1-561.1; 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.15:54. (Effective until July 1, 2024) Establishment of Virginia Erosion and Sediment Control Program.**

A. Counties and cities shall adopt and administer a VESCP.

Any town lying within a county that has adopted its own VESCP may adopt its own program or shall become subject to the county program. If a town lies within the boundaries of more than one county, the town shall be considered for the purposes of this article to be wholly within the county in which the larger portion of the town lies.

B. A VESCP authority may enter into agreements or contracts with soil and water conservation districts, adjacent localities, or other public or private entities to assist with carrying out the provisions of this article, including the review and determination of adequacy of erosion and sediment control plans submitted for land-disturbing activities on a unit or units of land as well as for monitoring, reports, inspections, and enforcement where authorized in this article, of such land-disturbing activities.

C. Any VESCP adopted by a county, city, or town shall be approved by the Board if it establishes by ordinance requirements that are consistent with this article and associated regulations.

D. Each approved VESCP operated by a county, city, or town shall include provisions for the integration of the VESCP with Virginia stormwater management, flood insurance, flood plain management, and other programs requiring compliance prior to authorizing a land-disturbing activity in order to make the submission and approval of plans, issuance of permits, payment of fees, and coordination of inspection and enforcement activities more convenient and efficient both for the local governments and those responsible for compliance with the programs.

E. The Board may approve a state entity, federal entity, or, for linear projects subject to annual standards and specifications, electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, railroad companies, or authorities created pursuant to § [15.2-5102](#) to operate a VESCP consistent with the requirements of this article and its associated regulations and the VESCP authority's Department-approved annual standards and specifications. For these programs, enforcement shall be administered by the Department and the Board where applicable in accordance with the provisions of this article.

F. Following completion of a compliance review of a VESCP in accordance with subsection D of § [62.1-44.15:52](#), the Department shall provide results and compliance

recommendations to the Board in the form of a corrective action agreement if deficiencies are found; otherwise, the Board may find the program compliant. If a comprehensive or partial program compliance review conducted by the Department of a VESCP indicates that the VESCP authority has not administered, enforced where authorized to do so, or conducted its VESCP in a manner that satisfies the minimum standards of effectiveness established pursuant to subsection C of § [62.1-44.15:52](#), the Board shall establish a schedule for the VESCP authority to come into compliance. The Board shall provide a copy of its decision to the VESCP authority that specifies the deficiencies, actions needed to be taken, and the approved compliance schedule required to attain the minimum standard of effectiveness and shall include an offer to provide technical assistance to implement the corrective action. If the VESCP authority has not implemented the necessary compliance actions identified by the Board within 30 days following receipt of the corrective action agreement, or such additional period as is granted to complete the implementation of the corrective action, then the Board shall have the authority to (i) issue a special order to any VESCP, imposing a civil penalty not to exceed \$5,000 per day with the maximum amount not to exceed \$20,000 per violation for noncompliance with the state program, to be paid into the state treasury and deposited in the Virginia Stormwater Management Fund established by § [62.1-44.15:29](#) or (ii) revoke its approval of the VESCP. The Administrative Process Act (§ [2.2-4000](#) et seq.) shall govern the activities and proceedings of the Board and the judicial review thereof.

In lieu of issuing a special order or revoking the program, the Board is authorized to take legal action against a VESCP to ensure compliance.

G. If the Board revokes its approval of the VESCP of a county, city, or town, and the locality is in a district, the district, upon approval of the Board, shall adopt and administer a VESCP for the locality. To carry out its program, the district shall adopt regulations in accordance with the Administrative Process Act (§ [2.2-4000](#) et seq.) consistent with this article and associated regulations. The regulations may be revised from time to time as necessary. The program and regulations shall be available for public inspection at the principal office of the district.

H. If the Board (i) revokes its approval of a VESCP of a district, or of a county, city, or town not in a district, or (ii) finds that a local program consistent with this article and associated regulations has not been adopted by a district or a county, city, or town that is required to adopt and administer a VESCP, the Board shall find the VESCP authority provisional, and have the Department assist with the administration of the program until

the Board finds the VESCP authority compliant with the requirements of this article and associated regulations. "Assisting with administration" includes but is not limited to the ability to review and comment on plans to the VESCP authority, to conduct inspections with the VESCP authority, and to conduct enforcement in accordance with this article and associated regulations.

I. If the Board revokes its approval of a state entity, federal entity, or, for linear projects subject to annual standards and specifications, electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, railroad companies, or authorities created pursuant to § [15.2-5102](#), the Board shall find the VESCP authority provisional, and have the Department assist with the administration of the program until the Board finds the VESCP authority compliant with the requirements of this article and associated regulations. "Assisting with administration" includes the ability to review and comment on plans to the VESCP authority and to conduct inspections with the VESCP authority in accordance with this article and associated regulations.

J. Any VESCP authority that administers an erosion and sediment control program may charge applicants a reasonable fee to defray the cost of program administration. Such fee may be in addition to any fee charged for administration of a Virginia Stormwater Management Program, although payment of fees may be consolidated in order to provide greater convenience and efficiency for those responsible for compliance with the programs. A VESCP authority shall hold a public hearing prior to establishing a schedule of fees. The fee shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and the VESCP authority's expense involved.

K. The governing body of any county, city, or town, or a district board that is authorized to administer a VESCP, may adopt an ordinance or regulation where applicable providing that violations of any regulation or order of the Board, any provision of its program, any condition of a permit, or any provision of this article shall be subject to a civil penalty. The civil penalty for any one violation shall be not less than \$100 nor more than \$1,000. Each day during which the violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same operative set of facts result in civil penalties that exceed a total of \$10,000, except that a series of violations arising from the commencement of land-disturbing activities without an approved plan for any site shall not result in civil penalties that exceed a total of \$10,000. Adoption of such an ordinance providing that violations are subject to a civil penalty

shall be in lieu of criminal sanctions and shall preclude the prosecution of such violation as a misdemeanor under subsection A of § [62.1-44.15:63](#). The penalties set out in this subsection are also available to the Board in its enforcement actions.

1973, c. 486, § 21-89.5; 1976, c. 653; 1978, c. 450; 1980, c. 35; 1983, c. 189; 1988, cc. 732, 891, § 10.1-562; 1992, c. 298; 1993, c. 925; 2005, c. [129](#); 2007, cc. [51](#), [204](#); 2010, c. [275](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#).

**§62.1-44.15:54. (Effective July 1, 2024) Virginia Erosion and Sediment Control Program.**

A. Any locality that has chosen not to establish a Virginia Erosion and Stormwater Management Program (VESMP) pursuant to subdivision B 3 of § [62.1-44.15:27](#) shall administer a VESCP in accordance with this article; however, a town may enter into an agreement with a county to administer the town's VESCP pursuant to subsection C of § [62.1-44.15:27](#).

B. A VESCP authority may enter into agreements or contracts with soil and water conservation districts, adjacent localities, or other public or private entities to assist with carrying out the provisions of this article, including the review and determination of adequacy of erosion and sediment control plans submitted for land-disturbing activities on a unit or units of land as well as for monitoring, reports, inspections, and enforcement of such land-disturbing activities.

C. Any VESCP adopted by a county, city, or town shall be approved by the Board if it establishes by ordinance requirements that are consistent with this article and associated regulations.

D. Each approved VESCP operated by a county, city, or town shall include provisions for the coordination of the VESCP with flood insurance, flood plain management, and other programs requiring compliance prior to authorizing a land-disturbing activity in order to make the submission and approval of plans, payment of fees, and coordination of inspection and enforcement activities more convenient and efficient both for the local governments and those responsible for compliance with the programs.

E. The Board shall conduct compliance reviews of VESCPs in accordance with subdivision (19) of § [62.1-44.15](#). The Board or Department also may require any locality that is a VESCP authority to furnish when requested any information as may be required to accomplish the purposes of this article.

F. Any VESCP authority that administers an erosion and sediment control program may charge applicants a reasonable fee to defray the cost of program administration. A VESCP authority shall hold a public hearing prior to establishing a schedule of fees. The fee shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and the VESCP authority's expense involved.

G. Any locality that is authorized to administer a VESCP may adopt an ordinance or regulation where applicable providing that violations of any regulation or order of the Board, any provision of its program, any condition of a land-disturbance approval, or any provision of this article shall be subject to a civil penalty. The civil penalty for any one violation shall be not less than \$100 nor more than \$1,000. Each day during which the violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same operative set of facts result in civil penalties that exceed a total of \$10,000, except that a series of violations arising from the commencement of land-disturbing activities without an approved plan for any site shall not result in civil penalties that exceed a total of \$10,000. The penalties set out in this subsection are also available to the Board in its enforcement actions.

1973, c. 486, § 21-89.5; 1976, c. 653; 1978, c. 450; 1980, c. 35; 1983, c. 189; 1988, cc. 732, 891, § 10.1-562; 1992, c. 298; 1993, c. 925; 2005, c. [129](#); 2007, cc. [51](#), [204](#); 2010, c. [275](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.15:55. (Effective until July 1, 2024) Regulated land-disturbing activities; submission and approval of erosion and sediment control plan.**

A. Except as provided in § [62.1-44.15:56](#) for state agency and federal entity land-disturbing activities, no person shall engage in any land-disturbing activity until he has submitted to the VESCP authority an erosion and sediment control plan for the land-disturbing activity and the plan has been reviewed and approved. Upon the development of an online reporting system by the Department, but no later than July 1, 2014, a VESCP authority shall then be required to obtain evidence of Virginia Stormwater Management Program permit coverage where it is required prior to providing approval to begin land disturbance. Where land-disturbing activities involve lands under the jurisdiction of more than one VESCP, an erosion and sediment control plan may, at the request of one or all of the VESCP authorities, be submitted to the Department for review and approval rather than to each jurisdiction concerned. The Department may charge the jurisdictions requesting the review a fee sufficient to cover the cost associated with conducting the review. A VESCP may enter into an agreement with an adjacent VESCP

regarding the administration of multijurisdictional projects whereby the jurisdiction that contains the greater portion of the project shall be responsible for all or part of the administrative procedures. Where the land-disturbing activity results from the construction of a (i) single-family residence or (ii) farm building or structure on a parcel of land with a total impervious cover percentage, including the impervious cover from the farm building or structure to be constructed, of less than five percent, an agreement in lieu of a plan may be substituted for an erosion and sediment control plan if executed by the VESCP authority.

B. The VESCP authority shall review erosion and sediment control plans submitted to it and grant written approval within 60 days of the receipt of the plan if it determines that the plan meets the requirements of this article and the Board's regulations and if the person responsible for carrying out the plan certifies that he will properly perform the erosion and sediment control measures included in the plan and shall comply with the provisions of this article. In addition, as a prerequisite to engaging in the land-disturbing activities shown on the approved plan, the person responsible for carrying out the plan shall provide the name of an individual holding a certificate of competence to the VESCP authority, as provided by § [62.1-44.15:52](#), who will be in charge of and responsible for carrying out the land-disturbing activity. However, any VESCP authority may waive the certificate of competence requirement for an agreement in lieu of a plan. If a violation occurs during the land-disturbing activity, then the person responsible for carrying out the agreement in lieu of a plan shall correct the violation and provide the name of an individual holding a certificate of competence, as provided by § [62.1-44.15:52](#). Failure to provide the name of an individual holding a certificate of competence prior to engaging in land-disturbing activities may result in revocation of the approval of the plan and the person responsible for carrying out the plan shall be subject to the penalties provided in this article.

When a plan is determined to be inadequate, written notice of disapproval stating the specific reasons for disapproval shall be communicated to the applicant within 45 days. The notice shall specify the modifications, terms, and conditions that will permit approval of the plan. If no action is taken by the VESCP authority within the time specified in this subsection, the plan shall be deemed approved and the person authorized to proceed with the proposed activity. The VESCP authority shall act on any erosion and sediment control plan that has been previously disapproved within 45 days after the plan has been revised, resubmitted for approval, and deemed adequate.

C. The VESCP authority may require changes to an approved plan in the following cases:

1. Where inspection has revealed that the plan is inadequate to satisfy applicable regulations; or
2. Where the person responsible for carrying out the approved plan finds that because of changed circumstances or for other reasons the approved plan cannot be effectively carried out, and proposed amendments to the plan, consistent with the requirements of this article and associated regulations, are agreed to by the VESCP authority and the person responsible for carrying out the plan.

D. Electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, and railroad companies shall, and authorities created pursuant to § [15.2-5102](#) may, file general erosion and sediment control standards and specifications annually with the Department for review and approval. Such standards and specifications shall be consistent with the requirements of this article and associated regulations and the Stormwater Management Act (§ [62.1-44.15:24](#) et seq.) and associated regulations where applicable. The specifications shall apply to:

1. Construction, installation, or maintenance of electric transmission, natural gas, and telephone utility lines and pipelines, and water and sewer lines; and
2. Construction of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of the railroad company.

The Department shall have 60 days in which to approve the standards and specifications. If no action is taken by the Department within 60 days, the standards and specifications shall be deemed approved. Individual approval of separate projects within subdivisions 1 and 2 is not necessary when approved specifications are followed. Projects not included in subdivisions 1 and 2 shall comply with the requirements of the appropriate VESCP. The Board shall have the authority to enforce approved specifications and charge fees equal to the lower of (i) \$1,000 or (ii) an amount sufficient to cover the costs associated with standard and specification review and approval, project inspections, and compliance.

E. Any person engaging, in more than one jurisdiction, in the creation and operation of a wetland mitigation or stream restoration bank or banks, which have been approved and are operated in accordance with applicable federal and state guidance, laws, or regulations for the establishment, use, and operation of (i) wetlands mitigation or stream

restoration banks, pursuant to a mitigation banking instrument signed by the Department of Environmental Quality, the Marine Resources Commission, or the U.S. Army Corps of Engineers, or (ii) a stream restoration project for purposes of reducing nutrients or sediment entering state waters may, at the option of that person, file general erosion and sediment control standards and specifications for wetland mitigation or stream restoration banks annually with the Department for review and approval consistent with guidelines established by the Board.

The Department shall have 60 days in which to approve the specifications. If no action is taken by the Department within 60 days, the specifications shall be deemed approved. Individual approval of separate projects under this subsection is not necessary when approved specifications are implemented through a project-specific erosion and sediment control plan. Projects not included in this subsection shall comply with the requirements of the appropriate local erosion and sediment control program. The Board shall have the authority to enforce approved specifications and charge fees equal to the lower of (i) \$1,000 or (ii) an amount sufficient to cover the costs associated with standard and specification review and approval, projection inspections, and compliance. Approval of general erosion and sediment control specifications by the Department does not relieve the owner or operator from compliance with any other local ordinances and regulations including requirements to submit plans and obtain permits as may be required by such ordinances and regulations.

F. In order to prevent further erosion, a VESCP authority may require approval of an erosion and sediment control plan for any land identified by the VESCP authority as an erosion impact area.

G. For the purposes of subsections A and B, when land-disturbing activity will be required of a contractor performing construction work pursuant to a construction contract, the preparation, submission, and approval of an erosion and sediment control plan shall be the responsibility of the owner.

1973, c. 486, § 21-89.6; 1979, c. 432; 1988, cc. 732, 891, § 10.1-563; 1993, c. 925; 1999, c. [555](#); 2001, c. [490](#); 2003, cc. [827](#), [966](#); 2006, c. [466](#); 2008, c. [23](#); 2011, cc. [720](#), [721](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2018, c. [627](#); 2023, cc. [48](#), [49](#).

**§62.1-44.15:55. (Effective July 1, 2024) Regulated land-disturbing activities; submission and approval of erosion and sediment control plan.**

A. Except as provided in § [62.1-44.15:31](#) for a land-disturbing activity conducted by a state agency, federal entity, or other specified entity, no person shall engage in any land-

disturbing activity until he has submitted to the VESCP authority an erosion and sediment control plan for the land-disturbing activity and the plan has been reviewed and approved. Where Virginia Pollutant Discharge Elimination System permit coverage is required, a VESCP authority shall be required to obtain evidence of such coverage from the Department's online reporting system prior to approving the erosion and sediment control plan. A VESCP authority may enter into an agreement with an adjacent VESCP or VESMP authority regarding the administration of multijurisdictional projects specifying who shall be responsible for all or part of the administrative procedures. Should adjacent authorities fail to come to such an agreement, each shall be responsible for administering the area of the multijurisdictional project that lies within its jurisdiction. Where the land-disturbing activity results from the construction of a (i) single-family residence or (ii) farm building or structure on a parcel of land with a total impervious cover percentage, including the impervious cover from the farm building or structure to be constructed, of less than five percent, an agreement in lieu of a plan may be substituted for an erosion and sediment control plan if executed by the VESCP authority.

B. The VESCP authority shall review erosion and sediment control plans submitted to it and grant written approval within 60 days of the receipt of the plan if it determines that the plan meets the requirements of this article and the Board's regulations and if the person responsible for carrying out the plan certifies that he will properly perform the erosion and sediment control measures included in the plan and shall comply with the provisions of this article. In addition, as a prerequisite to engaging in the land-disturbing activities shown on the approved plan, the person responsible for carrying out the plan shall provide the name of an individual holding a certificate to the VESCP authority, as provided by § [62.1-44.15:52](#), who will be in charge of and responsible for carrying out the land-disturbing activity. However, any VESCP authority may waive the certificate requirement for an agreement in lieu of a plan. If a violation occurs during the land-disturbing activity, then the person responsible for carrying out the agreement in lieu of a plan shall correct the violation and provide the name of an individual holding a certificate, as provided by § [62.1-44.15:52](#). Failure to provide the name of an individual holding a certificate prior to engaging in land-disturbing activities may result in revocation of the approval of the plan and the person responsible for carrying out the plan shall be subject to the penalties provided in this article.

When a plan is determined to be inadequate, written notice of disapproval stating the specific reasons for disapproval shall be communicated to the applicant within 45 days. The notice shall specify the modifications, terms, and conditions that will permit approval

of the plan. If no action is taken by the VESCP authority within the time specified in this subsection, the plan shall be deemed approved and the person authorized to proceed with the proposed activity. The VESCP authority shall act on any erosion and sediment control plan that has been previously disapproved within 45 days after the plan has been revised, resubmitted for approval, and deemed adequate.

C. The VESCP authority may require changes to an approved plan in the following cases:

1. Where inspection has revealed that the plan is inadequate to satisfy applicable regulations; or
2. Where the person responsible for carrying out the approved plan finds that because of changed circumstances or for other reasons the approved plan cannot be effectively carried out, and proposed amendments to the plan, consistent with the requirements of this article and associated regulations, are agreed to by the VESCP authority and the person responsible for carrying out the plan.

D. In order to prevent further erosion, a VESCP authority may require approval of an erosion and sediment control plan for any land identified by the VESCP authority as an erosion impact area.

E. For the purposes of subsections A and B, when land-disturbing activity will be required of a contractor performing construction work pursuant to a construction contract, the preparation, submission, and approval of an erosion and sediment control plan shall be the responsibility of the owner.

F. Notwithstanding any other provisions of this article, the following activities are not required to comply with the requirements of this article unless otherwise required by federal law:

1. Disturbance of a land area of less than 10,000 square feet in size or less than 2,500 square feet in an area designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.). However, the governing body of the program authority may reduce this exception to a smaller area of disturbed land or qualify the conditions under which this exception shall apply;
2. Minor land-disturbing activities such as home gardens and individual home landscaping, repairs, and maintenance work;
3. Installation, maintenance, or repair of any individual service connection;

4. Installation, maintenance, or repair of any underground utility line when such activity occurs on an existing hard surfaced road, street, or sidewalk, provided the land-disturbing activity is confined to the area of the road, street, or sidewalk that is hard surfaced;
5. Installation, maintenance, or repair of any septic tank line or drainage field unless included in an overall plan for land-disturbing activity relating to construction of the building to be served by the septic tank system;
6. Permitted surface or deep mining operations and projects, or oil and gas operations and projects conducted pursuant to Title 45.2;
7. Clearing of lands specifically for bona fide agricultural purposes; the management, tilling, planting, or harvesting of agricultural, horticultural, or forest crops; livestock feedlot operations; agricultural engineering operations, including construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds, ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation; or as additionally set forth by the Board in regulations. However, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (§ [10.1-1100](#) et seq.) of Title 10.1 or is converted to bona fide agricultural or improved pasture use as described in subsection B of § [10.1-1163](#);
8. Installation of fence and sign posts or telephone and electric poles and other kinds of posts or poles;
9. Shoreline erosion control projects on tidal waters when all of the land-disturbing activities are within the regulatory authority of and approved by local wetlands boards, the Marine Resources Commission, or the United States Army Corps of Engineers; however, any associated land that is disturbed outside of this exempted area shall remain subject to this article and the regulations adopted pursuant thereto;
10. Land-disturbing activities in response to a public emergency where the related work requires immediate authorization to avoid imminent endangerment to human health or the environment. In such situations, the VESMP authority shall be advised of the disturbance within seven days of commencing the land-disturbing activity, and compliance with the administrative requirements of subsection A is required within 30 days of commencing the land-disturbing activity;

11. Discharges to a sanitary sewer or a combined sewer system that are not from a land-disturbing activity; and

12. Repair or rebuilding of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of a railroad company.

1973, c. 486, § 21-89.6; 1979, c. 432; 1988, cc. 732, 891, § 10.1-563; 1993, c. 925; 1999, c. [555](#); 2001, c. [490](#); 2003, cc. [827](#), [966](#); 2006, c. [466](#); 2008, c. [23](#); 2011, cc. [720](#), [721](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#); 2023, cc. [48](#), [49](#).

**§62.1-44.15:55.1. Department review of erosion and sediment control plans for solar projects.**

A. Any locality that does not operate a regulated MS4 and for which the Department did not administer a VSMP as of July 1, 2020, shall notify the Department if it decides to have the Department provide the locality with (i) review of the erosion and sediment control plan required by subsection A of § [62.1-44.15:55](#) and (ii) a recommendation on the plan's compliance with the requirements of this article and the Board's regulations, for any solar project and its associated infrastructure with a rated electrical generation capacity exceeding five megawatts.

B. The VESCP authority for a locality that notifies the Department pursuant to subsection A shall, within five days of receiving an erosion and sediment control plan, forward such plan to the Department for review. If a plan forwarded to the Department is incomplete, the Department shall return the plan to the VESCP authority immediately and the application process shall start over. If a plan forwarded to the Department is complete, the Department shall review it for compliance with the requirements of this article and the Board's regulations and provide a recommendation to the VESCP authority. The VESCP authority shall then (i) grant written approval of the plan or (ii) provide written notice of disapproval of the plan in accordance with subsection B of § [62.1-44.15:55](#).

C. The VESCP authority for a locality that notifies the Department pursuant to subsection A shall, within five days of receiving any resubmittal of a previously disapproved erosion and sediment control plan, forward such resubmitted plan to the Department. The Department shall review a resubmittal of a previously disapproved erosion and sediment control plan for compliance with the requirements of this article and the Board's regulations and provide a recommendation to the VESCP authority. The VESCP authority shall then (i) grant written approval of the plan or (ii) provide written notice of disapproval of the plan in accordance with subsection B of § [62.1-44.15:55](#).

D. The Department shall adopt a fee schedule and charge fees for conducting reviews pursuant to this section. The fees shall be charged to applicants and not to any VESCP authority. Such fees shall be remitted to the State Treasurer for deposit in the Fund established by subsection E. The amount of the fees shall be set at an amount representing no less than 60 percent, but not to exceed 62 percent, of the administrative and other costs to the Department of conducting such reviews.

E. There is hereby created in the state treasury a special nonreverting fund to be known as the Virginia Erosion and Sediment Control Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All moneys collected by the Department pursuant to this section and all other funds appropriated for such purpose and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of carrying out the Department's responsibilities pursuant to this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director.

An accounting of moneys received by and distributed from the Fund shall be kept by the State Comptroller.

2021, Sp. Sess. I, c. [497](#).

**§62.1-44.15:56. (Repealed effective July 1, 2024) State agency and federal entity projects.**

A. A state agency shall not undertake a project involving a land-disturbing activity unless (i) the state agency has submitted annual standards and specifications for its conduct of land-disturbing activities that have been reviewed and approved by the Department as being consistent with this article and associated regulations or (ii) the state agency has submitted an erosion and sediment control plan for the project that has been reviewed and approved by the Department. When a federal entity submits an erosion and sediment control plan for a project, land disturbance shall not commence until the Department has reviewed and approved the plan.

B. The Department shall not approve an erosion and sediment control plan submitted by a state agency or federal entity for a project involving a land-disturbing activity (i) in any

locality that has not adopted a local program with more stringent regulations than those of the state program or (ii) in multiple jurisdictions with separate local programs, unless the erosion and sediment control plan is consistent with the requirements of the state program.

C. The Department shall not approve an erosion and sediment control plan submitted by a state agency or federal entity for a project involving a land-disturbing activity in one locality with a local program with more stringent ordinances than those of the state program unless the erosion and sediment control plan is consistent with the requirements of the local program. If a locality has not submitted a copy of its local program regulations to the Department, the provisions of subsection B shall apply.

D. The Department shall have 60 days in which to comment on any standards and specifications or erosion and sediment control plan submitted to it for review, and its comments shall be binding on the state agency and any private business hired by the state agency.

E. As onsite changes occur, the state agency shall submit changes in an erosion and sediment control plan to the Department.

F. The state agency responsible for the land-disturbing activity shall ensure compliance with an approved plan, and the Department and Board, where applicable, shall provide project oversight and enforcement as necessary.

G. If the state agency or federal entity has developed, and the Department has approved, annual standards and specifications, and the state agency or federal entity has been approved by the Board to operate a VESCP as a VESCP authority, erosion and sediment control plan review and approval and land-disturbing activity inspections shall be conducted by such entity. The Department and the Board, where applicable, shall provide project oversight and enforcement as necessary and comprehensive program compliance review and evaluation. Such standards and specifications shall be consistent with the requirements of this article and associated regulations and the Stormwater Management Act (§ [62.1-44.15:24](#) et seq.) and associated regulations when applicable.

1973, c. 486, § 21-89.6; 1979, c. 432; 1988, c. 891, § 10.1-564; 1993, c. 925; 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#).

**§62.1-44.15:56.1. Department acceptance of plans in lieu of plan review.**

A. Notwithstanding any other provision of this article, the Department, when administering a VESCP pursuant to Article 2.4 (§ [62.1-44.15:51](#) et seq.), may choose to accept a set of plans and supporting calculations for any land-disturbing activity determined to be de minimis using a risk-based approach established by the Board.

B. The Department is authorized to accept such plans and supporting calculations in satisfaction of the requirement of this article that it retain a certified plan reviewer or conduct a plan review. This section shall not excuse any applicable performance bond requirement pursuant to § [62.1-44.15:57](#).

2020, c. [812](#).

**§62.1-44.15:57. (Effective until July 1, 2024) Approved plan required for issuance of grading, building, or other permits; security for performance.**

Agencies authorized under any other law to issue grading, building, or other permits for activities involving land-disturbing activities regulated under this article shall not issue any such permit unless the applicant submits with his application an approved erosion and sediment control plan and certification that the plan will be followed and, upon the development of an online reporting system by the Department but no later than July 1, 2014, evidence of Virginia Stormwater Management Program permit coverage where it is required. Prior to issuance of any permit, the agency may also require an applicant to submit a reasonable performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement acceptable to the agency, to ensure that measures could be taken by the agency at the applicant's expense should he fail, after proper notice, within the time specified to initiate or maintain appropriate conservation action that may be required of him by the approved plan as a result of his land-disturbing activity. The amount of the bond or other security for performance shall not exceed the total of the estimated cost to initiate and maintain appropriate conservation action based on unit price for new public or private sector construction in the locality and a reasonable allowance for estimated administrative costs and inflation, which shall not exceed 25 percent of the estimated cost of the conservation action. If the agency takes such conservation action upon such failure by the permittee, the agency may collect from the permittee the difference should the amount of the reasonable cost of such action exceed the amount of the security held. Within 60 days of the achievement of adequate stabilization of the land-disturbing activity in any project or section thereof, the bond, cash escrow, letter of credit, or other legal arrangement, or the unexpended or unobligated portion thereof, shall be refunded to the applicant or terminated based upon the

percentage of stabilization accomplished in the project or section thereof. These requirements are in addition to all other provisions of law relating to the issuance of such permits and are not intended to otherwise affect the requirements for such permits.

1973, c. 486, § 21-89.7; 1980, c. 35; 1988, cc. 694, 891, § 10.1-565; 1996, c. [275](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#).

**§62.1-44.15:57. (Effective July 1, 2024) Approved plan required for issuance of grading, building, or other permits; security for performance.**

Agencies authorized under any other law to issue grading, building, or other permits for activities involving land-disturbing activities regulated under this article shall not issue any such permit unless the applicant submits with his application an approved erosion and sediment control plan, certification that the plan will be followed, and evidence of Virginia Pollutant Discharge Elimination System permit coverage where it is required. Prior to issuance of any permit, the agency may also require an applicant to submit a reasonable performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement acceptable to the agency, to ensure that measures could be taken by the agency at the applicant's expense should he fail, after proper notice, within the time specified to initiate or maintain appropriate conservation action that may be required of him by the approved plan as a result of his land-disturbing activity. The amount of the bond or other security for performance shall not exceed the total of the estimated cost to initiate and maintain appropriate conservation action based on unit price for new public or private sector construction in the locality and a reasonable allowance for estimated administrative costs and inflation, which shall not exceed 25 percent of the estimated cost of the conservation action. If the agency takes such conservation action upon such failure by the permittee, the agency may collect from the permittee the difference should the amount of the reasonable cost of such action exceed the amount of the security held. Within 60 days of the achievement of adequate stabilization of the land-disturbing activity in any project or section thereof, the bond, cash escrow, letter of credit, or other legal arrangement, or the unexpended or unobligated portion thereof, shall be refunded to the applicant or terminated based upon the percentage of stabilization accomplished in the project or section thereof. These requirements are in addition to all other provisions of law relating to the issuance of such permits and are not intended to otherwise affect the requirements for such permits.

1973, c. 486, § 21-89.7; 1980, c. 35; 1988, cc. 694, 891, § 10.1-565; 1996, c. [275](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.15:58. (Effective until July 1, 2024) Monitoring, reports, and inspections.**

A. The VESCP authority (i) shall provide for periodic inspections of the land-disturbing activity and require that an individual holding a certificate of competence, as provided by [§ 62.1-44.15:52](#), who will be in charge of and responsible for carrying out the land-disturbing activity and (ii) may require monitoring and reports from the person responsible for carrying out the erosion and sediment control plan, to ensure compliance with the approved plan and to determine whether the measures required in the plan are effective in controlling erosion and sediment. However, any VESCP authority may waive the certificate of competence requirement for an agreement in lieu of a plan. The owner, permittee, or person responsible for carrying out the plan shall be given notice of the inspection. If the VESCP authority, where authorized to enforce this article, or the Department determines that there is a failure to comply with the plan following an inspection, notice shall be served upon the permittee or person responsible for carrying out the plan by mailing with confirmation of delivery to the address specified in the permit application or in the plan certification, or by delivery at the site of the land-disturbing activities to the agent or employee supervising such activities. The notice shall specify the measures needed to comply with the plan and shall specify the time within which such measures shall be completed. Upon failure to comply within the time specified, the permit may be revoked and the VESCP authority, where authorized to enforce this article, the Department, or the Board may pursue enforcement as provided by [§ 62.1-44.15:63](#).

B. Notwithstanding the provisions of subsection A, a VESCP authority is authorized to enter into agreements or contracts with districts, adjacent localities, or other public or private entities to assist with the responsibilities of this article, including but not limited to the review and determination of adequacy of erosion and sediment control plans submitted for land-disturbing activities as well as monitoring, reports, inspections, and enforcement where an authority is granted such powers by this article.

C. Upon issuance of an inspection report denoting a violation of this section, [§ 62.1-44.15:55](#) or [62.1-44.15:56](#), in conjunction with or subsequent to a notice to comply as specified in subsection A, a VESCP authority, where authorized to enforce this article, or the Department may issue an order requiring that all or part of the land-disturbing activities permitted on the site be stopped until the specified corrective measures have been taken or, if land-disturbing activities have commenced without an approved plan as provided in [§ 62.1-44.15:55](#), requiring that all of the land-disturbing activities be stopped until an approved plan or any required permits are obtained. Where the alleged non-compliance is causing or is in imminent danger of causing harmful erosion of lands or

sediment deposition in waters within the watersheds of the Commonwealth, or where the land-disturbing activities have commenced without an approved erosion and sediment control plan or any required permits, such an order may be issued whether or not the alleged violator has been issued a notice to comply as specified in subsection A. Otherwise, such an order may be issued only after the alleged violator has failed to comply with a notice to comply. The order for noncompliance with a plan shall be served in the same manner as a notice to comply, and shall remain in effect for seven days from the date of service pending application by the VESCP authority, the Department, or alleged violator for appropriate relief to the circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court. The order for disturbance without an approved plan or permits shall be served upon the owner by mailing with confirmation of delivery to the address specified in the land records of the locality, shall be posted on the site where the disturbance is occurring, and shall remain in effect until such time as permits and plan approvals are secured, except in such situations where an agricultural exemption applies. If the alleged violator has not obtained an approved erosion and sediment control plan or any required permit within seven days from the date of service of the order, the Department or the chief administrative officer or his designee on behalf of the VESCP authority may issue a subsequent order to the owner requiring that all construction and other work on the site, other than corrective measures, be stopped until an approved erosion and sediment control plan and any required permits have been obtained. The subsequent order shall be served upon the owner by mailing with confirmation of delivery to the address specified in the permit application or the land records of the locality in which the site is located. The owner may appeal the issuance of any order to the circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court. Any person violating or failing, neglecting, or refusing to obey an order issued by the Department or the chief administrative officer or his designee on behalf of the VESCP authority may be compelled in a proceeding instituted in the circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court to obey same and to comply therewith by injunction, mandamus, or other appropriate remedy. Upon completion and approval of corrective action or obtaining an approved plan or any required permits, the order shall immediately be lifted. Nothing in this section shall prevent the Department, the Board, or the chief administrative officer or his designee on behalf of the VESCP authority from taking any other action specified in § [62.1-44.15:63](#).

1973, c. 486, § 21-89.8; 1986, c. 328; 1988, cc. 694, 891, § 10.1-566; 1992, c. 298; 1993, c. 925; 2001, c. [490](#); 2003, c. [827](#); 2012, cc. [249](#), [785](#), [819](#); 2013, cc. [756](#), [793](#); 2023, cc. [48](#), [49](#).

**§62.1-44.15:58. (Effective July 1, 2024) Monitoring, reports, and inspections.**

A. The VESCP authority (i) shall provide for periodic inspections of the land-disturbing activity and require that an individual holding a certificate, as provided by § [62.1-44.15:52](#), will be in charge of and responsible for carrying out the land-disturbing activity and (ii) may require monitoring and reports from the person responsible for carrying out the erosion and sediment control plan, to ensure compliance with the approved plan and to determine whether the measures required in the plan are effective in controlling erosion and sediment. However, any VESCP authority may waive the certificate requirement for an agreement in lieu of a plan. The owner shall be given notice of the inspection. When the VESCP authority or the Board determines that there is a failure to comply with the conditions of land-disturbance approval or to obtain an approved plan or a land-disturbance approval prior to commencing land-disturbing activity, the VESCP authority or the Board may serve a notice to comply upon the owner or person responsible for carrying out the land-disturbing activity. Such notice to comply shall be served by delivery by facsimile, e-mail, or other technology; by mailing with confirmation of delivery to the address specified in the plan or land-disturbance application, if available, or in the land records of the locality; or by delivery at the site to a person previously identified to the VESCP authority by the owner. The notice to comply shall specify the measures needed to comply with the land-disturbance approval conditions or shall identify the plan approval or land-disturbance approval needed to comply with this article and shall specify a reasonable time within which such measures shall be completed. In any instance in which a required land-disturbance approval has not been obtained, the VESCP authority or the Board may require immediate compliance. In any other case, the VESCP authority or the Board may establish the time for compliance by taking into account the risk of damage to natural resources and other relevant factors. Notwithstanding any other provision in this subsection, a VESCP authority or the Board may count any days of non-compliance as days of violation should the VESCP authority or the Board take an enforcement action. The issuance of a notice to comply by the Board shall not be considered a case decision as defined in § [2.2-4001](#). Upon failure to comply within the time specified, any plan approval or land-disturbance approval may be revoked and the VESCP authority or the Board may pursue enforcement as provided by § [62.1-44.15:63](#).

B. Notwithstanding the provisions of subsection A, a VESCP authority is authorized to enter into agreements or contracts with districts, adjacent localities, or other public or private entities to assist with the responsibilities of this article, including but not limited to the review and determination of adequacy of erosion and sediment control plans submitted for land-disturbing activities as well as monitoring, reports, inspections, and enforcement.

C. Upon issuance of an inspection report denoting a violation of this section or § [62.1-44.15:55](#), in conjunction with or subsequent to a notice to comply as specified in subsection A, a VESCP authority or the Board may issue a stop work order requiring that all or part of the land-disturbing activities on the site be stopped until the specified corrective measures have been taken or, if land-disturbing activities have commenced without an approved plan as provided in § [62.1-44.15:55](#), requiring that all of the land-disturbing activities be stopped until an approved plan is obtained. When such an order is issued by the Board, it shall be issued in accordance with the procedures of the Administrative Process Act (§ [2.2-4000](#) et seq.). Where the alleged noncompliance is causing or is in imminent danger of causing harmful erosion of lands or sediment deposition in waters within the watersheds of the Commonwealth, or where the land-disturbing activities have commenced without an approved erosion and sediment control plan, such a stop work order may be issued whether or not the alleged violator has been issued a notice to comply as specified in subsection A. Otherwise, such an order may be issued only after the alleged violator has failed to comply with a notice to comply. The order for noncompliance with a plan shall be served in the same manner as a notice to comply, and shall remain in effect for seven days from the date of service pending application by the VESCP authority, the Board, or alleged violator for appropriate relief to the circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court. The stop work order for disturbance without an approved plan shall be served upon the owner by mailing with confirmation of delivery to the address specified in the land records of the locality, shall be posted on the site where the disturbance is occurring, and shall remain in effect until such time as plan approvals are secured, except in such situations where an agricultural exemption applies. If the alleged violator has not obtained an approved erosion and sediment control plan within seven days from the date of service of the stop work order, the Board or the chief administrative officer or his designee on behalf of the VESCP authority may issue a subsequent order to the owner requiring that all construction and other work on the site, other than corrective measures, be stopped until an approved erosion and sediment control plan has been

obtained. The subsequent order shall be served upon the owner by mailing with confirmation of delivery to the address specified in the plan or the land records of the locality in which the site is located. The owner may appeal the issuance of any order to the circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court. Any person violating or failing, neglecting, or refusing to obey an order issued by the Board or the chief administrative officer or his designee on behalf of the VESCP authority may be compelled in a proceeding instituted in the circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court to obey same and to comply therewith by injunction, mandamus, or other appropriate remedy. Upon completion and approval of corrective action or obtaining an approved plan, the order shall immediately be lifted. Nothing in this section shall prevent the Board or the chief administrative officer or his designee on behalf of the VESCP authority from taking any other action specified in § [62.1-44.15:63](#).

1973, c. 486, § 21-89.8; 1986, c. 328; 1988, cc. 694, 891, § 10.1-566; 1992, c. 298; 1993, c. 925; 2001, c. [490](#); 2003, c. [827](#); 2012, cc. [249](#), [785](#), [819](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#); 2023, cc. [48](#), [49](#).

**§62.1-44.15:58.1. Inspections; land-disturbing activities of natural gas pipelines; stop work instructions.**

A. The Department is authorized to conduct inspections of the land-disturbing activities of interstate and intrastate natural gas pipeline companies that have approved annual standards and specifications pursuant to § [62.1-44.15:55](#) as such land-disturbing activities relate to construction of any natural gas transmission pipeline equal to or greater than 24 inches inside diameter to determine (i) compliance with such annual standards and specifications, (ii) compliance with any site-specific plans, and (iii) if there have been or are likely to be adverse impacts to water quality as a result of such land-disturbing activities, including instances where (a) there has been a violation of any water quality standard adopted pursuant to the State Water Control Law (§ [62.1-44.2](#) et seq.), (b) sediment has been deposited in significant amounts in areas where those deposits are not contained by best management practices, (c) there are repeated instances of adverse impacts or likely adverse impacts within a 30-day period, or (d) there have been widespread and repeated instances of adverse impacts or likely impacts. When the Department determines that there has been a substantial adverse impact to water quality or that an imminent and substantial adverse impact to water quality is likely to occur as a result of such land-disturbing activities, the Department may issue a stop work instruction, without advance notice or hearing, requiring that all or part of such land-disturbing

activities on the part of the site that caused the substantial adverse impacts to water quality or are likely to cause imminent and substantial adverse impacts to water quality be stopped until corrective measures specified in the stop work instruction have been completed and approved by the Department. Where substantial adverse impacts or likely adverse impacts are found on a repeated, frequent, and widespread basis, the Department may issue a stop work instruction for every work area in Virginia until the Department determines that any systemic cause that contributed to such occurrences has been corrected.

Such stop work instruction shall become effective upon service on the company by email or other technology agreed to in writing by the Department and the company, by mailing with confirmation of delivery to the address specified in the annual standards and specifications, if available, or by delivery at the site to a person previously identified to the Department by the company. Upon request by the company, the Director or his designee shall review such stop work instruction within 48 hours of issuance.

B. Within 10 business days of issuance of a stop work instruction, the Department shall promptly provide to such company an opportunity for an informal fact-finding proceeding concerning the stop work instruction and any review by the Director or his designee. Reasonable notice as to the time and place of the informal fact-finding proceeding shall be provided to such company. Within 10 business days of the informal fact-finding proceeding, the Department shall affirm, modify, amend, or cancel such stop work instruction. Upon written documentation from the company of the completion and approval by the Department in writing of the corrective measures specified in the stop work instruction, the instruction shall be immediately lifted.

C. The company may appeal such stop work instruction or preliminary decision rendered by the Director or his designee to the circuit court of the jurisdiction wherein the land-disturbing activities subject to the stop work instruction occurred, or to another appropriate court, in accordance with the requirements of the Administrative Process Act (§ [2.2-4000](#) et seq.). Any person violating or failing, neglecting, or refusing to obey a stop work instruction issued by the Department may be compelled in a proceeding instituted in the circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court to obey same and to comply therewith by injunction, mandamus, or other appropriate remedy. Nothing in this section shall prevent the Board or the Department from taking any other action authorized by this chapter.

2018, c. [297](#); 2021, Sp. Sess. I, c. [277](#).

**§62.1-44.15:59. Reporting.**

Each VESCP authority shall report to the Department, in a method such as an online reporting system and on a time schedule established by the Department, a listing of each land-disturbing activity for which a plan has been approved by the VESCP under this article.

2005, c. [102](#), § 10.1-566.1; 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#).

**§62.1-44.15:60. (Effective until July 1, 2024) Right of entry.**

The Department, the VESCP authority, where authorized to enforce this article, or any duly authorized agent of the Department or such VESCP authority may, at reasonable times and under reasonable circumstances, enter any establishment or upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations necessary in the enforcement of the provisions of this article.

In accordance with a performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement, a VESCP authority may also enter any establishment or upon any property, public or private, for the purpose of initiating or maintaining appropriate actions that are required by the permit conditions associated with a land-disturbing activity when a permittee, after proper notice, has failed to take acceptable action within the time specified.

2012, cc. [785](#), [819](#), § 10.1-566.2; 2013, cc. [756](#), [793](#).

**§62.1-44.15:60. (Effective July 1, 2024) Right of entry.**

In addition to the Board's authority set forth in § [62.1-44.20](#), a locality serving as a VESCP authority or any duly authorized agent thereof may, at reasonable times and under reasonable circumstances, enter any establishment or upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations necessary in the enforcement of the provisions of this article.

In accordance with a performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement, a VESCP authority may also enter any establishment or upon any property, public or private, for the purpose of initiating or maintaining appropriate actions that are required by the conditions imposed by the VESCP authority on a land-disturbing activity when an owner, after proper notice, has failed to take acceptable action within the time specified.

2012, cc. [785](#), [819](#), § 10.1-566.2; 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.15:61. (Repealed effective July 1, 2024) Cooperation with federal and state agencies.**

A VESCP authority and the Board are authorized to cooperate and enter into agreements with any federal or state agency in connection with the requirements for erosion and sediment control with respect to land-disturbing activities.

1973, c. 486, § 21-89.9; 1988, c. 891, § 10.1-567; 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#).

**§62.1-44.15:62. Judicial appeals.**

A. A final decision by a county, city, or town, when serving as a VESCP authority under this article, shall be subject to judicial review, provided that an appeal is filed within 30 days from the date of any written decision adversely affecting the rights, duties, or privileges of the person engaging in or proposing to engage in land-disturbing activities.

B. (Effective until July 1, 2024) Final decisions of the Board, Department, or district shall be subject to judicial review in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).

B. (Effective July 1, 2024) Final decisions of the Board shall be subject to judicial review in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).

1973, c. 486, § 21-89.10; 1986, c. 615; 1988, c. 891, § 10.1-568; 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.15:63. (Effective until July 1, 2024) Penalties, injunctions and other legal actions.**

A. Violators of §§ [62.1-44.15:55](#), [62.1-44.15:56](#), or [62.1-44.15:58](#) shall be guilty of a Class 1 misdemeanor.

B. Any person who has violated or failed, neglected, or refused to obey any regulation or order of the Board, any order, notice, or requirement of the Department or VESCP authority, any condition of a permit, or any provision of this article or associated regulation shall, upon a finding of an appropriate court, be assessed a civil penalty. If a locality or district serving as a VESCP authority has adopted a uniform schedule of civil penalties as permitted by subsection K of § [62.1-44.15:54](#), such assessment shall be in accordance with the schedule. The VESCP authority or the Department may issue a summons for collection of the civil penalty. In any trial for a scheduled violation, it shall be the burden of the locality or Department to show the liability of the violator by a preponderance of the evidence. An admission or finding of liability shall not be a criminal conviction for any purpose. Any civil penalties assessed by a court shall be paid into the treasury of

the locality wherein the land lies, except that where the violator is the locality itself, or its agent, or where the Department is issuing the summons, the court shall direct the penalty to be paid into the state treasury.

C. The VESCP authority, the Department, or the owner of property that has sustained damage or which is in imminent danger of being damaged may apply to the circuit court in any jurisdiction wherein the land lies or other appropriate court to enjoin a violation or a threatened violation under §§[62.1-44.15:55](#), [62.1-44.15:56](#), or [62.1-44.15:58](#) without the necessity of showing that an adequate remedy at law does not exist; however, an owner of property shall not apply for injunctive relief unless (i) he has notified in writing the person who has violated the VESCP, the Department, and the VESCP authority that a violation of the VESCP has caused, or creates a probability of causing, damage to his property, and (ii) neither the person who has violated the VESCP, the Department, nor the VESCP authority has taken corrective action within 15 days to eliminate the conditions that have caused, or create the probability of causing, damage to his property.

D. In addition to any criminal or civil penalties provided under this article, any person who violates any provision of this article may be liable to the VESCP authority or the Department, as appropriate, in a civil action for damages.

E. Without limiting the remedies that may be obtained in this section, any person violating or failing, neglecting, or refusing to obey any injunction, mandamus, or other remedy obtained pursuant to this section shall be subject, in the discretion of the court, to a civil penalty not to exceed \$2,000 for each violation. A civil action for such violation or failure may be brought by the VESCP authority wherein the land lies or the Department. Any civil penalties assessed by a court shall be paid into the treasury of the locality wherein the land lies, except that where the violator is the locality itself, or its agent, or other VESCP authority, or where the penalties are assessed as the result of an enforcement action brought by the Department, the court shall direct the penalty to be paid into the state treasury.

F. With the consent of any person who has violated or failed, neglected, or refused to obey any regulation or order of the Board, any order, notice, or requirement of the Department or VESCP authority, any condition of a permit, or any provision of this article or associated regulations, the Board, the Director, or VESCP authority may provide, in an order issued by the Board or VESCP authority against such person, for the payment of civil charges for violations in specific sums, not to exceed the limit specified in sub-

section E. Such civil charges shall be instead of any appropriate civil penalty that could be imposed under subsection B or E.

G. Upon request of a VESCP authority, the attorney for the Commonwealth shall take legal action to enforce the provisions of this article. Upon request of the Board, the Department, or the district, the Attorney General shall take appropriate legal action on behalf of the Board, the Department, or the district to enforce the provisions of this article.

H. Compliance with the provisions of this article shall be prima facie evidence in any legal or equitable proceeding for damages caused by erosion or sedimentation that all requirements of law have been met and the complaining party must show negligence in order to recover any damages.

1973, c. 486, § 21-89.11; 1988, cc. 694, 891, § 10.1-569; 1992, c. 298; 1993, c. 925; 1995, c. [832](#); 1996, c. [518](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#).

**§62.1-44.15:63. (Effective July 1, 2024) Penalties, injunctions and other legal actions.**

A. Any person who has violated or failed, neglected, or refused to obey any regulation or order of the Board, any order, notice, or requirement of the VESCP authority, any condition of a land-disturbance approval, or any provision of this article or associated regulation shall, upon a finding of an appropriate court, be assessed a civil penalty. If a locality serving as a VESCP authority has adopted a uniform schedule of civil penalties as permitted by subsection G of § [62.1-44.15:54](#), such assessment shall be in accordance with the schedule. The VESCP authority or the Board may issue a summons for collection of the civil penalty. In any trial for a scheduled violation, it shall be the burden of the Board or the VESCP authority to show the liability of the violator by a preponderance of the evidence. Any civil penalties assessed by a court shall be paid into the treasury of the locality wherein the land lies and are to be used solely for stormwater management capital projects, including (i) new stormwater best management practices; (ii) stormwater best management practice maintenance, inspection, or retrofitting; (iii) stream restoration; (iv) low-impact development projects; (v) buffer restoration; (vi) pond retrofitting; and (vii) wetlands restoration. Where the violator is the locality itself, or its agent, or where the Board is issuing the summons, the court shall direct the penalty to be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund established pursuant to § [62.1-44.15:29.1](#).

B. The VESCP authority, the Board, or the owner of property that has sustained damage or which is in imminent danger of being damaged may apply to the circuit court in any jurisdiction wherein the land lies or other appropriate court to enjoin a violation or a

threatened violation under § [62.1-44.15:55](#) or [62.1-44.15:58](#) without the necessity of showing that an adequate remedy at law does not exist; however, an owner of property shall not apply for injunctive relief unless (i) he has notified in writing the person who has violated the VESCP, the Board, and the VESCP authority that a violation of the VESCP has caused, or creates a probability of causing, damage to his property, and (ii) neither the person who has violated the VESCP, the Board, nor the VESCP authority has taken corrective action within 15 days to eliminate the conditions that have caused, or create the probability of causing, damage to his property.

C. In addition to any civil penalties provided under this article, any person who violates any provision of this article may be liable to the VESCP authority or the Board, as appropriate, in a civil action for damages.

D. Without limiting the remedies that may be obtained in this section, any person violating or failing, neglecting, or refusing to obey any injunction, mandamus, or other remedy obtained pursuant to this section shall be subject, in the discretion of the court, to a civil penalty not to exceed \$2,000 for each violation. A civil action for such violation or failure may be brought by the VESCP authority wherein the land lies or the Board. Any civil penalties assessed by a court shall be paid into the treasury of the locality wherein the land lies and used pursuant to requirements of subsection A. Where the violator is the locality itself, or its agent, or where the penalties are assessed as the result of an enforcement action brought by the Board, the court shall direct the penalty to be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund (§ [62.1-44.15:29.1](#)).

E. With the consent of any person who has violated or failed, neglected, or refused to obey any regulation or order of the Board, any order, notice, or requirement of the VESCP authority, any condition of a land-disturbance approval, or any provision of this article or associated regulations, the Board, the Director, or VESCP authority may provide, in an order issued by the Board or VESCP authority against such person, for the payment of civil charges for violations in specific sums, not to exceed the limit specified in subsection D. Such civil charges shall be instead of any appropriate civil penalty that could be imposed under subsection A or D.

F. Upon request of a VESCP authority, the attorney for the Commonwealth shall take legal action to enforce the provisions of this article. Upon request of the Board, the Attorney General shall take appropriate legal action on behalf of the Board to enforce the provisions of this article.

1973, c. 486, § 21-89.11; 1988, cc. 694, 891, § 10.1-569; 1992, c. 298; 1993, c. 925; 1995, c. [832](#); 1996, c. [518](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.15:64. (Effective until July 1, 2024) Stop work orders by Department; civil penalties.**

A. An aggrieved owner of property sustaining pecuniary damage resulting from a violation of an approved erosion and sediment control plan or required permit, or from the conduct of land-disturbing activities commenced without an approved plan or required permit, may give written notice of the alleged violation to the VESCP authority and to the Director.

B. Upon receipt of the notice from the aggrieved owner and notification to the VESCP authority, the Director shall conduct an investigation of the aggrieved owner's complaint.

C. If the VESCP authority has not responded to the alleged violation in a manner that causes the violation to cease and abates the damage to the aggrieved owner's property within 30 days following receipt of the notice from the aggrieved owner, the aggrieved owner may request that the Director require the violator to stop the violation and abate the damage to his property.

D. If (i) the Director's investigation of the complaint indicates that the VESCP authority has not responded to the alleged violation as required by the VESCP, (ii) the VESCP authority has not responded to the alleged violation within 30 days from the date of the notice given pursuant to subsection A, and (iii) the Director is requested by the aggrieved owner to require the violator to cease the violation, then the Director shall give written notice to the VESCP authority that the Department intends to issue an order pursuant to subsection E.

E. If the VESCP authority has not instituted action to stop the violation and abate the damage to the aggrieved owner's property within 10 days following receipt of the notice from the Director, the Department is authorized to issue an order requiring the owner, permittee, person responsible for carrying out an approved erosion and sediment control plan, or person conducting the land-disturbing activities without an approved plan or required permit to cease all land-disturbing activities until the violation of the plan or permit has ceased or an approved plan and required permits are obtained, as appropriate, and specified corrective measures have been completed. The Department also may immediately initiate a program review of the VESCP.

F. Such orders are to be issued after a hearing held in accordance with the requirements of the Administrative Process Act (§ [2.2-4000](#) et seq.), and they shall become effective upon service on the person by mailing with confirmation of delivery, sent to his address specified in the land records of the locality, or by personal delivery by an agent of the Director. Any subsequent identical mail or notice that is sent by the Department may be sent by regular mail. However, if the Department finds that any such violation is grossly affecting or presents an imminent and substantial danger of causing harmful erosion of lands or sediment deposition in waters within the watersheds of the Commonwealth, it may issue, without advance notice or hearing, an emergency order directing such person to cease all land-disturbing activities on the site immediately and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof, to such person, to affirm, modify, amend, or cancel such emergency order.

G. If a person who has been issued an order or emergency order is not complying with the terms thereof, the Board may institute a proceeding in the appropriate circuit court for an injunction, mandamus, or other appropriate remedy compelling the person to comply with such order.

H. Any person violating or failing, neglecting, or refusing to obey any injunction, mandamus, or other remedy obtained pursuant to subsection G shall be subject, in the discretion of the court, to a civil penalty not to exceed \$2,000 for each violation. Any civil penalties assessed by a court shall be paid into the state treasury.

1993, c. 925, § 10.1-569.1; 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#).

**§62.1-44.15:64. (Effective July 1, 2024) Stop work orders by Board; civil penalties.**

A. An aggrieved owner of property sustaining pecuniary damage resulting from a violation of an approved erosion and sediment control plan or required land-disturbance approval, or from the conduct of land-disturbing activities commenced without an approved plan or required land-disturbance approval, may give written notice of the alleged violation to the VESCP authority and to the Board.

B. If the VESCP authority has not responded to the alleged violation in a manner that causes the violation to cease and abates the damage to the aggrieved owner's property within 30 days following receipt of the notice from the aggrieved owner, the aggrieved owner may request that the Board conduct an investigation and, if necessary, require the violator to stop the alleged violation and abate the damage to his property.

C. If the Board's investigation of the complaint indicates that (i) the VESCP authority has not responded to the alleged violation as required by the VESCP, (ii) the VESCP authority has not responded to the alleged violation within 30 days from the date of the notice given pursuant to subsection A, and (iii) there is a violation and it is necessary to require the violator to cease the violation as requested by the aggrieved owner, then the Board shall give written notice to the VESCP authority that the Board intends to issue an order pursuant to subsection D.

D. If the VESCP authority has not instituted action to stop the violation and abate the damage to the aggrieved owner's property within 10 days following receipt of the notice from the Board, the Board is authorized to issue an order requiring the owner, person responsible for carrying out an approved erosion and sediment control plan, or person conducting the land-disturbing activities without an approved plan or required land-disturbance approval to cease all land-disturbing activities until the violation of the plan has ceased or an approved plan and required land-disturbance approval are obtained, as appropriate, and specified corrective measures have been completed. The Board also may immediately initiate a program review of the VESCP.

E. Such orders are to be issued in accordance with the procedures of the Administrative Process Act (§ [2.2-4000](#) et seq.), and they shall become effective upon service on the person by mailing with confirmation of delivery, sent to his address specified in the land records of the locality, or by personal delivery by an agent of the Board. Any subsequent identical mail or notice that is sent by the Board may be sent by regular mail. However, if the Board finds that any such violation is grossly affecting or presents an imminent and substantial danger of causing harmful erosion of lands or sediment deposition in waters within the watersheds of the Commonwealth, it may issue, without advance notice or hearing, an emergency order directing such person to cease all land-disturbing activities on the site immediately and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof, to such person, to affirm, modify, amend, or cancel such emergency order.

F. If a person who has been issued an order or emergency order is not complying with the terms thereof, the Board may institute a proceeding in the appropriate circuit court for an injunction, mandamus, or other appropriate remedy compelling the person to comply with such order.

G. Any person violating or failing, neglecting, or refusing to obey any injunction, mandamus, or other remedy obtained pursuant to subsection G shall be subject, in the

discretion of the court, to a civil penalty not to exceed \$2,000 for each violation. Any civil penalties assessed by a court shall be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund (§ [62.1-44.15:29.1](#)).

1993, c. 925, § 10.1-569.1; 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.15:65. (Effective until July 1, 2024) Authorization for more stringent regulations.**

A. As part of a VESCP, a district or locality is authorized to adopt more stringent soil erosion and sediment control regulations or ordinances than those necessary to ensure compliance with the Board's regulations, provided that the more stringent regulations or ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of an MS4 permit or a locally adopted watershed management study and are determined by the district or locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent regulations or ordinances, a public hearing is held. Notice of such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing. The VESCP authority shall report to the Board when more stringent stormwater management regulations or ordinances are determined to be necessary pursuant to this section. However, this section shall not be construed to authorize any district or locality to impose any more stringent regulations for plan approval or permit issuance than those specified in §§ [62.1-44.15:55](#) and [62.1-44.15:57](#).

B. Any provisions of an erosion and sediment control program in existence before July 1, 2012, that contains more stringent provisions than this article shall be exempt from the analysis requirements of subsection A.

1973, c. 486, § 21-89.12; 1988, c. 891, § 10.1-570; 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2023, cc. [506](#), [507](#).

**§62.1-44.15:65. (Effective July 1, 2024) Authorization for more stringent ordinances.**

A. As part of a VESCP, a locality is authorized to adopt more stringent soil erosion and sediment control ordinances than those necessary to ensure compliance with the Board's regulations, provided that the more stringent ordinances are based upon factual

findings of local or regional comprehensive watershed management studies or findings developed through the implementation of a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances, a public hearing is held. Notice of such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing. The VESCP authority shall report to the Board when more stringent erosion and sediment control ordinances are determined to be necessary pursuant to this section. This process shall not be required when a VESCP authority chooses to reduce the threshold for regulating land-disturbing activities to a smaller area of disturbed land pursuant to § [62.1-44.15:55](#). This section shall not be construed to authorize any VESCP authority to impose any more stringent ordinances for land-disturbance review and approval than those specified in § [62.1-44.15:55](#).

B. Any provisions of an erosion and sediment control program in existence before July 1, 2012, that contains more stringent provisions than this article shall be exempt from the analysis requirements of subsection A.

1973, c. 486, § 21-89.12; 1988, c. 891, § 10.1-570; 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2023, cc. [506](#), [507](#).

**§62.1-44.15:66. No limitation on authority of Department of Energy.**

The provisions of this article shall not limit the powers or duties of the Department of Energy as they relate to mine reclamation under Chapters 10 (§ [45.2-1000](#) et seq.) and 12 (§ [45.2-1200](#) et seq.) of Title 45.2 or oil or gas exploration under the Virginia Gas and Oil Act (§ [45.2-1600](#) et seq.).

1973, c. 486, § 21-89.13; 1988, c. 891, § 10.1-571; 1996, c. [688](#); 2012, cc. [785](#), [819](#); 2013, cc. [47](#), [129](#), [756](#), [793](#); 2021, Sp. Sess. I, c. [532](#).

**§62.1-44.15:67. Cooperative state-local program.**

A. Healthy state and local economies and a healthy Chesapeake Bay are integrally related; balanced economic development and water quality protection are not mutually exclusive. The protection of the public interest in the Chesapeake Bay, its tributaries,

and other state waters and the promotion of the general welfare of the people of the Commonwealth require that (i) the counties, cities, and towns of Tidewater Virginia incorporate general water quality protection measures into their comprehensive plans, zoning ordinances, and subdivision ordinances; (ii) the counties, cities, and towns of Tidewater Virginia establish programs, in accordance with criteria established by the Commonwealth, that define and protect certain lands, hereinafter called Chesapeake Bay Preservation Areas, which if improperly developed may result in substantial damage to the water quality of the Chesapeake Bay and its tributaries; (iii) the Commonwealth make its resources available to local governing bodies by providing financial and technical assistance, policy guidance, and oversight when requested or otherwise required to carry out and enforce the provisions of this article; and (iv) all agencies of the Commonwealth exercise their delegated authority in a manner consistent with water quality protection provisions of local comprehensive plans, zoning ordinances, and subdivision ordinances when it has been determined that they comply with the provisions of this article.

B. Local governments have the initiative for planning and for implementing the provisions of this article, and the Commonwealth shall act primarily in a supportive role by providing oversight for local governmental programs, by establishing criteria as required by this article, and by providing those resources necessary to carry out and enforce the provisions of this article.

C. Each local government in Tidewater Virginia shall publish on its website the elements and criteria adopted to implement its local plan as required by this article, including those elements and criteria required by 9VAC25-830-60 for local programs.

1988, cc. 608, 891, § 10.1-2100; 2013, cc. [756](#), [793](#); 2022, c. [207](#).

#### **§62.1-44.15:68. Definitions.**

For the purposes of this article, the following words shall have the meanings respectively ascribed to them:

"Chesapeake Bay Preservation Area" means an area delineated by a local government in accordance with criteria established pursuant to § [62.1-44.15:72](#).

"Criteria" means criteria developed by the Board pursuant to § [62.1-44.15:72](#) for the purpose of determining the ecological and geographic extent of Chesapeake Bay Preservation Areas and for use by local governments in permitting, denying, or modifying

requests to rezone, subdivide, or use and develop land in Chesapeake Bay Preservation Areas.

"Daylighted stream" means a stream that had been previously diverted into an underground drainage system, has been redirected into an aboveground channel using natural channel design concepts as defined in § [62.1-44.15:51](#), and would meet the criteria for being designated as a Resource Protection Area (RPA) as defined by the Board under this article.

"Department" means the Department of Environmental Quality.

"Director" means the Director of the Department of Environmental Quality.

"Secretary" means the Secretary of Natural and Historic Resources.

"Tidewater Virginia" means the following jurisdictions:

The Counties of Accomack, Arlington, Caroline, Charles City, Chesterfield, Essex, Fairfax, Gloucester, Hanover, Henrico, Isle of Wight, James City, King and Queen, King George, King William, Lancaster, Mathews, Middlesex, New Kent, Northampton, Northumberland, Prince George, Prince William, Richmond, Spotsylvania, Stafford, Surry, Westmoreland, and York, and the Cities of Alexandria, Chesapeake, Colonial Heights, Fairfax, Falls Church, Fredericksburg, Hampton, Hopewell, Newport News, Norfolk, Petersburg, Poquoson, Portsmouth, Richmond, Suffolk, Virginia Beach, and Williamsburg.

1988, cc. 608, 891, § 10.1-2101; 2005, c. [41](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2015, c. [674](#); 2021, Sp. Sess. I, c. [401](#).

**§62.1-44.15:69. (Effective until July 1, 2024) Powers and duties of the Board.**

The Board is responsible for carrying out the purposes and provisions of this article and is authorized to:

1. Provide land use and development and water quality protection information and assistance to the various levels of local, regional, and state government within the Commonwealth.
2. Consult, advise, and coordinate with the Governor, the Secretary, the General Assembly, other state agencies, regional agencies, local governments, and federal agencies for the purpose of implementing this article.

3. Provide financial and technical assistance and advice to local governments and to regional and state agencies concerning aspects of land use and development and water quality protection pursuant to this article.
4. Promulgate regulations pursuant to the Administrative Process Act (§ [2.2-4000](#) et seq.).
5. Develop, promulgate, and keep current the criteria required by § [62.1-44.15:72](#).
6. Provide technical assistance and advice or other aid for the development, adoption, and implementation of local comprehensive plans, zoning ordinances, subdivision ordinances, and other land use and development and water quality protection measures utilizing criteria established by the Board to carry out the provisions of this article.
7. Develop procedures for use by local governments to designate Chesapeake Bay Preservation Areas in accordance with the criteria developed pursuant to § [62.1-44.15:72](#).
8. Ensure that local government comprehensive plans, zoning ordinances, and subdivision ordinances are in accordance with the provisions of this article. Determination of compliance shall be in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).
9. Make application for federal funds that may become available under federal acts and to transmit such funds when applicable to any appropriate person.
10. Take administrative and legal actions to ensure compliance by counties, cities, and towns with the provisions of this article including the proper enforcement and implementation of, and continual compliance with, this article.
11. Perform such other duties and responsibilities related to the use and development of land and the protection of water quality as the Secretary may assign.

1988, cc. 608, 891, § 10.1-2103; 1997, c. [266](#); 2013, cc. [756](#), [793](#).

**§62.1-44.15:69. (Effective July 1, 2024) Powers and duties of the Board.**

The Board is responsible for carrying out the purposes and provisions of this article and is authorized to:

1. Provide land use and development and water quality protection information and assistance to the various levels of local, regional, and state government within the Commonwealth.

2. Consult, advise, and coordinate with the Governor, the Secretary, the General Assembly, other state agencies, regional agencies, local governments, and federal agencies for the purpose of implementing this article.

3. Provide financial and technical assistance and advice to local governments and to regional and state agencies concerning aspects of land use and development and water quality protection pursuant to this article.

4. Promulgate regulations pursuant to the Administrative Process Act (§ [2.2-4000](#) et seq.).

5. Develop, promulgate, and keep current the criteria required by § [62.1-44.15:72](#).

6. Provide technical assistance and advice or other aid for the development, adoption, and implementation of local comprehensive plans, zoning ordinances, subdivision ordinances, and other land use and development and water quality protection measures utilizing criteria established by the Board to carry out the provisions of this article.

7. Develop procedures for use by local governments to designate Chesapeake Bay Preservation Areas in accordance with the criteria developed pursuant to § [62.1-44.15:72](#).

8. Ensure that local government comprehensive plans, zoning ordinances, and subdivision ordinances are in accordance with the provisions of this article. Determination of compliance shall be in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).

9. Make application for federal funds that may become available under federal acts and to transmit such funds when applicable to any appropriate person.

10. Take administrative and legal actions pursuant to subdivision (19) of § [62.1-44.15](#) to ensure compliance by counties, cities, and towns with the provisions of this article including the proper enforcement and implementation of, and continual compliance with, this article.

11. Perform such other duties and responsibilities related to the use and development of land and the protection of water quality as the Secretary may assign.

1988, cc. 608, 891, § 10.1-2103; 1997, c. [266](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.15:70. Exclusive authority of Board to institute legal actions.**

The Board shall have the exclusive authority to institute or intervene in legal and administrative actions to ensure compliance by local governing bodies with this article and with any criteria or regulations adopted hereunder.

1988, cc. 608, 891, § 10.1-2104; 1997, c. [266](#); 2013, cc. [756](#), [793](#).

**§62.1-44.15:71. (Repealed effective July 1, 2024) Program compliance.**

Program compliance reviews conducted in accordance with § [62.1-44.15:69](#) and the regulations associated with this article shall be coordinated where applicable with those being implemented in accordance with the erosion and sediment control and stormwater management provisions of this chapter and associated regulations. The Department may also conduct a comprehensive or partial program compliance review and evaluation of a local government program more frequently than the standard schedule.

Following completion of a compliance review of a local government program, the Department shall provide results and compliance recommendations to the Board in the form of a corrective action agreement should deficiencies be found; otherwise, the Board may find the program compliant. When deficiencies are found, the Board will establish a schedule for the local government to come into compliance. The Board shall provide a copy of its decision to the local government that specifies the deficiencies, actions needed to be taken, and the approved compliance schedule. If the local government has not implemented the necessary compliance actions identified by the Board within 30 days following receipt of the corrective action agreement, or such additional period as is granted to complete the implementation of the compliance actions, then the Board shall have the authority to issue a special order to any local government imposing a civil penalty not to exceed \$5,000 per day with the maximum amount not to exceed \$20,000 per violation for noncompliance with the state program, to be paid into the state treasury and deposited in the Virginia Stormwater Management Fund established by § [62.1-44.15:29](#).

The Administrative Process Act (§ [2.2-4000](#) et seq.) shall govern the activities and proceedings of the Board under this article and the judicial review thereof.

In lieu of issuing a special order, the Board is also authorized to take legal action against a local government to ensure compliance.

2012, cc. [785](#), [819](#), § 10.1-2104.1; 2013, cc. [756](#), [793](#).

**§62.1-44.15:72. Board to develop criteria.**

A. In order to implement the provisions of this article and to assist counties, cities, and towns in regulating the use and development of land and in protecting the quality of state waters, the Board shall promulgate regulations that establish criteria for use by local governments to determine the ecological and geographic extent of Chesapeake Bay Preservation Areas. The Board shall also promulgate regulations that establish criteria for

use by local governments in granting, denying, or modifying requests to rezone, subdivide, or use and develop land in these areas.

B. In developing and amending the criteria, the Board shall consider all factors relevant to the protection of water quality from significant degradation as a result of the use and development of land. The criteria shall incorporate measures such as performance standards, best management practices, and various planning and zoning concepts to protect the quality of state waters while allowing use and development of land consistent with the provisions of this chapter. The criteria adopted by the Board, operating in conjunction with other state water quality programs, shall encourage and promote (i) protection of existing high quality state waters and restoration of all other state waters to a condition or quality that will permit all reasonable public uses and will support the propagation and growth of all aquatic life, including game fish, that might reasonably be expected to inhabit them; (ii) safeguarding of the clean waters of the Commonwealth from pollution; (iii) prevention of any increase in pollution; (iv) reduction of existing pollution; (v) preservation of mature trees or planting of trees as a water quality protection tool and as a means of providing other natural resource benefits; (vi) coastal resilience and adaptation to sea-level rise and climate change; and (vii) promotion of water resource conservation in order to provide for the health, safety, and welfare of the present and future citizens of the Commonwealth.

C. Prior to the development or amendment of criteria, the Board shall give due consideration to, among other things, the economic and social costs and benefits that can reasonably be expected to obtain as a result of the adoption or amendment of the criteria.

D. In developing such criteria the Board may consult with and obtain the comments of any federal, state, regional, or local agency that has jurisdiction by law or special expertise with respect to the use and development of land or the protection of water. The Board shall give due consideration to the comments submitted by such federal, state, regional, or local agencies.

E. In developing such criteria, the Board shall provide that any locality in a Chesapeake Bay Preservation Area that allows the owner of an onsite sewage treatment system not requiring a Virginia Pollutant Discharge Elimination System permit to submit documentation in lieu of proof of septic tank pump-out shall require such owner to have such documentation certified by an operator or onsite soil evaluator licensed or certified under

Chapter 23 (§ [54.1-2300](#) et seq.) of Title 54.1 as being qualified to operate, maintain, or design onsite sewage systems.

F. In developing such criteria, the Board shall not require the designation of a Resource Protection Area (RPA) as defined according to the criteria developed by the Board, adjacent to a daylighted stream. However, a locality that elects not to designate an RPA adjacent to a daylighted stream shall use a water quality impact assessment to ensure that proposed development on properties adjacent to the daylighted stream does not result in the degradation of the stream. The water quality impact assessment shall (i) be consistent with the Board's criteria for water quality assessments in RPAs, (ii) identify the impacts of the proposed development on water quality, and (iii) determine specific measures for the mitigation of those impacts. The objective of this assessment is to ensure that practices on properties adjacent to daylighted streams are effective in retarding runoff, preventing erosion, and filtering nonpoint source pollution. The specific content for the water quality impact assessment shall be established and implemented by any locality that chooses not to designate an RPA adjacent to a daylighted stream. Nothing in this subsection shall limit a locality's authority to include a daylighted stream within the extent of an RPA.

G. Effective July 1, 2014, requirements promulgated under this article directly related to compliance with the erosion and sediment control and stormwater management provisions of this chapter and regulated under the authority of those provisions shall cease to have effect.

H. Effective July 1, 2023, requirements promulgated under this article directly related to compliance with onsite sewage system pump-outs shall be managed and enforced by the Department of Health in Accomack, Essex, Gloucester, King and Queen, King William, Lancaster, Mathews, Middlesex, Northampton, Northumberland, Richmond, and Westmoreland Counties, and the incorporated towns within those counties.

1988, cc. 608, 891, § 10.1-2107; 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2014, c. [151](#); 2015, c. [674](#); 2020, c. [1207](#); 2022, c. [486](#).

**§62.1-44.15:73. Local government authority.**

Counties, cities, and towns are authorized to exercise their police and zoning powers to protect the quality of state waters consistent with the provisions of this article.

1988, cc. 608, 891, § 10.1-2108; 2013, cc. [756](#), [793](#).

**§62.1-44.15:74. Local governments to designate Chesapeake Bay Preservation Areas; incorporate into local plans and ordinances; impose civil penalties.**

A. Counties, cities, and towns in Tidewater Virginia shall use the criteria developed by the Board to determine the extent of the Chesapeake Bay Preservation Area within their jurisdictions. Designation of Chesapeake Bay Preservation Areas shall be accomplished by every county, city, and town in Tidewater Virginia not later than 12 months after adoption of criteria by the Board.

B. Counties, cities, and towns in Tidewater Virginia shall incorporate protection of the quality of state waters into each locality's comprehensive plan consistent with the provisions of this article.

C. All counties, cities, and towns in Tidewater Virginia shall have zoning ordinances that incorporate measures to protect the quality of state waters in the Chesapeake Bay Preservation Areas consistent with the provisions of this article. Zoning in Chesapeake Bay Preservation Areas shall comply with all criteria set forth in or established pursuant to [§ 62.1-44.15:72](#).

D. Counties, cities, and towns in Tidewater Virginia shall incorporate protection of the quality of state waters in Chesapeake Bay Preservation Areas into their subdivision ordinances consistent with the provisions of this article. Counties, cities, and towns in Tidewater Virginia shall ensure that all subdivisions developed pursuant to their subdivision ordinances comply with all criteria developed by the Board.

E. (Effective until July 1, 2024) In addition to any other remedies which may be obtained under any local ordinance enacted to protect the quality of state waters in Chesapeake Bay Preservation Areas, counties, cities, and towns in Tidewater Virginia may incorporate the following penalties into their zoning, subdivision, or other ordinances:

1. Any person who (i) violates any provision of any such ordinance or (ii) violates or fails, neglects, or refuses to obey any local governmental body's or official's final notice, order, rule, regulation, or variance or permit condition authorized under such ordinance shall, upon such finding by an appropriate circuit court, be assessed a civil penalty not to exceed \$5,000 for each day of violation. Such civil penalties may, at the discretion of the court assessing them, be directed to be paid into the treasury of the county, city, or town in which the violation occurred for the purpose of abating environmental damage to or restoring Chesapeake Bay Preservation Areas therein, in such a manner as the court may direct by order, except that where the violator is the county, city, or town itself, or its agent, the court shall direct the penalty to be paid into the state treasury.

2. With the consent of any person who (i) violates any provision of any local ordinance related to the protection of water quality in Chesapeake Bay Preservation Areas or (ii) violates or fails, neglects, or refuses to obey any local governmental body's or official's notice, order, rule, regulation, or variance or permit condition authorized under such ordinance, the local government may provide for the issuance of an order against such person for the one-time payment of civil charges for each violation in specific sums, not to exceed \$10,000 for each violation. Such civil charges shall be paid into the treasury of the county, city, or town in which the violation occurred for the purpose of abating environmental damage to or restoring Chesapeake Bay Preservation Areas therein, except that where the violator is the county, city, or town itself, or its agent, the civil charges shall be paid into the state treasury. Civil charges shall be in lieu of any appropriate civil penalty that could be imposed under subdivision 1. Civil charges may be in addition to the cost of any restoration required or ordered by the local governmental body or official.

E. (Effective July 1, 2024) In addition to any other remedies which may be obtained under any local ordinance enacted to protect the quality of state waters in Chesapeake Bay Preservation Areas, counties, cities, and towns in Tidewater Virginia may incorporate the following penalties into their zoning, subdivision, or other ordinances:

1. Any person who (i) violates any provision of any such ordinance or (ii) violates or fails, neglects, or refuses to obey any local governmental body's or official's final notice, order, rule, regulation, or variance or permit condition authorized under such ordinance shall, upon such finding by an appropriate circuit court, be assessed a civil penalty not to exceed \$5,000 for each day of violation. Such civil penalties may, at the discretion of the court assessing them, be directed to be paid into the treasury of the county, city, or town in which the violation occurred for the purpose of abating environmental damage to or restoring Chesapeake Bay Preservation Areas therein, in such a manner as the court may direct by order, except that where the violator is the county, city, or town itself, or its agent, the court shall direct the penalty to be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund established by § [62.1-44.15:29.1](#).

2. With the consent of any person who (i) violates any provision of any local ordinance related to the protection of water quality in Chesapeake Bay Preservation Areas or (ii) violates or fails, neglects, or refuses to obey any local governmental body's or official's notice, order, rule, regulation, or variance or permit condition authorized under such ordinance, the local government may provide for the issuance of an order against such

person for the one-time payment of civil charges for each violation in specific sums, not to exceed \$10,000 for each violation. Such civil charges shall be paid into the treasury of the county, city, or town in which the violation occurred for the purpose of abating environmental damage to or restoring Chesapeake Bay Preservation Areas therein, except that where the violator is the county, city, or town itself, or its agent, the civil charges shall be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund established by § [62.1-44.15:29.1](#). Civil charges shall be in lieu of any appropriate civil penalty that could be imposed under subdivision 1. Civil charges may be in addition to the cost of any restoration required or ordered by the local governmental body or official.

F. Localities that are subject to the provisions of this article may by ordinance adopt an appeal period for any person aggrieved by a decision of a board that has been established by the locality to hear cases regarding ordinances adopted pursuant to this article. The ordinance shall allow the aggrieved party a minimum of 30 days from the date of such decision to appeal the decision to the circuit court.

1988, cc. 608, 891, § 10.1-2109; 1998, cc. [700](#), [714](#); 2008, c. [15](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.15:75. Local governments outside of Tidewater Virginia may adopt provisions.**

Any local government, although not a part of Tidewater Virginia, may employ the criteria developed pursuant to § [62.1-44.15:72](#) and may incorporate protection of the quality of state waters into their comprehensive plans, zoning ordinances, and subdivision ordinances consistent with the provisions of this article.

1988, cc. 608, 891, § 10.1-2110; 2013, cc. [756](#), [793](#).

**§62.1-44.15:76. Local government requirements for water quality protection.**

Local governments shall employ the criteria promulgated by the Board to ensure that the use and development of land in Chesapeake Bay Preservation Areas shall be accomplished in a manner that protects the quality of state waters consistent with the provisions of this article.

1988, cc. 608, 891, § 10.1-2111; 2013, cc. [756](#), [793](#).

**§62.1-44.15:77. Effect on other governmental authority.**

The authorities granted herein are supplemental to other state, regional, and local governmental authority. No authority granted to a local government by this article shall affect

in any way the authority of the Board. No authority granted to a local government by this article shall limit in any way any other planning, zoning, or subdivision authority of that local government.

1988, cc. 608, 891, § 10.1-2113; 2013, cc. [756](#), [793](#).

**§62.1-44.15:78. State agency consistency.**

All agencies of the Commonwealth shall exercise their authorities under the Constitution and laws of Virginia in a manner consistent with the provisions of comprehensive plans, zoning ordinances, and subdivision ordinances that comply with §§ [62.1-44.15:74](#) and [62.1-44.15:75](#).

1988, cc. 608, 891, § 10.1-2114; 2013, cc. [756](#), [793](#).

**§62.1-44.15:79. Vested rights protected.**

The provisions of this article shall not affect vested rights of any landowner under existing law.

1988, cc. 608, 891, § 10.1-2115; 2013, cc. [756](#), [793](#).

**§62.1-44.15:80. Findings and purpose.**

The General Assembly determines and finds that to comply with § 401 of the federal Clean Water Act (33 U.S.C. § 1341), any applicant for a federal license or permit to conduct any activity that may result in any discharge into navigable waters shall provide the federal licensing or permitting authority with a certification from the state in which the discharge originates or will originate certifying that any such discharge will comply with applicable provisions of the Clean Water Act. The General Assembly determines and finds that the Virginia Water Protection Permit program has proven to be sufficient to evaluate and, when necessary, mitigate potential water quality impacts for most federally permitted projects. Virginia Water Protection Permit coverage addresses the impacts caused to wetlands and streams by excavating in a wetland, draining or significantly altering wetland acreage or function, filling or dumping in a stream or wetland, or permanently flooding or impounding a wetland area or stream. However, the conditions and requirements of a Virginia Water Protection Permit do not cover activities in upland areas, outside of wetlands and streams, that may result in a discharge to state waters. The General Assembly determines and finds that for construction of natural gas transmission pipelines greater than 36 inches inside diameter that are subject to a certificate of public convenience and necessity under § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)), there may be activities in upland areas that may have the potential to

affect water quality but that do not fall within the scope of the Virginia Water Protection Permit program. Information related to such impacts would not be contained in the Joint Permit Application utilized to determine permit conditions for a Virginia Water Protection Permit. The General Assembly determines and finds that issuance of a Virginia Water Protection Permit and a certification issued pursuant to this article shall together constitute the certification required under § 401 of the Clean Water Act for natural gas transmission pipelines greater than 36 inches inside diameter subject to § 7c of the Natural Gas Act.

2018, c. [636](#).

**§62.1-44.15:81. Application and preparation of draft certification conditions.**

A. Any applicant for a federal license or permit for a natural gas transmission pipeline greater than 36 inches inside diameter subject to § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)) shall submit a separate application, at the same time the Joint Permit Application is submitted, to the Department containing a description of all activities that will occur in upland areas, including activities in or related to (i) slopes with a grade greater than 15 percent; (ii) karst geology features, including sinkholes and underground springs; (iii) proximity to sensitive streams and wetlands identified by the Department of Conservation and Recreation or the Department of Wildlife Resources; (iv) seasonally high water tables; (v) water impoundment structures and reservoirs; and (vi) areas with highly erodible soils, low pH, and acid sulfate soils. Concurrently with the Joint Permit Application, the applicant shall also submit a detailed erosion and sediment control plan and stormwater management plan subject to Department review and approval.

B. After receipt of an application in accordance with subsection A, the Department shall issue a request for information about how the erosion and sediment control plan and stormwater management plan will address activities in or related to the upland areas identified in subsection A. The response to such request shall include the specific strategies and best management practices that will be utilized by the applicant to address challenges associated with each area type and an explanation of how such strategies and best management practices will ensure compliance with water quality standards.

C. At any time during the review of the application, but prior to issuing a certification pursuant to this article, the Department may issue an information request to the applicant for any relevant additional information necessary to determine (i) if any activities related to the applicant's project in upland areas are likely to result in a discharge to state waters

and (ii) how the applicant proposes to minimize water quality impacts to the maximum extent practicable to protect water quality. The information request shall provide a reasonable amount of time for the applicant to respond.

D. The Department shall review the information contained in the application, the response to the information request in subsection B, and any additional information obtained through any information requests issued pursuant to subsection C to determine if any activities described in the application or in any additional information requests (i) are likely to result in a discharge to state waters with the potential to adversely impact water quality and (ii) will not be addressed by the Virginia Water Protection Permit issued for the activity pursuant to Article 2.2 (§ [62.1-44.15:20](#) et seq.). The Department of Wildlife Resources, the Department of Conservation and Recreation, the Department of Health, and the Department of Agriculture and Consumer Services shall consult with the Department during the review of the application and any additional information obtained through any information requests issued pursuant to subsection B or C. Following the conclusion of its review, the Department shall develop a draft certification or denial. A draft certification, including (i) any additional conditions for activities in upland areas necessary to protect water quality and (ii) a condition that the applicant shall not commence land-disturbing activity prior to approval by the Department of the erosion and sediment control plan and stormwater management plan required pursuant to subsection E, shall be noticed for public comment and potential issuance by the Department. The Department shall make the information contained in the application and any additional information obtained through any information requests issued pursuant to subsection B or C available to the public.

E. Notwithstanding any applicable annual standards and specifications for erosion and sediment control or stormwater management pursuant to Article 2.3 (§ [62.1-44.15:24](#) et seq.) or 2.4 (§ [62.1-44.15:51](#) et seq.), the applicant shall not commence land-disturbing activity prior to resolution of any unresolved issues identified in subsection B to the satisfaction of the Department and approval by the Department of an erosion and sediment control plan and stormwater management plan in accordance with applicable regulations. The Department shall act on any plan submittal within 60 days after initial submittal of a completed plan to the Department. The Department may issue either approval or disapproval and shall provide written rationale for its decision. The Department shall act on any plan that has been previously disapproved within 30 days after the plan has been revised and resubmitted for approval.

F. No action by either the Department or the Board on a certification pursuant to this article shall alter the siting determination made through Federal Energy Regulatory Commission or State Corporation Commission approval.

G. The Department shall assess an administrative charge to the applicant to cover the direct costs of services rendered associated with its responsibilities pursuant to this section.

H. Neither the Department nor the Board shall expressly waive certification of a natural gas transmission pipeline of greater than 36 inches inside diameter under § 401 of the federal Clean Water Act (33 U.S.C. § 1341). The Department or the Board shall act on any certification request within a reasonable period of time pursuant to federal law. Nothing in this section shall be construed to prohibit the Department or the Board from taking action to deny a certification in accordance with the provisions of § 401 of the federal Clean Water Act (33 U.S.C. § 1341).

2018, c. [636](#); 2020, c. [958](#); 2021, Sp. Sess. I, c. [501](#); 2022, c. [356](#).

**§62.1-44.15:82. Public notice of draft certification conditions.**

A. The Department shall prepare a public notice of draft certification conditions developed pursuant to § [62.1-44.15:81](#) that the applicant shall cause to be published once in one or more newspapers of general circulation selected by the Department in the areas in which the proposed activity is to take place.

B. The public notice shall include:

1. The name, address, telephone number, and government email address of the Department office at which persons may obtain information pertinent to the application;
2. A brief description of the activity that may result in a discharge to state waters or how to obtain detailed information on the activity;
3. The location of such activity and the state waters that may be affected. The location shall include a listing of all counties and cities in which the activity will occur and include either maps of the project area or directions on how to access such maps. Where possible, location information shall reference route numbers, road intersections, map coordinates, or similar information or how to obtain detailed information on the activity;
4. A summary of the draft certification conditions;

5. A brief description of the procedures for formulation of a final determination of any conditions, including the appropriate comment period required by subsection C and the means by which interested persons may comment on the application; and

6. Instructions for requesting a public hearing if a public hearing is not already scheduled.

C. If no public hearing has already been scheduled, a period of 30 days following the date of the publication of public notice shall be provided during which interested persons may submit written comments and requests for a hearing. If a public hearing has already been scheduled, public notice shall be provided at least 30 days before the public hearing date.

2018, c. [636](#).

**§62.1-44.15:83. Requests for public hearing, hearings, and final decisions procedures.**

A. The issuance of a certification pursuant to this article shall be a permit action.

B. The Department shall assess an administrative charge to the applicant to cover the direct costs of services rendered associated with its responsibilities pursuant to this section.

2018, c. [636](#); 2022, c. [356](#).

**§62.1-44.15:84. Requests for modification or revocation; public notice.**

A. The applicant or the Department may request that conditions in the certification be modified or revoked. Requests for modification or revocation of any certification conditions shall contain the following information:

1. If the request is made by the applicant, the name, mailing address, and telephone number of the requester and the name, mailing address, and telephone number of any person representing the requestor;

2. Where applicable, a statement specifically setting forth the requested modification and the reason for such modification; and

3. Where applicable, a statement specifically setting forth the reason for the requested revocation.

B. The Director shall review all requests for modification or revocation and make a tentative determination within 60 days of receipt of the completed request whether to grant or deny the requested modification or revocation.

C. Any draft modification or revocation shall be public noticed, and final decisions shall be made in the same manner as the original certification.

2018, c. [636](#).

**§62.1-44.16. Industrial wastes.**

A. Any owner who erects, constructs, opens, reopens, expands, or employs new processes in or operates any establishment from which there is a potential or actual discharge of industrial wastes or other wastes to state waters shall first provide facilities approved by the Board for the treatment or control of such industrial wastes or other wastes.

Application for such discharge shall be made to the Board and shall be accompanied by pertinent plans, specifications, maps, and such other relevant information as may be required, in scope and details satisfactory to the Board.

1. Public notice of every such application shall be given by notice published once a week for two successive weeks in a newspaper of general circulation in the county or city where the certificate is applied for or by such other means as the Board may prescribe. However, to the extent authorized by federal law and if the permit applicant so chooses, an abbreviated public notice shall be published in such newspaper listing the name of the permitted facility, the type of discharge, and a link to the Department's website with such public notice.

2. The Board shall review the application and the information that accompanies it as soon as practicable and making a ruling within a period of four months from the date the application is filed with the Board approving or disapproving the application and stating the grounds for conditional approval or disapproval. If the application is approved, the Board shall grant a certificate for the discharge of the industrial wastes or other wastes into state waters or for the other alteration of the physical, chemical, or biological properties of state waters, as the case may be. If the application is disapproved, the Board shall notify the owner as to what measures, if any, the owner may take to secure approval.

B. Any owner operating under a valid certificate issued by the Board who fails to meet water quality standards established by the Board solely as a result of a change in water quality standards or in the law shall provide the necessary facilities approved by the Board within a reasonable time to meet such new requirements; provided, however, that such facilities shall be reasonable and practicable of attainment giving consideration to

the public interest and the equities of the case. The Board may amend such certificate, or revoke it and issue a new one to reflect such facilities after proper hearing, with at least thirty days' notice to the owner of the time, place, and purpose thereof. If such revocation or amendment of a certificate is mutually agreeable to the Board and the owner involved, the hearing and notice may be dispensed with.

C. The Board shall revoke the certificate in case of a failure to comply with all such requirements and may issue a special order under subdivisions (8a), (8b), and (8c) of § [62.1-44.15](#) (8).

D. Any locality may adopt an ordinance that provides for the testing and monitoring of the land application of solid or semisolid industrial wastes within its political boundaries to ensure compliance with applicable laws and regulations.

E. The Board shall adopt regulations requiring the payment of a fee for the land application of solid or semisolid industrial wastes, pursuant to permits issued under this section, in localities that have adopted ordinances in accordance with subsection D. The person land applying industrial wastes shall (i) provide advance notice of the estimated fee to the generator of the industrial wastes unless notification is waived, (ii) collect the fee from the generator, and (iii) remit the fee to the Department of Environmental Quality as provided by regulation. The fee shall be imposed on each dry ton of solid or semisolid industrial wastes that is land applied in a locality in accordance with the regulations adopted by the Board. The regulations shall include requirements and procedures for:

1. Collection of fees by the Department of Environmental Quality;
2. The deposit of collected fees into the Sludge Management Fund established by subsection G of § [62.1-44.19:3](#); and
3. Disbursement of proceeds from the Sludge Management Fund by the Department of Environmental Quality pursuant to subsection G of § [62.1-44.19:3](#).

F. The Department, in consultation with the Department of Health, the Department of Conservation and Recreation, the Department of Agriculture and Consumer Services, and the Virginia Cooperative Extension Service, shall establish and implement a program to train persons employed by those local governments that have adopted ordinances, pursuant to this section, to test and monitor the land application of industrial wastes. The program shall include, at a minimum, instruction in (i) the provisions of the Virginia Pollution Abatement Permit Regulation; (ii) land application methods and equipment, including methods and processes for preparation and stabilization of industrial

wastes that are land applied; (iii) sampling and chain of custody control; (iv) preparation and implementation of nutrient management plans for land application sites; (v) complaint response and preparation of complaint and inspection reports; (vi) enforcement authority and procedures; (vii) interaction and communication with the public; and (viii) preparation of applications for reimbursement of local monitoring costs disbursed pursuant to subsection G of § [62.1-44.19:3](#). To the extent feasible, the program shall emphasize in-field instruction and practical training. Persons employed by local governments shall successfully complete such training before the local government may request reimbursement from the Board for testing and monitoring of land application of solid or semisolid industrial wastes performed by the person. The completion of training shall not be a prerequisite to the exercise of authority granted to local governments by any applicable provision of law.

The Department may:

1. Charge attendees a reasonable fee to recover the actual costs of preparing course materials and providing facilities and instructors for the program. The fee shall be reimbursable from the Fund established pursuant to subsection G of § [62.1-44.19:3](#); and
2. Request and accept the assistance and participation of other state agencies and institutions in preparing and presenting the course of training established by this subsection.

1970, c. 638; 2015, cc. [104](#), [677](#); 2018, c. [552](#).

**§62.1-44.16:1. Local enforcement of industrial waste permits.**

A. Any locality that has adopted an ordinance for the testing and monitoring of the land application of industrial wastes pursuant to § [62.1-44.16](#) shall have the authority to order the abatement of any violation of § [62.1-44.16](#) or of any violation of any permit or certificate issued under that section. Such abatement order shall identify the activity constituting the violation, specify the provision of the Code of Virginia or permit condition violated by the activity, and order that the activity cease immediately.

B. In the event of any dispute concerning the existence of a violation, the activity alleged to be in violation shall be halted pending a determination by the Director, whose decision shall be final and binding unless reversed on judicial appeal pursuant to § [2.2-4026](#). Any person who fails or refuses to halt such activity may be compelled to do so by injunction issued by a court having competent jurisdiction. Upon determination by the Director that there has been a violation of § [62.1-44.16](#) or of any permit or certificate issued under that section and that such violation poses an imminent threat to public health,

safety, or welfare, the Department shall commence appropriate action to abate the violation and immediately notify the chief administrative officer of any locality potentially affected by the violation. Neither the Board, the Commonwealth, nor any employee of the Commonwealth shall be liable for failing to provide the notification required by this section.

C. Local governments shall promptly notify the Department of all results from the testing and monitoring of the land application of industrial wastes performed by persons employed by local governments and any violation of § [62.1-44.16](#) or of any violation of any permit or certificate issued under that section, discovered by local governments.

2015, cc. [104](#), [677](#).

**§62.1-44.17. Other wastes.**

(1) Any owner who handles, stores, distributes or produces other wastes as defined in § [62.1-44.3](#), any owner who causes or permits same to be handled, stored, distributed or produced or any owner upon or in whose establishment other wastes are handled, stored, distributed or produced shall upon request of the Board install facilities approved by the Board or adopt such measures approved by the Board as are necessary to prevent the escape, flow or discharge into any state waters when the escape, flow or discharge of such other wastes into any state waters would cause pollution of such state waters.

(2) Any owner under this section requested by the Board to provide facilities or adopt such measures shall make application therefor to the Board. Such application shall be accompanied by a copy of pertinent plans, specifications, maps, and such other relevant information as may be required, in scope and details satisfactory to the Board.

(3) The Board shall review the application and the information that accompanies it as soon as practicable and make a ruling within a period of four months from the date the application is filed with the Board approving or disapproving the application and stating the grounds for conditional approval or disapproval. If the application is approved, the Board shall grant a certificate for the handling, storing, distribution or production of such other wastes. If the application is disapproved, the Board shall notify the owner as to what measures the owner may take to secure approval.

Code 1950, § 62.1-30; 1968, c. 659; 1970, c. 638.

**§62.1-44.17:1. Permits for confined animal feeding operations.**

A. For the purposes of this chapter, "confined animal feeding operation" means a lot or facility, together with any associated treatment works, where both of the following conditions are met:

1. Animals have been, are, or will be stabled or confined and fed or maintained for a total of 45 days or more in any 12-month period; and
2. Crops, vegetation, forage growth or post-harvest residues are not sustained over any portion of the operation of the lot or facility.

Two or more confined animal feeding operations under common ownership are considered to be a single confined animal feeding operation if they adjoin each other or if they use a common area or system for the disposal of liquid waste.

A1. Notwithstanding the provisions of subsection B, the Board shall promulgate regulations requiring Virginia Pollutant Discharge Elimination System permits for confined animal feeding operations to the extent necessary to comply with § 402 of the federal Clean Water Act (33 U.S.C. § 1342), as amended.

B. A confined animal feeding operation with 300 or more animal units utilizing a liquid manure collection and storage system, upon fulfillment of the requirements of this section, shall be permitted by a General Virginia Pollution Abatement permit (hereafter referred to as the "General Permit"), adopted by the Board. In adopting the General Permit the Board shall:

1. Authorize the General Permit to pertain to confined animal feeding operations having 300 or more animal units;
2. Establish procedures for submitting a registration statement meeting the requirements of subsection C. Submitting a registration statement shall be evidence of intention to be covered by the General Permit; and
3. Establish criteria for the design and operation of confined animal feeding operations only as described in subsection E.

C. For coverage under the General Permit, the owner of the confined animal feeding operation shall file a registration statement with the Department of Environmental Quality providing the name and address of the owner of the operation, the name and address of the operator of the operation (if different than the owner), the mailing address and location of the operation, and a list of the types, maximum number and average weight of

the animals that will be maintained at the facility. The owner shall attach to the registration statement:

1. A copy of a letter of approval of the nutrient management plan for the operation from the Department of Conservation and Recreation;
2. A copy of the approved nutrient management plan;
3. A notification from the governing body of the locality where the operation is located that the operation is consistent with all ordinances adopted pursuant to Chapter 22 (§ [15.2-2200](#) et seq.) of Title 15.2;
4. A certification that the owner or operator meets all the requirements of the Board for the General Permit; and
5. A certification that the owner has given notice of the registration statement to all owners or residents of property that adjoins the property on which the proposed operation will be located. Such notice shall include (i) the types and maximum number of animals that will be maintained at the facility and (ii) the address and phone number of the appropriate Department of Environmental Quality regional office to which comments relevant to the permit may be submitted. Such certification of notice shall be waived whenever the registration is for the purpose of renewing coverage under a permit for which no expansion is proposed and the Department of Environmental Quality has not issued any special or consent order relating to violations under the existing permit.

D. Any person may submit written comments on the proposed operation to the Department within 30 days of the date of the filing of the registration statement. If, on the basis of such written comments or his review, the Director determines that the proposed operation will not be capable of complying with the provisions of this section, the Director shall require the owner to obtain an individual permit for the operation. Any such determination by the Director shall be made in writing and received by the owner not more than 45 days after the filing of the registration statement or, if in the Director's sole discretion additional time is necessary to evaluate comments received from the public, not more than 60 days after the filing of the registration statement.

E. The criteria for the design and operation of a confined animal feeding operation shall be as follows:

1. The operation shall have a liquid manure collection and storage facility designed and operated to: (i) prevent any discharge to state waters, except a discharge resulting from a storm event exceeding a 25-year, 24-hour storm and (ii) provide adequate waste storage

capacity to accommodate periods when the ground is frozen or saturated, periods when land application of nutrients should not occur due to limited or nonexistent crop nutrient uptake, and periods when physical limitations prohibit the land application of waste;

2. The operation shall implement and maintain on site a nutrient management plan approved pursuant to subdivision 1 of subsection C. The nutrient management plan shall contain at a minimum the following information: (i) a site map indicating the location of the waste storage facilities and the fields where waste will be applied; (ii) site evaluation and assessment of soil types and potential productivities; (iii) nutrient management sampling including soil and waste monitoring; (iv) storage and land area requirements; (v) calculation of waste application rates; (vi) waste application schedules; and (vii) a plan for waste utilization in the event the operation is discontinued;

3. Adequate buffer zones, where waste shall not be applied, shall be maintained between areas where waste may be applied and (i) water supply wells or springs, (ii) surface water courses, (iii) rock outcroppings, (iv) sinkholes, and (v) occupied dwellings unless a waiver is signed by the occupants of the dwellings;

4. The operation shall be monitored as follows: (i) waste shall be monitored at least once per year; (ii) soil shall be monitored at least once every three years; (iii) ground water shall be monitored at new earthen waste storage facilities constructed to an elevation below the seasonal high water table or within one foot thereof; and (iv) all facilities previously covered by a Virginia Pollution Abatement permit that required ground water monitoring shall continue such monitoring. In such facilities constructed below the water table, the top surface of the waste must be maintained at a level of at least two feet above the water table. The Department of Environmental Quality and the Department of Conservation and Recreation may include in the permit or nutrient management plan more frequent or additional monitoring of waste, soils or groundwater as required to protect state waters. Records shall be maintained to demonstrate where and at what rate waste has been applied, that the application schedule has been followed, and what crops have been planted. Such records shall be available for inspection by the Department of Environmental Quality and shall be maintained for a period of five years after recorded application is made;

5. New earthen waste storage facilities shall include a properly designed and installed liner. Such liner shall be either a synthetic liner of at least 20 mils thickness or a compacted soil liner of at least one foot thickness with a maximum permeability rating of 0.0014 inches per hour. A licensed professional engineer, an employee of the Natural

Resources Conservation Service of the United States Department of Agriculture with appropriate engineering approval authority, or an employee of a soil and water conservation district with appropriate engineering approval authority shall certify that the siting, design and construction of the waste storage facility comply with the requirements of this section;

6. New waste storage facilities shall not be located on a 100-year flood plain;

7. All facilities must maintain one foot of freeboard at all times, up to and including a 25-year, 24-hour storm;

8. All equipment needed for the proper operation of the permitted facilities shall be maintained in good working order. Manufacturer's operating and maintenance manuals shall be retained for references to allow for timely maintenance and prompt repair of equipment when appropriate;

9. The owner or operator of the operation shall notify the Department of Environmental Quality at least 14 days prior to animals being placed in the confined facility; and

10. Each operator of a facility covered by the General Permit on July 1, 1999, shall, by January 1, 2000, complete the training program offered or approved by the Department of Conservation and Recreation under subsection F. Each operator of a facility permitted after July 1, 1999, shall complete such training within one year after the registration statement required by subsection C has been submitted. Thereafter, all operators shall complete the training program at least once every three years.

F. The Department of Conservation and Recreation, in consultation with the Department of Environmental Quality and the Virginia Cooperative Extension Service, shall develop or approve a training program for persons operating confined animal feeding operations covered by the General Permit. The program shall include training in the requirements of the General Permit; the use of best management practices; inspection and management of liquid manure collection, storage and application systems; water quality monitoring and spill prevention; and emergency procedures.

G. Operations having an individual Virginia Pollution Abatement permit or a No Discharge Certificate may submit a registration statement for operation under the General Permit pursuant to this section.

H. The Director of the Department of Environmental Quality may require the owner of a confined animal feeding operation to obtain an individual permit for an operation subject to this section upon determining that the operation is in violation of the provisions of this

section or if coverage under an individual permit is required to comply with federal law. New or reissued individual permits shall contain criteria for the design and operation of confined animal feeding operations including, but not limited to, those described in subsection E.

I. No person shall operate a confined animal feeding operation with 300 or more animal units utilizing a liquid manure collection and storage system after July 1, 2000, without having submitted a registration statement as provided in subsection C or being covered by a Virginia Pollutant Discharge Elimination System permit or an individual Virginia Pollution Abatement permit.

J. Any person violating this section shall be subject only to the provisions of §§ [62.1-44.23](#) and [62.1-44.32](#) (a), except that any civil penalty imposed shall not exceed \$2,500 for any confined animal feeding operation covered by a Virginia Pollution Abatement permit.

1994, c. [698](#); 1998, cc. [805](#), [863](#); 2001, c. [109](#); 2003, c. [375](#); 2004, c. [455](#).

**§62.1-44.17:1.1. Poultry waste management program.**

A. As used in this section, unless the context requires a different meaning:

"Commercial poultry processor" means any animal food manufacturer, as defined in § [3.2-5400](#), that contracts with poultry growers for the raising of poultry.

"Confined poultry feeding operation" means any confined animal feeding operation with 200 or more animal units of poultry.

"Nutrient management plan" means a plan developed or approved by the Department of Conservation and Recreation that requires proper storage, treatment and management of poultry waste, including dry litter, and limits accumulation of excess nutrients in soils and leaching or discharge of nutrients into state waters.

"Poultry grower" means any person who owns or operates a confined poultry feeding operation.

B. The Board shall develop a regulatory program governing the storage, treatment and management of poultry waste, including dry litter, that:

1. Requires the development and implementation of nutrient management plans for any person owning or operating a confined poultry feeding operation;
2. Provides for waste tracking and accounting; and

3. Ensures proper storage of waste consistent with the terms and provisions of a nutrient management plan.

C. The program shall include, at a minimum:

1. Provisions for permitting confined poultry feeding operations under a general permit; however, the Board may require an individual permit upon determining that an operation is in violation of the program developed under this section;

2. Provisions requiring that:

a. Nitrogen application rates contained in nutrient management plans developed pursuant to this section shall not exceed crop nutrient needs as determined by the Department of Conservation and Recreation. The application of poultry waste shall be managed to minimize runoff, leaching, and volatilization losses, and reduce adverse water quality impacts from nitrogen;

b. For all nutrient management plans developed pursuant to this section after October 1, 2001, phosphorous application rates shall not exceed the greater of crop nutrient needs or crop nutrient removal, as determined by the Department of Conservation and Recreation. The application of poultry waste shall be managed to minimize runoff and leaching and reduce adverse water quality impacts from phosphorus;

c. By December 31, 2005, the Department of Conservation and Recreation, in consultation with the Department of Environmental Quality, shall (i) complete an examination of current developments in scientific research and technology that shall include a review of land application of poultry waste, soil nutrient retention capacity, and water quality degradation and (ii) adopt and implement regulatory or other changes, if any, to its nutrient management plan program that it concludes are appropriate as a result of this examination; and

d. Notwithstanding subdivision 2 b, upon the effective date of the Department of Conservation and Recreation's revised regulatory criteria and standards governing phosphorous application rates adopted pursuant to subdivision 2 c, or on October 31, 2005, whichever is later, phosphorous application rates for all nutrient management plans developed pursuant to this section shall conform solely to such regulatory criteria and standards adopted by the Department of Conservation and Recreation to protect water quality or to reduce soil concentrations of phosphorus or phosphorous loadings. The application of poultry waste shall be managed to minimize runoff and leaching and reduce adverse water quality impacts from phosphorus.

D. The program shall reflect Board consideration of existing state-approved nutrient management plans and existing general permit programs for other confined animal feeding operations, and may include such other provisions as the Board determines appropriate for the protection of state waters.

E. After October 1, 2001, all persons owning or operating a confined poultry feeding operation shall operate in compliance with the provisions of this section and any regulations promulgated thereunder.

F. Any person violating this section shall be subject only to the provisions of §§ [62.1-44.23](#) and [62.1-44.32](#) (a), except that any civil penalty shall not exceed \$2,500 for any confined animal feeding operation covered by a Virginia Pollution Abatement permit.

G. On or before January 1, 2000, or prior to commencing operations, each commercial poultry processor operating in the Commonwealth shall file with the Board a plan under which the processor, either directly or under contract with a third party, shall:

1. Provide technical assistance to the poultry growers with whom it contracts on the proper management and storage of poultry waste in accordance with best management practices;
2. Provide education programs on poultry waste nutrient management for the poultry growers with whom it contracts as well as for poultry litter brokers and persons utilizing poultry waste;
3. Provide a toll-free hotline and advertising program to assist poultry growers with excess amounts of poultry waste to make available such waste to persons in other areas who can use such waste as a fertilizer consistent with the provisions of subdivision C 2 or for other alternative purposes;
4. Participate in the development of a poultry waste transportation and alternative use equal matching grant program between the Commonwealth and commercial poultry processors to (i) facilitate the transportation of excess poultry waste in the possession of poultry growers with whom it contracts to persons in other areas who can use such waste as a fertilizer consistent with the provisions of subdivision C 2 or for other alternative purposes and (ii) encourage alternative uses to land application of poultry waste;
5. Conduct research on the reduction of phosphorus in poultry waste, innovative best management practices for poultry waste, water quality issues concerning poultry waste, or alternative uses of poultry waste; and

6. Conduct research on and consider implementation of nutrient reduction strategies in the formulation of feed. Such nutrient reduction strategies may include the addition of phytase or other feed additives or modifications to reduce nutrients in poultry waste.

H. Any amendments to the plan required by subsection G shall be filed with the Board before they are implemented. After January 1, 2000, each commercial poultry processor shall implement its plan and any amendments thereto. Each commercial poultry processor shall report annually to the Board on the activities it has undertaken pursuant to its plan and any amendments thereto. Failure to comply with the provisions of this section or to implement and follow a filed plan or any amendments thereto shall constitute a violation of this section.

1999, c. [1](#); 2004, c. [455](#); 2005, c. [78](#).

#### **§62.1-44.17:2. Definitions.**

As used in this article, unless the context requires a different meaning:

"Toxicity" means the inherent potential or capacity of a material to cause adverse effects on a living organism, including acute or chronic effects on aquatic life, detrimental effects on human health or other adverse environmental effects.

"Toxics" or "toxic substance" means any agent or material listed by the USEPA Administrator pursuant to § 307(a) of the Clean Water Act and those substances on the "toxics of concern" list of the Chesapeake Bay Program as of January 1, 1997.

1997, c. [155](#); 2000, cc. [17](#), [1043](#).

#### **§62.1-44.17:3. Toxic substances reduction in state waters; report required.**

A. The Board shall (i) conduct ongoing assessments of the amounts of toxics in Virginia's waters and (ii) develop and implement a plan for the reduction of toxics in Virginia's waters.

B. The status of the Board's efforts to reduce the level of toxic substances in state waters shall be reported biennially, no later than January 1 in each odd-numbered year, to the House Committee on Agriculture, Chesapeake and Natural Resources and the Senate Committee on Agriculture, Conservation and Natural Resources. The report shall include the following information:

1. Compliance data on permits that have limits for toxics;
2. The number of new permits or reissued permits that have toxic limits and the location of each permitted facility;

3. The location and number of monitoring stations and the period of time that monitoring has occurred at each location;
4. A summary of pollution prevention and pollution control activities for the reduction of toxics in state waters;
5. The sampling results from the monitoring stations for the previous two years;
6. The Board's plan for continued reduction of the discharge of toxics, which shall include, but not be limited to, additional monitoring activities, a work plan for the pollution prevention program, and any pilot projects established for the use of innovative technologies to reduce the discharge of toxics;
7. The identification of any segments for which the Board or the Director of the Department of Environmental Quality has made a decision to conduct additional evaluation or monitoring. Information regarding these segments shall include, at a minimum, the geographic location of the stream segment within a named county or city; and
8. The identification of any segments that are designated as toxic impaired waters as defined in § [62.1-44.19:4](#) and any plans to address the impairment.

1997, c. [155](#); 2000, cc. [17](#), [1043](#); 2015, c. [173](#).

**§62.1-44.17:4. Evaluation of toxics removal and remediation technology.**

The Board shall conduct a review of instream toxics removal or remediation technologies, a minimum of once every five years, to determine whether (i) new technologies for responding to toxic contamination will necessitate any changes in the selection of removal or remediation strategies previously included as provisions of Board agreements and (ii) any of the Department of Environmental Quality's current strategies for responding to toxic contamination need to be revised.

2000, cc. [17](#), [1043](#).

**§62.1-44.18. Sewerage systems, etc., under supervision of Board and Department of Environmental Quality; Board to regulate design specification and plans.**

A. All sewerage systems and sewage treatment works shall be under the general supervision of the Board.

B. The Department of Environmental Quality shall, when requested, consult with and advise the authorities of cities, towns, sanitary districts, and any owner having or intending to have installed sewage treatment works as to the most appropriate type of treat-

ment, but the Department shall not prepare plans, specifications, or detailed estimates of cost for any improvement of an existing or proposed sewage treatment works.

C. It shall be the duty of the owner of any such sewerage system or sewage treatment works from which sewage is being discharged into any state waters to furnish, when requested by the Board, information with regard to the quantities and character of the raw and treated sewage and the operation results obtained in the removal and disposal of organic matter and other pertinent information as is required.

D. The regulations of the Board shall govern the collection, conveyance, treatment and disposal of sewage. Such regulations shall be designed to protect the public health and promote the public welfare and may include, without limitation:

1. A requirement that the owner obtain a permit prior to the construction, installation, modification or operation of a sewerage system or treatment;
2. Criteria for the granting or denial of such permits;
3. Standards for the design, construction, installation, modification and operation of sewerage systems and treatment works;
4. Standards specifying the minimum distance between sewerage systems or treatment works and:
  - (a) Public and private wells supplying water for human consumption,
  - (b) Lakes and other impounded waters,
  - (c) Streams and rivers,
  - (d) Shellfish waters,
  - (e) Ground waters,
  - (f) Areas and places of human habitation, and
  - (g) Property lines;
5. Standards as to the adequacy of an approved water supply;
6. A prohibition against the discharge of untreated sewage onto land or into waters of the Commonwealth; and
7. Criteria for determining the demonstrated ability of alternative onsite systems, which are not permitted through the then current sewage handling and disposal regulations, to treat and dispose of sewage as effectively as approved methods.

E. In addition to factors related to the Board's responsibilities for the safe and sanitary treatment and disposal of sewage as they affect the public health and welfare, the Board shall, in establishing standards, give due consideration to economic costs of such standards in accordance with the applicable provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).

Code 1950, §§ 62-39, § 62.1-31; 1968, c. 659; 1970, c. 638; 1991, c. 194; 2003, c. [614](#).

**§62.1-44.18:1. Repealed.**

Repealed by Acts 1991, c. 194.

**§62.1-44.18:2. When Board may prohibit discharge; permits.**

A. Notwithstanding any other provision of this chapter, the Board shall have the authority to prohibit any present or proposed discharge of sewage, industrial wastes, or other wastes into any sewerage system or treatment works when it has determined that such discharge would threaten the public health and safety, or would substantially interfere or be incompatible with the treatment works, or would substantially interfere with usage of state waters as designated by the Board. Before making any such determination, the Board shall consult with and receive the advice of the State Department of Health.

B. The Board shall have the authority to issue permits which prescribe the terms and conditions upon which the discharge of sewage, industrial wastes, or other wastes may be made into any sewerage system or treatment works. The Board may revoke or amend any such permit for good cause and after proper hearing. Notwithstanding the requirement for notice and a hearing, the Board may, after consultation with the State Department of Health, summarily revoke or amend such permit when it determines that the permitted discharge poses a threat to the public health and safety, or is interfering substantially with the treatment works, or is grossly affecting usage of state waters as designated by the Board. In such case, the Board shall hold a hearing as soon as practicable but in no event later than twenty days after the revocation or amendment with reasonable notice to the owner as to the time and place thereof to affirm, modify, or rescind the summary revocation or amendment of such permit.

C. Nothing in this section shall limit the authority of the Board to proceed against such owner directly under § [62.1-44.23](#) or § [62.1-44.32](#) after the Board has prohibited discharge, or after the Board has summarily amended or revoked the permit which authorized the discharge. If a proposed revocation or amendment of a permit is mutually agreeable to the Board and the owner, the hearing and notice thereof may be dispensed with.

1976, c. 626.

**§62.1-44.18:3. Permit for private sewerage facility; financial assurance; violations; waiver of filing.**

A. No person shall operate a privately owned sewerage system or sewerage treatment works, including an LHS 120 facility, that discharges more than 1,000 gallons per day and less than 40,000 gallons per day without obtaining a Virginia Pollutant Discharge Elimination System permit. Any owner of such a facility shall file with the Board a plan to abate, control, prevent, remove, or contain any substantial or imminent threat to public health or the environment that is reasonably likely to occur if such facility ceases operations. Such plan shall also include a demonstration of financial capability to implement the plan. Financial capability may be demonstrated by the creation of a trust fund, a submission of a bond, a corporate guarantee based upon audited financial statements, or such other instruments as the Board may deem appropriate. The Board may require that such plan and instruments be updated as appropriate.

For the purposes of this section, "ceases operation" means to cease conducting the normal operation of a facility that is regulated under this chapter under circumstances where it would be reasonable to expect that such operation will not be resumed by the owner at the facility. The term shall not include the sale or transfer of a facility in the ordinary course of business or a permit transfer in accordance with Board regulations.

Any person who ceases operations and who knowingly and willfully fails to implement a closure plan or to provide adequate funds for implementation of such plan shall, if such failure results in a significant harm or an imminent and substantial threat of significant harm to human health or the environment, be liable to the Commonwealth and any political subdivision thereof for the costs incurred in abating, controlling, preventing, removing, or containing such harm or threat. This shall not in any way limit other recourse available to the Board.

Any person who ceases operations and who knowingly and willfully fails to implement a closure plan or to provide adequate funds for implementation of such plan shall, if such failure results in a significant harm or an imminent and substantial threat of significant harm to human health or the environment, be guilty of a Class 4 felony.

B. The Board may waive the filing of the plan required pursuant to subsection A for any person who operates a privately owned sewerage system or sewerage treatment works that was permitted prior to January 1, 2001, and discharges less than 5,000 gallons per day upon a finding that such person has not violated any regulation or order of the

Board, any condition of a permit to operate the facility, or any provision of this chapter for a period of not less than five years; provided, that no waiver may be approved by the Board until after the governing body of the locality in which the facility is located approves the waiver after a public hearing. The Board may revoke such waiver at any time for good cause. Any person receiving a waiver who ceases operations shall, if such cessation of operation results in a significant harm or an imminent and substantial risk of significant harm to human health and the environment, be guilty of a Class 4 felony and liable to the Commonwealth and any political subdivision thereof, for the costs incurred in abating, controlling, preventing, removing, or containing such harm or threat.

C. The Department of Environmental Quality shall promulgate regulations necessary to carry out the provisions of this section. The Department shall identify by January 1, 2001, those facilities regulated under this section.

2000, c. [69](#); 2001, c. [493](#).

**§62.1-44.19. Approval of sewerage systems and sewage treatment works.**

A. Before any owner may erect, construct, open, expand or operate a sewerage system or sewage treatment works which will have a potential discharge or actual discharge to state waters, such owner shall file with the Board an application for a certificate in scope and detail satisfactory to the Board.

B. If the application involves a system or works from which there is or is to be a discharge to state waters, the application shall be given public notice by publication once a week for two successive weeks in a newspaper of general circulation in the county or city where the certificate is applied for or by such other means as the Board may prescribe. Before issuing the certificate, the Board shall consult with and give consideration to the written recommendations of the State Department of Health pertaining to the protection of public health. Upon completion of advertising, the Board shall determine if the application is complete, and if so, shall act upon it within 21 days of such determination. The Board shall approve such application if it determines that minimum treatment requirements will be met and that the discharge will not result in violations of water quality standards. If the Board disapproves the application, it shall state what modifications or changes, if any, will be required for approval.

C. After the certificate has been issued or amended by the Board, the owner shall acquire from the Department of Environmental Quality (i) authorization to construct the systems or works for which the Board has issued a discharge certificate and (ii) upon completion of construction, authorization to operate the sewerage system or sewage

treatment works. These authorizations shall be obtained in accordance with regulations promulgated by the Board.

D. Any owner operating under a valid certificate issued by the Board who fails to meet water quality standards established by the Board solely as a result of a change in water quality standards or in the law shall provide the necessary facilities approved by the Department of Environmental Quality, in accordance with the provisions of subsection C of this section, within a reasonable time to meet such new requirements. The Board may amend such certificate, or revoke it and issue a new one to reflect such facilities after proper hearing, with at least 30 days' notice to the owner of the time, place and purpose thereof. If such revocation or amendment of a certificate is mutually agreeable to the Board and the owner involved, the hearing and notice may be dispensed with.

E. The Board shall revoke the certificate in case of a failure to comply with all such requirements and may issue a special order under subdivisions (8a), (8b), and (8c) of § [62.1-44.15](#).

Code 1950, § 62.1-33; 1968, c. 659; 1970, c. 638; 1976, c. 661; 1991, c. 194; 2003, c. [614](#).

**§62.1-44.19:1. Prohibiting sewage discharge under certain conditions in Virginia Beach.**

If the Board or the State Department of Health determines that a receiving stream in the City of Virginia Beach is being polluted by the sewage discharge from a private or public sewage utility and that it is possible to connect such utility to the sewage system of a municipality, sewage treatment authority, or sanitation district, the Board may order the utility in the City of Virginia Beach to stop such discharge into the receiving stream. The utility shall discontinue such discharge within one year of such order by providing either (i) adequate treatment as determined by the Board or the State Department of Health or (ii) a connection to central facilities.

1972, c. 840; 2022, c. [235](#).

**§62.1-44.19:2. Additional requirements on sewage discharge in the Cities of Chesapeake, Hampton, Newport News, Norfolk and Virginia Beach.**

A. Beginning January 1, 1973, every sewage pumping station in the Cities of Chesapeake, Hampton, Newport News, Norfolk, and Virginia Beach shall:

1. Have adequate personnel on call at all times, each of whom may serve multiple pumping stations, as prescribed by the Chesapeake, Hampton, Newport News, Norfolk, or Virginia Beach City Council, respectively;
2. As prescribed by the Board, be inspected at such intervals and maintain such records of inspection. Such records shall be open for review by the Board or its representatives at any reasonable time it designates;
3. Have an automatic alarm system installed to give immediate warning of any pump station failure;
4. Have emergency pump connections installed and have portable pumps available to pump sewage to downstream sewer lines during any period of pump station failure;
5. Not use, except in an emergency pursuant to regulations as provided by the Board, any overflow line from any such pumping station except as provided in subdivision 4.

B. Any sewerage system within the City of Chesapeake, Hampton, Newport News, Norfolk, or Virginia Beach that complies with the requirements of this section is deemed to meet the requirements for continuous operability as set forth in regulations of the Board or the State Department of Health.

1972, c. 840; 1975, c. 373; 1976, c. 188; 2022, c. [235](#).

**§62.1-44.19:3. Prohibition on land application, marketing and distribution of sewage sludge without permit; ordinances; notice requirement; fees.**

- A. 1. No owner of a sewage treatment works shall land apply, market or distribute sewage sludge from such treatment works except in compliance with a valid Virginia Pollutant Discharge Elimination System Permit or valid Virginia Pollution Abatement Permit.
2. Sewage sludge shall be treated to meet standards for land application as required by Board regulation prior to delivery at the land application site. No person shall alter the composition of sewage sludge at a site approved for land application of sewage sludge under a Virginia Pollution Abatement Permit or a Virginia Pollutant Discharge Elimination System. Any person who engages in the alteration of such sewage sludge shall be subject to the penalties provided in Article 6 (§ [62.1-44.31](#) et seq.) of this chapter. The addition of lime or deodorants to sewage sludge that has been treated to meet land application standards shall not constitute alteration of the composition of sewage sludge. The Department may authorize public institutions of higher education to conduct scientific research on the composition of sewage sludge that may be applied to land.

3. No person shall contract or propose to contract, with the owner of a sewage treatment works, to land apply, market or distribute sewage sludge in the Commonwealth, nor shall any person land apply, market or distribute sewage sludge in the Commonwealth without a current Virginia Pollution Abatement Permit authorizing land application, marketing or distribution of sewage sludge and specifying the location or locations, and the terms and conditions of such land application, marketing or distribution. The permit application shall not be complete unless it includes the landowner's written consent to apply sewage sludge on his property.

4. The land disposal of lime-stabilized septage and unstabilized septage is prohibited.

5. Beginning July 1, 2007, no application for a permit or variance to authorize the storage of sewage sludge shall be complete unless it contains certification from the governing body of the locality in which the sewage sludge is to be stored that the storage site is consistent with all applicable ordinances. The governing body shall confirm or deny consistency within 30 days of receiving a request for certification. If the governing body does not so respond, the site shall be deemed consistent.

B. The Board, with the assistance of the Department of Conservation and Recreation and the Department of Health, shall adopt regulations to ensure that (i) sewage sludge permitted for land application, marketing, or distribution is properly treated or stabilized; (ii) land application, marketing, and distribution of sewage sludge is performed in a manner that will protect public health and the environment; and (iii) the escape, flow or discharge of sewage sludge into state waters, in a manner that would cause pollution of state waters, as those terms are defined in § [62.1-44.3](#), shall be prevented.

C. Regulations adopted by the Board, with the assistance of the Department of Conservation and Recreation and the Department of Health pursuant to subsection B, shall include:

1. Requirements and procedures for the issuance and amendment of permits, including general permits, authorizing the land application, marketing or distribution of sewage sludge;

2. Procedures for amending land application permits to include additional application sites and sewage sludge types;

3. Standards for treatment or stabilization of sewage sludge prior to land application, marketing or distribution;

4. Requirements for determining the suitability of land application sites and facilities used in land application, marketing or distribution of sewage sludge;
5. Required procedures for land application, marketing, and distribution of sewage sludge;
6. Requirements for sampling, analysis, recordkeeping, and reporting in connection with land application, marketing, and distribution of sewage sludge;
7. Provisions for notification of local governing bodies to ensure compliance with §§ [62.1-44.15:3](#) and [62.1-44.19:3.4](#);
8. Requirements for site-specific nutrient management plans, which shall be developed by persons certified in accordance with § [10.1-104.2](#) prior to land application for all sites where sewage sludge is land applied, and approved by the Department of Conservation and Recreation prior to permit issuance under specific conditions, including but not limited to, sites operated by an owner or lessee of a Confined Animal Feeding Operation, as defined in subsection A of § [62.1-44.17:1](#), or Confined Poultry Feeding Operation, as defined in § [62.1-44.17:1.1](#), sites where the permit authorizes land application more frequently than once every three years at greater than 50 percent of the annual agronomic rate, and other sites based on site-specific conditions that increase the risk that land application may adversely impact state waters;
9. Procedures for the prompt investigation and disposition of complaints concerning land application of sewage sludge, including the requirements that (i) holders of permits issued under this section shall report all complaints received by them to the Department and to the local governing body of the jurisdiction in which the complaint originates, and (ii) localities receiving complaints concerning land application of sewage sludge shall notify the Department and the permit holder. The Department shall maintain a searchable electronic database of complaints received during the current and preceding calendar year, which shall include information detailing each complaint and how it was resolved; and
10. Procedures for receiving and responding to public comments on applications for permits and for permit amendments authorizing land application at additional sites. Such procedures shall provide that an application for any permit amendments to increase the acreage authorized by the initial permit by 50 percent or more shall be treated as a new application for purposes of public notice and public hearings.

D. Prior to issuance of a permit authorizing the land application, marketing or distribution of sewage sludge, the Department shall consult with, and give full consideration to the written recommendations of the Department of Health and the Department of Conservation and Recreation. Such consultation shall include any public health risks or water quality impacts associated with the permitted activity. The Department of Health and the Department of Conservation and Recreation may submit written comments on proposed permits within 30 days after notification by the Department.

E. Where, because of site-specific conditions, including soil type, identified during the permit application review process, the Department determines that special requirements are necessary to protect the environment or the health, safety or welfare of persons residing in the vicinity of a proposed land application site, the Department may incorporate in the permit at the time it is issued reasonable special conditions regarding buffering, transportation routes, slope, material source, methods of handling and application, and time of day restrictions exceeding those required by the regulations adopted under this section. Before incorporating any such conditions into the permit, the Department shall provide written notice to the permit applicant, specifying the reasons therefor and identifying the site-specific conditions justifying the additional requirements. The Department shall incorporate into the notice any written requests or recommendations concerning such site-specific conditions submitted by the local governing body where the land application is to take place. The permit applicant shall have at least 14 days in which to review and respond to the proposed conditions.

F. The Board shall adopt regulations prescribing a fee to be charged to all permit holders and persons applying for permits and permit modifications pursuant to this section. All fees collected pursuant to this subsection shall be deposited into the Sludge Management Fund. The fee for the initial issuance of a permit shall be \$5,000. The fee for the reissuance, amendment, or modification of a permit for an existing site shall not exceed \$1,000 and shall be charged only for permit actions initiated by the permit holder. Fees collected under this section shall be exempt from statewide indirect costs charged and collected by the Department of Accounts and shall not supplant or reduce the general fund appropriation to the Department.

G. There is hereby established in the treasury a special fund to be known as the Sludge Management Fund, hereinafter referred to as the Fund. The fees required by this section and by subsection E of § [62.1-44.16](#) shall be transmitted to the Comptroller to be deposited into the Fund. The income and principal of the Fund shall be used only and

exclusively (i) for the Department's direct and indirect costs associated with the processing of an application to issue, reissue, amend, or modify any permit to land apply, distribute, or market sewage sludge or industrial wastes, the administration and management of the Department's sewage sludge and industrial wastes land application programs, including monitoring and inspecting, and the Department of Conservation and Recreation's costs for implementation of the sewage sludge application program and (ii) to reimburse localities with duly adopted ordinances providing for the testing and monitoring of the land application of sewage sludge or solid or semisolid industrial wastes. The State Treasurer shall be the custodian of the moneys deposited in the Fund. No part of the Fund, either principal or interest earned thereon, shall revert to the general fund of the state treasury.

H. All persons holding or applying for a permit authorizing the land application of sewage sludge shall provide to the Board written evidence of financial responsibility, which shall be available to pay claims for cleanup costs, personal injury, and property damages resulting from the transportation, storage or land application of sewage sludge. The Board shall, by regulation, establish and prescribe mechanisms for meeting the financial responsibility requirements of this section.

I. Any county, city or town may adopt an ordinance that provides for the testing and monitoring of the land application of sewage sludge within its political boundaries to ensure compliance with applicable laws and regulations.

J. The Department, upon the timely request of any individual to test the sewage sludge at a specific site, shall collect samples of the sewage sludge at the site prior to the land application and submit such samples to a laboratory. The testing shall include an analysis of the (i) concentration of trace elements, (ii) coliform count, and (iii) pH level. The results of the laboratory analysis shall be (a) furnished to the individual requesting that the test be conducted and (b) reviewed by the Department. The person requesting the test and analysis of the sewage sludge shall pay the costs of sampling, testing, and analysis.

K. At least 100 days prior to commencing land application of sewage sludge at a permitted site, the permit holder shall deliver or cause to be delivered written notification to the chief executive officer or his designee for the local government where the site is located. The notice shall identify the location of the permitted site and the expected sources of the sewage sludge to be applied to the site. This requirement may be satisfied by providing a list of all available permitted sites in the locality at least 100 days prior to

commencing the application at any site on the list. This requirement shall not apply to any application commenced prior to October 10, 2005. If the site is located in more than one county, the notice shall be provided to all jurisdictions where the site is located.

L. The permit holder shall deliver or cause to be delivered written notification to the Department at least 14 days prior to commencing land application of sewage sludge at a permitted site. The notice shall identify the location of the permitted site and the expected sources of the sewage sludge to be applied to the site.

M. The Department shall randomly conduct unannounced site inspections while land application of sewage sludge is in progress at a sufficient frequency to determine compliance with the requirements of this section, § [62.1-44.19:3.1](#), or regulations adopted under those sections.

N. Surface incorporation into the soil of sewage sludge applied to cropland may be required when practicable and compatible with a soil conservation plan meeting the standards and specifications of the U.S. Department of Agriculture Natural Resources Conservation Service.

O. The Board shall develop regulations specifying and providing for extended buffers to be employed for application of sewage sludge (i) to hay, pasture, and forestlands; or (ii) to croplands where surface incorporation is not practicable or is incompatible with a soil conservation plan meeting the standards and specifications of the U.S. Department of Agriculture Natural Resources Conservation Service. Such extended buffers may be included by the Department as site specific permit conditions pursuant to subsection E, as an alternative to surface incorporation when necessary to protect odor sensitive receptors as determined by the Department or the local monitor.

P. The Board shall adopt regulations requiring the payment of a fee for the land application of sewage sludge, pursuant to permits issued under this section. The person land applying sewage sludge shall (i) provide advance notice of the estimated fee to the generator of the sewage sludge unless notification is waived, (ii) collect the fee from the generator, and (iii) remit the fee to the Department as provided for by regulation. The fee shall be imposed on each dry ton of sewage sludge that is land applied in the Commonwealth. The regulations shall include requirements and procedures for:

1. Collection of fees by the Department;
2. Deposit of the fees into the Fund; and
3. Disbursement of proceeds by the Department pursuant to subsection G.

Q. The Department, in consultation with the Department of Health, the Department of Conservation and Recreation, the Department of Agriculture and Consumer Services, and the Virginia Cooperative Extension Service, shall establish and implement a program to train persons employed by those local governments that have adopted ordinances, pursuant to this section, to test and monitor the land application of sewage sludge. The program shall include, at a minimum, instruction in: (i) the provisions of the Virginia Biosolids Use Regulations; (ii) land application methods and equipment, including methods and processes for preparation and stabilization of sewage sludge that is land applied; (iii) sampling and chain of custody control; (iv) preparation and implementation of nutrient management plans for land application sites; (v) complaint response and preparation of complaint and inspection reports; (vi) enforcement authority and procedures; (vii) interaction and communication with the public; and (viii) preparation of applications for reimbursement of local monitoring costs disbursed pursuant to subsection G. To the extent feasible, the program shall emphasize in-field instruction and practical training. Persons employed by local governments shall successfully complete such training before the local government may request reimbursement from the Board for testing and monitoring of land application of sewage sludge performed by the person. The completion of training shall not be a prerequisite to the exercise of authority granted to local governments by any applicable provision of law.

The Department may:

1. Charge attendees a reasonable fee to recover the actual costs of preparing course materials and providing facilities and instructors for the program. The fee shall be reimbursable from the Fund established pursuant to this section; and
2. Request and accept the assistance and participation of other state agencies and institutions in preparing and presenting the course of training established by this subsection.

R. Localities, as part of their zoning ordinances, may designate or reasonably restrict the storage of sewage sludge based on criteria directly related to the public health, safety, and welfare of its citizens and the environment. Notwithstanding any contrary provision of law, a locality may by ordinance require that a special exception or a special use permit be obtained to begin the storage of sewage sludge on any property in its jurisdiction, including any area that is zoned as an agricultural district or classification. Such ordinances shall not restrict the storage of sewage sludge on a farm as long as such sludge is being stored (i) solely for land application on that farm and (ii) for a period no longer than 45 days. No person shall apply to the State Health Commissioner or the Department of

Environmental Quality for a permit, a variance, or a permit modification authorizing such storage without first complying with all requirements adopted pursuant to this subsection.

1994, c. [288](#); 2001, c. [831](#); 2005, cc. [197](#), [396](#), [459](#), [593](#); 2007, cc. [390](#), [881](#), [927](#), [929](#); 2009, c. [42](#); 2015, cc. [104](#), [677](#).

**§62.1-44.19:3.1. Certification of sewage sludge land applicators.**

A. The Board, with the assistance of the Department of Health, and the Department of Professional and Occupational Regulation shall adopt regulations and standards for training, testing, and certification of persons land applying Class B sewage sludge in the Commonwealth, and for revoking, suspending, or denying such certification from any person for cause. The regulations shall include standards and criteria for the approval of programs of instruction taught by governmental entities and by the private sector for the purpose of certifying sewage sludge land applicators. The Board shall promulgate the regulations and standards required by this subsection no later than July 1, 2008.

B. No person shall land apply Class B sewage sludge pursuant to a permit under § [62.1-44.19:3](#) unless a certified sewage sludge land applicator is onsite at all times during such land application, as of 180 days following the effective date of regulations required by this section.

2007, cc. [881](#), [929](#).

**§62.1-44.19:3.2. Local enforcement of sewage sludge regulations.**

A. Any locality that has adopted an ordinance for the testing and monitoring of the land application of sewage sludge pursuant to § [62.1-44.19:3](#) shall have the authority to order the abatement of any violation of § [62.1-44.19:3](#), [62.1-44.19:3.1](#), or [62.1-44.19:3.3](#), or of any violation of any regulation adopted under these sections. Such abatement order shall identify the activity constituting the violation, specify the Code provision or regulation violated by the activity, and order that the activity cease immediately.

B. In the event of any dispute concerning the existence of a violation, the activity alleged to be in violation shall be halted pending a determination by the Director, whose decision shall be final and binding unless reversed on judicial appeal pursuant to § [2.2-4026](#). Any person who fails or refuses to halt such activity may be compelled to do so by injunction issued by a court having competent jurisdiction. Upon determination by the Director that there has been a violation of § [62.1-44.19:3](#), [62.1-44.19:3.1](#), or [62.1-44.19:3.3](#), or of any regulation adopted under these sections and that such violation poses an imminent threat to public health, safety, or welfare, the Department shall commence

appropriate action to abate the violation and immediately notify the chief administrative officer of any locality potentially affected by the violation. Neither the Board, the Commonwealth, nor any employee of the Commonwealth shall be liable for failing to provide the notification required by this section.

C. Local governments shall promptly notify the Department of all results from the testing and monitoring of the land application of sewage sludge performed by persons employed by local governments and any violation of § [62.1-44.19:3](#), [62.1-44.19:3.1](#), or [62.1-44.19:3.3](#), or regulations adopted under those sections, discovered by local governments.

2007, cc. [881](#), [929](#).

#### **§62.1-44.19:3.3. Septage disposal.**

The Board shall have the authority to issue permits that prescribe the terms and conditions upon which septage may be disposed of by land application. Application for disposal permits shall be submitted in form and content that are satisfactory to the Board. Upon receipt of a satisfactory application, the Board shall send a copy to the State Board of Health and shall comply with the provisions of § [62.1-44.19:3.4](#). The State Board of Health shall review the application without delay and advise the Board within 60 days of the requirements necessary to protect public health. The Board shall not consider the application complete until comments have been received from the State Board of Health. The Board shall approve or disapprove the application and issue the permit as appropriate. If the application is disapproved, the Board shall advise the applicant of the conditions necessary to obtain approval. The Board may summarily revoke or amend the permit if it determines that the septage disposal is adversely affecting state waters or if the State Board of Health notifies the Board that public health is being adversely affected.

2007, cc. [881](#), [929](#).

#### **§62.1-44.19:3.4. Notification of local governing bodies.**

A. Whenever the Department receives an application for land disposal of treated sewage, stabilized sewage sludge, or stabilized septage, the Department shall notify the local governing bodies where disposal is to take place of pertinent details of the proposal and establish a date for a public meeting to discuss technical issues relating to the proposal. The Department shall give notice of the date, time, and place of the public meeting and a description of the proposal by publication in a newspaper of general circulation in the city or county where land disposal is to take place. Public notice of the

scheduled meeting shall occur no fewer than seven or more than 14 days prior to the meeting. The Board shall not issue the permit for land disposal until the public meeting has been held and comment has been received from the local governing body, or until 30 days have lapsed from the date of the public meeting. This section shall not apply to applications for septic tank permits.

B. When a farm is to be added to an existing permit authorizing land application of sewage sludge, the Department shall notify persons residing on property bordering such farm, and shall receive written comments from those persons for a period not to exceed 30 days. Based upon the written comments, the Department shall determine whether additional site-specific requirements should be included in the authorization for land application at the farm.

2007, cc. [881](#), [929](#); 2009, c. [42](#).

**§62.1-44.19:4. Definitions.**

As used in this article unless the context requires a different meaning:

"Clean Water Act" means the Federal Water Pollution Control Act, as amended, (33 U.S.C. § 1251 et seq.).

"Fully supporting" means those waters meeting the fishable and swimmable goals of the Clean Water Act.

"Impaired waters" means those water bodies or water body segments that are not fully supporting or are partially supporting of the fishable and swimmable goals of the Clean Water Act and include those waters identified in subdivision C 1 of § [62.1-44.19:5](#) as impaired waters.

"Toxic impaired waters" means those water bodies or water body segments identified as impaired due to one or more toxic substances in the reports prepared pursuant to § [62.1-44.19:5](#).

"Toxic substance" or "toxics" means any agent or material listed by the USEPA Administrator pursuant to § 307(a) of the Clean Water Act and those substances on the "toxics of concern" list of the Chesapeake Bay Program as of January 1, 1997.

1997, c. [519](#); 2000, cc. [17](#), [1043](#).

**§62.1-44.19:5. Water quality monitoring and reporting.**

A. The Board shall develop the reports required by § 1313(d) (hereafter the 303(d) report) and § 1315(b) (hereafter the 305(b) report) of the Clean Water Act in a manner

such that the reports will: (i) provide an accurate and comprehensive assessment of the quality of state surface waters; (ii) identify trends in water quality for specific and easily identifiable geographically defined water segments; (iii) provide a basis for developing initiatives and programs to address current and potential water quality impairment; (iv) be consistent and comparable documents; and (v) contain accurate and comparable data that is representative of the state as a whole. The reports shall be produced in accordance with the schedule required by federal law, but shall incorporate at least the preceding five years of data. Data older than five years shall be incorporated when scientifically appropriate for trend analysis. The Board shall conduct monitoring as described in subsection B and consider and incorporate factors as described in subsection C into the reports. The Board may conduct additional monitoring and consider and incorporate other factors or information it deems appropriate or necessary.

B. Monitoring shall be conducted so that it:

1. Establishes consistent siting and monitoring techniques to ensure data reliability, comparability of data collected throughout the state, and ability to determine water quality trends within specific and easily identifiable geographically defined water segments.

2. Expands the percentage of river and stream miles monitored so as ultimately to be representative of all river and stream miles in the state according to a developed plan and schedule. Contingent upon the appropriation of adequate funding for this purpose, the number of water quality monitoring stations and the frequency of sampling shall be increased by at least five percent annually, until such representative monitoring is achieved, and shall be expanded first to water bodies for which there is credible evidence to support an indication of impairment.

3. Monitors, according to a plan and schedule, for all substances that are discharged to state waters and that are: (i) listed on the Chesapeake Bay Program's "toxics of concern" list as of January 1, 1997; (ii) listed by the USEPA Administrator pursuant to § 307(a) of the Clean Water Act; (iii) subject to water quality standards; or (iv) necessary to determine water quality conditions. The Board shall update the plan annually. The Board shall develop and implement the plan and schedule for the phasing in of monitoring required by this subdivision. The Board shall, upon development of the plan, publish notice in the Virginia Register that the plan is available for public inspection.

4. Provides, according to the plan in subdivision B 3, for increased use, as necessary, beyond 1996 levels, of sediment monitoring as well as benthic macro-invertebrate organisms and fish tissue monitoring, and provides for specific assessments of water quality

based on the results of such monitoring. Contingent upon the appropriation of adequate funding for this purpose, all fish tissue and sediment monitoring for the segments identified in the water quality monitoring plan shall occur at least once every three years.

5. Increases frequency of sample collection at each chemical monitoring station to one or more per month when scientifically necessary to provide accurate and usable data. If statistical analysis is necessary to resolve issues surrounding potentially low sampling frequency, a sensitivity analysis shall be used to describe both potential overestimation and underestimation of water quality.

6. Utilizes a mobile laboratory or other laboratories to provide independent monitoring and assessments of effluent from permitted industrial and municipal establishments and other discharges to state waters.

7. Utilizes announced and unannounced inspections, and collection and testing of samples from establishments discharging to state surface waters.

C. The 303(d) report shall:

1. In addition to such other categories as the Board deems necessary or appropriate, identify geographically defined water segments as impaired if monitoring or other evidence shows: (i) violations of ambient water quality standards or human health standards; (ii) fishing restrictions or advisories; (iii) shellfish consumption restrictions due to contamination; (iv) nutrient over-enrichment; (v) significant declines in aquatic life biodiversity or populations; or (vi) contamination of sediment at levels which violate water quality standards or threaten aquatic life or human health. Waters identified as "naturally impaired," "fully supporting but threatened," or "evaluated (without monitoring) as impaired" shall be set out in the report in the same format as those listed as "impaired." The Board shall develop and publish a procedure governing its process for defining and determining impaired water segments and shall provide for public comment on the procedure.

2. Include an assessment, conducted in conjunction with other appropriate state agencies, for the attribution of impairment to point and nonpoint sources. The absence of point source permit violations on or near the impaired water shall not conclusively support a determination that impairment is due to nonpoint sources. In determining the cause for impairment, the Board shall consider the cumulative impact of (i) multiple point source discharges, (ii) individual discharges over time, and (iii) nonpoint sources.

D. The 303(d) and 305(b) reports shall:

1. Be developed in consultation with scientists from baccalaureate public institutions of higher education in the Commonwealth prior to its submission by the Board to the United States Environmental Protection Agency.

2. Indicate water quality trends for specific and easily identifiable geographically defined water segments and provide summaries of the trends as well as available data and evaluations so that citizens of the Commonwealth can easily interpret and understand the conditions of the geographically defined water segments.

E. The Board shall refer to the 303(d) and 305(b) reports in determining proper staff and resource allocation.

F. The Board shall accept and review requests from the public regarding specific segments that should be included in the water quality monitoring plan described in subdivision B 3. Each request received by April 30 shall be reviewed when the agency develops or updates the water quality monitoring plan. Such requests shall include (i) a geographical description of the waterbody recommended for monitoring, (ii) the reason the monitoring is requested, and (iii) any water quality data that the petitioner may have collected or compiled. The Board shall respond in writing, either approving the request or stating the reasons a request under this subsection has been denied, by August 31 for requests received by April 30 of the same year. Such determination shall not be a regulation or case decision as defined by § [2.2-4001](#).

1997, c. [519](#); 2000, cc. [17](#), [945](#), [1043](#); 2007, c. [655](#).

**§62.1-44.19:6. Citizen right-to-know provisions.**

A. The Board, based on the information in the 303(d) and 305(b) reports, shall:

1. Request the Department of Wildlife Resources or the Virginia Marine Resources Commission to post notices at public access points to all toxic impaired waters. The notice shall be prepared by the Board and shall contain (i) the basis for the impaired designation and (ii) a statement of the potential health risks provided by the Virginia Department of Health. The Board shall annually notify local newspapers, and persons who request notice, of any posting and its contents. The Board shall coordinate with the Virginia Marine Resources Commission and the Department of Wildlife Resources to assure that adequate notice of posted waters is provided to those purchasing hunting and fishing licenses.

2. Maintain a "citizen hot-line" for citizens to obtain, either telephonically or electronically, information about the condition of waterways, including information on toxics, toxic discharges, permit violations and other water quality related issues.

3. Make information regarding the presence of toxics in fish tissue and sediments available to the public on the Internet and through other reasonable means for at least five years after the information is received by the Department of Environmental Quality. The Department of Environmental Quality shall post on the Internet and in the Virginia Register on or about January 1 and July 1 of each year an announcement of any new data that has been received over the past six months and shall make a copy of the information available upon request.

B. The Department of Environmental Quality shall provide to the Virginia Department of Health and local newspapers, television stations, and radio stations, and shall disseminate via official social media accounts and email notification lists, the discharge information reported to the Director of the Department of Environmental Quality pursuant to subsection B of § [62.1-44.5](#), when the Virginia Department of Health determines that the discharge may be detrimental to the public health or the Department determines that the discharge may impair beneficial uses of state waters.

1997, c. [519](#); 2000, cc. [17](#), [1043](#); 2020, cc. [958](#), [1182](#).

**§62.1-44.19:7. Plans to address impaired waters.**

A. The Board shall develop and implement a plan to achieve fully supporting status for impaired waters, except when the impairment is established as naturally occurring. The plan shall include the date of expected achievement of water quality objectives, measurable goals, the corrective actions necessary, and the associated costs, benefits, and environmental impact of addressing impairment and the expeditious development and implementation of total maximum daily loads when appropriate and as required pursuant to subsection C.

B. The plan required by subsection A shall include, but not be limited to, the promulgation of water quality standards for those substances: (i) listed on the Chesapeake Bay Program's "toxics of concern" list as of January 1, 1997; (ii) listed by the USEPA Administrator pursuant to § 307 (a) of the Clean Water Act; or (iii) identified by the Board as having a particularly adverse effect on state water quality or living resources. The standards shall be promulgated pursuant to a schedule established by the Board following public notice and comment. Standards shall be adopted according to applicable federal criteria or standards unless the Board determines that an additional or more

stringent standard is necessary to protect public health, aquatic life or drinking water supplies.

C. The plan required by subsection A shall, upon identification by the Board of impaired waters, establish a priority ranking for such waters, taking into account the severity of the pollution and the uses to be made of such waters. The Board shall develop and implement pursuant to a schedule total maximum daily loads of pollutants that may enter the water for each impaired water body as required by the Clean Water Act.

D. The plan required by subsection A shall, upon identification by the Board of toxic-impaired waters, include provisions as required by § [62.1-44.19:8](#).

E. If an aggrieved party presents to the Board reasonable grounds indicating that the attainment of the designated use for a water is not feasible, then the Board, after public notice and at least 30 days provided for public comment, may allow the aggrieved party to conduct a use attainability analysis according to criteria established pursuant to the Clean Water Act and a schedule established by the Board. If applicable, the schedule shall also address whether TMDL development or implementation for the water should be delayed.

F. The plan required by subsection A shall be controlling unless and until amended or withdrawn by the Board.

1997, c. [519](#); 2006, c. [154](#); 2011, cc. [281](#), [322](#).

**§62.1-44.19:8. Control of discharges to toxic-impaired water.**

Owners of establishments that discharge toxics to toxic-impaired waters shall evaluate the options described in §§ [10.1-1425.10](#) and [10.1-1425.11](#) in determining the appropriate means to control such discharges. Prior to issuing or reissuing any permit for the discharge of toxics to toxic-impaired waters, the Board shall review and consider the owner's evaluation of the options in determining the conditions and limitations of the permit.

1997, c. [519](#).

**§62.1-44.19:9. Transmission of toxics information.**

The Virginia Department of Health and the Department of Environmental Quality shall cooperate, in accordance with a memorandum of agreement to be signed by the Commissioner of Health and the Director of the Department of Environmental Quality, to ensure the timely transmission and evaluation of reliable water quality and fish advisory information. The memorandum of agreement, at a minimum, shall include specific time

frames for the (i) transfer of information from the Department of Environmental Quality to the Virginia Department of Health; (ii) assessments and recommendations to be made by the Virginia Department of Health, when the toxicity of the substance is known; and (iii) transmission of the Virginia Department of Health's assessments and recommendations to the Department of Environmental Quality and the dissemination of the assessments and recommendations to the public. Copies of the proposed memorandum of agreement shall be provided to the Chairmen of the House Committees on Conservation and Natural Resources and Chesapeake and Its Tributaries and the Senate Committee on Agriculture, Conservation and Natural Resources at least one month prior to final signature by the heads of the two agencies but no later than December 1, 2000. Any revision of the agreement shall be submitted to the chairmen of these committees no later than one month prior to adoption by the Virginia Department of Health and the Department of Environmental Quality.

2000, cc. [17](#), [1043](#).

**§62.1-44.19:10. Assessment of sources of toxic contamination.**

The Department of Environmental Quality shall develop a written policy describing the circumstances or factors that indicate the need to conduct an assessment of potential sources of toxic contamination. The Department of Environmental Quality shall conduct source assessments as provided for in the written policy and shall develop strategies to remediate the contamination. A copy of the written policy shall be provided to the Chairmen of the House Committees on Conservation and Natural Resources and Chesapeake and Its Tributaries and the Senate Committee on Agriculture, Conservation and Natural Resources no later than one month prior to the adoption of the policy but no later than December 1, 2000. Any revision of the policy shall be submitted to the chairmen of these committees no later than one month prior to the adoption of the revision by the Department.

2000, cc. [17](#), [1043](#).

**§62.1-44.19:11. Citizen water quality monitoring program.**

A. The Department of Environmental Quality shall establish a citizen water quality monitoring program to provide technical assistance and may provide grants to support citizen water quality monitoring groups if (i) the monitoring is done pursuant to a memorandum of agreement with the Department, (ii) the project or activity is consistent with the Department of Environmental Quality's water quality monitoring program, (iii) the monitoring is conducted in a manner consistent with the Virginia Citizens Monitoring Methods Manual,

and (iv) the location of the water quality monitoring activity is part of the water quality control plan required under § [62.1-44.19:5](#). The results of such citizen monitoring shall not be used as evidence in any enforcement action.

B. It shall be the goal of the Department to encourage citizen water quality monitoring so that 3,000 stream miles are monitored by volunteer citizens by 2010.

2002, c. [708](#); 2007, c. [29](#).

**§62.1-44.19:12. Legislative findings and purposes.**

The 2000 Chesapeake Bay Agreement and related multistate cooperative and regulatory initiatives (i) establish allocations for nitrogen and phosphorus delivered to the Chesapeake Bay and its tidal tributaries to meet applicable water quality standards and (ii) place caps on the loads of these nutrients that may be discharged into the Chesapeake Bay watershed. These initiatives will require public and private point source dischargers of nitrogen and phosphorus to achieve significant additional reductions of these nutrients to meet the cap load allocations. The General Assembly finds and determines that adoption and utilization of a watershed general permit and market-based point source nutrient credit trading program will assist in (a) meeting these cap load allocations cost-effectively and as soon as possible in keeping with the 2010 timeline and objectives of the Chesapeake 2000 Agreement, (b) accommodating continued growth and economic development in the Chesapeake Bay watershed, and (c) providing a foundation for establishing market-based incentives to help achieve the Chesapeake Bay Program's nonpoint source reduction goals.

2005, cc. [708](#), [710](#).

**§62.1-44.19:13. Definitions.**

As used in this article, unless the context requires a different meaning:

"Annual mass load of total nitrogen" (expressed in pounds per year) means the daily total nitrogen concentration (expressed as mg/L to the nearest 0.01 mg/L) multiplied by the flow volume of effluent discharged during the 24-hour period (expressed as MGD to the nearest 0.01 MGD), multiplied by 8.34 and rounded to the nearest whole number to convert to pounds per day (lbs/day) units, then totaled for the calendar month to convert to pounds per month (lbs/mo) units, and then totaled for the calendar year to convert to pounds per year (lbs/yr) units.

"Annual mass load of total phosphorus" (expressed in pounds per year) means the daily total phosphorus concentration (expressed as mg/L to the nearest 0.01mg/L) multiplied

by the flow volume of effluent discharged during the 24-hour period (expressed as MGD to the nearest 0.01 MGD) multiplied by 8.34 and rounded to the nearest whole number to convert to pounds per day (lbs/day) units, then totaled for the calendar month to convert to pounds per month (lbs/mo) units, and then totaled for the calendar year to convert to pounds per year (lbs/yr) units.

"Association" means the Virginia Nutrient Credit Exchange Association authorized by this article.

"Attenuation" means the rate at which nutrients are reduced through natural processes during transport in water.

"Best management practice," "practice," or "BMP" means a structural practice, non-structural practice, or other management practice used to prevent or reduce nutrient loads associated with stormwater from reaching surface waters or the adverse effects thereof.

"Biological nutrient removal technology" means (i) technology that will achieve an annual average total nitrogen effluent concentration of eight milligrams per liter and an annual average total phosphorus effluent concentration of one milligram per liter, or (ii) equivalent reductions in loads of total nitrogen and total phosphorus through the recycle or reuse of wastewater as determined by the Department.

"Delivered total nitrogen load" means the discharged mass load of total nitrogen from a point source that is adjusted by the delivery factor for that point source.

"Delivered total phosphorus load" means the discharged mass load of total phosphorus from a point source that is adjusted by the delivery factor for that point source.

"Delivery factor" means an estimate of the number of pounds of total nitrogen or total phosphorus delivered to tidal waters for every pound discharged from a permitted facility, as determined by the specific geographic location of the permitted facility, to account for attenuation that occurs during riverine transport between the permitted facility and tidal waters. Delivery factors shall be calculated using the Chesapeake Bay Program watershed model.

"Department" means the Department of Environmental Quality.

"Enhanced Nutrient Removal Certainty Program" or "ENRC Program" means the Phase III Watershed Implementation Plan Enhanced Nutrient Removal Certainty Program established pursuant to subsection G of § [62.1-44.19:14](#).

"Equivalent load" means 2,300 pounds per year of total nitrogen and 300 pounds per year of total phosphorus at a flow volume of 40,000 gallons per day; 5,700 pounds per year of total nitrogen and 760 pounds per year of total phosphorus at a flow volume of 100,000 gallons per day; and 28,500 pounds per year of total nitrogen and 3,800 pounds per year of total phosphorus at a flow volume of 500,000 gallons per day.

"Facility" means a point source discharging or proposing to discharge total nitrogen or total phosphorus to the Chesapeake Bay or its tributaries. This term does not include confined animal feeding operations, discharges of stormwater, return flows from irrigated agriculture, or vessels.

"General permit" means the general permit authorized by this article.

"MS4" means a municipal separate storm sewer system.

"Nutrient credit" or "credit" means a nutrient reduction that is certified pursuant to this article and expressed in pounds of phosphorus or nitrogen either (i) delivered to tidal waters when the credit is generated within the Chesapeake Bay Watershed or (ii) as otherwise specified when generated in the Southern Rivers watersheds. "Nutrient credit" does not include point source nitrogen credits or point source phosphorus credits as defined in this section.

"Nutrient credit-generating entity" means an entity that generates nonpoint source nutrient credits.

"Permitted facility" means a facility authorized by the general permit to discharge total nitrogen or total phosphorus. For the sole purpose of generating point source nitrogen credits or point source phosphorus credits, "permitted facility" shall also mean the Blue Plains wastewater treatment facility operated by the District of Columbia Water and Sewer Authority.

"Permittee" means a person authorized by the general permit to discharge total nitrogen or total phosphorus.

"Point source nitrogen credit" means the difference between (i) the waste load allocation for a permitted facility specified as an annual mass load of total nitrogen, and (ii) the monitored annual mass load of total nitrogen discharged by that facility, where clause (ii) is less than clause (i), and where the difference is adjusted by the applicable delivery factor and expressed as pounds per year of delivered total nitrogen load.

"Point source phosphorus credit" means the difference between (i) the waste load allocation for a permitted facility specified as an annual mass load of total phosphorus, and (ii) the monitored annual mass load of total phosphorus discharged by that facility, where clause (ii) is less than clause (i), and where the difference is adjusted by the applicable delivery factor and expressed as pounds per year of delivered total phosphorus load.

"State-of-the-art nutrient removal technology" means (i) technology that will achieve an annual average total nitrogen effluent concentration of three milligrams per liter and an annual average total phosphorus effluent concentration of 0.3 milligrams per liter, or (ii) equivalent load reductions in total nitrogen and total phosphorus through recycle or reuse of wastewater as determined by the Department.

"Tributaries" means those river basins listed in the Chesapeake Bay TMDL and includes the Potomac, Rappahannock, York, and James River Basins, and the Eastern Shore, which encompasses the creeks and rivers of the Eastern Shore of Virginia that are west of Route 13 and drain into the Chesapeake Bay.

"Waste load allocation" means (i) the water quality-based annual mass load of total nitrogen or annual mass load of total phosphorus allocated to individual facilities pursuant to the Water Quality Management Planning Regulation ([9VAC25-720](#)) or its successor, or permitted capacity in the case of nonsignificant dischargers; (ii) the water quality-based annual mass load of total nitrogen or annual mass load of total phosphorus acquired pursuant to § [62.1-44.19:15](#) for new or expanded facilities; or (iii) applicable total nitrogen or total phosphorus waste load allocations under the Chesapeake Bay total maximum daily loads (TMDLs) to restore or protect the water quality and beneficial uses of the Chesapeake Bay or its tidal tributaries.

2005, cc. [708](#), [710](#); 2012, cc. [748](#), [808](#); 2013, cc. [756](#), [793](#); 2015, c. [164](#); 2021, Sp. Sess. I, cc. [363](#), [364](#).

**§62.1-44.19:14. Watershed general permit for nutrients.**

A. The Board shall issue a Watershed General Virginia Pollutant Discharge Elimination System Permit, hereafter referred to as the general permit, authorizing point source discharges of total nitrogen and total phosphorus to the waters of the Chesapeake Bay and its tributaries. Except as otherwise provided in this article, the general permit shall control in lieu of technology-based, water quality-based, and best professional judgment, interim or final effluent limitations for total nitrogen and total phosphorus in individual Virginia Pollutant Discharge Elimination System permits for facilities covered by the general permit where the effluent limitations for total nitrogen and total phosphorus in the

individual permits are based upon standards, criteria, waste load allocations, policy, or guidance established to restore or protect the water quality and beneficial uses of the Chesapeake Bay or its tidal tributaries.

B. This section shall not be construed to limit or otherwise affect the Board's authority to establish and enforce more stringent water quality-based effluent limitations for total nitrogen or total phosphorus in individual permits where those limitations are necessary to protect local water quality. The exchange or acquisition of credits pursuant to this article shall not affect any requirement to comply with such local water quality-based limitations.

C. The general permit shall contain the following:

1. Waste load allocations for total nitrogen and total phosphorus for each permitted facility expressed as annual mass loads, including reduced waste load allocations where applicable under the ENRC Program. The allocations for each permitted facility shall reflect the applicable individual water quality-based total nitrogen and total phosphorus waste load allocations. An owner or operator of two or more facilities located in the same tributary may apply for and receive an aggregated waste load allocation for total nitrogen and an aggregated waste load allocation for total phosphorus for multiple facilities reflecting the total of the water quality-based total nitrogen and total phosphorus waste load allocations established for such facilities individually;

2. A schedule requiring compliance with the combined waste load allocations for each tributary as soon as possible taking into account (i) opportunities to minimize costs to the public or facility owners by phasing in the implementation of multiple projects; (ii) the availability of required services and skilled labor; (iii) the availability of funding from the Virginia Water Quality Improvement Fund as established in § [10.1-2128](#), the Virginia Water Facilities Revolving Fund as established in § [62.1-225](#), and other financing mechanisms; (iv) water quality conditions; and (v) other relevant factors. Following receipt of the compliance plans required by subdivision C 3, the Board shall reevaluate the schedule taking into account the information in the compliance plans and the factors in this subdivision, and may modify the schedule as appropriate;

3. A requirement that the permittees shall either individually or through the Association submit compliance plans to the Department for approval. The compliance plans shall contain, at a minimum, any capital projects and implementation schedules needed to achieve total nitrogen and phosphorus reductions sufficient to comply with the individual and combined waste load allocations of all the permittees in the tributary. The

compliance plans may rely on the exchange of point source credits in accordance with this article, but not the acquisition of credits through payments authorized by § [62.1-44.19:18](#), to achieve compliance with the individual and combined waste load allocations in each tributary. The compliance plans shall be updated annually and submitted to the Department no later than February 1 of each year. The compliance plans due beginning February 1, 2023, shall address the requirements of the ENRC Program;

4. Such monitoring and reporting requirements as the Board deems necessary to carry out the provisions of this article;

5. A procedure that requires every owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit to discharge 100,000 gallons or more per day, or an equivalent load, directly into tidal waters, or 500,000 gallons or more per day, or an equivalent load, directly into nontidal waters, to secure general permit coverage by filing a registration statement with the Department within a specified period after each effective date of the general permit. The procedure shall also require any owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit to discharge 40,000 gallons or more per day, or an equivalent load, directly into tidal or nontidal waters to secure general permit coverage by filing a registration statement with the Department at the time he makes application with the Department for a new discharge or expansion that is subject to an offset or technology-based requirement in § [62.1-44.19:15](#), and thereafter within a specified period of time after each effective date of the general permit. The procedure shall also require any owner or operator of a facility with a discharge that is subject to an offset requirement in subdivision A 5 of § [62.1-44.19:15](#) to secure general permit coverage by filing a registration statement with the Department prior to commencing the discharge and thereafter within a specified period of time after each effective date of the general permit. The general permit shall provide that any facility authorized by a Virginia Pollutant Discharge Elimination System permit and not required by this subdivision to file a registration statement shall be deemed to be covered under the general permit at the time it is issued, and shall file a registration statement with the Department when required by this section. Owners or operators of facilities that are deemed to be permitted under this section shall have no other obligation under the general permit prior to filing a registration statement and securing coverage under the general permit based upon such registration statement;

6. A procedure for efficiently modifying the lists of facilities covered by the general permit where the modification does not change or otherwise alter any waste load allocation or

delivery factor adopted pursuant to the Water Quality Management Planning Regulation (9VAC25-720) or its successor, or an applicable total maximum daily load. The procedure shall also provide for modifying or incorporating new waste load allocations or delivery factors, including the opportunity for public notice and comment on such modifications or incorporations; and

7. Such other conditions as the Board deems necessary to carry out the provisions of this chapter and § 402 of the federal Clean Water Act (33 U.S.C. § 1342).

D. 1. The Board shall (i) review during the year 2020 and every 10 years thereafter the basis for allocations granted in the Water Quality Management Planning Regulation (9VAC25-720) and (ii) as a result of such decennial reviews propose for inclusion in the Water Quality Management Planning Regulation (9VAC25-720) either the reallocation of unneeded allocations to other facilities registered under the general permit or the reservation of such allocations for future use.

2. For each decennial review, the Board shall determine whether a permitted facility has:

a. Changed the use of the facility in such a way as to make discharges unnecessary, ceased the discharge of nutrients, and become unlikely to resume such discharges in the foreseeable future; or

b. Changed the production processes employed in the facility in such a way as to render impossible, or significantly to diminish the likelihood of, the resumption of previous nutrient discharges.

3. Beginning in 2030, each review also shall consider the following factors for municipal wastewater facilities:

a. Substantial changes in the size or population of a service area;

b. Significant changes in land use resulting from adopted changes to zoning ordinances or comprehensive plans within a service area;

c. Significant establishment of conservation easements or other perpetual instruments that are associated with a deed and that restrict growth or development;

d. Constructed treatment facility capacity;

e. Significant changes in the understanding of the water chemistry or biology of receiving waters that would reasonably result in unused nutrient discharge allocations over an extended period of time;

- f. Significant changes in treatment technologies that would reasonably result in unused nutrient discharge allocations over an extended period of time;
- g. The ability of the permitted facility to accommodate projected growth under existing nutrient waste load allocations; and
- h. Other similarly significant factors that the Board determines reasonably to affect the allocations granted.

The Board shall not reduce allocations based solely on voluntary improvements in nutrient removal technology.

E. The Board shall maintain and make available to the public a current listing, by tributary, of all permittees and permitted facilities under the general permit, together with each permitted facility's total nitrogen and total phosphorus waste load allocations, and total nitrogen and total phosphorus delivery factors.

F. Except as otherwise provided in this article, in the event that there are conflicting or duplicative conditions contained in the general permit and an individual Virginia Pollutant Discharge Elimination System permit, the conditions in the general permit shall control.

G. The Board shall adopt amendments to the Water Quality Management Planning Regulation and modifications to Virginia Pollutant Discharge Elimination System permits or registration lists to establish and implement the Phase III Watershed Implementation Plan Enhanced Nutrient Removal Certainty Program (ENRC Program) as provided in this subsection. The ENRC Program shall consist of the following projects and the following waste load allocation reductions and their respective schedules for compliance.

1. Priority projects for additional nitrogen and phosphorus removal (schedule for compliance):

a	PROJECT NAME	DESCRIPTION (COMPLIANCE SCHEDULE)
a	HRSD-Chesapeake/Elizabeth STP	Consolidate into regional system and close treatment facility (1/1/2023)
b	HRSD-Boat Harbor WWTP	Convey by subaqueous crossing to Nansemond River WWTP for nutrient removal (1/1/2026)
c	HRSD-Nansemond River WWTP	Upgrade and expand with nutrient removal technology of 4.0 mg/L total nitrogen (1/1/2026) and 0.30 mg/L total phosphorus (1/1/2032)
d	HRSD-Nassawadox	Convey to regional system for nutrient removal

	WWTP	(1/1/2026)
e	Fredericksburg WWTF	Expand with nutrient removal technology of 3.0 mg/L total nitrogen and 0.22 mg/L total phosphorus (1/1/2026)
f	Spotsylvania Co.-FMC WWTF	Convey to Massaponax WWTF and close treatment facility (1/1/2026)
g	Spotsylvania Co.-Massaponax WWTF	Expand with nutrient removal technology of 4.0 mg/L total nitrogen and 0.30 mg/L total phosphorus to consolidate and close FMC WWTF (1/1/2026)
h	Spotsylvania Co.-Thornburg STP	Upgrade with nutrient removal technology of 4.0 mg/L total nitrogen and 0.30 mg/L total phosphorus (1/1/2026)
i	HRRSA-North River WWTP	Phosphorus removal tertiary filtration upgrade (1/1/2026)
j	South Central Wastewater Authority WWTF	Upgrade with nutrient removal technology of 4.0 mg/L total nitrogen and 0.30 mg/L total phosphorus (1/1/2026)
k	HRSD-Williamsburg WWTP	Upgrade with nutrient removal technology of 4.0 mg/L total nitrogen (1/1/2026) and 0.30 mg/L total phosphorus (1/1/2032)
l	HRSD-VIP WWTP	Upgrade with nutrient removal technology of 4.0 mg/L total nitrogen (1/1/2026) and 0.30 mg/L total phosphorus (1/1/2032)
m	HRSD-James River WWTP	Upgrade with nutrient removal technology of 4.0 mg/L total nitrogen (1/1/2026) and 0.30 mg/L total phosphorus (1/1/2028)
n	HRSD-Army Base WWTP	Convey to VIP WWTP for nutrient removal (1/1/2032) or upgrade with nutrient removal technology of 4.0 mg/L total nitrogen (1/1/2026) and 0.30 mg/L total phosphorus (1/1/2032)

Each priority project and the associated schedule of compliance shall be incorporated into the applicable Virginia Pollutant Discharge Elimination System permit or registration list. Each priority project facility shall be in compliance (i) by complying with applicable annual average total nitrogen and total phosphorus concentrations for compliance years 2026, 2028, and 2032; (ii) for the South Central Wastewater Authority WWTF, by implementing a phased construction program approved by the Department, and acquiring sufficient point source credits until its phased construction is completed as provided in this

subsection; or (iii) only for a facility subject to an aggregated waste load allocation, by exercising the option of achieving an equivalent discharged load by the date set out in the schedule of compliance based on the applicable total nitrogen and total phosphorus annual average concentrations and actual annual flow treated without the acquisition and use of point source credits generated by permitted facilities not under common ownership. Noncompliance shall be enforceable in the same manner as any other condition of a Virginia Pollutant Discharge Elimination System permit.

The following requirements shall apply to the phased construction program to upgrade the South Central Wastewater Authority WWTF: (a) by August 1, 2023, the South Central Wastewater Authority (SCWWA) shall submit a phased construction program to the Department, which shall review and approve such program by September 1, 2023, or as soon as possible thereafter; (b) by December 31, 2023, or within 150 days of approval by the Department of the phased construction program, whichever is later, SCWWA shall commence construction of the initial phase of construction; (c) by February 1, 2024, and annually thereafter, SCWWA shall submit a progress report to the Department describing its progress toward completing the phased construction program; (d) within 30 days of substantial completion of each major phase of construction, SCWWA shall submit an application for a certificate to operate to the Department and promptly place the associated treatment units into operation; (e) the phased construction program for the SCWWA WWTF priority project shall be completed as soon as possible on the schedule approved by the Department but no later than January 1, 2030; and (f) for each compliance year during the phased construction program that the facility does not achieve the nutrient removal technology concentration specified in this subsection, the SCWWA WWTF shall be responsible for acquiring sufficient point source credits to comply with its total nitrogen and total phosphorus waste load allocations applicable to that compliance year.

2. Nitrogen waste load allocation reductions – HRSD-York River WWTP:

Reduce the total nitrogen waste load allocation for the HRSD-York River WWTP to 228,444 lbs/year effective January 1, 2026.

3. James River HRSD SWIFT nutrient upgrades:

Reduce total nitrogen waste load allocations for HRSD treatment works in the James River basin to the following allocations effective January 1, 2026:

a FACILITY NAME	TOTAL NITROGEN WASTELOAD
-----------------	--------------------------

b		ALLOCATION
c		(lbs/year)
d	HRSD-Army Base WWTP	219,307
e	HRSD-Boat Harbor STP	304,593
f	HRSD-James River STP	243,674
g	HRSD-VIP WWTP	487,348
h	HRSD-Nansemond STP	365,511
i	HRSD-Williamsburg STP	274,133

Reduce total phosphorus waste load allocations for HRSD treatment works in the James River basin to the following allocations effective January 1, 2026:

a	FACILITY NAME	TOTAL PHOSPHORUS WASTELOAD
b		ALLOCATION
c		(lbs/year)
d	HRSD-Army Base WWTP	27,413
e	HRSD-Boat Harbor STP	38,074
f	HRSD-James River STP	30,459
g	HRSD-VIP WWTP	60,919
h	HRSD-Nansemond STP	45,689
i	HRSD-Williamsburg STP	34,267

Reduce total phosphorus waste load allocations for HRSD treatment works in the James River basin to the following allocations effective January 1, 2030:

a	FACILITY NAME	TOTAL PHOSPHORUS WASTELOAD
a		ALLOCATION
a		(lbs/year)
a	HRSD-Army Base WWTP	21,931
a	HRSD-Boat Harbor STP	30,459
a	HRSD-James River STP	24,367
a	HRSD-VIP WWTP	48,735
a	HRSD-Nansemond STP	36,551
a	HRSD-Williamsburg STP	27,413

Reduce total phosphorus waste load allocations for HRSD treatment works in the James River basin to the following allocations effective January 1, 2032:

a	FACILITY NAME	TOTAL PHOSPHORUS WASTELOAD
b		ALLOCATION

c	(lbs/year)
d	HRSD-Army Base WWTP 16,448
e	HRSD-Boat Harbor STP 22,844
f	HRSD-James River STP 18,276
g	HRSD-VIP WWTP 36,551
h	HRSD-Nansemond STP 27,413
i	HRSD-Williamsburg STP 20,560

Transfer the total nitrogen (454,596 lbs/year) and total phosphorus (41,450 lbs/year) waste load allocations for the HRSD-Chesapeake/Elizabeth STP to the Nutrient Offset Fund effective January 1, 2026.

Transfer the total nitrogen (153,500 lbs/yr) and total phosphorous (17,437 lbs/yr) waste load allocations for the HRSD-J.H. Miles Facility consolidation to HRSD in accordance with the approved registration list December 21, 2015, transfer.

2005, cc. [708](#), [710](#); 2010, c. [288](#); 2017, c. [9](#); 2021, Sp. Sess. I, cc. [363](#), [364](#); 2022, cc. [127](#), [128](#); 2023, cc. [177](#), [178](#).

**§62.1-44.19:15. New or expanded facilities.**

A. An owner or operator of a new or expanded facility shall comply with the applicable requirements of this section as a condition of the facility's coverage under the general permit.

1. An owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit first issued before July 1, 2005, that expands his facility to discharge 100,000 gallons or more per day, or an equivalent load directly into tidal waters, or 500,000 gallons or more per day, or an equivalent load, directly into nontidal waters shall demonstrate to the Department that he has acquired waste load allocations sufficient to offset any increase in his delivered total nitrogen and delivered total phosphorus loads resulting from any expansion beyond his waste load allocations or permitted design capacity as of July 1, 2005, and will install state-of-the-art nutrient removal technology at the time of the expansion.

2. An owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit first issued before July 1, 2005, that expands his facility to discharge 100,000 gallons or more per day up to and including 499,999 gallons per day, or an equivalent load, directly into nontidal waters, shall demonstrate to the Department that he has acquired waste load allocations sufficient to offset any increase in his

delivered total nitrogen and delivered total phosphorus loads resulting from any expansion beyond his permitted capacity as of July 1, 2005, and will install, at a minimum, biological nutrient removal technology at the time of the expansion.

3. An owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit first issued before July 1, 2005, that expands his facility to discharge 40,000 gallons or more per day up to and including 99,999 gallons per day, or an equivalent load, directly into tidal or nontidal waters, shall demonstrate to the Department that he has acquired waste load allocations sufficient to offset any increase in his delivered total nitrogen and delivered total phosphorus loads resulting from any expansion beyond his permitted capacity as of July 1, 2005.

4. An owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit first issued on or after July 1, 2005, to discharge 40,000 gallons or more per day, or an equivalent load, shall demonstrate to the Department that he has acquired waste load allocations sufficient to offset his delivered total nitrogen and delivered total phosphorus loads, and will install (i) at a minimum, biological nutrient removal technology at any facility authorized to discharge up to and including 99,999 gallons per day, or an equivalent load, directly into tidal and nontidal waters, or up to and including 499,999 gallons per day, or an equivalent load, to nontidal waters; and (ii) state-of-the-art nutrient removal technology at any facility authorized to discharge 100,000 gallons or more per day, or an equivalent load, directly into tidal waters, or 500,000 gallons or more per day, or an equivalent load, directly into nontidal waters.

5. An owner or operator of a facility treating domestic sewage authorized by a Virginia Pollutant Discharge Elimination System permit with a discharge greater than 1,000 gallons per day up to and including 39,999 gallons per day that has not commenced the discharge of pollutants prior to January 1, 2011, shall demonstrate to the Department that he has acquired waste load allocations sufficient to offset his delivered total nitrogen and delivered total phosphorus loads prior to commencing the discharge, except when the facility is for short-term temporary use only or when treatment of domestic sewage is not the primary purpose of the facility.

B. Waste load allocations required by this section to offset new or increased delivered total nitrogen and delivered total phosphorus loads shall be acquired in accordance with this subsection.

