#### **§16.1-309.2. Purpose and intent.**

The General Assembly, to ensure the prevention of juvenile crime and the imposition of appropriate and just sanctions and to make the most efficient use of community diversion and community-based and correctional resources for those juveniles who have been screened for needing community diversion or community-based services using an evidence-based assessment protocol or are before intake on complaints or the court on petitions alleging that the juvenile is a child in need of services, child in need of supervision, or delinquent, has determined that it is in the best interest of the Commonwealth to establish a community-based system of progressive intensive sanctions and services that correspond to the severity of offense and treatment needs. The purpose of this system shall be to deter crime by providing community diversion or community-based services to juveniles who are in need of such services and by providing an immediate, effective punishment that emphasizes accountability of the juvenile offender for his actions as well as

reduces the pattern of repeat offending. In furtherance of this purpose, counties, cities or combinations thereof are encouraged to develop, implement, operate, and evaluate programs and services responsive to their specific juvenile offender needs and juvenile crime trends.

This article shall be interpreted and construed to accomplish the following purposes:

1. Promote an adequate level of services to be available to every juvenile and domestic relations district court.
2. Ensure local autonomy and flexibility in addressing juvenile crime.
3. Encourage a public and private partnership in the design and delivery of services for juveniles who come before intake on a complaint or the court on a petition alleging a child is in need of services, in need of supervision, or delinquent or have been screened for needing community diversion or community-based services using an evidence-based assessment protocol.
4. Emphasize parental responsibility and provide community-based services for juveniles and their families which hold them accountable for their behavior.
5. Establish a locally driven statewide planning process for the allocation of state resources.
6. Promote the development of an adequate service capacity for juveniles before intake on a complaint or the court on petitions alleging status or delinquent offenses.

**§16.1-309.3. Establishment of a community-based system of services; biennial local plan; quarterly report.**

A. Any county, city, or combination thereof may establish a community-based system pursuant to this article, which shall provide, or arrange to have accessible, a variety of pre-dispositional and postdispositional services. These services may include, but are not limited to, diversion, community service, restitution, house arrest, intensive juvenile supervision, substance abuse assessment and testing, first-time offender programs, intensive individual and family treatment, structured day treatment and structured residential programs, aftercare/parole community supervision, and residential and non-residential services for juveniles who have been screened for needing community diversion or community-based services using an evidence-based assessment protocol or juvenile offenders who are before intake on complaints or the court on petitions

alleging that the juvenile is delinquent, in need of services, or in need of supervision but shall not include secure detention for the purposes of this article. Such community-based systems shall be based on an annual review of court-related data and an objective assessment of the need for services and programs for juveniles who have been screened for needing community diversion or community-based services using an evidence-based assessment protocol or juvenile offenders who are before intake on complaints or the court on petitions alleging that the juvenile is a child in need of services, in need of supervision, or delinquent. The community-based system shall be developed after consultation with the judge or judges of the juvenile and domestic relations district court, the director of the court services unit, the community policy and management team established under § [2.2-5205](#), and, if applicable, the director of any program established pursuant to § [66-26](#).

B. Community-based services instituted pursuant to this article shall be administered by a county, city, or combination thereof and may be administered through a community policy and management team established under § [2.2-5204](#) or a commission established under § [16.1-315](#). Such programs and services may be provided by qualified public or private agencies, pursuant to appropriate contracts. Any commission established under § [16.1-315](#) providing predispositional and postdispositional services prior to the enactment of this article which serves the City of Chesapeake or the City of Hampton shall directly receive the proportion of funds calculated under § [16.1-309.7](#) on behalf of the owner localities. The funds received shall be allocated directly to the member localities