1. Such allocations may be acquired from one or a combination of the following:

- a. Acquisition of all or a portion of the waste load allocations or point source nitrogen or point source phosphorus credits from one or more permitted facilities in the same tributary;
  - b. Acquisition of credits certified by the Board pursuant to § [62.1-44.19:20](#). Such best management practices shall achieve reductions beyond those already required by or funded under federal or state law, or the Virginia Chesapeake Bay TMDL Watershed Implementation Plan, and shall be installed in the same tributary in which the new or expanded facility is located and included as conditions of the facility's individual Virginia Pollutant Discharge Elimination System permit;
  - c. Acquisition of allocations purchased through the Nutrient Offset Fund established pursuant to § [10.1-2128.2](#);
  - d. Acquisition of allocations through such other means as may be approved by the Department on a case-by-case basis; or
  - e. Acquisition of credits or allocations through the implementation of best management practices on lands owned or controlled by, or under contractual obligation with, the new or expanded facility that achieve reductions greater than those currently required by or funded under federal or state law, or the Virginia Chesapeake Bay TMDL Watershed Implementation Plan, subject to the approval by the Board in accordance with standards and procedures that are consistent with those established in § [62.1-44.19:20](#). Any such best management practices shall be implemented on lands within the same tributary as the new or expanded facility, and any credits assigned by the Board based on those practices shall be subject to adjustment based on the relevant delivery factor, as defined in § [62.1-44.19:13](#).
2. Such allocations or credits shall be provided for a minimum period of five years with each registration under the general permit. This subdivision shall not preclude longer-term or permanent allocations, except that such allocations are subject to modification by the Board where necessary to conform to the Chesapeake Bay TMDL.
  3. The Board shall give priority to allocations or credits acquired in accordance with subdivisions 1 a, 1 b, and 1 d. The Board shall approve allocations acquired in accordance with subdivision 1 d only after the owner or operator has demonstrated that he has made a good faith effort to acquire sufficient allocations in accordance with subdivisions 1 a, 1 b, and 1 d and that such allocations are not reasonably available taking into account timing, cost, and other relevant factors.

4. Notwithstanding the priority provisions in subdivision 3, the Board may grant a waste load allocation in accordance with subdivision 1 d to an owner or operator of a facility authorized by a Virginia Pollution Abatement permit to land apply domestic sewage if (i) the Virginia Pollution Abatement permit was issued before July 1, 2005; (ii) the waste load allocation does not exceed such facility's permitted design capacity as of July 1, 2005; (iii) the waste treated by the existing facility is going to be treated and discharged pursuant to a Virginia Pollutant Discharge Elimination System permit for a new discharge; and (iv) the owner or operator installs state-of-the-art nutrient removal technology at such facility. Such facilities cannot generate credits or waste load allocations, based upon the removal of land application sites, that can be acquired by other permitted facilities to meet the requirements of this article.

C. Until such time as the Director finds that no allocations are reasonably available in an individual tributary, the general permit shall provide for the acquisition of allocations through payments into the Nutrient Offset Fund established in § [10.1-2128.2](#). Such payments shall be promptly applied by the Department to achieve equivalent point or non-point source reductions in the same tributary beyond those reductions already required by or funded under federal or state law or the Virginia Chesapeake Bay TMDL Watershed Implementation Plan. The general permit shall base the cost of each pound of allocation on (i) the estimated cost of achieving a reduction of one pound of nitrogen or phosphorus at the facility that is securing the allocation, or comparable facility, for each pound of allocation acquired; or (ii) the average cost of reducing two pounds of nitrogen or phosphorus from nonpoint sources in the same tributary for each pound of allocation acquired, whichever is higher. Upon each reissuance of the general permit, the Board may adjust the cost of each pound of allocation based on current costs and cost estimates.

D. The acquisition of nutrient allocations or credits from animal waste-to-energy or animal waste reduction facilities, or the acquisition of such nutrient allocations or credits from entities acting on behalf of such facilities, shall be considered point source allocations or credits for all nutrient trading purposes and shall not be subject to any otherwise applicable nonpoint source trading ratio if the best management practice being used to generate such nutrient allocations or credits is a point source nutrient removal technology. Point source nutrient removal technology shall include animal waste gasification in which lab analysis of the animal waste reveals the concentration of nutrients in the animal waste being fed into the gasifier, and the fate of the nutrients during the

animal waste gasification process, is known and documented using studies such as air emissions tests and ash analyses.

2005, cc. [708](#), [710](#); 2007, c. [27](#); 2010, c. [288](#); 2011, cc. [440](#), [524](#); 2012, cc. [748](#), [808](#); 2013, cc. [756](#), [793](#); 2016, cc. [137](#), [377](#).

**§62.1-44.19:16. Technology-based standards and effluent limitations.**

A. The Board may establish a technology-based standard less stringent than the applicable standard specified in § [62.1-44.19:15](#) based on a demonstration by an owner or operator that the specified standard is not technically or economically feasible for the affected facility or that the technology-based standard would require the owner or operator to construct treatment facilities not otherwise necessary to comply with his waste load allocation without reliance on nutrient credit exchanges pursuant to § [62.1-44.19:18](#).

B. The Board may include technology-based effluent concentration limitations in the individual permit for any facility that has installed technology for the control of nitrogen and phosphorus whether by new construction, expansion, or upgrade. Such limitations shall be based upon the technology installed by the facility and shall be expressed as annual average limitations. Such limitations shall not affect the generation, acquisition, or exchange of allocations or credits pursuant to this article.

2005, cc. [708](#), [710](#).

**§62.1-44.19:17. Virginia Nutrient Credit Exchange Association authorized; duties; composition; appointment; terms.**

A. The permittees under the general permit may establish a nonstock corporation under Chapter 10 (§ [13.1-801](#) et seq.) of Title 13.1, to be known as the Virginia Nutrient Credit Exchange Association, to coordinate and facilitate participation in the nutrient credit exchange program by its members. The Virginia Nutrient Credit Exchange Association, which is hereafter referred to as the Association, may (i) submit on behalf of the permittees the compliance plans required by § [62.1-44.19:14](#), (ii) develop a standard form of agreement for use by permittees when buying and selling nitrogen and phosphorus allocations and credits, (iii) assist permittees in identifying buyers and sellers of nitrogen and phosphorus allocations and credits, (iv) coordinate planning to ensure that to the extent possible, sufficient credits are available each year to achieve full compliance with the general permit, (v) assist individual municipal permittees in utilizing public-private partnerships and other innovative measures to achieve the Commonwealth's water quality goals, and (vi) perform such other duties and functions as may be necessary to the

effective and efficient implementation of the credit exchange program. The Association shall not assume any of the permittees' compliance obligations under the general permit.

B. Only permittees under the general permit may become members of the Association. The Association shall operate through a board of directors, which shall consist of 10 members and be representative of the membership in the Association. Association board members shall be employees of Association members, shall be elected by the Association membership at the beginning of each term of the general permit, and shall serve through the end of the permit term to which they were elected. Vacancies for unexpired Association board terms shall be filled in the same manner in which members are originally elected to the Association board.

C. The Association board shall elect a president, vice-president, secretary, and treasurer from among its members at the beginning of each permit term. Officers and Association board members shall receive no compensation for their services as officers and board members of the Association.

2005, cc. [708](#), [710](#).

**§62.1-44.19:18. Nutrient allocation compliance and reporting.**

A. Each permitted facility shall be in compliance with its individual waste load allocations if: (i) its annual mass load is less than the applicable waste load allocation assigned to the facility in the general permit; (ii) the permitted facility acquires sufficient point source nitrogen or phosphorus credits in accordance with subdivision 1; or (iii) in the event it is unable to meet the individual waste load allocation pursuant to clauses (i) or (ii), the permitted facility acquires sufficient nitrogen or phosphorus credits through payments made in accordance with subdivision 2, provided, however, that the acquisition of nitrogen or phosphorus credits pursuant to this section shall not alter or otherwise affect the individual waste load allocations for each permitted facility.

1. A permittee may acquire point source nitrogen or phosphorus credits from one or more permitted facilities only if (i) the credits are generated and applied to a compliance obligation in the same calendar year, (ii) the credits are generated by one or more permitted facilities in the same tributary, except that permitted facilities in the Eastern Coastal Basin may also acquire credits from permitted facilities in the Potomac and Rappahannock tributaries, (iii) the credits are acquired no later than June 1 immediately following the calendar year in which the credits are applied, and (iv) no later than June 1 immediately following the calendar year in which the credits are applied, the permittee

certifies on a form supplied by the Department that he has acquired sufficient credits to satisfy his compliance obligations.

2. A permittee may acquire nitrogen or phosphorus credits through payments made into the Nutrient Offset Fund established in § [10.1-2128.2](#) only if, no later than June 1 immediately following the calendar year in which the credits are applied, the permittee certifies on a form supplied by the Department that he has diligently sought, but has been unable to acquire, sufficient credits to satisfy his compliance obligations through the acquisition of point source nitrogen or phosphorus credits with other permitted facilities in the same tributary, and that he has acquired sufficient credits to satisfy his compliance obligations through one or more payments made in accordance with the terms of the general permit.

B. Until such time as the Director finds that no credits are reasonably available in an individual tributary, the general permit shall provide for the acquisition of nitrogen and phosphorus credits through payments into the Nutrient Offset Fund in accordance with subdivision A 2. Such payments shall be promptly applied to achieve equivalent point or nonpoint source reductions in the same tributary beyond those reductions already required by or funded under federal or state law, or the Virginia Chesapeake Bay TMDL Watershed Implementation Plan. The general permit shall base the cost of each nitrogen or phosphorus credit on the average cost of reducing one pound of nitrogen or phosphorus from Virginia publicly owned wastewater treatment facilities for each credit acquired. Upon each reissuance of the general permit, the Board may adjust the cost of each nitrogen and phosphorus credit based on (i) the current average cost of reducing a pound of nitrogen or phosphorus from Virginia publicly owned wastewater treatment facilities for each credit acquired and (ii) any additional incentives reasonably necessary to ensure that there is timely and continuing progress toward attaining and maintaining each tributary's combined waste load allocation.

C. On or before February 1, annually, each permittee shall file a discharge monitoring report with the Department identifying the annual mass load of total nitrogen and the annual mass load of total phosphorus discharged by each permitted facility during the previous calendar year. The report shall contain the certification required by federal and state law and be signed by each permittee for each of the permittee's facilities covered by the general permit.

D. On or before April 1, annually, the Department shall prepare a report containing the annual mass load of total nitrogen and annual mass load of total phosphorus discharged

by each permitted facility, the number of point source nitrogen and phosphorus credits for the previous calendar year generated or required by each such facility, and to the extent there are insufficient point source credits available for exchange to provide for full compliance by every permittee, the number of credits to be purchased pursuant to this section. Upon completion of the report, the Department shall promptly publish notice of the report and make the report available to any person requesting it.

E. On or before July 1, annually, the Department shall publish notice of all nitrogen and phosphorus credit exchanges and purchases for the previous calendar year and make all documents relating to the exchanges and purchases available to any person requesting them.

2005, cc. [708](#), [710](#); 2010, c. [11](#); 2011, c. [524](#); 2012, cc. [748](#), [808](#).

**§62.1-44.19:19. Program audits.**

In addition to its permit compliance and enforcement authority, the Department is authorized to conduct such audits of the Association and permittees as it deems necessary to ensure that the reports and data received from permittees and the Association are complete and accurate. The Association and permittees under the general permit shall cooperate with the Department in the conduct of such audits and provide the Department with such information as the Department may require to fulfill its responsibilities under this article.

2005, cc. [708](#), [710](#).

**§62.1-44.19:20. (Contingent expiration date) Nutrient credit certification.**

A. The Board may adopt regulations for the purpose of establishing procedures for the certification of point source nutrient credits except that no certification shall be required for point source nitrogen and point source phosphorus credits generated by point sources regulated under the Watershed General Virginia Pollutant Discharge Elimination System Permit issued pursuant to § [62.1-44.19:14](#). The Board shall adopt regulations for the purpose of establishing procedures for the certification of nonpoint source nutrient credits.

B. Regulations adopted pursuant to this section shall:

1. Establish procedures for the certification and registration of credits, including:

a. Certifying credits that may be generated from effective nutrient controls or removal practices, including activities associated with the types of facilities or practices his-

torically regulated by the Board, such as water withdrawal and treatment and wastewater collection, treatment, and beneficial reuse;

b. Certifying credits that may be generated from agricultural and urban stormwater best management practices, use or management of manures, managed turf, land use conversion, stream or wetlands projects, shellfish aquaculture, algal harvesting, and other established or innovative methods of nutrient control or removal, as appropriate;

c. Establishing a process and standards for wetland or stream credits to be converted to nutrient credits. Such process and standards shall only apply to wetland or stream credits that were established after July 1, 2005, and have not been transferred or used. Under no circumstances shall such credits be used for both wetland or stream credit and nutrient credit purposes;

d. Certifying credits from multiple practices that are bundled as a package by the applicant;

e. Prohibiting the certification of credits generated from activities funded by federal or state water quality grant funds other than controls and practices under subdivision B 1 a; however, baseline levels may be achieved through the use of such grants;

f. Establishing a timely and efficient certification process including application requirements, a reasonable application fee schedule not to exceed \$10,000 per application, and review and approval procedures;

g. Requiring public notification of a proposed nutrient credit-generating entity; and

h. Establishing a timeline for the consideration of certification applications for land conversion projects. The timeline shall provide that within 30 days of receipt of an application the Department shall, if warranted, conduct a site visit and that within 45 days of receipt of an application the Department shall either determine that the application is complete or request additional specific information from the applicant. A determination that an application for a land conversion project is complete shall not require the Department to issue the certification. The Department shall deny, approve, or approve with conditions an application within 15 days of the Department's determination that the application is complete. When the request for credit release is made concurrently with the application for a land conversion project certification, the concurrent release shall be processed on the same timeline. When the request for credit release is from a previously approved land conversion project, the Department shall schedule a site visit, if warranted, within 30 days of the request and shall deny, approve, or approve with conditions

the release within 15 days of the site visit or determination that a site visit is not warranted. The timelines set out in this subdivision shall be implemented prior to adoption of regulations. The Department shall release credits from a land conversion project after it is satisfied that the applicant has met the criteria for release in an approved nutrient reduction implementation plan.

2. Establish credit calculation procedures for proposed credit-generating practices, including the determination of:

a. Baselines for credits certified under subdivision B 1 a in accordance with any applicable provisions of the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs;

b. Baselines established for agricultural practices, which shall be those actions necessary to achieve a level of reduction assigned in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs as implemented on the tract, field, or other land area under consideration;

c. Baselines for urban practices from new development and redevelopment, which shall be in compliance with postconstruction nutrient loading requirements of the Virginia Stormwater Management Program regulations. Baselines for all other existing development shall be at a level necessary to achieve the reductions assigned in the urban sector in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs;

d. Baselines for land use conversion, which shall be based on the pre-conversion land use and the level of reductions assigned in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs applicable to that land use;

e. Baselines for other nonpoint source credit-generating practices, which shall be based on the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs using the best available scientific and technical information;

f. Unless otherwise established by the Board, for certification within the Chesapeake Bay Watershed a credit-generating practice that involves land use conversion, which shall represent controls beyond those in place as of July 1, 2005. For other waters for which a TMDL has been approved, the practice shall represent controls beyond those in place at the time of TMDL approval;

- g. Baseline dates for all other credit-generating practices, which shall be based on the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs; and
  - h. Credit quantities, which shall be established using the best available scientific and technical information at the time of certification;
3. Provide certification of credits on an appropriate temporal basis, such as annual, term of years, or perpetual, depending on the nature of the credit-generating practice. A credit shall be certified for a term of no less than 12 months;
  4. Establish requirements to reasonably assure the generation of the credit depending on the nature of the credit-generating activity and use, such as legal instruments for perpetual credits, operation and maintenance requirements, and associated financial assurance requirements. Financial assurance requirements may include letters of credit, escrows, surety bonds, insurance, and where the credits are used or generated by a locality, authority, utility, sanitation district, or permittee operating an MS4 or a point source permitted under this article, its existing tax or rate authority. In lieu of long-term management fund financial assurance mechanisms established or required by regulation for projects generating credits from stream restoration, a third-party long-term steward approved by the Department, such as a public agency, nongovernmental organization or private land manager, may hold long-term management funds in a separate interest-bearing account to be used only for the long-term management of the stream restoration project;
  5. Establish appropriate reporting requirements;
  6. Provide for the ability of the Department to inspect or audit for compliance with the requirements of such regulations;
  7. Provide that the option to acquire nutrient credits for compliance purposes shall not eliminate any requirement to comply with local water quality requirements;
  8. Establish a credit retirement requirement whereby five percent of nonpoint source credits in the Chesapeake Bay Watershed other than controls and practices under subdivision B 1 a are permanently retired at the time of certification pursuant to this section for the purposes of offsetting growth in unregulated nutrient loads; and
  9. Establish such other requirements as the Board deems necessary and appropriate.

C. The Board shall certify (i) credits that may be generated from effective nutrient controls or removal practices, including activities associated with the types of facilities or practices historically regulated by the Board, such as water withdrawal and treatment and wastewater collection, treatment, and beneficial reuse, using the best available scientific and technical information and (ii) credits that are located in tributaries outside of the Chesapeake Bay watershed as defined in § [62.1-44.15:35](#), using an average of the nutrient removal rates for each practice identified in Appendix A of the Department's document "Trading Nutrient Reductions from Nonpoint Source Best Management Practices in the Chesapeake Bay Watershed: Guidance for Agricultural Landowners and Your Potential Trading Partners"; however, in the certification and recertification of credits under this subsection, the Department may substitute a delivery factor that is deemed by the Director to be based on the best available scientific and technical information appropriate for the tributaries located outside of the Chesapeake Bay watershed as an alternative to any delivery factor derived from the application of the Chesapeake Bay Program watershed model.

D. The Department shall establish and maintain an online Virginia Nutrient Credit Registry of credits as follows:

1. The registry shall include all nonpoint source credits certified pursuant to this article and may include point source nitrogen and point source phosphorus credits generated from point sources covered by the general permit issued pursuant to § [62.1-44.19:14](#) or point source nutrient credits certified pursuant to this section at the option of the owner. No other credits shall be valid for compliance purposes.

2. Registration of credits on the registry shall not preclude or restrict the right of the owner of such credits from transferring the credits on such commercial terms as may be established by and between the owner and the regulated or unregulated party acquiring the credits.

3. The Department shall establish procedures for the listing and tracking of credits on the registry, including but not limited to (i) notification of the availability of new nutrient credits to the locality where the credit-generating practice is implemented at least five business days prior to listing on the registry to provide the locality an opportunity to acquire such credits at fair market value for compliance purposes and (ii) notification that the listing of credits on the registry does not constitute a representation by the Board or the owner that the credits will satisfy the specific regulatory requirements applicable to the prospective user's intended use and that the prospective user is encouraged to contact

the Board for technical assistance to identify limitations, if any, applicable to the intended use.

4. The registry shall be publicly accessible without charge.

E. The owner or operator of a nonpoint source nutrient credit-generating entity that fails to comply with the provisions of this section shall be subject to the enforcement and penalty provisions of § [62.1-44.19:22](#).

F. Nutrient credits from stormwater nonpoint nutrient credit-generating facilities in receipt of a Nonpoint Nutrient Offset Authorization for Transfer letter from the Department prior to July 1, 2012, shall be considered certified nutrient credits and shall not be subject to further certification requirements or to the credit retirement requirement under subdivision B 8. However, such facilities shall be subject to the other provisions of this article, including registration, inspection, reporting, and enforcement.

2012, cc. [748](#), [808](#); 2013, cc. [756](#), [793](#); 2016, c. [653](#); 2022, c. [422](#), [2023](#), c. [723](#).

**§62.1-44.19:20. (Contingent effective date – See Editor's note) Nutrient credit certification.**

A. The Board may adopt regulations for the purpose of establishing procedures for the certification of point source nutrient credits except that no certification shall be required for point source nitrogen and point source phosphorus credits generated by point sources regulated under the Watershed General Virginia Pollutant Discharge Elimination System Permit issued pursuant to § [62.1-44.19:14](#). The Board shall adopt regulations for the purpose of establishing procedures for the certification of nonpoint source nutrient credits.

B. Regulations adopted pursuant to this section shall:

1. Establish procedures for the certification and registration of credits, including:

a. Certifying credits that may be generated from effective nutrient controls or removal practices, including activities associated with the types of facilities or practices historically regulated by the Board, such as water withdrawal and treatment and wastewater collection, treatment, and beneficial reuse;

b. Certifying credits that may be generated from agricultural and urban stormwater best management practices, use or management of manures, managed turf, land use conversion, stream or wetlands projects, shellfish aquaculture, algal harvesting, and other established or innovative methods of nutrient control or removal, as appropriate;

- c. Establishing a process and standards for wetland or stream credits to be converted to nutrient credits. Such process and standards shall only apply to wetland or stream credits that were established after July 1, 2005, and have not been transferred or used. Under no circumstances shall such credits be used for both wetland or stream credit and nutrient credit purposes;
- d. Certifying credits from multiple practices that are bundled as a package by the applicant;
- e. Prohibiting the certification of credits generated from activities funded by federal or state water quality grant funds other than controls and practices under subdivision B 1 a; however, baseline levels may be achieved through the use of such grants;
- f. Establishing a timely and efficient certification process including application requirements, a reasonable application fee schedule not to exceed \$10,000 per application, and review and approval procedures;
- g. Requiring public notification of a proposed nutrient credit-generating entity; and
- h. Establishing a timeline for the consideration of certification applications for land conversion projects. The timeline shall provide that within 30 days of receipt of an application the Department shall, if warranted, conduct a site visit and that within 45 days of receipt of an application the Department shall either determine that the application is complete or request additional specific information from the applicant. A determination that an application for a land conversion project is complete shall not require the Department to issue the certification. The Department shall deny, approve, or approve with conditions an application within 15 days of the Department's determination that the application is complete. When the request for credit release is made concurrently with the application for a land conversion project certification, the concurrent release shall be processed on the same timeline. When the request for credit release is from a previously approved land conversion project, the Department shall schedule a site visit, if warranted, within 30 days of the request and shall deny, approve, or approve with conditions the release within 15 days of the site visit or determination that a site visit is not warranted. The timelines set out in this subdivision shall be implemented prior to adoption of regulations. The Department shall release credits from a land conversion project after it is satisfied that the applicant has met the criteria for release in an approved nutrient reduction implementation plan.

2. Establish credit calculation procedures for proposed credit-generating practices, including the determination of:
- a. Baselines for credits certified under subdivision B 1 a in accordance with any applicable provisions of the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs;
  - b. Baselines established for agricultural practices, which shall be those actions necessary to achieve a level of reduction assigned in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs as implemented on the tract, field, or other land area under consideration;
  - c. Baselines for urban practices from new development and redevelopment, which shall be in compliance with postconstruction nutrient loading requirements of the Virginia Stormwater Management Program regulations. Baselines for all other existing development shall be at a level necessary to achieve the reductions assigned in the urban sector in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs;
  - d. Baselines for land use conversion, which shall be based on the pre-conversion land use and the level of reductions assigned in the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs applicable to that land use;
  - e. Baselines for other nonpoint source credit-generating practices, which shall be based on the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs using the best available scientific and technical information;
  - f. Unless otherwise established by the Board, for certification within the Chesapeake Bay Watershed a credit-generating practice that involves land use conversion, which shall represent controls beyond those in place as of July 1, 2005. For other waters for which a TMDL has been approved, the practice shall represent controls beyond those in place at the time of TMDL approval;
  - g. Baseline dates for all other credit-generating practices, which shall be based on the Virginia Chesapeake Bay TMDL Watershed Implementation Plan or approved TMDLs; and
  - h. Credit quantities, which shall be established using the best available scientific and technical information at the time of certification;

3. Provide certification of credits on an appropriate temporal basis, such as annual, term of years, or perpetual, depending on the nature of the credit-generating practice. A credit shall be certified for a term of no less than 12 months;
4. Establish requirements to reasonably assure the generation of the credit depending on the nature of the credit-generating activity and use, such as legal instruments for perpetual credits, operation and maintenance requirements, and associated financial assurance requirements. Financial assurance requirements may include letters of credit, escrows, surety bonds, insurance, and where the credits are used or generated by a locality, authority, utility, sanitation district, or permittee operating an MS4 or a point source permitted under this article, its existing tax or rate authority. In lieu of long-term management fund financial assurance mechanisms established or required by regulation for projects generating credits from stream restoration, a third-party long-term steward approved by the Department, such as a public agency, nongovernmental organization or private land manager, may hold long-term management funds in a separate interest-bearing account to be used only for the long-term management of the stream restoration project. Notwithstanding any release schedule set out in regulations of the Board, the Department may accelerate the release of a maximum of 50 percent of nutrient credits from a stream restoration project based on (i) a determination that the level of risk for restoration failure is low, (ii) the provision of additional financial assurance in an amount adequate to cover the cost of project repair or replacement in the event of failure, and (iii) the experience of the applicant or the applicant's agents who will implement the stream restoration project;
5. Establish appropriate reporting requirements;
6. Provide for the ability of the Department to inspect or audit for compliance with the requirements of such regulations;
7. Provide that the option to acquire nutrient credits for compliance purposes shall not eliminate any requirement to comply with local water quality requirements;
8. Establish a credit retirement requirement whereby five percent of nonpoint source credits in the Chesapeake Bay Watershed other than controls and practices under subdivision B 1 a are permanently retired at the time of certification pursuant to this section for the purposes of offsetting growth in unregulated nutrient loads; and
9. Establish such other requirements as the Board deems necessary and appropriate.

C. The Board shall certify (i) credits that may be generated from effective nutrient controls or removal practices, including activities associated with the types of facilities or practices historically regulated by the Board, such as water withdrawal and treatment and wastewater collection, treatment, and beneficial reuse, using the best available scientific and technical information and (ii) credits that are located in tributaries outside of the Chesapeake Bay watershed as defined in § [62.1-44.15:35](#), using an average of the nutrient removal rates for each practice identified in Appendix A of the Department's document "Trading Nutrient Reductions from Nonpoint Source Best Management Practices in the Chesapeake Bay Watershed: Guidance for Agricultural Landowners and Your Potential Trading Partners "; however, in the certification and recertification of credits under this subsection, the Department may substitute a delivery factor that is deemed by the Director to be based on the best available scientific and technical information appropriate for the tributaries located outside of the Chesapeake Bay watershed as an alternative to any delivery factor derived from the application of the Chesapeake Bay Program watershed model.

D. The Department shall establish and maintain an online Virginia Nutrient Credit Registry of credits as follows:

1. The registry shall include all nonpoint source credits certified pursuant to this article and may include point source nitrogen and point source phosphorus credits generated from point sources covered by the general permit issued pursuant to § [62.1-44.19:14](#) or point source nutrient credits certified pursuant to this section at the option of the owner. No other credits shall be valid for compliance purposes.

2. Registration of credits on the registry shall not preclude or restrict the right of the owner of such credits from transferring the credits on such commercial terms as may be established by and between the owner and the regulated or unregulated party acquiring the credits.

3. The Department shall establish procedures for the listing and tracking of credits on the registry, including but not limited to (i) notification of the availability of new nutrient credits to the locality where the credit-generating practice is implemented at least five business days prior to listing on the registry to provide the locality an opportunity to acquire such credits at fair market value for compliance purposes and (ii) notification that the listing of credits on the registry does not constitute a representation by the Board or the owner that the credits will satisfy the specific regulatory requirements applicable to the prospective user's intended use and that the prospective user is encouraged to contact

the Board for technical assistance to identify limitations, if any, applicable to the intended use.

4. The registry shall be publicly accessible without charge.

E. The owner or operator of a nonpoint source nutrient credit-generating entity that fails to comply with the provisions of this section shall be subject to the enforcement and penalty provisions of § [62.1-44.19:22](#).

F. Nutrient credits from stormwater nonpoint nutrient credit-generating facilities in receipt of a Nonpoint Nutrient Offset Authorization for Transfer letter from the Department prior to July 1, 2012, shall be considered certified nutrient credits and shall not be subject to further certification requirements or to the credit retirement requirement under subdivision B 8. However, such facilities shall be subject to the other provisions of this article, including registration, inspection, reporting, and enforcement.

2012, cc. [748](#), [808](#); 2013, cc. [756](#), [793](#); 2016, c. [653](#); 2022, cc. [422](#), [526](#); 2023, c. [723](#).

**§62.1-44.19:21. Nutrient credit use by regulated entities.**

A. An MS4 permittee may acquire, use, and transfer nutrient credits for purposes of compliance with any waste load allocations established as effluent limitations in an MS4 permit issued pursuant to § [62.1-44.15:25](#). Such method of compliance may be approved by the Department following review of a compliance plan submitted by the permittee that includes the use of nutrient credits. The permittee may use such credits for compliance purposes only if (i) the credits, whether annual, term, or perpetual, are generated and applied for purposes of compliance for the same calendar year; (ii) the credits are acquired no later than a date following the calendar year in which the credits are applied as specified by the Department consistent with the permittee's Virginia Stormwater Management Program (VSMP) permit annual report deadline under such permit; (iii) the credits are generated in the same locality or tributary, except that permittees in the Eastern Coastal Basin may also acquire credits from the Potomac and Rappahannock tributaries; and (iv) the credits either are point source nitrogen or point source phosphorus credits generated by point sources covered by the general permit issued pursuant to § [62.1-44.19:14](#), or are certified pursuant to § [62.1-44.19:20](#). An MS4 permittee may enter into an agreement with one or more other MS4 permittees within the same locality or within the same or adjacent eight-digit hydrologic unit code to collectively meet the sum of any waste load allocations in their permits. Such permittees shall submit to the Department for approval a compliance plan to achieve their aggregate permit waste load allocations.

B. An applicant required to comply with water quality requirements for land-disturbing activities operating under a General VSMP Permit for Discharges of Stormwater from Construction Activities or a Construction Individual Permit may acquire and use perpetual nutrient credits certified and registered on the Virginia Nutrient Credit Registry in accordance with § [62.1-44.15:35](#).

C. A confined animal feeding operation issued a permit pursuant to this chapter may acquire, use, and transfer credits for compliance with any waste load allocations contained in the provisions of a Virginia Pollutant Discharge Elimination System (VPDES) permit. Such method of compliance may be approved by the Department following review of a compliance plan submitted by the permittee that includes the use of nutrient credits.

D. A facility registered under the Industrial Stormwater General Permit issued pursuant to this chapter or issued a VPDES permit regulating stormwater discharges that requires nitrogen and phosphorus monitoring at the facility may acquire, use, and transfer credits for compliance with any waste load allocations established as effluent limitations in a VPDES permit. Such method of compliance may be approved by the Department following review of a compliance plan submitted by the permittee that includes the use of nutrient credits.

E. Public notice of each compliance plan submitted for approval pursuant to this section shall be given by the Department.

F. This section shall not be construed to limit or otherwise affect the authority of the Board to establish and enforce more stringent water quality-based effluent limitations for total nitrogen or total phosphorus in permits where those limitations are necessary to protect local water quality. The exchange or acquisition of credits pursuant to this article shall not affect any requirement to comply with such local water quality-based limitations.

2012, cc. [748](#), [808](#), § 10.1-603.15:3; 2013, cc. [756](#), [793](#); 2021, Sp. Sess. I, c. [360](#).

**§62.1-44.19:21.1. Sediment credit use by regulated MS4s.**

A. Subject to the conditions and limitations of subsections B, C, and D, an MS4 permittee may acquire and use sediment credits for purposes of compliance with any waste load allocations established by total maximum daily loads for the Chesapeake Bay or its tidal tributaries applied in an MS4 permit issued pursuant to § [62.1-44.15:25](#), where such

credit use is part of an integrated compliance plan for the MS4 permittee to address such nutrient and sediment total maximum daily loads.

B. Such method of compliance may be approved by the Department following review of an integrated compliance plan submitted by the permittee that includes the use of sediment credits. The permittee may use such credits for compliance purposes only if (i) the credits are generated and applied for purposes of compliance for the same calendar year; (ii) the credits are acquired no later than June 1 immediately following the calendar year to which the credits are applied; (iii) no later than June 1 immediately following the calendar year to which credits are applied, the permittee certifies on a form supplied by the Department that he has acquired sufficient credits to satisfy his compliance obligations; (iv) the credits are generated in the same tributary; (v) the sediment credits are not associated with phosphorus credits used for compliance with stormwater nonpoint nutrient runoff water quality criteria established pursuant to § [62.1-44.15:28](#); and (vi) the credits are derived from (a) implementation of best management practices in a defined area outside of an MS4 service area, in which case the necessary baseline sediment reduction for such defined area shall be achieved prior to the permittee's use of additional reductions as credit, or (b) a point source waste load allocation established by the Chesapeake Bay total maximum daily load, in which case the credit is the difference between the waste load allocation specified as an annual mass load and any lower monitored annual mass load that is discharged as certified on a form supplied by the Department.

C. This section shall not be construed to limit or otherwise affect the authority of the Board to establish and enforce more stringent water quality-based effluent limitations in permits where those limitations are necessary to protect local water quality. The exchange or acquisition of credits pursuant to this article shall not affect any requirement to comply with such local water quality-based limitations.

D. The Board may adopt regulations for the purpose of establishing procedures for the certification of nonpoint source sediment credits used pursuant to subsection B. The Board's administration of this section and its adoption of any such regulations shall be consistent wherever appropriate with the standards and procedures established pursuant to § [62.1-44.19:20](#) for certification of nonpoint source nutrient credits, including, without limitation, the opportunity for public notification, the retirement of credits, sediment baseline attainment as a condition on generation and use of nonpoint source sed-

iment credits, financial assurance requirements, and requirements for inspection or auditing by the Department.

E. For the purposes of this section, "sediment credit" means a sediment or total suspended solids reduction that is expressed in pounds delivered to tidal waters within the Chesapeake Bay Watershed.

2016, cc. [8](#), [126](#).

**§62.1-44.19:21.2. Nutrient and sediment credit generation and transfer; public body.**

A. Except as provided in subsection B, the only nonpoint nutrient credits that shall be transferred pursuant to either (i) § [62.1-44.15:35](#) or (ii) subsections B, C, and D of § [62.1-44.19:21](#) are nutrient credits generated by the private sector, including credits generated by the private sector pursuant to an agreement with a public body.

B. Other than for purposes of subsection A of § [62.1-44.19:21](#), nutrient credits or sediment credits generated by a project undertaken by a public body, including a locality, and certified by the Department shall be used only by such public body and only for the purpose of compliance with the provisions of this chapter by such public body's project. For the purposes of this subsection, the term "public body's project" means a project for which the public body is the named permittee and for which no third party conducts any lease, sale, grant, transfer, or use of the project or its nutrient or sediment credits.

C. Any publicly owned treatment works that is permitted under the Watershed General Virginia Pollutant Discharge Elimination System (VPDES) Permit pursuant to § [62.1-44.19:14](#) and is constructing or expanding the treatment works, wastewater collection system, or other facility used for public wastewater utility operations may, as an alternative to acquiring and using certain perpetual nutrient credits pursuant to subsection B of § [62.1-44.19:21](#), permanently retire a portion of its wasteload allocation if (i) notice is given by such applicant to the Department, (ii) a ratio of 10 pounds of nitrogen allocation for each pound of phosphorous allocation retired is also permanently retired and applied toward the land-disturbing project, and (iii) the general permit registration list is modified to reflect the permanent retirement of the wasteload allocation. Except for a water reclamation and reuse project at a treatment works, no more than 10 pounds per year of phosphorous allocation may be applied toward a single project's postconstruction phosphorus control requirement.

D. Nothing in this section shall be construed to prevent any (i) public body, including a locality, from entering into an agreement with a private third party for the development of

a project to generate nonpoint nutrient credits on terms and conditions upon which the public body and private third party agree or (ii) locality from operating a locality pollutant loading pro rata share program for nutrient reductions established pursuant to § [15.2-2243](#).

2020, cc. [1102](#), [1103](#).

**§62.1-44.19:22. Enforcement and penalties.**

A. Transfer of certified nutrient credits by an operator of a nutrient credit-generating entity may be suspended by the Department until such time as the operator comes into compliance with this article and attendant regulations.

B. (Effective until July 1, 2024) Any operator of a nutrient credit-generating entity who violates any provision of this article, or of any regulations adopted hereunder, shall be subject to a civil penalty not to exceed \$10,000 within the discretion of the court. The Department may issue a summons for collection of the civil penalty, and the action may be prosecuted in the appropriate circuit court. When the penalties are assessed by the court as a result of a summons issued by the Department, the court shall direct the penalty to be paid into the state treasury and deposited by the State Treasurer into the Virginia Stormwater Management Fund established pursuant to § [62.1-44.15:29](#).

B. (Effective July 1, 2024) Any operator of a nutrient credit-generating entity who violates any provision of this article, or of any regulations adopted hereunder, shall be subject to a civil penalty not to exceed \$10,000 within the discretion of the court. The Department may issue a summons for collection of the civil penalty, and the action may be prosecuted in the appropriate circuit court. When the penalties are assessed by the court as a result of a summons issued by the Department, the court shall direct the penalty to be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund established pursuant to § [62.1-44.15:29.1](#).

2012, cc. [748](#), [808](#), § 10.1-603.15:4; 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.19:23. Appeals.**

Any person applying to establish a nutrient credit-generating entity or an operator of a nutrient credit-generating entity aggrieved by any action of the Department taken in accordance with this section, or by inaction of the Department, shall have the right to review in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).

2012, cc. [748](#), [808](#), § 10.1-603.15:5; 2013, cc. [756](#), [793](#).

**§62.1-44.20. Right to entry to obtain information, etc.**

Any duly authorized agent of the Board may, at reasonable times and under reasonable circumstances, enter any establishment or upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations necessary in the enforcement of the provisions of this chapter.

Code 1950, § 62.1-34; 1968, c. 659; 1970, c. 638.

**§62.1-44.21. Information to be furnished to Board.**

The Board may require every owner to furnish when requested such plans, specifications, and other pertinent information as may be necessary to determine the effect of the wastes from his discharge on the quality of state waters, or such other information as may be necessary to accomplish the purposes of this chapter. The Board shall not at any time disclose to any person other than appropriate officials of the Environmental Protection Agency pursuant to the requirements of the Federal Water Pollution Control Act Amendments of 1972 (P.L. 92-500) any secret formulae, secret processes, or secret methods other than effluent data used by any owner or under that owner's direction.

Code 1950, § 62.1-35; 1968, c. 659; 1970, c. 638; 1974, c. 237.

**§62.1-44.22. (Effective until July 1, 2024) Private rights not affected.**

The fact that any owner holds or has held a certificate issued under this chapter shall not constitute a defense in any civil action involving private rights.

Code 1950, § 62.1-36; 1968, c. 659; 1970, c. 638.

**§62.1-44.22. (Effective July 1, 2024) Private actions.**

The fact that any owner holds or has held a certificate or land-disturbance approval issued under this chapter shall not constitute a defense in any civil action involving private rights.

Compliance with the provisions of this chapter shall be prima facie evidence in any legal or equitable proceeding for damages caused by erosion or sedimentation that all requirements of law have been met and the complaining party must show negligence in order to recover any damages.

Code 1950, § 62.1-36; 1968, c. 659; 1970, c. 638; 2016, cc. [68](#), [758](#).

**§62.1-44.23. (Effective until July 1, 2024) Enforcement by injunction, etc.**

Any person violating or failing, neglecting or refusing to obey any rule, regulation, order, water quality standard, pretreatment standard, or requirement of or any provision of any

certificate issued by the Board, or by the owner of a publicly owned treatment works issued to an industrial user, or any provisions of this chapter, except as provided by a separate article, may be compelled in a proceeding instituted in any appropriate court by the Board to obey same and to comply therewith by injunction, mandamus or other appropriate remedy.

Code 1950, § 62.1-37; 1952, c. 702; 1968, c. 659; 1970, c. 638; 1977, c. 263; 1988, c. 167; 1990, c. 717; 1994, c. [489](#); 2013, cc. [756](#), [793](#).

**§62.1-44.23. (Effective July 1, 2024) Enforcement by injunction, etc.**

Any person violating or failing, neglecting or refusing to obey any rule, regulation, order, water quality standard, pretreatment standard, approved standard and specification, or requirement of or any provision of any certificate or land-disturbance approval issued by the Board, or by the owner of a publicly owned treatment works issued to an industrial user, or any provisions of this chapter, except as provided by a separate article, may be compelled in a proceeding instituted in any appropriate court by the Board to obey same and to comply therewith by injunction, mandamus or other appropriate remedy.

Code 1950, § 62.1-37; 1952, c. 702; 1968, c. 659; 1970, c. 638; 1977, c. 263; 1988, c. 167; 1990, c. 717; 1994, c. [489](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.23:1. Intervention of Commonwealth in actions involving surface water withdrawals.**

The Board, in representing the public's interest, shall have the authority and standing to intervene as an interested party in any civil action, including actions both within and without the Commonwealth, pertaining to the withdrawal of any of the surface waters of the Commonwealth.

1989, c. 218.

**§62.1-44.24. Testing validity of regulations; judicial review.**

(1) The validity of any regulation may be determined through judicial review in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).

(2) [Repealed.]

(3) An appeal may be taken from the decision of the court to the Court of Appeals as provided by law.

1970, c. 638; 1984, c. 703; 1986, c. 615.

**§62.1-44.25. (Effective until July 1, 2024) Right to hearing.**

Any owner under §§ [62.1-44.16](#), [62.1-44.17](#), and [62.1-44.19](#) aggrieved by any action of the Board taken without a formal hearing, or by inaction of the Board, may demand in writing a formal hearing of such owner's grievance, provided a petition requesting such hearing is filed with the Board. In cases involving actions of the Board, such petition must be filed within thirty days after notice of such action is mailed to such owner by certified mail.

1970, c. 638.

**§62.1-44.25. (Effective July 1, 2024) Right to hearing.**

Any owner under Article 2.3 (§ [62.1-44.15:24](#) et seq.), Article 2.5 (§ [62.1-44.15:67](#) et seq.), or § [62.1-44.16](#), [62.1-44.17](#), or [62.1-44.19](#) aggrieved by any action of the Board taken without a formal hearing, or by inaction of the Board, may demand in writing a formal hearing of such owner's grievance, provided a petition requesting such hearing is filed with the Board. In cases involving actions of the Board, such petition must be filed within 30 days after notice of such action is mailed to such owner by certified mail.

1970, c. 638; 2016, cc. [68](#), [758](#).

**§62.1-44.26. Hearings.**

A. (Effective until July 1, 2024) The formal hearings held under this chapter shall be conducted pursuant to § [2.2-4009](#) or [2.2-4020](#) and may be conducted by the Board itself at a regular or special meeting of the Board, or by at least one member of the Board designated by the chairman to conduct such hearings on behalf of the Board at any other time and place authorized by the Board.

A. (Effective July 1, 2024) The formal hearings held by the Board under this chapter shall be conducted pursuant to § [2.2-4009](#) or [2.2-4020](#) and may be conducted by the Board itself at a regular or special meeting of the Board, or by at least one member of the Board designated by the chairman to conduct such hearings on behalf of the Board at any other time and place authorized by the Board.

B. A verbatim record of the proceedings of such hearings shall be taken and filed with the Board. Depositions may be taken and read as in actions at law.

C. The Board shall have power to issue subpoenas and subpoenas duces tecum, and at the request of any party shall issue such subpoenas. The failure of a witness without legal excuse to appear or to testify or to produce documents shall be acted upon by the Board in the manner prescribed in § [2.2-4022](#). Witnesses who are subpoenaed shall receive the same fees and mileage as in civil actions.

1970, c. 638; 1977, c. 291; 1993, c. 897; 2008, cc. [276](#), [557](#); 2016, cc. [68](#), [758](#).

**§62.1-44.27. Rules of evidence in hearings.**

In all hearings under this chapter:

(1) All relevant and material evidence shall be received, except that (a) the rules relating to privileged communications and privileged topics shall be observed; (b) hearsay evidence shall be received only if the declarant is not readily available as a witness; and (c) secondary evidence of the contents of a document shall be received only if the original is not readily available. In deciding whether a witness or document is readily available, the Board or hearing officer shall balance the importance of the evidence against the difficulty of obtaining it, and the more important the evidence is the more effort should be made to produce the eyewitness or the original document.

(2) All reports of inspectors and subordinates of the Board and other records and documents in the possession of the Board bearing on the case shall be introduced by the Board at the hearing.

(3) Subject to the provisions of subdivision (1) of this section every party shall have the right to cross-examine adverse witnesses and any inspector or subordinate of the Board whose report is in evidence and to submit rebuttal evidence.

(4) The decision of the Board shall be based only on evidence received at the hearing and matters of which a court of record could take judicial notice.

1970, c. 638.

**§62.1-44.28. Decisions of the Board in hearings pursuant to §§ 62.1-44.15 and 62.1-44.25.**

To be valid and operative, the decision by the Board rendered pursuant to hearings under subdivisions (8a), (8b), and (8c) of §§ [62.1-44.15](#) and [62.1-44.25](#) must be reduced to writing and contain the explicit findings of fact and conclusions of law upon which the decision of the Board is based and certified copies thereof must be mailed by certified mail to the parties affected by it.

1970, c. 638.

**§62.1-44.29. (Effective until July 1, 2024) Judicial review.**

Any owner aggrieved by or any person who has participated, in person or by submittal of written comments, in the public comment process related to a final decision of the Board under § [62.1-44.15](#) (5), [62.1-44.15](#) (8a), (8b), and (8c), [62.1-44.15:20](#), [62.1-44.15:21](#),

[62.1-44.15:22](#), [62.1-44.15:23](#), [62.1-44.16](#), [62.1-44.17](#), [62.1-44.19](#), or [62.1-44.25](#), whether such decision is affirmative or negative, is entitled to judicial review thereof in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.) if such person meets the standard for obtaining judicial review of a case or controversy pursuant to Article III of the United States Constitution. A person shall be deemed to meet such standard if (i) such person has suffered an actual or imminent injury which is an invasion of a legally protected interest and which is concrete and particularized; (ii) such injury is fairly traceable to the decision of the Board and not the result of the independent action of some third party not before the court; and (iii) such injury will likely be redressed by a favorable decision by the court.

1970, c. 638; 1986, c. 615; 1996, c. [1032](#); 2000, cc. [1032](#), [1054](#); 2007, c. [659](#).

**§62.1-44.29. (Effective July 1, 2024) Judicial review.**

Any owner aggrieved by or any person who has participated, in person or by submittal of written comments, in the public comment process related to a final decision of the Board under subdivision (5), (8a), (8b), (8c), or (19) of § [62.1-44.15](#) or § [62.1-44.15:20](#), [62.1-44.15:21](#), [62.1-44.15:22](#), [62.1-44.15:23](#), [62.1-44.16](#), [62.1-44.17](#), [62.1-44.19](#), or [62.1-44.25](#), whether such decision is affirmative or negative, is entitled to judicial review thereof in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.) if such person meets the standard for obtaining judicial review of a case or controversy pursuant to Article III of the United States Constitution. A person shall be deemed to meet such standard if (i) such person has suffered an actual or imminent injury which is an invasion of a legally protected interest and which is concrete and particularized; (ii) such injury is fairly traceable to the decision of the Board and not the result of the independent action of some third party not before the court; and (iii) such injury will likely be redressed by a favorable decision by the court.

1970, c. 638; 1986, c. 615; 1996, c. [1032](#); 2000, cc. [1032](#), [1054](#); 2007, c. [659](#); 2016, cc. [68](#), [758](#).

**§62.1-44.30. Appeal to Court of Appeals.**

From the final decision of the circuit court an appeal may be taken to the Court of Appeals as provided in § [17.1-405](#).

1970, c. 638; 1984, c. 703.

**§62.1-44.31. (Effective until July 1, 2024) Violation of special order or certificate or failure to cooperate with Board.**

It shall be unlawful for any owner to fail to comply with any special order adopted by the Board, which has become final under the provisions of this chapter, or to fail to comply with a pretreatment condition incorporated into the permit issued to it by the owner of a publicly owned treatment works or to fail to comply with any pretreatment standard or pretreatment requirement, or to discharge sewage, industrial waste or other waste in violation of any condition contained in a certificate issued by the Board or in excess of the waste covered by such certificate, or to fail or refuse to furnish information, plans, specifications or other data reasonably necessary and pertinent required by the Board under this chapter.

For the purpose of this section, the term "owner" shall mean, in addition to the definition contained in § [62.1-44.3](#), any responsible corporate officer so designated in the applicable discharge permit.

Code 1950, § 62.1-43; 1952, c. 478; 1968, c. 659; 1970, c. 638; 1977, c. 263; 1988, c. 167.

**§62.1-44.31. (Effective July 1, 2024) Violation of order or certificate or failure to cooperate with Board.**

It shall be unlawful for any owner to fail to comply with any order adopted by the Board, which has become final under the provisions of this chapter, or to fail to comply with a pretreatment condition incorporated into the permit issued to it by the owner of a publicly owned treatment works or to fail to comply with any pretreatment standard or pretreatment requirement, or to discharge sewage, industrial waste or other waste in violation of any condition contained in a certificate or land-disturbance approval issued by the Board or in excess of the waste covered by such certificate or land-disturbance approval, or to fail or refuse to furnish information, plans, specifications or other data reasonably necessary and pertinent required by the Board under this chapter.

For the purpose of this section, the term "owner" shall mean, in addition to the definition contained in §§ [62.1-44.3](#) and [62.1-44.15:24](#), any responsible corporate officer so designated in the applicable discharge permit.

Code 1950, § 62.1-43; 1952, c. 478; 1968, c. 659; 1970, c. 638; 1977, c. 263; 1988, c. 167; 2016, cc. [68](#), [758](#).

**§62.1-44.32. (Effective until July 1, 2024) Penalties.**

(a) Except as otherwise provided in this chapter, any person who violates any provision of this chapter, or who fails, neglects, or refuses to comply with any order of the Board, or

order of a court, issued as herein provided, shall be subject to a civil penalty not to exceed \$32,500 for each violation within the discretion of the court. Each day of violation of each requirement shall constitute a separate offense. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund pursuant to Chapter 25 of Title 10.1, excluding penalties assessed for violations of Article 9 (§ [62.1-44.34:8](#) et seq.) or 10 (§ [62.1-44.34:10](#) et seq.) of Chapter 3.1 of Title 62.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles.

Such civil penalties may, in the discretion of the court assessing them, be directed to be paid into the treasury of the county, city, or town in which the violation occurred, to be used for the purpose of abating environmental pollution therein in such manner as the court may, by order, direct, except that where the owner in violation is such county, city or town itself, or its agent, the court shall direct such penalty to be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund pursuant to Chapter 25 of Title 10.1, excluding penalties assessed for violations of Article 9 or 10 of Chapter 3.1 of Title 62.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles.

In the event that a county, city, or town, or its agent, is the owner, such county, city, or town, or its agent, may initiate a civil action against any user or users of a waste water treatment facility to recover that portion of any civil penalty imposed against the owner proximately resulting from the act or acts of such user or users in violation of any applicable federal, state, or local requirements.

(b) Except as otherwise provided in this chapter, any person who willfully or negligently violates any provision of this chapter, any regulation or order of the Board, any condition of a certificate or any order of a court shall be guilty of a misdemeanor punishable by confinement in jail for not more than 12 months and a fine of not less than \$2,500 nor more than \$32,500, either or both. Any person who knowingly violates any provision of this chapter, any regulation or order of the Board, any condition of a certificate or any order of a court issued as herein provided, or who knowingly makes any false statement in any form required to be submitted under this chapter or knowingly renders inaccurate any monitoring device or method required to be maintained under this chapter, shall be guilty of a felony punishable by a term of imprisonment of not less than one year nor more than three years, or in the discretion of the jury or the court trying the case without a jury,

confinement in jail for not more than 12 months and a fine of not less than \$5,000 nor more than \$50,000 for each violation. Any defendant that is not an individual shall, upon conviction of a violation under this subsection, be sentenced to pay a fine of not less than \$10,000. Each day of violation of each requirement shall constitute a separate offense.

(c) Except as otherwise provided in this chapter, any person who knowingly violates any provision of this chapter, and who knows at that time that he thereby places another person in imminent danger of death or serious bodily harm, shall, upon conviction, be guilty of a felony punishable by a term of imprisonment of not less than two years nor more than 15 years and a fine of not more than \$250,000, either or both. A defendant that is not an individual shall, upon conviction of a violation under this subsection, be sentenced to pay a fine not exceeding the greater of \$1 million or an amount that is three times the economic benefit realized by the defendant as a result of the offense. The maximum penalty shall be doubled with respect to both fine and imprisonment for any subsequent conviction of the same person under this subsection.

(d) Criminal prosecution under this section shall be commenced within three years of discovery of the offense, notwithstanding the limitations provided in any other statute.

Code 1950, § 62.1-44; 1968, c. 659; 1970, c. 638; 1974, c. 237; 1977, c. 263; 1980, c. 378; 1981, cc. 582, 596; 1989, c. 627; 1990, cc. 13, 717; 1991, c. 718; 2005, c. [706](#); 2013, cc. [756](#), [793](#).

#### **§62.1-44.32. (Effective July 1, 2024) Penalties.**

(a) Except as otherwise provided in this chapter, any person who violates any provision of this chapter, or who fails, neglects, or refuses to comply with any regulation, certificate, land-disturbance approval, or order of the Board, or order of a court, issued as herein provided, shall be subject to a civil penalty not to exceed \$32,500 for each violation within the discretion of the court. Each day of violation of each requirement shall constitute a separate offense. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund pursuant to Chapter 25 (§ [10.1-2500](#) et seq.) of Title 10.1, excluding penalties assessed for violations of Article 2.3 (§ [62.1-44.15:24](#) et seq.), 2.4 (§ [62.1-44.15:51](#) et seq.), 2.5 (§ [62.1-44.15:67](#) et seq.), 9 (§ [62.1-44.34:8](#) et seq.), or 10 (§ [62.1-44.34:10](#) et seq.) of Chapter 3.1 of Title 62.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles.

Such civil penalties may, in the discretion of the court assessing them, be directed to be paid into the treasury of the county, city, or town in which the violation occurred, to be used for the purpose of abating environmental pollution therein in such manner as the court may, by order, direct, except that where the owner in violation is such county, city, or town itself, or its agent, the court shall direct such penalty to be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund pursuant to Chapter 25 of Title 10.1, excluding penalties assessed for violations of Article 2.3, 2.4, 2.5, 9, or 10 of Chapter 3.1 of Title 62.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles.

In the event that a county, city, or town, or its agent, is the owner, such county, city, or town, or its agent, may initiate a civil action against any user or users of a waste water treatment facility to recover that portion of any civil penalty imposed against the owner proximately resulting from the act or acts of such user or users in violation of any applicable federal, state, or local requirements.

(b) Except as otherwise provided in this chapter, any person who willfully or negligently violates (1) any provision of this chapter, any regulation or order of the Board, or any condition of a certificate or land-disturbance approval of the Board, (2) any land-disturbance approval, ordinance, or order of a locality serving as a Virginia Erosion and Stormwater Management Program authority, or (3) any order of a court shall be guilty of a misdemeanor punishable by confinement in jail for not more than 12 months and a fine of not less than \$2,500 nor more than \$32,500, either or both. Any person who knowingly violates (A) any provision of this chapter, any regulation or order of the Board, or any condition of a certificate or land-disturbance approval of the Board, (B) any land-disturbance approval, ordinance, or order of a locality serving as a Virginia Erosion and Stormwater Management Program authority, or (C) any order of a court issued as herein provided, or who knowingly makes any false statement in any form required to be submitted under this chapter or knowingly renders inaccurate any monitoring device or method required to be maintained under this chapter, shall be guilty of a felony punishable by a term of imprisonment of not less than one year nor more than three years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than 12 months and a fine of not less than \$5,000 nor more than \$50,000 for each violation. Any defendant that is not an individual shall, upon conviction of a violation under this subsection, be sentenced to pay a fine of not less than \$10,000. Each day of violation of each requirement shall constitute a separate offense.

(c) Except as otherwise provided in this chapter, any person who knowingly violates any provision of this chapter, and who knows at that time that he thereby places another person in imminent danger of death or serious bodily harm, shall, upon conviction, be guilty of a felony punishable by a term of imprisonment of not less than two years nor more than 15 years and a fine of not more than \$250,000, either or both. A defendant that is not an individual shall, upon conviction of a violation under this subsection, be sentenced to pay a fine not exceeding the greater of \$1 million or an amount that is three times the economic benefit realized by the defendant as a result of the offense. The maximum penalty shall be doubled with respect to both fine and imprisonment for any subsequent conviction of the same person under this subsection.

(d) Criminal prosecution under this section shall be commenced within three years of discovery of the offense, notwithstanding the limitations provided in any other statute.

Code 1950, § 62.1-44; 1968, c. 659; 1970, c. 638; 1974, c. 237; 1977, c. 263; 1980, c. 378; 1981, cc. 582, 596; 1989, c. 627; 1990, cc. 13, 717; 1991, c. 718; 2005, c. [706](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#).

**§62.1-44.33. Board to adopt regulations; tidal waters no discharge zones.**

A. The State Water Control Board is empowered and directed to adopt all necessary regulations for the purpose of controlling the discharge of sewage and other wastes from both documented and undocumented boats and vessels on all navigable and non-navigable waters within this Commonwealth. No such regulation shall impose restrictions that are more restrictive than the regulations applicable under federal law; provided, however, the Board may adopt such regulations as are reasonably necessary with respect to: (i) vessels regularly berthed in marinas or other places where vessels are moored, in order to limit or avoid the closing of shellfish grounds; and (ii) no discharge zones. Documented and undocumented boats and vessels are prohibited from discharging into the Chesapeake Bay and the tidal portions of its tributaries sewage that has not been treated by a Coast Guard-approved Marine Sanitation Device (MSD Type 1 or Type 2); however, the discharge of treated or untreated sewage by such boats and vessels is prohibited in areas that have been designated as no discharge zones by the United States Environmental Protection Agency. Any discharges, as defined in 9VAC25-71-10, that are incidental to the normal operation of a vessel shall not constitute a violation of this section.

B. The tidal creeks of the Commonwealth are hereby established as no discharge zones for the discharge of sewage and other wastes from documented and undocumented

boats and vessels. Criteria for the establishment of no discharge zones shall be premised on the improvement of impaired tidal creeks. Nothing in this section shall be construed to discourage the proper use of Type 1 and Type 2 Marine Sanitation Devices, as defined under 33 U.S.C. § 1332, in authorized areas other than properly designated no discharge zones. The Board shall adopt regulations for designated no discharge zones requiring (i) boats and vessels without installed toilets to dispose of any collected sewage from portable toilets or other containment devices at marina facilities approved by the Department of Health for collection of sewage wastes, or otherwise dispose of sewage in a manner that complies with state law; (ii) all boats and vessels with installed toilets to have a marine sanitation device to allow sewage holding capacity unless the toilets are rendered inoperable; (iii) all houseboats having installed toilets to have a holding tank with the capability of collecting and holding sewage and disposing of collected sewage at a pump-out facility; if the houseboats lack such tank then the marine sanitation device shall comply with clause (iv); (iv) y-valves, macerator pump valves, discharge conveyances or any other through-hull fitting valves capable of allowing a discharge of sewage from marine sanitation devices shall be secured in the closed position while in a no discharge zone by use of a padlock, nonreleasable wire tie, or removal of the y-valve handle. The method chosen shall present a physical barrier to the use of the y-valve or toilet; and (v) every owner or operator of a marina within a designated no discharge zone to notify boat patrons leasing slips of the sewage discharge restriction in the no discharge zone. As a minimum, notification shall consist of no discharge zone information in the slip rental contract and a sign indicating the area is a designated no discharge zone.

In formulating regulations pursuant to this section, the Board shall consult with the State Department of Health, the Department of Wildlife Resources, and the Marine Resources Commission for the purpose of coordinating such regulations with the activities of such agencies.

For purposes of this section, "no discharge zone" means an area where the Commonwealth has received an affirmative determination from the U.S. Environmental Protection Agency that there are adequate facilities for the removal of sewage from vessels (holding tank pump-out facilities) in accordance with 33 U.S.C. § 1322 (f)(3), and where federal approval has been received allowing a complete prohibition of all treated or untreated discharges of sewage from all vessels.

C. Violation of such regulations and violations of the prohibitions created by this section on the discharge of treated and untreated sewage from documented and undocumented boats and vessels shall, upon conviction, be a Class 1 misdemeanor. Every law-enforcement officer of this Commonwealth and its subdivisions shall have the authority to enforce the regulations adopted under the provisions of this section and to enforce the prohibitions on the discharge of treated and untreated sewage created by this section.

Code 1950, § 62.1-44.1; 1968, c. 659; 1970, c. 638; 1975, c. 204; 1997, c. [502](#); 2001, c. [42](#); 2004, c. [287](#); 2009, c. [337](#); 2011, c. [220](#); 2020, c. [958](#).

**§62.1-44.34. Repealed.**

Repealed by Acts 1978, c. 816.

**§62.1-44.34:1. Repealed.**

Repealed by Acts 1990, c. 917.

**§62.1-44.34:7. Repealed.**

Repealed by Acts 1989, c. 627.

**§62.1-44.34:8. Definitions.**

The following terms as used in this article shall have the meanings ascribed to them:

"Aboveground storage tanks" means any one or combination of tanks, including pipes used to contain an accumulation of oil at atmospheric pressure, and the volume of which, including the volume of the pipes, is more than ninety percent above the surface of the ground. This term does not include (i) line pipe and breakout tanks of an interstate pipeline regulated under the Hazardous Liquid Pipeline Safety Act of 1979 or the Natural Gas Pipeline Safety Act of 1968, as amended, and (ii) flow through process equipment used in processing or treating oil by physical, biological, or chemical means.

"Facility" means any development or installation within the Commonwealth that deals in, stores or handles oil, and includes aboveground storage tanks. This term does not include underground storage tanks or pipelines.

"Oil" means oil of any kind and in any form, including, but not limited to, petroleum and petroleum by-products, fuel oil, lubricating oils, sludge, oil refuse, oil mixed with other wastes, crude oils and all other liquid hydrocarbons regardless of specific gravity.

"Operator of an underground storage tank" means any person in control of, or having responsibility for, the daily operation of the underground storage tank.

"Owner of an underground storage tank" means:

1. In the case of an underground storage tank in use or brought into use on or after November 8, 1984, any person who owns an underground storage tank for the storage, use, or dispensing of regulated substances; and
2. In the case of an underground storage tank in use before November 8, 1984, but no longer in use after that date, any person who owned such tank immediately before the discontinuation of its use.

The term "owner" shall not include any person who, without participating in the management of an underground storage tank or being otherwise engaged in petroleum production, refining, and marketing, holds indicia of ownership primarily to protect the holder's security interest in the tank.

"Person" means an individual, trust, firm, joint stock company, corporation, including a government corporation, partnership, association, any state or agency thereof, municipality, county, town, commission, political subdivision of a state, any interstate body, consortium, joint venture, commercial entity, the government of the United States or any unit or agency thereof.

"Regulated substance" means an element, compound, mixture, solution, or substance that, when released into the environment, may present substantial danger to the public health or welfare, or the environment. The term "regulated substance" includes:

1. Any substance defined in § 101 (14) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, but not any substance regulated as a hazardous waste under Subtitle C of the Resource Conservation and Recovery Act of 1976; or
2. Petroleum, including crude oil or any fraction thereof, which is liquid at standard conditions of temperature and pressure (sixty degrees Fahrenheit and 14.7 pounds per square inch absolute).

"Release" means any spilling, leaking, emitting, discharging, escaping, leaching, or disposing from an underground storage tank or facility into ground water, surface water, or upon lands, subsurface soils or storm drain systems.

"Responsible person" means any person who is an owner or operator of an underground storage tank or an aboveground storage tank at the time a release is reported to the Board.

"Underground storage tank" means any one or combination of tanks, including connecting pipes, used to contain an accumulation of regulated substances, and the volume of which, including the volume of the underground connecting pipes, is ten percent or more beneath the surface of the ground. Exemptions from this definition and regulations promulgated under this article include:

1. Farm or residential tanks having a capacity of 1,100 gallons or less and used for storing motor fuel for noncommercial purposes;
2. Tanks used for storing heating oil for consumption on the premises where stored;
3. Septic tanks;
4. Pipeline facilities, including gathering lines, regulated under: (i) the Natural Gas Pipeline Safety Act of 1968, (ii) the Hazardous Liquid Pipeline Safety Act of 1979, or (iii) any intrastate pipeline facility regulated under state laws comparable to the provisions of law in (i) or (ii) of this subdivision;
5. Surface impoundments, pits, ponds, or lagoons;
6. Storm water or waste water collection systems;
7. Flow-through process tanks;
8. Liquid traps or associated gathering lines directly related to oil or gas production and gathering operations; and
9. Storage tanks situated in an underground area, such as a basement, cellar, mine-working, drift, shaft, or tunnel, if the storage tank is situated upon or above the surface of the floor.

1987, c. 528; 1989, c. 430; 1992, c. 819; 1996, cc. [737](#), [979](#).

#### **§62.1-44.34:9. Powers and duties of Board.**

The Board is responsible for carrying out the provisions of this article and compatible provisions of federal acts and is authorized to:

1. Enforce the interim prohibition provisions in § 9003 (g) of United States Public Law 98-616. Until state underground storage tank standards promulgated by regulation become effective, the Board shall enforce the federal interim standard which prohibits installation of an underground storage tank for the purpose of storing regulated substances unless such tank:

- a. Will prevent releases due to corrosion or structural failure for the operational life of the tank;
  - b. Is cathodically protected against corrosion, constructed of noncorrosive material, or designed in a manner to prevent the release or threatened release of any stored substance; and
  - c. The material used in the construction or lining of the tank is compatible with the substance to be stored.
2. Exercise general supervision and control over underground storage tank activities in this Commonwealth.
  3. Provide technical assistance and advice concerning all aspects of underground storage tank management.
  4. Collect such data and information as may be necessary to conduct the state underground storage tank program.
  5. Apply for such federal funds as may become available under federal acts and transmit such funds to appropriate persons.
  6. Require notification by owners of underground storage tanks in accordance with the provisions of § 9002 of United States Public Law 98-616.
  7. Require notification by owners of property who have actual knowledge of underground storage tanks on such property that were taken out of service before January 1, 1974; however, the civil penalties specified in § 9006 (d) of United States Public Law 98-616 shall not apply to the foregoing notification requirement.
  8. Promulgate such regulations as may be necessary to carry out its powers and duties with regard to underground storage tanks in accordance with applicable federal laws and regulations.
  9. Require the owner or operator of an underground storage tank who is the responsible person for the release to undertake corrective action for any release of petroleum or any other regulated substance when the Board determines that such corrective action will be done properly and promptly by the owner or operator of the underground storage tank from which the release occurs, regardless of when the release occurred; or undertake corrective action for any release of petroleum or any other regulated substance into the environment from an underground storage tank if such action is necessary, in the judgment of the Board, to protect human health and the environment.

10. Seek recovery of costs incurred, excluding moneys expended from the Virginia Petroleum Storage Tank Fund which are governed by § [62.1-44.34:11](#), for undertaking corrective action or enforcement action with respect to the release of a regulated substance from an underground storage tank or oil from a facility.

1987, c. 528; 1989, c. 430; 1992, c. 819; 1993, c. 231; 1996, c. [737](#).

**§62.1-44.34:10. Definitions.**

The following terms as used in this article shall have the meanings ascribed to them:

"Aboveground storage tanks" means any one or combination of tanks, including pipes used to contain an accumulation of oil at atmospheric pressure, and the volume of which, including the volume of the pipes, is more than ninety percent above the surface of the ground. This term does not include (i) line pipe and breakout tanks of an interstate pipeline regulated under the Hazardous Liquid Pipeline Safety Act of 1979 or the Natural Gas Pipeline Safety Act of 1968, as amended, and (ii) flow through process equipment used in processing or treating oil by physical, biological, or chemical means.

"Facility" means any development or installation within the Commonwealth that deals in, stores or handles oil, and includes aboveground storage tanks. This term does not include underground storage tanks or pipelines.

"Fund" means the Virginia Petroleum Storage Tank Fund.

"Oil" means oil of any kind and in any form, including, but not limited to, petroleum and petroleum by-products, fuel oil, lubricating oils, sludge, oil refuse, oil mixed with other wastes, crude oils and all other liquid hydrocarbons regardless of specific gravity.

"Operator of a facility" means any person who owns, operates, rents or otherwise exercises control over or responsibility for a facility.

"Operator of an underground storage tank" means any person in control of, or having responsibility for, the daily operation of the underground storage tank.

"Owner of an underground storage tank" means:

1. In the case of an underground storage tank in use or brought into use on or after November 8, 1984, any person who owns an underground storage tank used for the storage, use or dispensing of regulated substances; and
2. In the case of an underground storage tank in use before November 8, 1984, but no longer in use after that date, any person who owned such tank immediately before the discontinuation of its use.

The term "owner" shall not include any person who, without participating in the management of an underground storage tank or being otherwise engaged in petroleum production, refining, and marketing, holds indicia of ownership primarily to protect the holder's security interest in the tank.

"Person" means an individual, trust, firm, joint stock company, corporation, including a government corporation, partnership, association, any state or agency thereof, municipality, county, town, commission, political subdivision of a state, any interstate body, consortium, joint venture, commercial entity, the government of the United States or any unit or agency thereof.

"Regulated substance" means an element, compound, mixture, solution, or substance that, when released into the environment, may present substantial danger to the public health or welfare, or the environment. The term "regulated substance" includes:

1. Any substance defined in § 101 (14) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, but not any substance regulated as a hazardous waste under Subtitle C of the Resource Conservation and Recovery Act of 1976; or
2. Petroleum, including crude oil or any fraction thereof, which is liquid at standard conditions of temperature and pressure (sixty degrees F and 14.7 pounds per square inch absolute).

"Release" means any spilling, leaking, emitting, discharging, escaping, leaching, or disposing from an underground storage tank or facility into ground water, surface water, or upon lands, subsurface soils or storm drain systems.

"Responsible person" means any person who is an owner or operator of an underground storage tank or an aboveground storage tank at the time the release is reported to the Board.

"Underground storage tank" means any one or combination of tanks, including connecting pipes, used to contain an accumulation of regulated substances, and the volume of which, including the volume of the underground connecting pipes, is ten percent or more beneath the surface of the ground. Exemptions from this definition include:

1. Farm or residential tanks having a capacity of 1,100 gallons or less and used for storing motor fuel for noncommercial purposes;
2. Tanks used for storing heating oil for consumption on the premises where stored;

3. Septic tanks;
4. Pipeline facilities, including gathering lines, regulated under: (i) the Natural Gas Pipeline Safety Act of 1968, (ii) the Hazardous Liquid Pipeline Safety Act of 1979, or (iii) any intrastate pipeline facility regulated under state laws comparable to the provisions of law in (i) or (ii) of this definition;
5. Surface impoundments, pits, ponds, or lagoons;
6. Storm water or waste water collection systems;
7. Flow-through process tanks;
8. Liquid traps or associated gathering lines directly related to oil or gas production and gathering operations; and
9. Storage tanks situated in an underground area, such as a basement, cellar, mine-working, drift, shaft, or tunnel if the storage tank is situated upon or above the surface of the floor.

1987, c. 677; 1989, cc. 430, 627; 1992, c. 819; 1996, cc. [737](#), [979](#).

**§62.1-44.34:11. Virginia Petroleum Storage Tank Fund.**

A. The Virginia Petroleum Storage Tank Fund is hereby established as a nonlapsing revolving fund to be used by the Board for (i) administering the state regulatory programs authorized by Articles 9, 10 and 11 (§ [62.1-44.34:8](#) et seq.) of this chapter, (ii) demonstrating financial responsibility, and (iii) other purposes as provided for by applicable provisions of state and federal law. All expenses, costs, civil penalties, charges and judgments recovered by or on behalf of the Board pursuant to Articles 9, 10 and 11 of this chapter, and all moneys received as reimbursement in accordance with applicable provisions of federal law and all fees collected pursuant to §§ [62.1-44.34:19.1](#) and [62.1-44.34:21](#), shall be deposited into the Fund. Interest earned on the Fund shall be credited to the Fund. No moneys shall be credited to the balance in the Fund until they have been received by the Fund. The Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund.

The Fund shall be administered by the Board consistent with the provisions of Subtitle I of the federal Solid Waste Disposal Act (P.L. 98-616, § 9001 et seq.) and any approved state underground storage tank program and in accordance with the following provisions:

1. The Fund shall be maintained in a separate account. An accounting of moneys received and disbursed shall be kept, and furnished upon request to the Governor or the General Assembly.

2. Disbursements from the Fund may be made only for the following purposes:

a. Reasonable and necessary per occurrence costs incurred for releases reported after December 22, 1989, by the owner or operator who is the responsible person, in taking corrective action for any release of petroleum into the environment from an underground storage tank which are in excess of the per occurrence financial responsibility requirement imposed in subsection B of § [62.1-44.34:12](#), up to \$1 million.

b. Reasonable and necessary per occurrence costs incurred for releases reported after December 22, 1989, by the owner or operator who is the responsible person for compensating third parties, including payment of judgments for bodily injury and property damage caused by the release of petroleum into the environment from an underground storage tank, which are in excess of the per occurrence financial responsibility requirement imposed by subsection B of § [62.1-44.34:12](#), up to \$1 million. The reasonableness and necessity of costs shall be determined based upon documented or actual damage, loss in value, and other relevant factors. Disbursements for third party claims shall be subordinate to disbursements for the corrective action costs in subdivision A 2 a of this section. Compensation for bodily injury and property damage shall be paid only in accordance with final court orders in cases which have been tried to final judgment no longer (i) subject to appeal, (ii) in accordance with final arbitration awards not subject to appeal, or (iii) where the Board approved the settlement of claim between the owner or operator and the third-party prior to execution by the parties.

c. Reasonable and necessary per occurrence costs incurred by an operator whose net annual profits from all facilities do not exceed \$10 million for containment and cleanup of a release from a facility of a product subject to § [62.1-44.34:13](#) as follows: (i) for an operator of a facility with a storage capacity less than 25,000 gallons, per occurrence costs in excess of \$2,500 up to \$1 million; (ii) for an operator of a facility with a storage capacity from 25,000 gallons to 100,000 gallons, per occurrence costs in excess of \$5,000 up to \$1 million; (iii) for an operator of a facility with a storage capacity from 100,000 gallons to four million gallons, per occurrence costs in excess of \$.05 per gallon of aboveground storage capacity up to \$1 million; and (iv) for an operator of a facility with a storage capacity greater than four million gallons, per occurrence costs in excess of \$200,000 up to \$1 million. For purposes of this subdivision (2 c), the per occurrence financial

responsibility requirements for an operator shall be based on the total storage capacity for the facility from which the discharge occurs.

d. Reasonable and necessary per occurrence costs incurred by an operator whose net annual profits from all facilities exceed \$10 million for containment and cleanup of a release from a facility of a product subject to § [62.1-44.34:13](#) as follows: (i) for an operator of a facility with a storage capacity less than four million gallons, per occurrence costs in excess of \$200,000 up to \$1 million; (ii) for an operator of a facility with a storage capacity from four million gallons to 20 million gallons, per occurrence costs in excess of \$.05 per gallon of aboveground storage capacity up to \$1 million; and (iii) an operator of a facility with a storage capacity greater than 20 million gallons shall have no access to the Fund. For purposes of this subdivision, the per occurrence financial responsibility requirements for an operator shall be based on the total storage capacity for all facilities located within the Commonwealth.

e. Costs incurred by the Board in taking immediate corrective action to contain or mitigate the effects of any release of petroleum into the environment from an underground storage tank or from underground storage tanks exempted in subdivisions 1 and 2 of the definition of underground storage tank in § [62.1-44.34:10](#), if such action is necessary, in the judgment of the Board, to protect human health and the environment.

f. Costs of corrective action up to \$1 million for any release of petroleum into the environment from underground storage tanks or from underground storage tanks exempted in subdivisions 1 and 2 of the definition of underground storage tank in § [62.1-44.34:10](#) (i) whose owner or operator cannot be determined by the Board within 90 days; or (ii) whose owner or operator is incapable, in the judgment of the Board, of carrying out such corrective action properly.

g. Costs of corrective action incurred by the Board for any release of petroleum into the environment from underground storage tanks which are otherwise specifically listed in exemptions 1 through 9 of the definition of an underground storage tank in § [62.1-44.34:10](#).

h. Reasonable and necessary per occurrence costs of corrective action incurred for releases reported after December 22, 1989, by the owner or operator in excess of \$500 up to \$1 million for any release of petroleum into the environment from an underground storage tank exempted in subdivisions 1 and 2 of the definition of an underground storage tank in § [62.1-44.34:10](#) and aboveground storage tanks with a capacity of 5,000 gallons or less used for storing heating oil for consumption on the premises where stored.

- i. The "cost share" of corrective action with respect to any release of petroleum into the environment from underground storage tanks undertaken under a cooperative agreement with the Administrator of the United States Environmental Protection Agency, as determined by the Administrator of the United States Environmental Protection Agency in accordance with the provisions of § 9003 (h) (7) (B) of the United States Public Law 98-616 (as amended in 1986 by United States Public Law 99-662).
- j. Administrative costs incurred by the Board in carrying out the provisions of regulatory programs authorized by Articles 9, 10, and 11 (§ [62.1-44.34:8](#) et seq.) of this chapter.
- k. All costs and expenses, including but not limited to personnel, administrative, and equipment costs and expenses, directly incurred by the Board or by any other state agency acting at the direction of the Board, in and for the abatement, containment, removal and disposal of oil pursuant to Article 11 (§ [62.1-44.34:14](#) et seq.) of Chapter 3.1 of this title.
- l. Procurement, maintenance and replenishment of materials, equipment and supplies, in such quantities and at such locations as the Board may deem necessary, for the abatement, containment, removal and disposal of oil pursuant to Article 11 (§ [62.1-44.34:14](#) et seq.) of Chapter 3.1 of this title.
- m. Costs and expenses, incurred by the Board or by any other state agency, acting at the direction of the Board, for the protection, cleanup and rehabilitation of waterfowl, wildlife, shellfish beds and other natural resources, damaged or threatened by the discharge of oil, owned by the Commonwealth or held in trust by the Commonwealth for the benefit of its citizens.
- n. Refund of cash deposits held in escrow pursuant to Article 11 (§ [62.1-44.34:14](#) et seq.) of Chapter 3.1 of this title and reasonable interest thereon, and refunds of fees collected pursuant to § [62.1-44.34:21](#) as authorized by this chapter.
- o. Administrative costs incurred by the Department of Motor Vehicles in the collection of fees specified in § [62.1-44.34:13](#).
- p. Reasonable and necessary costs incurred by the Virginia Department of Transportation in taking corrective action on property acquired for transportation purposes. If the costs of taking corrective action are recovered, in whole or in part, from any responsible party, the recovery shall be deposited to the Fund.
- q. Reasonable and necessary per occurrence costs for releases reported after December 22, 1989, in taking corrective action for any release of petroleum into the

environment from an underground storage tank, which are in excess of \$5,000 up to \$1 million, by any person who, without participating in the management of an underground storage tank or being otherwise engaged in petroleum production, refining, and marketing, holds indicia of ownership primarily to protect the holder's security interest in the tank.

3. No funds shall be paid for reimbursement of costs incurred for corrective action taken prior to December 22, 1989, by an owner or operator of an underground storage tank, or an owner of an underground storage tank exempted in subdivisions 1 and 2 of the definition of an underground storage tank in § [62.1-44.34:10](#), or an owner of an aboveground storage tank with a capacity of 5,000 gallons or less used for storing heating oil for consumption on the premises where stored.

4. No funds shall be paid for reimbursement of costs incurred prior to January 1, 1992, by an operator of a facility for containment and cleanup of a release from a facility of a product subject to § [62.1-44.34:13](#).

5. No funds shall be paid for reimbursement of moneys expended for payment of interest or other finance charges on loans which were used for corrective action or containment and cleanup of a release by a person in subdivisions A 3 or A 4 of this section, except for an owner or operator which is exempt from taxation under § 501 (c) (3) of the Internal Revenue Code, provided that: (i) the loan moneys have been paid for corrective action that was pre-approved by the Board, (ii) any and all disbursements received from the Fund shall be paid against the loan or for interest and points, and (iii) the payment of interest and points under this subdivision shall be limited to five years from the date the release is reported to the Board. The Board may extend the period for payment of interest and points if, in the judgment of the Board, such action is necessary. The restrictions imposed in clauses (i), (ii) and (iii) shall not apply to loans made prior to June 1, 1992, to an owner or operator exempt from taxation under § 501 (c) (3) of the Internal Revenue Code.

6. No funds shall be paid for penalties, charges or fines imposed pursuant to any applicable local, state or federal law.

7. No funds shall be paid for containment and cleanup costs that are reimbursed or are reimbursable from other applicable state or federal programs.

8. No funds shall be paid if the operator of the facility has not complied with applicable statutes or regulations governing reporting, prevention, containment and cleanup of a discharge of oil.

9. No funds shall be paid if the owner or operator of an underground storage tank or the operator of an aboveground storage tank facility fails to report a release of petroleum or a discharge of oil to the Board as required by applicable statutes, laws or regulations.

10. No funds shall be paid from the Fund unless a reimbursement claim has been filed with the Board within two years from the date the Board issues a site remediation closure letter for that release or July 1, 2000, whichever date is later.

11. The Fund balance shall be maintained at a level sufficient to ensure that the Fund can serve as a financial responsibility demonstration mechanism for the owners and operators of underground storage tanks. Any disbursements made by the Board pursuant to subdivision 2 of this subsection may be temporarily reduced or delayed, in whole or in part, if such action is necessary, in the judgment of the Board, to maintain the Fund balance.

B. The Board shall seek recovery of moneys expended from the Fund for corrective action under this section where the owner or operator of an underground storage tank has violated substantive environmental protection rules and regulations pertaining to underground storage tanks which have been promulgated by the Board.

C. For costs incurred for corrective action as authorized in subdivision A 2 e of this section, the Board shall seek recovery of moneys from the owner or operator of an underground storage tank up to the minimum financial responsibility requirement imposed on the owner or operator in subsection B of § [62.1-44.34:12](#) if any, or seek recovery of such costs incurred from any available federal government funds.

D. For costs incurred for corrective action taken resulting from a release from underground storage tanks specified in subdivision A 2 f of this section, the Board shall seek recovery of moneys from the owner or operator up to the minimum financial responsibility requirement imposed on the owner or operator in subsection B of § [62.1-44.34:12](#) if any, or seek recovery of such costs incurred from any available federal government funds.

E. The Board shall seek recovery of moneys expended from the Fund for costs incurred for corrective action as authorized in subdivision A 2 g of this section or seek recovery of such costs incurred from any available federal government funds. However, the Board shall not seek recovery of moneys expended from the Fund for costs of corrective action

in excess of \$500 from the owner or operator of an underground tank exempted in subdivisions 1 and 2 of the definition of underground storage tank in § [62.1-44.34:10](#) and aboveground storage tanks with a capacity of 5,000 gallons or less used for storing heating oil for consumption on the premises where stored.

F. The Board shall have the right of subrogation for moneys expended from the Fund as compensation for personal injury, death or property damage against any person who is liable for such injury, death or damage.

G. The Board shall promptly initiate an action to recover all costs and expenses incurred by the Commonwealth for investigation, containment and cleanup of a discharge of oil or threat of discharge against any person liable for a discharge of oil as specified in Article 11 (§ [62.1-44.34:14](#) et seq.) of Chapter 3.1 of this title; however, the Board shall seek recovery from an operator of expenditures from the Fund only in the amount by which such expenditures exceed the amount authorized to be disbursed to the operator under subdivisions A 2 through A 8 of this section.

1987, c. 677; 1989, cc. 430, 627; 1990, cc. 580, 581, 582, 917; 1992, cc. 456, 819; 1993, cc. 20, 375; 1994, cc. [196](#), [535](#); 1996, cc. [737](#), [979](#); 1998, c. [87](#); 2004, c. [485](#).

**§62.1-44.34:12. Financial responsibility.**

A. The Board shall adopt regulations that conform to the federal financial responsibility requirements of 42 U.S.C. § 6991b (d) and any regulations adopted thereunder. Owners and operators of underground storage tanks shall annually demonstrate and maintain evidence of financial responsibility for taking corrective action and for compensating third parties for bodily injury and property damage in accordance with regulations adopted by the Board. Financial responsibility established in accordance with regulations adopted by the Board may be demonstrated by any combination of the following mechanisms: insurance, guarantee, surety bond, letter of credit, irrevocable trust fund, qualification as a self-insurer, or the Fund. The Fund may be used as a mechanism to demonstrate the portion of the federal financial responsibility requirements that are in excess of the state financial responsibility requirements contained in subsection B.

B. State requirements for owners and operators of underground storage tanks for maintaining evidence of financial responsibility for taking corrective action and for compensating third parties for bodily injury and property damage shall be as follows:

1. Owners and operators with 600,000 gallons or less of petroleum pumped on an annual basis into all underground storage tanks owned or operated, \$5,000 per

occurrence for taking corrective action and \$15,000 per occurrence for compensating third parties, with an annual aggregate of \$20,000;

2. Owners and operators with between 600,001 to 1,200,000 gallons of petroleum pumped on an annual basis into all underground storage tanks owned or operated, \$10,000 per occurrence for taking corrective action and \$30,000 per occurrence for compensating third parties, with an annual aggregate of \$40,000;

3. Owners and operators with between 1,200,001 to 1,800,000 gallons of petroleum pumped on an annual basis into all underground storage tanks owned or operated, \$20,000 per occurrence for taking corrective action and \$60,000 per occurrence for compensating third parties, with an annual aggregate of \$80,000;

4. Owners and operators with between 1,800,001 to 2,400,000 gallons of petroleum pumped on an annual basis into all underground storage tanks owned or operated, \$30,000 per occurrence for taking corrective action and \$120,000 per occurrence for compensating third parties, with an annual aggregate of \$150,000;

5. Owners and operators with in excess of 2,400,000 gallons of petroleum pumped on an annual basis into all underground storage tanks owned or operated, \$50,000 per occurrence for taking corrective action and \$150,000 per occurrence for compensating third parties, with an annual aggregate of \$200,000; and

6. Other owners and operators, \$50,000 per occurrence for taking corrective action and \$150,000 per occurrence for compensating third parties, with an annual aggregate of \$200,000.

C. Any claim arising out of conduct for which evidence of financial responsibility must be provided under this section may be asserted directly against the person guaranteeing or providing evidence of financial responsibility. In such a case, the person against whom the claim is made shall be entitled to invoke all rights and defenses which would have been available to the owner or operator had such action been brought directly against the owner or operator.

This section shall not limit any other state or federal statutory, contractual, or common law liability of the guarantor for bad faith in negotiating or in failing to negotiate the settlement of any claim. This section does not diminish the liability of any person under § 107 or § 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, or other applicable law.

The Board shall adopt regulations specifying compliance dates for the demonstration of financial responsibility required by this section, in accordance with the compliance dates established in federal regulations by the United States Environmental Protection Agency.

D. Owners and operators of underground storage tanks who are unable to demonstrate financial responsibility in the minimum amounts specified in subsection B, and operators of facilities who are unable to demonstrate financial responsibility in amounts established pursuant to subsection D of § [62.1-44.34:16](#), may establish an insurance pool in order to demonstrate such financial responsibility. Any contract establishing such an insurance pool shall provide:

1. For election by pool members of a governing authority for the pool, which may be a board of directors, a majority of whom shall be elected or appointed officials of pool members.
2. A financial plan setting forth in general terms:
  - a. The insurance coverages to be offered by the insurance pool, applicable deductible levels, and the maximum level of claims which the pool will self-insure;
  - b. The amount of cash reserves to be set aside for the payment of claims;
  - c. The amount of insurance to be purchased by the pool to provide coverage over and above the claims which are not to be satisfied directly from the pool's resources; and
  - d. The amount, if any, of aggregate excess insurance coverage to be purchased and maintained in the event that the insurance pool's resources are exhausted in a given fiscal period.
3. A plan of management which provides for all of the following:
  - a. The means of establishing the governing authority of the pool;
  - b. The responsibility of the governing authority for fixing contributions to the pool, maintaining reserves, levying and collecting assessments for deficiencies, disposing of surpluses, and administration of the pool in the event of termination or insolvency;
  - c. The basis upon which new members may be admitted to, and existing members may leave, the pool;
  - d. The identification of funds and reserves by exposure areas; and
  - e. Such other provisions as are necessary or desirable for the operation of the pool.

E. The formation and operation of an insurance pool under this section shall be subject to approval by the State Corporation Commission which may, after notice and hearing, establish reasonable requirements and regulations for the approval and monitoring of such pools, including prior approval of pool administrators and provisions for periodic examinations of financial condition.

The State Corporation Commission may disapprove an application for the formation of an insurance pool, and may suspend or withdraw such approval whenever it finds that such applicant or pool:

1. Has refused to submit its books, papers, accounts, or affairs to the reasonable inspection of the Commission or its representative;
2. Has refused, or its officers or agents have refused, to furnish satisfactory evidence of its financial and business standing or solvency;
3. Is insolvent, or is in such condition that its further transaction of business in this Commonwealth is hazardous to its members and creditors in this Commonwealth, and to the public;
4. Has refused or neglected to pay a valid final judgment against it within sixty days after its rendition;
5. Has violated any law of this Commonwealth or has violated or exceeded the powers granted by its members;
6. Has failed to pay any fees, taxes or charges imposed in this Commonwealth within sixty days after they are due and payable, or within sixty days after final disposition of any legal contest with respect to liability therefor; or
7. Has been found insolvent by a court of any other state, or by the Insurance Commissioner or other proper officer or agency of any other state, and has been prohibited from doing business in such state.

1987, c. 677; 1989, c. 627; 1990, c. 581; 1992, c. 819; 1993, c. 375; 1996, c. [737](#); 1998, c. [87](#).

**§62.1-44.34:13. Levy of fee for Fund maintenance.**

A. In order to generate revenue for the Fund and to make the Fund available to owners and operators of underground storage tanks and to owners and operators of above-ground storage tanks, there shall be imposed a fee of one-fifth of one cent on each gallon of the following fuels sold and delivered or used in the Commonwealth: gasoline,

aviation gasoline, diesel fuel (including dyed diesel fuel), blended fuel, and heating oil, as such terms are defined in § [58.1-2201](#); however, such fee shall not be imposed on (i) gasoline, aviation gasoline, diesel fuel (including dyed diesel fuel), blended fuel, and heating oil sold and delivered to the United States or its departments, agencies and instrumentalities for the exclusive use by the United States or its departments, agencies and instrumentalities, (ii) alternative fuel as defined in § [58.1-2201](#), or (iii) aviation jet fuel as defined in § [58.1-2201](#).

B. The fee shall be remitted to the Department of Motor Vehicles in the same manner and subject to the same provisions specified in Chapter 22 (§ [58.1-2200](#) et seq.) of Title 58.1, except § [58.1-2236](#) shall not apply.

C. Any person who purchases gasoline, aviation gasoline, diesel fuel (including dyed diesel fuel), blended fuel, or heating oil upon which the fee imposed by this article has been paid shall be entitled to a refund for the amount of the fee paid if such person subsequently transports and delivers such fuel to another state, district or country for sale or use outside the Commonwealth. The application for refund shall be accompanied by a paid ticket or invoice covering the sales of such fuel and shall be filed with the Commissioner of the Department of Motor Vehicles within one year of the date of payment of the fee for which the refund is claimed. A refund shall not be granted pursuant to this article on any fuel which is transported and delivered outside the Commonwealth in the fuel supply tank of a highway vehicle or aircraft.

D. To maintain the Fund at an appropriate operating level, the Commissioner of the Department of Motor Vehicles shall increase the fee to three-fifths of one cent when notified by the Comptroller that the Fund has been or is likely in the near future to be reduced below three million dollars, exclusive of fees collected pursuant to § [62.1-44.34:21](#), and he shall reinstitute the one-fifth of one cent fee when the Comptroller notifies him that the Fund has been restored to twelve million dollars exclusive of fees collected pursuant to § [62.1-44.34:21](#).

E. The Comptroller shall report to the Commissioner quarterly regarding the Fund expenditures and Fund total for the preceding quarter.

F. Revenues from such fees, less refunds and administrative expenses, shall be deposited in the Fund and used for the purposes set forth in this article.

1989, c. 627; 1992, c. 819; 1993, c. 422; 1995, c. [664](#); 1996, c. [737](#); 1998, c. [87](#); 1999, cc. [119](#), [124](#); 2000, cc. [729](#), [758](#).

**§62.1-44.34:14. Definitions.**

As used in this article unless the context requires a different meaning:

"Aboveground storage tank" means any one or combination of tanks, including pipes, used to contain an accumulation of oil at atmospheric pressure, and the volume of which, including the volume of the pipes, is more than ninety percent above the surface of the ground. This term does not include line pipe and breakout tanks of an interstate pipeline regulated under the Hazardous Liquid Pipeline Safety Act of 1979 or the Natural Gas Pipeline Safety Act of 1968, as amended.

"Containment and cleanup" means abatement, containment, removal and disposal of oil and, to the extent possible, the restoration of the environment to its existing state prior to an oil discharge.

"Discharge" means any spilling, leaking, pumping, pouring, emitting, emptying or dumping.

"Facility" means any development or installation within the Commonwealth that deals in, stores or handles oil, and includes a pipeline.

"Oil" means oil of any kind and in any form, including, but not limited to, petroleum and petroleum by-products, fuel oil, lubricating oils, sludge, oil refuse, oil mixed with other wastes, crude oils and all other liquid hydrocarbons regardless of specific gravity.

"Operator" means any person who owns, operates, charters, rents or otherwise exercises control over or responsibility for a facility or a vehicle or vessel.

"Person" means any firm, corporation, association or partnership, one or more individuals, or any governmental unit or agency thereof.

"Pipeline" means all new and existing pipe, rights-of-way, and any equipment, facility, or building used in the transportation of oil, including, but not limited to, line pipe, valves and other appurtenances connected to line pipe, pumping units, fabricated assemblies associated with pumping units, metering and delivery stations and fabricated assemblies therein, and breakout tanks.

"Tank" means a device designed to contain an accumulation of oil and constructed of nonearthen materials, such as concrete, steel or plastic, which provide structural support. This term does not include flow-through process tanks as defined in 40 CFR Part 280.

"Tank vessel" means any vessel used in the transportation of oil as cargo.

"Vehicle" means any motor vehicle, rolling stock or other artificial contrivance for transport whether self-propelled or otherwise, except vessels.

"Vessel" includes every description of watercraft or other contrivance used as a means of transporting on water, whether self-propelled or otherwise, and shall include barges and tugs.

1973, c. 417; 1976, c. 51; 1978, c. 816; 1990, c. 917; 1992, c. 456; 1994, c. [277](#); 1996, c. [737](#).

**§62.1-44.34:15. Oil discharge contingency plans.**

A. No operator shall cause or permit the operation of a facility in the Commonwealth unless an oil discharge contingency plan applicable to the facility has been filed with and approved by the Board. No operator shall cause or permit a tank vessel to transport or transfer oil in state waters unless an oil discharge contingency plan applicable to the tank vessel has been filed with and approved by the Board or a vessel response plan applicable to the tank vessel and approved by the U.S. Coast Guard, pursuant to § 4202 of the federal Oil Pollution Act of 1990.

B. Application for approval of an oil discharge contingency plan shall be made to the Board and shall be accompanied by plans, specifications, maps and such other relevant information as may be required, in scope and detail satisfactory to the Board. An oil discharge contingency plan must conform to the requirements and standards determined by the Board to be necessary to ensure that the applicant can take such steps as are necessary to protect environmentally sensitive areas, to respond to the threat of an oil discharge, and to contain, clean up and mitigate an oil discharge within the shortest feasible time. Each such plan shall provide for the use of the best available technology at the time the plan is submitted for approval. The applicant shall notify the Board immediately of any significant change in the operation or capacity of or the type of product dealt in, stored, handled, transported or transferred in or by any facility or vessel covered by the plan that will necessitate a change in the plan and shall update the plan periodically as required by the Board, but in no event more frequently than once every 36 months. The Board, on a finding of need, may require an oil discharge exercise designed to demonstrate the facility's or vessel's ability to implement its oil discharge contingency plan either before or after the plan is approved.

C. The Board, after notice and opportunity for a conference pursuant to § [2.2-4019](#), may modify its approval of an oil discharge contingency plan if it determines that:

1. A change has occurred in the operation of any facility or vessel covered by the plan that necessitates an amended or supplemented plan;
2. The facility's or vessel's discharge experience or its inability to implement its plan in an oil discharge exercise demonstrates a necessity for modification; or
3. There has been a significant change in the best available technology since the plan was approved.

D. The Board, after notice and opportunity for hearing, may revoke its approval of an oil discharge contingency plan if it determines that:

1. Approval was obtained by fraud or misrepresentation;
2. The plan cannot be implemented as approved; or
3. A term or condition of approval has been violated.

1990, c. 917; 2004, c. [276](#).

**§62.1-44.34:15.1. Regulations for aboveground storage tanks.**

The Board shall adopt regulations and develop procedures necessary to prevent pollution of state waters, lands, or storm drain systems from the discharge of oil from new and existing aboveground storage tanks. These regulations shall be developed in substantial conformity with the current codes and standards recommended by the National Fire Protection Association. To the extent that they are consistent with the Board's program, the Board shall incorporate accepted industry practices contained in the American Petroleum Institute publications and other accepted industry standards when developing the regulations contemplated by this section. The regulations shall provide the following:

1. For existing aboveground storage tanks at facilities with an aggregate capacity of one million gallons or greater:
  - a. To prevent leaks from aboveground storage tanks, requirements for inventory control, testing for significant inventory variations (e.g., test procedures in accordance with accepted industry practices, where feasible, and approved by the Board) and formal tank inspections every five years in accordance with accepted industry practices and procedures approved by the Board. Initial testing shall be on a schedule approved by the Board. Aboveground storage tanks totally off ground with all associated piping off ground, aboveground storage tanks with a capacity of 5,000 gallons or less located within a building or structure designed to fully contain a discharge of oil, and aboveground storage tanks containing No. 5 or No. 6 fuel oil for consumption on the premises

where stored shall not be subject to inventory control and testing for significant variations. In accordance with subdivision 6, the Board shall promulgate regulations which provide for variances from inventory control and testing for significant variation for (i) aboveground storage tanks with Release Prevention Barriers (RPBs) with all associated piping off ground, (ii) aboveground storage tanks with a de minimis capacity (12,000 gallons or less), and (iii) other categories of aboveground storage tanks, including those located within a building or structure, as deemed appropriate;

b. To prevent overfills, requirements for safe fill and shut down procedures, including an audible staged alarm with immediate and controlled shut down procedures, or equivalent measures established by the Board;

c. To prevent leaks from piping, requirements for cathodic protection, and pressure testing to be conducted at least once every five years, or equivalent measures established by the Board;

d. To prevent and identify leaks from any source, requirements (i) for a visual inspection of the facility each day of normal operations and a weekly inspection of the facility with a checklist approved by the Board, performed by a person certified or trained by the operator in accordance with Board requirements, (ii) for monthly gauging and inspection of all ground water monitoring wells located at the facility, and monitoring of the well head space for the presence of vapors indicating the presence of petroleum, and (iii) for quarterly sampling and laboratory analysis of the fluids present in each such monitoring well to determine the presence of petroleum or petroleum by-product contamination; and

e. To ensure proper training of individuals conducting inspections, requirements for proper certification or training by operators relative to aboveground storage tanks.

2. For existing aboveground storage tanks at facilities with an aggregate capacity of less than one million gallons but more than 25,000 gallons:

a. To prevent leaks from aboveground storage tanks, requirements for inventory control and testing for significant inventory variations (e.g., test procedures in accordance with accepted industry practices, where feasible, and approved by the Board). Initial testing shall be on a schedule approved by the Board. Aboveground storage tanks totally off ground with all associated piping off ground, aboveground storage tanks with a capacity of 5,000 gallons or less located within a building or structure designed to fully contain a discharge of oil, and aboveground storage tanks containing No. 5 or No. 6 fuel oil for consumption on the premises where stored shall not be subject to inventory control and

testing for significant variations. In accordance with subdivision 6, the Board shall promulgate regulations which provide for variances from inventory control and testing for significant variation for (i) aboveground storage tanks with Release Prevention Barriers (RPBs) with all associated piping off ground, (ii) aboveground storage tanks with a de minimis capacity (12,000 gallons or less), and (iii) other categories of aboveground storage tanks, including those located within a building or structure, as deemed appropriate;

b. To prevent overfills, requirements for safe fill and shut down procedures;

c. To prevent leaks from piping, requirements for pressure testing to be conducted at least once every five years or equivalent measures established by the Board; and

d. To prevent and identify leaks from any source, requirements for a visual inspection of the facility each day of normal operations and a weekly inspection of the facility with a checklist approved by the Board, performed by a person certified or trained by the operator in accordance with Board requirements developed in accordance with subdivision 1.

3. For aboveground storage tanks existing prior to the effective date of the regulations required by this section, when the results of a tank inspection indicate the need for replacement of the tank bottom, the operator of a facility shall install a release prevention barrier (RPB) capable of: (i) preventing the release of the oil and (ii) containing or channeling the oil for leak detection. The decision to replace an existing tank bottom shall be based on the criteria established by regulations pursuant to this section.

4. For aboveground storage tanks at facilities with an aggregate capacity of one million gallons or greater existing prior to January 29, 1992, and located in the City of Fairfax, the Board shall establish performance standards for operators to bring aboveground storage tanks into substantial conformance with regulations adopted in accordance with subdivision 5. Operators shall meet such performance standards no later than July 1, 2021.

5. The Board shall establish performance standards for aboveground storage tanks installed, retrofitted or brought into use after the effective date of the regulations promulgated pursuant to this subsection that incorporate all technologies designed to prevent oil discharges that have been proven in accordance with accepted industry practices and shown to be cost-effective.

6. The Board shall establish criteria for granting variances from the requirements of the regulations promulgated pursuant to this section (i) on a case-by-case basis and (ii) by regulation for categories of aboveground storage tanks, except that the Board shall not

grant a variance that would result in an unreasonable risk to the public health or the environment. Variances by regulation shall be based on relevant factors such as tank size, use, and location. Within 30 days after the grant of a variance for a facility, the Board shall send written notification of the variance to the chief administrative officer of the locality in which the facility is located.

1992, c. 456; 1993, c. 353; 1994, c. [277](#); 1996, c. [737](#); 2011, cc. [883](#), [884](#).

**§62.1-44.34:16. Financial responsibility for vessels and facilities.**

A. The operator of any tank vessel entering upon state waters shall have a Certificate of Financial Responsibility approved by the U.S. Coast Guard pursuant to § 4202 of the federal Oil Pollution Act of 1990 or shall deposit with the Board cash or its equivalent in the amount of \$500 per gross ton of such vessel. Any such cash deposits received by the Board shall be held in escrow in the Virginia Petroleum Storage Tank Fund.

B. If the Board determines that oil has been discharged in violation of this article or that there has been a substantial threat of such discharge from a vessel for which a cash deposit has been made, any amount held in escrow may be used to pay any fines, penalties or damages imposed under this chapter.

C. The Board shall exempt an operator of a tank vessel from the cash deposit requirements specified in this section if the operator of the tank vessel provides evidence of financial responsibility pursuant to the terms and conditions of this subsection. The Board shall adopt requirements for operators of tank vessels for maintaining evidence of financial responsibility in an amount equivalent to the cash deposit which would be required for such tank vessel pursuant to this section.

D. The Board is authorized to promulgate regulations requiring operators of facilities to demonstrate financial responsibility sufficient to comply with the requirements of this article as a condition of operation. Operators of facilities shall demonstrate financial responsibility based on the total storage capacity of all facilities operated within the Commonwealth. Regulations governing the amount of any financial responsibility required shall take into consideration the type, oil storage or handling capacity and location of a facility, the risk of a discharge of oil at that type of facility in the Commonwealth, the potential damage or injury to state waters or the impairment of their beneficial use that may result from a discharge at that type of facility, the potential cost of containment and cleanup at that type of facility, and the nature and degree of injury or interference with general health, welfare and property that may result from a discharge at that type of facility. In no instance shall the financial responsibility requirements for facilities exceed \$.05

per gallon of aboveground storage capacity or \$5 million for a pipeline. In no instance shall any financial test of self-insurance require the operator of a facility to demonstrate more than \$1 of net worth for each dollar of required financial responsibility. If such net worth does not equal the required financial responsibility, then the operator shall demonstrate the minimum required amount by a combination of financial responsibility mechanisms in accordance with subsection E of this section. No governmental agency shall be required to comply with any such regulations.

E. Financial responsibility may be demonstrated by self-insurance, insurance, guaranty or surety, or any other method approved by the Board, or any combination thereof, under the terms the Board may prescribe. To obtain an exemption from the cash deposit requirements under this section: the operator of a tank vessel and insurer, guarantor or surety shall appoint an agent for service of process in the Commonwealth; any insurer must be authorized by the Commonwealth to engage in the insurance business; and any instrument of insurance, guaranty or surety must provide that actions may be brought on such instrument of insurance, guaranty or surety directly against the insurer, guarantor or surety for any violation of this chapter by the operator up to, but not exceeding, the amount insured, guaranteed or otherwise pledged. An operator of a tank vessel or facility whose financial responsibility is accepted by the Board under this subsection shall notify the Board at least 30 days before the effective date of a change, expiration or cancellation of any instrument of insurance, guaranty or surety. Operators of facilities who are unable to demonstrate financial responsibility in the amounts established pursuant to subsection D may establish an insurance pool pursuant to the requirements of § [62.1-44.34:12](#) in order to demonstrate such financial responsibility.

F. Acceptance of proof of financial responsibility for tank vessels shall expire:

1. One year from the date on which the Board exempts an operator from the cash deposit requirement based on evidence of self-insurance, except that the Board may establish by regulation a different expiration date for acceptance of evidence of self-insurance submitted by public agencies;
2. On the effective date of any change in the operator's instrument of insurance, guaranty or surety; or
3. Upon the expiration or cancellation of any instrument of insurance, guaranty or surety.

Application for renewal of acceptance of proof of financial responsibility shall be filed 30 days before the date of expiration.

G. Operators of facilities shall annually demonstrate and maintain evidence of financial responsibility for containment and cleanup in accordance with regulations adopted by the Board.

H. The Board, after notice and opportunity for hearing, may revoke its acceptance of evidence of financial responsibility if it determines that:

1. Acceptance has been procured by fraud or misrepresentation; or
2. A change in circumstances has occurred that would warrant denial of acceptance of evidence of financial responsibility under this section or the requirements established by the Board pursuant to this section.

I. It is not a defense to any action brought for failure to comply with the cash deposit requirement or to provide acceptable evidence of financial responsibility that the person charged believed in good faith that the tank vessel or facility or the operator of the tank vessel or facility had made the required cash deposit or possessed evidence of financial responsibility accepted by the Board.

1990, c. 917; 1992, cc. 456, 819; 1993, c. 375; 1994, c. [196](#); 1999, c. [91](#); 2004, c. [276](#).

**§62.1-44.34:17. Exemptions.**

A. Sections [62.1-44.34:15](#) and [62.1-44.34:16](#) do not apply to a facility having a maximum storage or handling capacity of less than 25,000 gallons of oil or to a tank vessel having a maximum storage, handling or transporting capacity of less than 15,000 gallons of oil or to a tank used to contain oil for less than 120 days and only in connection with activities related to the containment and cleanup of oil or to any vessel engaged only in activities within state waters related to the containment and cleanup of oil, including response-related training or drills.

B. Facilities having a maximum storage or handling capacity of between 25,000 gallons and one million gallons of oil shall be exempt until July 1, 1993, from any requirement under § [62.1-44.34:15](#) to install ground water monitoring wells or other ground water protection devices.

C. For purposes of §§ [62.1-44.34:15](#) and [62.1-44.34:16](#), the definition of oil does not include nonpetroleum hydrocarbon-based animal and vegetable oils, or petroleum, including crude oil or any fraction thereof, which is specifically listed or designated as a hazardous substance under subparagraphs (A) through (F) of section 101 (14) of the Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. § 9601) and which is subject to the provisions of that Act.

D. Facilities not engaged in the resale of oil from aboveground storage tanks shall not be subject to regulations promulgated pursuant to § [62.1-44.34:15.1](#) until July 1, 1995, or any date later specified by the Board.

E. Aboveground storage tanks with a capacity of 5,000 gallons or less containing heating oil for consumption on the premises where stored shall be exempt from the provisions of § [62.1-44.34:15.1](#).

F. For purposes of §§ [62.1-44.34:15.1](#) and [62.1-44.34:16](#), and for the purposes of any requirement under § [62.1-44.34:15](#) to install ground water monitoring wells, ground water protection devices, or to conduct ground water characterization studies, the definition of oil does not include asphalt and asphalt compounds which are not liquid at standard conditions of temperature and pressure (sixty degrees Fahrenheit and [14.7](#) pounds per square inch absolute).

1990, c. 917; 1992, c. 456; 1994, cc. [277](#), [460](#).

**§62.1-44.34:18. Discharge of oil prohibited; liability for permitting discharge.**

A. The discharge of oil into or upon state waters, lands, or storm drain systems within the Commonwealth is prohibited. For purposes of this section, discharges of oil into or upon state waters include discharges of oil that (i) violate applicable water quality standards or a permit or certificate of the Board or (ii) cause a film or sheen upon or discoloration of the surface of the water or adjoining shorelines or cause a sludge or emulsion to be deposited beneath the surface of the water or upon adjoining shorelines.

B. Any person discharging or causing or permitting a discharge of oil into or upon state waters, lands, or storm drain systems, discharging or causing or permitting a discharge of oil which may reasonably be expected to enter state waters, lands, or storm drain systems, or causing or permitting a substantial threat of such discharge and any operator of any facility, vehicle or vessel from which there is a discharge of oil into or upon state waters, lands, or storm drain systems, or from which there is a discharge of oil which may reasonably be expected to enter state waters, lands, or storm drain systems, or from which there is a substantial threat of such discharge shall, immediately upon learning of such discharge or threat of discharge, implement any applicable oil spill contingency plan approved under this article or take such other action as may be deemed necessary in the judgment of the Board to contain and clean up such discharge or threat of such discharge. In the event of such discharge or threat of discharge, if it cannot be determined immediately the person responsible therefor, or if the person is unwilling or unable to promptly contain and clean up such discharge or threat of discharge, the Board may take

such action as is necessary to contain and clean up the discharge or threat of discharge, including the engagement of contractors or other competent persons.

C. Any person discharging or causing or permitting a discharge of oil into or upon state waters, lands, or storm drain systems within the Commonwealth, discharging or causing or permitting a discharge of oil which may reasonably be expected to enter state waters, lands, or storm drain systems, or causing or permitting a substantial threat of such discharge and any operator of any facility, vehicle or vessel from which there is a discharge of oil into or upon state waters, lands, or storm drain systems within the Commonwealth, or from which there is a discharge of oil which may reasonably be expected to enter state waters, lands, or storm drain systems, or from which there is a substantial threat of such discharge, shall be liable to:

1. The Commonwealth of Virginia or any political subdivision thereof for all costs and expenses of investigation, containment and cleanup incurred as a result of such discharge or threat of discharge, including, but not limited to, reasonable personnel, administrative, and equipment costs and expenses directly incurred by the Commonwealth or political subdivision, in and for preventing or alleviating damage, loss, hardship, or harm to human health or the environment caused or threatened to be caused by such discharge or threat of discharge;
2. The Commonwealth of Virginia or any political subdivision thereof for all damages to property of the Commonwealth of Virginia or the political subdivision caused by such discharge;
3. The Commonwealth of Virginia or any political subdivision thereof for loss of tax or other revenues caused by such discharge, and compensation for the loss of any natural resources that cannot be restocked, replenished or restored; and
4. Any person for injury or damage to person or property, real or personal, loss of income, loss of the means of producing income, or loss of the use of the damaged property for recreational, commercial, industrial, agricultural or other reasonable uses, caused by such discharge.

D. Notwithstanding any other provision of law, a person who renders assistance in containment and cleanup of a discharge of oil prohibited by this article or a threat of such discharge shall be liable under this section for damages for personal injury and wrongful death caused by that person's negligence, and for damages caused by that person's gross negligence or willful misconduct, but shall not be liable for any other damages or

costs and expenses of containment and cleanup under this section that are caused by the acts or omissions of such person in rendering such assistance; however, such liability provision shall not apply to a person discharging or causing or permitting a discharge of oil into or upon state waters, lands, or storm drain systems, discharging or causing or permitting a discharge of oil which may reasonably be expected to enter state waters, lands, or storm drain systems, or causing or permitting a substantial threat of such discharge, or to such person's employee. Nothing in this article shall affect the right of any person who renders such assistance to reimbursement for the costs of the containment and cleanup under the applicable provisions of this article or the Federal Water Pollution Control Act, as amended, or any rights that person may have against any third party whose acts or omissions caused or contributed to the prohibited discharge of oil or threat of such discharge. In addition, a person, other than an operator, who voluntarily, without compensation, and upon the request of a governmental agency, assists in the containment or cleanup of a discharge of oil, shall not be liable for any civil damages resulting from any act or omission on his part in the course of his rendering such assistance in good faith; nor shall any person or any organization exempt from income taxation under § 501(c) (3) of the Internal Revenue Code who notifies or assists in notifying the membership of such organization to assist in the containment or cleanup of a discharge of oil, voluntarily, without compensation, and upon the request of a government agency, be liable for any civil damages resulting from such notification rendered in good faith.

E. In any action brought under this article, it shall not be necessary for the Commonwealth, political subdivision or any person, to plead or prove negligence in any form or manner.

F. In any action brought under this article, the Commonwealth, political subdivision or any person, if a prevailing party, shall be entitled to an award of reasonable attorneys' fees and costs.

G. It shall be a defense to any action brought under subdivision C 2, C 3, or C 4 of this section that the discharge was caused solely by (i) an act of God, (ii) an act of war, (iii) a willful act or omission of a third party who is not an employee, agent or contractor of the operator, or (iv) any combination of the foregoing; however, this subsection shall not apply to any action brought against (a) a person or operator who failed or refused to report a discharge as required by § [62.1-44.34:19](#); or (b) a person or operator who failed or refused to cooperate fully in any containment and cleanup or who failed or refused to effect containment and cleanup as required by subsection B of this section.

H. In any action brought under subdivision C 2, C 3, or C 4 of this section, the total liability of a person or operator under this section for each discharge of oil or threat of such discharge shall not exceed the amount of financial responsibility required under § [62.1-44.34:16](#) or \$10,000,000, whichever is greater; however, there shall be no limit of liability imposed under this section: (a) if the discharge of oil or threat of such discharge was caused by gross negligence or willful misconduct on the part of the person or the operator discharging or causing or permitting discharge or threat of discharge or by an agent, employee or contractor of such person or operator, or by the violation of any applicable safety, construction or operation regulations by such person or operator or an agent, employee or contractor of such person or operator; or (b) if the operator or person discharging or causing or permitting a discharge or threat of discharge failed or refused to report the discharge as required by § [62.1-44.34:19](#), or failed or refused to cooperate fully in any containment and cleanup or to effect containment and cleanup as required by subsection B of this section.

I. An operator that incurs costs pursuant to subsection B shall have the right to recover all or part of such costs in an action for contribution against any person or persons whose acts or omissions caused or contributed to the discharge or threat of discharge. In resolving contribution claims under this article, the court may allocate costs among the parties using such equitable factors as the court deems appropriate.

J. Any person or operator who pays costs or damages pursuant to subsection C shall have the right to recover all or part of such costs or damages in an action for contribution against any person or persons whose act or omission has caused or contributed to the discharge or threat of discharge. In resolving contribution claims under this article, the court may allocate costs or damages among the parties using such equitable factors as the court deems appropriate.

1973, c. 417; 1976, c. 51; 1978, c. 816; 1989, c. 627; 1990, cc. 917, 962; 1992, c. 456; 1998, cc. [90](#), [836](#).

#### **§62.1-44.34:19. Reporting of discharge.**

A. Any person discharging or causing or permitting a discharge of oil into or upon state waters, lands, or storm drain systems within the Commonwealth or discharging or causing or permitting a discharge of oil which may reasonably be expected to enter state waters, lands, or storm drain systems within the Commonwealth, and any operator of any facility, vehicle or vessel from which there is a discharge of oil into state waters, lands, or storm drain systems, or from which there is a discharge of oil which may reasonably be

expected to enter state waters, lands, or storm drain systems, shall, immediately upon learning of the discharge, notify the Board, the director or coordinator of emergency services appointed pursuant to § [44-146.19](#) for the political subdivision in which the discharge occurs and any other political subdivision reasonably expected to be affected by the discharge, and appropriate federal authorities of such discharge. Notice will be deemed to have been given under this section for any discharge of oil to state lands in amounts less than twenty-five gallons if the recordkeeping requirements of subsection C of § [62.1-44.34:19.2](#) have been met and the oil has been cleaned up in accordance with the requirements of this article.

B. Observations and data gathered as a result of the monthly and quarterly inspection activities required by § [62.1-44.34:15.1](#) (1) (d) shall be maintained on site pursuant to § [62.1-44.34:19.2](#), and compiled into a summary, on a form developed by the Board, such summary to be submitted to the Board annually on a schedule established by the Board. Should any such observations or data indicate the presence of petroleum hydrocarbons in ground water, the results shall be reported immediately to the Board and to the local director or coordinator of emergency services appointed pursuant to § [44-146.19](#).

1978, c. 816; 1990, cc. 917, 962; 1992, c. 456.

**§62.1-44.34:19.1. Registration of aboveground storage tanks.**

A. The Board shall compile an inventory of facilities with an aboveground storage capacity of more than 1320 gallons of oil or individual aboveground storage tanks having a storage capacity of more than 660 gallons of oil within the Commonwealth. To develop such an inventory, the Board is hereby authorized to develop regulations regarding registration requirements for facilities and aboveground storage tanks. In adopting such regulations, the Board shall consider whether any registration program required under federal law or regulations is sufficient for purposes of this section.

B. Within ninety days of the effective date of the regulations referred to in subsection A, the operators of a facility shall register the facility with the Board and the local director or coordinator of emergency services appointed pursuant to § [44-146.19](#), and provide an inventory of aboveground storage tanks at the facility. If the Board determines that registration under federal law or regulations is inadequate for the purpose of compiling its inventory and that additional registration requirements are necessary, the Board is authorized to assess a fee, according to a schedule based on the size and type of the facility or tank, not to exceed \$100 per facility or \$50 per tank, whichever is less. Such fee shall be paid at the time of registration or registration renewal. Registration shall be

renewed every five years or whenever title to a facility or tank is transferred, whichever first occurs.

C. The operator shall, within thirty days after the upgrade, repair, replacement, or closure of an existing tank or installation of a new tank, notify the Board in writing of such upgrade, repair, replacement, closure or installation.

1992, c. 456.

**§62.1-44.34:19.2. Recordkeeping and access to records and facilities.**

A. All records relating to compliance with the requirements of this article shall be maintained by the operator of a facility at the facility or at an alternate location approved by the Board for a period of at least five years. Such records shall be available for inspection and copying by the Board and shall include books, papers, documents and records relating to the daily measurement and inventory of oil stored at a facility, all information relating to tank testing, all records relating to spill events or other discharges of oil from the facility, all supporting documentation for developed contingency plans, and any records required to be kept by regulations of the Board.

B. In the case of a pipeline, all records relating to compliance with the requirements of the Hazardous Liquid Pipeline Safety Act of 1979, all records relating to spill events or other discharges of oil from the pipeline in the Commonwealth, and all supporting documentation for approved contingency plans shall be maintained by the operator of a pipeline at the facility or at an alternate location approved by the Board for a period of at least five years.

C. A record of all discharges of oil to state lands in amounts less than twenty-five gallons shall be established and maintained for a period of five years in accordance with subsections A and B of this section.

D. Every operator of a facility shall, upon reasonable notice, permit at reasonable times and under reasonable circumstances a duly designated official of the political subdivision in which the facility is located or of any political subdivision within one mile of the facility or duly designated agent retained or employed by such political subdivisions to have access to and to copy all information required to be kept in subsections A, B and C.

E. Any duly designated official of the political subdivision in which the facility is located or of any political subdivision within one mile of the facility or duly designated agent retained or employed by such political subdivisions may, at reasonable times and under

reasonable circumstances, enter and inspect any facility, provided that in nonemergency situations such local official, agent or employee shall be accompanied by the operator or his designee.

1992, c. 456.

**§62.1-44.34:20. Enforcement and penalties.**

A. Upon a finding of a violation of this article or a regulation or term or condition of approval issued pursuant to this article, the Board is authorized to issue a special order requiring any person to cease and desist from causing or permitting such violation or requiring any person to comply with any such provision, regulation or term or condition of approval. Such special orders shall be issued only after notice and an opportunity for hearing except that, if the Board finds that any discharge in violation of this article poses a serious threat to (i) the public health, safety or welfare or the health of animals, fish, botanic or aquatic life; (ii) a public water supply; or (iii) recreational, commercial, industrial, agricultural or other reasonable uses, the Board may issue, without advance notice or hearing, an emergency special order requiring the operator of any facility, vehicle or vessel to cease such discharge immediately, to implement any applicable contingency plan and to effect containment and cleanup. Such emergency special order may also require the operator of a facility to modify or cease regular operation of the facility, or any portion thereof, until the Board determines that continuing regular operation of the facility, or such portion thereof, will not pose a substantial threat of additional or continued discharges. The Board shall affirm, modify, amend or cancel any such emergency order after providing notice and opportunity for hearing to the operator charged with the violation. The notice of the hearing and the emergency order shall be issued at the same time. If an operator who has been issued such a special order or an emergency special order is not complying with the terms thereof, the Board may proceed in accordance with subsection B of this section, and where the order is based on a finding of an imminent and substantial danger, the court shall issue an injunction compelling compliance with the emergency special order pending a hearing by the Board. If an emergency special order requires modification or cessation of operations, the Board shall provide an opportunity for a hearing within 48 hours of the issuance of the injunction.

B. In the event of a violation of this article or a regulation, administrative or judicial order, or term or condition of approval issued under this article, or in the event of failure to comply with a special order issued by the Board pursuant to this section, the Board is authorized to proceed by civil action to obtain an injunction of such violation, to obtain such

affirmative equitable relief as is appropriate and to recover all costs, damages and civil penalties resulting from such violation or failure to comply. The Board shall be entitled to an award of reasonable attorneys' fees and costs in any action in which it is a prevailing party.

C. Any person who violates or causes or permits to be violated a provision of this article, or a regulation, administrative or judicial order, or term or condition of approval issued under this article, shall be subject to a civil penalty for each such violation as follows:

1. For failing to obtain approval of an oil discharge contingency plan as required by § [62.1-44.34:15](#), not less than \$1,000 nor more than \$50,000 for the initial violation, and \$5,000 per day for each day of violation thereafter;
2. For failing to maintain evidence of financial responsibility as required by § [62.1-44.34:16](#), not less than \$1,000 nor more than \$100,000 for the initial violation, and \$5,000 per day for each day of violation thereafter;
3. For discharging or causing or permitting a discharge of oil into or upon state waters, or owning or operating any facility, vessel or vehicle from which such discharge originates in violation of § [62.1-44.34:18](#), up to \$100 per gallon of oil discharged;
4. For failing to cooperate in containment and cleanup of a discharge as required by § [62.1-44.34:18](#) or for failing to report a discharge as required by § [62.1-44.34:19](#), not less than \$1,000 nor more than \$50,000 for the initial violation, and \$10,000 for each day of violation thereafter; and
5. For violating or causing or permitting to be violated any other provision of this article, or a regulation, administrative or judicial order, or term or condition of approval issued under this article, up to \$32,500 for each violation. Each day of violation of each requirement shall constitute a separate offense.

D. Civil penalties may be assessed under this article either by a court in an action brought by the Board pursuant to this section, as specified in § [62.1-44.15](#), or with the consent of the person charged, in a special order issued by the Board. All penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Underground Petroleum Storage Tank Fund as established in § [62.1-44.34:11](#). In determining the amount of any penalty, consideration shall be given to the willfulness of the violation, any history of noncompliance, the actions of the person in reporting, containing and cleaning up any discharge or threat of discharge, the damage or injury to state waters or the impairment of their beneficial use, the cost of containment and

cleanup, the nature and degree of injury to or interference with general health, welfare and property, and the available technology for preventing, containing, reducing or eliminating the discharge.

E. Any person who knowingly violates, or causes or permits to be violated, a provision of this article, or a regulation, administrative or judicial order, or term or condition of approval issued under this article shall be guilty of a misdemeanor punishable by confinement in jail for not more than 12 months and a fine of not more than \$100,000, either or both. Any person who knowingly or willfully makes any false statement, representation or certification in any application, record, report, plan or other document filed or required to be maintained by this article or by administrative or judicial order issued under this article shall be guilty of a felony punishable by a term of imprisonment of not less than one nor more than three years and a fine of not more than \$100,000, either or both. In the case of a discharge of oil into or upon state waters:

1. Any person who negligently discharges or negligently causes or permits such discharge shall be guilty of a misdemeanor punishable by confinement in jail for not more than 12 months and a fine of not more than \$50,000, either or both.

2. Any person who knowingly and willfully discharges or knowingly and willfully causes or permits such discharge shall be guilty of a felony punishable by a term of imprisonment of not less than one year nor more than 10 years and a fine of not more than \$100,000, either or both.

F. Each day of violation of each requirement shall constitute a separate offense. In the event the violation of this article follows a prior felony conviction under subdivision E 2 of this section, such violation shall constitute a felony and shall be punishable by a term of imprisonment of not less than two years nor more than 10 years and a fine of not more than \$200,000, either or both.

G. Upon conviction for a violation of any provision of this article, or a regulation, administrative or judicial order, or term or condition of approval issued under this article, a defendant who is not an individual shall be sentenced to pay a fine not exceeding the greater of:

1. \$1 million; or

2. An amount that is three times the economic benefit, if any, realized by the defendant as a result of the offense.

H. Any tank vessel entering upon state waters which fails to provide evidence of financial responsibility required by § [62.1-44.34:16](#), and any vessel from which oil is discharged into or upon state waters, may be detained and held as security for payment to the Commonwealth of any damages or penalties assessed under this section. Such damages and penalties shall constitute a lien on the vessel and the lien shall secure all costs of containment and cleanup, damages, fines and penalties, as the case may be, for which the operator may be liable. The vessel shall be released upon posting of a bond with surety in the maximum amount of such damages or penalties.

1990, c. 917; 1992, c. 456; 2005, c. [706](#).

**§62.1-44.34:21. Administrative fees.**

A. The Board is authorized to collect from any applicant for approval of an oil discharge contingency plan and from any operator seeking acceptance of evidence of financial responsibility fees sufficient to meet, but not exceed, the costs of the Board related to implementation of § [62.1-44.34:15](#) as to an applicant for approval of an oil discharge contingency plan and of § [62.1-44.34:16](#) as to an operator seeking acceptance of evidence of financial responsibility. The Board shall establish by regulation a schedule of fees that takes into account the nature and type of facility and the effect of any prior professional certification or federal review or approval on the level of review required by the Board. All such fees received by the Board shall be used exclusively to implement the provisions of this article.

B. Fees charged an applicant should reflect the average time and complexity of processing approvals in each of the various categories.

C. When adopting regulations for fees, the Board shall take into account the fees charged in neighboring states, and the importance of not placing existing or prospective industries in the Commonwealth at a competitive disadvantage. Within six months of receipt of any federal moneys that would offset the costs of implementing this article, the Board shall review the amount of fees set by regulation to determine the amount of fees which should be refunded. Such refunds shall only be required if the fees plus the federal moneys received for the implementation of the program under this article as it applies to facilities exceed the actual cost to the Board of administering the program.

D. On October 1, 1995, and every two years thereafter, the Board shall make an evaluation of the implementation of the fee programs and provide this evaluation in writing to the Senate Committees on Agriculture, Conservation and Natural Resources, and on Fin-

ance and Appropriations; and the House Committees on Appropriations, Chesapeake and Its Tributaries, and Finance.

1990, c. 917; 1992, c. 345.

**§62.1-44.34:22. Applicability of Administrative Process Act.**

The Administrative Process Act (§ [2.2-4000](#) et seq.) shall govern the activities and the proceedings of the Board under this article.

1990, c. 917.

**§62.1-44.34:23. Exceptions.**

A. Nothing in this article shall apply to: (i) normal discharges from properly functioning vehicles and equipment, marine engines, outboard motors or hydroelectric facilities; (ii) accidental discharges from farm vehicles or noncommercial vehicles; (iii) accidental discharges from the fuel tanks of commercial vehicles or vessels that have a fuel tank capacity of 150 gallons or less; (iv) discharges authorized by a valid permit issued by the Board pursuant to § [62.1-44.15](#) (5) or by the United States Environmental Protection Agency; (v) underground storage tanks regulated under a state program; (vi) releases from underground storage tanks as defined in § [62.1-44.34:8](#), regardless of when the release occurred; (vii) discharges of hydrostatic test media from a pipeline undergoing a hydrostatic test in accordance with federal pipeline safety regulations; or (viii) discharges authorized by the federal on-scene coordinator and the Executive Director or his designee in connection with activities related to the recovery of spilled oil where such activities are undertaken to minimize overall environmental damage due to an oil spill into or on state waters. However, the exception provided in clause (viii) shall in no way reduce the liability of the person who initially spilled the oil which is being recovered.

B. Notwithstanding the exemption set forth in clause (vi) of subsection A of this section, a political subdivision may recover pursuant to subsection C of § [62.1-44.34:18](#) for a discharge of oil into or upon state waters, lands, or storm drain systems from an underground storage tank regulated under a state program at facilities with an aggregate capacity of one million gallons or greater.

1978, c. 816; 1987, c. 677; 1990, c. 917; 1992, cc. 302, 456; 1993, cc. 18, 231; 1994, c. [416](#).

**§62.1-44.34:24. Definitions.**

As used in this article, unless the context requires otherwise:

"Council" means the Virginia Spill Response Council.

"Discharge" means spillage, leakage, pumping, pouring, seepage, emitting, dumping, emptying, injecting, escaping, leaching, fire, explosion, or other releases.

"Hazardous materials" means substances or materials which may pose unreasonable risks to health, safety, property, or the environment when used, transported, stored, or disposed of, which may include materials which are solid, liquid, or gas. Hazardous materials may include toxic substances, flammable and ignitable materials, explosives, corrosive materials, and radioactive materials and include (i) those substances or materials in a form or quantity which may pose an unreasonable risk to health, safety, or property when transported, and which the Secretary of Transportation of the United States has so designated by regulation or order; (ii) hazardous substances as defined or designated by law or regulation of the Commonwealth or law or regulation of the United States government; and (iii) hazardous waste as defined or designated by law or regulation of the Commonwealth.

"Oil" means oil of any kind and in any form including, but not limited to, petroleum, fuel oil, sludge, oil refuse, oil mixed with waste, crude oils, and other liquid hydrocarbons regardless of specific gravity.

1990, c. 598.

**§62.1-44.34:25. Virginia Spill Response Council created; purpose; membership.**

A. There is hereby created the Virginia Spill Response Council. The purpose of the Council is to (i) improve the Commonwealth's capability to respond in a timely and coordinated fashion to incidents involving the discharge of oil or hazardous materials which pose a threat to the environment, its living resources, and the health, safety, and welfare of the people of the Commonwealth and (ii) provide an ongoing forum for discussions between agencies which are charged with the prevention of, and response to, oil spills and hazardous materials incidents, and those agencies responsible for the remediation of such incidents.

B. The Secretary of Natural and Historic Resources and the Secretary of Public Safety and Homeland Security, upon the advice of the director of the agency, shall select one representative from each of the following agencies to serve as a member of the Council: Department of Emergency Management, State Water Control Board, Department of Environmental Quality, Virginia Marine Resources Commission, Department of Wildlife Resources, Department of Health, Department of Fire Programs, and the Council on the Environment.

C. The Secretary of Natural and Historic Resources or his designee shall serve as chairman of the Council.

1990, c. 598; 1991, c. 66; 2014, cc. [115](#), [490](#); 2020, c. [958](#); 2021, Sp. Sess. I, c. [401](#).

**§62.1-44.34:26. Responsibilities of the Council.**

The Council shall have the following responsibilities:

1. To foster the exchange of information between the federal, state, and local government;
2. To enhance Virginia's participation in the United States Environmental Protection Agency's Region III Response Team;
3. To review and evaluate the response to emergency situations and recommend changes to the Commonwealth of Virginia's Oil and Hazardous Materials Emergency Response Plan;
4. To provide ongoing analysis of the most recent technical developments for the remediation of discharges; and
5. To coordinate its activities with the Secure and Resilient Commonwealth Panel.

1990, c. 598; 2011, cc. [594](#), [681](#).

**§62.1-44.34:27. Cooperation of agencies and institutions.**

Technical support shall be made available to the Council by the appropriate state agencies and educational institutions.

1990, c. 598.

**§62.1-44.34:28. Council to submit annual report.**

The Council shall submit a report annually to the Secretaries of Natural and Historic Resources and Transportation and Public Safety, which includes (i) an evaluation of the emergency response preparedness activities undertaken and the emergency response activities conducted during the year and (ii) a description of the activities of the Council during the year.

1990, c. 598; 2021, Sp. Sess. I, c. [401](#).

## Statewide Fire Prevention Code Act

**§27-94. Short title.**

This chapter may be cited as the "Virginia Statewide Fire Prevention Code Act."  
1986, c. 429.

**§27-95. Definitions.**

As used in this chapter, unless the context or subject matter requires otherwise, the following words or terms shall have the meaning herein ascribed to them:

"Board" means the Board of Housing and Community Development.

"Code provisions" means the provisions of the Fire Prevention Code as adopted and promulgated by the Board, and the amendments thereof as adopted and promulgated from time to time by such Board.

"Enforcement agency" means the agency or agencies of any local governing body or the State Fire Marshal charged with the administration or enforcement of the Fire Prevention Code.

"Fire Prevention Code" or "Code" means the Statewide Fire Prevention Code.

"Fire prevention regulation" means any law, rule, resolution, regulation, ordinance or code, general or special, or compilation thereof to safeguard life and property from the hazards of fire or explosion arising from the improper maintenance of life safety and fire prevention and protection materials, devices, systems and structures, and the unsafe storage, handling and use of substances, materials and devices, including explosives and blasting agents, wherever located, heretofore or hereafter enacted or adopted by the Commonwealth or any county or municipality, including departments, boards, bureaus, commissions or other agencies.

"Fire Services Board" means the Virginia Fire Services Board as provided for in § [9.1-202](#).

"Fireworks" means any firecracker, torpedo, skyrocket, or other substance or object, of whatever form or construction, that contains any explosive or inflammable compound or substance, and is intended, or commonly known as fireworks, and which explodes, rises into the air or travels laterally, or fires projectiles into the air.

"Fireworks operator" or "pyrotechnician" means any person engaged in the design, setup, and firing of any fireworks other than permissible fireworks either inside a building or structure or outdoors.

"Inspection warrant" means an order in writing, made in the name of the Commonwealth, signed by any judge or magistrate whose territorial jurisdiction encompasses the

building, structure or premises to be inspected or entered, and directed to a state or local official, commanding him to enter and to conduct any inspection, examination, testing or collection of samples for testing required or authorized by the Virginia Statewide Fire Prevention Code.

"Local government" means the governing body of any city, county or town in this Commonwealth.

"Permissible fireworks" means any fountains that do not emit sparks or other burning effects to a distance greater than five meters (16.4 feet); wheels that do not emit a flame radius greater than one meter (39 inches); crackling devices and flashers or strobes that do not emit sparks or other burning effects to a distance greater than two meters (78.74 inches); and sparkling devices or other fireworks devices that (i) do not explode or produce a report, (ii) do not travel horizontally or vertically under their own power, (iii) do not emit or function as a projectile, (iv) do not produce a continuous flame longer than 20 inches, (v) are not capable of being reloaded, and (vi) if designed to be ignited by a fuse, have a fuse that is protected to resist side ignition and a burning time of not less than four seconds and not more than eight seconds.

"State Fire Marshal" means the State Fire Marshal as provided for by § [9.1-206](#).

1986, c. 429; 1988, cc. 340, 549; 1989, c. 258; 2002, c. [856](#); 2010, cc. [587](#), [643](#); 2019, c. [720](#).

#### **§27-96. Statewide standards.**

The purposes of this chapter are to provide for statewide standards for optional local enforcement to safeguard life and property from the hazards of fire or explosion arising from the improper maintenance of life safety and fire prevention and protection materials, devices, systems and structures, and the unsafe storage, handling, and use of substances, materials and devices, including fireworks, explosives and blasting agents, wherever located.

1986, c. 429; 1988, c. 340; 2002, c. [856](#).

#### **§27-96.1. Chapter inapplicable to certain uses of fireworks.**

Unless prohibited by a local ordinance, the provisions of this chapter pertaining to fireworks shall not apply to the sale of or to any person using, igniting or exploding permissible fireworks on private property with the consent of the owner of such property.

2002, c. [856](#).

#### **§27-96.2. Exemptions generally.**

The provisions of this chapter concerning fireworks shall have no application to any officer or member of the armed forces of this Commonwealth, or of the United States, while acting within the scope of his authority and duties as such, nor to any offer of sale or sale of fireworks to any authorized agent of such armed forces; nor shall it be applicable to the sale or use of materials or equipment, otherwise prohibited by this chapter, when such materials or equipment is used or to be used by any person for signaling or other emergency use in the operation of any boat, railroad train or other vehicle for the transportation of persons or property.

2002, c. [856](#).

#### **§27-97. Adoption of Fire Prevention Code.**

The Board of Housing and Community Development is hereby empowered to adopt and promulgate a Statewide Fire Prevention Code which shall be cooperatively developed with the Fire Services Board pursuant to procedures agreed to by the two Boards. The Fire Prevention Code shall prescribe regulations to be complied with for the protection of life and property from the hazards of fire or explosion and for the handling, storage, sale and use of fireworks, explosives or blasting agents, and shall provide for the administration and enforcement of such regulations. The Fire Prevention Code shall require manufacturers of fireworks or explosives, as defined in the Code, to register and report information concerning their manufacturing facilities and methods of operation within the Commonwealth in accordance with regulations adopted by the Board. In addition to conducting criminal background checks pursuant to § [27-97.2](#), the Board shall also establish regulations for obtaining permits for the manufacturing, storage, handling, use, or sales of fireworks or explosives. In the enforcement of such regulations, the enforcing agency may issue annual permits for such activities to any state regulated public utility. Such permits shall not apply to the storage, handling, or use of explosives or blasting agents pursuant to the provisions of Title 45.2.

The Fire Prevention Code shall prohibit any person, firm, or corporation from transporting, manufacturing, storing, selling, offering for sale, exposing for sale, or buying, using, igniting, or exploding any fireworks except for those persons, firms, or corporations that manufacture, store, market and distribute fireworks for the sole purpose of fireworks displays permitted by an enforcement agency or by any locality.

The Fire Prevention Code shall supersede fire prevention regulations heretofore adopted by local governments or other political subdivisions. Local governments are hereby empowered to adopt fire prevention regulations that are more restrictive or more

extensive in scope than the Fire Prevention Code provided such regulations do not affect the manner of construction, or materials to be used in the erection, alteration, repair, or use of a building or structure, including the voluntary installation of smoke alarms and regulation and inspections thereof in commercial buildings where such smoke alarms are not required under the provisions of the Code. The Fire Prevention Code shall prohibit any person not certified by the State Fire Marshal's Office as a fireworks operator or pyrotechnician to design, set up, or conduct or supervise the design, setup, or conducting of any fireworks display, either inside a building or structure or outdoors and shall require that at least one person holding a valid certification is present at the site where the fireworks display is being conducted. Certification shall not be required for the design, storage, sale, use, conduct, transportation, and set up of permissible fireworks or the supervision thereof or in connection with any fireworks display conducted by a volunteer fire department provided one member of the volunteer fire department holds a valid certification.

In formulating the Fire Prevention Code, the Board shall have due regard for generally accepted standards as recommended by nationally recognized organizations including, but not limited to, standards of the International Code Council, the National Fire Protection Association, and recognized organizations issuing standards for the protection of the public from the hazards of explosives and blasting agents. Such standards shall be based on the companion document to the model building code referenced by the Uniform Statewide Building Code.

The Fire Prevention Code shall require that buildings constructed prior to 1973 be maintained in accordance with state fire and public building regulations in effect prior to March 31, 1986, and that any building which is (i) more than 75 feet or more than six stories high and (ii) used, in whole or in part, as a dormitory to house students by any public or private institution of higher education shall be required to comply with the provisions of § [36-99.3](#). The Fire Prevention Code shall also require annual fire drills in all buildings having floors used for human occupancy located more than 75 feet above the lowest level of fire department vehicle access. The drills shall be conducted by building staff personnel or the owner of the building in accordance with a plan approved by the appropriate fire official and shall not affect other current occupants. The Board may modify, amend or repeal any Code provisions as the public interest requires. Any such Code changes shall be developed in cooperation with the Fire Services Board pursuant to procedures agreed to by the two Boards.

1986, c. 429; 1988, cc. 199, 340; 1989, cc. 90, 420; 1990, c. 69; 1991, c. 53; 1994, c. [275](#); 1997, c. [584](#); 2000, cc. [951](#), [1065](#); 2002, c. [856](#); 2007, cc. [647](#), [741](#); 2010, cc. [587](#), [643](#).

#### **§27-97.1. Reports of stolen explosives.**

Any person holding a permit for the manufacture, storage, handling, use or sale of explosives issued in accordance with the provisions of the Code shall report to the office of the chief arson investigator for the Commonwealth as well as the chief local law-enforcement official any theft or other unauthorized taking or disappearance of any explosives or blasting devices from their inventory. An initial verbal report shall be made within three days of the discovery of the taking or disappearance. A subsequent written report shall be filed within such time, and in such form, as is specified by the chief arson investigator.

Failure to comply with the provisions of this section shall constitute a Class 1 misdemeanor punishable by the same penalties applicable to violations of the Fire Prevention Code.

1988, c. 340.

#### **§27-97.2. Issuance of permit; background investigations.**

A. The State Fire Marshal or other issuing authority shall consider all permit applications for manufacturing, storage, handling, use or sales of explosives and applications for certification as a blaster or as a fireworks operator or pyrotechnician, and may grant a valid permit or certification to applicants who meet the criteria established in the Statewide Fire Prevention Code. The State Fire Marshal shall require a background investigation, to include a national criminal history record information check, of all individual applicants and all designated persons representing an applicant that is not an individual, for a permit to manufacture, store, handle, use or sell explosives, and for any applicant for certification as a blaster or as a fireworks operator or pyrotechnician. Each such applicant shall submit his fingerprints to the State Fire Marshal on a form provided by the State Fire Marshal and provide personal descriptive information to be forwarded along with the applicant's fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining a national criminal history record check regarding such applicant. Any firm or company manufacturing, storing, using, or selling explosives shall provide to the enforcement agency, the State Fire Marshal or other issuing authority the name of a representative responsible for (i) ensuring compliance with state law and regulations relating to blasting agents and explosives and (ii) applying for permits. The State Fire Marshal or other issuing authority shall deny any

application for a permit or for certification as a blaster or as a fireworks operator or pyrotechnician if the applicant or designated person representing an applicant has been convicted of any felony, whether such conviction occurred under the laws of the Commonwealth, or any other state, the District of Columbia, the United States or any territory thereof, unless his civil rights have been restored by the Governor or other appropriate authority. The provisions of this section shall not apply to the manufacturing, storage, handling, use or sales of permissible fireworks or in connection with any fireworks display conducted by a volunteer fire department provided one member of the volunteer fire department holds a valid certification.

B. No permit under this section shall be required of any person holding a certification or permit issued pursuant to the provisions of Title 45.2.

2000, cc. [951](#), [1065](#); 2007, cc. [647](#), [741](#); 2010, cc. [587](#), [643](#).

**§27-98. Enforcement of Fire Prevention Code; appeals from decisions of local enforcing agencies; inspection of buildings.**

Any local government may enforce the Fire Prevention Code in its entirety or with respect only to those provisions of the Fire Prevention Code relating to open burning, fire lanes, fireworks, and hazardous materials. If a local governing body elects to enforce only those provisions of the Fire Prevention Code relating to open burning, it may do so in all or in any designated geographic areas of its jurisdiction. The State Fire Marshal shall also have the authority, in cooperation with any local governing body, to enforce the Code. The State Fire Marshal shall also have authority to enforce the Code in those jurisdictions in which the local governments do not enforce the Code and may establish such procedures or requirements as may be necessary for the administration and enforcement of the Code in such jurisdictions. In addition, subject to the approval of the Board of Housing and Community Development, the State Fire Marshal may charge a fee to recover the actual cost of administering and enforcing the Code in jurisdictions for which he serves as the enforcement authority. No fee may be charged for the inspection of any school. The local governing body of any jurisdiction that enforces the Code may establish such procedures or requirements as may be necessary for the administration and enforcement of the Code. Appeals concerning the application of the Code by the local enforcing agency shall first lie to a local board of appeals and then to the State Building Code Technical Review Board. Appeals from the application of the Code by the State Fire Marshal shall be made directly to the State Building Code Technical Review Board as provided in Article 2 (§ [36-108](#) et seq.) of Chapter 6 of Title 36. Fees may be

levied by the local governing body in order to defray the cost of such enforcement and appeals; however, for the City of Chesapeake no fee charged for the inspection of any place of religious worship designated as Assembly Group A-3 under the Fire Prevention Code shall exceed \$50. For purposes of this section, "defray the cost" may include the fair and reasonable costs incurred for such enforcement during normal business hours, but shall not include overtime costs, unless conducted outside of the normal working hours established by the locality. A schedule of such costs shall be adopted by the local governing body in a local ordinance. A locality shall not charge an overtime rate for inspections conducted during the normal business hours established by the locality. Nothing herein shall be construed to prohibit a private entity from conducting such inspections, provided the private entity has been approved to perform such inspections in accordance with the written policy of the fire official for the locality. Any local fire code may provide for an appeal to a local board of appeals. If no local board of appeals exists, the State Building Code Technical Review Board shall hear appeals of any local fire code violation.

1986, c. 429; 1994, c. [275](#); 2000, cc. [941](#), [1001](#); 2001, c. [570](#); 2004, c. [787](#); 2008, c. [499](#); 2010, c. [102](#); 2012, cc. [607](#), [635](#).

#### **§27-98.1. Inspections of buildings, structures, properties and premises.**

In order to carry out the purposes of the Code and any regulations or standards adopted in pursuance thereof, the local fire official, upon presenting appropriate credentials to the owner, operator, or agent in charge, is authorized, with the consent of the owner, operator, or agent in charge to enter a building, structure, property or premises for the purpose of conducting an inspection, examination, testing, or collection of samples for testing, during regular working hours and at other reasonable times, and in a reasonable manner, to determine if the building, structures, systems, machines, apparatus, devices, equipment, and materials stored, used or handled, and all pertinent conditions therein, are in compliance with the requirements, regulations or standards set forth in the Code.

1988, c. 549.

#### **§27-98.2. Issuance of warrant.**

Search warrants for inspections or reinspection of buildings, structures, property, or premises subject to inspections pursuant to the Code, to determine compliance with regulations or standards set forth in the Code, shall be based upon a demonstration of probable cause and supported by affidavit. Such inspection warrants may be issued by any judge or magistrate having authority to issue criminal warrants whose territorial

jurisdiction encompasses the building, structure, property or premises to be inspected or entered, if he is satisfied from the affidavit that there is probable cause for the issuance of an inspection warrant. No inspection warrant shall be issued pursuant to this chapter except upon probable cause, supported by affidavit, particularly describing the place, thing or property to be inspected, examined or tested and the purpose for which the inspection, examination, testing or collection of samples for testing is to be made. Probable cause shall be deemed to exist if such inspection, examination, testing or collection of samples for testing are necessary to ensure compliance with the Fire Prevention Code for the protection of life and property from the hazards of fire or explosion. The supporting affidavit shall contain either a statement that consent to inspect, examine, test or collect samples for testing has been sought and refused or facts or circumstances reasonably justifying the failure to seek such consent in order to enforce effectively the fire safety laws, regulations or standards of the Commonwealth which authorize such inspection, examination, testing or collection of samples for testing. In the case of an inspection warrant based upon legislative or administrative standards for selecting buildings, structures, property or premises for inspections, the affidavit shall contain factual allegations sufficient to justify an independent determination by the judge or magistrate that the inspection program is based on reasonable standards and that the standards are being applied to a particular place in a neutral and fair manner. The issuing judge or magistrate may examine the affiant under oath or affirmation to verify the accuracy of any matter in the affidavit. After issuing the warrant, the judge or magistrate shall file the affidavit in the manner prescribed by § [19.2-54](#).

1988, c. 549; 2014, c. [354](#).

### **§27-98.3. Duration of warrant.**

An inspection warrant shall be effective for the time specified therein, for a period of not more than seven days, unless extended or renewed by the judicial officer who signed and issued the original warrant. The judicial officer may extend or renew the inspection warrant upon application for extension or renewal setting forth the results which have been obtained or a reasonable explanation of the failure to obtain such results. The extension or renewal period of the warrant shall not exceed seven days. The warrant shall be executed and returned to the clerk of the circuit court of the city or county wherein the inspection was made. The return shall list any samples taken pursuant to the warrant. After the expiration of such time, the warrant, unless executed, shall be void.

1988, c. 549; 2014, c. [354](#).

**§27-98.4. Conduct of inspections, examinations, testing, or collection of samples.**

No warrant shall be executed in the absence of the owner, operator or agent in charge of the particular building, structure, property or premises unless specifically authorized by the issuing judicial officer upon showing that such authority is reasonably necessary to effect the purposes of a statute or regulation being enforced. An entry pursuant to this warrant shall not be made forcibly, except that the issuing officer may expressly authorize a forcible entry (i) where facts are shown sufficient to create a reasonable suspicion of an immediate threat to an occupant of the particular building, structure, property, or premises, or, to the general safety and welfare of the public, or, to adjacent buildings, structures, properties or premises, or (ii) where facts are shown establishing that reasonable attempts to serve a previous warrant have been unsuccessful. If forcible entry is authorized, the warrant shall be issued jointly to the fire official and to a law-enforcement officer who shall accompany the fire official during the execution.

1988, c. 549.

**§27-98.5. Review by courts.**

A. No court of the Commonwealth shall have jurisdiction to hear a challenge to the warrant prior to its return to the clerk of the circuit court of the city or county wherein the inspection was made except as a defense in a contempt proceeding, unless the owner or custodian of the building, structure, property or premises to be inspected makes by affidavit a substantial preliminary showing accompanied by an offer of proof that (i) a false statement, knowingly and intentionally, or with reckless disregard for the truth, was included by the affiant in his affidavit for the inspection warrant and (ii) the false statement was necessary to the finding of probable cause. The court shall conduct such expeditious in camera view as the court may deem appropriate.

B. After the warrant has been executed and returned to the clerk of the circuit court of the city or county wherein the inspection was made, the validity of the warrant may be reviewed either as a defense to any citation issued by the fire official or otherwise by declaratory judgment action brought in a circuit court. In any such action, the review shall be confined to the face of the warrant and affidavits and supporting materials presented to the issuing judge unless the owner, operator, or agent in charge of whose building, structure, property or premises has been inspected makes a substantial showing by affidavit accompanied by an offer of proof that (i) a false statement, knowingly and intentionally, or with reckless disregard for the truth, was made in support of the warrant and (ii) the false statement was necessary to the finding of probable cause. The review shall

only determine whether there is substantial evidence in the record supporting the decision to issue the warrant.

1988, c. 549; 2014, c. [354](#).

#### **§27-99. State buildings.**

The Fire Prevention Code shall be applicable to all state-owned buildings and structures. Every agency, commission or institution, including all institutions of higher education, of the Commonwealth shall permit, at all reasonable hours, a local fire official reasonable access to existing structures or a structure under construction or renovation, for the purposes of performing an informational and advisory fire safety inspection. The local fire official may submit, subsequent to performing such inspection, his findings and recommendations including a list of corrective actions necessary to ensure that such structure is reasonably safe from the hazards of fire to the appropriate official of such agency, commission, or institution and the State Fire Marshal. Such agency, commission or institution shall notify, within 60 days of receipt of such findings and recommendations, the State Fire Marshal and the local fire official of the corrective measures taken to eliminate the hazards reported by the local fire official. The State Fire Marshal shall have the same power in the enforcement of this section as is provided for in § [27-98](#).

The State Fire Marshal may enter into an agreement as is provided for in § [9.1-207](#) with any local enforcement agency that enforces the Fire Prevention Code to enforce this section and to take immediate enforcement action upon verification of a complaint of an imminent hazard such as a chained or blocked exit door, improper storage of flammable liquids, use of decorative materials and overcrowding.

1986, c. 429; 1989, c. 258; 1994, c. [275](#); 1997, c. [584](#); 2007, cc. [647](#), [741](#).

#### **§27-100. Violation a misdemeanor.**

It shall be unlawful for any owner or any other person, firm, or corporation, on or after the effective date of any Code provisions, to violate any provisions of the Fire Prevention Code. Any such violation shall be deemed a Class 1 misdemeanor, and any owner, or any other person, firm, or corporation convicted of such violation shall be punished in accordance with the provisions of § [18.2-11](#).

1986, c. 429.

#### **§27-100.1. Seizure and destruction of certain fireworks.**

Any law-enforcement officer arresting any person for a violation of this chapter related to fireworks shall seize any article of fireworks in the possession or under the control of the person so arrested and shall hold the same until final disposition of any criminal proceedings against such person. If a judgment of conviction be entered against such person, the court shall order destruction of such articles upon expiration of the time allowed for appeal of such judgment of conviction.

2002, c. [856](#).

#### **§27-101. Injunction upon application.**

Every court having jurisdiction under existing or any future law is empowered to and shall, upon the application of the local enforcing agency or State Fire Marshal, issue either a mandatory or restraining injunction in aid of the enforcement of, or in prevention of the violation of, any of the provisions of this law or any valid rule or regulation made in pursuance thereof. The procedure for obtaining any such injunction shall be in accordance with the laws then current governing injunctions generally except that the enforcing agency shall not be required to give bond as a condition precedent to obtaining an injunction.

1986, c. 429.

## **Structured Settlement Protection Act**

#### **§59.1-475. Definitions.**

For purposes of this chapter:

"Annuity issuer" means an insurer that has issued a contract to fund periodic payments under a structured settlement.

"Applicable federal rate" means the most recently published applicable federal rate for determining the present value of an annuity, as prescribed by the U.S. Internal Revenue Service pursuant to 26 U.S.C. § 7520, as amended.

"Assignee" means a party acquiring or proposing to acquire structured settlement payment rights directly or indirectly from a transferee of such rights.

"Dependents" include a payee's spouse and minor children and all other persons for whom the payee is legally obligated to provide support, including alimony.

"Discounted present value" means the present value of future payments determined by discounting such payments to the present using the most recently published Applicable Federal Rate for determining the present value of an annuity, as issued by the United States Internal Revenue Service.

"Gross advance amount" means the sum payable to the payee or for the payee's account as consideration for a transfer of structured settlement payment rights before any reductions for transfer expenses or other deductions to be made from such consideration.

"Independent professional advice" means advice of an attorney, certified public accountant, actuary or other licensed professional adviser.

"Interested parties" means, with respect to any structured settlement:

1. The payee;
2. Any beneficiary irrevocably designated under the annuity contract to receive payments following the payee's death or, if such beneficiary is a minor, the designated beneficiary's parent or guardian;
3. The annuity issuer;
4. The structured settlement obligor; and
5. Any other party to such structured settlement that has continuing rights or obligations to receive or make payments under such structured settlement.

"Net advance amount" means the gross advance amount less the aggregate amount of the actual and estimated transfer expenses required to be disclosed under subdivision 5 of § [59.1-475.1](#).

"Payee" means an individual who is receiving tax free payments under a structured settlement and proposes to make a transfer of payment rights thereunder.

"Periodic payments" includes both recurring payments and scheduled future lump sum payments.

"Qualified assignment agreement" means an agreement providing for a qualified assignment within the meaning of § 130 of the United States Internal Revenue Code, United States Code Title 26, as amended from time to time.

"Settled claim" means the original tort claim resolved by a structured settlement.

"Structured settlement" means an arrangement for periodic payment of damages for personal injuries or sickness established by settlement or judgment in resolution of a tort claim.

"Structured settlement agreement" means the agreement, judgment, stipulation, or release embodying the terms of a structured settlement.

"Structured settlement obligor" means, with respect to any structured settlement, a party that has a continuing obligation to make periodic payments to the payee under a structured settlement agreement or a qualified assignment agreement.

"Structured settlement payment rights" means rights to receive periodic payments under a structured settlement, whether from the structured settlement obligor or the annuity issuer, where the payee is domiciled in the Commonwealth or the structured settlement agreement was approved by a court in the Commonwealth.

"Terms of the structured settlement" include, with respect to any structured settlement, the terms of the structured settlement agreement, the annuity contract, any qualified assignment agreement, and any order or other approval of any court or other government authority that authorized or approved such structured settlement.

"Transfer" means any sale, assignment, pledge, hypothecation, or other alienation or encumbrance of structured settlement payment rights made by a payee for consideration; however, the term "transfer" shall not include the creation or perfection of a security interest in structured settlement payment rights under a blanket security agreement entered into with an insured depository institution, in the absence of any action to redirect the structured settlement payments to such insured depository institution, or an agent or successor in interest thereof, or otherwise to enforce such blanket security interest against the structured settlement payment rights.

"Transfer agreement" means the agreement providing for transfer of structured settlement payment rights.

"Transfer expenses" means all expenses of a transfer that are required under the transfer agreement to be paid by the payee or deducted from the gross advance amount, including, without limitation, court filing fees, attorneys' fees, escrow fees, lien recordation fees, judgment and lien search fees, finders' fees, commissions, and other payments to a broker or other intermediary; however, "transfer expenses" shall not include preexisting obligations of the payee payable for the payee's account from the proceeds of a transfer.

"Transferee" means a party acquiring or proposing to acquire structured settlement payment rights through a transfer.

1999, c. [993](#); 2001, c. [537](#); 2006, c. [786](#); 2016, cc. [273](#), [739](#).

**§59.1-475.1. Required disclosures to payee.**

Not less than three days prior to the date on which a payee signs a transfer agreement, the transferee shall provide to the payee a separate disclosure statement, in bold type no smaller than fourteen points, setting forth:

1. The amounts and due dates of the structured settlement payments to be transferred;
2. The aggregate amount of such payments;
3. The discounted present value of the payments to be transferred, which shall be identified as the "calculation of current value of the transferred structured settlement payments under federal standards for valuing annuities," and the amount of the Applicable Federal Rate used in calculating such discounted present value;
4. The gross advance amount;
5. An itemized listing of all applicable transfer expenses, other than attorney fees and related disbursements payable in connection with the transferee's application for approval of the transfer, and the transferee's best estimate of the amount of any such fees and disbursements;
6. The effective annual interest rate, which shall be disclosed in a statement in the following form: "On the basis of the net amount that you will receive from us and the amounts and timing of the structured settlement payments that you are transferring to us, you will in effect be paying interest to us at a rate of \_\_\_\_\_ percent per year";
7. The net advance amount;
8. The amount of any penalties or liquidated damages payable by the payee in the event of any breach of the transfer agreement by the payee; and
9. A statement that the payee has the right to cancel the transfer agreement, without penalty or further obligation, not later than the third business day after the date the agreement is signed by the payee.

2001, c. [537](#); 2016, cc. [273](#), [739](#).

**§59.1-476. Approval of transfers of structured settlement payment rights.**

No direct or indirect transfer of structured settlement payment rights shall be effective and no structured settlement obligor or annuity issuer shall be required to make any payment directly or indirectly to any transferee or assignee of structured settlement payment rights unless the transfer has been authorized in advance in a final court order based on express findings by such court that:

1. The transfer is in the best interest of the payee, taking into account the welfare and support of the payee's dependents;
2. The payee has been advised in writing by the transferee to seek independent professional advice regarding the transfer and has either received such advice or knowingly waived in writing the opportunity to seek and receive such advice; and
3. The transfer does not contravene any applicable statute or the order of any court or other government authority.

1999, c. [993](#); 2001, c. [537](#); 2016, cc. [273](#), [739](#).

**§59.1-476.1. Effects of transfer of structured settlement payment rights.**

Following issuance of a court order approving a transfer of structured settlement payment rights under this chapter:

1. The structured settlement obligor and the annuity issuer may rely on the court order in redirecting periodic payments to an assignee or transferee in accordance with the order and shall, as to all parties except the transferee or an assignee designated by the transferee, be discharged and released from any and all liability for the redirected payments, and such discharge and release shall not be affected by the failure of any party to the transfer to comply with this chapter or with the order of the court approving the transfer;
2. The transferee shall be liable to the structured settlement obligor and the annuity issuer:
  - a. If the transfer contravenes the terms of the structured settlement, for any taxes incurred by such parties as a consequence of the transfer; and
  - b. For any other liabilities or costs, including reasonable costs and attorney fees, arising from compliance by the structured settlement obligor or annuity issuer with the order of the court or from the failure of any party to the transfer to comply with this chapter;
3. Neither the annuity issuer nor the structured settlement obligor may be required to divide any periodic payment between the payee and any transferee or assignee or between two or more transferees or assignees; and

4. Any further transfer of structured settlement payment rights by the payee may be made only after compliance with all of the requirements of this chapter.

2001, c. [537](#); 2016, cc. [273](#), [739](#).

**§59.1-477. Procedure for approval of transfers.**

A. An application under this chapter for approval of a transfer of structured settlement payment rights shall be made by the transferee and shall be brought in the circuit court for the county or city in which the payee is domiciled in the Commonwealth, except that if the payee is not domiciled in the Commonwealth, the application may be brought in the court in the Commonwealth that approved the structured settlement agreement. The circuit court may refer the matter to a commissioner of accounts for a report to such court and a recommendation on the findings required by § [59.1-476](#). Such report and recommendation shall be filed with the court and mailed to all interested parties served under subsection B of this section, and such report and recommendation and any exceptions thereto shall be examined by the court and confirmed or corrected as provided in § [64.2-1212](#).

B. A timely hearing shall be held on an application for approval of a transfer of structured settlement payment rights. The payee shall appear in person at the hearing unless the court determines that good cause exists to excuse the payee from appearing in person. Not less than 20 days prior to the scheduled hearing on an application for approval of a transfer of structured settlement payment rights under § [59.1-476](#), the transferee shall file with the court and serve on all interested parties a notice of the proposed transfer and the application for its approval. In addition to complying with the other requirements of this chapter, the application shall include:

1. A copy of the transfer agreement;
2. A copy of the disclosure statement required under § [59.1-475.1](#);
3. The payee's name, age, and county or city of domicile and the number and ages of each of the payee's dependents;
4. A summary of:
  - a. Any prior transfers by the payee to the transferee or an affiliate, or through the transferee or an affiliate to an assignee, within the four years preceding the date of the transfer agreement and any proposed transfers by the payee to the transferee or an affiliate, or through the transferee or an affiliate, applications for approval of which were denied within the two years preceding the date of the transfer agreement; and

b. Any prior transfers by the payee to any person or entity other than the transferee or an affiliate or an assignee of the transferee or an affiliate within the three years preceding the date of the transfer agreement and any prior proposed transfers by the payee to any person or entity other than the transferee or an affiliate or an assignee of a transferee or affiliate, applications for approval of which were denied within the one year preceding the date of the current transfer agreement, to the extent that the transfers or proposed transfers have been disclosed to the transferee by the payee in writing or otherwise are actually known by the transferee;

5. Notification that any interested party is entitled to support, oppose or otherwise respond to the transferee's application, either in person or by counsel, by submitting written comments to the court or by participating in the hearing; and

6. Notification of the time and place of the hearing and notification of the manner in which and the time by which written responses to the application must be filed, which shall be not less than five days prior to the hearing, in order to be considered by the court.

1999, c. [993](#); 2001, c. [537](#); 2016, cc. [273](#), [739](#).

**§59.1-477.1. General provisions, construction.**

A. Compliance with the provisions of this chapter may not be waived by any payee.

B. Any transfer agreement entered into on or after the effective date of the act of the General Assembly enacting this section by a payee who resides in the Commonwealth shall provide that disputes under such transfer agreement, including any claim that the payee has breached the agreement, shall be determined in and under the laws of the Commonwealth. No such transfer agreement shall authorize the transferee or any other party to confess judgment or consent to entry of judgment against the payee.

C. No transfer of structured settlement payment rights shall extend to any payments that are life-contingent unless, prior to the date on which the payee signs the transfer agreement, the transferee has established and has agreed to maintain procedures reasonably satisfactory to the annuity issuer and the structured settlement obligor for periodically confirming the payee's survival, and giving the annuity issuer and the structured settlement obligor prompt written notice in the event of the payee's death.

D. No payee who proposes to make a transfer of structured settlement payment rights shall incur any penalty, forfeit any application fee or other payment, or otherwise incur

any liability to the proposed transferee or any assignee based on any failure of such transfer to satisfy the conditions of this chapter.

E. Nothing contained in this chapter shall be construed to authorize any transfer of structured settlement payment rights in contravention of any law. A court shall not be precluded from hearing an application for approval of a transfer of payment rights under a structured settlement where the terms of the structured settlement prohibit the sale, assignment, or encumbrance of such payment rights, nor shall the interested parties be precluded from waiving or asserting their rights under those terms. The provisions of this chapter shall not be applicable to transfers of workers' compensation claims, awards, benefits, settlements or payments made or payable pursuant to Title 65.2.

F. Compliance with the requirements set forth in § [59.1-475.1](#) and fulfillment of the conditions set forth in §§ [59.1-476](#) and [59.1-477](#) shall be solely the responsibility of the transferee in any transfer of structured settlement payment rights, and neither the structured settlement obligor nor the annuity issuer shall bear any responsibility for, or any other liability arising from, non-compliance with such requirements or failure to fulfill such conditions.

2001, c. [537](#); 2006, c. [786](#); 2016, cc. [273](#), [739](#).

## Subdivided Land Sales Act

### §55.1-2300. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Agent" means any person who represents or acts for or on behalf of a developer in the disposition of any lot in a subdivision, but does not include an attorney whose representation of another person consists solely of rendering legal services.

"Blanket encumbrance" means a trust, deed, mortgage, judgment, or any other lien or encumbrance, securing or evidencing the payment of money and affecting the land comprising the subdivision to be offered and sold or leased or affecting more than 10 lots or parcels of such lands, or an agreement affecting more than 10 lots or parcels of such lands by which the developer holds such subdivision under option, contract, sale, or trust agreement. "Blanket encumbrance" does not include mechanics' liens, taxes, or assessments levied by a public authority, or easements granted to public utilities or gov-

ernmental agencies for the purpose of bringing services to the lot or parcel within the subdivision.

"Developer" means any person who offers, directly or indirectly, for disposition, any lot in a subdivision, but does not include a trustee under a deed of trust securing an indebtedness or other obligation who sells lots within such subdivision under foreclosure proceedings, provided that the purpose in so doing is not to evade the provisions of this chapter.

"Disposition" or "sale" means any lease, assignment, or exchange, or any interest in any lot that is a part of or included in a subdivision.

"Land sales installment contract" means any installment contract for the sale or disposition of land by which the purchaser does not receive a deed conveying the property purchased until some or all installment payments have been made as called for in the contract and record title to such property remains in another pending full performance of the contract.

"Lot" means any unit, parcel, division, piece of land, or interest in land except utility easements if such interest carries with it the exclusive right to use a specific portion of property.

"Offer" means any inducement, solicitation, media advertisement, or attempt performed by or on behalf of a developer that has as its objective the disposition of a lot in a subdivision.

"Person" means any individual, corporation, government or governmental agency, business trust, estate, trust, partnership, unincorporated association, two or more of any of the foregoing having a joint or common interest, or any other legal or commercial entity.

"Purchaser" means a person who acquires or attempts to acquire any lot in a subdivision.

"Subdivision" means:

1. Any subdivision of land into 100 or more lots, whether contiguous or not, where any such lots are, from July 1, 1978, sold or disposed of by land sales installment contracts and pursuant to a common promotional plan, where lot purchasers within such subdivision have use of and access to the facilities and amenities within such subdivision for which the lot owners are assessed on a regular or special basis for the use and enjoyment of such lot; and

2. Any existing subdivision of land of 30 or more lots in which the developer has concluded its sales effort for a period of six consecutive months and has transferred to the association described in subdivision A 1 of § [55.1-2305](#) all the title, control, and maintenance responsibilities of the common areas and common facilities.

1978, c. 510, § 55-337; 1980, c. 546; 1996, c. [372](#); 2019, c. [712](#).

**§55.1-2301. Exemptions.**

Unless the method of disposition is adopted for the purposes of evasion of this chapter, the provisions of this chapter shall not apply to:

1. The sale of a subdivision to a single purchaser for his own account in a single or isolated transaction;
2. The disposition of lots in a subdivision if each lot in the subdivision is at least five acres in size;
3. The disposition of a lot on which there is a residential, commercial, or industrial building, or as to a lot upon which there is a legal obligation on the part of the seller to construct such a building within a period of two years from the date of disposition;
4. The disposition of land pursuant to court order, provided that the court reviews and approves the disposition on an individual basis;
5. The disposition of cemetery lots;
6. Offers or dispositions of evidence of indebtedness secured by a mortgage or deed of trust on real estate;
7. Offers or dispositions of securities or units of interest issued by a real estate investment trust regulated under any state or federal statute;
8. Offers or dispositions of any interest in real estate, oil, gas, or other minerals or any royalty interest in such real estate, oil, gas, or other minerals if the offers or dispositions of such interests are regulated as securities by the United States or by the Commonwealth;
9. The disposition of a lot to any person whose purpose in acquiring the land is to engage in the business of constructing residential, commercial, or industrial buildings on such land;
10. The lease of a lot where the right to possession or the rental term does not exceed one year in the aggregate and where the conditions of the lease do not obligate the lessee to renew;

11. The sale or lease of condominium units registered pursuant to the Virginia Condominium Act (§[55.1-1900](#) et seq.); or

12. The disposition of real estate that is zoned or otherwise designated by the appropriate governmental authority for, or restricted by a valid recorded declaration of covenants to, commercial or industrial use.

1978, c. 510, § 55-338; 1980, c. 546; 2019, c. [712](#).

**§55.1-2302. Transfer of ownership.**

It is unlawful for the developer to transfer fee simple ownership of a lot or parcel within a subdivision to a purchaser by any other means than by a general or special warranty deed or other deed complying with Chapter 3 (§ [55.1-300](#) et seq.).

1978, c. 510, § 55-341; 2019, c. [712](#).

**§55.1-2303. Blanket encumbrances.**

A. It is unlawful for any developer or agent to sell or lease a lot in a subdivision that is subject to a blanket encumbrance unless the blanket encumbrance or effective supplemental agreement contains a release provision permitting legal title to individual lots or other interest contracted for to be obtained free and clear of the blanket encumbrance. Nothing in this section shall be construed to limit either the conditions upon which such release may be premise or the modification or amendment of such release provision as to (i) any purchaser other than a purchaser under an installment sales contract or (ii) any purchaser under an installment sales contract that is executed subsequent to the recording of the amendment or modification.

B. Unless blanket encumbrance release provisions provide that the lien of the blanket encumbrance is subordinate to the rights of persons purchasing from the developer or agent and that those purchasers have the unconditional right to obtain legal title or other interest contracted for free and clear of the blanket encumbrance upon compliance with the terms and conditions of the purchase or lease, it is unlawful for a developer or agent to sell or lease lots except in compliance with one of the following conditions:

1. Any earnest money deposit or advance or other payment made by the purchaser on account of the purchase of a lot is placed in an escrow account that is a trust account maintained in a federally insured depository located in the Commonwealth and that fully protects the interest of the purchaser until:

a. Fee title or other interest contracted for is conveyed to the purchaser free and clear of the blanket encumbrance;

- b. Either the developer or purchaser defaults under the contract and a final determination as to the disbursement of sums paid is made by a court of competent jurisdiction; or
  - c. The developer voluntarily orders the return of the money to the purchaser; or
2. Title to the subdivision is held in trust under a trust agreement until a proper release is obtained and legal title or other interest contracted for is conveyed to the purchaser.

1978, c. 510, § 55-342; 1980, c. 546; 1996, c. [372](#); 2019, c. [712](#).

**§55.1-2304. Restraints on alienation.**

Provided that selling or leasing a lot is not specifically prohibited by recorded covenant, it is unlawful to restrain the owner of a lot in a subdivision from offering such lot for sale or lease or from selling or leasing such lot. Any deed restriction or recorded covenant that creates a right of first refusal in excess of 30 days or creates a sales restraint that denies lot owners the right to post for-sale signs of reasonable size is null and void.

1978, c. 510, § 55-343; 2019, c. [712](#).

**§55.1-2305. Management, regulation, and control of subdivisions with common facilities or property owners' associations.**

A. The covenants, deed restrictions, articles of incorporation, bylaws, or other instruments for the management, regulation, and control of subdivisions that include facilities or amenities for which the lot owners are assessed on a regular or special basis for the use, enjoyment, and maintenance of such facilities or amenities shall provide for at a minimum:

1. Formation of an association to be composed of lot owners within the subdivision, such formation occurring prior to the sale of the first lot within the subdivision by the developer;
2. A description of the areas or interests to be owned or controlled by the association, including those facilities or amenities for which the lot owners are subject to regular or special assessments;
3. The transfer of title, control, and maintenance responsibilities of common areas and common facilities to the association, which transfer is to take place no later than at such time as the developer transfers legal or equitable ownership of at least 75 percent of the lots within the subdivision to purchasers of such lots or when all of the amenities and facilities are completed, whichever occurs first, but in no event any sooner than two years from the date the developer sells his first lot within the subdivision should the

developer elect to retain title to the common areas and common facilities for such period. The transfer of such title, control, and maintenance responsibilities required of the developer shall not exonerate the developer from the responsibility of completion of the common areas and facilities once the transfer takes place.

Nothing in this section shall preclude the developer from transferring the common areas and common facilities for consideration, provided that (i) such consideration does not exceed the lesser of the fair market value of such common areas and common facilities at the time of transfer or the actual cost expended by the developer for such common areas and common facilities and (ii) the developer affirmatively discloses the following information to the purchaser, in writing, at the time the initial contract of purchase is signed:

- a. That the common areas and common facilities will be transferred only upon payment of consideration by the association;
- b. The terms upon which such transfer will be made; and
- c. An estimate of the amount of consideration to be paid by the association.

In the event the developer seeks payment for the areas or facilities transferred, the association shall have the option of deferring such payment, evidenced by a deed of trust note covering a period of not less than five years at the legal rate of interest allowed in the Commonwealth and secured by a deed of trust covering the areas or facilities transferred;

4. Procedures for determining and collecting regular assessments to defray expenses attributable to the ownership, use, enjoyment, and operation of common areas and facilities transferred to the association;
5. Procedures for establishing and collecting special assessments for capital improvements or other purposes;
6. Procedures to be employed upon the annexation of additional land to the existing subdivision that shall disclose whether or not per capita assessments on account of such annexation shall be subject to an increase, in the event additional amenities or common facilities are provided lot owners within the subdivision;
7. Such procedures and restrictions, if any, that apply to the voluntary or involuntary resale of a lot within a subdivision by a purchaser or his agent, which shall be established prior to the sale of the first lot by the developer within the subdivision;

8. Monetary penalties or use privilege and voting suspension of members for breaches of the restrictions, bylaws, or other instruments for management and control of the subdivision, or for nonpayment of regular or special assessments, with procedures for hearings for the disciplined members;

9. Creation of a board of directors or other governing body for the association with the members of the board or body to be elected by a vote of members of the association in good standing at an annual meeting or special meeting to be held not later than six months after the transfer of the areas of facilities provided for in subdivision 3;

10. Enumeration of the power of the board of directors or governing body that is consistent with and not otherwise provided by law;

11. The preparation of an annual balance sheet and operating statement for each fiscal year with provision for distribution of a copy of the reports to each member of the association in good standing within 90 days after the end of the fiscal year;

12. Quorum requirements for meetings of members of the association who are in good standing; and

13. Such other provisions as may be required by the Virginia Nonstock Corporation Act (§ [13.1-801](#) et seq.) if the association is a Virginia nonstock corporation.

B. Any developer of a subdivision, successor or otherwise, when such subdivision is subject to the provisions of this chapter, shall be obligated to complete the facilities and amenities as promised and outlined in subsection A by the initial developer of the subdivision subject to the transfer of title, control, and maintenance responsibilities of common areas and common facilities to the lot owners' association. The foregoing shall not be deemed to apply to any purchaser at foreclosure or grantee in a deed in lieu of foreclosure, provided that the purchaser or grantee is a financial institution and the mortgagee, creditor, or beneficiary under the instrument being foreclosed or giving rise to the deed in lieu of foreclosure. For the purposes of this subsection, "financial institution" means a bank, savings institution, real estate investment trust, insurance company, pension or profit sharing trust, or other institution regularly engaged in the business of making real estate loans. For purposes of this subsection, the lot owners' association shall not be deemed a developer if at a meeting of its members in good standing a vote is taken and at least 50 percent of the members vote to be exempt from the requirements of this subsection.

C. The association, once formed and in existence, and the title owner of the common areas and common facilities within the subdivision and which has been in existence for a period of at least five years shall have the authority to pass special assessments against and raise the annual assessments of the members of the association and to collect such assessments from such members according to law, if the purpose in so doing is for the maintenance of such common areas and common facilities. The authority granted and conferred upon the association by this subsection exists only where the restrictions and covenants of record do not contain specific language that precludes the adoption of special assessments or increases the annual dues or assessments.

D. The association shall have a lien on every lot within its subdivision for unpaid regular or special assessments levied against such lot in accordance with the provisions of this chapter. The lien, once perfected, shall be prior to all other liens and encumbrances except (i) real estate tax liens on such lot, (ii) liens and encumbrances recorded prior to the perfected lien, and (iii) any sums unpaid on any first mortgages or first deeds of trust recorded prior to the perfection of the lien for regular or special assessments and securing institutional lenders. The provisions of this subsection shall not affect the priority of mechanics' and materialmen's liens.

Notwithstanding any other provision of this chapter, or any other provisions of law requiring documents to be recorded in the miscellaneous lien books or the deed books of the clerk's office of any court, from July 1, 1978, all memoranda of liens arising under this subsection shall, in the discretion of the clerk, be recorded in the miscellaneous lien books or the deed books in such clerk's office. Any memorandum shall be indexed in the general index to deeds, and such general index shall identify the lien as a lien for subdivision regular or special assessments.

The association, in order to perfect the lien given by this subsection, shall file before the expiration of 90 days from the time such regular or special assessment became due and payable in the clerk's office of the county or city in which the subdivision is situated a memorandum, verified by the oath of the president of the association, which shall contain:

1. A description of the subdivision;
2. The name or names of the owners of the lot;
3. The amount of unpaid regular or special assessments currently due or past due applicable to the lot, together with the date when each fell due; and

4. The date of issuance of the memorandum.

The clerk in whose office the memorandum is filed shall record and index such memorandum as provided in this subsection, in the names of the persons identified in such memorandum, as well as in the name of the association. The cost of recording the memorandum shall be taxed against the person found liable for any judgment or order enforcing such lien. It is lawful for the memorandum to be filed as one statement listing the information required in subdivisions 1 through 4 and each of the lot owners whose property within the subdivision is liened. The cost of filing shall be as provided in subdivision A 2 of § [17.1-275](#).

No action to enforce any lien perfected under this subsection shall be brought after one year from the time when the memorandum of lien was recorded; however, the filing of a petition to enforce any such lien in any action in which such petition may be properly filed shall be regarded as the institution of an action under this subsection. Nothing in this subsection shall be construed to extend the time within which any such lien may be perfected. Nothing shall preclude the association from filing a single action listing all unpaid delinquent and enumerated lot owners as defendants and obtaining judgment against those so adjudicated by the court hearing the action.

The judgment in an action brought pursuant to this subsection shall include, without limitation, reimbursement for costs and attorney fees, together with the interest at the maximum lawful rate for the sums secured by the lien from the time each sum became due and payable.

When payment or satisfaction is made of a debt secured by the lien perfected by this subsection, the lien shall be released in accordance with the provisions of § [55.1-339](#). For the purposes of § [55.1-339](#), the president or secretary of the association is the duly authorized agent of the lien creditor.

Nothing in this subsection shall be construed to prohibit the recovery of sums for which this subsection creates a lien.

Any lot owner within the subdivision having executed a contract for the disposition of the lot is entitled, upon request, to a recordable statement setting forth the amount of unpaid regular or special assessments currently levied against that lot. Such request shall be in writing, directed to the president of the association, and delivered to the principal office of the association. Failure of the association to furnish or make available such a statement within five business days from the receipt of such written request shall extinguish

the lien created by this subsection as to the lot involved. Payment of a fee not exceeding \$15 may be required as a prerequisite to the issuance of such a statement if the bylaws of the association so provide.

E. If, upon July 1, 1978, and a subdivision becoming subject to the terms and requirements outlined in subdivisions A 1 through 8 have not been performed, then the requirements shall have to be fully complied with within a period of 90 days from July 1, 1978, and upon failure to fully perform all of such requirements within the 90-day period the failure so to do shall constitute a violation of this subsection.

F. Each lot owner within a subdivision that falls within the scope of this chapter shall be responsible for his pro rata share of the cost of maintaining the common facilities and common areas owned by the association. For purposes of this subsection, "common facilities and common areas" means only the roads and lakes within the subdivision, and "maintaining" includes any orderly program for the continued upkeep and improvement of such roads and lakes. The association has the responsibility of determining the pro rata share assessed against each lot owner, and such amount assessed shall be in addition to the annual or special assessment otherwise obligated by each member of the association.

G. If a subdivision of land meets the requirement in subdivision 2 of the definition of subdivision as provided in § [55.1-2300](#), then the property owners' association of the subject subdivision has the powers and duties enumerated in subsections C, D, and F as well as the rights and authority to establish those procedures outlined in subdivisions A 4, 5, and 6 and the penalties in subdivision A 8, and also has the obligations imposed by such subdivisions and those of subdivisions A 9 through 12.

1978, c. 510, § 55-344; 1980, c. 546; 1989, c. 68; 1993, c. 36; 1996, c. [77](#); 2019, c. [712](#).

#### **§55.1-2306. Penalties.**

Any person violating any of the provisions of §§ [55.1-2302](#) through [55.1-2305](#) is guilty of a Class 2 misdemeanor. At the discretion of the court, any imprisonment may run concurrently with imprisonment imposed by any court for violation of any law similar to the provisions of this chapter.

1978, c. 510, § 55-347; 1979, c. 243; 1996, c. [372](#); 2019, c. [712](#).

## **Telephone Cooperatives Act**

**§56-485. Short title.**

This chapter may be cited as the "Telephone Cooperatives Act."

1950, p. 588; 1956, c. 434.

**§56-486. Who may form cooperative; purpose.**

Any number of natural persons not less than five may, by executing, filing and recording a certificate as hereinafter set forth, form a cooperative, either with or without capital stock, not organized for pecuniary profit, for the purpose of promoting and encouraging the fullest possible use of telephone service by making telephone service and facilities available at the lowest cost consistent with sound economy and prudent management of the business of such cooperatives.

1950, p. 588; 1956, c. 434.

**§56-487. Definitions.**

The following terms, whenever used or referred to in this chapter, shall have the following meanings, unless a different meaning appears from the context:

- (1) "Cooperative" shall mean a telephone corporation formed under this chapter.
- (2) "Municipality" shall mean any city or incorporated town of the Commonwealth.
- (3) "Person" shall mean and include natural persons, firms, associations, cooperatives, corporations, business trusts, partnerships and bodies politic.
- (4) "Telephone service" shall mean and include service over wire or cable lines, including voice carrier, service by voice carrier system over electric distribution and transmission lines, service over radio circuits, and any other service involving the transmission of voice, video or data between fixed points.
- (5) "Acquire" shall mean and include construct, acquire by purchase, lease, devise, gift or the exercise of the power of eminent domain, or other mode of acquisition.
- (6) "System" shall mean and include any plant, works, system, facilities, or properties, or any part or parts thereof, together with all appurtenances thereto, used or useful in connection with the transmission of voice, video or data.
- (7) "Obligations" shall mean and include bonds, interim certificates or receipts, notes, debentures, and all other evidences of indebtedness either issued or the payment thereof assumed by a cooperative.

(8) "Federal agency" shall mean and include the United States of America, the President of the United States of America, and any and all other authorities, agencies, and instrumentalities of the United States of America, heretofore or hereafter created.

(9) "Improve" shall mean and include construct, reconstruct, improve, replace, extend, enlarge, alter, better or repair.

(10) "Board" shall mean the board of directors of a cooperative formed under this chapter.

(11) "Member" shall mean and include each person admitted to membership in the cooperative pursuant to law or its bylaws.

1950, p. 588; 1956, c. 434; 1996, c. [708](#).

**§56-488. Certificate of incorporation.**

The certificate of incorporation shall be entitled and endorsed "Certificate of Incorporation of the..... Telephone Co-operative" (the blank space being filled in with the distinguishing part of the name of the cooperative) and shall state:

(1) The name of the cooperative, which name need not contain the word "corporation" or "incorporated" but shall be such as to distinguish it from any other cooperative.

(2) A reasonable designation of the territory in which its operations are principally to be conducted.

(3) The location of its principal office and post-office address thereof.

(4) The maximum number of directors, not less than five.

(5) The names and post-office addresses of the officers and directors who are to manage the affairs of the cooperative for the first year of its existence, or until their successors are chosen.

(6) The period, if any, limited for the duration of the cooperative.

(7) The terms and conditions upon which persons shall be admitted to membership in the cooperative, and in the case of a cooperative incorporating with capital stock a statement of the maximum and minimum amount of the capital stock of the cooperative, and its division into shares.

The certificate of incorporation may also contain any provision not inconsistent with Title 13.1 which the incorporators may choose to insert for the regulation of the business and the conduct of the affairs of the cooperative; and any provision as to the plan of financial

organization, or relating to the internal regulation or government of the cooperative, its directors and members.

1950, p. 589; 1956, c. 434.

**§56-489. Limitation of use of words "telephone cooperative."**

The words "telephone cooperative" shall not be used in the corporate names of corporations other than those formed pursuant to the provisions of this chapter.

1950, p. 590; 1956, c. 434.

**§56-490. Filing certificate of incorporation.**

The natural persons executing the certificate of incorporation shall be residents of the territory in which the principal operations of the cooperative are to be conducted who intend to use telephone service to be furnished by the cooperative. The certificate of incorporation shall be subscribed by at least five such persons and acknowledged by them before an officer authorized by the law of this Commonwealth to take and certify acknowledgments of deeds and conveyances. When so acknowledged the certificate shall be filed in accordance with the provisions of Article 3 (§ [13.1-618](#) et seq.) of Chapter 9 of Title 13.1, and when so filed the articles of incorporation, or certified copies thereof, shall be received in all the courts of this Commonwealth and elsewhere as prima facie evidence of the facts contained therein, and of the due incorporation of the cooperative. All of the provisions of the Virginia Stock Corporation Act (§ [13.1-601](#) et seq.) and the Virginia Nonstock Corporation Act (§ [13.1-801](#) et seq.) insofar as not inconsistent with this chapter are hereby made applicable to such cooperatives, and as soon as the charter is lodged for recordation in the office of the State Corporation Commission, the proposed cooperative described therein, under its designated name, shall be and constitute a body corporate with all of the applicable powers provided for in § [56-49](#). A cooperative need not have a registered office or a registered agent.

1950, p. 590; 1956, c. 434.

**§56-491. Board of directors; officers.**

Every cooperative formed hereunder shall have a board of directors of five or more members, which shall constitute the governing body of the cooperative. The directors, other than those named in the certificate of incorporation, shall be elected annually by the members entitled to vote, unless the bylaws provide that, in lieu of electing the whole number of directors annually, the directors shall be divided into either two or three classes at the first or any subsequent annual meeting, each class to be as nearly equal

in number as possible, with the term of office of the directors of the first class to expire at the next succeeding annual meeting, the term of the second class to expire at the second succeeding annual meeting, and the term of the third class, if any, to expire at the third succeeding annual meeting; and that at each annual meeting after such classification a number of directors equal to the number of the class whose term expires at the time of such meeting shall be elected to hold office until the second succeeding annual meeting where the bylaws provide for two classes of directors; or until the third succeeding annual meeting where the bylaws provide for three classes of directors. The directors must be members of the cooperative. The board of directors shall have authority to fix the compensation of directors. Directors shall be entitled to reimbursement for expenses incurred by them in the performance of their duties. The directors shall elect annually from their own number a president and one or more vice-presidents. They shall also elect a secretary and a treasurer, who need not be directors or members, and may combine the offices of secretary and treasurer and designate the combined office as secretary-treasurer.

1950, p. 590; 1956, c. 434; 1974, c. 73; 1978, c. 236.

#### **§56-492. Powers of board of directors.**

The board of directors of a cooperative shall have power to do all things necessary and incidental in conducting the business of the cooperative, including but not limited to:

(1) If authorized by the certificate of incorporation, or by resolution of its members, the power to adopt and amend bylaws for the management and regulation of the affairs of the cooperative, subject, however, to the right of such members to alter or repeal such bylaws. The bylaws of a cooperative may make provisions, not inconsistent with law or its certificate of incorporation regulating the admission, suspension or expulsion of members; the transfer of memberships, the fees and dues of members and the termination of memberships on nonpayment of dues or otherwise; the number, times and manner of choosing, qualifications, terms of office, official designations, powers, duties and compensation of its officers; defining a vacancy in the board or in any office and the manner of filling it; the number of members to constitute a quorum at meetings, the date of the annual meeting and the giving of notice thereof and the holding of special meetings and the giving of notice thereof; the terms and conditions upon which the cooperative is to render service to its members, the disposition of the revenues and receipts of the cooperative; regular and special meetings of the board and the giving of notice thereof.

(2) To appoint agents and employees and to fix their compensation and the compensation of the officers of the cooperative.

(3) To execute all instruments.

(4) To make its own rules and regulations as to its procedure.

1950, p. 591; 1956, c. 434; 1974, c. 73; 2001, c. [386](#).

**§56-493. Membership; voting; nonprofit operation.**

A cooperative may issue to its members certificates of membership. Only members shall be entitled to vote at the meetings of the members of the cooperative. A member entitled to vote may vote in person or, unless the articles of incorporation or the bylaws otherwise provide, may vote by proxy executed in writing by the member, appointing some other member to cast his vote, or may vote by his duly authorized attorney-in-fact, who shall be a member. If a member is not voting in person, by proxy, or by attorney-in-fact, the spouse of such member shall be entitled to vote for the member, in person or by proxy, if permitted by the articles of incorporation or bylaws. No proxy shall be valid after eleven months from its date unless otherwise provided in the proxy. When directors or officers are to be elected by members, the bylaws may provide that such elections may be conducted by mail. The liability of each member shall be limited to the unpaid portion of his membership fee or subscription to capital stock, and any unpaid bills for telephone service from the cooperative. The equity of members of a nonstock cooperative shall be in proportion to the revenue paid the cooperative by each member. A cooperative shall be operated on a nonprofit basis for the mutual benefit of its members. The bylaws of the cooperative or its contract with its members shall contain such provisions relative to the disposition of revenues and receipts as may be necessary and appropriate to establish and maintain its nonprofit and cooperative character.

1950, p. 591; 1956, c. 434; 1968, c. 100; 1992, c. 6; 1996, c. [708](#).

**§56-494. Service to members; to nonmembers.**

Except as hereinafter provided, the corporate purpose of each cooperative formed hereunder shall be to render service to its members only, and no person shall become or remain a member unless such person uses telephone service supplied by the cooperative and shall have complied with the terms and conditions in respect to membership contained in the bylaws of the cooperative. Should the cooperative acquire any telephone facilities already dedicated or devoted to the public use it may, for the purpose of continuing existing service and avoiding hardship, continue to serve the persons served

directly from such facilities at the time of such acquisition without requiring that such persons become members.

The rates to such nonmembers shall be on a cost basis similar to those charged members.

1950, p. 592; 1956, c. 434; 1996, c. [708](#).

**§56-495. Powers granted corporation.**

Each corporation formed under this chapter shall have power to do any and all acts or things necessary or incidental for carrying out the purpose for which it was formed, including, but not limited to:

1. To furnish or provide telephone service or any of the facilities necessary therefor in connection with the furnishing or providing of such service with others both within and without this Commonwealth and to provide such services or facilities as may be incidental or related to providing telephone service.
2. To sue and be sued.
3. To have a seal and alter the same at pleasure.
4. To acquire, hold and dispose of property, real and personal, tangible and intangible, or interests therein and to pay therefor in cash or property or on credit, and to secure and procure payment of all or any part of the purchase price thereof on such terms and conditions as the board shall determine.
5. To acquire, own and dispose of shares or interests in other entities engaged in communications businesses.
6. To render service and to acquire, own, operate, maintain and improve a system or systems.
7. To accept gifts or grants of money, or property, real or personal, from any person, municipality or federal agency and to accept voluntary and uncompensated services.
8. To sell, lease, mortgage or otherwise encumber or dispose of all or any part of its property, as hereinafter provided.
9. To contract debts, borrow money and to issue or assume the payment of bonds, and other obligations.
10. To fix, maintain and collect reasonable fees, rents, tolls and other charges for services rendered.

11. To exercise all the powers set forth in § [56-49](#), including the power of eminent domain as prescribed for other public service corporations by general law.

12. To issue nonassessable nonvoting common and preferred capital stock and pay annually noncumulative dividends thereon not exceeding four percent and no cooperative operating hereunder shall pay annually more than four percent interest on membership capital.

13. To perform any and all of the foregoing acts and to do any and all of the foregoing things under, through or by means of its own officers, agents and employees, or by contracts with any person, federal agency or municipality.

1950, p. 592; 1956, c. 434; 1989, c. 185; 2001, c. [386](#).

**§56-496. Disposition of property.**

No cooperative may sell, lease or dispose of any of its property other than property which, in the judgment of the board, is neither necessary nor useful in operating or maintaining the cooperative's system and which in any one year shall not exceed ten per centum in value of the value of all the property of the cooperative, unless authorized so to do by the votes of at least a two-thirds majority of its members; provided, however, that a cooperative: (i) may mortgage or otherwise encumber its assets by a vote of at least two-thirds of its board of directors; or (ii) may sell or transfer its assets to another cooperative upon the vote of a majority of its members at any regular or special meeting if the notice of such meeting contains a copy of the terms of the proposed sale or transfer.

1950, p. 593; 1956, c. 434; 1979, c. 103.

**§56-497. Issue of obligations.**

A cooperative shall have the power and is hereby authorized, from time to time, to issue its obligations in anticipation of its revenues for any corporate purpose. Such obligations may be authorized by resolution of the board, and may bear such date or dates, mature at such time or times, not exceeding fifty years from their respective dates, bear such interest, be payable at such times, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption, not exceeding par and accrued interest, as such resolution may provide. Such obligations may be sold in such manner and upon such terms as the board may determine at not less than par and accrued interest. Pending the preparation

or execution of definitive bonds, or obligations, interim receipts or certificates or temporary bonds may be delivered to purchasers of such obligations.

1950, p. 593; 1956, c. 434; 1979, c. 129.

**§56-498. Covenants.**

In connection with the issuance of any obligations a cooperative may make covenants or agreements and do any and all acts or things that a corporation can make or do under the laws of the Commonwealth of Virginia.

1950, p. 593; 1956, c. 434.

**§56-499. Purchase of own obligations.**

A cooperative shall have power out of any funds available therefor to purchase any obligations issued by it at a price not exceeding the principal amount thereof and accrued interest thereon. All bonds so purchased shall be cancelled.

1950, p. 593; 1956, c. 434.

**§56-500. Consolidation or merger.**

Any two or more cooperatives created under the provisions of this chapter may consolidate or merge into a single corporation in the manner prescribed by Title 13.1, which consolidated or merged corporation shall exercise all the powers and authority and shall be vested with all the rights, franchises and privileges of each of the corporations so consolidated or merged.

1950, p. 594; 1956, c. 434.

**§56-501. Repealed.**

Repealed by Acts 1998, c. [252](#).

**§56-501.1. Payment of certain patronage capital to spouse or next of kin of deceased person.**

When there is held by any telephone cooperative, engaged in the business of furnishing telephone service, any patronage capital to the credit of a deceased person, in an amount not exceeding \$500, upon whose estate there shall have been no qualification, it shall be lawful for such telephone cooperative, after 120 days from the death of such person, to pay such balance to his or her spouse, and if none, to his or her next of kin, whose receipt therefor shall be a full discharge and acquittance to such telephone cooperative to all persons whomsoever on account of such patronage capital.

1979, c. 442.

**§56-502. Regulation by State Corporation Commission.**

Every cooperative organized under this chapter shall be subject to the jurisdiction of the State Corporation Commission with respect to telephone services and facilities in the same manner and to the same extent as are other similar utilities under the laws of Virginia, except that (i) the Commission shall have no jurisdiction over the rates, service quality and types of service offerings of the cooperative to its members; (ii) a cooperative shall not be required to file a local service tariff with the Commission; and (iii) where a cooperative establishes a cable television system, it shall be subject to Article 1.2 (§ [15.2-2108.19](#) et seq.) of Chapter 21 of Title 15.2.

1950, p. 594; 1956, c. 434; 1985, c. 405; 1996, c. [708](#); 1998, c. [252](#); 2001, c. [386](#); 2006, cc. [73](#), [76](#).

**§56-503. Dissolution.**

A cooperative created hereunder may be dissolved in the manner prescribed by Article 16 (§ [13.1-742](#) et seq.) of Chapter 9 or Article 13 (§ [13.1-902](#) et seq.) of Chapter 10 of Title 13.1.

1950, p. 594; 1956, c. 434.

**§56-504. Charter amendments.**

A cooperative created hereunder may amend its certificate of incorporation to change its corporate name, to increase or reduce the number of its directors or change any other provision therein, provided that no cooperative shall amend its certificate of incorporation to embody therein any purpose, power or provision which would not be authorized if its original certificate including such additional or changed purpose, power or provision were offered for filing at the time a certificate under this section is offered. Such amendment may be accomplished in the method prescribed by law for corporations generally.

1950, p. 594; 1956, c. 434.

**§56-505. Charter fees.**

The general laws of Virginia relating to fees and other charges in connection with issuing charters, amendments thereto, consolidations and dissolutions of corporations organized on a mutual basis or without capital stock, shall apply to cooperatives organized under the provisions of this chapter.

1950, p. 595; 1956, c. 434.

**§56-506. Construction of chapter; conflicting laws.**

This chapter is to be liberally construed and the enumeration of any object, purpose, power, method or thing shall not be deemed to exclude like or similar objects, purposes, powers, manners, methods or things, and any provisions of other laws in conflict with the provisions of this chapter shall not apply to cooperatives operating hereunder.

1950, p. 595; 1956, c. 434.

**§56-507. Adoption of provisions by existing corporation.**

Any Virginia corporation engaged in the furnishing of telephone service in the Commonwealth may come under the provisions of this chapter by filing with the Commission a certificate of adoption in the manner provided by paragraph (b) of § [13.1-334](#), and relinquishing all rights and powers granted by the former charter.

1950, p. 595; 1956, c. 434.

**§56-508. Extension of service to territory not being served.**

If, from any rural territory not now being served, application be made to the State Corporation Commission by a group of five or more persons, natural or artificial, to require an extension of telephone service to such territory, the Commission shall, if necessary to accomplish the purposes sought, fix a time for hearing upon the application, on such terms and conditions as the Commission prescribes, and, if it be established to the satisfaction of the Commission that a proper guaranteed revenue for a sufficient number of years will accrue to any company which may be required to construct the desired extension, and that a reasonable return will accrue to the company constructing the extension, then the Commission is authorized to require the nearest, or most advantageously located public telephone company to such territory to construct such extension to such point or points in such territory and to serve such customer or customers therein, as in its judgment is deemed right and proper.

1950, p. 595; 1956, c. 434.

## **The Public-Private Education Facilities and Infrastructure Act of 2002**

**§56-575.1. Definitions.**

As used in this chapter, unless the context requires a different meaning:

"Affected jurisdiction" means any county, city or town in which all or a portion of a qualifying project is located.

"Appropriating body" means the body responsible for appropriating or authorizing funding to pay for a qualifying project.

"Commission" means the State Corporation Commission.

"Comprehensive agreement" means the comprehensive agreement between the private entity and the responsible public entity required by § [56-575.9](#).

"Develop" or "development" means to plan, design, develop, finance, lease, acquire, install, construct, or expand.

"Interim agreement" means an agreement between a private entity and a responsible public entity that provides for phasing of the development or operation, or both, of a qualifying project. Such phases may include, but are not limited to, design, planning, engineering, environmental analysis and mitigation, financial and revenue analysis, or any other phase of the project that constitutes activity on any part of the qualifying project.

"Lease payment" means any form of payment, including a land lease, by a public entity to the private entity for the use of a qualifying project.

"Material default" means any default by the private entity in the performance of its duties under subsection E of § [56-575.8](#) that jeopardizes adequate service to the public from a qualifying project.

"Operate" means to finance, maintain, improve, equip, modify, repair, or operate.

"Private entity" means any natural person, corporation, general partnership, limited liability company, limited partnership, joint venture, business trust, public benefit corporation, non-profit entity, or other business entity.

"Public entity" means the Commonwealth and any agency or authority thereof, any county, city or town and any other political subdivision of the Commonwealth, any public body politic and corporate, or any regional entity that serves a public purpose.

"Qualifying project" means (i) any education facility, including, but not limited to a school building, any functionally related and subordinate facility and land to a school building (including any stadium or other facility primarily used for school events), and any depreciable property provided for use in a school facility that is operated as part of the public school system or as an institution of higher education; (ii) any building or facility that meets a public purpose and is developed or operated by or for any public entity; (iii) any

improvements, together with equipment, necessary to enhance public safety and security of buildings to be principally used by a public entity; (iv) utility and telecommunications and other communications infrastructure; (v) a recreational facility; (vi) technology infrastructure, services, and applications, including, but not limited to, telecommunications, automated data processing, word processing and management information systems, and related information, equipment, goods and services; (vii) any services designed to increase the productivity or efficiency of the responsible public entity through the use of technology or other means, (viii) any technology, equipment, or infrastructure designed to deploy wireless broadband services to schools, businesses, or residential areas; (ix) any improvements necessary or desirable to any unimproved locally- or state-owned real estate; or (x) any solid waste management facility as defined in § [10.1-1400](#) that produces electric energy derived from solid waste.

"Responsible public entity" means a public entity that has the power to develop or operate the applicable qualifying project.

"Revenues" means all revenues, income, earnings, user fees, lease payments, or other service payments arising out of or in connection with supporting the development or operation of a qualifying project, including without limitation, money received as grants or otherwise from the United States of America, from any public entity, or from any agency or instrumentality of the foregoing in aid of such facility.

"Service contract" means a contract entered into between a public entity and the private entity pursuant to § [56-575.5](#).

"Service payments" means payments to the private entity of a qualifying project pursuant to a service contract.

"State" means the Commonwealth of Virginia.

"User fees" mean the rates, fees or other charges imposed by the private entity of a qualifying project for use of all or a portion of such qualifying project pursuant to the comprehensive agreement pursuant to § [56-575.9](#).

2002, c. [571](#); 2003, c. [1034](#); 2005, cc. [618](#), [865](#); 2007, cc. [649](#), [764](#); 2008, cc. [273](#), [731](#); 2009, cc. [754](#), [762](#).

#### **§56-575.2. Declaration of public purpose.**

A. The General Assembly finds that:

1. There is a public need for timely acquisition, design, construction, improvement, renovation, expansion, equipping, maintenance, operation, implementation, or installation of education facilities, technology infrastructure and other public infrastructure and government facilities within the Commonwealth that serve a public need and purpose;
2. Such public need may not be wholly satisfied by existing methods of procurement in which qualifying projects are acquired, designed, constructed, improved, renovated, expanded, equipped, maintained, operated, implemented, or installed;
3. There are inadequate resources to develop new education facilities, technology infrastructure and other public infrastructure and government facilities for the benefit of citizens of the Commonwealth, and there is demonstrated evidence that public-private partnerships can meet these needs by improving the schedule for delivery, lowering the cost, and providing other benefits to the public;
4. Financial incentives exist under state and federal tax provisions that promote public entities to enter into partnerships with private entities to develop qualifying projects;
5. Authorizing private entities to develop or operate one or more qualifying projects may result in the availability of such projects to the public in a more timely or less costly fashion, thereby serving the public safety, benefit, and welfare.

B. An action under § [56-575.4](#) shall serve the public purpose of this chapter if such action facilitates the timely development or operation of qualifying projects.

C. It is the intent of this chapter, among other things, to encourage investment in the Commonwealth by private entities and facilitate the bond financing provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 or other similar financing mechanisms, private capital and other funding sources that support the development or operation of qualifying projects, to the end that financing for qualifying projects be expanded and accelerated to improve and add to the convenience of the public, and such that public and private entities may have the greatest possible flexibility in contracting with each other for the provision of the public services that are the subject of this chapter.

D. This chapter shall be liberally construed in conformity with the purposes hereof.

2002, c. [571](#); 2003, c. [1034](#); 2005, c. [865](#).

### **§56-575.3. Prerequisite for operation of a qualifying project.**

A. Any private entity seeking authorization under this chapter to develop or operate a qualifying project shall first obtain approval of the responsible public entity under § [56-](#)

[575.4](#). Such private entity may initiate the approval process by requesting approval pursuant to subsection A of § [56-575.4](#) or the responsible public entity may request proposals or invite bids pursuant to subsection B of § [56-575.4](#).

B. Any facility, building, infrastructure or improvement included in a proposal as a part of a qualifying project shall be identified specifically or conceptually.

C. Upon receipt by the responsible public entity of a proposal submitted by a private entity initiating the approval process pursuant to subsection A of § [56-575.4](#), the responsible public entity shall determine whether to accept such proposal for consideration in accordance with § [56-575.16](#). If the responsible public entity determines not to accept for consideration the proposal submitted by the private entity pursuant to subsection A of § [56-575.4](#), it shall return the proposal, together with all fees and accompanying documentation, to the private entity.

D. The responsible public entity may reject any proposal initiated by a private entity pursuant to subsection A of § [56-575.4](#) at any time. If the responsible public entity rejects a proposal initiated by a private entity that purports to develop specific cost savings, the public entity shall specify the basis for the rejection.

2002, c. [571](#); 2003, cc. [292](#), [1034](#); 2005, c. [865](#); 2011, c. [308](#).

**§56-575.3:1. Adoption of guidelines by responsible public entities.**

A. A responsible public entity shall, prior to requesting or considering a proposal for a qualifying project, adopt and make publicly available guidelines that are sufficient to enable the responsible public entity to comply with this chapter. Such guidelines shall be reasonable, encourage competition, and guide the selection of projects under the purview of the responsible public entity.

B. For a responsible public entity that is an agency or institution of the Commonwealth, the guidelines shall include, but not be limited to:

1. Opportunities for competition through public notice and availability of representatives of the responsible public entity to meet with private entities considering a proposal;
2. Reasonable criteria for choosing among competing proposals;
3. Suggested timelines for selecting proposals and negotiating an interim or comprehensive agreement;

4. Authorization for accelerated selection and review and documentation timelines for proposals involving a qualifying project that the responsible public entity deems a priority;
5. Financial review and analysis procedures that shall include, at a minimum, a cost-benefit analysis, an assessment of opportunity cost, and consideration of the results of all studies and analyses related to the proposed qualifying project. These procedures shall also include requirements for the disclosure of such analysis to the appropriating body for review prior to execution of an interim or comprehensive agreement;
6. Consideration of the nonfinancial benefits of a proposed qualifying project;
7. A mechanism for the appropriating body to review a proposed interim or comprehensive agreement prior to execution, which shall be in compliance with applicable law and the provisions of subsection I of § [56-575.4](#) pertaining to the approval of qualifying projects;
8. Establishment of criteria for (i) the creation of and the responsibilities of a public-private partnership oversight committee with members representing the responsible public entity and the appropriating body or (ii) compliance with the requirements of Chapter 42 (§ [30-278](#) et seq.) of Title 30. Such criteria shall include the scope, costs, and duration of the qualifying project, as well as whether the project involves or impacts multiple public entities. The oversight committee, if formed, shall be an advisory committee to review the terms of any proposed interim or comprehensive agreement;
9. Analysis of the adequacy of the information released when seeking competing proposals and providing for the enhancement of that information, if deemed necessary, to encourage competition pursuant to subsection G of § [56-575.4](#);
10. Establishment of criteria, key decision points, and approvals required to ensure that the responsible public entity considers the extent of competition before selecting proposals and negotiating an interim or comprehensive agreement; and
11. The posting and publishing of public notice of a private entity's request for approval of a qualifying project, including (i) specific information and documentation to be released regarding the nature, timing, and scope of the qualifying project pursuant to subsection A of § [56-575.4](#); (ii) a reasonable time period as determined by the responsible public entity to encourage competition and public-private partnerships in accordance with the goals of this chapter, such reasonable period not to be less than 45 days, during which time the responsible public entity shall receive competing proposals pursuant to

subsection A of § [56-575.4](#); and (iii) a requirement for advertising the public notice in the Virginia Business Opportunities publication and posting a notice on the Commonwealth's electronic procurement website shall be included.

C. For a responsible public entity that is not an agency or institution of the Commonwealth the guidelines may include the provisions set forth in subsection B in the discretion of such public entity. However, the guidelines of a responsible public entity that is not an agency or institution of the Commonwealth shall include:

1. A requirement that it engage the services of qualified professionals, which may include an architect, professional engineer, or certified public accountant, not otherwise employed by the responsible public entity, to provide independent analysis regarding the specifics, advantages, disadvantages, and the long- and short-term costs of any request by a private entity for approval of a qualifying project unless the governing body of the responsible public entity determines that such analysis of a request by a private entity for approval of a qualifying project shall be performed by employees of the responsible public entity; and

2. A mechanism for the appropriating body to review a proposed interim or comprehensive agreement prior to execution.

2005, c. [865](#); 2007, c. [764](#).

#### **§56-575.4. Approval of qualifying projects by the responsible public entity.**

A. A private entity may request approval of a qualifying project by the responsible public entity. Any such request shall be accompanied by the following material and information unless waived by the responsible public entity:

1. A topographic map (1:2,000 or other appropriate scale) indicating the location of the qualifying project;

2. A description of the qualifying project, including the conceptual design of such facility or facilities or a conceptual plan for the provision of services or technology infrastructure, and a schedule for the initiation of and completion of the qualifying project to include the proposed major responsibilities and timeline for activities to be performed by both the public and private entity;

3. A statement setting forth the method by which the private entity proposes to secure necessary property interests required for the qualifying project;

4. Information relating to the current plans for development of facilities or technology infrastructure to be used by a public entity that are similar to the qualifying project being proposed by the private entity, if any, of each affected local jurisdiction;
5. A list of all permits and approvals required for the qualifying project from local, state, or federal agencies and a projected schedule for obtaining such permits and approvals;
6. A list of public utility facilities, if any, that will be crossed by the qualifying project and a statement of the plans of the private entity to accommodate such crossings;
7. A statement setting forth the private entity's general plans for financing the qualifying project including the sources of the private entity's funds and identification of any dedicated revenue source or proposed debt or equity investment on the behalf of the private entity;
8. The names and addresses of the persons who may be contacted for further information concerning the request;
9. User fees, lease payments, and other service payments over the term of the interim or comprehensive agreement pursuant to § [56-575.9](#) or [56-575.9:1](#) and the methodology and circumstances for changes to such user fees, lease payments, and other service payments over time; and
10. Such additional material and information as the responsible public entity may reasonably request.

B. The responsible public entity may request proposals or invite bids from private entities for the development or operation of qualifying projects.

C. The responsible public entity may grant approval of the development or operation of the education facility, technology infrastructure or other public infrastructure or government facility needed by a public entity as a qualifying project, or the design or equipping of a qualifying project so developed or operated, if the responsible public entity determines that the project serves the public purpose of this chapter. The responsible public entity may determine that the development or operation of the qualifying project as a qualifying project serves such public purpose if:

1. There is a public need for or benefit derived from the qualifying project of the type the private entity proposes as a qualifying project;
2. The estimated cost of the qualifying project is reasonable in relation to similar facilities; and

3. The private entity's plans will result in the timely development or operation of the qualifying project.

In evaluating any request, the responsible public entity may rely upon internal staff reports prepared by personnel familiar with the operation of similar facilities or the advice of outside advisors or consultants having relevant experience.

D. The responsible public entity may charge a reasonable fee to cover the costs of processing, reviewing and evaluating the request, including without limitation, reasonable attorney's fees and fees for financial, technical, and other necessary advisors or consultants.

E. The approval of the responsible public entity shall be subject to the private entity's entering into an interim or comprehensive agreement pursuant to § [56-575.9](#) with the responsible public entity.

F. In connection with its approval of the qualifying project, the responsible public entity shall establish a date for the commencement of activities related to the qualifying project. The responsible public entity may extend such date from time to time.

G. The responsible public entity shall take appropriate action to protect confidential and proprietary information provided by the private entity pursuant to an agreement under subdivision 11 of § [2.2-3705.6](#).

H. Nothing in this chapter or in an interim or comprehensive agreement entered into pursuant to this chapter shall be deemed to enlarge, diminish or affect the authority, if any, otherwise possessed by the responsible public entity to take action that would impact the debt capacity of the Commonwealth.

I. Prior to entering into the negotiation of an interim or comprehensive agreement, each responsible public entity that is an agency or institution of the Commonwealth shall submit copies of detailed proposals to the Public-Private Partnership Advisory Commission as provided by Chapter 42 (§ [30-278](#) et seq.) of Title 30.

J. Any proposed comprehensive agreement for a qualifying project where the responsible public entity is an agency or institution of the Commonwealth that (i) creates state tax-supported debt, (ii) requires a level of appropriation significantly beyond the appropriation received by the responsible public entity in the most recent appropriation act, or (iii) significantly alters the Commonwealth's discretion to change the level of services or the funding for such services over time, shall be reviewed by the appropriating body prior to execution.

2002, c. [571](#); 2003, c. [1034](#); 2004, c. [690](#); 2005, c. [865](#); 2007, c. [764](#).

**§56-575.5. Service contracts.**

In addition to any authority otherwise conferred by law, any public entity may contract with a private entity for the delivery of services to be provided as part of a qualifying project in exchange for such service payments and other consideration as such public entity may deem appropriate.

2002, c. [571](#); 2005, c. [865](#).

**§56-575.6. Affected local jurisdictions.**

A. Any private entity requesting approval from, or submitting a proposal to, a responsible public entity under § [56-575.4](#) shall notify each affected local jurisdiction by furnishing a copy of its request or proposal to each affected local jurisdiction.

B. Each affected local jurisdiction that is not a responsible public entity for the respective qualifying project shall, within sixty days after receiving such notice, submit any comments it may have in writing on the proposed qualifying project to the responsible public entity and indicate whether the facility is compatible with the local comprehensive plan, local infrastructure development plans, the capital improvements budget, or other government spending plan. Such comments shall be given consideration by the responsible public entity prior to entering a comprehensive agreement pursuant to § [56-575.9](#) with a private entity.

2002, c. [571](#).

**§56-575.7. Dedication of public property.**

Any public entity may dedicate any property interest, including land, improvements, and tangible personal property, that it has for public use in a qualifying project if it finds that so doing will serve the public purpose of this chapter by minimizing the cost of a qualifying project to the public entity or reducing the delivery time of a qualifying project. In connection with such dedication, a public entity may convey any property interest that it has, subject to the conditions imposed by general law governing such conveyances, to the private entity subject to the provisions of this chapter, for such consideration as such public entity may determine. The aforementioned consideration may include, without limitation, the agreement of the private entity to develop or operate the qualifying project. The property interests that the public entity may convey to the private entity in connection with a dedication under this section may include licenses, franchises, easements, or any other right or interest the public entity deems appropriate.

2002, c. [571](#); 2005, c. [865](#).

**§56-575.8. Powers and duties of the private entity.**

A. The private entity shall have all power allowed by law generally to a private entity having the same form of organization as the private entity and shall have the power to develop or operate the qualifying project and collect lease payments, impose user fees or enter into service contracts in connection with the use thereof.

B. The private entity may own, lease or acquire any other right to use or operate the qualifying project.

C. Any financing of the qualifying project may be in such amounts and upon such terms and conditions as may be determined by the private entity. Without limiting the generality of the foregoing, the private entity may issue debt, equity or other securities or obligations, enter into sale and leaseback transactions and secure any financing with a pledge of, security interest in, or lien on, any or all of its property, including all of its property interests in the qualifying project.

D. In operating the qualifying project, the private entity may:

1. Make classifications according to reasonable categories for assessment of user fees; and
2. With the consent of the responsible public entity, make and enforce reasonable rules to the same extent that the responsible public entity may make and enforce rules with respect to similar facilities.

E. The private entity shall:

1. Develop or operate the qualifying project in a manner that is acceptable to the responsible public entity, all in accordance with the provisions of the interim or comprehensive agreement pursuant to § [56-575.9](#) or [56-575.9:1](#);
2. Keep the qualifying project open for use by the members of the public at all times, or as appropriate based upon the use of the facility, after its initial opening upon payment of the applicable user fees, lease payments, or service payments; provided that the qualifying project may be temporarily closed because of emergencies or, with the consent of the responsible public entity, to protect the safety of the public or for reasonable construction or maintenance activities. In the event that a qualifying project is technology infrastructure, access may be limited as determined by the conditions of the interim or comprehensive agreement;

3. Maintain, or provide by contract for the maintenance or upgrade of the qualifying project, if required by the interim or comprehensive agreement;
4. Cooperate with the responsible public entity in making best efforts to establish any interconnection with the qualifying project requested by the responsible public entity; and
5. Comply with the provisions of the interim or comprehensive agreement and any lease or service contract.

F. Nothing shall prohibit an private entity of a qualifying project from providing additional services for the qualifying project to public or private entities other than the responsible public entity so long as the provision of additional service does not impair the private entity's ability to meet its commitments to the responsible public entity pursuant to the interim or comprehensive agreement as provided for in § [56-575.9](#) or [56-575.9:1](#).

2002, c. [571](#); 2003, c. [1034](#); 2005, c. [865](#).

**§56-575.9. Comprehensive agreement.**

A. Prior to developing or operating the qualifying project, the private entity shall enter into a comprehensive agreement with the responsible public entity. The comprehensive agreement shall provide for:

1. Delivery of maintenance, performance and payment bonds, letters of credit in connection with the development or operation of the qualifying project, in the forms and amounts satisfactory to the responsible public entity and in compliance with § [2.2-4337](#) for those components of the qualifying project that involve construction;
2. Review of plans and specifications for the qualifying project by the responsible public entity and approval by the responsible public entity if the plans and specifications conform to standards acceptable to the responsible public entity. This shall not be construed as requiring the private entity to complete design of a qualifying project prior to the execution of a comprehensive agreement;
3. Inspection of the qualifying project by the responsible public entity to ensure that the private entity's activities are acceptable to the responsible public entity in accordance with the provisions of the comprehensive agreement;
4. Maintenance of a policy or policies of public liability insurance (copies of which shall be filed with the responsible public entity accompanied by proofs of coverage) or self-insurance, each in form and amount satisfactory to the responsible public entity and

reasonably sufficient to insure coverage of tort liability to the public and employees and to enable the continued operation of the qualifying project;

5. Monitoring of the practices of the private entity by the responsible public entity to ensure that the qualifying project is properly maintained;

6. Reimbursement to be paid to the responsible public entity for services provided by the responsible public entity;

7. Filing of appropriate financial statements on a periodic basis; and

8. Policies and procedures governing the rights and responsibilities of the responsible public entity and the private entity in the event the comprehensive agreement is terminated or there is a material default by the private entity. Such policies and guidelines shall include conditions governing assumption of the duties and responsibilities of the private entity by the responsible public entity and the transfer or purchase of property or other interests of the private entity by the responsible public entity.

B. The comprehensive agreement shall provide for such user fees, lease payments, or service payments as may be established from time to time by agreement of the parties. A copy of any service contract shall be filed with the responsible public entity. In negotiating user fees under this section, the parties shall establish payments or fees that are the same for persons using the facility under like conditions and that will not materially discourage use of the qualifying project. The execution of the comprehensive agreement or any amendment thereto shall constitute conclusive evidence that the user fees, lease payments, or service payments provided for comply with this chapter. User fees or lease payments established in the comprehensive agreement as a source of revenues may be in addition to, or in lieu of, service payments.

C. In the comprehensive agreement, the responsible public entity may agree to make grants or loans to the private entity from time to time from amounts received from the federal, state, or local government or any agency or instrumentality thereof.

D. The comprehensive agreement shall incorporate the duties of the private entity under this chapter and may contain such other terms and conditions that the responsible public entity determines serve the public purpose of this chapter. Without limitation, the comprehensive agreement may contain provisions under which the responsible public entity agrees to provide notice of default and cure rights for the benefit of the private entity and the persons specified therein as providing financing for the qualifying project. The comprehensive agreement may contain such other lawful terms and conditions to which the

private entity and the responsible public entity mutually agree, including, without limitation, provisions regarding unavoidable delays or provisions providing for a loan of public funds to the private entity to develop or operate one or more qualifying projects. The comprehensive agreement may also contain provisions where the authority and duties of the private entity under this chapter shall cease, and the qualifying project is dedicated to the responsible public entity or, if the qualifying project was initially dedicated by an affected local jurisdiction, to such affected local jurisdiction for public use.

E. Any changes in the terms of the comprehensive agreement, as may be agreed upon by the parties from time to time, shall be added to the comprehensive agreement by written amendment.

F. When a responsible public entity that is not an agency or authority of the Commonwealth enters into a comprehensive agreement pursuant to this chapter, it shall within 30 days thereafter submit a copy of the comprehensive agreement to the Auditor of Public Accounts.

G. The comprehensive agreement may provide for the development or operation of phases or segments of the qualifying project.

2002, c. [571](#); 2003, c. [1034](#); 2004, c. [986](#); 2005, c. [865](#).

#### **§56-575.9:1. Interim agreement.**

Prior to or in connection with the negotiation of the comprehensive agreement, the responsible public entity may enter into an interim agreement with the private entity proposing the development or operation of the qualifying project. Such interim agreement may (i) permit the private entity to commence activities for which it may be compensated relating to the proposed qualifying project, including, but not limited to, project planning and development, design and engineering, environmental analysis and mitigation, survey, and ascertaining the availability of financing for the proposed facility or facilities; (ii) establish the process and timing of the negotiation of the comprehensive agreement; and (iii) contain any other provisions related to any aspect of the development or operation of a qualifying project that the parties may deem appropriate.

2005, c. [865](#).

#### **§56-575.10. Federal, state and local assistance.**

A. Any financing of a qualifying facility may be in such amounts and upon such terms and conditions as may be determined by the parties to the interim or comprehensive agreement. Without limiting the generality of the terms and conditions of the financing,

the private entity and the responsible public entity may propose to utilize any and all funding resources that may be available to them and may, to the fullest extent permitted by applicable law, issue debt, equity, or other securities or obligations, enter into leases, access any designated trust funds, borrow or accept grants from any state infrastructure bank, and secure any financing with a pledge of, security interest in, or lien on, any or all of its property, including all of its property interests in the qualifying facility.

B. The responsible public entity may take any action to obtain federal, state, or local assistance for a qualifying project that serves the public purpose of this chapter and may enter into any contracts required to receive such assistance. If the responsible public entity is a state agency, any funds received from the state or federal government or any agency or instrumentality thereof shall be subject to appropriation by the General Assembly. The responsible public entity may determine that it serves the public purpose of this chapter for all or any portion of the costs of a qualifying project to be paid, directly or indirectly, from the proceeds of a grant or loan made by the local, state, or federal government or any agency or instrumentality thereof.

2002, c. [571](#); 2005, c. [865](#).

**§56-575.11. Material default; remedies.**

A. In the event of a material default by the private entity, the responsible public entity may elect to assume the responsibilities and duties of the private entity of the qualifying project, and in such case, it shall succeed to all of the right, title and interest in such qualifying project, subject to any liens on revenues previously granted by the private entity to any person providing financing thereof.

B. Any responsible public entity having the power of condemnation under state law may exercise such power of condemnation to acquire the qualifying project in the event of a material default by the private entity. Any person who has provided financing for the qualifying project, and the private entity, to the extent of its capital investment, may participate in the condemnation proceedings with the standing of a property owner.

C. The responsible public entity may terminate, with cause, the interim or comprehensive agreement and exercise any other rights and remedies that may be available to it at law or in equity.

D. The responsible public entity may make or cause to be made any appropriate claims under the maintenance, performance, or payment bonds; or lines of credit required by subsection A 1 of § [56-575.9](#).

E. In the event the responsible public entity elects to take over a qualifying project pursuant to subsection A, the responsible public entity may develop or operate the qualifying project, impose user fees, impose and collect lease payments for the use thereof and comply with any service contracts as if it were the private entity. Any revenues that are subject to a lien shall be collected for the benefit of and paid to secured parties, as their interests may appear, to the extent necessary to satisfy the private entity's obligations to secured parties, including the maintenance of reserves. Such liens shall be correspondingly reduced and, when paid off, released. Before any payments to, or for the benefit of, secured parties, the responsible public entity may use revenues to pay current operation and maintenance costs of the qualifying project, including compensation to the responsible public entity for its services in operating and maintaining the qualifying project. The right to receive such payment, if any, shall be considered just compensation for the qualifying project. The full faith and credit of the responsible public entity shall not be pledged to secure any financing of the private entity by the election to take over the qualifying project. Assumption of operation of the qualifying project shall not obligate the responsible public entity to pay any obligation of the private entity from sources other than revenues.

2002, c. [571](#); 2003, c. [1034](#); 2005, c. [865](#).

#### **§56-575.12. Condemnation.**

At the request of the private entity, the responsible public entity may exercise any power of condemnation that it has under law for the purpose of acquiring any lands or estates or interests therein to the extent that the responsible public entity finds that such action serves the public purpose of this chapter. Any amounts to be paid in any such condemnation proceeding shall be paid by the private entity.

2002, c. [571](#); 2005, c. [865](#).

#### **§56-575.13. Utility crossing.**

The private entity and each public service company, public utility, railroad, and cable television provider, whose facilities are to be crossed or affected shall cooperate fully with the other entity in planning and arranging the manner of the crossing or relocation of the facilities. Any such entity possessing the power of condemnation is hereby expressly granted such powers in connection with the moving or relocation of facilities to be crossed by the qualifying project or that must be relocated to the extent that such moving or relocation is made necessary or desirable by construction of, renovation to, or improvements to the qualifying project, which shall be construed to include construction of,

renovation to, or improvements to temporary facilities for the purpose of providing service during the period of construction or improvement. Any amount to be paid for such crossing, construction, moving or relocating of facilities shall be paid for by the private entity. Should the private entity and any such public service company, public utility, railroad, and cable television provider not be able to agree upon a plan for the crossing or relocation, the Commission may determine the manner in which the crossing or relocation is to be accomplished and any damages due arising out of the crossing or relocation. The Commission may employ expert engineers who shall examine the location and plans for such crossing or relocation, hear any objections and consider modifications, and make a recommendation to the Commission. In such a case, the cost of the experts is to be borne by the private entity. Such determination shall be made by the Commission within ninety days of notification by the private entity that the qualifying project will cross utilities subject to the Commission's jurisdiction.

2002, c. [571](#); 2005, c. [865](#).

**§56-575.14. Police powers; violations of law.**

All police officers of the Commonwealth and of each affected local jurisdiction shall have the same powers and jurisdiction within the limits of such qualifying project as they have in their respective areas of jurisdiction and such police officers shall have access to the qualifying project at any time for the purpose of exercising such powers and jurisdiction.

2002, c. [571](#).

**§56-575.15. Sovereign immunity.**

Nothing in this chapter shall be construed as or deemed a waiver of the sovereign immunity of the Commonwealth, any responsible public entity or any affected local jurisdiction or any officer or employee thereof with respect to the participation in, or approval of all or any part of the qualifying project or its operation, including but not limited to interconnection of the qualifying project with any other infrastructure or project. Counties, cities and towns in which a qualifying project is located shall possess sovereign immunity with respect to its design, construction, and operation.

2002, c. [571](#).

**§56-575.16. Procurement.**

The Virginia Public Procurement Act (§ [2.2-4300](#) et seq.) and any interpretations, regulations, or guidelines of the Division of Engineering and Buildings of the Department of General Services or the Virginia Information Technologies Agency, including the Capital

Outlay Manual and those interpretations, regulations or guidelines developed pursuant to §§ [2.2-1131](#), [2.2-1132](#), [2.2-1133](#), [2.2-1149](#), and [2.2-1502](#), except those developed by the Division or the Virginia Information Technologies Agency in accordance with this chapter when the Commonwealth is the responsible public entity, shall not apply to this chapter. However, a responsible public entity may enter into a comprehensive agreement only in accordance with guidelines adopted by it as follows:

1. A responsible public entity may enter into a comprehensive agreement in accordance with guidelines adopted by it that are consistent with procurement through competitive sealed bidding as set forth in § [2.2-4302.1](#) and subsection B of § [2.2-4310](#).

2. A responsible public entity may enter into a comprehensive agreement in accordance with guidelines adopted by it that are consistent with the procurement of "other than professional services" through competitive negotiation as set forth in § [2.2-4302.2](#) and subsection B of § [2.2-4310](#). Such responsible public entity shall not be required to select the proposal with the lowest price offer, but may consider price as one factor in evaluating the proposals received. Other factors that may be considered include (i) the proposed cost of the qualifying facility; (ii) the general reputation, industry experience, and financial capacity of the private entity; (iii) the proposed design of the qualifying project; (iv) the eligibility of the facility for accelerated selection, review, and documentation timelines under the responsible public entity's guidelines; (v) local citizen and government comments; (vi) benefits to the public; (vii) the private entity's compliance with a minority business enterprise participation plan or good faith effort to comply with the goals of such plan; (viii) the private entity's plans to employ local contractors and residents; and (ix) other criteria that the responsible public entity deems appropriate.

A responsible public entity shall proceed in accordance with the guidelines adopted by it pursuant to subdivision 1 unless it determines that proceeding in accordance with the guidelines adopted by it pursuant to this subdivision is likely to be advantageous to the responsible public entity and the public, based on (i) the probable scope, complexity, or priority of the project; (ii) risk sharing including guaranteed cost or completion guarantees, added value or debt or equity investments proposed by the private entity; or (iii) an increase in funding, dedicated revenue source or other economic benefit that would not otherwise be available. When the responsible public entity determines to proceed according to the guidelines adopted by it pursuant to this subdivision, it shall state the reasons for its determination in writing. If a state agency is the responsible public entity, the approval of the responsible Governor's Secretary, or the Governor, shall be required

before the responsible public entity may enter into a comprehensive agreement pursuant to this subdivision.

3. Nothing in this chapter shall authorize or require that a responsible public entity obtain professional services through any process except in accordance with guidelines adopted by it that are consistent with the procurement of "professional services" through competitive negotiation as set forth in § [2.2-4302.2](#) and subsection B of § [2.2-4310](#).

4. A responsible public entity shall not proceed to consider any request by a private entity for approval of a qualifying project until the responsible public entity has adopted and made publicly available guidelines pursuant to § [56-575.3:1](#) that are sufficient to enable the responsible public entity to comply with this chapter.

5. A responsible public entity that is a school board or a county, city, or town may enter into an interim or comprehensive agreement under this chapter only with the approval of the local governing body.

2002, c. [571](#); 2003, cc. [292](#), [968](#), [1034](#); 2004, c. [986](#); 2005, c. [865](#); 2006, c. [936](#); 2007, c. [764](#); 2013, c. [583](#).

**§56-575.17. Posting of conceptual proposals; public comment; public access to procurement records.**

A. Conceptual proposals submitted in accordance with subsection A or B of § [56-575.4](#) to a responsible public entity shall be posted by the responsible public entity within 10 working days after acceptance of such proposals as follows:

1. For responsible public entities that are state agencies, authorities, departments, institutions, and other units of state government, posting shall be on the Department of General Services' centralized electronic procurement website; and

2. For responsible public entities that are local bodies, posting shall be on the responsible public entity's website or on the Department of General Services' central electronic procurement website. In addition, such public bodies may publish in a newspaper of general circulation in the area in which the contract is to be performed a summary of the proposals and the location where copies of the proposals are available for public inspection. Such local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

In addition to the posting requirements, at least one copy of the proposals shall be made available for public inspection. Nothing in this section shall be construed to prohibit the

posting of the conceptual proposals by additional means deemed appropriate by the responsible public entity so as to provide maximum notice to the public of the opportunity to inspect the proposals. Trade secrets, financial records, or other records of the private entity excluded from disclosure under the provisions of subdivision 11 of § [2.2-3705.6](#) shall not be required to be posted, except as otherwise agreed to by the responsible public entity and the private entity.

B. The responsible public entity shall hold a public hearing on the proposals during the proposal review process, but not later than 30 days prior to entering into an interim or comprehensive agreement.

C. Once the negotiation phase for the development of an interim or a comprehensive agreement is complete, but before an interim agreement or a comprehensive agreement is entered into, a responsible public entity shall make available the proposed agreement in a manner provided in subsection A.

D. Once an interim agreement or a comprehensive agreement has been entered into, a responsible public entity shall make procurement records available for public inspection, upon request. For the purposes of this subsection, procurement records shall not be interpreted to include (i) trade secrets of the private entity as defined in the Uniform Trade Secrets Act (§ [59.1-336](#) et seq.) or (ii) financial records, including balance sheets or financial statements of the private entity that are not generally available to the public through regulatory disclosure or otherwise.

E. Cost estimates relating to a proposed procurement transaction prepared by or for a responsible public entity shall not be open to public inspection.

F. Any inspection of procurement transaction records under this section shall be subject to reasonable restrictions to ensure the security and integrity of the records.

G. The provisions of this section shall apply to accepted proposals regardless of whether the process of bargaining will result in an interim or a comprehensive agreement.

2006, c. [936](#); 2008, c. [667](#); 2009, c. [762](#); 2011, c. [332](#).

**§56-575.17:1. Contributions and gifts; prohibition during approval process.**

A. No private entity that has submitted a bid or proposal to a public entity that is an executive branch agency directly responsible to the Governor and is seeking to develop or operate a qualifying project pursuant to this chapter, and no individual who is an officer or director of such a private entity, shall knowingly provide a contribution, gift, or other item with a value greater than \$50 or make an express or implied promise to make such

a contribution or gift to the Governor, his political action committee, or the Governor's Secretaries, if the Secretary is responsible to the Governor for an executive branch agency with jurisdiction over the matters at issue, following the submission of a proposal under this chapter until the execution of a comprehensive agreement thereunder. The provisions of this section shall apply only for any proposal or an interim or comprehensive agreement where the stated or expected value of the contract is \$5 million or more.

B. Any person who knowingly violates this section shall be subject to a civil penalty of \$500 or up to two times the amount of the contribution or gift, whichever is greater. The attorney for the Commonwealth shall initiate civil proceedings to enforce the civil penalties. Any civil penalties collected shall be payable to the State Treasurer for deposit to the general fund.

2010, c. [732](#); 2011, c. [624](#).

#### **§56-575.18. Auditor of Public Accounts.**

The Auditor of Public Accounts shall periodically review interim and comprehensive agreements entered into pursuant to this chapter to ensure compliance with the provisions of this chapter. Copies of the agreements and supporting documents must be electronically filed with the Auditor of Public Accounts. Electronic agreements shall be made available in the online database maintained pursuant to § [30-133](#).

2007, c. [764](#); 2009, c. [762](#).

## **The Virginia Gas and Oil Act**

## **The Virginia Health Savings Account Plan**

#### **§38.2-5600. Repealed.**

Repealed by Acts 2005, cc. [503](#) and [572](#), cl. 2.

#### **§38.2-5601. The Virginia Health Savings Account Plan.**

A. The Department of Taxation and the Commission shall amend the Virginia Medical Savings Account Plan prepared pursuant to former § [38.2-5600](#) in order to address the provisions of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, P.L. No. 108-173, permitting eligible individuals to establish health savings

accounts pursuant to § 223 of the Internal Revenue Code of 1986, as amended, which amended Plan shall be designated as the Virginia Health Savings Account Plan. The Department of Taxation and the Commission shall present the Virginia Health Savings Account Plan to the Chairs of the House Committees on Appropriations; Finance; Health, Welfare and Institutions; and Labor and Commerce and the Senate Committees on Finance and Appropriations; Education and Health; and Commerce and Labor by January 1, 2006. Thereafter the Department of Taxation and the Commission shall update the Plan annually and provide copies of such updates to the chairs of such committees.

B. The Virginia Health Savings Account Plan shall, consistent with federal law authorizing the establishment and use of health savings accounts, identify measures by private and public entities that will increase the utilization and efficacy of health savings accounts by the Commonwealth's residents, employers, and providers of health care coverage. The Plan shall include recommendations for legislation that would increase the attractiveness of health savings accounts, or eliminate barriers to their use, by providing:

1. Definitions of eligible participants;
2. Criteria for accounts, including, but not limited to, such matters as trustees, maximum amounts, and the rollover of balances in medical savings accounts to health savings accounts;
3. Measures that would encourage public and private employers to offer, as part of a cafeteria menu of insurance plans, high-deductible health plans that would qualify for a health savings account pursuant to § 223 of the Internal Revenue Code of 1986, as amended; and
4. Any other provisions appropriate to maximize the use of health savings accounts within the Commonwealth.

C. The Plan shall include a report by the Commission on the availability of high deductible health plans, as defined in § 223 (c) (2) of the Internal Revenue Code of 1986, as amended, in the Commonwealth.

D. The Plan shall include recommendations by the Department of Taxation for a system of income tax deductions or refundable credits, consistent with federal law and regulation, for (i) employers who voluntarily contribute to their employees' health savings accounts, (ii) health care providers who participate in providing care to health savings account holders at a reduced cost or without compensation, and (iii) eligible individuals,

as defined in § 223 (a) of the Internal Revenue Code of 1986, as amended, who qualify under applicable federal or state definitions as members of the working poor.

1995, c. [650](#); 2002, c. [372](#); 2005, cc. [503](#), [572](#).

**§38.2-5602. Operation of medical savings accounts.**

Medical savings accounts may be established in the Commonwealth, and may be converted to health savings accounts, pursuant to applicable federal law and regulation.

1995, c. [650](#); 2002, c. [372](#); 2005, cc. [503](#), [572](#).

**§38.2-5602.1. Operation of health savings accounts; high deductible health plans.**

Health savings accounts may be established in the Commonwealth pursuant to applicable federal law and regulation. Unless otherwise prohibited by any provision of this title, any health carrier, as defined in § [38.2-5800](#), authorized to conduct business in the Commonwealth may offer a high deductible health plan that would qualify for and may be offered in conjunction with a health savings account pursuant to § 223 of the Internal Revenue Code of 1986, as amended.

2005, cc. [503](#), [572](#).

**§38.2-5603. Repealed.**

Repealed by Acts 2005, cc. [503](#) and [572](#), cl. 2.

**§38.2-5604. Health savings accounts exempt from claims.**

A. As used in this section, "health savings account" means a health savings account or medical savings account authorized under § 220 or 223 of the Internal Revenue Code of 1986, as amended from time to time.

B. Notwithstanding any provision of law to the contrary, the rights of a participant or beneficiary of a health savings account to hold or to receive moneys paid into or out of, the assets of, and the income of the health savings account:

1. Shall be exempt from creditor process;
2. Shall not be liable to attachment, garnishment, or other process; and
3. Shall not be seized, taken, appropriated, or applied by any legal or equitable process or operation of law to pay any debt or liability of the participant or beneficiary of the account.

2010, c. [595](#).

# The Virginia Real Estate Time-Share Act

## §55.1-2200. Definitions.

As used in this chapter, or in a time-share instrument, unless the context requires a different meaning:

"Additional land" means all land that a time-share developer has identified as land that may be added to a time-share project.

"Affiliate" means a person that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with the person specified.

"Alternative purchase" means anything valued in excess of \$100 that is offered to a potential purchaser by the developer during the developer's sales presentation and that is purchased by such potential purchaser for more than \$100, even though the purchaser did not purchase a time-share. An alternative purchase is not a time-share. A membership camping contract as defined in § [59.1-313](#) is not an alternative purchase. An alternative purchase shall be registered with the Board unless it is otherwise registered as a travel service under the Virginia Travel Club Act (§ [59.1-445](#) et seq.) and shall include vacation packages, however denominated, and exit programs, however denominated.

"Association" means the association organized under the provisions of § [55.1-2209](#).

"Board" means the Common Interest Community Board.

"Board of directors" means an executive and administrative entity, by whatever name denominated, designated in a time-share instrument as the governing body of the time-share estate owners' association.

"Common elements" means the real estate, improvements on such real estate, and the personalty situated within the time-share project that are subject to the time-share program. "Common elements" does not include the units and the time-shares.

"Consumer documents" means the aggregate of the following documents: the reverter deed, the note, the deed of trust, and any document that is to be provided to consumers in connection with an offering.

"Contact information" means any information that can be used to contact an owner, including the owner's name, address, telephone number, email address, or user identity on any electronic networking service.

"Contract," "sales contract," "purchase contract," "contract of purchase," or "contract to purchase," which shall be interchangeable throughout this chapter, means any legally binding instrument executed by the developer and a purchaser by which the developer is obligated to sell and the purchaser is obligated to purchase either a time-share and its incidental benefits or an alternative purchase registered under this chapter.

"Conversion time-share project" means a real estate improvement that, prior to the disposition of any time-share, was wholly or partially occupied by persons as their permanent residence or on a transient pay-as-you-go basis other than those who have contracted for the purchase of a time-share and those who occupy with the consent of such purchasers.

"Cost of ownership" means all of the owner's expenses related to a resale time-share due between the date of a resale transfer contract and the transfer of the resale time-share.

"Deed" means the instrument by which title to a time-share estate is transferred from one person to another person.

"Deed of trust" means the instrument conveying the time-share estate that is given as security for the payment of the note.

"Default" means either a failure to have made any payment in full and on time or a violation of a performance obligation required by a consumer document for a period of no less than 60 days.

"Developer" means any person or group of persons acting in concert that (i) offers to dispose of a time-share or its interest in a time-share unit for which there has not been a previous disposition or (ii) applies for registration of the time-share program.

"Developer control period" means a period of time during which the developer or a managing agent selected by the developer manages and controls the time-share project and the common elements and units it comprises.

"Development right" means any right reserved by the developer to create additional units that may be dedicated to the time-share program.

"Dispose" or "disposition" means a transfer of a legal or equitable interest in a time-share, other than a transfer or release of security for a debt.

"Exchange agent" or "exchange company" means a person that exchanges or offers to exchange time-shares in an exchange program with other time-shares.

"Exchange program" means any opportunity or procedure for the assignment or exchange of time-shares among owners in other time-share programs as evidenced by a past or present written agreement executed between an exchange company and the developer or the time-share estate association; however, an "exchange program" shall not be either an incidental benefit or an opportunity or procedure by which a time-share owner can exchange his time-share for another time-share within either the same time-share project or another time-share project owned in part by the developer.

"Guest" means (i) a person who is on the project, additional land, or development at the request of an owner, developer, association, or managing agent or (ii) a person otherwise legally entitled to be on such project, additional land, or development. "Guest" includes family members of owners; time-share exchange participants; merchants, purveyors, or vendors; and employees of such merchants, purveyors, and vendors; the developer; or the association.

"Incidental benefit" means anything valued in excess of \$100 provided by the developer that is acquired by a purchaser upon acquisition of a time-share and includes exchange rights, travel insurance, bonus weeks, upgrade entitlements, travel coupons, referral awards, and golf and tennis packages. An incidental benefit is not a time-share or an exchange program. An incidental benefit shall not be registered with the Board.

"Inherent risks of project activity" means those dangers or conditions that are an integral part of a project activity, including certain hazards, such as surface and subsurface conditions; natural conditions of land, vegetation, and waters; the behavior of wild or domestic animals; and ordinary dangers of structures or equipment ordinarily used in association or time-share project operations. "Inherent risks of project activity" also includes the potential of a participant to act in a negligent manner that may contribute to injury to the participant or others, including failing to follow instructions given by the project professional or failing to exercise reasonable caution while engaging in the project activity.

"Lead dealer" means a person that sells or otherwise provides to any other person contact information concerning five or more owners to be used for a resale service. "Lead

dealer" does not mean developers, managing entities, or exchange companies to the extent that such entities are providing other persons with personal contact information about time-share owners in their own time-share programs or members of their own exchange program.

"Lien holder" means either a person that holds an interest in an encumbrance that is not released of record as to a purchaser or such person's successor in interest that acquires title to the time-share project at foreclosure, by deed in lieu of foreclosure, or by any other instrument however denominated.

"Managing agent" means a person that undertakes the duties, responsibilities, and obligations of the management of a time-share project.

"Managing entity" means the managing agent or, if there is no managing agent, the time-share owners' association in a time-share estate project and the developer in a time-share use project.

"Material change" means a change in any information or document disclosed in or attached to the public offering statement that renders inaccurate, incomplete, or misleading any information or document in such a way as to affect substantially a purchaser's rights or obligations, but does not include a change (i) in the real estate tax assessment or rate, utility charges or deposits, maintenance fees, association dues, assessments, special assessments, or any recurring time-share expense item, provided that such change is made known (a) immediately to the prospective purchaser by a written addendum in the public offering statement and (b) to the Board by filing with the developer's annual report copies of the updated changes occurring over the immediately preceding 12 months; (ii) that is an aspect or result of the orderly development of the time-share project in accordance with the time-share instrument; (iii) resulting from new, updated, or amended information contained in the annual report prepared and distributed pursuant to § [55.1-2213](#); (iv) correcting spelling, grammar, omissions, or other similar errors not affecting the substance of the public offering statement; or (v) occurring in the issuance of an exchange company's updated annual report or disclosure document, provided that, upon its receipt by the developer, it shall be distributed in lieu of all others in order to satisfy § [55.1-2217](#).

"Note" means the instrument that evidences the debt occasioned by the deferred purchase of a time-share.

"Offering" or "offer" means any act that originates in the Commonwealth to sell, solicit, induce, or advertise, whether by radio, television, telephone, newspaper, magazine, or mail, during which a person is given an opportunity to acquire a time-share.

"Participant" means any person, other than a project professional, that engages in a project activity.

"Person" means one or more natural persons, corporations, partnerships, associations, trustees of a trust, limited liability companies, or other entities, or any combination thereof, capable of holding title to real property.

"Possibility of reverter" means a provision contained in a reverter deed by which the time-share estate automatically reverts or transfers back to the developer upon satisfaction of the requirements imposed by § [55.1-2222](#).

"Product" means each time-share program and all alternative purchases.

"Project activity" means any activity carried out or conducted on a common element, within a time-share unit or elsewhere in the project, additional land, or development, that allows owners, their guests, and members of the general public to view, observe, participate, or enjoy activities. "Project activity" includes swimming pools, spas, sporting venues, and cultural, historical, or harvest-your-own activities; other amenities and events; or natural activities and attractions for recreational, entertainment, educational, or social purposes. Such activity is a project activity whether or not the participant paid to participate in the activity.

"Project professional" means any person that is engaged in the business of providing one or more project activities, whether or not for compensation. For the purposes of this definition, the developer, association, and managing entity shall each be deemed a project professional.

"Public offering statement" means the statement required by § [55.1-2217](#).

"Purchaser" means any person other than a developer or lender that owns or acquires a product or that otherwise enters into a contract for the purchase of a product.

"Resale purchase contract" means an agreement negotiated by a reseller by which an owner or a reseller agrees to sell, and a subsequent purchaser agrees to buy, a resale time-share.

"Resale service" means engaging, directly or indirectly, for compensation, in any of the following either in person or by any medium of communication: (i) selling or offering to

sell or list for sale for the owner a resale time-share, (ii) buying or offering to buy a resale time-share for transfer to a subsequent purchaser, (iii) transferring a resale time-share acquired from an owner to a subsequent purchaser or offering to assist in such transfer, (iv) invalidating or offering to invalidate for an owner the title of a resale time-share, or (v) advertising or soliciting to advertise or promote the transfer or invalidation of a resale time-share. Resale service does not include an individual's selling or offering to sell his own time-share unit.

"Resale time-share" means a time-share, wherever located, that has previously been sold to an owner who is a natural person for personal, family, or household use and that is transferred, or is intended to be transferred, through a resale service.

"Resale transfer contract" means an agreement between a reseller and the owner by which the reseller agrees to transfer or assist in the transfer of the owner's resale time-share.

"Reseller" means any person who, directly or indirectly, engages in a resale service.

"Reverter deed" means the deed from a developer to a grantee that contains a possibility of reverter.

"Sales person" means a person who sells or offers to sell time-share interests in a time-share program.

"Situs" means the place outside the Commonwealth where a developer's time-share project is located.

"Subsequent purchaser" means the purchaser or transferee of a resale time-share.

"Time-share" means either a time-share estate or a time-share use plus its incidental benefits.

"Time-share estate" means a right to occupy a time-share unit or any of several time-share units during five or more separated time periods over a period of at least five years, including renewal options, coupled with a freehold estate or an estate for years in one or more time-share units or a specified portion of such time-share units.

"Time-share estate occupancy expense" means all costs and expenses incurred in (i) the formation, organization, operation, and administration, including capital contributions thereto, of the association and both its board of directors and its members and (ii) all owners' use and occupancy of the time-share estate project, including without limitation its completed and occupied time-share estate units and common elements available for

use. Such costs and expenses include maintenance and housekeeping charges; repairs; refurbishing costs; insurance premiums, including the premium for comprehensive general liability insurance required by subdivision 8 of § [55.1-2209](#); taxes; properly allocated labor, operational, and overhead costs; general and administrative expenses; the managing agent's fee; utility charges and deposits; the cost of periodic repair and replacement of walls and window treatments and furnishings, including furniture and appliances; filing fees and annual registration charges of the State Corporation Commission and the Board; attorney fees and accountant charges; and reserves for any of the foregoing.

"Time-share estate subject to reverter" means a time-share estate (i) entitling the holder thereof to occupy units not more than four weeks in any one-year period and (ii) for which the down payment is not more than 20 percent of the total purchase price of the time-share estate.

"Time-share expense" means (i) expenditures, fees, charges, or liabilities incurred with respect to the operation, maintenance, administration, or insuring of the time-shares, units, and common elements comprising the entire time-share project, whether or not incurred for the repair, renovation, upgrade, refurbishing, or capital improvements, and (ii) any allocations of reserves.

"Time-share instrument" or "project instrument" means any document, however denominated, that creates the time-share project and program and that may contain restrictions or covenants regulating the use, occupancy, or disposition of time-shares in a project.

"Time-share owner" or "owner" means a person that is an owner or co-owner of a time-share other than as security for an obligation.

"Time-share program" or "program" means any arrangement of time-shares in one or more time-share projects by which the use, occupancy, or possession of real property has been made subject to either a time-share estate or time-share use in which such use, occupancy, or possession circulates among owners of the time-shares according to a fixed or floating time schedule on a periodic basis occurring over any period of time in excess of five years.

"Time-share project" or "project" means all of the real property subject to a time-share program created by the execution of a time-share instrument.

"Time-share unit" or "unit" means the real property or real property improvement in a project that is divided into time-shares and designated for separate occupancy and use.

"Time-share use" means a right to occupy a time-share unit or any of several time-share units during five or more separated time periods over a period of at least five years, including renewal options, not coupled with a freehold estate or an estate for years in a time-share project or a specified portion of such time-share project.

"Transfer" means a voluntary conveyance of a resale time-share to a person other than the developer, association, or managing entity of the time-share program of which the resale time-share is a part or to a person taking ownership by gift, foreclosure, or deed in lieu of foreclosure.

1981, c. 462, § 55-362; 1985, c. 517; 1986, c. 359; 1991, c. 704; 1994, c. [580](#); 1998, c. [460](#); 2001, c. [543](#); 2004, c. [143](#); 2007, c. [267](#); 2008, cc. [376](#), [851](#), [871](#); 2012, c. [751](#); 2019, c. [712](#); 2020, c. [1011](#).

#### **§55.1-2201. Applicability.**

A. This chapter shall have exclusive jurisdiction and shall apply to any product offering or disposition made within the Commonwealth after July 1, 1985, in a time-share project located within the Commonwealth. Sections [55.1-2200](#), [55.1-2201](#), [55.1-2202](#), [55.1-2203](#), [55.1-2204](#), [55.1-2206](#), [55.1-2210](#), [55.1-2211](#), [55.1-2213](#), [55.1-2215](#), [55.1-2216](#), [55.1-2220](#), [55.1-2227](#), [55.1-2229](#), [55.1-2230](#), [55.1-2232](#), [55.1-2233](#), [55.1-2237](#), and [55.1-2252](#) shall apply to a time-share project within the Commonwealth that was created prior to July 1, 1985.

B. This chapter shall not affect rights or obligations created by preexisting provisions of any time-share instrument that transfers an estate or interest in real property.

C. This chapter shall apply to any product offering or disposition in a time-share project located outside the Commonwealth and offered for sale in the Commonwealth with the exception that Articles 2 (§ [55.1-2207](#) et seq.), 3 (§ [55.1-2217](#) et seq.), and 4 (§ [55.1-2235](#) et seq.) shall apply only to the extent permitted by the laws of the situs.

D. This chapter shall apply to any product offering or disposition in a time-share program, and offered for sale in the Commonwealth, created under a situs time-sharing law in which the time-share interests in the time-share program are either direct or indirect beneficial interests in a trust created pursuant to the situs time-sharing law or other applicable law of the situs.

Code 1950, § 55-361; 1981, c. 462; 1983, c. 59; 1985, c. 517, § 55-361.1; 1986, c. 359; 1989, c. 637; 1991, c. 704; 1994, c. [580](#); 2019, c. [712](#); 2020, c. [1011](#).

#### **§55.1-2202. Administrative agency.**

The Common Interest Community Board shall administer this chapter.

1985, c. 517, § 55-362.1; 2008, cc. [851](#), [871](#); 2019, c. [712](#).

**§55.1-2203. Status of time-share estates with respect to real property interests.**

A. A document transferring or encumbering a time-share estate shall not be rejected for recordation within the Commonwealth because of the nature or duration of that estate or interest, provided that the document complies with all other recordation requirements.

B. Each time-share estate constitutes for purposes of title a separate estate or interest in a unit.

C. For purposes of local real property taxation, each time-share unit, other than a unit operated for time-share use, shall be valued in the same manner as if such unit were owned by a single taxpayer. The total cumulative purchase price paid by the time-share owners for a unit shall not be utilized by the commissioner of revenue or other local assessing officer as a factor in determining the assessed value of such unit. A unit operated as a time-share use, however, may be assessed the same as other income-producing and investment property. The commissioner of revenue or other local assessing officer shall list in the land book a time-share unit in the name of the association.

1981, c. 462, § 55-363; 1985, c. 517; 1994, c. [580](#); 2019, c. [712](#).

**§55.1-2204. Applicability of local ordinances, regulations, and building codes.**

A zoning, subdivision, or other ordinance or regulation shall not impose any requirement upon a time-share project that it would not otherwise impose upon a similar project under a different form of ownership.

1981, c. 462, § 55-364; 2019, c. [712](#).

**§55.1-2205. Use of terms.**

A developer in its offering or disposition of a time-share may use interchangeably any term recognized in the industry, including "time-share," "time-share interest," "interval ownership," "interval ownership interest," "vacation ownership," "vacation ownership interest," and "product." A developer shall not use the term "incidental benefit" or "alternative purchase" except in the proper context.

1994, c. [580](#), § 55-364.1; 2019, c. [712](#).

**§55.1-2206. Severability of provisions of time-share instruments.**

All provisions of the time-share instruments shall be deemed severable, and any unlawful provision of such instrument shall be void.

Code 1950, § 55-365; 1981, c. 462; 1985, c. 517, § 55-365.1; 2019, c. [712](#).

**§55.1-2207. Time-sharing permitted.**

A time-share project shall be permitted on any land or improvement on such land lying within the Commonwealth unless prohibited by zoning then in effect or by the express language of any legally enforceable covenant, condition, or restriction, however denominated, contained in the governing documents of record for such land, including condominium instruments under the Condominium Act (§ [55.1-1900](#) et seq.), a time-share instrument under this chapter, a declaration under the Virginia Real Estate Cooperative Act (§ [55.1-2100](#) et seq.), or a master deed under the Horizontal Property Act (§ [55.1-2000](#) et seq.). This chapter shall not be construed to affect the validity of any provision of any time-share program or any expansion of such a program or time-share instrument recorded or in existence prior to July 1, 1981.

1981, c. 462, § 55-366; 1994, c. [580](#); 1998, c. [460](#); 2019, c. [712](#).

**§55.1-2208. Instruments.**

A. In order to create a time-share program for a time-share estate project, the developer shall execute a time-share instrument prepared and executed in accordance with this chapter and record it in the clerk's office where such time-share project is located. The time-share instrument shall contain the following:

1. The name of the time-share project, which shall include or be followed by a qualifying adjective or term outlined in § [55.1-2205](#);
2. The name of the locality and the state or situs in which the time-share project is situated;
3. The legal description, street address, or other description sufficient to identify the time-share project;
4. A legally sufficient description of the real estate constituting the time-share project;
5. A statement of the form of time-share program, i.e., whether it is a time-share estate or time-share use;
6. Identification of time periods by letter, name, number, or combination thereof;
7. Identification of time-shares and, where applicable, the method by which additional time-shares may be created or withdrawn;
8. The formula, fraction, or percentage of the common expenses and any voting rights assigned to each time-share;

9. Any restrictions on the use, occupancy, enjoyment, alteration, or alienation of time-shares;
10. The ownership interest, if any, in personal property available to time-share owners;
11. The program by which the managing entity, if any, will provide management of the project;
12. The period for which units are designated and committed to the time-share program and the property classification of the units at the expiration of such period;
13. Any provision for amending the time-share instrument;
14. A description of the events, including condemnation and damage or destruction, upon which the time-share program may or shall be terminated before the expiration of its full term and the consequences of such termination, including the manner in which the time-share project or the proceeds from the disposition of such project shall be held or distributed among owners;
15. A statement of whether or not the developer reserves the right to add to or delete any incidental benefit; and
16. Such other matters as the developer deems appropriate.

B. In order to create a time-share program for a time-share use project, the developer shall (i) execute and record a time-share instrument as required by subsection A or (ii) execute a time-share instrument that takes the form of and is a part of the contract that contains the information required by subsection A.

C. If the developer explicitly reserves the right to develop additional time-shares, the time-share instrument shall also contain the following:

1. A legally sufficient description of all land that may be added to the time-share project, which shall be referred to as "additional land";
2. A statement outlining the order in which portions of the additional land may be subjected to the exercise of each development right or a statement that no assurances are made in that regard;
3. A statement of the time limit upon which the option to develop shall expire, together with a statement of the circumstances, if any, that will terminate that option prior to the expiration of the specified time limit;

4. A statement of the maximum number of units that may be added to the time-share project, if known, or, if the maximum number of units that may be added to the time-share project is not known, a statement to that effect; and
5. A statement of the property classification of the additional land if the developer fails to exercise the development rights as reserved in the time-share instrument.

2023, cc. [52](#), [53](#).

**§55.1-2209. Time-share instrument for time-share estate project.**

In addition to the requirements of § [55.1-2208](#), the time-share instrument for a time-share estate project shall outline or prescribe reasonable arrangements for the management and operation of the time-share estate program and for the maintenance, repair, and furnishing of units it comprises, which shall include provisions for the following:

1. Creation of an association, the members of which shall be the time-share estate owners. The association may be formed pursuant to the Virginia Nonstock Corporation Act (§ [13.1-801](#) et seq.); however, the association shall be formed prior to the time the project and program are registered with the Board. Nothing shall affect the validity of the association, once formed, and the rights applicable to it as granted by this chapter, notwithstanding the time when such association was formed;
2. Payment of costs and expenses of operating the time-share estate program and owning and maintaining the units it comprises;
3. Employment and termination of employment of the managing agent for the project. Any agreement pertaining to the employment of the managing agent and executed during the developer control period shall be voidable by the association at any time after termination of the developer control period for the time-share project, and any provision in such agreement to the contrary is hereby declared to be void;
4. Termination of leases and contracts for goods and services for the time-share estate project that are entered into during the developer control period. Any such lease or contract shall become voidable at the option of the association upon termination of the developer control period for the entire time-share project, or sooner if the provisions of such lease or contract so state;
5. Preparation and dissemination to time-share estate owners of the annual report required by § [55.1-2213](#);

6. Adoption of standards and rules of conduct for the use, enjoyment, and occupancy of units by the time-share estate owners;
  7. Collection of regular assessments, fees or dues, or special assessments from time-share estate owners to defray all time-share expenses;
  8. Comprehensive general liability insurance for death, bodily injury, and property damage arising out of, or in connection with, the use and enjoyment of the project by time-share estate owners, their guests, and other users. The costs associated with securing and maintaining such insurance shall be a time-share expense. Nothing in this subdivision shall be construed to obligate the managing entity to secure insurance on the conduct of the time-share estate owners, their guests, and other users or the personal effects or property of such owners, guests, and users;
  9. Methods for providing compensation or alternate use periods or monetary compensation to a time-share estate owner if his contracted-for unit cannot be made available for the period to which the owner is entitled by schedule or by confirmed reservation;
  10. Procedures for imposing a monetary penalty or suspension of a time-share estate owner's rights and privileges in the time-share estate program or time-share project for failure of such owner to comply with provisions of the time-share instrument or the rules and regulations of the association with respect to the use and enjoyment of the units and the time-share project. Under these procedures, a time-share estate owner shall be given reasonable notice and reasonable opportunity to be heard and explain the charges against him in person or in writing to the board of directors of the association before a decision to impose discipline is rendered; and
  11. Employment of attorneys, accountants, and other professional persons as necessary to assist in the management of the time-share estate program and the units it comprises.
- 1981, c. 462, § 55-368; 1985, c. 517; 1989, c. 637; 1991, c. 704; 1994, c. [580](#); 1998, c. [460](#); 2019, c. [712](#).

**§55.1-2210. Developer control in time-share estate program.**

A. The time-share instrument for a time-share estate program shall provide for a developer control period. All costs associated with the control, management, and operation of the time-share estate project during the developer control period shall belong to the developer, except for time-share estate occupancy expenses that shall, if required by the developer in the time-share instrument, be allocated only to and paid by time-share

estate owners other than the developer. Nothing shall preclude the developer, during the developer control period and at any time after the lapse of a purchaser's right of cancellation and without regard to the recordation of the deed, provided that the deed has been delivered to the purchaser or the purchaser's agent, from collecting an annual or specially assessed charge from each time-share estate owner for the payment of the time-share estate occupancy expenses by way of a maintenance fee. However, any such funds received and not spent, or any other funds received and allocated to the benefit of the association, shall be transferred to the association by the developer at the termination of the developer control period.

B. Except to the extent that the purchase contract or time-share instrument expressly provides otherwise, fee simple title to the common elements shall be transferred to the time-share estate owners' association, free of charge, no later than at such time as the developer (i) transfers to purchasers legal or equitable ownership of at least 90 percent of the time-share estates, excluding any reacquisitions by the developer; (ii) is no longer the beneficiary on deeds of trust secured on at least 20 percent of the time-share estates; or (iii) has completed all of the promised common elements and facilities that the time-share estate project comprises, whichever occurs last. The developer may make such transfer when the period has ended for a phase or portion of the time-share estate project. The transfer required of the developer by this subsection shall not exonerate the developer from the responsibility of completion of the promised and incomplete common elements once the transfer occurs. Upon transfer of the time-share project or portion to the association, the developer control period for such project or portion of such project shall terminate.

1981, c. 462, § 55-369; 1985, c. 517; 1989, c. 637; 1991, c. 704; 1993, c. 842; 1994, c. [580](#); 1998, c. [460](#); 2001, c. [543](#); 2008, c. [376](#); 2013, cc. [259](#), [327](#); 2019, c. [712](#).

**§55.1-2211. Time-share estate owners' association control liens.**

A. The board of directors of the association shall have the authority to adopt regular annual assessments and to levy periodic special assessments against each of the time-share estate unit owners and to collect the same from such owners according to law if the purpose in so doing is determined by the board of directors to be in the best interest of the time-share project or time-share program and the proceeds are used to either pay common expenses or fund a reserve. In addition, the board of directors of the association shall have the authority to collect, on behalf of the developer or on its own account, the maintenance fee imposed by the developer pursuant to § [55.1-2210](#). The authority

hereby granted and conferred upon the association shall exist notwithstanding any covenants and restrictions of record applicable to the project stated to the contrary, and any such covenants and restrictions are hereby declared void.

B. The developer may provide that it not be obligated to pay all or a portion of any assessment, dues, or other charges of the association, however denominated, passed, or adopted, pursuant to subsection A, if such developer so provides, in bold type, in the time-share instrument for the time-share estate project. If no such provision exists, the developer shall be responsible to pay the same assessment, dues, or other charges that a time-share estate owner is obligated to pay for each of its unsold time-shares existing at the end of the fiscal year of the association and no more if the board of directors of the association so determines. In no event shall either a time-share expense or the dues, assessment, or charges of the association discriminate against the developer.

C. The association shall have a lien on every time-share estate within its project for unpaid and past due regular or special assessments levied against that estate in accordance with the provisions of this chapter and for all unpaid and past due maintenance fees. The exemption created by § [34-4](#) shall not be claimed against the debt or lien of the association created by this section.

The association, in order to perfect the lien given by this subsection, shall file, before the expiration of four years from the time such special or regular assessment or maintenance fee became due, in the clerk's office of the county or city in which the project is situated, a memorandum verified by the oath of any officer of the association or its managing agent and containing the following information:

1. The name and location of the project;
2. The name and address of each owner of the time-share on which the lien exists and a description of the unit in which the time-share is situated;
3. The amount of past due special or regular assessments or past due maintenance fees applicable to the time-share, together with the date when each became due;
4. The amount of any other charges owing occasioned by the failure of the owner to pay the assessments or maintenance fees, including late charges, interest, postage and handling, attorney fees, recording costs, and release fees;
5. The name, address, and telephone number of the association's trustee, if known at the time, who will be called upon by the association to foreclose on the lien upon the owner's failure to pay as provided in this subsection; and

6. The date of issuance of the memorandum.

Notwithstanding any other provision of this chapter, or any other provision of law requiring documents to be recorded in the deed books of the clerk's office of any court, from July 1, 1981, all memoranda of liens arising under this subsection shall be recorded in the deed books in such clerk's office. Any such memorandum shall be indexed in the general index to deeds, and such general index shall identify the lien as a lien for time-share estate regular or special assessments or maintenance fees.

The clerk in whose office such memorandum is filed as provided in this subsection shall record and index such memorandum as provided in this subsection, in the names of the persons identified in such memorandum as well as in the name of the time-share estates owners' association. The cost of recording such memorandum shall be taxed against the owner of the time-share on which the lien is placed. The filing with the clerk of one memorandum on which is listed two or more delinquent time-share estate unit owners is permitted in order to perfect the lien hereby allowed, and the cost of filing in this event shall be the clerk's fee as prescribed in subdivision A 2 of § [17.1-275](#).

D. At any time after perfecting the lien pursuant to this section, the association may sell the time-share estate at a public sale, subject to prior liens. For purposes of this section, the association shall have the power both to sell and convey the time-share estate and shall be deemed the time-share estate owner's statutory agent for the purpose of transferring title to the time-share estate. A nonjudicial foreclosure sale shall be conducted by a trustee and in accordance with the following:

1. The association shall give notice to the time-share estate owner, prior to advertisement, as required by subdivision 4. The notice shall specify (i) the debt secured by the perfected lien; (ii) the action required to satisfy the debt secured by the perfected lien; (iii) the date, not less than 60 days from the date the notice is given to the time-share estate owner, by which the debt secured by the lien shall be satisfied; and (iv) that failure to satisfy the debt secured by the lien on or before the date specified in the notice may result in the sale of the time-share estate. The notice shall further inform the time-share estate owner of the right to bring a court action in the circuit court of the county or city where the time-share project is located to assert the nonexistence of a debt or any other defenses of the time-share estate owner to the sale.

2. After expiration of the 60-day notice period provided in subdivision 1, the association may appoint a trustee to conduct the sale. The appointment of the trustee shall be filed in the clerk's office of the circuit court in the county or city in which the time-share project is

located. It shall be the duty of the clerk in whose office such appointment is filed to record and index the same, as provided in this subsection, in the names of the persons identified therein as well as in the name of the association. The association, at its option, may from time to time remove the trustee and appoint a successor trustee.

3. If, prior to the date of the foreclosure sale, the time-share estate owner (i) satisfies the debt secured by lien that is the subject of the nonjudicial foreclosure sale and (ii) pays all expenses and costs incurred in perfecting and enforcing the lien, including advertising costs and reasonable attorney fees, the time-share estate owner shall have the right to have enforcement of the perfected lien discontinued prior to the sale of the time-share estate.

4. In addition to the advertisement required by subdivision 5, the association shall give written notice of the time, date, and place of any proposed sale in execution of the lien, including the name, address, and telephone number of the trustee, by personal delivery or by mail to (i) the present owner of the time-share estate to be sold at his last known address as such owner and address appear in the records of the association, (ii) any lienholder that holds a note against the time-share estate secured by a deed of trust recorded at least 30 days prior to the proposed sale and whose address is recorded with the deed of trust, and (iii) any assignee of such a note secured by a deed of trust, provided that the assignment and address of the assignee are likewise recorded at least 30 days prior to the proposed sale. Mailing a copy of the advertisement or the notice containing the same information to the owner by certified or registered mail no less than 14 days prior to such sale and to the lienholders and their assigns, at the addresses noted in the memorandum of lien, by regular mail no less than 14 days prior to such sale shall be a sufficient compliance with the requirement of notice.

5. The advertisement of sale by the association shall be in a newspaper having a general circulation in the county or city wherein the time-share estate to be sold and the time-share project, or any portion of such project, lies pursuant to the following provisions:

a. The association shall advertise once a week for four successive weeks; however, if the time-share estate and the time-share project or some portion of such project is located in a city or in a county immediately contiguous to a city, publication of the advertisement five different days, which may be consecutive days, shall be deemed adequate. The sale shall be held on any day following the day of the last advertisement that is no

earlier than eight days following the first advertisement nor more than 30 days following the last advertisement.

b. Such advertisement shall be placed in that section of the newspaper where legal notices appear or where the type of time-share estate being sold is generally advertised for sale. The advertisement of sale, in addition to such other matters as the association finds appropriate, shall set forth:

(1) A description of the time-share estate to be sold, which description need not be as extensive as that contained in the deed of trust, but shall identify the time-share project by street address, if any, or, if none, shall give the general location of such time-share project with reference to streets, routes, or known landmarks with further identification of the time-share estate to be sold. Where available, tax map identification may be used. The advertisement shall also include the date, time, place, and terms of sale and the name of the association. It shall set forth the name, address, and telephone number of the representative, agent, or attorney who is authorized to respond to inquiries concerning the sale; or

(2) In lieu of the requirements of subdivision (1), the advertisement shall set forth the date, time, place, and terms of sale and the name of the association; the street address of the time-share estate to be sold, if any, or, if none, the general location of the time-share project; and the name, address, and telephone number of the representative, agent, or attorney who is authorized to respond to inquiries and give additional information concerning the time-share estate to be sold, including providing in hard copy or electronic form a description of the time-share estate to be sold by street address, if any, or, if none, by the general location of the time-share project with reference to streets, routes, or known landmarks, and, where available, tax map identification. The advertisement under this subdivision (2) shall also include a website address where the information contained in subdivision (1) is displayed for the time-share estate to be sold.

c. In addition to the advertisement required by subdivisions 5 a and b, the association may give such other further and different advertisement as the association finds appropriate.

6. In the event of postponement of the sale, which postponement shall be at the discretion of the association, advertisement of the postponed sale shall be in the same manner as the original advertisement of sale.

7. Failure to comply with the requirements for advertisement contained in this section shall, upon petition, render a sale of the property voidable by the court. Such petition shall be filed within 60 days of the sale or the right to do so shall lapse.

8. In the event of a sale, the association shall have the following powers and duties:

a. The association may sell two or more time-share estates at the sale. Written one-price bids may be made and shall be received by the trustee from the association or any person for entry by announcement at the sale. Any person other than the trustee may bid at the foreclosure sale, including a person that has submitted a written one-price bid. Upon request to the trustee, any other bidder in attendance at a foreclosure sale shall be permitted to inspect written bids. Unless otherwise provided in the time-share instrument, the association may bid to purchase the time-share estate at a foreclosure sale. The association may own, lease, encumber, exchange, sell, or convey the time-share estate. Whenever the written bid of the association is the highest bid submitted at the sale, such written bid shall be filed by the trustee with his account of sale required under subdivision 10 of this subsection and § [64.2-1309](#). The written bid submitted pursuant to this subsection may be prepared by the association, its agent, or its attorney.

b. The association may require of any bidder at any sale a cash deposit of as much as one-third of the sale price before his bid is received, which shall be refunded to him if the time-share estate is not sold to him through action of the trustee. The deposit of the successful bidder shall be applied to his credit at settlement; if such bidder fails to complete his purchase promptly, the deposit shall be applied to pay the costs and expenses of the sale, and the balance, if any, shall be retained by the association in connection with that sale.

c. The association shall receive and receipt for the proceeds of sale, no purchaser being required to see to the application of the proceeds, and shall apply such proceeds in the following order: first, to the reasonable expenses of sale, including reasonable attorney fees; second, to the satisfaction of all taxes, levies, and assessments, with costs and interest; third, to the satisfaction of the lien for the time-share estate owners' assessments; fourth, to the satisfaction in the order of priority of any remaining inferior claims of record; and fifth, to pay the residue of the proceeds to the time-share estate owner or his assigns, provided, however, that the association as to such residue shall not be bound by any inheritance, devise, conveyance, assignment, or lien of or upon the unit owner's equity, without actual notice thereof prior to distribution.

9. The trustee shall deliver to the purchaser a trustee's deed conveying the time-share estate with special warranty of title. The trustee shall not be required to take possession of the time-share estate prior to the sale of such estate or deliver possession of the time-share estate to the purchaser at the sale.

10. If the sale of a time-share estate is made pursuant to this subsection and the accounting is made by the trustee, the title of the purchaser at such sale shall not be disturbed unless, within six months from the date of foreclosure, the sale is set aside by the court or an appeal is filed in the Court of Appeals or granted by the Supreme Court and an order is entered requiring such sale to be set aside.

When payment or satisfaction is made of a debt secured by the lien perfected by this subsection, such lien shall be released in accordance with the provisions of § [55.1-339](#). For the purposes of § [55.1-339](#), any officer of the time-share estate owners' association or its managing agent shall be deemed the duly authorized agent of the lien creditor.

E. The commissioner of accounts to whom an account of sale is returned in connection with the foreclosure of either a lien under subsection C or a purchase money deed of trust taken back by the developer in the sale of a time-share in order to satisfy § [64.2-1309](#) shall be entitled to a fee, not to exceed \$70, on each foreclosure of a lien under subsection C and not to exceed \$125 on each foreclosure of a purchase money deed of trust taken back by the developer.

F. Any time-share owner within the project having executed a contract for the disposition of the time-share shall be entitled, upon request, to a recordable statement setting forth the amount of unpaid regular or special assessments or maintenance fees currently levied against that time-share. Such request shall be in writing, directed to the president of the time-share estate owners' association, and delivered to the principal office of the association. Failure of the association to furnish or make available such statement within 20 days from the actual receipt of such written request shall extinguish the lien created by subsection C as to the time-share involved. Payment of a fee reflecting the reasonable cost of materials and labor, not to exceed the actual cost of such materials and labor, may be required as a prerequisite to the issuance of such a statement.

1981, c. 462, § 55-370; 1985, c. 517; 1989, c. 637; 1991, c. 704; 1993, c. 842; 1994, cc. [432](#), [580](#); 1998, c. [460](#); 2001, c. [543](#); 2006, c. [653](#); 2007, c. [267](#); 2012, c. [406](#); 2013, cc. [259](#), [327](#); 2019, c. [712](#); 2021, Sp. Sess. I, c. [489](#).

**§55.1-2212. Time-share owners' association books and records; meetings; use of email.**

A. Subject to the provisions of subsection B, all books and records, or copies of such books and records, kept by or on behalf of the association shall be maintained so that such books and records, or copies of such books and records, are reasonably available for inspection after written request by a member in good standing or his authorized agent. The association may charge such member or his agent a reasonable fee for copying the requested information. No books or records shall be removed from their location by the examining member or his agent. The right of inspection shall exist without reference to the duration of membership and may be exercised only during reasonable business hours and at a mutually convenient time and location, under the supervision of the custodian, and upon 15 days' written notice.

For purposes of this subsection, the requested books and records shall be considered "reasonably available" if copies of such books and records are delivered to the requesting member or his agent within seven business days of the date the association receives the written request. However, the requesting member or his agent shall be permitted to inspect the books and records wherever located at any reasonable time, under reasonable conditions, and under the supervision of the custodian of the records. The custodian shall supply copies of the records where requested and upon payment of the copying fee.

The association shall provide members of the association with the location of the books and records, along with the name and address of the custodian, by any reasonable method, which may include posting in a reasonable location at the situs of the time-share project or in the annual report required by § [55.1-2213](#).

B. Books and records kept by or on behalf of an association may be withheld from inspection to the extent that they concern:

1. Personnel records;
2. An individual's medical records;
3. Records relating to business transactions that are currently in negotiation;
4. Privileged communications with legal counsel;
5. Complaints against an individual member of the association;
6. Agreements containing confidentiality requirements;
7. Pending litigation;

8. The name, address, phone number, electronic mail address, or other personal information of time-share owners or members of the association, unless such owner or member first approves of the disclosure in writing;

9. Disclosure of information in violation of law; or

10. Meeting minutes or other records of an executive session of the board of directors held in accordance with subsection D.

The association shall be under no obligation to provide requested records to the extent that they are matters of public record or are otherwise readily obtainable from another source.

C. The association shall maintain among its records a complete, up-to-date list of the names and addresses of all current members in good standing who are owners of time-share estates in the time-share project. The association shall not publish such list or provide a copy of it to any time-share owner or to any third party except the board of directors or the developer. However, the association shall mail to those persons named on the list materials provided by any member in good standing, upon written request of that member, if the purpose of the mailing is to advance legitimate association business. The use of any proxies solicited in this manner shall comply with the provisions of the time-share instrument and this chapter. A mailing requested for the purpose of advancing legitimate association business shall occur within 45 days after receipt of a request from a member in good standing. The board of directors of the association shall be responsible for determining the appropriateness of any mailing requested pursuant to this subsection whose decision in this regard shall be final. The association shall be paid in advance for the association's actual costs in performing the mailing, including postage, supplies, reasonable labor, and attorney fees.

D. Meetings of the board of directors shall be open to all members of record who are eligible to vote and who are in good standing. Minutes shall be recorded and shall be available as provided in subsection A. The board of directors may convene in closed session to consider personnel matters; consult with legal counsel; discuss and consider contracts, potential or pending litigation, and matters involving violations of the time-share instrument or rules and regulations adopted pursuant to such instrument for which a member, his family members, tenants, or guests, or other invitees are responsible; or discuss and consider the personal liability of members to the association upon the affirmative vote in open meeting to assemble in closed session. The motion shall state specifically the purpose for the closed session. Reference to the motion and the stated

purpose for the closed session shall be included in the minutes. The board of directors shall restrict the consideration of matters during the closed portions of meetings only to those purposes specifically exempted and stated in the motion. No contract, motion, or other action adopted, passed, or agreed to in closed session shall become effective unless the board of directors, following the closed session, reconvenes in an open meeting and takes a vote on such contract, motion, or other action, which shall have its substance reasonably identified in the open meeting. The requirements of this section shall not require the disclosure of information in violation of law.

E. Notwithstanding any provisions of the Virginia Nonstock Corporation Act (§ [13.1-801](#) et seq.) to the contrary:

1. The bylaws of the association may prescribe different quorum requirements for meetings of its members; and
2. A director of the association may be removed from the office pursuant to any procedure provided in its articles of incorporation and, if none is provided, may be removed at a meeting called expressly for that purpose, with or without cause, by such vote as would suffice for his election.

F. Whenever this chapter requires communication between the board of directors and a member of the association by mail, any electronic means may be used in the alternative, including email, provided that such electronic communication is personal and only between such board and such member.

G. Filings with the board may be made by any electronic means, provided that such board is willing to accept such format.

2006, c. [653](#), § 55-370.01; 2007, c. [267](#); 2019, c. [712](#).

**§55.1-2213. Time-share estate owners' association annual report.**

A. Commencing with the time-share estate program and within 180 days after the close of each fiscal year thereafter, an annual report shall be prepared and distributed to all time-share estate owners. Such annual report shall be prepared and distributed for each time-share estate project registered with the Board. During the developer control period, the annual report shall be prepared and distributed to all time-share purchasers by the developer or its designated managing entity. After the developer control period, such annual report shall be prepared and distributed by the association.

B. The annual report shall contain the following:

1. The full legal name of the time-share project and its address;

2. The full legal name of the association;
3. A list of the names and mailing addresses of the members of the association's board of directors and the name of the person who prepared the report;
4. The managing entity's name, address, and contact person, if any, for the project;
5. A statement of whether or not the developer control period has terminated for the time-share estate project;
6. Financial statements of the association audited by an independent certified public accounting firm of the association that contain at least the following:
  - a. A balance sheet as of the end of the fiscal year;
  - b. An income statement as of the end of the fiscal year; and
  - c. A statement of the net changes in the financial position of the association for the fiscal year just ended;
7. A statement of the time-share estates occupancy expenses, the regular assessment, and any special assessments or other charges due for the current year from each time-share estate owner;
8. A copy of the current budget reflecting the anticipated time-share estate occupancy expenses along with:
  - a. A statement as to who prepared the budget;
  - b. A statement of the budgetary assumptions concerning occupancy factors;
  - c. A description of any provision made in the budget for reserves for repairs and replacement;
  - d. A statement of any other reserves;
  - e. The projected financial liability for each time-share estate owner, including a statement of (i) the nature of all charges, assessments, maintenance fees, and other expenses that may be assessed; (ii) the current amounts assessed; and (iii) the method and formula for changing any such assessments; and
  - f. A statement of any services not reflected in the budget that the developer provides, or expenses that it pays, that the association expects may become a time-share expense at any subsequent time, and the projected time-share expense assessment attributable to each of those services or expenses for the association and for each time-share; and

9. A statement of the location of the books and records of the association along with the name and contact address of the custodian of such books and records.

C. In lieu of the annual report required by subsection A, during the first 12 months of the time-share program, the developer or the association shall prepare a budget that shall contain the information contained in subdivision B 8.

1985, c. 517, § 55-370.1; 1991, c. 704; 1994, c. [580](#); 1998, c. [460](#); 2014, c. [533](#); 2019, c. [712](#).

**§55.1-2214. Time-share instrument for project.**

In addition to the requirements of § [55.1-2208](#), the time-share instrument for a time-share use program shall prescribe and outline reasonable arrangements for the management and operation of the time-share use program and for the maintenance, repair, and furnishing of time-share use units it comprises. Such arrangements shall include provisions for the following:

1. Standards and procedures for upkeep, repair, and interior furnishing of time-share use units, for the replacements of such furnishings, and for providing maid, cleaning, linen, and similar services to the units during use and occupancy periods;
2. Adoption of standards and rules of conduct governing the use, enjoyment, and occupancy of time-share use units by owners;
3. Payment by the developer of the costs and expenses of operating the time-share use program and owning and maintaining the time-share use units it comprises;
4. Selection of a managing agent to act for and on behalf of the developer should the developer elect not to undertake the duties, responsibilities, and obligations of the management of the time-share use program;
5. Procedures for establishing the rights of time-share use owners to occupancy, use, and enjoyment of time-share use units by prearrangement or under a first-reserved, first-served priority system;
6. Procedures for imposing and collecting regular or special assessments, maintenance fees, or use fees from time-share use owners as necessary to defray all time-share expenses and in providing materials and services to the units, as required of the developer in this chapter;
7. Comprehensive general liability insurance for death, bodily injury, and property damage arising out of, or in connection with, the occupancy, use, and enjoyment of time-

share use units by time-share use owners, their guests, and other users. The costs associated with securing and maintaining such insurance shall be a time-share expense. Nothing in this subdivision shall be construed to obligate the developer to secure insurance on the conduct of the time-share use owners, their guests, and other users or the personal effects or property of such owners, guests, and users;

8. Methods for providing compensating or alternate use periods or monetary compensation to a time-share use owner if a time-share use unit cannot be made available for the period to which the owner is entitled by schedule or by a confirmed reservation; and

9. Procedures for imposing a monetary penalty or suspension of a time-share use owner's rights and privileges in the time-share use program or project or termination of the time-share use itself for failure of the time-share use owner to (i) comply with the provisions of the time-share use instrument; (ii) comply with the rules and regulations established by the developer with respect to the occupancy, use, and enjoyment of the time-share use units; or (iii) pay the charges imposed by the developer against the time-share use owner for providing the materials and services as required of the developer in this chapter. Except in matters where the time-share use owner has failed to pay the charge imposed by the developer for a period of less than 60 days after it has become due and payable, the owner shall be given notice and the opportunity to be heard.

1981, c. 462, § 55-371; 1985, c. 517; 1994, c. [580](#); 1998, c. [460](#); 2019, c. [712](#).

#### **§55.1-2215. Partition.**

No action for partition of a unit may be maintained except as permitted by the time-share instrument or by subsection C of § [55.1-2216](#).

1981, c. 462, § 55-372; 2019, c. [712](#).

#### **§55.1-2216. Termination of certain time-shares.**

A. This section applies to all time-share estate programs and, when provided by the time-share instrument, to time-share use programs.

B. A time-share project may be terminated in whole by the developer at any time and for any reason if such developer is the sole owner of all time-shares within the time-share project. Such termination shall be accomplished by the developer executing and recording a termination document where the time-share instrument is recorded. Time-shares subject to this section also may be terminated by written agreement of the time-share owners having at least 51 percent of the time-shares or by written agreement of such

larger percentage of the time-share owners as may otherwise be provided in the time-share instrument. The termination agreement shall specify a date upon which it shall become void, unless it is recorded before that date in the clerk's office of the appropriate court where the time-share project is located.

C. If the termination agreement sets forth the material terms of a contract or proposed contract under which an estate or interests equal to the sum of the time-shares are to be sold and designates a trustee to effect the sale, the termination agreement becomes effective upon recordation, and title to that estate or interest vests upon termination in the trustee for the benefit of the time-share owners, to be transferred pursuant to the contract. If the termination agreement does not set forth the material terms of a contract or proposed contract under which an estate or interests equal to the sum of the time-shares are to be sold and designates a trustee to effect the sale, the termination agreement becomes effective upon recordation, and title to an estate or interests equal to the sum of the time-shares therein vests upon termination in the time-share owners in proportion to their respective interests as provided in subsection F. Liens on the time-shares shall accordingly encumber the respective interests; and in this instance, any co-owner of that estate or interest may maintain an action for partition or for allotment or sale in lieu of partition pursuant to the laws of the Commonwealth.

D. Except as otherwise specified in the termination agreement, so long as the former time-share owners or their trustee holds title to the estate or interests equal to the sum of the time-shares, each former time-share owner and his successor in interest have the same rights with respect to the use, enjoyment, and occupancy in the former time-share unit that such former time-share owner and his successor in interest would have had if termination had not occurred, together with the same liabilities and other obligations imposed by this act or the time-share instrument.

E. After termination of all time-shares in a time-share project and adequate provision for payment of the claims of the creditors for time-share expenses, distribution shall be made, in proportion to their respective interests as provided in subsection F, to the former time-share owners and their successors in interest of (i) the proceeds of any sale pursuant to this section, (ii) the proceeds of any personalty held for the use and benefit of the former time-share owners, and (iii) any other funds held for the use and benefit of the former time-share owners.

F. The time-share instrument may specify the respective fractional or percentage interest that will be owned by each former time-share owner after termination, in accordance with

the provisions of this section. Otherwise, not more than 180 days prior to the termination, an appraisal shall be made of the fair market value of each time-share by one or more impartial qualified appraisers selected either by the trustee designated in the termination agreement or by the managing entity if no trustee was so designated. The appraisal shall also state the corresponding fractional or percentage interests calculated in proportion to those values and in accordance with this subsection. A notice stating all of those values and corresponding interests and the return address of the sender shall be sent by certified or registered mail, by the managing entity or the trustee designated in the termination agreements, to all of the time-share owners. The appraisal governs the magnitude of each interest unless (i) at least 25 percent of the time-share owners deliver, within 60 days after the date the notices were mailed, written disapprovals to the return address of the sender of the notice or (ii) the final judgment of a court of competent jurisdiction, entered during or after that period, holds that the appraisal should be set aside. The appraisal and the calculation of interests shall be made in accordance with the following:

1. If the termination agreement sets forth the material terms of a contract or proposed contract for the sale of the estate or interests equal to the sum of the time-shares, each time-share conferring a right of occupancy during a limited number of time periods shall be appraised as if the time until the date specified for the conveyance of the property had already elapsed. Otherwise, each time-share of that kind shall be appraised as if the time until the date specified pursuant to subsection B had already elapsed.

2. The interest of each time-share owner is the value of the time-share he owned divided by the sum of the values of all time-shares in the unit or units to which his time-share applies.

G. Foreclosure or enforcement of a lien or encumbrance against all of the time-shares in a time-share project does not of itself terminate those time-shares.

1981, c. 462, § 55-373; 1985, c. 517; 2006, c. [653](#); 2019, c. [712](#).

**§55.1-2217. Public offering statement.**

A. Prior to the execution of a contract for the purchase of a time-share, the developer shall prepare and distribute to each prospective purchaser a copy of the current public offering statement regarding the time-share program. The public offering statement shall (i) fully and accurately disclose the material characteristics of the time-share program registered under this chapter and such time-share offered and (ii) make known to each prospective purchaser all material circumstances affecting such time-share program. A

developer need not make joint disclosures concerning two or more time-share projects owned by the developer or any related entity unless such projects are included in the same time-share program and marketed jointly at any of the time-share projects. The proposed public offering statement shall be filed with the Board and shall be in a form prescribed by its regulations. The public offering statement may limit the information provided for the specific time-share project to which the developer's registration relates. The public offering statement shall include the following only to the extent that a given disclosure is applicable:

1. The name and principal address of the developer, including:
  - a. The name, principal occupation, and address of every director, partner, limited liability company manager, or trustee of the developer;
  - b. The name and address of each person owning or controlling an interest of 20 percent or more in each time-share project included in the registration;
  - c. The particulars of any indictment, conviction, judgment, or order of any court or administrative agency against the developer or managing entity for violation of a federal, state, local, or foreign country law or regulation in connection with activities relating to time-share sales, land sales, land investments, security sales, construction or sale of homes or improvements, or any similar or related activity;
  - d. The nature of each unsatisfied judgment, if any, against the developer or the managing entity, the status of each pending action involving the sale or management of real estate to which the developer, the managing entity, or any general partner, executive officer, director, limited liability company manager, or majority stockholder thereof is a defending party, and the status of each pending action, if any, of significance to any time-share project included in the registration; and
  - e. The name and address of the developer's agent for service of any notice permitted by this chapter.
2. A general description of the time-share projects included in the time-share program. The description shall include the address of each time-share project, the units, and common elements for each project promised available to purchasers, including the developer's estimated schedule of commencement and completion of all promised and incomplete time-share units and common elements.
3. As to all time-shares offered by the developer:
  - a. The form of time-share ownership offered in the time-share program;

- b. The types, duration, and number of units and time-shares in the time-share program;
  - c. Identification of time-share units that are subject to the time-share program;
  - d. The estimated number of time-share units that may become subject to the time-share program;
  - e. Provisions, if any, that have been made for public utilities in the time-share project including water, electricity, telephone, and sewerage facilities;
  - f. A statement to the effect of whether or not the developer has reserved the right to add to or delete from the time-share program a time-share project or any incidental benefit;
  - g. A statement of whether the developer will offer any alternative purchase; and
  - h. If the developer utilizes the possibility of reverter, a statement to that effect referring the purchaser to the reverter deed for an explanation of such possibility of reverter.
4. In a time-share estate program, a copy of the annual report or budget required by § [55.1-2213](#), which copy may take the form of an exhibit to the public offering statement. In the case where multiple time-share projects are included in the time-share program, the copy or exhibit may be in summary form.
5. In a time-share use program where the developer's net worth is no more than \$250,000, a current audited balance sheet and, where the developer's net worth exceeds such amount, a statement by such developer that its equity in the time-share program exceeds that amount.
6. Any initial or special fee due from the purchaser at settlement together with a description of the purpose and method of calculating the fee.
7. A description of any liens, defects, or encumbrances affecting the time-share project and in particular the time-share offered to the purchaser.
8. A general description of any financing offered by or available through the developer.
9. A statement that the purchaser has a nonwaivable right of cancellation, referring such purchaser to that portion of the contract in which such right may be found.
10. If the time-share interest in a condominium unit may be conveyed before that condominium unit is certified as substantially complete in accordance with § [55.1-1920](#), a statement of the developer's obligation to complete the condominium unit. Such statement shall include the approximate date by which the condominium unit shall be com-

pleted, together with the form and amount of the bond filed in accordance with subsection B of § [55.1-1921](#).

11. Any restraints on alienation of any number or portion of any time-shares.

12. A description of the insurance coverage provided for the benefit of time-share owners.

13. The extent to which financial arrangements, if any, have been provided for completion of any incomplete but promised time-share unit or common element being then offered for sale, including a statement of the developer's obligation to complete the promised units and common elements that the time-share project comprises that have not begun or that have begun but have not yet been completed.

14. The extent to which a time-share unit may become subject to a tax or other lien arising out of claims against other owners of the same unit.

15. The name and address of the managing entity for each project in the time-share program.

16. Copies of the time-share instrument and the association's articles of incorporation and bylaws, each of which may be a supplement to the public offering statement.

17. Any services that the developer provides or expense it pays and that it expects may become at any subsequent time a time-share expense of the owners, and the projected time-share expense liability attributable to each of those services or expenses for each time-share.

18. A description of the terms of the deposit escrow requirements, including a statement that deposits may be removed from escrow at the termination of the cancellation period.

19. A description of the facilities, if any, provided by the developer to the association in a time-share estate project for the management of the project.

20. Any other information required by the Board to assure full and fair meaningful disclosure to prospective purchasers.

B. If any prospective purchaser is offered the opportunity to subscribe to or participate in any exchange program, the public offering statement shall include, as an exhibit or supplement, the disclosure document prepared by the exchange company in accordance with § [55.1-2219](#) and a brief narrative description of the exchange program, which shall include the following:

1. A statement of whether membership or participation in the program is voluntary or mandatory;
2. The name and address of the exchange company together with the names of its top three officers and directors;
3. A statement of whether the exchange company or any of its top three officers, directors, or holders of a 10 percent or greater interest in the exchange company has any interest in the developer, the managing entity, or the time-share program;
4. A statement that the purchaser's contract with the exchange company is a contract separate and distinct from the purchaser's contract with the developer; and
5. A brief narrative description of the procedure by which exchanges are conducted.

C. The public offering statement of a conversion time-share project shall also include the following, which may take the form of an exhibit to the public offering statement:

1. A specific statement of the amount of any initial or special fee, if any, due from the purchaser of a time-share on or before settlement of the purchase contract and the basis of such fee occasioned by the fact that the project is a conversion time-share project;
2. Information on the actual expenditures, if available, made on all repairs, maintenance, operation, or upkeep of any building in the time-share project within the last three years. This information shall be set forth in a tabular manner within the proposed budget of the project. If any such building has not been occupied for a period of three years, the information shall be set forth for the period during which such building was occupied;
3. A description of any provisions made in the budget for reserves for capital expenditures and an explanation of the basis for such reserves occasioned by the fact that the project is a conversion time-share project, or, if no provision is made for such reserves, a statement to that effect; and
4. A statement of the present condition of all structural components and major utility installations in the building, which statement shall include the approximate dates of construction, installations, and major repairs as well as the expected useful life of each such item, together with the estimated cost, in current dollars, of replacing each such component.

D. In the case of a conversion time-share project, the developer shall give at least 90 days' notice to each of the tenants of any building that the developer intends to submit to the provisions of this chapter. During the first 60 days of such 90-day period, each of

these tenants shall have the exclusive right to contract for the purchase of a time-share from the unit he occupies, but only if such unit is to be retained in the conversion time-share project without substantial alteration in its physical layout. Such notice shall be hand delivered or sent by first-class mail, return receipt requested, and shall inform the tenants of the developer's intent to create a conversion time-share project. Such notice may also constitute the notice to terminate the tenancy as provided for in § [55.1-1410](#), except that, despite the provisions of § [55.1-1410](#), a tenancy from month to month may only be terminated upon 120 days' notice as set forth in this subsection when such termination is in regard to the creation of a conversion time-share project. If, however, a tenant so notified remains in possession of the unit he occupies after the expiration of the 120-day period with the permission of the developer, in order to then terminate the tenancy, such developer shall give the tenant a further notice as provided in § [55.1-1410](#).

The developer of a conversion time-share project shall, in addition to the requirements of § [55.1-2239](#), include with the application for registration a copy of the notice required by this subsection and a certified statement that such notice that fully complies with the provisions of this subsection shall be, at the time of the registration, mailed or delivered to each of the tenants in any building for which registration is sought.

E. The developer shall amend the public offering statement to reflect any material change in the time-share program. If the developer has reserved in the time-share instrument the right to add to or delete incidental benefits, the addition or deletion of such benefits shall not constitute a material change. Prior to distribution, the developer shall file with the Board the public offering statement amended to reflect any material change.

F. The Board may at any time require a developer to alter or supplement the form or substance of the public offering statement to assure full and fair disclosure to prospective purchasers. A developer may prepare and distribute a public offering statement for each time-share program offered or one public offering statement for all time-share programs offered.

G. The developer shall amend the public offering statement to reflect any addition of a time-share project to, or removal of a time-share project from, the existing time-share program.

H. In the case of a time-share project located outside the Commonwealth, similar disclosure statements required by other situs laws governing time-sharing may be accepted by the Board as alternative disclosure statements to satisfy the requirements of this section.

I. The public offering statement may be in any format, including any electronic format, provided that the prospective buyer has available for review, along with ample time for any questions and answers, a copy of the public offering statement prior to his execution of a contract.

**§55.1-2218. Certain advertising practices regulated.**

A. Any offering that includes a gift or prize shall disclose in such offering, with the same prominence as such offer:

1. The retail value of each gift or prize;
2. The approximate odds against any given person obtaining each gift or prize if all persons to whom the advertisement is disseminated do what is necessary to qualify for the award of the gift or prize;
3. If the number of gifts or prizes to be awarded is limited, a statement of the number of gifts or prizes to be awarded or, in lieu of such statement, the nature of such limitation;
4. All rules, terms, requirements, and conditions that shall be fulfilled before a prospective purchaser may claim any gift or prize, including whether the prospective purchaser is required to attend a sales presentation in order to receive the gift or prize;
5. The date upon which the offer expires; and
6. A statement to the effect that the offer is being made for the purpose of soliciting the purchase of a time-share, time-share interest, interval ownership, interval ownership interest, vacation ownership, vacation ownership interest, or product, as appropriate.

B. Any gift or prize offered in connection with an offering shall be delivered to the prospective purchaser no later than the day the purchaser attends a sales presentation, if required, and if not, on the day the purchaser appears to claim it, whether or not he purchases a time-share. In the event that the supply of gifts or prizes is exhausted at the time required for delivery, the developer shall give the prospective purchaser a written, unconditional promise to deliver such gift or prize no later than 30 days from the date required for delivery. If such gift or prize is not obtainable, the developer shall deliver an item of equal or greater value.

C. The offering or sale of any product registered with the Board is exempt from the Virginia Securities Act (§ [13.1-501](#) et seq.), Chapter 9 (§ [55.1-900](#) et seq.), the Virginia Condominium Act (§ [55.1-1900](#) et seq.), the Subdivided Land Sales Act (§ [55.1-2300](#) et seq.), the Virginia Home Solicitation Sales Act (§ [59.1-21.1](#) et seq.), the Prizes and Gifts Act (§ [59.1-415](#) et seq.), and the Virginia Travel Club Act (§ [59.1-445](#) et seq.).

1983, c. 59, § 55-374.1; 1984, c. 333; 1985, c. 517; 1991, c. 704; 1994, c. [580](#); 1996, c. [372](#); 1998, c. [460](#); 2006, c. [653](#); 2008, cc. [851](#), [871](#); 2019, c. [712](#).

#### **§55.1-2219. Exchange programs.**

A. Any exchange company that offers an exchange program in the Commonwealth shall prepare and register with the Board a disclosure document including the following:

1. The name and address of the exchange company;
2. The names and addresses of the top three officers and all directors of the exchange company and, if the exchange company is privately held, all shareholders owning five percent or more interest in the exchange company;
3. Whether the exchange company or any of its officers or directors has any legal or beneficial interest in any developer or managing agent for any time-share program participating in the exchange program and, if so, the name and location of the time-share project and the nature of the interest;
4. Unless the exchange company is also the developer or an affiliate, a statement that the purchaser's contract with the exchange company is a contract separate and distinct from the sales contract;
5. Whether the purchaser's participation in the exchange program is dependent upon the continued affiliation of the time-share program with the exchange program;
6. Whether the purchaser's membership or participation, or both, in the exchange program is voluntary or mandatory;
7. A complete and accurate description of the terms and conditions of the purchaser's contractual relationship with the exchange company and the procedure by which changes in the terms and conditions of the exchange contract may be made;
8. A complete and accurate description of the procedure to qualify for and effectuate exchanges;
9. A complete and accurate description of all limitations, restrictions, or priorities employed in the operation of the exchange program, including limitations on exchanges

based on seasonality, time-share unit size, or levels of occupancy, expressed in bold-face type, and, in the event that such limitations, restrictions, or priorities are not uniformly applied by the exchange program, a clear description of the manner in which they are applied;

10. Whether exchanges are arranged on a space available basis and whether any guarantees of fulfillment of specific requests for exchanges are made by the exchange program;

11. Whether and under what circumstances an owner, in dealing with the exchange company, may lose the use of occupancy of his time-share in any properly-applied-for exchange, without being provided with substitute accommodations by the exchange company;

12. The fees or range of fees for participation by time-share owners in the exchange program, a statement of whether any such fees may be altered by the exchange company, and the circumstances under which alterations may be made;

13. The name and address of the site of each time-share project, accommodation, or facility participating in the exchange program;

14. The number of time-share units in each property participating in the exchange program that are available for occupancy and that qualify for participation in the exchange program, expressed within the following numerical groupings: 1-5, 6-10, 11-20, 21-50, and 51 and over;

15. The number of owners with respect to each time-share program or other property who are eligible to participate in the exchange program, expressed within the numerical groupings 1-100, 101-249, 250-499, 500-999, and 1,000 and over, and a statement of the criteria used to determine those owners currently eligible to participate in the exchange program;

16. The disposition made by the exchange company of time-shares deposited with the exchange program by owners eligible to participate in the exchange program and not used by the exchange company in effecting exchanges;

17. The following information, which, except as provided in subsection B, shall be independently audited by a certified public accountant or accounting firm in accordance with the standards of the Auditing Standards Board of the American Institute of Certified Public Accountants and reported for each year no later than July 1 of the succeeding year:

- a. The number of owners enrolled in the exchange program. Such numbers shall disclose the relationship between the exchange company and owners as being either fee paying or gratuitous in nature;
- b. The number of time-share projects, accommodations, or facilities eligible to participate in the exchange program;
- c. The percentage of confirmed exchanges, which shall be the number of exchanges confirmed by the exchange company divided by the number of exchanges properly applied for, together with a complete and accurate statement of the criteria used to determine whether an exchange request was properly applied for;
- d. The number of time-shares for which the exchange company has an outstanding obligation to provide an exchange to an owner who relinquished a time-share during the year in exchange for a time-share in any future year; and
- e. The number of exchanges confirmed by the exchange company during the year.

18. A statement in boldface type to the effect that the percentage described in subdivision 17 c is a summary of the exchange requests entered with the exchange company in the period reported and that the percentage does not indicate a purchaser's or owner's probabilities of being confirmed to any specific choice or range of choices, since availability at individual locations may vary.

B. The information required by subsection A shall be accurate as of a date that is no more than 30 days prior to the date on which the information is delivered to the purchaser, except that the information required by subdivisions A 2, 12, 13, 14, 15, and 16 shall be accurate as of December 31 of the preceding year if the information is delivered between July 1 and December 31 of any year; information delivered between January 1 and June 30 of any year shall be accurate as of December 31 of the year prior to the preceding year. At no time shall such information be accurate as of a date that is more than 18 months prior to the date of delivery. As used in this section, "year" means calendar year.

C. In the event that an exchange company offers an exchange program directly to the purchaser, the exchange company shall deliver to such purchaser, simultaneously with such offering and prior to the execution of any contract between the purchaser and the exchange company, the information set forth in subsection A. The requirements of this subsection shall not apply to any renewal of a contract between a purchaser and an exchange company.

D. Each exchange company shall include the statement set forth in subdivision A 18 on all promotional brochures, pamphlets, advertisements, or other materials disseminated by the exchange company that also contain the percentage of confirmed exchanges described in subdivision A 17 c.

E. An exchange company shall, on or before July 1 of each year, file with the Board and the association for the time-share program in which the time-shares are offered or disposed the information required by this section with respect to the preceding year. If the Board determines that any of the information supplied fails to meet the requirements of this section, the Board may undertake enforcement action against the exchange company in accordance with the provisions of Article 6 (§ [55.1-2247](#) et seq.). No developer shall have any liability arising out of the use, delivery, or publication by the developer of written information provided to it by the exchange company pursuant to this section. Except for written information provided to the developer by the exchange company, no exchange company shall have any liability with respect to (i) any representation made by the developer relating to the exchange program or exchange company or (ii) the use, delivery, or publication by the developer of any information relating to the exchange program or exchange company. The failure of the exchange company to observe the requirements of this section, or the use by it of any unfair or deceptive act or practice in connection with the operation of the exchange program, shall be a violation of this section.

F. The Board may establish by regulation reasonable fees for registration of the exchange program. All fees shall be remitted by the Board to the State Treasurer and shall be placed to the credit of the Common Interest Community Management Information Fund established pursuant to § [54.1-2354.2](#).

1985, c. 517, § 55-374.2; 1998, c. [460](#); 2008, cc. [851](#), [871](#); 2019, c. [712](#); 2020, c. [1011](#).

**§55.1-2220. Escrow of deposits; use of corporate surety bond or irrevocable letter of credit.**

A. Any deposit made in connection with the purchase or reservation of a product shall be held in escrow. All deposits shall be held in escrow until (i) delivered to the developer upon expiration of the purchaser's cancellation period provided the purchaser's right of cancellation has not been exercised, (ii) delivered to the developer because of the purchaser's default under a contract to purchase a time-share, or (iii) refunded to the purchaser. Such funds shall be deposited in a separate account designated for this purpose that is federally insured and located in the Commonwealth; except where such deposits

are being held by a real estate broker or attorney licensed under the laws of the Commonwealth, such funds may be placed in that broker's or attorney's regular escrow account and need not be placed in a separate designated account. Such escrow funds shall not be subject to attachment by the creditors of either the purchaser or the developer.

B. In lieu of escrowing deposits as provided in subsection A, the developer of a time-share project consisting of more than 25 units may:

1. Obtain and maintain a corporate surety bond issued by a surety authorized to do business in the Commonwealth, in the form and amount set forth in subsection C; or
2. Obtain and maintain an irrevocable letter of credit issued by a financial institution whose accounts are insured by the FDIC, in the form and amount set forth in subsection D.

The surety bond or letter of credit shall be maintained until (i) the expiration of the purchaser's cancellation period, (ii) the purchaser's default under a purchase contract for the time-share estate entitling the developer to retain the deposit, or (iii) the refund of the deposit to the time-share purchaser, whichever occurs first.

C. The surety bond shall be payable to the Commonwealth for the use and benefit of every person protected under the provisions of this chapter. The developer shall file the bond with the Board. The surety bond may be either in the form of an individual bond for each deposit accepted by the developer or, if the total amount of the deposits accepted by the developer under this chapter exceeds \$10,000, it may be in the form of a blanket bond. If the bond is a blanket bond, the amount shall be as follows. If the amount of such deposits is:

1. More than \$10,000 but not more than \$75,000, the blanket bond shall be \$75,000;
2. More than \$75,000 but less than \$200,000, the blanket bond shall be \$200,000;
3. \$200,000 or more but less than \$500,000, the blanket bond shall be \$500,000;
4. \$500,000 or more but less than \$1 million, the blanket bond shall be \$1 million; and
5. \$1 million or more, the blanket bond shall be 100 percent of the amount of such deposits.

D. The letter of credit shall be payable to the Commonwealth for the use and benefit of every person protected under this chapter. The developer shall file the letter of credit with the Board. The letter of credit may be either in the form of an individual letter of

credit for each deposit accepted by the developer or, if the total amount of the deposits accepted by the developer under this chapter exceeds \$10,000, it may be in the form of a blanket letter of credit. If the letter of credit is a blanket letter of credit, the amount shall be as follows. If the amount of such deposits is:

1. More than \$10,000 but not more than \$75,000, the blanket letter of credit shall be \$75,000;
2. More than \$75,000 but less than \$200,000, the blanket letter of credit shall be \$200,000;
3. \$200,000 or more but less than \$500,000, the blanket letter of credit shall be \$500,000;
4. \$500,000 or more but less than \$1 million, the blanket letter of credit shall be \$1 million; and
5. \$1 million or more, the blanket letter of credit shall be 100 percent of the amount of such deposits.

For the purposes of determining the amount of any blanket letter of credit that a developer maintains in any calendar year, the total amount of deposits considered held by the developer shall be determined as of May 31 in each calendar year and the amount of the letter of credit shall be in accordance with the amount of deposits held as of May 31.

E. The developer shall disclose in the contract or in the public offering that the deposit may not be held in escrow or protected by a surety bond or letter of credit after expiration of the cancellation period and that such deposit is not protected as an escrow after expiration of the cancellation period. This disclosure shall include a statement of whether or not the developer reserves the option to sell or assign any promissory note given by a purchaser to another entity, whether or not such entity is affiliated with the developer. Both disclosures shall appear in boldface type of a minimum size of 10 points.

1981, c. 462, § 55-375; 1984, c. 429; 1985, c. 517; 1994, c. [580](#); 1998, c. [460](#); 2006, c. [653](#); 2008, cc. [851](#), [871](#); 2018, cc. [33](#), [133](#); 2019, c. [712](#).

#### **§55.1-2221. Purchaser's rights of cancellation.**

A. A purchaser shall have the right to cancel the contract until midnight of the seventh calendar day following the execution of such contract. If the seventh calendar day falls on a Sunday or legal holiday, then the right to cancel the contract shall expire on the day

immediately following that Sunday or legal holiday. Cancellation shall be without penalty, and all payments made by the purchaser before cancellation shall be refunded within 45 days after receipt of the notice of cancellation.

B. If the purchaser elects to cancel a contract pursuant to subsection A, he shall do so only (i) by hand-delivering the notice to the developer at its principal office or at the project or (ii) by mailing the notice by certified United States mail, return receipt requested, to the developer or its agent designated in the contract. Any such notice sent by certified mail shall be effective on the date postmarked.

C. If, because of the occurrence of a material change, the public offering statement is amended between the time of contracting to purchase a time-share and the time of settlement, the developer shall provide the amended public offering statement to the purchaser and the right of cancellation shall renew from the date of delivery of such amended public offering statement. This subsection shall not apply if the public offering statement is amended by the developer because of a change that is not material or to disclose any change that is an aspect or result of the orderly development of the time-share project in accordance with the project instrument.

D. The right to cancel the contract as provided by this section shall not be waivable by the time-share purchaser and any provision in the contract or time-share documents indicating a waiver shall be void.

E. A statement of the purchaser's right of cancellation as set forth in subsections A and B shall appear in the contract above the purchaser's signature line. Such statement shall appear in type no smaller than any other provisions of the contract, and the caption "PURCHASER'S NONWAIVABLE RIGHT TO CANCEL" shall appear immediately preceding it in conspicuous, boldface type.

1981, c. 462, § 55-376; 1983, c. 147; 1984, c. 572; 1985, c. 517; 1991, c. 704; 1994, c. [580](#); 1998, c. [460](#); 2019, c. [712](#).

#### **§55.1-2222. Possibility of reverter.**

A. A possibility of reverter contained in a reverter deed for a time-share estate subject to reverter is valid, is enforceable in law and in equity, and shall operate to transfer title to the time-share estate from each grantee in such deed back to the developer, provided that the following conditions are satisfied:

1. The reverter deed from the developer contains the possibility of reverter by insertion of the language required by subsection E;

2. A grantee in the reverter deed is in default and has been provided after such default with at least two written notices to this effect with no less than a 10-calendar day right to cure in each notice;
  3. A grantee in the reverter deed has been provided with no less than 30 calendar days within which to cure the default before exercise of the possibility of reverter occurs;
  4. At the time of exercise of the possibility of reverter, the developer is the sole holder of the note and the sole beneficiary under the deed of trust;
  5. The exercise by the developer of the possibility of reverter is evidenced by an affidavit duly recorded where the reverter deed was recorded that contains the following information:
    - a. A description of the time-share project and time-share estate and a statement that, upon recordation of the affidavit, title to such time-share estate reverts back to the developer;
    - b. A description and recitation of the reverter deed that contained the possibility of reverter and a reference of when and where such deed was recorded and its recording information;
    - c. A recitation that the purchaser defaulted in or violated a consumer document and failed to cure such default or violation within a period of no less than 30 calendar days;
    - d. A description of the note and deed of trust with a recitation that (i) the developer is the sole holder of the note and the sole beneficiary under the deed of trust, (ii) such note is canceled and declared void, and (iii) such deed of trust is automatically released;
    - e. A recitation that such purchaser's rights and entitlements in the time-share estate, the time-share project, and the time-share program are extinguished effective the date of recordation of the affidavit;
    - f. The signature of a duly authorized representative of the developer verified under oath as to its truth of the statements contained in such affidavit; and
  6. A copy of the recorded affidavit described in subdivision A 5 is sent by the developer to each purchaser at his address as maintained by the developer or the association, along with the statement from the developer explaining the consequences of such affidavit with emphasis on subdivisions A 5 a, d, and e.
- B. The recordation of the affidavit referred to in subdivision A 5 shall automatically:

1. Transfer title to the time-share estate from each grantee in the reverter deed to the developer without the need of a deed to the developer or consent from such grantee;
2. Declare null and void and act as an automatic release of the deed of trust or mortgage given by such grantee to finance a portion of the purchase price of the time-share estate with no deficiency resulting;
3. Void and act as an automatic release of any debt from such grantee to the developer arising out of the purchase or financing of the time-share estate as evidenced by the note; and
4. Extinguish any ownership or other property right or entitlements such grantee has in and to the time-share estate, the time-share project, and the time-share program.

C. The clerk of the court shall record such affidavit in the land books where the time-share project is located, indexing the purchaser in the grantor indices and the developer in the grantee indices. For indexing purposes only, the purchaser shall be referred to as the grantor and the developer as the grantee. The cost of recording the affidavit shall be limited to the clerk's fee only.

D. In the exercise of the possibility of reverter, the developer shall be liable to the purchaser for the developer's failure to comply with the provisions of this section; however, such failure shall not operate to defeat or diminish the transfer of title to the time-share estate from each grantee in the reverter deed to the developer upon recordation of the affidavit referred to in subdivision A 5. The developer's liability shall be limited to the amount paid by such purchaser toward the purchase price of the time-share estate, exclusive of interest and closing costs but without offset for the purchaser's utilization of the time-share program. The court shall award court costs and reasonable attorney fees to the prevailing party.

E. The reverter deed shall contain the following statement in order to possess the possibility of reverter. The opening phrase shall be in 10-point boldface type as follows:

"Loss of Time-Share Estate. Developer has inserted into this deed a "possibility of reverter." By this concept, should a grantee of this reverter deed default in or violate an obligation imposed by a consumer document for a period of at least 60 days and fail to cure such violation or default within no less than 30 calendar days thereafter, title to the time-share will revert back to the developer upon the developer recording an affidavit to this effect where this reverter deed is recorded. Only the developer can elect to exercise the possibility of reverter. Each grantee in this reverter deed will be sent at least two

notices of default or violation within the 30-day period with no less than 10 days to cure in each instance. The notice will be sent to the address of each grantee maintained at the office of the developer or the association. After the cure period has lapsed and the developer records the affidavit, title to the time-share estate will automatically vest in the developer and any note executed by the grantee will be deemed canceled and any recorded deed of trust securing such note shall be automatically released. The possibility of reverter will itself lapse and become null and void at the soonest to occur of the following: (i) the deed of trust is released of record, (ii) a statement that the deed of trust is released of record is executed and recorded by the developer with a date of when the possibility of reverter was or is to lapse, or (iii) when the time-share program terminates pursuant to either the Virginia Real Estate Time-Share Act or the time-share instrument which created such program."

F. The filing of the affidavit referred to in subdivision A 5 shall not result in the requirement of any filing under Chapter 12 (§ [64.2-1200](#) et seq.) of Title 64.2.

G. Any possibility of reverter not otherwise exercised by the developer pursuant to this section shall itself lapse and become null and void at the soonest to occur of the following: (i) the deed of trust is released of record, (ii) a statement that the deed of trust is released of record is executed and recorded by the developer with a date of when the possibility of reverter was or is to lapse, or (iii) when the time-share program terminates pursuant to either this chapter or the time-share instrument.

H. In exercising the possibility of reverter, the developer shall be entitled to retain as liquidated damages all moneys paid by the purchaser in conformity with any consumer document.

I. The exercise of the possibility of reverter shall not operate to diminish or eliminate (i) any debt of the purchaser to the time-share association or other third party occasioned by ownership of the time-share estate or participation in the time-share program or (ii) any recorded lien junior in priority to the deed of trust lien referred to in this section.

2004, c. [143](#), § 55-376.1; 2019, c. [712](#).

**§55.1-2223. Recording and delivery of deed.**

At such time as the time-share estate purchaser has fulfilled all of his obligations under the contract and is entitled to a deed for his time-share estate, the developer shall file or cause to be filed within 180 days after such date, with the clerk of the circuit court where the time-share project is located, such deed for recordation. Upon receipt of the recorded

deed returned from the clerk's office, the developer shall, within 45 days after such receipt, send or cause to be sent the original deed to the time-share estate purchaser.

2006, c. [653](#), § 55-376.2; 2019, c. [712](#).

**§55.1-2224. Liability limited; liability actions prohibited.**

A. Except as provided in subsection B, a project professional is not liable for injury to or death of a participant resulting from the inherent risks of project activity, so long as the warning contained in § [55.1-2225](#) is posted as required. Except as provided in subsection B, no participant or participant's representative may maintain an action against or recover from a project professional for injury, loss, damage, or death of the participant resulting exclusively from any of the inherent risks of project activity, provided that in any action for damages against a project professional for a project activity, the project professional shall plead the affirmative defense of assumption of the inherent risks of project activity by the participant.

B. Nothing in subsection A shall prevent or limit the liability of a project professional if the project professional does any one or more of the following:

1. Commits an act or omission that constitutes negligence or willful or wanton disregard for the safety of the participant, and that act or omission proximately causes injury, damage, or death to the participant;

2. Has actual knowledge or reasonably should have known of a dangerous condition on the land or in the facilities or equipment used in the project activity, or the dangerous propensity of a particular animal used in such activity, and does not make the danger known to the participant, and the danger proximately causes injury, damage, or death to the participant; or

3. Intentionally injures the participant.

C. Any limitation on legal liability afforded by this section to a project professional is in addition to any other limitations of legal liability otherwise provided by law.

2007, c. [267](#), § 55-376.3; 2019, c. [712](#).

**§55.1-2225. Warning required.**

A. The developer, association, or other project professional shall post and maintain signs that contain the warning notice specified in subsection B. One sign shall be placed in a clearly visible location at the entrance to the project and another at the site of the project activity. The warning notice shall consist of a sign in black letters, with each letter to

be a minimum of one inch in height. Every written contract entered into by a project professional for the providing of professional services, instruction, or the rental of equipment to a participant, whether or not the contract involves project activities on or off the time-share project or at the site of the project activity, shall contain in clearly readable print the warning notice specified in subsection B.

B. The signs and contracts described in subsection A shall contain the following notice of warning:

"WARNING: Under Virginia law, there is no liability for an injury to or death of a participant in a project activity conducted at this location if such injury or death results from the inherent risks of project activity. Inherent risks of project activity include, among others, risks of injury inherent to land, equipment, and animals, as well as the potential for you to act in a negligent manner that may contribute to your injury or death. You are assuming the inherent risks of participating in this project activity."

C. Failure to comply with the requirements concerning warning signs and notices provided in this section shall prevent a project professional from invoking the privileges of immunity provided by this chapter.

2007, c. [267](#), § 55-376.4; 2019, c. [712](#).

#### **§55.1-2226. Buyer's Acknowledgment.**

A. Prior to the execution of a purchase contract, a purchaser shall be given a separate written document, titled "Buyer's Acknowledgment," to be signed by the purchaser and a representative of the developer other than the salesperson for the transaction.

B. The Buyer's Acknowledgment shall contain the following:

1. The name and address of the developer;
2. The name and address of the time-share project;
3. Whether the developer currently offers a resale or rental program or a buy-back program; and
4. The following statement in at least 10-point boldface type:

"There is no assurance that a purchaser may resell a time-share for a certain price or on particular terms. By signing below, purchaser acknowledges that this purchase is (i) for personal use and enjoyment and not for commercial or investment purposes and (ii) not being made based upon any representation that the time-share has any future market value or resale potential."

2012, c. [751](#), § 55-376.5; 2019, c. [712](#).

**§55.1-2227. Resale of time-shares.**

A. In the event of any resale of a time-share by a time-share owner, other than the developer, such owner shall obtain from the developer or managing agent in the case of a time-share use program or from the time-share estate owners' association in the case of a time-share estate program, and furnish to the purchaser prior to settlement on an executed agreement to purchase the time-share, a certificate of resale that shall include the following:

1. A statement disclosing the effect on the proposed transfer of any right of first refusal or other restraint on transfer of the time-share or any portion of such time-share;
2. A copy of the time-share instrument;
3. A copy of the current bylaws and rules and regulations of the time-share estate owners' association, if any, and the amendments to such bylaws, rules, or regulations;
4. A copy of the current annual report prepared pursuant to § [55.1-2213](#);
5. A statement setting forth the amount of any expense liability and unpaid time-share expense or special assessment currently due and payable from the selling time-share owner, including the disclosures of any liens against the time-share due to the non-payment of such fees or charges;
6. A statement of the nature and status of any known and pending actions or judgments against the developer, managing entity, or time-share owners' association with reference to the time-share project; and
7. A copy of a Buyer's Acknowledgment form required by § [55.1-2226](#).

B. The developer, managing agent, or such officer of the time-share owners' association as the bylaws may specify shall furnish the certificate of resale prescribed by subsection A upon the written request of any purchaser within 30 days of the receipt of such request. Payment of the reasonable costs of preparing the certificate may be required as a prerequisite to the issuance of the certificate, but such fee shall not exceed \$50.

C. A time-share owner providing a certificate pursuant to subsection A is not liable to the purchaser for any erroneous information included in the certificate, other than for judgment liens against the time-share being sold.

D. A purchaser is not liable for any unpaid time-share expense liability or fee greater than the amount set forth in the certificate prepared in conformity with subsection A. A

time-share owner is not liable to a purchaser for the failure or delay of the provider to provide the certificate in a timely manner, but the purchase contract is voidable by the purchaser until the certificate has been provided and for five days after the certificate has been provided or until transfer, whichever occurs first.

E. All rights of redress of a purchaser against a selling time-share owner, the developer, the managing agent, or the association for the failure to obtain or receive the statement required by subsection A are conclusively waived upon settlement on the time-share occurring.

F. The responsibilities imposed by this section on the developer, managing agent, time-share estate owners' association, or selling time-share owner shall not be waived.

1981, c. 462, § 55-380; 1985, c. 517; 1989, c. 637; 1994, c. [580](#); 1998, c. [460](#); 2012, c. [751](#); 2019, c. [712](#).

**§55.1-2228. Required resale disclosures.**

A. In addition to the requirements of § [55.1-2242](#), before receiving anything of value for providing or offering to provide a resale service, a reseller shall disclose in writing to the owner of a resale time-share:

1. The name and permanent business address of the reseller;
2. A commencement and transaction date for such resale service;
3. The names and addresses of any affiliates and the primary website address used by the reseller and such affiliates to be used to promote the resale time-share;
4. Whether the reseller's rights are exclusive and, if so, the scope of such rights and length of the exclusivity period;
5. Whether any person, other than the owner, may occupy, rent, exchange, or use the resale time-share during the resale service;
6. The name of any person other than the owner who will receive any rent or other consideration from the use of the resale time-share during the resale service;
7. A description of each resale service to be provided and the fees, costs, or commissions for each;
8. A description sufficient to identify the resale time-share;
9. The jurisdiction issuing the license for any services by a licensed real estate broker or salesperson; and

10. The following in at least 10-point boldface type:

a. The ratio of (i) the number of resale time-shares listed for sale to the number of resale time-shares actually sold by the reseller for each of the past two calendar years or (ii) the total amount of advance fees collected compared with the total amount of fees and commissions received by the reseller upon sale of resale time-shares for the past two calendar years, followed by this statement: "Do not rely on past performance as an indicator of the likelihood of sale of your time-share."; and

b. If the retail service is limited to the placement of advertisements, this statement: "There is no guarantee that you will sell your time-share at all or within any period of time by placing this advertisement. Our only obligation to you is to post your advertisement on our website for the agreed length of time and forward all inquiries we receive to you."

B. A resale transfer contract shall include the following disclosures by the reseller:

1. The disclosures required by subdivisions A 1 through 7;

2. A description legally sufficient for the transfer of the resale time-share;

3. A description of the document by which the owner is to (i) grant rights in the resale time-share to the reseller or any other person, including a power of attorney or similar document, and (ii) transfer the resale time-share to a subsequent purchaser;

4. Any fees or costs the time-share owner is required to pay or reimburse to the reseller or transfer company to complete the transfer;

5. The date by which the transfer of the resale time-share from the owner to the reseller, a third person, or a subsequent purchaser will be completed, not to exceed 180 days from the effective date of the resale transfer contract;

6. If the resale time-share will be transferred to a transferee other than a subsequent purchaser, the contact information of such transferee;

7. A statement that the reseller will (i) provide the owner written evidence of transfer of the resale time-share to a subsequent purchaser within 30 days of such transfer and (ii) send notice of the transfer to the association and managing entity of the time-share program for the resale transfer and any exchange company in which the resale time-share was enrolled; and

8. The following statements in 10-point boldface type:

a. "No later than 180 days from the date of this agreement, we will transfer your time-share to another person. If transfer does not occur within that period, we will pay or reimburse to you the cost of ownership of your time-share for that period. If we breach our agreement, you will continue to be responsible for such cost of ownership."; and

b. "Your time-share may be sold at any price by us without your approval. If sold for a price in excess of our fee, we have no obligation to send you the excess."

C. A resale purchase contract shall require the reseller to obtain the certificate of resale described in subsection A of § [55.1-2227](#) and shall also include the following:

1. A description legally sufficient for transfer of the resale time-share;

2. The name and address of the developer or managing agent for a time-share use project or the association for a time-share estate project;

3. Identification of the party responsible for notifying the developer, managing entity, association, or exchange company, as the case may be, of the transfer of the resale time-share;

4. Identification of the first year in which the subsequent purchaser is entitled to use and occupy the resale time-share; and

5. The following statement in 10-point boldface type: "A certificate of resale is required to be provided to you containing important documents concerning the time-share project for your review. Settlement waives the right to receipt of such information."

2012, c. [751](#), § 55-380.1; 2019, c. [712](#).

#### **§55.1-2229. Liens.**

A. In the case of time-share estate transfers, unless the purchaser expressly agrees to take subject to or assume a lien prior to transferring a time-share estate other than by deed in lieu of foreclosure, the developer shall either (i) record or furnish to the purchaser as part of settlement releases of all liens affecting that time-share estate, or (ii) provide a surety bond or title insurance against the lien, as provided for liens on real estate in the Commonwealth.

B. Unless a time-share owner or his predecessor in title agrees otherwise with the lienor, if a lien other than an underlying mortgage or deed of trust becomes effective against more than one time-share in a time-share project, any time-share owner is entitled to a release of a time-share from the lien upon payment of the amount of the lien attributable to the time-share. The amount of the payment shall be proportionate to the ratio that the

time-share owner's liability bears to the liabilities of all time-share owners whose interests are subject to the lien. Upon receipt of payment, the lien-holder shall promptly deliver to the time-share owner a release of the lien covering that time-share. After payment, the managing entity may not assess or have a lien against that time-share for any portion of the expenses incurred in connection with that lien.

1981, c. 462, § 55-381; 1991, c. 704; 2019, c. [712](#).

**§55.1-2230. Effect of violations on rights of action; attorney fees; prior determination of Common Interest Community Board required for certain violations.**

A. If a developer or any other person subject to this chapter violates any provision of this chapter or any provision of the time-share instrument, any person or class of persons adversely affected by the violation has a claim for appropriate relief. The court may also award reasonable attorney fees to the prevailing party.

B. Prior to the commencement of any action alleging a failure to comply with the provisions of § [55.1-2220](#) or [55.1-2234](#), however, an aggrieved owner shall first seek a determination from the Board as to whether compliance with § [55.1-2220](#) or [55.1-2234](#) has occurred. The Board shall make such determination within 120 days of the request for a determination.

1981, c. 462, § 55-382; 1985, c. 517; 1998, c. [460](#); 2008, c. [376](#); 2019, c. [712](#).

**§55.1-2231. Statute of limitations; actions; limitation on rescission rights.**

A. Except as otherwise provided in § [55.1-2237](#), a judicial proceeding where the sufficiency of the time-share instrument, the accuracy of the public offering statement, or validity of any contract of purchase is in issue and a rescission of the contract or damages is sought shall be commenced within two years after the date of the contract of purchase, notwithstanding that the purchaser's terms of payments may extend beyond this period of limitation; however, with respect to the enforcement of provisions in the contract of purchase that require the continued furnishing of services and the reciprocal payments to be made by the purchaser, the period of bringing a judicial proceeding shall continue for a period of two years for each breach.

Rescission of the contract shall not be granted by the court unless (i) the inaccuracy of the public offering statement or the insufficiency of the time-share instrument directly and adversely affected the purchaser's right to participate in the time-share program or to own his time-share or (ii) at the time of the contract, the developer has sold more time-shares than there are time-share units that have been completed or bonded to

accommodate such sales. Further, if damages are awarded, the amount of the damages shall be limited to actual damages sustained.

B. If a developer has substantially complied in good faith with the provisions of this chapter, a nonmaterial error or omission shall not be actionable. A nonmaterial error or omission shall not be sufficient to permit a purchaser to cancel a contract after the cancellation period provided by § [55.1-2221](#) has expired.

1981, c. 462, § 55-383; 2006, c. [653](#); 2008, c. [376](#); 2019, c. [712](#).

**§55.1-2232. Class actions.**

A. No time-share owner can bring an action on behalf of other time-share owners unless he has received the written authorization to represent all other time-share owners within the project.

B. Notwithstanding the provisions of subsection A, the association may bring an action on behalf of the time-share owners with the authorization of the time-share owners within the project upon the two-thirds majority vote of the board of directors, if such action is found to be in the best interest of the association.

C. For purposes of this section, the developer shall not be deemed a time-share owner and his written permission shall not be required.

1981, c. 462, § 55-384; 1989, c. 637; 2019, c. [712](#).

**§55.1-2233. Financial records.**

The person or entity responsible for either making or collecting common expense assessments or maintenance assessments shall keep detailed financial records. All financial and other records shall be made reasonably available at such person's or entity's office for examination by any time-share owner and his authorized agents.

1981, c. 462, § 55-385; 2019, c. [712](#).

**§55.1-2234. Developer's obligation to complete.**

A. The developer shall complete all promised and incomplete units and common elements being offered and described in the time-share instrument and the public offering statement. The developer shall be excused for any period of delay in the completion of such promised units and common elements when delayed, hindered, or prevented from doing so by causes beyond the developer's control, which shall include (i) labor disputes not caused by the developer; (ii) riots; (iii) civil commotion or insurrection; (iv) war or war-like operations; (v) governmental restrictions, regulations, or control; (vi) inability to

obtain any materials or services; (vii) fire or other casualties; (viii) acts of God; or (ix) forces not under the control or supervision of the developer.

B. The developer shall file with the Board a payment and performance bond in the sum equal to 100 percent of the estimated cost of completing all promised and incomplete units and common elements comprising the time-share project described in the time-share instrument and the public offering statement. Such bond shall be conditioned upon the completion of such units and common elements in conformity with the plans and specifications for such improvements. The bond shall be with a surety company authorized to do business in the Commonwealth. The Board may accept cash or an irrevocable letter of credit in lieu of the bond required by this section. The Board shall be the sole determiner of the form, amount, content, obligee, and conditions of the letter of credit. Should it become necessary for the Board to call upon the letter of credit in order to assure completion of the improvements, the Board shall have the authority to petition a court of competent jurisdiction to appoint a receiver to administer such completion.

1981, c. 462, § 55-386; 1983, c. 59; 1985, c. 517; 1994, c. [580](#); 1998, c. [460](#); 2019, c. [712](#).

**§55.1-2235. Financing of time-share programs.**

In the developer's financing of a time-share program, the developer shall retain financial records of the schedule of payments required to be made and the payments made by it to any person or entity that is the holder of an underlying blanket mortgage, deed of trust, contract of sale, or other lien or encumbrance.

1981, c. 462, § 55-387; 1985, c. 517; 2019, c. [712](#).

**§55.1-2236. Purchaser's rights under developer's foreclosure.**

The developer whose project is subject to an underlying blanket lien or encumbrance shall protect a nondefaulting purchaser from foreclosure or cancellation by the lien holder by securing from such lien holder or recording of a nondisturbance clause, subordination agreement, or partial release of the lien as to that time-share sold to such purchaser.

1981, c. 462, § 55-388; 1985, c. 517; 2019, c. [712](#).

**§55.1-2237. Protection of lien holder.**

Any lien holder of a time-share interest in any time-share program shall have the following rights:

1. The lien holder shall have its lien rights preserved as against any purchaser of a time-share who claims that the time-share instrument is invalid, void, or voidable, 30 days after written notice by certified mail or personal delivery has been given by the developer or lien holder to the purchaser. The notice shall state that the developer has assigned the receivables to the lien holder and that the purchaser has 30 days within which to object and specify the invalidity or defect contained within such time-share instrument. The notice required by this section may be included in the blanket encumbrance, in the contract, or in any note, deed of trust, or mortgage executed by the purchaser in connection with the purchaser's deferred purchase of a time-share.

2. Any purchaser who fails to indicate that the time-share instrument is invalid, void, or voidable as provided in subdivision 1 waives, or is estopped to raise, the same in any subsequent enforcement of the collection of the receivable by the lien holder.

1981, c. 462, § 55-389; 1985, c. 517; 1998, c. [460](#); 2019, c. [712](#).

**§55.1-2238. Registration of time-share program required.**

A. A developer may not offer or dispose of any interest in a time-share program unless the time-share program has been properly registered with the Board. A developer may accept a nonbinding reservation together with a deposit if the deposit is placed in an escrow account with an institution having trust powers within the Commonwealth and is refundable at any time at the purchaser's option. In all cases, the reservation shall require a subsequent affirmative act by the purchaser via a separate instrument to create a binding obligation. A developer may not dispose of or transfer a time-share while an order revoking or suspending the registration of the time-share program is in effect.

B. The developer shall maintain records of names and addresses of current independent contractors employed by it for time-share sales purposes.

1981, c. 462, § 55-390; 1983, c. 59; 1985, c. 517; 1994, c. [580](#); 2019, c. [712](#); 2020, c. [1011](#).

**§55.1-2239. Application for registration.**

A. The application for registration shall be filed in a form prescribed by the Board's regulations and shall include the following:

1. An irrevocable appointment to the Board to receive service of process in any proceeding arising under this chapter against the developer or the developer's agent if non-residents of the Commonwealth;

2. The states or jurisdictions in which an application for registration or similar document has been filed and any adverse order or judgment entered in connection with the time-share program by the regulatory authorities in each jurisdiction or by any court;
3. The applicant's name, address, and the organizational form, including the date and jurisdiction under which the applicant was organized, and the address of its principal office and each of its sales offices in the Commonwealth;
4. The name, address, and principal occupation for the past five years of every officer of the applicant or person occupying a similar status or performing similar functions and the extent and nature of his interest in the applicant or the time-share program as of a specified date within 30 days of the filing of the application;
5. A statement, in a form acceptable to the Board, of the condition of the title to each time-share project included in the time-share program, including encumbrances as of a specified date within 30 days of the date of application, by a title opinion of a licensed attorney not a salaried employee, officer, or director of the applicant or owner, or by other evidence of a title acceptable to the Board;
6. A copy of the instruments that will be delivered to a purchaser and copies of the contracts and other agreements that a purchaser will be required to agree or to sign;
7. A copy of any management agreements, employment contracts, or other contracts or agreements affecting the use, maintenance, or access of all or any part of the time-share program;
8. A statement of the zoning and other governmental regulations affecting the use of a time-share project in a time-share program, including the site plans and building permits and their status and any existing tax and existing or proposed special taxes or assessments that affect the time-share;
9. A narrative description of the promotional plan for the disposition of the time-shares;
10. The proposed public offering statement and its exhibits;
11. Any bonds required to be posted pursuant to the provisions of this chapter;
12. The time-share estate owners' association annual report or budget required by [§ 55.1-2213](#) to the extent available;
13. A description of the time-share program being submitted for registration; and

14. Any other information that the Board believes necessary to assure full and fair disclosure.

B. The developer shall immediately report to the Board any material changes in the information contained in an application for registration.

C. Nothing shall prevent a developer from including in the registration a time-share project where construction is yet to begin or, if construction has begun, where construction is not yet complete.

Code 1950, § 55-391; 1981, c. 462; 1985, c. 517, § 55-391.1; 1994, c. [580](#); 1998, c. [460](#); 2011, c. [605](#); 2019, c. [712](#); 2020, c. [1011](#).

**§55.1-2240. Filing fee.**

The Board may by regulation establish reasonable fees for registration. All fees shall be remitted by the Board to the State Treasurer and shall be placed to the credit of the Common Interest Community Management Information Fund established pursuant to § [54.1-2354.2](#).

Code 1950, § 55-392; 1981, c. 462; 1985, c. 517, § 55-392.1; 2008, cc. [851](#), [871](#); 2019, c. [712](#).

**§55.1-2241. Receipt of application; effectiveness of registration.**

A. Upon receipt of the application for registration in proper form, the Board, within five business days, shall issue a notice of filing to the applicant. Within 20 days after receipt of the application, the Board shall review the application to determine whether the application and supporting documents satisfy the requirements of this chapter and the Board's regulations. Within 60 days from the date of the notice of filing, the Board shall enter an order registering or rejecting the application. If no order of rejection is entered within 60 days from the date of the notice of filing, the time-share program shall be deemed registered unless the applicant has consented in writing to a delay.

B. If the Board determines after review of the application and documents provided by the applicant that the requirements of § [55.1-2239](#) have been met, it shall issue an order registering the time-share program and shall designate the form of the public offering statement.

C. If the Board determines that any of the requirements of § [55.1-2239](#) have not been met, the Board shall notify the applicant that the application for registration shall be corrected in the particulars specified within 20 days. If the requirements are not met within the time allowed, the Board shall enter an order rejecting the registration, which shall

include the findings of fact upon which the order is based. The order rejecting the registration shall become effective 20 days after issuance. During this 20-day period, the applicant may petition for reconsideration and shall be entitled to a hearing or to correct the particulars specified in the Board's notice. Such order of rejection shall not take effect, in any event, until such time as the hearing, if requested, is given to the applicant.

Code 1950, § 55-393; 1981, c. 462; 1985, c. 517, § 55-393.1; 2019, c. [712](#); 2020, c. [1011](#).

**§55.1-2242. Annual report; amendments.**

A. The developer shall file a report in the form prescribed by the Board's regulations by June 30 of each year the registration is effective. The developer of any time-share program initially registered with the Board between January and June shall not be required to file an annual report for the year in which it was initially registered. The report shall reflect any material changes in information contained in the original application for registration or in the immediately preceding annual report, whichever is later, and shall be accompanied by the appropriate fee established by the Board's regulations or pursuant to § [55.1-2240](#).

B. During the developer control period in a time-share estate program, the developer shall file a copy of the unit owners' association annual report required by § [55.1-2213](#) along with the annual report required by this section.

C. The developer shall amend or supplement its registration with the Board to report any material change in the information required by §§ [55.1-2217](#) and [55.1-2239](#). Such amendments or supplemental information shall be filed with the Board within 20 business days after the occurrence of the material change.

Code 1950, § 55-394; 1981, c. 462; 1985, c. 517, § 55-394.1; 1998, c. [460](#); 2006, c. [653](#); 2012, cc. [481](#), [797](#); 2019, c. [712](#); 2020, c. [1011](#).

**§55.1-2243. Termination of registration.**

A. In a time-share estate program, if the annual report indicates that the developer has transferred title to the time-share owners' association and that no further development rights exist, the Board shall issue an order terminating the registration of the time-share program.

B. The Board shall issue an order terminating the registration of a time-share program upon application by the developer in which the developer states that no further devel-

opment right is anticipated and that the developer has ceased sales of time-shares in the time-share program.

C. Notwithstanding any other provisions of this chapter, the Board may administratively terminate the registration of a time-share program if:

1. The developer has not filed an annual report in accordance with § [55.1-2242](#) for three or more consecutive years; or
2. The developer's registration with the State Corporation Commission, if applicable, has not been active for five or more consecutive years.

2012, cc. [481](#), [797](#), § 55-394.2; 2019, c. [712](#); 2020, c. [1011](#).

**§55.1-2244. Registration required for time-share resellers; exemptions; prohibited practices.**

A. A reseller shall not provide or offer to provide any resale service unless he is registered with the Board.

B. The application for registration shall be filed in a form prescribed by the Board's regulations and shall include such information as required by the Board. A reseller shall immediately report to the Board any material changes in the information contained in an application for registration. The Board may by regulation establish reasonable fees for registration under this section. All fees shall be remitted by the Board to the Treasurer of Virginia, and shall be placed to the credit of the Common Interest Community Management Information Fund established pursuant to § [54.1-2354.2](#).

C. The registration requirements shall not apply to:

1. A person who solely or with affiliates engages in a resale service with respect to an aggregate of no more than 12 resale time-shares per calendar year;
2. A person who owns or acquires more than 12 resale time-shares and who subsequently transfers all such resale time-shares to a single purchaser in a single transaction;
3. The owner, its agents, and employees of a regularly published newspaper, magazine, or other periodical publication of general circulation; broadcast station; website; or billboard, to the extent their activities are limited to solicitation and publication of advertisements and the transmission of responses to the persons who place the advertisements. Any person who would otherwise be exempt from this chapter pursuant to this section shall not be exempt if the person (i) solicits the placement of the

advertisement by representing that the advertisement will generate cash, a certain price, or a similar type of representation for the time-share owner's resale time-share; (ii) makes a recommendation as to the sales price for which to advertise the resale time-share; (iii) makes any representations to the person placing the advertisement regarding the success rate for selling resale time-shares advertised with such person; or (iv) makes any misrepresentations as described in this chapter;

4. Sale by a developer or a party acting on its behalf of a resale time-share under a current registration of the time-share program in which the resale time-share is included;

5. Sale by an association, a managing entity, or a party acting on its behalf of a resale time-share owned by the association, provided that the sale is in compliance with subsection C of § [55.1-2228](#); or

6. Attorneys, title agents, title companies, or escrow companies providing closing services in connection with the transfer of a resale time-share.

D. No reseller shall:

1. Fail to disclose information in writing concerning the marketing, sale, or transfer of resale time-shares required by this chapter prior to accepting any consideration or with the expectation of receiving consideration from any time-share owner, seller, or buyer.

2. Make false or misleading statements concerning offers to buy or rent; the value, pricing, timing, or availability of resale time-shares; or numbers of sellers, renters, or buyers when engaged in time-share resale activities.

3. Misrepresent the likelihood of selling a resale time-share interest.

4. Misrepresent the method by or source from which the reseller or lead dealer obtained the contact information of any time-share owner.

5. Misrepresent price or value increases or decreases, assessments, special assessments, maintenance fees, or taxes.

6. Guarantee sales or rentals in order to obtain money or property.

7. Make false or misleading statements concerning the identity of the reseller or any of its affiliates or the time-share resale entity's or any of its affiliate's experience, performance, guarantees, services, fees, or commissions, availability of refunds, length of time in business, or endorsements by or affiliations with developers, management companies, or any other third parties.

8. Misrepresent whether or not the reseller or its affiliates, employees, or agents hold, in any state or jurisdiction, a current real estate sales or broker's license or other government-required license.
9. Misrepresent how funds will be utilized in any time-share resale activity conducted by the reseller.
10. Misrepresent that the reseller or its affiliates, employees, or agents have specialized education, professional affiliations, expertise, licenses, certifications, or other specialized knowledge or qualifications.
11. Make false or misleading statements concerning the conditions under which a time-share owner, seller, or buyer may exchange or occupy the resale time-share interest.
12. Represent that any gift, prize, membership, or other benefit or service will be provided to any time-share owner, seller, or buyer without providing such gift, prize, membership, or other benefit or service in the manner represented.
13. Misrepresent the nature of any resale time-share interest or the related time-share plan.
14. Misrepresent the amount of the proceeds, or fail to pay the proceeds, of any rental or sale of a resale time-share interest as offered by a potential renter or buyer to the time-share owner who made such resale time-share interest available for rental or sale through the reseller.
15. Fail to transfer any resale time-share interests as represented and required by this chapter or to provide written evidence to the time-share owner of the recording or transfer of such time-share owner's resale time-share interest as required by this chapter.
16. Fail to pay any annual assessments, special assessments, personal property or real estate taxes, or other fees relating to an owner's resale time-share interest as represented or required by this chapter.
17. Misrepresent or misuse the intended purpose of a power of attorney or similar document to the detriment of any grantor of such power of attorney.

2012, c. [751](#), § 55-394.3; 2019, c. [712](#).

**§55.1-2245. Recordkeeping by resellers.**

A. If contact information has been obtained by a reseller from any source, including a lead dealer, the reseller and lead dealer shall maintain the following records for a period of five years from the last date of contact between the reseller and the owner:

1. The name; home address; work address, if different; telephone number; email address, if any; and a copy of a current government-issued photographic identification (e.g., driver's license, passport, or military identification card) of the lead dealer who provided the contact information;
2. The date, time, and place of the transaction at which the contact information was obtained, along with the amount of consideration paid and a signed receipt from the lead dealer or copy of a canceled check; and
3. A copy of the contact information obtained in the exact form and media in which received.

B. A reseller shall maintain records for at least five years after each transaction involving resale service including resale transfer agreements and resale purchase agreements.

C. In any civil or criminal action based on a violation of this section, there shall be a presumption that contact information was wrongfully obtained if a reseller or lead dealer fails to produce the records required by this section.

D. Any person who establishes that a reseller or lead dealer wrongfully obtained or wrongfully used contact information with respect to time-share owners or members of an exchange program shall, in addition to any other remedies that may be available in law or equity, be entitled to recover from such reseller or lead dealer an amount equal to \$1,000 for each time-share owner or member about whom contact information was wrongfully obtained or used. The prevailing person in any such action shall also be entitled to recover reasonable attorney fees and costs.

2012, c. [751](#), § 55-394.4; 2019, c. [712](#).

**§55.1-2246. Alternative purchase; registration.**

A. The application for registration of an alternative purchase shall be filed in a form prescribed by the Board and shall include the following:

1. A general description of the types of alternative purchases offered;
2. A copy of the terms and conditions applicable to the alternative purchases; and
3. The name, address, and contact information of the developer offering the alternative purchases.

B. Any material change to the standard terms and conditions applicable to an alternative purchase shall be filed with the Board within 30 days of such change being effective. Changes to the length of stay, location, or price shall not require an amendment of the

registration, provided that the terms and conditions applicable to such alternative purchases are on file with the Board.

C. The provisions of §§ [55.1-2217](#) and [55.1-2220](#) shall not apply to alternative purchases registered under this section.

2014, c. [623](#), § 55-394.5; 2019, c. [712](#).

**§55.1-2247. General powers and duties of Board.**

A. The Board may adopt, amend, and repeal rules and regulations and issue orders consistent with and in furtherance of the objectives of this chapter. The Board may prescribe forms and procedures for submitting information to the Board.

B. The Board may accept grants in aid from any governmental source and may contract with agencies charged with similar functions in this or other jurisdictions, in furtherance of the objectives of this chapter.

C. The Board may cooperate with agencies performing similar functions in this and other jurisdictions to develop uniform filing procedures and forms, uniform disclosure standards, and uniform administrative practices and may develop information that may be useful in the discharge of the Board's duties.

D. 1. The Board may issue an order requiring the developer or reseller to cease and desist from the unlawful practice and to take such affirmative action as in the judgment of the Board will carry out the purposes of this chapter if it determines after legal notice and opportunity for hearing that a developer or reseller or an agent of a developer or reseller has:

a. Made any representation in any document or information filed with the Board that is false or misleading;

b. Engaged or is engaging in any unlawful act or practice;

c. Disseminated or caused to be disseminated orally, or in writing, any false or misleading promotional materials in connection with a time-share program;

d. Concealed, diverted, or disposed of any funds or assets of any person in a manner impairing rights of purchasers of time-shares in the time-share program;

e. Failed to perform any stipulation or agreement made to induce the Board to issue an order relating to that time-share program;

f. Otherwise violated any provision of this chapter or any of the Board's rules and regulations or orders; or

g. Disposed of any time-share in a time-share program without first complying with the requirements of this chapter.

2. If the Board makes a finding of fact in writing that the public interest will be irreparably harmed by delay in issuing an order, as prescribed in subdivision 1, it may issue a temporary order to cease and desist or to take such affirmative action as may be deemed appropriate by the agency. Prior to issuing the temporary order, the Board shall give notice of the proposal to issue a temporary order to the developer or the reseller. Every temporary order shall include in its terms:

a. A provision clearly stating the reasons for issuing such order and the nature and extent of the facts and findings on which the order is based;

b. A provision that a failure to comply with such temporary order will be a violation of this chapter; and

c. A provision that upon request a hearing will be held promptly to determine whether or not the order shall become permanent.

The Board shall not issue more than one temporary order with reference to such finding of fact as prescribed in this subsection.

E. The Board may also issue a cease and desist order if the developer has not registered the time-share program as required by this chapter or if a reseller has not registered as required by this chapter.

F. The Board, after notice and hearing, may issue an order revoking the registration of the developer's time-share program or the registration of a reseller upon determination that such developer, reseller, or agent of such developer or reseller has failed to comply with a cease and desist order issued by the Board affecting the developer's time-share program or the reseller.

G. If it appears that any person has engaged, is engaging, or is about to engage in any act or practice in violation of this chapter or any of the Board's rules, regulations, or orders applicable to this chapter, the Board, without prior administrative proceedings, may bring an action in the circuit court of the county or city in which any portion of the time-share project is located to enjoin that act or practice or for other appropriate relief. The Board is not required to post a bond or prove that no adequate remedy at law exists.

H. Upon request of a time-share owner, the Board shall, in accordance with subsection B of § [55.1-2230](#), issue its determination whether compliance with § [55.1-2220](#) or [55.1-2234](#) has occurred.

1981, c. 462, § 55-396; 1985, c. 517; 1998, c. [460](#); 2008, c. [376](#); 2011, c. [605](#); 2012, c. [751](#); 2019, cc. [467](#), [499](#), [712](#); 2020, c. [1011](#).

**§55.1-2248. Cancellation of cease and desist order; reinstatement of registration of developer.**

A. The Board shall stipulate to the developer or reseller the reason for any cease and desist order, or revocation of registration as outlined in § [55.1-2247](#), by no later than the time such order or revocation is to become effective.

B. Should the developer or reseller satisfy the Board that it has corrected the reasons for the cease and desist order or revocation of registration, then the Board shall promptly cancel such order or reinstate the registration, and thereafter the developer or reseller may continue its offering or disposition of time-shares.

1981, c. 462, § 55-397; 2012, c. [751](#); 2019, c. [712](#).

**§55.1-2249. Board regulation of public offering statement.**

The Board may at any time require a developer to alter or supplement the form or substance of a public offering statement to assure adequate and accurate disclosure to prospective purchasers.

1981, c. 462, § 55-398; 2019, c. [712](#).

**§55.1-2250. Proceedings and investigations.**

A. All proceedings of the Board under this chapter shall be conducted in accordance with the Administrative Process Act (§ [2.2-4000](#) et seq.).

B. The Board may make necessary public or private investigations within or outside the Commonwealth to determine whether any person has violated or is about to violate any provision of this chapter or any rule, regulation, or order issued pursuant to this chapter.

1981, c. 462, § 55-399; 2009, c. [557](#); 2011, c. [605](#); 2019, cc. [499](#), [712](#).

**§55.1-2251. Repealed.**

Repealed by Acts 2019, c. 499, cl. 2.

**§55.1-2252. Penalties.**

A. Any person who willfully violates any of the provisions of § [55.1-2217](#), [55.1-2218](#), [55.1-2219](#), [55.1-2220](#), [55.1-2221](#), [55.1-2229](#), [55.1-2233](#), or [55.1-2238](#), or any order issued pursuant to §§ [55.1-2247](#) through [55.1-2250](#) is guilty of a Class 5 felony.

Any person who willfully violates any of the provisions of § [55.1-2226](#), [55.1-2228](#), or [55.1-2244](#) or any order issued pursuant to §§ [55.1-2247](#) through [55.1-2250](#) regarding a violation of § [55.1-2226](#), [55.1-2228](#), or [55.1-2244](#) is guilty of a Class 1 misdemeanor.

Each violation shall be deemed a separate offense.

B. Any developer, member, agent or affiliate of any developer of time-shares registered pursuant to § [55.1-2241](#), or any reseller, who violates any provision of this chapter or regulations promulgated pursuant to this chapter, and who is not criminally prosecuted, may be subject to a civil penalty. If it has been determined by the Board upon or after a hearing that a respondent has violated this chapter or the Board's rules and regulations, the Board shall proceed to determine the amount of the civil penalty for such violation, which shall not exceed \$2,000 for each violation. Such penalty may be sued for and recovered in the name of the Commonwealth.

1981, c. 462, § 55-400; 1983, c. 59; 1985, c. 517; 1991, c. 704; 2012, c. [751](#); 2019, c. [712](#).

## The Virginia Travel Club Act

### §59.1-445. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Accommodations" means any real property improvement provided by the travel club to its members for lodging purposes, including, without limitation, condominiums, hotels, motels or motor courts.

"Board" means the Virginia Board of Agriculture and Consumer Services.

"Carrier" means any person engaged in the business of transporting persons for hire.

"Commissioner" means the Commissioner of the Department of Agriculture and Consumer Services or his designee.

"Contract" shall be synonymous with "travel services agreement."

"Offer," or "offering" means any act to sell, solicit, induce, advertise, or execute a travel services agreement.

"Purchaser" means any person who enters into an agreement in whole or in part within this Commonwealth with a travel club for travel services.

"Travel club" means a for-profit organization that provides, in return for either an advance fee for membership or an annual charge for membership of more than \$100, the privilege for its members or participants to arrange or obtain future travel services through or from the organization. Travel club shall exclude credit card issuers whose cards are honored at any one time by 100 or more merchants, other than the issuer.

"Travel services" means transportation by carrier; accommodations; rental of motor vehicles; or any other service related to travel. For purposes of this chapter, "travel services" shall not include investments in time shares.

"Travel services agreement" means the agreement executed in whole or in part in this Commonwealth between the travel club and the purchaser of the membership in such club and does not include arrangements or agreements for specific travel transportation, accommodation or other specific services.

1993, c. 760; 1994, c. [482](#).

**§59.1-446. Registration; fees.**

A. It shall be unlawful for any travel club to offer or cause to be executed in this Commonwealth by the purchaser any travel services agreement unless such travel club at the time of such offering, or execution thereof has been properly registered with the Commissioner. Such registration shall (i) disclose the address, ownership, and nature of business of the travel club and (ii) be accompanied by an annual fee of \$350 per registration and annual renewal.

B. All fees shall be remitted to the State Treasurer and shall be placed to the credit and special fund of the Virginia Department of Agriculture and Consumer Services to be used in the administration of this chapter.

1993, c. 760; 1994, c. [482](#).

**§59.1-447. Bond or letter of credit required.**

A. Every travel club, before entering into a travel services agreement with a purchaser of travel services, shall file and maintain with the Commissioner, in a form and substance satisfactory to him, a bond with corporate surety from a company authorized to transact

business in the Commonwealth, or a letter of credit from a bank insured by the Federal Insurance Deposit Corporation, or cash in the amounts indicated below:

Number of Contracts	Amount of Cash, Bond, or Letter of Credit
0 to 1500	\$60,000
1501 to 1750	\$70,000
1751 to 2000	\$80,000
2001 or more	\$100,000

B. The bond or letter of credit required by subsection A of this section shall be in favor of the Commonwealth of Virginia for the benefit of any purchaser who is damaged by any violation of this chapter.

C. The aggregate liability of the bond or letter of credit to all persons for all breaches of the conditions of the bond or letter of credit shall in no event exceed the amount of the bond or letter of credit. The bond or letter of credit shall not be canceled or terminated except with the consent of the Commissioner. Bonds may be withdrawn by giving sixty-day advance written notice to the Commissioner, thereby releasing the surety from accruing future liability beyond the effective date of withdrawal. Such withdrawal shall not release the surety or otherwise cancel or terminate any liability existing at the time of the effective date of the withdrawal.

1993, c. 760; 1994, c. [482](#).

**§59.1-447.1. Escrow of deposits.**

A. Any deposit made in connection with the execution of a travel services agreement shall be held in escrow. All cash deposits shall be held in a separate bank account labeled and designated solely for that purpose.

Such escrow account shall be insured by an instrumentality of the federal government and located in Virginia. All deposits shall be held in escrow until (i) delivered to the travel club upon expiration of the purchaser's cancellation period, provided the purchaser's right of cancellation has not been exercised, or (ii) delivered to the travel club because of purchaser's default under the travel services agreement or (iii) refunded to the purchaser. Failure to establish escrow accounts or to make the deposits as required by this section is prima facie evidence of willful violation of this section.

B. The travel club shall disclose in the travel services agreement that the deposit may not be held in escrow after expiration of the cancellation period and that such deposit is

not protected as an escrow after expiration of the cancellation period. This disclosure shall include a statement of whether or not the travel club reserves the option to sell or assign any promissory note given by a purchaser to another entity, whether or not such entity is affiliated with the travel club. Both disclosures shall appear in boldface type of a minimum size of ten points.

C. There shall be posted a fidelity bond, written so as to protect all deposits escrowed pursuant to subsection A, in favor of all purchasers. The bond shall be in an amount equal to the total of the deposits in escrow at any given time or \$25,000, whichever is greater. Such bond shall be filed with the Commissioner and shall be maintained for so long as the travel club offers travel services in Virginia. The bond shall be with a surety company authorized to do business in Virginia. The travel club may post cash in lieu of the bond.

1994, c. [482](#).

**§59.1-448. Travel services agreement; disclosure.**

A. The travel services agreement shall contain a written disclosure of all limitations on and terms of the membership and shall be provided to the purchaser at the time the agreement is executed. The disclosure shall clearly and conspicuously include:

1. The name, business address and telephone number of the travel club;
2. The amount due, the date of payment, the purpose of the payment and an itemized statement of the balance due, if any;
3. A detailed description of any other service provided in conjunction with the agreement;
4. The conditions, if any, upon which the travel services agreement or membership in the travel club may be canceled and the rights and obligations of all parties in the event of such cancellation; and
5. A description of all contingencies, limitations or conditions of the agreement.

B. The purchaser may cancel the travel service agreement until midnight of the seventh calendar day after execution of the contract by use of the form prescribed in subsection C of this section; however, notice of cancellation need not take the form prescribed and shall be sufficient if it indicates the intention of the purchaser not to be bound. Notice of cancellation, if given by mail, shall be deemed given when deposited in a mailbox, properly addressed and postage prepaid. If the seventh calendar day falls on a Sunday or

legal holiday, then the right to cancel the travel service agreement shall expire on the day immediately following that Sunday or legal holiday.

C. The written disclosure shall include, in addition to the requirements of subsections A and B of this section, the following statement which shall appear immediately above the buyer's signature under the conspicuous caption, "BUYER'S NONWAIVABLE RIGHT TO CANCEL," which caption shall be printed in no less than ten-point, bold-faced type:

YOU MAY CANCEL THIS TRANSACTION, WITHOUT ANY PENALTY OR OBLIGATION, WITHIN SEVEN CALENDAR DAYS FROM YOUR EXECUTION OF THIS CONTRACT UNLESS YOU HAVE ALREADY USED THE TRAVEL SERVICES PROVIDED IN CONNECTION WITH THIS TRAVEL SERVICES AGREEMENT. IF YOU HAVE ALREADY USED THE TRAVEL SERVICES PROVIDED IN CONNECTION WITH THIS TRAVEL SERVICES AGREEMENT, YOU MAY STILL CANCEL THIS TRANSACTION WITHIN SEVEN CALENDAR DAYS FROM YOUR EXECUTION HEREOF, BUT YOU ARE NOT ENTITLED TO A REFUND OF ANY PRIOR PAYMENTS MADE FOR THE SPECIFIC TRAVEL SERVICES UTILIZED.

TO CANCEL THIS TRANSACTION, MAIL OR DELIVER A SIGNED AND DATED COPY OF THIS CANCELLATION NOTICE OR ANY OTHER WRITTEN NOTICE OR SEND A TELEGRAM TO:

\_\_\_\_\_ (Name of Seller)

AT

\_\_\_\_\_ (Address of Seller)

\_\_\_\_\_ Place of Business

NOT LATER THAN MIDNIGHT OF THE SEVENTH DAY AFTER RECEIPT OF THIS DISCLOSURE

I HEREBY CANCEL THIS TRANSACTION

\_\_\_\_\_ (Date)

\_\_\_\_\_ (Purchaser's Signature)

D. Within forty-five days after notice of cancellation is received, the travel club shall refund to the purchaser any payments made by the purchaser pursuant to the travel services agreement. However, the travel club may retain payments made for specific travel services utilized. The refund may be made by crediting the purchaser's credit card

account if a credit card was used to make a payment and if the travel club informs the purchaser in writing that the credit card account has been credited.

E. The right of cancellation afforded the purchaser by this chapter is nonwaivable and any provision in any instrument to the contrary shall be null and void.

1993, c. 760; 1994, c. [482](#).

**§59.1-448.1. Public offering statement.**

A. The travel club shall prepare and distribute to any prospective purchaser, before execution thereby of a travel services agreement, a public offering statement which discloses fully and accurately the characteristics of the travel club and its travel services, the membership offered and shall make known to prospective purchasers all material circumstances affecting the travel club and its travel services. The proposed public offering statement shall be filed with the Commissioner, shall be in a form prescribed by his rules and shall include the following to the extent applicable:

1. The name and principal address of the travel club, including:

a. The name, principal occupation and address of every director, partner, or trustee of the travel club;

b. The name and address of each person owning or controlling an interest of twenty percent or more in the travel club;

c. The particulars of any indictment, conviction, judgment, decree or order of any court or administrative agency against the travel club for violation of a federal, state, local or foreign country law or regulation in connection with activities relating to the rendition of travel services;

d. A statement of any unsatisfied judgments against the travel club, the status of any pending suits involving the rendition of travel services to which the travel club or any general partner, executive officer, director, or majority stockholder thereof is a defending party, and the status of any pending suits of significance to the travel club; and

e. The name and address of the travel club's agent for service of process.

2. A general description of the travel services offered by the travel club which are made available to purchasers.

3. A general description of the travel club and its more significant features including without limitation the duration of membership, the types of membership offered, all fees,

costs, and charges imposed on the purchaser thereby, and any provision for its cancellation by the purchaser other than by default.

4. Provisions, if any, that have been made by the travel club for fulfilling the demand of the purchaser for accommodations in lodgings.

5. If the travel club's net worth is less than \$500,000, a copy of the travel club's current audited balance sheet; if such club's net worth exceeds said amount, a statement by such travel club that its equity exceeds \$500,000.

6. Any initial or special fee due from the purchaser for membership in the travel club together with a description of the purpose and method of calculating the fee.

7. A general description of any financing offered by or available through the travel club.

8. A statement that the purchaser has a right to cancel the travel service agreement directing the purchaser to see such travel services agreement for the particulars of such right of cancellation.

9. Any restraints on alienation of the travel club membership by the purchaser.

10. A description of any insurance coverage provided for the benefit of the purchaser.

11. Any services which the travel club provides or expense it pays and which it expects may become at any subsequent time an expense of the purchaser and which is to be paid thereby.

12. A description of the terms of the deposit escrow requirements, including a statement that deposits may be removed from escrow at the termination of the cancellation period.

13. Any other information required by the Commissioner to assure full and fair disclosure to prospective purchasers.

14. A statement, expressed in terms of a percentage, of the number of purchasers who applied for accommodations from the travel club during the preceding year in contrast to the total number of purchasers who actually received such accommodations for the same preceding year. For purposes of calculation, an application shall be treated as only one application notwithstanding that the purchaser contemporaneously requests accommodations at a number of different real property improvements. Such statement shall be prepared by an independent certified public accounting firm and may take the form of an exhibit to the public offering statement.

B. If any prospective purchaser of a travel club membership is offered the opportunity to subscribe to or participate in any exchange program registered under the Virginia Real Estate Time-Share Act (§ [55.1-2200](#) et seq.), the public offering statement shall include as an exhibit or supplement, the disclosure document prepared by the exchange company in accordance with § [55.1-2219](#) and a brief narrative description of the exchange program which shall include the following:

1. A statement of whether membership or participation in the program is voluntary or mandatory;
2. The name and address of the exchange company together with the names of the principal officers and all directors of the exchange company;
3. A statement of whether the exchange company or any of its officers or directors are holders of a ten percent or greater interest in the travel club;
4. A statement of whether the travel club or any of its officers or directors are holders of a ten percent or greater interest in an exchange company;
5. A statement that the purchaser's contract with the exchange company is a contract separate and distinct from the purchaser's contract with the travel club; and
6. A brief narrative description of the procedure whereby exchanges are conducted.

C. The travel club shall amend the public offering statement to reflect any material change in the travel club membership. The travel club shall file with the Commissioner the public offering statement amended to reflect any material change. The Commissioner may at any time require the travel club to alter or supplement the form or substance of the public offering statement to assure full and fair disclosure to prospective purchasers.

The following events shall not be deemed to be a material change necessitating an amendment to the public offering statement:

1. A change correcting spelling, grammar, omissions, or other similar errors not affecting the substance of the public offering statement;
2. A change in the fees, dues, or assessments of the purchasers or other similar recurring expense items;
3. A change which is an aspect or result of the orderly development, operation, or management of the travel club in accordance with the travel services agreement, including,

without limitation, the addition or deletion of accommodations, transportation or other service related to travel;

4. A change resulting from the adoption of a new budget;

5. A change occurring in the issuance of an exchange company's updated annual report or disclosure documents provided upon its receipt by the travel club it shall commence distribution of same in lieu of all others; and

6. A change in the ownership of the travel club, provided the change affects less than an ownership interest of twenty percent.

1994, c. [482](#).

**§59.1-449. Prohibited practices by travel club.**

It shall be unlawful for any travel club to engage in any or all of the following practices:

1. Offer any other type of promotional inducement where the cost of the package equals or exceeds the cost which would have been incurred without the travel club membership;

2. Misrepresent the type or size of aircraft, vehicle, ship or train; time of departure or arrival; points served; route to be traveled; stops to be made; total trip-time from point of departure to destination; type or size of lodging or other accommodation; availability of lodging or other accommodation; or other services available, reserved or contracted for in connection with any trip, tour or other travel services, unless such misrepresentation resulted from a reasonable belief as to the services available based upon representations made by the person offering such services;

3. Misrepresent the fares and charges for transportation or services in connection therewith, unless the misrepresentation resulted from a reasonable belief as to the fares and charges applicable based upon representations made by the person offering such services;

4. Misrepresent that special priorities for reservations are available when such special considerations are in fact granted to members of the public generally;

5. Sell transportation to any person on a reservation or charter basis for specified space, flight or time or represent that such definite reservation or charter is or will be available or has been arranged, without a binding commitment with a carrier for the furnishing of such definite reservation or charter as represented or sold;

6. Sell or issue tickets or other documents to be exchanged or used for transportation if the tickets or other documents will not be or cannot be legally honored by carriers for transportation;
7. Misrepresent the requirements that must be met by a person in order to qualify for charter or group fare rates, unless such misrepresentation resulted from a reasonable belief as to the requirements applicable based upon representations made by the person offering the charter or group fare;
8. Offer accommodations in lodgings when the travel club has no written evidence of its legal right to possession of such lodgings; or
9. Use in any offering, advertisement, or promotion of any type or description the following terms: "time-share," "vacation ownership," "interval ownership," "time-share benefit" or "incidental benefit."

1993, c. 760; 1994, c. [482](#).

#### **§59.1-450. Regulations.**

The Board is authorized to prescribe reasonable regulations in order to implement the provisions of this chapter. These regulations shall be adopted, amended, or repealed in accordance with the Administrative Process Act (§ [2.2-4000](#) et seq.).

1993, c. 760.

#### **§59.1-451. Investigations.**

A. The Commissioner may, with respect to a travel club or travel services agreements:

1. Make necessary public and private investigations within or without this Commonwealth to determine whether any person has violated, or is about to violate, the provisions of this chapter or any rule, regulation, or order issued pursuant to this chapter;
2. Require or permit any person to file a statement in writing, under oath or otherwise as the Commissioner determines, as to all facts and circumstances concerning the matter under investigation; and
3. Administer oaths or affirmations and, upon motion or upon request of any party, may subpoena witnesses, compel their attendance, take evidence, and require the production of any matter that is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things; the identity and location of persons having knowledge of relevant facts; or any other matter reasonably calculated to lead to the discovery of material evidence.

B. Any proceeding or hearing of the Commissioner pursuant to this chapter, in which witnesses are subpoenaed and their attendance required for evidence to be taken, or any matter produced to ascertain material evidence shall take place within the City of Richmond.

C. If any person fails to obey the subpoena or to answer questions propounded by the Commissioner and upon reasonable notice to all persons affected thereby, the Commissioner may apply to the Circuit Court of the City of Richmond for an order compelling compliance.

1993, c. 760.

**§59.1-452. Production of records.**

Every travel club, upon written request of the Commissioner, shall make available to the Commissioner its travel-services records for inspection and copying to enable the Commissioner to reasonably determine compliance with this chapter. Every club promoter shall maintain a true copy of each agreement between the travel club and a purchaser, and such agreement shall be maintained for its term plus two years.

1993, c. 760.

**§59.1-453. Exemptions.**

This chapter shall not apply to:

1. Any agreement which meets the definition of "contract" under, and is subject to, the provisions of the Virginia Real Estate Time-Share Act (§ [55.1-2200](#) et seq.) or the Virginia Membership Camping Act (§ [59.1-311](#) et seq.); or
2. An "exchange program" as defined by the Virginia Real Estate Time-Share Act (§ [55.1-2200](#) et seq.) and offered by an exchange company registered under the Virginia Real Estate Time-Share Act; or
3. [Expired.]
4. A "product" as defined in the Virginia Real Estate Time-Share Act which is registered in accordance with its provisions.

1993, c. 760; 1994, c. [482](#).

**§59.1-454. Violations of chapter; penalty.**

Any violation of the provisions of this chapter or any travel services agreement executed therewith shall constitute a prohibited practice pursuant to the provisions of § [59.1-200](#)

and shall be subject to any and all of the enforcement provisions of the Virginia Consumer Protection Act (§ [59.1-196](#) et seq.).

1993, c. 760.

# Tourism Financing Development Authority Act

## **§15.2-5516. Short title.**

This chapter shall be known and may be cited as the "Tourism Financing Development Authority Act."

2007, c. [864](#).

## **§15.2-5517. One or more localities may create authority.**

The governing body of a locality may by ordinance or resolution, or the governing bodies of two or more localities may by concurrent ordinances or resolutions or by agreement, create a tourism financing development authority for the purpose of supporting tourism infrastructure in localities. The name of the authority shall contain the word "authority." The authority shall be a public body politic and corporate. Any such locality that levies a transient occupancy tax pursuant to § [58.1-3819](#) shall designate any excess over two percent to be used for purposes of the authority except such revenues that are otherwise encumbered by the locality.

2007, c. [864](#).

## **§15.2-5518. Directors; qualifications; terms; vacancies; compensation and expenses; quorum; records.**

A. The authority shall be governed by a board of directors in which all powers of the authority shall be vested and which board shall be composed of seven directors, appointed by the governing body of the locality. If the authority is created by two or more localities, the members of the board shall be appointed as agreed upon by the localities. The seven directors shall be appointed initially for terms of one, two, three and four years; two being appointed for one-year terms; two being appointed for two-year terms; two being appointed for three-year terms; and one being appointed for a four-year term. Subsequent appointments shall be for terms of four years, except appointments to fill vacancies, which shall be for the unexpired terms. All terms of office shall be deemed to

commence upon the date of the initial appointment to the authority and thereafter, in accordance with the provisions of the immediately preceding sentence. If at the end of any term of office of any director a successor thereto has not been appointed, then the director whose term of office has expired shall continue to hold office until his successor is appointed and qualified.

B. Each director shall, upon appointment or reappointment, before entering upon his duties take and subscribe the oath prescribed by § [49-1](#).

C. Four members of the board of directors shall constitute a quorum of the board for the purposes of conducting its business and exercising its powers and for all other purposes, except that no facilities owned by the authority shall be leased or disposed of in any manner without a majority vote of the members of the board of directors. No vacancy in the membership of the board shall impair the right of a quorum to exercise all the powers and perform all the duties of the board.

D. The board shall keep detailed minutes of its proceedings, which shall be open to public inspection at all times. It shall keep suitable records of its financial transactions and, unless exempted by § [30-140](#), it shall arrange to have the records audited annually. Copies of each such audit shall be furnished to the governing body of the locality and shall be open to public inspection.

2007, c. [864](#).

**§15.2-5519. Powers of authority.**

The authority shall have the following powers together with all powers incidental thereto or necessary for the performance of those hereinafter stated:

1. To sue and be sued and to prosecute and defend, at law or in equity, in any court having jurisdiction of the subject matter and of the parties;
2. To adopt and use a corporate seal and to alter the same at its pleasure;
3. To enter into contracts;
4. To acquire, whether by purchase, exchange, gift, lease or otherwise, and to improve, maintain, equip, and furnish one or more authority facilities including all real and personal properties that the board of directors of the authority may deem necessary in connection therewith and regardless of whether any such facilities shall then be in existence;

5. To lease to others any or all of its facilities and to charge and collect rent therefor and to terminate any such lease upon the failure of the lessee to comply with any of the obligations thereof; and to include in any such lease, if desired, a provision that the lessee thereof shall have options to renew such lease or to purchase any or all of the leased facilities, or that upon payment of all of the indebtedness of the authority it may lease or convey any or all of its facilities to the lessee thereof with or without consideration;
6. To sell, exchange, donate, and convey any or all of its facilities or properties whenever its board of directors shall find any such action to be in furtherance of the purposes for which the authority was organized;
7. To employ and pay compensation to such employees and agents, including attorneys and real estate brokers whether engaged by the authority or otherwise, as the board of directors shall deem necessary in carrying on the business of the authority;
8. To exercise all powers expressly given the authority by the governing body of the locality that established the authority and to establish bylaws and make all rules and regulations, not inconsistent with the provisions of this chapter, deemed expedient for the management of the authority's affairs;
9. To accept contributions, grants, and other financial assistance from the United States of America and agencies or instrumentalities thereof, the Commonwealth, or any political subdivision, agency, or public instrumentality of the Commonwealth, for or in aid of the construction, acquisition, ownership, maintenance, or repair of the authority facilities; or in order to make loans in furtherance of the purposes of this chapter of such contributions, grants, and other financial assistance, and to this end the authority shall have the power to comply with such conditions and to execute such agreements, trust indentures, and other legal instruments as may be necessary, convenient, or desirable and to agree to such terms and conditions as may be imposed;
10. To make loans or grants to any person, partnership, association, corporation, business, or governmental entity in furtherance of the purposes of this chapter including for the purposes of promoting economic development, and to enter into such contracts, instruments, and agreements as may be expedient to provide for such loans and any security therefor. An authority may also be permitted to forgive loans or other obligations if it is deemed to further economic development. The word "revenues" as used in this subdivision includes contributions, grants, and other financial assistance, as set out in subdivision 9; and

11. To establish a revolving loan fund or loan guarantee program to help carry out its powers and promote establishment of tourism infrastructure.

2007, c. [864](#).

**§15.2-5520. Liability of authority.**

All expenses incurred in carrying out the provisions of this chapter shall be payable solely from the funds of the authority and no liability or obligation shall be incurred by the authority hereunder beyond the extent to which moneys shall be available to the authority.

2007, c. [864](#).

**§15.2-5521. Dissolution of authority; disposition of property.**

Whenever the board of directors of the authority by resolution determines that the purposes for which the authority was formed have been substantially complied with, the then members of the board of directors of the authority shall thereupon execute and file for record with the governing body of the locality that created the authority, a resolution declaring such facts. If the governing body of the locality that created the authority is of the opinion that the facts stated in the authority's resolution are true and that the authority should be dissolved, it shall so resolve and the authority shall stand dissolved. Upon such dissolution, the title to all funds and properties owned by the authority at the time of such dissolution shall vest in the locality creating the authority and possession of such funds and properties shall forthwith be delivered to such locality.

2007, c. [864](#).

**§15.2-5522. Provisions of chapter controlling over other statutes and charters.**

Any provision of this chapter that is found to be in conflict with any other statute or charter shall be controlling and shall supersede such other statute or charter to the extent of such conflict.

2007, c. [864](#); 2015, c. [709](#).

# Underground Utility Damage Prevention Act

**§56-265.14. Short title.**

This chapter may be cited as the "Underground Utility Damage Prevention Act."

1979, c. 291.

**§56-265.15. Definitions; calculation of time periods.**

A. As used in this chapter:

"Abandoned" means no longer in service and physically disconnected from a portion of the underground utility line that is in use for storage or conveyance of service.

"Contract locator" means any person contracted by an operator specifically to determine the approximate horizontal location of the operator's utility lines that may exist within the area specified by a locate request.

"Damage" means any impact upon or removal of support from an underground facility as a result of excavation or demolition which according to the operating practices of the operator would necessitate the repair of such facility.

"Demolish" or "demolition" means any operation by which a structure or mass of material is wrecked, razed, rendered, moved, or removed by means of any tools, equipment, or discharge of explosives which could damage underground utility lines.

"Designer" means any licensed professional designated by the project owner who designs government projects, commercial projects, residential projects consisting of 25 or more units, or industrial projects, which projects require the approval of governmental or regulatory authorities having jurisdiction over the project area.

"Emergency" means a sudden or unexpected occurrence involving a clear and imminent danger, demanding immediate action to prevent or mitigate loss of, or damage to, life, health, property, or essential public services.

"Excavate" or "excavation" means any operation in which earth, rock, or other material in the ground is moved, removed, or otherwise displaced by means of any tools, equipment, or explosives and includes, without limitation, grading, trenching, digging, ditching, dredging, drilling, augering, tunneling, scraping, cable or pipe plowing and driving, wrecking, razing, rendering, moving, or removing any structure or mass of material.

"Excavate" or "excavation" does not include installation of a sign that consists of metal, plastic, or wooden poles placed in the ground by hand or by foot without the use of tools or equipment.

"Exigent circumstances" means circumstances outside of an operator's or contract locator's, as described in subsection D of [§ 56-265.19](#), control that necessarily prevent an operator or locator from completing the marking task, including a wrong address

provided with the locate request; failure to provide a reasonably specific location of proposed excavation; inaccessibility of the excavation site due to physical barrier or risk of serious bodily injury; a locate request that cannot be carried out by a traditional locating method and requires assistance from the operator; catastrophic technological failure outside of the locator's, operator's, or notification center's control; or the area of excavation does not conform with the requirements of subsection F of § [56-265.17](#).

"Extraordinary circumstances" means floods, snow, ice storms, tornadoes, earthquakes, or other natural disasters.

"Hand digging" means any excavation involving nonmechanized tools or equipment. Hand digging includes, but is not limited to, digging with shovels, picks, and manual post hole diggers, vacuum excavation or soft digging.

"Locate request" means the completed delivery of information to the notification center requesting markings for a specified area of excavation or demolition and receipt of the same by the notification center in accordance with this chapter.

"Notification center" means an organization whose membership is open to all operators of underground facilities located within the notification center's designated service area, which maintains a data base, provided by its member operators, that includes the geographic areas in which its member operators desire transmissions of notices of proposed excavation, and which has the capability to transmit, within one hour of receipt, notices of proposed excavation to member operators by electronic means.

"Notify," "notice" or "notification" means the completed delivery of information to the person to be notified, and the receipt of same by such person in accordance with this chapter. The delivery of information includes the use of any electronic or technological means of data transfer.

"Operator" means any person who owns, furnishes or transports materials or services by means of a utility line.

"Person" means any individual, operator, firm, joint venture, partnership, corporation, association, municipality, or other political subdivision, governmental unit, department or agency, and includes any trustee, receiver, assignee, or personal representative thereof.

"Positive response" means a code or phrase posted by an operator or locator to the notification center detailing the marking status of a locate request.

"Positive response system" means the excavator-operator information exchange system that is required by subsection E of § [56-265.16:1](#) and provides the means for operators or their contract locators to respond to and report the marking status of a locate request.

"Private sewer lateral" means a privately owned, legally authorized utility line that transports wastewater from one or more buildings to a sewer system utility line owned by a sewer system operator.

"Private water lateral" means a privately owned, legally authorized utility line that supplies water from a water system utility line owned by a water system operator to one or more buildings or properties.

"Sewer system" means a system of utility lines used for conveying wastewater, and includes sewer system laterals but does not include private sewer laterals.

"Sewer system lateral" means a lateral utility line located in the public right-of-way or public sewer easement, owned by a sewer system operator, and used to transport wastewater to the operator's main sewer line.

"Sewer system operator" means an operator of a sewer system.

"Soft digging" means any excavation using tools or equipment that utilize air or water pressure as the direct means to break up soil or earth for removal by vacuum excavation.

"Utility line" means any item of public or private property which is buried or placed below ground or submerged for use in connection with the storage or conveyance of water, sewage, telecommunications, electric energy, cable television, oil, petroleum products, gas, or other substances, and includes pipes, sewers, combination storm/sanitary sewer systems, conduits, cables, valves, lines, wires, manholes, attachments, and those portions of poles below ground. The term "sewage" does not include any gravity storm drainage systems. Except for any publicly owned gravity sewer system within a county which has adopted the urban county executive form of government, the term "utility line" does not include any gravity sewer system or any combination gravity storm/sanitary sewer system within any counties, cities, towns or political subdivisions constructed or replaced prior to January 1, 1995. No excavator shall be held liable for the cost to repair damage to any such systems constructed or replaced prior to January 1, 1995, unless such systems are located in accordance with § [56-265.19](#).

"Water system" means a system of utility lines used for supplying water, and does not include private water laterals.

"Water system operator" means an operator of a water system.

"Willful" means an act done intentionally, knowingly, and purposely, without justifiable excuse, as distinguished from an act done carelessly, thoughtlessly, heedlessly or inadvertently.

"Working day" means every day, except Saturdays, Sundays, and legal state and national holidays.

B. Unless otherwise specified, all time periods used in this chapter shall be calculated from the time of the original locate request as provided in § [56-265.17](#). In addition, all time periods exclude Saturdays, Sundays, and legal state and national holidays.

1979, c. 291; 1980, cc. 696, 710; 1992, c. 192; 1994, c. [890](#); 1996, c. [79](#); 2002, c. [841](#); 2010, cc. [205](#), [777](#), [832](#); 2023, cc. [299](#), [300](#).

**§56-265.15:1. Exemptions; routine maintenance.**

Nothing in this chapter shall apply to:

1. Any hand digging performed by an owner or occupant of a property.
2. The tilling of soil for agricultural purposes.
3. Any excavation done by a railroad when the excavation is made entirely on the land which the railroad owns and on which the railroad operates, provided there is no encroachment on any operator's rights-of-way or easements.
4. An excavation or demolition during an emergency, as defined in § [56-265.15](#), provided all reasonable precaution has been taken to protect the underground utility lines.

In the case of the state highway systems or streets and roads maintained by political subdivisions, officials of the Department of Transportation or the political subdivision where the use of such highways, roads, streets or other public way is impaired by an unforeseen occurrence shall determine the necessity of repair beginning immediately after the occurrence.

5. Any excavation for routine pavement maintenance, including patch type paving or the milling of pavement surfaces, upon the paved portion of any street, road, or highway of the Commonwealth provided that any such excavation does not exceed a depth of twelve inches (0.3 meter).
6. Any excavation for the purpose of mining pursuant to and in accordance with the requirements of a permit issued by the Department of Energy.

7. Any hand digging performed by an operator to locate the operator's utility lines in response to a notice of excavation from the notification center, provided all reasonable precaution has been taken to protect the underground utility lines.

8. Any installation of a sign that does not involve excavation as defined in § [56-265.15](#). 1994, c. [890](#); 1996, c. [79](#); 2002, c. [841](#); 2010, cc. [777](#), [832](#); 2021, Sp. Sess. I, c. [532](#).

**§56-265.16. Repealed.**

Repealed by Acts 1989, c. 448, effective July 1, 1990.

**§56-265.16:1. Operators to join notification centers; certification.**

A. Every operator, including counties, cities and towns, but excluding the Department of Transportation, having the right to bury underground utility lines shall join the notification center for the area.

B. Every notification center shall be certified by the Commission. The Commission shall determine the optimum number of notification centers in the Commonwealth. If the Commission determines that there shall be more than one notification center in the Commonwealth, it shall define the geographic area to be served by each notification center.

C. Any corporation desiring to serve as the notification center for an area of the Commonwealth may apply to the Commission to be certified as the notification center for that area. The Commission shall have authority to grant, amend, or revoke certificates under regulations promulgated relating to certification. An application for certification shall include such information as the Commission may reasonably require addressing the applicant's operational plan for the notification center.

D. Every Commission action regarding the optimum number of notification centers, the geographic area to be served by each notification center, the promulgation of notification center certification regulations, and the grant, amendment, or revocation of notification center certifications shall be made in furtherance of the purpose of preventing or mitigating loss of, or damage to, life, health, property or essential public services resulting from damage to underground utility lines. Any action by the Commission to approve or revoke any notification center certification shall:

1. Ensure protection for the public from the hazards that this chapter is intended to prevent or mitigate;

2. Ensure that all persons served by the notification center receive an acceptable level of performance, which level shall be maintained throughout the period of the notification center's certification; and

3. Require the notification center and its agents to demonstrate financial responsibility for any damages that may result from their violation of any provision of this chapter. Such requirement may be met by purchasing and maintaining liability insurance on such terms and in such amount as the Commission deems appropriate.

E. A notification center shall maintain a positive response system in accordance with notification center certification regulations promulgated by the Commission. The members of a notification center shall be responsible for developing and implementing a public awareness program to ensure that all parties affected by this chapter shall be aware of their responsibilities. There shall be only one notification center certified for each geographic area defined by the Commission.

1989, c. 448; 1992, c. 192; 1994, c. [890](#); 2001, c. [399](#); 2023, cc. [299](#), [300](#).

**§56-265.17. Notification required prior to excavation or demolition; waiting periods; marking of proposed site.**

A. No person shall make or begin any excavation or demolition without first submitting a locate request to the notification center. Submission of a locate request shall be deemed to be notice to each operator who is a member of the notification center. The notification center shall provide the excavator with the identity of utilities that will be notified of the proposed excavation or demolition. Except for counties, cities, and towns, an excavator who willfully fails to submit a locate request for a proposed excavation or demolition shall be liable to the operator whose facilities are damaged by that excavator, for three times the cost to repair the damaged property, provided that the operator is a member of the notification center. The total amount of punitive damages awarded under this section, as distinguished from actual damages, shall not exceed \$10,000 in any single cause of action.

B. Except in the case of an emergency as defined in § [56-265.15](#) or in cases subject to subsection C, the excavator shall only commence work:

1. After the excavator has confirmed, by reviewing the positive response information posted on the notification center's positive response system, that each operator has marked its utility lines, notified the notification center that its utility lines are not present in the

area of proposed excavation, or otherwise posted a positive response indicating excavation may begin; or

2. If informed by the notification center that no operators are to be notified.

If any operator fails to respond to the positive response system as required by this chapter, the notification center shall renotify any operator of its failure. This renotification shall not constitute an exemption from the duties of the operator set forth in § [56-265.19](#).

C. If, after at least 48 hours beginning with 7:00 a.m. the next working day following a locate request or on the date of excavation, the excavator, upon arrival at the site of a proposed excavation, observes clear evidence of the presence of an unmarked utility line in the area of the proposed excavation, the excavator shall not begin excavating until three hours after an additional contact is made to the notification center for the area, provided that no information has been posted to the positive response system or information posted to the positive response system is inconsistent with the clear evidence observed by the excavator.

The operator of any unmarked utility line shall respond within three hours of the excavator's contact to the notification center. After the clear evidence of an unmarked utility line is addressed pursuant to the additional contact to the notification center, excavation may proceed. During any excavation subject to this subsection, the excavator shall exercise reasonable care at all times to protect underground utility lines and shall be liable for any damages.

D. The excavator's notification shall be valid for 15 working days from 7:00 a.m. on the next working day following a locate request or 15 working days following a scheduled excavation date provided to the notification center, whichever is later. Three working days before the end of the 15-working-day period, or at any time when line-location markings on the ground become illegible, the excavator intending to excavate shall contact the notification center and request the re-marking of lines. The operator shall re-mark the lines as soon as possible; however, the re-marking of the lines shall be completed within 48 hours from 7:00 a.m. on the next working day following the request for the re-mark. Such re-marking shall be valid for an additional 15 working days from 7:00 a.m. on the next working day following a locate request.

E. If a specific location of the excavation cannot be given as required by subdivision 2 of § [56-265.18](#), prior to notifying the notification center pursuant to subsection A, the person

proposing to excavate or demolish shall mark the route or boundary of the site of the proposed excavation or demolition by means of white paint, if practical.

F. The extent of the excavator's proposed excavation or demolition shall be a work area that can be excavated within 15 working days from 7:00 a.m. on the next working day following a locate request. The area covered under each locate request shall not exceed one-third of a mile.

1979, c. 291; 1989, c. 448; 1992, c. 192; 1994, c. [890](#); 2002, c. [841](#); 2023, cc. [299](#), [300](#).

#### **§56-265.17:1. Notification and procedures for designers.**

A. Each designer, who prepares drawings and plans for projects requiring excavation or demolition work, may notify the notification center and provide the center with the information required by § [56-265.18](#) and the designer's professional license number.

B. If a designer notifies the notification center to receive underground utility line information in accordance with § [56-265.17:3](#), the designer shall:

1. Indicate on the construction drawings, the type of underground utility lines, the horizontal location of these lines as provided by the operators, and the names of the operators of these lines;

2. Consider, when designing a project and preparing drawings therefor, the location of existing underground lines so as to minimize damage or interference with the existing facilities;

3. Indicate, on the construction plans or drawings, the designer ticket number and the notification center's toll-free number; and

4. Request only one designer ticket per project through the notification center at no cost.

2002, c. [841](#).

#### **§56-265.17:2. Procedures for project owners.**

The project owner shall provide copies of those portions of the drawings that affect the respective operator with underground utility lines in the project area who have responded in accordance with § [56-265.17:3](#).

2002, c. [841](#).

#### **§56-265.17:3. Procedures for operators in response to a designer notice.**

An operator, upon notification by a designer in accordance with § [56-265.17:1](#), shall:

1. Respond to the designer's request for underground utility line information within 15 working days in accordance with subdivisions 2, 3, and 4;
2. Provide designers with the operator's name, the type of underground utility line, and the approximate horizontal location of the utility line. The foregoing information may be provided to the designer through the means that include field locates, maps, surveys, installation records or other means. Marking shall be done by both paint and flags whenever possible;
3. Provide such information about the location of the utility lines to designers for informational purposes only. Operators will not be liable for any incorrect information provided or for the subsequent use of this information, nor will they be subject to civil penalties for the accuracy of the information or marks provided. Any concerns about the accuracy of information or marks should be directed to the appropriate operator; and
4. Respond to the positive response system by no later than 7:00 a.m. on the sixteenth working day following the designer's locate request.

2002, c. [841](#); 2023, cc. [299](#), [300](#).

#### **§56-265.18. Notification requirements.**

Every locate request and designer notice served by any person on the notification center shall contain the following information:

1. The name of the individual serving such notice.
2. The specific location of the proposed excavation or demolition. If a specific description of the location of the excavation cannot be given, the person proposing to excavate or demolish shall comply with subsection E of § [56-265.17](#).
3. The name, physical address, telephone number, and electronic mailing address, if available, of the excavator or demolisher, to whom notification can be given.
4. The excavator's or demolisher's field telephone number and, if available, electronic mailing address.
5. The type and extent of the proposed excavation or demolition.
6. The name of the person for whom the proposed excavation or demolition is being performed.

1979, c. 291; 1980, c. 696; 1989, c. 448; 1994, c. [890](#); 2002, c. [841](#); 2023, cc. [299](#), [300](#).

#### **§56-265.19. Duties of operator; regulations.**

A. If a proposed excavation or demolition is planned in such proximity to the underground utility line that the utility line may be destroyed, damaged, dislocated, or disturbed, the operator shall mark the approximate horizontal location of the underground utility line on the ground to within two feet of either side of the underground utility line by means of stakes, paint, flags, or a combination thereof. The operator or contract locator shall mark the underground utility line and report the marking status to the positive response system by no later than 7:00 a.m. on the third working day following the excavator's locate request, unless a scheduled excavation date is provided by the excavator to the notification center or the operator or contract locator is unable to do so due to extraordinary or exigent circumstances. Any scheduled excavation date shall not be less than 48 hours nor more than 12 working days from the date of the locate request. If a scheduled excavation date is provided by the excavator to the notification center, the operator or contract locator shall mark the underground utility line and report the marking status to the positive response system by no later than 7:00 a.m. on the scheduled day of excavation. Any locate request made on a day that is not a working day shall be considered as having been submitted to the notification center on the next working day at 7:00 a.m. If the operator is unable to mark the location within the time allowed under this section due to extraordinary or exigent circumstances, the operator shall notify directly the person who proposes to excavate or demolish and shall, in addition, notify the person of the date and time when the location will be marked. The deferral to mark for extraordinary or exigent circumstances shall be no longer than 96 hours from 7:00 a.m. on the next working day following the locate request, unless a longer time is otherwise agreed upon by the operator and excavator. The operator shall also inform the notification center of any deferral.

B. If a proposed excavation or demolition is not planned in such proximity to the operator's underground utility lines that the utility line may be damaged, the operator shall so report to the notification center's positive response system no later than 7:00 a.m. on the third working day following the excavator's locate request.

C. An operator shall participate in all preplanning and preconstruction meetings originated by state, county or municipal authorities relating to proposed construction projects which may affect the operator's existing or future utility lines and shall cooperate in implementing decisions reached in such preplanning and preconstruction meetings.

D. Any contract locator acting on behalf of an operator and failing to perform the duties imposed by this chapter shall be subject to the liabilities in § [56-265.25](#) and the civil penalties in § [56-265.32](#).

E. Locators shall be trained in applicable locating industry standards and practices no less stringent than the National Utility Locating Contractors Association's locator training standards and practices. Each locator's training shall be documented. Such documents shall be maintained by the operator or contract locator.

F. The Commission shall be authorized to adopt regulations designating: (i) letters for each operator to be used in conjunction with marking of underground utility lines, and (ii) symbols for marking of underground utility lines, in compliance with subdivision 2 of § [56-265.17:3](#). Such letter designation and marking symbols shall be in accordance with industry standards.

G. For underground utility lines abandoned after July 1, 2002, operators shall make a reasonable attempt to keep records of these abandoned utility lines, excluding service lines connected to a single-family dwelling unit. When an operator has knowledge that the operator's abandoned utility lines may be present within the area of the proposed excavation, the operator shall provide a response to the positive response system. Such information regarding abandoned lines shall be for informational purposes only. An operator shall not be liable to any person, or subject to civil penalties, as a result of the operator's providing incorrect information regarding abandoned lines or the subsequent use of such information. The positive response system may refer any person with concerns about the accuracy of information regarding abandoned lines to the appropriate operator.

H. An operator shall respond to an emergency notice as soon as possible but no later than three hours from the excavator's contact to the notification center.

1979, c. 291; 1980, c. 696; 1994, c. [890](#); 1996, c. [79](#); 2002, c. [841](#); 2005, c. [395](#); 2023, cc. [299](#), [300](#).

**§56-265.19:1. Private sewer laterals and sewer system laterals.**

A. Notwithstanding any provision of this chapter to the contrary, the protection of sewer system laterals and private sewer laterals shall be implemented as provided in this section. When an excavation is to take place within a public right-of-way or public sewer easement, the sewer system operator shall exercise reasonable care to mark the approximate horizontal location of sewer system laterals within the public right-of-way or public sewer easement as provided in § [56-265.19](#).

B. When (i) an excavation is to take place outside the public right-of-way or public sewer easement, (ii) the excavation involves the installation or maintenance of gas or electric utility lines by trenchless technology, (iii) the potential for a conflict with a sewer lateral exists, and (iv) sewer system laterals are located in the public right-of-way:

1. The sewer system operator shall exercise reasonable care to mark the approximate horizontal location of sewer system laterals by:

a. Marking the location of the sewer system lateral where it meets the edge of the right-of-way or public sewer easement, if known; or

b. If the location described in subdivision B 1 a is unknown, marking the location where the sewer system lateral connects to the sewer system main.

2. When the sewer system laterals have been marked in accordance with subdivision B 1 and the excavator reasonably concludes that a private sewer lateral may be impacted by the planned excavation based upon visual evidence, knowledge of the proposed excavation site, or other information available to the excavator, the excavator shall exercise reasonable care to protect the private sewer lateral. For purposes of this subdivision, reasonable care includes the following actions:

a. Reviewing information provided by the private sewer lateral owner;

b. Meeting with the sewer system operator on-site, if the sewer system operator has additional information to provide about the location of private sewer laterals; or

c. Conducting a visual inspection of the proposed excavation site in an effort to determine the probable path of the sewer lateral.

C. When (i) an excavation is to take place within or outside the public right-of-way or public sewer easement, (ii) the excavation involves the installation or maintenance of gas or electric utility lines by trenchless technology, (iii) the potential for a conflict with a sewer lateral exists, and (iv) private sewer laterals are located in the public right-of-way or easement:

1. The sewer system operator shall assist the excavator by one of the following methods, unless the operator marks private sewer laterals in the manner required for its sewer system laterals under subsection B:

a. Provide copies of the best reasonably available records regarding the location of the private sewer laterals by electronic message, mail, facsimile, or other delivery method. If an excavation affects 25 or more private sewer laterals, the sewer system operator's

response shall be in accordance with the timelines set forth in § [56-265.17:3](#). If the provision of records required by this subsection imposes an unreasonable burden or substantial cost upon a sewer system operator, the excavator and the sewer system operator shall endeavor in good faith to reach an agreement to provide the sewer system operator with additional time to provide the records or any other mutually agreeable accommodation.

b. Provide the best reasonably available records on the Internet or another readily accessible electronic system in order that the records may be retrieved by the excavator from a remote location. If the sewer system operator has implemented such a system, then the sewer system operator shall have no further obligations to provide records under subdivision C 1 a.

c. If the sewer system operator has no such records, but has additional information to provide about the location of private sewer laterals, then the sewer system operator shall notify the excavator of such information and, upon request, either meet with the excavator on-site or convey such information to the excavator.

2. When the records have been made available in accordance with subdivision C 1 and the excavator reasonably concludes that a private sewer lateral may be impacted by the planned excavation based upon visual evidence, knowledge of the proposed excavation site, or other information available to the excavator, the excavator shall exercise reasonable care to protect the private sewer lateral. For purposes of this subdivision, reasonable care includes the following actions:

a. Reviewing information provided by the sewer system operator;

b. Reviewing information provided by the private sewer lateral owner;

c. Meeting with the sewer system operator on-site if the sewer system operator has additional information to provide about the location of private sewer laterals; or

d. Conducting a visual inspection of the proposed excavation site in an effort to determine the probable path of the sewer lateral.

D. Sewer system operators shall mark utility lines, other than sewer system laterals and private sewer laterals, as provided by other sections of this chapter.

E. Water system operators shall mark water system utility lines as provided by other sections of this chapter, except that a water system operator shall not be responsible for marking private water laterals.

F. Records regarding the location of private sewer laterals provided on the Internet or otherwise made accessible by an electronic system pursuant to subdivision C 1 b shall also be accessible to other public utilities and cable operators or excavators working on their behalf for purposes of compliance with this chapter.

G. In all excavations, the excavator shall exercise reasonable care to protect underground utility lines.

2010, c. [205](#).

**§56-265.20. Repealed.**

Repealed by Acts 1994, c. [890](#), effective January 1, 1995.

**§56-265.20:1. Locating nonmetallic underground utility lines.**

Notwithstanding the provisions of § [56-257.1](#), any plastic or other nonmetallic utility lines installed underground on and after July 1, 2002, shall be installed in such a manner as to be locatable by the operator for the purposes of this chapter.

2002, c. [841](#).

**§56-265.21. Marking by color.**

In marking the approximate location of underground utility lines or proposed excavation if required pursuant to subsection E of § [56-265.17](#) the American Public Works Association color codes shall be used.

1979, c. 291; 1994, c. [890](#); 2002, c. [841](#).

**§56-265.22. Duties of notification center upon notification by person intending to excavate; record of notification made by telephone required.**

A. The notification center shall, upon receiving notice by a person, notify all member operators whose utility lines are present in the area of the proposed project, excavation, or demolition. The notification center shall also indicate the names of those operators being notified to the person providing notice.

B. If the notification required by this chapter is made by telephone, a record of such notification shall be maintained by the operators or notification center notified to document compliance with the requirements of this chapter, and such records shall be maintained in compliance with the applicable statute of limitations.

C. The notification center shall notify excavators, within the time frame allowed by the law to mark underground utility lines, of any responses placed on the positive response

system by a locator. Such notification shall occur by mutually acceptable means of automatically transmitting and receiving this information.

If the excavator cannot provide the notification center with mutually acceptable means of automatically transmitting and receiving this information, it shall be the excavator's responsibility to contact the positive response system after the period allowed by law to mark underground facilities and prior to commencing excavation in order to determine if any responses to the notice have been recorded.

1979, c. 291; 1994, c. [890](#); 2002, c. [841](#); 2023, cc. [299](#), [300](#).

**§56-265.22:1. Meetings between excavators and operators.**

A. Any person planning excavation or demolition in such proximity to the underground utility lines that the utility lines may be destroyed, damaged, dislocated, or disturbed may request a meeting with the operator whose underground utility lines are located in the area of the proposed excavation or demolition to discuss the marking of such lines. The project requiring excavation shall be of sufficient complexity to require a pre-marking meeting. The meeting notice shall include all information required by § [56-265.18](#) and a specific time and location for the meeting.

B. The notification center shall, upon receiving a meeting notice, notify all member operators whose underground utility lines are located in the area of the proposed excavation or demolition. The notification center shall provide to the excavator the names of those operators being notified of the meeting.

C. The operators notified by the notification center shall meet with the excavator by 7:00 a.m. on the third working day following the excavator's meeting notice. If an operator does not agree to the excavator's suggested time and location, the operator shall set up a mutually agreeable time and location to meet no later than 7:00 a.m. on the third working day following the meeting notice.

D. The excavator's meeting notice shall not be the notice to excavate required under § [56-265.17](#). The notice to excavate required under § [56-265.17](#) for the project shall not be submitted to the notification center until after the meeting referenced in subsection A of this section has occurred, or after 7:00 a.m. on the third working day following the meeting notice.

2002, c. [841](#).

**§56-265.23. Exemption for roadway maintenance operations by the Virginia Department of Transportation and certain counties, cities, and towns.**

Employees of the Virginia Department of Transportation acting within the scope of their employment, and certain employees of those counties, cities, and towns which maintain their streets or roads in accordance with § [33.2-319](#) or § [33.2-366](#) performing street or roadway maintenance operations and acting within the scope of their employment, excavating entirely within the right-of-way of a public road, street or highway of the Commonwealth shall not be required to comply with the provisions of this chapter if reasonable care is taken to protect the utility lines placed in the right-of-way by permit and if they:

1. Excavate within the limits of the original excavation; on the traveled way, shoulders or drainage features of a public road, street, or highway and any excavation does not exceed eighteen inches (0.45 meter) in depth below the grade existing prior to such excavation; or
2. Are replacing previously existing structures in their previous locations.

1979, c. 291; 1994, c. [890](#).

**§56-265.24. Duties of excavator.**

A. No excavator shall begin any excavation or demolition before reviewing and heeding the positive response marking status of the excavation area. Any person excavating within two feet on either side of the staked or marked location of an operator's underground utility line or demolishing in such proximity to an underground utility line that the utility line may be destroyed, damaged, dislocated or disturbed shall take all reasonable steps necessary to properly protect, support and backfill underground utility lines. For excavations not parallel to an existing underground utility line, such steps shall include, but may not be limited to:

1. Exposing the underground utility line to its extremities by hand digging;
2. Not utilizing mechanized equipment within two feet of the extremities of all exposed utility lines; and
3. Protecting the exposed utility lines from damage.

In addition, for excavations parallel to an existing utility line, such steps shall include, but may not be limited to, hand digging at reasonable distances along the line of excavation. The excavator shall exercise due care at all times to protect underground utility lines when exposing these lines by hand digging.

B. If the markings locating the underground lines become illegible due to time, weather, construction, or any other cause, the person performing the excavation or demolition shall so notify the notification center for the area. Such notification shall constitute an extension under subsection D of § [56-265.17](#).

C. If, after at least 48 hours beginning with 7:00 a.m. the next working day following a locate request or on the date of excavation, upon arrival at the site of a proposed excavation, the excavator observes clear evidence of the presence of an unmarked utility line in the area of the proposed excavation, the excavator shall not begin excavating until three hours after an additional contact is made to the notification center for the area pursuant to subsection C of § [56-265.17](#) and the excavator has verified that no information has been posted to the positive response system or information posted to the positive response system is inconsistent with the clear evidence observed by the excavator.

D. In the event of any damage to, or dislocation, or disturbance of any underground utility line including its appurtenances, covering, and coating, in connection with any excavation or demolition, the person responsible for the excavation or demolition operations shall immediately notify the operator of the underground utility line and shall not backfill around the underground utility line until the operator has repaired the damage or has given clearance to backfill. The operator shall either commence repair of the damage or give clearance to backfill within twenty-four hours, and upon his failure to commence or prosecute with diligence such repair or give clearance, the giving of clearance shall be presumed.

E. If the damage, dislocation, or disturbance of the underground utility line creates an emergency, the person responsible for the excavation or demolition shall, in addition to complying with subsection D, take immediate steps reasonably calculated to safeguard life, health and property.

F. With the exception of designers requesting marking of a site, in accordance with § [56-265.17](#), no person, including operators, shall request marking of a site through a notification center unless excavation shall commence within thirty working days from the date of the original notification to the notification center. Except for counties, cities, and towns, any person who willfully fails to comply with this subsection shall be liable to the operator for three times the cost of marking its utility line, not to exceed \$1,000.

G. Any person performing excavation or demolition shall provide to the operator of the underground utility line in the area of excavation or to the appropriate regulatory authority having jurisdiction, the number issued by the notification center for that excavation

site in response to the excavator's notice, within one hour of a request for the number issued by the notification center.

H. If an excavator discovers an unmarked line, the excavator shall protect this line pursuant to subsection C. An excavator shall not remove an abandoned line without first receiving authorization to do so by the operator.

1979, c. 291; 1994, c. [890](#); 1996, c. [79](#); 2002, c. [841](#); 2023, cc. [299](#), [300](#).

**§56-265.24:1. Request to cease operation; immediate threat; penalty.**

Notwithstanding the provisions of § [56-265.15:1](#), any person, as defined in § [56-265.15](#), who knowingly and intentionally excavates after being notified by a representative of the Commission of a determination that such excavation constitutes an immediate threat to safety or property and such representative requests that excavation cease is guilty of a Class 6 felony. The representative of the Commission shall immediately notify the agency with primary law-enforcement authority over the area of excavation, as well as the fire marshal, (i) that such excavation site is a threat to safety or property and (ii) of the request to cease excavation.

2023, cc. [299](#), [300](#).

**§56-265.25. Liability of operator and excavator; penalties.**

A. 1. If any underground utility line is damaged as a proximate result of a person's failure to comply with any provision of this chapter, that person shall be liable to the operator of the underground utility line for the total cost to repair the damaged facilities as that cost is normally computed by the operator, provided the operator is a member of the notification center covering the area in which the damage to the utility line takes place. The liability of such a person for such damage shall not be limited by reason of this chapter.

2. Any person who willfully fails to notify the notification center of proposed excavation or demolition shall be liable to the operator as provided in subsection A of § [56-265.17](#).

3. If, after receiving proper notice, an operator fails to discharge a duty imposed by any provision of this chapter and an underground utility line of such operator is damaged, as a proximate result of the operator's failure to discharge such duty, by any person who has complied with all of the provisions of this chapter, such person shall not be so liable.

B. If an underground utility line of an operator is damaged, as the proximate result of the operator's failure to comply with any provision of this chapter, by any person who has complied with the provisions of this chapter, the operator shall be liable to such person

for the total cost to repair any damage to the equipment or facilities of such person resulting from such damage to the operator's underground utility line.

C. Except as specifically set forth herein, the provisions of this chapter shall not be construed to either abrogate any rights, duties, or remedies existing under law or create any rights, duties, defenses, or remedies in addition to any rights, duties, or remedies existing under law.

1979, c. 291; 1980, c. 696; 1989, c. 448; 1994, c. [890](#).

**§56-265.26. Repealed.**

Repealed by Acts 1994, c. [890](#), effective January 1, 1995.

**§56-265.26:1. Utility line depth requirement.**

Every operator having the right to install underground utility lines shall install such underground utility lines at depths required by accepted industry standards. Such standards shall include, as applicable, standards established by the National Electrical Safety Code, Bellcore Blue Book-Manual of Construction Procedures, the Commission's pipeline safety regulations, the Department of Health's waterworks regulations, and the depth standards of the Virginia Cable Telecommunications Association, which shall be established in consultation with the State Corporation Commission no later than July 1, 2002.

2002, c. [841](#).

**§56-265.27. Repealed.**

Repealed by Acts 2015, c. [709](#), cl. 2.

**§56-265.28. Sovereign immunity.**

Nothing in this chapter shall be construed to abrogate the immunity from suit accruing to the Commonwealth, her political subdivisions, agencies, officers or employees, or the officers or employees of her political subdivisions and agencies, as exists prior to July 1, 1980.

1979, c. 291.

**§56-265.29. Other similar laws.**

Compliance with the provisions of this chapter shall not exempt any operator or person from the operation of any other applicable laws, ordinances, regulations, or rules of governmental and regulatory authorities having jurisdiction, unless exempted by such other laws, ordinances, regulations, or rules as a result of such compliance.

1979, c. 291.

**§56-265.30. Authority of the State Corporation Commission.**

A. The Commission shall enforce the provisions of the Underground Utility Damage Prevention Act as set out in this chapter. The Commission may promulgate any rules or regulations necessary to implement the Commission's authority to enforce this chapter.

B. Nothing in this chapter shall be construed to authorize the Commission to promulgate any rules or regulations pursuant to its authority to enforce this chapter that require any person, other than jurisdictional gas or hazardous liquid operators, to report to the Commission any probable violation of this chapter or any incident involving damage, dislocation or disturbance of any utility line.

1994, c. [890](#); 2001, c. [399](#).

**§56-265.31. Commission to establish advisory committee.**

A. The Commission shall establish an advisory committee consisting of representatives of the following entities: Commission staff, utility operator, notification center, excavator, municipality, Virginia Department of Transportation, Board for Contractors, and underground line locator. Persons appointed to the advisory committee by the Commission shall have expertise with the operation of the Underground Utility Damage Prevention Act. The advisory committee shall perform duties which may be assigned by the Commission, including reviewing reports of violations of the chapter, establishing positive response codes for use by the notification center's positive response system, and making recommendations to the Commission.

B. The members of the advisory committee shall be immune, individually and jointly, from civil liability for any act or omission done or made in performance of their duties while serving as members of such advisory committee, but only in the absence of willful misconduct.

1994, c. [890](#); 1996, c. [79](#); 2023, cc. [299](#), [300](#).

**§56-265.32. Commission to impose civil penalties for certain violations; establishment of Underground Utility Damage Prevention Special Fund.**

A. The Commission may, by judgment entered after a hearing on notice duly served on any person not less than 30 days before the date of the hearing, impose a civil penalty not exceeding \$10,000 for each violation of subsection A of § [56-265.17](#) and \$5,000 for all other violations of this chapter, if it is proved that the person violated any of the provisions of this chapter as a result of a failure to exercise reasonable care. Any

proceeding or civil penalty undertaken pursuant to this section shall not prevent nor preempt the right of any party to obtain civil damages for personal injury or property damage in private causes of action. This subsection shall not authorize the Commission to impose civil penalties on any county, city, town, or other political subdivision. However, the Commission shall inform the counties, cities, towns, and other political subdivisions of reports of alleged violations involving the locality or political subdivision and, at the request of the locality or political subdivision, suggest corrective action.

B. If the Commission asserts there is recurring noncompliance with any of the provisions of this chapter by a county, city, town, or other political subdivision, the Commission, upon written notice to the chairman of such operator's board or, in the case of a city or town, the mayor of such operator's council, and to such operator's chief executive officer, may require a written response by such person or his designee. Such response shall be made within 30 days of the operator's receipt of written notice from the Commission. The response shall confirm that the operator will comply promptly or explain why it disputes any assertion by the Commission of noncompliance. If the operator is not able to return to compliance promptly, the operator shall describe its plan to achieve compliance in a corrective action plan to be submitted to the Commission no later than 60 days after the receipt of the written notice. Following submittal of a corrective action plan, the Commission may convene a hearing for the purpose of receiving additional evidence, determining whether noncompliance has occurred, and determining further suggested corrective action. The Commission may also convene such a hearing if the operator fails to provide a written response or a corrective action plan as required by this subsection, or provides a response that disputes the Commission's assertions. Nothing in this section shall limit the Commission's powers under this chapter with respect to persons who are not counties, cities, towns, or political subdivisions of the Commonwealth.

C. The Underground Utility Damage Prevention Special Fund (hereinafter referred to as Special Fund) is hereby established as a revolving fund to be used by the Commission for administering the regulatory program authorized by this chapter. The Special Fund shall be composed entirely of funds generated by and for the enforcement of this chapter. Enforcement of this chapter also includes education and outreach provided by the Commission for training and educational programs for excavators, operators, utility line locators, and other persons. Excess funds shall be used to support any one or more of the following: (i) public awareness programs established by a notification center pursuant to subsection B of § [56-265.16:1](#); (ii) training and education programs for excavators, operators, line locators, and other persons; and (iii) programs providing incentives

for excavators, operators, line locators, and other persons to reduce the number and severity of violations of the Act. The Commission shall determine the appropriate allocation of any excess funds among such programs, and shall establish required elements for any program established under clause (ii) or (iii).

D. All civil penalties collected pursuant to this section shall be deposited into the Underground Utility Damage Prevention Special Fund. Interest earned on the fund shall be credited to the Special Fund. The Special Fund shall be established on the books of the Commission comptroller and any funds remaining in the Underground Utility Damage Prevention Special Fund at the end of the fiscal year shall not revert to the general fund, but shall remain in the Special Fund.

1994, c. [890](#); 2001, c. [351](#); 2002, c. [348](#); 2010, c. [205](#); 2023, cc. [299](#), [300](#).

## Uniform Act on Adoption and Medical Assistance

### **§63.2-1400. Repealed.**

Repealed by Acts 2022, c. [264](#), cl. 2.

### **§63.2-1401. Compacts authorized.**

The Governor is authorized to develop, participate in the development of, negotiate and enter into one or more interstate compacts on behalf of this Commonwealth with other states to implement one or more of the purposes set forth in this chapter. When so entered into, and for so long as it remains in force, the compact shall have the force and effect of law.

1988, c. 154, § 63.1-238.7; 2002, c. [747](#).

### **§63.2-1402. Definitions.**

For the purposes of this chapter:

"Adoption assistance state" means the state that is signatory to an adoption assistance agreement in a particular case.

"Residence state" means the state of which the child is a resident by virtue of the residence of the adoptive parents.

"State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, or a territory or possession of or administered by the United States.

1988, c. 154, § 63.1-238.8; 2002, c. [747](#).

**§63.2-1403. Contents of compacts.**

A. A compact entered into pursuant to the authority conferred by this chapter shall have the following content:

1. A provision making it available for joinder by all states.
2. A provision or provisions for withdrawal from the compact upon written notice to the parties, but with a period of one year between the date of the notice and the effective date of the withdrawal.
3. A requirement that the protections afforded by or pursuant to the compact continue in force for the duration of the adoption assistance and be applicable to all children and their adoptive parents who, on the effective date of the withdrawal, are receiving adoption assistance from a party state other than the one in which they are resident and have their principal place of abode.
4. A requirement that each instance of adoption assistance to which the compact applies be covered by an adoption assistance agreement in writing between the adoptive parents and the child welfare agency of the state which undertakes to provide the adoption assistance, and further, that any such agreement be expressly for the benefit of the adopted child and enforceable by the adoptive parents and the state agency providing the adoption assistance.
5. Such other provisions as may be appropriate to implement the proper administration of the compact.

B. A compact entered into pursuant to the authority conferred by this chapter may contain the following provisions in addition to those required pursuant to subsection A:

1. Provisions establishing procedures and entitlements to medical, developmental, child care or other social services for the child in accordance with applicable laws, even though the child and the adoptive parents are in a state other than the one responsible for or providing the services or the funds to defray part or all of the costs thereof.
2. Such other provisions as may be appropriate or incidental to the proper administration of the compact.

1988, c. 154, § 63.1-238.9; 2002, c. [747](#).

**§63.2-1404. Medical assistance; penalties.**

A. A child with special needs resident in this Commonwealth who is the subject of an adoption assistance agreement with another state shall be entitled to receive a medical assistance identification from this Commonwealth upon the filing in the Department of a certified copy of the adoption assistance agreement obtained from the adoption assistance state. In accordance with regulations of the Department, the adoptive parents shall be required at least annually to show that the agreement is still in force or has been renewed.

B. The Department of Medical Assistance Services shall consider the holder of medical assistance identification pursuant to this section as any other holder of a medical assistance identification under the laws of this Commonwealth and shall process and make payment on claims on account of such holder in the same manner and pursuant to the same conditions and procedures as for other recipients of medical assistance.

C. The Department shall provide coverage and benefits not provided by the state plan for medical assistance in the residence state for a child who is in another state and who is covered by an adoption assistance agreement made in Virginia to the extent required by the agreement. However, there shall be no reimbursement for services or benefit amounts covered under any insurance or other third party medical contract or arrangement held by the child or the adoptive parents. The Department of Medical Assistance Services shall adopt regulations implementing this subsection. The additional coverages and benefit amounts provided pursuant to this subsection shall be for services for which there is no federal financial contribution or which, if federally aided, are not provided by the residence state. Such regulations shall include procedures to be followed in obtaining prior approvals for services when such approval is required for the assistance.

D. The submission of any claim for payment or reimbursement for services or benefits pursuant to this section or the making of any statement in connection therewith, which claim or statement the maker knows or should know to be false, misleading or fraudulent shall be punishable as perjury and shall also be subject to a fine of not more than \$10,000, or imprisonment for not more than two years, or both.

E. The provisions of this section shall apply only to medical assistance for children under adoption assistance agreements from states that have entered into a compact with this Commonwealth under which the other state provides medical assistance to children

with special needs under adoption assistance agreements made by this Commonwealth. All other children entitled to medical assistance pursuant to adoption assistance agreements entered into by this Commonwealth shall be eligible to receive it in accordance with the laws and procedures applicable thereto.

1988, c. 154, § 63.1-238.10; 2002, c. [747](#).

**§63.2-1405. Federal participation.**

Consistent with federal law, the Department and the Department of Medical Assistance Services, in connection with the administration of this chapter and any compact pursuant hereto, shall include in any state plan made pursuant to the Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272), Titles IV-E and XIX of the Social Security Act, as amended, and any other applicable federal laws, the provision of adoption assistance and medical assistance for which the federal government pays some or all of the costs. The Departments shall apply for and administer all relevant federal aid in accordance with law.

1988, c. 154, § 63.1-238.11; 2002, c. [747](#).

## Uniform Computer Information Transactions Act

**§59.1-501.1. Title.**

This chapter may be cited as the Uniform Computer Information Transactions Act.

2000, cc. [101](#), [996](#).

**§59.1-501.2. Definitions.**

(a) As used in this chapter:

(1) "Access contract" means a contract to obtain by electronic means access to, or information from, an information processing system of another person, or the equivalent of such access.

(2) "Access material" means any information or material, such as a document, address, or access code, that is necessary to obtain authorized access to information or control or possession of a copy.

(3) "Aggrieved party" means a party entitled to a remedy for breach of contract.

- (4) "Agreement" means the bargain of the parties in fact as found in their language or by implication from other circumstances, including course of performance, course of dealing, and usage of trade as provided in this chapter.
- (5) "Attribution procedure" means a procedure to verify that an electronic authentication, display, message, record, or performance is that of a particular person or to detect changes or errors in information. The term includes a procedure that requires the use of algorithms or other codes, identifying words or numbers, encryption, or callback or other acknowledgment.
- (6) "Authenticate" means (i) to sign or (ii) with the intent to sign a record, to execute or adopt an electronic symbol, sound, message, or process referring to, attached to, included in, or logically associated or linked with, that record.
- (7) "Automated transaction" means a transaction in which a contract is formed in whole or part by electronic actions of one or both parties that are not previously reviewed by an individual in the ordinary course.
- (8) "Cancellation" means the ending of a contract by a party because of breach of contract by another party.
- (9) "Computer" means an electronic device that accepts information in digital or similar form and manipulates it for a result based on a sequence of instructions.
- (10) "Computer information" means information in electronic form that is obtained from or through the use of a computer or that is in a form capable of being processed by a computer. The term includes a copy of the information and any documentation or packaging associated with the copy.
- (11) "Computer information transaction" means an agreement or the performance of it to create, modify, transfer, or license computer information or informational rights in computer information. The term includes a support contract under § [59.1-506.12](#). The term does not include a transaction merely because the parties' agreement provides that their communications about the transaction will be in the form of computer information.
- (12) "Computer program" means a set of statements or instructions to be used directly or indirectly in a computer to bring about a certain result. The term does not include separately identifiable informational content.
- (13) "Consequential damages" resulting from breach of contract includes (i) any loss resulting from general or particular requirements and needs of which the breaching party at

the time of contracting had reason to know and which could not reasonably be prevented, and (ii) any injury to an individual or damage to property other than the subject matter of the transaction proximately resulting from breach of warranty. The term does not include direct damages or incidental damages.

(14) "Conspicuous," with reference to a term, means so written, displayed, or presented that a reasonable person against which it is to operate ought to have noticed it. A term in an electronic record intended to evoke a response by an electronic agent is conspicuous if it is presented in a form that would enable a reasonably configured electronic agent to take it into account or react to it without review of the record by an individual. With respect to a person, conspicuous terms include (i) a heading in capitals in a size equal to or greater than, or in contrasting type, font, or color to, the surrounding text, (ii) language in the body of a record or display in larger or other contrasting type, font, or color or set off from the surrounding text by symbols or other marks that draw attention to the language, and (iii) a term prominently referenced in an electronic record or display which is readily accessible or reviewable from the record or display. With respect to a person or an electronic agent, conspicuous terms include a term, or reference to a term, that is so placed in a record or display that the person or electronic agent cannot proceed without taking action with respect to the particular term or reference.

(15) "Consumer" means an individual who is a licensee of information or informational rights that the individual at the time of contracting intended to be used primarily for personal, family, or household purposes. The term does not include an individual who is a licensee primarily for professional or commercial purposes, including agriculture, business management, and investment management other than management of the individual's personal or family investments.

(16) "Consumer contract" means a contract between a merchant licensor and a consumer.

(17) "Contract" means the total legal obligation resulting from the parties' agreement as affected by this chapter and other applicable law.

(18) "Contract fee" means the price, fee, rent, or royalty payable in a contract under this chapter or any part of the amount payable.

(19) "Contractual use term" means an enforceable term that defines or limits the use, disclosure of, or access to licensed information or informational rights, including a term that defines the scope of a license.

(20) "Copy" means the medium on which information is fixed on a temporary or permanent basis and from which it can be perceived, reproduced, used, or communicated, either directly or with the aid of a machine or device.

(21) "Course of dealing" means a sequence of previous conduct between the parties to a particular transaction which establishes a common basis of understanding for interpreting their expressions and other conduct.

(22) "Course of performance" means repeated performances, under a contract that involves repeated occasions for performance, which are accepted or acquiesced in without objection by a party having knowledge of the nature of the performance and an opportunity to object to it.

(23) "Court" includes an arbitration or other dispute-resolution forum if the parties have agreed to use of that forum or its use is required by law.

(24) "Delivery," with respect to a copy, means the voluntary physical or electronic transfer of possession or control.

(25) "Direct damages" means compensation for losses measured by § [59.1-508.8](#) (b) (1) or § [59.1-508.9](#) (a) (1). The term does not include consequential damages or incidental damages.

(26) "Electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

(27) "Electronic agent" means a computer program, or electronic or other automated means, used independently to initiate an action, or to respond to electronic messages or performances, on the person's behalf without review or action by an individual at the time of the action or response to the message or performance.

(28) "Electronic message" means a record or display that is stored, generated, or transmitted by electronic means for the purpose of communication to another person or electronic agent.

(29) "Financial accommodation contract" means an agreement under which a person extends a financial accommodation to a licensee and which does not create a security interest governed by Title 8.9A. The agreement may be in any form, including a license or lease.

(30) "Financial services transaction" means an agreement that provides for, or a transaction that is, or entails access to, use, transfer, clearance, settlement, or processing of:

(A) a deposit, loan, funds, or monetary value represented in electronic form and stored or capable of storage by electronic means and retrievable and transferable by electronic means, or other right to payment to or from a person;

(B) an instrument or other item;

(C) a payment order, credit card transaction, debit card transaction, funds transfer, automated clearing house transfer, or similar wholesale or retail transfer of funds;

(D) a letter of credit, document of title, financial asset, investment property, or similar asset held in a fiduciary or agency capacity; or

(E) related identifying, verifying, access-enabling, authorizing, or monitoring information.

(31) "Financier" means a person that provides a financial accommodation to a licensee under a financial accommodation contract and either (i) becomes a licensee for the purpose of transferring or sublicensing the license to the party to which the financial accommodation is provided or (ii) obtains a contractual right under the financial accommodation contract to preclude the licensee's use of the information or informational rights under a license in the event of breach of the financial accommodation contract. The term does not include a person that selects, creates, or supplies the information that is the subject of the license, owns the informational rights in the information, or provides support for, modifications to, or maintenance of the information.

(32) "Good faith" means honesty in fact and the observance of reasonable commercial standards of fair dealing.

(33) "Goods" means all things that are movable at the time relevant to the computer information transaction. The term includes the unborn young of animals, growing crops, and other identified things to be severed from realty which are covered by § [8.2-107](#). The term does not include computer information, money, the subject matter of foreign exchange transactions, documents, letters of credit, letter-of-credit rights, instruments, investment property, accounts, chattel paper, deposit accounts, or general intangibles.

(34) "Incidental damages" resulting from breach of contract:

(A) means compensation for any commercially reasonable charges, expenses, or commissions reasonably incurred by an aggrieved party with respect to (i) inspection, receipt, transmission, transportation, care, or custody of identified copies or information that is the subject of the breach; (ii) stopping delivery, shipment, or transmission; (iii) effecting cover or retransfer of copies or information after the breach; (iv) other efforts

after the breach to minimize or avoid loss resulting from the breach; and (v) matters otherwise incident to the breach; and

(B) does not include consequential damages or direct damages.

(35) "Information" means data, text, images, sounds, mask works, or computer programs, including collections and compilations of them.

(36) "Information processing system" means an electronic system for creating, generating, sending, receiving, storing, displaying, or processing information.

(37) "Informational content" means information that is intended to be communicated to or perceived by an individual in the ordinary use of the information, or the equivalent of that information.

(38) "Informational rights" include all rights in information created under laws governing patents, copyrights, mask works, trade secrets, trademarks, publicity rights, or any other law that gives a person, independently of contract, a right to control or preclude another person's use of or access to the information on the basis of the rights holder's interest in the information.

(39) "Insurance services transaction" means an agreement between an insurer and an insured that provides for, or a transaction that is or entails access to, use, transfer, clearance, settlement, or processing of:

(A) an insurance policy, contract, or certificate; or

(B) a right to payment under an insurance policy, contract or certificate.

(40) "Knowledge," with respect to a fact, means actual knowledge of the fact.

(41) "License" means a contract that authorizes access to, or use, distribution, performance, modification, or reproduction of, information or informational rights, but expressly limits the access or uses authorized or expressly grants fewer than all rights in the information, whether or not the transferee has title to a licensed copy. The term includes an access contract, a lease of a computer program, and a consignment of a copy. The term does not include a reservation or creation of a security interest to the extent the interest is governed by Title 8.9A.

(42) "Licensee" means a person entitled by agreement to acquire or exercise rights in, or to have access to or use of, computer information under an agreement to which this chapter applies. A licensor is not a licensee with respect to rights reserved to it under the agreement.

(43) "Licensor" means a person obligated by agreement to transfer or create rights in, or to give access to or use of, computer information or informational rights in it under an agreement to which this chapter applies. Between the provider of access and a provider of the informational content to be accessed, the provider of content is the licensor. In an exchange of information or informational rights, each party is a licensor with respect to the information, informational rights, or access it gives.

(44) "Mass-market license" means a standard form used in a mass-market transaction.

(45) "Mass-market transaction" means a transaction that is:

(A) a consumer contract; or

(B) any other transaction with an end-user licensee if:

(i) the transaction is for information or informational rights directed to the general public as a whole, including consumers, under substantially the same terms for the same information;

(ii) the licensee acquires the information or informational rights in a retail transaction under terms consistent with an ordinary transaction in a retail market; and

(iii) the transaction is not (a) a contract for redistribution or for public performance or public display of a copyrighted work; (b) a transaction in which the information is customized or otherwise specially prepared by the licensor for the licensee, other than minor customization using a capability of the information intended for that purpose; (c) a site license; or (d) an access contract.

(46) "Merchant" means a person:

(A) who deals in information or informational rights of the kind involved in the transaction;

(B) who by the person's occupation holds himself out as having knowledge or skill peculiar to the relevant aspect of the business practices or information involved in the transaction; or

(C) to whom the knowledge or skill peculiar to the practices or information involved in the transaction may be attributed by the person's employment of an agent or broker or other intermediary who by his occupation holds himself out as having the knowledge or skill.

(47) "Nonexclusive license" means a license that does not preclude the licensor from transferring to other licensees the same information, informational rights, or contractual rights within the same scope. The term includes a consignment of a copy.

(48) "Notice" of a fact means knowledge of the fact, receipt of notification of the fact, or reason to know the fact exists.

(49) "Notify" or "give notice" means to take such steps as may be reasonably required to inform the other person in the ordinary course, whether or not the other person actually comes to know of it.

(50) "Party" means a person that engages in a transaction or makes an agreement under this chapter.

(51) "Person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, governmental subdivision, instrumentality, or agency, public corporation, or any other legal or commercial entity.

(52) "Published informational content" means informational content prepared for or made available to recipients generally, or to a class of recipients, in substantially the same form. The term does not include informational content that is (i) customized for a particular recipient by one or more individuals acting as or on behalf of the licensor, using judgment or expertise or (ii) provided in a special relationship of reliance between the provider and the recipient.

(53) "Receipt" means:

(A) with respect to a copy, taking delivery; or

(B) with respect to a notice:

(i) coming to a person's attention; or

(ii) being delivered to and available at a location or system designated by agreement for that purpose or, in the absence of an agreed location or system: (a) being delivered at the person's residence, or the person's place of business through which the contract was made, or at any other place held out by the person as a place for receipt of communications of the kind; or (b) in the case of an electronic notice, coming into existence in an information processing system or at an address in that system in a form capable of being processed by or perceived from a system of that type by a recipient, if the recipient uses, or otherwise has designated or holds out, that place or system for receipt of notices

of the kind to be given and the sender does not know that the notice cannot be accessed from that place.

(54) "Receive" means to take receipt.

(55) "Record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

(56) "Release" means an agreement by a party not to object to, or exercise any rights or pursue any remedies to limit, the use of information or informational rights which agreement does not require an affirmative act by the party to enable or support the other party's use of the information or informational rights. The term includes a waiver of informational rights.

(57) "Return," with respect to a record containing contractual terms that were rejected, refers only to the computer information and means:

(A) in the case of a licensee that rejects a record regarding a single information product transferred for a single contract fee, a right to reimbursement of the contract fee paid from the person to which it was paid or from another person that offers to reimburse that fee, on (i) submission of proof of purchase and (ii) proper redelivery of the computer information and all copies within a reasonable time after initial delivery of the information to the licensee;

(B) in the case of a licensee that rejects a record regarding an information product provided as part of multiple information products integrated into and transferred as a bundled whole but retaining their separate identity:

1. a right to reimbursement of any portion of the aggregate contract fee identified by the licensor in the initial transaction as charged to the licensee for all bundled information products which was actually paid, on (i) rejection of the record before or during the initial use of the bundled product; (ii) proper redelivery of all computer information products in the bundled whole and all copies of them within a reasonable time after initial delivery of the information to the licensee; and (iii) submission of proof of purchase; or

2. a right to reimbursement of any separate contract fee identified by the licensor in the initial transaction as charged to the licensee for the separate information product to which the rejected record applies, on (i) submission of proof of purchase and (ii) proper redelivery of that computer information product and all copies within a reasonable time after initial delivery of the information to the licensee; or

(C) in the case of a licensor that rejects a record proposed by the licensee, a right to proper redelivery of the computer information and all copies from the licensee, to stop delivery or access to the information by the licensee, and to reimbursement from the licensee of amounts paid by the licensor with respect to the rejected record, on reimbursement to the licensee of contract fees that it paid with respect to the rejected record, subject to recoupment and setoff.

(58) "Scope," with respect to terms of a license, means:

(A) the licensed copies, information, or informational rights involved;

(B) the use or access authorized, prohibited, or controlled;

(C) the geographic area, market, or location; or

(D) the duration of the license.

(59) "Seasonable," with respect to an act, means taken within the time agreed or, if no time is agreed, within a reasonable time.

(60) "Send" means, with any costs provided for and properly addressed or directed as reasonable under the circumstances or as otherwise agreed, to deposit a record in the mail or with a commercially reasonable carrier, to deliver a record for transmission to or re-creation in another location or information processing system, or to take the steps necessary to initiate transmission to or re-creation of a record in another location or information processing system. In addition, with respect to an electronic message, the message must be in a form capable of being processed by or perceived from a system of the type the recipient uses or otherwise has designated or held out as a place for the receipt of communications of the kind sent. Receipt within the time in which it would have arrived if properly sent, has the effect of a proper sending.

(61) "Standard form" means a record or a group of related records containing terms prepared for repeated use in transactions and so used in a transaction in which there was no negotiated change of terms by individuals except to set the price, quantity, method of payment, selection among standard options, or time or method of delivery.

(62) "State" means a State of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States.

(63) "Term," with respect to an agreement, means that portion of the agreement that relates to a particular matter.

(64) "Termination" means the ending of a contract by a party pursuant to a power created by agreement or law otherwise than because of breach of contract.

(65) "Transfer":

(A) with respect to a contractual interest, includes an assignment of the contract, but does not include an agreement merely to perform a contractual obligation or to exercise contractual rights through a delegate or sublicensee; and

(B) with respect to computer information, includes a sale, license, or lease of a copy of the computer information and a license or assignment of informational rights in computer information.

(66) "Usage of trade" means any practice or method of dealing that has such regularity of observance in a place, vocation, or trade as to justify an expectation that it will be observed with respect to the transaction in question.

(b) The following definitions in other titles apply to this chapter:

(1) "Burden of establishing" § [8.1A-201](#).

(2) "Document of title" § [8.1A-201](#).

(3) "Financial asset" § [8.8A-102](#).

(4) "Funds transfer" § [8.4A-104](#).

(5) "Identification" to the contract § [8.2-501](#).

(6) "Instrument" § [8.9A-102](#).

(7) "Investment property" § [8.9A-102](#).

(8) "Item" § [8.4-104](#).

(9) "Letter of credit" § [8.5A-102](#).

(10) "Payment order" § [8.4A-103](#).

(11) "Sale" § [8.2-106](#).

2000, cc. [101](#), [996](#); 2001, c. [763](#); 2003, c. [353](#); 2004, c. [794](#).

### **§59.1-501.3. Scope; exclusions.**

(a) This chapter applies to computer information transactions.

(b) Except for subject matter excluded in subsection (d), if a computer information transaction includes subject matter other than computer information or subject matter excluded under subsection (d), the following rules apply:

(1) If a transaction includes computer information and goods, this chapter applies to the part of the transaction involving computer information, informational rights in it, and creation or modification of it. However, if a copy of a computer program is contained in and sold or leased as part of goods, this chapter applies to the copy and the computer program only if:

(A) the goods are a computer or computer peripheral; or

(B) giving the buyer or lessee of the goods access to or use of the program is ordinarily a material purpose of transactions in goods of the type sold or leased.

(2) Subject to subsection (d)(2)(A), if a transaction includes an agreement for creating or for obtaining rights to create computer information and a motion picture, this chapter does not apply to the agreement if the dominant character of the agreement is for creating or obtaining rights to create a motion picture. In all other such agreements, this chapter does not apply to the part of the agreement that involves a motion picture excluded under subsection (d)(2), but does apply to the computer information.

(3) In all other cases, this chapter applies to the entire transaction if the computer information and informational rights, or access to them, is the primary subject matter, but otherwise applies only to the part of the transaction involving computer information, informational rights in it, and creation or modification of it.

(c) To the extent of a conflict between this chapter and Title 8.9A, Title 8.9A governs.

(d) This chapter does not apply to:

(1) a financial services transaction;

(2) an insurance services transaction;

(3) an agreement to create, perform or perform in, include information in, acquire, use, distribute, modify, reproduce, have access to, adapt, make available, transmit, license, or display:

(A) a motion picture or audio or visual programming other than in (i) a mass-market transaction or (ii) a submission of an idea or information or release of informational rights that may result in making a motion picture or a similar information product; or

(B) sound recording, musical work, or phonorecord as defined or used in Title 17 of the United States Code as of July 1, 1999, or an enhanced sound recording, other than in the submission of an idea or information or release of informational rights that may result in the creation of such material or a similar information product.

(4) a compulsory license;

(5) a contract of employment of an individual, other than an individual hired as an independent contractor, unless such independent contractor is a freelancer in the news reporting industry as that term is commonly understood in that industry;

(6) a contract that does not require that information be furnished as computer information or in which under the agreement the form of the information as computer information is otherwise insignificant with respect to the primary subject matter of the part of the transaction pertaining to the information;

(7) unless otherwise agreed in a record between the parties:

(A) telecommunications products or services provided pursuant to federal or state tariffs;  
or

(B) telecommunications products or services provided pursuant to agreements required or permitted to be filed by the service provider with a federal or state authority regulating these services or under pricing subject to approval by a federal or state regulatory authority; or

(8) subject matter within the scope of Titles 8.3, 8.4, 8.4A, 8.5A, 8.7, or 8.8A.

(e) As used in subsection (d)(2)(B), "enhanced sound recording" means a separately identifiable product or service the dominant character of which consists of recorded sounds but which includes (i) statements or instructions whose purpose is to allow or control the perception, reproduction, or communication of those sounds or (ii) other information so long as recorded sounds constitute the dominant character of the product or service despite the inclusion of the other information.

(f) As used in this section, "motion picture" means:

(1) "motion picture" as defined in Title 17 of the United States Code as of July 1, 1999; or

(2) a separately identifiable product or service the dominant character of which consists of a linear motion picture, but which includes (i) statements or instructions whose purpose is to allow or control the perception, reproduction, or communication of the motion

picture or (ii) other information so long as the motion picture constitutes the dominant character of the product or service despite the inclusion of the other information.

(g) As used in this section, "audio or visual programming" means audio or visual programming that is provided by broadcast, satellite, or cable as defined or used in the federal Communications Act of 1934 (47 U.S.C. § 151 et seq.) and related regulations as they existed on July 1, 1999, or by similar methods of delivery.

2000, cc. [101](#), [996](#); 2001, c. [763](#); 2004, c. [794](#); 2011, c. [369](#).

#### **§59.1-501.4. Repealed.**

Repealed by Acts 2004, c. [794](#).

#### **§59.1-501.4:1. Consumer protection law governs.**

(a) In this section, "consumer protection law" means a consumer protection statute, rule, or regulation, or other state executive or legislative action that has the effect of law and any applicable judicial or administrative decisions interpreting those statutes, rules, regulations or actions.

(b) Except as otherwise provided in this section, this chapter does not limit, modify or supersede a consumer protection statute, administrative rule, regulation or procedure.

(c) If a consumer protection law requires a term to be conspicuous, the standard of conspicuousness under the consumer protection law applies. However, a provision in the consumer protection law requiring a term to be conspicuous does not preclude that term from being presented electronically.

(d) If a consumer protection law requires a writing or a signature, a record or authentication suffices.

(e) If a consumer protection law addresses assent, consent, or manifestation of assent, the standard of assent, consent, or manifestation of assent under the consumer protection law applies and may be accomplished electronically.

(f) The applicability of a consumer protection law is determined by that law as it would have applied in the absence of this chapter.

2004, c. [794](#).

#### **§59.1-501.5. Relation to federal law; fundamental public policy; transactions subject to other state law.**

(a) A provision of this chapter that is preempted by federal law is unenforceable to the extent of the preemption.

(b) If a term of a contract violates a fundamental public policy, the court may refuse to enforce the contract, enforce the remainder of the contract without the impermissible term, or limit the application of the impermissible term so as to avoid a result contrary to public policy, in each case to the extent that the interest in enforcement is clearly outweighed by a public policy against enforcement of the term.

(c) In a transaction in which a copy of computer information in its final form is made generally available, a term of a contract is unenforceable to the extent that the term prohibits an end-user licensee from engaging in otherwise lawful public discussion relating to the computer information. However, this subsection does not preclude enforcement of a term that establishes or enforces rights under trade secret, trademark, defamation, commercial disparagement, or other laws. This subsection does not alter the applicability of subsection (b) to any term not rendered unenforceable under this subsection.

(d) This chapter does not apply to an intellectual property notice that is based solely on intellectual property rights and is not part of a contract. The effect of such a notice is determined by law other than this chapter.

(e) If a law of the Commonwealth in effect on the effective date of this chapter applies to a transaction governed by this chapter, the following rules apply:

(1) A requirement that a term, waiver, notice, or disclaimer be in a writing is satisfied by a record.

(2) A requirement that a record, writing, or term be signed is satisfied by an authentication.

(3) A requirement that a term be conspicuous, or the like, is satisfied by a term that is conspicuous under this chapter.

(4) A requirement of consent or agreement to a term is satisfied by a manifestation of assent to the term in accordance with this chapter.

2000, cc. [101](#), [996](#); 2001, cc. [762](#), [763](#); 2004, c. [794](#).

#### **§59.1-501.6. Rule of construction.**

(a) This chapter must be liberally construed and applied to promote its underlying purposes and policies to:

(1) support and facilitate the realization of the full potential of computer information transactions;

(2) clarify the law governing computer information transactions;

- (3) enable expanding commercial practice in computer information transactions by commercial usage and agreement of the parties;
  - (4) promote uniformity of the law with respect to the subject matter of this chapter among States that enact it; and
  - (5) permit the continued expansion of commercial practices in the excluded transactions through custom, usage and agreement of the parties.
- (b) Except as otherwise provided in § [59.1-501.15](#), the use of mandatory language or the absence of a phrase such as "unless otherwise agreed" in a provision of this chapter does not preclude the parties from varying the effect of the provision by agreement.
  - (c) The fact that a provision of this chapter imposes a condition for a result does not by itself mean that the absence of that condition yields a different result.
  - (d) To be enforceable, a term need not be conspicuous, negotiated, or expressly assented or agreed to, unless this chapter expressly so requires.

2000, cc. [101](#), [996](#); 2004, c. [794](#).

**§59.1-501.7. Legal recognition of electronic record and authentication; use of electronic agents.**

- (a) A record or authentication may not be denied legal effect or enforceability solely because it is in electronic form.
- (b) This chapter does not require that a record or authentication be generated, stored, sent, received, or otherwise processed by electronic means or in electronic form.
- (c) In any transaction, a person may establish requirements regarding the type of authentication or record acceptable to that person.
- (d) A person using an electronic agent that he has selected for making an authentication, performance, or agreement, including manifestation of assent, is bound by the operations of the electronic agent, even if no individual was aware of or reviewed the agent's operations or the results of the operations.

2000, cc. [101](#), [996](#).

**§59.1-501.8. Proof and effect of authentication.**

- (a) Authentication may be proven in any manner, including a showing that a party made use of information or access that could have been available only if it engaged in conduct or operations that authenticated the record or term.

(b) Compliance with a commercially reasonable attribution procedure agreed to or adopted by the parties or established by law for authenticating a record authenticates the record as a matter of law.

2000, cc. [101](#), [996](#).

**§59.1-501.9. Choice of law.**

(a) The parties in their agreement may choose the applicable law. However, the choice is not enforceable in a consumer contract to the extent it would vary a statute, administrative rule, or regulation that may not be varied by agreement under the law of Virginia.

(b) In the absence of an enforceable agreement on choice of law, the contract is governed by the law of Virginia.

2000, cc. [101](#), [996](#); 2001, cc. [762](#), [763](#).

**§59.1-501.10. Contractual choice of forum.**

(a) The parties in their agreement may choose an exclusive judicial forum unless the choice is unreasonable or unjust.

(b) A judicial forum specified in an agreement is not exclusive unless the agreement expressly so provides and, in a mass-market transaction, expressly and conspicuously so provides.

2000, cc. [101](#), [996](#); 2001, c. [763](#).

**§59.1-501.11. Unconscionable contract or term.**

(a) If a court as a matter of law finds a contract or a term thereof to have been unconscionable at the time it was made, the court may refuse to enforce the contract, enforce the remainder of the contract without the unconscionable term, or limit the application of the unconscionable term so as to avoid an unconscionable result.

(b) If a court as a matter of law finds a contract or a term thereof has been induced by unconscionable conduct or that unconscionable conduct has occurred in the collection of a claim arising from the contract, the court may grant appropriate relief.

(c) If it is claimed or appears to the court that a contract or term thereof may be unconscionable, the parties must be afforded a reasonable opportunity to present evidence as to its commercial setting, purpose, and effect to aid the court in making the determination.

2000, cc. [101](#), [996](#).

**§59.1-501.12. Manifesting assent.**

(a) A person manifests assent to a record or term if the person, acting with knowledge of, or after having an opportunity to review the record or term or a copy of it:

(1) authenticates the record or term with intent to adopt or accept it; or

(2) intentionally engages in conduct or makes statements with reason to know that the other party or its electronic agent may infer from the conduct or statement that the person assents to the record or term.

(b) An electronic agent manifests assent to a record or term if, after having an opportunity to review it, the electronic agent:

(1) authenticates the record or term; or

(2) engages in operations that in the circumstances indicate acceptance of the record or term.

(c) If this chapter or other law requires assent to a specific term, a manifestation of assent must relate specifically to the term.

(d) Conduct or operations manifesting assent may be proved in any manner, including showing that a person or an electronic agent obtained or used the information or informational rights and that a procedure existed by which a person or an electronic agent must have engaged in the conduct or operations in order to do so. Proof of compliance with subsection (a) (2) is sufficient if there is conduct that assents and subsequent conduct that reaffirms assent by electronic means.

(e) The effect of provisions of this section may be modified by an agreement setting out standards applicable to future transactions between the parties.

(f) Providers of online services, network access, and telecommunications services, or the operators of facilities thereof, do not manifest assent to a contractual relationship simply by their provision of these services to other parties, including but not limited to transmission, routing, or providing connections, linking, caching, hosting, information location tools, or storage of materials at the request or initiation of a person other than the service provider.

2000, cc. [101](#), [996](#); 2001, c. [763](#); 2004, c. [794](#).

### **§59.1-501.13. Repealed.**

Repealed by Acts 2004, c. [794](#).

#### **§59.1-501.13:1. Opportunity to review.**

(a) A person has an opportunity to review a record or term only if it is made available in a manner that ought to call it to the attention of a reasonable person and permit review.

(b) An electronic agent has an opportunity to review a record or term only if it is made available in a manner that would enable a reasonably configured electronic agent to react to the record or term.

(c) If a record or term is available for review only after a person becomes obligated to pay or begins its performance, the person has an opportunity to review only if he has a right to a return if he rejects the record. However, a right to a return is not required if:

(1) the record proposes a modification of contract or provides particulars of performance under § [59.1-503.5](#); or

(2) the primary performance is other than delivery or acceptance of a copy, the agreement is not a mass-market transaction, and the parties at the time of contracting had reason to know that a record or term would be presented after performance, use, or access to the information began.

(d) The right to a return under this section may arise by law or by agreement.

(e) The effect of this section may be modified by an agreement setting out standards applicable to future transactions between the parties.

2004, c. [794](#).

#### **§59.1-501.14. Repealed.**

Repealed by Acts 2004, c. [794](#).

#### **§59.1-501.14:1. Pretransaction disclosures in Internet-type transactions.**

This section applies to a licensor that makes its computer information available to a licensee by electronic means from its Internet or similar electronic site. In such a case, the licensor affords an opportunity to review the terms of a standard form license, which opportunity satisfies § [59.1-501.13:1](#) with respect to a licensee that acquires the information from that site, if the licensor:

(1) makes the standard terms of the license readily available for review by the licensee before the information is delivered or the licensee becomes obligated to pay, whichever occurs first, by:

(A) displaying prominently and in close proximity to a description of the computer information, or to instructions or steps for acquiring it, the standard terms or a reference to an electronic location from which they can be readily obtained; or

(B) disclosing the availability of the standard terms in a prominent place on the site from which the computer information is offered and promptly furnishing a copy of the standard terms on request before the transfer of the computer information; and

(2) does not take affirmative acts to prevent printing or storage of the standard terms for archival or review purposes by the licensee.

Failure to provide an opportunity to review under this section does not preclude a person from providing a person an opportunity to review by other means pursuant to § [59.1-501.13:1](#) or law other than this chapter.

2004, c. [794](#).

**§59.1-501.15. Variation by agreement; commercial practice.**

(a) The effect of any provision of this chapter, including an allocation of risk or imposition of a burden, may be varied by agreement of the parties.

(b) The following rules are not variable by agreement:

(1) Obligations of good faith, diligence, reasonableness, and care imposed by this chapter may not be disclaimed by agreement, but the parties by agreement may determine the standards by which the performance of the obligation is to be measured if the standards are not manifestly unreasonable;

(2) The limitations on enforceability imposed by unconscionability under § [59.1-501.11](#) and fundamental public policy under § [59.1-501.5](#) (b) may not be varied by agreement; and

(3) Limitations on enforceability of, or agreement to, a contract, term, or right expressly stated in the sections listed in the following subsections may not be varied by agreement except to the extent provided in each section:

(A) the limitations on agreed choice of law in § [59.1-501.9](#) (a);

(B) the limitations on agreed choice of forum in § [59.1-501.10](#);

(C) the requirements for manifesting assent in § [59.1-501.12](#) and opportunity for review in § [59.1-501.13:1](#);

(D) the limitations on enforceability in § [59.1-502.1](#);

(E) the limitations on a mass-market license in § [59.1-502.9](#);

(F) the consumer defense arising from an electronic error in § [59.1-502.14](#);

(G) the requirements for an enforceable term in §§ [59.1-503.3](#) (b), [59.1-503.7](#) (f), [59.1-504.6](#) (b) and (c), and [59.1-508.4](#) (a);

(H) the requirements of § [59.1-503.4](#) (b) (2);

(I) the limitations on a financier in §§ [59.1-505.7](#) through [59.1-505.11](#);

(J) the restrictions on altering the period of limitations in § [59.1-508.5](#) (a) and (b); and

(K) the limitations on self-help repossession in §§ [59.1-508.15](#) (b) and [59.1-508.16](#).

2004, c. [794](#).

**§59.1-501.16. Supplemental principles; good faith; commercial practice.**

(a) Unless displaced by this chapter, principles of law and equity, including the merchant law and the common law of the Commonwealth relative to capacity to contract, principal and agent, estoppel, fraud, misrepresentation, duress, coercion, mistake, and other validating or invalidating cause, supplement this chapter. Among the laws supplementing and not displaced by this chapter are trade secret laws and unfair competition laws, including application of such laws as they may deal with failure to disclose defects.

(b) Every contract or duty within the scope of this chapter imposes an obligation of good faith in its performance or enforcement.

(c) Any usage of trade in the vocation or trade in which the parties are engaged or of which the parties are or should be aware and any course of dealing or course of performance between the parties are relevant to determining the existence or meaning of an agreement.

2004, c. [794](#).

**§59.1-501.17. Decision for court; legal consequences; reasonable time; reason to know.**

(a) Whether a term is conspicuous or is unenforceable under §§ [59.1-501.5](#) (a) or (b), [59.1-501.11](#), or § [59.1-502.9](#) (a) and whether an attribution procedure is commercially reasonable or effective under §§ [59.1-501.8](#), [59.1-502.12](#), or § [59.1-502.13](#) are questions to be determined by the court.

(b) Whether an agreement has legal consequences is determined by this chapter.

(c) Whenever this chapter requires any action to be taken within a reasonable time, what is a reasonable time for taking the action depends on the nature, purpose, and cir-

circumstances of the action. Any time that is not manifestly unreasonable may be fixed by agreement.

(d) A person has reason to know a fact if the person has knowledge of the fact or, from all the facts and circumstances known to the person without investigation, the person should be aware that the fact exists.

2004, c. [794](#).

**§59.1-501.18. Reserved.**

Reserved.

**§59.1-502.1. Formal requirements.**

(a) Except as otherwise provided in this section, a contract requiring payment of a contract fee of \$5,000 or more is not enforceable by way of action or defense unless:

(1) the party against which enforcement is sought authenticated a record sufficient to indicate that a contract has been formed and which reasonably identifies the copy or subject matter to which the contract refers; or

(2) the agreement is a license for an agreed duration of one year or less or which may be terminated at will by the party against which the contract is asserted.

(b) A record is sufficient under subsection (a) even if it omits or incorrectly states a term, but the contract is not enforceable under that subsection beyond the number of copies or subject matter shown in the record.

(c) A contract that does not satisfy the requirements of subsection (a) is nevertheless enforceable under that subsection if:

(1) a performance was tendered or the information was made available by one party and the tender was accepted or the information accessed by the other; or

(2) the party against which enforcement is sought admits in court, by pleading or by testimony or otherwise under oath, facts sufficient to indicate a contract has been made, but the agreement is not enforceable under this paragraph beyond the number of copies or the subject matter admitted.

(d) Between merchants, if, within a reasonable time, a record in confirmation of the contract and sufficient against the sender is received and the party receiving it has reason to know its contents, the record satisfies subsection (a) against the party receiving it unless notice of objection to its contents is given in a record within a reasonable time after the confirming record is received.

(e) An agreement that the requirements of this section need not be satisfied as to future transactions is effective if evidenced in a record authenticated by the person against which enforcement is sought.

(f) A transaction within the scope of this chapter is not subject to a statute of frauds contained in another law of this Commonwealth.

2000, cc. [101](#), [996](#).

### **§59.1-502.2. Formation in general.**

(a) A contract may be formed in any manner sufficient to show agreement, including offer and acceptance or conduct of both parties or operations of electronic agents which recognize the existence of a contract.

(b) If the parties so intend, an agreement sufficient to constitute a contract may be found even if the time of its making is undetermined, one or more terms are left open or to be agreed upon, the records of the parties do not otherwise establish a contract, or one party reserves the right to modify terms.

(c) Even if one or more terms are left open or to be agreed upon, a contract does not fail for indefiniteness if the parties intended to make a contract and there is a reasonably certain basis for giving an appropriate remedy.

(d) In the absence of conduct or performance by both parties to the contrary, a contract is not formed if there is a material disagreement about a material term, including a term concerning scope.

(e) If a term is to be adopted by later agreement and the parties intend not to be bound unless the term is so adopted, a contract is not formed if the parties do not agree to the term. In that case, each party shall deliver to the other party, or with the consent of the other party destroy, all copies of information, access materials, and other materials received or made, and each party is entitled to a return with respect to any contract fee paid for which performance has not been received, has not been accepted, or has been redelivered without any benefit being retained. The parties remain bound by any contractual use term only with respect to information or copies received or made from copies received pursuant to the agreement, but the contractual use term does not apply to information or copies properly received or obtained from another source.

2000, cc. [101](#), [996](#).

### **§59.1-502.3. Offer and acceptance in general.**

Unless otherwise unambiguously indicated by the language or the circumstances:

(1) An offer to make a contract invites acceptance in any manner and by any medium reasonable under the circumstances.

(2) An order or other offer to acquire a copy for prompt or current delivery invites acceptance by either a prompt promise to ship or a prompt or current shipment of a conforming or nonconforming copy. However, a shipment of a nonconforming copy is not an acceptance if the licensor seasonably notifies the licensee that the shipment is offered only as an accommodation to the licensee.

(3) If the beginning of a requested performance is a reasonable mode of acceptance, an offeror that is not notified of acceptance or performance within a reasonable time may treat the offer as having lapsed before acceptance.

(4) If an offer in an electronic message evokes an electronic message accepting the offer, a contract is formed:

(A) when an electronic acceptance is received; or

(B) if the response consists of beginning performance, full performance, or giving access to information, when the performance is received or the access is enabled and necessary access materials are received.

2000, cc. [101](#), [996](#).

#### **§59.1-502.4. Acceptance with varying terms.**

(a) In this section, an acceptance materially alters an offer if it contains a term that materially conflicts with or varies a term of the offer or that adds a material term not contained in the offer.

(b) Except as otherwise provided in § [59.1-502.5](#), a definite and seasonable expression of acceptance operates as an acceptance, even if the acceptance contains terms that vary from the terms of the offer, unless the acceptance materially alters the offer.

(c) If an acceptance materially alters the offer, the following rules apply:

(1) A contract is not formed unless (A) a party agrees, such as by manifesting assent, to the other party's offer or acceptance or (B) all the other circumstances, including the conduct of the parties, establish a contract.

(2) If a contract is formed by the conduct of both parties, the terms of the contract are determined under § [59.1-502.10](#).

(d) If an acceptance varies from but does not materially alter the offer, a contract is formed based on the terms of the offer. In addition, the following rules apply:

(1) Terms in the acceptance which conflict with terms in the offer are not part of the contract.

(2) An additional nonmaterial term in the acceptance is a proposal for an additional term. Between merchants, the proposed additional term becomes part of the contract unless the offeror gives notice of objection before, or within a reasonable time after, it receives the proposed terms.

2000, cc. [101](#), [996](#).

#### **§59.1-502.5. Conditional offer or acceptance.**

(a) In this section, an offer or acceptance is conditional if it is conditioned on agreement by the other party to all the terms of the offer or acceptance.

(b) Except as otherwise provided in subsection (c), a conditional offer or acceptance precludes formation of a contract unless the other party agrees to its terms, such as by manifesting assent.

(c) If an offer and acceptance are in standard forms and at least one form is conditional, the following rules apply:

(1) Conditional language in a standard term precludes formation of a contract only if the actions of the party proposing the form are consistent with the conditional language, such as by refusing to perform, refusing to permit performance, or refusing to accept the benefits of the agreement, until its proposed terms are accepted.

(2) A party that agrees, such as by manifesting assent, to a conditional offer that is effective under paragraph (1) adopts the terms of the offer under § [59.1-502.8](#) or § [59.1-502.9](#), except a term that conflicts with an expressly agreed term regarding price or quantity.

2000, cc. [101](#), [996](#).

#### **§59.1-502.6. Offer and acceptance; electronic agents.**

(a) A contract may be formed by the interaction of electronic agents. If the interaction results in the electronic agents' engaging in operations that under the circumstances indicate acceptance of an offer, a contract is formed, but a court may grant appropriate relief if the operations resulted from fraud, electronic mistake, or the like.

(b) A contract may be formed by the interaction of an electronic agent and an individual acting on the individual's own behalf or for another person. A contract is formed if the

individual takes an action or makes a statement that the individual can refuse to take or say and that the individual has reason to know will:

- (1) cause the electronic agent to perform, provide benefits, or allow the use or access that is the subject of the contract, or send instructions to do so; or
  - (2) indicate acceptance, regardless of other expressions or actions by the individual to which the individual has reason to know the electronic agent cannot react.
- (c) The terms of a contract formed under subsection (b) are determined under § [59.1-502.8](#) or § [59.1-502.9](#) but do not include a term provided by the individual if the individual had reason to know that the electronic agent could not react to the term.

2000, cc. [101](#), [996](#).

#### **§59.1-502.7. Formation; releases of informational rights.**

(a) A release is effective without consideration if it is:

- (1) in a record to which the releasing party agrees, such as by manifesting assent, and which identifies the informational rights released; or
- (2) enforceable under estoppel, implied license, or other law.

(b) A release continues for the duration of the informational rights released if the release does not specify its duration and does not require affirmative performance after the grant of the release by:

- (1) the party granting the release; or
- (2) the party receiving the release, except for relatively insignificant acts.

2000, cc. [101](#), [996](#); 2004, c. [794](#).

#### **§59.1-502.8. Adopting terms of records.**

Except as otherwise provided in § [59.1-502.9](#), the following rules apply:

(1) A party adopts the terms of a record, including a standard form, as the terms of the contract if the party agrees to the record, such as by manifesting assent.

(2) The terms of a record may be adopted pursuant to paragraph (1) after beginning performance or use if the parties had reason to know that their agreement would be represented in whole or part by a later record to be agreed on and there would not be an opportunity to review the record or a copy of it before performance or use begins. If the parties fail to agree to the later terms and did not intend to form a contract unless they so agreed, § [59.1-502.2](#) (e) applies.

(3) If a party adopts the terms of a record, the terms become part of the contract without regard to the party's knowledge or understanding of individual terms in the record, except for a term that is unenforceable because it fails to satisfy another requirement of this chapter.

2000, cc. [101](#), [996](#).

**§59.1-502.9. Mass-market license.**

(a) A party adopts the terms of a mass-market license for purposes of § [59.1-502.8](#) only if the party agrees to the license, such as by manifesting assent, before or during the party's initial performance or use of or access to the information. A term is not part of the license if:

(1) the term is unconscionable or is unenforceable under § [59.1-501.5](#) (a) or (b);

(2) subject to § [59.1-503.1](#), the term conflicts with a term to which the parties to the license have expressly agreed;

(3) under § [59.1-501.13:1](#), the licensee does not have an opportunity to review the term before agreeing to it; or

(4) the term is not available for viewing before and after assent:

(A) in a printed license; or

(B) in electronic form that (i) can be printed or stored for archival and review purposes by the licensee or (ii) is made available by a licensor to a licensee, at no cost to the licensee, in a printed form on the request of a licensee who is unable to print or store the license for archival and review purposes.

(b) If a mass-market license or a copy of the license is not available in a manner permitting an opportunity to review by the licensee before the licensee becomes obligated to pay and the licensee does not agree, such as by manifesting assent, to the license after having an opportunity to review, the licensee is entitled to a return under § [59.1-501.12](#) or § [59.1-501.13:1](#) and, in addition, to:

(1) reimbursement of any reasonable expenses incurred in complying with the licensor's instructions for returning or destroying the computer information or, in the absence of instructions, expenses incurred for return postage or similar reasonable expense in returning the computer information; and

(2) compensation for any reasonable and foreseeable costs of restoring the licensee's information processing system to reverse changes in the system caused by the installation, if:

(A) the installation occurs because information must be installed to enable review of the license; and

(B) the installation alters the system or information in it but does not restore the system or information after removal of the installed information because the licensee rejected the license.

(c) In a mass-market transaction, if the licensor does not have an opportunity to review a record containing proposed terms from the licensee before the licensor delivers or becomes obligated to deliver the information, and if the licensor does not agree, such as by manifesting assent, to those terms after having that opportunity, the licensor is entitled to a return.

2000, cc. [101](#), [996](#); 2001, c. [763](#); 2004, c. [794](#).

#### **§59.1-502.10. Terms of contract formed by conduct.**

(a) Except as otherwise provided in subsection (b) and subject to § [59.1-503.1](#), if a contract is formed by conduct of the parties, the terms of the contract are determined by consideration of the terms and conditions to which the parties expressly agreed, course of performance, course of dealing, usage of trade, the nature of the parties' conduct, the records exchanged, the information or informational rights involved, and all other relevant circumstances. If a court cannot determine the terms of the contract from the foregoing factors, the supplementary principles of this chapter apply.

(b) This section does not apply if the parties authenticate a record of the contract or a party agrees, such as by manifesting assent, to the record containing the terms of the other party.

2000, cc. [101](#), [996](#).

#### **§59.1-502.11. Repealed.**

Repealed by Acts 2004, c. [794](#).

#### **§59.1-502.12. Efficacy and commercial reasonableness of attribution procedure.**

The efficacy, including the commercial reasonableness, of an attribution procedure is determined by the court. In making this determination, the following rules apply:

(1) An attribution procedure established by law is effective for transactions within the coverage of the statute, administrative rule, or regulation.

(2) Except as otherwise provided in paragraph (1), commercial reasonableness and effectiveness is determined in light of the purposes of the procedure and the commercial circumstances at the time the parties agreed to or adopted the procedure.

(3) An attribution procedure may use any security device or method that is commercially reasonable under the circumstances.

2000, cc. [101](#), [996](#); 2001, cc. [762](#), [763](#).

#### **§59.1-502.13. Determining attribution.**

(a) An electronic authentication, display, message, record, or performance is attributed to a person if it was the act of the person or its electronic agent, or if the person is bound by it under agency or other law. The party relying on attribution of an electronic authentication, display, message, record, or performance to another person has the burden of establishing attribution.

(b) The act of a person may be shown in any manner, including a showing of the efficacy of an attribution procedure that was agreed to or adopted by the parties or established by law.

(c) The effect of an electronic act attributed to a person under subsection (a) is determined from the context at the time of its creation, execution, or adoption, including the parties' agreement, if any, or otherwise as provided by law.

(d) If an attribution procedure exists to detect errors or changes in an electronic authentication, display, message, record, or performance, and was agreed to or adopted by the parties or established by law, and one party conformed to the procedure but the other party did not, and the nonconforming party would have detected the change or error had that party also conformed, the effect of noncompliance is determined by the agreement but, in the absence of agreement, the conforming party may avoid the effect of the error or change.

2000, cc. [101](#), [996](#).

#### **§59.1-502.14. Electronic error; consumer defenses.**

(a) In this section, "electronic error" means an error in an electronic message created by a consumer using an information processing system if a reasonable method to detect and correct or avoid the error was not provided.

(b) In an automated transaction, a consumer is not bound by an electronic message that the consumer did not intend and which was caused by an electronic error, if the consumer:

(1) promptly on learning of the error:

(A) notifies the other party of the error; and

(B) causes delivery to the other party or, pursuant to reasonable instructions received from the other party, delivers to another person or destroys all copies of the information; and

(2) has not used, or received any benefit or value from, the information or caused the information or benefit to be made available to a third party.

(c) If subsection (b) does not apply, the effect of an electronic error is determined by other law.

2000, cc. [101](#), [996](#).

**§59.1-502.15. Electronic message; when effective; effect of acknowledgment.**

(a) Receipt of an electronic message is effective when properly addressed and received.

(b) Receipt of an electronic acknowledgment of an electronic message establishes that the message was received but by itself does not establish that the content sent corresponds to the content received.

2000, cc. [101](#), [996](#).

**§59.1-502.16. Idea or information submission.**

(a) The following rules apply to a submission of an idea or information for the creation, development, or enhancement of computer information which is not made pursuant to an existing agreement requiring the submission:

(1) A contract is not formed and is not implied from the mere receipt of an unsolicited submission.

(2) Engaging in a business, trade, or industry that by custom or practice regularly acquires ideas is not in itself an express or implied solicitation of the information.

(3) If the recipient seasonably notifies the person making the submission that the recipient maintains a procedure to receive and review submissions, a contract is formed only if:

(A) the submission is made and accepted pursuant to that procedure; or

(B) the recipient expressly agrees to terms concerning the submission.

(b) An agreement to disclose an idea creates a contract enforceable against the receiving party only if the idea as disclosed is confidential, concrete, and novel to the business, trade, or industry or the party receiving the disclosure otherwise expressly agreed.

2000, cc. [101](#), [996](#).

**§59.1-502.17. Reserved.**

Reserved.

**§59.1-503.1. Parol or extrinsic evidence.**

Terms with respect to which confirmatory records of the parties agree or which are otherwise set forth in a record intended by the parties as a final expression of their agreement with respect to terms included therein may not be contradicted by evidence of any previous agreement or of a contemporaneous oral agreement but may be explained or supplemented by:

- (1) course of performance, course of dealing, or usage of trade; and
- (2) evidence of consistent additional terms, unless the court finds the record to have been intended as a complete and exclusive statement of the terms of the agreement.

2000, cc. [101](#), [996](#).

**§59.1-503.2. Practical construction.**

(a) The express terms of an agreement and any course of performance, course of dealing, or usage of trade must be construed whenever reasonable as consistent with each other. However, if that construction is unreasonable:

- (1) express terms prevail over course of performance, course of dealing, and usage of trade;
- (2) course of performance prevails over course of dealing and usage of trade; and
- (3) course of dealing prevails over usage of trade.

(b) An applicable usage of trade in the place where any part of performance is to occur must be used in interpreting the agreement as to that part of the performance.

(c) Evidence of a relevant course of performance, course of dealing, or usage of trade offered by one party in a proceeding is not admissible unless and until the party offering the evidence has given the other party notice that the court finds sufficient to prevent unfair surprise.

(d) The existence and scope of a usage of trade must be proved as facts.

2000, cc. [101](#), [996](#).

### **§59.1-503.3. Modification and rescission.**

(a) An agreement modifying a contract subject to this chapter needs no consideration to be binding.

(b) An authenticated record that precludes modification or rescission except by an authenticated record may not otherwise be modified or rescinded. In a standard form supplied by a merchant to a consumer, a term requiring an authenticated record for modification of the contract is not enforceable unless the consumer manifests assent to the term.

(c) A modification of a contract and the contract as modified must satisfy the requirements of §§ [59.1-502.1](#) (a) and [59.1-503.7](#) (f) if the contract as modified is within those provisions.

(d) An attempt at modification or rescission which does not satisfy subsection (b) or (c) may operate as a waiver if § [59.1-507.2](#) is satisfied.

2000, cc. [101](#), [996](#).

### **§59.1-503.4. Continuing contractual terms.**

(a) Terms of an agreement involving successive performances apply to all performances, even if the terms are not displayed or otherwise brought to the attention of a party with respect to each successive performance, unless the terms are modified in accordance with this chapter or the contract.

(b) If a contract provides that terms may be changed as to future performances by compliance with a described procedure, a change proposed in good faith pursuant to that procedure becomes part of the contract if the procedure:

(1) reasonably notifies the other party of the change; and

(2) in a mass-market transaction, permits the other party to terminate the contract as to future performance if the change alters a material term and the party in good faith determines that the modification is unacceptable.

(c) The parties by agreement may determine the standards for reasonable notice unless the agreed standards are manifestly unreasonable in light of the commercial circumstances.

(d) The enforceability of changes made pursuant to a procedure that does not comply with subsection (b) is determined by the other provisions of this chapter or other law.

2000, cc. [101](#), [996](#).

**§59.1-503.5. Terms to be specified.**

An agreement that is otherwise sufficiently definite to be a contract is not invalid because it leaves particulars of performance to be specified by one of the parties. If particulars of performance are to be specified by a party, the following rules apply:

(1) Specification must be made in good faith and within limits set by commercial reasonableness.

(2) If a specification materially affects the other party's performance but is not seasonably made, the other party:

(A) is excused for any resulting delay in its performance; and

(B) may perform, suspend performance, or treat the failure to specify as a breach of contract.

2000, cc. [101](#), [996](#).

**§59.1-503.6. Performance under open terms.**

A performance obligation of a party that cannot be determined from the agreement or from other provisions of this chapter requires the party to perform in a manner and in a time that is reasonable in light of the commercial circumstances existing at the time of agreement.

2000, cc. [101](#), [996](#).

**§59.1-503.7. Interpretation and requirements for grant.**

(a) A license grants:

(1) the contractual rights that are expressly described; and

(2) a contractual right to use any informational rights within the licensor's control at the time of contracting which are necessary in the ordinary course to exercise the expressly described rights.

(b) If a license expressly limits use of the information or informational rights, use in any other manner is a breach of contract. In all other cases, a license contains an implied limitation that the licensee will not use the information or informational rights otherwise than as described in subsection (a). However, use inconsistent with this implied limitation is

not a breach if it is permitted under applicable law in the absence of the implied limitation.

(c) A party is not entitled to any rights in new versions of, or improvements or modifications to, information made by the other party. A licensor's agreement to provide new versions, improvements, or modifications requires that the licensor provide them as developed and made generally commercially available from time to time by the licensor.

(d) Neither party is entitled to receive copies of source code, schematics, master copy, design material, or other information used by the other party in creating, developing, or implementing the information.

(e) Terms concerning scope must be construed under ordinary principles of contract interpretation in light of the informational rights and the commercial context. In addition, the following rules apply:

(1) A grant of "all possible rights and for all media" or "all rights and for all media now known or later developed," or a grant in similar terms, includes all rights then existing or later created by law and all uses, media, and methods of distribution or exhibition, whether then existing or developed in the future and whether or not anticipated at the time of the grant.

(2) A grant of an "exclusive license," or a grant in similar terms, means that:

(A) for the duration of the license, the licensor will not exercise, and will not grant to any other person, rights in the same information or informational rights within the scope of the exclusive grant; and

(B) the licensor affirms that it has not previously granted those rights in a contract in effect when the licensee's rights may be exercised.

(f) The rules in this section may be varied only by a record that is sufficient to indicate that a contract has been made and that is:

(1) authenticated by the party against whom enforcement is sought; or

(2) prepared and delivered by one party and adopted by the other under § [59.1-502.8](#) or § [59.1-502.9](#).

2000, cc. [101](#), [996](#); 2004, c. [794](#).

**§59.1-503.8. Repealed.**

Repealed by Acts 2004, c. [794](#).

**§59.1-503.9. Agreement for performance to party's satisfaction.**

(a) Except as otherwise provided in subsection (b), an agreement that provides that the performance of one party is to be to the satisfaction or approval of the other party requires performance sufficient to satisfy a reasonable person in the position of the party that must be satisfied.

(b) Performance must be to the subjective satisfaction of the other party if:

(1) the agreement expressly so provides, such as by stating that approval is in the "sole discretion" of the party, or words of similar import; or

(2) the agreement is for informational content to be evaluated in reference to subjective characteristics such as aesthetics, appeal, suitability to taste, or subjective quality.

2000, cc. [101](#), [996](#).

**§59.1-503.10. Licenses to nonprofit libraries, archives or educational institutions.**

(a) To the extent that the conduct is not otherwise unlawful or restricted under the Copyright Act, 17 U.S.C. § 101 et seq., or other law, in a standard form contract for the use of a tangible copy of informational content to a licensee that is a nonprofit library or archive or a nonprofit educational institution, the licensee may, without any purpose of direct or indirect commercial advantage:

(1) make the tangible copy available to library or archive users, including but not limited to reserving the copy for a course and lending that copy to users in accordance with ordinary practices of nonprofit libraries or archives;

(2) make a copy of the tangible copy for archival or preservation purposes;

(3) engage in inter-library lending of tangible copies of the copy; and

(4) make classroom and instructional use of the tangible copy.

(b) The provisions of subsection (a) may be varied by a term in a standard form contract only if:

(1) the term varying the provision is conspicuous;

(2) the nonprofit library, archive or educational institution specifically manifests assent to the term pursuant to subsection (c) of § [59.1-501.12](#); and

(3) where the term is not made available to the nonprofit library, archive or educational institution before it orders the tangible copy of the computer information:

(i) the nonprofit library, archive or educational institution knew or had reason to know that terms would follow when it ordered the copy; and

(ii) the nonprofit library, archive or educational institution is given the right to return the copy in the event that it refuses the contract and the right to be reimbursed for any reasonable expenses incurred in complying with the licensor's instructions for returning or destroying the computer information, or in the absence of such instructions, the reimbursement of expenses incurred for return postage or similar reasonable expense in returning the computer information.

(c) Nothing in this section shall be construed to:

(1) alter the burden of proof in an infringement, contract or other action;

(2) authorize making the informational content available on a computer network server or other system for simultaneous access and use by multiple users; or

(3) limit any defense that a term of a contract violates a fundamental public policy pursuant to § [59.1-501.5](#) including any such policy under the federal copyright law.

(d) For purposes of this section, the terms "nonprofit library, archive or educational institution" have the same meaning as used in sections 108, 109 and 110 of the Copyright Act, 17 U.S.C. §§ 108, 109, and 110.

2001, c. [763](#).

**§59.1-503.11. Reserved.**

Reserved.

**§59.1-504.1. Warranty and obligations concerning noninterference and non-infringement.**

(a) A licensor of information that is a merchant regularly dealing in information of the kind warrants that the information will be delivered free of the rightful claim of any third person by way of infringement or misappropriation, but a licensee that furnishes detailed specifications to the licensor and the method required for meeting the specifications holds the licensor harmless against any such claim that arises out of compliance with either the required specification or the required method except for a claim that results from the failure of the licensor to adopt, or notify the licensee of, a noninfringing alternative of which the licensor had reason to know.

(b) A licensor warrants:

(1) for the duration of the license, that no person holds a rightful claim to, or interest in, the information which arose from an act or omission of the licensor, other than a claim by way of infringement or misappropriation, which will interfere with the licensee's enjoyment of its interest; and

(2) as to rights granted exclusively to the licensee, that within the scope of the license:

(A) to the knowledge of the licensor, any licensed patent rights are valid and exclusive to the extent exclusivity and validity are recognized by the law under which the patent rights were created; and

(B) in all other cases, the licensed informational rights are valid and exclusive for the information as a whole to the extent exclusivity and validity are recognized by the law applicable to the licensed rights in a jurisdiction to which the license applies.

(c) The warranties in this section are subject to the following rules:

(1) If the licensed informational rights are subject to a right of privileged use, collective administration, or compulsory licensing, the warranty is not made with respect to those rights.

(2) The obligations under subsections (a) and (b) (2) apply solely to informational rights arising under the laws of the United States or a state, unless the contract expressly provides that the warranty obligations extend to rights under the laws of other countries. Language is sufficient for this purpose if it states, "The licensor warrants exclusivity, non-infringement, in specified countries, worldwide," or words of similar import. In that case, the warranty extends to the specified country or, in the case of a reference to "worldwide" or the like, to all countries within the description, but only to the extent the rights are recognized under a treaty or international convention to which the country and the United States are signatories.

(3) The warranties under subsections (a) and (b) (2) are not made by a license that merely permits use, or covenants not to claim infringement because of the use, of rights under a licensed patent.

(d) Except as otherwise provided in subsection (e), a warranty under this section may be disclaimed or modified only by specific language or by circumstances that give the licensee reason to know that the licensor does not warrant that competing claims do not exist or that the licensor purports to grant only the rights it may have. An obligation to hold harmless under subsection (a) may be disclaimed or modified only by specific language or by circumstances giving the licensor reason to know that the licensee does not

provide a hold-harmless obligation to the licensor. In an automated transaction, language is sufficient if it is conspicuous. Otherwise, language in a record is sufficient if it states:

(1) as to the licensor's obligation, "There is no warranty against interference with your enjoyment of the information or against infringement," or words of similar import; or

(2) as to the licensee's obligation, "There is no obligation to hold you harmless from any actions taken in compliance with the specifications or methods furnished to me under this contract," or words of similar import.

(e) Between merchants, a grant of a "quitclaim," or a grant in similar terms, grants the information or informational rights without an implied warranty as to infringement or misappropriation or as to the rights actually possessed or transferred by the licensor.

2000, cc. [101](#), [996](#); 2004, c. [794](#).

#### **§59.1-504.2. Express warranty.**

(a) Subject to subsection (c), an express warranty by a licensor is created as follows:

(1) An affirmation of fact or promise made by the licensor to its licensee, including by advertising, which relates to the information and becomes part of the basis of the bargain creates an express warranty that the information to be furnished under the agreement will conform to the affirmation or promise.

(2) Any description of the information which is made part of the basis of the bargain creates an express warranty that the information will conform to the description.

(3) Any sample, model, or demonstration of a final product which is made part of the basis of the bargain creates an express warranty that the performance of the information will reasonably conform to the performance of the sample, model, or demonstration, taking into account differences that would appear to a reasonable person in the position of the licensee between the sample, model, or demonstration and the information as it will be used.

(b) It is not necessary to the creation of an express warranty that the licensor use formal words, such as "warranty" or "guaranty", or state a specific intention to make a warranty. However, an express warranty is not created by:

(1) an affirmation or prediction merely of the value of the information or informational rights;

(2) a display or description of a portion of the information to illustrate the aesthetics, appeal, suitability to taste, subjective quality, or the like of informational content; or  
(3) a statement purporting to be merely opinion or commendation of the information or informational rights.

(c) An express warranty or similar express contractual obligation, if any, exists with respect to published informational content covered by this chapter to the same extent that it would exist if the published informational content had been published in a form that placed it outside this chapter. However, if the warranty or similar express contractual obligation is breached, the remedies of the aggrieved party are those under this chapter and the agreement.

2000, cc. [101](#), [996](#).

#### **§59.1-504.3. Implied warranty; merchantability of computer program.**

(a) Unless the warranty is disclaimed or modified, a licensor that is a merchant with respect to computer programs of the kind warrants:

(1) to the end user that the computer program is fit for the ordinary purposes for which such computer programs are used;

(2) to the distributor that:

(A) the program is adequately packaged and labeled as the agreement requires; and

(B) in the case of multiple copies, the copies are within the variations permitted by the agreement, of even kind, quality, and quantity within each unit and among all units involved; and

(3) that the program conforms to any promises or affirmations of fact made on the container or label.

(b) Unless disclaimed or modified, other implied warranties with respect to computer programs may arise from course of dealing or usage of trade.

(c) No warranty is created under this section with respect to informational content, but an implied warranty may arise under § [59.1-504.4](#).

2000, cc. [101](#), [996](#).

#### **§59.1-504.4. Implied warranty; informational content.**

(a) Unless the warranty is disclaimed or modified, a merchant that, in a special relationship of reliance with a licensee, collects, compiles, processes, provides, or transmits

informational content warrants to that licensee that there is no inaccuracy in the informational content caused by the merchant's failure to perform with reasonable care.

(b) A warranty does not arise under subsection (a) with respect to:

(1) subjective characteristics of the informational content, such as the aesthetics, appeal, and suitability to taste;

(2) published informational content; or

(3) a person that acts as a conduit or provides no more than editorial services in collecting, compiling, distributing, processing, providing, or transmitting informational content that under the circumstances can be identified as that of a third person.

(c) The warranty under this section is not subject to the preclusion in § [59.1-501.15](#) (b)

(1) on disclaiming obligations of diligence, reasonableness, or care.

2000, cc. [101](#), [996](#); 2004, c. [794](#).

**§59.1-504.5. Implied warranty; licensee's purpose; system integration.**

(a) Unless the warranty is disclaimed or modified, if a licensor at the time of contracting has reason to know any particular purpose for which the computer information is required and that the licensee is relying on the licensor's skill or judgment to select, develop, or furnish suitable information, the following rules apply:

(1) Except as otherwise provided in paragraph (2), there is an implied warranty that the information is fit for that purpose.

(2) If from all the circumstances it appears that the licensor was to be paid for the amount of its time or effort regardless of the fitness of the resulting information, the warranty under paragraph (1) is that the information will not fail to achieve the licensee's particular purpose as a result of the licensor's lack of reasonable effort.

(b) There is no warranty under subsection (a) with regard to:

(1) the aesthetics, appeal, suitability to taste, or subjective quality of informational content; or

(2) published informational content, but there may be a warranty with regard to the licensor's selection among published informational content from different providers if the selection is made by an individual acting as or on behalf of the licensor.

(c) If an agreement requires a licensor to provide or select a system consisting of computer programs and goods, and the licensor has reason to know that the licensee is

relying on the skill or judgment of the licensor to select the components of the system, there is an implied warranty that the components provided or selected will function together as a system.

(d) The warranty under this section is not subject to the preclusion in § [59.1-501.15](#) (b) (1) on disclaiming diligence, reasonableness, or care.

2000, cc. [101](#), [996](#); 2004, c. [794](#).

#### **§59.1-504.6. Disclaimer or modification of warranty.**

(a) Words or conduct relevant to the creation of an express warranty and words or conduct tending to disclaim or modify an express warranty must be construed wherever reasonable as consistent with each other. Subject to § [59.1-503.1](#) with regard to parol or extrinsic evidence, the disclaimer or modification is inoperative to the extent that such construction is unreasonable.

(b) Except as otherwise provided in subsections (c), (d), and (e), to disclaim or modify an implied warranty or any part of it, but not the warranty in § [59.1-504.1](#), the following rules apply:

(1) Except as otherwise provided in this subsection:

(A) To disclaim or modify the implied warranty arising under § [59.1-504.3](#), language must mention "merchantability" or "quality" or use words of similar import and, if in a record, must be conspicuous.

(B) To disclaim or modify the implied warranty arising under § [59.1-504.4](#), language in a record must mention "accuracy" or use words of similar import.

(2) Language to disclaim or modify the implied warranty arising under § [59.1-504.5](#) must be in a record and be conspicuous. It is sufficient to state, "There is no warranty that this information, our efforts, or the system will fulfill any of your particular purposes or needs," or words of similar import.

(3) Language in a record is sufficient to disclaim all implied warranties if it individually disclaims each implied warranty or, except for the warranty in § [59.1-504.1](#), if it is conspicuous and states, "Except for express warranties stated in this contract, if any, this information, computer program is provided with all faults, and the entire risk as to satisfactory quality, performance, accuracy, and effort is with the user," or words of similar import.

(4) A disclaimer or modification sufficient under Title 8.2 or 8.2A to disclaim or modify an implied warranty of merchantability is sufficient to disclaim or modify the warranties under §§ [59.1-504.3](#) and [59.1-504.4](#). A disclaimer or modification sufficient under Title 8.2 or 8.2A to disclaim or modify an implied warranty of fitness for a particular purpose is sufficient to disclaim or modify the warranties under § [59.1-504.5](#).

(c) Unless the circumstances indicate otherwise, all implied warranties, but not the warranty under § [59.1-504.1](#), are disclaimed by expressions like "as is" or "with all faults" or other language that in common understanding calls the licensee's attention to the disclaimer of warranties and makes plain that there are no implied warranties.

(d) If a licensee before entering into a contract has examined the information or the sample or model as fully as he desired or has refused to examine the information, there is no implied warranty with regard to defects that an examination ought in the circumstances to have revealed to the licensee.

(e) An implied warranty may also be disclaimed or modified by course of performance, course of dealing, or usage of trade.

(f) If a contract requires ongoing performance or a series of performances by the licensor, language of disclaimer or modification which complies with this section is effective with respect to all performances under the contract.

(g) Remedies for breach of warranty may be limited in accordance with this chapter with respect to liquidation or limitation of damages and contractual modification of remedy.

2000, cc. [101](#), [996](#).

#### **§59.1-504.7. Modification of computer program.**

A licensee that modifies a computer program, other than by using a capability of the program intended for that purpose in the ordinary course, does not invalidate any warranty regarding performance of an unmodified copy but does invalidate any warranties, express or implied, regarding performance of the modified copy. A modification occurs if a licensee alters code in, deletes code from, or adds code to the computer program.

2000, cc. [101](#), [996](#).

#### **§59.1-504.8. Cumulation and conflict of warranties.**

Warranties, whether express or implied, must be construed as consistent with each other and as cumulative, but if that construction is unreasonable, the intention of the parties

determines which warranty is dominant. In ascertaining that intention, the following rules apply:

- (1) Exact or technical specifications displace an inconsistent sample or model or general language of description.
- (2) A sample displaces inconsistent general language of description.
- (3) Express warranties displace inconsistent implied warranties other than an implied warranty under § [59.1-504.5](#) (a).

2000, cc. [101](#), [996](#).

**§59.1-504.9. Third-party beneficiaries of warranty.**

(a) Except for published informational content, a warranty to a licensee extends to persons for whose benefit the licensor intends to supply the information or informational rights and which rightfully use the information in a transaction or application of a kind in which the licensor intends the information to be used.

(b) A warranty to a consumer extends to each individual consumer in the licensee's immediate family or household if the individual's use would have been reasonably expected by the licensor.

(c) A contractual term that excludes or limits the persons to which a warranty extends is effective except as to individuals described in subsection (b).

(d) A disclaimer or modification of a warranty or remedy which is effective against the licensee is also effective against third persons to which a warranty extends under this section.

2000, cc. [101](#), [996](#).

**§59.1-504.10. No implied warranties for free software.**

(a) In this section, "free software" means a computer program with respect to which the licensor does not intend to make a profit from the distribution of the copy of the program and does not act generally for commercial gain derived from controlling use of the program or making, modifying, or redistributing copies of the program.

(b) The warranties under §§ [59.1-504.1](#) and [59.1-504.3](#) do not apply to free software.

2004, c. [794](#).

**§59.1-504.11. Reserved.**

Reserved.

**§59.1-505.1. Ownership of informational rights.**

(a) If an agreement provides for conveyance of ownership of informational rights in a computer program, ownership passes at the time and place specified by the agreement but does not pass until the program is in existence and identified to the contract. If the agreement does not specify a different time, ownership passes when the program and the informational rights are in existence and identified to the contract.

(b) Transfer of a copy does not transfer ownership of informational rights.

2000, cc. [101](#), [996](#).

**§59.1-505.2. Title to copy.**

(a) In a license:

(1) title to a copy is determined by the license;

(2) a licensee's right under the license to possession or control of a copy is governed by the license and does not depend solely on title to the copy; and

(3) if a licensor reserves title to a copy, the licensor retains title to that copy and any copies made of it, unless the license grants the licensee a right to make and sell copies to others, in which case the reservation of title applies only to copies delivered to the licensee by the licensor.

(b) If an agreement provides for transfer of title to a copy, title passes:

(1) at the time and place specified in the agreement; or

(2) if the agreement does not specify a time and place:

(A) with respect to delivery of a copy on a tangible medium, at the time and place the licensor completed its obligations with respect to tender of the copy; or

(B) with respect to electronic delivery of a copy, if a first sale occurs under federal copyright law, at the time and place at which the licensor completed its obligations with respect to tender of the copy.

(c) If the party to which title passes under the contract refuses delivery of the copy or rejects the terms of the agreement, title reverts in the licensor.

2000, cc. [101](#), [996](#).

**§59.1-505.3. Transfer of contractual interest.**

The following rules apply to a transfer of a contractual interest:

(1) A party's contractual interest may be transferred unless the transfer:

(A) is prohibited by other law; or

(B) except as otherwise provided in paragraph (3), would materially change the duty of the other party, materially increase the burden or risk imposed on the other party, or materially impair the other party's property or its likelihood or expectation of obtaining return performance.

(2) Except as otherwise provided in paragraph (3) and § [59.1-505.8](#) (a) (1) (B), a term prohibiting transfer of a party's contractual interest is enforceable, and a transfer made in violation of that term is a breach of contract and is ineffective to create contractual rights in the transferee against the nontransferring party, except to the extent that:

(A) the contract is a license for incorporation or use of the licensed information or informational rights with information or informational rights from other sources in a combined work for public distribution or public performance and the transfer is of the completed, combined work;

(B) the transfer is of a right to payment arising out of the transferor's due performance of less than its entire obligation and the transfer would be enforceable under paragraph (1) in the absence of the term prohibiting transfer; or

(C) the term is in a mass-market license, the transfer is made along with a computer, and the transfer is a gift or a donation (i) to a public elementary or secondary school, (ii) to a public library, (iii) to an organization exempt from taxation under § 501(c) (3) of the Internal Revenue Code, or (iv) from a consumer to another consumer.

(D) [Repealed.]

(3) A right to damages for breach of the whole contract or a right to payment arising out of the transferor's due performance of its entire obligation may be transferred notwithstanding an agreement otherwise.

(4) A term that prohibits transfer of a contractual interest under a mass-market license by the licensee must be conspicuous.

2000, cc. [101](#), [996](#); 2001, cc. [762](#), [763](#); 2002, c. [403](#).

#### **§59.1-505.4. Effect of transfer of contractual interest.**

(a) A transfer of "the contract" or of "all my rights under the contract," or a transfer in similar general terms, is a transfer of all contractual interests under the contract. Whether the transfer is effective is determined by §§ [59.1-505.3](#) and [59.1-505.8](#) (a) (1) (B).

(b) The following rules apply to a transfer of a party's contractual interests:

- (1) The transferee is subject to all contractual use terms.
  - (2) Unless the language or circumstances otherwise indicate, as in a transfer as security, the transfer delegates the duties of the transferor and transfers its rights.
  - (3) Acceptance of the transfer is a promise by the transferee to perform the delegated duties. The promise is enforceable by the transferor and any other party to the original contract.
  - (4) The transfer does not relieve the transferor of any duty to perform, or of liability for breach of contract, unless the other party to the original contract agrees that the transfer has that effect.
- (c) A party to the original contract, other than the transferor, may treat a transfer that conveys a right or duty of performance without its consent as creating reasonable grounds for insecurity and, without prejudice to the party's rights against the transferor, may demand assurances from the transferee under § [59.1-507.8](#).

2000, cc. [101](#), [996](#).

**§59.1-505.5. Performance by delegate; subcontract.**

(a) A party may perform its contractual duties or exercise its contractual rights through a delegate or a subcontract unless:

- (1) the contract prohibits delegation or subcontracting; or
  - (2) the other party has a substantial interest in having the original promisor perform or control the performance.
- (b) Delegating or subcontracting performance does not relieve the delegating party of a duty to perform or of liability for breach.

(c) An attempted delegation that violates a term prohibiting delegation is not effective.

2000, cc. [101](#), [996](#).

**§59.1-505.6. Transfer by licensee.**

(a) If all or any part of a licensee's interest in a license is transferred, voluntarily or involuntarily, the transferee does not acquire an interest in information, copies, or the contractual or informational rights of the licensee unless the transfer is effective under § [59.1-505.3](#) or § [59.1-505.8](#) (a) (1) (B). If the transfer is effective, the transferee takes subject to the terms of the license.

(b) Except as otherwise provided under trade secret law, a transferee acquires no more than the contractual interest or other rights that the transferor was authorized to transfer.

2000, cc. [101](#), [996](#).

**§59.1-505.7. Financing if financier does not become licensee.**

If a financier does not become a licensee in connection with its financial accommodation contract, the following rules apply:

(1) The financier does not receive the benefits or burdens of the license.

(2) The licensee's rights and obligations with respect to the information and informational rights are governed by:

(A) the license;

(B) any rights of the licensor under other law; and

(C) to the extent not inconsistent with subparagraphs (A) and (B), any financial accommodation contract between the financier and the licensee, which may add additional conditions to the licensee's right to use the licensed information or informational rights.

2000, cc. [101](#), [996](#).

**§59.1-505.8. Finance licenses.**

(a) If a financier becomes a licensee in connection with its financial accommodation contract and then transfers its contractual interest under the license, or sublicenses the licensed computer information or informational rights, to a licensee receiving the financial accommodation, the following rules apply:

(1) The transfer or sublicense to the accommodated licensee is not effective unless:

(A) the transfer or sublicense is effective under § [59.1-505.3](#); or

(B) the following conditions are fulfilled:

(i) before the licensor delivered the information or granted the license to the financier, the licensor received notice in a record from the financier giving the name and location of the accommodated licensee and clearly indicating that the license was being obtained in order to transfer the contractual interest or sublicense the licensed information or informational rights to the accommodated licensee;

(ii) the financier became a licensee solely to make the financial accommodation; and

(iii) the accommodated licensee adopts the terms of the license, which terms may be supplemented by the financial accommodation contract, to the extent the terms of the financial accommodation contract are not inconsistent with the license and any rights of the licensor under other law.

(2) A financier that makes a transfer that is effective under paragraph (1) (B) may make only the single transfer or sublicense contemplated by the notice unless the licensor consents to a later transfer.

(b) If a financier makes an effective transfer of its contractual interest in a license, or an effective sublicense of the licensed information or informational rights, to an accommodated licensee, the following rules apply:

(1) The accommodated licensee's rights and obligations are governed by:

(A) the license;

(B) any rights of the licensor under other law; and

(C) to the extent not inconsistent with subparagraphs (A) and (B), the financial accommodation contract, which may impose additional conditions to the licensee's right to use the licensed information or informational rights.

(2) The financier does not make warranties to the accommodated licensee other than the warranty under § [59.1-504.1](#) (b) (1) and any express warranties in the financial accommodation contract.

2000, cc. [101](#), [996](#).

#### **§59.1-505.9. Financing arrangements; obligations irrevocable.**

Unless the accommodated licensee is a consumer, a term in a financial accommodation contract providing that the accommodated licensee's obligations to the financier are irrevocable and independent is enforceable. The obligations become irrevocable and independent upon the licensee's acceptance of the license or the financier's giving of value, whichever occurs first.

2000, cc. [101](#), [996](#).

#### **§59.1-505.10. Financing arrangements; remedies or enforcement.**

(a) Except as otherwise provided in subsection (b), on material breach of a financial accommodation contract by the accommodated licensee, the following rules apply:

(1) The financier may cancel the financial accommodation contract.

(2) Subject to paragraphs (3) and (4), the financier may pursue its remedies against the accommodated licensee under the financial accommodation contract.

(3) If the financier became a licensee and made a transfer or sublicense that was effective under § [59.1-505.8](#), it may exercise the remedies of a licensor for breach, including the rights of an aggrieved party under § [59.1-508.15](#), subject to the limitations of § [59.1-508.16](#).

(4) If the financier did not become a licensee or did not make a transfer that was effective under § [59.1-505.8](#), it may enforce a contractual right contained in the financial accommodation contract to preclude the licensee's further use of the information. However, the following rules apply:

(A) The financier has no right to take possession of copies, use the information or informational rights, or transfer any contractual interest in the license.

(B) If the accommodated licensee agreed to transfer possession of copies to the financier in the event of material breach of the financial accommodation contract, the financier may enforce that contractual right only if permitted to do so under subsection (b) (1) and § [59.1-505.3](#).

(b) The following additional limitations apply to a financier's remedies under subsection (a):

(1) A financier described in subsection (a) (3) which is entitled under the financial accommodation contract to take possession or prevent use of information, copies, or related materials may do so only if the licensor consents or if doing so would not result in a material adverse change of the duty of the licensor, materially increase the burden or risk imposed on the licensor, disclose or threaten to disclose trade secrets or confidential material of the licensor, or materially impair the licensor's likelihood or expectation of obtaining return performance.

(2) The financier may not otherwise exercise control over, have access to, or sell, transfer, or otherwise use the information or copies without the consent of the licensor unless the financier or transferee is subject to the terms of the license and:

(A) the licensee owns the licensed copy, the license does not preclude transfer of the licensee's contractual rights, and the transfer complies with federal copyright law for the owner of a copy to make the transfer; or

(B) the license is transferable by its express terms and the financier fulfills any conditions to, or complies with any restrictions on, transfer.

(3) The financier's remedies under the financial accommodation contract are subject to the licensor's rights and the terms of the license.

2000, cc. [101](#), [996](#).

**§59.1-505.11. Financing arrangements; effect on licensor's rights.**

(a) The creation of a financier's interest does not place any obligations on or alter the rights of a licensor.

(b) A financier's interest does not attach to any intellectual property rights of the licensor unless the licensor expressly consents to such attachment in a license or another record.

2000, cc. [101](#), [996](#).

**§59.1-505.12. Reserved.**

Reserved.

**§59.1-506.1. Performance of contract in general.**

(a) A party shall perform in a manner that conforms to the contract.

(b) If an uncured material breach of contract by one party precedes the aggrieved party's performance, the aggrieved party need not perform except with respect to contractual use terms, but the contractual use terms do not apply to information or copies properly received or obtained from another source. In addition, the following rules apply:

(1) The aggrieved party may refuse a performance that is a material breach as to that performance or a performance that may be refused under § [59.1-507.4](#) (b).

(2) The aggrieved party may cancel the contract only if the breach is a material breach of the whole contract or the agreement so provides.

(c) Except as otherwise provided in subsection (b), tender of performance by a party entitles the party to acceptance of that performance. In addition, the following rules apply:

(1) A tender of performance occurs when the party, with manifest present ability and willingness to perform, offers to complete the performance.

(2) If a performance by the other party is due at the time of the tendered performance, tender of the other party's performance is a condition to the tendering party's obligation to complete the tendered performance.

(3) A party shall pay or render the consideration required by the agreement for a performance it accepts. A party that accepts a performance has the burden of establishing a breach of contract with respect to the accepted performance.

(d) Except as otherwise provided in §§ [59.1-506.3](#) and [59.1-506.4](#), in the case of a performance with respect to a copy, this section is subject to §§ [59.1-506.6](#) through [59.1-506.10](#) and [59.1-507.4](#) through [59.1-507.7](#).

2000, cc. [101](#), [996](#).

#### **§59.1-506.2. Licensor's obligations to enable use.**

(a) In this section, "enable use" means to grant a contractual right or permission with respect to information or informational rights and to complete the acts, if any, required under the agreement to make the information available to the licensee.

(b) A licensor shall enable use by the licensee pursuant to the contract. The following rules apply to enabling use:

(1) If nothing other than the grant of a contractual right or permission is required to enable use, the licensor enables use when the contract becomes enforceable.

(2) If the agreement requires delivery of a copy, enabling use occurs when the copy is tendered to the licensee.

(3) If the agreement requires delivery of a copy and steps authorizing the licensee's use, enabling use occurs when the last of those acts occurs.

(4) In an access contract, enabling use requires tendering all access material necessary to enable the agreed access.

(5) If the agreement requires a transfer of ownership of informational rights and a filing or recording is allowed by law to establish priority of the transferred ownership, on request by the licensee, the licensor shall execute and tender a record appropriate for that purpose.

2000, cc. [101](#), [996](#).

#### **§59.1-506.3. Submissions of information to satisfaction of party.**

If an agreement requires that submitted information be to the satisfaction of the recipient, the following rules apply:

(1) Sections [59.1-506.6](#) through [59.1-506.10](#) and [59.1-507.4](#) through [59.1-507.7](#) do not apply to the submission.

(2) If the information is not satisfactory to the recipient and the parties engage in efforts to correct the deficiencies in a manner and over a time consistent with the ordinary standards of the business, trade, or industry, neither the efforts nor the passage of time required for the efforts is an acceptance or a refusal of the submission.

(3) Except as otherwise provided in paragraph (4), neither refusal nor acceptance occurs unless the recipient expressly refuses or accepts the submitted information, but the recipient may not use the submitted information before acceptance.

(4) Silence and a failure to act in reference to a submission beyond a commercially reasonable time to respond entitle the submitting party to demand, in a record delivered to the recipient, a decision on the submission. If the recipient fails to respond within a reasonable time after receipt of the demand, the submission is deemed to have been refused.

2000, cc. [101](#), [996](#).

#### **§59.1-506.4. Immediately completed performance.**

If a performance involves delivery of information or services which, because of their nature, may provide a licensee, immediately on performance or delivery, with substantially all the benefit of the performance or with other significant benefit that cannot be returned, the following rules apply:

(1) Sections [59.1-506.7](#) through [59.1-506.10](#) and [59.1-507.4](#) through [59.1-507.7](#) do not apply.

(2) The rights of the parties are determined under § [59.1-506.1](#) and the ordinary standards of the business, trade, or industry.

(3) Before tender of the performance, a party entitled to receive the tender may inspect the media, labels, or packaging but may not view the information or otherwise receive the performance before completing any performance of its own that is then due.

2000, cc. [101](#), [996](#).

#### **§59.1-506.5. Electronic regulation of performance.**

(a) In this section, "automatic restraint" means a program, code, device, or similar electronic or physical limitation the intended purpose of which is to prevent use of information contrary to the contract or applicable law.

(b) A party entitled to enforce a limitation on use of information may include an automatic restraint in the information or a copy of it and use that restraint if:

- (1) a term of the agreement authorizes use of the restraint;
  - (2) the restraint prevents a use that is inconsistent with the agreement;
  - (3) the restraint prevents use after expiration of the stated duration of the contract or a stated number of uses; or
  - (4) the restraint prevents use after the contract terminates, other than on expiration of a stated duration or number of uses, and the licensor gives reasonable notice to the licensee before further use is prevented.
- (c) This section does not authorize an automatic restraint that affirmatively prevents or makes impracticable a licensee's access to its own information or information of a third party, other than the licensor, if that information is in the possession of the licensee or a third party.
- (d) A party that includes or uses an automatic restraint consistent with subsection (b) or (c) is not liable for any loss caused by the use of the restraint.
- (e) This section does not preclude electronic replacement or disabling of an earlier copy of information by the licensor in connection with delivery of a new copy or version under an agreement to replace or disable the earlier copy by electronic means with an upgrade or other new information.
- (f) This section does not authorize use of an automatic restraint to enforce remedies because of breach of contract or for cancellation for breach. If a right to cancel for breach of contract and a right to exercise restraint under subdivision (b) (4) exist simultaneously, affirmative acts constituting electronic self-help must be taken pursuant to [§ 59.1-508.16](#), including its prohibition on mass-market transactions, instead of this section. Affirmative acts under this subsection do not include (i) use of a program, code, device, or similar electronic or physical limitation that operates automatically without regard to breach or (ii) a refusal to prevent the operation of a restraint authorized by this section or to reverse its effect.

2000, cc. [101](#), [996](#); 2001, c. [763](#).

**§59.1-506.6. Copy; delivery; tender of delivery.**

(a) Delivery of a copy must be at the location designated by agreement. In the absence of a designation, the following rules apply:

(1) The place for delivery of a copy on a tangible medium is the tendering party's place of business or, if it has none, its residence. However, if the parties know at the time of

contracting that the copy is located in some other place, that place is the place for delivery.

(2) The place for electronic delivery of a copy is an information processing system designated or used by the licensor.

(3) Documents of title may be delivered through customary banking channels.

(b) Tender of delivery of a copy requires the tendering party to put and hold a conforming copy at the other party's disposition and give the other party any notice reasonably necessary to enable it to obtain access to, control, or possession of the copy. Tender must be at a reasonable hour and, if applicable, requires tender of access material and other documents required by the agreement. The party receiving tender shall furnish facilities reasonably suited to receive tender. In addition, the following rules apply:

(1) If the contract requires delivery of a copy held by a third person without being moved, the tendering party shall tender access material or documents required by the agreement.

(2) If the tendering party is required or authorized to send a copy to the other party and the contract does not require the tendering party to deliver the copy at a particular destination, the following rules apply:

(A) In tendering delivery of a copy on a tangible medium, the tendering party shall put the copy in the possession of a carrier and make a contract for its transportation that is reasonable in light of the nature of the information and other circumstances, with expenses of transportation to be borne by the receiving party.

(B) In tendering electronic delivery of a copy, the tendering party shall initiate or cause to have initiated a transmission that is reasonable in light of the nature of the information and other circumstances, with expenses of transmission to be borne by the receiving party.

(3) If the tendering party is required to deliver a copy at a particular destination, the tendering party shall make a copy available at that destination and bear the expenses of transportation or transmission.

2000, cc. [101](#), [996](#).

**§59.1-506.7. Copy; performance related to delivery; payment.**

(a) If performance requires delivery of a copy, the following rules apply:

(1) The party required to deliver need not complete a tendered delivery until the receiving party tenders any performance then due.

(2) Tender of delivery is a condition of the other party's duty to accept the copy and entitles the tendering party to acceptance of the copy.

(b) If payment is due on delivery of a copy, the following rules apply:

(1) Tender of delivery is a condition of the receiving party's duty to pay and entitles the tendering party to payment according to the contract.

(2) All copies required by the contract must be tendered in a single delivery, and payment is due only on tender.

(c) If the circumstances give either party the right to make or demand delivery in lots, the contract fee, if it can be apportioned, may be demanded for each lot.

(d) If payment is due and demanded on delivery of a copy or on delivery of a document of title, the right of the party receiving tender to retain or dispose of the copy or document, as against the tendering party, is conditioned on making the payment due.

2000, cc. [101](#), [996](#).

**§59.1-506.8. Copy; right to inspect; payment before inspection.**

(a) Except as otherwise provided in §§ [59.1-506.3](#) and [59.1-506.4](#), if performance requires delivery of a copy, the following rules apply:

(1) Except as otherwise provided in this section, the party receiving the copy has a right before payment or acceptance to inspect the copy at a reasonable place and time and in a reasonable manner to determine conformance to the contract.

(2) The party making the inspection shall bear the expenses of inspection.

(3) A place or method of inspection or an acceptance standard fixed by the parties is presumed to be exclusive. However, the fixing of a place, method, or standard does not postpone identification to the contract or shift the place for delivery, passage of title, or risk of loss. If compliance with the place or method becomes impossible, inspection must be made as provided in this section unless the place or method fixed by the parties was an indispensable condition the failure of which voids the contract.

(4) A party's right to inspect is subject to existing obligations of confidentiality.

(b) If a right to inspect exists under subsection (a) but the agreement is inconsistent with an opportunity to inspect before payment, the party does not have a right to inspect before payment.

(c) If a contract requires payment before inspection of a copy, nonconformity in the tender does not excuse the party receiving the tender from making payment unless:

(1) the nonconformity appears without inspection and would justify refusal under § [59.1-507.4](#); or

(2) despite tender of the required documents, the circumstances would justify an injunction against honor of a letter of credit under Title 8.5A.

(d) Payment made under circumstances described in subsection (b) or (c) is not an acceptance of the copy and does not impair a party's right to inspect or preclude any of the party's remedies.

2000, cc. [101](#), [996](#).

**§59.1-506.9. Copy; when acceptance occurs.**

(a) Acceptance of a copy occurs when the party to which the copy is tendered:

(1) signifies, or acts with respect to the copy in a manner that signifies, that the tender was conforming or that the party will take or retain the copy despite the nonconformity;

(2) does not make an effective refusal;

(3) commingles the copy or the information in a manner that makes compliance with the party's duties after refusal impossible;

(4) obtains a substantial benefit from the copy and cannot return that benefit; or

(5) acts in a manner inconsistent with the licensor's ownership, but the act is an acceptance only if the licensor elects to treat it as an acceptance and ratifies the act to the extent it was within contractual use terms.

(b) Except in cases governed by subsection (a) (3) or (4), if there is a right to inspect under § [59.1-506.8](#) or the agreement, acceptance of a copy occurs only after the party has had a reasonable opportunity to inspect the copy.

(c) If an agreement requires delivery in stages involving separate portions that taken together comprise the whole of the information, acceptance of any stage is conditional until acceptance of the whole.

2000, cc. [101](#), [996](#).

**§59.1-506.10. Copy; effect of acceptance; burden of establishing; notice of claims.**

(a) A party accepting a copy shall pay or render the consideration required by the agreement for the copy it accepts. Acceptance of a copy precludes refusal and, if made with knowledge of a nonconformity in a tender, may not be revoked because of the nonconformity unless acceptance was on the reasonable assumption that the nonconformity would be seasonably cured. Acceptance by itself does not impair any other remedy for nonconformity.

(b) A party accepting a copy has the burden of establishing a breach of contract with respect to the copy.

(c) If a copy has been accepted, the accepting party shall:

(1) except with respect to claims of a type described in § [59.1-508.5](#) (d) (1), within a reasonable time after it discovers or should have discovered a breach of contract, notify the other party of the breach or be barred from any remedy for the breach; and

(2) if the claim is for breach of a warranty regarding noninfringement and the accepting party is sued by a third party because of the breach, notify the warrantor within a reasonable time after receiving notice of the litigation or be precluded from any remedy for the liability established by the litigation.

2000, cc. [101](#), [996](#).

**§59.1-506.11. Access contracts.**

(a) If an access contract provides for access over a period of time, the following rules apply:

(1) The licensee's rights of access are to the information as modified and made commercially available by the licensor from time to time during that period.

(2) A change in the content of the information is a breach of contract only if the change conflicts with an express term of the agreement.

(3) Unless it is subject to a contractual use term, information obtained by the licensee is free of any use restriction other than a restriction resulting from the informational rights of another person or other law.

(4) Access must be available:

(A) at times and in a manner conforming to the express terms of the agreement; and

(B) to the extent not expressly stated in the agreement, at times and in a manner reasonable for the particular type of contract in light of the ordinary standards of the business, trade, or industry.

(b) In an access contract that gives the licensee a right of access at times substantially of its own choosing during agreed periods, an occasional failure to have access available during those times is not a breach of contract if it is:

(1) consistent with ordinary standards of the business, trade, or industry for the particular type of contract; or

(2) caused by:

(A) scheduled downtime;

(B) reasonable needs for maintenance;

(C) reasonable periods of failure of equipment, computer programs, or communications; or

(D) events reasonably beyond the licensor's control, and the licensor exercises such commercially reasonable efforts as the circumstances require.

2000, cc. [101](#), [996](#).

#### **§59.1-506.12. Correction and support contracts.**

(a) If a person agrees to provide services regarding the correction of performance problems in computer information, other than an agreement to cure its own existing breach of contract, the following rules apply:

(1) If the services are provided by a licensor of the information as part of a limited remedy, the licensor undertakes that its performance will provide the licensee with information that conforms to the agreement to which the limited remedy applies.

(2) In all other cases, the person:

(A) shall perform at a time and place and in a manner consistent with the express terms of the agreement and, to the extent not stated in the express terms, at a time and place and in a manner that is reasonable in light of ordinary standards of the business, trade, or industry; and

(B) does not undertake that its services will correct performance problems unless the agreement expressly so provides.

(b) Unless required to do so by an express or implied warranty, a licensor is not required to provide instruction or other support for the licensee's use of information or access. A person that agrees to provide support shall make the support available in a manner and with a quality consistent with express terms of the support agreement and, to the extent not stated in the express terms, at a time and place and in a manner that is reasonable in light of ordinary standards of the business, trade, or industry.

2000, cc. [101](#), [996](#).

### **§59.1-506.13. Contracts involving publishers, dealers, and end users.**

(a) In this section:

(1) "Dealer" means a merchant licensee that receives information directly or indirectly from a licensor for sale or license to end users.

(2) "End user" means a licensee that acquires a copy of the information from a dealer by delivery on a tangible medium for the licensee's own use and not for sale, license, transmission to third persons, or public display or performance for a fee.

(3) "Publisher" means a licensor, other than a dealer, that offers a license to an end user with respect to information distributed by a dealer to the end user.

(b) In a contract between a dealer and an end user, if the end user's right to use the information or informational rights is subject to a license by the publisher and there was no opportunity to review the license before the end user became obligated to pay the dealer, the following rules apply:

(1) The contract between the end user and the dealer is conditioned on the end user's agreement to the publisher's license.

(2) If the end user does not agree, such as by manifesting assent, to the terms of the publisher's license, the end user has a right to a return from the dealer. A right under this paragraph is a return for purposes of §§ [59.1-501.12](#), [59.1-502.8](#), and [59.1-502.9](#).

(3) The dealer is not bound by the terms, and does not receive the benefits, of an agreement between the publisher and the end user unless the dealer and end user adopt those terms as part of the agreement.

(c) If an agreement provides for distribution of copies on a tangible medium or in packaging provided by the publisher or an authorized third party, a dealer may distribute those copies and documentation only:

(1) in the form as received; and

(2) subject to the terms of any license that the publisher provides to the dealer to be furnished to end users.

(d) A dealer that enters into an agreement with an end user is a licensor with respect to the end user under this chapter.

2000, cc. [101](#), [996](#).

**§59.1-506.14. Risk of loss of copy.**

(a) Except as otherwise provided in this section, the risk of loss as to a copy that is to be delivered to a licensee, including a copy delivered by electronic means, passes to the licensee upon its receipt of the copy.

(b) If an agreement requires or authorizes a licensor to send a copy on a tangible medium by carrier, the following rules apply:

(1) If the agreement does not require the licensor to deliver the copy at a particular destination, the risk of loss passes to the licensee when the copy is duly delivered to the carrier, even if the shipment is under reservation.

(2) If the agreement requires the licensor to deliver the copy at a particular destination and the copy is duly tendered there in the possession of the carrier, the risk of loss passes to the licensee when the copy is tendered at that destination.

(3) If a tender of delivery of a copy or a shipping document fails to conform to the contract, the risk of loss remains with the licensor until cure or acceptance.

(c) If a copy is held by a third party to be delivered or reproduced without being moved or a copy is to be delivered by making access available to a third party resource containing a copy, the risk of loss passes to the licensee upon:

(1) the licensee's receipt of a negotiable document of title or other access materials covering the copy;

(2) acknowledgment by the third party to the licensee of the licensee's right to possession of or access to the copy; or

(3) the licensee's receipt of a record directing the third party, pursuant to an agreement between the licensor and the third party, to make delivery or authorizing the third party to allow access.

2000, cc. [101](#), [996](#).

**§59.1-506.15. Excuse by failure of presupposed conditions.**

(a) Unless a party has assumed a different obligation, delay in performance by a party, or nonperformance in whole or part by a party, other than of an obligation to make payments or to conform to contractual use terms, is not a breach of contract if the delay or nonperformance is of a performance that has been made impracticable by:

(1) the occurrence of a contingency the nonoccurrence of which was a basic assumption on which the contract was made; or

(2) compliance in good faith with any foreign or domestic statute, governmental rule, regulation, or order, whether or not it later proves to be invalid.

(b) A party claiming excuse under subsection (a) shall seasonably notify the other party that there will be delay or nonperformance.

(c) If an excuse affects only a part of a party's capacity to perform an obligation for delivery of copies, the party claiming excuse shall allocate performance among its customers in any manner that is fair and reasonable and notify the other party of the estimated quota to be made available. In making the allocation, the party claiming excuse may include the requirements of regular customers not then under contract and its own requirements.

(d) A party that receives notice pursuant to subsection (b) of a material or indefinite delay in delivery of copies or of an allocation under subsection (c), by notice in a record, may:

(1) terminate and thereby discharge any executory portion of the contract; or

(2) modify the contract by agreeing to take the available allocation in substitution.

(e) If, after receipt of notice under subsection (b), a party does not modify the contract within a reasonable time not exceeding thirty days, the contract lapses with respect to any performance affected.

2000, cc. [101](#), [996](#).

**§59.1-506.16. Termination; survival of obligations.**

(a) Except as otherwise provided in subsection (b), on termination all obligations that are still executory on both sides are discharged.

(b) The following survive termination:

(1) a right based on previous breach or performance of the contract;

(2) an obligation of confidentiality, nondisclosure, or noncompetition to the extent enforceable under other law;

- (3) a contractual use term applicable to any licensed copy or information received from the other party, or copies made of it, which are not returned or returnable to the other party;
- (4) an obligation to deliver, or dispose of information, materials, documentation, copies, records, or the like to the other party, an obligation to destroy copies, or a right to obtain information from an escrow agent;
- (5) a choice of law or forum;
- (6) an obligation to arbitrate or otherwise resolve disputes by alternative dispute resolution procedures;
- (7) a term limiting the time for commencing an action or for giving notice;
- (8) an indemnity term or a right related to a claim of a type described in § [59.1-508.5](#) (d) (1);
- (9) a limitation of remedy or modification or disclaimer of warranty;
- (10) an obligation to provide an accounting and make any payment due under the accounting; and
- (11) any term that the agreement provides will survive.

2000, cc. [101](#), [996](#).

**§59.1-506.17. Notice of termination.**

(a) Except as otherwise provided in subsection (b), a party may not terminate a contract except on the happening of an agreed event, such as the expiration of the stated duration, unless the party gives reasonable notice of termination to the other party.

(b) An access contract may be terminated without giving notice. However, except on the happening of an agreed event, termination requires giving reasonable notice to the licensee if the access contract pertains to information owned and provided by the licensee to the licensor.

(c) A term dispensing with a notice required under this section is invalid if its operation would be unconscionable. However, a term specifying standards for giving notice is enforceable if the standards are not manifestly unreasonable.

2000, cc. [101](#), [996](#).

**§59.1-506.18. Termination; enforcement.**

(a) On termination of a license, a party in possession or control of information, copies, or other materials that are the property of the other party, or are subject to a contractual obligation to be delivered to that party on termination, shall use commercially reasonable efforts to deliver or hold them for disposal on instructions of that party. If any materials are jointly owned, the party in possession or control shall make them available to the joint owners.

(b) Termination of a license ends all rights under the license for the licensee to use or access the licensed information, informational rights, or copies. Continued use of the licensed copies or exercise of terminated rights is a breach of contract unless authorized by a term that survives termination.

(c) Each party may enforce its rights under subsections (a) and (b) by acting pursuant to § [59.1-506.5](#) or by judicial process, including obtaining an order that the party or an officer of the court take the following actions with respect to any licensed information, documentation, copies, or other materials to be delivered:

(1) deliver or take possession of them;

(2) without removal, render unusable or eliminate the capability to exercise contractual rights in or use of them;

(3) destroy or prevent access to them; and

(4) require that the party or any other person in possession or control of them make them available to the other party at a place designated by that party which is reasonably convenient to both parties.

(d) In an appropriate case, a court of competent jurisdiction may grant injunctive relief to enforce the parties' rights under this section.

2000, cc. [101](#), [996](#).

**§59.1-506.19. Reserved.**

Reserved.

**§59.1-507.1. Breach of contract; material breach.**

(a) Whether a party is in breach of contract is determined by the agreement or, in the absence of agreement, this chapter. A breach occurs if a party without legal excuse fails to perform an obligation in a timely manner, repudiates a contract, or exceeds a contractual use term, or otherwise is not in compliance with an obligation placed on it by this chapter or the agreement. A breach, whether or not material, entitles the aggrieved party

to its remedies. Whether a breach of a contractual use term is an infringement or a misappropriation is determined by applicable informational property rights law.

(b) A breach of contract is material if:

(1) the contract so provides;

(2) the breach is a substantial failure to perform a term that is an essential element of the agreement; or

(3) the circumstances, including the language of the agreement, the reasonable expectations of the parties, the standards and practices of the business, trade, or industry, and the character of the breach, indicate that:

(A) the breach caused or is likely to cause substantial harm to the aggrieved party; or

(B) the breach substantially deprived or is likely substantially to deprive the aggrieved party of a significant benefit it reasonably expected under the contract.

(c) The cumulative effect of nonmaterial breaches may be material.

2000, cc. [101](#), [996](#).

#### **§59.1-507.2. Waiver of remedy for breach of contract.**

(a) A claim or right arising out of a breach of contract may be discharged in whole or part without consideration by a waiver in a record to which the party making the waiver agrees after breach, such as by manifesting assent, or which the party making the waiver authenticates and delivers to the other party.

(b) A party that accepts a performance with knowledge that the performance constitutes a breach of contract and, within a reasonable time after acceptance, does not notify the other party of the breach waives all remedies for the breach, unless acceptance was made on the reasonable assumption that the breach would be cured and it has not been seasonably cured. However, a party that seasonably notifies the other party of a reservation of rights does not waive the rights reserved.

(c) A party that refuses a performance and fails to identify a particular defect that is ascertainable by reasonable inspection waives the right to rely on that defect to justify refusal only if:

(1) the other party could have cured the defect if it were identified seasonably; or

(2) between merchants, the other party after refusal made a request in a record for a full and final statement of all defects on which the refusing party relied.

(d) Waiver of a remedy for breach of contract in one performance does not waive any remedy for the same or a similar breach in future performances unless the party making the waiver expressly so states.

(e) A waiver may not be retracted as to the performance to which the waiver applies.

(f) Except for a waiver in accordance with subsection (a) or a waiver supported by consideration, a waiver affecting an executory portion of a contract may be retracted by seasonable notice received by the other party that strict performance will be required in the future, unless the retraction would be unjust in view of a material change of position in reliance on the waiver by that party.

2000, cc. [101](#), [996](#).

### **§59.1-507.3. Cure of breach of contract.**

(a) A party in breach of contract may cure the breach at its own expense if:

(1) the time for performance has not expired and the party in breach seasonably notifies the aggrieved party of its intent to cure and, within the time for performance, makes a conforming performance;

(2) the party in breach had reasonable grounds to believe the performance would be acceptable with or without monetary allowance, seasonably notifies the aggrieved party of its intent to cure, and provides a conforming performance within a further reasonable time after performance was due; or

(3) in a case not governed by paragraph (1) or (2), the party in breach seasonably notifies the aggrieved party of its intent to cure and promptly provides a conforming performance before cancellation by the aggrieved party.

(b) In a license other than in a mass-market transaction, if the agreement required a single delivery of a copy and the party receiving tender of delivery was required to accept a nonconforming copy because the nonconformity was not a material breach of contract, the party in breach shall promptly and in good faith make an effort to cure if:

(1) the party in breach receives seasonable notice of the specific nonconformity and a demand for cure of it; and

(2) the cost of the effort to cure does not disproportionately exceed the direct damages caused by the nonconformity to the aggrieved party.

(c) A party may not cancel a contract or refuse a performance because of a breach of contract that has been seasonably cured under subsection (a). However, notice of intent to cure does not preclude refusal or cancellation for the uncured breach.

2000, cc. [101](#), [996](#).

**§59.1-507.4. Copy; refusal of defective tender.**

(a) Subject to subsection (b) and § [59.1-507.5](#), tender of a copy that is a material breach of contract permits the party to which tender is made to:

- (1) refuse the tender;
- (2) accept the tender; or
- (3) accept any commercially reasonable units and refuse the rest.

(b) In a mass-market transaction that calls for only a single tender of a copy, a licensee may refuse the tender if the tender does not conform to the contract.

(c) Refusal of a tender is ineffective unless:

- (1) it is made before acceptance;
- (2) it is made within a reasonable time after tender or completion of any permitted effort to cure; and
- (3) the refusing party seasonably notifies the tendering party of the refusal.

(d) Except in a case governed by subsection (b), a party that rightfully refuses tender of a copy may cancel the contract only if the tender was a material breach of the whole contract or the agreement so provides.

2000, cc. [101](#), [996](#).

**§59.1-507.5. Copy; contract with previous vested grant of rights.**

If an agreement grants a right in or permission to use informational rights which precedes or is otherwise independent of the delivery of a copy, the following rules apply:

- (1) A party may refuse a tender of a copy which is a material breach as to that copy, but refusal of that tender does not cancel the contract.
- (2) In a case governed by paragraph (1), the tendering party may cure the breach by seasonably providing a conforming copy before the breach becomes material as to the whole contract.

(3) A breach that is material with respect to a copy allows cancellation of the contract only if the breach cannot be seasonably cured and is a material breach of the whole contract.

2000, cc. [101](#), [996](#).

**§59.1-507.6. Copy; duties upon rightful refusal.**

(a) Except as otherwise provided in this section, after rightful refusal or revocation of acceptance of a copy, the following rules apply:

(1) If the refusing party rightfully cancels the contract, § [59.1-508.2](#) applies and all contractual use terms continue.

(2) If the contract is not canceled, the parties remain bound by all contractual obligations.

(b) On rightful refusal or revocation of acceptance of a copy, the following rules apply to the extent consistent with § [59.1-508.2](#):

(1) Any use, sale, display, performance, or transfer of the copy or information it contains, or any failure to comply with a contractual use term, is a breach of contract. The licensee shall pay the licensor the reasonable value of any use. However, use for a limited time within contractual use terms is not a breach, and is not an acceptance under § [59.1-506.9](#) (a) (5), if it:

(A) occurs after the tendering party is seasonably notified of refusal;

(B) is not for distribution and is solely part of measures reasonable under the circumstances to avoid or reduce loss; and

(C) is not contrary to instructions concerning disposition of the copy received from the party in breach.

(2) A party that refuses a copy shall:

(A) deliver the copy and all copies made of it, all access materials, and documentation pertaining to the refused information to the tendering party or hold them with reasonable care for a reasonable time for disposal at that party's instructions; and

(B) follow reasonable instructions of the tendering party for returning or delivering copies, access material, and documentation, but instructions are not reasonable if the tendering party does not arrange for payment of or reimbursement for reasonable expenses of complying with the instructions.

(3) If the tendering party does not give instructions within a reasonable time after being notified of refusal, the refusing party, in a reasonable manner to reduce or avoid loss, may store the copies, access material, and documentation for the tendering party's account or ship them to the tendering party and is entitled to reimbursement for reasonable costs of storage and shipment.

(4) Both parties remain bound by all contractual use terms that would have been enforceable had the performance not been refused.

(5) In complying with this section, the refusing party shall act in good faith. Conduct in good faith under this section is not acceptance or conversion and may not be a ground for an action for damages under the contract.

2000, cc. [101](#), [996](#).

**§59.1-507.7. Copy; revocation of acceptance.**

(a) A party that accepts a nonconforming tender of a copy may revoke acceptance only if the nonconformity is a material breach of contract and the party accepted it:

(1) on the reasonable assumption that the nonconformity would be cured, and the nonconformity was not seasonably cured;

(2) during a continuing effort by the party in breach at adjustment and cure, and the breach was not seasonably cured; or

(3) without discovery of the nonconformity, if acceptance was reasonably induced either by the other party's assurances or by the difficulty of discovery before acceptance.

(b) Revocation of acceptance is not effective until the revoking party notifies the other party of the revocation.

(c) Revocation of acceptance of a copy is precluded if:

(1) it does not occur within a reasonable time after the party attempting to revoke discovers or should have discovered the grounds for it;

(2) it occurs after a substantial change in condition not caused by defects in the information, such as after the party commingles the information in a manner that makes its return impossible; or

(3) the party attempting to revoke received a substantial benefit or value from the information, and the benefit or value cannot be returned.

(d) A party that rightfully revokes has the same duties and is under the same restrictions as if the party had refused tender of the copy.

2000, cc. [101](#), [996](#).

**§59.1-507.8. Adequate assurance of performance.**

(a) A contract imposes an obligation on each party not to impair the other's expectation of receiving due performance. If reasonable grounds for insecurity arise with respect to the performance of either party, the aggrieved party may:

(1) demand in a record adequate assurance of due performance; and

(2) until that assurance is received, if commercially reasonable, suspend any performance, other than with respect to contractual use terms, for which the agreed return performance has not been received.

(b) Between merchants, the reasonableness of grounds for insecurity and the adequacy of any assurance offered is determined according to commercial standards.

(c) Acceptance of any improper delivery or payment does not impair an aggrieved party's right to demand adequate assurance of future performance.

(d) After receipt of a justified demand under subsection (a), failure, within a reasonable time not exceeding thirty days, to provide assurance of due performance which is adequate under the circumstances of the particular case is a repudiation of the contract under § [59.1-507.9](#).

2000, cc. [101](#), [996](#).

**§59.1-507.9. Anticipatory repudiation.**

(a) If a party to a contract repudiates a performance not yet due and the loss of performance will substantially impair the value of the contract to the other party, the aggrieved party may:

(1) await performance by the repudiating party for a commercially reasonable time or resort to any remedy for breach of contract, even if it has urged the repudiating party to retract the repudiation or has notified the repudiating party that it would await its performance; and

(2) in either case, suspend its own performance or proceed in accordance with § [59.1-508.12](#) or § [59.1-508.13](#), as applicable.

(b) Repudiation includes language that one party will not or cannot make a performance still due under the contract or voluntary, affirmative conduct that reasonably appears to the other party to make a future performance impossible.

2000, cc. [101](#), [996](#).

**§59.1-507.10. Retraction of anticipatory repudiation.**

(a) A repudiating party may retract its repudiation until its next performance is due unless the aggrieved party, after the repudiation, has canceled the contract, materially changed its position, or otherwise indicated that it considers the repudiation final.

(b) A retraction may be by any method that clearly indicates to the aggrieved party that the repudiating party intends to perform the contract. However, a retraction must contain any assurance justifiably demanded under § [59.1-507.8](#).

(c) Retraction restores a repudiating party's rights under the contract with due excuse and allowance to the aggrieved party for any delay caused by the repudiation.

2000, cc. [101](#), [996](#).

**§59.1-507.11. Reserved.**

Reserved.

**§59.1-508.1. Remedies in general.**

(a) The remedies provided in this chapter are cumulative, but a party may not recover more than once for the same loss.

(b) Except as otherwise provided in §§ [59.1-508.3](#) and [59.1-508.4](#), if a party is in breach of contract, whether or not the breach is material, the aggrieved party has the remedies provided in the agreement or this chapter, but the aggrieved party shall continue to comply with any contractual use terms with respect to information or copies received from the other party, but the contractual use terms do not apply to information or copies properly received or obtained from another source.

(c) Rescission or a claim for rescission of the contract, or refusal of the information, does not preclude and is not inconsistent with a claim for damages or other remedy.

2000, cc. [101](#), [996](#).

**§59.1-508.2. Cancellation.**

(a) An aggrieved party may cancel a contract if there is a material breach that has not been cured or waived or the agreement allows cancellation for the breach.

(b) Cancellation is not effective until the canceling party gives notice of cancellation to the party in breach, unless a delay required to notify the party would cause or threaten material harm or loss to the aggrieved party. The notification may be in any form reasonable under the circumstances. However, in an access contract, a party may cancel rights of access without notice.

(c) On cancellation, the following rules apply:

(1) If a party is in possession or control of licensed information, documentation, materials, or copies of licensed information, the following rules apply:

(A) A party that has rightfully refused a copy shall comply with § [59.1-507.6](#) (b) as to the refused copy.

(B) A party in breach of contract which would be subject to an obligation to deliver under § [59.1-506.18](#), shall deliver all information, documentation, materials, and copies to the other party or hold them with reasonable care for a reasonable time for disposal at that party's instructions. The party in breach of contract shall follow any reasonable instructions received from the other party.

(C) Except as otherwise provided in subparagraphs (A) and (B), the party shall comply with § [59.1-506.18](#).

(2) All obligations that are executory on both sides at the time of cancellation are discharged, but the following survive:

(A) any right based on previous breach or performance; and

(B) the rights, duties, and remedies described in § [59.1-506.16](#) (b).

(3) Cancellation of a license by the licensor ends any contractual right of the licensee to use the information, informational rights, copies, or other materials.

(4) Cancellation of a license by the licensee ends any contractual right to use the information, informational rights, copies, or other materials, but the licensee may use the information for a limited time after the license has been canceled if the use:

(A) is within contractual use terms;

(B) is not for distribution and is solely part of measures reasonable under the circumstances to avoid or reduce loss; and

(C) is not contrary to instructions received from the party in breach concerning disposition of them.

(5) The licensee shall pay the licensor the reasonable value of any use after cancellation permitted under paragraph (4).

(6) The obligations under this subsection apply to all information, informational rights, documentation, materials, and copies received by the party and any copies made therefrom.

(d) A term providing that a contract may not be canceled precludes cancellation but does not limit other remedies.

(e) Unless a contrary intention clearly appears, an expression such as "cancellation," "rescission," or the like may not be construed as a renunciation or discharge of a claim in damages for an antecedent breach.

2000, cc. [101](#), [996](#).

### **§59.1-508.3. Contractual modification of remedy.**

(a) Except as otherwise provided in this section and in § [59.1-508.4](#):

(1) an agreement may provide for remedies in addition to or in substitution for those provided in this chapter and may limit or alter the measure of damages recoverable under this chapter or a party's other remedies under this chapter, such as by precluding a party's right to cancel for breach of contract, limiting remedies to returning or delivering copies and repayment of the contract fee, or limiting remedies to repair or replacement of the nonconforming copies; and

(2) resort to a contractual remedy is optional unless the remedy is expressly agreed to be exclusive, in which case it is the sole remedy.

(b) Subject to subsection (c), if performance of an exclusive or limited remedy causes the remedy to fail of its essential purpose, the aggrieved party may pursue other remedies under this chapter.

(c) Failure or unconscionability of an agreed exclusive or limited remedy makes a term disclaiming or limiting consequential or incidental damages unenforceable unless the agreement expressly makes the disclaimer or limitation independent of the agreed remedy.

(d) Consequential damages and incidental damages may be excluded or limited by agreement unless the exclusion or limitation is unconscionable. Exclusion or limitation of consequential damages for personal injury in a consumer contract for a computer program that is subject to this chapter and is contained in consumer goods is prima facie

unconscionable, but exclusion or limitation of damages for a commercial loss is not unconscionable.

2000, cc. [101](#), [996](#).

#### **§59.1-508.4. Liquidation of damages.**

(a) Damages for breach of contract by either party may be liquidated by agreement in an amount that is reasonable in light of:

(1) the loss anticipated at the time of contracting;

(2) the actual loss; or

(3) the actual or anticipated difficulties of proving loss in the event of breach.

(b) If a term liquidating damages is unenforceable under this subsection, the aggrieved party may pursue the remedies provided in this chapter, except as limited by other terms of the contract.

(c) If a party justifiably withholds delivery of copies because of the other party's breach of contract, the party in breach is entitled to restitution for any amount by which the sum of the payments it made for the copies exceeds the amount of the liquidated damages payable to the aggrieved party in accordance with subsection (a). The right to restitution is subject to offset to the extent that the aggrieved party establishes:

(1) a right to recover damages other than under subsection (a); and

(2) the amount or value of any benefits received by the party in breach, directly or indirectly, by reason of the contract.

(d) A term that does not liquidate damages, but that limits damages available to the aggrieved party, must be evaluated under § [59.1-508.3](#).

2000, cc. [101](#), [996](#).

#### **§59.1-508.5. Limitation of actions.**

(a) Except as otherwise provided in subsection (b), an action for breach of contract must be commenced within the later of four years after the right of action accrues or one year after the breach was or should have been discovered, but not later than five years after the right of action accrues.

(b) If the original agreement of the parties alters the period of limitations, the following rules apply:

(1) The parties may reduce the period of limitation to not less than one year after the right of action accrues but may not extend it.

(2) In a consumer contract, the period of limitation may not be reduced.

(c) Except as otherwise provided in subsection (d), a right of action accrues when the act or omission constituting a breach of contract occurs, even if the aggrieved party did not know of the breach. A right of action for breach of warranty accrues when tender of delivery of a copy pursuant to § [59.1-506.6](#), or access to the information, occurs. However, if the warranty expressly extends to future performance of the information or a copy, the right of action accrues when the performance fails to conform to the warranty, but not later than the date the warranty expires.

(d) In the following cases, a right of action accrues on the later of the date the act or omission constituting the breach of contract occurred or the date on which it was or should have been discovered by the aggrieved party, but not earlier than the date for delivery of a copy if the claim relates to information in the copy:

(1) a breach of warranty against third-party claims for:

(A) infringement or misappropriation; or

(B) libel, slander, or the like;

(2) a breach of contract involving a party's disclosure or misuse of confidential information; or

(3) a failure to provide an indemnity or to perform another obligation to protect or defend against a third-party claim.

(e) If an action commenced within the period of limitation is so concluded as to leave available a remedy by another action for the same breach of contract, the other action may be commenced after expiration of the period of limitation if the action is commenced within six months after conclusion of the first action, unless the action was concluded as a result of voluntary discontinuance or dismissal for failure or neglect to prosecute.

(f) This section does not alter the law on tolling of the statute of limitations and does not apply to a right of action that accrued before the effective date of this chapter.

2000, cc. [101](#), [996](#).

#### **§59.1-508.6. Remedies for fraud.**

Remedies for material misrepresentation or fraud include all remedies available under this chapter for nonfraudulent breach of contract.

2000, cc. [101](#), [996](#).

**§59.1-508.7. Measurement of damages in general.**

(a) Except as otherwise provided in the contract, an aggrieved party may not recover compensation for that part of a loss which could have been avoided by taking measures reasonable under the circumstances to avoid or reduce loss. The burden of establishing a failure of the aggrieved party to take measures reasonable under the circumstances is on the party in breach of contract.

(b) A party may not recover:

(1) consequential damages for losses resulting from the content of published informational content unless the agreement expressly so provides; or

(2) damages that are speculative.

(c) The remedy for breach of contract for disclosure or misuse of information that is a trade secret or in which the aggrieved party has a right of confidentiality includes as consequential damages compensation for the benefit obtained as a result of the breach.

(d) For purposes of this chapter, market value is determined as of the date of breach of contract and the place for performance.

(e) Damages or expenses that relate to events after the date of entry of judgment must be reduced to their present value as of that date. In this subsection, "present value" means the amount, as of a date certain, of one or more sums payable in the future or the value of one or more performances due in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties in their agreement unless that rate was manifestly unreasonable when the agreement was entered into. Otherwise, the discount is determined by a commercially reasonable rate that takes into account the circumstances of each case when the agreement was entered into.

2000, cc. [101](#), [996](#).

**§59.1-508.8. Licensor's damages.**

(a) In this section, "substitute transaction" means a transaction by the licensor which would not have been possible except for the licensee's breach and which transaction is for the same information or informational rights with the same contractual use terms as the transaction to which the licensee's breach applies.

(b) Except as otherwise provided in § [59.1-508.7](#), a breach of contract by a licensee entitles the licensor to recover the following compensation for losses resulting in the ordinary course from the breach, less expenses avoided as a result of the breach, to the extent not otherwise accounted for under this subsection:

(1) damages measured in any combination of the following ways but not to exceed the contract fee and the market value of other consideration required under the contract for the performance that was the subject of the breach:

(A) the amount of accrued and unpaid contract fees and the market value of other consideration earned but not received for:

(i) any performance accepted by the licensee; and

(ii) any performance to which § [59.1-506.4](#) applies;

(B) for performances not governed by subparagraph (A), if the licensee repudiated or wrongfully refused the performance or the licensor rightfully canceled and the breach makes possible a substitute transaction, the amount of loss as determined by contract fees and the market value of other consideration required under the contract for the performance less:

(i) the contract fees and market value of other consideration received from an actual and commercially reasonable substitute transaction entered into by the licensor in good faith and without unreasonable delay; or

(ii) the market value of a commercially reasonable hypothetical substitute transaction;

(C) for performances not governed by subparagraph (A), if the breach does not make possible a substitute transaction, lost profit, including reasonable overhead, that the licensor would have realized on acceptance and full payment for performance that was not delivered to the licensee because of the licensee's breach; or

(D) damages calculated in any reasonable manner; and

(2) consequential and incidental damages.

2000, cc. [101](#), [996](#).

**§59.1-508.9. Licensee's damages.**

(a) Subject to subsection (b) and except as otherwise provided in § [59.1-508.7](#), a breach of contract by a licensor entitles the licensee to recover the following compensation for losses resulting in the ordinary course from the breach or, if appropriate, as to the whole

contract, less expenses avoided as a result of the breach to the extent not otherwise accounted for under this section:

(1) damages measured in any combination of the following ways, but not to exceed the market value of the performance that was the subject of the breach plus restitution of any amounts paid for performance not received and not accounted for within the indicated recovery:

(A) with respect to performance that has been accepted and the acceptance not rightfully revoked, the value of the performance required less the value of the performance accepted as of the time and place of acceptance;

(B) with respect to performance that has not been rendered or that was rightfully refused or acceptance of which was rightfully revoked:

(i) the amount of any payments made and the value of other consideration given to the licensor with respect to that performance and not previously returned to the licensee;

(ii) the market value of the performance less the contract fee for that performance; or

(iii) the cost of a commercially reasonable substitute transaction less the contract fee under the breached contract, if the substitute transaction was entered into by the licensee in good faith and without unreasonable delay for substantially similar information with the same contractual use terms; or

(C) damages calculated in any reasonable manner; and

(2) incidental and consequential damages.

(b) The amount of damages must be reduced by any unpaid contract fees for performance by the licensor which has been accepted by the licensee and as to which the acceptance has not been rightfully revoked.

2000, cc. [101](#), [996](#).

#### **§59.1-508.10. Recoupment.**

(a) Except as otherwise provided in subsection (b), an aggrieved party, upon notifying the party in breach of contract of its intention to do so, may deduct all or any part of the damages resulting from the breach from any payments still due under the same contract.

(b) If a breach of contract is not material with reference to the particular performance, an aggrieved party may exercise its rights under subsection (a) only if the agreement does

not require further affirmative performance by the other party and the amount of damages deducted can be readily liquidated under the agreement.

2000, cc. [101](#), [996](#).

#### **§59.1-508.11. Specific performance.**

(a) Specific performance may be ordered:

- (1) if the agreement provides for that remedy, other than an obligation for the payment of money;
- (2) if the contract was not for personal services and the agreed performance is unique; or
- (3) in other proper circumstances.

(b) An order for specific performance may contain any conditions considered just and must provide adequate safeguards consistent with the contract to protect the confidentiality of information, information, and informational rights of both parties.

2000, cc. [101](#), [996](#).

#### **§59.1-508.12. Completing performance.**

(a) On breach of contract by a licensee, the licensor may:

- (1) identify to the contract any conforming copy not already identified if, at the time the licensor learned of the breach, the copy was in its possession;
- (2) in the exercise of reasonable commercial judgment for purposes of avoiding loss and effective realization on effort or investment, complete the information and identify it to the contract, cease work on it, relicense or dispose of it, or proceed in any other commercially reasonable manner; and
- (3) pursue any remedy for breach that has not been waived.

(b) On breach by a licensee, both parties remain bound by all contractual use terms, but the contractual use terms do not apply to information or copies properly received or obtained from another source.

2000, cc. [101](#), [996](#).

#### **§59.1-508.13. Continuing use.**

On breach of contract by a licensor, the following rules apply:

- (1) A licensee that has not canceled the contract may continue to use the information and informational rights under the contract. If the licensee continues to use the

information or informational rights, the licensee is bound by all terms of the contract, including contractual use terms, obligations not to compete, and obligations to pay contract fees.

(2) The licensee may pursue any remedy for breach which has not been waived.

(3) The licensor's rights remain in effect but are subject to the licensee's remedy for breach, including any right of recoupment or setoff.

2000, cc. [101](#), [996](#).

#### **§59.1-508.14. Discontinuing access.**

On material breach of an access contract or if the agreement so provides, a party may discontinue all contractual rights of access of the party in breach and direct any person that is assisting the performance of the contract to discontinue its performance.

2000, cc. [101](#), [996](#).

#### **§59.1-508.15. Right to possession and to prevent use.**

(a) On cancellation of a license, the licensor has the right:

(1) to possession of all copies of the licensed information in the possession or control of the licensee and any other materials pertaining to that information which by contract are to be returned or delivered by the licensee to the licensor; and

(2) to prevent the continued exercise of contractual and informational rights in the licensed information under the license.

(b) Except as otherwise provided in § [59.1-508.14](#), a licensor may exercise his rights under subsection (a) without judicial process only if this can be done:

(1) without a breach of the peace;

(2) without a foreseeable risk of personal injury or significant physical damage to information or property other than the licensed information; and

(3) in accordance with § [59.1-508.16](#).

(c) In a judicial proceeding, the court may enjoin a licensee in breach of contract from continued use of the information and informational rights and may order the licensor or a judicial officer to take the steps described in § [59.1-506.18](#).

(d) A party has a right to an expedited judicial hearing on a request for prejudgment relief to enforce or protect its rights under this section.

(e) The right to possession under this section is not available to the extent that the information, before breach of the license and in the ordinary course of performance under the license, was so altered or commingled that the information is no longer identifiable or separable.

(f) A licensee that provides information to a licensor subject to contractual use terms has the rights and is subject to the limitations of a licensor under this section with respect to the information he provides.

2000, cc. [101](#), [996](#).

#### **§59.1-508.16. Limitations on electronic self-help.**

(a) In this section,

(1) "electronic self-help" means the use of electronic means to exercise a licensor's rights under § [59.1-508.15](#) (b); and

(2) "wrongful use of electronic self-help" means use of electronic self-help other than in compliance with this section.

(b) On cancellation of a license, electronic self-help is not permitted, except as provided in this section. Notwithstanding any provision to the contrary, electronic self-help is prohibited in mass-market transactions.

(c) If the parties agree to permit electronic self-help, a licensee shall separately manifest assent to a term authorizing use of electronic self-help. In accordance with subsection (c) of § [59.1-501.12](#), a general assent to a license containing a term authorizing use of electronic self-help is not sufficient to manifest assent to the use of electronic self-help. The term must:

(1) provide for notice of exercise as provided in subsection (d);

(2) state the name of the person designated by the licensee to which notice of exercise must be given and the manner in which notice must be given and place to which notice must be sent to that person; and

(3) provide a simple procedure for the licensee to change the designated person or place.

(d) Before resorting to electronic self-help authorized by a term of the license, the licensor shall give notice in a record to the person designated by the licensee stating:

- (1) that the licensor intends to resort to electronic self-help as a remedy on or after forty-five days following receipt by the licensee of the notice;
- (2) the nature of the claimed breach that entitles the licensor to resort to self-help; and
- (3) the name, title, and address, including direct telephone number, facsimile number, or e-mail address, to which the licensee may communicate concerning the claimed breach.

(e) A licensee may recover direct and incidental damages caused by wrongful use of electronic self-help. The licensee may also recover consequential damages for wrongful use of electronic self-help, whether or not those damages are excluded by the terms of the license, if:

- (1) within the period specified in subsection (d) (1), the licensee gives notice to the licensor's designated person describing in good faith the general nature and magnitude of damages;
- (2) the licensor has reason to know the damages of the type described in subsection (f) may result from the wrongful use of electronic self-help; or
- (3) the licensor does not provide the notice required in subsection (d).

(f) Even if the licensor complies with subsections (c) and (d), electronic self-help may not be used if the licensor has reason to know that its use will result in substantial injury or harm to the public health or safety or grave harm to the public interest substantially affecting third persons not involved in the dispute.

(g) A court of competent jurisdiction of the Commonwealth shall give prompt consideration to a petition for injunctive relief and may enjoin, temporarily or permanently, the licensor from exercising electronic self-help even if authorized by a license term or enjoin the licensee from misappropriation or misuse of computer information, as may be appropriate, upon consideration of the following:

- (1) harm of the kinds stated in subsection (f), or the threat thereof, whether or not the licensor has reason to know of those circumstances;
- (2) irreparable harm or threat of irreparable harm to the licensee or licensor;
- (3) that the party seeking the relief is more likely than not to succeed under his claim when it is finally adjudicated;
- (4) that all of the conditions to entitle a person to the relief under the laws of the Commonwealth have been fulfilled; and

(5) that the party that may be adversely affected is adequately protected against loss, including a loss because of misappropriation or misuse of computer information, that he may suffer because the relief is granted under this chapter.

(h) Before breach of contract, rights or obligations under this section may not be waived or varied by an agreement, but the parties may prohibit use of electronic self-help, and the parties, in the term referred to in subsection (c), may specify additional provisions more favorable to the licensee.

(i) This section does not apply if the licensor obtains physical possession of a copy without a breach of the peace and without the use of electronic self-help; in which case, a lawfully obtained copy may be erased or disabled by electronic means.

2000, cc. [101](#), [996](#); 2001, c. [763](#).

**§59.1-508.17. Reserved.**

Reserved.

**§59.1-509.1. Repealed.**

Repealed by Acts 2015, c. [709](#), cl. 2.

**§59.1-509.2. Previous rights and transactions.**

Contracts that are enforceable and rights of action that accrue before the effective date of this chapter are governed by the law then in effect unless the parties agree to be governed by this chapter.

## Uniform Electronic Transactions Act

**§59.1-479. Title.**

This chapter may be cited as the "Uniform Electronic Transactions Act."

2000, c. [995](#).

**§59.1-480. Definitions.**

As used in this chapter:

(1) "Agreement" means the bargain of the parties in fact, as found in their language or inferred from other circumstances and from rules, regulations, and procedures given the effect of agreements under laws otherwise applicable to a particular transaction.

- (2) "Automated transaction" means a transaction conducted or performed, in whole or in part, by electronic means or electronic records, in which the acts or records of one or both parties are not reviewed by an individual in the ordinary course in forming a contract, performing under an existing contract, or fulfilling an obligation required by the transaction.
- (3) "Computer program" means a set of statements or instructions to be used directly or indirectly in an information processing system in order to bring about a certain result.
- (4) "Contract" means the total legal obligation resulting from the parties' agreement as affected by this chapter and other applicable law.
- (5) "Electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.
- (6) "Electronic agent" means a computer program or an electronic or other automated means used independently to initiate an action or respond to electronic records or performances in whole or in part, without review or action by an individual.
- (7) "Electronic record" means a record created, generated, sent, communicated, received, or stored by electronic means.
- (8) "Electronic signature" means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.
- (9) "Information" means data, text, images, sounds, codes, computer programs, software, databases, or the like.
- (10) "Information processing system" means an electronic system for creating, generating, sending, receiving, storing, displaying, or processing information.
- (11) "Person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, public body, public corporation, or any other legal or commercial entity.
- (12) "Public body" shall have the same meaning as defined in § [2.2-3701](#) and shall also include locally elected constitutional officers, and anyone performing the duties of locally elected constitutional officers.
- (13) "Record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

(14) "Security procedure" means a procedure employed for the purpose of verifying that an electronic signature, record, or performance is that of a specific person or for detecting changes or errors in the information in an electronic record. The term includes a procedure that requires the use of algorithms or other codes, identifying words or numbers, encryption, or callback or other acknowledgment procedures.

(15) "State" means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States. The term includes an Indian tribe or band, or an Alaskan native village, which is recognized by federal law or formally acknowledged by a state.

(16) "Transaction" means an action or set of actions occurring between two or more persons relating to the conduct of business, commercial, or governmental affairs.

2000, c. [995](#); 2005, c. [417](#).

**§59.1-481. Scope.**

(a) Except as otherwise provided in subsection (b), this chapter applies to electronic records and electronic signatures relating to a transaction.

(b) This chapter does not apply to a transaction to the extent it is governed by:

(1) A law governing the creation and execution of wills, codicils, or testamentary trusts; and

(2) Title 8.1A except § [8.1A-306](#), Title 8.3A, Title 8.4, Title 8.4A, Title 8.5A, Title 8.7, Title 8.8A, Title 8.9A, Title 8.10, and Title 8.11.

(c) This chapter applies to an electronic record or electronic signature otherwise excluded from the application of this chapter under subsection (b) to the extent it is governed by law other than those specified in subsection (b).

(d) A transaction subject to this chapter is also subject to other applicable substantive law.

2000, c. [995](#); 2001, c. [86](#); 2003, c. [353](#); 2011, c. [369](#).

**§59.1-482. Prospective application.**

This chapter applies to any electronic record or electronic signature created, generated, sent, communicated, received, or stored on or after the effective date of this chapter.

2000, c. [995](#).

**§59.1-483. Use of electronic records and electronic signatures; variation by agreement.**

(a) This chapter does not require a record or signature to be created, generated, sent, communicated, received, stored, or otherwise processed or used by electronic means or in electronic form.

(b) This chapter applies only to transactions between parties each of which has agreed to conduct transactions by electronic means. Whether the parties agree to conduct a transaction by electronic means is determined from the context and surrounding circumstances, including the parties' conduct. Except for a separate and optional agreement the primary purpose of which is to authorize a transaction to be conducted by electronic means, an agreement to conduct a transaction electronically may not be contained in a standard form contract unless that term is conspicuously displayed and separately consented to. An agreement to conduct a transaction electronically may not be inferred solely from the fact that a party has used electronic means to pay an account or register a purchase warranty. This subsection may not be varied by agreement.

(c) A party that agrees to conduct a transaction by electronic means may refuse to conduct other transactions by electronic means. The right granted by this subsection may not be waived by agreement.

(d) Except as otherwise provided in this chapter, the effect of any of the provisions of this chapter may be varied by agreement. The presence in this chapter of the words "unless otherwise agreed," or words of similar import, does not imply that the effect of other provisions may not be varied by agreement.

(e) Whether an electronic record or electronic signature has legal consequences is determined by this chapter and other applicable law.

2000, c. [995](#).

**§59.1-484. Construction and application.**

This chapter shall be construed and applied to:

- (1) Facilitate electronic transactions consistent with other applicable law;
- (2) Be consistent with reasonable practices concerning electronic transactions and with the continued expansion of those practices; and
- (3) Effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

2000, c. [995](#).

**§59.1-485. Legal recognition of electronic records, electronic signatures, and electronic contracts.**

(a) A record or signature may not be denied legal effect or enforceability solely because it is in electronic form.

(b) A contract may not be denied legal effect or enforceability solely because an electronic record was used in its formation.

(c) If a law requires a record to be in writing, an electronic record satisfies the law.

(d) If a law requires a signature, or provides for certain consequences in the absence of a signature, an electronic signature satisfies the law.

2000, c. [995](#).

**§59.1-486. Provision of information in writing; presentation of records.**

(a) If parties have agreed to conduct a transaction by electronic means and a law requires a person to provide, send, or deliver information in writing to another person, the requirement is satisfied if the information is provided, sent, or delivered, as the case may be, in an electronic record capable of retention by the recipient at the time of receipt. An electronic record is not capable of retention by the recipient if the sender or its information processing system inhibits the ability of the recipient to print or store the electronic record.

(b) If a law other than this chapter requires a record (i) to be posted or displayed in a certain manner, (ii) to be sent, communicated, or transmitted by a specified method, or (iii) to contain information that is formatted in a certain manner, the following rules apply:

(1) The record shall be posted or displayed in the manner specified in the other law.

(2) Except as otherwise provided in subsection (d) (2), the record shall be sent, communicated, or transmitted by the method specified in the other law.

(3) The record shall contain the information formatted in the manner specified in the other law.

(c) If a sender inhibits the ability of a recipient to store or print an electronic record, the electronic record is not enforceable against the recipient.

(d) The requirements of this section may not be varied by agreement, except:

(1) To the extent a law other than this chapter requires information to be provided, sent, or delivered in writing but permits that requirement to be varied by agreement, the requirement under subsection (a) that the information be in the form of an electronic record capable of retention may also be varied by agreement; and

(2) A requirement under a law other than this chapter to send, communicate, or transmit a record by United States mail, may be varied by agreement to the extent permitted by the other law.

(e) Notwithstanding subsections (b) and (d), a governmental agency may by regulation alter requirements governing (i) the method of posting or display, (ii) the manner of communication or transmittal, including First Class or other United States mail requirements, or (iii) formatting requirements, with respect to the matters over which that agency has jurisdiction and with respect to transactions that the parties have agreed to conduct by electronic means.

2000, c. [995](#).

**§59.1-487. Attribution and effect of electronic record and electronic signature.**

(a) An electronic record or electronic signature is attributable to a person if it was the act of the person. The act of the person may be shown in any manner, including a showing of the efficacy of any security procedure applied to determine the person to which the electronic record or electronic signature was attributable.

(b) The effect of an electronic record or electronic signature attributed to a person under subsection (a) is determined from the context and surrounding circumstances at the time of its creation, execution, or adoption, including the parties' agreement, if any, and otherwise as provided by law.

2000, c. [995](#).

**§59.1-488. Effect of change or error.**

If a change or error in an electronic record occurs in a transmission between parties to a transaction, the following rules apply:

(1) If the parties have agreed to use a security procedure to detect changes or errors and one party has conformed to the procedure, but the other party has not, and the non-conforming party would have detected the change or error had that party also conformed, the conforming party may avoid the effect of the changed or erroneous electronic record.

(2) In an automated transaction involving an individual, the individual may avoid the effect of an electronic record that resulted from an error made by the individual in dealing with the electronic agent of another person if the electronic agent did not provide an opportunity for the prevention or correction of the error and, at the time the individual learns of the error, the individual:

(A) Promptly notifies the other person of the error and that the individual did not intend to be bound by the electronic record received by the other person;

(B) Takes reasonable steps, including steps that conform to the other person's reasonable instructions, to return to the other person or, if instructed by the other person, to destroy the consideration received, if any, as a result of the erroneous electronic record; and

(C) Has not used or received any benefit or value from the consideration, if any, received from the other person.

(3) If neither paragraph (1) nor paragraph (2) applies, the change or error has the effect provided by other law, including the law of mistake, and the parties' contract, if any.

(4) Paragraphs (2) and (3) may not be varied by agreement.

2000, c. [995](#).

#### **§59.1-489. Notarization and acknowledgment.**

If a law requires a signature or record to be notarized, acknowledged, verified, or made under oath, the requirement is satisfied if the electronic signature of the person authorized to perform those acts, together with all other information required to be included by other applicable law, is attached to or logically associated with the signature or record.

2000, c. [995](#).

#### **§59.1-490. Retention of electronic record.**

(a) If a law requires that a record be retained, the requirement is satisfied by retaining an electronic record of the information in the record which:

(1) Accurately reflects the information set forth in the record at the time and after it was first generated in its final form as an electronic record or otherwise; and

(2) Remains accessible for later reference.

(b) A requirement to retain a record in accordance with subsection (a) does not apply to any information the sole purpose of which is to enable the record to be sent, communicated, or received.

(c) A person may satisfy subsection (a) by using the services of another person if the requirements of that subsection are satisfied.

(d) If a law requires a record to be presented or retained in its original form, or provides consequences if the record is not presented or retained in its original form, that law is satisfied by an electronic record retained in accordance with subsection (a).

(e) If a law requires retention of a check, that requirement is satisfied by retention of an electronic record of the information on the front and back of the check in accordance with subsection (a).

(f) A record retained as an electronic record in accordance with subsection A satisfies a law requiring a person to retain a record for evidentiary, audit, or like purposes, unless a law enacted after the effective date of this chapter specifically prohibits the use of an electronic record for the specified purpose.

(g) This section does not preclude a public body of the Commonwealth from specifying additional requirements for the retention of a record subject to such public body's jurisdiction.

2000, c. [995](#).

#### **§59.1-491. Admissibility of evidence.**

(a) In any proceeding, evidence of a record or signature may not be excluded solely because it is in electronic form.

(b) In determining the evidentiary weight to be given a particular electronic signature, the trier of fact shall consider whether the electronic signature is: (i) unique to the signer, (ii) capable of verification, (iii) under the signer's sole control, (iv) linked to the record in such a manner that it can be determined if any data contained in the record was changed subsequent to the electronic signature being affixed to the record, and (v) created by a method appropriately reliable for the purpose for which the electronic signature was used. The trier of fact may consider any other relevant and probative evidence affecting the authenticity and/or validity of the electronic signature.

2000, c. [995](#).

#### **§59.1-492. Automated transactions.**

In an automated transaction, the following rules apply:

(1) A contract may be formed by the interaction of electronic agents of the parties, even if no individual was aware of or reviewed the electronic agents' actions or the resulting terms and agreements.

(2) A contract may be formed by the interaction of an electronic agent and an individual, acting on the individual's own behalf or for another person, including by an interaction in which the individual performs actions that the individual is free to refuse to perform and which the individual knows or has reason to know will cause the electronic agent to complete the transaction or performance.

(3) The terms of the contract are determined by the substantive law applicable to the contract.

2000, c. [995](#).

**§59.1-493. Time and place of sending and receipt.**

(a) Unless otherwise agreed between the sender and the recipient, an electronic record is sent when it:

(1) Is addressed properly or otherwise directed properly to an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record;

(2) Is in a form capable of being processed by that system; and

(3) Enters an information processing system outside the control of the sender or of a person that sent the electronic record on behalf of the sender or enters a region of the information processing system designated or used by the recipient which is under the control of the recipient.

(b) Unless otherwise agreed between a sender and the recipient, an electronic record is received when:

(1) It enters an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record; and

(2) It is in a form capable of being processed by that system.

(c) Subsection (b) applies even if the place the information processing system is located is different from the place the electronic record is deemed to be received under subsection (d).

(d) Unless otherwise expressly provided in the electronic record or agreed between the sender and the recipient, an electronic record is deemed to be sent from the sender's place of business and to be received at the recipient's place of business. For purposes of this subsection, the following rules apply:

(1) If the sender or recipient has more than one place of business, the place of business of that person is the place having the closest relationship to the underlying transaction.

(2) If the sender or the recipient does not have a place of business, the place of business is the sender's or recipient's residence, as the case may be.

(e) An electronic record is received under subsection (b) even if no individual is aware of its receipt.

(f) Receipt of an electronic acknowledgment from an information processing system described in subsection (b) establishes that a record was received but, by itself, does not establish that the content sent corresponds to the content received.

(g) If a person is aware that an electronic record purportedly sent under subsection (a), or purportedly received under subsection (b), was not actually sent or received, the legal effect of the sending or receipt is determined by other applicable law. Except to the extent permitted by the other law, the requirements of this subsection may not be varied by agreement.

2000, c. [995](#).

#### **§59.1-494. Transferable records.**

(a) In this section, "transferable record" means an electronic record that:

(1) Would be a note under Title 8.3A or a document under Title 8.7 if the electronic record were in writing; and

(2) The issuer of the electronic record expressly has agreed is a transferable record.

(b) A person has control of a transferable record if a system employed for evidencing the transfer of interests in the transferable record reliably establishes that person as the person to which the transferable record was issued or transferred.

(c) A system satisfies subsection (b), and a person is deemed to have control of a transferable record, if the transferable record is created, stored, and assigned in such a manner that:

(1) A single authoritative copy of the transferable record exists which is unique, identifiable, and, except as otherwise provided in subdivisions (4), (5), and (6), unalterable;

(2) The authoritative copy identifies the person asserting control as:

(A) The person to which the transferable record was issued; or

(B) If the authoritative copy indicates that the transferable record has been transferred, the person to which the transferable record was most recently transferred;

(3) The authoritative copy is communicated to and maintained by the person asserting control or its designated custodian;

(4) Copies or revisions that add or change an identified assignee of the authoritative copy can be made only with the consent of the person asserting control;

(5) Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(6) Any revision of the authoritative copy is readily identifiable as authorized or unauthorized.

(d) Except as otherwise agreed, a person having control of a transferable record is the holder, as defined in § [8.1A-201](#) (21), of the transferable record and has the same rights and defenses as a holder of an equivalent record or writing under Titles 8.1A through 8.11, including, if the applicable statutory requirements under §§ [8.3A-302](#) (a), [8.7-501](#), or § [8.9A-330](#) are satisfied, the rights and defenses of a holder in due course, a holder to which a negotiable document of title has been duly negotiated, or a purchaser, respectively. Delivery, possession, and endorsement are not required to obtain or exercise any of the rights under this subsection.

(e) Except as otherwise agreed, an obligor under a transferable record has the same rights and defenses as an equivalent obligor under equivalent records or writings under Titles 8.1A through 8.11.

(f) If requested by a person against which enforcement is sought, the person seeking to enforce the transferable record shall provide reasonable proof that the person is in control of the transferable record. Proof may include access to the authoritative copy of the transferable record and related business records sufficient to review the terms of the

transferable record and to establish the identity of the person having control of the transferable record.

2000, c. [995](#); 2001, c. [86](#); 2003, c. [353](#).

**§59.1-495. Creation and retention of electronic records and conversion of written records by public bodies of the Commonwealth.**

Upon providing protection to preserve security and confidentiality, every public body of the Commonwealth may create and retain electronic records and convert written records to electronic records.

2000, c. [995](#).

**§59.1-496. Acceptance and distribution of electronic records by public bodies; electronic filing of information permitted.**

(a) Except as otherwise provided in subsection (f) of § [59.1-490](#), and upon providing protection to preserve security and confidentiality, public bodies of the Commonwealth may (i) accept the electronic filing of any information required or permitted to be filed with such public body and (ii) prescribe the methods of executing, recording, reproducing, and certifying electronically filed information pursuant to subsection (b). Unless otherwise provided for in the Code of Virginia, electronic filing in the courts of this Commonwealth shall be governed by the Rules adopted by the Supreme Court of Virginia.

(b) To the extent that public bodies of the Commonwealth use electronic records and electronic signatures and accept electronic filings under subsection (a), the following rules apply:

(1) Public bodies of the Commonwealth may specify the manner and format in which the electronic records must be created, generated, sent, communicated, received, and stored and the systems established for those purposes;

(2) Public bodies of the Commonwealth may specify the type of electronic signature required, the manner and format in which the electronic signature must be affixed to the electronic record, and the identity of, or criteria that must be met by, any third party used by a person filing a document to facilitate the process;

(3) Public bodies of the Commonwealth may specify control processes and procedures as appropriate to ensure adequate preservation, disposition, integrity, security, confidentiality, and auditability of electronic records; and

(4) Public bodies of the Commonwealth may establish other criteria to ensure the authenticity and validity of electronic signatures.

(c) Except as otherwise provided in § [59.1-490](#) (f), this chapter does not require public bodies of the Commonwealth to use or permit the use of electronic records or signatures.

2000, c. [995](#).

**§59.1-497. Interoperability.**

A public body of the Commonwealth that adopts standards pursuant to § [59.1-496](#) and the Secretary of Administration may encourage and promote consistency and interoperability with similar requirements adopted by other public bodies of the Commonwealth, other states and the federal government and nongovernmental persons interacting with public bodies of the Commonwealth. If appropriate, those standards may specify differing levels of standards from which public bodies of the Commonwealth may choose in implementing the most appropriate standard for a particular application.

2000, c. [995](#); 2020, c. [738](#).

**§59.1-498. Reserved.**

Reserved.

## Uniform Enforcement of Foreign Judgments Act

**§8.01-465.1. Application of chapter.**

As used in this chapter "foreign judgment" means any judgment, decree, or order of a court of the United States or of any other court which is entitled to full faith and credit in this state.

1988, c. 539.

**§8.01-465.2. Filing and status of foreign judgments.**

A copy of any foreign judgment authenticated in accordance with the act of Congress or the statutes of this Commonwealth may be filed in the office of the clerk of any circuit court of any city or county of this Commonwealth upon payment of the fee prescribed in subdivision A 17 of § [17.1-275](#). The clerk shall treat the foreign judgment in the same manner as a judgment of the circuit court of any city or county of this Commonwealth. A

judgment so filed has the same effect and is subject to the same procedures, defenses and proceedings for reopening, vacating, or staying as a judgment of a circuit court of any city or county of this Commonwealth and may be enforced or satisfied in like manner.

1988, c. 539; 1990, c. 738.

**§8.01-465.3. Notice of filing.**

At the time of the filing of the foreign judgment, the judgment creditor or his lawyer shall make and file with the clerk of court an affidavit setting forth the name and last known post office address of the judgment debtor, and the judgment creditor.

Promptly upon the filing of the foreign judgment and the affidavit, the clerk shall mail notice of the filing of the foreign judgment to the judgment debtor at the address given and shall make a note of the mailing in the docket. The notice shall include the name and post office address of the judgment creditor and the judgment creditor's lawyer, if any, in the Commonwealth. In addition, the judgment creditor may mail a notice of the filing of the judgment to the judgment debtor and may file proof of mailing with the clerk. Lack of mailing notice of filing by the clerk shall not affect the enforcement proceedings if proof of mailing by the judgment creditor has been filed.

1988, c. 539.

**§8.01-465.4. Stay of enforcement.**

If the judgment debtor shows the circuit court that an appeal from the foreign judgment is pending or will be taken, or that a stay of execution has been granted, the court shall stay enforcement of the foreign judgment until the appeal is concluded, the time for appeal expires, or the stay of execution expires or is vacated, upon proof that the judgment debtor has furnished the security for the satisfaction of the judgment required by the state in which it was rendered.

If the judgment debtor shows the circuit court any ground upon which enforcement of a judgment of any court of this Commonwealth would be stayed, including the ground that an appeal from the foreign judgment is pending or will be taken, or that the time for taking such an appeal has not expired, the court shall stay enforcement of the foreign judgment for an appropriate period until all available appeals are concluded or the time for taking all appeals has expired, upon requiring the same security for satisfaction of the judgment which is required in this Commonwealth, subject to the provisions of subsections J and K of § [8.01-676.1](#).

1988, c. 539; 2000, c. [100](#).

#### **§8.01-465.5. Optional procedure.**

The right of a judgment creditor to bring an action to enforce his judgment instead of proceeding under this chapter remains unimpaired.

1988, c. 539.

## **Uniform Foreign-Money Claims Act**

#### **§8.01-465.14. Definitions.**

As used in this chapter:

"Action" means a judicial proceeding or arbitration in which a payment in money may be awarded or enforced with respect to a foreign-money claim.

"Bank-offered spot rate" means the spot rate of exchange at which a bank will sell foreign money at a spot rate.

"Conversion date" means the banking day next preceding the date on which money, in accordance with this chapter, is (i) paid to a claimant in an action or distribution proceeding; (ii) paid to the official designated by law to enforce a judgment or award on behalf of a claimant; or (iii) used to recoup, set off, or counterclaim in different moneys in an action or distribution proceeding.

"Distribution proceeding" means a judicial or nonjudicial proceeding for the distribution of a fund in which one or more foreign-money claims are asserted and includes an accounting, an assignment for the benefit of creditors, a foreclosure, the liquidation or rehabilitation of a corporation or other entity, and the distribution of an estate, trust, or other fund.

"Foreign money" means money other than money of the United States of America.

"Foreign-money claim" means a claim upon an obligation to pay, or a claim for recovery of a loss, expressed in or measured by a foreign money.

"Money" means a medium of exchange for the payment of obligations or a store of value authorized or adopted by a government or by intergovernmental agreement.

"Money of the claim" means the money determined as proper pursuant to § [8.01-465.17](#).

"Person" means an individual, a corporation, government or governmental subdivision or agency, business trust, estate, trust, joint venture, partnership, association, two or more persons having a joint or common interest, or any other legal or commercial entity.

"Rate of exchange" means the rate at which money of one country may be converted into money of another country in a free financial market convenient to or reasonably usable by a person obligated to pay or to state a rate of conversion. If separate rates of exchange apply to different kinds of transactions, the term means the rate applicable to the particular transaction giving rise to the foreign-money claim.

"Spot rate" means the rate of exchange at which foreign money is sold by a bank or other dealer in foreign exchange for immediate or next day availability or for settlement by immediate payment in cash or equivalent, by charge to an account, or by an agreed delayed settlement not exceeding two days.

"State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or insular possession subject to the jurisdiction of the United States.

1991, c. 24.

#### **§8.01-465.15. Scope.**

This chapter applies only to a foreign-money claim in an action or distribution proceeding and applies to foreign-money issues even if other law under the conflict-of-laws rules of the Commonwealth applies to other issues in the action or distribution proceeding.

1991, c. 24.

#### **§8.01-465.16. Variation by agreement.**

The effect of this chapter may be varied by agreement of the parties made before or after commencement of an action or distribution proceeding or the entry of judgment.

Parties to a transaction may agree upon the money to be used in a transaction giving rise to a foreign-money claim and may agree to use different moneys for different aspects of the transaction. Stating the price in a foreign money for one aspect of a transaction does not alone require the use of that money for other aspects of the transaction.

1991, c. 24.

#### **§8.01-465.17. Determining money of the claim.**

The money in which the parties to a transaction have agreed that payment is to be made is the proper money of the claim for payment. If the parties to a transaction have not otherwise agreed, the proper money of the claim is the money (i) regularly used between the parties as a matter of usage or course of dealing; (ii) used at the time of a transaction in international trade, by trade usage or common practice, for valuing or settling transactions in the particular commodity or service involved; or (iii) in which the loss was ultimately felt or will be incurred by the party claimant.

1991, c. 24.

**§8.01-465.18. Determining amount of the money of certain contract claims.**

A. If an amount contracted to be paid in a foreign money is measured by a specified amount of a different money, the amount to be paid is determined on the conversion date.

B. If an amount contracted to be paid in a foreign money is to be measured by a different money at the rate of exchange prevailing on a date before default, that rate of exchange applies only to payments made within a reasonable time after default, not exceeding thirty days. Thereafter, conversion is made at the bank-offered spot rate on the conversion date.

C. A monetary claim is neither usurious nor unconscionable because the agreement on which it is based provides that the amount of the debtor's obligation to be paid in the debtor's money, when received by the creditor, must equal a special amount of the foreign money of the country of the creditor. If, because of unexcused delay in payment of a judgment or award, the amount received by the creditor does not equal the amount of the foreign money specified in the agreement, the court or arbitrator shall amend the judgment or award accordingly.

1991, c. 24.

**§8.01-465.19. Asserting and defending foreign-money claim.**

A person may assert a claim in a specified foreign money. If a foreign-money claim is not asserted, the claimant makes the claim in United States dollars.

An opposing party may allege and shall prove that all or part of a claim is in a different money than that asserted by the claimant. A person may assert a defense, setoff, recoupment, or counterclaim in any money without regard to the money of other claims.

The determination of the proper money of the claim is a question of law.

1991, c. 24.

**§8.01-465.20. Judgments and awards on foreign-money claims; times of money conversion; form of judgment.**

A. A judgment or award on a foreign-money claim must be stated in an amount of the money of the claim. However, assessed costs must be entered in United States dollars. A judgment in substantially the following form complies with this subsection: [IT IS ADJUDGED AND ORDERED, that Defendant (insert name) pay to Plaintiff (insert name) the sum of (insert amount in the foreign money) plus interest on that sum at the rate of (insert rate -- see § [8.01-465.22](#)) percent a year or, at the option of the judgment debtor, the number of United States dollars which will purchase the (insert name of foreign money) with interest due, at a bank-offered spot rate at or near the close of business on the banking day next before the day of payment, together with assessed costs of (insert amount) United States dollars.]

B. A judgment or award on a foreign-money claim is payable in that foreign money or, at the option of the debtor, in the amount of United States dollars which will purchase that foreign money on the conversion date at a bank-offered spot rate.

Each payment in United States dollars must be accepted and credited on a judgment or award on a foreign-money claim in the amount of the foreign money that could be purchased by the dollars at a bank-offered spot rate of exchange at or near the close of business on the conversion date for that payment.

C. A judgment or award made in an action or distribution proceeding on both a defense, setoff, recoupment, or counterclaim and the adverse party's claim, must be netted by converting the money of the smaller into the money of the larger, and by subtracting the smaller from the larger, and shall specify the rates of exchange used.

D. If a contract claim is of the type covered by § [8.01-465.18](#) A or B, the judgment or award must be entered for the amount of money stated to measure the obligation to be paid in the money specified for payment or, at the option of the debtor, the number of United States dollars which will purchase the computed amount of the money of payment on the conversion date at a bank-offered spot rate.

E. A judgment shall be docketed and indexed in foreign money in the same manner, and has the same effect as a lien, as other judgments. It may be discharged by payment.

1991, c. 24.

**§8.01-465.21. Conversions of foreign money in distribution proceeding.**

The rate of exchange prevailing at or near the close of business on the day the distribution proceeding is initiated governs all exchanges of foreign money in a distribution proceeding. A foreign-money claimant in a distribution proceeding shall assert its claim in the named foreign money and show the amount of United States dollars resulting from a conversion as of the date the proceeding was initiated.

1991, c. 24.

**§8.01-465.22. Prejudgment and judgment interest.**

With respect to a foreign-money claim, recovery of prejudgment or preaward interest and the rate of interest to be applied in the action or distribution proceeding are matters of the substantive law governing the right to recovery under the conflict-of-laws rules of the Commonwealth.

However, the court or arbitrator shall increase or decrease the amount of prejudgment or preaward interest otherwise payable in a judgment or award in foreign money to the extent required by the law of the Commonwealth.

A judgment or award on a foreign-money claim bears interest at the rate applicable to judgments of the Commonwealth.

1991, c. 24.

**§8.01-465.23. Enforcement of foreign judgments.**

If an action is brought to enforce a judgment of another jurisdiction expressed in a foreign money and the judgment is enforceable in the Commonwealth, the enforcing judgment must be entered as provided in § [8.01-465.20](#), whether or not the foreign judgment confers an option to pay in an equivalent amount of United States dollars.

A foreign judgment may be filed in accordance with Chapter 17.1 (§ [8.01-465.1](#) et seq.) or Chapter 17.2 (§ [8.01-465.13:1](#) et seq.).

A satisfaction or partial payment made upon the foreign judgment, on proof thereof, must be credited against the amount of foreign money specified in the judgment, notwithstanding the entry of judgment in the Commonwealth.

A judgment entered on a foreign-money claim only in United States dollars in another state shall be enforced in United States dollars only.

1991, c. 24; 2014, c. [462](#).

**§8.01-465.24. Determining United States dollar value of foreign-money claims for limited purposes.**

For the limited purpose of facilitating the enforcement of provisional remedies in an action, (i) the value in United States dollars of assets to be seized or restrained pursuant to a writ of attachment, garnishment, execution, or other legal process, (ii) the amount of United States dollars at issue for assessing costs, or (iii) the amount of United States dollars involved for a surety bond or other court-required undertaking shall be ascertained by a party seeking the process, costs, bond or other undertaking as follows:

1. The amount of the foreign money claimed shall be computed from a bank-offered spot rate prevailing at or near the close of business on the banking day next preceding the filing of (i) a request or application for the issuance of process or for the determination of costs, or (ii) an application for a bond or other court-required undertaking.

2. An affidavit or certificate executed in good faith by the party's counsel or a bank officer shall be filed with each request or application, stating the market quotation used and how it was obtained, and setting forth the calculation. Affected court officials incur no liability, after a filing of the affidavit or certificate, for acting as if the judgment were in the amount of United States dollars stated in the affidavit or certificate.

Computations under this section are for the limited purposes of the section and do not affect computation of the United States dollar equivalent of the money of the judgment for the purpose of payment.

1991, c. 24.

#### **§8.01-465.25. Effect of substitution of currency by issuing authority.**

If, after an obligation is expressed or a loss is incurred in a foreign money, the country issuing or adopting that money substitutes a new money in place of that money, the obligation or the loss is treated as if expressed or incurred in the new money at the rate of conversion the issuing country establishes for the payment of like obligations or losses denominated in the former money. If such substitution occurs after a judgment or award is entered on a foreign-money claim, the court or arbitrator shall amend the judgment or award by a like conversion of the former money.

1991, c. 24.

## **Uniform Interstate Family Support Act**

#### **§20-88.32. Definitions.**

In this chapter:

"Child" means an individual, whether over or under the age of majority, who is or is alleged to be owed a duty of support by the individual's parent or who is or is alleged to be the beneficiary of a support order directed to the parent.

"Child support order" means a support order for a child, including a child who has attained the age of majority under the law of the issuing state or foreign country.

"Convention" means the Convention on the International Recovery of Child Support and Other Forms of Family Maintenance, concluded at The Hague on November 23, 2007.

"Duty of support" means an obligation imposed or imposable by law to provide support for a child, spouse, or former spouse, including an unsatisfied obligation to provide support.

"Employer" means the source of any income as defined in § [63.2-1900](#).

"Foreign country" means a country, including a political subdivision thereof, other than the United States, that authorizes the issuance of support orders and:

1. That has been declared under the law of the United States to be a foreign reciprocating country;
2. That has established a reciprocal arrangement for child support with the Commonwealth as provided in § [20-88.50](#);
3. That has enacted a law or established procedures for the issuance and enforcement of support orders which are substantially similar to the procedures under this chapter; or
4. In which the Convention is in force with respect to the United States.

"Foreign support order" means a support order of a foreign tribunal.

"Foreign tribunal" means a court, administrative agency, or quasi-judicial entity of a foreign country which is authorized to establish, enforce, or modify support orders or to determine parentage of a child. The term includes a competent authority under the Convention.

"Home state" means the state or foreign country in which a child lived with a parent or a person acting as parent for at least six consecutive months immediately preceding the time of filing of a petition or comparable pleading for support and, if a child is less than six months old, the state or foreign country in which the child lived from birth with any of them. A period of temporary absence of any of them is counted as part of the six-month or other period.

"Income" includes earnings or other periodic entitlements to money from any source and any other property subject to withholding for support under the law of the Commonwealth.

"Income-withholding order" means an order or other legal process directed to an obligor's employer or other debtor, to withhold support from the obligor's income as defined in § [63.2-1900](#).

"Initiating tribunal" means the tribunal of a state or foreign country from which a petition or comparable pleading is forwarded or in which a petition or comparable pleading is filed for forwarding to another state or foreign country.

"Issuing foreign country" means the foreign country in which a tribunal issues a support order or a judgment determining parentage of a child.

"Issuing state" means the state in which a tribunal issues a support order or a judgment determining parentage of a child.

"Issuing tribunal" means the tribunal of a state or foreign country that issues a support order or a judgment determining parentage of a child.

"Law" includes decisional and statutory law and rules and regulations having the force of law.

"Obligee" means (i) an individual to whom a duty of support is or is alleged to be owed or in whose favor a support order or a judgment determining parentage of a child has been issued, (ii) a foreign country, state, or political subdivision of a state to which the rights under a duty of support or support order have been assigned or which has independent claims based on financial assistance provided to an individual obligee in place of child support, (iii) an individual seeking a judgment determining parentage of the individual's child, or (iv) a person that is a creditor in a proceeding under Article 13 (§ [20-88.83](#) et seq.).

"Obligor" means an individual, or the estate of a decedent that (i) owes or is alleged to owe a duty of support, (ii) is alleged but has not been adjudicated to be a parent of a child, (iii) is liable under a support order, or (iv) is a debtor in a proceeding under Article 13 (§ [20-88.83](#) et seq.).

"Outside the Commonwealth" means a location in another state, political subdivision of a state, or a country other than the United States, whether or not the country is a foreign country.

"Person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, public corporation, government or governmental subdivision, agency, or instrumentality, or any other legal or commercial entity.

"Record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

"Register" means to file in a tribunal of the Commonwealth a support order or judgment determining parentage of a child issued in another state or a foreign country.

"Registering tribunal" means a tribunal in which a support order or judgment determining parentage of a child is registered.

"Responding state" means a state or a foreign country in which a petition or comparable pleading for support or to determine parentage of a child is filed or to which a petition or comparable pleading is forwarded for filing from another state or a foreign country.

"Responding tribunal" means the authorized tribunal in a responding state or foreign country.

"Spousal-support order" means a support order for a spouse or former spouse of the obligor.

"State" means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands or any territory or insular possession under the jurisdiction of the United States. The term includes an Indian nation or tribe.

"Support enforcement agency" means a public official, governmental entity, or private agency authorized to (i) seek enforcement of support orders or laws relating to the duty of support, (ii) seek establishment or modification of child support, (iii) request determination of parentage of a child, (iv) attempt to locate obligors or their assets, or (v) request determination of the controlling child support order. A support enforcement agency of the Commonwealth is not authorized to establish or enforce a support order for spousal support only.

"Support order" means a judgment, decree, order, decision, or directive, whether temporary, final, or subject to modification, issued in a state or foreign country for the benefit of a child, a spouse, or a former spouse, which provides for monetary support, health care, arrearages, retroactive support, or reimbursement for financial assistance provided to an individual obligee in place of child support. The term may include related costs and

fees, interest, income withholding, automatic adjustment, reasonable attorney's fees, and other relief.

"Tribunal" means a court, administrative agency, or quasi-judicial entity authorized to establish, enforce, or modify support orders or to determine parentage of a child; however, the support enforcement agency of the Commonwealth has no authority to establish or enforce a support order for spousal support only.

1994, c. [673](#); 1995, c. [484](#); 1996, cc. [882](#), [925](#); 1997, cc. [797](#), [897](#); 1998, c. [727](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.32:1. Uniformity of application and construction.**

In applying and construing this Uniform Interstate Family Support Act, consideration shall be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

2015, c. [727](#).

**§20-88.33. Tribunals of the Commonwealth and support enforcement agency.**

A. The juvenile and domestic relations district courts, circuit courts, and the Department of Social Services are the tribunals of the Commonwealth.

B. The Department of Social Services is the support enforcement agency of the Commonwealth.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.34. Remedies cumulative.**

A. Remedies provided by this chapter are cumulative and do not affect the availability of remedies under other law or the recognition of a foreign support order on the basis of comity.

B. This chapter does not provide the exclusive method of establishing or enforcing a support order under the law of the Commonwealth or grant a tribunal of the Commonwealth jurisdiction to render judgment or issue an order relating to child custody or visitation in a proceeding under this chapter.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.34:1. Application of chapter to resident of foreign country and foreign support proceeding.**

A. A tribunal of the Commonwealth shall apply Articles 1 through 9 (§ [20-88.32](#) et seq.) and, as applicable, Article 13 (§ [20-88.83](#) et seq.) to a support proceeding involving a

foreign support order, a foreign tribunal, or an obligee, obligor, or child residing in a foreign country.

B. A tribunal of the Commonwealth that is requested to recognize and enforce a support order on the basis of comity may apply the procedural and substantive provisions of Articles 1 through 9 (§ [20-88.32](#) et seq.).

C. Article 13 (§ [20-88.83](#) et seq.) applies only to a support proceeding under the Convention. In such a proceeding, if a provision of Article 13 is inconsistent with Articles 1 through 9 (§ [20-88.32](#) et seq.), Article 13 controls.

2015, c. [727](#).

### **§20-88.35. Bases for jurisdiction over nonresident.**

In a proceeding to establish or enforce a support order or to determine parentage of a child, a tribunal of the Commonwealth may exercise personal jurisdiction over a nonresident individual or the individual's guardian or conservator if:

1. The individual is personally served with process within the Commonwealth;
2. The individual submits to the jurisdiction of the Commonwealth by consent, by entering a general appearance, or by filing a responsive document having the effect of waiving any contest to personal jurisdiction;
3. The individual resided with the child in the Commonwealth;
4. The individual resided in the Commonwealth and paid prenatal expenses or provided support for the child;
5. The child resides in the Commonwealth as a result of the acts or directives of the individual;
6. The individual engaged in sexual intercourse in the Commonwealth and the child may have been conceived by the act of intercourse;
7. The individual asserted parentage of a child in the Virginia Birth Father Registry maintained in the Commonwealth by the Department of Social Services;
8. The exercise of personal jurisdiction is authorized under subdivision A 8 of § [8.01-328.1](#); or
9. There is any other basis consistent with the constitutions of the Commonwealth and the United States for the exercise of personal jurisdiction.

The bases of personal jurisdiction set forth in this section or any other law of the Commonwealth may not be used to acquire personal jurisdiction for a tribunal of the Commonwealth to modify a child support order issued by a tribunal of another state unless the requirements of § [20-88.76](#) or [20-88.77:3](#) are met.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#); 2017, c. [200](#).

**§20-88.36. Duration of personal jurisdiction.**

Personal jurisdiction acquired by a tribunal of the Commonwealth in a proceeding under this chapter or other law of the Commonwealth relating to a support order continues as long as a tribunal of the Commonwealth has continuing, exclusive jurisdiction to modify its order or continuing jurisdiction to enforce its order as provided by §§ [20-88.39](#), [20-88.40](#) and [20-88.43:2](#).

1994, c. [673](#); 1995, c. [484](#); 2005, c. [754](#).

**§20-88.37. Initiating and responding tribunal of the Commonwealth.**

Under this chapter, a tribunal of the Commonwealth may serve as an initiating tribunal to forward proceedings to a tribunal of another state and as a responding tribunal for proceedings initiated in another state or a foreign country.

1994, c. [673](#); 2015, c. [727](#).

**§20-88.38. Simultaneous proceedings in another state.**

A. A tribunal of the Commonwealth may exercise jurisdiction to establish a support order if the petition or comparable pleading is filed after a pleading is filed in another state or foreign country only if:

1. The petition or comparable pleading in the Commonwealth is filed before the expiration of the time allowed in the other state or the foreign country for filing a responsive pleading challenging the exercise of jurisdiction by the other state or the foreign country;
2. The contesting party timely challenges the exercise of jurisdiction in the other state or the foreign country; and
3. If relevant, the Commonwealth is the home state of the child.

B. A tribunal of the Commonwealth may not exercise jurisdiction to establish a support order if the petition or comparable pleading is filed before a petition or comparable pleading is filed in another state or foreign country if:

1. The petition or comparable pleading in the other state or foreign country is filed before the expiration of the time allowed in the Commonwealth for filing a responsive pleading challenging the exercise of jurisdiction by the Commonwealth;
2. The contesting party timely challenges the exercise of jurisdiction in the Commonwealth; and
3. If relevant, the other state or foreign country is the home state of the child.

1994, c. [673](#); 2015, c. [727](#).

**§20-88.39. Continuing, exclusive jurisdiction to modify child support order.**

A. A tribunal of the Commonwealth that has issued a child support order consistent with the law of the Commonwealth has and shall exercise continuing, exclusive jurisdiction to modify its child support order if the order is the controlling order, and:

1. At the time of the filing of a request for modification, the Commonwealth is the residence of the obligor, the individual obligee, or the child for whose benefit the support order is issued; or
2. Even if the Commonwealth is not the residence of the obligor, the individual obligee, or the child for whose benefit the support order is issued, the parties consent in a record that the tribunal of the Commonwealth may continue to exercise its jurisdiction to modify its order.

B. A tribunal of the Commonwealth that has issued a child support order consistent with the law of the Commonwealth may not exercise continuing, exclusive jurisdiction to modify the order if:

1. All of the parties who are individuals file consent in a record with the tribunal of the Commonwealth that a tribunal of another state that has jurisdiction over at least one of the parties who is an individual or who is located in the state of residence of the child may modify the order and assume continuing, exclusive jurisdiction; or
2. Its order is not the controlling order.

C. If a tribunal of another state has issued a child support order pursuant to this chapter or a law substantially similar to this chapter that modifies a child support order of a tribunal of the Commonwealth, tribunals of the Commonwealth shall recognize the continuing, exclusive jurisdiction of the tribunal of the other state.

D. A tribunal of the Commonwealth that lacks continuing, exclusive jurisdiction to modify a child support order may serve as an initiating tribunal to request a tribunal of another state to modify a support order issued in that state.

E. A temporary support order issued ex parte or pending resolution of a jurisdictional conflict does not create continuing, exclusive jurisdiction in the issuing tribunal.

F. The support enforcement agency of the Commonwealth is not authorized to establish or enforce a support order for spousal support only.

1994, c. [673](#); 1996, cc. [882](#), [925](#); 1997, cc. [797](#), [897](#); 2005, c. [754](#).

#### **§20-88.40. Continuing jurisdiction to enforce child support order.**

A. A tribunal of the Commonwealth that has issued a child support order consistent with the law of the Commonwealth may serve as an initiating tribunal to request a tribunal of another state to enforce:

1. The order if the order is the controlling order and has not been modified by a tribunal of another state that assumed jurisdiction pursuant to this chapter; or

2. A money judgment for arrears of support and interest on the order accrued before a determination that an order of a tribunal of another state is the controlling order.

B. A tribunal of the Commonwealth having continuing jurisdiction over a support order may act as a responding tribunal to enforce the order.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

#### **§20-88.41. Determination of controlling child support order.**

A. If a proceeding is brought under this chapter and only one tribunal has issued a child support order, the order of that tribunal controls and shall be so recognized.

B. If a proceeding is brought under this chapter, and two or more child support orders have been issued by tribunals of the Commonwealth or another state or foreign country with regard to the same obligor and same child, a tribunal of the Commonwealth having personal jurisdiction over both the obligor and individual obligee shall apply the following rules and by order shall determine which order controls and must be recognized:

1. If only one of the tribunals would have continuing, exclusive jurisdiction under this chapter, the order of that tribunal controls.

2. If more than one of the tribunals would have continuing, exclusive jurisdiction under this chapter, (i) an order issued by a tribunal in the current home state of the child

controls, or (ii) if an order has not been issued in the current home state of the child, the order most recently issued controls.

3. If none of the tribunals would have continuing, exclusive jurisdiction under this chapter, a tribunal of the Commonwealth shall issue a child support order, which controls.

C. If two or more child support orders have been issued for the same obligor and same child, upon request of a party who is an individual or a support enforcement agency, a tribunal of the Commonwealth having personal jurisdiction over both the obligor and the obligee who is an individual shall determine which order controls under subsection B. The request may be filed with a registration for enforcement or registration for modification pursuant to Articles 8 (§ [20-88.66](#) et seq.) and 9 (§ [20-88.74](#) et seq.) or may be filed as a separate proceeding.

D. A request to determine which is the controlling order shall be accompanied by a copy of every child support order in effect and the applicable record of payments. The requesting party shall give notice of the request to each party whose rights may be affected by the determination.

E. The tribunal that issued the controlling order under subsection A, B or C has continuing jurisdiction to the extent provided in § [20-88.39](#) or [20-88.40](#).

F. A tribunal of the Commonwealth that determines by order which is the controlling order under subdivision B 1 or B 2 or under subsection C or that issues a new controlling order under subdivision B 3 shall state in that order:

1. The basis upon which the tribunal made its determination;
2. The amount of prospective support, if any; and
3. The total amount of consolidated arrears and accrued interest, if any, under all of the orders after all payments made are credited as provided by § [20-88.43](#).

G. Within 30 days after issuance of an order determining which is the controlling order, the party obtaining that order shall file a certified copy of it in each tribunal that had issued or registered an earlier order of child support. A party or support enforcement agency obtaining the order that fails to file a certified copy is subject to appropriate sanctions by a tribunal in which the issue of failure arises. The failure to file does not affect the validity or enforceability of the controlling order.

H. An order that has been determined to be the controlling order, or a judgment for consolidated arrears of support and interest, if any, made pursuant to this section shall be recognized in proceedings under this chapter.

1994, c. [673](#); 1997, cc. [797](#), [897](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.42. Child support orders for two or more obligees.**

In responding to registrations or petitions for enforcement of two or more child support orders in effect at the same time with regard to the same obligor and different individual obligees, at least one of which was issued by a tribunal of another state or a foreign country, a tribunal of the Commonwealth shall enforce those orders in the same manner as if the orders had been issued by a tribunal of the Commonwealth.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.43. Credit for payments.**

A tribunal of the Commonwealth shall credit amounts collected for a particular period pursuant to any child support order against the amounts owed for the same period under any other child support order for support of the same child issued by a tribunal of this or another state or a foreign country.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.43:1. Application to nonresident subject to personal jurisdiction.**

A tribunal of the Commonwealth exercising personal jurisdiction over a nonresident in a proceeding under this chapter, under other law of the Commonwealth relating to a support order, or recognizing a foreign support order may receive evidence from outside the Commonwealth pursuant to § [20-88.59](#), communicate with a tribunal of another state outside the Commonwealth pursuant to § [20-88.60](#) and obtain discovery through a tribunal outside the Commonwealth pursuant to § [20-88.61](#). In all other respects, Articles 5 through 9 (§ [20-88.44](#) et seq.) do not apply and the tribunal shall apply the procedural and substantive law of the Commonwealth.

2005, c. [754](#); 2015, c. [727](#).

**§20-88.43:2. Continuing, exclusive jurisdiction to modify spousal support order.**

A. A court of the Commonwealth issuing a spousal support order consistent with the law of the Commonwealth has continuing, exclusive jurisdiction to modify the spousal support order throughout the existence of the support obligation.

B. A court of the Commonwealth may not modify a spousal support order issued by a tribunal of another state or a foreign country having continuing, exclusive jurisdiction over that order under the law of that state or foreign country.

C. A court of the Commonwealth that has continuing, exclusive jurisdiction over a spousal support order may serve as:

1. An initiating court to request a tribunal of another state to enforce the spousal support order issued in the Commonwealth; or

2. A responding court to enforce or modify its own spousal support order.

2005, c. [754](#); 2015, c. [727](#).

#### **§20-88.44. Proceedings under this chapter.**

A. Except as otherwise provided in this chapter, this article applies to all proceedings under this chapter.

B. An individual or a support enforcement agency may initiate a proceeding authorized under this chapter by filing a petition in an initiating tribunal for forwarding to a responding tribunal or by filing a petition or a comparable pleading directly in a tribunal of another state or foreign country that has or can obtain personal jurisdiction over the respondent.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

#### **§20-88.45. Action by minor parent.**

A minor parent, or a guardian or other legal representative of a minor parent, may maintain a proceeding on behalf of or for the benefit of the minor's child.

1994, c. [673](#).

#### **§20-88.46. Application of law of the Commonwealth.**

Except as otherwise provided in this chapter, a responding tribunal of the Commonwealth shall apply the procedural and substantive law generally applicable to similar proceedings originating in the Commonwealth and may exercise all powers and provide all remedies available in those proceedings.

A responding tribunal of the Commonwealth shall determine the duty of support and the amount payable in accordance with the law and support guidelines of the Commonwealth.

1994, c. [673](#); 2005, c. [754](#).

**§20-88.47. Duties of initiating tribunal.**

A. Upon the filing of a petition authorized by this chapter, an initiating tribunal of the Commonwealth shall forward the petition and its accompanying documents (i) to the responding tribunal or appropriate support enforcement agency in the responding state or, (ii) if the identity of the responding tribunal is unknown, to the state information agency of the responding state with a request that they be forwarded to the appropriate tribunal and that receipt be acknowledged.

B. If requested by the responding tribunal, a tribunal of the Commonwealth shall issue a certificate or other documents and make findings required by the law of the responding state. If the responding tribunal is in a foreign country, upon request the tribunal of the Commonwealth shall specify the amount of support sought, convert that amount into the equivalent amount in the foreign currency under applicable official or market exchange rate as publicly reported, and provide any other documents necessary to satisfy the requirements of the responding foreign tribunal.

1994, c. [673](#); 1997, cc. [797](#), [897](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.48. Duties and powers of responding tribunal.**

A. When a responding tribunal of the Commonwealth receives a petition or comparable pleading from an initiating tribunal or directly pursuant to subsection B of § [20-88.44](#), it shall cause the petition or pleading to be filed and notify the petitioner where and when it was filed. An order for spousal support only shall be forwarded to the appropriate juvenile and domestic relations court.

B. A responding tribunal of the Commonwealth, to the extent not prohibited by other law, may do one or more of the following:

1. Establish or enforce a support order, modify a child support order, determine the controlling child support order, or determine parentage of a child;
2. Order an obligor to comply with a support order, specifying the amount and the manner of compliance;
3. Order income withholding;
4. Determine the amount of any arrearages, and specify a method of payment;
5. Enforce orders by civil or criminal contempt, or both;
6. Set aside property for satisfaction of the support order;
7. Place liens and order execution on the obligor's property;

8. Order an obligor to keep the tribunal informed of the obligor's current residential address, electronic mail address, telephone number, employer, address of employment, and telephone number at the place of employment;
9. Issue a capias for an obligor who has failed after proper notice to appear at a hearing ordered by the tribunal and enter the capias in any local and state computer systems for criminal warrants;
10. Order the obligor to seek appropriate employment by specified methods;
11. Award reasonable attorney's fees and other fees and costs; and
12. Grant any other available remedy.

C. A responding tribunal of the Commonwealth shall include in a support order issued under this chapter, or in the documents accompanying the order, the calculations on which the support order is based.

D. A responding tribunal of the Commonwealth may not condition the payment of a support order issued under this chapter upon compliance by a party with provisions for visitation.

E. If a responding tribunal of the Commonwealth issues an order under this chapter, the tribunal shall promptly send a copy of the order to the petitioner and the respondent and to the initiating tribunal, if any.

F. If requested to enforce a support order, arrears, or judgment or modify a support order stated in a foreign currency, a responding tribunal of the Commonwealth shall convert the amount stated in the foreign currency to the equivalent amount in U.S. dollars under the applicable official or market exchange rate as publicly reported.

1994, c. [673](#); 1996, cc. [882](#), [925](#); 1997, cc. [797](#), [897](#); 2005, c. [754](#); 2015, c. [727](#).

#### **§20-88.49. Inappropriate tribunal.**

If a petition or comparable pleading is received by an inappropriate tribunal of this Commonwealth, it shall forward the pleading and accompanying documents to an appropriate tribunal in this Commonwealth or another state, and notify the petitioner where and when the pleading was sent.

1994, c. [673](#); 1997, cc. [797](#), [897](#).

#### **§20-88.50. Duties of support enforcement agency.**

A. A support enforcement agency of the Commonwealth, upon request, shall provide services to a petitioner in a proceeding under this chapter.

B. In a proceeding under this chapter, a support enforcement agency of the Commonwealth that is providing services to the petitioner shall:

1. Take all steps necessary to enable an appropriate tribunal of the Commonwealth, another state, or a foreign country to obtain jurisdiction over the respondent;
2. Request an appropriate tribunal to set a date, time, and place for a hearing;
3. Make a reasonable effort to obtain all relevant information, including information as to income and property of the parties;
4. Within two days, exclusive of Saturdays, Sundays, and legal holidays, after receipt of a written notice in a record from an initiating, responding, or registering tribunal, send a copy of the notice to the petitioner;
5. Within two days, exclusive of Saturdays, Sundays, and legal holidays, after receipt of a written communication in a record from the respondent or the respondent's attorney, send a copy of the communication to the petitioner; and
6. Notify the petitioner if jurisdiction over the respondent cannot be obtained.

C. A support enforcement agency of the Commonwealth that requests registration of a child support order in the Commonwealth for enforcement or for modification shall make reasonable efforts to ensure that:

1. The order to be registered is the controlling order; or
2. If two or more child support orders exist and the identity of the controlling order has not been determined, a request for such a determination is made in a tribunal having jurisdiction to do so.

D. A support enforcement agency of the Commonwealth that requests registration and enforcement of a support order, arrears, or judgment stated in a foreign currency shall convert the amounts stated in the foreign currency into the equivalent amounts in U.S. dollars under the applicable official or market exchange rate as publicly reported.

E. A support enforcement agency of the Commonwealth shall issue or request a tribunal of the Commonwealth to issue a child support order and an income-withholding order that redirects payment of current support, arrears, and interest to a support enforcement

agency of the Commonwealth if requested to do so by a support enforcement agency of another state pursuant to § [20-88.62](#).

F. This chapter does not create a relationship of attorney and client or other fiduciary relationship between a support enforcement agency or the attorney for the agency and the individual being assisted by the agency.

1994, c. [673](#); 1997, cc. [797](#), [897](#); 2005, c. [754](#); 2015, c. [727](#).

#### **§20-88.51. Duty of Secretary of Health and Human Resources.**

A. If the Secretary of Health and Human Resources determines that the support enforcement agency is neglecting or refusing to provide services to an individual, he may order the agency to perform its duties under this chapter or may provide those services directly to the individual.

B. The Secretary of Health and Human Resources may determine that a foreign country has established a reciprocal arrangement for child support with the Commonwealth and take appropriate action for notification of the determination.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

#### **§20-88.52. Private counsel.**

An individual may employ private counsel to represent the individual in proceedings authorized by this chapter.

1994, c. [673](#).

#### **§20-88.53. Duties of state information agency.**

A. The Department of Social Services is the state information agency under this chapter.

B. The state information agency shall:

1. Compile and maintain a current list, including addresses, of the tribunals in the Commonwealth that have jurisdiction under this chapter and any support enforcement agencies in the Commonwealth and transmit a copy to the state information agency of every other state;

2. Maintain a register of names and addresses of tribunals and support enforcement agencies received from other states;

3. Forward to the appropriate tribunal in the county or city in the Commonwealth in which the obligee who is an individual or the obligor resides, or in which the obligor's property

is believed to be located, all documents concerning a proceeding under this chapter received from another state or a foreign country; and

4. Obtain information concerning the location of the obligor and the obligor's property within the Commonwealth not exempt from execution, by such means as postal verification and federal or state locator services, examination of telephone directories, requests for the obligor's address from employers, and examination of governmental records, including, to the extent not prohibited by other law, those relating to real property, vital statistics, law enforcement, taxation, motor vehicles, driver's licenses, and social security.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.54. Pleadings and accompanying documents.**

A. In a proceeding under this chapter, a petitioner seeking to establish a support order, to determine parentage of a child, or to register and modify a support order of a tribunal of another state or a foreign country shall file a petition. Unless otherwise ordered under § [20-88.55](#), the petition or accompanying documents shall provide, so far as known, the name, residential address, and social security numbers of the obligor and the obligee or the parent and alleged parent, and the name, sex, residential address, social security number, and date of birth of each child for whose benefit support is sought or whose parentage is to be determined. Unless filed at the time of registration, the petition shall be accompanied by a copy of any support order known to have been issued by another tribunal. The petition may include any other information that may assist in locating or identifying the respondent.

B. The petition shall specify the relief sought. The petition and accompanying documents shall conform substantially with the requirements imposed by the forms mandated by federal law for use in cases filed by a support enforcement agency.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.55. Nondisclosure of information in exceptional circumstances.**

Upon a finding, which may be made ex parte, that the health, safety, or liberty of a party or child would be unreasonably put at risk by the disclosure of identifying information, or if an existing order so provides, a tribunal shall order that the address of the child or party or other identifying information not be disclosed in a pleading or other document filed in a proceeding under this chapter.

1994, c. [673](#).

**§20-88.56. Costs and fees.**

A. The petitioner may not be required to pay a filing fee or other costs.

B. If an obligee prevails, a responding tribunal of the Commonwealth may assess against an obligor filing fees, reasonable attorney's fees, other costs, and necessary travel and other reasonable expenses incurred by the obligee and the obligee's witnesses. The tribunal may not assess fees, costs, or expenses against the obligee or the support enforcement agency of either the initiating or the responding state or foreign country, except as provided by other law. Attorney's fees may be taxed as costs, and may be ordered paid directly to the attorney, who may enforce the order in the attorney's own name. Payment of support owed to the obligee has priority over fees, costs and expenses.

C. The tribunal shall order the payment of costs and reasonable attorney's fees if it determines that a hearing was requested primarily for delay. In a proceeding under Articles 8 (§ [20-88.66](#) et seq.) and 9 (§ [20-88.74](#) et seq.), a hearing is presumed to have been requested primarily for delay if a registered support order is confirmed or enforced without change.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.57. Limited immunity of petitioner.**

A. Participation by a petitioner in a proceeding under this chapter before a responding tribunal, whether in person, by private attorney, or through services provided by the support enforcement agency, does not confer personal jurisdiction over the petitioner in another proceeding.

B. A petitioner is not amenable to service of civil process while physically present in the Commonwealth to participate in a proceeding under this chapter.

C. The immunity granted by this section does not extend to civil litigation based on acts unrelated to a proceeding under this chapter committed by a party while present in the Commonwealth to participate in the proceeding.

1994, c. [673](#); 2005, c. [754](#).

**§20-88.58. Nonparentage as defense.**

A party whose parentage of a child has been previously determined by or pursuant to law may not plead nonparentage as a defense to a proceeding under this chapter.

1994, c. [673](#).

**§20-88.59. Special rules of evidence and procedure.**

A. The physical presence of a nonresident party who is an individual in a tribunal of the Commonwealth is not required for the establishment, enforcement, or modification of a support order or the rendition of a judgment determining parentage of a child.

B. An affidavit, a document substantially complying with federally mandated forms, or a document incorporated by reference in any of them that would not be excluded under the hearsay rule if given in person is admissible in evidence if given under penalty of perjury by a party or witness residing outside the Commonwealth.

C. A copy of the record of child support payments certified as a true copy of the original by the custodian of the record may be forwarded to a responding tribunal. The copy is evidence of facts asserted in it and is admissible to show whether payments were made.

D. Copies of bills for testing for parentage of a child, and for prenatal and postnatal health care of the mother and child, furnished to the adverse party at least 10 days before trial, are admissible in evidence to prove the amount of the charges billed and that the charges were reasonable, necessary, and customary.

E. Documentary evidence transmitted from outside the Commonwealth to a tribunal of the Commonwealth by telephone, telecopier, or other electronic means that does not provide an original record may not be excluded from evidence upon an objection based on the means of transmission.

F. In a proceeding under this chapter, a tribunal of the Commonwealth shall permit a party or witness residing outside the Commonwealth to be deposed or to testify under penalty of perjury by telephone, audiovisual means, or other electronic means at a designated tribunal or other location. A tribunal of the Commonwealth shall cooperate with other tribunals in designating an appropriate location for the deposition or testimony.

G. If a party called to testify at a civil hearing refuses to answer on the ground that the testimony may be self-incriminating, the trier of fact may draw an adverse inference from the refusal.

H. A privilege against disclosure of communication between spouses does not apply in a proceeding under this chapter.

I. The defense of immunity based on the relationship between spouses or of parent and child does not apply in a proceeding under this chapter.

J. A voluntary acknowledgment of paternity, certified as a true copy, is admissible to establish parentage of the child.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#); 2020, c. [900](#).

**§20-88.60. Communications between tribunals.**

A tribunal of the Commonwealth may communicate with a tribunal outside the Commonwealth in a record, or by telephone, electronic mail, or other means, to obtain information concerning the laws, the legal effect of a judgment, decree, or order of that tribunal; and the status of a proceeding. A tribunal of the Commonwealth may furnish similar information by similar means to a tribunal outside the Commonwealth.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.61. Assistance with discovery.**

A tribunal of the Commonwealth may (i) request a tribunal outside the Commonwealth to assist in obtaining discovery and (ii) upon request, compel a person over which it has jurisdiction to respond to a discovery order issued by a tribunal outside the Commonwealth.

1994, c. [673](#); 2015, c. [727](#).

**§20-88.62. Receipt and disbursement of payments.**

A. A support enforcement agency or tribunal of the Commonwealth shall disburse promptly any amounts received pursuant to a support order, as directed by the order. The support enforcement agency or tribunal shall furnish to a requesting party or tribunal of another state or a foreign country a certified statement by the custodian of the record of the amounts and dates of all payments received.

B. If neither the obligor, nor the obligee who is an individual, nor the child resides in the Commonwealth, upon request from the support enforcement agency of the Commonwealth or another state, the support enforcement agency of the Commonwealth or a tribunal of the Commonwealth shall:

1. Order that the support payment be made to the support enforcement agency in the state in which the obligee is receiving services; and
2. Issue and send to the obligor's employer a conforming income-withholding order or an administrative notice of change of payee, reflecting the redirected payments.

C. The support enforcement agency of the Commonwealth receiving redirected payments from another state pursuant to a law similar to subsection B shall furnish to a

requesting party or tribunal of the other state a certified statement by the custodian of the record of the amount and dates of all payments received.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.63. Establishment of support order.**

A. If a support order entitled to recognition under this chapter has not been issued, a responding tribunal of the Commonwealth with personal jurisdiction over the parties may issue a support order if (i) the individual seeking the order resides outside the Commonwealth or (ii) the support enforcement agency seeking the order is located outside the Commonwealth.

B. The tribunal may issue a temporary child support order if the tribunal determines that such an order is appropriate and the individual ordered to pay is:

1. A presumed father of the child;
2. Petitioning to have his paternity adjudicated;
3. Identified as the father of the child through genetic testing;
4. An alleged father who has declined to submit to genetic testing;
5. Shown by clear and convincing evidence to be the father of the child;
6. An acknowledged father as provided by applicable state law;
7. The mother of the child; or
8. An individual who has been ordered to pay child support in a previous proceeding and the order has not been reversed or vacated.

C. Upon finding, after notice and opportunity to be heard, that an obligor owes a duty of support, the tribunal shall issue a support order directed to the obligor and may issue other orders pursuant to § [20-88.48](#).

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.63:1. Proceeding to determine parentage.**

A tribunal of the Commonwealth authorized to determine parentage of a child may serve as a responding tribunal in a proceeding to determine parentage of a child brought under this chapter or a law or procedure substantially similar to this chapter.

2015, c. [727](#).

**§20-88.64. Employer's receipt of income-withholding order of another state.**

An income-withholding order issued in another state may be sent by or on behalf of the obligee, or by the support enforcement agency, to the person or entity defined as the obligor's employer as defined in § [63.2-1900](#) under the income-withholding law of the Commonwealth without first filing a petition or comparable pleading or registering the order with a tribunal of the Commonwealth.

1994, c. [673](#); 1997, cc. [797](#), [897](#); 1998, c. [727](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.64:1. Employer's compliance with income-withholding order of another state.**

A. Upon receipt of an income-withholding order, the obligor's employer shall immediately provide a copy of the order to the obligor. The employer shall treat an income-withholding order issued in another state which appears regular on its face as if it had been issued by a tribunal of the Commonwealth.

B. Except as provided in subsection C and § [20-88.64:2](#), the employer shall withhold and distribute the funds as directed in the withholding order by complying with the terms of the order, as applicable, that specify:

1. The duration and amount of periodic payments of current child support, stated as a sum certain;
2. The individual or support enforcement agency designated to receive payments and the address to which the payments are to be forwarded;
3. Medical support, whether in the form of periodic cash payments, stated as a sum certain or ordering the obligor to provide health insurance coverage for the child under a policy available through the obligor's employer;
4. The amount of periodic payments of fees and costs for a support enforcement agency, the issuing tribunal, and the obligee's attorney, stated as sums certain; and
5. The amount of periodic payments of arrearages and interest on arrearages, stated as sums certain.

C. An employer shall comply with the law of the state of the obligor's principal place of employment for withholding from income with respect to:

1. The employer's fee for processing an income-withholding order;
2. The maximum amount permitted to be withheld from the obligor's income; and
3. The times within which the employer shall implement the withholding order and forward the child support payment.

1997, cc. [797](#), [897](#); 2005, c. [754](#).

**§20-88.64:2. Compliance with two or more income-withholding orders.**

If an obligor's employer receives two or more income-withholding orders with respect to the earnings of the same obligor, the employer satisfies the terms of the orders if the employer complies with the law of the state of the obligor's principal place of employment to establish priorities for withholding and allocating income withheld for two or more child support obligees.

1997, cc. [797](#), [897](#); 2005, c. [754](#).

**§20-88.64:3. Immunity from civil liability.**

An employer that complies with an income-withholding order issued in another state in accordance with this article is not subject to civil liability to an individual or agency with regard to the employer's withholding child support from the obligor's income.

1997, cc. [797](#), [897](#); 2015, c. [727](#).

**§20-88.64:4. Penalties for noncompliance.**

An employer that willfully fails to comply with an income-withholding order issued in another state and received for enforcement is subject to the same penalties that may be imposed for noncompliance with an order issued by a tribunal of the Commonwealth.

1997, cc. [797](#), [897](#); 2015, c. [727](#).

**§20-88.64:5. Contest by obligor.**

A. An obligor may contest the validity or enforcement of an income-withholding order issued in another state and received directly by an employer in the Commonwealth by registering the order in a tribunal of the Commonwealth and filing a contest to that order as provided in this chapter or otherwise contesting the order in the same manner as if the order had been issued by a tribunal of the Commonwealth.

B. The obligor shall give notice of the contest to (i) a support enforcement agency providing services to the obligee, (ii) each employer that has directly received an income-withholding order relating to the obligor, and (iii) the support enforcement agency designated to receive payments in the income-withholding order.

1997, cc. [797](#), [897](#); 2005, c. [754](#).

**§20-88.65. Administrative enforcement of orders.**

A. A party or support enforcement agency seeking to enforce a foreign support order, or a support order or an income-withholding order, or both, issued in another state, may

send the documents required for registering the order to a support enforcement agency of the Commonwealth.

B. Upon receipt of the documents, the support enforcement agency, without initially seeking to register the order, shall consider and, if appropriate, use any administrative procedure authorized by the law of the Commonwealth to enforce a support order or an income-withholding order, or both. If the obligor does not contest administrative enforcement, the order need not be registered. If the obligor contests the validity or administrative enforcement of the order, the support enforcement agency shall register the order pursuant to this chapter.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.66. Registration of order for enforcement.**

A foreign support order, or a support order or an income-withholding order issued in another state, may be registered in the Commonwealth for enforcement.

1994, c. [673](#); 2015, c. [727](#).

**§20-88.67. Procedure to register order for enforcement.**

A. Except as provided in § [20-88.88](#), a foreign support order or a support order or income-withholding order of another state may be registered in the Commonwealth by sending the following records to the appropriate tribunal in the Commonwealth:

1. A letter of transmittal to the tribunal requesting registration and enforcement;
2. Two copies, including one certified copy, of the order to be registered, including any modification of the order;
3. A sworn statement by the party requesting registration or a certified statement by the custodian of the records showing the amount of any arrearage;
4. The name of the obligor and, if known, (i) the obligor's address and social security number, (ii) the name and address of the obligor's employer and any other source of income of the obligor, and (iii) a description and the location of property of the obligor in the Commonwealth not exempt from execution; and
5. Except as otherwise provided in § [20-88.55](#), the name and address of the obligee and, if applicable, the support enforcement agency to whom support payments are to be remitted.

B. On receipt of a request for registration, the registering tribunal shall cause the order to be filed as an order of a tribunal of another state or a foreign support order, together with one copy of the documents and information, regardless of their form.

C. A petition or comparable pleading seeking a remedy that shall be affirmatively sought under other law of the Commonwealth may be filed at the same time as the request for registration or later. The pleading shall specify the grounds for the remedy sought.

D. If two or more orders are in effect, the individual or support enforcement agency requesting registration shall:

1. Furnish to the tribunal a copy of every support order asserted to be in effect in addition to the documents specified in this section;
2. Specify the order alleged to be the controlling order, if any; and
3. Specify the amount of consolidated arrears, if any.

E. A request for a determination of which is the controlling order may be filed separately or with a request for registration and enforcement or for registration and modification. The individual or support enforcement agency requesting registration shall give notice of the request to each party whose rights may be affected by the determination.

1994, c. [673](#); 1995, c. [484](#); 2005, c. [754](#); 2015, c. [727](#).

#### **§20-88.68. Effect of registration for enforcement.**

A. A support order or income-withholding order issued in another state or a foreign support order is registered when the order is filed in the registering tribunal of the Commonwealth.

B. A registered support order issued in another state or in a foreign country is enforceable in the same manner and is subject to the same procedures as an order issued by a tribunal of the Commonwealth.

C. Except as otherwise provided in this chapter, a tribunal of the Commonwealth shall recognize and enforce, but may not modify, a registered order if the issuing tribunal had jurisdiction.

1994, c. [673](#); 2015, c. [727](#).

#### **§20-88.69. Choice of law; statute of limitations.**

A. Except as otherwise provided in subsection D, the law of the issuing state or foreign country governs (i) the nature, extent, amount, and duration of current payments under a

registered support order; (ii) the computation and payment of arrearages and accrual of interest on the arrearages under the support order; and (iii) the existence and satisfaction of other obligations under the support order.

B. In a proceeding for arrears under a registered support order, the statute of limitations of the Commonwealth or of the issuing state or foreign country, whichever is longer, applies.

C. A responding tribunal of the Commonwealth shall apply the procedures and remedies of the Commonwealth to enforce current support and collect arrears and interest due on a support order of another state or a foreign country registered in the Commonwealth.

D. After a tribunal of the Commonwealth or another state determines which is the controlling order and issues an order consolidating arrears, if any, a tribunal of the Commonwealth shall prospectively apply the law of the state or foreign country issuing the controlling order, including its law on interest on arrears, on current and future support, and on consolidated arrears.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.70. Notice of registration of order; contest of validity or enforcement.**

A. When a support order or income-withholding order issued in another state or a foreign support order is registered, the registering tribunal of the Commonwealth shall notify the nonregistering party. The notice shall be accompanied by a copy of the registered order and the documents and relevant information accompanying the order.

B. A notice shall inform the nonregistering party:

1. That a registered order is enforceable as of the date of registration in the same manner as an order issued by a tribunal of the Commonwealth;
2. That a hearing to contest the validity or enforcement of the registered order shall be requested within 20 days after the notice unless the registered order is under § [20-88.89](#);
3. That failure to contest the validity or enforcement of the registered order in a timely manner will result in confirmation of the order and enforcement of the order and the alleged arrearages and precludes further contest of that order with respect to any matter that could have been asserted; and
4. Of the amount of any alleged arrearages.

C. If the registering party asserts that two or more orders are in effect, a notice shall also:

1. Identify the two or more orders and the order alleged by the party to be the controlling order and the consolidated arrears, if any;
2. Notify the nonregistering party of the right to a determination of which is the controlling order;
3. State that the procedures provided in subsection B apply to the determination of which is the controlling order; and
4. State that failure to contest the validity or enforcement of the order alleged to be the controlling order in a timely manner may result in confirmation that the order is the controlling order.

D. Upon registration of an income-withholding order for enforcement, the support enforcement agency or the registering tribunal shall notify the obligor's employer pursuant to the income-withholding for support law of the Commonwealth.

1994, c. [673](#); 1997, cc. [797](#), [897](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.71. Procedure to contest validity or enforcement of registered support order.**

A. A nonregistering party seeking to contest the validity or enforcement of a registered support order in the Commonwealth shall request a hearing within the time required by § [20-88.70](#). The nonregistering party may seek to vacate the registration, to assert any defense to an allegation of noncompliance with the registered order, or to contest the remedies being sought or the amount of any alleged arrearages pursuant to § [20-88.72](#).

B. If the nonregistering party fails to contest the validity or enforcement of the registered support order in a timely manner, the order is confirmed by operation of law.

C. If a nonregistering party requests a hearing to contest the validity or enforcement of the registered support order, the registering tribunal shall schedule the matter for hearing and give notice to the parties of the date, time, and place of the hearing.

1994, c. [673](#); 1997, cc. [797](#), [897](#); 2015, c. [727](#).

**§20-88.72. Contest of registration or enforcement.**

A. A party contesting the validity or enforcement of a registered support order or seeking to vacate the registration has the burden of proving one or more of the following defenses:

1. The issuing tribunal lacked personal jurisdiction over the contesting party;
2. The order was obtained by fraud;

3. The order has been vacated, suspended, or modified by a later order;
4. The issuing tribunal has stayed the order pending appeal;
5. There is a defense under the law of the Commonwealth to the remedy sought;
6. Full or partial payment has been made;
7. The statute of limitations under § [20-88.69](#) precludes enforcement of some or all of the alleged arrearages; or
8. The alleged controlling order is not the controlling order.

B. If a party presents evidence establishing a full or partial defense under subsection A, a tribunal may stay enforcement of a registered support order, continue the proceeding to permit production of additional relevant evidence, and issue other appropriate orders. An uncontested portion of the registered support order may be enforced by all remedies available under the law of the Commonwealth.

C. If the contesting party does not establish a defense under subsection A to the validity or enforcement of a registered support order, the registering tribunal shall issue an order confirming the order.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.73. Confirmed order.**

Confirmation of a registered support order, whether by operation of law or after notice and hearing, precludes further contest of the support order with respect to any matter that could have been asserted at the time of registration.

1994, c. [673](#); 2015, c. [727](#).

**§20-88.74. Procedure to register child support order of another state for modification.**

A party or support enforcement agency seeking to modify, or to modify and enforce, a child support order issued in another state shall register that order in this Commonwealth in the same manner as provided in Article 8 (§ [20-88.66](#) et seq.) if the order has not been registered. A petition for modification may be filed at the same time as a request for registration, or later. The pleading must specify the grounds for modification.

1994, c. [673](#); 1997, c. [69](#).

**§20-88.75. Effect of registration for modification.**

A tribunal of the Commonwealth may enforce a child support order of another state, registered for purposes of modification, in the same manner as if the order had been

issued by a tribunal of the Commonwealth, but the registered support order may be modified only if the requirements of § [20-88.76](#) or [20-88.77:1](#) have been met.

1994, c. [673](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.76. Modification of child support order of another state.**

A. If § [20-88.77:1](#) does not apply, upon petition a tribunal of the Commonwealth may modify a child support order, issued in another state, that is registered in the Commonwealth if, after notice and hearing, the tribunal finds that:

1. The following requirements are met:

a. Neither the child, nor the obligee who is an individual, nor the obligor resides in the issuing state;

b. A petitioner who is a nonresident of the Commonwealth seeks modification; and

c. The respondent is subject to the personal jurisdiction of the tribunal of the Commonwealth; or

2. The Commonwealth is the residence of the child or a party who is an individual is subject to the personal jurisdiction of the tribunal of the Commonwealth and all of the individual parties who are individuals have filed consents in a record in the issuing tribunal for a tribunal of the Commonwealth to modify the support order and assume continuing, exclusive jurisdiction.

B. Modification of a registered child support order is subject to the same requirements, procedures, and defenses that apply to the modification of an order issued by a tribunal of the Commonwealth and the order may be enforced and satisfied in the same manner.

C. A tribunal of the Commonwealth may not modify any aspect of a child support order that may not be modified under the law of the issuing state, including the duration of the obligation of support. If two or more tribunals have issued child support orders for the same obligor and same child, the order that controls and shall be so recognized under § [20-88.41](#) establishes the aspects of the support order which are nonmodifiable.

D. In a proceeding to modify a child support order, the law of the state that is determined to have issued the initial controlling order governs the duration of the obligation of support. The obligor's fulfillment of the duty of support established by that order precludes imposition of a further obligation of support by a tribunal of the Commonwealth.

E. On issuance of an order by a tribunal of the Commonwealth modifying a child support order issued in another state, the tribunal of the Commonwealth becomes the tribunal having continuing, exclusive jurisdiction.

F. Notwithstanding subsections A through E and § [20-88.35](#), a tribunal of the Commonwealth retains jurisdiction to modify an order issued by a tribunal of the Commonwealth if one party resides in another state and the other party resides outside the United States.

1994, c. [673](#); 1997, cc. [797](#), [897](#); 2005, c. [754](#); 2015, c. [727](#).

**§20-88.77. Recognition of order modified in another state.**

If a child support order issued by a tribunal of the Commonwealth is modified by a tribunal of another state that assumed jurisdiction pursuant to the Uniform Interstate Family Support Act, a tribunal of the Commonwealth:

1. May enforce its order that was modified only as to arrears and interest accruing before the modification;
2. May provide appropriate relief for violations of its order that occurred before the effective date of the modification; and
3. Shall recognize the modifying order of the other state, upon registration, for the purpose of enforcement.

1994, c. [673](#); 1997, cc. [797](#), [897](#); 2005, c. [754](#).

**§20-88.77:1. Jurisdiction to modify support order of another state when individual parties reside in this Commonwealth.**

A. If all of the parties who are individuals reside in this Commonwealth and the child does not reside in the issuing state, a tribunal of this Commonwealth has jurisdiction to enforce and to modify the issuing state's child support order in a proceeding to register that order.

B. A tribunal of this Commonwealth exercising jurisdiction as provided in this section shall apply the provisions of Articles 1 (§ [20-88.32](#) et seq.) and 2 (§ [20-88.35](#) et seq.), this article and the procedural and substantive law of this Commonwealth to the enforcement or modification. Articles 3 through 5 (§ [20-88.37](#) et seq.) and Articles 7 (§ [20-88.64](#) et seq.) and 8 (§ [20-88.66](#) et seq.) do not apply.

1997, cc. [797](#), [897](#).

**§20-88.77:2. Notice to issuing tribunal of modification.**

Within thirty days after issuance of a modified child support order, the party obtaining the modification shall file a certified copy of the order with the issuing tribunal that had continuing, exclusive jurisdiction over the earlier order, and in each tribunal in which the party knows the earlier order has been registered. A party who obtains the order and fails to file a certified copy is subject to appropriate sanctions by a tribunal in which the issue of failure to file arises. The failure does not affect the validity or enforceability of the modified order of the new tribunal having continuing, exclusive jurisdiction.

1997, cc. [797](#), [897](#).

**§20-88.77:3. Jurisdiction to modify child support order of foreign country.**

A. Except as provided in § [20-88.93](#), if a foreign country lacks or refuses to exercise jurisdiction to modify its child support order pursuant to its laws, a tribunal of the Commonwealth may assume jurisdiction, for good cause shown as ordered, to modify the child support order and bind all individuals subject to the personal jurisdiction of the tribunal whether or not the consent to modification of a child support order otherwise required of the individual pursuant to § [20-88.76](#) has been given or whether the individual seeking modification is a resident of the Commonwealth or of the foreign country.

B. An order issued by a tribunal of the Commonwealth modifying a foreign child support order pursuant to this section is the controlling order.

2005, c. [754](#); 2015, c. [727](#).

**§20-88.77:4. Procedure to register child support order of foreign country for modification.**

A party or support enforcement agency seeking to modify, or to modify and enforce, a foreign child support order not under the Convention may register that order in the Commonwealth under Article 8 (§ [20-88.66](#) et seq.) if the order has not been registered. A petition for modification may be filed at the same time as a request for registration or at another time. The petition must specify the grounds for modification.

2015, c. [727](#).

**§20-88.78. Repealed.**

Repealed by Acts 2015, c. [727](#), cl. 2, effective April 15, 2015.

**§20-88.79. Grounds for rendition.**

A. For purposes of this article, "governor" includes an individual performing the functions of governor or the executive authority of a state covered by this chapter.

B. The Governor of this Commonwealth may:

1. Demand that the governor of another state surrender an individual found in the other state who is charged criminally in this Commonwealth with having failed to provide for the support of an obligee; or
  2. On the demand by the governor of another state, surrender an individual found in this Commonwealth who is charged criminally in another state with having failed to provide for the support of an obligee.
- C. A provision for extradition of individuals not inconsistent with this chapter applies to the demand even if the individual whose surrender is demanded was not in the demanding state when the crime was allegedly committed and had not fled therefrom.

1994, c. [673](#).

**§20-88.80. Conditions of rendition.**

A. Before making a demand that the governor of another state surrender an individual charged criminally in the Commonwealth with having failed to provide for the support of an obligee, the Governor of the Commonwealth may require a prosecutor of the Commonwealth to demonstrate that at least 60 days previously the obligee had initiated proceedings for support pursuant to this chapter or that the proceeding would be of no avail.

B. If, under this chapter or a law substantially similar to this chapter, the governor of another state makes a demand that the Governor of the Commonwealth surrender an individual charged criminally in that state with having failed to provide for the support of a child or other individual to whom a duty of support is owed, the Governor may require a prosecutor to investigate the demand and report whether a proceeding for support has been initiated or would be effective. If it appears that a proceeding would be effective but has not been initiated, the Governor may delay honoring the demand for a reasonable time to permit the initiation of a proceeding.

C. If a proceeding for support has been initiated and the individual whose rendition is demanded prevails, the Governor may decline to honor the demand. If the petitioner prevails and the individual whose rendition is demanded is subject to a support order, the Governor may decline to honor the demand if the individual is complying with the support order.

1994, c. [673](#); 2005, c. [754](#).

**§20-88.81. Repealed.**

Repealed by Acts 2015, c. [727](#), cl. 2, effective April 15, 2015.

# Uniform Military and Overseas Voters Act

## §24.2-451. Short title.

This chapter may be cited as the Uniform Military and Overseas Voters Act.

2012, c. [353](#).

## §24.2-452. Definitions.

As used in this chapter, unless the context requires a different meaning:

1. "Covered voter" means:

- a. A uniformed-service voter or an overseas voter who is registered to vote in this state;
- b. A uniformed-service voter defined in subdivision 9 a whose voting residence is in this state and who otherwise satisfies this state's voter eligibility requirements;
- c. An overseas voter who, before leaving the United States, was last eligible to vote in this state and, except for a state residency requirement, otherwise satisfies this state's voter eligibility requirements;
- d. An overseas voter who, before leaving the United States, would have been last eligible to vote in this state had the voter then been of voting age and, except for a state residency requirement, otherwise satisfies this state's voter eligibility requirements; or
- e. An overseas voter who was born outside the United States, is not described in subdivision c or d, and, except for a state residency requirement, otherwise satisfies this state's voter eligibility requirements, if:

(1) The last place where a parent or legal guardian of the voter was, or under this chapter would have been, eligible to vote before leaving the United States is within this state; and

(2) The voter has not previously registered to vote in any other state.

2. "Dependent" means an individual recognized as a dependent by a uniformed service.

3. "Federal postcard application" means the application prescribed under § 101(b)(2) of the Uniformed and Overseas Citizens Absentee Voting Act, 52 U.S.C. § 20301(b)(2).

4. "Federal write-in absentee ballot" means the ballot described in § 103 of the Uniformed and Overseas Citizens Absentee Voting Act, 52 U.S.C. § 20303, that may be used in all elections in which the voter is eligible to vote as provided in § [24.2-702.1](#).

5. "Military-overseas ballot" means:

- a. A federal write-in absentee ballot;
- b. A ballot specifically prepared or distributed for use by a covered voter in accordance with this title; or
- c. A ballot cast by a covered voter in accordance with this title.

6. "Overseas voter" means a United States citizen who is outside the United States.

7. "State" means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States.

8. "Uniformed service" means:

- a. Active and reserve components of the Army, Navy, Air Force, Marine Corps, or Coast Guard of the United States;
- b. The Merchant Marine, the commissioned corps of the Public Health Service, or the commissioned corps of the National Oceanic and Atmospheric Administration of the United States; or
- c. The Virginia National Guard.

9. "Uniformed-service voter" means an individual who is qualified to vote and is:

- a. A member of the active or reserve components of the Army, Navy, Air Force, Marine Corps, or Coast Guard of the United States who is on active duty;
- b. A member of the Merchant Marine, the commissioned corps of the Public Health Service, or the commissioned corps of the National Oceanic and Atmospheric Administration of the United States;
- c. A member on activated status of the National Guard; or
- d. A spouse or dependent of a member referred to in this definition.

10. "United States," used in the territorial sense, means the several states, the District of Columbia, Puerto Rico, the United States Virgin Islands, and any territory or insular possession subject to the jurisdiction of the United States.

2012, c. [353](#); 2015, c. [313](#); 2019, cc. [668](#), [669](#); 2020, cc. [1149](#), [1151](#), [1201](#).

**§24.2-453. Restriction of ballot eligibility.**

To be eligible to vote in state and local elections, the application of an overseas voter who has given up his place of abode in Virginia must show that the applicant is employed overseas or the spouse or dependent of a person employed overseas.

2012, c. [353](#).

**§24.2-454. Elections covered.**

The voting procedures in this chapter apply to:

1. A general, special, or primary election for federal office;
2. A general, special, or primary election for statewide or state legislative office or state referendum measure; and
3. A general, special, or primary election for local constitutional or government office or local referendum measure conducted under Chapter 6 (§ [24.2-600](#) et seq.) for which absentee voting is available for other voters.

2012, c. [353](#).

**§24.2-455. Role of Commissioner of Elections.**

A. The Commissioner of Elections is the state official responsible for implementing this chapter and Virginia's responsibilities under the Uniformed and Overseas Citizens Absentee Voting Act, 52 U.S.C. § 20301 et seq.

B. The Commissioner shall make available to covered voters information regarding voter registration procedures for covered voters and procedures for casting military-overseas ballots. The Commissioner may delegate the responsibility under this subsection only to the state office designated in compliance with § 102(b)(1) of the Uniformed and Overseas Citizens Absentee Voting Act, 52 U.S.C. § 20302(b)(1).

C. The Commissioner shall coordinate with local electoral boards to establish an appropriate system through which a covered voter may apply for and receive voter registration materials, military-overseas ballots, and other information under this chapter.

D. The Commissioner shall:

1. Develop standardized absentee-voting materials, including privacy and transmission envelopes, authentication materials, and voting instructions to be used with the military-overseas ballot of a voter authorized to vote in any jurisdiction in this state; and
2. To the extent reasonably possible, coordinate with other states to carry out this subsection.

E. The Commissioner shall prescribe the form and content of a declaration for use by a covered voter to swear or affirm specific representations pertaining to the voter's identity, eligibility to vote, status as a covered voter, and timely and proper completion of an overseas-military ballot. The declaration must be based on the declaration prescribed to accompany a federal write-in absentee ballot, as modified to be consistent with this chapter. The Commissioner shall ensure that a form for the execution of the declaration, including an indication of the date of execution of the declaration, is a prominent part of all balloting materials for which the declaration is required.

2012, c. [353](#); 2013, c. [542](#).

**§24.2-456. Overseas voter's registration address.**

In registering to vote, an overseas voter who is eligible to vote in this state shall use and must be assigned to the voting precinct of the address of the last place of residence of the voter in this state or, in the case of a voter described by subdivision 1 e of § [24.2-452](#), the address of the last place of residence in this state of the parent or legal guardian of the voter. If that address is no longer a recognized residential address, the voter must be assigned an address for voting purposes.

2012, c. [353](#).

**§24.2-457. Methods of registering to vote.**

A. To apply to register to vote, in addition to any other approved method, a covered voter may use a federal postcard application.

B. A covered voter may use the declaration accompanying a federal write-in absentee ballot to apply to register to vote simultaneously with the submission of the federal write-in absentee ballot, if the declaration is received by the applicable deadline for registration. If the declaration is received after that date, it must be treated as an application to register to vote for subsequent elections.

C. The electoral board shall ensure that the system described in subsection C of § [24.2-455](#) is capable of accepting both a federal postcard application and any other approved registration application sent to the appropriate election official. The voter may use the system or any other approved method to register to vote.

2012, c. [353](#).

**§24.2-458. Methods of applying for military-overseas ballot.**

A. A covered voter who is registered to vote in this state may apply for a military-overseas ballot using either the regular absentee ballot application in use in the voter's jurisdiction under Chapter 7 (§ [24.2-700](#) et seq.) or the federal postcard application.

B. A covered voter who is not registered to vote in this state may use a federal postcard application to apply simultaneously to register to vote under § [24.2-457](#) and for a military-overseas ballot.

C. The electoral board shall ensure that the system described in subsection C of § [24.2-455](#) is capable of accepting the submission of both a federal postcard application and any other approved military-overseas ballot application sent to the appropriate election official. The voter may use the system or any other approved method to apply for a military-overseas ballot.

D. A covered voter may use the declaration accompanying a federal write-in absentee ballot as an application for a military-overseas ballot simultaneously with the submission of the federal write-in absentee ballot.

E. To receive the benefits of this chapter, a covered voter must inform the appropriate election official that the voter is a covered voter. Methods of informing the appropriate election official that a voter is a covered voter include:

1. The use of a federal postcard application or federal write-in absentee ballot;
2. The use of an overseas address on an approved voter registration application or ballot application; and
3. The inclusion on an approved voter registration application or ballot application of other information sufficient to identify the voter as a covered voter.

F. This chapter does not preclude a covered voter from voting under Chapter 7 (§ [24.2-700](#) et seq.).

2012, c. [353](#).

**§24.2-459. Timeliness and scope of application for military-overseas ballot.**

An application for a military-overseas ballot is timely if received by the seventh day before the election or the last day for other voters in this state to apply for an absentee ballot for that election. An application for a military-overseas ballot for a primary election, whether or not timely, is effective as an application for a military-overseas ballot for the general election.

2012, c. [353](#).

**§24.2-460. Transmission of unvoted ballots.**

A. For an election described in § [24.2-454](#) for which this state has not received a waiver pursuant to § 579 of the Military and Overseas Voter Empowerment Act, 52 U.S.C. § 20302(g)(2), not later than 45 days before the election, the election official in each jurisdiction charged with distributing a ballot and balloting materials shall transmit a ballot and balloting materials to all covered voters who by that date submit a valid military-overseas ballot application.

B. A covered voter may request that a ballot and balloting materials be sent to the voter as authorized in § [24.2-706](#).

C. If a ballot application from a covered voter arrives after the jurisdiction begins transmitting ballots and balloting materials to voters, the official charged with distributing a ballot and balloting materials shall transmit them to the voter not later than three business days after the application arrives.

2012, c. [353](#).

**§24.2-461. Federal write-in absentee ballot.**

A covered voter may use a federal write-in absentee ballot to vote for all offices and ballot measures in an election described in § [24.2-454](#).

2012, c. [353](#).

**§24.2-462. Receipt of voted ballot.**

A valid military-overseas ballot must be counted if it is delivered to the address that the appropriate state or local election office has specified by the close of the polls on the date of the election except as provided in § [24.2-709](#).

2012, c. [353](#).

**§24.2-463. Declaration.**

A military-overseas ballot must include or be accompanied by a declaration signed by the voter that a material misstatement of fact in completing the ballot may be grounds for a conviction of perjury under the laws of the United States or this state.

2012, c. [353](#).

**§24.2-464. Confirmation of receipt of application and voted ballot.**

The Commissioner, in coordination with local election officials, shall implement a free-access system by which a covered voter may determine whether:

1. The voter's federal postcard application or other registration or military-overseas ballot application has been received and accepted; and
2. The voter's military-overseas ballot has been received and the current status of the ballot.

2012, c. [353](#); 2013, c. [542](#).

#### **§24.2-465. Publication of election notice.**

At least 100 days before a regularly scheduled election and as soon as practicable before an election not regularly scheduled, the Department of Elections shall make election information available for each jurisdiction, to be used in conjunction with a federal write-in absentee ballot. The election notice must contain a list of all of the ballot measures and federal, state, and local offices that as of that date are expected to be on the ballot on the date of the election. The notice also must contain, or enable access to, specific instructions for how a voter is to indicate on the federal write-in absentee ballot the voter's choice for each office to be filled and for each ballot measure to be contested. Specific instructions may include a website address or a telephone number.

2012, c. [353](#); 2015, c. [313](#).

#### **§24.2-466. Sending and updating notices.**

A. A covered voter may request and upon such request the Department of Elections shall provide a copy of an election notice without cost to the voter. The Department of Elections shall send the notice to the voter using the method requested and to the address provided by the voter.

B. As soon as ballot styles are verified pursuant to § [24.2-612](#) and not later than the date ballots are required to be transmitted to voters under §§ [24.2-460](#) and [24.2-612](#), the Department of Elections shall update the notice with the certified candidates for each office and ballot measure questions and make the updated notice publicly available.

C. A local election jurisdiction that maintains a website shall make the election notice prepared under § [24.2-465](#) and updated versions of the election notice regularly available on the website.

2012, c. [353](#); 2015, c. [313](#).

#### **§24.2-467. Prohibition of nonsubstantive requirements.**

A. If a voter's mistake or omission in the completion of a document under this chapter does not prevent determining whether a covered voter is eligible to vote, the mistake or

omission does not invalidate the document. Failure to satisfy a nonsubstantive requirement, such as using paper or envelopes of a specified size or weight, does not invalidate a document submitted under this chapter. In a federal write-in absentee ballot authorized by this chapter, if the intention of the voter is discernible under this state's uniform definition of what constitutes a vote, an abbreviation, misspelling, or other minor variation in the form of the name of a candidate or a political party must be accepted as a valid vote.

B. Notarization is not required for the execution of a document under this chapter. An authentication, other than the declaration specified in § [24.2-463](#) or the declaration on the federal postcard application and federal write-in absentee ballot, is not required for execution of a document under this chapter. The declaration and any information in the declaration may be compared with information on file to ascertain the validity of the document.

2012, c. [353](#).

**§24.2-468. Equitable relief.**

A court may issue an injunction or grant other equitable relief appropriate to ensure substantial compliance with, or enforce, this chapter on application by:

1. A covered voter alleging a grievance under this chapter; or
2. An election official in this state.

2012, c. [353](#).

**§24.2-469. Uniformity of application and constructions.**

In applying and construing this uniform act, consideration shall be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

2012, c. [353](#).

**§24.2-470. Relation to Electronic Signatures in Global and National Commerce Act.**

This chapter modifies, limits, and supersedes the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. § 7001 et seq., but does not modify, limit, or supersede § 101(c) of that act, 15 U.S.C. § 7001(c), or authorize electronic delivery of any of the notices described in § 103(b) of that act, 15 U.S.C. § 7003 (b).

2012, c. [353](#).

## Uniform Trade Secrets Act

**§59.1-336. Short title and definitions.**

As used in this chapter, which may be cited as the Uniform Trade Secrets Act, unless the context requires otherwise:

"Improper means" includes theft, bribery, misrepresentation, use of a computer or computer network without authority, breach of a duty or inducement of a breach of a duty to maintain secrecy, or espionage through electronic or other means.

"Misappropriation" means:

1. Acquisition of a trade secret of another by a person who knows or has reason to know that the trade secret was acquired by improper means; or
2. Disclosure or use of a trade secret of another without express or implied consent by a person who
  - a. Used improper means to acquire knowledge of the trade secret; or
  - b. At the time of disclosure or use, knew or had reason to know that his knowledge of the trade secret was
    - (1) Derived from or through a person who had utilized improper means to acquire it;
    - (2) Acquired under circumstances giving rise to a duty to maintain its secrecy or limit its use;
    - (3) Derived from or through a person who owed a duty to the person seeking relief to maintain its secrecy or limit its use; or
    - (4) Acquired by accident or mistake.

"Person" means a natural person, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or any other legal or commercial entity.

"Trade secret" means information, including but not limited to, a formula, pattern, compilation, program, device, method, technique, or process, that:

1. Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use, and
2. Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

1986, c. 210; 2009, cc. [321](#), [376](#).

**§59.1-337. Injunctive relief.**

A. Actual or threatened misappropriation may be enjoined. Upon application to the court, an injunction shall be terminated when the trade secret has ceased to exist, but the injunction may be continued for an additional reasonable period of time in order to eliminate commercial advantage that otherwise would be derived from the misappropriation.

B. In exceptional circumstances, an injunction may condition future use upon payment of a reasonable royalty for no longer than the period of time for which use could have been prohibited. Exceptional circumstances include, but are not limited to, a material and prejudicial change of position prior to acquiring knowledge or reason to know of misappropriation that renders a prohibitive injunction inequitable.

C. In appropriate circumstances, affirmative acts to protect a trade secret may be compelled by court order.

1986, c. 210.

**§59.1-338. Damages.**

A. Except where the user of a misappropriated trade secret has made a material and prejudicial change in his position prior to having either knowledge or reason to know of the misappropriation and the court determines that a monetary recovery would be inequitable, a complainant is entitled to recover damages for misappropriation. Damages can include both the actual loss caused by misappropriation and the unjust enrichment caused by misappropriation that is not taken into account in computing actual loss. If a complainant is unable to prove a greater amount of damages by other methods of measurement, the damages caused by misappropriation can be measured exclusively by imposition of liability for a reasonable royalty for a misappropriator's unauthorized disclosure or use of a trade secret.

B. If willful and malicious misappropriation exists, the court may award punitive damages in an amount not exceeding twice any award made under subsection A of this section, or \$350,000 whichever amount is less.

1986, c. 210; 1990, c. 344.

**§59.1-338.1. Attorneys' fees.**

If the court determines that (i) a claim of misappropriation is made in bad faith, or (ii) willful and malicious misappropriation exists, the court may award reasonable attorneys' fees to the prevailing party.

1990, c. 344.

**§59.1-339. Preservation of secrecy.**

In an action under this chapter, a court shall preserve the secrecy of an alleged trade secret by reasonable means, which may include:

1. Granting protective orders in connection with discovery proceedings;
2. Holding in-camera hearings;
3. Sealing the records of the action; and
4. Ordering any person involved in the litigation not to disclose an alleged trade secret without prior court approval.

1986, c. 210.

**§59.1-340. Statute of limitations.**

An action for misappropriation shall be brought within three years after the misappropriation is discovered or by the exercise of reasonable diligence should have been discovered. For the purposes of this section, a continuing misappropriation constitutes a single claim.

1986, c. 210.

**§59.1-341. Effect on other law.**

A. Except as provided in subsection B of this section, this chapter displaces conflicting tort, restitutionary, and other law of this Commonwealth providing civil remedies for misappropriation of a trade secret.

B. This chapter does not affect:

1. Contractual remedies whether or not based upon misappropriation of a trade secret; or
2. Other civil remedies that are not based upon misappropriation of a trade secret; or
3. Criminal remedies, whether or not based upon misappropriation of a trade secret.

1986, c. 210.

**§59.1-342. Repealed.**

Repealed by Acts 2015, c. [709](#), cl. 2.

**§59.1-343. Time of taking effect.**

This chapter shall become effective on July 1, 1986, and shall not apply to misappropriation occurring prior to the effective date. With respect to a continuing mis-

appropriation that began prior to the effective date, the chapter also shall not apply to misappropriation that occurs after the effective date.

1986, c. 210.

## Utility Consumer Services Cooperatives and Utility Aggregation Cooperatives

### §56-231.15. Definitions.

The following terms, whenever used or referred to in this article, shall have the following meanings, unless a different meaning clearly appears from the context:

"Acquire" means and includes construct, or acquire by purchase, lease, devise, gift or the exercise of the power of eminent domain, or by other mode of acquisition.

"Affiliate" means a separate affiliated or subsidiary corporation or other separate legal entity.

"Board" means the board of directors of a cooperative formed under or subject to this article.

"Commission" means the State Corporation Commission of Virginia.

"Cooperative" means a utility consumer services cooperative formed under or subject to this article or a distribution cooperative formed under the former Distribution Cooperatives Act (§ [56-209](#) et seq.).

"Energy" means and includes any and all forms of energy no matter how or where generated or produced.

"Federal agency" means and includes the United States of America, the President of the United States of America, the Tennessee Valley Authority, the Federal Administrator of the Rural Utility Service, the Southeastern Power Administration, the Federal Energy Regulatory Commission, the Securities and Exchange Commission, the Federal Communications Commission and any and all other authorities, agencies, and instrumentalities of the United States of America, heretofore or hereafter created.

"HVACR" means heating, ventilation, air conditioning and refrigeration.

"Improve" means and includes construct, reconstruct, replace, extend, enlarge, alter, better or repair.

"Law" means any act or statute, general, special or local, of this Commonwealth.

"Member" means and includes each natural person signing the articles of incorporation of a cooperative and each person admitted to membership therein pursuant to law or its bylaws.

"Municipality" means any city or incorporated town of the Commonwealth.

"Obligations" means and includes bonds, interim certificates or receipts, notes, debentures, and all other evidences of indebtedness either issued by, or the payment of which is assumed or contractually undertaken by, a cooperative.

"Patronage capital" includes all amounts received by a cooperative from sales of electric power or electric distribution services, or both, to members in excess of the cooperative's cost of furnishing electric power or distribution services, or both, to members and such other margins as determined by the board of directors.

"Person" means and includes natural persons, firms, associations, cooperatives, corporations, limited liability companies, business trusts, partnerships, limited liability partnerships and bodies politic.

"Propane or fuel oil equipment" means equipment and related systems to store or use propane or fuel oil products.

"Regulated utility services" means utility services that are subject to regulation as to rates or service by the Commission.

"System" means and includes any plant, works, system, facilities, equipment or properties, or any part or parts thereof, together with all appurtenances thereto, used or useful in connection with the generation, production, transmission or distribution of energy or in connection with other utility services.

"Traditional cooperative activity" means any business, service or activity in which cooperatives in Virginia have traditionally engaged and that is incidental to and substantially related to the electric utility business conducted by a cooperative on or before July 1, 1999, provided that traditional cooperative activity does not include any program to (i) buy or maintain an inventory of HVACR equipment or household appliances; (ii) install or service any such equipment or household appliances for customers, unless such service is not provided by the cooperative but by a third party individual, firm or corporation

licensed to perform such service; (iii) sell HVACR equipment or household appliances to customers metered and billed on residential rates; (iv) sell HVACR equipment to customers other than those metered and billed on residential rates except where such sale is an incidental part of providing other energy services or providing other traditional cooperative activities; (v) sell or distribute propane or fuel oil; sell, install or service propane or fuel oil equipment; or maintain or buy an inventory of propane or fuel oil equipment for resale; or (vi) serve as a coordinator of nonelectric energy services or provide engineering consulting services except when such energy or engineering services are an incidental part of a marketing effort to provide other energy or engineering services or as a part of providing services that are other traditional cooperative activities.

"Utility services" means any products, services and equipment related to energy, telecommunications, water and sewerage.

1999, c. [874](#); 2000, cc. [944](#), [964](#), [989](#), [999](#).

**§56-231.16. Organization; purpose.**

A. Any number of natural persons not less than five may, by executing, filing and recording articles of incorporation as hereinafter set forth, form a cooperative, either with or without capital stock, not organized for pecuniary profit, for the principal purpose of making energy, energy services, and other utility services available at the lowest cost consistent with sound economy and prudent management of the business of such cooperative and such other purposes as its membership shall approve: (i) provided, however, that within its certificated service territory, no such cooperative shall, prior to July 1, 2000, undertake or initiate any new program (a) to buy or maintain an inventory of HVACR equipment or household appliances, (b) to install or service any such equipment or household appliances for customers, unless such service is not provided by the cooperative but by a third party individual, firm or corporation licensed to perform such service, (c) to sell HVACR equipment or household appliances to customers metered and billed on residential rates, (d) to sell HVACR equipment to customers other than those metered and billed on residential rates except where such sale is an incidental part of providing other energy services or providing traditional cooperative activities, (e) to sell or distribute propane or fuel oil; sell, install or service propane or fuel oil equipment; or maintain or buy an inventory of propane or fuel oil equipment for resale, or (f) to serve as a coordinator of nonelectric energy services or provide engineering consulting services except when such energy or engineering services are an incidental part of a marketing effort to provide other energy or engineering services or as a part of providing

services that are traditional cooperative activities; (ii) provided further, that notwithstanding clause (i), such cooperative may engage within its certificated service territory in any of the activities enumerated in clause (i) that (a) have received State Corporation Commission approval prior to February 1, 1998, (b) such cooperative is ordered or required to undertake by any jurisdictional court or regulatory authority, (c) were lawfully undertaken prior to February 1, 1998, (d) are specifically permitted by statute, or (e) are undertaken by any other regulated public service company or its unregulated affiliate within such cooperative's certificated service territory; and (iii) also provided that such cooperative or its affiliate may not undertake such activities as are prohibited by clause (i) within the certificated service territory of another public service company unless such activities are undertaken by such public service company or its unregulated affiliate within such cooperative's certificated service territory. In addition, such cooperative may establish one or more subsidiaries to engage in any other business activities not prohibited by law; notwithstanding the foregoing, no such subsidiary may engage in any business activities that the cooperatives are prohibited from engaging in under this section. For purposes of determining whether a cooperative is formed not for pecuniary profit, the establishment of one or more affiliates thereof on a for-profit basis shall not disqualify such entity from being formed as a cooperative pursuant to this article.

B. Nothing in this article shall be construed to authorize a cooperative formed pursuant to this article, or any affiliate thereof, to engage, on a not-for-profit basis, within either the cooperative's certificated service territory or in the certificated service territory of another public service company, in the sale of products, the provision of services, or other business activity, except for regulated electric utility services, unregulated sales of electric power to its members within its certificated service territory, and traditional cooperative activities. However, if such products or services are not currently provided by any person other than a cooperative formed under or subject to this chapter or its affiliate and the Commission determines that no such other person is likely, within a reasonable time, to effectively provide such products and services in such territory, an affiliate of a cooperative may provide such products or services on a not-for-profit basis. The Commission shall also permit an affiliate of a cooperative formed under or subject to this chapter to provide such products or services on a not-for-profit basis upon a finding that the affiliate will not receive the benefit of any federal income tax exemption that is not available to persons other than cooperatives and will not receive the benefit of any federally guaranteed or subsidized financing that is not available to persons other than cooperatives;

and provided further that nothing in this subsection shall prohibit the continued operation of any business activities of any not-for-profit cooperative or affiliate formed, operating, and actively providing products or services to customers on or before July 1, 1999.

1999, c. [874](#); 2000, cc. [964](#), [989](#).

**§56-231.17. Articles of incorporation.**

A. The articles of incorporation mentioned in § [56-231.16](#) shall be entitled and endorsed "Articles of Incorporation of the..... Electric Cooperative" or "Articles of Incorporation of the..... Utility Consumer Services Cooperative" (the blank space being filled in with the distinguishing part of the name of the cooperative) and shall state:

1. The name of the cooperative, which name need not contain the word "corporation" or "incorporated" but shall be such as to distinguish it from any other cooperative.
2. To the extent it conducts regulated electric distribution operations, a reasonable designation of the territory in which such operations are principally to be conducted.
3. The location of its principal office and post office address thereof.
4. The maximum number of directors, which shall be not less than five.
5. The names and post office addresses of the directors who are to manage the affairs of the cooperative for the first year of its existence, or until their successors are chosen.
6. The period, if any, limited for the duration of the cooperative.
7. The terms and conditions upon which persons shall be admitted to membership in the cooperative, and in the case of a cooperative incorporating with capital stock, a statement of the maximum and minimum amount of the capital stock of the cooperative and its division into shares.
8. In the case of a cooperative incorporating on or after July 1, 1999, the registered office and registered agent of the cooperative.

B. The articles of incorporation may also contain any provision not inconsistent with law or the provisions of Chapters 9 (§ [13.1-601](#) et seq.) and 10 (§ [13.1-801](#) et seq.) of Title 13.1 which the incorporators may choose to insert for the regulation of the business and the conduct of the affairs of the cooperative; and any provision as to the plan of financial organization, or relating to the internal regulation or government of the cooperative, its directors and members; provided, however, that subsections D through G of § [13.1-620](#) and subdivision 1 of § [13.1-825](#) shall not apply to any affiliate or subsidiary of a cooperative.

1999, c. [874](#).

**§56-231.18. Name of other corporations not to include term "electric cooperative" or "utility consumer services cooperative."**

The words "electric cooperative" or "utility consumer services cooperative" shall not be used in the corporate name of corporations other than (i) those subject to the provisions of this chapter, (ii) nonstock corporations of which cooperatives are members, and (iii) corporations, all of the stock of which is owned by cooperatives.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

**§56-231.19. Filing articles of incorporation; effect thereof; other provisions of law applicable.**

The natural persons executing the articles of incorporation shall be residents of the territory in which the principal operations of the cooperative are to be conducted who intend to use utility services to be furnished by the cooperative. The articles of incorporation shall be subscribed by at least five such persons and acknowledged by them before an officer authorized by the law of this Commonwealth to take and certify acknowledgments of deeds and conveyances. When so acknowledged the articles shall be filed in accordance with the provisions of Article 3 (§ [13.1-618](#) et seq.) of Chapter 9 or Article 3 (§ [13.1-818](#) et seq.) of Chapter 10 of Title 13.1. When so filed the articles of incorporation, or certified copies thereof, shall be received in all the courts of this Commonwealth and elsewhere as prima facie evidence of the facts contained therein, and of the due incorporation of such cooperative. All of the provisions of the Virginia Stock Corporation Act (§ [13.1-601](#) et seq.), and the Virginia Nonstock Corporation Act (§ [13.1-801](#) et seq.), insofar as not inconsistent with this article are hereby made applicable to such stock and nonstock cooperatives, respectively; provided, however, that subsections D through G of § [13.1-620](#) and subdivision 1 of § [13.1-825](#) shall not apply to any affiliate or subsidiary of a cooperative. When the charter is filed in the office of the State Corporation Commission, the proposed cooperative described therein, under its designated name, shall be and constitute a body corporate, and, with respect to its providing regulated utility services, with all of the applicable powers provided for in § [56-49](#). A cooperative formed prior to July 1, 1999, need not have a registered office or registered agent. A stock or nonstock cooperative formed thereafter shall comply with § [13.1-634](#) or § [13.1-833](#), respectively.

1999, c. [874](#).

**§56-231.20. Repealed.**

Repealed by Acts 2000, cc. [944](#), [999](#).

**§56-231.21. Dissolution and termination of cooperatives.**

A stock or nonstock cooperative may be dissolved in the manner prescribed by Article 16 (§ [13.1-742](#) et seq.) of Chapter 9 or Article 13 (§ [13.1-902](#) et seq.) of Chapter 10 of Title 13.1, respectively.

1999, c. [874](#).

**§56-231.22. Charter amendments.**

A cooperative may amend its articles of incorporation to change its corporate name, to increase or reduce the number of its directors or change any other provision therein; however, no cooperative shall amend its articles of incorporation to embody therein any purpose, power or provision which would not be authorized if original articles including such additional or changed purpose, power or provision were offered for filing at the time articles under this section are offered. Such amendment may be accomplished in the method prescribed in Chapters 9 (§ [13.1-601](#) et seq.) and 10 (§ [13.1-801](#) et seq.) of Title 13.1.

1999, c. [874](#).

**§56-231.23. General powers granted.**

Each cooperative formed under this article shall have power to do any and all lawful acts or things including, but not limited to the power:

1. To produce, generate, gather, store, transport, transmit, distribute, buy and sell energy and energy-related products.
2. To sue and be sued.
3. To have a seal and alter the same at pleasure.
4. To acquire, hold and dispose of property, real and personal, tangible and intangible, or interests therein and to pay therefor in cash or property or on credit, and to secure and procure payment of all or any part of the purchase price thereof on such terms and conditions as the board shall determine.
5. To render service and to acquire, own, operate, maintain and improve a system or systems.
6. To accept gifts or grants of money or of property, real or personal, from any person, municipality or federal agency and to accept voluntary or uncompensated services.
7. To sell, lease, mortgage or otherwise encumber or dispose of all or any parts of its property, as hereinafter provided.

8. To contract debts, borrow money and to issue or assume the payment of bonds, and other obligations.
9. To fix, maintain and collect reasonable fees, rents, tolls and other charges for service rendered.
10. To exercise, with respect to its providing regulated utility service, all the powers set forth in § [56-49](#), including the power of eminent domain as prescribed for other public service corporations by general law.
11. To assist its members and nonmember customers, by loans or otherwise, in the acquisition by them of such installation and wiring, and the obtaining of such machinery, equipment and appliances, as will enable them to secure the greatest benefit from the use of utility services supplied by the cooperative.
12. To issue nonassessable nonvoting common and preferred capital stock or similar securities and pay dividends thereon.
13. To become a member or stockholder in one or more other cooperatives or corporations created to engage in any business not prohibited by law, including, but not limited to, other types of public service company business.
14. To perform any and all of the foregoing acts and do any and all of the foregoing things under, through or by means of its own officers, agents and employees, or by contracts with any person, federal agency or municipality.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

**§56-231.24. Power to dispose of property.**

No cooperative may sell, lease or dispose of all or substantially all of its property (other than property which, in the judgment of the board, is neither necessary nor useful in operating and maintaining the cooperative's system and which in any one year shall not exceed fifty percent in value of the value of all the property of the cooperative, or merchandise), unless authorized to do so by the votes of at least a two-thirds majority of its members; however, a cooperative (i) may mortgage, finance (including, without limitation, pursuant to a sale and leaseback or lease and leaseback transaction), or otherwise encumber its assets by a vote of at least two-thirds of its board of directors; (ii) may sell or transfer its assets to another cooperative upon the vote of a majority of its members at any regular or special meeting if the notice of such meeting contains a copy of the terms of the proposed sale or transfer; (iii) may sell or transfer distribution system facilities to a city or town at any time following the annexation of additional territory

pursuant to § [56-265.4:2](#) by a vote of at least two-thirds of its board of directors; or (iv) may sell, lease or dispose of its property to an affiliate pursuant to a plan approved by the Commission in accordance with subsection B of § [56-590](#) by a vote of at least two-thirds of the members of the Board.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

**§56-231.25. Power to issue obligations.**

A cooperative shall have power and is hereby authorized, from time to time, to issue its obligations for any corporate purpose. Such obligations may be authorized by resolution of the board, and may bear such date or dates, mature at such time or times, bear such interest, be payable at such times, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption, as such resolution may provide. Such obligations may be sold in such manner and upon such terms as the board may determine. Pending the preparation or execution of definitive bonds, or obligations, interim receipts or certificates of temporary bonds may be delivered to the purchaser of such obligations.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

**§56-231.26. Covenants in connection with obligations.**

In connection with the issuance of any obligations a cooperative may make covenants or agreements and do any and all acts or things that a corporation can make or do under the laws of this Commonwealth.

1999, c. [874](#).

**§56-231.27. Power to purchase its own obligations.**

A cooperative may purchase any obligation issued by it.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

**§56-231.28. Board of directors of cooperatives.**

Each cooperative shall have a board of directors of five or more members, which board shall constitute the governing body of the cooperative. Only members and the officers, directors or employees of any member shall be eligible for election to the board of directors. The directors, other than those named in the articles of incorporation, shall be elected annually by the members entitled to vote, unless the bylaws provide that, in lieu of electing the whole number of directors annually, the directors shall be divided into two, three or four classes at the first or any subsequent annual meeting. If the bylaws so

provide, each class shall be as nearly equal in number as possible, with the term of office of one class to expire every year. If the number of classes changes, then the board of directors shall have authority to determine how directors will be allocated among the new number of classes, provided that no director's term will exceed, without reelection, a number of years equal to the number of classes of directors. The board of directors shall have authority to fix the compensation of directors. The directors shall elect annually from their own number a president of the board or a chairman of the board; and one or more vice-presidents of the board, vice-chairmen of the board or both. They may also elect or appoint annually (i) a president of the cooperative, (ii) one or more vice-presidents of the cooperative, (iii) a secretary, (iv) a treasurer, and (v) such other officers as the board deems necessary. No person shall hold any office unless that person is a director or employee of the cooperative. The offices of secretary and treasurer may be held by the same person.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

#### **§56-231.29. Powers of board of directors.**

The board of directors of a cooperative shall have power to do all things necessary or incidental in conducting the business of the cooperative, including, but not limited to the power:

1. If authorized by the articles of incorporation, or by resolution of its members having voting power, to adopt and amend bylaws for the management and regulation of the affairs of the cooperative, subject, however, to the right of the members to alter or repeal such bylaws. The bylaws of a cooperative may make provisions, not inconsistent with law or its articles of incorporation, regulating the admission, suspension or expulsion of members; the transfer of membership, the fees and dues of members and the termination of membership on nonpayment of dues or otherwise; the number, times and manner of choosing, qualifications, terms of office, official designations, powers, duties and compensation of its officers and directors; defining a vacancy in the board or in any office and the manner of filling it; the number of members, not less than 2.5 percent of the total number of members, to constitute a quorum at meetings; the date of the annual meeting and the giving of notice thereof and the holding of special meetings and the giving of notice thereof; the terms and conditions upon which the cooperative is to render service to its members; the disposition of the revenues and receipts of the cooperative; and regular and special meetings of the board and the giving of notice thereof.

2. To appoint agents and employees and to fix their compensation and the compensation of the officers of the cooperative.
3. To execute all instruments.
4. To make its own rules and regulations as to its procedure.

1999, c. [874](#).

#### **§56-231.30. Rights and liabilities of members.**

A. A cooperative may have one or more classes of members. If the cooperative has more than one class of members, the designation of each class and the qualifications and rights of the members of each class shall be set forth in the bylaws of the cooperative.

B. A cooperative shall issue to its members certificates of membership and each member shall be entitled to only one vote at the meetings of the members of the cooperative. The liability of each member shall be limited to the unpaid portion of his membership fee or subscription to capital stock, and any unpaid bills for utility services or other services, commodities or merchandise purchased from the cooperative, provided that nothing in this section shall be construed to limit the exposure of any unrefunded patronage capital to the lawful creditors of a cooperative. The equity of members of a nonstock cooperative shall be set by the board in accordance with cooperative principles. A cooperative shall be operated on a not-for-profit basis, with the exception of for-profit affiliates, for the mutual benefit of the members. The bylaws of a cooperative or its contract with the members shall contain such provisions relative to the disposition of margins as may be necessary and appropriate to establish and maintain its nonprofit and cooperative character.

1999, c. [874](#); 2000, cc. [944](#), [964](#), [989](#), [999](#).

#### **§56-231.31. Payment of certain patronage capital to spouse or next of kin of deceased person.**

When there is held by any cooperative any patronage capital to the credit of a deceased person, in an amount not exceeding \$10,000, upon whose estate there shall have been no qualification, it shall be lawful for such electric cooperative, after 120 days from the death of such person, to pay such balance to his or her spouse, and if none, to his or her next of kin, whose receipt therefor shall be a full discharge and acquittance to such electric cooperative to all persons whomsoever on account of such patronage capital.

1999, c. [874](#).

#### **§56-231.31:1. Donation of certain patronage capital to the cooperative.**

Notwithstanding any other provision of law, when there is held by any cooperative any retired patronage capital to the credit of (i) a deceased person who has no spouse or next of kin identified in the records of the cooperative or (ii) a member or former member who has terminated service and who does not have a current address on file with the cooperative, then the bylaws or member agreements of the cooperative may provide that such credits shall be deemed to have been transferred as a gift to the cooperative and shall thereafter be the property of the cooperative; however, after July 1, 1999, such credits may be deemed gifts to the cooperative only if the cooperative publishes notice of such credit in its regular member publication and a publication of general circulation, and such credit is not claimed by such member, former member or next of kin within 120 days of such publication or such longer period as set out in the bylaws or member agreements of the cooperative. If there is no such provision in the cooperative's bylaws or member agreement, or if there is no publication, then any unclaimed credit shall be treated in accordance with the Virginia Disposition of Unclaimed Property Act (§ [55.1-2500](#) et seq.). This section shall apply only to cooperatives organized under or governed by this article for the purpose of providing regulated electric utilities service on a mutual, not-for-profit basis, with a board democratically elected by its member consumers.

1999, cc. [939](#), [940](#).

#### **§56-231.32. Service to members.**

No person shall become or remain a member unless such person shall use utility services supplied by such cooperative and shall have complied with the terms and conditions in respect to membership contained in the bylaws of such cooperative. However, nothing in this article shall prevent a cooperative from engaging in other lawful activities or enterprises. Should the cooperative acquire any utility facilities already dedicated or devoted to the public use it may, for the purpose of continuing existing service and avoiding hardship, continue to serve the persons served directly from such facilities at the time of such acquisition without requiring that such persons become members. Such non-member utility service customers shall have the right to become members upon nondiscriminatory terms. The charges for regulated utility services to such nonmembers shall be on a cost basis similar to the charges to members.

1999, c. [874](#).

#### **§56-231.33. Adequate service; rates.**

Regulated utility services offered by a cooperative shall be reasonably adequate, subject to the regulations of the Commission, as provided in § [56-231.34](#). The charge made

by any such cooperative for any regulated utility service rendered or to be rendered, either directly or in connection therewith, shall be nondiscriminatory, reasonable and just, and every discriminatory, unjust or unreasonable charge for such regulated utility service is prohibited and declared unlawful. Reasonable and just charges for service within the meaning of this section shall be such charges as shall produce sufficient revenue to pay all legal and other necessary expenses incident to the operation of the system, and shall include but not be limited to maintenance cost, operating charges, interest charges on bonds or other obligations, to recover such stranded costs and transition costs as may be authorized in this title, to provide for the liquidation of bonds or other evidences of indebtedness, to provide adequate funds to be used as working capital, as well as reasonable reserves and funds for making replacements and also for the payment of any taxes that may be assessed against such cooperative or its property, it being the intent and purpose hereof that such charges shall produce an income sufficient to maintain such cooperative property in a sound physical and financial condition to render adequate and efficient service and additional amounts that must be realized by the cooperative to meet the requirement of any rate covenant with respect to coverage of principal of and interest on its debt contained in any indenture, mortgage, or other contract with holders of its debt, provided that any such indenture, mortgage or other contract must have been approved by the Commission pursuant to Chapter 3 (§ [56-55](#) et seq.) of this title. Any rate for regulated utility services that is too low to meet the foregoing requirements shall be unlawful.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

#### **§56-231.34. Regulation by Commission.**

The regulated utility services of a cooperative shall be subject to the jurisdiction of the Commission in the same manner and to the same extent as are regulated utility services provided by other persons under the laws of this Commonwealth. All other business activities of a cooperative and its affiliates shall be subject to the jurisdiction of the Commission to the extent provided by § [56-231.34:1](#) and any other applicable laws of the Commonwealth.

1999, c. [874](#).

#### **§56-231.34:1. Separation of regulated and unregulated businesses.**

A. No cooperative that engages in a regulated utility service shall conduct any unregulated business activity, other than traditional cooperative activities, except in or through one or more affiliates of such cooperative, provided that a cooperative that provides

regulated utility services shall have the right to offer and make unregulated sales of electric power to its members within its certificated service territory. No such affiliates, formed to engage in any business that is not a regulated utility service, shall engage in regulated utility services.

B. The Commission shall promulgate rules and regulations, governing the conduct of the cooperatives, to promote effective and fair competition between (i) affiliates of cooperatives that are engaged in business activities which are not regulated utility services and (ii) other persons engaged in the same or similar businesses. The rules and regulations shall be effective by July 1, 2000, and shall include provisions:

1. Prohibiting cost-shifting or cross-subsidies between a cooperative and its affiliates;
2. Prohibiting anticompetitive behavior or self-dealing between a cooperative and its affiliates;
3. Prohibiting a cooperative from engaging in discriminatory behavior towards non-affiliated entities; and
4. Establishing codes of conduct detailing permissible relations between a cooperative and its affiliates. In establishing such codes, the Commission shall consider, among other things, whether and, if so, under what circumstances and conditions (i) a cooperative may provide its affiliates with customer lists or other customer information, sales leads, procurement advice, joint promotions, and access to billing or mailing systems unless such information or services are made available to third parties under the same terms and conditions, (ii) the cooperative's name, logos or trademarks may be used in promotional, advertising or sales activities conducted by its affiliates, and (iii) the cooperative's vehicles, equipment, office space and employees may be used by its affiliates.

C. Nothing in this article shall be deemed to abrogate or modify the Commission's authority under Chapter 4 (§ [56-76](#) et seq.) of this title.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

**§56-231.34:2. Right of action; violation of rules or regulations.**

A. Any person who suffers loss as the proximate result of a violation by a cooperative or its affiliate of any rule or regulation adopted by the Commission pursuant to § [56-231.34:1](#) shall be entitled to initiate an action to recover actual damages or \$500, whichever is greater, and to obtain injunctive relief. Any action pursuant to this section shall be commenced within two years after its accrual.

B. Notwithstanding any other provision of law to the contrary, in addition to any damages awarded, such person may also be awarded reasonable attorney's fees and court costs.

C. In any case arising under this section, no liability shall be imposed upon any cooperative or its affiliate which shows by a preponderance of the evidence that (i) the act or practice alleged to be in violation of any rule or regulation adopted by the Commission pursuant to § [56-231.34:1](#) was an act or practice over which the same had no control or (ii) the alleged violation resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid a violation. However, nothing in this section shall prevent the court from ordering restitution and payment of reasonable attorney's fees and court costs pursuant to subsection B to any person aggrieved as a result of an unintentional violation.

1999, c. [874](#).

**§56-231.35. Charter fees, etc.**

The general laws relating to fees and other charges in connection with issuing charters, amendments thereto and dissolutions of corporations organized on a mutual basis or without capital stock shall apply to cooperatives organized under the provisions of this article.

1999, c. [874](#).

**§56-231.36. Construction of article; conflicting laws.**

This article is to be liberally construed and the enumeration of any object, purpose, power, manner, method or thing shall not be deemed to exclude like or similar objects, purposes, powers, manners, methods or things, and any provisions of other laws in conflict with the provisions of this article shall not apply to cooperatives operating hereunder. Any object, purpose, power, manner, method or thing which is not specifically prohibited is permitted.

1999, c. [874](#).

**§56-231.37. How article cited.**

This article may be cited as the "Utility Consumer Services Cooperatives Act."

1999, c. [874](#).

**§56-231.38. Definitions.**

As used in this article:

"Affiliate" means a separate affiliated or subsidiary corporation or other separate legal entity.

"Board" means any board of directors of a cooperative formed under or which becomes subject to this article.

"Commission" means the State Corporation Commission of Virginia.

"Cooperative" means a power supply cooperative formed under the former Power Supply Cooperatives Act (§ [56-231.1](#) et seq.) or a utility aggregation cooperative formed under this article or which becomes subject to this article.

"Energy" means and includes all energy, regardless of how or where it is generated or produced.

"HVACR" means heating, ventilation, air conditioning and refrigeration.

"Member" means any person that holds any class of membership in a cooperative.

"Obligations" means all evidences of indebtedness issued by or the payment of which is assumed by a cooperative.

"Patronage capital" includes all amounts received by a cooperative from the sale of electric power to members in excess of the cooperative's cost of furnishing electric power to members and such other margins as determined by the Board.

"Person" means and includes natural persons, firms, associations, cooperatives, corporations, limited liability companies, business trusts, partnerships, limited liability partnerships and bodies politic.

"Propane or fuel oil equipment" means equipment and related systems to store or use propane or fuel oil products.

"Regulated utility services" means utility services that are subject to regulation as to rates or service by the Commission.

"System" means any plant, works, facility, or property used or useful in connection with the purchase, generation, sale or transmission of energy, utility products and services, or both.

"Traditional cooperative activity" means any business, service or activity in which cooperatives in Virginia have traditionally engaged and that is incidental to and substantially related to the electric utility business conducted by a cooperative on or before July 1, 1999; provided, however, that traditional cooperative activity does not include any

program to (i) buy or maintain an inventory of HVACR equipment or household appliances; (ii) install or service any such equipment or household appliances for customers, unless such service is not provided by the cooperative but by a third party individual, firm or corporation licensed to perform such service; (iii) sell HVACR equipment or household appliances to customers metered and billed on residential rates; (iv) sell HVACR equipment to customers other than those metered and billed on residential rates except where such sale is an incidental part of providing other energy services or providing other traditional cooperative activities; (v) sell or distribute propane or fuel oil; sell, install or service propane or fuel oil equipment; or maintain or buy an inventory of propane or fuel oil equipment for resale; or (vi) serve as a coordinator of nonelectric energy services or provide engineering consulting services except when such energy or engineering services are an incidental part of a marketing effort to provide other energy or engineering services or as a part of providing services that are other traditional cooperative activities.

"Utility services" means any products, services, and equipment related to energy, telecommunications, water and sewerage.

1999, c. [874](#); 2000, cc. [944](#), [964](#), [989](#), [999](#).

#### **§56-231.39. Organization and purpose.**

A. Subject to § [56-231.50:1](#), any utility consumer service cooperative or utility aggregation cooperative may form a cooperative in accordance with this article, either stock or nonstock, not for pecuniary profit, with the exception of for-profit affiliates, for the purpose of purchasing, generating or transmitting energy products and services for sale or resale, operating or participating in an independent system operator, regional transmission entity, regional power exchange, or both, and any other lawful purpose, consistent with sound business principles and prudent management practices; (i) provided, however, that within the certificated service territory of any member distribution cooperative that existed as of January 1, 1999, no such cooperative shall, prior to July 1, 2000, undertake or initiate any new program (a) to buy or maintain an inventory of HVACR equipment or household appliances, (b) to install or service any such equipment or household appliances for customers, unless such service is not provided by the cooperative but by a third party individual, firm or corporation licensed to perform such service, (c) to sell HVACR equipment or household appliances to customers who are metered and billed on residential rates, (d) to sell HVACR equipment to customers other than those metered and billed on residential rates except where such sale is an incidental part of providing other energy services or providing traditional cooperative activities, (e) to sell or

distribute propane or fuel oil; sell, install or service propane or fuel oil equipment; or maintain or buy an inventory of propane or fuel oil equipment for resale, or (f) to serve as a coordinator of nonelectric energy services or provide engineering consulting services except when such energy or engineering services are an incidental part of a marketing effort to provide other energy or engineering services or as a part of providing services that are traditional cooperative activities; (ii) provided further, that notwithstanding clause (i), such cooperative may, within the certificated service territory of a specific distribution cooperative that existed as of January 1, 1999, and then only to the extent that such specific distribution cooperative could lawfully do so, engage in any of the activities enumerated in clause (i) that (a) have received State Corporation Commission approval prior to February 1, 1998, (b) such cooperative is ordered or required to undertake by any jurisdictional court or regulatory authority, (c) were lawfully undertaken prior to February 1, 1998, (d) are specifically permitted by statute, or (e) are undertaken by any other regulated public service company or its unregulated affiliate within such distribution cooperative's certificated service territory; and (iii) also provided that such cooperative or its affiliate may not undertake such activities as are prohibited by clause (i) within the certificated service territory of another public service company unless such activities are undertaken by such public service company or its unregulated affiliate within the certificated service territory of a specific distribution cooperative existing as of January 1, 1999, and the certificated service territories of the public service company and the specific distribution cooperative overlap. In addition, such cooperative may establish one or more subsidiaries to engage in any other business activities not prohibited by law. Notwithstanding the foregoing, no such subsidiary may engage in any business activities that the cooperatives are prohibited from engaging in under this section. For purposes of determining whether a cooperative is formed not for pecuniary profit, the establishment of one or more affiliates thereof on a for-profit basis shall not disqualify such entity from being formed as a cooperative pursuant to this article.

B. Nothing in this article shall be construed to authorize a cooperative formed pursuant to this article, or any affiliate thereof, to engage, within any political subdivision of the Commonwealth on a not-for-profit basis, in the sale of products, the provision of services, or other business activity, except for electric power services and traditional cooperative activities. However, if such business activities are not currently provided by any person other than a cooperative formed under or subject to this chapter or its affiliate and the Commission determines that no such other person is likely, within a reasonable time, to effectively provide such products and services in such political subdivision, an affiliate of

a cooperative may provide such products or services on a not-for-profit basis. The Commission shall also permit an affiliate of a cooperative formed under or subject to this chapter to provide such products or services on a not-for-profit basis upon a finding that the affiliate will not receive the benefit of any federal income tax exemption that is not available to persons other than cooperatives and will not receive the benefit of any federally guaranteed or subsidized financing that is not available to persons other than cooperatives; and provided further, that nothing in this subsection shall prohibit the continued operation of any business activities of any not-for-profit cooperative or affiliate formed, operating, and actively providing products or services to customers on or before July 1, 1999.

1999, c. [874](#); 2000, cc. [964](#), [989](#).

#### **§56-231.40. Names.**

The words "electric cooperative" or "utility aggregation cooperative" shall not be used in the corporate name of any corporation other than those subject to this chapter, or their wholly owned subsidiaries.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

#### **§56-231.41. Articles of incorporation.**

A. The articles of incorporation shall be entitled "Articles of Incorporation of..... Cooperative" (the blank space being filled in with the distinguishing part of the name of the cooperative) and shall state:

1. The name of the cooperative, which name need not contain the word "corporation" or "incorporated," but shall be such as to distinguish it from any other cooperative;
2. The location and post office address of its principal office and its registered agent;
3. The number of directors;
4. The names and post office addresses of the directors who are to manage the affairs of the cooperative for the first year of its existence, or until their successors are chosen;
5. The duration of the cooperative if its duration is to be limited; and
6. In the case of a cooperative incorporating with capital stock, a statement of the maximum and minimum amount of the capital stock of the cooperative, and its division into shares.

B. The articles of incorporation may also contain any provision not inconsistent with law or the provisions of Title 13.1, which the incorporators may choose to insert for the

regulation of the business and the conduct of the affairs of the cooperative; and any provision as to the plan of financial organization, or relating to the internal regulation or the government of the cooperative, its directors and members; provided, however, that subsections D through G of § [13.1-620](#) and subdivision 1 of § [13.1-825](#) shall not apply to any affiliate or subsidiary of a cooperative.

1999, c. [874](#).

#### **§56-231.42. Bylaws.**

The original bylaws of a cooperative shall be adopted by the members of such cooperative. Thereafter, such cooperative's board shall adopt, amend, or repeal the bylaws unless otherwise provided in the articles of incorporation or bylaws, subject to the rights of the members to alter or repeal such bylaws. The bylaws shall set forth the rights and duties of directors, officers and members and other provisions for the regulation and management of the affairs of the cooperative not inconsistent with this article, the cooperative's articles of incorporation or other applicable law. The bylaws shall contain provisions relative to the disposition of revenues and receipts as may be necessary and appropriate to establish and maintain the cooperative's nonprofit character.

1999, c. [874](#).

#### **§56-231.43. Powers.**

A. Each cooperative formed under this article shall have power to do any and all lawful acts or things, including, but not limited to the power:

1. To purchase, sell, generate, store, transport or transmit energy, energy services, products and equipment.
2. To sue and be sued.
3. To have a seal and alter the same at pleasure.
4. To acquire, hold and dispose of property, real and personal, tangible and intangible, or interests therein and to pay in cash or property or on credit, and to secure and procure payment of all or any part of the purchase price thereof on such terms and conditions as the board shall determine.
5. To render service and to acquire, own, operate, maintain and improve a system or systems.
6. To accept gifts or grants of money or of property, real or personal, and to accept voluntary and uncompensated services.

7. To sell, lease, mortgage or otherwise encumber or dispose of all or any parts of its property.
  8. To contract debts, borrow money and to issue or assume the payment of bonds and other obligations.
  9. To fix, maintain and collect reasonable fees, rents, tolls and other charges for service rendered.
  10. To exercise, with respect to its construction of regulated transmission facilities as a power supply cooperative, all the powers set forth in § [56-49](#), including the power of eminent domain as prescribed for other public service corporations by general law.
  11. To assist its members, by loans or otherwise, in the acquisition by them of energy and electrical, technological and other equipment related to the business of the cooperative.
  12. To issue nonassessable nonvoting common and preferred capital stock or similar securities and pay dividends thereon.
  13. To perform any and all of the foregoing acts through or by means of its own officers, agents and employees, or by contract.
- B. A cooperative shall have the power and is authorized, from time to time, to issue its obligations for any corporate purpose.
1. The obligations may be authorized by resolution of the board, and may bear any date or dates, mature at any time or times, bear any interest, be payable at any times, be in any denominations, be in any form, either coupon or registered, carry any registration privileges, be executed in any manner, be payable in any medium of payment, at any place or places, and be subject to any terms of redemption, as provided by the resolution.
  2. These obligations may be sold in the manner and upon the terms as the board may determine. Pending the preparation or execution of definitive bonds or obligations, interim receipts or certificates of temporary bonds may be delivered to the purchaser of such obligations.
- C. A cooperative may purchase any of its own obligations.
- D. The Virginia Securities Act (§ [13.1-501](#) et seq.) shall not apply to membership certificates issued by a cooperative or its cooperative affiliates, or subsidiaries organized prior to January 1, 1999.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

**§56-231.44. Board of directors.**

A. Each cooperative shall have a board of directors consisting of at least five directors, which shall constitute the governing body of such cooperative. The board, other than those named in the articles of incorporation, shall be elected annually by the members. The bylaws may provide in lieu of electing the whole number of directors annually, that the directors may be divided into classes and that the terms of office of the several classes need not be uniform. Each director shall hold office for the term for which he or she is elected and until his or her successor is elected except in cases of ex officio directors.

The directors shall be elected by the members of the cooperative. At a minimum, there shall be at least one director elected from the membership, officers, directors or employees of each member of the cooperative that is itself a cooperative subject to any article of this chapter. Additional directors may be elected from the membership, from the members, officers, directors or employees of any member of the cooperative, or from employees of the cooperative. The board of directors shall have the authority to fix the compensation of the directors.

B. The board of directors of a cooperative shall have the power to do all things necessary or incidental in conducting the business of such cooperative, including, but not limited to the power:

1. To adopt and amend bylaws for the management and regulation of the affairs of such cooperative unless otherwise provided in the articles of incorporation or bylaws, subject to the rights of the members to alter or repeal such bylaws. The bylaws of a cooperative may make provisions not inconsistent with law or its articles of incorporation, regulating:
  - a. The admission, suspension or expulsion of members;
  - b. The transfer or classification of membership;
  - c. The fees and dues of members and the termination of membership on nonpayment of dues;
  - d. The number, times and manner of choosing or electing, qualifications, terms of office, official designations, powers, duties and compensation of its directors and officers;
  - e. The filling of a vacancy in the board or in any office;

- f. The number of board members or member-delegates constituting a quorum at meetings;
  - g. The date of the annual meeting and the giving of notice thereof and the holding of special meetings and the giving of notice thereof;
  - h. The terms and conditions upon which such cooperative is to render service to its members;
  - i. The disposition of capital contributions; and
  - j. The establishment of classes of membership, the qualifications therefor and the rights and obligations thereof.
2. To appoint agents and employees and to fix their compensation and the compensation of the officers of the cooperative.
  3. To execute all instruments.
  4. To make its own rules and regulations as to its procedure.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

#### **§56-231.45. Officers.**

The officers of a cooperative shall consist of a president, vice-president, secretary and treasurer who shall be elected annually by the board and such other officers as may be designated by the board of directors. No person shall hold any offices unless that person is a director or employee of the cooperative. The offices of secretary and treasurer may be held by the same person. Any officer may be removed from office and a successor elected or appointed in accordance with such cooperative's bylaws.

1999, c. [874](#).

#### **§56-231.46. Members.**

A. A cooperative may have one or more classes of members. If the cooperative has more than one class of members, the designation of each class and the qualifications and rights of the members of each class shall be set forth in the bylaws of the cooperative.

B. Such cooperative shall issue to its members nontransferable certificates of membership. Members shall be entitled to vote in accordance with the articles of incorporation or, if the articles of incorporation so provide, the bylaws. The liability of each member shall be limited to the unpaid portion of its membership fee or subscription to capital stock and its contractual obligations to the cooperative. The equity of members of

a nonstock cooperative shall be in proportion to the patronage capital paid such cooperative.

C. No person shall become or remain a member unless it has complied with the terms and conditions of membership contained in the bylaws of the cooperative.

1999, c. [874](#).

**§56-231.47. Adoption of article.**

Any cooperative of this Commonwealth engaged in the purchase, sale, generation or transmission of electric energy products or services for sale or resale may come under the provisions of this article by filing with the Commission a certificate of adoption in the manner provided by subsection (b) of § [13.1-334](#) and relinquishing all rights and powers granted by its former charter.

1999, c. [874](#).

**§56-231.48. Applicability of other laws.**

All of the provisions of the Virginia Stock Corporation Act, Chapter 9 (§ [13.1-601](#) et seq.) of Title 13.1, and the Virginia Nonstock Corporation Act (§ [13.1-801](#) et seq.), insofar as not inconsistent with this article, are hereby made applicable to stock and nonstock cooperatives, respectively, when the articles of incorporation are filed in the office of the Commission; provided, however, that subsections D through G of § [13.1-620](#) and subdivision 1 of § [13.1-825](#) shall not apply to any affiliate or subsidiary of a cooperative. A cooperative must have a registered office and a registered agent, pursuant to § [13.1-634](#) or § [13.1-833](#), as appropriate.

1999, c. [874](#).

**§56-231.49. Restructuring costs.**

To the extent authorized in this title, a cooperative may recover its costs related to the restructuring of the electric utility industry, including stranded costs and transition costs, from its members through its rates and charges.

1999, c. [874](#).

**§56-231.50. Regulation by State Corporation Commission.**

The regulated utility services and operations of any cooperative organized under this article shall be subject to the jurisdiction of the Commission in the same manner and to the same extent as are all other providers of such regulated utility services under the laws of this Commonwealth; but with regard to sales of energy at wholesale, no cooperative

shall be subject to the provisions of §§ [56-234](#) through [56-245](#), [56-247](#) and [56-249](#) through [56-249.6](#). With regard to business activities which are not regulated utility services, no cooperative shall be subject to the provisions of §§ [56-234](#) through [56-245](#) and [56-249](#) through [56-249.6](#). All other business activities of a cooperative and its affiliates shall be subject to the jurisdiction of the Commission to the extent provided by § [56-231.50:1](#) and any other applicable laws of this Commonwealth.

1999, c. [874](#).

**§56-231.50:1. Separation of regulated and unregulated businesses.**

A. No cooperative that engages in a regulated utility service shall conduct any unregulated business activity, other than traditional cooperative activities, except in or through one or more affiliates of such cooperative. No such affiliates, formed to engage in any business that is not a regulated utility service, shall engage in regulated utility services.

B. The Commission shall promulgate rules and regulations to promote effective and fair competition between (i) affiliates of cooperatives that are engaged in business activities which are not regulated utility services and (ii) other persons engaged in the same or similar businesses. The rules and regulations shall be effective by July 1, 2000, and shall include provisions:

1. Prohibiting cost-shifting or cross-subsidies between a cooperative and its affiliates;
2. Prohibiting anticompetitive behavior or self-dealing between a cooperative and its affiliates;
3. Prohibiting a cooperative from engaging in discriminatory behavior towards non-affiliated entities; and
4. Establishing codes of conduct detailing permissible relations between a cooperative and its affiliates. In establishing such codes, the Commission shall consider, among other things, whether and, if so, under what circumstances and conditions (i) a cooperative may provide its affiliates with customer lists or other customer information, sales leads, procurement advice, joint promotions, and access to billing or mailing systems unless such information or services are made available to third parties under the same terms and conditions, (ii) the cooperative's name, logos or trademarks may be used in promotional, advertising or sales activities conducted by its affiliates, and (iii) the cooperative's vehicles, equipment, office space and employees may be used by its affiliates.

C. Nothing in this article shall be deemed to abrogate or modify the Commission's authority under Chapter 4 (§ [56-76](#) et seq.) of this title.

1999, c. [874](#); 2000, cc. [944](#), [999](#).

**§56-231.50:2. Right of action; violation of rules or regulations.**

A. Any person who suffers loss as the proximate result of a violation by a cooperative or its affiliate of any rule or regulation adopted by the Commission pursuant to § [56-231.50:1](#) shall be entitled to initiate an action to recover actual damages or \$500, whichever is greater, and to obtain injunctive relief. Any action pursuant to this section shall be commenced within two years after its accrual.

B. Notwithstanding any other provision of law to the contrary, in addition to any damages awarded, such person may also be awarded reasonable attorney's fees and court costs.

C. In any case arising under this section, no liability shall be imposed upon any cooperative or its affiliate which shows by a preponderance of the evidence that (i) the act or practice alleged to be in violation of any rule or regulation adopted by the Commission pursuant to § [56-231.50:1](#) was an act or practice over which the same had no control or (ii) the alleged violation resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid a violation. However, nothing in this section shall prevent the court from ordering restitution and payment of reasonable attorney's fees and court costs pursuant to subsection B to any person aggrieved as a result of an unintentional violation.

1999, c. [874](#).

**§56-231.51. Construction of article and conflicting laws.**

This article is to be liberally construed and the enumeration of any object, purpose, power, manner, method or thing shall not be deemed to exclude like or similar objects, purposes, powers, manners, methods or things, and any provisions of other laws in conflict with the provisions of this article shall not apply to cooperatives operating hereunder. Any object, purpose, power, manner, method or thing which is not specifically prohibited is permitted.

1999, c. [874](#).

**§56-231.52. Citation to article.**

This article may be cited as the "Utility Aggregation Cooperatives Act."

1999, c. [874](#).

## Utility Facilities Act

### §56-265.1. Definitions.

In this chapter, the following terms shall have the following meanings:

(a) "Company" means a corporation, a limited liability company, an individual, a partnership, an association, a joint-stock company, a business trust, a cooperative, or an organized group of persons, whether incorporated or not; or any receiver, trustee or other liquidating agent of any of the foregoing in his capacity as such; but not a municipal corporation or a county, unless such municipal corporation or county has obtained a certificate pursuant to § [56-265.4:4](#).

(b) "Public utility" means any company that owns or operates facilities within the Commonwealth of Virginia for the generation, transmission, or distribution of electric energy for sale, for the production, storage, transmission, or distribution, otherwise than in enclosed portable containers, of natural gas, or, if produced, stored, transmitted, or distributed by a natural gas utility as defined in § [56-265.4:6](#), supplemental or substitute forms of gas sources as defined in § [56-248.1](#), or geothermal resources for sale for heat, light or power, or for the furnishing of telephone service, sewerage facilities or water. A "public utility" may own a facility for the storage of electric energy for sale that includes one or more pumped hydroelectricity generation and storage facilities located in the coalfield region of Virginia as described in § [15.2-6002](#). However, the term "public utility" does not include any of the following:

(1) Except as otherwise provided in § [56-265.3:1](#), any company furnishing sewerage facilities, geothermal resources or water to less than 50 customers. Any company furnishing water or sewer services to 10 or more customers and excluded by this subdivision from the definition of "public utility" for purposes of this chapter nevertheless shall not abandon the water or sewer services unless and until approval is granted by the Commission or all the customers receiving such services agree to accept ownership of the company.

(2) Any company generating and distributing electric energy exclusively for its own consumption.

(3) Any company (A) which furnishes electric service together with heating and cooling services, generated at a central plant installed on the premises to be served, to the tenants of a building or buildings located on a single tract of land undivided by any publicly maintained highway, street or road at the time of installation of the central plant, and (B) which does not charge separately or by meter for electric energy used by any tenant except as part of a rental charge. Any company excluded by this subdivision from the

definition of "public utility" for the purposes of this chapter nevertheless shall, within 30 days following the issuance of a building permit, notify the State Corporation Commission in writing of the ownership, capacity and location of such central plant, and it shall be subject, with regard to the quality of electric service furnished, to the provisions of Chapters 10 (§ [56-232](#) et seq.) and 17 (§ [56-509](#) et seq.) and regulations thereunder and be deemed a public utility for such purposes, if such company furnishes such service to 100 or more lessees.

(4) Any company, or affiliate thereof, making a first or direct sale, or ancillary transmission or delivery service, of natural gas to fewer than 35 commercial or industrial customers, which are not themselves "public utilities" as defined in this chapter, or to certain public schools as indicated in this subdivision, for use solely by such purchasing customers at facilities which are not located in a territory for which a certificate to provide gas service has been issued by the Commission under this chapter and which, at the time of the Commission's receipt of the notice provided under § [56-265.4:5](#), are not located within any area, territory, or jurisdiction served by a municipal corporation that provided gas distribution service as of January 1, 1992, provided that such company shall comply with the provisions of § [56-265.4:5](#). Direct sales or ancillary transmission or delivery services of natural gas to public schools in the following localities may be made without regard to the number of schools involved and shall not count against the "fewer than 35" requirement in this subdivision: the Counties of Dickenson, Wise, Russell, and Buchanan, and the City of Norton.

(5) Any company which is not a public service corporation and which provides compressed natural gas service at retail for the public.

(6) Any company selling landfill gas from a solid waste management facility permitted by the Department of Environmental Quality to a public utility certificated by the Commission to provide gas distribution service to the public in the area in which the solid waste management facility is located. If such company submits to the public utility a written offer for sale of such gas and the public utility does not agree within 60 days to purchase such gas on mutually satisfactory terms, then the company may sell such gas to (i) any facility owned and operated by the Commonwealth which is located within three miles of the solid waste management facility or (ii) any purchaser after such landfill gas has been liquefied. The provisions of this subdivision shall not apply to the City of Lynchburg or Fairfax County.

(7) Any authority created pursuant to the Virginia Water and Waste Authorities Act (§ [15.2-5100](#) et seq.) making a sale or ancillary transmission or delivery service of landfill gas to a commercial or industrial customer from a solid waste management facility permitted by the Department of Environmental Quality and operated by that same authority, if such an authority limits off-premises sale, transmission or delivery service of landfill gas to no more than one purchaser. The authority may contract with other persons for the construction and operation of facilities necessary or convenient to the sale, transmission or delivery of landfill gas, and no such person shall be deemed a public utility solely by reason of its construction or operation of such facilities. If the purchaser of the landfill gas is located within the certificated service territory of a natural gas public utility, the public utility may file for Commission approval a proposed tariff to reflect any anticipated or known changes in service to the purchaser as a result of the use of landfill gas. No such tariff shall impose on the purchaser of the landfill gas terms less favorable than similarly situated customers with alternative fuel capabilities; provided, however, that such tariff may impose such requirements as are reasonably calculated to recover the cost of such service and to protect and ensure the safety and integrity of the public utility's facilities.

(8) A company selling or delivering only landfill gas, electricity generated from only landfill gas, or both, that is derived from a solid waste management facility permitted by the Department of Environmental Quality and sold or delivered from any such facility to not more than three commercial or industrial purchasers or to a natural gas or electric public utility, municipal corporation or county as authorized by this section. If a purchaser of the landfill gas is located within the certificated service territory of a natural gas public utility or within an area in which a municipal corporation provides gas distribution service and the landfill gas is to be used in facilities constructed after January 1, 2000, such company shall submit to such public utility or municipal corporation a written offer for sale of that gas prior to offering the gas for sale or delivery to a commercial or industrial purchaser. If the public utility or municipal corporation does not agree within 60 days following the date of the offer to purchase such landfill gas on mutually satisfactory terms, then the company shall be authorized to sell such landfill gas, electricity, or both, to the commercial or industrial purchaser, utility, municipal corporation, or county. Such public utility may file for Commission approval a proposed tariff to reflect any anticipated or known changes in service to the purchaser as a result of the purchaser's use of the landfill gas. No such tariff shall impose on such purchaser of the landfill gas terms less favorable than those imposed on similarly situated customers with alternative fuel capabilities; provided, however, that such tariff may impose such requirements as are

reasonably calculated to recover any cost of such service and to protect and ensure the safety and integrity of the public utility's facilities.

(9) A company that is not organized as a public service company pursuant to subsection D of § [13.1-620](#) and that sells and delivers propane air only to one or more public utilities. Any company excluded by this subdivision from the definition of "public utility" for the purposes of this chapter nevertheless shall be subject to the Commission's jurisdiction relating to gas pipeline safety and enforcement.

(10) A farm or aggregation of farms that owns and operates facilities within the Commonwealth for the generation of electric energy from waste-to-energy technology. As used in this subdivision, (i) "farm" means any person that obtains at least 51 percent of its annual gross income from agricultural operations and produces the agricultural waste used as feedstock for the waste-to-energy technology, (ii) "agricultural waste" means biomass waste materials capable of decomposition that are produced from the raising of plants and animals during agricultural operations, including animal manures, bedding, plant stalks, hulls, and vegetable matter, and (iii) "waste-to-energy technology" means any technology, including a methane digester, that converts agricultural waste into gas, steam, or heat that is used to generate electricity on-site.

(11) A company, other than an entity organized as a public service company, that provides non-utility gas service as provided in § [56-265.4:6](#).

(12) A company, other than an entity organized as a public service company, that provides storage of electric energy that is not for sale to the public.

(c) "Commission" means the State Corporation Commission.

(d) "Geothermal resources" means those resources as defined in § [45.2-2000](#).

1950, p. 599; 1954, c. 354; 1970, c. 265; 1981, c. 506; 1988, c. 440; 1990, c. 488; 1991, c. 263; 1992, c. 476; 1994, cc. [652](#), [852](#); 1995, c. [643](#); 1997, cc. [105](#), [148](#); 1999, c. [768](#); 2000, cc. [528](#), [543](#); 2002, cc. [479](#), [489](#); 2004, cc. [748](#), [1028](#); 2005, c. [22](#); 2006, c. [411](#); 2007, c. [813](#); 2009, cc. [746](#), [794](#); 2018, c. [296](#); 2020, c. [1190](#); 2022, cc. [728](#), [759](#).

### **§56-265.2. Certificate of convenience and necessity required for acquisition, etc., of new facilities.**

A. 1. Subject to the provisions of subdivision 2, it shall be unlawful for any public utility to construct, enlarge or acquire, by lease or otherwise, any facilities for use in public utility service, except ordinary extensions or improvements in the usual course of business, without first having obtained a certificate from the Commission that the public

convenience and necessity require the exercise of such right or privilege. Any certificate required by this section shall be issued by the Commission only after opportunity for a hearing and after due notice to interested parties. The certificate for overhead electrical transmission lines of 138 kilovolts or more shall be issued by the Commission only after compliance with the provisions of § [56-46.1](#).

2. For construction of any transmission line of 138 kilovolts and associated facilities, a public utility shall either (i) obtain a certificate pursuant to subdivision 1 or (ii) obtain approval pursuant to the requirements of (a) § [15.2-2232](#) and (b) any applicable local zoning ordinances by the locality or localities in which the transmission line will be located. Issuance by the Commission of a certificate pursuant to subdivision 1 approving construction of a 138 kilovolt transmission line and any associated facilities shall be deemed to satisfy the requirements of § [15.2-2232](#) and all local zoning ordinances with respect to the transmission line and its associated facilities. For purposes of this subdivision, "associated facilities" include any station, substation, transition station, and switchyard facilities to be constructed outside of any county operating under the county executive form of government that is located in Planning District 8 in association with a 138 kilovolt transmission line.

B. In exercising its authority under this section, the Commission, notwithstanding the provisions of § [56-265.4](#), may permit the construction and operation of electrical generating facilities, which shall not be included in the rate base of any regulated utility whose rates are established pursuant to Chapter 10 (§ [56-232](#) et seq.), upon a finding that such generating facility and associated facilities including transmission lines and equipment (i) will have no material adverse effect upon the rates paid by customers of any regulated public utility in the Commonwealth; (ii) will have no material adverse effect upon reliability of electric service provided by any such regulated public utility; and (iii) are not otherwise contrary to the public interest. In review of its petition for a certificate to construct and operate a generating facility described in this subsection, the Commission shall give consideration to the effect of the facility and associated facilities, including transmission lines and equipment, on the environment and establish such conditions as may be desirable or necessary to minimize adverse environmental impact as provided in § [56-46.1](#). Facilities authorized by a certificate issued pursuant to this subsection may be exempted by the Commission from the provisions of Chapter 10 (§ [56-232](#) et seq.).

C. A map showing the location of any proposed ordinary extension or improvement outside of the territory in which the public utility is lawfully authorized to operate shall be

filed with the Commission, and prior notice of such ordinary extension shall be given to the public utility or other entity authorized to provide the same utility service within said territory. Ordinary extensions outside the service territory of a public utility shall be undertaken only for use in providing its public utility service and shall be constructed and operated so as not to interfere with the service or facilities of any public utility or other entity authorized to provide utility service within any other territory. If, upon objection of the affected utility or entity filed within 30 days of the aforesaid notice and after investigation and opportunity for a hearing the Commission finds an ordinary extension would not comply with this section, it may alter or amend the plan for such activity or prohibit its construction.

D. Whenever a certificate is required under this section for a pipeline for the transmission or distribution of natural or manufactured gas, the Commission may issue such a certificate only after compliance with the provisions of § [56-265.2:1](#). As used in this section and § [56-265.2:1](#), "pipeline for the transmission or distribution of manufactured or natural gas" shall include the pipeline and any related facilities incidental or necessary to the operation of the pipeline.

E. This section shall be subject to the requirements of § [56-265.3](#), if any, and nothing herein shall be construed to supersede § [56-265.3](#).

1950, p. 599; 1985, c. 282; 1995, cc. [311](#), [514](#); 1998, c. [92](#); 2012, cc. [54](#), [284](#); 2017, c. [728](#).

**§56-265.2:1. Approval by Commission required for construction of certain gas pipelines and related facilities; notice and hearing.**

A. Whenever a certificate is required pursuant to § [56-265.2](#) for the construction of a pipeline for the transmission or distribution of manufactured or natural gas, the Commission shall consider the effect of the pipeline on the environment, public safety, and economic development in the Commonwealth, and may establish such reasonably practical conditions as may be necessary to minimize any adverse environmental or public safety impact. In such proceedings, the Commission shall receive and consider all reports by state agencies concerned with environmental protection; and, if requested by any county or municipality in which the pipeline is proposed to be constructed, local comprehensive plans that have been adopted pursuant to Article 3 (§ [15.2-2223](#) et seq.) of Chapter 22 of Title 15.2.

B. The Commission shall not approve construction of any such pipeline unless the public utility has provided 30 days' advance public notice of the proposed pipeline by (i)

publishing a notice in a newspaper or newspapers of general circulation in each of the counties and municipalities through which the pipeline is proposed to be constructed, (ii) providing written notice to the governing body of each such county and municipality, (iii) causing to be sent a copy of the notice by first class mail to all owners of property within the route of the proposed pipeline, as indicated on the map or sketch of the route filed with the Commission, which requirement shall be satisfied by mailing the notice to such persons at such addresses as are indicated in the land books maintained by the commissioner of revenue, director of finance or treasurer of the county or municipality, and (iv) filing a copy of any plans, specifications, or maps of the proposed pipeline with the Commission, which plans, specifications, or maps shall be made available for public inspection at the Commission's business office, during normal business hours. Any notice required by this subsection shall include a written description of the proposed route the line is to follow, a map or sketch of the route, and information regarding the time period during which persons may request a public hearing under subsection C of this section.

C. If, within 45 days after publication and mailing of the notices required in subsection B of this section, any interested party requests a public hearing, the Commission shall, as soon as reasonably practicable after such request, hold such hearing or hearings at such place as may be designated by the Commission. If written requests therefor are received from 20 or more interested parties, the Commission shall hold at least one hearing in the area that would be affected by construction of the pipeline, for the purpose of receiving public comment on the proposal. If any hearing is to be held in the area affected, the Commission shall direct that a copy of the transcripts of any previous hearings held in the case be made available for public inspection at a convenient location in the area for a reasonable time before such local hearing.

D. For the purposes of this section, "interested parties" means the governing bodies of any counties or municipalities through which the pipeline is to be constructed, and persons residing or owning property within one-half mile of such pipeline. For the purposes of this section, "environment" or "environmental" shall be deemed to include in meaning "historic."

E. If a significantly different route is determined more desirable after the giving of the notice required in subsection B of this section, the Commission shall cause notice of the new route or routes to be published and mailed in accordance with subsection B of this section. The Commission shall thereafter comply with the provisions of this section to the

full extent necessary to give interested parties in the newly affected areas the same protection afforded interested parties affected by the route described in the original notice.

F. Approval of a pipeline pursuant to this section shall be deemed to satisfy and supersede the requirements of § [15.2-2232](#) and local zoning ordinances with respect to such pipeline and related facilities; however, the Commission shall not approve the construction of a natural gas compressor station in an area zoned exclusively for residential use unless the public utility provides certification from the local governing body that the natural gas compressor station is consistent with the zoning ordinance. The certification required by this subsection shall be deemed to have been waived unless the local governing body informs the Commission and the public utility of the natural gas compressor station's compliance or noncompliance within 45 days of the public utility's written request.

1995, c. [311](#); 2001, c. [758](#); 2014, cc. [467](#), [507](#).

**§56-265.3. Certificate to furnish public utility service; allotment of territory transfers, leases or amendments.**

A. No public utility shall begin to furnish public utility service within the Commonwealth without first having obtained from the Commission a certificate of public convenience and necessity authorizing it to furnish such service. Any company engaged in furnishing a public utility service in this Commonwealth as of July 1, 1950, shall, upon filing maps with the Commission within ninety days from such date, showing the territory now being served by it, be entitled to receive a certificate of convenience and necessity authorizing it to begin to furnish such public utility service in such territory. Also, any company that is granted authority under the Public Utilities Securities Act, Chapter 3 (§ [56-55](#) et seq.) of this title to issue securities for the purpose of constructing or extending facilities described in the application for such authority, shall, if the application was filed with the State Corporation Commission before February 1, 1950, have the same right to a certificate of convenience and necessity that it would have had if the facilities had been in operation and serving the public on February 1, 1950. Any company which was engaged in furnishing a public utility service in this Commonwealth as of July 1, 1950, and which is now so engaged in providing the same kind of service, and which could have filed maps with the Commission in accordance with the requirements of this section but failed to do so, may file such maps not later than January 1, 1974, showing the territory now being served by it, and be entitled to receive a certificate of convenience

and necessity authorizing it to continue to furnish the same kind of public utility service in such areas to the same extent as if it had filed maps as of July 1, 1950.

B. On initial application by any company, the Commission, after formal or informal hearing upon such notice to the public as the Commission may prescribe, may, by issuance of a certificate of convenience and necessity, allot territory for development of public utility service by the applicant if the Commission finds such action in the public interest.

C. If the initial application provides for the furnishing of water or sewerage service within any political subdivision in which there has been created an authority for either or both of such purposes pursuant to Chapter 51 (§ [15.2-5100](#) et seq.) of Title 15.2, the Commission shall not hold any hearing on such application or issue any certificate for the allotment of territory unless the application shall first have been approved by the governing body of the political subdivision in which the territory is located. In any area where a water company was in existence and furnishing water prior to the formation of an authority to provide water, the Commission may hold a hearing on an application and issue a certificate to the water company for that territory which was served prior to the creation of the authority whether or not the governing body of the political subdivision has approved the application. In any area where a sewer company was in existence and furnishing sewer services prior to the formation of an authority to provide sewer services, the Commission may hold a hearing on an application and issue a certificate to the sewer company for that territory which was served prior to the creation of the authority whether or not the governing body of the political subdivision has approved the application.

D. If the Commission finds it to be in the public interest, upon the application of a holder of a water or sewer certificate, such certificate may be transferred, leased or amended after such reasonable notice to the public and opportunity to be heard as the Commission by order may prescribe. The Commission may authorize the transfer, lease, or amendment of the certificate subject to such restrictions as the Commission finds will promote the public interest.

E. The Commission is authorized to promulgate any rules necessary to implement this section.

1950, c. 599; 1968, c. 720; 1973, c. 397; 1986, c. 521; 1988, c. 233.

**§56-265.3:1. Certificates to furnish water and sewer service.**

A. Any company proposing to construct facilities after January 1, 1995, ultimately intended to make water or sewer service available to more than fifty residential building lots shall, prior to construction or financial commitments therefor, organize a public service corporation and seek certificates of public convenience and necessity pursuant to §§ [56-265.2](#) and [56-265.3](#). The application for such certificates shall include (i) a comprehensive business plan detailing the technical, managerial and financial resources to be devoted to operation of the water or sewer service; (ii) except in the case of a company seeking a certificate to operate a sewer service only, proof of receipt of, or application for, a permit for the facilities pursuant to Virginia Department of Health requirements under Article 2 (§ [32.1-167](#) et seq.) of Chapter 6 of Title 32.1; and (iii) such other information as is now or hereafter deemed appropriate by the Commission, including proof of the issuance of a bond or the deposit of funds in escrow as may be required by the Department of Health pursuant to § [32.1-174.1](#).

B. Certificates of public convenience and necessity shall not be granted by the Commission unless, in addition to the findings required by §§ [56-265.2](#) and [56-265.3](#), it also finds that the comprehensive business plan presented in the application reasonably assures that system performance requirements for providing water supply can be met over the long term and at reasonable costs. The Commission may issue such certification with any conditions or restrictions as public interest may require.

C. Water or sewer companies existing on or before January 1, 1995 which extend their service at any time following the effective date of this section shall not be required to comply with the requirements thereof.

D. If any applicant under this section so requests, the Commission shall not disclose the contents of the comprehensive business plan except as necessary to perform its duties.

1994, c. [852](#).

**§56-265.4. Certificate to operate in territory of another certificate holder.**

Except as provided in § [56-265.4:4](#), no certificate shall be granted to an applicant proposing to operate in the territory of any holder of a certificate unless and until it shall be proved to the satisfaction of the Commission that the service rendered by such certificate holder in such territory is inadequate to the requirements of the public necessity and convenience; and if the Commission shall be of opinion that the service rendered by such certificate holder in such territory is in any respect inadequate to the requirements of the public necessity and convenience, such certificate holder shall be given reasonable time and opportunity to remedy such inadequacy before any certificate shall be granted to an

applicant proposing to operate in such territory. For the purposes of this section, the transportation of natural gas by pipeline, without providing service to end users within the territory, shall not be considered operating in the territory of another certificate holder.

1950, p. 600; 1984, c. 382; 2014, cc. [467](#), [507](#).

**§56-265.4:1. Furnishing of electric public utility service or provision of facilities therefor by municipal corporations and other governmental bodies.**

If any municipal corporation or other governmental body, having legal authority by charter or other law, shall desire to supply electric public utility service, or construct, enlarge or acquire, by lease or otherwise, any electric utility facilities, outside its political boundaries, it shall have power to enter into agreements in that regard with affected public utilities which shall be binding in accordance with their terms and for the period therein provided; but no contract entered into under this section shall limit the power of the Commission to fix rates and to otherwise regulate a public utility. No such service by a municipal corporation or other governmental body shall be provided, or facilities constructed, enlarged or acquired, in territory allotted to any public utility by the Commission except in territory served by such municipal corporation or other governmental body on June 26, 1964, unless the affected public utility shall consent by such an agreement or the Commission shall grant a certificate therefor upon application by the municipal corporation or other governmental body pursuant to § [56-265.4](#), authority for which certification is hereby granted. Provided, however, this limitation on the extension of public utility service by any municipal corporation or governmental body outside its political boundaries shall not be applicable to cities or towns extending their service in accordance with the provisions of § [56-265.4:2](#). No public utility shall extend its electric public utility service, or construct, enlarge or acquire, by lease or otherwise, any electric utility facilities, in territory served exclusively by a municipal corporation or other governmental body on June 26, 1964, unless such municipal corporation or other governmental body shall consent by such an agreement. In case of question as to the scope of the territory served by a municipal corporation or other governmental body on June 26, 1964, the Commission may, and on application by either such public utility or such municipal corporation or other governmental body shall, decide such question and allot such territory accordingly, between such public utility and such municipal corporation or other governmental body, in which event any expansion of service outside the territory so allotted shall be subject to the applicable provisions of this chapter, provided, however, that nothing contained herein shall prevent any municipal corporation from constructing or main-

taining facilities in county areas for the purpose of generating or purchasing electricity to be transmitted into the service area of such municipal corporation.

1964, c. 228; 1978, c. 325.

**§56-265.4:2. Extension of service by cities and towns into annexed areas.**

A. Any city or town in the Commonwealth which provides electric utility service for the use of its residents may, at any time following annexation of additional territory to such city or town, acquire the distribution system facilities of the electric utility serving the annexed area in the manner provided by Title 25.1. As used in this section (i) the term "distribution system facilities" shall be deemed to include all facilities necessary to distribute electric utility service to any annexed area but shall not include substations of the public utility whose facilities are being acquired, and (ii) the terms "city" and "town" shall not include a shire, a borough or any other subdivision of a city or town. This section shall not apply to the addition of territory to a city or town by consolidation, merger, or through any other procedure that results in an effective combination with another governmental entity.

B. Upon completion of the eminent domain proceedings or upon the negotiation of a settlement between the city or town and the electric utility, the State Corporation Commission shall amend the certificate of convenience and necessity of the public utility whose distribution system facilities have been acquired to reflect the change in its territory.

1978, c. 325; 1987, c. 337; 1995, c. [36](#).

**§56-265.4:3. Repealed.**

Repealed by Acts 2011, cc. [738](#) and [740](#), cl. 2.

**§56-265.4:4. Certificate to operate as a telephone utility.**

A. The Commission may grant certificates to competing telephone companies, or any county, city or town that operates an electric distribution system, for interexchange service where it finds that such action is justified by public interest, and is in accordance with such terms, conditions, limitations, and restrictions as may be prescribed by the Commission for competitive telecommunications services. A certificate to provide interexchange services shall not authorize the holder to provide local exchange services. The Commission may grant a certificate to a carrier, or any county, city or town that operates an electric distribution system, to furnish local exchange services as provided in subsection B.

B. 1. After notice to all local exchange carriers certificated in the Commonwealth and other interested parties and following an opportunity for hearing, the Commission may grant certificates to any telephone company, or any county, city or town that operates an electric distribution system, proposing to furnish local exchange telephone service in the Commonwealth. In determining whether to grant a certificate under this subsection, the Commission may require that the applicant show that it possesses sufficient technical, financial, and managerial resources. Before granting any such certificate, the Commission shall: (i) consider whether such action reasonably protects the affordability of basic local exchange telephone service, as such service is defined by the Commission, and reasonably assures the continuation of quality local exchange telephone service; and (ii) find that such action will not unreasonably prejudice or disadvantage any class of telephone company customers or telephone service providers, including the new entrant and any incumbent local exchange telephone company, and is in the public interest. Except as provided in subsection A of § [15.2-2160](#), all local exchange certificates granted by the Commission after July 1, 2002, shall be to provide service in any territory in the Commonwealth unless the applicant specifically requests a different certificated service territory. The Commission shall amend the certificated service territory of each local exchange carrier that was previously certificated to provide service in only part of the Commonwealth to permit such carrier's provision of local exchange service throughout the Commonwealth beginning on September 1, 2002, unless that local exchange carrier notifies the Commission prior to September 1, 2002, that it elects to retain its existing certificated service territory. A local exchange carrier shall only be considered an incumbent in any certificated service territory in which it was considered an incumbent prior to July 1, 2002, except that the Commission may make changes to a local exchange carrier's incumbent certificated service territory at the request of those incumbent local exchange carriers that are directly involved in a proposed change in the certificated service territory.

2. A Commission order, including appropriate findings of fact and conclusions of law, denying or approving, with or without modification, an application for certification of a new entrant shall be entered no more than 180 days from the filing of the application, except that the Commission, upon notice to all parties in interest, may extend that period in additional 30-day increments not to exceed an additional 90 days in all.

3. The Commission shall (i) promote and seek to assure the provision of competitive services to all classes of customers throughout all geographic areas of the Commonwealth by a variety of service providers; (ii) require equity in the treatment of the certificated

local exchange telephone companies so as to encourage competition based on service, quality, and price differences between alternative providers; (iii) consider the impact on competition of any government-imposed restrictions limiting the markets to be served or the services offered by any provider; (iv) determine the form of rate regulation, if any, for the local exchange services to be provided by the applicant and, upon application, the form of rate regulation for the comparable services of the incumbent local exchange telephone company provided in the geographical area to be served by the applicant; and (v) promulgate standards to assure that there is no cross-subsidization of the applicant's competitive local exchange telephone services by any other of its services over which it has a monopoly, whether or not those services are telephone services. The Commission shall also adopt safeguards to ensure that the prices charged and the revenue received by a county, city or town for providing telecommunications services shall not be cross-subsidized from other revenues of the county, city or town or affiliated entities, except (i) in areas where no offers exist from for-profit providers of such telecommunications services, or (ii) as authorized pursuant to subdivision 5.

4. The Commission shall discharge the responsibilities of state commissions as set forth in the federal Telecommunications Act of 1996 (P.L. 104-104) (the Act) and applicable law and regulations, including, but not limited to, the arbitration of interconnection agreements between local exchange carriers; however, the Commission may exercise its discretion to defer selected issues under the Act. If the Commission incurs additional costs in arbitrating such agreements or resolving related legal actions or disputes that cannot be recovered through the maximum levy authorized pursuant to § [58.1-2660](#), that levy shall be increased above the levy authorized by that section to the extent necessary to recover such additional costs.

5. Upon the Commission's granting of a certificate to a county, city or town under this section, such county, city, or town (i) shall be subject to regulation by the Commission for intrastate telecommunications services, (ii) shall have the same duties and obligations as other certificated providers of telecommunications services, (iii) shall separately account for the revenues, expenses, property, and source of investment dollars associated with the provision of such services, and (iv) to ensure that there is no unreasonable advantage gained from a government agency's taxing authority and control of government-owned land, shall charge an amount for such services that (a) does not include any subsidies, unless approved by the Commission, and (b) takes into account, by imputation or allocation, equivalent charges for all taxes, pole rentals, rights of way, licenses, and similar costs incurred by for-profit providers. Each certificated county, city,

or town that provides telecommunications services regulated by the Commission shall file an annual report with the Commission demonstrating that the requirements of clauses (iii) and (iv) have been met. The Commission may approve a subsidy under this section if deemed to be in the public interest and provided that such subsidy does not result in a price for the service lower than the price for the same service charged by the incumbent provider in the area.

6. A locality that has obtained a certificate pursuant to this section shall (i) comply with all applicable laws and regulations for the provision of telecommunications services; (ii) make a reasonable estimate of the amount of all federal, state, and local taxes (including income taxes and consumer utility taxes) that would be required to be paid or collected for each fiscal year if the locality were a for-profit provider of telecommunications services, (iii) prepare reasonable estimates of the amount of any franchise fees and other state and local fees (including permit fees and pole rental fees), and right-of-way charges that would be incurred in each fiscal year if the locality were a for-profit provider of telecommunications services, (iv) prepare and publish annually financial statements in accordance with generally accepted accounting principles showing the results of operations of its provision of telecommunications services, and (v) maintain records demonstrating compliance with the provisions of this section that shall be made available for inspection and copying pursuant to the Virginia Freedom of Information Act (§ [2.2-3700](#) et seq.).

7. Each locality that has obtained a certificate pursuant to this section shall provide nondiscriminatory access to for-profit providers of telecommunications services on a first-come, first-served basis to rights-of-way, poles, conduits or other permanent distribution facilities owned, leased or operated by the locality unless the facilities have insufficient capacity for such access and additional capacity cannot reasonably be added to the facilities.

8. The prices charged and the revenue received by a locality for providing telecommunications services shall not be cross-subsidized by other revenues of the locality or affiliated entities, except (i) in areas where no offers exist from for-profit providers of such telecommunications services, or (ii) as permitted by the provisions of subdivision 5. The provisions of this subdivision shall not apply to Internet access, broadband, information, and data transmission services provided by any locality providing telecommunications services on March 1, 2002, except for an authority created pursuant to the BVU Authority Act (§ [15.2-7200](#) et seq.).

9. The Commission shall promulgate rules necessary to implement this section. In no event, however, shall the rules necessary to implement clauses (iii) and (iv) of subdivision 5, clauses (ii) through (v) of subdivision 6, and subdivision 8 impose any obligations on a locality that has obtained a certificate pursuant to this section, but is not yet providing telecommunications services regulated by the Commission.

10. Public records of a locality that has obtained a certificate pursuant to this section, which records contain confidential proprietary information or trade secrets pertaining to the provision of telecommunications service, shall be exempt from disclosure under the Freedom of Information Act (§ [2.2-3700](#) et seq.). As used in this subdivision, a public record contains confidential proprietary information or trade secrets if its acquisition by a competing provider of telecommunications services would provide the competing provider with a competitive benefit. However, the exemption provided by this subdivision shall not apply to any authority created pursuant to the BVU Authority Act (§ [15.2-7200](#) et seq.).

C. Article 5.1 (§ [56-484.7:1](#) et seq.) of Chapter 15 shall not apply to a county, city, or town that has obtained a certificate pursuant to this section.

D. Any county, city, or town that has obtained a certificate pursuant to this section may construct, own, maintain, and operate a fiber optic or communications infrastructure to provide consumers with Internet services, data transmission services, and any other communications service that its infrastructure is capable of delivering; provided, however, nothing in this subsection shall authorize the provision of cable television services or other multi-channel video programming service. Furthermore, nothing in this subsection shall alter the authority of the Commission.

E. Any county, city, or town that has obtained a certificate pursuant to this section and that had installed a cable television headend prior to December 31, 2002, is authorized to own and operate a cable television system or other multi-channel video programming service and shall be exempt from the provisions of §§ [15.2-2108.4](#) through [15.2-2108.8](#). Nothing in this subsection shall authorize the Commission to regulate cable television service.

1984, c. 382; 1995, cc. [22](#), [35](#), [187](#); 2001, c. [75](#); 2002, cc. [479](#), [489](#); 2003, cc. [677](#), [711](#), [720](#); 2005, c. [258](#); 2006, cc. [73](#), [76](#); 2009, c. [330](#); 2016, cc. [724](#), [725](#).

**§56-265.4:5. Furnishing gas service to commercial and industrial customers in an area not certificated for public utility gas service.**

A. Any company desiring to make an exempt sale, transmission or service under subdivision (b) (4) of § [56-265.1](#) shall notify the Commission of its plans for furnishing such gas service. The Commission shall make a determination of whether the customers' facilities are located within a territory for which a certificate has been granted, or, as of the time of the Commission's receipt of the notice provided hereunder, within any area, territory, or jurisdiction served by a municipal corporation that provided gas distribution service as of January 1, 1992, and shall prohibit the furnishing of gas service to any facility so located. The Commission shall provide notice of such plans to furnish gas service to all public utilities providing gas service in the Commonwealth. Within sixty days of such notice, any public utility so notified may make application to the Commission to provide such service. If an application is filed, the Commission shall determine, after a public hearing, which company shall furnish the gas service.

B. In the event a gas utility is issued a certificate to serve the area where customers to whom service is being provided pursuant to this section are located, the gas utility shall have the right, subject to existing contracts regarding gas service to such customers and to the gas utility's effective transportation tariff, to acquire any facilities installed to serve such customers, at a price to be mutually agreed upon, or if not so agreed, at a price to be determined by the Commission.

1990, c. 488; 1992, c. 476.

**§56-265.4:6. Furnishing non-utility gas service.**

A. In this section the following terms shall have the following meanings:

"Affiliated interest" shall have the same meaning as set forth in § [56-76](#) and shall be applied in this statute to non-utility gas service providers.

"Commercial customer" means any person that purchases non-utility gas service for its own consumption at one or more metering points or nonmetered points of delivery located in the Commonwealth and who if served by a natural gas utility would be classified as a nonresidential customer under the applicable natural gas utility's tariff.

"Municipally-owned gas service" means the sale and distribution of natural gas by a municipal corporation that has the authority to provide natural gas distribution service through the provisions of its charter.

"Natural gas line" means a distribution or transmission pipeline owned and operated by the natural gas utility and subject to the jurisdiction of the Commission but excluding such lines that serve only a single residence or retail establishment.

"Natural gas utility" or "utility" means an investor-owned public service company engaged in the business of furnishing natural gas service to the public and which is regulated as to rates and service pursuant to this title.

"Non-utility gas service" means the sale and distribution of propane, propane-air mixtures, or other natural or manufactured gas to two or more customers by way of underground or aboveground distribution lines by a person other than a natural gas utility or an affiliated interest of a natural gas utility, master meter operator, or any person operating in compliance with § [56-1.2](#).

"Non-utility gas service provider" means a person, other than a natural gas utility, providing non-utility gas service.

"Person" means any individual, corporation, partnership, association, company, business trust, joint venture or other private legal entity.

"Pipeline safety standards" means all gas pipeline safety requirements established pursuant to § [56-257.2](#).

"Residential customer" means any person that purchases non-utility gas service for its own consumption at one or more metering points or nonmetered points of delivery located in the Commonwealth and who if served by a natural gas utility would be classified as a residential customer under the applicable natural gas utility's tariff.

B. A person, individually or together with its affiliated interests, other than the natural gas utility that holds the certificate to provide natural gas service in a particular territory or one of its affiliated interests, shall apply to the Commission for and obtain approval prior to providing non-utility gas service to:

1. Two or more residential or commercial customers located one-half mile or less from any existing underground natural gas line operated by a utility under the jurisdiction of the Commission;
2. More than 10 residential or two commercial customers located more than one-half mile but within one mile or less from any existing underground natural gas line operated by a utility under the jurisdiction of the Commission;
3. More than 20 residential or five commercial customers located more than one mile but within three miles or less from any existing underground natural gas line operated by a utility under the jurisdiction of the Commission; or

4. More than 50 residential or 10 commercial customers located more than three miles but no more than five miles from an existing underground natural gas line operated by a utility under the jurisdiction of the Commission.

Approval of any application to provide non-utility gas service pursuant to this section shall be granted by the Commission only after opportunity for a hearing and after due notice to the natural gas utility that holds the certificate to provide service in the defined geographic area proposed to be served. The Commission shall approve an application to provide non-utility gas service upon finding that: (i) the natural gas utility that holds the certificate to provide natural gas service in the defined geographic area proposed to be served is not currently offering service to the area desired for non-utility gas service and is unable to extend natural gas utility service to the requested area within a reasonable period of time; and (ii) the provision of non-utility gas service in the defined geographic area proposed to be served, and to the estimated number of customers defined in the application, is in the public interest.

Any order approving an application to provide non-utility gas service pursuant to this section shall define the geographic area to be covered and the maximum number of customers to whom the non-utility gas service provider can provide service before having to apply to the Commission for a revised order. The order approving an application to provide non-utility gas service shall also provide for compliance with all pipeline safety standards; however, nothing in the order shall authorize the Commission to exercise jurisdiction over the rates, charges, or services being offered in conjunction with non-utility gas service by a non-utility gas service provider. Further, except as provided in this section, approval of an application to provide non-utility gas service shall not infringe upon or diminish the rights of the natural gas utility that holds the certificate to provide natural gas service in the specified area.

Any fully constructed and operational non-utility gas service system as of April 8, 2009, shall be exempt from the requirements of this subsection.

C. A non-utility gas service provider shall comply with the provisions of subsection B if any proposed new customers (i) are located in or are adjacent to a residential subdivision, commercial or mixed-use development, currently being provided non-utility gas service by that non-utility gas service provider and (ii) the number of such new customers, when added to the number of then existing customers of such non-utility gas service provider, individually or together with its affiliated interests, located in the adjacent residential subdivision, commercial or mixed-use development, would exceed the

threshold number of customers for any of the geographical areas described in subsection B.

D. In any instance in which customers proposed to be served by a non-utility gas service provider, individually or together with its affiliated interests, are in the same residential subdivision, commercial or mixed-use development, or any phase thereof, and that residential subdivision, commercial or mixed use development, including all parts and phases thereof, straddles any of the distance thresholds set forth in subsection B, then all of the customers in all parts and phases of such residential subdivision, commercial or mixed-use development shall be deemed to be within the distance from the underground natural gas line operated by a utility under the jurisdiction of the Commission applicable to the customer located in such residential subdivision, commercial or mixed-use development that is located closest to such underground natural gas line operated by a utility under the jurisdiction of the Commission.

E. The distance threshold set forth in subsection B shall be measured in a linear manner and shall be based upon the underground natural gas lines operated by a utility under the jurisdiction of the Commission that are in existence at the time the non-utility gas service provider applies for Commission approval pursuant to subsection B, if applicable, or at the time the non-utility gas service provider applies for the initial local government approval necessary to construct its distribution lines required to serve the proposed new customers, whichever is earlier.

F. All non-utility gas service providers shall provide notice to the Commission of any and all non-utility gas service that is subject to pipeline safety standards and is being provided to two or more customers in the Commonwealth and shall provide notice of the construction of new non-utility gas service to the Commission no later than 30 days prior to commencing construction of such system. Any non-utility gas service provider that is required to provide such notice shall be subject to the jurisdiction of the Commission for the purpose of ensuring compliance with the pipeline safety standards and subject to any penalties that may be applicable under § [56-257.2](#). Upon request of the Commission, the non-utility gas service provider shall provide, within 30 days of such request, documentation to show compliance with the requirements of the pipeline safety standards.

G. Any municipal corporation that provides municipally-owned gas service to residential or commercial customers located within an area where a natural gas utility holds a certificate to provide service, must have written authorization from that certificate holder to

provide such service which authorization shall not be unreasonably withheld. The written authorization shall define the geographic area to be served by the municipally-owned gas service provider. If authorization is withheld, the natural gas utility shall provide a written justification for the decision to the municipally-owned gas service provider. Any decision to withhold authorization shall be subject to review by the Commission upon petition by a customer seeking natural gas service. Any natural gas utility that provides written permission to a municipal corporation to provide municipally-owned gas service within a territory where it holds a certificate shall provide a written copy of the authorization to the Commission.

Notwithstanding the foregoing, a municipally-owned gas service provider shall not be required to obtain consent to i) provide natural gas service to facilities or property owned in whole or in part by the municipal corporation, or ii) install lines that serve only a single residential customer.

A municipally-owned gas service provider which fails to comply with this subsection shall be subject to relief in a court having competent jurisdiction. Nothing herein shall authorize the Commission to impose penalties or fines on any municipal corporation.

Any fully constructed and operational municipally-owned gas service system in place as of April 8, 2009, shall be exempt from the requirements of this subsection.

H. The Commission is authorized to promulgate any rules consistent with and necessary to implement this section other than subsection G.

I. The provision of non-utility gas service without complying with subsection B shall be punishable by a penalty of up to \$500 per day to be imposed and collected by the Commission, in addition to any injunctive or other non-monetary penalties provided by law.

2009, c. [794](#).

**§56-265.4:7. Discontinuing natural gas service; municipal corporation.**

A. No municipal corporation that provides natural gas service shall discontinue such service to any residential, commercial, or industrial customer prior to satisfying the following requirements:

1. Provide at least three years' notice, both by bill insert and by publication in a newspaper of general circulation in the area in which the municipal corporation provides service, of the municipal corporation's intention to discontinue service;

2. For two years following the publication of notice required by subdivision 1, attempt to negotiate the sale of its system facilities and associated rights such that service to its customers remains uninterrupted; and

3. If such sale as described in subdivision 2 is not accomplished within two years following the publication of notice required by subdivision 1, the municipal corporation may offer its system facilities and associated rights by auction to the highest bidder.

B. A municipal corporation that is seeking to discontinue natural gas service shall advise its customers by bill insert of its progress in effecting a sale of its system facilities and associated rights at least once annually following the publication of the notice required by subdivision A 1. Copies of the initial publication of such notice and of all subsequent bill inserts relating to discontinuing service and sale of system facilities by a municipal corporation shall be provided to the Commission at the time they are made.

C. Nothing in this section shall be construed to limit the rights of a municipal corporation that provides natural gas service from discontinuing service to a particular customer as the result of nonpayment of fees for services provided or any cause otherwise permitted by law or regulation.

2022, Sp. Sess. I, c. [17](#).

**§56-265.5. Effective date of certificates.**

Certificates issued under the provisions of this chapter shall be effective from the date of issuance unless a different date be specified therein and shall remain in effect until terminated as herein provided.

1950, p. 600.

**§56-265.6. Penalties for misrepresentations, violations of law, regulations or terms of certificates.**

The Commission may, by its order duly entered after hearing, held after due notice to the holder of any such certificate and an opportunity to such holder to be heard, at which hearing it shall be proved that such holder has willfully made a misrepresentation of a material fact in obtaining such certificate or has willfully violated or refused to observe the laws of this State touching such certificate or any of the terms of the certificate, or any of the Commission's proper orders, rules or regulations, impose a penalty not exceeding \$1,000, which may be collected by the process of the Commission as provided by law; or the Commission may suspend, revoke, alter or amend any such certificate for any of the causes set forth above. But no such certificate shall be revoked, altered or amended

(except upon application of the holder thereof) unless the holder thereof shall wilfully fail to comply, within a reasonable time to be fixed by the Commission, with the lawful order of the Commission or with the lawful rule or regulation of the Commission, or with the term, condition or limitation of such certificate, found by the Commission to have been violated by such holder. No such certificate shall be suspended, revoked, altered or amended for any cause not stated in this section.

Proceedings looking to the imposition of any penalty provided for in this section may be commenced upon the complaint of any person or upon the Commission's own initiative.

1950, p. 600.

**§56-265.7. Appeal from order of revocations, etc.**

From any order of the Commission suspending, revoking, altering or amending any certificate, the holder thereof shall have the right of appeal to the Supreme Court of Virginia, as a matter of right, as in other cases of appeals from the Commission.

1950, p. 601.

**§56-265.8. Proceedings before Commission on or before July 1, 1950.**

The provisions of this chapter shall not apply to or in any way affect any proceeding before the State Corporation Commission on or before July 1, 1950, and shall not confer on said Commission any jurisdiction not now vested in it with respect to any such proceeding.

1950, p. 601.

**§56-265.8:1. Inspection and approval of certain installations not regulated pursuant to this chapter.**

The owner or operator of any facility for the generation of electrical energy not subject to regulation under the Utilities Facilities Act but designed to generate electrical energy for the use by persons other than the owner or operator shall at his expense have the facility designed and inspected by a professional engineer licensed to work in the State of Virginia. Said engineer shall certify that the installation meets the standards of the National Electrical Code and the National Safety Code and that there is adequate equipment for standby purposes. The provisions of this section shall apply only to generation facilities used as a primary source of power and not to emergency supply systems. The provisions hereof shall not apply to municipally owned and operated facilities.

1970, c. 363.

**§56-265.9. Title of chapter.**

This chapter may be cited as the Utility Facilities Act.

1950, p. 601.

## Utility Transfers Act

### §56-88. Definitions.

In this chapter the following terms shall have the following meanings:

"Acquire" or "acquisition" includes any purchase or other acquisition, whether by payment, exchange, gift, conveyance, lease, license, merger, consolidation or otherwise.

"Company" means a corporation, a partnership, an association, a joint-stock company, a business trust or an organized group of persons, whether incorporated or not; or any receiver, trustee or other liquidating agent of any of the foregoing in his capacity as such; but not a municipal corporation or county.

"Dispose of" or "disposition" includes any sale or other disposition, whether by payment, exchange, gift, conveyance, lease, license, merger, consolidation or otherwise.

"Public utility" means any company which owns or operates facilities within the Commonwealth for the generation, transmission or distribution of electric energy for sale; for the production, transmission or distribution, otherwise than in enclosed portable containers, of natural or manufactured gas for sale for heat, light or power, but excluding any company described in subdivision (b)(8) or (b)(10) of § [56-265.1](#); or for the furnishing of sewerage facilities or water.

"Utility assets" means the facilities in place of any public utility or municipality for the production, transmission or distribution of electric energy or natural or manufactured gas, or for the furnishing of sewerage facilities or water.

"Utility security" means any note, draft, debenture, bond, share of stock, certificate, collateral trust certificate, preorganization certificate or subscription, transferable share, investment contract, receiver's or trustee's certificate or any other instrument or interest commonly known as a security which is issued, assumed or guaranteed by any public utility or any company which would be a public utility if the facilities owned or operated by it were within the Commonwealth, or any company substantially engaged in the ownership of any of the aforesaid securities or in supplying management or advice to any of the aforesaid companies; or any certificate of deposit for, voting trust certificate for,

certificate of interest or participation in, temporary or interim certificate for, receipt for, guaranty of, assumption of liability on, or warrant or right to subscribe to or purchase or acquire, any of the aforesaid securities.

1940, p. 425; Michie Code 1942, § 3774I; 1992, c. 376; 2000, cc. [528](#), [543](#); 2009, c. [746](#).

**§56-88.1. Acquisition or disposition of control of a public utility.**

A. No person, whether acting alone or in concert with others, shall, directly or indirectly, acquire or dispose of control of:

1. A public utility within the meaning of this chapter, or all of the assets thereof, without the prior approval of the Commission. Any person proposing an acquisition or disposition for which Commission approval is required by this section shall seek such approval pursuant to the procedure of § [56-90](#); or

2. A telephone company, or all of the assets thereof, without the prior approval of the Commission. In determining whether to grant approval, the Commission shall consider only the financial, managerial, and technical resources to render local exchange telecommunications services of the person acquiring control of or all of the assets of the telephone company.

The Commission shall, after the filing of a completed application, approve or disapprove the requested acquisition or disposition within 60 days. The 60-day period may be extended by Commission order for a period not to exceed an additional 120 days. The application shall be deemed approved if the Commission fails to act within 60 days or any extended period ordered by the Commission.

B. Any such acquisition or disposition of control without prior approval shall be voidable by the Commission. In addition, the Commission is authorized to revoke any certificate of public convenience and necessity it has issued, order compliance with this chapter, or take such other action as may be appropriate within the authority of the Commission.

C. For purposes of this section, "control" means (i) the acquisition of 25 percent or more of the voting stock or (ii) the actual exercise of any substantial influence over the policies and actions of any public utility or telephone company.

D. This section shall not apply to any company engaged in the business of generating electricity whose rates and services are not regulated by the State Corporation Commission.

1992, c. 376; 2011, cc. [738](#), [740](#).

**§56-89. Acquisition or disposition of utility assets or utility securities.**

It shall be unlawful for any public utility, directly or indirectly, to acquire or dispose of any utility assets situated within the Commonwealth or any utility securities of any other company unless such acquisition or disposition shall have been authorized by the Commission. If and when so authorized by the Commission, any public utility may acquire or dispose of any such utility assets or utility securities; but no such authorization by the Commission shall confer upon any county or municipality authority, other than that otherwise conferred by law, to acquire or to dispose of any utility assets or utility securities.

1940, p. 426; Michie Code 1942, § 3774m.

**§56-90. Procedure for authority to acquire or dispose of utility assets or securities.**

Application for authority to acquire or dispose of utility assets or utility securities under § [56-89](#) shall be by petition to the Commission. The petition may be joint or several. It shall be signed and verified by the president or any vice-president and the secretary or any assistant secretary of the petitioner. The petition shall clearly summarize the object in view, the proposed procedure and the terms and conditions thereof. Upon the filing of the petition, if the Commission shall deem a hearing necessary, the Commission shall assign the matter for prompt hearing. If and when the Commission, with or without hearing, shall be satisfied that adequate service to the public at just and reasonable rates will not be impaired or jeopardized by granting the prayer of the petition, the Commission shall make such order in the premises as it may deem proper and the circumstances require, and thereupon it shall be lawful to do the things provided for in such order, subject, however, to the exception contained in § [56-89](#) as to counties and municipalities.

1940, p. 426; Michie Code 1942, § 3774o.

**§56-90.1. Sale of utility assets or undivided fractional interest therein; taxation.**

If the Commission shall have granted a petition filed pursuant to § [56-90](#) in which a public utility has applied for authority to sell utility assets or associated properties situated within the Commonwealth, or an undivided fractional interest therein, to (i) an association of one or more electric cooperatives or electric membership corporations that are wholesale customers of the electric public utility, (ii) an association of one or more cities or incorporated towns that are wholesale customers of the electric utility, (iii) any combination of such associations, or (iv) another public utility then, notwithstanding any other provisions of law:

(1) A waiver made by any such electric public utility, association of cooperatives, cities or towns of any right it may have to compel partition, whether pursuant to the provisions

of Article 9 (§ [8.01-81](#) et seq.) of Chapter 3 of Title 8.01, or otherwise, shall be effective and enforceable against (i) such public utility, association of cooperatives, cities or towns, and their successors and assigns, and (ii) all creditors of such public utility, association of cooperatives, cities and towns, their successors and assigns, who have notice of record of such waiver, so long as the waiver shall be limited so as not to exceed ninety-nine years;

(2) No state recording tax shall be payable upon the admission to record of any deed, deed of trust, mortgage, bill of sale, contract, agreement or other writing supplemental to any such instrument which conveys or reconveys such utility assets or properties, or an undivided fractional interest therein or secures any bonds or other obligations of such association of cooperatives, cities or towns or combination thereof; provided, however, that any local recording taxes shall be payable as though the state recording taxes had been collected;

(3) No state franchise tax or local license tax shall be payable on the proceeds of any such sale of utility assets or properties, or an undivided fractional interest therein; and

(4) Unless otherwise expressly agreed by the joint owners the joint ownership of such utility assets or properties as approved by the Commission shall not constitute a partnership or joint venture among the owners.

1979, c. 238; 1980, c. 703.

#### **§56-90.2. Fair market valuations of water and sewer utility asset acquisitions.**

The Commission shall establish rules governing petitions by an acquiring public utility that has elected to seek use of the fair market value of a municipal or other governmental selling utility's water or sewer assets to determine the initial rate base for the purpose of post-acquisition rate recovery. Such rules shall identify information to be filed in addition to all other filing requirements in the Utility Transfers Act (§ [56-88](#) et seq.). Such rules shall:

1. Establish the process for determining the acquired water or sewer utility rate base, taking into consideration the use of the lesser of (i) the agreed-upon purchase price established during a voluntary arm's-length transaction by the selling and acquiring utilities and (ii) the fair market value established using the average of the valuations provided by three qualified and impartial utility valuation experts.

2. Provide for the acquiring utility to submit complete and unredacted copies of two qualified, independent, and impartial utility valuation expert's appraisals of the system assets

to be acquired in compliance with the uniform standards of professional appraisal practices. The appraisals shall be treated confidentially. Such appraisals shall be completed and submitted in accordance with the following:

- a. One appraisal shall be sponsored by the public utility acquiring the utility system assets, and one appraisal shall be sponsored by the government entity selling the utility system assets.
- b. The qualifications of such utility valuation experts, specifically as they relate to water or wastewater utility systems, shall be clearly identified in the application.
- c. The appraisals shall clearly identify whether they are based on a cost, market, income, or other methodology.
- d. The appraisals shall quantify only the fair market value associated with assets that are to be currently used and useful in utility service. To the extent assets are acquired beyond those to be currently used and useful in utility service, a narrative shall be provided of the acquiring utility's intended purpose of such assets.
- e. Commission staff and other intervenors may seek discovery to confirm the reasonableness of such appraisals and may provide testimony and recommendations regarding such.
- f. When combined with a third appraisal sponsored by the Commission staff, the average of the three appraisals shall be deemed the fair market value for the purposes of this proceeding. The applicant may seek discovery to confirm the reasonableness of such appraisal and may provide testimony and recommendations regarding such.

3. Provide for the submission of a complete and unredacted copy of an assessment performed by a professional engineer licensed in Virginia, jointly retained by the acquiring and selling utilities, regarding tangible assets of the utility system to be acquired. Such assessment shall be used by the utility valuation experts as a basis for their valuations in determining fair market value and shall be treated confidentially. Such assessments shall be completed and submitted in accordance with the following:

- a. The qualifications of such licensed engineer, specifically as they relate to water or wastewater utility systems, shall be clearly identified in the application.
- b. Commission staff and other intervenors may seek discovery to confirm the reasonableness of the assessment and may provide testimony and recommendations regarding such.

c. To the extent assets are to be acquired beyond those to be currently used and useful in utility service, such assessment shall separately quantify only the assets that are to be currently used and useful in utility service.

4. Provide that to the extent the proposed purchase price is different from that provided in the appraisals, the application shall identify such proposed purchase price.

5. Provide for the acquiring utility to submit the proposed journal entries resulting from the proposed acquisition, including tax entries, including account numbers recognized by the National Association of Regulatory Utility Commissioners.

6. Provide for the acquiring utility to submit an analysis identifying the qualitative and quantitative benefits and estimated customer rate impacts for the next five years as a result of the proposed acquisition for each of (i) the customers of the desired system and (ii) the legacy customers of the acquiring utility. Such analysis should clearly identify all assumptions relied upon.

7. Provide that if depreciation rates for the acquired system are not based on a depreciation study:

a. The acquiring utility may apply a three percent composite depreciation rate to the fair market value of the utility system assets acquired.

b. A depreciation study on the acquired system shall be performed within five years of acquisition and provided for review by Commission staff. Upon acceptance of the depreciation rates by Commission staff for booking purposes, such rates shall be utilized for the system effective as of the date of the study.

c. However, if the acquired system is of a size that would qualify under the Small Water or Sewer Public Utility Act (§ [56-265.13:1](#) et seq.), such assets may be exempted from the requirement of performing a depreciation study.

8. Establish the ability to evaluate and include reasonable transaction costs and fees of the utility valuation experts in the fair market value determination in addition to reasonable transaction and closing costs when establishing the rate base.

9. Provide that the rate base value of the acquired system assets shall be the fees and costs of the utility valuation experts authorized by the acquiring and selling utilities in addition to reasonable transaction and closing costs, plus the lesser of (i) the purchase price negotiated between the acquiring utility and selling utility as the result of a vol-

untary arm's-length transaction and (ii) the fair market value for subsequent rate-making purposes in the acquiring utility's next base rate case.

Nothing in the established rules shall be construed to relieve the petitioners from the duty to demonstrate adequate service to the public at just and reasonable rates that will not be impaired or jeopardized by granting the prayer of the petition as provided in § [56-90](#).

Such rules shall be developed in coordination and consultation with industry experts and stakeholders and established by January 1, 2021.

2020, cc. [518](#), [519](#).

**§56-91. Violations of chapter.**

Any company violating any provision of § [56-89](#) shall upon conviction be fined not more than \$1,000.

1940, p. 426; Michie Code 1942, § 3774n.

**§56-92. Short title.**

This chapter may be cited as the Utility Transfers Act.

1940, p. 426; Michie Code 1942, § 3774q.

## Virginia Aircraft Sales and Use Tax

**§58.1-1500. Title.**

This chapter shall be known and may be cited as the "Virginia Aircraft Sales and Use Tax Act."

Code 1950, § 58-685.27; 1974, c. 431; 1984, c. 675.

**§58.1-1501. Definitions.**

As used in this chapter, unless the context clearly shows otherwise, the term or phrase:

"Aircraft" means any contrivance used or designed for untethered navigation or flight in the air by one or more persons at an altitude greater than twenty-four inches above the ground. Such term shall not include parachutes.

"Dealer" means any person owning five or more aircraft during the calendar year who the Commissioner finds is in the regular business of selling aircraft.

"Gross receipts" means the charges made or voluntary contributions received for the hourly rental and maintenance of an aircraft, all other charges for the use of an aircraft and, unless separately stated on the invoice, all charges for services of pilots or instructors in such aircraft. The term shall also include any amount by which the price estimated under § [58.1-1503](#) exceeds the charge actually made.

"Retail sale" means a sale to a consumer or to any person for any purpose other than for resale. The term shall include any transaction the Commissioner, upon investigation, finds to be in lieu of a sale. Sales for resale must be made in strict compliance with any rules and regulations promulgated pursuant to this chapter.

"Sale" means any transfer of ownership or possession of an aircraft by exchange or barter, lease or rental, conditional or otherwise, in any manner or by any means whatsoever. The term shall also include a transaction whereby possession is transferred but title is retained by the seller as security. The term shall not include a transfer of ownership or possession (i) made to secure payment of an obligation, (ii) incidental to repossession under a lien and under which ownership is transferred to the reposessor, his nominee or a trustee, pending ultimate disposition or sale of the collateral, (iii) as part of the sale of all or substantially all the assets of any business, or (iv) to trustees of a revocable inter vivos trust, when the owners of the aircraft and the beneficiaries of the trust are the same persons, regardless of whether other beneficiaries may also be named in the trust instrument, or transferred by trustees of such a trust to beneficiaries of the trust following the death of the grantor, when no consideration has passed between the grantor and the beneficiaries in either case.

"Sale price" means the total price paid for an aircraft and all attachments thereon and accessories thereto, exclusive of any federal manufacturer's excise tax, without any allowance or deduction for trade-ins or unpaid liens or encumbrances.

"Scheduled air service" means any scheduled service provided by an air carrier or foreign air carrier operating pursuant to authority issued by the U.S. Department of Transportation and under Federal Aviation Regulations, Parts 121, 129 or 135.

Code 1950, §§ 58-685.28, 58-685.30; 1974, c. 431; 1975, c. 424; 1977, c. 396; 1984, c. 675; 1995, c. [204](#); 2000, c. [602](#).

#### **§58.1-1502. Tax levied.**

There is hereby levied and imposed, in addition to all other taxes and fees of every kind now imposed by law, a tax upon the retail sale of every aircraft sold in the

Commonwealth and upon the use in the Commonwealth of any aircraft required to be licensed by the Department of Aviation pursuant to § [5.1-5](#). The amount of the tax to be collected shall be determined by the application of the following rate against the sale price or gross receipts:

1. Two percent of the sale price of each aircraft sold in the Commonwealth.
2. Two percent of the sale price of each aircraft not sold in the Commonwealth but required to be licensed for use in the Commonwealth. However, if the aircraft is licensed in the Commonwealth six months or more after its acquisition, the tax shall be two percent of the market value of such aircraft at the time it is licensed or two percent of the purchase price thereof, whichever is lower.
3. Two percent of the monthly gross receipts from the lease, charter or other use of any aircraft licensed for commercial use pursuant to § [5.1-5](#) B and held for sale by a dealer who has elected to be taxed under this paragraph as provided in § [58.1-1507](#).

A transaction taxed under subdivision 1 shall not be taxed under subdivision 2, nor shall the same transaction be taxed more than once under either subdivision.

An aircraft subject to the tax under subdivision 3 shall be subject to the tax under subdivision 1 or 2 immediately upon the revocation of the commercial use license for such aircraft.

Code 1950, §§ 58-685.29, 58-685.30, 58-685.32; 1974, c. 431; 1975, c. 424; 1977, c. 396; 1980, cc. 109, 367; 1984, cc. 370, 675.

**§58.1-1503. Basis of tax; estimate of tax; penalty for misrepresentation.**

A. The Tax Commissioner shall levy and collect the tax for the use or sale of an aircraft pursuant to subdivisions 1 and 2 of § [58.1-1502](#) upon the basis of the sale price of such aircraft.

Any person who sells an aircraft in the Commonwealth shall supply the buyer with an invoice, signed by the seller or his representative, which shall state the sale price of the aircraft. The buyer shall present such invoice to the Tax Commissioner with his return and payment of the tax.

B. The Tax Commissioner shall levy and collect the tax on an aircraft licensed for commercial use and held by a dealer who has elected to be taxed under subdivision 3 of § [58.1-1502](#) on the basis of the gross receipts arising from all transactions involving the rental or use of such aircraft during the preceding calendar month. The dealer shall

submit a return to the Commissioner on a form prescribed by him, showing the gross receipts from such transactions at the time that the dealer remits his tax payment.

C. In any case where (i) the invoice is not available, (ii) the Tax Commissioner has reason to believe that an invoice or return does not reflect the true sales price or gross receipts, or (iii) the aircraft was purchased more than six months prior to its use or storage in this Commonwealth, the Commissioner may assess the tax in accordance with such publications or other data as are customarily employed in ascertaining the maximum sale price of aircraft. Where the Commissioner finds that a charge for the rental or use of aircraft has been lower than the fair market value of such rental or use, the Commissioner may estimate a fair price in accordance with the cost of the aircraft, the cost of maintenance, the normal rental value as shown in similar transactions, or other relevant data.

Any person who knowingly misrepresents the value of an aircraft or the amount of tax due to the Commissioner or on any return or invoice shall be guilty of a Class 1 misdemeanor.

Code 1950, §§ 58-685.30, 58-685.33; 1974, c. 431; 1975, c. 424; 1977, c. 396; 1984, c. 675.

#### **§58.1-1504. Credit against tax.**

A credit shall be granted against the tax imposed by this chapter with respect to a person's use in this Commonwealth of an aircraft purchased by him in another state, or assembled by him from component parts on which Virginia retail sales or use tax was paid. The amount of the credit shall be equal to the tax paid by him to another state by reason of the imposition of a similar tax on his purchase or use of the property or the amount of Virginia retail sales and use tax paid on the component parts of such assembled aircraft. The amount of the credit shall not exceed the tax imposed by this chapter.

Code 1950, § 58-685.37; 1974, c. 431; 1984, cc. 547, 675.

#### **§58.1-1505. Exemptions.**

A. Any aircraft sold to or used by (i) the United States or any of the governmental agencies thereof, (ii) the Commonwealth of Virginia or any political subdivision thereof, (iii) any air carrier operating in intrastate, interstate or foreign commerce providing scheduled air service as defined in § [58.1-1501](#), (iv) any nonprofit charitable organization that is exempt from taxation under § 501(c)(3) of the Internal Revenue Code and that is

organized and operated exclusively for the purpose of providing charitable, long-distance, advanced life-support, air transportation services using an emergency medical services vehicle for low-income medical patients in the Commonwealth, or (v) an organization that is exempt from taxation under § 501(c)(3) of the Internal Revenue Code and that is organized for the primary purpose of distributing food, clothing, medicines and other necessities of life to, and providing shelter for, needy persons in the United States and throughout the world shall be exempt from the tax imposed by this chapter.

B. Aircraft that are (i) considered Warbirds, manufactured and intended for military use, excluding those manufactured after 1954, and (ii) used only for (a) exhibit or display to the general public and otherwise used for educational purposes (including such flights as are necessary for testing, maintaining, or preparing such aircraft for safe operation), or (b) airshow and flight demonstrations (including such flights necessary for testing, maintaining, or preparing such aircraft for safe operation), but not including any aircraft used for commercial purposes, including transportation and other services for a fee, shall be exempt from the tax imposed by this chapter.

C. Beginning July 1, 2011, and ending December 31, 2014, any aircraft purchased or used by a qualified company shall be exempt from the tax imposed by this chapter. For purposes of this subsection, a qualified company shall be an aviation-related company, limited liability company, partnership, or a combination of such entities that have a common ownership interest through a parent, as a direct or indirect subsidiary of a parent, or as affiliated brother-sister entities that (i) is headquartered in the Commonwealth, (ii) between January 1, 2010, and December 31, 2014, makes a new capital investment of at least \$4 million in aviation-related real estate and real estate improvements in the Commonwealth on publicly-owned, public-use airports, (iii) between January 1, 2010, and December 31, 2014, creates in the Commonwealth at least 50 new jobs that pay at least one and a half times the prevailing average wage in the locality in which the jobs are located, (iv) owns or uses aircraft that are used primarily for intrastate, interstate, or foreign commerce, and (v) has entered into a memorandum of understanding with the Virginia Economic Development Partnership, after consultation with the Virginia Department of Aviation, on or before December 31, 2014, that at a minimum provides the details for determining the amount of capital investment made and the number of new jobs created, the timeline for achieving the capital investment and new job goals, the repayment obligations should those goals not be achieved, and any conditions under which repayment by the qualifying person claiming the exemption may be required.

D. Any aircraft sold in the Commonwealth as evidenced by Federal Aviation Administration Bill of Sale AC Form 8050-2 and registered outside of the Commonwealth as evidenced by Federal Aviation Administration Aircraft Registration AC Form 8050-1 shall be exempt from the sales tax imposed by this chapter, so long as the aircraft is removed from the Commonwealth within 60 days of the date of purchase on the Bill of Sale. If the aircraft is removed from the Commonwealth within 60 days of the date of purchase, the time between the date of purchase and the removal of the aircraft shall not be counted for purposes of determining whether the aircraft is subject to the use tax imposed by this chapter on aircraft that are based in the Commonwealth for over 60 days in any 12-month period.

Code 1950, §§ 58-685.31, 58-685.32; 1974, c. 431; 1980, cc. 109, 618; 1984, cc. 370, 675; 1995, cc. [204](#), [723](#), [786](#); 2007, c. [610](#); 2011, cc. [443](#), [492](#); 2015, cc. [502](#), [503](#).

**§58.1-1506. Time for payment of tax.**

A. Except as provided in subsection B, the tax on the sale or use of an aircraft required to be licensed by this Commonwealth shall be paid by the purchaser or user of such aircraft and collected by the Commissioner prior to the time the owner applies to the Department of Aviation for, and obtains, a license therefor.

B. The tax on the gross receipts from each aircraft licensed for commercial use shall be paid by the dealer to the Commissioner on or before the twentieth day of each month.

Code 1950, §§ 58-685.30, 58-685.32; 1974, c. 431; 1975, c. 424; 1977, c. 396; 1980, c. 109; 1984, cc. 370, 675.

**§58.1-1507. Election by commercial dealer; revocation; eligibility.**

Any person holding a commercial dealer's license issued by the Department of Aviation who desires to be subject to the tax imposed by subdivision 3 of § [58.1-1502](#) shall notify the Commissioner in writing of such election. The election may be made at or before the time for filing a return as required by § [58.1-1506](#).

An election shall be revocable only by permission of the Commissioner. Upon revocation of an election, the tax imposed under subdivisions 1 and 2 of § [58.1-1502](#) shall immediately become due and payable. Any person who so revokes an election shall be ineligible to make an election under this section for two years following such revocation.

Code 1950, § 58-685.30; 1974, c. 431; 1975, c. 424; 1977, c. 396; 1984, c. 675.

**§58.1-1508. Retention of documents; examination by Commissioner.**

Any person who sells, leases or charters an aircraft in this Commonwealth shall retain a copy of the invoice and other financial data pertaining to the transaction required by § [58.1-1503](#) for three years following such transaction. Each invoice shall give an accurate description of the aircraft sold, leased or used.

Code 1950, § 58-685.36; 1974, c. 431; 1984, c. 675.

**§58.1-1509. Disposition of funds.**

All funds collected hereunder by the Commissioner shall be forthwith paid into the state treasury. The revenue so derived, after deducting refunds, is hereby credited to the special fund created pursuant to the provisions of § [5.1-51](#).

Code 1950, § 58-685.38; 1974, c. 431; 1984, c. 675.

**§58.1-1510. Civil penalties.**

When any person fails to make any return or pay the full amount of tax required by § [58.1-1502](#) within thirty days of the required filing and payment date, there shall be imposed, in addition to other penalties provided herein, a penalty to be added to the tax, in the amount of six percent of the unpaid tax. An additional six percent of the tax due shall be charged for each additional thirty-day period, or fraction thereof during which the failure to make any return or pay the full amount of tax continues. Such additional penalty shall not exceed thirty percent, in the aggregate.

If any such failure is due to providential or other good cause, shown to the satisfaction of the Commissioner, the return, with remittance, may be accepted exclusive of such penalties but with interest charged at a rate equal to that established pursuant to § [58.1-15](#).

In the case of a false or fraudulent return, where willful intent exists to defraud this Commonwealth of any tax due under this chapter, or in the case of willful failure to file a return with the intent to defraud this Commonwealth of any such tax, a penalty of fifty percent of the amount of the proper tax shall be assessed. It shall be prima facie evidence of intent to defraud this Commonwealth of any tax due under this chapter when any purchaser or user of an aircraft reports the sale price or current market value of his aircraft, as the case may be, at fifty percent or less of the actual amount. It shall also be prima facie evidence of intent to defraud the Commonwealth of any tax due under this chapter when any dealer reports the gross receipts collected from the lease, charter or other use of aircraft at fifty percent or less of the actual amount received for such lease, charter or use.

All penalties and interest imposed by this chapter shall be payable by the dealer, purchaser or user of the aircraft and shall be collected by the Commissioner in the same manner as if they were a part of the tax imposed.

Interest, at a rate determined in accordance with § [58.1-15](#), on the unpaid amount of the tax from the day after the last day for timely filing and payment of the tax shall accrue until the same is paid.

Code 1950, §§ 58-685.29:1, 58-685.30; 1974, c. 431; 1975, c. 424; 1977, cc. 245, 396; 1984, c. 675; 1991, cc. 316, 331.

## Virginia Antitrust Act

### §59.1-9.1. Short title.

This chapter may be known and cited as the "Virginia Antitrust Act."

1974, c. 545.

### §59.1-9.2. Purpose of chapter.

The purpose of this chapter is to promote the free market system in the economy of this Commonwealth by prohibiting restraints of trade and monopolistic practices that act or tend to act to decrease competition. This chapter shall be construed in accordance with the legislative purpose to implement fully the Commonwealth's police power to regulate commerce.

1974, c. 545.

### §59.1-9.3. Definitions.

When used in this chapter, unless the context requires a different meaning:

"Commodity" includes any kind of real or personal property.

"Person" includes any natural person; any trust or association of persons, formal or otherwise; or any corporation, partnership, company, or other legal or commercial entity.

"Service" includes any activity that is performed in whole or in part for the purpose of financial gain, including personal service, rental, leasing, or licensing for use.

"Trade or commerce," "trade," or "commerce" includes all economic activity involving or relating to any commodity, service, or business activity.

1974, c. 545; 2023, c. [522](#).

**§59.1-9.4. Certain activities not prohibited.**

A. No provision of this chapter shall be construed to make illegal:

1. The activities of any labor or professional organization or of individual members thereof that are directed solely to labor or professional objectives legitimate under the laws of the Commonwealth or the United States.
2. The activities of any agricultural or horticultural cooperative organization, or of individual members thereof, to the extent necessary to achieve the aims of the enacted laws of either the Commonwealth or the United States.
3. The bona fide religious and charitable activities of any nonprofit corporation, trust or organization established exclusively for religious or charitable purposes.

B. Nothing contained in this chapter shall make unlawful conduct that is authorized, regulated or approved (i) by a statute of the Commonwealth or (ii) by an administrative or constitutionally established agency of the Commonwealth or of the United States having jurisdiction of the subject matter and having authority to consider the anticompetitive effect, if any, of such conduct. Nothing in this subsection shall be construed to alter or terminate any other applicable limitation, exemption or exclusion.

1974, c. 545; 1979, c. 640; 2018, c. [574](#).

**§59.1-9.5. Contracts, etc., in restraint of trade unlawful.**

Every contract, combination or conspiracy in restraint of trade or commerce of this Commonwealth is unlawful.

1974, c. 545.

**§59.1-9.6. Monopolies unlawful.**

Every conspiracy, combination, or attempt to monopolize, or monopolization of, trade or commerce of this Commonwealth is unlawful.

1974, c. 545.

**§59.1-9.7. Discriminatory practices unlawful; proof; payment or acceptance of certain commissions, etc., unlawful.**

A. It is unlawful for any person engaged in commerce, in the course of such commerce, either directly or indirectly, to discriminate in price between different purchasers of commodities or services of like grade and quality, where either or any of the purchasers involved in such commerce are in competition, where such commodities or services are sold for use, consumption or resale within the Commonwealth and where the effect of

such discrimination may be substantially to lessen competition or tend to create a monopoly in any line of commerce, or to injure, destroy or prevent competition with any person who either grants or knowingly receives the benefit of such discrimination, or with customers of either of them; provided, that nothing herein contained shall prevent differentials which make only due allowance for differences in the cost of manufacture, sale or delivery resulting from the different methods or quantities in which such commodities or services are to such purchasers sold or delivered; and provided further, that nothing herein contained shall prevent persons engaged in selling commodities or services in commerce from selecting their own customers in bona fide transactions and not in restraint of trade; and provided further, that nothing herein contained shall prevent price changes from time to time where in response to changing conditions affecting the market for or the marketability of the goods concerned, such as, but not limited to, actual or imminent deterioration of perishable goods, obsolescence of seasonal goods, distress sales under court process, or sales in good faith in discontinuance of business in the goods concerned.

B. Upon proof being made, at any suit on a complaint under this section, that there has been discrimination in price or services or facilities furnished or in payment for services or facilities to be rendered, the burden of rebutting the prima facie case thus made by showing justification shall be upon the person charged with a violation of this section; provided, however, that nothing herein contained shall prevent a seller rebutting the prima facie case thus made by showing that his lower price or the furnishing of services or facilities to any purchaser or purchasers was made in good faith to meet an equally low price of a competitor, or the services or facilities furnished by a competitor.

C. It is unlawful for any person engaged in commerce, in the course of such commerce, to pay or grant, or to receive or accept, anything of value as a commission, brokerage, or other compensation, or any allowance or discount in lieu thereof, except for and not exceeding the actual cost of such services rendered in connection with the sale or purchase of goods, wares or merchandise.

D. It is unlawful for any person engaged in commerce to pay or contract for the payment of anything of value to or for the benefit of a customer of such person in the course of such commerce as compensation or in consideration for any services or facilities furnished by or through such customer in connection with the processing, handling, sale or offering for sale of any products, commodities or services manufactured, sold or offered for sale by such person, unless such payment or consideration is available on

proportionally equal terms to all other customers competing in the distribution of such products, commodities or services.

E. It is unlawful for any person to discriminate in favor of one purchaser against another purchaser or purchasers of a commodity bought for resale with or without processing, by contracting to furnish or furnishing, or by contributing to the furnishing of, any services or facilities connected with the processing, handling, sale or offering for sale of such commodity so purchased upon terms not accorded to all purchasers on proportionally equal terms.

F. It is unlawful for any person engaged in commerce, in the course of such commerce, knowingly to induce or receive a discrimination in price that is prohibited by this section.

1974, c. 545; 2023, c. [522](#).

#### **§59.1-9.8. Forum; restraining orders and injunctions; penalties.**

Actions and proceedings for violations of this chapter shall be brought in the circuit courts of this Commonwealth. Those courts may issue temporary restraining orders and injunctions to prevent and restrain violations of this chapter, and may award the damages and impose the civil penalties provided herein. They may also grant mandatory injunctions reasonably necessary to eliminate violations of this chapter.

1974, c. 545.

#### **§59.1-9.9. Venue.**

The venue for all actions and proceedings for violations of this chapter shall be as specified below in this section.

The circuit court of the county or city wherein any defendant: (i) resides; or (ii) regularly or systematically conducts affairs or business activity; or (iii) has property that may be affected by the action or proceeding. Provided, however, that if said defendant does not, as specified in (i), (ii) and (iii) above, reside in, conduct affairs or business activity in, or have such property in the Commonwealth, then the action or proceeding may be brought in the circuit court of the county or city in which the registered office of said defendant is located or wherein the alleged violation occurred.

1974, c. 545; 1975, c. 289.

#### **§59.1-9.10. Investigation by Attorney General of suspected violations; civil investigative demand to witnesses; access to business records, etc.**

A. Whenever it shall appear to the Attorney General, either upon complaint or otherwise, that any person has engaged in, or is engaging in, or is about to engage in any act or practice prohibited by this chapter, the Attorney General may in his discretion either require or permit such person to file with him a statement in writing or otherwise, under oath, as to all facts and circumstances concerning the subject matter. The Attorney General may also require such other data and information as he may deem relevant to the subject matter of an investigation of a possible violation of this chapter and may make such special and independent investigations as he may deem necessary in connection with such matter.

B. In connection with any such investigation, the Attorney General, or his designee, is empowered to issue a civil investigative demand to witnesses by which he may (i) compel the attendance of such witnesses; (ii) examine such witnesses under oath before himself or a court of record; (iii) subject to subsection C, require the production of any books or papers that he deems relevant or material to the inquiry; and (iv) issue written interrogatories to be answered by the witness served or, if the witness served is a public or private corporation or a partnership or association or governmental agency, by any officer or agent, who shall furnish such information as is available to the witness. The above investigative powers shall not abate or terminate by reason of any action or proceeding brought by the Attorney General under this chapter. When documentary material is demanded by a civil investigative demand, said demand shall not: (1) contain any requirement that would be unreasonable or improper if contained in a subpoena duces tecum issued by a court of this Commonwealth; or (2) require the disclosure of any documentary material that would be privileged, or production of which for any other reason would not be required by a subpoena duces tecum issued by a court of the Commonwealth.

C. Where the information requested pursuant to a civil investigative demand may be derived or ascertained from the business records of the party upon whom the interrogatory has been served or from an examination, audit or inspection of such business records, or from a compilation, abstract or summary based therein, and the burden of deriving or ascertaining the answer is substantially the same for the Attorney General as for the party from whom such information is requested, it is sufficient for that party to specify the records from which the answer may be derived or ascertained and to afford the Attorney General, or other individuals properly designated by the Attorney General, reasonable opportunity to examine, audit or inspect such records and to make copies, compilations, abstracts or summaries. Further, the Attorney General is hereby authorized,

and may so elect, to require the production pursuant to this section, of documentary material before or after the taking of any testimony of the person summoned pursuant to a civil investigative demand, in which event, said documentary matter shall be made available for inspection and copying during normal business hours at the principal place of business of the person served, or at such other time and place, as may be agreed upon by the person served and the Attorney General.

D. Any civil investigative demand issued by the Attorney General shall contain the following information:

1. The statute and section hereof, the alleged violation of which is under investigation and the subject matter of the investigation.
2. The date and place at which time the person is required to appear to produce documentary material in his possession, custody or control in the office of the Attorney General located in Richmond, Virginia. Such date shall not be less than twenty days from the date of the civil investigative demand.
3. Where documentary material is required to be produced, the same shall be described by class so as to clearly indicate the material demanded.

E. Service of civil investigative demand of the Attorney General as provided herein may be made by:

1. Delivery of a duly executed copy thereof to the person served, or if a person is not a natural person, to the principal place of business of the person to be served, or
2. Mailing by certified mail, return receipt requested, a duly executed copy thereof addressed to the person to be served at his principal place of business in the Commonwealth, or if said person has no place of business in the Commonwealth, to his principal office.

F. Within twenty days after the service of any such demand upon any person or enterprise, or at any time before the return date specified in the demand, whichever period is shorter, such party may file, in the Circuit Court of the City of Richmond and serve upon the Attorney General a petition for an order of such court modifying or setting aside such demand. The time allowed for compliance with the demand in whole or in part as deemed proper and ordered by the court shall not run during the pendency of such petition in the court. Such petition shall specify each ground upon which the petitioner relies in seeking such relief, and may be based upon any failure of such demand to comply with the provisions of this chapter or upon any constitutional or other legal right or

privilege of such party. The provisions of this subsection shall be the exclusive means for a witness summoned pursuant to a civil investigative demand under this section to challenge a civil investigative demand issued pursuant to subsection B.

G. The examination of all witnesses under this section shall be conducted by the Attorney General, or his designee, before an officer authorized to administer oaths in this Commonwealth. The testimony shall be taken stenographically or by a sound recording device and shall be transcribed.

H. Any person required to testify or to submit documentary evidence shall be entitled, on payment of lawfully prescribed cost, to procure a copy of any document produced by such person and of his own testimony as stenographically reported or, in the case of depositions, as reduced to writing by or under the direction of a person taking the deposition. Any party compelled to testify or to produce documentary evidence may be accompanied and advised by counsel, but counsel may not, as a matter of right, otherwise participate in the investigation.

I. All persons served with a civil investigative demand by the Attorney General under this chapter, other than any person or persons whose conduct or practices are being investigated or any officer, director or person in the employ of such person under investigation, shall be paid the same fees and mileage as paid witnesses in the courts of this Commonwealth. No person shall be excused from attending such inquiry pursuant to the mandate of a civil investigative demand, or from producing a paper or from being examined or required to answer questions on the ground of failure to tender or pay a witness fee or mileage unless demand therefor is made at the time testimony is about to be taken and as a condition precedent to offering such production or testimony and unless payment thereof is not thereupon made.

J. Any natural person who shall neglect or refuse to attend and testify, or to answer any lawful inquiry or to produce documentary evidence, if in his power to do so, in obedience of a civil investigative demand or lawful request of the Attorney General or those properly authorized by the Attorney General, pursuant to this section, shall be guilty of a misdemeanor and upon conviction thereof by a court of competent jurisdiction shall be punished by a fine of not more than \$5,000, or by imprisonment in jail for not more than one year, or both such fine and imprisonment.

Any natural person who commits perjury or false swearing or contempt in answering, or failing to answer, or in producing evidence or failing to do so in accordance with a civil investigative demand or lawful request by the Attorney General, pursuant to this section,

shall be guilty of a misdemeanor and upon conviction therefor by a court of competent jurisdiction shall be punished by a fine of not more than \$5,000, or by imprisonment in jail for not more than one year, or both such fine and imprisonment.

K. In any investigation brought by the Attorney General pursuant to this chapter, no individual shall be excused from attending, testifying or producing documentary material, objects or intangible things in obedience to a civil investigative demand or under order of the court on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to any penalty, but no testimony or other information compelled either by the Attorney General or under order of the court, or any information directly or indirectly derived from such testimony or other information, may be used against the individual or witness in any criminal case. However, he may nevertheless be prosecuted or subjected to penalty or forfeiture for any perjury, false swearing or contempt committed in answering, or failing to answer, or in producing evidence or failing to do so in accordance with the order of the Attorney General or the court. If an individual refuses to testify or produce evidence after being granted immunity from prosecution and after being ordered to testify or produce evidence as aforesaid, he may be adjudged in civil contempt by a court of competent jurisdiction and committed to the county jail until such time as he purges himself of contempt by testifying, producing evidence or presenting a written statement as ordered. The foregoing shall not prevent the Attorney General from instituting other appropriate contempt proceedings against any person who violates any of the above provisions.

L. It shall be the duty of all public officials, both state and local, their deputies, assistants, clerks, subordinates or employees, and all other persons to render and furnish to the Attorney General, his deputy or other designated representative, when so requested, all information and assistance in their possession or within their power. Any officer participating in such inquiry and any person examined as a witness upon such inquiry who shall disclose to any such person other than the Attorney General the name of any witness examined or any other information obtained upon such inquiry, except as so directed by the Attorney General, shall be guilty of a misdemeanor and subject to the sanctions prescribed in subsection J. Such inquiry may upon written authorization of the Attorney General be made public.

M. The Attorney General may promulgate rules and regulations to implement and carry out the provisions of this section.

N. It shall be the duty of the Attorney General, or his designees, to maintain the secrecy of all evidence, testimony, documents or other results of such investigations. Violation of this subsection shall be a misdemeanor. Nothing herein contained shall be construed to prevent (i) the disclosure of any such investigative evidence by the Attorney General in his discretion to any federal or state law-enforcement authority that has restrictions governing confidentiality similar to those contained in this subsection or (ii) the presentation and disclosure of any such investigative evidence by the Attorney General, in his discretion, in any action or proceeding brought by the Attorney General under this chapter.

1974, c. 545; 1982, c. 285; 2000, c. [755](#).

**§59.1-9.11. Penalty for flagrant violations.**

In any action or proceeding brought under subsection A of § [59.1-9.15](#) the court may assess for the benefit of the Commonwealth a civil penalty of not more than \$100,000 for each willful or flagrant violation of this chapter. No civil penalty shall be imposed in connection with any violation for which any fine or penalty is imposed pursuant to federal law.

1974, c. 545; 2023, c. [522](#).

**§59.1-9.12. Personal suit for injunction or actual damages.**

A. Any person threatened with injury or damage to his business or property by reason of a violation of this chapter may institute an action or proceeding for injunctive relief, disgorgement, and other forms of equitable monetary relief as the court deems appropriate when and under the same conditions and principles as injunctive relief is granted in other cases.

B. Any person injured in his business or property by reason of a violation of this chapter may recover the actual damages sustained, and, as determined by the court, the costs of suit and reasonable attorney fees. If the trier of facts finds that the violation is willful or flagrant, it may increase damages to an amount not in excess of three times the actual damages sustained.

1974, c. 545; 2023, c. [522](#).

**§59.1-9.13. Effect of conviction in other proceedings.**

A final judgment or decree to the effect that a defendant has violated this chapter, other than a consent judgment or decree entered before any testimony has been taken, in an action or proceeding brought under subsection A of § [59.1-9.15](#) is prima facie evidence against that defendant in any other action or proceeding against him brought under §

[59.1-9.12](#) or subsection B of § [59.1-9.15](#) as to all matters with respect to which the judgment or decree would be an estoppel between the parties thereto.

1974, c. 545; 2023, c. [522](#).

**§59.1-9.14. Limitation of actions.**

A. An action under subsection A of § [59.1-9.15](#) to recover a civil penalty is barred if it is not commenced within four years after the cause of action accrues.

B. An action under subsection B of § [59.1-9.12](#) or subsection B of § [59.1-9.15](#) to recover damages is barred if it is not commenced within four years after the cause of action accrues, or within one year after the conclusion of any action or proceeding under subsection A of § [59.1-9.15](#) commenced within or before that time based in whole or in part on any matter complained of in the action for damages, whichever is later.

1974, c. 545; 2023, c. [522](#).

**§59.1-9.15. Actions on behalf of Commonwealth or localities; injunctive and other equitable relief; damages.**

A. The Attorney General on behalf of the Commonwealth, or the attorney for the Commonwealth or county attorney on behalf of a county, or the city attorney on behalf of a city, or the town attorney on behalf of a town may institute actions and proceedings for injunctive relief, disgorgement, and other forms of equitable monetary relief as the court deems appropriate, and civil penalties for violations of this chapter. In any such action or proceeding in which the plaintiff substantially prevails, the court may award the cost of suit, including reasonable attorney fees, to such plaintiff.

B. The Commonwealth, a political subdivision thereof, or any public agency injured in its business or property by reason of a violation of this chapter, may recover the actual damages sustained, reasonable attorney fees and the costs of suit. If the trier of facts finds that the violation is willful or flagrant, it may increase damages to an amount not in excess of three times the actual damages sustained.

C. The Attorney General in acting under subsection (a) or (b) of this section may also bring such action on behalf of any political subdivision of the Commonwealth, provided that the Attorney General shall notify each such subdivision of the pendency of the action and give such subdivision the option of exclusion from the action.

D. The Attorney General may bring a civil action to recover damages and secure other relief as provided by this chapter as *parens patriae* respecting injury to the general economy of the Commonwealth.

1974, c. 545; 1982, c. 60; 1988, c. 589; 2023, c. [522](#).

**§59.1-9.16. Remedies cumulative.**

The remedies in this chapter are cumulative.

1974, c. 545.

**§59.1-9.17. Construction of chapter.**

This chapter shall be applied and construed to effectuate its general purposes in harmony with judicial interpretation of comparable federal statutory provisions.

1974, c. 545.

**§59.1-9.18. Repealed.**

Repealed by Acts 2015, c. [709](#), cl. 2.

## Virginia Asbestos NESHAP Act

**§40.1-51.23. Definitions.**

As used in this chapter, which may be cited as the Virginia Asbestos NESHAP Act, the following terms shall have the meanings set forth in this section unless the context requires a different meaning:

"Asbestos" means any material containing more than one percent of asbestos by weight, which is friable or which has a reasonable chance of becoming friable in the course of ordinary or anticipated building use.

"Board" means the Safety and Health Codes Board.

"Commissioner" means the Commissioner of Labor and Industry or his authorized representative.

"Department" means the Department of Labor and Industry.

"National Emissions Standards for Hazardous Air Pollutants" or "NESHAP" means those portions of the regulations contained in 40 CFR Part 61 under the federal Clean Air Act which deal with the demolition and renovation of asbestos facilities. The following list of sections of the CFR are included in the Board's authority but do not limit it: §§ 61.140; 61.141; 61.145; 61.146; 61.148; 61.150, except subsection (a) (4); 61.154, except subsection (d); and 61.156.

"Owner" means any person who owns, leases, operates, controls, or supervises the facility being demolished, renovated, sprayed, or insulated; any person who owns, leases, operates, controls, or supervises the demolition, renovation, spraying, or insulation operation; or both.

1992, c. 541.

**§40.1-51.24. Department authorized to enter certain agreements.**

The Department is hereby authorized to:

1. Make and enter into all contracts and agreements necessary or incidental to the performance of the Department's duties and the execution of its powers under this chapter including, but not limited to, contracts with the United States, other states, agencies, and governmental subdivisions of the Commonwealth.
2. Accept grants from the United States government, its agencies and instrumentalities, and any other source. To these ends, the Department shall have the power to comply with such conditions and execute such agreements as may be necessary and desirable.

1992, c. 541.

**§40.1-51.25. Safety and Health Codes Board to formulate rules, regulations, etc.**

A. The Board is authorized to formulate definitions, rules, regulations and standards which shall be designed to ensure the proper demolition and renovation of asbestos facilities and effect compliance with the asbestos NESHAP requirements of the federal Environmental Protection Agency. Such standards shall be at least as stringent as the asbestos regulations passed pursuant to § 112 of the Clean Air Act. The regulations shall not promote or encourage any substantial degradation of present air quality in any air basin or region which has an air quality superior to that stipulated in the regulations of the Department of Air Pollution Control. Any regulations adopted by the Board to have general effect in part or all of the Commonwealth shall be filed in accordance with the Virginia Register Act (§ [2.2-4100](#) et seq.).

B. The Board in making regulations and in approving variances, and the courts in granting injunctive relief under the provisions of this chapter, shall consider facts and circumstances relevant to the reasonableness of the activity involved and the regulations proposed to control it, including:

1. The character and degree of injury to, or interference with, safety, health, or the reasonable use of property which is caused or threatened to be caused;
2. The social and economic value of the activity involved;

3. The suitability of the activity to the area in which it is located; and
4. The scientific and economic practicality of reducing or eliminating the discharge resulting from such activity.

1992, c. 541.

**§40.1-51.26. Commissioner of Labor and Industry to enforce laws.**

The Commissioner of Labor and Industry shall have the authority to:

1. Supervise, administer, and enforce the provisions of this chapter and regulations of the Board;
2. Receive complaints as to asbestos NESHAP violations;
3. Hold or cause to be held hearings and enter orders diminishing or abating the causes of air pollution and orders to enforce regulations pursuant to § [40.1-51.28](#);
4. Institute legal proceedings, including suits for injunctions for the enforcement of his orders, regulations of the Board, and for the enforcement of penalties;
5. Investigate any violations of this chapter and regulations;
6. Require that asbestos NESHAP records and reports be made available upon request, and require owners to develop, maintain, and make available such other records and information as are deemed necessary for the proper enforcement of this chapter and regulation; and
7. Upon presenting appropriate credentials to the owner, operator, or agent in charge:
  - a. Enter without delay and at reasonable times any business establishment, construction site, or other area, workplace, or environment in this Commonwealth, subject to federal security requirements; and
  - b. Inspect and investigate during regular working hours and at other reasonable times, and within reasonable limits and in a reasonable manner, without prior notice, unless such notice is authorized by the Commissioner or his representative, any such business establishment or place of employment and all pertinent conditions, structures, machines, apparatus, devices, equipment, and materials therein, and question privately any such employer, officer, owner, operator, agent, or employee. If such entry or inspection is refused, prohibited, or otherwise interfered with, the Commissioner shall have the power to seek an order compelling such entry or inspection, pursuant to § [40.1-49.9](#).

1992, c. 541.

**§40.1-51.27. Inspections, investigations, etc.**

The Commissioner is authorized to make or cause to be made, such investigations and inspections and do such other things as are reasonably necessary to carry out the provisions of this chapter.

1992, c. 541.

**§40.1-51.28. Issuance of special orders.**

A. The Commissioner shall have the power to issue special orders to:

1. Owners who are permitting or causing asbestos NESHAP violations, to cease and desist from such violation;
2. Owners who have violated or failed to comply with the terms and provisions of any order of the Commissioner, to comply with such terms and provisions;
3. Owners who have contravened duly adopted asbestos NESHAP standards and regulations, to cease such contravention and to comply with air quality standards and policies; and
4. Require any owner to comply with the provisions of this chapter.

B. Such special orders are to be issued only after a hearing with reasonable notice to the affected owners of the time, place and purpose thereof, and they shall become effective not less than five days after service as provided in subsection C. Should the Commissioner find that any such owner is unreasonably affecting the public health, safety or welfare, the health of animal or plant life, or property, after a reasonable attempt to give notice, he shall declare a state of emergency and may issue without a hearing an emergency special order directing the owner to cease such pollution immediately, and shall within ten days hold a hearing, after reasonable notice as to the time and place thereof to the owner to affirm, modify, amend or cancel such emergency special order. If the Commissioner finds that an owner who has been issued a special order or an emergency special order is not complying with the terms thereof, he may proceed in accordance with [§ 40.1-51.35](#) or [§ 40.1-51.39](#).

C. Any special order issued under the provisions of this section need not be filed with the Secretary of the Commonwealth, but the owner to whom such special order is directed shall be notified by certified mail, return receipt requested, sent to the last known address of such owner, or by personal delivery by an agent of the Commissioner, and the time limits specified shall be counted from the date of receipt.

D. Nothing in this section or in § [40.1-51.26](#) shall limit the Commissioner's authority to proceed against such owner directly under § [40.1-51.35](#) or § [40.1-51.39](#) without the prior issuance of an order, special, or otherwise.

1992, c. 541.

**§40.1-51.29. Decision of Commissioner pursuant to hearing.**

Any decision by the Commissioner rendered pursuant to hearings under § [40.1-51.28](#) shall be reduced to writing and shall contain the explicit findings of fact and conclusions of law upon which the decision is based. Certified copies of the written decisions shall be delivered or mailed by certified mail to the parties affected by it. Failure to comply with this section shall render such decision invalid.

1992, c. 541.

**§40.1-51.30. Appeal to Board.**

Any owner aggrieved by a final decision of the Commissioner under § [40.1-51.28](#) may file a notice of appeal to the Board within fifteen days. Such notice shall be in writing and addressed to the Commissioner.

1992, c. 541.

**§40.1-51.31. Penalties for noncompliance; judicial review.**

A. The Board is authorized to promulgate regulations providing for the determination of a formula for the basis of the amount of any noncompliance penalty to be assessed by a court pursuant to subsection B hereof, in conformance with the requirements of § 120 of the federal Clean Air Act, as amended, and any regulations promulgated thereunder. Any regulations promulgated pursuant to this section shall be in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).

B. Upon a determination of the amount by the Commissioner, the Commissioner shall petition the circuit court of the county or city wherein the owner subject to such non-compliance assessment resides, regularly or systematically conducts affairs or business activities, or where such owner's property affected by the administrative action is located for an order requiring payment of a noncompliance penalty in a sum the court deems appropriate.

C. Any order issued by a court pursuant to this section may be enforced as a judgment of the court. All sums collected, less the assessment and collection costs, shall be paid into the general fund of the state treasury.

D. Any penalty assessed under this section shall be in addition to permits, fees, orders, payments, sanctions, or other requirements under this chapter and shall in no way affect any civil or criminal enforcement proceedings brought under other provisions of this chapter.

1992, c. 541.

**§40.1-51.32. Owners to furnish plans, specifications and information.**

Every owner which the Commissioner has reason to believe is causing, or may be about to cause, an asbestos NESHAP problem shall on request of the Commissioner furnish such plans, specifications and information as may be required by the Commissioner in the discharge of his duties under this chapter. Any information, except emission data, as to secret processes, formulae or methods of manufacture or production shall not be disclosed in a public hearing and shall be kept confidential. If samples are taken for analysis, a duplicate of the analytical report shall be furnished promptly to the person from whom such sample is requested.

1992, c. 541.

**§40.1-51.33. Protection of trade secrets.**

Any information, except emissions data, reported to or otherwise obtained by the Commissioner which contains or might reveal a trade secret shall be confidential and shall be limited to those persons who need such information for purposes of enforcement of this chapter or the federal Clean Air Act or regulations and orders of the Commissioner. It shall be the duty of each owner to notify the Commissioner of the existence of trade secrets when he desires the protection provided herein.

1992, c. 541.

**§40.1-51.34. Right of entry.**

Whenever it is necessary for the purposes of this chapter, the Commissioner may at reasonable times enter any establishment or upon any property, public or private, subject to federal security requirements, to obtain information or conduct surveys or investigations.

1992, c. 541.

**§40.1-51.35. Compelling compliance with regulations and orders of Board; penalty for violations.**

A. Any owner violating or failing, neglecting or refusing to obey any asbestos NESHAP regulation or order of the Commissioner may be compelled to comply by injunction, mandamus or other appropriate remedy.

B. Without limiting the remedies which may be obtained under this section, any owner violating or failing, neglecting or refusing to obey any Board regulation or order or any provision of this chapter shall be subject, in the discretion of the court, to a civil penalty not to exceed \$25,000 for each violation. Each day of violation shall constitute a separate offense. In determining the amount of any civil penalty to be assessed pursuant to this subsection, the court shall consider, in addition to such other factors as it may deem appropriate, the size of the owner's business, the severity of the economic impact of the penalty on the business, and the seriousness of the violation. Such civil penalties shall be paid into the state treasury.

C. With the consent of an owner who has violated or failed, neglected or refused to obey any asbestos NESHAP regulation or order or any provision of this chapter, the Commissioner may provide, in any order issued by the Commissioner against the owner, for the payment of civil charges in specific sums, not to exceed the limit of subsection B. Such civil charges shall be in lieu of any civil penalty which could be imposed under subsection B and shall be paid into the state treasury.

1992, c. 541.

**§40.1-51.36. Judicial review of regulations of Board.**

The validity of any regulation may be determined through judicial review in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).

1992, c. 541.

**§40.1-51.37. Appeal from decision of Board.**

Any owner aggrieved by a final decision of the Board under § [40.1-51.30](#) or of the Commissioner under subdivision 4 of § [40.1-51.26](#) is entitled to judicial review thereof in accordance with the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).

1992, c. 541.

**§40.1-51.38. Appeal to Court of Appeals.**

The Commonwealth or any party aggrieved by any final decision of the judge shall have, regardless of the amount involved, the right to appeal to the Court of Appeals. The procedure shall be the same as that provided by law concerning appeals and supersedeas.

1992, c. 541.

**§40.1-51.39. Penalties; chapter not to affect right to relief or to maintain action.**

A. Any owner violating any provision of this chapter, Board regulation, or order of the Commissioner shall upon conviction be guilty of a misdemeanor and shall be subject to a fine of not more than \$1,000 for each violation within the discretion of the court. Each day of continued violation after conviction shall constitute a separate offense.

B. Nothing in this chapter shall be construed to abridge, limit, impair, create, enlarge or otherwise affect substantively or procedurally the right of any person to damages or other relief on account of injury to persons or property.

1992, c. 541.

**§40.1-51.40. Duty of attorney for the Commonwealth.**

It shall be the duty of every attorney for the Commonwealth to whom the Commissioner has reported any violation of this chapter or any regulation or order of the Board, to cause proceedings to be prosecuted without delay for the fines and penalties in such cases.

1992, c. 541.

**§40.1-51.41. Local ordinances.**

A. Existing local ordinances adopted prior to July 1, 1972, shall continue in force; however, in the event of a conflict between a Board regulation, promulgated pursuant to this chapter, and a local ordinance, the Board regulation shall govern, except when the conflicting local ordinance is more stringent.

B. The governing body of any locality proposing to adopt an ordinance, or an amendment to an existing ordinance, relating to areas covered by asbestos NESHAP after June 30, 1972, shall first obtain the approval of the Board as to the provisions of the ordinance or amendment. The Board shall not approve any local ordinance less stringent than the pertinent regulations of the Board.

1992, c. 541.

## **Virginia Assistive Technology Device Warranties Act**

**§59.1-470. Definitions.**

As used in this chapter:

"Assistive device dealer" means a person or company that is in the business of selling assistive devices, including a manufacturer who sells assistive technology devices directly to consumers.

"Assistive device lessor" means a person or company that leases an assistive device to a consumer, or who holds the lessor's rights, under a written lease.

"Assistive technology device," "assistive device," or "device" means any new device, including a demonstrator, that a consumer purchases or accepts transfer of in this Commonwealth which is used for a major life activity or any other assistive device that enables a person with a disability to communicate, see, hear, or maneuver. These devices include (i) manual wheelchairs, motorized wheelchairs, motorized scooters, and other aids that enhance the mobility of an individual; (ii) hearing aids, telephone communication devices for the deaf (TTD/TTY), assistive listening devices, visual and audible signal systems, and other aids that enhance an individual's ability to hear; and (iii) voice-synthesized computer modules, optical scanners, talking software, Braille printers, and other devices that enhance a sight-impaired individual's ability to communicate.

"Authorized dealer" means any seller of an assistive device that (i) has, within a specified geographic area, an exclusive distribution arrangement with any person or entity that manufactures or assembles such device or (ii) is designated by the person or company that manufactures or assembles such device to repair or accept for repair such device.

"Collateral costs" means expenses incurred by a consumer in connection with the repair of a nonconformity, including the reasonable costs of obtaining an alternative assistive device.

"Consumer" means:

1. A person with a disability as defined in the Americans With Disabilities Act, 42 U.S.C. § 12102 (2), or his legal representative, (i) who has purchased an assistive device from an assistive device dealer or manufacturer for purposes other than resale; (ii) to whom the assistive device is transferred for purposes other than resale, if the transfer occurs before the expiration of any warranty established by this chapter; or (iii) who leases a new assistive device from an assistive device lessor under a written lease;

2. An entity which purchases or leases an assistive device using state or federal funds for the use of a person with a disability; or

3. An insurer or self-insurer which purchases or leases an assistive device for the use of a person with a disability.

"Demonstrator" means an assistive device used primarily for the purpose of demonstration to the public.

"Manufacturer" means a person or company that manufactures or assembles assistive devices and agents of that person or company, including an authorized dealer, an importer, a distributor, factory branch, distributor branch and any warrantors of the manufacturer's assistive device, but does not include a professional who fabricates, without charge, a device for use in the course of treatment.

"Nonconformity" means a condition or defect that significantly impairs the use, value, function or safety of an assistive device or any of its components, but does not include a condition or defect of the device that is the result of (i) abuse, misuse or neglect by a consumer, (ii) modifications or alterations not authorized by the manufacturer, (iii) normal wear, (iv) normal use which may be resolved through a fitting adjustment, routine maintenance, preventative maintenance or proper care, or (v) a consumer's failure to follow any manufacturer's written service and maintenance guidelines furnished to the customer at the time of purchase.

"Reasonable attempt to repair" means that within one year after the date of first delivery of the assistive device:

1. The same nonconformity has been subject to repair three or more times by the manufacturer, assistive device lessor or any assistive device dealer authorized by the manufacturer to repair such device, and the nonconformity continues to exist and interfere with the device's operation; or
2. The assistive device is out of service, with no fungible loaner available, for a cumulative total of at least thirty days, exclusive of any necessary time in shipment, due to repair by the manufacturer, assistive device lessor or any assistive device dealer authorized by the manufacturer to repair such device, all of which is due to warranty nonconformities. The provisions of this subdivision shall not be applicable if the repairs could not be performed because of conditions beyond the control of the manufacturer, its agents or authorized dealers, including war, invasion, strike, fire, flood or other natural disasters.

1998, cc. [67](#), [242](#).

**§59.1-471. Implied warranty; responsibility for repair, return, or replacement.**

A. Notwithstanding any other provision of law, in addition to any express warranty furnished by the manufacturer of an assistive device, such manufacturer shall also be deemed to have warranted to any consumer purchasing or leasing such device within this Commonwealth, that for a period of one year from date of first delivery to the consumer (i) the device, when used as intended, will be free from any nonconformity and (ii) any nonconformity will be repaired (parts and labor) by the manufacturer or its agent, without charge to the consumer.

B. If, after reasonable attempt to repair, any nonconformity is not repaired, the manufacturer shall either:

1. Accept return of the nonconforming assistive technology device and refund to the consumer or consumers, to the extent of each consumer's participation in the initial purchase or lease of the device or collateral costs, within fourteen days thereof, (i) the manufacturer's suggested retail price, if available, (ii) the full purchase price of the device, excluding the cost of services associated with the device's initial purchase, together with reasonable collateral costs, or (iii) if the device was leased, all lease payments made through the date of return together with a proportional share of any required deposit; or

2. Accept return of the nonconforming assistive technology device and replace such nonconforming device with one of comparable market value, function and usefulness within thirty days of such request.

1998, cc. [67](#), [242](#).

**§59.1-472. Returned devices; subsequent sale or lease; disclosure.**

No assistive device returned due to a nonconformity under the provisions of § [59.1-471](#) by a consumer or assistive device lessor in this Commonwealth or any other state, may be sold or leased again in this Commonwealth unless full disclosure of the reason for such return is made to any prospective buyer or lessee.

1998, cc. [67](#), [242](#).

**§59.1-473. Legal action or arbitration.**

A. The remedies afforded by this chapter are cumulative and not exclusive and shall be in addition to any other legal or equitable remedies otherwise available to the consumer.

B. In addition to any other remedies otherwise available to him, any consumer who suffers loss as a result of any violation of this chapter may bring an action to recover dam-

ages. Such damages may also be recovered through the arbitration mechanism described in subsection C.

C. All persons subject to this chapter shall have the option of submitting any disputes arising under the provisions of this chapter to the arbitration mechanism established and administered by the Division of Consumer Counsel of the Department of Law, pursuant to subdivision C 2 of § [2.2-517](#). Such mechanism shall ensure that the arbitration is conducted by a neutral third party.

1998, cc. [67](#), [242](#); 2012, cc. [803](#), [835](#).

**§59.1-474. Certain actions deemed void.**

A. Any manufacturer's exclusion or limitation of the implied warranties or consumer remedies prescribed by this chapter shall be deemed void.

B. Any purported waiver of rights to legal action or arbitration by a consumer within an assistive device purchase agreement shall be deemed void.

1998, cc. [67](#), [242](#).

## Virginia Biotechnology Research Act

**§2.2-5500. Purpose.**

The purposes of this chapter are to establish a state regulatory scheme to ensure state participation in the federal Coordinated Framework for the Regulation of Biotechnology to protect human health and the environment and to stimulate the growth of the biotechnology industry within the Commonwealth. To do this, the Secretary of Commerce and Trade shall cooperate with federal authorities in accordance with the federal Coordinated Framework for the Regulation of Biotechnology to assess the potential risks and effects of proposed regulated introductions of genetically engineered organisms into the environment without undue governmental interference with the progress and commercial development of biotechnology within the Commonwealth. The General Assembly does not intend to create a regulatory scheme that duplicates federal regulatory efforts regarding biotechnology, or one that overly burdens biotechnology efforts within the Commonwealth. This chapter is intended to institute a process in which the Commonwealth can monitor the federal regulatory process and protect its interests in agriculture, public health, and the natural environment, as needed, by participation in the federal regulatory process.

1994, c. [472](#), § 2.1-769; 2001, c. [844](#).

### **§2.2-5501. Definitions.**

As used in this chapter, unless the context requires a different meaning:

"Affected localities" means the locality in which a regulated introduction is proposed to be made and any locality within a three-mile radius of the location where the regulated introduction is proposed to be made.

"Confidential business information" means information entitled to confidential treatment under subdivision A 1 or A 2 of § [2.2-5506](#).

"Coordinated Framework" means the federal Coordinated Framework for the Regulation of Biotechnology set forth in 51 Fed. Reg. 23,302 through 23,350 (June 26, 1986), as amended.

"Department" means the department designated by the Secretary of Commerce and Trade to implement the requirements of this chapter for certain types or classes of regulated introductions. Where possible, the Secretary shall designate the department whose purpose most closely resembles the purpose of the federal regulator that will be responsible under the Coordinated Framework for reviewing and authorizing the regulated introduction.

"Federal regulator" means a federal department, agency, or other instrumentality of the federal government, or a designee of such federal instrumentality, which is responsible for regulating an introduction of a genetically engineered organism into the environment under the Coordinated Framework.

"Genetically engineered organism" means an organism (any organism such as animal, plant, bacterium, cyanobacterium, fungus, protist, or virus), altered or produced through genetic modification from a donor, vector, or recipient organism using modern molecular techniques such as recombinant deoxyribonucleic acid (DNA) methodology, and any living organisms derived therefrom.

"Locality" means any county, city or town located within the Commonwealth.

"Planned introduction into the environment" means the intentional introduction or use in the Commonwealth beyond the de minimis level of a genetically engineered organism anywhere except within an indoor facility that is designed to physically contain the genetically engineered organism, including a laboratory, greenhouse, building, structure, growth chamber, or fermenter.

"Regulated introduction" means a planned introduction into the environment for which the Coordinated Framework requires that the person proposing to commence the introduction into the environment do one or more of the following:

1. Notify a federal regulator of the proposed introduction into the environment;
2. Secure the approval of or a permit or license from a federal regulator before commencing the introduction into the environment; or
3. Secure a determination by a federal regulator of the need for notification, approval, licensing or issuance of a permit by the federal regulator if the determination is part of a procedure specified in the Coordinated Framework.

1994, c. [472](#), § 2.1-770; 2001, c. [844](#).

**§2.2-5502. Exemptions from chapter to be determined by Department.**

A. The Department may waive part or all of the requirements under this chapter for a specified regulated introduction if the Department determines that the satisfaction of that requirement is not necessary to protect the public health or the environment.

B. The Department may exempt a class of regulated introductions from part or all of any requirement under this chapter if the Department determines that the satisfaction of those requirements or part thereof is not necessary to protect the public health or the environment.

C. Planned regulated introductions approved by a federal regulator pursuant to the federal Coordinated Framework prior to enactment of this chapter shall be exempt from the provisions of this chapter.

1994, c. [472](#), § 2.1-771; 2001, c. [844](#).

**§2.2-5503. Requirements for regulated introduction.**

Except as provided under § [2.2-5502](#), no person may commence a regulated introduction unless the person:

1. Provides to the Department all of the following information within seven days after the person submits or should have submitted the information specified in subdivisions 1 a and 1 b to a federal regulator, whichever is sooner:
  - a. A copy of all information that the person is required to submit to the federal regulator and that is not confidential information; and

b. A summary of any confidential information that the person submits or is required to submit to a federal regulator. The summary shall provide sufficient information to enable the Department to exercise its notice and comment functions under §§ [2.2-5504](#) and [2.2-5505](#), to provide public notice pursuant to § [2.2-5504](#), and to prepare comments pursuant to § [2.2-5505](#), and shall have minimal extraneous and irrelevant information. The summary shall also provide sufficient information to enable the locality in which the introduction is proposed to be made to exercise its comment function under § [2.2-5505](#).

2. Provides such additional information, if any, as is necessary to enable the Department to fulfill any functions it undertakes, on a case-by-case basis, under § [2.2-5505](#).

1994, c. [472](#), § 2.1-772; 2001, c. [844](#).

**§2.2-5504. Public notice of proposed regulated introduction.**

Within fifteen days after receiving the information required under § [2.2-5503](#), the Department shall publish notice and a brief description of the proposed regulated introduction. Notice shall also be provided to any affected locality and to any person who has filed a written request to be notified of regulated introductions. Notice shall be given by publication one time in a newspaper having general circulation in each locality where the regulated introduction is proposed to be made. In addition, subject to the provisions of this chapter regarding confidential business information, any documents submitted to the Department as required under § [2.2-5503](#) shall be available for public inspection or copying at or near the site of the proposed regulated introduction and at the offices of the Department.

1994, c. [472](#), § 2.1-773; 2001, c. [844](#).

**§2.2-5505. Comment on proposed regulated introduction.**

A. The Department and any affected locality may prepare formal comments on the regulated introduction for submission to the federal regulator for that regulated introduction. The comments shall be submitted within the time established by the federal regulator for that regulated introduction, as determined by the applicable federal requirements or the Coordinated Framework. The comments shall address issues raised by application of the criteria for the granting of approval of a permit or a license under the applicable requirement in the Coordinated Framework and for the protection of the public health and the environment.

B. To assist in the preparation of comments, the Department may do any or all of the following:

1. Hold an informational meeting on the proposed regulated introduction;
2. Provide an opportunity for the public to comment on the proposed regulated introduction;
3. Request any additional information necessary on the proposed regulated introduction from the person providing information under § [2.2-5503](#);
4. Conduct a technical review of the proposed regulated introduction; and
5. Seek the assistance of the faculty and academic staff of any Virginia public institution of higher education, the Department of Health, the Department of Agriculture and Consumer Services, the Department of Environmental Quality, or any other appropriate state agency or organization, including but not limited to an institutional biosafety committee, in reviewing the proposed regulated introduction.

C. To assist in the preparation of comments, affected localities may do either or both of the following:

1. Hold an informational meeting on the proposed regulated introduction. When possible, that meeting shall be held in conjunction with an informational meeting held by the Department; and
2. Provide an opportunity for the public to comment on the proposed regulated introduction.

1994, c. [472](#), § 2.1-774; 2001, c. [844](#).

**§2.2-5506. Confidential business information; Department to establish procedures.**

A. Except as provided in subsections B and C, the Department and any affected locality shall keep confidential any information received under this chapter if the person submitting the information notifies them that:

1. The federal regulator to whom the information has been submitted has determined that the information is entitled to confidential treatment and is not subject to public disclosure under the federal Freedom of Information Act, 5 U.S.C. § 552, as amended, or under the Coordinated Framework; or
2. The person submitting the information to the Department and any locality has submitted a claim to the federal regulator that the information is entitled to confidential treatment under the federal Freedom of Information Act or under the Coordinated Framework, and the federal regulator has not made a determination on that claim.

B. Subsection A shall not prevent the Department from using the information for the purposes of subdivision B 4 or B 5 of § [2.2-5505](#), subject to the requirements of subsection D.

C. The Department shall allow public access to any information that has been granted confidentiality under subsection A if either of the following occurs:

1. The person providing the information expressly agrees in writing to the public access of the information; or

2. After information has been granted confidentiality under subdivision A. 2., the federal regulator makes a determination that the information is not entitled to confidential treatment under the federal Freedom of Information Act or under the Coordinated Framework.

D. The Department shall establish procedures to protect information required to be kept confidential under subsection A. Under the procedures, the Department shall not submit any information under subdivision B 4 or B 5 of § [2.2-5505](#) to any person who is not an employee of the Department unless that person has signed an agreement that satisfies the requirements of subsection E.

E. Any agreement under subsection D shall (i) provide that information that is the subject of the agreement shall be subject to confidential treatment; (ii) prohibit the release or sharing of the information with any other person except at the direction of the Department and in compliance with this chapter; (iii) acknowledge the penalties in § [59.1-338](#) of the Virginia Uniform Trade Secrets Act (§ [59.1-336](#), et seq.) and any other applicable law of the Commonwealth identified by the Department for the unauthorized disclosure of the information; and (iv) contain a statement that the person receiving the information, any member of his immediate family or any organization with which he is associated has no substantial financial interest in the regulated introduction that is the subject of the information.

F. Any person submitting the information under § [2.2-5503](#) may waive any of the requirements under this section.

1994, c. [472](#), § 2.1-775; 2001, c. [844](#).

#### **§2.2-5507. Enforcement.**

The Department shall enforce the provisions of §§ [2.2-5503](#) and [2.2-5506](#). Actions to enforce this chapter by injunctive and any other relief appropriate for enforcement may be filed in the Circuit Court of the City of Richmond or in any county or municipality where a violation occurred in whole or in part. In an enforcement action under this

chapter, if it is determined that a person commenced a regulated introduction and did not comply with § [2.2-5503](#), the court may enter an injunction directing the person to cease the regulated introduction and may order any additional action necessary to protect human health and the environment.

1994, c. [472](#), § 2.1-776; 2001, c. [844](#).

#### **§2.2-5508. Penalties.**

A civil penalty of not more than \$500 may be assessed by the Department against any person who violates any provision of this chapter. In determining the amount of the penalty, the Department shall consider the degree and extent of harm caused by the violation. No civil penalty may be assessed under this section unless the person has been given the opportunity for a hearing pursuant to the Administrative Process Act, (§ [2.2-4000](#) et seq.). Any continuing failure to notify under § [2.2-5503](#) shall constitute the same offense for purposes of imposing the penalty authorized by this section.

1994, c. [472](#), § 2.1-777; 2001, c. [844](#).

#### **§2.2-5509. Limitation on local regulation.**

No locality shall enact any regulation or ordinance regulating or prohibiting (i) the planned introduction of genetically engineered organisms into the environment or (ii) biotechnology research activities; however, the siting of biotechnology research activities shall be subject to the zoning and land-use laws and regulations of the localities in which such activities are conducted, the Uniform Statewide Building Code (§ [36-97](#) et seq.), the Statewide Fire Prevention Code (§ [27-94](#) et seq.), local public utility and public works ordinances and regulations of general application, and local tax ordinances of general application.

1994, c. [472](#), § 2.1-778; 2001, c. [844](#).

## **Virginia Birth-Related Neurological Injury Compensation Act**

#### **§38.2-5000. Short title.**

The provisions of this chapter shall be known and may be cited as the Virginia Birth-Related Neurological Injury Compensation Act.

1987, c. 540.

### **§38.2-5001. Definitions.**

As used in this chapter:

"Birth-related neurological injury" means injury to the brain or spinal cord of an infant caused by the deprivation of oxygen or mechanical injury occurring in the course of labor, delivery or resuscitation necessitated by a deprivation of oxygen or mechanical injury that occurred in the course of labor or delivery, in a hospital which renders the infant permanently motorically disabled and (i) developmentally disabled or (ii) for infants sufficiently developed to be cognitively evaluated, cognitively disabled. In order to constitute a "birth-related neurological injury" within the meaning of this chapter, such disability shall cause the infant to be permanently in need of assistance in all activities of daily living. This definition shall apply to live births only and shall not include disability or death caused by genetic or congenital abnormality, degenerative neurological disease, or maternal substance abuse.

"Claimant" means any person who files a claim pursuant to § [38.2-5004](#) for compensation for a birth-related neurological injury to an infant. Such claims may be filed by any legal representative on behalf of an injured infant; and, in the case of a deceased infant, the claim may be filed by an administrator, executor, or other legal representative.

"Commission" means the Virginia Workers' Compensation Commission.

"Participating hospital" means a general hospital licensed in Virginia which at the time of the injury (i) had in force an agreement with the Commissioner of Health or his designee, in a form prescribed by the Commissioner, whereby the hospital agreed to participate in the development of a program to provide obstetrical care to patients eligible for Medical Assistance Services and to patients who are indigent, and upon approval of such program by the Commissioner of Health, to participate in its implementation, (ii) had in force an agreement with the State Department of Health whereby the hospital agreed to submit to review of its obstetrical service, as required by subsection C of § [38.2-5004](#), and (iii) had paid the participating hospital assessment pursuant to § [38.2-5020](#) for the period of time in which the birth-related neurological injury occurred. The term also includes employees of such hospitals, excluding physicians or nurse-midwives who are eligible to qualify as participating physicians, acting in the course of and in the scope of their employment.

"Participating physician" means a physician licensed in Virginia to practice medicine, who practices obstetrics or performs obstetrical services either full or part time or, as authorized in the plan of operation, a licensed nurse-midwife who performs obstetrical

services, either full or part time, within the scope of such licensure and who at the time of the injury (i) had in force an agreement with the Commissioner of Health or his designee, in a form prescribed by the Commissioner, whereby the physician agreed to participate in the development of a program to provide obstetrical care to patients eligible for Medical Assistance Services and to patients who are indigent, and upon approval of such program by the Commissioner of Health, to participate in its implementation, (ii) had in force an agreement with the Board of Medicine whereby the physician agreed to submit to review by the Board of Medicine as required by subsection B of § [38.2-5004](#), and (iii) had paid the participating physician assessment pursuant to § [38.2-5020](#) for the period of time in which the birth-related neurological injury occurred. The term "participating physician" includes a partnership, corporation, professional corporation, professional limited liability company or other entity through which the participating physician practices. "Program" means the Virginia Birth-Related Neurological Injury Compensation Program established by this chapter.

1987, c. 540; 1989, c. 523; 1990, cc. 234, 534; 1994, c. [872](#); 1995, c. [302](#); 1999, c. [806](#); 2000, c. [207](#); 2003, c. [897](#); 2004, cc. [896](#), [931](#); 2017, c. [756](#).

**§38.2-5002. Virginia Birth-Related Neurological Injury Compensation Program; exclusive remedy; exception.**

A. There is hereby established the Virginia Birth-Related Neurological Injury Compensation Program.

B. Except as provided in subsection D, the rights and remedies herein granted to an infant on account of a birth-related neurological injury shall exclude all other rights and remedies of such infant, his personal representative, parents, dependents or next of kin, at common law or otherwise arising out of or related to a medical malpractice claim with respect to such injury to the infant, including any claims by the infant's personal representative, parents, dependents or next of kin that, by substantive law, are derivative of the medical malpractice claim with respect to the infant's injury, including but not limited to claims of emotional distress proximately related to the infant's injury. This subsection shall not be construed to exclude other rights and remedies available to the infant's mother arising out of or related to a physical injury, separate and distinct from an injury to the infant, that is suffered by the infant's mother during the course of the infant's delivery.

C. Notwithstanding anything to the contrary in this section, a civil action shall not be foreclosed against a physician or a hospital where there is clear and convincing evidence that such physician or hospital intentionally or willfully caused or intended to cause a

birth-related neurological injury, provided that such suit is filed prior to and in lieu of payment of an award under this chapter. Such suit shall be filed before the award of the Commission becomes conclusive and binding as provided for in § [38.2-5011](#).

D. Notwithstanding anything to the contrary in this section, a civil action arising out of or related to a birth-related neurological injury under this chapter, brought by an infant, his personal representative, parents, dependents, or next of kin, shall not be foreclosed against a nonparticipating physician or hospital, provided that (i) no participating physician or hospital shall be made a party to any such action or related action, and (ii) the commencement of any such action, regardless of its outcome, shall constitute an election of remedies, to the exclusion of any claim under this chapter; provided that if claim is made, accepted and benefits are provided by the Fund established under this Virginia Birth-Related Neurological Injury Compensation Program, the Fund shall have the right, and be subrogated, to all of the common law rights, based on negligence or malpractice, which the said infant, his personal representative, parents, dependents or next of kin may have or may have had against the non-participating physician or hospital, as the case may be.

1987, c. 540; 1990, c. 535; 2003, c. [897](#).

**§38.2-5002.1. Representation by Office of Attorney General; applicability of Public Procurement Act, Freedom of Information Act, and Administrative Process Act.**

A. The Office of the Attorney General shall provide requested legal services to the Program as provided in this subsection. The Program shall compensate the Office of the Attorney General for its provision of such legal services based on a reasonable hourly rate as shall be agreed upon periodically by the Board and the Attorney General. If the Office of the Attorney General is unable to provide such legal services as the result of a conflict of interest or other disqualifying circumstances, the Board may employ such other counsel as it deems necessary.

B. The board of directors of the Program shall adopt and implement rules consistent with the provisions of the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.) that specify policies and procedures regarding the contracting for services not related to the health care provided for claimants, which rules shall be based on competitive principles generally applicable to the procurement of services by state agencies.

C. The Program and its board of directors shall be public bodies for purposes of the Virginia Freedom of Information Act (§ [2.2-3700](#) et seq.).

D. The procedure for adoption of rules and regulations by the board of directors of the Program shall be consistent with the provisions of Article 2 (§ [2.2-4006](#) et seq.) of the Administrative Process Act.

2003, c. [897](#).

**§38.2-5002.2. Confidentiality of certain information; penalty.**

The following records of the Program shall be confidential: (i) records subject to the attorney-client privilege; (ii) medical and mental records of claimants obtained by the board of directors in the course of administering the Program; (iii) records concerning deliberations of the board of directors in connection with specific claims; (iv) reports of expert witnesses retained by the board of directors that have not become part of the record before the Commission; and (v) all records required to be kept confidential by federal law. Except as herein authorized, an officer, agent or employee of the Program, and any person who has held any such position, shall not disclose, directly or indirectly, any such confidential record or information.

2003, c. [897](#).

**§38.2-5003. Virginia Workers' Compensation Commission authorized to hear and determine claims.**

The Virginia Workers' Compensation Commission is authorized to hear and pass upon all claims filed pursuant to this chapter. The Commission may exercise the power and authority granted to it in Chapter 2 of Title 65.2 as necessary to carry out the purposes of this chapter.

When a circuit court refers a civil action to the Commission pursuant to § [8.01-273.1](#) for the purposes of determining whether the cause of action satisfies the requirements of this chapter, the Commission shall set the matter for hearing pursuant to § [38.2-5006](#). The Commission shall communicate its decision to the referring circuit court in due course.

1987, c. 540; 1999, c. [822](#).

**§38.2-5004. Filing of claims; review by Board of Medicine; review by Department of Health; filing of responses; medical records.**

A. 1. In all claims filed under this chapter, the claimant shall file with the Commission a petition, setting forth the following information:

a. The name and address of the legal representative and the basis for his representation of the injured infant;

- b. The name and address of the injured infant;
- c. The name and address of any physician providing obstetrical services who was present at the birth and the name and address of the hospital at which the birth occurred;
- d. A description of the disability for which claim is made;
- e. The time and place where the birth-related neurological injury occurred;
- f. A brief statement of the facts and circumstances surrounding the birth-related neurological injury and giving rise to the claim;
- g. All available relevant medical records relating to the person who allegedly suffered a birth-related neurological injury and an identification of any unavailable records known to the claimant and the reasons for their unavailability;
- h. Appropriate assessments, evaluations, and prognoses and such other records and documents as are reasonably necessary for the determination of the amount of compensation to be paid to, or on behalf of, the injured infant on account of a birth-related neurological injury;
- i. Documentation of expenses and services incurred to date, which indicates whether such expenses and services have been paid for, and if so, by whom; and
- j. Documentation of any applicable private or governmental source of services or reimbursement relative to the alleged impairments.

2. The claimant shall furnish the Commission with as many copies of the petition as required for service upon the Program, any physician and hospital named in the petition, the Board of Medicine and the Department of Health, along with a \$15 filing fee. Upon receipt of the petition the Commission shall immediately serve the Program by service upon the agent designated to accept service on behalf of the Program in the plan of operation by registered or certified mail, and shall mail copies of the petition to any physician and hospital named in the petition, the Board of Medicine and the Department of Health.

B. Upon receipt of the petition or the filing of a claim relating to the conduct of a participating physician, the Department of Health Professions shall investigate the petition or claim, utilizing the same process as it does in investigating complaints filed under any provision contained in Title 54.1. Conduct of health care providers giving rise to disciplinary action shall be referred to the Board of Medicine for action consistent with the authority granted to the Board in Article 2 (§ [54.1-2911](#) et seq.) of Chapter 29 of Title

54.1. If a notice or order is issued by the Board of Medicine, a copy shall be mailed to the petitioner or claimant.

C. Upon receipt of the petition or the filing of a claim relating to the conduct of a participating hospital, the Department of Health shall investigate the petition or claim, utilizing the same process as it does in investigating complaints filed under any provision of Title 32.1. If it determines that there is reason to believe that the alleged injury resulted from, or was aggravated by, substandard care on the part of the hospital at which the birth occurred, it shall take any appropriate action consistent with the authority granted to the Department of Health in Title 32.1.

D. The Program shall file a response to the petition and submit relevant written information relating to the issue of whether the injury alleged is a birth-related neurological injury within the meaning of this chapter within 10 days after the date the panel report prepared pursuant to subsection C of § [38.2-5008](#) is filed with the Commission.

E. Any hospital at which a birth occurred, upon receipt of written notice from the legal representative of an injured infant that he intends to file a petition under this chapter, shall promptly deliver to such person all available medical records relating to the infant who allegedly suffered a birth-related neurological injury.

F. As used in this chapter, fetal monitoring strips, whether printed or in electronic format, shall be deemed to constitute part of the medical records relating to an infant who allegedly suffered a birth-related neurological injury.

1987, c. 540; 1989, c. 523; 2003, c. [897](#); 2005, cc. [50](#), [52](#); 2013, c. [144](#).

**§38.2-5004.1. Notification of possible beneficiaries.**

A. Each physician, hospital, and nurse midwife shall disclose in writing to their obstetrical patients, at such time or times and in such detail as the board of directors of the Program shall determine to be appropriate, whether such physician, hospital or nurse midwife is or is not a participating provider under the Program.

B. In addition to any other postpartum materials provided to the mother or other appropriate person, every hospital shall provide for each infant who was hospitalized in a neonatal intensive care unit an informational brochure prepared or approved by the board of directors of the Program. The brochure shall describe the rights and limitations under the Program, including the Program's exclusive remedy provision under subsection B of § [38.2-5002](#).

C. When a claim is made to an insurance company, as described in § [38.2-5020.1](#), licensed to do business in the Commonwealth of Virginia or to any self-insurer, alleging that a possible birth-related neurological injury or a severe adverse outcome related to a birth has occurred, such insurance company or self-insurer shall report such claim to the Program on a form provided by the Program. Upon receipt of such report, the Program shall inform the parent or parents or guardians of the child on whose behalf such claim has been made of the Program's existence and eligibility requirements.

D. No liability or inference of liability or eligibility shall attach to the making of such report. The making of such report shall not be admissible in any court.

1999, c. [825](#); 2000, c. [1038](#); 2003, c. [897](#).

**§38.2-5005. Tolling of statute of limitations.**

The statute of limitations with respect to any civil action that may be brought by or on behalf of an injured infant allegedly arising out of or related to a birth-related neurological injury shall be tolled by the filing of a claim in accordance with this chapter, and the time such claim is pending shall not be computed as part of the period within which such civil action may be brought.

1987, c. 540; 1989, c. 523; 2003, c. [897](#).

**§38.2-5006. Hearing; parties.**

A. Immediately after the Program's response is filed pursuant to subsection D of § [38.2-5004](#), the Commission shall set the date for a hearing, which shall be held no sooner than 15 days and no later than 90 days after the filing of the Program's response, and shall notify the parties to the hearing of the time and place of such hearing. The hearing shall be held in the city or county where the birth-related neurological injury occurred, or in a contiguous city or county, unless otherwise agreed to by the parties and authorized by the Commission.

B. The parties to the hearing required under this section shall include the claimant and the Program.

1987, c. 540; 1989, c. 523; 2005, cc. [50](#), [52](#).

**§38.2-5007. Interrogatories and depositions.**

Any party to a proceeding under this chapter may, upon application to the Commission setting forth the materiality of the information requested, serve interrogatories or cause the depositions of witnesses residing within or without the Commonwealth to be taken, the costs to be taxed as expenses incurred in connection with the filing of a claim, in

accordance with § [38.2-5009](#). Such depositions shall be taken after notice and in the manner prescribed by law, for depositions in actions at law, except that they shall be directed to the Commission, the Commissioner or the Deputy Commissioner before whom the proceedings may be pending.

1987, c. 540; 1989, c. 523; 2003, c. [897](#).

**§38.2-5008. (For expiration date, see Acts 2023, cc. 756 and 778, cl. 5) Determination of claims; presumption; finding of Virginia Workers' Compensation Commission binding on participants; medical advisory panel.**

A. The Commission shall determine, on the basis of the evidence presented to it, the following issues:

1. Whether the injury claimed is a birth-related neurological injury as defined in § [38.2-5001](#).

a. A rebuttable presumption shall arise that the injury alleged is a birth-related neurological injury where it has been demonstrated, to the satisfaction of the Virginia Workers' Compensation Commission, that the infant has sustained a brain or spinal cord injury caused by oxygen deprivation or mechanical injury, and that the infant was thereby rendered permanently motorically disabled and (i) developmentally disabled or (ii) for infants sufficiently developed to be cognitively evaluated, cognitively disabled.

If either party disagrees with such presumption, that party shall have the burden of proving that the injuries alleged are not birth-related neurological injuries within the meaning of the chapter.

b. A rebuttable presumption of fetal distress, an element of a birth-related injury, shall arise if the hospital fails to provide the fetal heart monitor tape to the claimant, as required by subsection E of § [38.2-5004](#).

2. Whether obstetrical services were delivered by a participating physician at the birth.

3. Whether the birth occurred in a participating hospital.

4. How much compensation, if any, is awardable pursuant to § [38.2-5009](#).

5. If the Commission determines (i) that the injury alleged is not a birth-related neurological injury as defined in § [38.2-5001](#), or (ii) that obstetrical services were not delivered by a participating physician at the birth and that the birth did not occur in a participating hospital, it shall dismiss the petition and cause a copy of its order of dismissal to be sent immediately to the parties by registered or certified mail.

6. All parties are bound for all purposes including any suit at law against a participating physician or participating hospital, by the finding of the Virginia Workers' Compensation Commission (or any appeal therefrom) with respect to whether such injury is a birth-related neurological injury.

B. The deans of the schools of medicine of the Eastern Virginia Medical School, University of Virginia School of Medicine, and Medical College of Virginia of Virginia Commonwealth University shall develop a plan whereby each claim filed with the Commission is reviewed by a panel of three qualified and impartial physicians drawn from the fields of obstetrics, pediatrics, pediatric neurology, neonatology, physical medicine and rehabilitation, or any other specialty particularly appropriate to the facts of a particular case. Such plan shall provide that each of the three aforementioned medical schools shall maintain a review panel of physicians to review claims, with responsibility for reviewing claims rotating among each medical school's panel on a case-by-case basis. The chair of the panel shall be determined by the school's dean. In no event shall the panel contain more than one panel member from the field of obstetrics. The Commission shall direct the Program to pay to the medical school that performed the assessment and prepared a report in conformity with this provision the sum of \$3,000 per claim reviewed.

C. The panel created pursuant to subsection B shall prepare a report that provides a detailed statement of the opinion of the panel's members regarding whether the infant's injury does or does not satisfy each of the criteria of a birth-related neurological injury enumerated in such term's definition in § [38.2-5001](#). The report shall include the panel's basis for its determination of whether each such criteria was or was not satisfied. In addition, the report shall include such supporting documentation as the board of directors of the program may reasonably request. The panel shall file its report with the Commission 60 days from the date the petition was filed with the Commission. At the same time that the panel files its report with the Commission, the panel shall send copies thereof to the Program and all parties in the proceeding. At the request of the Commission, at least one member of the panel shall be available to testify at the hearing. The Commission shall consider, but shall not be bound by, the recommendation of the panel.

1987, c. 540; 1989, c. 523; 1990, cc. 534, 535; 2003, c. [897](#); 2008, cc. [267](#), [520](#).

**§38.2-5008.1. Right to confront and cross-examine witnesses.**

Upon a timely motion, all parties to a claim under this chapter shall have the right to confront and cross-examine witnesses. In pursuing that right, a party shall not be precluded

from conducting depositions by oral examination or cross-examination at a hearing of any witnesses from whom evidence is elicited.

2008, c. [145](#).

**§38.2-5008. (For effective date, see Acts 2023, cc. 756 and 778, cl. 5) Determination of claims; presumption; finding of Virginia Workers' Compensation Commission binding on participants; medical advisory panel.**

A. The Commission shall determine, on the basis of the evidence presented to it, the following issues:

1. Whether the injury claimed is a birth-related neurological injury as defined in § [38.2-5001](#).

a. A rebuttable presumption shall arise that the injury alleged is a birth-related neurological injury where it has been demonstrated, to the satisfaction of the Virginia Workers' Compensation Commission, that the infant has sustained a brain or spinal cord injury caused by oxygen deprivation or mechanical injury, and that the infant was thereby rendered permanently motorically disabled and (i) developmentally disabled or (ii) for infants sufficiently developed to be cognitively evaluated, cognitively disabled.

If either party disagrees with such presumption, that party shall have the burden of proving that the injuries alleged are not birth-related neurological injuries within the meaning of the chapter.

b. A rebuttable presumption of fetal distress, an element of a birth-related injury, shall arise if the hospital fails to provide the fetal heart monitor tape to the claimant, as required by subsection E of § [38.2-5004](#).

2. Whether obstetrical services were delivered by a participating physician at the birth.

3. Whether the birth occurred in a participating hospital.

4. How much compensation, if any, is awardable pursuant to § [38.2-5009](#).

5. If the Commission determines (i) that the injury alleged is not a birth-related neurological injury as defined in § [38.2-5001](#), or (ii) that obstetrical services were not delivered by a participating physician at the birth and that the birth did not occur in a participating hospital, it shall dismiss the petition and cause a copy of its order of dismissal to be sent immediately to the parties by registered or certified mail.

6. All parties are bound for all purposes including any suit at law against a participating physician or participating hospital, by the finding of the Virginia Workers' Compensation

Commission (or any appeal therefrom) with respect to whether such injury is a birth-related neurological injury.

B. The deans of the schools of medicine of the Eastern Virginia Health Sciences Center at Old Dominion University, University of Virginia School of Medicine, and Medical College of Virginia of Virginia Commonwealth University shall develop a plan whereby each claim filed with the Commission is reviewed by a panel of three qualified and impartial physicians drawn from the fields of obstetrics, pediatrics, pediatric neurology, neonatology, physical medicine and rehabilitation, or any other specialty particularly appropriate to the facts of a particular case. Such plan shall provide that each of the three aforementioned medical schools shall maintain a review panel of physicians to review claims, with responsibility for reviewing claims rotating among each medical school's panel on a case-by-case basis. The chair of the panel shall be determined by the school's dean. In no event shall the panel contain more than one panel member from the field of obstetrics. The Commission shall direct the Program to pay to the medical school that performed the assessment and prepared a report in conformity with this provision the sum of \$3,000 per claim reviewed.

C. The panel created pursuant to subsection B shall prepare a report that provides a detailed statement of the opinion of the panel's members regarding whether the infant's injury does or does not satisfy each of the criteria of a birth-related neurological injury enumerated in such term's definition in § [38.2-5001](#). The report shall include the panel's basis for its determination of whether each such criteria was or was not satisfied. In addition, the report shall include such supporting documentation as the board of directors of the program may reasonably request. The panel shall file its report with the Commission 60 days from the date the petition was filed with the Commission. At the same time that the panel files its report with the Commission, the panel shall send copies thereof to the Program and all parties in the proceeding. At the request of the Commission, at least one member of the panel shall be available to testify at the hearing. The Commission shall consider, but shall not be bound by, the recommendation of the panel.

1987, c. 540; 1989, c. 523; 1990, cc. 534, 535; 2003, c. [897](#); 2008, cc. [267](#), [520](#); 2023, cc. [756](#), [778](#).

**§38.2-5009. Commission awards for birth-related neurological injuries; notice of award.**

A. Upon determining (i) that an infant has sustained a birth-related neurological injury and (ii) that obstetrical services were delivered by a participating physician at the birth or

that the birth occurred in a participating hospital, the Commission shall make an award providing compensation for the following items relative to such injury:

1. Actual medically necessary and reasonable expenses of medical and hospital, rehabilitative, therapeutic, nursing, attendant, residential and custodial care and service, medications, supplies, special equipment or facilities, and related travel, such expenses to be paid as they are incurred. Reimbursement may be provided for nursing and attendant care that is provided by a relative or legal guardian of a Program beneficiary so long as that care is beyond the scope of child care duties and services normally and gratuitously provided by family members to uninjured children. However, such expenses shall not include:

- a. Expenses for items or services that the infant has received, or is entitled to receive, under the laws of any state or the federal government except to the extent prohibited by federal law;
- b. Expenses for items or services that the infant has received, or is contractually entitled to receive, from any prepaid health plan, health maintenance organization, or other private insuring entity;
- c. Expenses for which the infant has received reimbursement, or for which the infant is entitled to receive reimbursement, under the laws of any state or federal government except to the extent prohibited by federal law; and
- d. Expenses for which the infant has received reimbursement, or for which the infant is contractually entitled to receive reimbursement, pursuant to the provisions of any health or sickness insurance policy or other private insurance program.

Expenses of medical and hospital services under this subdivision shall be limited to such charges as prevail in the same community for similar treatment of injured persons of a like standard of living when such treatment is paid for by the injured person.

In order to provide coverage for expenses of medical and hospital services under this subdivision, the Commission, in all cases where a comparative analysis of the costs, including the effects on the infant's family's health insurance coverage, and benefits indicates that such action is more cost-effective than awarding payment of medical and hospital expenses, shall (i) require the claimant to purchase private health insurance providing coverage for such expenses, provided that the premium or other costs of such coverage shall be paid by the Fund; (ii) require the claimant to participate in the State Medicaid Program, the Children's Health Insurance Program or other state or federal

health insurance program for which the infant is eligible; or (iii) if the Commission determines that it would be unreasonably burdensome to require the claimant to purchase private health insurance and that the infant is ineligible for a health insurance program described in clause (ii), to make an award providing compensation for the cost of private accident and sickness insurance for the infant.

2. Loss of earnings from the age of 18 are to be paid in regular installments beginning on the eighteenth birthday of the infant. An infant found to have sustained a birth-related neurological injury shall be conclusively presumed to have been able to earn income from work from the age of 18 through the age of 65, if he had not been injured, in the amount of 50 percent of the average weekly wage in the Commonwealth of workers in the private, nonfarm sector. Payments shall be calculated based on the Commonwealth's reporting period immediately preceding the 18th birthday of the claimant child, and subsequently adjusted based upon the succeeding annual reports of the Commonwealth. The provisions of § [65.2-531](#) shall apply to any benefits awarded under this subdivision.

3. Reasonable expenses incurred by the claimant in connection with the filing of a claim under this chapter, including reasonable attorneys' fees of the claimant's attorney, but excluding attorney fees incurred in opposing a claimant's admission pursuant to § [8.01-273.1](#). Any award for expenses, including attorney's fees, incurred by the claimant in connection with the filing of a claim under this chapter shall be subject to the approval and award of the Commission.

A copy of the award shall be sent immediately by registered or certified mail to the parties.

B. Regardless of whether the Commission makes either of the determinations described in clauses (i) and (ii) of subsection A, the Commission shall not award compensation in connection with a claim under this chapter, or any claim pursuant to § [8.01-273.1](#), for any attorney's fees or other expenses incurred by any physician, hospital, or nurse midwife that is party to a proceeding under this chapter, or pursuant to § [8.01-273.1](#), or by a medical malpractice liability insurer of such party. This prohibition shall not affect the requirement that the Program make reimbursement for photocopying costs as set forth in § [8.01-273.1](#), or the requirement under § [38.2-5002.1](#) that the Program compensate the Office of the Attorney General for its provision of legal services to the Program.

C. The amendments to this section enacted pursuant to Chapter 535 of the Acts of Assembly of 1990 shall be retroactively effective in all cases arising prior to July 1, 1990, that have been timely filed and are not yet final.

1987, c. 540; 1989, c. 523; 1990, c. 535; 1999, c. [823](#); 2000, c. [1038](#); 2003, c. [897](#); 2004, cc. [896](#), [931](#); 2008, cc. [267](#), [520](#); 2011, c. [84](#).

**§38.2-5009.1. Infants dying shortly after birth.**

A. For births occurring on or after July 1, 2003, if the Commission determines that an infant has sustained a birth-related neurological injury and that obstetrical services were delivered by a participating physician at the birth or that the birth occurred in a participating hospital, and the infant dies within 180 days of birth, the Commission, in its discretion, may make an award in an amount not exceeding \$100,000 to the infant's family, which award shall be in addition to and not in lieu of any other award providing compensation as provided in § [38.2-5009](#).

B. Prior to making an award pursuant to this section, the Commission shall conduct a hearing for the purpose of determining whether such award is appropriate and, if so, the proper amount of such an award and how it should be paid, after receiving evidence pertaining to sorrow, mental anguish, solace, grief associated with the death of the infant, and all other material factors that are relevant.

C. The hearing referred to in subsection B may be conducted as part of a hearing conducted pursuant to § [38.2-5009](#). The same procedural requirements applicable to a hearing conducted pursuant to § [38.2-5009](#) shall apply to a hearing conducted hereunder.

D. As used in this section, an infant's family means the infant's father, mother, or both, or if neither is a party to the proceeding, the infant's legal guardian.

2003, c. [897](#).

**§38.2-5010. Rehearing on Commission determination or award.**

If an application for review is made to the Commission within twenty days from the date of a determination pursuant to subdivisions A 1 through A 3 of § [38.2-5008](#), or within twenty days from the date of an award by the Commission pursuant to § [38.2-5009](#), the full Commission, excluding any member of the Commission who made the determination or award, if the first hearing was not held before the full Commission, shall review the evidence. If deemed advisable and as soon as practicable, the Commission instead may hear the parties, their representatives and witnesses and shall make a determination or award, as appropriate. Such review or determination, together with a statement of the

findings of fact, rulings of law and other matters pertinent to the questions at issue, shall be filed with the record of the proceedings and shall be sent immediately to the parties.

1987, c. 540; 1999, c. [806](#); 2006, c. [919](#).

**§38.2-5011. Conclusiveness of determination or award; appeal.**

A. The determination of the Commission pursuant to subdivisions A 1 through A 3 of § [38.2-5008](#), or the award of the Commission, as provided in § [38.2-5009](#), if not reviewed within the time prescribed by § [38.2-5010](#), or a determination or award of the Commission upon such review, as provided in § [38.2-5010](#), shall be conclusive and binding as to all questions of fact. No appeal shall be taken from the decision of one commissioner until a review of the case has been held before the full Commission, as provided in § [38.2-5010](#). Appeals shall lie from the full Commission to the Court of Appeals in the manner provided in the Rules of the Supreme Court.

B. The notice of appeal shall be filed with the clerk of the Commission within thirty days from the date of such determination or award or within thirty days after receipt by registered or certified mail of such determination or award whichever occurs last. A copy of the notice of appeal shall be filed in the office of the clerk of the Court of Appeals as provided in the Rules of the Supreme Court.

C. Cases so appealed shall be placed upon the privileged docket of the Court and be heard at the next ensuing term thereof. In case of an appeal from an award of the Commission to the Court of Appeals, the appeal shall operate as a suspension of the award, and the Program shall not be required to make payment of the award involved in the appeal until the questions at issue therein shall have been fully determined in accordance with the provisions of this chapter.

1987, c. 540; 1989, c. 523.

**§38.2-5012. Enforcement, etc., of orders and awards.**

The Commission has full authority to enforce its orders and protect itself from deception. While the language of this section is permissive and provides that a party may enforce an award in court, it must be read and considered in pari materia with the Commission's power pursuant to § [65.2-202](#) to punish for disobedience of its orders.

1987, c. 540.

**§38.2-5013. Limitation on claims.**

Any claim under this chapter that is filed more than ten years after the birth of an infant alleged to have a birth-related neurological injury is barred.

1987, c. 540; 1999, c. [806](#); 2006, c. [919](#).

**§38.2-5014. Scope.**

This chapter applies to all claims for birth-related neurological injuries occurring in this Commonwealth on and after January 1, 1988. The chapter shall not apply to disability or death caused by genetic or congenital abnormalities.

1987, c. 540.

**§38.2-5015. Birth-Related Neurological Injury Compensation Fund; assets of the Fund; audit.**

A. There is established the Birth-Related Neurological Injury Compensation Fund to finance the Virginia Birth-Related Neurological Injury Compensation Program created by this chapter. The assets of the Fund administered by the board of directors of the Program are trust funds and shall be used solely in the interest of the recipients of awards pursuant to § [38.2-5009](#) and to administer the Program.

B. An independent certified public accountant selected by the board of directors of the Program shall annually audit the accounts of the Fund, and the cost of such audit services shall be borne by the Program and be paid from moneys designated for such purposes in the Fund. The audit shall be performed at least each fiscal year, in accordance with generally accepted auditing standards and, accordingly, include such tests of the accounting records and such auditing procedures as considered necessary under the circumstances. The board of directors shall furnish copies of the audit to the same persons who are entitled to receive copies of the board's report on investment of the Fund's assets.

1987, c. 540; 1999, c. [826](#); 2003, c. [897](#).

**§38.2-5016. Board of directors; appointment; vacancies; term; list of Program claimants.**

A. The Birth-Related Neurological Injury Compensation Program shall be governed by a board of nine directors.

B. Except as provided in subsection C, directors shall be appointed for a term of three years or until their successors are appointed and have qualified.

C. 1. The directors shall be appointed by the Governor as follows:

a. Six citizen representatives. One of the members shall have a minimum of five years of professional investment experience. One of the members shall have a minimum of five

years of professional experience in finance and be licensed as a certified public accountant or hold a similar professional designation. One of the members shall have professional experience working with the disabled community. One of the members shall be the relative of a disabled child experienced in the care of the disabled child. One of the members shall be an attorney with a minimum of three years of experience in the practice of law representing clients with physical personal injuries. One of the members shall be an at large representative consisting of a person deemed qualified to serve by knowledge, education, training, interest or experience;

b. One representative of participating physicians. The initial term of the member appointed in 1999 shall commence when appointed and shall be for one year;

c. One representative of participating hospitals. The initial term of the member appointed in 1999 shall commence when appointed and shall be for two years; and

d. One representative of liability insurers. The initial term of the member appointed in 1999 shall commence when appointed and shall be for three years.

2. The Governor may select the representative of the participating physicians from a list of at least three names to be recommended by the Virginia Society of Obstetrics and Gynecology; the representative of participating hospitals from a list of at least three names to be recommended by the Virginia Hospital & Healthcare Association; and the representative of liability insurers from a list of at least three names, one of whom is recommended by the American Insurance Association and two of whom are recommended by the Property Casualty Insurers Association of America. The Governor may select the attorney member from a list of at least four names to be recommended by the Virginia State Bar. The Governor may select the parent of a disabled child member and the at large member from applications duly submitted. Nothing contained herein shall preclude qualified applicants for any position on the Board from submitting an application to the Governor to serve as a member of the Board. In no case shall the Governor be bound to make any appointment from among the nominees of the respective associations.

D. The Governor shall promptly notify the appropriate association, which may make nominations, of any vacancy other than by expiration among the members of the board representing a particular interest and like nominations may be made for the filling of the vacancy.

E. The directors shall act by majority vote with five directors constituting a quorum for the transaction of any business or the exercise of any power of the Program. The directors shall serve without salary, but each director shall be reimbursed for actual and necessary expenses incurred in the performance of his official duties as a director of the Program. The directors shall not be subject to any personal liability with respect to the administration of the Program or the payment of any award.

F. The board shall have the power to (i) administer the Program, (ii) administer the Birth-Related Neurological Injury Compensation Fund, which shall include the authority to purchase, hold, sell or transfer real or personal property and the authority to place any such property in trust for the benefit of claimants who have received awards pursuant to § [38.2-5009](#), (iii) appoint a service company or companies to administer the payment of claims on behalf of the Program, (iv) direct the investment and reinvestment of any surplus in the Fund over losses and expenses, provided any investment income generated thereby remains in the Fund, (v) reinsure the risks of the Fund in whole or in part, and (vi) obtain and maintain directors' and officers' liability insurance. The board shall discharge its duties with respect to the Fund solely in the interest of the recipients of awards pursuant to §§ [38.2-5009](#) and [38.2-5009.1](#) and shall invest the assets of the Fund with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims. Any decisions regarding the investment of the assets of the Fund shall be based on the advice of one or more investment advisors retained by the board, provided that any investment advisor retained by the board shall be registered pursuant to the provisions of Article 3 (§ [13.1-504](#) et seq.) of Chapter 5 of Title 13.1 or shall be a federal covered advisor as defined in § [13.1-501](#) who has filed such documents and paid such fees as may be necessary to transact business in the Commonwealth pursuant to § [13.1-504](#). The board shall report annually to the Governor and to the Speaker of the House of Delegates and the Clerk of the House of Delegates and to the Chairman of the Senate Rules Committee and the Clerk of the Senate regarding the investment of the Fund's assets. The board shall establish a procedure in the plan of operation for notice to be given to obstetrical patients concerning the no-fault alternative for birth-related neurological injuries provided in this chapter, such notice to include a clear and concise explanation of a patient's rights and limitations under the program.

G. The board shall establish a procedure in the plan of operation for maintaining a list of Program claimants. Each claimant may consent to have his name, address, phone

number, and other personal information included on such list, for distribution to other Program claimants. The Board shall distribute the list to Program claimants who have given consent to be included on such list, and to no other person.

1987, c. 540; 1989, c. 523; 1994, c. [872](#); 1996, c. [232](#); 1997, c. [399](#); 1999, c. [824](#); 2002, c. [857](#); 2003, c. [897](#); 2006, c. [777](#); 2008, cc. [267](#), [520](#).

**§38.2-5016.1. Investment strategy advice; expected returns.**

The investment advisor or advisors retained by the board pursuant to subsection F of § [38.2-5016](#) shall provide the board with annual statements explaining the expected returns on its equities and fixed income portfolios.

2003, c. [897](#); 2006, c. [777](#).

**§38.2-5017. Plan of operation.**

A. On or before September 30, 1987, the directors of the Program shall submit to the State Corporation Commission for review a proposed plan of operation consistent with this chapter.

B. The plan of operation shall provide for the efficient administration of the Program and for the prompt processing of claims made against the Fund pursuant to an award under this chapter. The plan shall contain other provisions including:

1. Establishment of necessary facilities;
2. Management of the Fund;
3. Appointment of servicing carriers or other servicing arrangements to administer the processing of claims against the Fund;
4. Initial and annual assessment of the persons and entities listed in § [38.2-5020](#) to pay awards and expenses, which assessments shall be on an actuarially sound basis subject to the limits set forth in § [38.2-5020](#); and
5. Any other matters necessary for the efficient operation of the Program.

C. The plan of operation shall be subject to approval by the State Corporation Commission after consultation with representatives of interested individuals and organizations. If the State Corporation Commission disapproves all or any part of the proposed plan of operation, the directors shall within thirty days submit for review an appropriate revised plan of operation. If the directors fail to do so, the State Corporation Commission shall promulgate a plan of operation. The plan of operation approved or promulgated by

the State Corporation Commission shall become effective and operational upon order of the State Corporation Commission.

D. Amendments to the plan of operation may be made by the directors of the Program, subject to the approval of the State Corporation Commission.

1987, c. 540; 1994, c. [872](#).

**§38.2-5018. Assessments to be held in restricted cash account.**

All assessments paid pursuant to the plan of operation, shall be held in a separate restricted cash account under the sole control of an independent fund manager to be selected by the directors. The Fund, and any income from it, shall be disbursed for the payment of awards as provided in this chapter and for the payment of the expenses of administration of the Fund and the Program, including the reasonable expenses of the Commission.

1987, c. 540; 1989, c. 523; 1990, c. 244.

**§38.2-5019. Repealed.**

Repealed by Acts 1989, c. 523.

**§38.2-5020. Assessments.**

A. A physician who otherwise qualifies as a participating physician pursuant to this chapter may become a participating physician in the Program for a particular calendar year by paying an annual participating physician assessment to the Program in the amount of \$5,000 on or before December 1 of the previous year, in the manner required by the plan of operation. Effective January 1, 2009, the total annual assessment shall be \$5,600, and shall increase by \$300 for the 2010 assessment and by \$100 each year thereafter, to a maximum of \$6,200 per year. The board may authorize a prorated participating physician or participating hospital assessment for a particular year in its plan of operation, but such prorated assessment shall not become effective until the physician or hospital has given at least 30 days' notice to the Program of the request for a prorated assessment.

B. Notwithstanding the provisions of subsection A, a participating hospital with a residency training program accredited to the American Council for Graduate Medical Education may pay an annual participating physician assessment to the Program for residency positions in the hospital's residency training program, in the manner provided by the plan of operation. However, any resident in a duly accredited family practice or obstetrics residency training program at a participating hospital shall be considered a

participating physician in the Program and neither the resident nor the hospital shall be required to pay any assessment for such participation. No resident shall become a participating physician in the Program, however, until 30 days following notification by the hospital to the Program of the name of the resident or residents filling the particular position for which the annual participating physician assessment payment, if required, has been made.

C. A hospital that otherwise qualifies as a participating hospital pursuant to this chapter may become a participating hospital in the Program for a particular year by paying an annual participating hospital assessment to the Program, on or before December 1 of the previous year, amounting to \$50 per live birth for the prior year, as reported to the Department of Health in the Annual Survey of Hospitals. Effective January 1, 2009, the annual participating hospital assessment shall increase by \$2.50 per live birth for the prior year, as reported to the Department of Health in the Annual Survey of Hospitals, and shall be increased at that rate each year thereafter to a maximum of \$55 per live birth so reported for the prior year. The participating hospital assessment shall not exceed \$150,000 for any participating hospital in any 12-month period until January 1, 2005. Effective January 1, 2005, the maximum total annual assessment shall be \$160,000, and shall increase by \$10,000 each year thereafter, to a maximum of \$200,000 in any 12-month period.

D. All licensed physicians practicing in the Commonwealth on September 30 of a particular year, other than participating physicians, shall pay to the Program an annual assessment of \$250 for the following year, in the manner required by the plan of operation until January 1, 2005. Effective January 1, 2005, the total annual assessment shall be \$260, and shall increase by \$10 each year thereafter to a maximum of \$300 per year.

Upon proper certification to the Program, the following physicians shall be exempt from the payment of the annual assessment under this subsection:

1. A physician who is employed by the Commonwealth or federal government and whose income from professional fees is less than an amount equal to 10 percent of the annual salary of the physician.
2. A physician who is enrolled in a full-time graduate medical education program accredited by the American Council for Graduate Medical Education.
3. A physician who has retired from active clinical practice.

4. A physician whose active clinical practice is limited to the provision of services, voluntarily and without compensation, to any patient of any clinic which is organized in whole or in part for the delivery of health care services without charge as provided in § [54.1-106](#).

E. Taking into account the assessments collected pursuant to subsections A through D of this section, if required to maintain the Fund on an actuarially sound basis, all insurance carriers licensed to write and engaged in writing liability insurance in the Commonwealth of a particular year, shall pay into the Fund an assessment for the following year, in an amount determined by the State Corporation Commission pursuant to subsection A of § [38.2-5021](#), in the manner required by the plan of operation. Liability insurance for the purposes of this provision shall include the classes of insurance defined in §§ [38.2-117](#), [38.2-118](#), and [38.2-119](#) and the liability portions of the insurance defined in §§ [38.2-124](#), [38.2-125](#), [38.2-130](#), [38.2-131](#), and [38.2-132](#).

1. All annual assessments against liability insurance carriers shall be made on the basis of net direct premiums written for the business activity which forms the basis for each such entity's inclusion as a funding source for the Program in the Commonwealth during the prior year ending December 31, as reported to the State Corporation Commission, and shall be in the proportion that the net direct premiums written by each on account of the business activity forming the basis for their inclusion in the Program bears to the aggregate net direct premiums for all such business activity written in this Commonwealth by all such entities. For purposes of this chapter "net direct premiums written" means gross direct premiums written in this Commonwealth on all policies of liability insurance less (i) all return premiums on the policy, (ii) dividends paid or credited to policyholders, and (iii) the unused or unabsorbed portions of premium deposits on liability insurance.

2. The entities listed in this subsection shall not be individually liable for an annual assessment in excess of one quarter of one percent of that entity's net direct premiums written.

3. Liability insurance carriers shall be entitled to recover their initial and annual assessments through (i) a surcharge on future policies, (ii) a rate increase applicable prospectively, or (iii) a combination of the two, at the discretion of the State Corporation Commission.

F. On and after January 1, 1989, a participating physician covered under the provisions of this section who has paid an annual assessment for a particular calendar year to the

Program and who retires from the practice of medicine during that particular calendar year shall be entitled to a refund of a prorated share of his or her annual assessment for the calendar year that corresponds to the portion of the calendar year remaining following his or her retirement.

G. Whenever the State Corporation Commission determines the Fund is actuarially sound in conjunction with actuarial investigations conducted pursuant to § [38.2-5021](#), it shall enter an order suspending the assessment required under subsection D. The annual assessment shall be reinstated whenever the State Corporation Commission determines that such assessment is required to maintain the Fund's actuarial soundness.

1987, c. 540; 1989, cc. 361, 463, 523; 1990, c. 498; 1991, c. 486; 1992, cc. 414, 767; 1994, c. [872](#); 2004, cc. [896](#), [931](#); 2008, cc. [267](#), [520](#).

**§38.2-5020.1. Credits against malpractice insurance premiums.**

A. Each insurer issuing or issuing for delivery in the Commonwealth any personal injury liability policy which provides medical malpractice liability coverage for the obstetrical practice of any participating physician under this chapter shall provide a credit on such physician's annual medical malpractice liability insurance premium in an amount that will produce premiums that are neither inadequate, excessive nor unfairly discriminatory, as required by § [38.2-1904](#), and as determined by the Commission.

B. Each insurer issuing or issuing for delivery in the Commonwealth any personal injury liability policy which provides medical malpractice liability coverage for the obstetrical services of any participating hospital under this chapter shall provide a credit on such hospital's annual medical malpractice liability insurance premium in an amount that will produce premiums that are neither inadequate, excessive nor unfairly discriminatory, as required by § [38.2-1904](#), and as determined by the Commission.

1990, c. 498.

**§38.2-5021. Actuarial investigation, valuations, gain/loss analysis; notice if assessments prove insufficient.**

A. The Bureau of Insurance of the State Corporation Commission shall undertake an actuarial investigation of the requirements of the Fund based on the Fund's experience in the first year of operation, including without limitation the assets and liabilities of the Fund. Pursuant to such investigation, the State Corporation Commission shall establish

the rate of contribution of the entities listed in subsection E of § [38.2-5020](#) for the tax year beginning January 1, 1989.

Following the initial valuation, the State Corporation Commission shall cause an actuarial valuation to be made of the assets and liabilities of the Fund no less frequently than biennially. Pursuant to the results of such valuations, the State Corporation Commission shall prepare a statement as to the contribution rate applicable to contributors listed in subsection E of § [38.2-5020](#). However, at no time shall the rate be greater than one quarter of one percent of net direct premiums written.

In conducting the actuarial evaluation, a loss reserving methodology consistent with the one employed by the Florida Birth-Related Neurological Injury Compensation Association as of July 1, 2007, may be employed in order to account for individual participant costs and injury characteristics to the extent that the data are available to perform such methodology and the State Corporation Commission's actuary determines that such methodology is actuarially appropriate.

B. In the event that the State Corporation Commission finds that the Fund cannot be maintained on an actuarially sound basis subject to the maximum assessments listed in § [38.2-5020](#), the Commission shall promptly notify the Speaker of the House of Delegates, the President of the Senate, the board of directors of the Program, and the Virginia Workers' Compensation Commission.

1987, c. 540; 1989, c. 523; 2008, cc. [267](#), [520](#).

## Virginia Coal Surface Mining Control and Reclamation Act of 1979

### Virginia College Building Authority

§23.1-1200. (Expires pursuant to Acts 2023, cc. 756 and 778, cl. 5) Definitions; findings.

A. As used in this article, unless the context requires a different meaning:

"Authority" means the Virginia College Building Authority.

"Bond" means any bond, note, or other evidences of indebtedness or obligation of the Authority pursuant to this article.

"Eligible institution" means public institutions of higher education, as that term is defined in § [23.1-100](#); Eastern Virginia Medical School; the Institute for Advanced Learning and Research; the New College Institute; the Roanoke Higher Education Authority; the Southern Virginia Higher Education Center; the Southwest Virginia Higher Education Center; the Virginia School for the Deaf and the Blind; and the Wilson Workforce and Rehabilitation Center.

"Equipment" means any personal property, including computer hardware and software, and any other improvements, including infrastructure improvements relating to equipment, used to support academic instruction and research at eligible institutions.

"Project" has the same meaning as set forth in § [23.1-1100](#).

B. Providing funds for the construction of projects at eligible institutions is or may be hindered, impeded, and delayed by the high financing costs resulting from the sale of bonds of such eligible institutions in the open market, and it is desirable that the Authority may (i) serve the purposes of eligible institutions by purchasing such bonds and financing the construction of projects at a lower cost, which facilitates such construction and (ii) issue its own revenue bonds for the purpose of paying the costs of such projects.

C. There is an urgent need to provide substantial amounts of new scientific, technical, and other equipment for academic instruction, research, and related activities at eligible institutions so that they may remain competitive in attracting high-quality faculty and obtaining research grants, and it is desirable that the Authority may finance the purchase of such equipment to provide eligible institutions with such equipment at the lowest possible cost, which facilitates the acquisition and supply of such equipment to eligible institutions and increases the purchasing power of their funds, including funds provided by tuition and fees and appropriations from the General Assembly.

1964, c. 607, § 23-30.24; 1966, c. 685; 1986, c. 597; 1996, cc. [672](#), [689](#); 2016, c. [588](#).

**§23.1-1200. (Effective pursuant to Acts 2023, cc. 756 and 778, cl. 5) Definitions; findings.**

A. As used in this article, unless the context requires a different meaning:

"Authority" means the Virginia College Building Authority.

"Bond" means any bond, note, or other evidences of indebtedness or obligation of the Authority pursuant to this article.

"Eligible institution" means public institutions of higher education, as that term is defined in § [23.1-100](#), the Institute for Advanced Learning and Research, the New College Institute, the Roanoke Higher Education Authority, the Southern Virginia Higher Education Center, the Southwest Virginia Higher Education Center, the Virginia School for the Deaf and the Blind, and the Wilson Workforce and Rehabilitation Center.

"Equipment" means any personal property, including computer hardware and software, and any other improvements, including infrastructure improvements relating to equipment, used to support academic instruction and research at eligible institutions.

"Project" has the same meaning as set forth in § [23.1-1100](#).

B. Providing funds for the construction of projects at eligible institutions is or may be hindered, impeded, and delayed by the high financing costs resulting from the sale of bonds of such eligible institutions in the open market, and it is desirable that the Authority may (i) serve the purposes of eligible institutions by purchasing such bonds and financing the construction of projects at a lower cost, which facilitates such construction and (ii) issue its own revenue bonds for the purpose of paying the costs of such projects.

C. There is an urgent need to provide substantial amounts of new scientific, technical, and other equipment for academic instruction, research, and related activities at eligible institutions so that they may remain competitive in attracting high-quality faculty and obtaining research grants, and it is desirable that the Authority may finance the purchase of such equipment to provide eligible institutions with such equipment at the lowest possible cost, which facilitates the acquisition and supply of such equipment to eligible institutions and increases the purchasing power of their funds, including funds provided by tuition and fees and appropriations from the General Assembly.

1964, c. 607, § 23-30.24; 1966, c. 685; 1986, c. 597; 1996, cc. [672](#), [689](#); 2016, c. [588](#); 2023, cc. [756](#), [778](#).

### **§23.1-1201. Virginia College Building Authority established.**

A. The Virginia College Building Authority is established as a public body corporate and a political subdivision, agency, and instrumentality of the Commonwealth. The Authority is vested with the powers, rights, and duties conferred in this chapter.

B. The Authority shall consist of the State Treasurer, the State Comptroller, the Director of the Department of Planning and Budget, and the Director of the Council, all of whom

shall serve ex officio, and seven additional members appointed by the Governor, subject to confirmation by the General Assembly. Each member shall serve at the pleasure of the Governor. Appointed members shall serve for a term of four years. Ex officio members shall serve terms coincident with their terms of office. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. No appointed member shall serve more than two consecutive terms.

C. The Governor shall appoint one member as chairman who shall serve a two-year term. No member is eligible to serve more than two consecutive terms as chairman. The chairman shall be the chief executive officer of the Authority and shall receive such compensation as the Governor determines. No ex officio member is eligible to serve as chairman.

D. The Authority shall elect one appointed member as vice-chairman, who shall exercise the powers of the chairman in the absence of the chairman.

E. The Authority shall elect a treasurer, a secretary, and an assistant secretary to perform the duties and functions commonly performed by such officers. All such officers, except the secretary and the assistant secretary, shall be selected from members of the Authority. The secretary and the assistant secretary may receive such compensation as the Authority provides.

F. Each appointed member of the Authority and the secretary and the assistant secretary shall execute a surety bond in such penal sum as shall be determined by the Attorney General to be (i) conditioned upon the faithful performance of the duties of his office, (ii) executed by a surety company authorized to transact business in the Commonwealth as surety, (iii) approved by the Attorney General, and (iv) filed in the office of the Secretary of the Commonwealth.

G. Six members of the Authority shall constitute a quorum for the transaction of all business of the Authority.

1964, c. 607, § 23-30.25; 1966, c. 685; 1980, c. 728; 1986, c. 597; 2011, cc. [691](#), [714](#); 2016, c. [588](#).

**§23.1-1202. Action by Authority may be authorized by resolution.**

The Authority may authorize any action taken by the Authority pursuant to the provisions of this article by resolution at any regular or special meeting, and each such resolution shall take effect immediately and need not be published or posted.

1964, c. 607, § 23-30.35; 1966, c. 685; 2016, c. [588](#).

**§23.1-1203. Powers of Authority generally.**

To enable the Authority to carry out the purposes for which it is established, the Authority may:

1. Sue and be sued;
2. Make contracts;
3. Adopt, use, and alter a common seal;
4. Have perpetual succession as a public body corporate;
5. Adopt bylaws and regulations for the conduct of its affairs;
6. Maintain an office at such place as it may designate;
7. Collect, or authorize the trustee under any trust indenture securing any bonds of the Authority to collect, (i) the principal of and the interest on all obligations transferred to the Authority by the General Assembly and (ii) other assets or moneys transferred to the Authority by the General Assembly or eligible institutions, including lease payments and other sources of revenue, as such principal, interest, and other assets or moneys become due;
8. Conduct a program of purchasing equipment for eligible institutions as authorized by this article;
9. Collect, or authorize the trustee under any trust indenture securing any bonds of the Authority to collect, (i) payments due under leases or agreements of sale of equipment or leases or other obligations of real property by the Authority to eligible institutions as such payments become due and (ii) the principal of and the interest on all bonds of eligible institutions purchased by the Authority;
10. Repossess and sell, or authorize the trustee under any trust indenture securing any bonds of the Authority to repossess and sell, any equipment upon any default under the lease or agreement for the sale of such equipment;
11. Repossess and re-lease, or authorize the trustee under any trust indenture securing any bonds of the Authority to repossess and re-lease, any project upon any default under the lease of such project;
12. Assist eligible institutions in applying for grants from, or entering into other agreements with, the federal or state government, foundations, or other entities that are

designed to provide (i) guarantees of or funds for payments under leases or contracts of sale or (ii) other benefits;

13. Enter into agreements with the federal or state government, foundations, or other entities that are designed to provide (i) guarantees of or funds for payments under leases or contracts of sale or (ii) other benefits;

14. Select, appoint, and employ financial experts, corporate depositories, trustees, paying agents, attorneys, accountants, consulting engineers, construction experts, and other individuals to perform such other services as may be necessary in the judgment of the Authority and pay their compensation and reasonable expenses either from moneys received by the Authority under the provisions of this article or from appropriations made by the General Assembly for such purposes;

15. Issue bonds of the Authority as authorized by this article and refund any such bonds;

16. Receive and accept any grants, aid, or contributions of money, property, labor, or other things of value from any source or reject any such grants, aid, or contributions; and

17. Perform any other act necessary, appropriate, incidental, or convenient to carrying out the powers expressly granted in this article.

1964, c. 607, § 23-30.31; 1966, c. 685; 1986, c. 597; 1996, cc. [672](#), [689](#); 2016, c. [588](#).

**§23.1-1204. Duties; administration of assets, moneys, or obligations.**

The Authority shall manage and administer all assets, moneys, or obligations set aside and transferred to it by the General Assembly or eligible institutions as provided in this article.

1966, c. 685, § 23-30.26; 1996, cc. [672](#), [689](#); 2016, c. [588](#).

**§23.1-1205. Powers; purchase or sale of bonds or other obligations of eligible institutions.**

A. The Authority may purchase, with any funds of the Authority available for such purpose, at public or private sale and for such price and on such terms as it determines, bonds or other obligations issued by eligible institutions pursuant to Chapter 11 (§ [23.1-1100](#) et seq.).

B. The Authority may pledge to the payment of the interest on and the principal of any bonds of the Authority all or any part of the bonds of eligible institutions so purchased, including payments of principal and interest thereon, as such payments become due. The Authority may, subject to any such pledge, sell any such bonds so purchased and

apply the proceeds of such sale (i) to purchase like bonds of other eligible institutions or (ii) for the purpose and in the manner provided by any resolution authorizing the issuance of bonds of the Authority.

1966, c. 685, § 23-30.27; 2016, c. [588](#).

**§23.1-1206. Powers; acquisition or disposition of equipment.**

A. The Authority may (i) acquire equipment or any interest in equipment by purchase, exchange, gift, lease, or otherwise; (ii) sell, exchange, donate, convey, lease, and dispose of such equipment or any portion of or interest in such equipment, including security interests in such equipment; and (iii) retain or receive security interests in such equipment.

B. Notwithstanding any other provision of law to the contrary, eligible institutions may grant security interests in or other liens on equipment held or acquired by the eligible institution under any lease or agreement of sale with the Authority.

C. The Authority may acquire equipment with any funds of the Authority available for such purpose. Acquisition and disposition of equipment may be at public or private sale and for such price and on such terms as the Authority determines, provided that the Authority finances the acquisition of equipment for sale to eligible institutions only pursuant to standards and procedures approved through the Commonwealth's budget and appropriation process. The budget document shall present any lease payments and the corresponding total value of equipment to be acquired by each eligible institution. Each eligible institution shall make available such additional detail on specific equipment to be purchased as may be requested by the Governor or the General Assembly. If emergency acquisitions and leases are necessary when the General Assembly is not in session, the Governor may approve such acquisitions and leases. Prior to such acquisitions and leases, the Governor shall submit such proposed acquisitions and leases to the House Committee on Appropriations and the Senate Committee on Finance and Appropriations for their review and approval.

D. The Authority may establish and maintain such accounts as it deems appropriate to provide funds for acquisition of equipment on a continuing basis. The Authority may deposit in such accounts such funds as it deems appropriate, including the proceeds of any Authority bonds issued to finance the purchase of equipment and payments made to the Authority under equipment lease or sale agreements with eligible institutions or other entities. Any moneys held in such accounts may be (i) used to secure payment of principal of and interest on any Authority bonds, whether issued to finance the purchase of

equipment, issued to pay administrative costs of the authority, or incurred in connection with the purchase, lease, or sale of equipment, or (ii) transferred by the Authority to be used in connection with any other program of the Authority. No funds of the Authority derived from the equipment program authorized under this section may be used in connection with the issuance or securing of indebtedness for the benefit of private institutions of higher education pursuant to Article 2 (§ [23.1-1220](#) et seq.).

E. The Authority may (i) determine and charge rent or determine sale prices for equipment that it leases or sells to eligible institutions and terminate such lease or sale agreements upon the failure of an eligible institution to comply with any obligations contained in such agreements or (ii) include in such lease agreements options for the eligible institution to renew the lease or purchase any or all of the leased equipment and provisions for the Authority to repossess and sell equipment leased or sold upon any default under the lease or sale agreement.

1986, c. 597, § 23-30.27:1; 2016, c. [588](#).

**§23.1-1207. Powers; bonds of Authority generally.**

A. To provide funds for the purchase of bonds of eligible institutions as authorized by § [23.1-1205](#), the acquisition of equipment as authorized by § [23.1-1206](#), the reimbursement of the Central Capital Planning Fund established pursuant to § [2.2-1520](#), the payment of pre-planning or detailed planning expenses for all projects that have been approved for construction by the General Assembly, or the payment of all or any part of the cost of any project or any portion of a project, the Authority may provide by resolution for the issuance of bonds of the Authority in such amount as the Authority determines. Such bonds of the Authority are payable solely from funds of the Authority, including (i) payments of principal of and interest on bonds of eligible institutions purchased by the Authority; (ii) the proceeds of the sale of any such bonds; (iii) payments of principal of and interest on obligations transferred to the Authority by the General Assembly or from other assets or moneys transferred to the Authority by the General Assembly or eligible institutions, including lease payments or any other source of revenue; (iv) the proceeds of the sale of any such obligations or assets; (v) the proceeds from the sale of bonds of the Authority; (vi) payments made by eligible institutions under leases or sales of equipment by the Authority; (vii) funds realized from the enforcement of security interests or other liens securing such bonds; (viii) payments due under letters of credit, policies of bond insurance, bond purchase agreements, or other credit enhancements securing payment of principal of and interest on bonds of the Authority; (ix) any moneys held in funds

established by the Authority pursuant to § [23.1-1206](#); (x) any reserve or sinking fund created to secure such payment; and (xi) other available funds of the Authority.

B. Bonds of the Authority issued under the provisions of this article do not constitute a debt of the Commonwealth or a pledge of the faith or credit of the Commonwealth, and all bonds of the Authority shall contain on their face a statement to the effect that neither the faith and credit nor the taxing power of the Commonwealth or of any political subdivision of the Commonwealth shall be pledged to pay the principal of or the interest on such bonds.

C. The bonds of each issue shall be dated and mature at such time as may be determined by the Authority but not to exceed 40 years from their date, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The bonds may bear interest payable at such time, at such rate or rates, and in such manner as may be determined by the Authority, including the determination by agents designated by the Authority under guidelines established by it. The principal of and interest on such bonds may be made payable in any lawful medium. The Authority shall determine the form, manner of execution, denomination, and place of payment of principal and interest for the bonds, which may be at the office of the State Treasurer or at any bank or trust company within or outside the Commonwealth.

D. If any officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery.

E. All revenue bonds issued under the provisions of this article, other than bonds registered as to principal or in registered form, are negotiable instruments. Revenue bonds shall be in such form and bear interest at such rate or rates, either fixed rates or rates established by formula or other method, and may contain such other provisions as the Authority may determine. The principal of and premium, if any, and interest on revenue bonds are payable in United States currency. The Authority shall fix the denomination of revenue bonds and place of payment of principal, premium, if any, and interest at any bank or trust company within or outside the Commonwealth.

F. Bonds may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments of principal of and premium, if any, and interest on the bonds.

G. The Authority may sell bonds issued under the provisions of this article in such manner, either at public or private sale, and for such price as it determines to be in its best interest. The proceeds of such bonds shall be disbursed for the purposes for which such bonds are issued and under such restrictions, if any, as the resolution authorizing the issuance of such bonds or the trust indenture may provide.

H. Prior to the preparation of definitive bonds, the Authority may under like restrictions issue temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The Authority may also provide for the replacement of any bond that becomes mutilated or is destroyed or lost. Such revenue bonds may be issued without any other proceedings or the happening of any other conditions or things than the proceedings, conditions, and things that are specified and required by this article.

I. Neither the members of the Authority nor any person executing any bonds issued under the provisions of this article is liable personally on such bonds or is subject to any personal liability or accountability by reason of the issuance of such bonds.

J. The Authority shall not undertake a project for an eligible institution if such project was not approved by the General Assembly pursuant to a bill, and any such project to be financed by bonds issued by the Authority secured by a pledge of any revenue source cited in subdivision C 1 a, b, c, or d of § [23.1-1106](#) shall be designated by the eligible institution's governing board as a project to be undertaken by the Authority.

1964, c. 607, § 23-30.28; 1966, c. 685; 1986, c. 597; 1994, cc. [191](#), [219](#); 1996, cc. [672](#), [689](#); 2000, cc. [414](#), [445](#); 2004, c. [711](#); 2008, Sp. Sess. I, cc. [1](#), [2](#); 2016, c. [588](#).

### **§23.1-1208. Security for bonds.**

A. The Authority may secure any bonds issued under the provisions of this article by a trust indenture by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the Commonwealth. Such trust indenture or the resolution providing for the issuance of such bonds may:

1. Pledge or assign all or part of the funds of the Authority available for such purpose, including (i) payments of principal of and interest on bonds of eligible institutions purchased by the Authority; (ii) proceeds of the sale of any such bonds; (iii) payments of principal of and interest on obligations transferred to the Authority by the General Assembly or from other assets or moneys transferred to the Authority by the General Assembly or

eligible institutions, including lease payments and other sources of revenue; (iv) proceeds of the sale of any such obligations or assets; (v) proceeds from the sale of bonds of the Authority; (vi) security interests granted by the Authority or any eligible institution in, or other liens on, equipment, whether such equipment has been leased or sold to an eligible institution; (vii) all or part of the payments due the Authority from eligible institutions under any lease, sale agreement, loan, or other agreement between the Authority and eligible institutions pursuant to § [23.1-1206](#), and any funds realized from enforcing security for such payments; (viii) payments due under policies of bond insurance, letters of credit, or other credit enhancement securing payment of principal of and interest on bonds of the Authority; (ix) any moneys in any fund established pursuant to § [23.1-1206](#); (x) any reserve or sinking fund created by the Authority to secure such bonds; and (xi) other available funds of the Authority;

2. Pledge or assign any other rights of the Authority in equipment owned by, or leases or sales of equipment made by, the Authority;

3. Contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law;

4. Provide for the creation and maintenance of such reserves as the Authority determines to be proper;

5. Include covenants setting forth the duties of the Authority in relation to the acquisition of any equipment or bonds of eligible institutions; the care, leasing, or sale of equipment to eligible institutions; the substitution of any bonds of eligible institutions, equipment, lease, security interest, or other security as security for the payment of the bonds of the Authority; the care, use, and insurance of equipment; the repossession and sale of leased or sold equipment by the Authority or the trustee under any trust indenture upon any default under the lease or sale of such equipment; and the collection of (i) payments due the Authority under leases or agreements of sale of equipment and (ii) payments of principal of and interest on any bonds of eligible institutions or obligations or other assets held by the Authority. Any bank or trust company incorporated under the laws of the Commonwealth that acts as depository of the proceeds of bonds or revenues may furnish such indemnifying bonds or pledge such securities as may be required by the Authority;

6. Set forth the rights and remedies of the bondholders and the trustee;

7. Restrict the individual right of action by bondholders; and

8. Contain such other provisions as the Authority deems reasonable and proper for the security of the bondholders.

B. All expenses incurred in carrying out the provisions of any such trust indenture or resolution may be treated as a part of the administration costs of the Authority.

C. Neither the resolution nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the Authority.

1964, c. 607, § 23-30.29; 1966, c. 685; 1986, c. 597; 1996, cc. [672](#), [689](#); 2016, c. [588](#).

**§23.1-1209. Reserve fund; limitations.**

A. If the Authority deems it proper to create a reserve fund from its bond proceeds or other funds to support an issuance of bonds in accordance with the provisions of this section, all moneys held in such reserve fund, except as otherwise provided in this section, shall be pledged solely for the payment of the principal of and interest on the bonds secured in whole or in part by such a fund. The Authority may transfer income or interest earned on, or increment to, any reserve fund to its other funds or accounts if such transfer does not reduce the amount of the reserve fund below its minimum requirement.

B. To ensure further the maintenance of reserve funds established in accordance with the provisions of this section, the chairman of the Authority shall annually, on or before November 15, make and deliver to the Governor and the Secretary of Finance a certificate stating the sum, if any, required to restore each reserve fund to its minimum requirement. The Governor shall submit to the presiding officer of each house of the General Assembly printed copies of a budget including the sum, if any, required to restore each reserve fund to its minimum requirement. Such submission shall be made at the time the Governor presents his budget and budget bill to the General Assembly pursuant to §§ [2.2-1508](#) and [2.2-1509](#). Any sum that may be appropriated by the General Assembly for any restoration and paid to the Authority shall be deposited by the Authority in the applicable reserve fund. All sums paid to the Authority pursuant to this section shall constitute and be accounted for as advances by the Commonwealth to the Authority and, subject to the rights of the holders of any bonds of the Authority, shall be repaid to the Commonwealth without interest from available revenues of the Authority in excess of the amounts required for payment of bonds or other obligations of the Authority, maintenance of reserve funds, and operating expenses.

C. The Authority shall not at any time issue bonds secured in whole or in part by any reserve fund referred to in subsection A if, upon the issuance of the bonds, the amount in

the reserve fund will be less than its minimum requirement unless the Authority, at the time of the issuance of the bonds, deposits in the fund an amount that, together with the amount then in the fund, will not be less than the fund's minimum reserve requirement.

D. The total principal amount of bonds outstanding at any one time, secured by a reserve fund in accordance with the provisions of this section, shall not exceed the sum of \$300 million without the prior approval of the General Assembly.

E. Nothing in this section shall be construed as limiting the power of the Authority to issue bonds (i) not secured by a reserve fund or (ii) secured by a reserve fund not described in this section.

1996, cc. [672](#), [689](#), § 23-30.29:1; 2016, c. [588](#).

#### **§23.1-1210. Payment on bonds; pledge of revenues.**

To provide funds for the repayment of bonds issued by the Authority to (i) purchase any eligible institution's bonds or (ii) provide funds to pay all or part of the cost of any project or any portion of a project, each eligible institution may agree to pledge and transfer to the Authority all or part of the eligible institution's revenues derived from any source mentioned in subdivision C 1 a, b, c, or d of § [23.1-1106](#). Any agreement relating to such transfer may contain other provisions that the Authority and eligible institution deem reasonable and proper and are not in violation of law. No such agreement shall constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth. Neither the full faith and credit of the Commonwealth nor the taxing power of the Commonwealth or any political subdivision of the Commonwealth shall be pledged to the payment of the principal of and interest on bonds so secured by such agreement. Prior to execution, any such agreement shall be approved by the Secretary of Finance and the Secretary of Education.

1996, cc. [672](#), [689](#), § 23-30.29:2; 2016, c. [588](#).

#### **§23.1-1211. Default on payments.**

A. Whenever it appears to the Governor from an affidavit filed with him by the paying agent for the bonds issued by the Authority that an eligible institution has defaulted on the payment of the principal of or premium, if any, or interest on its bonds pursuant to this article, the Governor shall immediately make a summary investigation into the facts set forth in the affidavit. If it is established to the satisfaction of the Governor that the eligible institution is in default in the payment of the principal of or premium, if any, or interest on its bonds, the Governor immediately shall make an order directing the State Comptroller

to make payment immediately to the owners or paying agent of the bonds in default on behalf of the eligible institution from any appropriation available to the eligible institution in the amount due and remaining unpaid by the eligible institution on its bonds.

B. Any payment so made by the State Comptroller to the owners or paying agent of the bonds in default shall be credited as if made directly by the eligible institution and charged by the State Comptroller against the appropriations of the eligible institution. The owners or paying agent of the bonds in default at the time of payment shall deliver to the State Comptroller, in a form satisfactory to the State Comptroller, a receipt for payment of the principal, premium, or interest satisfied by the payment. The State Comptroller shall report each payment made to the governing board of the defaulting eligible institution under the provisions of this section.

C. The Governor shall direct the State Comptroller to (i) charge against the appropriations available to any eligible institution that has defaulted on its bonds pursuant to this section all future payments of principal of and interest on the eligible institution's bonds when due and payable and (ii) make such payments to the owners or paying agent of the bonds on behalf of the eligible institution to ensure that no future default will occur on such bonds. The charge and payment shall be made upon receipt of documentation that the State Comptroller deems to be satisfactory evidence of the claim. The owners or paying agent of the bonds at the time of each payment shall deliver to the State Comptroller, in a form satisfactory to the State Comptroller, a receipt for payment of the principal or interest satisfied by the payment.

D. Nothing in this section shall be construed to create any obligation on the part of the State Comptroller or the Commonwealth to make any payment on behalf of the defaulting eligible institution other than from funds appropriated to the defaulting eligible institution.

1996, cc. [672](#), [689](#), § 23-30.29:3; 2016, c. [588](#); 2017, c. [314](#).

#### **§23.1-1212. Investment of funds.**

Any moneys or funds held by the Authority or the trustee under any trust indenture under the provisions of this article may be invested and reinvested in securities that are legal investments under the laws of the Commonwealth for moneys or funds held by fiduciaries.

1966, c. 685, § 23-30.30; 2016, c. [588](#).

**§23.1-1213. Enforcement of rights and duties by bondholder or trustee under trust indenture.**

Any (i) holder of bonds issued under the provisions of this article or any of the coupons appertaining to such bonds and (ii) trustee under any trust indenture may, either at law or in equity, by suit, action, mandamus, or other proceeding, (a) protect and enforce any and all rights under the laws of the Commonwealth, the trust indenture, or the resolution authorizing the issuance of such bonds and (b) enforce and compel the performance of all duties required by this article or such trust indenture or resolution to be performed by the Authority or by any officer of the Authority, except to the extent that such rights are restricted by the trust indenture or the resolution authorizing the issuance of such bonds.

1964, c. 607, § 23-30.32; 1966, c. 685; 2016, c. [588](#).

**§23.1-1214. Exemption of bonds from taxation.**

The bonds issued by the Authority under the provisions of this article, the transfer of such bonds, and the income from such bonds, including any profit made on the sale of such bonds, is exempt from taxation by the Commonwealth and any locality or political subdivision of the Commonwealth.

1964, c. 607, § 23-30.33; 1966, c. 685; 2016, c. [588](#).

**§23.1-1215. Bonds made lawful investments.**

All bonds issued by the Authority under the provisions of this article are securities (i) in which all public officers and bodies of the Commonwealth and its localities and political subdivisions and all insurance companies and associations, savings banks and savings institutions, including savings and loan associations, commercial banks and trust companies, beneficial and benevolent associations, administrators, guardians, executors, trustees, and other fiduciaries in the Commonwealth may properly and legally invest funds under their control and (ii) that may properly and legally be deposited with and received by any state officer or officer of a locality or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is authorized by law.

1964, c. 607, § 23-30.34; 1966, c. 685; 2016, c. [588](#).

**§23.1-1216. Annual report; examination of records, books, and accounts.**

A. The Authority shall submit to the Governor and General Assembly an annual report of the interim activity and work of the Authority on or before November 1 of each year. Such report shall be submitted as a report document as provided in the procedures of the

Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website. Such report shall contain, at a minimum, the annual financial statements of the Authority for the year ending the preceding June 30.

B. The records, books, and accounts of the Authority are subject to examination and inspection by duly authorized representatives of the General Assembly and any bondholder at any reasonable time, provided that such examination and inspection do not unduly interrupt or interfere with the business of the Authority.

1964, c. 607, § 23-30.36; 1966, c. 685; 1984, c. 734; 1985, c. 146; 2004, c. [650](#); 2016, c. [588](#).

**§23.1-1217. Annual audit.**

The Auditor of Public Accounts or his legally authorized representatives shall annually audit the accounts of the Authority, and the cost of such audit shall be borne by the Authority.

1987, c. 74, § 23-30.36:1; 2016, c. [588](#).

**§23.1-1218. Article liberally construed; powers of Authority not subject to supervision by certain entities.**

A. This article, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purpose of this article.

B. Except as otherwise expressly provided in this article, none of the powers granted to the Authority under the provisions of this article are subject to the supervision or regulation or require the approval or consent of (i) any locality or political subdivision of the Commonwealth or (ii) any commission, board, bureau, official, or agency of (a) any such locality or political subdivision or (b) the Commonwealth.

1964, c. 607, § 23-30.37; 1966, c. 685; 2015, c. [709](#); 2016, c. [588](#).

**§23.1-1219. Jurisdiction of suits against Authority; service of process.**

The Circuit Court of the City of Richmond has exclusive jurisdiction over any suit brought in the Commonwealth against the Authority, and process in such suit shall be served either on the State Comptroller or on the chairman of the Authority.

1964, c. 607, § 23-30.38; 1966, c. 685; 2016, c. [588](#).

**§23.1-1220. Definitions.**

As used in this article, unless the context requires a different meaning:

"Authority" means the Virginia College Building Authority established in § [23.1-1200](#).

"Bonds" or "revenue bonds" means revenue bonds of the Authority issued under the provisions of this article, including revenue refunding bonds, notes, and other obligations that may be secured by a mortgage, the full faith and credit, or any other lawfully pledged security of a participating institution.

"Costs" means (i) all or any part of the cost of construction, acquisition, alteration, enlargement, reconstruction, and remodeling of a project, including all lands, structures, real or personal property, rights, rights-of-way, air rights, franchises, easements, and interests acquired or used in connection with a project; (ii) the cost of demolishing or removing any building or structure on land acquired in connection with a project, including the cost of acquiring any lands to which such building or structure may be moved, the cost of all machinery and equipment, financing charges, interest prior to, during, and for a period after completion of such construction and acquisition, provisions for reserves for principal and interest, and provisions for extensions, enlargements, additions, replacements, renovations, and improvements; (iii) the cost of architectural, engineering, financial, and legal services, plans, specifications, studies, surveys, and estimates of cost and revenues; (iv) administrative expenses; (v) expenses necessary or incident to determining the feasibility or practicability of constructing the project; and (vi) such other expenses as may be necessary or incident to constructing and acquiring the project, financing such construction, acquiring the project, and placing the project in operation.

"Participating institution" means any (i) organization that is exempt from federal income taxation pursuant to § 501(c)(3) of the Internal Revenue Code and that is owned or controlled by a public institution of higher education or whose purpose is to support or otherwise benefit a public institution of higher education or (ii) nonprofit private institution of higher education in the Commonwealth whose primary purpose is to provide collegiate or graduate education and not to provide religious training or theological education that (a)(1) finances and constructs or (2) acquires a project or (b) refunds or refinances obligations, a mortgage, or advances as provided in this article.

"Project" means a structure suitable for use as a dormitory or other multi-unit housing facility for students, faculty, officers, or employees, a dining hall, student union, administration building, academic building, library, laboratory, research facility, classroom, athletics facility, health care facility, maintenance, storage or utility facility, any related structure or facility, or any other structure or facility required or useful for instructing students, conducting research, or operating an institution of higher education, including

parking facilities and other facilities or structures essential or convenient for the orderly conduct of such institution of higher education. "Project" includes landscaping, site preparation, furniture, equipment and machinery, and other similar items necessary or convenient for the intended use of a particular facility or structure. "Project" does not include books, fuel, supplies, or other items whose costs are customarily deemed to result in a current operating charge, any facility used for sectarian instruction or as a place of religious worship, or any facility used primarily in connection with any part of the program of a school or department of divinity for any religious denomination.

1972, c. 686, § 23-30.41; 1973, c. 205; 2016, cc. [532](#), [588](#), [658](#).

**§23.1-1221. Declaration of policy and purpose.**

A. For the benefit of the people of the Commonwealth, the increase of their commerce, welfare, and prosperity, and the improvement of their health and living conditions, it is essential that (i) this and future generations of youth be given the fullest opportunity to learn and develop their intellectual and mental capacities and (ii) participating institutions be provided with appropriate additional means to assist such youth in achieving the required levels of learning and development of their intellectual and mental capacities.

B. The purpose of this article is to provide a measure of assistance and an alternative method to enable participating institutions to provide the facilities and structures that are sorely needed to accomplish the purposes of this article, all to the public benefit and good, to the extent and manner provided in this article.

1972, c. 686, § 23-30.39; 2016, c. [588](#).

**§23.1-1222. Expenses of administering article.**

All expenses incurred in carrying out the provisions of this article shall be payable solely from funds provided under the provisions of this article, and no liability or obligation shall be incurred by the Authority pursuant to this article beyond the extent to which moneys have been provided under the provisions of this article.

1972, c. 686, § 23-30.43; 2016, c. [588](#).

**§23.1-1223. Powers and duties of Authority.**

A. The Authority shall assist participating institutions in the acquisition, construction, financing, and refinancing of projects.

B. The Authority may:

1. Determine the location and character of any project to be financed under the provisions of this article;
2. Construct, reconstruct, remodel, maintain, manage, enlarge, alter, add to, repair, operate, lease, as lessee or lessor, and regulate any project to be financed under the provisions of this article;
3. Enter into contracts for any purpose set forth in subdivision 2;
4. Enter into contracts for the management and operation of any project;
5. Issue bonds, bond anticipation notes, and other obligations of the Authority for any of its corporate purposes and fund or refund such bonds, bond anticipation notes, or other obligations as provided in this article;
6. Fix, revise, charge, and collect rates, rents, fees, and charges for the use of and for the services furnished by a project or any portion of a project;
7. Contract with any person, partnership, association, corporation, or other entity to fix, revise, charge, and collect rates, rents, fees, and charges pursuant to subdivision 9;
8. Designate a participating institution as its agent to take actions pursuant to subdivisions 1 through 4, 6, and 7;
9. Establish regulations for the use of a project or any portion of a project or designate a participating institution as its agent to establish regulations for the use of a project in which such institution is participating;
10. Employ consulting engineers, architects, attorneys, accountants, construction and financial experts, superintendents, managers, and such other employees and agents as it deems necessary and determine their compensation;
11. Receive and accept from any public agency loans or grants for or in aid of the construction of a project or any portion of a project;
12. Receive and accept from any source loans, grants, aid, or contributions of money, property, labor, or other things of value to be held, used, and applied only for the purposes for which such loans, grants, aid, and contributions are made;
13. Mortgage any project and the site of any project for the benefit of the holders of revenue bonds issued to finance such project;
14. Make loans to any participating institution for the cost of a project in accordance with an agreement between the Authority and such institution, but no such loan shall exceed

the total cost of the project as determined by such institution and approved by the Authority;

15. Make loans to participating institutions to refund outstanding obligations, mortgages, or advances issued, made, or given by such participating institutions for the cost of a project;

16. Charge to and equitably apportion among participating institutions its administrative costs and expenses incurred in the exercise of the powers and duties conferred by this article; and

17. Do all things necessary or convenient to carry out the purposes of this article.

C. In carrying out the purposes of this article, the Authority may undertake a joint project for two or more participating institutions, and all other provisions of this article shall apply to and for the benefit of the Authority and the institutions of higher education participating in such joint project.

1972, c. 686, § 23-30.42; 2016, cc. [532](#), [588](#), [658](#).

#### **§23.1-1224. Duties; conveyance of title to projects.**

When (i)(a) the principal of and interest on revenue bonds of the Authority issued to finance the cost of a project for any participating institutions, including any revenue refunding bonds issued to refund and refinance such revenue bonds, have been fully paid and retired or (b) adequate provision has been made to fully pay and retire such bonds; (ii) all other conditions of the resolution or trust agreement authorizing and securing the same have been satisfied; and (iii) the lien of such resolution or trust agreement has been released in accordance with the provisions of such resolution or trust agreement, the Authority shall convey title to such project to such participating institution free and clear of all liens and encumbrances if title to such project is not yet vested in such participating institution.

1972, c. 686, § 23-30.45; 2016, c. [588](#).

#### **§23.1-1225. Powers; acquisition of property.**

The Authority may, directly or through a participating institution as its agent, acquire by (i) purchase solely from funds provided under the provisions of this article, (ii) gift, or (iii) devise, such lands, structures, property, real or personal, rights, rights-of-way, air rights, franchises, easements, and other interests in lands, including lands lying under water and riparian rights, that are located within the Commonwealth as it may deem necessary or convenient for the acquisition, construction, or operation of a project, upon such terms

and at such prices as it deems reasonable and can be agreed upon between it and the owner of the property and take title to the property in the name of the Authority or any participating institution as its agent.

1972, c. 686, § 23-30.44; 2016, c. [588](#); 2017, c. [314](#).

**§23.1-1226. Powers; issuance of negotiable notes.**

The Authority may issue negotiable notes for any corporate purpose or renew any notes by the issuance of new notes, whether or not the notes to be renewed have matured.

The Authority may issue notes partly to renew notes or to discharge other obligations then outstanding and partly for any other purpose. Such notes may be authorized, sold, executed, and delivered in the same manner as bonds. Any resolution authorizing notes or any issuance of notes by the Authority may contain any provision that the Authority may include in any resolution authorizing revenue bonds or any issuance of revenue bonds by the Authority, and the Authority may include in any note any term, covenant, or condition that it may include in any bond. All such notes are payable solely from the revenues of the Authority, subject only to any contractual rights of the holders of any of its notes or other obligations then outstanding.

1972, c. 686, § 23-30.46; 2016, c. [588](#).

**§23.1-1227. Powers; issuance of revenue bonds.**

A. The Authority may issue revenue bonds for any corporate purpose, and all such revenue bonds, notes, bond anticipation notes, or other obligations of the Authority issued pursuant to this article are negotiable for all purposes, notwithstanding their payment from a limited source and without regard to any other law.

B. In anticipation of the sale of such revenue bonds, the Authority may issue and renew negotiable bond anticipation notes, but the maximum maturity of any such note, including renewals, shall not exceed five years from the date on which the original note was issued. Such notes shall be paid from any revenues of the Authority available for such purpose and not otherwise pledged or from the proceeds of sale of the Authority's revenue bonds issued in anticipation of such sale. Such notes shall be issued in the same manner as the revenue bonds. Such notes and the resolution authorizing such notes may contain any provisions, conditions, or limitations that the Authority may include in a bond resolution.

C. The revenue bonds and notes of every issue are payable solely out of revenues to the Authority, subject only to any agreement with (i) the holders of particular revenue bonds or notes to pledge any particular revenues or (ii) any participating institution.

D. Revenue bonds and notes are negotiable instruments that are subject only to the provisions of the revenue bonds and notes for registration but may be payable from a special fund.

E. Revenue bonds may be issued as serial bonds, term bonds, or both. Revenue bonds shall be authorized by resolution of the members of the Authority and bear such date, mature at such time, not exceeding 50 years from such date, bear interest at such rate or rates that is payable at such time, be in such denomination, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in lawful United States currency at such place, and be subject to such terms of redemption as such resolution provides. Revenue bonds or notes may be sold at public or private sale for such price or prices as the Authority determines. Pending preparation of the definitive bonds, the Authority may issue interim receipts or certificates that shall be exchanged for such definitive bonds.

F. Any resolution authorizing revenue bonds or any issue of revenue bonds may contain provisions, which shall be a part of the contract with the holders of such revenue bonds, relating to:

1. Pledging all or any part of the revenues of a project, to any revenue-producing contract made by the Authority with any individual, partnership, corporation, association, or other public or private body to secure the payment of the revenue bonds or any particular issue of revenue bonds, subject to any existing agreements with bondholders;
2. Charging rentals, fees, and other charges and setting forth the amounts to be raised annually with such charges and the use and disposition of the revenues;
3. Establishing, setting aside, regulating, and disposing of reserves or sinking funds;
4. Limiting the right of the Authority or its agent to restrict and regulate the use of the project;
5. Limiting the purpose to which the proceeds of the sale of any issue of revenue bonds to be issued may be applied and pledging such proceeds to secure the payment of the revenue bonds or any issue of the revenue bonds;

6. Limiting the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds;
7. Establishing a procedure by which the terms of any contract with bondholders may be amended or abrogated that includes the number of bondholders required to consent to such amendment or abrogation and the manner in which such consent may be given;
8. Limiting the amount of moneys derived from the project to be expended for operating, administrative, or other expenses of the Authority;
9. Defining the acts or omissions that constitute a default in the duties of the Authority to holders of its obligations and providing the rights and remedies of such holders in the event of a default;
10. Setting forth the duties, obligations, and liabilities of any trustee or paying agent; and
11. Mortgaging a project and the site of such project for the purpose of securing the bondholders.

G. Neither the members of the Authority nor any person executing revenue bonds or notes is liable personally on the revenue bonds or notes or is subject to any personal liability or accountability by reason of the issuance of such revenue bonds or notes.

H. The Authority may purchase its bonds or notes with funds available for such purpose. The Authority may hold, pledge, cancel, or resell such bonds or notes subject to and in accordance with agreements with bondholders.

1972, c. 686, § 23-30.47; 2016, c. [588](#).

**§23.1-1228. Powers; security for revenue bonds.**

A. The Authority may secure any revenue bonds issued under the provisions of this article by a trust agreement between the Authority and a corporate trustee that may be any trust company or bank having the powers of a trust company within or outside the Commonwealth. Such trust agreement or the resolution providing for the issuance of such revenue bonds may (i) pledge or assign the revenues to be received or proceeds of any contract pledged, (ii) convey or mortgage the project or any portion of the project, or (iii) contain provisions for protecting and enforcing the rights and remedies of the bondholders that the Authority deems reasonable and proper and are not in violation of law, including provisions that may be included in any resolution of the Authority authorizing revenue bonds pursuant to this article.

B. Any bank or trust company incorporated under the laws of the Commonwealth that may act as depository of the proceeds of bonds, revenues, or other moneys may furnish such indemnifying bonds or pledge such securities as may be required by the Authority.

C. Any such trust agreement may set forth the rights and remedies of the bondholders and the trustee and restrict the individual right of action by bondholders.

D. Any such trust agreement or resolution may contain such other provisions as the Authority deems reasonable and proper for the security of the bondholders.

E. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of a project.

1972, c. 686, § 23-30.48; 2016, c. [588](#).

**§23.1-1229. Powers and duties; rates, rents, fees and charges; sinking fund.**

A. The Authority may fix, revise, charge, and collect rates, rents, fees, and charges for the use of and the services furnished by each project and contract with any person, partnership, association, corporation, or other public or private body to perform such acts. The aggregate of such rates, rents, fees, and charges shall be fixed and adjusted to provide funds that, when combined with other revenues, is sufficient to (i) pay the uncovered cost of maintaining, repairing, and operating each portion of the project; (ii) pay the principal of and the interest on outstanding revenue bonds of the Authority as such principal and interest becomes due and payable; and (iii) create and maintain reserves required or provided for in any resolution authorizing, or trust agreement securing, such revenue bonds of the Authority. No such rate, rent, fee, or charge shall be subject to supervision or regulation by any department, commission, board, body, bureau, or agency of the Commonwealth other than the Authority.

B. The Authority shall set aside in a sinking fund or other similar fund a sufficient amount of the revenues derived from a project, except the part of such revenues that is necessary to pay the cost of maintenance, repair, and operation of the project, provide reserves, or make renewals, replacements, extensions, enlargements, and improvements as set forth in the resolution authorizing the issuance of any revenue bonds of the Authority or in the trust agreement securing such revenue bonds. The Authority shall pledge such sinking fund or other similar fund to pay the principal of and the interest on such revenue bonds as such principal and interest becomes due and the redemption or purchase price of bonds retired by call or purchase as provided in the resolution authorizing the issuance of any revenue bonds of the Authority or in the trust agreement

securing such revenue bonds. Such pledge is valid and binding from the time when the pledge is made. The rates, rents, fees, and charges and other revenues or moneys so pledged and received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery or further act. The lien of any such pledge is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether such parties have notice of such lien. No resolution authorizing the issuance of any revenue bonds of the Authority or trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund or other similar fund is subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Such sinking fund or other similar fund is a fund for all such revenue bonds issued to finance a project by a participating institution, without distinction or priority of one revenue bond over another, but the Authority may provide in any such resolution or trust agreement (i) that such sinking fund or other similar fund is the fund for a particular project by a participating institution and the revenue bonds issued to finance a particular project and (ii) for the issuance of revenue bonds having a subordinate lien to other revenue bonds of the Authority with respect to the security authorized and, in such case, the Authority may create separate or other similar funds with respect to such subordinate lien bonds.

1972, c. 686, § 23-30.50; 2016, cc. [532](#), [588](#), [658](#).

**§23.1-1230. Powers; issuance of refunding revenue bonds.**

A. The Authority may provide for the issuance of revenue bonds to (i) refund any of its outstanding revenue bonds, including the payment of any redemption premium thereon and any interest accrued or to accrue on the earliest or any subsequent date of redemption, purchase, or maturity of such revenue bonds or (ii) pay all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project or any portion of a project.

B. The Authority may (i) apply the proceeds of any revenue bonds issued to refund outstanding revenue bonds to purchase, retire at maturity, or redeem such outstanding revenue bonds either on their earliest or any subsequent redemption date, upon their purchase, or at their maturity and (ii) place the proceeds of revenue bonds issued to refund outstanding revenue bonds in escrow pending such application to be applied to such purchase, retirement, or redemption on the date that it determines.

C. The Authority may invest and reinvest proceeds placed in escrow pursuant to subsection B in direct obligations of the United States, certificates of deposit, or time deposits secured by direct obligations of the United States that mature at such time as is appropriate to ensure the prompt payment of principal, interest, and any redemption premium of the outstanding revenue bonds to be so refunded, pending the purchase, retirement at maturity, or redemption of such outstanding revenue bonds. The Authority may apply interest, income, and any profits earned or realized on any such investment to pay the outstanding revenue bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and any interest, income, and profits earned or realized on the investments on such proceeds may be returned to the Authority for its lawful use.

D. The Authority may invest or reinvest the portion of the proceeds of any revenue bonds issued to pay all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project in direct obligations of the United States or certificates of deposit or time deposits secured by direct obligations of the United States that mature not later than the time when such proceeds are needed to pay all or any part of such cost. The Authority may apply any interest, income, and profits earned or realized on such investment to the payment of all or any part of such cost or use such interest, income, and profits in any lawful manner.

E. All refunding revenue bonds issued pursuant to this section are subject to the provisions of this article in the same manner and to the same extent as other revenue bonds issued pursuant to this article.

1972, c. 686, § 23-30.54; 2016, c. [588](#).

**§23.1-1231. Revenue bonds not obligations of Commonwealth or political subdivision.**

Revenue bonds issued under the provisions of this article (i) do not constitute a debt, liability, or pledge of the faith and credit of the Commonwealth or any political subdivision of the Commonwealth and (ii) are payable solely from the funds provided from revenues as set forth in this article. Each such revenue bond shall state on its face that (a) neither the Commonwealth nor the Authority is obligated to pay such revenue bonds or the interest thereon except from revenues of the project or the portion of the project for which they are issued and (b) neither the faith and credit nor the taxing power of the Commonwealth or any political subdivision of the Commonwealth is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds under the provisions of this article shall not directly, indirectly, or contingently obligate the

Commonwealth or any political subdivision of the Commonwealth to levy or pledge any form of taxation for such bonds or make any appropriation for their payment.

1972, c. 686, § 23-30.49; 2016, c. [588](#).

**§23.1-1232. Moneys received deemed trust funds.**

All moneys that the Authority receives pursuant to this article, whether as proceeds from the sale of bonds or as revenues, are trust funds to be held and applied solely as provided in this article. Any officer with whom, or any bank or trust company with which, such moneys are deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this article, the resolution authorizing the bonds of any issue, or the trust agreement securing such bonds.

1972, c. 686, § 23-30.51; 2016, c. [588](#).

**§23.1-1233. Remedies of bondholders or holders of other obligations.**

Any (i) holder of revenue bonds, notes, bond anticipation notes, other notes, or other obligations of the Authority issued under the provisions of this article or any of the coupons appertaining to any such obligation and (ii) trustee under any trust agreement, except to the extent that such rights are restricted by any resolution authorizing the issuance of, or any such trust agreement securing, such bonds or other obligations, may, either at law or in equity, by suit, action, mandamus, or other proceedings, (a) protect and enforce all rights under the laws of the Commonwealth or such resolution or trust agreement and (b) enforce and compel the performance of all duties required by this article or by such resolution or trust agreement to be performed by the Authority or any officer, employee, or agent of the Authority, including the fixing, charging, and collecting of the rates, rents, fees, and charges authorized by this article and required by the provisions of such resolution or trust agreement to be fixed, charged, and collected.

1972, c. 686, § 23-30.52; 2016, c. [588](#).

**§23.1-1234. Exemption from taxation.**

Neither the Authority nor its agent are required to pay any taxes or assessments upon or with respect to a project, any property acquired or used by the Authority or its agent under the provisions of this article, or the income from any such project or property. Any bonds issued under the provisions of this article, the transfer of such bonds, and the income from such bonds, including any profit made on the sale of such bonds, are exempt from taxation of any kind by the Commonwealth and the localities and other political subdivisions of the Commonwealth.

1972, c. 686, § 23-30.53; 2016, c. [588](#).

**§23.1-1235. Bonds as legal investments.**

Bonds issued by the Authority under the provisions of this article are securities (i) in which all public officers and bodies of the Commonwealth and its political subdivisions, insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them and (ii) that may properly and legally be deposited with and received by any officer of the Commonwealth or any of its localities or any agency or political subdivision of the Commonwealth for any lawful purpose.

1972, c. 686, § 23-30.55; 2016, c. [588](#).

**§23.1-1236. Nature of article.**

This article is supplemental and additional to powers conferred by other laws, but the issuance of revenue bonds and revenue refunding bonds under the provisions of this article need not comply with the requirements of any other law applicable to the issuance of bonds. Except as otherwise expressly provided in this article, no power granted to the Authority under the provisions of this article is subject to the supervision or regulation of or requires the approval or consent of the Commonwealth, any locality or political subdivision of the Commonwealth, or any department, division, commission, board, body, bureau, official, or agency of any such locality or political subdivision.

1972, c. 686, § 23-30.56; 2016, c. [588](#).

**§23.1-1237. Article liberally construed.**

This article, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purposes of this article.

1972, c. 686, § 23-30.57; 2016, c. [588](#).

**§23.1-1238. Article controls inconsistent laws.**

To the extent that the provisions of this article are inconsistent with the provisions of any general statute or special act or parts thereof, the provisions of this article control.

1972, c. 686, § 23-30.58; 1973, c. 205; 2015, c. [709](#); 2016, c. [588](#).

## Virginia Commonwealth University Health

# System Authority

## §23.1-2400. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Authority" means the Virginia Commonwealth University Health System Authority.

"Board" means the board of directors of the Authority.

"Bonds" means bonds, notes, revenue certificates, lease participation certificates, or other evidences of indebtedness or deferred purchase financing arrangements.

"Chief executive officer" means the chief executive officer of the Virginia Commonwealth University Health System Authority.

"Costs" means (i) costs of (a) construction, reconstruction, renovation, site work, and acquisition of lands, structures, rights-of-way, franchises, easements, and other property rights and interests; (b) demolition, removal, or relocation of buildings or structures; (c) labor, materials, machinery, and all other kinds of equipment; (d) engineering and inspections; (e) financial, legal, and accounting services; (f) plans, specifications, studies, and surveys; (g) estimates of costs and of revenues; (h) feasibility studies; and (i) issuance of bonds, including printing, engraving, advertising, legal, and other similar expenses; (ii) financing charges; (iii) administrative expenses, including administrative expenses during the start-up of any project; (iv) credit enhancement and liquidity facility fees; (v) fees for interest rate caps, collars, swaps, or other financial derivative products; (vi) interest on bonds in connection with a project prior to and during construction or acquisition thereof and for a period not exceeding one year thereafter; (vii) provisions for working capital to be used in connection with any project; (viii) redemption premiums, obligations purchased to provide for the payment of bonds being refunded, and other costs necessary or incident to refunding of bonds; (ix) operating and maintenance reserve funds, debt reserve funds, and other reserves for the payment of principal and interest on bonds; (x) all other expenses necessary, desirable, or incidental to the operation of the Authority's facilities or the construction, reconstruction, renovation, acquisition, or financing of projects, other facilities, or equipment appropriate for carrying out the purposes of this chapter and the placing of the same in operation; or (xi) the refunding of bonds.

"Hospital facilities" means all property or rights in property, real and personal, tangible and intangible, including all facilities suitable for providing hospital and health care

services and all structures, buildings, improvements, additions, extensions, replacements, appurtenances, lands, rights in land, furnishings, landscaping, approaches, roadways, and other related and supporting facilities owned, leased, operated, or used, in whole or in part, by Virginia Commonwealth University as part of, or in connection with, MCV Hospitals in the normal course of its operations as a teaching, research, and medical treatment facility.

"Hospital obligations" means all debts or other obligations, contingent or certain, owing to any person or other entity on the transfer date, arising out of the operation of MCV Hospitals as a medical treatment facility or the financing or refinancing of hospital facilities and including all bonds and other debts for the purchase of goods and services, whether or not delivered, and obligations for the delivery of services, whether or not performed.

"Project" means any health care, research, or educational facility or equipment necessary or convenient to or consistent with the purposes of the Authority, whether owned by the Authority, including hospitals; nursing homes; continuing care facilities; self-care facilities; wellness and health maintenance centers; medical office facilities; clinics; outpatient clinics; surgical centers; alcohol, substance abuse, and drug treatment centers; laboratories; sanitariums; hospices; facilities for the residence or care of elderly or chronically ill individuals or individuals with disabilities; residential facilities for nurses, interns, and physicians; other kinds of facilities for the treatment of sick, disturbed, or infirm individuals, the prevention of disease, or maintenance of health; colleges, schools, or divisions offering undergraduate or graduate programs for the health professions and sciences and such other courses of study as may be appropriate, together with research, training, and teaching facilities; all necessary or desirable related and supporting facilities and equipment or equipment alone, including (i) parking, kitchen, laundry, laboratory, wellness, pharmaceutical, administrative, communications, computer, and recreational facilities; (ii) power plants and equipment; (iii) storage space; (iv) mobile medical facilities; (v) vehicles; (vi) air transport equipment; and (vii) other equipment necessary or desirable for the transportation of medical equipment, medical personnel, or patients; and all lands, buildings, improvements, approaches, and appurtenances necessary or desirable in connection with or incidental to any project.

"Transfer date" means a date or dates agreed to by the board of visitors of Virginia Commonwealth University and the Authority for the transfer of employees to the Authority and for the transfer of hospital facilities, or any parts thereof, to and the assumption, directly or indirectly, of hospital obligations by the Authority, which dates for the various transfers

and the various assumptions may be different, but in no event shall any date be later than June 30, 1997.

"University" means Virginia Commonwealth University.

1996, cc. [905](#), [1046](#), § 23-50.16:4; 2000, c. [720](#); 2016, c. [588](#); 2023, cc. [148](#), [149](#).

**§23.1-2401. Authority established; powers, purposes, and duties.**

A. The Virginia Commonwealth University Health System Authority is established as a public body corporate, public instrumentality, and political subdivision of the Commonwealth with such public and corporate powers as are set forth in this chapter.

B. The purpose of the Authority is to exercise public and essential governmental functions to provide for the health, welfare, convenience, knowledge, benefit, and prosperity of the residents of the Commonwealth and such other individuals who might be served by the Authority by delivering and supporting the delivery of medical care and related services to such residents and individuals, providing educational opportunities in the medical field and related disciplines, conducting and facilitating research in the medical field and related disciplines, and enhancing the delivery of health care and related services to the Commonwealth's indigent population. The Authority may perform such public and essential government functions with the power and purpose to:

1. Provide health care, including indigent care, to protect and promote the health and welfare of the citizens of the Commonwealth;
2. Serve as a high-quality teaching hospital to provide and promote health care by educating medical and health sciences professionals, providing medical services not widely available in the Commonwealth, and treating patients of the type and on the scale necessary to facilitate medical research and attract physicians, faculty members, researchers, and other individuals necessary to maintain quality medical and health sciences education;
3. Facilitate and support the health education, research, and public service activities of the Health Sciences Schools of the University;
4. Serve as the principal teaching and training hospital for undergraduate and graduate students of the Health Sciences Schools of the University;
5. Provide a site for faculty members of the Health Sciences Schools of the University to conduct medical and biomedical research; and

6. Operate and manage general hospital and other health care facilities, engaging in specialized management and operational practices to remain economically viable, earning revenues necessary for operations, and participating in arrangements with public and private entities and other activities, taking into account changes that have occurred or may occur in the future in the provision of health care and related services.

C. The Authority shall operate, maintain, and expand, as appropriate, teaching hospitals and related facilities for the benefit of the Commonwealth and its citizens and such other individuals who might be served by the Authority.

1996, cc. [905](#), [1046](#), §§ 23-50.16:2, 23-50.16:3; 2000, c. [720](#); 2016, c. [588](#).

**§23.1-2402. Board of directors; membership; meetings; officers; employees.**

A. The Authority shall be governed by a board of directors with a total of 21 members that consists of 19 appointed members and two ex officio members. The 19 appointed members shall consist of six nonlegislative citizen members to be appointed by the Governor, of whom two shall be physician-faculty members; five members to be appointed by the Speaker of the House of Delegates, of whom two shall be physician-faculty members; three members to be appointed by the Senate Committee on Rules, of whom one shall be a physician-faculty member; and five nonlegislative citizen members of the board of visitors of the University to be appointed by the rector of the board of visitors of the University, all of whom shall be members of the board of visitors of the University at all times while serving on the board. The President of the University and the Vice-President for Health Sciences of the University, or the individual who holds such other title as subsequently may be established by the board of visitors of the University for the chief academic and administrative officer for the Health Sciences Schools of the University, shall serve ex officio with voting privileges.

All appointed members except those who are members of the board of visitors of the University shall have demonstrated experience or expertise in business, health care management, or legal affairs.

B. The five appointed physician-faculty members shall be faculty members of the University with hospital privileges at MCV Hospitals at all times while serving on the board.

C. The Governor, the Speaker of the House of Delegates, and the Senate Committee on Rules shall appoint physician-faculty members after consideration of names from lists submitted by the faculty physicians of the School of Medicine of the University through

the Vice-President for Health Sciences of the University. The list shall contain at least two names for each vacancy.

D. Members shall serve for terms of three years. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. No member shall serve for more than two consecutive three-year terms; however, a member appointed to serve an unexpired term is eligible to serve two consecutive three-year terms. Members who serve two consecutive three-year terms are eligible for reappointment one year after the expiration of their second term. All appointments are subject to confirmation by the General Assembly. Members shall continue to hold office until their successors have been appointed and confirmed. Ex officio members shall serve a term coincident with their term of office.

E. Neither the board members appointed from the board of visitors of the University nor the ex officio members shall vote on matters that require them to breach their fiduciary duties to the University or to the Authority.

F. Any member may be removed for malfeasance, misfeasance, incompetence, or gross neglect of duty by the individual or entity that appointed him or, if such appointing individual no longer holds the office creating the right of appointment, by the current holder of that office.

G. The president of the University shall serve as the chairman of the board. The board shall elect annually a vice-chairman from among its membership. The board shall also elect a secretary and treasurer and such assistant secretaries and assistant treasurers as the board may authorize for terms determined by the board, each of whom may or may not be a member of the board. The same individual may serve as both secretary and treasurer.

H. The board may appoint an executive committee and other standing or special committees and prescribe their duties and powers, and any executive committee may exercise all such powers and duties of the board under this chapter as the board may delegate.

I. The board may provide for the appointment, employment, term, compensation, and removal of officers, employees, and agents of the Authority, including engineers, consultants, lawyers, and accountants, as the board deems appropriate.

J. The board shall meet at least four times each year and may hold such special meetings as it deems appropriate.

K. The board may adopt, amend, and repeal such policies, regulations, procedures, and bylaws not contrary to law or inconsistent with this chapter as it deems expedient for its own governance and for the governance and management of the Authority.

L. A majority of the board shall constitute a quorum for meetings, and the board may act by a majority of those present at any meeting.

M. Legislative board members are entitled to such compensation as provided in § [30-19.12](#) and nonlegislative citizen board members are entitled to such compensation for the performance of their duties as provided in § [2.2-2813](#). All members are entitled to reimbursement for all reasonable and necessary expenses incurred in the performance of their duties as provided in §§ [2.2-2813](#) and [2.2-2825](#). Funding for the costs of compensation and expenses of the members shall be provided by the Authority.

N. The provisions of the State and Local Government Conflict of Interests Act (§ [2.2-3100](#) et seq.) shall apply to the members of the board and the employees of the Authority.

1996, cc. [905](#), [1046](#), § 23-50.16:5; 1998, c. [449](#); 2000, c. [720](#); 2004, c. [1000](#); 2014, cc. [3](#), [456](#); 2016, c. [588](#).

**§23.1-2403. Chief executive officer of the Authority.**

A. The Authority shall be under the immediate supervision and direction of a chief executive officer, subject to the policies and direction established by the board. The chief executive officer may be the individual who holds the title of Vice-President for Health Sciences of Virginia Commonwealth University, or such other title as subsequently may be established by the board of visitors of the University for the chief academic and administrative officer for the Health Sciences Schools of the University. Notwithstanding any other provision of law to the contrary, the selection and removal of the chief executive officer, and the conditions of appointment, including salary, shall be made jointly by the board and the board of visitors of the University at a joint meeting of the board and the board of visitors of the University upon a vote of a majority of the members of each board present and voting at the aforementioned joint meeting, acting separately in accordance with applicable provisions of law.

B. In the event that a majority of the members of each board do not agree upon the selection, removal, or conditions of appointment, including salary, of the chief executive officer as provided in subsection A, then each board shall appoint a committee of three members of its respective board to consider the matter upon which the boards disagree. The

selection, removal, or conditions of appointment shall be made jointly by the two committees at a joint meeting of the committees upon a vote by a majority of the members of each committee present and voting at the joint meeting. In the event that a majority of the members of each committee agree upon the selection, removal, or conditions of appointment of the chief executive officer, then the decision shall be reported to the board and the board of visitors of the University, each of which shall be bound by the decision of the committees. In the event that a majority of the members of each committee do not agree on the selection, removal, or conditions of appointment of the chief executive officer within 30 days of the appointment of the committees by each board, then the president of the University shall decide upon the matter upon which the committees disagree. The president of the University shall report his decision to both boards, each of which shall be bound by the decision of the president.

C. The chief executive officer shall devote his full time to the performance of his official duties and shall not be engaged in any other profession or occupation.

D. The chief executive officer shall supervise and administer the operation of the Authority in accordance with the provisions of this chapter.

1996, cc. [905](#), [1046](#), § 23-50.16:7; 2000, c. [720](#); 2014, cc. [3](#), [456](#); 2016, c. [588](#); 2023, c. [734](#).

#### **§23.1-2404. Powers of the Authority.**

A. The Authority has all the powers necessary or convenient to carry out the purposes and provisions of this chapter, including the power to:

1. Sue and be sued in its own name;
2. Have and alter an official seal;
3. Have perpetual duration and succession in its name;
4. Locate and maintain offices at such places as it may designate;
5. Make and execute contracts, guarantees, or any other instruments and agreements necessary or convenient for the exercise of its powers and functions, including contracts with hospitals or health care businesses to operate and manage any or all of the hospital facilities or operations, and incur liabilities and secure the obligations of any entity or individual;
6. Conduct or engage in any lawful business, activity, effort, or project consistent with the Authority's purposes or necessary or convenient to exercise its powers;

7. Exercise, in addition to its other powers, all powers that are (i) granted to corporations by the provisions of Title 13.1 or similar provisions of any successor law, except in those cases in which the power is confined to corporations created under such title, and (ii) not inconsistent with the purposes and intent of this chapter or the limitations included in this chapter;

8. Accept, hold, and enjoy any gift, devise, or bequest to the Authority or its predecessors to be held for the uses and purposes designated by the donor, if any, or if not so designated, for the general purposes of the Authority, whether given directly or indirectly, and accept, execute, and administer any trust or endowment fund in which it has or may have an interest under the terms of the instrument creating the trust or endowment fund;

9. Borrow money and issue bonds as provided in this chapter and purchase such bonds;

10. Seek financing from, incur or assume indebtedness to, and enter into contractual commitments with the Virginia Public Building Authority and the Virginia College Building Authority, which authorities may borrow money and make and issue negotiable notes, bonds, and other evidences of indebtedness to provide such financing relating to the hospital facilities or any project;

11. Seek financing from, incur or assume indebtedness to, and enter into contractual commitments with the Commonwealth as otherwise provided by law relating to the hospital facilities or any project;

12. Procure such insurance, participate in such insurance plans, or provide such self-insurance as it deems necessary or convenient to carry out the purposes and provisions of this chapter. The purchase of insurance, participation in an insurance plan, or creation of a self-insurance plan by the Authority is not a waiver or relinquishment of any sovereign immunity to which the Authority or its officers, directors, employees, or agents are otherwise entitled;

13. Develop policies and procedures generally applicable to the procurement of goods, services, and construction based upon competitive principles;

14. Except as to those hospital facilities or any part of such facilities that are leased to the Authority by the University, the control and disposition of which shall be determined by such lease instruments:

a. Own, hold, improve, use, and otherwise deal with real or personal property, tangible or intangible, or any right, easement, estate, or interest in such property, acquired by purchase, exchange, gift, assignment, transfer, foreclosure, lease, bequest, devise,

operation of law, or other means on such terms and conditions and in such manner as it may deem proper;

b. Sell, assign, lease, encumber, mortgage, or otherwise dispose of any project, any other real or personal property, tangible or intangible, any right, easement, estate, or interest in such property, or any deed of trust or mortgage lien interest that it owns, that is under its control or custody or in its possession;

c. Release or relinquish any right, title, claim, lien, interest, easement, or demand however acquired, including any equity or right of redemption in property foreclosed by it; and

d. Take any action pursuant to subdivision 14 by public or private sale or with or without public bidding, notwithstanding the provisions of any other law;

15. Accept loans, grants, contributions, or other assistance from the federal government, the Commonwealth, any political subdivision of the Commonwealth, or any other public or private source to carry out any of the purposes of this chapter and enter into any agreement or contract regarding the acceptance, use, or repayment of any such loan, grant, contribution, or assistance in furtherance of the purposes of this chapter;

16. Exercise the power of eminent domain pursuant to the provisions of Chapter 2 (§ [25.1-200](#) et seq.) of Title 25.1 to acquire by condemnation any real property, including fixtures and improvements, that it may deem necessary to carry out the purposes of this chapter, upon (i) its adoption of a resolution declaring that the acquisition of such property is in the public interest and necessary for public use and (ii) the approval of the Governor. The Authority may acquire property already devoted to a public use, provided that no property belonging to any locality, religious corporation, unincorporated church, or charitable corporation may be acquired without its consent;

17. Fix, revise, charge, and collect rates, rentals, fees, and other charges for the services or facilities furnished by or on behalf of the Authority and establish policies, procedures, and regulations regarding any such service rendered or the use, occupancy or operation of any such facility. Such charges and policies, procedures, and regulations are not subject to supervision or regulation by any commission, board, bureau, or agency of the Commonwealth except as otherwise provided by law for the providers of health care;

18. Consistent with § [23.1-2407](#), create, assist in the creation of, own in whole or in part, control, participate in or with any public or private entity, purchase, receive, subscribe for, own, hold, vote, use, employ, sell, mortgage, lend, pledge, or otherwise acquire or

dispose of any (i) shares or obligations of, or other interests in, any entities organized for any purpose within or outside the Commonwealth and (ii) obligations of any person or corporation;

19. Participate in joint ventures with individuals, corporations, governmental bodies or agencies, partnerships, associations, insurers, or other entities to facilitate any activities or programs consistent with the public purposes and intent of this chapter;

20. Create a nonprofit entity for the purpose of soliciting, accepting, and administering grants, outright gifts and bequests, endowment gifts and bequests, and gifts and bequests in trust. Such entity shall not engage in trust business or duplicate such activities by the University or its related foundations;

21. Provide appropriate assistance, including making loans and providing time of employees, to corporations, partnerships, associations, joint ventures, or other entities whether such entities are owned or controlled in whole or in part or directly or indirectly by the Authority;

22. Provide, promote, support, and sponsor education and scientific research in medicine, public health, and related fields and promote public knowledge in medicine, public health, and related fields;

23. Administer programs to assist in the delivery of medical and related services to the citizens of the Commonwealth and others;

24. Participate in and administer federal, state, and local programs affecting, supporting, or carrying out any of its purposes; and

25. Exercise independently the powers conferred by this chapter in furtherance of its corporate and public purposes.

B. The exercise of the powers permitted by this chapter shall be deemed the performance of essential governmental functions and matters of public necessity for the entire Commonwealth in the provision of health care, medical and health sciences education, and research for which public moneys may be borrowed, loaned, spent, or otherwise utilized and private property may be utilized or acquired.

1996, cc. [905](#), [1046](#), §§ 23-50.16:2, 23-50.16:6, 23-50.16:11, 23-50.16:12, 23-50.16:13, 23-50.16:14; 2003, c. [940](#); 2006, c. [673](#); 2016, c. [588](#); 2017, c. [314](#).

**§23.1-2405. Additional powers of the Authority; operation of projects.**

A. The Authority may acquire, plan, design, construct, own, rent as landlord or tenant, operate, control, remove, renovate, enlarge, equip, and maintain, directly or through stock or nonstock corporations or other entities, any project as defined in this chapter. Such projects may be owned or operated by the Authority or other parties or jointly by the Authority and other parties and may be operated within or outside the Commonwealth, so long as (i) their operations are necessary or desirable to assist the Authority in carrying out its public purposes within the Commonwealth and (ii) any private benefit resulting to any such other private parties from any such project is merely incidental to the public benefit of the project.

B. In the operation of hospitals and other health care and related facilities, the Authority may make and enforce all policies, procedures, and regulations necessary or desirable for such operation, including those relating to the conditions under which the privilege of practicing may be available in such facilities, the admission and treatment of patients, the procedures for determining the qualification of patients for indigent care or other programs, and the protection of patients and employees, provided that such policies, procedures, and regulations do not discriminate on the basis of race, religion, color, sex, sexual orientation, gender identity, or national origin.

1996, cc. [905](#), [1046](#), § 23-50.16:9; 2016, c. [588](#); 2020, c. [1137](#).

**§23.1-2406. Additional powers of the Authority; police.**

A. The Authority may adopt and enforce reasonable policies, procedures, and regulations governing (i) access to, conduct in or on, and use of its property and facilities and the surrounding streets, sidewalks, and other public areas and (ii) other matters affecting the safety and security of Authority property and individuals using or occupying Authority property. Such policies, procedures, and regulations have the force and effect of law (a) after publication one time in full in a newspaper of general circulation in the locality where the affected property is located and (b) when posted where the individuals using such property may conveniently see them.

B. The campus police department of the University, established in accordance with the provisions of Article 3 (§ [23.1-809](#) et seq.) of Chapter 8, may enforce on Authority property the laws of the Commonwealth and policies and regulations adopted pursuant to subsection A. To the extent that such police services are not provided by the University, the Authority may establish a police department in accordance with the provisions of Chapter 8, except that the employment of such personnel by the Authority is not subject to the Virginia Personnel Act (§ [2.2-2900](#) et seq.).

1996, cc. [905](#), [1046](#), § 23-50.16:10; 2016, c. [588](#).

**§23.1-2407. Public purpose.**

The exercise of the powers granted by this chapter is in all respects for the benefit of the inhabitants of the Commonwealth and the promotion of their safety, health, welfare, knowledge, convenience, and prosperity. No part of the assets or net earnings of the Authority shall inure to the benefit of or be distributable to any private individual, except that reasonable compensation may be paid for services rendered to or for the Authority affecting one or more of its purposes, and benefits may be conferred that are in conformity with its purposes. No private individual is entitled to share in the distribution of any of the corporate assets upon dissolution of the Authority.

1996, cc. [905](#), [1046](#), § 23-50.16:15; 2016, c. [588](#).

**§23.1-2408. Moneys of the Authority.**

A. All moneys of the Authority derived from any source shall be paid to the treasurer of the Authority. Such moneys shall be deposited in the first instance by the treasurer in one or more banks or trust companies, in one or more special accounts. All banks and trust companies may give security for such deposits, if required by the Authority. The moneys in such accounts shall be paid out on the warrant or other orders of the treasurer of the Authority or such other person as the Authority may authorize to execute such warrants or orders.

B. Notwithstanding any provision of law to the contrary, the Authority may invest its operating funds in any obligations or securities that are considered legal investments for public funds in accordance with the Investment of Public Funds Act (§ [2.2-4500](#) et seq.). The board shall adopt written investment guidelines and retain an independent investment advisory firm or consultant to review at least every five years the suitability of the Authority's investments and the consistency of such investments with the investment guidelines.

1996, cc. [905](#), [1046](#), § 23-50.16:14; 2016, c. [588](#); 2017, c. [314](#).

**§23.1-2409. Grants and loans from localities.**

Localities may lend or donate money or other property to the Authority for any of the Authority's purposes. The local governing body making the grant or loan may restrict the use of such grants or loans to a specific project within or outside that locality.

1996, cc. [905](#), [1046](#), § 23-50.16:11; 2016, c. [588](#); 2017, c. [314](#).

**§23.1-2410. Audit.**

A. The Authority shall select through a process of competitive negotiation either (i) the Auditor of Public Accounts or his legally authorized representatives or (ii) a certified public accounting firm to annually audit the Authority's accounts.

B. The Authority shall distribute copies of the annual audit to the Governor and the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance and Appropriations.

C. The Auditor of Public Accounts and his legally authorized representatives may examine the accounts and books of the Authority; however, the Authority is not a state or governmental agency, advisory agency, public body or agency, or instrumentality for purposes of Chapter 14 (§ [30-130](#) et seq.) of Title 30.

D. The Authority is subject to periodic external review under the provisions of the Legislative Program Review and Evaluation Act (§ [30-65](#) et seq.).

1996, cc. [905](#), [1046](#), § 23-50.16:8; 2016, c. [588](#).

**§23.1-2411. Exemption from taxation.**

A. The Authority is not required to pay any taxes or assessments upon any (i) project, property, or operations of the Authority or the income from such projects, property, or operations or (ii) project, property, or local obligation acquired or used by the Authority under the provisions of this chapter or the income from such projects, property, or local obligations. Such exemptions shall not extend to persons conducting businesses on the Authority's property for which payment of state or local taxes would otherwise be required.

B. Any bonds issued by the Authority under the provisions of this chapter, the transfer of such bonds, and the income from such bonds and all rents, fees, charges, gifts, grants, revenues, receipts, and other moneys received or pledged to pay or secure the payment of such bonds are exempt from taxation and assessment of every kind by the Commonwealth and by the local governing bodies and other political subdivisions of the Commonwealth.

1996, cc. [905](#), [1046](#), § 23-50.16:16; 2016, c. [588](#).

**§23.1-2412. Transfer of existing hospital facilities.**

A. The University may lease, convey, or otherwise transfer to the Authority any or all assets and liabilities appearing on the balance sheet of MCV Hospitals and any or all of the hospital facilities, except real estate that may be leased to the Authority for a term not to exceed 99 years, upon such terms as may be approved by the University.

B. Any transfer of hospital facilities pursuant to subsection A is conditioned upon the existence of a binding agreement between the University and the Authority:

1. That requires the Authority to assume, directly or indirectly, hospital obligations that are directly relating to the hospital facilities or any part of the hospital facilities that are transferred, including rentals as provided in subsection C or a combination of rentals and other obligations in the case of a lease of hospital facilities;

2. That provides that, effective on the transfer date, the Authority shall assume responsibility for, defend, indemnify, and hold harmless the University and its officers and directors with respect to:

a. All liabilities and duties of the University pursuant to contracts, agreements, and leases for commodities, services, and supplies used by MCV Hospitals, including property leases;

b. All claims relating to the employment relationship between employees of the Authority and the University on and after the transfer date;

c. All claims for breach of contract resulting from the Authority's action or failure to act on and after the transfer date;

d. All claims relating to the Authority's errors and omissions, including medical malpractice, directors' and officers' liability, workers' compensation, automobile liability, premises liability, completed operations liability, and products liability resulting from the Authority's action or failure to act on and after the transfer date; and

3. By which the Authority shall accept and agree to abide by provisions that ensure the continued support of the education, research, patient care, and public service missions of MCV Hospitals, including:

a. A requirement that the Authority continue to provide emergency and inpatient indigent care services on the MCV campus of the University in locations including downtown Richmond; and

b. A requirement that the Authority continue to act as the primary teaching facility for the Virginia Commonwealth University School of Medicine and the Health Sciences Schools of the University.

C. Any lease of hospital facilities from the University to the Authority may include a provision that requires the Authority to pay the University a rental payment for the hospital

facilities that are leased. For those hospital facilities for which rent is paid, the rent shall be at least equal to the greater of:

1. The debt service accruing during the term of the lease on all outstanding bonds issued for the purpose of financing the acquisition, construction, or improvement of the hospital facilities on which rent is paid; or
2. A nominal amount determined by the parties to be necessary to prevent the lease from being unenforceable because of a lack of consideration.

D. Any lease of hospital facilities shall include a provision that requires the Authority to continue to support the education, research, patient care, and public service missions of MCV Hospitals, including:

1. A requirement that the Authority continue to provide emergency and inpatient indigent care services on the MCV campus of the University in locations including downtown Richmond; and
2. A requirement that the Authority continue to act as the primary teaching facility for the Health Sciences Schools of the University.

E. All other agencies and officers of the Commonwealth shall take such actions as may be necessary or desirable in the judgment of the University to permit such conveyance and the full use and enjoyment of the hospital facilities, including the transfer of property of any type held in the name of the Commonwealth or an instrumentality or agency of the Commonwealth but used by the University in the operation of the hospital facilities.

F. The Authority may pay to or on behalf of the University some or all of the costs of the hospital facilities. The University may apply some or all of such proceeds to the payment or defeasance of its obligations issued to finance the hospital facilities, and the Authority may issue its bonds to finance or refinance such payment.

G. Funds held by or for the University or any of its predecessors or divisions, including funds held by the University Foundation or the MCV Foundation for the benefit of MCV Hospitals or any of its predecessors for use in operating, maintaining, or constructing hospital facilities, providing medical and health sciences education, or conducting medical or related research may be transferred, in whole or in part, to the Authority if the University or any foundation determines that the transfer is consistent with the intended use of the funds. The University may direct in writing that all or part of the money or property representing its beneficial interest under a will, trust agreement, or other donative instrument be distributed to the Authority if the University determines that such direction

furthering any of the original purposes of the will, trust agreement, or other instrument. Such a direction shall not be considered a waiver, disclaimer, renunciation, assignment, or disposition of the beneficial interest by the University. A fiduciary's distribution to the Authority pursuant to such a written direction from the University is a distribution to the University for all purposes relating to the donative instrument, and the fiduciary has no liability for distributing any money or property to the Authority pursuant to such a direction. Nothing in this section shall deprive any court of its jurisdiction to determine whether such a distribution is appropriate under its *cy pres* powers or otherwise.

H. The Authority shall not operate any hospital pursuant to this section prior to execution of the lease and agreement required by this section and such other agreements as may be necessary or convenient in the University's judgment to provide for the transfer of the operations of the hospital facilities to the Authority, unless and to the extent that the University approves otherwise.

I. The University may assign and the Authority may accept the rights and assume the obligations under any contract or other agreement of any type relating to financing or operating the hospital facilities. Upon evidence that such assignment and acceptance has been made, all agencies and instrumentalities of the Commonwealth shall consent to such assignment and accept the substitution of the Authority for the University as a party to such agreement to the extent that the University's obligations under such agreement relate to the ownership, operation, or financing of the hospital facilities. Indebtedness previously incurred by the Commonwealth, the Virginia Public Building Authority, the Virginia College Building Authority, and any other agency or instrumentality of the Commonwealth to finance the hospital facilities may continue to remain outstanding after the transfer and assignment of such agreement by the University to the Authority.

J. The transfer of the hospital facilities from the University to the Authority does not require a certificate of public need pursuant to Article 1.1 (§ [32.1-102.1](#) et seq.) of Chapter 4 of Title 32.1. All licenses, permits, certificates of public need, or other authorizations of the Commonwealth, any agency of the Commonwealth, or any locality held by the University in connection with the ownership or operation of the hospital facilities are transferred without further action to the Authority to the extent that the Authority undertakes the activity permitted by such authorizations. All agencies and officers of the Commonwealth and all localities shall confirm such transfer by the issuance of new or amended licenses, permits, certificates of public need, or other authorizations upon the request of the University and the Authority.

K. If for any reason the Authority cannot replace the University as a party to any agreement in connection with the financing, ownership, or operation of the hospital facilities, the Authority and the University may require the Authority to act as agent for the University in carrying out its obligations under such agreement or receiving the benefits under such agreement, or both.

1996, cc. [905](#), [1046](#), §§ 23-50.16:17, 23-50.16:20, 23-50.16:21, 23-50.16:22, 23-50.16:23; 2016, c. [588](#).

#### **§23.1-2413. Capital projects.**

A. All capital projects of the Authority shall be approved by the board. Within 30 days after approval of any capital project in excess of \$5 million, the board shall notify the House Appropriations and Senate Finance Committees of the scope, cost, and construction schedule of the proposed capital project. The board may undertake the project unless either Committee raises objections within 30 days of the notification, in which case the Authority shall not undertake the project until such objections are resolved.

B. Before the Authority materially increases the size or materially changes the scope of any capital project for which construction has commenced, such project shall be approved again by the board in accordance with subsection A and, in the case of any capital project in excess of \$5 million, presented again to the House Appropriations and Senate Finance Committees in accordance with subsection A.

C. Notwithstanding any provision of law to the contrary, the Authority is not subject to any further process or procedure that requires the submission, review, or approval of any capital project; however, the Authority shall ensure that Building Officials and Code Administrators (BOCA) Code or any successor code and fire safety inspections are conducted for any capital project and that such projects are inspected by the State Fire Marshal or his designee prior to certification for building occupancy.

1996, cc. [905](#), [1046](#), § 23-50.16:18; 2016, c. [588](#); 2017, c. [314](#).

#### **§23.1-2414. Leases of property.**

Leases of real property that the Authority enters into are exempt from the provisions of § [2.2-1149](#) and from any policies, regulations, and guidelines of the Division of Engineering and Buildings.

1996, cc. [905](#), [1046](#), § 23-50.16:19; 2016, c. [588](#).

#### **§23.1-2415. Employees of the Authority.**

A. Employees of the Authority shall be employed on such terms and conditions as established by the Authority. The board shall develop and adopt policies and procedures that afford its employees grievance rights, ensure that employment decisions are based upon the merit and fitness of applicants, and prohibit discrimination on the basis of race, religion, color, sex, sexual orientation, gender identity, or national origin.

B. The Authority shall issue a written notice to all individuals whose employment is transferred to the Authority. The date upon which such written notice is issued is referred to in this section as the "Option Date." Each individual whose employment is transferred to the Authority may, by written request made within 180 days of the Option Date, elect not to become employed by the Authority. Any employee of MCV Hospitals who (i) elects not to become employed by the Authority; (ii) is not reemployed by any department, institution, board, commission, or agency of the Commonwealth; (iii) is not offered alternative employment by the Authority; (iv) is not offered a position with the Authority for which the employee is qualified; or (v) is offered a position by the Authority that requires relocation or a reduction in salary is eligible for the severance benefits conferred by the provisions of the Workforce Transition Act (§ [2.2-3200](#) et seq.). Any employee who accepts employment with the Authority has voluntarily separated from state employment and is not eligible for the severance benefits conferred by the provisions of the Workforce Transition Act.

C. Without limiting its power generally with respect to employees, the Authority may employ any University employee utilized in the operation of the hospital facilities and assume obligations under any employment agreement for such employee, and the University may assign any such contract to the Authority.

D. The Authority and the University may enter into agreements providing for the purchase of services of University employees utilized in the operation of the hospital facilities by paying agreed-upon amounts to cover all or part of the salaries and other costs of such employees.

E. Notwithstanding any other provision of law to the contrary, any employee whose employment is transferred to the Authority as a result of this chapter and who is a member of any plan for providing health insurance coverage pursuant to Chapter 28 (§ [2.2-2800](#) et seq.) of Title 2.2 shall continue to be a member of such health insurance plan under the same terms and conditions of such plan.

F. Notwithstanding subsection A of § [2.2-2818](#), the costs of providing health insurance coverage to employees who elect to continue to be members of the state employees' health insurance plan shall be paid by the Authority.

G. Any employee of the Authority may elect to become a member of any health insurance plan established by the Authority. The Authority may (i) establish a health insurance plan for the benefit of its employees, residents, and interns and (ii) enter into an agreement with the Department of Human Resource Management providing for the coverage of its employees, interns, and residents under the state employees' health insurance plan, provided that such agreement requires the Authority to pay the costs of providing health insurance coverage under such plan.

H. Notwithstanding any other provision of law to the contrary, any employee whose employment is transferred to the Authority as a result of this chapter and who is a member of the Virginia Retirement System or another retirement plan as authorized by Article 4 (§ [51.1-125](#) et seq.) of Chapter 1 of Title 51.1 shall continue to be a member of the Virginia Retirement System or such other authorized retirement plan under the same terms and conditions of such plan. Any such employee and any employee employed by the Authority between July 1, 1997, and June 30, 1998, who elected to be covered by the Virginia Retirement System may elect, during an open enrollment period from April 1, 2001, through April 30, 2001, to become a member of the retirement plan established by the Authority for the benefit of its employees pursuant to § [23.1-2416](#) by transferring assets equal to the actuarially determined present value of the accrued basic benefit as of the transfer date. The Authority shall reimburse the Virginia Retirement System for the actual cost of actuarial services necessary to determine the present value of the accrued basic benefit of employees who elect to transfer to the Authority's retirement plan. The following rules shall apply to such transfers:

1. With respect to any transferred employee who elects to remain a member of the Virginia Retirement System or another authorized retirement plan, the Authority shall collect and pay all employee and employer contributions to the Virginia Retirement System or such other authorized retirement plan for retirement in accordance with the provisions of Chapter 1 (§ [51.1-124.1](#) et seq.) of Title 51.1 for such transferred employees.

2. Transferred employees who elect to become members of the retirement plan established by the Authority for the benefit of its employees shall be given full credit for their creditable service as defined in § [51.1-124.3](#), vesting and benefit accrual under the retirement plan established by the Authority. For any such employee, employment with the

Authority shall be treated as employment with any nonparticipating employer for purposes of the Virginia Retirement System or other retirement plan as authorized by Article 4 (§ [51.1-125](#) et seq.) of Chapter 1 of Title 51.1.

3. For transferred employees who elect to become members of the retirement plan established by the Authority, the Virginia Retirement System or other such authorized plan shall transfer to the retirement plan established by the Authority assets equal to the actuarially determined present value of the accrued basic benefit as of the transfer date. For the purposes of such calculation, the basic benefit is the benefit accrued under the Virginia Retirement System or another authorized retirement plan based on creditable service and average final compensation as defined in § [51.1-124.3](#) and determined as of the transfer date. The actuarial present value shall be determined on the same basis, using the same actuarial factors and assumptions used in determining the funding needs of the Virginia Retirement System or such other authorized retirement plan so that the transfer of assets to the retirement plan established by the Authority has no effect on the funded status and financial stability of the Virginia Retirement System or other such authorized retirement plan.

1996, cc. [905](#), [1046](#), § 23-50.16:24; 1998, c. [449](#); 2000, cc. [66](#), [657](#); 2012, cc. [803](#), [835](#); 2016, c. [588](#); 2017, c. [314](#); 2020, c. [1137](#).

**§23.1-2416. Retirement benefits for employees of the Authority.**

A. The Authority may establish and determine the effective date of one or more retirement plans covering in whole or in part its employees, including employees who, prior to the effective date of any plan established pursuant to this section, participated in any plan established pursuant to § [51.1-126](#) or [51.1-126.1](#) or former § 51.1-126.2. The Authority may make contributions for the benefit of its employees who elect to participate in such plan or arrangement rather than in any other retirement system established by Chapter 1 (§ [51.1-124.1](#) et seq.) of Title 51.1.

B. Except in the case of an employee of the Authority hired prior to July 1, 1998, who made an irrevocable election to participate in the retirement plan established by Chapter 1 (§ [51.1-124.1](#) et seq.) of Title 51.1 or any plan previously established by the Authority in accordance with guidelines established by the Authority, each eligible employee of the Authority shall participate in a plan established by the Authority pursuant to subsection A.

C. No employee of the Authority who is an active member of a plan established pursuant to subsection A shall also be an active member of the retirement system established

pursuant to Chapter 1 (§ [51.1-124.1](#) et seq.) of Title 51.1 or a beneficiary of such retirement system other than as a contingent annuitant.

D. Notwithstanding any other provision of law to the contrary, the contribution by the Authority to any other retirement plan established pursuant to subsection A on behalf of employees of the Authority hired before July 1, 1998, shall be equal to the lesser of (i) the contribution the Commonwealth would be required to make if the employee were a member of the retirement system established by Chapter 1 (§ [51.1-124.1](#) et seq.) of Title 51.1 or (ii) eight percent of creditable compensation. The contribution by the Authority to any retirement plan established pursuant to subsection A on behalf of employees of the Authority hired on or after July 1, 1998, shall be determined by the board.

E. If the University has adopted a retirement plan under § [51.1-126](#) for its employees who are engaged in the performance of teaching, administrative, or research duties, the plan established by the Authority pursuant to subsection A shall offer similar investment opportunities as are available to the participants of the plan established pursuant to § [51.1-126](#).

F. The Authority shall develop policies and procedures for the administration of any retirement plan established by the Authority pursuant to subsection A. A copy of such policies and procedures shall be filed with the Board of Trustees of the Virginia Retirement System.

1998, c. [449](#), § 23-50.16:24.1; 2016, c. [588](#).

### **§23.1-2417. Insurance for employees of the Authority.**

The Authority shall purchase group life, accidental death and dismemberment, and disability insurance policies covering in whole or in part its employees. Authority employees are not required to present at their own expense evidence of insurability satisfactory to an insurance company for basic group life insurance coverage. Any employee hired prior to July 1, 1998, shall be provided basic group life insurance at the same level of coverage as provided by the Virginia Retirement System. Any employee hired on or after July 1, 1998, shall be provided basic group life insurance at a level of coverage determined by the board that is not less than the equivalent of the employee's annual salary. The Authority may require employees hired on or after July 1, 1998, to pay all or a portion of the required basic group life insurance coverage. Such payment may be collected through a payroll deduction program. The Authority may increase the insurance coverage under such policies to make available to active insured employees optional life, accidental death and dismemberment, and disability insurance. Authority employees are

not covered by the Virginia Retirement System's group insurance program under § [51.1-501](#).

1998, c. [449](#), § 23-50.16:24.2; 2016, c. [588](#).

**§23.1-2418. Power to issue bonds.**

A. The Authority may issue bonds for any of its purposes, including (i) financing or refinancing all or any part of its programs or general operations; (ii) costs of any project, including the hospital facilities, whether or not owned by the Authority; or (iii) to refund bonds or other obligations issued by or on behalf of the Authority, the University, or otherwise, including bonds or obligations not then subject to redemption. The Authority may guarantee, assume, or otherwise agree to pay, in whole or in part, indebtedness issued by the University or any other party resulting in the acquisition or construction of facilities for the benefit of the Authority or the refinancing of such indebtedness.

B. Notwithstanding Article 1 (§ [2.2-1800](#) et seq.) of Chapter 18 of Title 2.2, bonds may be issued under the provisions of this chapter without (i) obtaining the consent of any commission, board, bureau, political subdivision, or agency of the Commonwealth or (ii) any proceedings, conditions, or things other than those proceedings, conditions, or things that are specifically required by this chapter; however, each debt offering shall be submitted to the State Treasurer sufficiently prior to the sale of such offering to allow the State Treasurer to undertake a review for the sole purposes of determining (a) whether the offering may constitute tax-supported debt of the Commonwealth and (b) the potential impact of the offering on the debt capacity of the Commonwealth. After such review, the State Treasurer shall determine if the offering constitutes tax-supported debt of the Commonwealth and the potential impact of the offering on the debt capacity of the Commonwealth. If the State Treasurer determines that the debt offering may constitute tax-supported debt of the Commonwealth or may have an adverse impact on the debt capacity of the Commonwealth, then the debt offering shall be submitted to the Treasury Board for review and approval of the terms and structure of the offering in a manner consistent with § [2.2-2416](#).

C. The Authority may issue bonds payable as to principal and interest from any of the following sources: (i) its revenues generally; (ii) income and revenues derived from the operation, sale, or lease of a particular project or projects, whether or not they are financed or refinanced from the proceeds of such bonds; (iii) funds realized from the enforcement of security interests or other liens or obligations securing such bonds; (iv) proceeds from the sale of bonds; (v) payments under letters of credit, policies of

municipal bond insurance, guarantees, or other credit enhancements; (vi) any reserve or sinking funds created to secure such payment; (vii) accounts receivable of the Authority; or (viii) other available funds of the Authority.

D. Any bonds may be guaranteed by or secured by a pledge of any grant, contribution, or appropriation from a participating political subdivision, the University, the Commonwealth or any political subdivision, agency, or instrumentality of the Commonwealth or from any federal agency or any unit, private corporation, partnership, association, or individual.

1996, cc. [905](#), [1046](#), § 23-50.16:25; 2016, c. [588](#).

**§23.1-2419. Liability on bonds.**

No member of the board; officer, employee, or agent of the Authority; or person executing bonds of the Authority is liable personally on the bonds by reason of issuing or executing such bonds. Bonds of the Authority are not a debt of the Commonwealth or any political subdivision of the Commonwealth other than the Authority and shall so state on their face. Neither the Commonwealth nor any political subdivision of the Commonwealth other than the Authority is liable for payment of bonds of the Authority, nor shall such bonds be payable out of any funds or properties of the Commonwealth or any political subdivision of the Commonwealth other than those of the Authority, except as permitted by § [23.1-2418](#). Bonds of the Authority are issued for an essential public and governmental purpose.

1996, cc. [905](#), [1046](#), § 23-50.16:26; 2016, c. [588](#).

**§23.1-2420. Form of bonds.**

A. Bonds of the Authority shall (i) be authorized by resolution setting forth the maximum principal amount issuable, (ii) be dated, and (iii) mature not more than 40 years from their date and may be (a) issued in one or more series and (b) made redeemable or subject to tender before maturity, at the option of the Authority, at such price or under such terms and conditions as may be fixed by the Authority or its agents prior to issuance.

B. Bonds of the Authority shall bear interest payable at such times and rates and in such manner as the Authority or its agents may determine, including rates approved by officers of the Authority under authorization of the board, rates tied to indices, rates of other securities, or other standards and determinations by agents designated by the Authority under guidelines established by the Authority.

C. The Authority shall determine the form, manner of execution, and denominations of its bonds and the place of payment of principal and interest, which may be at any bank or trust company or securities depository within or outside the Commonwealth. The bonds may be issued in coupon or registered form, or both, and provision may be made for their registration in whole or in part. Bonds issued in registered form may be issued under a system of book-entry for recording the ownership and transfer of ownership of rights to receive payments on the bonds.

D. If any officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to hold such office before delivery of such bond, such signature or facsimile is nevertheless valid and sufficient for all purposes.

E. The Authority may contract for the services of one or more banks, trust companies, financial institutions, or other entities or persons within or outside the Commonwealth for the authentication, registration, transfer, exchange, and payment of bonds or provide such services itself. The Authority may sell such bonds at public or private sale and for such price as it determines.

F. Notwithstanding any other provision of this chapter or any recitals in any bonds issued under the provisions of this chapter, all such bonds are negotiable instruments under the laws of the Commonwealth.

G. Prior to the preparation of definitive bonds, the Authority may issue interim receipts or temporary bonds that are exchangeable for definitive bonds when such bonds are executed and available for delivery.

H. The Authority may provide for the replacement of any mutilated, destroyed, stolen, or lost bonds.

1996, cc. [905](#), [1046](#), § 23-50.16:27; 2016, c. [588](#).

**§23.1-2421. Trust indentures and mortgages; security for the bonds.**

A. Any bond issued under this chapter may be issued pursuant to or secured by (i) a trust indenture, deed of trust, or mortgage of any project or other property of the Authority, whether or not financed in whole or in part from the proceeds of such bonds; (ii) a trust or other agreement with a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the Commonwealth or another agent for bondholders; or (iii) any combination of issuance or security set forth in clause (i) or (ii). Any such trust indenture or other agreement, or the resolution providing for the issuance of bonds, may pledge or assign fees, rents, and other charges to be received and

contain reasonable, proper, and lawful provisions for protecting and enforcing the rights and remedies of the bondholders, including covenants (a) providing for the collection and application of revenues and the repossession and sale of any project or other property by the Authority or any trustees under any trust indenture or agreement upon default; (b) setting forth duties of the Authority in relation to the acquisition, construction, maintenance, operation, and insurance of any project or other property of the Authority and the amount of fees, rents, and other charges to be charged; (c) providing for the collection of such fees, rents, and other charges and the custody, safeguarding, and application of all moneys of the Authority; (d) providing for the creation of sinking funds and the creation and maintenance of reserves; and (e) setting forth conditions or limitations with respect to incurring indebtedness or granting mortgages or other liens. Such trust indenture, trust, or other agreement or resolution may set forth the rights and remedies of the bondholders, trustee, or other agent for bondholders and restrict the individual right of action by bondholders.

B. The Authority may grant mortgages, deeds of trust, security interests, and other liens on its real and personal property, including its accounts receivable, to secure bonds. All pledges of revenues of the Authority for payment of bonds are valid and binding from the time the pledge is made. The revenues pledged and received by the Authority are subject immediately to the lien of such pledge without any physical delivery of such pledge or further act. The lien of any such pledge is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the Authority whether or not such parties have notice of the lien. The Authority may provide for the recording or filing of any mortgage, deed of trust, security interest, other lien, financing statement, or other instrument necessary or desirable to create, perfect, or evidence any lien created pursuant to this chapter.

C. It is lawful for any bank or trust company within or outside the Commonwealth to (i) serve as depository of the proceeds of bonds or other revenues of the Authority, (ii) furnish indemnifying bonds, or (iii) pledge such securities as may be required by the Authority.

D. All expenses incurred in carrying out the provisions of such trust indenture, agreement, resolution, or other agreements relating to any project, including those to which the Authority may not be a party, may be treated as a part of the costs of a project.

1996, cc. [905](#), [1046](#), § 23-50.16:28; 2016, c. [588](#).

**§23.1-2422. Remedies of obligees of Authority.**

Except to the extent that the rights granted by this chapter may be restricted by such trust indenture or trust or other agreement, any (i) holder of bonds or coupons issued under the provisions of this chapter and (ii) trustee or other agent for bondholders under any trust indenture or trust or other agreement may, either at law or in equity, by suit, action, injunction, mandamus, or other proceedings, (a) protect and enforce any and all rights granted by this chapter or under the laws of the Commonwealth, such trust indenture, trust, or other agreement, or the resolution authorizing the issuance of such bonds and (b) enforce and compel the Authority or any agent or officer of the Authority to perform all duties required by this chapter or such trust indenture, trust, or other agreement or resolution, including the fixing, charging, and collecting of fees, rents, and other charges.

1996, cc. [905](#), [1046](#), § 23-50.16:29; 2016, c. [588](#).

#### **§23.1-2423. Bonds to be legal investments.**

Bonds issued by the Authority under the provisions of this chapter are securities (i) in which all public officers and public bodies of the Commonwealth and its political subdivisions, insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them and (ii) that may properly and legally be deposited with and received by any state officer or officer of a locality or agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is authorized by law.

1996, cc. [905](#), [1046](#), § 23-50.16:30; 2016, c. [588](#).

#### **§23.1-2424. Existing bonds.**

The Authority may assume or agree to make payments in amounts sufficient for the University to pay some or all of the hospital obligations incurred under resolutions previously adopted by the University with respect to the hospital facilities and may issue bonds to refund bonds issued under such resolutions or refinance such payment obligations. If the Authority assumes all hospital obligations under any such bond resolution and operates substantially all of the hospital facilities financed or refinanced by such bond resolution, the University, State Treasurer, Virginia Public Building Authority, and Virginia College Building Authority shall take such steps as are appropriate to provide for the substitution of the Authority for the University under such resolution and transfer to the Authority any funds payable to the University under the terms of such resolution.

1996, cc. [905](#), [1046](#), § 23-50.16:31; 2016, c. [588](#).

#### **§23.1-2425. Confidential and public information.**

A. The Authority is subject to the provisions of the Virginia Freedom of Information Act (§ [2.2-3700](#) et seq.), including the exclusions set forth in subdivision 14 of § [2.2-3705.7](#) and subdivision A 23 of § [2.2-3711](#).

B. For purposes of the Virginia Freedom of Information Act (§ [2.2-3700](#) et seq.), meetings of the board are not considered meetings of the board of visitors of the University. Meetings of the board may be conducted through electronic communication means as provided in § [2.2-3708.3](#).

1996, cc. [905](#), [1046](#), § 23-50.16:32; 1998, c. [449](#); 1999, cc. [703](#), [726](#); 2004, c. [690](#); 2007, c. [945](#); 2016, c. [588](#); 2017, c. [778](#); 2018, c. [55](#); 2022, c. [597](#).

#### **§23.1-2426. Chapter liberally construed.**

This chapter shall constitute full and complete authority, without regard to the provisions of any other law, for the performance of acts authorized in the chapter and shall be liberally construed to effect the purposes of the chapter. Insofar as the provisions of this chapter are inconsistent with the provisions of any other general, specific, or local law, the provisions of this chapter control.

1996, cc. [905](#), [1046](#), § 23-50.16:33; 2016, c. [588](#).

#### **§23.1-2427. Exemptions.**

The provisions of the Virginia Personnel Act (§ [2.2-2900](#) et seq.), the Workforce Transition Act (§ [2.2-3200](#) et seq.), the Administrative Process Act (§ [2.2-4000](#) et seq.), and the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.) do not apply to the Authority in its exercise of any power conferred to it under this chapter.

1996, cc. [905](#), [1046](#), § 23-50.16:34; 2016, c. [588](#).

#### **§23.1-2428. Assets of Authority; reversion to University.**

Upon dissolution of the Authority, all assets of the Authority, after satisfaction of creditors, shall revert to the University.

1996, cc. [905](#), [1046](#), § 23-50.16:35; 2016, c. [588](#).

## **Virginia Communications Sales and Use Tax**

#### **§58.1-645. Short title.**

This chapter shall be known and may be cited as the "Virginia Communications Sales and Use Tax Act."

2006, c. [780](#).

**§58.1-646. Administration of chapter.**

The Tax Commissioner shall administer and enforce the collection of the taxes and penalties imposed by this chapter.

2006, c. [780](#).

**§58.1-647. Definitions.**

Terms used in this chapter shall have the same meanings as those used in Chapter 6 of this title, unless defined otherwise, as follows:

"Cable service" means the one-way transmission to subscribers of (i) video programming as defined in 47 U.S.C. § 522 (20) or (ii) other programming service, and subscriber interaction, if any, which is required for the selection of such video programming or other programming service. Cable service does not include any video programming provided by a commercial mobile service provider as defined in 47 U.S.C. § 332 (d) and any direct-to-home satellite service as defined in 47 U.S.C. § 303 (v).

"Call-by-call basis" means any method of charging for telecommunications services where the price is measured by individual calls.

"Coin-operated communications service" means a communications service paid for by means of inserting coins in a coin-operated telephone.

"Communications services" means the electronic transmission, conveyance, or routing of voice, data, audio, video, or any other information or signals, including cable services, to a point or between or among points, by or through any electronic, radio, satellite, cable, optical, microwave, or other medium or method now in existence or hereafter devised, regardless of the protocol used for the transmission or conveyance. The term includes, but is not limited to, (i) the connection, movement, change, or termination of communications services; (ii) detailed billing of communications services; (iii) sale of directory listings in connection with a communications service; (iv) central office and custom calling features; (v) voice mail and other messaging services; and (vi) directory assistance.

"Communications services provider" means every person who provides communications services to customers in the Commonwealth and is or should be registered with the Department as a provider.

"Cost price" means the actual cost of the purchased communications service computed in the same manner as the sales price.

"Customer" means the person who contracts with the seller of communications services. If the person who utilizes the communications services is not the contracting party, the person who utilizes the services on his own behalf or on behalf of an entity is the customer of such service. "Customer" does not include a reseller of communications services or the mobile communications services of a serving carrier under an agreement to serve the customer outside the communications service provider's licensed service area.

"Customer channel termination point" means the location where the customer either inputs or receives the private communications service.

"Information service" means the offering of a capability for generating, acquiring, storing, transforming, processing, retrieving, using, or making available information via communications services for purposes other than the electronic transmission, conveyance, or routing.

"Internet access service" means a service that enables users to access content, information, electronic mail, or other services offered over the Internet, and may also include access to proprietary content, information, and other services as part of a package of services offered to users. "Internet access service" does not include telecommunications services, except to the extent telecommunications services are purchased, used, or sold by a provider of Internet access to provide Internet access.

"Place of primary use" means the street address representative of where the customer's use of the communications services primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile communications services, the place of primary use shall be within the licensed service area of the home service provider.

"Postpaid calling service" means the communications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, debit card, or by a charge made to a telephone number that is not associated with the origination or termination of the communications service.

"Prepaid calling service" means the right to access exclusively communications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars that decrease in number with use.

"Private communications service" means a communications service that entitles the customer or user to exclusive or priority use of a communications channel or group of channels between or among channel termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations, and any other associated services that are provided in connection with the use of such channel or channels.

"Retail sale" or a "sale at retail" means a sale of communications services for any purpose other than for resale or for use as a component part of or for the integration into communications services to be resold in the ordinary course of business.

"Sales price" means the total amount charged in money or other consideration by a communications services provider for the sale of the right or privilege of using communications services in the Commonwealth, including any property or other services that are part of the sale. The sales price of communications services shall not be reduced by any separately identified components of the charge that constitute expenses of the communications services provider, including but not limited to, sales taxes on goods or services purchased by the communications services provider, property taxes, taxes measured by net income, and universal-service fund fees.

"Service address" means, (i) the location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid. If the location is not known in clause (i), "service address" means (ii) the origination point of the signal of the telecommunications system or in information received by the seller from its service provider, where the system used to transport such signals is not that of the seller. If the location is not known in clauses (i) and (ii), the service address means (iii) the location of the customer's place of primary use.

2006, c. [780](#).

**§58.1-648. Imposition of sales tax; exemptions.**

A. Beginning January 1, 2007, there is levied and imposed, in addition to all other taxes and fees of every kind imposed by law, a sales or use tax on the customers of communications services in the amount of 5% of the sales price of each communications service that is sourced to the Commonwealth in accordance with § [58.1-649](#).

B. The sales price on which the tax is levied shall not include charges for any of the following: (i) an excise, sales, or similar tax levied by the United States or any state or local government on the purchase, sale, use, or consumption of any communications service that is permitted or required to be added to the sales price of such service, if the tax is stated separately; (ii) a fee or assessment levied by the United States or any state or local government, including but not limited to, regulatory fees and emergency telephone surcharges, that is required to be added to the price of service if the fee or assessment is separately stated; (iii) coin-operated communications services; (iv) sale or recharge of a prepaid calling service; (v) provision of air-to-ground radiotelephone services, as that term is defined in 47 C.F.R. § 22.99; (vi) a communications services provider's internal use of communications services in connection with its business of providing communications services; (vii) charges for property or other services that are not part of the sale of communications services, if the charges are stated separately from the charges for communications services; (viii) sales for resale; (ix) charges for communications services to the Commonwealth, any political subdivision of the Commonwealth, and the federal government and any agency or instrumentality of the federal government; and (x) charges for communications services to any customers on any federal military bases or installations when a franchise fee or similar fee for access is payable to the federal government, or any agency or instrumentality thereof, with respect to the same communications services.

C. Communications services on which the tax is hereby levied shall not include the following: (i) information services; (ii) installation or maintenance of wiring or equipment on a customer's premises; (iii) the sale or rental of tangible personal property; (iv) the sale of advertising, including but not limited to, directory advertising; (v) bad check charges; (vi) billing and collection services; (vii) Internet access service, electronic mail service, electronic bulletin board service, or similar services that are incidental to Internet access, such as voice-capable e-mail or instant messaging; (viii) digital products delivered electronically, such as software, downloaded music, ring tones, and reading materials; and (ix) over-the-air radio and television service broadcast without charge by an entity licensed for such purposes by the Federal Communications Commission. Also, those entities exempt from the tax imposed in accordance with the provisions of Article 4 (§

[58.1-3812](#) et seq.) of Chapter 38 of Title 58.1, in effect on January 1, 2006, shall continue to be exempt from the tax imposed in accordance with the provisions of this chapter.

2006, c. [780](#); 2007, c. [811](#).

**§58.1-649. Sourcing rules for communication services.**

A. Except for the defined communication services in subsection C, the sale of communications service sold on a call-by-call basis shall be sourced to the Commonwealth when the call (i) originates and terminates in the Commonwealth or (ii) either originates or terminates in the Commonwealth and the service address is also located in the Commonwealth.

B. Except for the defined communication services in subsection C, a sale of communication services sold on a basis other than a call-by-call basis, shall be sourced to the customer's place of primary use.

C. The sale of the following communication services shall be sourced to the Commonwealth as follows:

1. Subject to the definitions and exclusions of the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. § 116, a sale of mobile communication services shall be sourced to the customer's place of primary use.

2. A sale of postpaid calling service shall be sourced to the origination point of the communications signal as first identified by either (i) the seller's communications system, or (ii) information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

3. A sale of a private communications service shall be sourced as follows:

a. Service for a separate charge related to a customer channel termination point shall be sourced to each jurisdiction in which such customer channel termination point is located;

b. Service where all customer termination points are located entirely within one jurisdiction shall be sourced to such jurisdiction in which the customer channel termination points are located;

c. Service for segments of a channel between two customer channel termination points located in different jurisdictions and which segments of a channel are separately charged shall be sourced 50% to each jurisdiction in which the customer channel termination points are located; and

d. Service for segments of a channel located in more than one jurisdiction and which segments are not separately billed shall be sourced in each jurisdiction based on a percentage determined by dividing the number of customer channel termination points in each jurisdiction by the total number of customer channel termination points.

2006, c. [780](#).

**§58.1-650. Bundled transaction of communications services.**

A. For purposes of this chapter, a bundled transaction of communications services includes communications services taxed under this chapter and consists of distinct and identifiable properties, services, or both, sold for one nonitemized charge for which the tax treatment of the distinct properties and services is different.

B. In the case of a bundled transaction described in subsection A, if the charge is attributable to services that are taxable and services that are nontaxable, the portion of the charge attributable to the nontaxable services shall be subject to tax unless the communications services provider can reasonably identify the nontaxable portion from its books and records kept in the regular course of business.

2006, c. [780](#).

**§58.1-651. Tax collectible by communication service providers; jurisdiction.**

A. The tax levied by § [58.1-648](#) shall be collectible by all persons who are communications services providers, who have sufficient contact with the Commonwealth to qualify under subsection B, and who are required to be registered under § [58.1-653](#). However, the communications services provider shall separately state the amount of the tax and add that tax to the sales price of the service. Thereafter, the tax shall be a debt from the customer to the communications services provider until paid and shall be recoverable at law in the same manner as other debts.

B. A communications services provider shall be deemed to have sufficient activity within the Commonwealth to require registration if he does any of the activities listed in § [58.1-612](#).

C. Nothing contained in this chapter shall limit any authority that the Commonwealth may enjoy under the provisions of federal law or an opinion of the United States Supreme Court to require the collection of communications sales and use taxes by any communications services provider.

2006, c. [780](#).

**§58.1-652. Customer remedy procedures for billing errors.**

If a customer believes that an amount of tax, or an assignment of place of primary use or taxing jurisdiction included on a billing is erroneous, the customer shall notify the communications service provider in writing. The customer shall include in this written notification the street address for the customer's place of primary use, the account name and number for which the customer seeks a correction, a description of the error asserted by the customer, and any other information that the communications service provider reasonably requires to process the request. Within 15 days of receiving a notice under this section in the provider's billing dispute office, the communications service provider shall review its records, within an additional 15 days, to determine the customer's taxing jurisdiction. If this review shows that the amount of tax or assignment of place of primary use or taxing jurisdiction is in error, the communications service provider shall correct the error and refund or credit the amount of tax erroneously collected from the customer for a period of up to two years. If this review shows that the amount of tax or assignment of place of primary use or taxing jurisdiction is correct, the communications service provider shall provide a written explanation to the customer. The procedures in this section shall be the first course of remedy available to customers seeking correction of assignment of place of primary use or taxing jurisdiction, or a refund of or other compensation for taxes erroneously collected by the communications service provider, and no cause of action based upon a dispute arising from such taxes shall accrue until a customer has reasonably exercised the rights and procedures set forth in this subsection.

2006, c. [780](#).

**§58.1-653. Communications services providers' certificates of registration; penalty.**

A. Every person desiring to engage in or conduct business as a communications services provider in the Commonwealth shall file with the Tax Commissioner an application for a certificate of registration.

B. Every application for a certificate of registration shall set forth the name under which the applicant transacts or intends to transact business, the location of his place of business, and such other information as the Tax Commissioner may reasonably require.

C. When the required application has been made, the Tax Commissioner shall issue to each applicant a certificate of registration. A certificate of registration is not assignable and is valid only for the person in whose name it is issued and for the transaction of the business designated therein.

D. Whenever a person fails to comply with any provision of this chapter or any rule or regulation relating thereto, the Tax Commissioner, upon a hearing after giving the

noncompliant person 30 days' notice in writing, specifying the time and place of the hearing and requiring him to show cause why his certificate of registration should not be revoked or suspended, may revoke or suspend the certificate of registration held by that person. The notice may be personally served or served by registered mail directed to the last known address of the noncompliant person.

E. Any person who engages in business as a communications services provider in the Commonwealth without obtaining a certificate of registration, or after a certificate of registration has been suspended or revoked, shall be guilty of a Class 2 misdemeanor as shall each officer of a corporation that so engages in business as an unregistered communications services provider. Each day's continuance in business in violation of this section shall constitute a separate offense.

F. If the holder of a certificate of registration ceases to conduct his business, the certificate shall expire upon cessation of business, and the certificate holder shall inform the Tax Commissioner in writing within 30 days after he has ceased to conduct business. If the holder of a certificate of registration desires to change his place of business, he shall so inform the Tax Commissioner in writing and his certificate shall be revised accordingly.

G. This section shall also apply to any person who engages in the business of furnishing any of the things or services taxable under this chapter. Moreover, it shall apply to any person who is liable only for the collection of the use tax.

2006, c. [780](#).

**§58.1-654. Returns by communications services providers; payment to accompany return.**

A. Every communications services provider required to collect or pay the sales or use tax shall, on or before the twentieth day of the month following the month in which the tax is billed, transmit to the Tax Commissioner a return showing the sales price, or cost price, as the case may be, and the tax collected or accrued arising from all transactions taxable under this chapter. In the case of communications services providers regularly keeping books and accounts on the basis of an annual period that varies from 52 to 53 weeks, the Tax Commissioner may make rules and regulations for reporting consistent with such accounting period.

A sales or use tax return shall be filed by each registered communications services provider even though the communications services provider is not liable to remit to the Tax Commissioner any tax for the period covered by the return.

B. At the time of transmitting the return required under subsection A, the communications services provider shall remit to the Tax Commissioner the amount of tax due after making appropriate adjustments for accounts uncollectible and charged off as provided in § [58.1-655](#). The tax imposed by this chapter shall, for each period, become delinquent on the twenty-first day of the succeeding month if not paid.

2006, c. [780](#).

**§58.1-655. Bad debts.**

In any return filed under the provisions of this chapter, the communications services provider may credit, against the tax shown to be due on the return, the amount of sales or use tax previously returned and paid on accounts that are owed to the communications services provider and that have been found to be worthless within the period covered by the return. The credit, however, shall not exceed the amount of the uncollected payment determined by treating prior payments on each debt as consisting of the same proportion of payment, sales tax, and other nontaxable charges as in the total debt originally owed to the communications services provider. The amount of accounts for which a credit has been taken that are thereafter in whole or in part paid to the communications services provider shall be included in the first return filed after such collection.

2006, c. [780](#).

**§58.1-656. Discount.**

For the purpose of compensating a communications services provider holding a certificate of registration under § [58.1-653](#) for accounting for and remitting the tax levied by this chapter, a communications services provider shall be allowed the following percentages of the first 3% of the tax levied by § [58.1-648](#) and accounted for in the form of a deduction in submitting his return and paying the amount due by him if the amount due was not delinquent at the time of payment.

Monthly Taxable Sales	Percentage
\$0 to \$62,500	4%
\$62,501 to \$208,000	3%
\$208,001 and above	2%

The discount allowed by this section shall be computed according to the schedule provided, regardless of the number of certificates of registration held by a communications services provider.

2006, c. [780](#).

**§58.1-657. Sales presumed subject to tax; exemption certificates; Internet access service providers.**

A. All sales are subject to the tax until the contrary is established. The burden of proving that a sale of communications services is not taxable is upon the communications services provider unless he takes from the taxpayer a certificate to the effect that the service is exempt under this chapter.

B. The exemption certificate mentioned in this section shall relieve the person who obtains such a certificate from any liability for the payment or collection of the tax, except upon notice from the Tax Commissioner that the certificate is no longer acceptable. The exemption certificate shall be signed, manually or electronically, by and bear the name and address of the taxpayer; shall indicate the number of the certificate of registration, if any, issued to the taxpayer; shall indicate the general character of the communications services sold or to be sold under a blanket exemption certificate; and shall be substantially in the form as the Tax Commissioner may prescribe.

C. In the case of a provider of Internet access service that purchases a telecommunications service to provide Internet access, the Internet access provider shall give the communications service provider a certificate of use containing its name, address and signature, manually or electronically, of an officer of the Internet access service provider. The certificate of use shall state that the purchase of telecommunications service is being made in its capacity as a provider of Internet access in order to provide such access. Upon receipt of the certificate of use, the communications service provider shall be relieved of any liability for the communications sales and use tax related to the sale of telecommunications service to the Internet access service provider named in the certificate. In the event the provider of Internet access uses the telecommunications service for any taxable purpose, that provider shall be liable for and pay the communications sales and use tax directly to the Commonwealth in accordance with § [58.1-658](#).

D. If a taxpayer who holds a certificate under this section and makes any use of the service other than an exempt use or retention, demonstration, or display while holding the communications service for resale in the regular course of business, such use shall be

deemed a taxable sale by the taxpayer as of the time the service is first used by him, and the cost of the property to him shall be deemed the sales price of such retail sale.

2006, c. [780](#).

**§58.1-658. Direct payment permits.**

A. Notwithstanding any other provision of this chapter, the Tax Commissioner shall authorize a person who uses taxable communications services within the Commonwealth to pay any tax levied by this chapter directly to the Commonwealth and waive the collection of the tax by the communications services provider. No such authority shall be granted or exercised except upon application to the Tax Commissioner and issuance by the Tax Commissioner of a direct payment permit. If a direct payment permit is issued, then payment of the communications sales and use tax on taxable communications services shall be made directly to the Tax Commissioner by the permit holder.

B. On or before the twentieth day of each month every permit holder shall file with the Tax Commissioner a return for the preceding month, in a form prescribed by the Tax Commissioner, showing the total value of the taxable communications services so used, the amount of tax due from the permit holder, which amount shall be paid to the Tax Commissioner with the submitted return, and other information as the Tax Commissioner deems reasonably necessary. The Tax Commissioner, upon written request by the permit holder, may grant a reasonable extension of time for filing returns and paying the tax. Interest on the tax shall be chargeable on every extended payment at the rate determined in accordance with § [58.1-15](#).

C. A permit granted pursuant to this section shall continue to be valid until surrendered by the holder or cancelled for cause by the Tax Commissioner.

D. A person holding a direct payment permit that has not been cancelled shall not be required to pay the tax to the communications services provider as otherwise required by this chapter. Such persons shall notify each communications services provider from whom purchases of taxable communications services are made of their direct payment permit number and that the tax is being paid directly to the Tax Commissioner. Upon receipt of notice, a communications services provider shall be absolved from all duties and liabilities imposed by this chapter for the collection and remittance of the tax with respect to sales of taxable communications services to the direct payment permit holder. Communications services providers who make sales upon which the tax is not collected

by reason of the provisions of this section shall maintain records in a manner that the amount involved and identity of each purchaser may be ascertained.

E. Upon the cancellation or surrender of a direct payment permit, the provisions of this chapter, without regard to this section, shall thereafter apply to the person who previously held the direct payment permit, and that person shall promptly notify in writing communications services providers from whom purchases of taxable communications services are made of such cancellation or surrender. Upon receipt of notice, the communications services provider shall be subject to the provisions of this chapter, without regard to this section, with respect to all sales of taxable communications services thereafter made to the former direct payment permit holder.

2006, c. [780](#).

**§58.1-659. Collection of tax; penalty.**

A. The tax levied by this chapter shall be collected and remitted by the communications services provider, but the communications services provider shall separately state the amount of the tax and add such tax to the sales price or charge. Thereafter, the tax shall be a debt from the customer to the communications services provider until paid and shall be recoverable at law in the same manner as other debts.

B. Notwithstanding any exemption from taxes that any communications services provider now or hereafter may enjoy under the Constitution or laws of the Commonwealth, or any other state, or of the United States, a communications services provider shall collect the tax from the customer of taxable communications services and shall remit the same to the Tax Commissioner as provided by this chapter.

C. Any communications services provider collecting the communications sales or use tax on transactions exempt or not taxable under this chapter shall remit to the Tax Commissioner such erroneously or illegally collected tax unless or until he can affirmatively show that the tax has been refunded to the customer or credited to his account.

D. Any communications services provider who intentionally neglects, fails, or refuses to collect the tax upon every taxable sale of communications services made by him, or his agents or employees on his behalf, shall be liable for and pay the tax himself. Moreover, any communications services provider who intentionally neglects, fails, or refuses to pay or collect the tax herein provided, either by himself or through his agents or employees, shall be guilty of a Class 1 misdemeanor.

All sums collected by a communications services provider as required by this chapter shall be deemed to be held in trust for the Commonwealth.

2006, c. [780](#).

**§58.1-660. Sale of business.**

If any communications services provider liable for any tax, penalty, or interest levied by this chapter sells his business or stock of goods or quits the business, he shall make a final return and payment within 15 days after the date of selling or quitting the business. His successors or assigns, if any, shall withhold a sufficient amount of the purchase money to cover taxes, penalties, and interest due and unpaid until the former owner produces a receipt from the Tax Commissioner showing that all taxes, penalties, and interest have been paid or a certificate stating that no taxes, penalties, or interest are due. If the purchaser of a business or stock of goods fails to withhold the purchase money as required above, he shall be personally liable for the payment of the taxes, penalties, and interest due and unpaid that were incurred by the business operation of the former owner. In no event, however, shall the tax, penalties, and interest due by the purchaser be more than the purchase price paid for the business or stock of goods.

2006, c. [780](#).

**§58.1-661. Certain provisions in Chapter 6 of this title to apply, mutatis mutandis.**

The provisions in §§ [58.1-630](#) through [58.1-637](#) of this title shall apply to this chapter, mutatis mutandis, except as herein provided and except that whenever the term "dealer" is used in these sections, the term "communications services provider" shall be substituted. The Tax Commissioner shall promulgate regulations to interpret and clarify the applicability of §§ [58.1-630](#) through [58.1-637](#) to this chapter.

2006, c. [780](#).

**§58.1-662. Disposition of communications sales and use tax revenue; Communications Sales and Use Tax Trust Fund; localities' share.**

A. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be known as the Communications Sales and Use Tax Trust Fund (the Fund). The Fund shall be established on the books of the Comptroller and any funds remaining in the Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. After transferring moneys from the Fund to the Department of Taxation to pay for the direct costs of administering this chapter, the moneys in the Fund shall be allocated to the

Commonwealth's counties, cities, and towns, and distributed in accordance with subsection C, after the payment (i) for the telephone relay service center is made to the Department for the Deaf and Hard-of-Hearing in accordance with the provisions of § [51.5-115](#) and (ii) of any franchise fee amount due to localities in accordance with any cable franchise in effect as of January 1, 2007.

B. The localities' share of the net revenue distributable under this section among the counties, cities, and towns shall be apportioned by the Tax Commissioner and distributed as soon as practicable after the close of each month during which the net revenue was received into the Fund. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received in the state treasury during each month.

C. The net revenue distributable among the counties, cities, and towns shall be apportioned and distributed monthly according to each county's, city's, and town's pro rata distribution from the Fund in fiscal year 2010. Beginning July 1, 2011, the percentage share of the distribution due to Lancaster County shall be adjusted as if, in addition to the revenues Lancaster County received from telecommunications and television cable taxes in fiscal year 2006, it received \$270,497 in local consumer utility taxes on telephone service in fiscal year 2006.

An amount equal to the total franchise fee paid to each locality with a cable franchise existing on the effective date of this section at the rate in existence on January 1, 2007, shall be subtracted from the amount owed to such locality prior to the distribution of moneys from the Fund.

The Department of Taxation shall adjust the percentage share of distribution from the Fund due to each locality entitled to a distribution from the Fund upon a ruling by the Tax Commissioner in favor of a county, city, or town, provided that any such ruling in favor of a county, city, or town shall not result in more than an aggregate of \$100,000 being redistributed from all other counties, cities, and towns. Counties, cities, and towns are authorized to request such ruling. The Tax Commissioner shall issue no such ruling changing the current distribution in favor of a county, city, or town unless the county, city, or town provides evidence to the Tax Commissioner that it had collected telecommunications and television cable funds (local consumer utility tax on landlines and wireless, E-911, business license tax in excess of 0.5 percent, cable franchise fee, video programming excise tax, local consumer utility tax on cable television) in fiscal year 2006 from local tax rates adopted on or before January 1, 2006.

D. For the purposes of the Comptroller making the required transfers, the Tax Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each month certifying the communications sales and use tax revenues generated in the preceding month. Within three calendar days of receiving such certification, the Comptroller shall make the required transfers to the Communications Sales and Use Tax Trust Fund.

E. If errors are made in any distribution, or adjustments are otherwise necessary, the errors shall be corrected and adjustments made in the distribution for the next month or for subsequent months.

2006, c. [780](#); 2008, cc. [25](#), [148](#); 2009, cc. [680](#), [683](#); 2010, cc. [285](#), [365](#), [385](#); 2011, c. [364](#).

## Virginia Consumer Protection Act

### **§59.1-196. Title.**

This chapter may be cited as the Virginia Consumer Protection Act of 1977.

1977, c. 635.

### **§59.1-197. Intent.**

It is the intent of the General Assembly that this chapter shall be applied as remedial legislation to promote fair and ethical standards of dealings between suppliers and the consuming public.

1977, c. 635.

### **§59.1-198. Definitions.**

As used in this chapter:

"Business opportunity" means the sale of any products, equipment, supplies or services which are sold to an individual for the purpose of enabling such individual to start a business to be operated out of his residence, but does not include a business opportunity which is subject to the Business Opportunity Sales Act, Chapter 21 (§ [59.1-262](#) et seq.) of this title.

"Children's product" means a consumer product designed or intended primarily for children 12 years of age or younger. In determining whether a consumer product is primarily intended for a child 12 years of age or younger, the following factors shall be considered:

1. A statement by a manufacturer about the intended use of such product, including a label on such product if such statement is reasonable;
2. Whether the product is represented in its packaging, display, promotion, or advertising as appropriate for use by children 12 years of age or younger;
3. Whether the product is commonly recognized by consumers as being intended for use by a child 12 years of age or younger; and
4. The Age Determination Guidelines issued by the staff of the Consumer Products Safety Commission in September 2002, and any successor to such guidelines.

"Consumer transaction" means:

1. The advertisement, sale, lease, license or offering for sale, lease or license, of goods or services to be used primarily for personal, family or household purposes;
2. Transactions involving the advertisement, offer or sale to an individual of a business opportunity that requires both his expenditure of money or property and his personal services on a continuing basis and in which he has not been previously engaged;
3. Transactions involving the advertisement, offer or sale to an individual of goods or services relating to the individual's finding or obtaining employment;
4. A layaway agreement, whereby part or all of the price of goods is payable in one or more payments subsequent to the making of the layaway agreement and the supplier retains possession of the goods and bears the risk of their loss or damage until the goods are paid in full according to the layaway agreement;
5. Transactions involving the advertisement, sale, lease, or license, or the offering for sale, lease or license, of goods or services to a church or other religious body; and
6. Transactions involving the advertisement of legal services that contain information about the results of a state or federal survey, inspection, or investigation of a nursing home or certified nursing facility as described in subsection E of § [32.1-126](#).

"Cure offer" means a written offer of one or more things of value, including but not limited to the payment of money, that is made by a supplier and that is delivered to a person claiming to have suffered a loss as a result of a consumer transaction or to the attorney for such person. A cure offer shall be reasonably calculated to remedy a loss claimed by the person and it shall include a minimum additional amount equaling 10 percent of the value of the cure offer or \$500, whichever is greater, as compensation for inconvenience, any attorney's or other fees, expenses, or other costs of any kind that such person may

incur in relation to such loss; provided, however that the minimum additional amount need not exceed \$4,000.

"Defective drywall" means drywall, or similar building material composed of dried gypsum-based plaster, that (i) as a result of containing the same or greater levels of strontium sulfide that has been found in drywall manufactured in the People's Republic of China and imported into the United States between 2004 and 2007 is capable, when exposed to heat, humidity, or both, of releasing sulfur dioxide, hydrogen sulfide, carbon disulfide, or other sulfur compounds into the air or (ii) has been designated by the U.S. Consumer Product Safety Commission as a product with a product defect that constitutes a substantial product hazard within the meaning of § 15(a)(2) of the Consumer Product Safety Act (15 U.S.C. § 2064 (a)(2)).

"Goods" means all real, personal or mixed property, tangible or intangible. For purposes of this chapter, intangible property includes but shall not be limited to "computer information" and "informational rights" in computer information as defined in § [59.1-501.2](#).

"Person" means any natural person, corporation, trust, partnership, association and any other legal entity.

"Services" includes but shall not be limited to (i) work performed in the business or occupation of the supplier, (ii) work performed for the supplier by an agent whose charges or costs for such work are transferred by the supplier to the consumer or purchaser as an element of the consumer transaction, or (iii) the subject of an "access contract" as defined in § [59.1-501.2](#).

"Supplier" means a seller, lessor, licensor, or professional who advertises, solicits, or engages in consumer transactions, or a manufacturer, distributor, or licensor who advertises and sells, leases, or licenses goods or services to be resold, leased, or sublicensed by other persons in consumer transactions.

1977, c. 635; 1981, c. 205; 1987, c. 464; 1988, c. 485; 1992, c. 278; 2001, cc. [741](#), [762](#); 2004, cc. [41](#), [90](#); 2009, cc. [359](#), [700](#); 2010, c. [143](#); 2011, c. [615](#); 2019, cc. [291](#), [292](#).

#### **§59.1-199. Exclusions.**

Nothing in this chapter shall apply to:

1. Any aspect of a consumer transaction which aspect is authorized under laws or regulations of the Commonwealth or the United States, or the formal advisory opinions of any regulatory body or official of the Commonwealth or the United States.

2. Acts done by the publisher, owner, agent, or employee of a newspaper, periodical, or radio or television station, or other advertising media such as outdoor advertising and advertising agencies, in the publication or dissemination of an advertisement in violation of § [59.1-200](#), unless it be proved that such person knew that the advertisement was of a character prohibited by § [59.1-200](#).

3. Those aspects of a consumer transaction that are regulated by the Federal Consumer Credit Protection Act, 15 U.S.C. § 1601 et seq.

4. Banks, savings institutions, credit unions, small loan companies, public service corporations, mortgage lenders as defined in § [6.2-1600](#), broker-dealers as defined in § [13.1-501](#), gas suppliers as defined in subsection E of § [56-235.8](#), and insurance companies regulated and supervised by the State Corporation Commission or a comparable federal regulating body.

5. Any aspect of a consumer transaction that is subject to the Virginia Residential Landlord and Tenant Act (§ [55.1-1200](#) et seq.) or Chapter 14 (§ [55.1-1400](#) et seq.) of Title 55.1, unless the act or practice of a landlord constitutes a misrepresentation or fraudulent act or practice under § [59.1-200](#).

6. Real estate licensees who are licensed under Chapter 21 (§ [54.1-2100](#) et seq.) of Title 54.1.

7. Residential home sales between natural persons involving the seller's private residence.

1977, c. 635; 1987, c. 464; 1994, c. [400](#); 1995, c. [703](#); 1996, cc. [61](#), [77](#), [179](#); 1999, c. [494](#); 2000, cc. [691](#), [706](#); 2023, c. [452](#).

**§59.1-200. (Effective until January 1, 2024) Prohibited practices.**

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

1. Misrepresenting goods or services as those of another;
2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;
3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;
4. Misrepresenting geographic origin in connection with goods or services;

5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;
6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;
7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds," irregulars, imperfections, or "not first class," without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds," irregulars, imperfections or "not first class";
8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

9. Making false or misleading statements of fact concerning the reasons for, existence of, or amounts of price reductions;
10. Misrepresenting that repairs, alterations, modifications, or services have been performed or parts installed;
11. Misrepresenting by the use of any written or documentary material that appears to be an invoice or bill for merchandise or services previously ordered;
12. Notwithstanding any other provision of law, using in any manner the words "wholesale," "wholesaler," "factory," or "manufacturer" in the supplier's name, or to describe the nature of the supplier's business, unless the supplier is actually engaged primarily in selling at wholesale or in manufacturing the goods or services advertised or offered for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

15. Violating any provision of § [3.2-6509](#), [3.2-6512](#), [3.2-6513](#), [3.2-6513.1](#), [3.2-6514](#), [3.2-6515](#), [3.2-6516](#), or [3.2-6519](#) is a violation of this chapter;

16. Failing to disclose all conditions, charges, or fees relating to:

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § [46.2-100](#);

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of \$5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

17. If a supplier enters into a written agreement with a consumer to resolve a dispute that arises in connection with a consumer transaction, failing to adhere to the terms and conditions of such an agreement;

18. Violating any provision of the Virginia Health Club Act, Chapter 24 (§ [59.1-294](#) et seq.);

19. Violating any provision of the Virginia Home Solicitation Sales Act, Chapter 2.1 (§ [59.1-21.1](#) et seq.);

20. Violating any provision of the Automobile Repair Facilities Act, Chapter 17.1 (§ [59.1-207.1](#) et seq.);

21. Violating any provision of the Virginia Lease-Purchase Agreement Act, Chapter 17.4 (§ [59.1-207.17](#) et seq.);

22. Violating any provision of the Prizes and Gifts Act, Chapter 31 (§ [59.1-415](#) et seq.);

23. Violating any provision of the Virginia Public Telephone Information Act, Chapter 32 (§ [59.1-424](#) et seq.);

24. Violating any provision of § [54.1-1505](#);

25. Violating any provision of the Motor Vehicle Manufacturers' Warranty Adjustment Act, Chapter 17.6 (§ [59.1-207.34](#) et seq.);

26. Violating any provision of § [3.2-5627](#), relating to the pricing of merchandise;

27. Violating any provision of the Pay-Per-Call Services Act, Chapter 33 (§ [59.1-429](#) et seq.);

28. Violating any provision of the Extended Service Contract Act, Chapter 34 (§ [59.1-435](#) et seq.);
29. Violating any provision of the Virginia Membership Camping Act, Chapter 25 (§ [59.1-311](#) et seq.);
30. Violating any provision of the Comparison Price Advertising Act, Chapter 17.7 (§ [59.1-207.40](#) et seq.);
31. Violating any provision of the Virginia Travel Club Act, Chapter 36 (§ [59.1-445](#) et seq.);
32. Violating any provision of §§ [46.2-1231](#) and [46.2-1233.1](#);
33. Violating any provision of Chapter 40 (§ [54.1-4000](#) et seq.) of Title 54.1;
34. Violating any provision of Chapter 10.1 (§ [58.1-1031](#) et seq.) of Title 58.1;
35. Using the consumer's social security number as the consumer's account number with the supplier, if the consumer has requested in writing that the supplier use an alternate number not associated with the consumer's social security number;
36. Violating any provision of Chapter 18 (§ [6.2-1800](#) et seq.) of Title 6.2;
37. Violating any provision of § [8.01-40.2](#);
38. Violating any provision of Article 7 (§ [32.1-212](#) et seq.) of Chapter 6 of Title 32.1;
39. Violating any provision of Chapter 34.1 (§ [59.1-441.1](#) et seq.);
40. Violating any provision of Chapter 20 (§ [6.2-2000](#) et seq.) of Title 6.2;
41. Violating any provision of the Virginia Post-Disaster Anti-Price Gouging Act, Chapter 46 (§ [59.1-525](#) et seq.);
42. Violating any provision of Chapter 47 (§ [59.1-530](#) et seq.);
43. Violating any provision of § [59.1-443.2](#);
44. Violating any provision of Chapter 48 (§ [59.1-533](#) et seq.);
45. Violating any provision of Chapter 25 (§ [6.2-2500](#) et seq.) of Title 6.2;
46. Violating the provisions of clause (i) of subsection B of § [54.1-1115](#);
47. Violating any provision of § [18.2-239](#);
48. Violating any provision of Chapter 26 (§ [59.1-336](#) et seq.);

49. Selling, offering for sale, or manufacturing for sale a children's product the supplier knows or has reason to know was recalled by the U.S. Consumer Product Safety Commission. There is a rebuttable presumption that a supplier has reason to know a children's product was recalled if notice of the recall has been posted continuously at least 30 days before the sale, offer for sale, or manufacturing for sale on the website of the U.S. Consumer Product Safety Commission. This prohibition does not apply to children's products that are used, secondhand or "seconds";
50. Violating any provision of Chapter 44.1 (§ [59.1-518.1](#) et seq.);
51. Violating any provision of Chapter 22 (§ [6.2-2200](#) et seq.) of Title 6.2;
52. Violating any provision of § [8.2-317.1](#);
53. Violating subsection A of § [9.1-149.1](#);
54. Selling, offering for sale, or using in the construction, remodeling, or repair of any residential dwelling in the Commonwealth, any drywall that the supplier knows or has reason to know is defective drywall. This subdivision shall not apply to the sale or offering for sale of any building or structure in which defective drywall has been permanently installed or affixed;
55. Engaging in fraudulent or improper or dishonest conduct as defined in § [54.1-1118](#) while engaged in a transaction that was initiated (i) during a declared state of emergency as defined in § [44-146.16](#) or (ii) to repair damage resulting from the event that prompted the declaration of a state of emergency, regardless of whether the supplier is licensed as a contractor in the Commonwealth pursuant to Chapter 11 (§ [54.1-1100](#) et seq.) of Title 54.1;
56. Violating any provision of Chapter 33.1 (§ [59.1-434.1](#) et seq.);
57. Violating any provision of § [18.2-178](#), [18.2-178.1](#), or [18.2-200.1](#);
58. Violating any provision of Chapter 17.8 (§ [59.1-207.45](#) et seq.);
59. Violating any provision of subsection E of § [32.1-126](#);
60. Violating any provision of § [54.1-111](#) relating to the unlicensed practice of a profession licensed under Chapter 11 (§ [54.1-1100](#) et seq.) or Chapter 21 (§ [54.1-2100](#) et seq.) of Title 54.1;
61. Violating any provision of § [2.2-2001.5](#);
62. Violating any provision of Chapter 5.2 (§ [54.1-526](#) et seq.) of Title 54.1;

63. Violating any provision of § [6.2-312](#);
64. Violating any provision of Chapter 20.1 (§ [6.2-2026](#) et seq.) of Title 6.2;
65. Violating any provision of Chapter 26 (§ [6.2-2600](#) et seq.) of Title 6.2;
66. Violating any provision of Chapter 54 (§ [59.1-586](#) et seq.);
67. Knowingly violating any provision of § [8.01-27.5](#);
68. Failing to, in accordance with § [59.1-207.46](#), (i) make available a conspicuous online option to cancel a recurring purchase of a good or service or (ii) with respect to a free trial lasting more than 30 days, notify a consumer of his option to cancel such free trial within 30 days of the end of the trial period to avoid an obligation to pay for the goods or services;
69. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains a synthetic derivative of tetrahydrocannabinol. As used in this subdivision, "synthetic derivative" means a chemical compound produced by man through a chemical transformation to turn a compound into a different compound by adding or subtracting molecules to or from the original compound. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ [54.1-3400](#) et seq.) or (ii) be construed to prohibit any conduct permitted under Article 4.2 (§ [54.1-3442.5](#) et seq.) of Chapter 34 of Title 54.1;
70. Selling or offering for sale to a person younger than 21 years of age any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ [54.1-3400](#) et seq.) or (ii) be construed to prohibit any conduct permitted under Article 4.2 (§ [54.1-3442.5](#) et seq.) of Chapter 34 of Title 54.1;
71. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol, unless such substance is (i) contained in child-resistant packaging, as defined in § [4.1-600](#); (ii) equipped with a label that states, in English and in a font no less than 1/16 of an inch, (a) that the substance contains tetrahydrocannabinol and may not be sold to persons younger than 21 years of age, (b) all ingredients contained in the substance, (c) the amount of such substance that constitutes a single serving, and (d) the total percentage and milligrams of tetrahydrocannabinol included in the substance and the number of milligrams of

tetrahydrocannabinol that are contained in each serving; and (iii) accompanied by a certificate of analysis, produced by an independent laboratory that is accredited pursuant to standard ISO/IEC 17025 of the International Organization of Standardization by a third-party accrediting body, that states the tetrahydrocannabinol concentration of the substance or the tetrahydrocannabinol concentration of the batch from which the substance originates. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ [54.1-3400](#) et seq.) or (ii) be construed to prohibit any conduct permitted under Article 4.2 (§ [54.1-3442.5](#) et seq.) of Chapter 34 of Title 54.1;

72. Manufacturing, offering for sale at retail, or selling at retail an industrial hemp extract, as defined in § [3.2-5145.1](#), a food containing an industrial hemp extract, or a substance containing tetrahydrocannabinol that depicts or is in the shape of a human, animal, vehicle, or fruit;

73. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol and, without authorization, bears, is packaged in a container or wrapper that bears, or is otherwise labeled to bear the trademark, trade name, famous mark as defined in 15 U.S.C. § 1125, or other identifying mark, imprint, or device, or any likeness thereof, of a manufacturer, processor, packer, or distributor of a product intended for human consumption other than the manufacturer, processor, packer, or distributor that did in fact so manufacture, process, pack, or distribute such substance;

74. Selling or offering for sale a topical hemp product, as defined in § [3.2-4112](#), that does not include a label stating that the product is not intended for human consumption. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ [54.1-3400](#) et seq.), (ii) be construed to prohibit any conduct permitted under Article 4.2 (§ [54.1-3442.5](#) et seq.) of Chapter 34 of Title 54.1, or (iii) apply to topical hemp products that were manufactured prior to July 1, 2023, provided that the person provides documentation of the date of manufacture if requested;

75. Violating any provision of § [59.1-466.8](#);

76. Violating subsection F of § [36-96.3:1](#);

77. Selling or offering for sale (i) any kratom product to a person younger than 21 years of age or (ii) any kratom product that does not include a label listing all ingredients and

with the following guidance: "This product may be harmful to your health, has not been evaluated by the FDA, and is not intended to diagnose, treat, cure, or prevent any disease." As used in this subdivision, "kratom" means any part of the leaf of the plant *Mitragyna speciosa* or any extract thereof; and

78. Failing to disclose the total cost of a good or continuous service, as defined in § [59.1-207.45](#), to a consumer, including any mandatory fees or charges, prior to entering into an agreement for the sale of any such good or provision of any such continuous service.

B. Nothing in this section shall be construed to invalidate or make unenforceable any contract or lease solely by reason of the failure of such contract or lease to comply with any other law of the Commonwealth or any federal statute or regulation, to the extent such other law, statute, or regulation provides that a violation of such law, statute, or regulation shall not invalidate or make unenforceable such contract or lease.

1977, c. 635; 1979, c. 304; 1981, c. 205; 1983, c. 173; 1986, c. 432; 1987, cc. 462 to 464; 1988, cc. 24, 534; 1989, cc. 689, 703; 1990, c. 584; 1991, cc. 300, 605, 608, 630, 654; 1992, cc. 278, 545, 768; 1993, cc. 455, 760; 1994, cc. **§59.1-200. (Effective January 1, 2024) Prohibited practices.**

A. The following fraudulent acts or practices committed by a supplier in connection with a consumer transaction are hereby declared unlawful:

1. Misrepresenting goods or services as those of another;
2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;
3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;
4. Misrepresenting geographic origin in connection with goods or services;

5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;
6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;
7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds," irregulars, imperfections, or "not first class," without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds," irregulars, imperfections or "not first class";
8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

9. Making false or misleading statements of fact concerning the reasons for, existence of, or amounts of price reductions;
10. Misrepresenting that repairs, alterations, modifications, or services have been performed or parts installed;
11. Misrepresenting by the use of any written or documentary material that appears to be an invoice or bill for merchandise or services previously ordered;
12. Notwithstanding any other provision of law, using in any manner the words "wholesale," "wholesaler," "factory," or "manufacturer" in the supplier's name, or to describe the nature of the supplier's business, unless the supplier is actually engaged primarily in selling at wholesale or in manufacturing the goods or services advertised or offered for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

15. Violating any provision of § [3.2-6509](#), [3.2-6512](#), [3.2-6513](#), [3.2-6513.1](#), [3.2-6514](#), [3.2-6515](#), [3.2-6516](#), or [3.2-6519](#) is a violation of this chapter;

16. Failing to disclose all conditions, charges, or fees relating to:

a. The return of goods for refund, exchange, or credit. Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § [46.2-100](#);

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of \$5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

17. If a supplier enters into a written agreement with a consumer to resolve a dispute that arises in connection with a consumer transaction, failing to adhere to the terms and conditions of such an agreement;

18. Violating any provision of the Virginia Health Club Act, Chapter 24 (§ [59.1-294](#) et seq.);

19. Violating any provision of the Virginia Home Solicitation Sales Act, Chapter 2.1 (§ [59.1-21.1](#) et seq.);

20. Violating any provision of the Automobile Repair Facilities Act, Chapter 17.1 (§ [59.1-207.1](#) et seq.);

21. Violating any provision of the Virginia Lease-Purchase Agreement Act, Chapter 17.4 (§ [59.1-207.17](#) et seq.);

22. Violating any provision of the Prizes and Gifts Act, Chapter 31 (§ [59.1-415](#) et seq.);

23. Violating any provision of the Virginia Public Telephone Information Act, Chapter 32 (§ [59.1-424](#) et seq.);

24. Violating any provision of § [54.1-1505](#);

25. Violating any provision of the Motor Vehicle Manufacturers' Warranty Adjustment Act, Chapter 17.6 (§ [59.1-207.34](#) et seq.);

26. Violating any provision of § [3.2-5627](#), relating to the pricing of merchandise;

27. Violating any provision of the Pay-Per-Call Services Act, Chapter 33 (§ [59.1-429](#) et seq.);

28. Violating any provision of the Extended Service Contract Act, Chapter 34 (§ [59.1-435](#) et seq.);
29. Violating any provision of the Virginia Membership Camping Act, Chapter 25 (§ [59.1-311](#) et seq.);
30. Violating any provision of the Comparison Price Advertising Act, Chapter 17.7 (§ [59.1-207.40](#) et seq.);
31. Violating any provision of the Virginia Travel Club Act, Chapter 36 (§ [59.1-445](#) et seq.);
32. Violating any provision of §§ [46.2-1231](#) and [46.2-1233.1](#);
33. Violating any provision of Chapter 40 (§ [54.1-4000](#) et seq.) of Title 54.1;
34. Violating any provision of Chapter 10.1 (§ [58.1-1031](#) et seq.) of Title 58.1;
35. Using the consumer's social security number as the consumer's account number with the supplier, if the consumer has requested in writing that the supplier use an alternate number not associated with the consumer's social security number;
36. Violating any provision of Chapter 18 (§ [6.2-1800](#) et seq.) of Title 6.2;
37. Violating any provision of § [8.01-40.2](#);
38. Violating any provision of Article 7 (§ [32.1-212](#) et seq.) of Chapter 6 of Title 32.1;
39. Violating any provision of Chapter 34.1 (§ [59.1-441.1](#) et seq.);
40. Violating any provision of Chapter 20 (§ [6.2-2000](#) et seq.) of Title 6.2;
41. Violating any provision of the Virginia Post-Disaster Anti-Price Gouging Act, Chapter 46 (§ [59.1-525](#) et seq.);
42. Violating any provision of Chapter 47 (§ [59.1-530](#) et seq.);
43. Violating any provision of § [59.1-443.2](#);
44. Violating any provision of Chapter 48 (§ [59.1-533](#) et seq.);
45. Violating any provision of Chapter 25 (§ [6.2-2500](#) et seq.) of Title 6.2;
46. Violating the provisions of clause (i) of subsection B of § [54.1-1115](#);
47. Violating any provision of § [18.2-239](#);
48. Violating any provision of Chapter 26 (§ [59.1-336](#) et seq.);

49. Selling, offering for sale, or manufacturing for sale a children's product the supplier knows or has reason to know was recalled by the U.S. Consumer Product Safety Commission. There is a rebuttable presumption that a supplier has reason to know a children's product was recalled if notice of the recall has been posted continuously at least 30 days before the sale, offer for sale, or manufacturing for sale on the website of the U.S. Consumer Product Safety Commission. This prohibition does not apply to children's products that are used, secondhand or "seconds";
50. Violating any provision of Chapter 44.1 (§ [59.1-518.1](#) et seq.);
51. Violating any provision of Chapter 22 (§ [6.2-2200](#) et seq.) of Title 6.2;
52. Violating any provision of § [8.2-317.1](#);
53. Violating subsection A of § [9.1-149.1](#);
54. Selling, offering for sale, or using in the construction, remodeling, or repair of any residential dwelling in the Commonwealth, any drywall that the supplier knows or has reason to know is defective drywall. This subdivision shall not apply to the sale or offering for sale of any building or structure in which defective drywall has been permanently installed or affixed;
55. Engaging in fraudulent or improper or dishonest conduct as defined in § [54.1-1118](#) while engaged in a transaction that was initiated (i) during a declared state of emergency as defined in § [44-146.16](#) or (ii) to repair damage resulting from the event that prompted the declaration of a state of emergency, regardless of whether the supplier is licensed as a contractor in the Commonwealth pursuant to Chapter 11 (§ [54.1-1100](#) et seq.) of Title 54.1;
56. Violating any provision of Chapter 33.1 (§ [59.1-434.1](#) et seq.);
57. Violating any provision of § [18.2-178](#), [18.2-178.1](#), or [18.2-200.1](#);
58. Violating any provision of Chapter 17.8 (§ [59.1-207.45](#) et seq.);
59. Violating any provision of subsection E of § [32.1-126](#);
60. Violating any provision of § [54.1-111](#) relating to the unlicensed practice of a profession licensed under Chapter 11 (§ [54.1-1100](#) et seq.) or Chapter 21 (§ [54.1-2100](#) et seq.) of Title 54.1;
61. Violating any provision of § [2.2-2001.5](#);
62. Violating any provision of Chapter 5.2 (§ [54.1-526](#) et seq.) of Title 54.1;

63. Violating any provision of § [6.2-312](#);
64. Violating any provision of Chapter 20.1 (§ [6.2-2026](#) et seq.) of Title 6.2;
65. Violating any provision of Chapter 26 (§ [6.2-2600](#) et seq.) of Title 6.2;
66. Violating any provision of Chapter 54 (§ [59.1-586](#) et seq.);
67. Knowingly violating any provision of § [8.01-27.5](#);
68. Failing to, in accordance with § [59.1-207.46](#), (i) make available a conspicuous online option to cancel a recurring purchase of a good or service or (ii) with respect to a free trial lasting more than 30 days, notify a consumer of his option to cancel such free trial within 30 days of the end of the trial period to avoid an obligation to pay for the goods or services;
69. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains a synthetic derivative of tetrahydrocannabinol. As used in this subdivision, "synthetic derivative" means a chemical compound produced by man through a chemical transformation to turn a compound into a different compound by adding or subtracting molecules to or from the original compound. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ [54.1-3400](#) et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ [4.1-1600](#) et seq.) of Title 4.1;
70. Selling or offering for sale to a person younger than 21 years of age any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ [54.1-3400](#) et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ [4.1-1600](#) et seq.) of Title 4.1;
71. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol, unless such substance is (i) contained in child-resistant packaging, as defined in § [4.1-600](#); (ii) equipped with a label that states, in English and in a font no less than 1/16 of an inch, (a) that the substance contains tetrahydrocannabinol and may not be sold to persons younger than 21 years of age, (b) all ingredients contained in the substance, (c) the amount of such substance that constitutes a single serving, and (d) the total percentage and milligrams of tetrahydrocannabinol included in the substance and the number of milligrams of

tetrahydrocannabinol that are contained in each serving; and (iii) accompanied by a certificate of analysis, produced by an independent laboratory that is accredited pursuant to standard ISO/IEC 17025 of the International Organization of Standardization by a third-party accrediting body, that states the tetrahydrocannabinol concentration of the substance or the tetrahydrocannabinol concentration of the batch from which the substance originates. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ [54.1-3400](#) et seq.) or (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ [4.1-1600](#) et seq.) of Title 4.1;

72. Manufacturing, offering for sale at retail, or selling at retail an industrial hemp extract, as defined in § [3.2-5145.1](#), a food containing an industrial hemp extract, or a substance containing tetrahydrocannabinol that depicts or is in the shape of a human, animal, vehicle, or fruit;

73. Selling or offering for sale any substance intended for human consumption, orally or by inhalation, that contains tetrahydrocannabinol and, without authorization, bears, is packaged in a container or wrapper that bears, or is otherwise labeled to bear the trademark, trade name, famous mark as defined in 15 U.S.C. § 1125, or other identifying mark, imprint, or device, or any likeness thereof, of a manufacturer, processor, packer, or distributor of a product intended for human consumption other than the manufacturer, processor, packer, or distributor that did in fact so manufacture, process, pack, or distribute such substance;

74. Selling or offering for sale a topical hemp product, as defined in § [3.2-4112](#), that does not include a label stating that the product is not intended for human consumption. This subdivision shall not (i) apply to products that are approved for marketing by the U.S. Food and Drug Administration and scheduled in the Drug Control Act (§ [54.1-3400](#) et seq.), (ii) be construed to prohibit any conduct permitted under Chapter 16 (§ [4.1-1600](#) et seq.) of Title 4.1, or (iii) apply to topical hemp products that were manufactured prior to July 1, 2023, provided that the person provides documentation of the date of manufacture if requested;

75. Violating any provision of § [59.1-466.8](#);

76. Violating subsection F of § [36-96.3:1](#);

77. Selling or offering for sale (i) any kratom product to a person younger than 21 years of age or (ii) any kratom product that does not include a label listing all ingredients and

with the following guidance: "This product may be harmful to your health, has not been evaluated by the FDA, and is not intended to diagnose, treat, cure, or prevent any disease." As used in this subdivision, "kratom" means any part of the leaf of the plant *Mitragyna speciosa* or any extract thereof; and

78. Failing to disclose the total cost of a good or continuous service, as defined in § [59.1-207.45](#), to a consumer, including any mandatory fees or charges, prior to entering into an agreement for the sale of any such good or provision of any such continuous service.

B. Nothing in this section shall be construed to invalidate or make unenforceable any contract or lease solely by reason of the failure of such contract or lease to comply with any other law of the Commonwealth or any federal statute or regulation, to the extent such other law, statute, or regulation provides that a violation of such law, statute, or regulation shall not invalidate or make unenforceable such contract or lease.

#### **§59.1-200.1. Prohibited practices; foreclosure rescue.**

A. In addition to the provisions of § [59.1-200](#), the following fraudulent acts or practices committed by a supplier, as defined in § [59.1-198](#), in a consumer transaction involving residential real property owned and occupied as the primary dwelling unit of the owner, are prohibited:

1. The supplier of service to avoid or prevent foreclosure charges or receives a fee (i) prior to the full and complete performance of the services it has agreed to perform, if the transaction does not involve the sale or transfer of residential real property, or (ii) prior to the settlement on the sale or transfer of residential real property, if the transaction involves the sale or transfer of such residential real property;

2. The supplier of such services (i) fails to make payments under the mortgage or deed of trust that is a lien on such residential real property as the payments become due, where the supplier has agreed to do so, regardless of whether the purchaser is obligated on the loan, and (ii) applies rents received from such dwellings for his own use;

3. The supplier of such services represents to the seller of such residential real property that the seller has an option to repurchase such residential real property, after the supplier of such services takes legal or equitable title to such residential real property, unless there is a written contract providing such option to repurchase on terms and at a price stated in such contract; or

4. The supplier advertises or offers such services as are prohibited by this section.

B. This section shall not apply to any mortgage lender or servicer regularly engaged in making or servicing mortgage loans that is subject to the supervisory authority of the State Corporation Commission, a comparable regulatory authority of another state, or a federal banking agency.

C. In connection with any consumer transaction covered by subsection A, any provision in an agreement between the supplier of such services and the owner of such residential real property that requires the owner to submit to mandatory arbitration shall be null and void, and notwithstanding any such provisions, the owner of such residential real property shall have the rights and remedies under this chapter.

2008, c. [485](#); 2009, cc. [203](#), [272](#).

#### **§59.1-201. Civil investigative orders.**

A. Whenever the attorney for the Commonwealth or the attorney for a county, city, or town has reasonable cause to believe that any person has engaged in, or is engaging in, or is about to engage in, any violation of § [59.1-200](#) or [59.1-200.1](#), the attorney for the Commonwealth or the attorney for a county, city, or town if, after making a good faith effort to obtain such information, is unable to obtain the data and information necessary to determine whether such violation has occurred, or that it is impractical for him to do so, he may apply to the circuit court within whose jurisdiction the person having information resides, or has its principal place of business, for an investigative order requiring such person to furnish to the attorney for the Commonwealth or attorney for a county, city, or town such data and information as is relevant to the subject matter of the investigation.

B. The circuit courts are empowered to issue investigative orders, authorizing discovery by the same methods and procedures as set forth for civil actions in the Rules of the

Supreme Court of Virginia, in connection with investigations of violations of § [59.1-200](#) or [59.1-200.1](#) by the attorney for the Commonwealth or the attorney for a county, city, or town. An application for an investigative order shall identify:

1. The specific act or practice alleged to be in violation of § [59.1-200](#) or [59.1-200.1](#);
2. The grounds which shall demonstrate reasonable cause to believe that a violation of § [59.1-200](#) or [59.1-200.1](#) may have occurred, may be occurring or may be about to occur;
3. The category or class of data or information requested in the investigative order; and
4. The reasons why the attorney for the Commonwealth or attorney for a county, city, or town is unable to obtain such data and information, or the reason why it is impractical to do so, without a court order.

C. Within 21 days after the service upon a person of an investigative order, or at any time before the return date specified in such order, whichever is later, such person may file a motion to modify or set aside such investigative order or to seek a protective order as provided by the Rules of the Supreme Court of Virginia. Such motion shall specify the grounds for modifying or setting aside the order, and may be based upon the failure of the application or the order to comply with the requirements of this section, or upon any constitutional or other legal basis or privilege of such person.

D. Where the information requested by an investigative order may be derived or ascertained from the business records of the person upon whom the order is served, or from an examination, audit or inspection of such business records, or from a compilation, abstract or summary thereof, and the burden of deriving or ascertaining the information is substantially the same for the attorney for the Commonwealth or attorney for a county, city, or town as for the person from whom such information is requested, it shall be sufficient for that person to specify the records from which the requested information may be derived or ascertained, and to afford the attorney for the Commonwealth or attorney for the county, city, or town reasonable opportunity to examine, audit or inspect such records and to make copies, compilations, abstracts or summaries thereof.

E. It shall be the duty of the attorney for the Commonwealth or attorney for a county, city, or town, his assistants, employees and agents, to maintain the secrecy of all evidence, documents, data and information obtained through the use of investigative orders or obtained as a result of the voluntary act of the person under investigation and it shall be unlawful for any person participating in such investigations to disclose to any other person not participating in such investigation any information so obtained. Any person

violating this subsection shall be guilty of a Class 2 misdemeanor and shall be punished in accordance with § [18.2-11](#). Notwithstanding the foregoing, this section shall not preclude the presentation and disclosure of any information obtained pursuant to this section in any suit or action in any court of this Commonwealth wherein it is alleged that a violation of § [59.1-200](#) or [59.1-200.1](#) has occurred, is occurring or may occur, nor shall this section prevent the disclosure of any such information by the attorney for the Commonwealth or attorney for a county, city, or town to any federal or state law-enforcement authority that has restrictions governing confidentiality and the use of such information similar to those contained in this subsection; however, such disclosures may only be made as to information obtained after July 1, 1979.

F. Upon the failure of a person without lawful excuse to obey an investigative order under this section, the attorney for the Commonwealth or attorney for the county, city, or town may initiate contempt proceedings in the circuit court that issued the order to hold such person in contempt.

G. No information, facts or data obtained through an investigative order shall be admissible in any civil or criminal proceeding other than for the enforcement of this chapter and the remedies provided herein.

1977, c. 635; 1979, c. 493; 1982, c. 13; 1987, c. 464; 1995, c. [703](#); 2008, c. [485](#).

**§59.1-201.1. Attorney General empowered to issue civil investigative demands.**

Whenever the Attorney General has reasonable cause to believe that any person has engaged in, or is engaging in, or is about to engage in, any violation of this chapter, the Attorney General is empowered to issue a civil investigative demand. The provisions of § [59.1-9.10](#) shall apply mutatis mutandis to civil investigative demands issued pursuant to this section.

1995, c. [703](#).

**§59.1-202. Assurances of voluntary compliance.**

A. The Attorney General, the attorney for the Commonwealth, or the attorney for a county, city, or town may accept an assurance of voluntary compliance with this chapter from any person subject to the provisions of this chapter. Any such assurance shall be in writing and be filed with and be subject on petition to the approval of the appropriate circuit court. Such assurance of voluntary compliance shall not be considered an admission of guilt or a violation for any purpose. Such assurance of voluntary compliance may at any time be reopened by the Attorney General, or the attorney for the Commonwealth,

or attorney for the county, city, or town respectively, for additional orders or decrees to enforce the assurance of voluntary compliance.

B. When an assurance is presented to the circuit court for approval, the Attorney General, the attorney for the Commonwealth, or the attorney for the appropriate county, city, or town shall file, in the form of a motion for judgment or complaint, the allegations which form the basis for the entry of the assurance. The assurance may provide by its terms for any relief which an appropriate circuit court could grant, including but not limited to restitution, arbitration of disputes between the supplier and its customers, investigative expenses, civil penalties and costs; provided, however, that nothing in this chapter shall be construed to authorize or require the Commonwealth, the Attorney General, an attorney for the Commonwealth or the attorney for any county, city or town to participate in arbitration of violations under this section.

1977, c. 635; 1981, c. 423; 1982, c. 13; 1988, c. 850.

**§59.1-203. Restraining prohibited acts.**

A. Notwithstanding any other provisions of law to the contrary, the Attorney General, any attorney for the Commonwealth, or the attorney for any city, county, or town may cause an action to be brought in the appropriate circuit court in the name of the Commonwealth, or of the county, city, or town to enjoin any violation of § [59.1-200](#) or [59.1-200.1](#). The circuit court having jurisdiction may enjoin such violations notwithstanding the existence of an adequate remedy at law. In any action under this section, it shall not be necessary that damages be proved.

B. Unless the Attorney General, any attorney for the Commonwealth, or the attorney for any county, city, or town determines that a person subject to the provisions of this chapter intends to depart from this Commonwealth or to remove his property herefrom, or to conceal himself or his property herein, or on a reasonable determination that irreparable harm may occur if immediate action is not taken, he shall, before initiating any legal proceedings as provided in this section, give notice in writing that such proceedings are contemplated, and allow such person a reasonable opportunity to appear before said attorney and show that a violation did not occur or execute an assurance of voluntary compliance, as provided in § [59.1-202](#).

C. The circuit courts are authorized to issue temporary or permanent injunctions to restrain and prevent violations of § [59.1-200](#) or [59.1-200.1](#).

D. The Commissioner of the Department of Agriculture and Consumer Services, or his duly authorized representative, shall have the power to inquire into possible violations of subdivisions A 18, 28, 29, 31, 39, 41, as it relates to motor fuels, 69, 70, 71, 72, 73, and 74 of § [59.1-200](#) and § [59.1-335.12](#), and, if necessary, to request, but not to require, an appropriate legal official to bring an action to enjoin such violation.

E. The Board of Directors of the Virginia Cannabis Control Authority, or its duly authorized representative, shall, upon the referral or request of the Attorney General or the Department of Agriculture and Consumer Services, have the power to inquire into possible violations of subdivisions A 69, 70, 71, 72, 73, and 74 of § [59.1-200](#) and, if necessary, to request, but not require, an appropriate legal official to bring an action to enjoin such violation.

1977, c. 635; 1982, c. 13; 1988, c. 485; 2008, c. [485](#); 2012, cc. [803](#), [835](#); 2023, cc. [744](#), [794](#).

**§59.1-204. Individual action for damages or penalty.**

A. Any person who suffers loss as the result of a violation of this chapter shall be entitled to initiate an action to recover actual damages, or \$500, whichever is greater. If the trier of fact finds that the violation was willful, it may increase damages to an amount not exceeding three times the actual damages sustained, or \$1,000, whichever is greater. Any person who accepts a cure offer under this chapter may not initiate or maintain any other or additional action based on any cause of action arising under any other statute or common law theory if such other action is substantially based on the same allegations of fact on which the action initiated under this chapter is based.

B. Notwithstanding any other provision of law to the contrary, in addition to any damages awarded, such person also may be awarded reasonable attorneys' fees and court costs.

C. No cure offer shall be admissible in any proceeding initiated under this section, unless the cure offer is delivered by a supplier to the person claiming loss or to any attorney representing such person, prior to the filing of the supplier's initial responsive pleading in such proceeding. If the cure offer is timely delivered by the supplier, then the supplier may introduce the cure offer into evidence at trial. The supplier shall not be liable for such person's attorneys' fees and court costs incurred following delivery of the cure offer unless the actual damages found to have been sustained and awarded, without consideration of attorneys' fees and court costs, exceed the value of the cure offer.

D. In any action which the parties desire to settle all matters in dispute, the question of whether the plaintiff shall be awarded reasonable attorneys' fees and court costs in accordance with subsections B and C may be tendered to the court for consideration of the amount of such an award, if any.

1977, c. 635; 1995, cc. [703](#), [726](#); 2004, cc. [41](#), [90](#); 2005, c. [250](#); 2006, c. [453](#).

**§59.1-204.1. Tolling of limitation.**

A. Any individual action pursuant to § [59.1-204](#) for which the right to bring such action first accrues on or after July 1, 1995, shall be commenced within two years after such accrual. The cause of action shall accrue as provided in § [8.01-230](#).

B. When any of the authorized government agencies files suit under this chapter, the time during which such governmental suit and all appeals therefrom is pending shall not be counted as any part of the period within which an action under § [59.1-204](#) shall be brought.

1988, c. 241; 1995, cc. [703](#), [726](#).

**§59.1-205. Additional relief.**

The circuit court may make such additional orders or decrees as may be necessary to restore to any identifiable person any money or property, real, personal, or mixed, tangible or intangible, which may have been acquired from such person by means of any act or practice declared to be unlawful in § [59.1-200](#) or [59.1-200.1](#), provided, that such person shall be identified by order of the court within 180 days from the date of the order permanently enjoining the unlawful act or practice.

1977, c. 635; 2008, c. [485](#).

**§59.1-206. Civil penalties; attorney fees.**

A. In any action brought under this chapter, if the court finds that a person has willfully engaged in an act or practice in violation of § [59.1-200](#) or [59.1-200.1](#), the Attorney General, the attorney for the Commonwealth, or the attorney for the county, city, or town may recover for the Literary Fund, upon petition to the court, a civil penalty of not more than \$2,500 per violation. If the court finds that a person has willfully committed a second or subsequent violation of subdivision A 69, 70, 71, 72, 73, or 74 of § [59.1-200](#), the Attorney General, the attorney for the Commonwealth, or the attorney for the county, city, or town may recover for the Literary Fund, upon petition to the court, a civil penalty of not more than \$5,000 per violation.

B. For purposes of this section, prima facie evidence of a willful violation may be shown when the Attorney General, the attorney for the Commonwealth, or the attorney for the county, city, or town notifies the alleged violator by certified mail that an act or practice is a violation of § [59.1-200](#) or [59.1-200.1](#), and the alleged violator, after receipt of said notice, continues to engage in the act or practice.

C. Any person who willfully violates the terms of an assurance of voluntary compliance or an injunction issued under § [59.1-203](#) shall forfeit and pay to the Literary Fund a civil penalty of not more than \$5,000 per violation. For purposes of this section, the circuit court issuing an injunction shall retain jurisdiction, and the cause shall be continued, and in such cases the Attorney General, the attorney for the Commonwealth, or the attorney for the county, city, or town may petition for recovery of civil penalties.

D. In any action pursuant to subsection A, B, or C and in addition to any other amount awarded, the Attorney General, the attorney for the Commonwealth, or the attorney for the county, city, or town may recover any applicable civil penalty or penalties, costs, reasonable expenses incurred by the state or local agency in investigating and preparing the case not to exceed \$1,000 per violation, and attorney's fees. Such civil penalty or penalties, costs, reasonable expenses, and attorney's fees shall be paid into the general fund of the Commonwealth or of the county, city, or town which such attorney represented.

E. Nothing in this section shall be construed as limiting the power of the court to punish as contempt the violation of any order issued by the court, or as limiting the power of the court to enter other orders under § [59.1-203](#) or [59.1-205](#).

F. The right of trial by jury as provided by law shall be preserved in actions brought under this section.

1977, c. 635; 1980, c. 171; 1982, c. 13; 1991, c. 156; 1995, c. [703](#); 2008, c. [485](#); 2023, cc. [744](#), [794](#).

#### **§59.1-207. Unintentional violations.**

In any case arising under this chapter, no liability shall be imposed upon a supplier who shows by a preponderance of the evidence that (i) the act or practice alleged to be in violation of § [59.1-200](#) or [59.1-200.1](#) was an act or practice of the manufacturer or distributor to the supplier over which the supplier had no control or (ii) the alleged violation resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid a violation; however, nothing in this section shall prevent the court from

ordering restitution and payment of reasonable attorney's fees and court costs pursuant to § [59.1-204](#) B to individuals aggrieved as a result of an unintentional violation of this chapter.

1977, c. 635; 1995, cc. [703](#), [726](#); 2008, c. [485](#).

## Virginia Credit Services Businesses Act

### **§59.1-335.1. Title.**

This chapter may be cited as the "Virginia Credit Services Businesses Act."

1989, cc. 651, 655.

### **§59.1-335.2. Definitions.**

In this chapter the following words have the following meanings:

"Attorney General" means the Office of the Attorney General of Virginia.

"Commissioner" means the Commissioner of Agriculture and Consumer Services, or a member of his staff to whom he may delegate his duties under this chapter.

"Consumer" means any individual who is solicited to purchase or who purchases the services of a credit services business.

"Consumer report" means any written, oral, or other communication of any information by a consumer reporting agency bearing on a consumer's creditworthiness, credit standing, credit capacity, character, general reputation, personal characteristics, or mode of living which (i) is furnished or (ii) is used or expected to be used or collected in whole or in part for the purpose of serving as a factor in establishing the consumer's eligibility for:

1. Credit or insurance to be used primarily for personal, family, or household purposes;  
or
2. Employment purposes; or
3. Other purposes which shall be limited to the following circumstances:
  - a. In response to the order of a court having jurisdiction to issue the order.
  - b. In accordance with the written instructions of the consumer to whom the report relates.
  - c. To a person which the agency has reason to believe:

(i) Intends to use the information in connection with a credit transaction involving the consumer on whom the information is to be furnished and involving the extension of credit to or review or collection of an account of, the consumer; or

(ii) Intends to use the information for employment purposes; or

(iii) Intends to use the information in connection with the underwriting of insurance involving the consumer; or

(iv) Intends to use the information in connection with a determination of the consumer's eligibility for a license or other benefit granted by a governmental instrumentality required by law to consider an applicant's financial responsibility or status; or

(v) Otherwise has a legitimate business need for the information in connection with a business transaction involving the consumer.

The term "consumer report" does not include:

1. Any report containing information solely as to transactions or experiences between the consumer and the person making the report;

2. Any authorization or approval of a specific extension of credit directly or indirectly by the issuer of a credit card or similar device; or

3. Any report in which a person who has been requested by a third party to make a specific extension of credit directly or indirectly to a consumer conveys his decision with respect to the request, if the third party advises the consumer of the name and address of the person to whom the request was made and the person makes the disclosures to the consumer as to the exact nature of the request and the effect of the report on its decision to extend credit.

"Consumer reporting agency" means any person that, for monetary fees, dues, or on a cooperative nonprofit basis, regularly engages in whole or in part in the practice of assembling or evaluating consumer credit information or other information on consumers for the purpose of furnishing consumer reports to third parties and that uses any means or facility of commerce for the purpose of preparing or furnishing consumer reports. "Consumer reporting agency" does not include a private investigator registered under the provisions of Article 4 (§ [9.1-138](#) et seq.) of Chapter 1 of Title 9.1.

"Credit services business" means any person that, with respect to the extension of credit by others, sells, provides, or performs, or represents that such person can or will sell,

provide, or perform, any of the following services in return for the payment of money or other valuable consideration:

1. Improving a consumer's credit record, history, or rating;
2. Obtaining an extension of credit for a consumer; or
3. Providing advice or assistance to a consumer with regard to either subdivision 1 or 2.

"Credit services business" does not include:

(i) Any person authorized to make, arrange, or negotiate loans or extensions of credit under the laws of the Commonwealth or the United States;

(ii) Any bank, trust company, savings bank, or savings institution whose deposits or accounts are eligible for insurance by the Federal Deposit Insurance Corporation or other federal insurance agency, or any credit union organized and chartered under the laws of the Commonwealth or the United States;

(iii) Any nonprofit organization exempt from taxation under § 501(c) (3) of the Internal Revenue Code (26 U.S.C. § 501(c) (3));

(iv) Any person licensed as a real estate broker by the Commonwealth where the person is acting within the course and scope of that license;

(v) Any person licensed to practice law in the Commonwealth where the person renders services within the course and scope of that person's practice as a lawyer;

(vi) Any broker-dealer registered with the Securities and Exchange Commission or the Commodity Futures Trading Commission where the broker-dealer is acting within the course and scope of that regulation;

(vii) Any consumer reporting agency as defined in the Federal Fair Credit Reporting Act (15 U.S.C. § 1681 et seq.); or

(viii) Any person selling personal, family, or household goods to a consumer who, in connection with the seller's sale of its goods to the consumer, assists the consumer in obtaining a loan or extension of credit or extends credit to the consumer.

"Extension of credit" means the right to defer payment of debt or to incur debt and defer its payment, offered or granted primarily for personal, family, or household purposes.

"File" when used in connection with information on any consumer, means all of the information on that consumer recorded and retained by a consumer reporting agency regardless of how the information is stored.

"Investigative consumer report" means a consumer report or portion of it in which information on a consumer's character, general reputation, personal characteristics, or mode of living is obtained through personal interviews with neighbors, friends, or associates of the consumer reported on or with others with whom he is acquainted or who may have knowledge concerning any items of information. However, the information does not include specific factual information on a consumer's credit record obtained directly from a creditor of the consumer or from a consumer reporting agency when the information was obtained directly from a creditor of the consumer or from the consumer.

"Person" includes an individual, corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership, association, two or more persons having a joint or common interest, and any other legal or commercial entity.

1989, cc. 651, 655; 1990, c. 3; 2003, c. [359](#); 2023, c. [110](#).

**§59.1-335.3. Registration; fees.**

A. It shall be unlawful for any credit services business to offer, advertise, or execute or cause to be executed by a consumer any contract in this Commonwealth unless the credit services business at the time of the offer, advertisement, sale or execution of a contract has been properly registered with the Commissioner. The Commissioner may charge the credit services business a reasonable fee not exceeding \$100 to cover the costs of filing.

B. The registration shall contain (i) the name and address of the credit services business, (ii) the name and address of the registered agent authorized to accept service of process on behalf of the credit services business, (iii) the name and address of any person who directly or indirectly owns or controls a ten percent or greater interest in the credit services business, and (iv) the name and address of the surety company that issued a bond pursuant to § [59.1-335.4](#) or the name and address of the bank that issued a letter of credit pursuant to § [59.1-335.4](#). The registration statement shall also contain either a full and complete disclosure of any litigation or unresolved complaint filed within the preceding five years with a governmental authority of the Commonwealth, any other state or the United States relating to the operation of the credit services business, or a notarized statement that there has been no litigation or unresolved complaint filed within the preceding five years with the governmental authority of the Commonwealth, any other state or the United States relating to the operation of the credit services business.

C. The credit services business shall attach to the registration statement a copy of (i) the information statement required under § [59.1-335.6](#), (ii) a copy of the contract which the

credit services business intends to execute with its consumers, and (iii) evidence of the bond or trust account required under § [59.1-335.4](#).

D. The credit services business shall update the registration statement required under this section not later than ninety days after the date from which a change in the information required in the statement occurs.

E. Each credit services business registering under this section shall maintain a copy of the registration statement in its files. The credit services business shall allow a buyer to inspect the registration statement on request.

1989, c. 655.

**§59.1-335.4. Bond or letter of credit required.**

A. Every credit services business, before it enters into a contract with a consumer, shall file and maintain with the Commissioner, in form and substance satisfactory to him, a bond with corporate surety from a company authorized to transact business in the Commonwealth, or a letter of credit from a bank insured by the Federal Deposit Insurance Corporation in an amount equal to 100 times the standard fee charged by the credit services business but in no event shall the bond or letter of credit required under this section be less than \$5,000 or greater than \$50,000.

B. The required bond or letter of credit shall be in favor of the Commonwealth of Virginia for the benefit of any person who is damaged by any violation of this Act. The bond or letter of credit shall also be in favor of any person damaged by such practices. Any person claiming against the bond or letter of credit for a violation of this Act may maintain an action at law against the credit services business and against the surety or bank. The surety or bank shall be liable only for actual damages and attorneys fees and not for penalties permitted under §§ [59.1-206](#) and [59.1-335.12](#) or punitive damages permitted under § [59.1-335.10](#). The aggregate liability of the surety or bank to all persons damaged by a credit services business violation of this chapter shall in no event exceed the amount of the bond or letter of credit.

C. The bond or letter of credit shall be maintained for a period of two years after the date that the credit services business ceases operation.

1989, c. 655.

**§59.1-335.5. Prohibited practices.**

A credit services business, and its salespersons, agents and representatives, and independent contractors who sell or attempt to sell the services of a credit services business, shall not do any of the following:

1. Charge or receive any money or other valuable consideration prior to full and complete performance of the services that the credit services business has agreed to perform for or on behalf of the consumer, unless the consumer has agreed to pay for such services during the term of a written subscription agreement that provides for the consumer to make periodic payments during the agreement's term in consideration for the credit services business's ongoing performance of services for or on behalf of the consumer, provided that such subscription agreement may be cancelled at any time by the consumer;
2. Charge or receive any money or other valuable consideration solely for referral of the consumer to a retail seller or to any other credit grantor who will or may extend to the consumer, if the credit that is or will be extended to the consumer is upon substantially the same terms as those available to the general public;
3. Make, or counsel or advise any consumer to make, any statement that is untrue or misleading and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading, to a consumer reporting agency or to any person who has extended credit to a consumer or to whom a consumer is applying for an extension of credit, with respect to a consumer's creditworthiness, credit standing, or credit capacity;
4. Make or use any untrue or misleading representations in the offer or sale of the services of a credit services business or engage, directly or indirectly, in any act, practice, or course of business which operates or would operate as a fraud or deception upon any person in connection with the offer or sale of the services of a credit services business;  
or
5. Advertise, offer, sell, provide, or perform any of the services of a credit services business in connection with an extension of credit that meets any of the following conditions:
  - a. The amount of credit is less than \$5,000;
  - b. The repayment term is one year or less;
  - c. The credit is provided under an open-end credit plan; or

d. The annual percentage rate exceeds 36 percent. For purposes of this section, "annual percentage rate" has the same meaning as in the federal Truth in Lending Act (15 U.S.C. § 1601 et seq.) and its implementing regulations, as they may be amended from time to time.

1989, cc. 651, 655; 2010, c. [421](#); 2020, cc. [1215](#), [1258](#).

**§59.1-335.6. Information statement required.**

Before (i) the execution of a contract or agreement between a consumer and a credit services business or (ii) the receipt by the credit services business of any money or other valuable consideration, whichever occurs first, the credit services business shall provide the consumer with an information statement in writing containing all of the information required under § [59.1-335.7](#). The credit services business shall maintain on file or microfilm for a period of two years from the date of the consumer's acknowledgement an exact copy of the information statement personally signed by the consumer acknowledging receipt of a copy of the information statement.

1989, cc. 651, 655.

**§59.1-335.7. Contents of information statement.**

The information statement required under § [59.1-335.6](#) shall include all of the following:

1. a. A complete and accurate statement of the consumer's right to review any file on the consumer maintained by any consumer reporting agency, and the right of the consumer to receive a copy of a consumer report containing all information in that file as provided under the Federal Fair Credit Reporting Act (15 U.S.C. § 1681g);
- b. A complete and accurate statement of the consumer's right to receive a free copy of the consumer's credit report every 12 months from each of the three nationwide consumer reporting agencies, including identification of the website and toll-free telephone number through which the free report may be obtained, as provided under the Federal Fair Credit Reporting Act (15 U.S.C. § 1681j);
- c. A complete and accurate statement that a copy of the consumer report containing all information in the consumer's file will be furnished free of charge by the consumer reporting agency if requested by the consumer within 60 days of receiving a notice of a denial of credit as provided under the Federal Fair Credit Reporting Act (15 U.S.C. § 1681j); and
- d. A complete and accurate statement that a nominal charge may be imposed on the consumer by the consumer reporting agency for a copy of the consumer report containing all

information in the consumer's file, if the consumer has already obtained the free credit report to which the consumer is entitled on an annual basis and the consumer has not been denied credit within 60 days from receipt of the consumer's request;

2. A complete and accurate statement of the consumer's right to dispute the completeness or accuracy of any item contained in any file on the consumer that is maintained by any consumer reporting agency, as provided under the Federal Fair Credit Reporting Act (15 U.S.C. § 1681i);

3. A complete and detailed description of the services to be performed by the credit services business for or on behalf of the consumer, and the total amount the consumer will have to pay, or become obligated to pay, for the services. Such statement shall include the following notice in at least 10-point bold type:

IMPORTANT NOTICE:

YOU HAVE NO OBLIGATION TO PAY ANY FEES OR CHARGES UNTIL ALL SERVICES HAVE BEEN PERFORMED COMPLETELY FOR YOU, UNLESS YOU ENTER INTO A SUBSCRIPTION AGREEMENT REQUIRING PERIODIC PAYMENTS IN CONSIDERATION FOR ONGOING SERVICES.

; and

4. The notice prescribed by subdivision 3 shall also be posted by means of a conspicuous sign so as to be readily noticeable and readable at the location within the premises of the credit services business where consumers are interviewed by personnel of the business.

1989, cc. 651, 655; 2010, c. [421](#); 2023, c. [110](#).

#### **§59.1-335.8. Contents of contracts.**

A. Every contract between a consumer and a credit services business for the purchase of the services of the credit services business shall be in writing, dated, signed by the consumer, and shall include all of the following:

1. A conspicuous statement in size equal to at least ten-point bold type, in immediate proximity to the space reserved for the signature of the consumer as follows:

"You, the buyer, may cancel this contract at any time prior to midnight of the third business day after the date of the transaction. See the attached notice of cancellation form for an explanation of this right.";

2. The terms and conditions of payment, including the total of all payments to be made by the consumer, whether to the credit services business or to some other person;
3. A complete and detailed description of the services to be performed and the results to be achieved by the credit services business for or on behalf of the consumer, including all guarantees and all promises of full or partial refunds and a list of the adverse information appearing on the consumer's credit report that the credit services business expects to have modified;
4. The principal business address of the credit services business and the name and address of its agent in this Commonwealth authorized to receive service of process;
5. A statement asserting the buyer's right to proceed against the bond or letter of credit required under § [59.1-335.4](#); and
6. The name and address of the surety company which issued the bond, or the name and address of the bank which issued the letter of credit.

B. 1. The contract shall be accompanied by a completed form in duplicate, captioned "NOTICE OF CANCELLATION," which shall be attached to the contract and easily detachable, and which shall contain in at least ten-point bold type the following statement:

"NOTICE OF CANCELLATION

You may cancel this contract, without any penalty or obligation, at any time prior to midnight of the third business day after the date the contract is signed.

If you cancel, any payment made by you under this contract will be returned within ten days following receipt by the seller of your cancellation notice.

To cancel this contract, mail or deliver a signed and dated copy of this cancellation notice, or any other written notice, to

\_\_\_\_\_ (Name of Seller)

At \_\_\_\_\_ (Address of Seller)

\_\_\_\_\_ (Place of Business)

Not later than midnight \_\_\_\_\_ (Date)

I HEREBY CANCEL THIS TRANSACTION.

\_\_\_\_\_ (Date)

\_\_\_\_\_ (Buyer's Signature)"

2. A copy of the fully completed contract and all other documents the credit services business requires the consumer to sign shall be given by the credit services business to the consumer at the time they are signed.

1989, cc. 651, 655.

**§59.1-335.9. Breach; null and void contract.**

A. Any breach by a credit services business of a contract under this chapter, or of any obligation arising under it, shall constitute a violation of this chapter.

B. Any contract for services from a credit services business that does not comply with the applicable provisions of this chapter shall be void and unenforceable as contrary to the public policy of this Commonwealth.

C. Any waiver by a consumer of any of the provisions of this chapter shall be deemed void and unenforceable by a credit services business as contrary to public policy of this Commonwealth, and any attempt by a credit services business to have a consumer waive rights given by this chapter shall constitute a violation of this chapter.

D. In any proceeding involving this chapter the burden of proving an exemption or an exception from a definition is upon the person claiming it.

1989, cc. 651, 655.

**§59.1-335.10. Liability to consumer.**

A. Any credit services business which willfully fails to comply with any requirement imposed under this chapter with respect to any consumer is liable to that consumer in an amount equal to the sum of:

1. Any actual damages sustained by the consumer as a result of the failure; and
2. Such amount of punitive damages as the court may allow.

B. Any credit services business which is negligent in failing to comply with any requirement imposed under this chapter with respect to any consumer is liable to that consumer in an amount equal to the sum of any actual damages sustained by the consumer as a result of the failure.

1989, cc. 651, 655.

**§59.1-335.11. Statute of limitations.**

An action to enforce any liability created under this chapter may be brought within two years from the date on which the liability arises, except that where a defendant has materially and willfully misrepresented any information required under this chapter to be disclosed to a consumer and the information so misrepresented is material to the establishment of the defendant's liability to that consumer under this chapter, the action may be brought at any time within two years after discovery by the consumer of the misrepresentation.

1989, cc. 651, 655.

**§59.1-335.12. Violations of chapter; enforcement.**

A. Each sale of the services of a credit services business that violates any provision of this chapter is a prohibited practice under § [59.1-200](#).

B. If the Attorney General, any attorney for the Commonwealth, or any attorney for a county, city or town has reason to believe that any credit services business, or any salesperson, agent, representative, or independent contractor acting on behalf of a credit services business, has violated any provision of this chapter, the Attorney General, the attorney for the Commonwealth, or attorney for the county, city or town may institute a proceeding under Chapter 17 (§ [59.1-196](#) et seq.) of Title 59.1.

1989, cc. 651, 655.

## Virginia Debt Collection Act

**§2.2-4800. Policy of the Commonwealth; collection of accounts receivable.**

This chapter establishes the policy of the Commonwealth as it relates to the accounting for, management and collection of all accounts receivable due to the Commonwealth. It shall be the policy of the Commonwealth that all state agencies and institutions shall take all appropriate and cost-effective actions to aggressively collect all accounts receivable. All state agencies and institutions shall be subject to this chapter and shall establish internal policies and procedures for the management and collection of accounts receivable that are in accordance with regulations adopted by the Department of Accounts and the Office of the Attorney General.

1988, c. 544, § 2.1-727; 2001, c. [844](#).

**§2.2-4801. Definitions.**

As used in this chapter, unless the context requires a different meaning:

"Administrative offset" includes, but is not limited to, offsetting any monies, except those specifically exempted by state or federal law, paid by agency or institution for a debt owed to any other state agency or institution.

"Accounts receivable" refers to the classification of debts due the Commonwealth, including judgments, fines, costs, and penalties imposed upon conviction for criminal and traffic offenses, and as defined in the guidelines adopted by the State Comptroller.

"Discharge" means the compromise and settlement of disputes, claims, and controversies of the Commonwealth by the Office of the Attorney General as authorized by § [2.2-514](#).

"Division" means the Division of Debt Collection of the Office of the Attorney General created pursuant to § [2.2-518](#).

"Past-due" means any account receivable for which payment has not been received by the payment due date.

"State agency and institution" means any authority, board, department, instrumentality, agency or other unit in any branch of state government. The term shall not include any county, city or town, or any local or regional governmental authority or any "nonstate agency" as defined in the appropriation act.

"Write-off" means a transaction to remove from an agency's financial accounting records an account receivable that management has determined to be uncollectible.

1988, c. 544, § 2.1-726; 1994, c. [565](#); 2001, c. [844](#); 2009, c. [797](#).

#### **§2.2-4802. Responsibility for accounts receivable policy; reports.**

The Department of Accounts shall be the primary state agency responsible for the oversight, reporting and monitoring of the Commonwealth's accounts receivable program.

The Department of Accounts shall adopt necessary policies and procedures for reporting, accounting for, and collecting the Commonwealth's accounts receivable. The Department of Accounts is also charged with adopting regulations concerning guidelines and procedures for writing off accounts receivable.

1988, c. 544, § 2.1-728; 2001, c. [844](#).

#### **§2.2-4803. Legal counsel.**

The Office of the Attorney General shall be the primary agency responsible for the provision of all legal services and advice related to the collection of accounts receivable, pursuant to § [2.2-507](#).

The Attorney General shall adopt necessary policies and procedures pertaining to all accounts receivable legal matters and the litigation of past-due accounts receivable that shall be published together with the policies and procedures adopted by the Department of Accounts.

1988, c. 544, § 2.1-729; 2001, c. [844](#).

**§2.2-4804. Annual reports.**

The Department of Accounts and the Attorney General shall annually report to the Governor, the Secretary of Finance and the Chairmen of the Senate Committee on Finance and Appropriations and the House Committee on Appropriations those agencies and institutions that are not making satisfactory progress toward implementing the provisions of this chapter and establishing effective accounts receivable programs.

1988, c. 544, § 2.1-730; 2001, c. [844](#).

**§2.2-4805. Interest, administrative charges and penalty fees.**

A. Each state agency and institution may charge interest on all past due accounts receivable in accordance with guidelines adopted by the Department of Accounts. Each past due accounts receivable may also be charged an additional amount that shall approximate the administrative costs arising under § [2.2-4806](#). Agencies and institutions may also assess late penalty fees, not in excess of ten percent of the past-due account on past-due accounts receivable. The Department of Accounts shall adopt regulations concerning the imposition of administrative charges and late penalty fees.

B. Failure to pay in full at the time goods, services, or treatment are rendered by the Commonwealth or when billed for a debt owed to any agency of the Commonwealth shall result in the imposition of interest at the judgment rate as provided in § [6.2-302](#) on the unpaid balance unless a higher interest rate is authorized by contract with the debtor or provided otherwise by statute. Interest shall begin to accrue on the 60th day after the date of the initial written demand for payment. A public institution of higher education in the Commonwealth may elect to impose a late fee in addition to, or in lieu of, interest for such time as the institution retains the claim pursuant to subsection D of § [2.2-4806](#). Returned checks or dishonored credit card or debit card payments shall incur a handling fee of \$50 unless a higher amount is authorized by statute to be added to the principal account balance.

C. If the matter is referred for collection to the Division, the debtor shall be liable for reasonable attorney fees unless higher attorney fees are authorized by contract with the debtor.

D. A request for or acceptance of goods or services from the Commonwealth, including medical treatment, shall be deemed to be acceptance of the terms specified in this section.

1988, c. 544, § 2.1-732; 2001, c. [844](#); 2009, c. [797](#).

**§2.2-4806. Utilization of certain collection techniques.**

A. Each state agency and institution shall take all appropriate and cost-effective actions to aggressively collect its accounts receivable. Each agency and institution shall utilize, but not be limited to, the following collection techniques, according to the policies and procedures required by the Department of Accounts and the Division: (i) credit reporting bureaus, (ii) collection agencies, (iii) garnishments, liens and judgments, (iv) administrative offset, and (v) participation in the Treasury Offset Program of the United States under 31 U.S.C. § 3716.

B. Except as provided otherwise herein, for collection of accounts receivable of \$3,000 or more that are 60 days past due, each agency and institution shall forward those claims to the Division for collection. The Division shall review forwarded accounts, determine the appropriate collection efforts, if any, for each account, and take such actions on the accounts as the Division may so determine.

C. Except as provided otherwise herein, for collection of accounts receivable under \$3,000 that are 60 days past due, each agency and institution shall contract with a private collection agency for the collection of those debts. Prior to referring accounts receivable of less than \$3,000, agencies and institutions may refer such accounts to the Division. The Division may accept the account for collection or return it to the agency or institution for collection by a private collection agency.

D. Except as otherwise provided in this subsection, where a debtor is paying a debt in periodic payments to an agency or institution, the agency or institution may elect to retain the claim in excess of 60 days provided that such periodic payments are promptly paid until the account is satisfied. In the event the debtor is delinquent (i) by 60 days in paying a periodic payment or (ii) for such other period of time approved by the Division, the account shall be handled in the manner provided by subsections B and C of this section.

E. A public institution of higher education shall provide a debtor who is currently enrolled in such institution the option to pay his debt in periodic payments over the course of the term or semester in which the account became past due or, at the discretion of such institution, over a longer period, provided that such periodic payments are promptly paid until the account is satisfied. In the event that the debtor is delinquent (i) by 60 days in paying a periodic payment or (ii) for such other period of time approved by the Division, the account shall be handled in the manner provided by subsections B and C.

F. Notwithstanding any other provision of this chapter or any other law to the contrary, neither the Virginia Commonwealth University Health System Authority (the Authority) nor the University of Virginia Medical Center (the Center) shall engage in extraordinary collection actions, as defined in § 501(r) of the Internal Revenue Code as it was in effect on January 1, 2020, to collect patient accounts receivable related to medical treatment at such Authority or Center or its affiliated facilities unless the Authority or Center has undertaken all reasonable efforts to determine whether an individual with delinquent debt is eligible for Medicaid or other assistance under the Authority's or Center's financial assistance policy.

G. Each state agency and institution shall report and pay required fees to the Division as required by subsection C of § [2.2-518](#).

1988, c. 544, § 2.1-733; 2001, c. [844](#); 2004, c. [919](#); 2008, cc. [314](#), [637](#); 2009, c. [797](#); 2018, c. [386](#); 2020, c. [577](#).

#### **§2.2-4807. Debtor information and skip-tracing.**

Each agency and institution shall collect minimum prescribed information from clients, debtors, and payees. Debtor information available from state agencies, credit reporting bureaus and other appropriate sources shall be used for the purpose of skip-tracing debtors, as specified in the guidelines of the Department of Accounts and the Attorney General. The minimum prescribed information to be collected shall include the federal employer identification number of partnerships, proprietorships, and corporate clients, debtors, and payees. This minimum prescribed information shall be included in the contract payment clause required by § [2.2-4354](#). The Department of Accounts may require that the minimum prescribed information be supplied on any request for payment, including invoices.

1988, c. 544, § 2.1-734; 1992, c. 110; 2001, c. [844](#).

#### **§2.2-4808. Provision of state services to delinquent debtors.**

Each state agency and institution shall develop internal policies and procedures, in accordance with accounts receivable policies of the Department of Accounts and the Attorney General, for delaying or withholding certain state services to those persons who refuse to pay their debts.

1988, c. 544, § 2.1-735; 2001, c. [844](#).

**§2.2-4809. Agreement authorized; setoff federal debts.**

A. The Comptroller is authorized to enter into an agreement with the United States to participate in the Treasury Offset Program pursuant to 31 U.S.C. § 3716 for the collection of any debts owed to state agencies. The agreement may provide for the United States to submit debts owed to federal agencies for offset against state payments similar to the procedures for offsetting debts owed to state agencies.

B. The Treasurer shall reduce any state payment by the amount of any federal debt submitted in accordance with the agreement authorized by this section, and pay such amount to the appropriate federal official in accordance with the procedures specified in such agreement.

2008, c. [314](#).

## Virginia Electric Utility Regulation Act

**§56-576. Definitions.**

As used in this chapter:

“Affiliate” means any person that controls, is controlled by, or is under common control with an electric utility.

“Aggregator” means a person that, as an agent or intermediary, (i) offers to purchase, or purchases, electric energy or (ii) offers to arrange for, or arranges for, the purchase of electric energy, for sale to, or on behalf of, two or more retail customers not controlled by or under common control with such person. The following activities shall not, in and of themselves, make a person an aggregator under this chapter: (i) furnishing legal services to two or more retail customers, suppliers or aggregators; (ii) furnishing educational, informational, or analytical services to two or more retail customers, unless direct or indirect compensation for such services is paid by an aggregator or supplier of electric energy; (iii) furnishing educational, informational, or analytical services to two or more suppliers or aggregators; (iv) providing default service under § [56-585](#); (v)

engaging in activities of a retail electric energy supplier, licensed pursuant to § [56-587](#), which are authorized by such supplier's license; and (vi) engaging in actions of a retail customer, in common with one or more other such retail customers, to issue a request for proposal or to negotiate a purchase of electric energy for consumption by such retail customers.

"Business park" means a land development containing a minimum of 100 contiguous acres classified as a Tier 4 site under the Virginia Economic Development Partnership's Business Ready Sites Program that is developed and constructed by a locality, an industrial development authority, or a similar political subdivision of the Commonwealth created pursuant to § [15.2-4903](#) or other act of the General Assembly, in order to promote business development.

"Combined heat and power" means a method of using waste heat from electrical generation to offset traditional processes, space heating, air conditioning, or refrigeration.

"Commission" means the State Corporation Commission.

"Community in which a majority of the population are people of color" means a U.S. Census tract where more than 50 percent of the population comprises individuals who identify as belonging to one or more of the following groups: Black, African American, Asian, Pacific Islander, Native American, other non-white race, mixed race, Hispanic, Latino, or linguistically isolated.

"Cooperative" means a utility formed under or subject to Chapter 9.1 (§ [56-231.15](#) et seq.).

"Covered entity" means a provider in the Commonwealth of an electric service not subject to competition but does not include default service providers.

"Covered transaction" means an acquisition, merger, or consolidation of, or other transaction involving stock, securities, voting interests or assets by which one or more persons obtains control of a covered entity.

"Curtailement" means inducing retail customers to reduce load during times of peak demand so as to ease the burden on the electrical grid.

"Customer choice" means the opportunity for a retail customer in the Commonwealth to purchase electric energy from any supplier licensed and seeking to sell electric energy to that customer.

“Demand response” means measures aimed at shifting time of use of electricity from peak-use periods to times of lower demand by inducing retail customers to curtail electricity usage during periods of congestion and higher prices in the electrical grid.

“Distribute,” “distributing,” or “distribution of” electric energy means the transfer of electric energy through a retail distribution system to a retail customer.

“Distributor” means a person owning, controlling, or operating a retail distribution system to provide electric energy directly to retail customers.

“Electric distribution grid transformation project” means a project associated with electric distribution infrastructure, including related data analytics equipment, that is designed to accommodate or facilitate the integration of utility-owned or customer-owned renewable electric generation resources with the utility’s electric distribution grid or to otherwise enhance electric distribution grid reliability, electric distribution grid security, customer service, or energy efficiency and conservation, including advanced metering infrastructure; intelligent grid devices for real time system and asset information; automated control systems for electric distribution circuits and substations; communications networks for service meters; intelligent grid devices and other distribution equipment; distribution system hardening projects for circuits, other than the conversion of overhead tap lines to underground service, and substations designed to reduce service outages or service restoration times; physical security measures at key distribution substations; cyber security measures; energy storage systems and microgrids that support circuit-level grid stability, power quality, reliability, or resiliency or provide temporary backup energy supply; electrical facilities and infrastructure necessary to support electric vehicle charging systems; LED street light conversions; and new customer information platforms designed to provide improved customer access, greater service options, and expanded access to energy usage information.

“Electric utility” means any person that generates, transmits, or distributes electric energy for use by retail customers in the Commonwealth, including any investor-owned electric utility, cooperative electric utility, or electric utility owned or operated by a municipality.

“Energy efficiency program” means a program that reduces the total amount of electricity that is required for the same process or activity implemented after the expiration of capped rates. Energy efficiency programs include equipment, physical, or program change designed to produce measured and verified reductions in the amount of electricity required to perform the same function and produce the same or a similar outcome. Energy efficiency programs may include, but are not limited to, (i) programs that result in

improvements in lighting design, heating, ventilation, and air conditioning systems, appliances, building envelopes, and industrial and commercial processes; (ii) measures, such as but not limited to the installation of advanced meters, implemented or installed by utilities, that reduce fuel use or losses of electricity and otherwise improve internal operating efficiency in generation, transmission, and distribution systems; and (iii) customer engagement programs that result in measurable and verifiable energy savings that lead to efficient use patterns and practices. Energy efficiency programs include demand response, combined heat and power and waste heat recovery, curtailment, or other programs that are designed to reduce electricity consumption so long as they reduce the total amount of electricity that is required for the same process or activity. Utilities shall be authorized to install and operate such advanced metering technology and equipment on a customer's premises; however, nothing in this chapter establishes a requirement that an energy efficiency program be implemented on a customer's premises and be connected to a customer's wiring on the customer's side of the inter-connection without the customer's expressed consent.

"Generate," "generating," or "generation of" electric energy means the production of electric energy.

"Generator" means a person owning, controlling, or operating a facility that produces electric energy for sale.

"Historically economically disadvantaged community" means (i) a community in which a majority of the population are people of color or (ii) a low-income geographic area.

"Incumbent electric utility" means each electric utility in the Commonwealth that, prior to July 1, 1999, supplied electric energy to retail customers located in an exclusive service territory established by the Commission.

"Independent system operator" means a person that may receive or has received, by transfer pursuant to this chapter, any ownership or control of, or any responsibility to operate, all or part of the transmission systems in the Commonwealth.

"In the public interest," for purposes of assessing energy efficiency programs, describes an energy efficiency program if the Commission determines that the net present value of the benefits exceeds the net present value of the costs as determined by not less than any three of the following four tests: (i) the Total Resource Cost Test; (ii) the Utility Cost Test (also referred to as the Program Administrator Test); (iii) the Participant Test; and (iv) the Ratepayer Impact Measure Test. Such determination shall include an analysis of

all four tests, and a program or portfolio of programs shall be approved if the net present value of the benefits exceeds the net present value of the costs as determined by not less than any three of the four tests. If the Commission determines that an energy efficiency program or portfolio of programs is not in the public interest, its final order shall include all work product and analysis conducted by the Commission's staff in relation to that program, including testimony relied upon by the Commission's staff, that has bearing upon the Commission's decision. If the Commission reduces the proposed budget for a program or portfolio of programs, its final order shall include an analysis of the impact such budget reduction has upon the cost-effectiveness of such program or portfolio of programs. An order by the Commission (a) finding that a program or portfolio of programs is not in the public interest or (b) reducing the proposed budget for any program or portfolio of programs shall adhere to existing protocols for extraordinarily sensitive information. In addition, an energy efficiency program may be deemed to be "in the public interest" if the program (1) provides measurable and verifiable energy savings to low-income customers or elderly customers or (2) is a pilot program of limited scope, cost, and duration, that is intended to determine whether a new or substantially revised program or technology would be cost-effective.

"Low-income geographic area" means any locality, or community within a locality, that has a median household income that is not greater than 80 percent of the local median household income, or any area in the Commonwealth designated as a qualified opportunity zone by the U.S. Secretary of the Treasury via his delegation of authority to the Internal Revenue Service.

"Low-income utility customer" means any person or household whose income is no more than 80 percent of the median income of the locality in which the customer resides. The median income of the locality is determined by the U.S. Department of Housing and Urban Development.

"Measured and verified" means a process determined pursuant to methods accepted for use by utilities and industries to measure, verify, and validate energy savings and peak demand savings. This may include the protocol established by the United States Department of Energy, Office of Federal Energy Management Programs, Measurement and Verification Guidance for Federal Energy Projects, measurement and verification standards developed by the American Society of Heating, Refrigeration and Air Conditioning Engineers (ASHRAE), or engineering-based estimates of energy and demand savings associated with specific energy efficiency measures, as determined by the Commission.

“Municipality” means a city, county, town, authority, or other political subdivision of the Commonwealth.

“New underground facilities” means facilities to provide underground distribution service.

“New underground facilities” includes underground cables with voltages of 69 kilovolts or less, pad-mounted devices, connections at customer meters, and transition terminations from existing overhead distribution sources.

“Peak-shaving” means measures aimed solely at shifting time of use of electricity from peak-use periods to times of lower demand by inducing retail customers to curtail electricity usage during periods of congestion and higher prices in the electrical grid.

“Percentage of Income Payment Program (PIPP) eligible utility customer” means any person or household whose income does not exceed 150 percent of the federal poverty level.

“Person” means any individual, corporation, partnership, association, company, business, trust, joint venture, or other private legal entity, and the Commonwealth or any municipality.

“Previously developed project site” means any property, including related buffer areas, if any, that has been previously disturbed or developed for non-single-family residential, non-agricultural, or non-silvicultural use, regardless of whether such property currently is being used for any purpose.

“Previously developed project site” includes a brownfield as defined in § [10.1-1230](#) or any parcel that has been previously used (i) for a retail, commercial, or industrial purpose; (ii) as a parking lot; (iii) as the site of a parking lot canopy or structure; (iv) for mining, which is any lands affected by coal mining that took place before August 3, 1977, or any lands upon which extraction activities have been permitted by the Department of Energy under Title 45.2; (v) for quarrying; or (vi) as a landfill.

“Qualified waste heat resource” means (i) exhaust heat or flared gas from an industrial process that does not have, as its primary purpose, the production of electricity and (ii) a pressure drop in any gas for an industrial or commercial process.

“Renewable energy” means energy derived from sunlight, wind, falling water, biomass, sustainable or otherwise, (the definitions of which shall be liberally construed), energy from waste, landfill gas, municipal solid waste, wave motion, tides, and geothermal power, and does not include energy derived from coal, oil, natural gas, or nuclear power.

“Renewable energy” also includes the proportion of the thermal or electric energy from a

facility that results from the co-firing of biomass. “Renewable energy” does not include waste heat from fossil-fired facilities or electricity generated from pumped storage but includes run-of-river generation from a combined pumped-storage and run-of-river facility.

“Renewable thermal energy” means the thermal energy output from (i) a renewable-fueled combined heat and power generation facility that is (a) constructed, or renovated and improved, after January 1, 2012, (b) located in the Commonwealth, and (c) utilized in industrial processes other than the combined heat and power generation facility or (ii) a solar energy system, certified to the OG-100 standard of the Solar Ratings and Certification Corporation or an equivalent certification body, that (a) is constructed, or renovated and improved, after January 1, 2013, (b) is located in the Commonwealth, and (c) heats water or air for residential, commercial, institutional, or industrial purposes.

“Renewable thermal energy equivalent” means the electrical equivalent in megawatt hours of renewable thermal energy calculated by dividing (i) the heat content, measured in British thermal units (BTUs), of the renewable thermal energy at the point of transfer to a residential, commercial, institutional, or industrial process by (ii) the standard conversion factor of 3.413 million BTUs per megawatt hour.

“Renovated and improved facility” means a facility the components of which have been upgraded to enhance its operating efficiency.

“Retail customer” means any person that purchases retail electric energy for its own consumption at one or more metering points or nonmetered points of delivery located in the Commonwealth.

“Retail electric energy” means electric energy sold for ultimate consumption to a retail customer.

“Revenue reductions related to energy efficiency programs” means reductions in the collection of total non-fuel revenues, previously authorized by the Commission to be recovered from customers by a utility, that occur due to measured and verified decreased consumption of electricity caused by energy efficiency programs approved by the Commission and implemented by the utility, less the amount by which such non-fuel reductions in total revenues have been mitigated through other program-related factors, including reductions in variable operating expenses.

“Rooftop solar installation” means a distributed electric generation facility, storage facility, or generation and storage facility utilizing energy derived from sunlight, with a rated

capacity of not less than 50 kilowatts, that is installed on the roof structure of an incumbent electric utility's commercial or industrial class customer, including host sites on commercial buildings, multifamily residential buildings, school or university buildings, and buildings of a church or religious body.

"Solar energy system" means a system of components that produces heat or electricity, or both, from sunlight.

"Supplier" means any generator, distributor, aggregator, broker, marketer, or other person who offers to sell or sells electric energy to retail customers and is licensed by the Commission to do so, but it does not mean a generator that produces electric energy exclusively for its own consumption or the consumption of an affiliate.

"Supply" or "supplying" electric energy means the sale of or the offer to sell electric energy to a retail customer.

"Total annual energy savings" means (i) the total combined kilowatt-hour savings achieved by electric utility energy efficiency and demand response programs and measures installed in that program year, as well as savings still being achieved by measures and programs implemented in prior years, or (ii) savings attributable to newly installed combined heat and power facilities, including waste heat-to-power facilities, and any associated reduction in transmission line losses, provided that biomass is not a fuel and the total efficiency, including the use of thermal energy, for eligible combined heat and power facilities must meet or exceed 65 percent and have a nameplate capacity rating of less than 25 megawatts.

"Transmission of," "transmit," or "transmitting" electric energy means the transfer of electric energy through the Commonwealth's interconnected transmission grid from a generator to either a distributor or a retail customer.

"Transmission system" means those facilities and equipment that are required to provide for the transmission of electric energy.

"Waste heat to power" means a system that generates electricity through the recovery of a qualified waste heat resource.

1999, c. [411](#); 2000, c. [991](#); 2001, c. [421](#); 2007, cc. [888](#), [933](#); 2008, cc. [272](#), [883](#); 2009, cc. [748](#), [824](#); 2012, cc. [46](#), [200](#), [210](#), [821](#); 2013, c. [494](#); 2014, cc. [212](#), [548](#); 2018, c. [296](#); 2019, cc. [535](#), [741](#); 2020, cc. [1193](#), [1194](#), [1225](#); 2021, Sp. Sess. I, cc. [308](#), [532](#); 2022, c. [216](#).

**§56-577. Schedule for transition to retail competition; Commission authority; exemptions; pilot programs.**

A. Retail competition for the purchase and sale of electric energy shall be subject to the following provisions:

1. Each incumbent electric utility owning, operating, controlling, or having an entitlement to transmission capacity shall join or establish a regional transmission entity, which entity may be an independent system operator, to which such utility shall transfer the management and control of its transmission system, subject to the provisions of § [56-579](#).

2. The generation of electric energy shall be subject to regulation as specified in this chapter.

3. Subject to the provisions of subdivisions 4 and 5, only individual retail customers of electric energy within the Commonwealth, regardless of customer class, whose demand during the most recent calendar year exceeded five megawatts but did not exceed one percent of the customer's incumbent electric utility's peak load during the most recent calendar year unless such customer had noncoincident peak demand in excess of 90 megawatts in calendar year 2006 or any year thereafter, shall be permitted to purchase electric energy from any supplier of electric energy licensed to sell retail electric energy within the Commonwealth, except for any incumbent electric utility other than the incumbent electric utility serving the exclusive service territory in which such a customer is located, subject to the following conditions:

a. If such customer does not purchase electric energy from licensed suppliers, such customer shall purchase electric energy from its incumbent electric utility.

b. Except as provided in subdivision 4, the demands of individual retail customers may not be aggregated or combined for the purpose of meeting the demand limitations of this provision, any other provision of this chapter to the contrary notwithstanding. For the purposes of this section, each noncontiguous site will nevertheless constitute an individual retail customer even though one or more such sites may be under common ownership of a single person.

c. If such customer does purchase electric energy from licensed suppliers after the expiration or termination of capped rates, it shall not thereafter be entitled to purchase electric energy from the incumbent electric utility without giving five years' advance written notice of such intention to such utility, except where such customer demonstrates to the

Commission, after notice and opportunity for hearing, through clear and convincing evidence that its supplier has failed to perform, or has anticipatorily breached its duty to perform, or otherwise is about to fail to perform, through no fault of the customer, and that such customer is unable to obtain service at reasonable rates from an alternative supplier. If, as a result of such proceeding, the Commission finds it in the public interest to grant an exemption from the five-year notice requirement, such customer may thereafter purchase electric energy at the costs of such utility, as determined by the Commission pursuant to subdivision 3 d hereof, for the remainder of the five-year notice period, after which point the customer may purchase electric energy from the utility under rates, terms and conditions determined pursuant to § [56-585.1](#). However, such customer shall be allowed to individually purchase electric energy from the utility under rates, terms, and conditions determined pursuant to § [56-585.1](#) if, upon application by such customer, the Commission finds that neither such customer's incumbent electric utility nor retail customers of such utility that do not choose to obtain electric energy from alternate suppliers will be adversely affected in a manner contrary to the public interest by granting such petition. In making such determination, the Commission shall take into consideration, without limitation, the impact and effect of any and all other previously approved petitions of like type with respect to such incumbent electric utility. Any customer that returns to purchase electric energy from its incumbent electric utility, before or after expiration of the five-year notice period, shall be subject to minimum stay periods equal to those prescribed by the Commission pursuant to subdivision C 1.

d. The costs of serving a customer that has received an exemption from the five-year notice requirement under subdivision 3 c hereof shall be the market-based costs of the utility, including (i) the actual expenses of procuring such electric energy from the market, (ii) additional administrative and transaction costs associated with procuring such energy, including, but not limited to, costs of transmission, transmission line losses, and ancillary services, and (iii) a reasonable margin as determined pursuant to the provisions of subdivision A 2 of § [56-585.1](#). The methodology established by the Commission for determining such costs shall ensure that neither utilities nor other retail customers are adversely affected in a manner contrary to the public interest.

4. Two or more individual nonresidential retail customers of electric energy within the Commonwealth, whose individual demand during the most recent calendar year did not exceed five megawatts, may petition the Commission for permission to aggregate or combine their demands, for the purpose of meeting the demand limitations of subdivision 3, so as to become qualified to purchase electric energy from any supplier of electric

energy licensed to sell retail electric energy within the Commonwealth under the conditions specified in subdivision 3. The Commission may, after notice and opportunity for hearing, approve such petition if it finds that:

a. Neither such customers' incumbent electric utility nor retail customers of such utility that do not choose to obtain electric energy from alternate suppliers will be adversely affected in a manner contrary to the public interest by granting such petition. In making such determination, the Commission shall take into consideration, without limitation, the impact and effect of any and all other previously approved petitions of like type with respect to such incumbent electric utility; and

b. Approval of such petition is consistent with the public interest.

If such petition is approved, all customers whose load has been aggregated or combined shall thereafter be subject in all respects to the provisions of subdivision 3 and shall be treated as a single, individual customer for the purposes of said subdivision. In addition, the Commission shall impose reasonable periodic monitoring and reporting obligations on such customers to demonstrate that they continue, as a group, to meet the demand limitations of subdivision 3. If the Commission finds, after notice and opportunity for hearing, that such group of customers no longer meets the above demand limitations, the Commission may revoke its previous approval of the petition, or take such other actions as may be consistent with the public interest.

5. Individual retail customers of electric energy within the Commonwealth, regardless of customer class, shall be permitted:

a. To purchase electric energy provided 100 percent from renewable energy from any supplier of electric energy licensed to sell retail electric energy within the Commonwealth, other than any incumbent electric utility that is not the incumbent electric utility serving the exclusive service territory in which such a customer is located, if the incumbent electric utility serving the exclusive service territory does not offer an approved tariff for electric energy provided 100 percent from renewable energy; and

b. To continue purchasing renewable energy pursuant to the terms of a power purchase agreement in effect on the date there is filed with the Commission a tariff for the incumbent electric utility that serves the exclusive service territory in which the customer is located to offer electric energy provided 100 percent from renewable energy, for the duration of such agreement.

6. To the extent that an incumbent electric utility has elected as of February 1, 2019, the Fixed Resource Requirement alternative as a Load Serving Entity in the PJM Region and continues to make such election and is therefore required to obtain capacity for all load and expected load growth in its service area, any customer of a utility subject to that requirement that purchases energy pursuant to subdivision 3 or 4 from a supplier licensed to sell retail electric energy within the Commonwealth shall continue to pay its incumbent electric utility for the non-fuel generation capacity and transmission related costs incurred by the incumbent electric utility in order to meet the customer's capacity obligations, pursuant to the incumbent electric utility's standard tariff that has been approved by and is on file with the Commission. In the case of such customer, the advance written notice period established in subdivisions 3 c and d shall be three years. This subdivision shall not apply to the customers of licensed suppliers that (i) had an agreement with a licensed supplier entered into before February 1, 2019, or (ii) had aggregation petitions pending before the Commission prior to January 1, 2019, unless and until any customer referenced in clause (i) or (ii) has returned to purchase electric energy from its incumbent electric utility, pursuant to the provisions of subdivision 3 or 4, and is receiving electric energy from such incumbent electric utility.

7. A tariff for one or more classes of residential customers filed with the Commission for approval by a cooperative on or after July 1, 2010, shall be deemed to offer a tariff for electric energy provided 100 percent from renewable energy if it provides undifferentiated electric energy and the cooperative retires a quantity of renewable energy certificates equal to 100 percent of the electric energy provided pursuant to such tariff. A tariff for one or more classes of nonresidential customers filed with the Commission for approval by a cooperative on or after July 1, 2012, shall be deemed to offer a tariff for electric energy provided 100 percent from renewable energy if it provides undifferentiated electric energy and the cooperative retires a quantity of renewable energy certificates equal to 100 percent of the electric energy provided pursuant to such tariff. For purposes of this section, "renewable energy certificate" means, with respect to cooperatives, a tradable commodity or instrument issued by a regional transmission entity or affiliate or successor thereof in the United States that validates the generation of electricity from renewable energy sources or that is certified under a generally recognized renewable energy certificate standard. One renewable energy certificate equals 1,000 kWh or one MWh of electricity generated from renewable energy. A cooperative offering electric energy provided 100 percent from renewable energy pursuant to this subdivision that involves the retirement of renewable energy certificates shall disclose to its retail

customers who express an interest in purchasing energy pursuant to such tariff (i) that the renewable energy is comprised of the retirement of renewable energy certificates, (ii) the identity of the entity providing the renewable energy certificates, and (iii) the sources of renewable energy being offered.

B. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section.

C. 1. By January 1, 2002, the Commission shall promulgate regulations establishing whether and, if so, for what minimum periods, customers who request service from an incumbent electric utility pursuant to subsection D of § [56-582](#) or a default service provider, after a period of receiving service from other suppliers of electric energy, shall be required to use such service from such incumbent electric utility or default service provider, as determined to be in the public interest by the Commission.

2. Subject to (i) the availability of capped rate service under § [56-582](#), and (ii) the transfer of the management and control of an incumbent electric utility's transmission assets to a regional transmission entity after approval of such transfer by the Commission under § [56-579](#), retail customers of such utility (a) purchasing such energy from licensed suppliers and (b) otherwise subject to minimum stay periods prescribed by the Commission pursuant to subdivision 1, shall nevertheless be exempt from any such minimum stay obligations by agreeing to purchase electric energy at the market-based costs of such utility or default providers after a period of obtaining electric energy from another supplier. Such costs shall include (i) the actual expenses of procuring such electric energy from the market, (ii) additional administrative and transaction costs associated with procuring such energy, including, but not limited to, costs of transmission, transmission line losses, and ancillary services, and (iii) a reasonable margin. The methodology of ascertaining such costs shall be determined and approved by the Commission after notice and opportunity for hearing and after review of any plan filed by such utility to procure electric energy to serve such customers. The methodology established by the Commission for determining such costs shall be consistent with the goals of (a) promoting the development of effective competition and economic development within the Commonwealth as provided in subsection A of § [56-596](#), and (b) ensuring that neither incumbent utilities nor retail customers that do not choose to obtain electric energy from alternate suppliers are adversely affected.

3. Notwithstanding the provisions of subsection D of § [56-582](#) and subsection C of § [56-585](#), however, any such customers exempted from any applicable minimum stay periods

as provided in subdivision 2 shall not be entitled to purchase retail electric energy thereafter from their incumbent electric utilities, or from any distributor required to provide default service under subsection B of § [56-585](#), at the capped rates established under § [56-582](#), unless such customers agree to satisfy any minimum stay period then applicable while obtaining retail electric energy at capped rates.

4. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this subsection, which rules and regulations shall include provisions specifying the commencement date of such minimum stay exemption program.

1999, c. [411](#); 2001, c. [748](#); 2003, cc. [795](#), [990](#); 2004, c. [827](#); 2007, cc. [888](#), [933](#); 2010, cc. [326](#), [397](#); 2019, c. [833](#).

**§56-577.1. Electric utilities; retail competition; pilot program.**

A. The Commission shall conduct a pilot program under which two or more non-residential customers that, as of February 25, 2019, had filed applications seeking to aggregate their load pursuant to subdivision A 4 of § [56-577](#) within the service territory of a Phase II Utility, as that term is defined in subsection A of § [56-585.1](#), shall be permitted to purchase electric energy from any supplier of electric energy licensed to sell electric energy within the Commonwealth, subject to the following terms, conditions, and restrictions:

1. A pilot program shall be conducted within the certified service territory of the Phase II Utility in which such nonresidential customers are located.

2. The aggregated load participating in the pilot program shall not exceed 200 megawatts.

3. All customers participating in the pilot program shall be subject in all respects to the provisions of subdivision A 3 of § [56-577](#), with participation in this pilot program being deemed to satisfy subdivision A 4 of § [56-577](#) and with the load set forth in each application being treated as a single, individual customer for purposes of said subdivision, and shall submit an annual report to the Commission by March 31 each year to demonstrate that, for the preceding calendar year, such load continued to meet the demand limitations of subdivision A 3 of § [56-577](#).

B. The Commission shall review the pilot program established pursuant to subsection A in 2022.

2020, c. [796](#).

**§56-578. Nondiscriminatory access to transmission and distribution system.**

A. All distributors shall have the obligation to connect any retail customer, including those using distributed generation, located within its service territory to those facilities of the distributor that are used for delivery of retail electric energy, subject to Commission rules and regulations and approved tariff provisions relating to connection of service.

B. Except as otherwise provided in this chapter, every distributor shall provide distribution service within its service territory on a basis which is just, reasonable, and not unduly discriminatory to suppliers of electric energy, including distributed generation, as the Commission may determine. The distribution services provided to each supplier of electric energy shall be comparable in quality to those provided by the distribution utility to itself or to any affiliate.

C. The Commission shall establish interconnection standards to ensure transmission and distribution safety and reliability, which standards shall not be inconsistent with nationally recognized standards acceptable to the Commission. In adopting standards pursuant to this subsection, the Commission shall seek to prevent barriers to new technology and shall not make compliance unduly burdensome and expensive. The Commission shall determine questions about the ability of specific equipment to meet interconnection standards.

D. The Commission shall consider developing expedited permitting processes for small generation facilities of fifty megawatts or less. The Commission shall also consider developing a standardized permitting process and interconnection arrangements for those power systems less than 500 kilowatts which have demonstrated approval from a nationally recognized testing laboratory acceptable to the Commission.

E. Upon the separation and deregulation of the generation function and services of incumbent electric utilities, the Commission shall retain jurisdiction over utilities' electric transmission function and services, to the extent not preempted by federal law. Nothing in this section shall impair the Commission's authority under §§ [56-46.1](#), [56-46.2](#), and [56-265.2](#) with respect to the construction of electric transmission facilities.

1999, c. [411](#); 2007, cc. [888](#), [933](#).

**§56-579. Regional transmission entities.**

A. As set forth in § [56-577](#), each incumbent electric utility owning, operating, controlling, or having an entitlement to transmission capacity shall join or establish a regional trans-

mission entity, which hereafter may be referred to as "RTE," to which such utility shall transfer the management and control of its transmission assets, subject to the following:

1. No such incumbent electric utility shall transfer to any person any ownership or control of, or any responsibility to operate, any portion of any transmission system located in the Commonwealth prior to July 1, 2004, and without obtaining, following notice and hearing, the prior approval of the Commission, as hereinafter provided. However, each incumbent electric utility shall file an application for approval pursuant to this section by July 1, 2003, and shall transfer management and control of its transmission assets to a regional transmission entity by January 1, 2005, subject to Commission approval as provided in this section.

2. The Commission shall develop rules and regulations under which any such incumbent electric utility owning, operating, controlling, or having an entitlement to transmission capacity within the Commonwealth, may transfer all or part of such control, ownership or responsibility to an RTE, upon such terms and conditions that the Commission determines will:

a. Promote:

(1) Practices for the reliable planning, operating, maintaining, and upgrading of the transmission systems and any necessary additions thereto; and

(2) Policies for the pricing and access for service over such systems that are safe, reliable, efficient, not unduly discriminatory and consistent with the orderly development of competition in the Commonwealth;

b. Be consistent with lawful requirements of the Federal Energy Regulatory Commission;

c. Be effectuated on terms that fairly compensate the transferor;

d. Generally promote the public interest, and are consistent with (i) ensuring that consumers' needs for economic and reliable transmission are met and (ii) meeting the transmission needs of electric generation suppliers both within and without this Commonwealth, including those that do not own, operate, control or have an entitlement to transmission capacity.

B. The Commission shall also adopt rules and regulations, with appropriate public input, establishing elements of regional transmission entity structures essential to the public interest, which elements shall be applied by the Commission in determining whether to

authorize transfer of ownership or control from an incumbent electric utility to a regional transmission entity.

C. The Commission shall, to the fullest extent permitted under federal law, participate in any and all proceedings concerning regional transmission entities furnishing transmission services within the Commonwealth, before the Federal Energy Regulatory Commission. Such participation may include such intervention as is permitted state utility regulators under Federal Energy Regulatory Commission rules and procedures.

D. Nothing in this section shall be deemed to abrogate or modify:

1. The Commission's authority over transmission line or facility construction, enlargement or acquisition within this Commonwealth, as set forth in Chapter 10.1 (§ [56-265.1](#) et seq.) of this title;

2. The laws of this Commonwealth concerning the exercise of the right of eminent domain by a public service corporation pursuant to the provisions of Article 5 (§ [56-257](#) et seq.) of Chapter 10 of this title; or

3. The Commission's authority over retail electric energy sold to retail customers within the Commonwealth by licensed suppliers of electric service, including necessary reserve requirements, all as specified in § [56-587](#).

E. For purposes of this section, transmission capacity shall not include capacity that is primarily operated in a distribution function, as determined by the Commission, taking into consideration any binding federal precedents.

F. Any request to the Commission for approval of such transfer of ownership or control of or responsibility for transmission facilities shall include a study of the comparative costs and benefits thereof, which study shall analyze the economic effects of the transfer on consumers, including the effects of transmission congestion costs. The Commission may approve such a transfer if it finds, after notice and hearing, that the transfer satisfies the conditions contained in this section.

G. The Commission shall report annually to the Commission on Electric Utility Regulation its assessment of the practices and policies of the RTE. Such report shall set forth actions taken by the Commission regarding requests for the approval of any transfer of ownership or control of transmission facilities to an RTE, including a description of the economic effects of such proposed transfers on consumers.

1999, c. [411](#); 2001, c. [576](#); 2003, cc. [885](#), [990](#); 2007, cc. [888](#), [933](#); 2008, c. [883](#).

**§56-580. Transmission and distribution of electric energy.**

A. Subject to the provisions of § [56-585.1](#), the Commission shall continue to regulate pursuant to this title the distribution of retail electric energy to retail customers in the Commonwealth and, to the extent not prohibited by federal law, the transmission of electric energy in the Commonwealth.

B. The Commission shall continue to regulate, to the extent not prohibited by federal law, the reliability, quality and maintenance by transmitters and distributors of their transmission and retail distribution systems.

C. The Commission shall develop codes of conduct governing the conduct of incumbent electric utilities and affiliates thereof when any such affiliates provide, or control any entity that provides, generation, distribution, or transmission services, to the extent necessary to prevent impairment of competition. Nothing in this chapter shall prevent an incumbent electric utility from offering metering options to its customers.

D. The Commission shall permit the construction and operation of electrical generating facilities in Virginia upon a finding that such generating facility and associated facilities (i) will have no material adverse effect upon reliability of electric service provided by any regulated public utility, (ii) are required by the public convenience and necessity, if a petition for such permit is filed after July 1, 2007, and if they are to be constructed and operated by any regulated utility whose rates are regulated pursuant to § [56-585.1](#), and (iii) are not otherwise contrary to the public interest. In review of a petition for a certificate to construct and operate a generating facility described in this subsection, the Commission shall give consideration to the effect of the facility and associated facilities on the environment and establish such conditions as may be desirable or necessary to minimize adverse environmental impact as provided in § [56-46.1](#), unless exempt as a small renewable energy project for which the Department of Environmental Quality has issued a permit by rule pursuant to Article 5 (§ [10.1-1197.5](#) et seq.) of Chapter 11.1 of Title 10.1. In order to avoid duplication of governmental activities, any valid permit or approval required for an electric generating plant and associated facilities issued or granted by a federal, state or local governmental entity charged by law with responsibility for issuing permits or approvals regulating environmental impact and mitigation of adverse environmental impact or for other specific public interest issues such as building codes, transportation plans, and public safety, whether such permit or approval is prior to or after the Commission's decision, shall be deemed to satisfy the requirements of this section with respect to all matters that (i) are governed by the permit or approval or (ii) are within the

authority of, and were considered by, the governmental entity in issuing such permit or approval, and the Commission shall impose no additional conditions with respect to such matters. Nothing in this section shall affect the ability of the Commission to keep the record of a case open. Nothing in this section shall affect any right to appeal such permits or approvals in accordance with applicable law. In the case of a proposed facility located in a region that was designated as of July 1, 2001, as serious nonattainment for the one-hour ozone standard as set forth in the federal Clean Air Act, the Commission shall not issue a decision approving such proposed facility that is conditioned upon issuance of any environmental permit or approval. The Commission shall complete any proceeding under this section, or under any provision of the Utility Facilities Act (§ [56-265.1](#) et seq.), involving an application for a certificate, permit, or approval required for the construction or operation by a public utility of a small renewable energy project as defined in § [10.1-1197.5](#), within nine months following the utility's submission of a complete application therefore. Small renewable energy projects as defined in § [10.1-1197.5](#) are in the public interest and in determining whether to approve such project, the Commission shall liberally construe the provisions of this title.

E. Nothing in this section shall impair the distribution service territorial rights of incumbent electric utilities, and incumbent electric utilities shall continue to provide distribution services within their exclusive service territories as established by the Commission. Subject to the provisions of § [56-585.1](#), the Commission shall continue to exercise its existing authority over the provision of electric distribution services to retail customers in the Commonwealth including, but not limited to, the authority contained in Chapters 10 (§ [56-232](#) et seq.) and 10.1 (§ [56-265.1](#) et seq.) of this title.

F. Nothing in this chapter shall impair the exclusive territorial rights of an electric utility owned or operated by a municipality as of July 1, 1999, or by an authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#). Nor shall any provision of this chapter apply to any such electric utility unless (i) that municipality or that authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#) elects to have this chapter apply to that utility or (ii) that utility, directly or indirectly, sells, offers to sell or seeks to sell electric energy to any retail customer eligible to purchase electric energy from any supplier in accordance with § [56-577](#) if that retail customer is outside the geographic area that was served by such municipality as of July 1, 1999, except (a) any area within the municipality that was served by an incumbent public utility as of that date but was thereafter served by an electric utility owned or operated by a municipality or by an authority created by a governmental unit exempt

from the referendum requirement of § [15.2-5403](#) pursuant to the terms of a franchise agreement between the municipality and the incumbent public utility, or (b) where the geographic area served by an electric utility owned or operated by a municipality is changed pursuant to mutual agreement between the municipality and the affected incumbent public utility in accordance with § [56-265.4:1](#). If an electric utility owned or operated by a municipality as of July 1, 1999, or by an authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#) is made subject to the provisions of this chapter pursuant to clause (i) or (ii) of this subsection, then in such event the provisions of this chapter applicable to incumbent electric utilities shall also apply to any such utility, mutatis mutandis.

G. The applicability of all provisions of this chapter except § [56-594](#) to any investor-owned incumbent electric utility supplying electric service to retail customers on January 1, 2003, whose service territory assigned to it by the Commission is located entirely within Dickenson, Lee, Russell, Scott, and Wise Counties shall be suspended effective July 1, 2003, so long as such utility does not provide retail electric services in any other service territory in any jurisdiction to customers who have the right to receive retail electric energy from another supplier. During any such suspension period, the utility's rates shall be (i) its capped rates established pursuant to § [56-582](#) for the duration of the capped rate period established thereunder, and (ii) determined thereafter by the Commission on the basis of such utility's prudently incurred costs pursuant to Chapter 10 (§ [56-232](#) et seq.) of this title.

H. The expiration date of any certificates granted by the Commission pursuant to subsection D, for which applications were filed with the Commission prior to July 1, 2002, shall be extended for an additional two years from the expiration date that otherwise would apply.

1999, c. [411](#); 2000, c. [991](#); 2001, cc. [738](#), [748](#), [755](#); 2002, c. [483](#); 2003, c. [719](#); 2004, cc. [262](#), [827](#); 2006, cc. [811](#), [819](#), [929](#), [941](#); 2007, cc. [877](#), [888](#), [933](#); 2009, cc. [808](#), [854](#).

#### **§56-581. Regulation of rates subject to Commission's jurisdiction.**

A. The Commission shall regulate the rates of investor-owned incumbent electric utilities for the transmission of electric energy, to the extent not prohibited by federal law, and for the generation of electric energy and the distribution of electric energy to retail customers pursuant to this section and § [56-585.1](#).

B. In any proceeding to review base rates for a Phase I Utility that commences after July 1, 2023, if the Commission determines in its sole discretion that the utility's existing base

rates will, on a going-forward basis, either produce (i) revenues in excess of the utility's authorized rate of return or (ii) revenues below the utility's authorized rate of return, then, notwithstanding any provision of law governing rate proceedings, the Commission shall order any reductions or increases, as applicable and necessary, to such base rates that it deems appropriate to ensure the resulting base rates (a) are just and reasonable and (b) provide the utility an opportunity to recover its costs of providing services over the rate period ending on December 31 of the year of the utility's succeeding review and earn a fair rate of return authorized pursuant to the provisions governing such review proceeding. Such determination shall be limited to the Phase I Utility's base rates and shall not consider the costs or revenues recovered in any rate adjustment clause authorized pursuant to this chapter.

C. In any proceeding to review base rates for a Phase II Utility that commences after July 1, 2023, if the Commission determines in its sole discretion that the utility's existing base rates will, on a going-forward basis, either produce (i) revenues in excess of the utility's authorized rate of return or (ii) revenues below the utility's authorized rate of return, then, notwithstanding any provision of subdivision A 8 of § [56-585.1](#), the Commission shall order any reductions or increases, as applicable and necessary, to such base rates that it deems appropriate to ensure the resulting base rates (a) are just and reasonable and (b) provide the utility an opportunity to recover its costs of providing services over the rate period ending on December 31 of the year of the utility's succeeding review and earn a fair rate of return on its base rates as determined in subdivision A 2 of § [56-585.1](#). Such determination shall be limited to the Phase II Utility's base rates and shall not consider the costs or revenues recovered in any rate adjustment clause authorized pursuant to subdivision A 6 of § [56-585.1](#) that has not been combined with the utility's base rates. The Commission shall use the most recently ended 12-month test period, along with normalization of nonrecurring test period costs and annualized adjustments for future costs, as the basis for determining the appropriateness of any rate adjustment. In any such filing to review base rates, a Phase II Utility shall separately project future costs over each 12-month period ending on December 31 of the year of the utility's succeeding rate periods. The Commission may, to the extent it finds such action aligns with the utility's projected cost of service, direct that any reduction or increase to the utility's rates for generation and distribution services be implemented on a staggered basis at the commencement and midpoint of the succeeding rate period.

D. Beginning July 1, 1999, and thereafter, no cooperative that was a member of a power supply cooperative on January 1, 1999, shall be obligated to file any rate rider as a

consequence of an increase or decrease in the rates, other than fuel costs, of its wholesale supplier, nor must any adjustment be made to such cooperative's rates as a consequence thereof.

E. Except for the provision of default services under § [56-585](#) or emergency services in § [56-586](#), nothing in this chapter shall authorize the Commission to regulate the rates or charges for electric service to the Commonwealth and its municipalities.

F. As used in this section:

"Base rates" means rates for generation and distribution services.

"Phase I Utility" has the same meaning as provided in subdivision A 1 of § [56-585.1](#).

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § [56-585.1](#).

1999, c. [411](#); 2000, c. [991](#); 2007, cc. [888](#), [933](#); 2023, cc. [497](#), [498](#), [757](#), [775](#).

#### **§56-581.1. Repealed.**

Repealed by Acts 2007, cc. [888](#) and [933](#), cl. 2.

#### **§56-582. Rate caps.**

A. The Commission shall establish capped rates, effective January 1, 2001, for each service territory of every incumbent utility as follows:

1. Capped rates shall be established for customers purchasing bundled electric transmission, distribution and generation services from an incumbent electric utility.

2. Capped rates for electric generation services, only, shall also be established for the purpose of effecting customer choice for those retail customers authorized under this chapter to purchase generation services from a supplier other than the incumbent utility during this period.

3. The capped rates established under this section shall be the rates in effect for each incumbent utility as of the effective date of this chapter, or rates subsequently placed into effect pursuant to a rate application filed by an incumbent electric utility with the Commission prior to January 1, 2001, and subsequently approved by the Commission, and made by an incumbent electric utility that is not currently bound by a rate case settlement adopted by the Commission that extends in its application beyond January 1, 2002. If such rate application is filed, the rates proposed therein shall go into effect on January 1, 2001, but such rates shall be interim in nature and subject to refund until such time as the Commission has completed its investigation of such application. Any amount of the rates found excessive by the Commission shall be subject to refund with interest, as may

be ordered by the Commission. The Commission shall act upon such applications prior to January 1, 2002. Such rate application and the Commission's approval shall give due consideration, on a forward-looking basis, to the justness and reasonableness of rates to be effective for a period of time ending as late as July 1, 2007. The capped rates established under this section, which include rates, tariffs, electric service contracts, and rate programs (including experimental rates, regardless of whether they otherwise would expire), shall be such rates, tariffs, contracts, and programs of each incumbent electric utility, provided that experimental rates and rate programs may be closed to new customers upon application to the Commission. Such capped rates shall also include rates for new services where, subsequent to January 1, 2001, rate applications for any such rates are filed by incumbent electric utilities with the Commission and are thereafter approved by the Commission. In establishing such rates for new services, the Commission may use any rate method that promotes the public interest and that is fairly compensatory to any utilities requesting such rates.

B. The Commission may adjust such capped rates in connection with the following: (i) utilities' recovery of fuel and purchased power costs pursuant to § [56-249.6](#), and, if applicable, in accordance with the terms of any Commission order approving the divestiture of generation assets pursuant to § [56-590](#), (ii) any changes in the taxation by the Commonwealth of incumbent electric utility revenues, (iii) any financial distress of the utility beyond its control, (iv) with respect to cooperatives that were not members of a power supply cooperative on January 1, 1999, and as long as they do not become members, their cost of purchased wholesale power and discounts from capped rates to match the cost of providing distribution services, (v) with respect to cooperatives that were members of a power supply cooperative on January 1, 1999, their recovery of fuel costs, through the wholesale power cost adjustment clauses of their tariffs pursuant to § [56-231.33](#), and (vi) with respect to incumbent electric utilities that were not, as of the effective date of this chapter, bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, the Commission shall adjust such utilities' capped rates, not more than once in any 12-month period, for the timely recovery of their incremental costs for transmission or distribution system reliability and compliance with state or federal environmental laws or regulations to the extent such costs are prudently incurred on and after July 1, 2004. Any adjustments pursuant to § [56-249.6](#) and clause (i) of this subsection by an incumbent electric utility that transferred all of its generation assets to an affiliate with the approval of the Commission pursuant to § [56-590](#) prior to January 1, 2002, shall be effective only on and after July 1, 2007.

Notwithstanding the provisions of § [56-249.6](#), the Commission may authorize tariffs that include incentives designed to encourage an incumbent electric utility to reduce its fuel costs by permitting retention of a portion of cost savings resulting from fuel cost reductions or by other methods determined by the Commission to be fair and reasonable to the utility and its customers.

C. A utility may petition the Commission to terminate the capped rates to all customers any time after January 1, 2004, and such capped rates may be terminated upon the Commission finding of an effectively competitive market for generation services within the service territory of that utility. If its capped rates, as established and adjusted from time to time pursuant to subsections A and B, are continued after January 1, 2004, an incumbent electric utility that is not, as of the effective date of this chapter, bound by a rate case settlement adopted by the Commission that extends in its application beyond January 1, 2002, may petition the Commission, during the period January 1, 2004, through June 30, 2007, for approval of a one-time change in its rates, and if the capped rates are continued after July 1, 2007, such incumbent electric utility may at any time after July 1, 2007, petition the Commission for approval of a one-time change in its rates. Any change in rates pursuant to this subsection by an incumbent electric utility that divested its generation assets with approval of the Commission pursuant to § [56-590](#) prior to January 1, 2002, shall be in accordance with the terms of any Commission order approving such divestiture. Any petition for changes to capped rates filed pursuant to this subsection shall be governed by the provisions of Chapter 10 (§ [56-232](#) et seq.) of this title.

D. Until the expiration or termination of capped rates as provided in this section, the incumbent electric utility, consistent with the functional separation plan implemented under § [56-590](#), shall make electric service available at capped rates established under this section to any customer in the incumbent electric utility's service territory, including any customer that, until the expiration or termination of capped rates, requests such service after a period of utilizing service from another supplier.

E. During the period when capped rates are in effect for an incumbent electric utility, such utility may file with the Commission a plan describing the method used by such utility to assure full funding of its nuclear decommissioning obligation and specifying the amount of the revenues collected under either the capped rates, as provided in this section, or the wires charges, as provided in former § [56-583](#), that are dedicated to funding such nuclear decommissioning obligation under the plan. The Commission shall approve the plan upon a finding that the plan is not contrary to the public interest.

F. The capped rates established pursuant to this section shall expire on December 31, 2008, unless sooner terminated by the Commission pursuant to the provisions of subsection C; however, rates after the expiration or termination of capped rates shall equal capped rates until such rates are changed pursuant to other provisions of this title.

1999, c. [411](#); 2000, cc. [942](#), [991](#); 2001, c. [748](#); 2004, c. [827](#); 2007, cc. [888](#), [933](#); 2008, c. [883](#).

**§56-583. Repealed.**

Repealed by Acts 2007, cc. [888](#) and [933](#), cl. 2.

**§56-584. Stranded costs.**

Just and reasonable net stranded costs, to the extent that they exceed zero value in total for the incumbent electric utility, shall be recoverable by each incumbent electric utility provided each incumbent electric utility shall only recover its just and reasonable net stranded costs through either capped rates as provided in § [56-582](#). To the extent not preempted by federal law, the establishment by the Commission of wires charges for any distribution cooperative shall be conditioned upon such cooperative entering into binding commitments by which it will pay to any power supply cooperative of which such distribution cooperative is or was a member, as compensation for such power supply cooperative's stranded costs, all or part of the proceeds of such wires charges, as determined by the Commission.

1999, c. [411](#); 2007, cc. [888](#), [933](#).

**§56-585. Default service.**

A. The Commission shall, after notice and opportunity for hearing, (i) determine the components of default service and (ii) establish one or more programs making such services available to retail customers requiring them during the availability throughout the Commonwealth of customer choice for all retail customers as established pursuant to § [56-577](#). For purposes of this chapter, "default service" means service made available under this section to retail customers who (i) do not affirmatively select a supplier, (ii) are unable to obtain service from an alternative supplier, or (iii) have contracted with an alternative supplier who fails to perform. Availability of default service shall expire upon the expiration or termination of capped rates.

B. A distributor shall have the obligation and right to be the supplier of default services in its certificated service territory, and shall do so, in a safe and reliable manner, at rates determined pursuant to subsection C; however, the Commission may not require a

distributor, or affiliate thereof, to provide any such services outside the territory in which such distributor provides service.

C. Until the expiration or termination of capped rates, the rates for default service shall equal the capped rates established pursuant to subdivision A 2 of § [56-582](#).

D. A distribution electric cooperative, or one or more affiliates thereof, shall have the obligation and right to be the supplier of default services in its certificated service territory. A distribution electric cooperative's rates for such default services shall be the capped rate for the duration of the capped rate period. Subsections B and C shall not apply to a distribution electric cooperative or its rates. Such default services, for the purposes of this subsection, shall include the supply of electric energy.

1999, c. [411](#); 2000, c. [991](#); 2001, c. [748](#); 2003, c. [885](#); 2004, c. [827](#); 2007, cc. [888](#), [933](#).

**§56-585.1. Generation, distribution, and transmission rates after capped rates terminate or expire.**

A. During the first six months of 2009, the Commission shall, after notice and opportunity for hearing, initiate proceedings to review the rates, terms and conditions for the provision of generation, distribution and transmission services of each investor-owned incumbent electric utility. Such proceedings shall be governed by the provisions of Chapter 10 (§ [56-232](#) et seq.), except as modified herein. In such proceedings the Commission shall determine fair rates of return on common equity applicable to the generation and distribution services of the utility. In so doing, the Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility, nor shall the Commission set such return more than 300 basis points higher than such average. The peer group of the utility shall be determined in the manner prescribed in subdivision 2 b. The Commission may increase or decrease such combined rate of return by up to 100 basis points based on the generating plant performance, customer service, and operating efficiency of a utility, as compared to nationally recognized standards determined by the Commission to be appropriate for such purposes. In such a proceeding, the Commission shall determine the rates that the utility may charge until such rates are adjusted. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points below the combined rate of return as so

determined, it shall be authorized to order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such combined rate of return. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points above the combined rate of return as so determined, it shall be authorized either (i) to order reductions to the utility's rates it finds appropriate, provided that the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than the fair rates of return on common equity applicable to the generation and distribution services; or (ii) to direct that 60 percent of the amount of the utility's earnings that were more than 50 basis points above the fair combined rate of return for calendar year 2008 be credited to customers' bills, in which event such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order and be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates. Commencing in 2011, the Commission, after notice and opportunity for hearing, shall conduct reviews of the rates, terms and conditions for the provision of generation, distribution and transmission services by each investor-owned incumbent electric utility, subject to the following provisions:

1. Rates, terms and conditions for each service shall be reviewed separately on an unbundled basis, and such reviews shall be conducted in a single, combined proceeding. Pursuant to subsection A of § [56-585.1:1](#), the Commission shall conduct a review for a Phase I Utility in 2020, utilizing the three successive 12-month test periods beginning January 1, 2017, and ending December 31, 2019. Thereafter, reviews for a Phase I Utility will be on a triennial basis with subsequent proceedings utilizing the three successive 12-month test periods ending December 31 immediately preceding the year in which such review proceeding is conducted. Pursuant to subsection A of § [56-585.1:1](#), the Commission shall conduct a review for a Phase II Utility in 2021, utilizing the four successive 12-month test periods beginning January 1, 2017, and ending December 31, 2020, with subsequent reviews on a biennial basis commencing in 2023, with such proceedings utilizing the two successive 12-month test periods ending December 31 immediately preceding the year in which such review proceeding is conducted. For purposes of this section, a Phase I Utility is an investor-owned incumbent electric utility that was, as of July 1, 1999, not bound by a rate case settlement adopted by the

Commission that extended in its application beyond January 1, 2002, and a Phase II Utility is an investor-owned incumbent electric utility that was bound by such a settlement.

2. Subject to the provisions of subdivision 6, the fair rate of return on common equity applicable separately to the generation and distribution services of such utility, and for the two such services combined, and for any rate adjustment clauses approved under subdivision 5 or 6, shall be determined by the Commission during each such review, as follows:

a. The Commission may use any methodology to determine such return it finds consistent with the public interest. However, for a Phase I Utility, for applications received by the Commission on or after January 1, 2020, such return shall not be set lower than the average of either (i) the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility subject to such triennial review or (ii) the authorized returns on common equity that are set by the applicable regulatory commissions for the same selected peer group, nor shall the Commission set such return more than 150 basis points higher than such average.

b. For a Phase I Utility, in selecting such majority of peer group investor-owned electric utilities for applications received by the Commission on or after January 1, 2020, the Commission shall first remove from such group the two utilities within such group that have the lowest reported or authorized, as applicable, returns of the group, as well as the two utilities within such group that have the highest reported or authorized, as applicable, returns of the group, and the Commission shall then select a majority of the utilities remaining in such peer group. In its final order regarding such triennial review, the Commission shall identify the utilities in such peer group it selected for the calculation of such limitation. With respect to a Phase I Utility, for purposes of this subdivision 2, an investor-owned electric utility shall be deemed part of such peer group if (i) its principal operations are conducted in the southeastern United States east of the Mississippi River in either the states of West Virginia or Kentucky or in those states south of Virginia, excluding the state of Tennessee, (ii) it is a vertically-integrated electric utility providing generation, transmission, and distribution services whose facilities and operations are subject to state public utility regulation in the state where its principal operations are conducted, (iii) it had a long-term bond rating assigned by Moody's Investors Service of at least Baa at the end of the most recent test period subject to such review, and (iv) it is not

an affiliate of the utility subject to such review or a utility whose fair rate of return on common equity is determined by the Commission.

c. The Commission may increase or decrease the utility's combined rate of return for generation and distribution services by up to 50 basis points based on factors that may include reliability, generating plant performance, customer service, and operating efficiency of a utility. Any such adjustment to the combined rate of return for generation and distribution services shall include consideration of nationally recognized standards determined by the Commission to be appropriate for such purposes.

d. In any Current Proceeding, the Commission shall determine whether the Current Return has increased, on a percentage basis, above the Initial Return by more than the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. If so, the Commission may conduct an additional analysis of whether it is in the public interest to utilize such Current Return for the Current Proceeding then pending. A finding of whether the Current Return justifies such additional analysis shall be made without regard to any enhanced rate of return on common equity awarded pursuant to the provisions of subdivision 6. Such additional analysis shall include, but not be limited to, a consideration of overall economic conditions, the level of interest rates and cost of capital with respect to business and industry, in general, as well as electric utilities, the current level of inflation and the utility's cost of goods and services, the effect on the utility's ability to provide adequate service and to attract capital if less than the Current Return were utilized for the Current Proceeding then pending, and such other factors as the Commission may deem relevant. If, as a result of such analysis, the Commission finds that use of the Current Return for the Current Proceeding then pending would not be in the public interest, then the lower limit imposed by subdivision 2 a on the return to be determined by the Commission for such utility shall be calculated, for that Current Proceeding only, by increasing the Initial Return by a percentage at least equal to the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. For purposes of this subdivision:

"Current Proceeding" means any proceeding conducted under any provisions of this subsection that require or authorize the Commission to determine a fair combined rate of return on common equity for a utility and that will be concluded after the date on which the Commission determined the Initial Return for such utility.

"Current Return" means the minimum fair combined rate of return on common equity required for any Current Proceeding by the limitation regarding a utility's peer group specified in subdivision 2 a.

"Initial Return" means the fair combined rate of return on common equity determined for such utility by the Commission on the first occasion after July 1, 2009, under any provision of this subsection pursuant to the provisions of subdivision 2 a.

e. In addition to other considerations, in setting the return on equity within the range allowed by this section, the Commission shall strive to maintain costs of retail electric energy that are cost competitive with costs of retail electric energy provided by the other peer group investor-owned electric utilities.

f. The determination of such returns shall be made by the Commission on a stand-alone basis, and specifically without regard to any return on common equity or other matters determined with regard to facilities described in subdivision 6.

g. If the combined rate of return on common equity earned by the generation and distribution services is no more than 50 basis points above or below the return as so determined or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, such return is no more than 70 basis points above or below the return as so determined, such combined return shall not be considered either excessive or insufficient, respectively. However, for any test period commencing after December 31, 2012, for a Phase II Utility, and after December 31, 2013, for a Phase I Utility, if the utility has, during the test period or periods under review, earned below the return as so determined, whether or not such combined return is within 70 basis points of the return as so determined, the utility may petition the Commission for approval of an increase in rates in accordance with the provisions of subdivision 8 a as if it had earned more than 70 basis points below a fair combined rate of return, and such proceeding shall otherwise be conducted in accordance with the provisions of this section. The provisions of this subdivision are subject to the provisions of subdivision 8.

h. Any amount of a utility's earnings directed by the Commission to be credited to customers' bills pursuant to this section shall not be considered for the purpose of determining the utility's earnings in any subsequent review.

3. Each such utility shall make a triennial filing by March 31 of every third year, with such filings commencing for a Phase I Utility in 2020, and such filings commencing for a Phase II Utility in 2021 and terminating thereafter. Such filing shall encompass the three successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted, except that the filing for a Phase II Utility in 2021 shall encompass the four successive 12-month test periods ending December 31, 2020. After 2021, each Phase II Utility shall make a biennial filing by March 31 of every second year, except that the 2023 filing for a Phase II Utility shall be made on or after July 1, 2023. All biennial filings shall encompass the two successive 12-month test periods ending December 31 immediately preceding the year in which such review proceeding is conducted. All such filings shall consist of the schedules contained in the Commission's rules governing utility rate increase applications, and in every such case the filing for each year shall be identified separately and shall be segregated from any other year encompassed by the filing. In a filing under this subdivision that does not result in an overall rate change, a utility may propose an adjustment to one or more tariffs that are revenue neutral to the utility.

If the Commission determines that rates should be revised or credits be applied to customers' bills pursuant to subdivision 8 or 10, any rate adjustment clauses previously implemented related to facilities utilizing simple-cycle combustion turbines described in subdivision 6, shall be combined with the utility's costs, revenues, and investments until the amounts that are the subject of such rate adjustment clauses are fully recovered. The Commission shall combine such clauses with the utility's costs, revenues, and investments only after it makes its initial determination with regard to necessary rate revisions or credits to customers' bills, and the amounts thereof, but after such clauses are combined as specified in this paragraph, they shall thereafter be considered part of the utility's costs, revenues, and investments for the purposes of future review proceedings.

As of July 1, 2023, a Phase II Utility shall select a subset of rate adjustment clauses previously implemented pursuant to subdivision 5 or 6 having a combined annual revenue requirement, as of July 1, 2023, of at least \$350 million and combine such rate adjustment clauses with the utility's costs, revenues, and investments for generation and distribution services. After such rate adjustment clauses are combined as specified in this

paragraph, such rate adjustment clauses shall be considered part of the utility's costs, revenues, and investments for the purposes of future biennial review proceedings, and the combination of such rate adjustment clauses shall be specifically subject to audit by the Commission in the utility's 2023 biennial review filing. Notwithstanding the provisions of subsection C of § [56-581](#), such combination shall not serve as the basis for an increase in a Phase II Utility's rates for generation and distribution services in its 2023 biennial proceeding.

4. The following costs incurred by the utility shall be deemed reasonable and prudent: (i) costs for transmission services provided to the utility by the regional transmission entity of which the utility is a member, as determined under applicable rates, terms and conditions approved by the Federal Energy Regulatory Commission; (ii) costs charged to the utility that are associated with demand response programs approved by the Federal Energy Regulatory Commission and administered by the regional transmission entity of which the utility is a member; and (iii) costs incurred by the utility to construct, operate, and maintain transmission lines and substations installed in order to provide service to a business park. Upon petition of a utility at any time after the expiration or termination of capped rates, but not more than once in any 12-month period, the Commission shall approve a rate adjustment clause under which such costs, including, without limitation, costs for transmission service; charges for new and existing transmission facilities, including costs incurred by the utility to construct, operate, and maintain transmission lines and substations installed in order to provide service to a business park; administrative charges; and ancillary service charges designed to recover transmission costs, shall be recovered on a timely and current basis from customers. Retail rates to recover these costs shall be designed using the appropriate billing determinants in the retail rate schedules.

5. A utility may at any time, after the expiration or termination of capped rates, but not more than once in any 12-month period, petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery from customers of the following costs:

a. Incremental costs described in clause (vi) of subsection B of § [56-582](#) incurred between July 1, 2004, and the expiration or termination of capped rates, if such utility is, as of July 1, 2007, deferring such costs consistent with an order of the Commission entered under clause (vi) of subsection B of § [56-582](#). The Commission shall approve

such a petition allowing the recovery of such costs that comply with the requirements of clause (vi) of subsection B of § [56-582](#);

b. Projected and actual costs for the utility to design and operate fair and effective peak-shaving programs or pilot programs. The Commission shall approve such a petition if it finds that the program is in the public interest, provided that the Commission shall allow the recovery of such costs as it finds are reasonable;

c. Projected and actual costs for the utility to design, implement, and operate energy efficiency programs or pilot programs. Any such petition shall include a proposed budget for the design, implementation, and operation of the energy efficiency program, including anticipated savings from and spending on each program, and the Commission shall grant a final order on such petitions within eight months of initial filing. The Commission shall only approve such a petition if it finds that the program is in the public interest. If the Commission determines that an energy efficiency program or portfolio of programs is not in the public interest, its final order shall include all work product and analysis conducted by the Commission's staff in relation to that program that has bearing upon the Commission's determination. Such order shall adhere to existing protocols for extraordinarily sensitive information.

Energy efficiency pilot programs are in the public interest provided that the pilot program is (i) of limited scope, cost, and duration and (ii) intended to determine whether a new or substantially revised program would be cost-effective.

Prior to January 1, 2022, the Commission shall award a margin for recovery on operating expenses for energy efficiency programs and pilot programs, which margin shall be equal to the general rate of return on common equity determined as described in subdivision 2. Beginning January 1, 2022, and thereafter, if the Commission determines that the utility meets in any year the annual energy efficiency standards set forth in § [56-596.2](#), in the following year, the Commission shall award a margin on energy efficiency program operating expenses in that year, to be recovered through a rate adjustment clause, which margin shall be equal to the general rate of return on common equity determined as described in subdivision 2. If the Commission does not approve energy efficiency programs that, in the aggregate, can achieve the annual energy efficiency standards, the Commission shall award a margin on energy efficiency operating expenses in that year for any programs the Commission has approved, to be recovered through a rate adjustment clause under this subdivision, which margin shall equal the general rate of return on common equity determined as described in subdivision 2. Any

margin awarded pursuant to this subdivision shall be applied as part of the utility's next rate adjustment clause true-up proceeding. The Commission shall also award an additional 20 basis points for each additional incremental 0.1 percent in annual savings in any year achieved by the utility's energy efficiency programs approved by the Commission pursuant to this subdivision, beyond the annual requirements set forth in § [56-596.2](#), provided that the total performance incentive awarded in any year shall not exceed 10 percent of that utility's total energy efficiency program spending in that same year.

The Commission shall annually monitor and report to the General Assembly the performance of all programs approved pursuant to this subdivision, including each utility's compliance with the total annual savings required by § [56-596.2](#), as well as the annual and lifecycle net and gross energy and capacity savings, related emissions reductions, and other quantifiable benefits of each program; total customer bill savings that the programs produce; utility spending on each program, including any associated administrative costs; and each utility's avoided costs and cost-effectiveness results.

Notwithstanding any other provision of law, unless the Commission finds in its discretion and after consideration of all in-state and regional transmission entity resources that there is a threat to the reliability or security of electric service to the utility's customers, the Commission shall not approve construction of any new utility-owned generating facilities that emit carbon dioxide as a by-product of combusting fuel to generate electricity unless the utility has already met the energy savings goals identified in § [56-596.2](#) and the Commission finds that supply-side resources are more cost-effective than demand-side or energy storage resources.

As used in this subdivision, "large general service customer" means a customer that has a verifiable history of having used more than one megawatt of demand from a single site.

Large general service customers shall be exempt from requirements that they participate in energy efficiency programs if the Commission finds that the large general service customer has, at the customer's own expense, implemented energy efficiency programs that have produced or will produce measured and verified results consistent with industry standards and other regulatory criteria stated in this section. The Commission shall, no later than June 30, 2021, adopt rules or regulations (a) establishing the process for large general service customers to apply for such an exemption, (b) establishing the administrative procedures by which eligible customers will notify the utility, and (c) defining the standard criteria that shall be satisfied by an applicant in order to notify the utility,

including means of evaluation measurement and verification and confidentiality requirements. At a minimum, such rules and regulations shall require that each exempted large general service customer certify to the utility and Commission that its implemented energy efficiency programs have delivered measured and verified savings within the prior five years. In adopting such rules or regulations, the Commission shall also specify the timing as to when a utility shall accept and act on such notice, taking into consideration the utility's integrated resource planning process, as well as its administration of energy efficiency programs that are approved for cost recovery by the Commission. Savings from large general service customers shall be accounted for in utility reporting in the standards in § [56-596.2](#).

The notice of nonparticipation by a large general service customer shall be for the duration of the service life of the customer's energy efficiency measures. The Commission may on its own motion initiate steps necessary to verify such nonparticipant's achievement of energy efficiency if the Commission has a body of evidence that the non-participant has knowingly misrepresented its energy efficiency achievement.

A utility shall not charge such large general service customer for the costs of installing energy efficiency equipment beyond what is required to provide electric service and meter such service on the customer's premises if the customer provides, at the customer's expense, equivalent energy efficiency equipment. In all relevant proceedings pursuant to this section, the Commission shall take into consideration the goals of economic development, energy efficiency and environmental protection in the Commonwealth;

d. Projected and actual costs of compliance with renewable energy portfolio standard requirements pursuant to § [56-585.5](#) that are not recoverable under subdivision 6. The Commission shall approve such a petition allowing the recovery of such costs incurred as required by § [56-585.5](#), provided that the Commission does not otherwise find such costs were unreasonably or imprudently incurred;

e. Projected and actual costs of projects that the Commission finds to be necessary to mitigate impacts to marine life caused by construction of offshore wind generating facilities, as described in § [56-585.1:11](#), or to comply with state or federal environmental laws or regulations applicable to generation facilities used to serve the utility's native load obligations, including the costs of allowances purchased through a market-based trading program for carbon dioxide emissions. The Commission shall approve such a petition if it finds that such costs are necessary to comply with such environmental laws or regulations;

- f. Projected and actual costs, not currently in rates, for the utility to design, implement, and operate programs approved by the Commission that accelerate the vegetation management of distribution rights-of-way. No costs shall be allocated to or recovered from customers that are served within the large general service rate classes for a Phase II Utility or that are served at subtransmission or transmission voltage, or take delivery at a substation served from subtransmission or transmission voltage, for a Phase I Utility; and
- g. Projected and actual costs, not currently in rates, for the utility to design, implement, and operate programs approved by the Commission to provide incentives to (i) low-income, elderly, and disabled individuals or (ii) organizations providing residential services to low-income, elderly, and disabled individuals for the installation of, or access to, equipment to generate electric energy derived from sunlight, provided the low-income, elderly, and disabled individuals, or organizations providing residential services to low-income, elderly, and disabled individuals, first participate in incentive programs for the installation of measures that reduce heating or cooling costs.

Any rate adjustment clause approved under subdivision 5 c by the Commission shall remain in effect until the utility exhausts the approved budget for the energy efficiency program. The Commission shall have the authority to determine the duration or amortization period for any other rate adjustment clause approved under this subdivision.

6. To ensure the generation and delivery of a reliable and adequate supply of electricity, to meet the utility's projected native load obligations and to promote economic development, a utility may at any time, after the expiration or termination of capped rates, petition the Commission for approval of a rate adjustment clause for recovery on a timely and current basis from customers of the costs of (i) a coal-fueled generation facility that utilizes Virginia coal and is located in the coalfield region of the Commonwealth as described in § [15.2-6002](#), regardless of whether such facility is located within or without the utility's service territory, (ii) one or more other generation facilities, (iii) one or more major unit modifications of generation facilities, including the costs of any system or equipment upgrade, system or equipment replacement, or other cost reasonably appropriate to extend the combined operating license for or the operating life of one or more generation facilities utilizing nuclear power, (iv) one or more new underground facilities to replace one or more existing overhead distribution facilities of 69 kilovolts or less located within the Commonwealth, (v) one or more pumped hydroelectricity generation and storage facilities that utilize on-site or off-site renewable energy resources as all or a portion of their power source and such facilities and associated resources are located in the

coalfield region of the Commonwealth as described in § [15.2-6002](#), regardless of whether such facility is located within or without the utility's service territory, or (vi) one or more electric distribution grid transformation projects; however, subject to the provisions of the following sentence, the utility shall not file a petition under clause (iv) more often than annually and, in such petition, shall not seek any annual incremental increase in the level of investments associated with such a petition that exceeds five percent of such utility's distribution rate base, as such rate base was determined for the most recently ended 12-month test period in the utility's latest review proceeding conducted pursuant to subdivision 3 and concluded by final order of the Commission prior to the date of filing of such petition under clause (iv). In all proceedings regarding petitions filed under clause (iv) or (vi), the level of investments approved for recovery in such proceedings shall be in addition to, and not in lieu of, levels of investments previously approved for recovery in prior proceedings under clause (iv) or (vi), as applicable. As of December 1, 2028, any costs recovered by a utility pursuant to clause (iv) shall be limited to any remaining costs associated with conversions of overhead distribution facilities to underground facilities that have been previously approved or are pending approval by the Commission through a petition by the utility under this subdivision. Such a petition concerning facilities described in clause (ii) that utilize nuclear power, facilities described in clause (ii) that are coal-fueled and will be built by a Phase I Utility, or facilities described in clause (i) may also be filed before the expiration or termination of capped rates. A utility that constructs or makes modifications to any such facility, or purchases any facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, shall have the right to recover the costs of the facility, as accrued against income, through its rates, including projected construction work in progress, and any associated allowance for funds used during construction, planning, development and construction or acquisition costs, life-cycle costs, costs related to assessing the feasibility of potential sites for new underground facilities, and costs of infrastructure associated therewith, plus, as an incentive to undertake such projects, an enhanced rate of return on common equity calculated as specified below; however, in determining the amounts recoverable under a rate adjustment clause for new underground facilities, the Commission shall not consider, or increase or reduce such amounts recoverable because of (a) the operation and maintenance costs attributable to either the overhead distribution facilities being replaced or the new underground facilities or (b) any other costs attributable to the overhead distribution facilities

being replaced. Notwithstanding the preceding sentence, the costs described in clauses (a) and (b) thereof shall remain eligible for recovery from customers through the utility's base rates for distribution service. A utility filing a petition for approval to construct or purchase a facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses may propose a rate adjustment clause based on a market index in lieu of a cost of service model for such facility. A utility seeking approval to construct or purchase a generating facility that emits carbon dioxide shall demonstrate that it has already met the energy savings goals identified in § [56-596.2](#) and that the identified need cannot be met more affordably through the deployment or utilization of demand-side resources or energy storage resources and that it has considered and weighed alternative options, including third-party market alternatives, in its selection process.

The costs of the facility, other than return on projected construction work in progress and allowance for funds used during construction, shall not be recovered prior to the date a facility constructed by the utility and described in clause (i), (ii), (iii), or (v) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities are classified by the utility as plant in service. In any application to construct a new generating facility, the utility shall include, and the Commission shall consider, the social cost of carbon, as determined by the Commission, as a benefit or cost, whichever is appropriate. The Commission shall ensure that the development of new, or expansion of existing, energy resources or facilities does not have a disproportionate adverse impact on historically economically disadvantaged communities. The Commission may adopt any rules it deems necessary to determine the social cost of carbon and shall use the best available science and technology, including the Technical Support Document: Technical Update of the Social Cost of Carbon for Regulatory Impact Analysis Under Executive Order 12866, published by the Interagency Working Group on Social Cost of Greenhouse Gases from the United States Government in August 2016, as guidance. The Commission shall include a system to adjust the costs established in this section with inflation.

Such enhanced rate of return on common equity shall be applied to allowance for funds used during construction and to construction work in progress during the construction

phase of the facility and shall thereafter be applied to the entire facility during the first portion of the service life of the facility. The first portion of the service life shall be as specified in the table below; however, the Commission shall determine the duration of the first portion of the service life of any facility, within the range specified in the table below, which determination shall be consistent with the public interest and shall reflect the Commission's determinations regarding how critical the facility may be in meeting the energy needs of the citizens of the Commonwealth and the risks involved in the development of the facility. After the first portion of the service life of the facility is concluded, the utility's general rate of return shall be applied to such facility for the remainder of its service life. As used herein, the service life of the facility shall be deemed to begin on the date a facility constructed by the utility and described in clause (i), (ii), (iii), or (v) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities or new electric distribution grid transformation projects are classified by the utility as plant in service, and such service life shall be deemed equal in years to the life of that facility as used to calculate the utility's depreciation expense. Such enhanced rate of return on common equity shall be calculated by adding the basis points specified in the table below to the utility's general rate of return, and such enhanced rate of return shall apply only to the facility that is the subject of such rate adjustment clause. Allowance for funds used during construction shall be calculated for any such facility utilizing the utility's actual capital structure and overall cost of capital, including an enhanced rate of return on common equity as determined pursuant to this subdivision, until such construction work in progress is included in rates. The construction of any facility described in clause (i) or (v) is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. The construction or purchase by a utility of one or more generation facilities with at least one megawatt of generating capacity, and with an aggregate rated capacity that does not exceed 16,100 megawatts, including rooftop solar installations with a capacity of not less than 50 kilowatts, and with an aggregate capacity of 100 megawatts, that use energy derived from sunlight or from onshore wind and are located in the Commonwealth or off the Commonwealth's Atlantic shoreline, regardless of whether any of such facilities are located within or without the utility's service territory, is in the public interest, and in determining whether to approve such facility, the Commission shall

liberally construe the provisions of this title. A utility may enter into short-term or long-term power purchase contracts for the power derived from sunlight generated by such generation facility prior to purchasing the generation facility. The replacement of any subset of a utility's existing overhead distribution tap lines that have, in the aggregate, an average of nine or more total unplanned outage events-per-mile over a preceding 10-year period with new underground facilities in order to improve electric service reliability is in the public interest. In determining whether to approve petitions for rate adjustment clauses for such new underground facilities that meet this criteria, and in determining the level of costs to be recovered thereunder, the Commission shall liberally construe the provisions of this title.

The conversion of any such facilities on or after September 1, 2016, is deemed to provide local and system-wide benefits and to be cost beneficial, and the costs associated with such new underground facilities are deemed to be reasonably and prudently incurred and, notwithstanding the provisions of subsection C or D, shall be approved for recovery by the Commission pursuant to this subdivision, provided that the total costs associated with the replacement of any subset of existing overhead distribution tap lines proposed by the utility with new underground facilities, exclusive of financing costs, shall not exceed an average cost per customer of \$20,000, with such customers, including those served directly by or downline of the tap lines proposed for conversion, and, further, such total costs shall not exceed an average cost per mile of tap lines converted, exclusive of financing costs, of \$750,000. A utility shall, without regard for whether it has petitioned for any rate adjustment clause pursuant to clause (vi), petition the Commission, not more than once annually, for approval of a plan for electric distribution grid transformation projects. Any plan for electric distribution grid transformation projects shall include both measures to facilitate integration of distributed energy resources and measures to enhance physical electric distribution grid reliability and security. In ruling upon such a petition, the Commission shall consider whether the utility's plan for such projects, and the projected costs associated therewith, are reasonable and prudent. Such petition shall be considered on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the utility; without regard to whether the costs associated with such projects will be recovered through a rate adjustment clause under this subdivision or through the utility's rates for generation and distribution services; and without regard to whether such costs will be the subject of a customer credit offset, as applicable, pursuant to subdivision 8 d. The Commission's final order regarding any such petition for approval of an electric distribution grid transformation plan shall

be entered by the Commission not more than six months after the date of filing such petition. The Commission shall likewise enter its final order with respect to any petition by a utility for a certificate to construct and operate a generating facility or facilities utilizing energy derived from sunlight, pursuant to subsection D of § [56-580](#), within six months after the date of filing such petition. The basis points to be added to the utility's general rate of return to calculate the enhanced rate of return on common equity, and the first portion of that facility's service life to which such enhanced rate of return shall be applied, shall vary by type of facility, as specified in the following table:

a	Type of Generation Facility	Basis Points	First Portion of Service Life
b	Nuclear-powered	200	Between 12 and 25 years
c	Carbon capture compatible, clean-coal powered	200	Between 10 and 20 years
d	Renewable powered, other than landfill gas powered	200	Between 5 and 15 years
e	Coalbed methane gas powered	150	Between 5 and 15 years
f	Landfill gas powered	200	Between 5 and 15 years
g	Conventional coal or combined-cycle combustion turbine	100	Between 10 and 20 years

Only those facilities as to which a rate adjustment clause under this subdivision has been previously approved by the Commission, or as to which a petition for approval of such rate adjustment clause was filed with the Commission, on or before January 1, 2013, shall be entitled to the enhanced rate of return on common equity as specified in the above table during the construction phase of the facility and the approved first portion of its service life.

Thirty percent of all costs of such a facility utilizing nuclear power that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not

be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next review filed after July 1, 2014. Thirty percent of all costs of a facility utilizing energy derived from offshore wind that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next review filed after July 1, 2014.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § [56-598](#), planning and development activities for a new utility-owned and utility-operated generating facility or facilities utilizing energy derived from sunlight or from onshore or offshore wind are in the public interest.

Notwithstanding any provision of Chapter 296 of the Acts of Assembly of 2018, construction, purchasing, or leasing activities for a new utility-owned and utility-operated generating facility or facilities utilizing energy derived from sunlight or from onshore wind with an aggregate capacity of 16,100 megawatts, including rooftop solar installations with a capacity of not less than 50 kilowatts, and with an aggregate capacity of 100 megawatts, together with a utility-owned and utility-operated generating facility or facilities utilizing energy derived from offshore wind with an aggregate capacity of not more than 3,000 megawatts, are in the public interest. Additionally, energy storage facilities with an aggregate capacity of 2,700 megawatts are in the public interest. To the extent that a utility elects to recover the costs of any such new generation or energy storage facility or facilities through its rates for generation and distribution services and does not petition and receive approval from the Commission for recovery of such costs through a rate adjustment clause described in clause (ii), the Commission shall, upon the request of the utility in a review proceeding, provide for a customer credit reinvestment offset, as applicable, pursuant to subdivision 8 d with respect to all costs deemed reasonable and

prudent by the Commission in a proceeding pursuant to subsection D of § [56-580](#) or in a review proceeding.

Electric distribution grid transformation projects are in the public interest. To the extent that a utility elects to recover the costs of such electric distribution grid transformation projects through its rates for generation and distribution services, and does not petition and receive approval from the Commission for recovery of such costs through a rate adjustment clause described in clause (vi), the Commission shall, upon the request of the utility in a review proceeding, provide for a customer credit reinvestment offset, as applicable, pursuant to subdivision 8 d with respect to all costs deemed reasonable and prudent by the Commission in a proceeding for approval of a plan for electric distribution grid transformation projects pursuant to subdivision 6 or in a review proceeding.

Neither generation facilities described in clause (ii) that utilize simple-cycle combustion turbines nor new underground facilities shall receive an enhanced rate of return on common equity as described herein, but instead shall receive the utility's general rate of return during the construction phase of the facility and, thereafter, for the entire service life of the facility. No rate adjustment clause for new underground facilities shall allocate costs to, or provide for the recovery of costs from, customers that are served within the large power service rate class for a Phase I Utility and the large general service rate classes for a Phase II Utility. New underground facilities are hereby declared to be ordinary extensions or improvements in the usual course of business under the provisions of § [56-265.2](#).

As used in this subdivision, a generation facility is (1) "coalbed methane gas powered" if the facility is fired at least 50 percent by coalbed methane gas, as such term is defined in § [45.2-1600](#), produced from wells located in the Commonwealth, and (2) "landfill gas powered" if the facility is fired by methane or other combustible gas produced by the anaerobic digestion or decomposition of biodegradable materials in a solid waste management facility licensed by the Waste Management Board. A landfill gas powered facility includes, in addition to the generation facility itself, the equipment used in collecting, drying, treating, and compressing the landfill gas and in transmitting the landfill gas from the solid waste management facility where it is collected to the generation facility where it is combusted.

For purposes of this subdivision, "general rate of return" means the fair combined rate of return on common equity as it is determined by the Commission for such utility pursuant to subdivision 2.

Notwithstanding any other provision of this subdivision, if the Commission finds during the triennial review conducted for a Phase II Utility in 2021 that such utility has not filed applications for all necessary federal and state regulatory approvals to construct one or more nuclear-powered or coal-fueled generation facilities that would add a total capacity of at least 1500 megawatts to the amount of the utility's generating resources as such resources existed on July 1, 2007, or that, if all such approvals have been received, that the utility has not made reasonable and good faith efforts to construct one or more such facilities that will provide such additional total capacity within a reasonable time after obtaining such approvals, then the Commission, if it finds it in the public interest, may reduce on a prospective basis any enhanced rate of return on common equity previously applied to any such facility to no less than the general rate of return for such utility and may apply no less than the utility's general rate of return to any such facility for which the utility seeks approval in the future under this subdivision.

Notwithstanding any other provision of this subdivision, if a Phase II utility obtains approval from the Commission of a rate adjustment clause pursuant to subdivision 6 associated with a test or demonstration project involving a generation facility utilizing energy from offshore wind, and such utility has not, as of July 1, 2023, commenced construction as defined for federal income tax purposes of an offshore wind generation facility or facilities with a minimum aggregate capacity of 250 megawatts, then the Commission, if it finds it in the public interest, may direct that the costs associated with any such rate adjustment clause involving said test or demonstration project shall thereafter no longer be recovered through a rate adjustment clause pursuant to subdivision 6 and shall instead be recovered through the utility's rates for generation and distribution services, with no change in such rates for generation and distribution services as a result of the combination of such costs with the other costs, revenues, and investments included in the utility's rates for generation and distribution services. Any such costs shall remain combined with the utility's other costs, revenues, and investments included in its rates for generation and distribution services until such costs are fully recovered.

7. Any petition filed pursuant to subdivision 4, 5, or 6 shall be considered by the Commission on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the utility. Any costs incurred by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to subdivision 5 a, or that are related to facilities and projects described in clause (i) of subdivision 6, or that are related to new underground facilities described in clause (iv) of subdivision 6, shall be deferred on the books and

records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Except as otherwise provided in subdivision 6, any costs prudently incurred on or after July 1, 2007, by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to facilities and projects described in clause (ii) or clause (iii) of subdivision 6 that utilize nuclear power, or coal-fueled facilities and projects described in clause (ii) of subdivision 6 if such coal-fueled facilities will be built by a Phase I Utility, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Any costs prudently incurred after the expiration or termination of capped rates related to other matters described in subdivision 4, 5, or 6 shall be deferred beginning only upon the expiration or termination of capped rates, provided, however, that no provision of this act shall affect the rights of any parties with respect to the rulings of the Federal Energy Regulatory Commission in PJM Interconnection LLC and Virginia Electric and Power Company, 109 F.E.R.C. P 61,012 (2004). A utility shall establish a regulatory asset for regulatory accounting and ratemaking purposes under which it shall defer its operation and maintenance costs incurred in connection with (i) the refueling of any nuclear-powered generating plant and (ii) other work at such plant normally performed during a refueling outage. The utility shall amortize such deferred costs over the refueling cycle, but in no case more than 18 months, beginning with the month in which such plant resumes operation after such refueling. The refueling cycle shall be the applicable period of time between planned refueling outages for such plant. As of January 1, 2014, such amortized costs are a component of base rates, recoverable in base rates only ratably over the refueling cycle rather than when such outages occur, and are the only nuclear refueling costs recoverable in base rates. This provision shall apply to any nuclear-powered generating plant refueling outage commencing after December 31, 2013, and the Commission shall treat the deferred and amortized costs of such regulatory asset as part of the utility's costs for the purpose of proceedings conducted (a) with respect to filings under subdivision 3 made on and after July 1, 2014, and (b) pursuant to § [56-245](#) or the Commission's rules governing utility rate increase applications as provided in subsection B. This provision shall not be deemed to change or reset base rates.

The Commission's final order regarding any petition filed pursuant to subdivision 4, 5, or 6 shall be entered not more than three months, eight months, and nine months,

respectively, after the date of filing of such petition. If such petition is approved, the order shall direct that the applicable rate adjustment clause be applied to customers' bills not more than 60 days after the date of the order, or upon the expiration or termination of capped rates, whichever is later. At any time, the Commission may, in its discretion, for a Phase I Utility, upon petition by such a utility or upon its own initiated proceeding, direct the consolidation of any one or more subsets of rate adjustment clauses previously implemented pursuant to subdivision 5 or 6 in the interest of judicial economy, customer transparency, or other factors the Commission determines to be appropriate. Any subset of rate adjustment clauses so consolidated shall continue to be considered by the Commission without regard to the other costs, revenues, investments, or earnings of the utility and remain as a cost recovery mechanism independent from the utility's rates for generation and distribution services pursuant to § 56-585.8 and subdivisions 5 and 6, but will be combined as a single rate adjustment clause for cost recovery and review purposes. Any rate adjustment clause or subset of rate adjustment clauses so consolidated shall be named in a manner, as determined by the Commission, that reasonably informs customers as to the nature of the costs recovered by the consolidated rate adjustment clause. At any time, the Commission may, in its discretion, for a Phase II Utility, upon petition by such a utility or upon its own initiated proceeding, direct the consolidation of any one or more subsets of rate adjustment clauses previously implemented pursuant to subdivision 5 or 6 in the interest of judicial economy, customer transparency, or other factors the Commission determines to be appropriate. Any subset of rate adjustment clauses so consolidated shall continue to be considered by the Commission without regard to the other costs, revenues, investments, or earnings of the utility and remain as a cost recovery mechanism independent from the utility's rates for generation and distribution services pursuant to this subdivision and subdivisions 5 and 6, but will be combined as a single rate adjustment clause for cost recovery and review purposes. Any rate adjustment clause or subset of rate adjustment clauses so consolidated shall be named in a manner, as determined by the Commission, that reasonably informs customers as to the nature of the costs recovered by the consolidated rate adjustment clause.

8. For a Phase I Utility in any triennial review proceeding filed on or before June 30, 2023 or for a Phase II Utility in any biennial review proceeding, for the purposes of reviewing earnings on the utility's rates for generation and distribution services, the following utility generation and distribution costs not proposed for recovery under any other subdivision of this subsection, as recorded per books by the utility for financial reporting purposes and accrued against income, shall be attributed to the test periods under

review and deemed fully recovered in the period recorded: costs associated with asset impairments related to early retirement determinations made by the utility for utility generation facilities fueled by coal, natural gas, or oil or for automated meter reading electric distribution service meters; costs associated with projects necessary to comply with state or federal environmental laws, regulations, or judicial or administrative orders relating to coal combustion by-product management that the utility does not petition to recover through a rate adjustment clause pursuant to subdivision 5 e; costs associated with severe weather events; and costs associated with natural disasters. Such costs shall be deemed to have been recovered from customers through rates for generation and distribution services in effect during the test periods under review unless such costs, individually or in the aggregate, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, result in the utility's earned return on its generation and distribution services for the combined test periods under review to fall more than 50 basis points below the fair combined rate of return authorized under subdivision 2 for such periods or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to fall more than 70 basis points below the fair combined rate of return authorized under subdivision 2 for such periods. In such cases, the Commission shall, in such review proceeding, authorize deferred recovery of such costs and allow the utility to amortize and recover such deferred costs over future periods as determined by the Commission. The aggregate amount of such deferred costs shall not exceed an amount that would, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, cause the utility's earned return on its generation and distribution services to exceed the fair rate of return authorized under subdivision 2, less 50 basis points, for the combined test periods under review or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to exceed the fair rate of return authorized under subdivision 2 less 70 basis points. Notwithstanding the prior sentence, the aggregate amount of actual and reasonable costs associated with severe weather events eligible for such deferral shall not exceed an amount that would, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, cause the utility's earned return on its generation and distribution services to exceed the fair rate of return authorized for the combined test periods under review. For the purposes of determining any amount of costs that are associated with severe weather events, the Commission shall consider nationally recognized standards

such as those published by the Institute of Electrical and Electronics Engineers (IEEE). Nothing in this section shall limit the Commission's authority, pursuant to the provisions of Chapter 10 (§ [56-232](#) et seq.), including specifically § [56-235.2](#), following the review of combined test period earnings of the utility in a review, for normalization of non-recurring test period costs and annualized adjustments for future costs, in determining any appropriate increase or decrease in the utility's rates for generation and distribution services pursuant to subdivision 8 a or 8 c.

If the Commission determines as a result of any triennial review initiated prior to July 1, 2023 that:

a. Revenue reductions related to energy efficiency measures or programs approved and deployed since the utility's previous triennial review have caused the utility, as verified by the Commission, during the test period or periods under review, considered as a whole, to earn more than 50 basis points below a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points below a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall order increases to the utility's rates for generation and distribution services necessary to recover such revenue reductions. If the Commission finds, for reasons other than revenue reductions related to energy efficiency measures, that the utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points below a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points below a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such fair combined rate of return, using the most recently ended 12-month test period as the basis for determining the amount of the rate increase necessary. However, in the first triennial review proceeding conducted after January 1, 2021, for a Phase II Utility, the Commission may not order a rate increase, and in all triennial reviews of a Phase I or Phase II utility, the Commission may not order such rate increase unless it finds that the resulting rates are

necessary to provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on both its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate increase under the standards of this sentence, and the amount thereof; and provided that, solely in connection with making its determination concerning the necessity for such a rate increase or the amount thereof, the Commission shall, in any triennial review proceeding conducted prior to July 1, 2028, exclude from this most recently ended 12-month test period any remaining investment levels associated with a prior customer credit reinvestment offset pursuant to subdivision d.

b. The utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivisions 8 d and 9, direct that 60 percent of the amount of such earnings that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, that 70 percent of the amount of such earnings that were more than 70 basis points, above such fair combined rate of return for the test period or periods under review, considered as a whole, shall be credited to customers' bills. Any such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates; or

c. The utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or

other matter determined with respect to facilities described in subdivision 6, and the combined aggregate level of capital investment that the Commission has approved other than those capital investments that the Commission has approved for recovery pursuant to a rate adjustment clause pursuant to subdivision 6 made by the utility during the test periods under review in that triennial review proceeding in new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, and in electric distribution grid transformation projects, as determined pursuant to subdivision 8 d, does not equal or exceed 100 percent of the earnings that are more than 70 basis points above the utility's fair combined rate of return on its generation and distribution services for the combined test periods under review in that triennial review proceeding, the Commission shall, subject to the provisions of subdivision 10 and in addition to the actions authorized in subdivision b, also order reductions to the utility's rates it finds appropriate. However, in the first triennial review proceeding conducted after January 1, 2021, for a Phase II Utility, any reduction to the utility's rates ordered by the Commission pursuant to this subdivision shall not exceed \$50 million in annual revenues, with any reduction allocated to the utility's rates for generation services, and in each triennial review of a Phase I or Phase II Utility, the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate reduction under the standards of this sentence, and the amount thereof; and

d. (Expires July 1, 2028) In any review proceeding conducted after December 31, 2017, upon the request of the utility, the Commission shall determine, prior to directing that 70 percent of earnings that are more than 70 basis points above the utility's fair combined rate of return on its generation and distribution services for the test period or periods under review be credited to customer bills pursuant to subdivision 8 b, the aggregate level of prior capital investment that the Commission has approved other than those capital investments that the Commission has approved for recovery pursuant to a rate adjustment clause pursuant to subdivision 6 made by the utility during the test period or periods under review in both (i) new utility-owned generation facilities utilizing energy derived from sunlight, or from onshore or offshore wind, and (ii) electric distribution grid transformation projects, as determined by the utility's plant in service and construction

work in progress balances related to such investments as recorded per books by the utility for financial reporting purposes as of the end of the most recent test period under review. Any such combined capital investment amounts shall offset any customer bill credit amounts, on a dollar for dollar basis, up to the aggregate level of invested or committed capital under clauses (i) and (ii). The aggregate level of qualifying invested or committed capital under clauses (i) and (ii) is referred to in this subdivision as the customer credit reinvestment offset, which offsets the customer bill credit amount that the utility has invested or will invest in new solar or wind generation facilities or electric distribution grid transformation projects for the benefit of customers, in amounts up to 100 percent of earnings that are more than 70 basis points above the utility's fair rate of return on its generation and distribution services, and thereby reduce or eliminate otherwise incremental rate adjustment clause charges and increases to customer bills, which is deemed to be in the public interest. If 100 percent of the amount of earnings that are more than 70 basis points above the utility's fair combined rate of return on its generation and distribution services, as determined in subdivision 2, exceeds the aggregate level of invested capital in new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, and electric distribution grid transformation projects, as provided in clauses (i) and (ii), during the test period or periods under review, then 70 percent of the amount of such excess shall be credited to customer bills as provided in subdivision 8 b in connection with the review proceeding. The portion of any costs associated with new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, or electric distribution grid transformation projects that is the subject of any customer credit reinvestment offset pursuant to this subdivision shall not thereafter be recovered through the utility's rates for generation and distribution services over the service life of such facilities and shall not thereafter be included in the utility's costs, revenues, and investments in future review proceedings conducted pursuant to subdivision 2 and shall not be the subject of a rate adjustment clause petition pursuant to subdivision 6. The portion of any costs associated with new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, or electric distribution grid transformation projects that is not the subject of any customer credit reinvestment offset pursuant to this subdivision may be recovered through the utility's rates for generation and distribution services over the service life of such facilities and shall be included in the utility's costs, revenues, and investments in future review proceedings conducted pursuant to subdivision 2 until such costs are fully recovered, and if such costs are recovered through the utility's rates for generation and distribution services, they shall

not be the subject of a rate adjustment clause petition pursuant to subdivision 6. Only the portion of such costs of new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, or electric distribution grid transformation projects that has not been included in any customer credit reinvestment offset pursuant to this subdivision, and not otherwise recovered through the utility's rates for generation and distribution services, may be the subject of a rate adjustment clause petition by the utility pursuant to subdivision 6.

e. In any biennial review of a Phase II Utility, the Commission's final order regarding such review shall be entered not more than eight months after the date of filing, and any revisions in rates or credits so ordered shall take effect not more than 60 days after the date of the order. The fair combined rate of return on common equity determined pursuant to subdivision 2 in such review shall apply, for purposes of reviewing the utility's earnings on its rates for generation and distribution services, to the entire two or three, as applicable, successive 12-month test periods ending December 31 immediately preceding the year of the utility's subsequent review filing under subdivision 3 and shall apply to applicable rate adjustment clauses under subdivisions 5 and 6 prospectively from the date the Commission's final order in the review proceeding, utilizing rate adjustment clause true-up protocols as the Commission in its discretion may determine.

9. a. In any biennial review for a Phase II Utility filed on or prior to December 31, 2023, if the Commission determines that the utility has during the test period or test periods under review, considered as a whole, earned more than 70 basis points above a fair combined rate of return on its generation and distribution services previously authorized by the Commission, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, which have not been combined with the utility's costs, revenues, and investments for generation and distribution services, the Commission shall direct that 85 percent of the amount of such earnings that were more than 70 basis points above such fair combined rate of return for the test period or periods under review, considered as a whole, be credited to customers' bills. Any such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates.

b. In any biennial review for a Phase II Utility filed on or after January 1, 2024, if the Commission determines that the utility has during the test period or test periods under review, considered as a whole, earned above its fair combined rate of return on its generation and distribution services previously authorized by the Commission, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, which have not been combined with the utility's costs, revenues, and investments for generation and distribution services, the Commission shall direct that 85 percent of the amount of such earnings above such fair combined rate of return for the test period or periods under review, considered as a whole, be credited to customers' bills. Further, if the Commission determines that during the test period or test periods under review, considered as a whole, a Phase II Utility earned more than 150 basis points above a fair combined rate of return on its generation and distribution services previously authorized by the Commission, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, which have not been combined with the utility's costs, revenues, and investments for generation and distribution services, the Commission shall direct that all such earnings that were more than 150 basis points above such fair combined rate of return for the test period or periods under review, considered as a whole, be credited to customers' bills. Any such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates.

10. If, as a result of a triennial review required under this subsection and conducted with respect to any test period or periods under review ending later than December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, under review ending later than December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), the Commission finds, with respect to such test period or periods considered as a whole, that (i) any utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2,

without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, and (ii) the total aggregate regulated rates of such utility at the end of the most recently ended 12-month test period exceeded the annual increases in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, compounded annually, when compared to the total aggregate regulated rates of such utility as determined pursuant to the review conducted for the base period, the Commission shall, unless it finds that such action is not in the public interest or that the provisions of subdivisions 8 b and c are more consistent with the public interest, direct that any or all earnings for such test period or periods under review, considered as a whole that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points, above such fair combined rate of return shall be credited to customers' bills, in lieu of the provisions of subdivisions 8 b and c, provided that no credits shall be provided pursuant to this subdivision in connection with any triennial review unless such bill credits would be payable pursuant to the provisions of subdivision 8 d, and any credits under this subdivision shall be calculated net of any customer credit reinvestment offset amounts under subdivision 8 d. Any such credits shall be amortized and allocated among customer classes in the manner provided by subdivision 8 b. For purposes of this subdivision:

"Base period" means (i) the test period ending December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, the test period ending December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), or (ii) the most recent test period with respect to which credits have been applied to customers' bills under the provisions of this subdivision, whichever is later.

"Total aggregate regulated rates" shall include: (i) fuel tariffs approved pursuant to § 56-249.6, except for any increases in fuel tariffs deferred by the Commission for recovery in periods after December 31, 2010, pursuant to the provisions of clause (ii) of subsection C of § 56-249.6; (ii) rate adjustment clauses implemented pursuant to subdivision 4 or 5; (iii) revisions to the utility's rates pursuant to subdivision 8 a; (iv) revisions to the utility's rates pursuant to the Commission's rules governing utility rate increase applications, as permitted by subsection B, occurring after July 1, 2009; and (v) base rates in effect as of July 1, 2009.

11. For purposes of this section, the Commission shall regulate the rates, terms and conditions of any utility subject to this section on a stand-alone basis utilizing the actual end-of-test period capital structure and cost of capital of such utility, excluding any debt associated with securitized bonds that are the obligation of non-Virginia jurisdictional customers, unless the Commission finds that the debt to equity ratio of such capital structure is unreasonable for such utility, in which case the Commission may utilize a debt to equity ratio that it finds to be reasonable for such utility in determining any rate adjustment pursuant to subdivisions 8 a and c, and without regard to the cost of capital, capital structure, revenues, expenses or investments of any other entity with which such utility may be affiliated. In particular, and without limitation, the Commission shall determine the federal and state income tax costs for any such utility that is part of a publicly traded, consolidated group as follows: (i) such utility's apportioned state income tax costs shall be calculated according to the applicable statutory rate, as if the utility had not filed a consolidated return with its affiliates, and (ii) such utility's federal income tax costs shall be calculated according to the applicable federal income tax rate and shall exclude any consolidated tax liability or benefit adjustments originating from any taxable income or loss of its affiliates.

B. Nothing in this section shall preclude an investor-owned incumbent electric utility from applying for an increase in rates pursuant to § 56-245 or the Commission's rules governing utility rate increase applications; however, in any such filing, a fair rate of return on common equity shall be determined pursuant to subdivision A 2. Nothing in this section shall preclude such utility's recovery of fuel and purchased power costs as provided in § 56-249.6.

C. Except as otherwise provided in this section, the Commission shall exercise authority over the rates, terms and conditions of investor-owned incumbent electric utilities for the provision of generation, transmission and distribution services to retail customers in the Commonwealth pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2.

D. The Commission may determine, during any proceeding authorized or required by this section, the reasonableness or prudence of any cost incurred or projected to be incurred, by a utility in connection with the subject of the proceeding. A determination of the Commission regarding the reasonableness or prudence of any such cost shall be consistent with the Commission's authority to determine the reasonableness or prudence of costs in proceedings pursuant to the provisions of Chapter 10 (§ 56-232 et

seq.). In determining the reasonableness or prudence of a utility providing energy and capacity to its customers from renewable energy resources, the Commission shall consider the extent to which such renewable energy resources, whether utility-owned or by contract, further the objectives of the Commonwealth Clean Energy Policy set forth in § 45.2-1706.1, and shall also consider whether the costs of such resources is likely to result in unreasonable increases in rates paid by customers.

E. Notwithstanding any other provision of law, the Commission shall determine the amortization period for recovery of any appropriate costs due to the early retirement of any electric generation facilities owned or operated by any Phase I Utility or Phase II Utility. In making such determination, the Commission shall (i) perform an independent analysis of the remaining undepreciated capital costs; (ii) establish a recovery period that best serves ratepayers; and (iii) allow for the recovery of any carrying costs that the Commission deems appropriate.

F. The Commission shall include in its report required by subsection B of § 56-596 any information concerning the reliability impacts of generation unit additions and retirement determinations by a Phase I or Phase II Utility along with the potential impact on the purchase of power from generation assets outside the Virginia jurisdiction used to serve the utility's native load, utilizing information from the respective utility's integrated resource plan or information from the respective utility's plan filed pursuant to subsection D of § 56-585.5.

G. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section.

2007, cc. [888](#), [933](#); 2008, c. [476](#); 2009, c. [824](#); 2011, cc. [236](#), [367](#), [371](#), [380](#), [382](#); 2012, c. [435](#); 2013, c. [2](#); 2014, cc. [212](#), [541](#), [548](#), [550](#); 2015, cc. [37](#), [599](#); 2016, c. [3](#); 2017, cc. [246](#), [564](#), [583](#), [820](#); 2018, cc. [296](#), [795](#); 2019, cc. **§56-585.1:1. Transitional Rate Period: review of rates, terms and conditions for utility generation facilities.**

A. No biennial reviews of the rates, terms, and conditions for any service of a Phase I Utility, as defined in § [56-585.1](#), shall be conducted at any time by the Commission for the three successive 12-month test periods beginning January 1, 2014, and ending December 31, 2016. No biennial reviews of the rates, terms, and conditions for any service of a Phase II Utility, as defined in § [56-585.1](#), shall be conducted at any time by the

Commission for the two successive 12-month test periods beginning January 1, 2015, and ending December 31, 2016. Such test periods beginning January 1, 2014, and ending December 31, 2017, for a Phase I Utility, and beginning January 1, 2015, and ending December 31, 2016, for a Phase II Utility, are collectively referred to herein as the "Transitional Rate Period." Review of recovery of fuel and purchase power costs shall continue during the Transitional Rate Period in accordance with § [56-249.6](#). Any biennial review of the rates, terms, and conditions for any service of a Phase II Utility occurring in 2015 during the Transitional Rate Period shall be solely a review of the utility's earnings on its rates for generation and distribution services for the two 12-month test periods ending December 31, 2014, and a determination of whether any credits to customers are due for such test periods pursuant to subdivision A 8 b of § [56-585.1](#). After the conclusion of the Transitional Rate Period, reviews of the utility's rates for generation and distribution services shall resume for a Phase I Utility in 2020, with the first such proceeding utilizing the three successive 12-month test periods beginning January 1, 2017, and ending December 31, 2019. After the conclusion of the Transitional Rate Period, reviews of the utility's rates for generation and distribution services shall resume for a Phase II Utility in 2021, with the first such proceeding utilizing the four successive 12-month test periods beginning January 1, 2017, and ending December 31, 2020. Consistent with this provision, (i) no biennial review filings shall be made by an investor-owned incumbent electric utility in the years 2016 through 2019, inclusive, and (ii) no adjustment to an investor-owned incumbent electric utility's existing tariff rates, including any rates adopted pursuant to § [56-235.2](#), shall be made between the beginning of the Transitional Rate Period and the conclusion of the first review after the conclusion of the Transitional Rate Period, except as may be provided pursuant to § [56-245](#) or [56-249.6](#) or subdivisions A 4, 5, or 6 of § [56-585.1](#).

B. During the Transitional Rate Period, pursuant to § [56-36](#), the Commission shall have the right at all times to inspect the books, papers and documents of any investor-owned incumbent electric utility and to require from such companies, from time to time, special reports and statements, under oath, concerning their business.

C. 1. Commencing in 2016 and concluding in 2018, the State Corporation Commission, after notice and opportunity for a hearing, shall conduct a proceeding every two years to determine the fair rate of return on common equity to be used by a Phase I Utility as the general rate of return applicable to rate adjustment clauses under subdivisions A 5 or A 6 of § [56-585.1](#). A Phase I Utility's filing in such proceedings shall be made on or before March 31 of 2016, and 2018.

2. Commencing in 2017 and concluding in 2019, the State Corporation Commission, after notice and opportunity for a hearing, shall conduct a proceeding every two years to determine the fair rate of return on common equity to be used by a Phase II Utility as the general rate of return applicable to rate adjustment clauses under subdivisions A 5 or A 6 of § [56-585.1](#). A Phase II utility's filing in such proceedings shall be made on or before March 31 of 2017 and 2019.

3. Such fair rate of return shall be calculated pursuant to the methodology set forth in subdivisions A 2 a and b of § [56-585.1](#) and shall utilize the utility's actual end-of-test-period capital structure and cost of capital, as well as a 12-month test period ending December 31 immediately preceding the year in which the proceeding is conducted. The Commission's final order in such a proceeding shall be entered no later than eight months after the date of filing, with any adjustment to the fair rate of return for applicable rate adjustment clauses under subdivisions A 5 and 6 of § [56-585.1](#) taking effect on the date of the Commission's final order in the proceeding, utilizing rate adjustment clause true-up protocols as the Commission may in its discretion determine. Such proceeding shall concern only the issue of the determination of such fair rate of return to be used for rate adjustment clauses under subdivisions A 5 and 6 of § [56-585.1](#), and such determination shall have no effect on rates other than those applicable to such rate adjustment clauses; however, after the final such proceeding for a utility has been concluded, the fair combined rate of return on common equity so determined therein shall also be deemed equal to the fair combined rate of return on common equity to be used in such utility's first review proceeding conducted after the end of the utility's Transitional Rate Period to review such utility's earnings on its rates for generation and distribution services for the historic test periods.

D. In furtherance of rate stability during the Transitional Rate Period, any Phase II Utility carrying a prior period deferred fuel expense recovery balance on its books and records as of December 31, 2014, shall not recover from customers 50 percent of any such balance outstanding as of December 31, 2014, and the State Corporation Commission shall implement as soon as practicable reductions in the fuel factor rate of any such Phase II Utility to reflect the nonrecovery of any such fuel expense as well as any reduction in the fuel factor associated with the Phase II Utility's current period forecasted fuel expense over recovery for the 2014-2015 fuel year and projected fuel expense for the 2015-2016 fuel year.

E. Except for early retirement plans identified by the utility in an integrated resource plan filed with the State Corporation Commission by September 1, 2014, for utility generation plants, an investor-owned incumbent electric utility shall not permanently retire an electric power generation facility from service during the Transitional Rate Period without first obtaining the approval of the State Corporation Commission, upon petition from such investor-owned incumbent electric utility, and a finding by the State Corporation Commission that the retirement determination is reasonable and prudent. During the Transitional Rate Period, an investor-owned incumbent electric utility shall recover the following costs, as recorded per books by the utility for financial reporting purposes and accrued against income, only through its existing tariff rates for generation or distribution services, except such costs as may be recovered pursuant to § [56-245](#), § [56-249.6](#) or subdivisions A 4, A 5, or A 6 of § [56-585.1](#): (i) costs associated with asset impairments related to early retirement determinations for utility generation facilities resulting from the implementation of carbon emission guidelines for existing electric power generation facilities that the U.S. Environmental Protection Agency has issued pursuant to § 111(d) of the Clean Air Act; (ii) costs associated with severe weather events; and (iii) costs associated with natural disasters.

F. During the Transitional Rate Period:

1. The State Corporation Commission shall submit a report and make recommendations to the Governor and the General Assembly annually on or before December 1 of each year assessing the updated integrated resource plan of any investor-owned incumbent electric utility. The report shall include an analysis of, among other matters, the amount, reliability, and type of generation facilities needed to serve Virginia native load compared to what is then available to serve such load and what may be available to serve such load in the future in view of market conditions and current and pending state and federal environmental regulations. As a part of such report, the State Corporation Commission shall update its estimate of the impact upon electric rates in Virginia of the implementation of carbon emission guidelines for existing electric power generation facilities that the U.S. Environmental Protection Agency has issued pursuant to § 111(d) of the federal Clean Air Act. The State Corporation Commission shall submit copies of such annual reports to the Chairman of the House Committee on Labor and Commerce, the Chairman of the Senate Committee on Commerce and Labor and the Chairman of the Commission on Electric Utility Regulation; and

2. The Department of Environmental Quality shall submit a report and make recommendations to the Governor and the General Assembly annually on or before December 1 of each year concerning the implementation of carbon emission guidelines for existing electric power generation facilities that the U.S. Environmental Protection Agency has issued pursuant to § 111(d) of the federal Clean Air Act. The report shall include an analysis of, among other matters, the impact of such federal regulations on the operation of any investor-owned incumbent electric utility's electric power generation facilities and any changes, interdiction, or suspension of such regulations. The Department of Environmental Quality shall submit copies of such annual reports to the Chairman of the House Committee on Labor and Commerce, the Chairman of the Senate Committee on Commerce and Labor and the Chairman of the Commission on Electric Utility Regulation.

G. The construction or purchase by an investor-owned incumbent utility of one or more generation facilities with at least one megawatt of generating capacity, and with an aggregate rated capacity that does not exceed 5,000 megawatts, including rooftop solar installations with a capacity of not less than 50 kilowatts, and with an aggregate capacity of 50 megawatts, that use energy derived from sunlight or from wind and are located in the Commonwealth or off the Commonwealth's Atlantic shoreline, regardless of whether any of such facilities are located within or without such utility's service territory, is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this section. Such utility shall utilize goods or services sourced, in whole or in part, from one or more Virginia businesses. The utility may propose a rate adjustment clause based on a market index in lieu of a cost of service model for such facility. An investor-owned incumbent utility may enter into short-term or long-term power purchase contracts for the power derived from sunlight generated by such generation facility prior to purchasing the generation facility.

H. To the extent that the provisions of this section are inconsistent with the provisions of §§ [56-249.6](#) and [56-585.1](#), the provisions of this section shall control.

2015, c. [6](#); 2018, c. [296](#).

**§56-585.1:2. Pilot program for energy assistance and weatherization.**

Notwithstanding the provisions of §§ [56-249.6](#) and [56-585.1](#):

Each Phase I and II Utility shall conduct a pilot program for energy assistance and weatherization for low income, elderly, and disabled individuals in their respective service territories in the Commonwealth. Each pilot program shall be funded by the utility

and shall commence September 1, 2015. Each Phase I Utility shall continue such pilot program at no less than the existing levels of funding as of July 1, 2018, for each year that the utility provides such service. Each Phase II Utility shall continue such pilot program at no less than \$13 million for each year the utility is providing such service. The funding for the pilot programs established pursuant hereto for energy assistance and weatherization for low-income, elderly, and disabled individuals in the service territory in the Commonwealth of each respective utility shall continue until the earlier of amendment or repeal of this section or July 1, 2028. Each such utility shall report on the status of its pilot program, including the number of individuals served thereby, to the Governor, the State Corporation Commission, and the Chairman of the House Committee on Labor and Commerce and the Chairman of the Senate Committee on Commerce and Labor by July 1, 2016, and each year thereafter.

2015, c. [6](#); 2018, c. [296](#).

**§56-585.1:3. Pilot programs for community solar development.**

A. As used in this section:

"Eligible generation facility" means an electrical generation facility that:

1. Exclusively uses energy derived from sunlight;
2. Is placed in service on or after July 1, 2017;
3. Is not constructed by an investor-owned utility and either (i) is acquired by an investor-owned utility through an asset purchase agreement or (ii) is subject to a power purchase agreement under which an investor-owned utility purchases the facility's output from a third party; and
4. Has a generating capacity of:
  - a. Not more than two megawatts; or
  - b. More than two megawatts if not more than two megawatts of the output from the electrical generation facility is selected in an investor-owned utility's RFP for dedication to its pilot program.

"Generating capacity" means an electrical generation facility's nameplate rated capacity measured in direct current megawatts.

"Investor-owned utility" means an electric utility that is a Phase I Utility or a Phase II Utility.

"Low-income community" means a census tract within the Commonwealth designated by the U.S. Department of Housing and Urban Development in 2019 or any year thereafter as a qualified census tract for purposes of the Low-Income Housing Tax Credit pursuant to § 42 of the Internal Revenue Code.

"Participating generating facility" means an eligible generation facility that is selected by an investor-owned utility through its RFP for inclusion in its pilot program.

"Participating third party" means, for investor-owned utilities, a Virginia nonresidential-class customer, an affiliate, a solar development entity, or a nonjurisdictional customer that takes on the obligation, as part of a variable-output contract, of pilot program costs not recovered through the voluntary companion rate schedule as specified in subdivision B 8.

"Participating utility" means (i) each investor-owned utility and (ii) any utility consumer services cooperative that elects to conduct a pilot program under subsection C.

"Phase I Utility" means an investor-owned incumbent electric utility that was, as of July 1, 1999, not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002.

"Phase II Utility" means an investor-owned incumbent electric utility that was, as of July 1, 1999, bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002.

"Pilot program" means a community solar pilot program conducted by a participating utility pursuant to this section following approval by the Commission, under which the participating utility sells electric power to subscribing customers under a voluntary companion rate schedule and the participating utility generates or purchases electric power from participating generation facilities selected by the participating utility.

"Pilot program costs" means all of a participating utility's identified, projected, and actual costs of its pilot program, including costs for (i) purchased power; (ii) renewable and other environmental attributes; (iii) transmission and distribution services; (iv) generating capacity and energy balancing; (v) RFP process costs; (vi) administrative and marketing charges; (vii) capital costs and operations and maintenance expenses related to building, owning, and operating eligible generating facilities; and (viii) a reasonable margin, which margin shall be the weighted average cost of capital.

"Pilot program period" means the three-year period ending three years following the date the first subscription is entered into by a customer.

"RFP" means the request for proposal process conducted by an investor-owned utility.

"Small eligible generation facility" means an eligible generation facility with a generating capacity of less than 0.5 megawatt.

"Solar development entity" means a business entity organized primarily for the purpose of proposing, developing, constructing, purchasing, or selling at wholesale all or part of the output of an eligible generation facility. A solar development entity may be organized in any form and may be a special purpose entity.

"Utility aggregation cooperative" has the same meaning ascribed to "cooperative" in § [56-231.38](#).

"Utility consumer services cooperative" has the same meaning ascribed to "cooperative" in § [56-231.15](#).

"Voluntary companion rate schedule" means a rate schedule approved by the Commission upon application by a participating utility that provides for the recovery of the pilot program costs by the participating utility.

B. Notwithstanding the provisions of subsection B of § [56-234](#) and §§ [56-249.6](#) and [56-585.1](#), each investor-owned utility shall conduct a pilot program for retail customers as follows:

1. Each investor-owned utility shall design its own pilot program and within six months of receiving Commission approval shall make subscriptions for participation in its pilot program available to its retail customers on a voluntary basis.

2. An investor-owned utility shall select eligible generating facilities for dedication to its pilot program through an RFP process, under which process:

- a. Each investor-owned utility shall have issued one or more public RFPs for eligible generating facilities and the purchase of all energy output and associated renewable energy certificates and other environmental attributes.

- b. Each RFP shall:

- (1) State the price and non-price criteria used by the investor-owned utility in selecting proposals for dedication to its pilot program; and

- (2) Require as a criterion for selection that eligible generating facilities with a combined generating capacity of not less than two megawatts, and any eligible generating facility

with a generating capacity of more than two megawatts, be first placed in service on or after July 1, 2017.

c. Each investor-owned utility is authorized to select, under an asset purchase or power purchase agreement, small eligible generating facilities for dedication to its pilot program without regard to whether price criteria are satisfied by their selection if the selection of the small eligible generating facilities (i) materially advances non-price criteria, including a criterion favoring geographic distribution of eligible generating facilities, provided that the generating capacity of small eligible generating facilities does not exceed 25 percent of the utility's pilot program's minimum generating capacity specified in subdivision 3, or (ii) is located in a low-income community as provided in subdivision 15.

d. An investor-owned utility shall not select through its RFP an electrical generation facility with a generating capacity of more than two megawatts for its pilot program unless (i) the costs can be appropriately documented for the portion of the facility's output, which portion shall not exceed two megawatts, that is dedicated to the pilot program and (ii) for a Phase II Utility only, the portion of the facility's generating capacity selected pursuant to this subdivision does not exceed 50 percent of the investor-owned utility's pilot program's minimum generating capacity specified in subdivision 3. The portion of the facility's generating capacity that exceeds the portion of the facility's generating capacity that is selected pursuant to this subdivision shall not be applied in determining whether the pilot program satisfies requirements of subdivision 3 regarding a pilot program's minimum generating capacity.

e. In selecting eligible generating facilities for dedication to its pilot program, an investor-owned utility shall give due consideration to relative costs, economic development benefits, and geographic diversity of eligible generating facilities and ensure that the selection of such facilities complies with the requirements of subdivision 15 regarding the location of eligible generating facilities in low-income communities.

f. The investor-owned utility's application to the Commission shall include a description of the application of the price and non-price criteria in the investor-owned utility's selection of participating generating facilities from among the proposals submitted in response to the RFP.

3. The amount of generating capacity of the eligible generating facilities in an investor-owned utility's pilot program shall not be less than (i) 0.5 megawatt if the pilot program is conducted by a Phase I Utility or (ii) 10 megawatts if the pilot program is conducted by a Phase II Utility.

4. The amount of generating capacity of the eligible generating facilities in an investor-owned utility's pilot program shall not exceed (i) 10 megawatts if the pilot program is conducted by a Phase I Utility or (ii) 40 megawatts if the pilot program is conducted by a Phase II Utility.

5. An investor-owned utility shall have the option of increasing the amount of generating capacity of the eligible generating facilities in its pilot program above the amount most recently approved by the Commission, in such increments as the investor-owned utility elects, as follows:

a. Any such increase shall not result in an amount of generating capacity that exceeds the cap specified for the investor-owned utility's pilot program under subdivision 4;

b. No such increase shall be authorized until such time that 90 percent of the amount of generating capacity of the eligible generating facilities then approved for its pilot program has been subscribed by customers through the investor-owned utility's voluntary companion rate schedule;

c. An investor-owned utility may seek any number of increases in the amount of generating capacity of the eligible generating facilities in its pilot program, subject to the conditions in subdivisions a and b; and

d. The investor-owned utility shall select eligible generating facilities for any increase in the generating capacity of its pilot program through an RFP process that complies with the requirements of subdivision 2.

6. Each pilot program shall expire at the end of its pilot program period, unless renewed or made permanent as provided in subsection G.

7. The renewable energy certificates and other environmental attributes associated with the voluntary companion rate schedule shall be retired by the investor-owned utility on the subscribing customer's behalf.

8. An investor-owned utility shall recover all its pilot program costs primarily through its voluntary companion rate schedule. However, pilot program costs that are not recovered through the voluntary companion rate schedule shall be recoverable from a participating third party and not from the investor-owned utility's Virginia jurisdictional customers. To the extent participating third parties are obligated for pilot program costs not recovered through the voluntary companion rate schedule, variable-output contracts between participating third parties other than affiliates and investor-owned utilities shall be negotiated at arm's length and shall not be reviewable by the Commission and shall require

no further Commission approvals pursuant to Chapter 4 (§ [56-76](#) et seq.) or other applicable law.

9. At the conclusion of the pilot program period, to the extent that the pilot program is not made permanent or extended, each participating generating facility shall cease to be part of the pilot program and shall return to operation under the variable-output contract with a participating third party.

10. Any fixed generation costs and fixed purchased power costs shall remain fixed for subscribing customers throughout the duration of the subscribing customers' continuous and uninterrupted participation in the voluntary companion rate schedule. A subscribing customer's participation in the voluntary companion rate schedule shall be deemed to be continuous and uninterrupted notwithstanding a change in the location where the customer receives service if the new location continues to be within the investor-owned utility's service territory and the customer provides the investor-owned utility with notice of the change prior to or within 90 days following the change. Investor-owned utilities are authorized to decrease the generation or purchased power rate, or both, at any time to reflect cost reductions, if any, subject to Commission review. If, pursuant to subdivision 9, the pilot program is not made permanent or continued, the subscribing customers' subscriptions to the voluntary companion rate schedule shall survive the termination of the pilot program.

11. A subscribing customer's usage that exceeds the amount subscribed for under the voluntary companion rate schedule shall be billed under the customer's applicable standard rate.

12. An investor-owned utility shall not require a subscribing customer to enter an agreement or subscription for participation in a pilot program of more than 12 months' duration unless the subscribing customer's subscription exceeds 100 kW, or its equivalent in kWh, at the time the customer initially enters into the agreement or subscription.

13. As part of an arrangement with a solar development entity, a utility may enter into an agreement that provides for risk sharing and collaboration in marketing a utility's pilot program if the solar development entity is a participating third party.

14. An investor-owned utility shall have the ability to close its pilot program to new subscribers according to the terms of the voluntary companion rate schedule upon notice to the Commission. This option shall be exercisable once per year, upon the anniversary date of the Commission's order approving the voluntary companion rate schedule.

15. Notwithstanding any provision of this section to the contrary, effective July 1, 2020, an investor-owned utility shall not select an eligible generating facility that is located outside a low-income community for dedication to its pilot program unless the investor-owned utility contemporaneously selects for dedication to its pilot program one or more eligible generating facilities that are located within a low-income community and of which the pilot program costs equal or exceed the pilot program costs of the eligible generating facility that is located outside a low-income community.

C. Notwithstanding the provisions of subsection B of § [56-234](#) and §§ [56-249.6](#) and [56-585.1](#), upon application of a utility consumer services cooperative the Commission shall review a proposal submitted by the cooperative for a voluntary companion rate schedule. If the Commission finds that the proposal is reasonable and prudent, it shall approve the voluntary companion rate schedule for the cooperative to conduct a pilot program pursuant to this section. No utility consumer services cooperative shall be required to conduct a pilot program pursuant to this section. In making an application to the Commission pursuant to this subsection, a utility consumer services cooperative shall have flexibility to design its voluntary companion rate schedule in a manner that, notwithstanding anything to the contrary in this section, provides the cooperative the ability to:

1. Construct or purchase its generating facilities, or dedicate a portion of its existing power supply portfolio, for its community solar pilot program along with one or more other utility consumer services cooperatives, one or both Phase I or Phase II Utilities, or a utility aggregation cooperative, through requests for proposal or through a contract with a third party or a utility aggregation cooperative;
2. If constructing or purchasing its generating facilities, or dedicating a portion of its existing power supply portfolio, for its pilot program through a utility aggregation cooperative, include generating facilities that may be already in service or may be first placed into service at any time;
3. Utilize generating facilities of any generating capacity for its pilot program;
4. Physically locate the generating facilities used for the pilot program inside or outside of its certificated service territory;
5. Design its voluntary companion rate schedule in coordination with one or more utility consumer services cooperatives, such that participating subscribers from both cooperatives subscribe to an identical rate schedule;

6. Permanently end its pilot program for all subscribers according to the terms of the voluntary companion rate schedule; and

7. Recover pilot program costs that are not recovered through the voluntary companion rate schedule by including unrecovered purchased power expense in the cooperative's cost of purchased power and through a regulatory asset for unrecovered costs that are not purchased power expense, subject to the oversight of the cooperative's board of directors, which regulatory asset shall be approved by the Commission.

D. The participation of retail customers in a pilot program administered by a participating utility in the Commonwealth is in the public interest. Voluntary companion rate schedules approved by the Commission pursuant to this section are necessary in order to acquire information which is in furtherance of the public interest. The Commission shall approve the recovery of pilot program costs that it deems to be reasonable and prudent. The Commission shall also approve the pilot program design, the voluntary companion rate schedule, and the portfolio of participating generating facilities. No Commission review or approval of individual participating generating facilities, agreements, sites, or RFPs shall be required pursuant to this section or any other section of the Code.

E. Any voluntary companion rate schedule approved by the Commission pursuant to this section shall not be considered a tariff for electric energy provided 100 percent from renewable energy pursuant to § [56-577](#).

F. Each participating utility shall report on the status of its pilot program, including the number of subscribing customers, to the Governor, the Commission, and the Chairmen of the House Committee on Labor and Commerce and the Senate Committee on Commerce and Labor. The report shall be filed the earlier of (i) three years after the date a customer of the participating utility first subscribes to its pilot program or (ii) July 1, 2022. If a participating utility closes its pilot program to new subscribers pursuant to subdivision B 14, it shall notify the Governor, the Commission, and the Chairmen of the House Committee on Labor and Commerce and the Senate Committee on Commerce and Labor not later than three months after such closure, which notification shall (a) describe the reasons for the closure and (b) be provided in lieu of the status report otherwise required by this subsection.

G. At any time after filing its report on the status of its pilot program as required by subsection F, a participating utility may, in its application proceeding, move the Commission to make its pilot program permanent. The motion shall include a compliance filing with conforming changes to the participating utility's applicable rate schedules. Upon the

Commission's granting of the motion, the pilot program shall become a regular rate schedule of the participating utility.

2017, c. [580](#); 2019, cc. [742](#), [763](#); 2020, c. [663](#).

**§56-585.1:4. Development of solar and wind generation and energy storage capacity in the Commonwealth.**

A. Prior to January 1, 2024, (i) the construction or purchase by a public utility of one or more solar or wind generation facilities located in the Commonwealth or off the Commonwealth's Atlantic shoreline, each having a rated capacity of at least one megawatt and having in the aggregate a rated capacity that does not exceed 5,000 megawatts, or (ii) the purchase by a public utility of energy, capacity, and environmental attributes from solar facilities described in clause (i) owned by persons other than a public utility is in the public interest, and the Commission shall so find if required to make a finding regarding whether such construction or purchase is in the public interest.

B. Prior to January 1, 2024, (i) the construction or purchase by a public utility of one or more solar or wind generation facilities located in the Commonwealth or off the Commonwealth's Atlantic shoreline, each having a rated capacity of less than one megawatt, including rooftop solar installations with a capacity of not less than 50 kilowatts, and having in the aggregate a rated capacity that does not exceed 500 megawatts, or (ii) the purchase by a public utility of energy, capacity, and environmental attributes from solar facilities described in clause (i) owned by persons other than a public utility is in the public interest, and the Commission shall so find if required to make a finding regarding whether such construction or purchase is in the public interest.

C. The aggregate cap of 5,000 megawatts of rated capacity described in clause (i) of subsection A, the aggregate cap of 500 megawatts of rated capacity described in clause (i) of subsection B, and the aggregate cap of 200 megawatts of rated capacity described in subsection I are separate and independent from each other. The capacity of facilities in subsection B shall not be counted in determining the capacity of facilities in subsection A or I; the capacity of facilities in subsection A shall not be counted in determining the capacity of facilities in subsection B or I; and the capacity of facilities in subsection I shall not be counted in determining the capacity of facilities in subsection A or B.

D. Twenty-five percent of the solar generation capacity placed in service on or after July 1, 2018, located in the Commonwealth, and found to be in the public interest pursuant to subsection A or B shall be from the purchase by a public utility of energy, capacity, and environmental attributes from solar facilities owned by persons other than a public utility.

The remainder shall be construction or purchase by a public utility of one or more solar generation facilities located in the Commonwealth. All of the solar generation capacity located in the Commonwealth and found to be in the public interest pursuant to subsection A or B shall be subject to competitive procurement, provided that a public utility may select solar generation capacity without regard to whether such selection satisfies price criteria if the selection of the solar generating capacity materially advances non-price criteria, including favoring geographic distribution of generating capacity, areas of higher employment, or regional economic development, if such non-price solar generating capacity selected does not exceed 25 percent of the utility's solar generating capacity.

E. Construction, purchasing, or leasing activities for a test or demonstration project for a new utility-owned and utility-operated generating facility or facilities utilizing energy derived from offshore wind with an aggregate capacity of not more than 16 megawatts are in the public interest.

F. Prior to January 1, 2035, (i) the construction by a public utility of one or more energy storage facilities located in the Commonwealth, having in the aggregate a rated capacity that does not exceed 2,700 megawatts, or (ii) the purchase by a public utility of energy storage facilities described in clause (i) owned by persons other than a public utility or the capacity from such facilities is in the public interest, and the Commission shall so find if required to make a finding regarding whether such construction or purchase is in the public interest.

G. At least 35 percent of the energy storage capacity placed in service on or after July 1, 2020, located in the Commonwealth and found to be in the public interest pursuant to subsection F shall be from the purchase by a public utility of energy storage facilities owned by persons other than a public utility or the capacity from such facilities. All of the energy storage facilities located in the Commonwealth and found to be in the public interest pursuant to subsection F shall be subject to competitive procurement, provided that a public utility may select energy storage facilities without regard to whether such selection satisfies price criteria if the selection of the energy storage facilities materially advances non-price criteria, including favoring geographic distribution of generating facilities, areas of higher employment, or regional economic development, if such energy storage facilities selected for the advancement of non-price criteria do not exceed 25 percent of the utility's energy storage capacity.

H. A utility may elect to petition the Commission, outside of a triennial or biennial review proceeding conducted pursuant to § [56-585.1](#), at any time for a prudency determination with respect to the construction or purchase by the utility of one or more solar or wind generation facilities located in the Commonwealth or off the Commonwealth's Atlantic Shoreline or the purchase by the utility of energy, capacity, and environmental attributes from solar or wind facilities owned by persons other than the utility. The Commission's final order regarding any such petition shall be entered by the Commission not more than three months after the date of the filing of such petition.

I. Prior to January 1, 2024, (i) the construction or purchase by a public utility of one or more solar or wind generation facilities located on a previously developed project site in the Commonwealth having in the aggregate a rated capacity that does not exceed 200 megawatts or (ii) the purchase by a public utility of energy, capacity, and environmental attributes from solar facilities described in clause (i) owned by persons other than a public utility, is in the public interest.

2018, c. [296](#); 2020, cc. [1190](#), [1193](#), [1194](#), [1225](#); 2023, cc. [757](#), [775](#).

**§56-585.1:5. Pilot program for underground transmission lines.**

A. There is hereby established a pilot program to further the understanding of underground electric transmission lines in regard to electric reliability, construction methods and related cost and timeline estimating, the probability of meeting such projections, and the benefits of undergrounding existing electric transmission lines to promote economic development within the Commonwealth. The pilot program shall consist of the approval to construct qualifying electrical transmission lines of 230 kilovolts or less (but greater than 69 kilovolts) in whole or in part underground. Such pilot program shall consist of a total of two qualifying electrical transmission line projects, constructed in whole or in part underground, as specified and set forth in this section.

B. Notwithstanding any other law to the contrary, as a part of the pilot program established pursuant to this section, the Commission shall approve as a qualifying project a transmission line of 230 kilovolts or less that is pending final approval of a certificate of public convenience and necessity from the Commission as of December 31, 2017, for the construction of an electrical transmission line approximately 5.3 miles in length utilizing both overhead and underground transmission facilities, of which the underground portion shall be approximately 3.1 miles in length, which has been previously proposed for construction within or immediately adjacent to the right-of-way of an interstate highway. Once the Commission has affirmed the project need through an order, the project

shall be constructed in part underground, and the underground portion shall consist of a double circuit.

The Commission shall approve such underground construction within 30 days of receipt of the written request of the public utility to participate in the pilot program pursuant to this section. The Commission shall not require the submission of additional technical and cost analyses as a condition of its approval but may request such analyses for its review. The Commission shall approve the underground construction of one contiguous segment of the transmission line that is approximately 3.1 miles in length that was previously proposed for construction within or immediately adjacent to the right-of-way of the interstate highway, for which, by resolution, the locality has indicated general community support. The remainder of the construction for the transmission line shall be aboveground. The Commission shall not be required to perform any further analysis as to the impacts of this route, including environmental impacts or impacts upon historical resources.

The electric utility may proceed to acquire right-of-way and take such other actions as it deems appropriate in furtherance of the construction of the approved transmission line, including acquiring the cables necessary for the underground installation.

C. In reviewing applications submitted by public utilities for certificates of public convenience and necessity for the construction of electrical transmission lines of 230 kilovolts or less filed between July 1, 2018, and October 1, 2020, the Commission shall approve, consistent with the requirements of subsection D, one additional application as a qualifying project to be constructed in whole or in part underground, as a part of this pilot program. The one qualifying project shall be in addition to the qualifying project described in subsection B and shall be the relocation or conversion of an existing 230-kilovolt overhead line to an underground line.

D. For purposes of subsection C, a project shall be qualified to be placed underground, in whole or in part, if it meets all of the following criteria: (i) an engineering analysis demonstrates that it is technically feasible to place the proposed line, in whole or in part, underground; (ii) the governing body of each locality in which a portion of the proposed line will be placed underground indicates, by resolution, general community support for the project and that it supports the transmission line to be placed underground; (iii) a project has been filed with the Commission or is pending issuance of a certificate of public convenience and necessity by October 1, 2020; (iv) the estimated additional cost of placing the proposed line, in whole or in part, underground does not exceed \$40 million or,

if greater than \$40 million, the cost does not exceed 2.5 times the cost of placing the same line overhead, assuming accepted industry standards for undergrounding to ensure safety and reliability; if the public utility, the affected localities, and the Commission agree, a proposed underground line whose cost exceeds 2.5 times the cost of placing the line overhead may also be accepted into the pilot program; (v) the public utility requests that the project be considered as a qualifying project under this section; and (vi) the primary need of the project shall be for purposes of grid reliability, grid resiliency, or to support economic development priorities of the Commonwealth, including the economic development priorities and the comprehensive plan of the governing body of the locality in which at least a portion of line will be placed, and shall not be to address aging assets that would have otherwise been replaced in due course.

E. A transmission line project that is found to meet the criteria of subsection D shall be deemed to satisfy the requirements of subsection B of § [56-46.1](#) with respect to a finding of the Commission that the line is needed.

F. Approval of a transmission line pursuant to this section for inclusion in the pilot program shall be deemed to satisfy the requirements of § [15.2-2232](#) and local zoning ordinances with respect to such transmission line and any associated facilities, such as stations, substations, transition stations and locations, and switchyards or stations, that may be required.

G. The Commission shall report annually to the Commission on Electric Utility Restructuring, the Joint Commission on Technology and Science, and the Governor on the progress of the pilot program by no later than December 1 of each year that this section is in effect. The Commission shall submit a final report to the Commission on Electric Utility Restructuring, the Joint Commission on Technology and Science, and the Governor no later than December 1, 2024, analyzing the entire program and making recommendations about the continued placement of transmission lines underground in the Commonwealth. The Commission's final report shall include analysis and findings of the costs of underground construction and historical and future consumer rate effects of such costs, effect of underground transmission lines on grid reliability, operability (including operating voltage), probability of meeting cost and construction timeline estimates of such underground transmission lines, and economic development, aesthetic or other benefits attendant to the placement of transmission lines underground.

H. For the qualifying projects chosen pursuant to this section and not fully recoverable as charges for new transmission facilities pursuant to subdivision A 4 of § [56-585.1](#), the

Commission shall approve a rate adjustment clause. The rate adjustment clause shall provide for the full and timely recovery of any portion of the cost of such project not recoverable under applicable rates, terms, and conditions approved by the Federal Energy Regulatory Commission and shall include the use of the fair return on common equity most recently approved in a State Corporation Commission proceeding for such utility. Such costs shall be entirely assigned to the utility's Virginia jurisdictional customers. The Commission's final order regarding any petition filed pursuant to this subsection shall be entered not more than three months after the filing of such petition.

I. The provisions of this section shall not be construed to limit the ability of the Commission to approve additional applications for placement of transmission lines underground. Approval by the Commission of a transmission line for inclusion in the program pursuant to subsection B shall preclude the placement of future overhead electrical transmission lines of at least 69 kilovolts in the same right-of-way as described in subsection B for a period of 10 years from July 1, 2018, but shall not preclude the placement of (i) any underground transmission lines in such right-of-way or (ii) any electrical distribution lines in such right-of-way.

J. If two applications are not submitted to the Commission that meet the requirements of this section, the Commission shall document the failure of the projects to qualify for the pilot program in order to justify approving fewer than two projects to be placed underground, in whole or in part.

K. Insofar as the provisions of this section are inconsistent with the provisions of any other law or local ordinance, the provisions of this section shall be controlling.

2018, c. [296](#); 2020, cc. [164](#), [165](#), [797](#).

**§56-585.1:6. Pilot Programs to deploy electric power storage batteries.**

A. The Commission shall establish pilot programs under which each Phase I Utility and each Phase II Utility, as such terms are defined in subdivision A 1 of § [56-585.1](#), shall submit a proposal to deploy electric power storage batteries. A proposal shall provide for the deployment of batteries pursuant to a pilot program that accomplishes at least one of the following: (i) improve reliability of electrical transmission or distribution systems; (ii) improve integration of different types of renewable resources; (iii) deferred investment in generation, transmission, or distribution of electricity; (iv) reduced need for additional generation of electricity during times of peak demand; or (v) connection to the facilities of a customer receiving generation, transmission, and distribution service from the utility. A Phase I Utility may install batteries with up to 10 megawatts of capacity. A Phase II Utility

may install batteries with up to 30 megawatts of capacity. Each pilot program shall have a duration of five years. The pilot program shall provide for the recovery of all reasonable and prudent costs incurred under the pilot program through the electric utility's base rates on a nondiscriminatory basis. Any pilot program proposed by a Phase I Utility or Phase II Utility that satisfies the requirements of this subsection is in the public interest.

B. The Commission shall, by December 1, 2018, adopt such rules or establish such guidelines as may be necessary for the general administration of pilot programs to deploy electric power storage batteries established by subsection A.

2018, c. [296](#).

**§56-585.1:7. Pilot program for electric generation by public schools.**

A. The Commission shall require a Phase II Utility as defined in subdivision A 1 of § [56-585.1](#) to submit a proposal to the Commission to conduct a pilot program, not to exceed 10 megawatts in the aggregate, in its certificated service territory to allow any school in a public school division in the Commonwealth that generates electricity from a wind-powered or solar-powered renewable energy generation facility located at the school in amounts that exceed the amount of electricity consumed by the school in a billing period, at the option of the school board, to either (i) credit such excess electricity to the metered accounts of one or more other schools in the same public school division, as directed by the school board, in a manner that reduces the amount of electricity for which the other school or schools are billed and provides the other school or schools with a credit against the amount billed to the other school or schools, which credit shall be at the same rate that the school or schools would otherwise be charged for such amount of electricity, without the assessment by the supplier of any service charges or fees in connection with or arising out of such crediting or (ii) receive payment for such excess electricity from the electric utility at the contractually negotiated rate. The duration of any pilot program approved by the Commission pursuant to this section shall be six years.

B. The Commission shall, by December 1, 2018, adopt such rules or establish such guidelines as may be necessary for its general administration of the pilot program established under this section.

C. Any electric utility participating in the pilot program established under this section shall report to the General Assembly by December 1 of each year the pilot program is in effect, commencing in 2020, regarding the status of the pilot program's enrollment and any other information that may be appropriate.

2018, c. [415](#).

**§56-585.1:8. Pilot program for municipal net energy metering.**

A. As used in this section:

"Host account" means the premises on which a municipal customer-generator's electrical generating facility is located.

"Municipal customer-generator" means a municipality that owns or operates, or that contracts with other persons to own or operate, an electrical generating facility that (i) uses as its total source of fuel renewable energy as defined in § [56-576](#), (ii) has a generating capacity of not more than three megawatts, (iii) is located on land owned or leased by the municipality within the municipality and is connected to the municipality's wiring on the municipality's side of its interconnection with the utility, (iv) is interconnected and operated in parallel with the utility's transmission and distribution facilities, and (v) is intended primarily to offset all or part of the municipal customer-generator's own electricity requirements. The capacity of any generating facility installed under this section, other than a generating facility located on airports, landfills, parking lots and garages, wastewater treatment sites, parks, post-mine land, or a reservoir that is owned, operated, or leased by the municipality, shall not exceed the same limitation established with respect to an eligible customer-generator as set forth in the definition of such term in subsection B of § [56-594](#).

"Municipality" means any county, city, or town in the Commonwealth, other than a municipality that owns and operates its own electric utility, or any authority created pursuant to the Park Authorities Act (§ [15.2-5700](#) et seq.).

"Net energy metering" means measuring the difference, over the net metering period, between (i) electricity supplied to a municipal customer-generator from the electric grid and (ii) the electricity generated and fed back to the electric grid by the municipal customer-generator.

"Net metering period" means the 12-month period following the date of final interconnection of the municipal customer-generator's system with its utility and each 12-month period thereafter.

"Phase I Utility" and "Phase II Utility" have the same meaning as defined in § [56-585.1:3](#).

"Utility" means a Phase I Utility or Phase II Utility.

B. The Commission shall require each Phase I Utility to submit a proposal to the Commission to conduct a pilot program for municipal net energy metering in accordance with the following terms, conditions, and restrictions:

1. A pilot program shall be conducted within the service territory of each Phase I Utility. The pilot program shall allow any municipal customer-generator that generates electricity from a renewable energy generation facility in amounts that exceed the amount of the utility's electricity consumed by the host municipal customer-generator account to credit one or more of the municipality's target metered accounts or metered accounts of the public school division of the municipality. In each Phase I Utility's pilot program, the target accounts may be at one or more other separately utility-metered public buildings or facilities at contiguous or noncontiguous sites owned by the municipality and used for a public purpose. In each Phase I Utility's pilot program, excess electricity beyond that used by the host account shall be credited to the metered account of the target municipal customer in the same municipality, such that the generation energy charges on the electric bills of such target's metered accounts shall be reduced by the amount of the excess generation kilowatt-hours apportioned to the metered accounts multiplied by the applicable generation energy rate of the target's accounts. The generation energy rate of the target's accounts includes all applicable kilowatt-hour-based rate adjustment clauses with the exception of any non-fuel-related or non-generation-related kilowatt-hour-based rate adjustment clauses. The netting of the amount of electricity generated and the amount of electricity consumed, and the crediting for the amount of any excess generation determined as a result of such netting, shall occur in the twelfth month following the commencement of the host municipal customer-generator's generation of electricity under a pilot program and annually thereafter, regardless of the municipal customer-generator's regular billing period.
2. The pilot program shall not limit the current authority of any municipality to participate in any other net energy metering program.
3. The amount of generating capacity of the generating facilities that are the subject of a pilot program under this subsection shall not exceed five megawatts, although the Phase I Utility may, in its discretion, increase the generating capacity that is part of the program up to 10 megawatts.
4. The aggregated capacity of all generation facilities that are the subject of each Phase I Utility's pilot program under this subsection shall constitute a portion of the existing limit of the utility's adjusted Virginia peak-load forecast of the previous year that is available

to (i) municipal customer-generators under this section, (ii) eligible customer-generators and eligible agricultural customer-generators under § [56-594](#), and (iii) small agricultural generators under § [56-594.2](#) in the utility's service area. Municipal customer-generators shall be eligible to participate in a Phase I Utility's pilot program implemented under this subsection on a first-come, first-served basis in each utility's Virginia service area until the limits set forth in subdivision 3 are met.

C. The Commission shall require each Phase II Utility to submit a proposal to the Commission to conduct a pilot program for municipal net energy metering in accordance with the following terms, conditions, and restrictions:

1. A pilot program shall be conducted within the service territory of each Phase II Utility. The pilot program shall allow any municipal customer-generator that generates electricity from a renewable energy generation facility in amounts that exceed the amount of the utility's electricity consumed by the municipal customer-generator host account to credit one or more of the municipality's target metered accounts (target accounts or beneficial accounts). In each Phase II Utility's pilot program, the target accounts may be at one or more other separately utility-metered public buildings or facilities at contiguous or noncontiguous sites owned or leased by the municipality within the municipality. In each Phase II Utility's pilot program, excess electricity beyond that used by the host account shall be credited to the beneficial accounts selected by the municipal customer in the same municipality. The generation energy charges on the electric bills of such beneficial accounts shall be reduced by the amount of the excess electricity kilowatt-hours apportioned to the net metered accounts multiplied by the applicable generation rate of the selected beneficial accounts. The generation energy rate of each selected beneficial account shall include all applicable rate adjustment clauses and riders, including fuel riders, with the exception of any non-fuel-related or non-generation-related riders. Non-bypassable charges shall be excluded from reductions on beneficial accounts. The netting of the amount of electricity generated and the amount of electricity consumed, and the crediting for the amount of any excess electricity determined as a result of such netting, shall occur in the twelfth month following the commencement of the host municipal customer-generator's generation of electricity under a pilot program and annually thereafter, regardless of the municipal customer-generator's regular billing period.
2. The pilot program shall not limit the current authority of any municipality to participate in any other net energy metering program.

3. The amount of generating capacity of the generating facilities that are the subject of a pilot program under this subsection shall not exceed 25 megawatts.

4. Municipal customer-generators shall be eligible to participate in a Phase II Utility's pilot program implemented under this subsection on a first-come, first-served basis in each utility's Virginia service area until the limits set forth in subdivision 3 are met.

D. Any pilot program conducted under this section shall require that:

1. If conducted by a Phase I Utility or Phase II Utility, each participating municipality shall be responsible for all demonstrated administrative costs associated with implementing the pilot program, including demonstrated administrative costs associated with crediting excess electricity to target accounts; and

2. If conducted by a Phase I Utility, the credit for excess electricity, to the extent possible, shall be prioritized to be directed to accounts at buildings or facilities of the public school division of the municipality before the credit is directed to any of the municipality's target accounts.

Any pilot program conducted pursuant to this section shall not limit the current authority of any municipality to participate in any other net energy metering program.

Neither jurisdictional customers nor non-jurisdictional customers, including those that are members of a joint powers association representing member units of a political subdivision of the Commonwealth, that do not participate in a pilot program under this section shall bear any costs associated with participation in such pilot program by a participating host municipal customer-generator and participating target municipal customer.

E. The duration of any pilot program approved by the Commission pursuant to subsection B shall be six years. The duration of any pilot program approved by the Commission pursuant to subsection C shall be until July 1, 2028. If a pilot program is not extended beyond such initial term, host and target accounts participating at the end of the initial term shall be permitted to continue to participate under the terms of the pilot program that existed during the initial term. The terms of the pilot program shall be included in future contracts for each municipality that elects to continue its program.

F. The Commission shall review the pilot program established pursuant to subsection B in 2021 and every two years thereafter for the duration of the pilot program. The Commission shall review the pilot program established pursuant to subsection C in 2024 and every two years thereafter for the duration of the pilot program.

G. Notwithstanding the provisions of § [56-594.02](#), the aggregated capacity of all generation facilities that are the subject of a utility's pilot program pursuant to this section shall not constitute any portion of the existing aggregate net metering cap established in § [56-594](#) and evaluated by the Commission as part of a net energy metering proceeding.

H. The aggregated capacity of all generation facilities that are the subject of each utility's pilot program under this section and that are the subject of a third-party power purchase agreement shall constitute a portion of the existing limit of pilot programs pursuant to the provisions of § [56-594.02](#).

2019, cc. [746](#), [747](#); 2022, c. [388](#).

**§56-585.1:9. Provision of broadband capacity to unserved areas of the Commonwealth.**

A. Each Phase I Utility and each Phase II Utility, as such terms are defined in subdivision A 1 of § [56-585.1](#), may submit one or more petitions to provide or make available broadband capacity to Internet service providers in areas of the Commonwealth unserved by broadband. The provision of such broadband capacity to Internet service providers in areas of the Commonwealth unserved by broadband pursuant to this section is in the public interest.

B. The costs of providing broadband capacity pursuant to any such petition, net of revenue generated therefrom, shall be eligible for recovery from customers as an electric grid transformation project pursuant to clause (vi) of subdivision A 6 of § [56-585.1](#) filed on or after July 1, 2021, as a non-bypassable charge. Notwithstanding any provision of subdivision A 6 or 7 of § [56-585.1](#), the utility may file one or more petitions for approval of such a rate adjustment clause, on a stand-alone basis, seeking recovery of the costs of providing broadband capacity at any time on or after July 1, 2021, and the Commission shall issue its final order regarding such petition within six months following the date of filing.

C. Notwithstanding the provisions of § [13.1-620](#) or the articles of incorporation of an investor-owned utility, an investor-owned utility may, either directly or through an affiliate or subsidiary, pursuant to a petition that the Commissioner approves pursuant to this section, (i) own, manage, or control any broadband capacity equipment and electronics, including any plant, works, system, lines, facilities, or properties, or any part or parts thereof, together with all appurtenances thereto, used or useful in connection with the provision and extension of such broadband services; (ii) lease indefeasible rights of use in such broadband capacity equipment and electronics to Internet service providers in

areas of the Commonwealth unserved by broadband pursuant to this section; and (iii) provide access points that are outside the utility's energized zone to allow connection between the utility's broadband capacity system and the Internet service provider's system.

D. Each petition to provide broadband capacity pursuant to this section that an investor-owned utility submits to the Commission shall identify the Internet service provider to which the utility shall lease such capacity, together with the area to be served using such capacity. The Commission shall, after notice and opportunity for hearing, initiate proceedings to review each petition submitted. The Commission shall condition any approval of such petition on the requirement that construction shall commence within 18 months of such approval. If the utility fails to commence construction within such time period, the utility may resubmit the petition for conditional approval. The Commission shall also condition any approval of such petition on the requirement that the utility and its Internet service provider submit annual public reports on construction progress by the utility and delivery of broadband services by the Internet service provider until construction is completed. The Commission's final order regarding any such petition shall be entered by the Commission no more than six months after the date of filing of such petition. An area shall be determined to be unserved by broadband if (i) the Department of Housing and Community Development has certified within the last 18 months that the designated area is unserved; (ii) the Virginia Telecommunication Initiative of the Department of Housing and Community Development has issued a grant or loan to construct a broadband service project within the last 18 months, and the grant or loan recipient is the Internet service provider to which the utility proposes to lease capacity; (iii) the federal government has issued a grant or loan or has provided support to construct a broadband service project in the designated area within the last 18 months, and the grant or loan recipient is the Internet service provider to which the utility proposes to lease capacity; or (iv) the Commission determines the area is unserved on the basis of other competent evidence. The determination of the Department of Housing and Community Development that an area is unserved shall be made following public notice of the proposed finding and an opportunity for third parties to challenge such finding, and such determination shall be presumed sufficient for the Commission to find the area to be unserved. The Commission may determine that an area is unserved on the basis of other competent evidence.

E. An investor-owned utility shall be responsible for obtaining all necessary rights-of-way or other easements or real property rights to permit leasing of broadband capacity to

Internet service providers. An Internet service provider shall be responsible for obtaining all necessary rights-of-way or other easements or real property rights from utility access point to permit the provision of broadband services to end-user customers.

F. As used in this section:

"Broadband" means Internet access at speeds equal to or greater than the adequate speed as determined by the broadband guidelines set out by the Department of Housing and Community Development for its Virginia Telecommunication Initiative from time to time.

"Unserved by broadband" means a designated area in which less than 10 percent of residential and commercial units are capable of receiving broadband service, provided that the Department of Housing and Community Development for its Virginia Telecommunication Initiative may by guideline increase such percentage from time to time.

G. No investor-owned utility nor any affiliate thereof may offer broadband or Internet service provider services to residential or commercial end-user customers in the Commonwealth pursuant to this section. Nothing in this section shall be construed to prevent an investor-owned utility or an affiliate thereof from providing transport of or capacity for broadband or Internet service in the Commonwealth as a wholesaler or intermediate vendor, provided that an unaffiliated third party is the provider of broadband or Internet services to the end-user customer.

H. The provision and extension of broadband capacity by an incumbent electric utility to an area of the Commonwealth unserved by broadband pursuant to a petition that the Commission approves pursuant to this section, including any business activity related to the construction or leasing of broadband capacity facilities, shall be exempt from any rules and regulations that the Commission has promulgated or may promulgate governing functional separation of generation, retail transmission, and distribution of incumbent electric utilities. Investor-owned electric utilities may for the purposes of this section engage in such coordination between and among their various corporate divisions as necessary for the purposes of providing broadband capacity to an area of the Commonwealth unserved by broadband.

I. Notwithstanding the provisions of § [13.1-620](#) or the articles of incorporation of an investor-owned utility, an investor-owned utility may, either directly or through an affiliate or subsidiary, lease broadband-related assets or capacity to any third party. The revenues generated from such leases shall offset (i) the costs of the petition recovered

through the rate adjustment clause described in subsection B or (ii) the utility's electric cost of service.

2019, c. [619](#); 2020, c. [752](#); 2021, Sp. Sess. I, cc. [356](#), [357](#), [369](#), [370](#).

**§56-585.1:10. Program for electric infrastructure serving business parks.**

The Virginia Economic Development Partnership shall conduct a program with each Phase I and Phase II Utility, as those terms are defined in subsection A of § [56-585](#), in each such utility's service territory or transmission zone for the purpose of promoting economic development in areas of the Commonwealth. The program shall allow any such utility to complete the construction phase of a transmission line and any associated substation and other associated facilities to provide electric transmission and distribution infrastructure to a business park, as defined in § [56-576](#), located within the utility's transmission zone where investments by a locality or an industrial development authority or a similar political subdivision of the Commonwealth created pursuant to § [15.2-4903](#) or other act of the General Assembly in the siting, environmental review, pre-engineering design, and transmission right-of-way acquisition have been made prior to the public announcement of a prospective occupant of the business park. Each program shall be subject to the following terms, conditions, and restrictions:

1. The costs incurred by a Phase I or Phase II Utility after January 1, 2019, to construct, operate, and maintain the business park electric infrastructure in order to provide service to a business park participating in the program outlined by this section shall be recovered by the utility pursuant to a rate adjustment clause approved by the Commission in subdivision A 4 of § [56-585.1](#).
2. Each individual qualifying project shall be less than 10 miles in length.
3. The role of the Virginia Economic Development Partnership in conducting the program outlined by this section is to certify that up to two petitions per year for each Phase I and Phase II utility address the eligibility criteria for participation in the program set forth in § [56-576](#) and in this section.
4. For construction of business park electric infrastructure, a utility shall either (i) obtain a certificate from the Commission pursuant to subdivision A 1 of § [56-265.2](#), unless such infrastructure is an ordinary extension or improvement in the usual course of business or (ii) obtain approval pursuant to the requirements of § [15.2-2232](#) and any applicable zoning ordinances by the locality or localities in which the business park electric infrastructure will be located. If the utility seeks a certificate pursuant to subdivision A 1 of §

[56-265.2](#), the Commission shall issue its decision on the expedited certificate application no later than six months from the date of filing. The need for any business park electric infrastructure shall be satisfied if the business park to be served is approved for the program by the Virginia Economic Development Partnership.

2019, c. [535](#); 2022, c. [216](#); 2023, cc. [704](#), [705](#).

**§56-585.1:11. Development of offshore wind capacity.**

A. As used in this section:

"Advanced clean energy buyer" means a commercial or industrial customer of a Phase II Utility, irrespective of generation supplier, (i) with an aggregate load over 100 megawatts; (ii) with an aggregate amount of at least 200 megawatts of solar or wind energy supply under contract with a term of 10 years or more from facilities located within the Commonwealth by January 1, 2024; and (iii) that directly procures from the utility the electric supply and environmental attributes of the offshore wind facility associated with the lesser of 50 megawatts of nameplate capacity or 15 percent of the commercial or industrial customer's annual peak demand for a contract period of 15 years.

"Aggregate load" means the combined electrical load associated with selected accounts of an advanced clean energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" means the legal right, directly or indirectly, to direct or cause the direction of the management, actions, or policies of an affiliated entity, whether through the ability to exercise voting power, by contract, or otherwise. "Control" does not include control of an entity through a franchise or similar contractual agreement.

"Offshore wind affiliate" means a regulated affiliate company of a Phase II Utility subject to the Commission's jurisdiction established by such utility in connection with any project constructed pursuant to subdivision C 1 for the purpose of securing a noncontrolling equity financing partner for the project.

"Qualifying large general service customer" means a customer of a Phase II Utility, irrespective of general supplier, (i) whose peak demand during the most recent calendar year exceeded five megawatts and (ii) that contracts with the utility to directly procure electric supply and environmental attributes associated with the offshore wind facility in amounts commensurate with the customer's electric usage for a contract period of 15 years or more.

"Wind turbine generator" means a structure composed of a tower, a rotor with blades connected at the hub, and nacelle and ancillary electrical and other equipment that is affixed to a foundation of which multiple structures comprise a generating facility.

B. In order to meet the Commonwealth's clean energy goals, prior to December 31, 2032, the construction or purchase by a public utility of one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth, with an aggregate capacity of up to 5,200 megawatts, is in the public interest and the Commission shall so find, provided that no customers of the utility shall be responsible for costs of any such facility in a proportion greater than the utility's ownership share of the facility, including any ownership share held by an offshore wind affiliate.

C. 1. Pursuant to subsection B, construction by a Phase II Utility of one or more new utility-owned and utility-operated generating facilities utilizing energy derived from offshore wind and located off the Commonwealth's Atlantic shoreline, with an aggregate rated capacity of not less than 2,500 megawatts and not more than 3,000 megawatts, along with electrical transmission or distribution facilities associated therewith for interconnection is in the public interest. In acting upon any request for cost recovery by a Phase II Utility or its offshore wind affiliate for costs associated with such a facility, the Commission shall determine the reasonableness and prudence of any such costs, provided that such costs shall be presumed to be reasonably and prudently incurred if the Commission determines that (i) the utility has complied with the competitive solicitation and procurement requirements pursuant to subsection E; (ii) the project's projected total levelized cost of energy, including any tax credit, on a cost per megawatt hour basis, inclusive of the costs of transmission and distribution facilities associated with the facility's interconnection, does not exceed 1.4 times the comparable cost, on an unweighted average basis, of a conventional simple cycle combustion turbine generating facility as estimated by the U.S. Energy Information Administration in its Annual Energy Outlook 2019; and (iii) the utility has commenced construction of such facilities for U.S. income taxation purposes prior to January 1, 2024, or has a plan for such facility or facilities to be in service prior to January 1, 2028. The Commission shall disallow costs, or any portion thereof, only if they are otherwise unreasonably and imprudently incurred. In its review, the Commission shall give due consideration to (a) the Commonwealth's renewable portfolio standards and carbon reduction requirements, (b) the promotion of new renewable generation resources, and (c) the economic development benefits of the project for the Commonwealth, including capital investments and job

creation, arising from project construction and operating and the manufacture of wind turbine generator components and subcomponents.

2. Notwithstanding the provisions of § [56-585.1](#), the Commission shall not grant an enhanced rate of return to a Phase II Utility for the construction of one or more new utility-owned and utility-operated generating facilities utilizing energy derived from offshore wind and located off the Commonwealth's Atlantic shoreline pursuant to this section.

3. Any such costs proposed for recovery through a rate adjustment clause pursuant to subdivision A 6 of § [56-585.1](#) shall be allocated to all customers of the utility in the Commonwealth as a non-bypassable charge, regardless of the generation supplier of any such customer, other than (i) PIPP eligible utility customers, (ii) advanced clean energy buyers, and (iii) qualifying large general service customers. No electric cooperative customer of the utility shall be assigned, nor shall the utility collect from any such cooperative, any of the costs of such facilities, including electrical transmission or distribution facilities associated therewith for interconnection. The Commission may promulgate such rules, regulations, or other directives necessary to administer the eligibility for these exemptions.

4. The Commission shall permit a portion of the nameplate capacity of any such facility, in the aggregate, to be allocated to (i) advanced clean energy buyers or (ii) qualifying large general service customers, provided that no more than 10 percent of the offshore wind facility's capacity is allocated to qualifying large general service customers. A Phase II Utility or its offshore wind affiliate shall petition the Commission for approval of a special contract with any advanced clean energy buyer, or any special rate applicable to qualifying large general service customers, pursuant to § [56-235.2](#), no later than 15 months prior to the projected commercial operation date of the facility, and all customer enrollments associated with such special contracts or rates shall be completed prior to commercial operation of the facility. Any such special contract or rate may include provisions for levelized rates of service over the duration of the customer's contracted agreement with the utility, and the Commission shall determine that such special contract or rate is designed to hold nonparticipating customers harmless over its term in connection with any petition for approval by the utility. The utility may petition for approval of such special contracts or rates in connection with any petition for approval of a rate adjustment clause pursuant to subdivision A 6 of § [56-585.1](#) to recover the costs of the facility, and the Commission shall rule upon any such petitions in its final order in such proceeding within nine months from the date of filing.

D. In constructing any such facility contemplated in subsection B, the utility shall develop and submit a plan to the Commission for review that includes the following considerations: (i) options for utilizing local workers; (ii) the economic development benefits of the project for the Commonwealth, including capital investments and job creation; (iii) consultation with the Commonwealth's Chief Workforce Development Officer, the Chief Diversity, Equity, and Inclusion Officer, and the Virginia Economic Development Partnership on opportunities to advance the Commonwealth's workforce and economic development goals, including furtherance of apprenticeship and other workforce training programs; (iv) giving priority to the hiring, apprenticeship, and training of veterans, as that term is defined in § [2.2-2000.1](#), local workers, and workers from historically economically disadvantaged communities; and (v) procurement of equipment from Virginia-based or United States-based manufacturers using materials or product components made in Virginia or the United States, if reasonably available and competitively priced.

E. Any project constructed or purchased pursuant to subsection B shall (i) be subject to competitive procurement or solicitation for a substantial majority of the services and equipment, exclusive of interconnection costs, associated with the facility's construction; (ii) involve at least one experienced developer; and (iii) demonstrate the economic development benefits within the Commonwealth, including capital investments and job creation. A utility may give appropriate consideration to suppliers and developers that have demonstrated successful experience in offshore wind.

F. Any project constructed or purchased pursuant to subsection B shall include an environmental and fisheries mitigation plan submitted to the Commission for the construction and operation of such offshore wind facilities, provided that such plan includes an explicit description of the best management practices the bidder will employ that considers the latest science at the time the proposal is made to mitigate adverse impacts to wildlife, natural resources, ecosystems, and traditional or existing water-dependent uses. The plan shall include a summary of pre-construction assessment activities, consistent with federal requirements, to determine the spatial and temporal presence and abundance of marine mammals, sea turtles, birds, and bats in the offshore wind lease area.

G. In connection with any project constructed by a Phase II Utility pursuant to subdivision C 1, such utility may, subject to Commission approval pursuant to Chapter 4 (§ [56-76](#) et seq.), establish an offshore wind affiliate for the purpose of securing a noncontrolling equity financing partner for the project, and such offshore wind affiliate may be permitted to construct, own, or operate such project pursuant to subdivision C 1, or a portion

thereof. Notwithstanding the provisions of the Utility Facilities Act (§ [56-265.1](#) et seq.), an offshore wind affiliate shall be permitted to operate as a public utility in association with the Phase II Utility and shall be entitled to all rights and privileges of a public utility solely in connection with the project. Nothing in this subsection shall prevent the Phase II Utility or its offshore wind affiliate from recovering the prudently incurred costs of constructing or operating the project pursuant to this section or subdivision A 6 of § [56-585.1](#), regardless of whether such costs are incurred by the utility or its offshore wind affiliate. In acting upon any such request for cost recovery by the Phase II Utility, the Commission shall utilize the capital structure and cost of capital of the utility, consistent with subdivision A 10 of § [56-585.1](#), and the capital structure and cost of capital of any noncontrolling entity's interest in the offshore wind affiliate shall be disregarded. If any ownership interest in the offshore wind affiliate is transferred to such a noncontrolling entity, the Commission shall ensure, in granting any approval for such transfer pursuant to the Utility Transfers Act (§ [56-88](#) et seq.), or for cost recovery under this section or subdivision A 6 of § [56-585.1](#), that any gain on the utility's basis for the project is credited to the utility's customers through a rate adjustment clause credit mechanism and amortized over such period as the Commission determines to be appropriate.

2020, cc. [1193](#), [1194](#), [1240](#), [1273](#), [1279](#); 2021, Sp. Sess. I, c. [328](#); 2023, cc. [510](#), [808](#), [809](#).

#### **§56-585.1:12. Multi-family shared solar program.**

A. As used in this section:

"Applicable bill credit rate" means the dollar-per-kilowatt-hour rate as defined in subsection D used to calculate a subscriber's bill credit. The applicable bill credit rate shall be set such that the shared solar program results in robust project development and shared solar program access for all customer classes.

"Bill credit" means the monetary value of the electricity, in kilowatt-hours, generated by the shared solar facility allocated to a subscriber to offset that subscriber's electricity bill.

"Investor-owned utility" means each investor-owned utility in the Commonwealth including, notwithstanding subsection G of § [56-580](#), any investor-owned utility whose service territory assigned to it by the Commission is located entirely within the Counties of Dickenson, Lee, Russell, Scott and Wise. "Investor-owned utility" does not include a Phase I Utility, as that term is defined in subdivision A 1 of § [56-585.1](#).

"Multi-family shared solar program" or "program" means the program created through the adoption of rules to allow for the development of shared solar facilities described in subsection C.

"Shared solar facility" means a facility that:

1. Generates electricity by means of a solar photovoltaic device with a nameplate capacity rating that does not exceed 3,000 kW alternating current at any single location or that does not exceed 5,000 kW alternating current at contiguous locations owned by the same entity or affiliated entities;
2. Is operated pursuant to a program whereby at least three subscribers receive a bill credit for the electricity generated from the facility in proportion to the size of their subscription;
3. Is located in the service territory of an investor-owned utility;
4. Is connected to the electric distribution grid serving the Commonwealth; and
5. Is located on a parcel of land on the premises of the multi-family utility customer or adjacent thereto.

"Subscriber" means a multi-family customer of an investor-owned electric utility that owns one or more subscriptions of a shared solar facility that is interconnected with the utility.

"Subscriber organization" means any for-profit or nonprofit entity that owns or operates one or more shared solar facilities. A "subscriber organization" shall not be considered a utility solely as a result of its ownership or operation of a shared solar facility.

"Subscription" means a contract or other agreement between a subscriber and the owner of a shared solar facility. A subscription shall be sized such that the estimated bill credits do not exceed the subscriber's average annual bill for the customer account to which the subscription is attributed.

B. The Commission shall establish by regulation a program that affords eligible multi-family customers of investor-owned utilities the opportunity to participate in shared solar projects. The regulations shall be adopted by the Commission by January 1, 2021.

C. An investor-owned utility shall provide a bill credit to a subscriber's subsequent monthly electric bill for the proportional output of a shared solar facility attributable to that subscriber. The shared solar program shall be administered as follows:

1. The value of the bill credit for the subscriber shall be calculated by multiplying the subscriber's portion of the kilowatt-hour electricity production from the shared solar facility by the applicable bill credit rate for the subscriber. Any amount of the bill credit that exceeds the subscriber's monthly bill shall be carried over and applied to the next month's bill in perpetuity;
  2. The utility shall provide bill credits to a shared solar facility's subscribers for not less than 25 years from the date the shared solar facility becomes commercially operational;
  3. The subscriber organization shall, on a monthly basis and in a standardized electronic format, provide to the investor-owned utility a subscriber list indicating the kilowatt-hours of generation attributable to each of the retail customers participating in a shared solar facility in accordance with the subscriber's portion of the output of the shared solar facility;
  4. Lists may be updated monthly to reflect canceling subscribers and to add new subscribers. The investor-owned utility shall apply bill credits to subscriber bills within one billing cycle following the cycle during which the energy was generated by the shared solar facility;
  5. The investor-owned utility shall, on a monthly basis and in a standardized electronic format, provide to the subscriber organization a report indicating the total value of bill credits generated by the shared solar facility in the prior month as well as the amount of the bill credit applied to each subscriber;
  6. A subscriber organization may accumulate bill credits in the event that all of the electricity generated by a shared solar facility is not allocated to subscribers in a given month. On an annual basis, the subscriber organization shall furnish to the utility allocation instructions for distributing excess bill credits to subscribers; and
  7. All environmental attributes associated with a shared solar facility, including renewable energy certificates, shall be considered property of the subscriber organization. At the subscriber organization's discretion, those attributes may be distributed to subscribers, sold to investor-owned utilities or other buyers, accumulated, or retired.
- D. The Commission shall annually calculate the applicable bill credit rate as the effective retail rate of the customer's rate class, which shall be inclusive of all supply charges, delivery charges, demand charges, fixed charges, and any applicable riders or other charges to the customer. This rate shall be expressed in dollars or cents per kilowatt-hour.

E. The Commission shall establish by regulation a multi-family shared solar program by January 1, 2021, and shall require each investor-owned utility to file any tariffs, agreements, or forms necessary for implementation of the program. Any rule or utility implementation filings approved by the Commission shall:

1. Reasonably allow for the creation and financing of shared solar facilities;
2. Allow all customer classes to participate in the program, and ensure participation opportunities for all customer classes;
3. Not remove a customer from its otherwise applicable customer class in order to participate in a shared solar facility;
4. Reasonably allow for the transferability and portability of subscriptions, including allowing a subscriber to retain a subscription in a shared solar facility if the subscriber moves within the same utility territory;
5. Establish uniform standards, fees, and processes for the interconnection of shared solar facilities that allow the utility to recover reasonable interconnection costs for each shared solar facility;
6. Adopt standardized consumer disclosure forms;
7. Allow the investor-owned utilities to recover reasonable costs of administering the program;
8. Ensure nondiscriminatory and efficient requirements and utility procedures for interconnecting projects;
9. Address the colocation of two or more shared solar facilities on a single parcel of land, and provide guidelines for determining when two or more facilities are colocated; and
10. Include a program implementation schedule.

F. Within 180 days of finalization of the Commission's adoption of regulations for the shared solar program, utilities shall begin crediting subscriber accounts of each shared solar facility interconnected in its service territory.

2020, cc. [1187](#), [1188](#), [1189](#), [1239](#), § 56-585.1:11.

**§56-585.1:13. Recovery of costs associated with investment in transportation electrification.**

Beginning July 1, 2021, any approved costs of any investor-owned electric utility associated with investment in transportation electrification, other than those costs approved

prior to July 1, 2021, shall be recovered only through the utility's rates for generation and distribution, shall not be recovered through a rate adjustment clause pursuant to subdivision A 6 of § [56-585.1](#), and shall not be eligible for a customer credit reinvestment offset pursuant to subdivision A 8 d of § [56-585.1](#). To the extent that the provisions of this section are inconsistent with the provisions of § [56-585.1](#), the provisions of this section shall control.

2021, Sp. Sess. I, c. [268](#).

#### **§56-585.2. Repealed.**

Repealed by Acts 2020, cc. [1193](#) and [1194](#), cl. 3.

#### **§56-585.3. Regulation of cooperative rates after rate caps.**

A. After the expiration or termination of capped rates, the rates, terms and conditions of distribution electric cooperatives subject to Article 1 (§ [56-231.15](#) et seq.) of Chapter 9.1 shall be regulated in accordance with the provisions of Chapters 9.1 (§ [56-231.15](#) et seq.) and 10 (§ [56-232](#) et seq.), as modified by the following provisions:

1. Except for energy related cost (fuel cost), the Commission shall not require any cooperative to adjust, modify, or revise its rates, by means of riders or otherwise, to reflect changes in wholesale power cost which occurred during the capped rate period, other than in a general rate proceeding;
2. Each cooperative may, without Commission approval or the requirement of any filing other than as provided in this subdivision, upon an affirmative resolution of its board of directors, increase or decrease all classes of its rates for distribution services at any time, provided, however, that such adjustments will not effect a cumulative net increase or decrease in excess of five percent in such rates in any three-year period. Such adjustments will not affect or be limited by any existing fuel or wholesale power cost adjustment provisions. The cooperative will promptly file any such revised rates with the Commission for informational purposes;
3. Each cooperative may, without Commission approval, upon an affirmative resolution of its board of directors, make any adjustment to its terms and conditions that does not affect the cooperative's revenues from the distribution or supply of electric energy. In addition, a cooperative may make such adjustments to any pass-through of third-party service charges and fees, and to any fees, charges and deposits set out in Schedule F of such cooperative's Terms and Conditions filed as of January 1, 2007. The cooperative

will promptly file any such amended terms and conditions with the Commission for informational purposes;

4. Each cooperative may, without Commission approval or the requirement of any filing other than as provided in this subdivision, upon an affirmative resolution of its board of directors, make any adjustment to its rates reasonably calculated to collect any or all of the fixed costs of owning and operating its electric distribution system, including without limitation, such costs as are identified as customer-related costs in a cost of service study, through a new or modified fixed monthly charge, rather than through volumetric charges associated with the use of electric energy or demand, or to rebalance among any of the fixed monthly charge, distribution demand, and distribution energy; however, such adjustments shall be revenue neutral based on the cooperative's determination of the proper intra-class allocation of the revenues produced by its then current rates. If a rate class contains a supply demand charge, the cooperative may rebalance its rate for electricity supply service pursuant to this subdivision. The cooperative may elect, but is not required, to implement such adjustments through incremental changes over the course of up to three years. The cooperative shall file promptly revised tariffs reflecting any such adjustments with the Commission for informational purposes;

5. A cooperative may, at any time after the expiration or termination of capped rates, petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery from customers of the costs described in subdivisions A 5 b and e of § [56-585.1](#);

6. A cooperative that is not a current member of a utility aggregation cooperative may at any time petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery of cost from customers of (i) one or more generation facilities, (ii) one or more major unit modifications of generation facilities, or (iii) one or more pumped hydroelectricity generation and storage facilities. A cooperative seeking a rate adjustment clause pursuant to this subdivision shall have the right, after notice and the opportunity for a hearing, to recover the costs of a facility described in clauses (i), (ii), or (iii) in a rate adjustment clause including construction work in progress and allowance for funds during construction, planning, and development costs of infrastructure associated therewith. The costs of the facility other than projected construction work in progress and allowance for funds used during construction shall not be recovered prior to the date that the facility either (a) begins commercial operation or (b) comes under the ownership of the cooperative. For the purposes of this subdivision, the cooperative's cost

of capital shall be recoverable in such a rate adjustment clause and shall be set as either the cooperative's long-term cost of debt or most recent rate of return authorized by the Commission in a rate proceeding. In any proceeding conducted pursuant to this subdivision, the Commission shall consider that all costs expended and revenues recovered arising out of the procurement of generation resources pursuant to this subdivision will inure to the benefit of the general membership of the cooperative. Nothing in this subdivision shall relieve a cooperative from any requirement to obtain a certificate of public convenience and necessity for purposes of constructing generation in the Commonwealth. The Commission's final order regarding any petition filed pursuant to this subdivision shall be entered not more than nine months after the date of filing of such petition. If such petition is approved, the order shall direct that the applicable rate adjustment clause be applied to customers' bills not more than 60 days after the date of the order. Any petition filed pursuant to this subdivision shall be considered by the Commission on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the cooperative. Any costs incurred by a cooperative prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition, shall be deferred on the books and records of the cooperative until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clause, whichever is later;

7. A cooperative may adopt any other cooperative's voluntary rate, voluntary program (including a pilot program), or voluntary tariff, and cost recovery therefor, by submitting the same to the Commission for administrative approval. The staff of the Commission shall have the authority to approve such administrative filing notwithstanding any other provision of law; and

8. A cooperative may, without approval of the Commission or the requirement of any filing other than as provided in this subsection, upon an affirmative resolution of its board of directors, approve any voluntary tariff, and cost recovery therefor, and shall promptly file any such tariff with the Commission for informational purposes.

B. None of the adjustments described in subdivisions A 2 through A 5 will apply to the rates paid by any customer that takes service by means of dedicated distribution facilities and had noncoincident peak demand in excess of 90 megawatts in calendar year 2006.

C. Nothing in this section shall be deemed to grant to a cooperative any authority to amend or adjust any terms and conditions of service or agreements regarding pole attachments or the use of the cooperative's poles or conduits.

2007, cc. [888](#), [933](#); 2009, cc. [401](#), [824](#); 2019, cc. [625](#), [742](#), [763](#); 2022, cc. [363](#), [364](#).

**§56-585.4. Net energy metering transition provisions for electric cooperatives.**

Distribution electric cooperatives subject to Article 1 (§ [56-231.15](#) et seq.) of Chapter 9.1 shall be regulated in accordance with the provisions of Chapters 9.1 (§ [56-231.15](#) et seq.) and 10 (§ [56-232](#) et seq.), as amended by relevant sections of this chapter and by the following provisions:

1. Notwithstanding anything to the contrary in this title, each cooperative may, without Commission approval or the requirement of any filing other than as provided in this subdivision, upon the adoption by its board of directors of a resolution so providing, make adjustments in the cooperative's rates, terms, conditions, and rate schedules governing net energy metering as provided in this section by electing to subject itself to the provisions of this section. The cooperative promptly shall (i) file such resolution and notice with the Commission for informational purposes and (ii) place a notice of its board of directors' adoption of such resolution (the Cooperative Net Energy Metering Transition Notice) on the cooperative's website. The Cooperative Net Energy Metering Transition Notice shall contain an initial election date and a date upon which, for each class of net energy metering customer, the transition shall become effective upon the first to occur of (a) the date the cooperative reaches the cap set forth in subsection F of § [56-594.01](#) or (b) five years following the date of the initial Cooperative Net Energy Metering Transition Notice. If a cooperative transitions a given class of customers as a result of reaching a cap set forth in subsection F of § [56-594.01](#), the effectiveness of such transition shall be permanent, regardless of future changes in the cooperative's system peak. A Cooperative Net Energy Metering Transition Notice may be amended and refiled as the cooperative deems appropriate at any time. Any eligible customer-generator as defined in § [56-594](#) that was interconnected prior to a transition start date enumerated in a Cooperative Net Energy Metering Transition Notice may continue to participate in net energy metering pursuant to the terms of § [56-594.01](#) until July 1, 2039.

2. After the transition date for a class of customers, any standby charges implemented by the cooperative pursuant to subsection H of § [56-594.01](#) shall be eliminated and are prohibited. The cooperative may make any necessary changes to rate schedules or terms

and conditions and shall promptly file the same with the Commission for informational purposes.

3. Whenever the cooperative's transition date occurs, the cooperative may establish and publish, without Commission approval or the requirement of any filing other than as provided in this subdivision, a new rate schedule or rider for purposes of its new net energy metering program established pursuant to this section and shall promptly file the same with the Commission for informational purposes.

4. The new rate schedule or rider described in subdivision 3 may contain a demand charge or charges for distribution, supply, or both, based upon a customer's monthly, rat-cheted, or 60-minute absolute value noncoincident peak demand for customers that were not previously subject to demand charges in each rate class; however, such demand charges shall be revenue neutral based on the cooperative's determination of the proper intra-class allocation of the revenues produced by its then-current rates serving the same rate class of customer. The cooperative shall implement such new demand charge through the provisions of subdivision 5. The cooperative shall file promptly revised tariffs reflecting any such new demand charges with the Commission for informational purposes. The demand charge component of any net energy metering rate class derived from a rate class with a preexisting demand charge shall remain fixed for a period of five years. The fixed monthly customer charge of any net energy metering rate class derived from a preexisting rate class having a fixed monthly customer charge less than or equal to \$20 as of the transition date shall not exceed \$20 for the duration of the five-year period described in subdivision 5. During the five-year period described in subdivision 5, a cooperative may not increase the monthly customer charge of any net energy metering rate class derived from a preexisting rate class having a fixed monthly customer charge greater than \$20 as of the transition date. Demand charges included in a new rate schedule or rider shall apply to net energy metering customers, regardless of whether a customer uses a third-party partial requirements power purchase agreement or not.

5. For purposes of implementing subdivision 4, a cooperative shall, after the published transition date for a given class of customers, close its existing net energy metering rate schedule rider to new customers and open a new tariff pursuant to subdivision 3. Demand charges shall be implemented over a five-year period. In the first year of the five-year period, the demand charges shall be set to zero. In the second year of the five-year period, implementation of the demand rates may begin, and demand charges shall

not exceed \$0.25 per kilowatt of distribution demand and \$0.25 per kilowatt of supply demand. In the third year of the five-year period, the demand charges shall not exceed \$0.50 per kilowatt of distribution demand and \$0.50 per kilowatt of supply demand. In the fourth year of the five-year period, the demand charges shall not exceed \$0.75 per kilowatt of distribution demand and \$0.75 per kilowatt of supply demand. In the fifth year of the five-year period, the demand charges shall not exceed \$1 per kilowatt of distribution demand and \$1 per kilowatt of supply demand. Following the expiration of the five-year period, the cooperative is authorized to rebalance its rates. In any filing for informational purposes, the cooperative shall clearly set forth to the Commission the schedule for the five-year period.

6. After the transition date for a given class of customers, the following caps, which shall be in lieu of the caps established by subsection F of § [56-594.01](#), shall apply to net energy metering for that class of customer. The caps shall be calculated as described in subsection F of § [56-594.01](#) except that the caps shall be adjusted as follows, expressed in alternating current nameplate capacity of the generators: three percent of system peak for residential customers, four percent of system peak for not-for-profit and non-jurisdictional customers, and two percent for other nonresidential customers.

7. After the transition date for a given class of customers, only the following restrictions shall apply to the capacity of a net energy metering electrical generating facility:

a. For nonresidential customers, the maximum capacity shall not exceed the least of:

(1) 1.2 megawatts alternating current;

(2) One percent of the cooperative's system peak calculated according to the methodology described in subsection F of § [56-594.01](#); or

(3) The expected annual energy consumption based on the previous 12 months of billing history or an annualized calculation of billing history if 12 months of billing history is not available; and

b. For residential customers, the maximum capacity shall not exceed 125 percent of the expected annual energy consumption based on the previous 12 months of billing history or an annualized calculation of billing history if 12 months of billing history is not available.

8. After the transition date for a given class of customers, third-party partial requirements power purchase agreements entered into with registered providers shall be permitted for that class of customer pursuant to subsection K of § [56-594.01](#).

2019, cc. [742](#), [763](#).

**§56-585.5. Generation of electricity from renewable and zero carbon sources.**

A. As used in this section:

"Accelerated renewable energy buyer" means a commercial or industrial customer of a Phase I or Phase II Utility, irrespective of generation supplier, with an aggregate load over 25 megawatts in the prior calendar year, that enters into arrangements pursuant to subsection G, as certified by the Commission.

"Aggregate load" means the combined electrical load associated with selected accounts of an accelerated renewable energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" has the same meaning as provided in § [56-585.1:11](#).

"Falling water" means hydroelectric resources, including run-of-river generation from a combined pumped-storage and run-of-river facility. "Falling water" does not include electricity generated from pumped-storage facilities.

"Low-income qualifying projects" means a project that provides a minimum of 50 percent of the respective electric output to low-income utility customers as that term is defined in § [56-576](#).

"Phase I Utility" has the same meaning as provided in subdivision A 1 of § [56-585.1](#).

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § [56-585.1](#).

"Previously developed project site" means any property, including related buffer areas, if any, that has been previously disturbed or developed for non-single-family residential, nonagricultural, or nonsilvicultural use, regardless of whether such property currently is being used for any purpose. "Previously developed project site" includes a brownfield as defined in § [10.1-1230](#) or any parcel that has been previously used (i) for a retail, commercial, or industrial purpose; (ii) as a parking lot; (iii) as the site of a parking lot canopy or structure; (iv) for mining, which is any lands affected by coal mining that took place before August 3, 1977, or any lands upon which extraction activities have been permitted by the Department of Energy under Title 45.2; (v) for quarrying; or (vi) as a landfill.

"Total electric energy" means total electric energy sold to retail customers in the Commonwealth service territory of a Phase I or Phase II Utility, other than accelerated renewable energy buyers, by the incumbent electric utility or other retail supplier of electric

energy in the previous calendar year, excluding an amount equivalent to the annual percentages of the electric energy that was supplied to such customer from nuclear generating plants located within the Commonwealth in the previous calendar year, provided such nuclear units were operating by July 1, 2020, or from any zero-carbon electric generating facilities not otherwise RPS eligible sources and placed into service in the Commonwealth after July 1, 2030.

"Zero-carbon electricity" means electricity generated by any generating unit that does not emit carbon dioxide as a by-product of combusting fuel to generate electricity.

B. 1. By December 31, 2024, except for any coal-fired electric generating units (i) jointly owned with a cooperative utility or (ii) owned and operated by a Phase II Utility located in the coalfield region of the Commonwealth that co-fires with biomass, any Phase I and Phase II Utility shall retire all generating units principally fueled by oil with a rated capacity in excess of 500 megawatts and all coal-fired electric generating units operating in the Commonwealth.

2. By December 31, 2045, except for biomass-fired electric generating units that do not co-fire with coal, each Phase I and II Utility shall retire all other electric generating units located in the Commonwealth that emit carbon as a by-product of combusting fuel to generate electricity.

3. A Phase I or Phase II Utility may petition the Commission for relief from the requirements of this subsection on the basis that the requirement would threaten the reliability or security of electric service to customers. The Commission shall consider in-state and regional transmission entity resources and shall evaluate the reliability of each proposed retirement on a case-by-case basis in ruling upon any such petition.

C. Each Phase I and Phase II Utility shall participate in a renewable energy portfolio standard program (RPS Program) that establishes annual goals for the sale of renewable energy to all retail customers in the utility's service territory, other than accelerated renewable energy buyers pursuant to subsection G, regardless of whether such customers purchase electric supply service from the utility or from suppliers other than the utility. To comply with the RPS Program, each Phase I and Phase II Utility shall procure and retire Renewable Energy Certificates (RECs) originating from renewable energy standard eligible sources (RPS eligible sources). For purposes of complying with the RPS Program from 2021 to 2024, a Phase I and Phase II Utility may use RECs from any renewable energy facility, as defined in § [56-576](#), provided that such facilities are located in the Commonwealth or are physically located within the PJM Interconnection,

LLC (PJM) region. However, at no time during this period or thereafter may any Phase I or Phase II Utility use RECs from (i) renewable thermal energy, (ii) renewable thermal energy equivalent, or (iii) biomass-fired facilities that are outside the Commonwealth. From compliance year 2025 and all years after, each Phase I and Phase II Utility may only use RECs from RPS eligible sources for compliance with the RPS Program.

In order to qualify as RPS eligible sources, such sources must be (a) electric-generating resources that generate electric energy derived from solar or wind located in the Commonwealth or off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth or physically located within the PJM region; (b) falling water resources located in the Commonwealth or physically located within the PJM region that were in operation as of January 1, 2020, that are owned by a Phase I or Phase II Utility or for which a Phase I or Phase II Utility has entered into a contract prior to January 1, 2020, to purchase the energy, capacity, and renewable attributes of such falling water resources; (c) non-utility-owned resources from falling water that (1) are less than 65 megawatts, (2) began commercial operation after December 31, 1979, or (3) added incremental generation representing greater than 50 percent of the original nameplate capacity after December 31, 1979, provided that such resources are located in the Commonwealth or are physically located within the PJM region; (d) waste-to-energy or landfill gas-fired generating resources located in the Commonwealth and in operation as of January 1, 2020, provided that such resources do not use waste heat from fossil fuel combustion; or (e) biomass-fired facilities in operation in the Commonwealth and in operation as of January 1, 2023, that (1) supply no more than 10 percent of their annual net electrical generation to the electric grid or no more than 15 percent of their annual total useful energy to any entity other than the manufacturing facility to which the generating source is interconnected and are fueled by forest-product manufacturing residuals, including pulping liquor, bark, paper recycling residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § [10.1-1308.1](#), provided that biomass as described in subdivision A 1 of § [10.1-1308.1](#) results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester pursuant to § [10.1-1105](#), or (2) are owned by a Phase I or phase II Utility, have less than 52 megawatts capacity, and are fueled by forest-product manufacturing residuals, biowastes, or biomass, as described in subdivisions A 1, 2, and 4 of § [10.1-1308.1](#), provided that biomass as described in subdivision A 1 of § [10.1-1308.1](#) results from harvesting in accordance with best management practices for the sustainable harvesting of biomass developed and enforced by the State Forester

pursuant to § [10.1-1105](#). Regardless of any future maintenance, expansion, or refurbishment activities, the total amount of RECs that may be sold by any RPS eligible source using biomass in any year shall be no more than the number of megawatt hours of electricity produced by that facility in 2022; however, in no year may any RPS eligible source using biomass sell RECs in excess of the actual megawatt-hours of electricity generated by such facility that year. In order to comply with the RPS Program, each Phase I and Phase II Utility may use and retire the environmental attributes associated with any existing owned or contracted solar, wind, falling water, or biomass electric generating resources in operation, or proposed for operation, in the Commonwealth or solar, wind, or falling water resources physically located within the PJM region, with such resource qualifying as a Commonwealth-located resource for purposes of this subsection, as of January 1, 2020, provided that such renewable attributes are verified as RECs consistent with the PJM-EIS Generation Attribute Tracking System.

The RPS Program requirements shall be a percentage of the total electric energy sold in the previous calendar year and shall be implemented in accordance with the following schedule:

Phase I Utilities		Phase II Utilities	
Year	RPS Program Requirement	Year	RPS Program Requirement
2021	6%	2021	14%
2022	7%	2022	17%
2023	8%	2023	20%
2024	10%	2024	23%
2025	14%	2025	26%
2026	17%	2026	29%
2027	20%	2027	32%
2028	24%	2028	35%
2029	27%	2029	38%
2030	30%	2030	41%
2031	33%	2031	45%
2032	36%	2032	49%
2033	39%	2033	52%
2034	42%	2034	55%
2035	45%	2035	59%

Phase I Utilities		Phase II Utilities	
Year	RPS Program Requirement	Year	RPS Program Requirement
2036	53%	2036	63%
2037	53%	2037	67%
2038	57%	2038	71%
2039	61%	2039	75%
2040	65%	2040	79%
2041	68%	2041	83%
2042	71%	2042	87%
2043	74%	2043	91%
2044	77%	2044	95%
2045	80%	2045 and thereafter	100%
2046	84%		
2047	88%		
2048	92%		
2049	96%		
2050 and thereafter	100%		

A Phase II Utility shall meet one percent of the RPS Program requirements in any given compliance year with solar, wind, or anaerobic digestion resources of one megawatt or less located in the Commonwealth, with not more than 3,000 kilowatts at any single location or at contiguous locations owned by the same entity or affiliated entities and, to the extent that low-income qualifying projects are available, then no less than 25 percent of such one percent shall be composed of low-income qualifying projects.

Beginning with the 2025 compliance year and thereafter, at least 75 percent of all RECs used by a Phase II Utility in a compliance period shall come from RPS eligible resources located in the Commonwealth.

Any Phase I or Phase II Utility may apply renewable energy sales achieved or RECs acquired in excess of the sales requirement for that RPS Program to the sales requirements for RPS Program requirements in the year in which it was generated and the five calendar years after the renewable energy was generated or the RECs were created. To the extent that a Phase I or Phase II Utility procures RECs for RPS Program compliance

from resources the utility does not own, the utility shall be entitled to recover the costs of such certificates at its election pursuant to § [56-249.6](#) or subdivision A 5 d of § [56-585.1](#).

D. Each Phase I or Phase II Utility shall petition the Commission for necessary approvals to procure zero-carbon electricity generating capacity as set forth in this subsection and energy storage resources as set forth in subsection E. To the extent that a Phase I or Phase II Utility constructs or acquires new zero-carbon generating facilities or energy storage resources, the utility shall petition the Commission for the recovery of the costs of such facilities, at the utility's election, either through its rates for generation and distribution services or through a rate adjustment clause pursuant to subdivision A 6 of § [56-585.1](#). All costs not sought for recovery through a rate adjustment clause pursuant to subdivision A 6 of § [56-585.1](#) associated with generating facilities provided by sunlight or onshore or offshore wind are also eligible to be applied by the utility as a customer credit reinvestment offset as provided in subdivision A 8 of § [56-585.1](#). Costs associated with the purchase of energy, capacity, or environmental attributes from facilities owned by the persons other than the utility required by this subsection shall be recovered by the utility either through its rates for generation and distribution services or pursuant to § [56-249.6](#).

1. Each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 600 megawatts of generating capacity using energy derived from sunlight or onshore wind.

a. By December 31, 2023, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

b. By December 31, 2027, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of

energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

c. By December 31, 2030, each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 200 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase I Utility.

d. Nothing in this subdivision 1 shall prohibit such Phase I Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 600 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ [56-580](#) and [56-585.1](#).

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to (i) construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, which shall include 1,100 megawatts of solar generation of a nameplate capacity not to exceed three megawatts per individual project and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar facilities owned by persons other than a utility, including utility affiliates and deregulated affiliates and (ii) pursuant to § [56-585.1:11](#), construct or purchase one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth with an aggregate capacity of up to 5,200 megawatts. At least 200 megawatts of the 16,100 megawatts shall be placed on previously developed project sites.

a. By December 31, 2024, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of

energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

b. By December 31, 2027, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

c. By December 31, 2030, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 4,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

d. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 6,100 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

e. Nothing in this subdivision 2 shall prohibit such Phase II Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ [56-580](#) and [56-585.1](#).

3. Nothing in this section shall prohibit a utility from petitioning the Commission to construct or acquire zero-carbon electricity or from entering into contracts to procure the

energy, capacity, and environmental attributes of zero-carbon electricity generating resources in excess of the requirements in subsection B. The Commission shall determine whether to approve such petitions on a stand-alone basis pursuant to §§ [56-580](#) and [56-585.1](#), provided that the Commission's review shall also consider whether the proposed generating capacity (i) is necessary to meet the utility's native load, (ii) is likely to lower customer fuel costs, (iii) will provide economic development opportunities in the Commonwealth, and (iv) serves a need that cannot be more affordably met with demand-side or energy storage resources.
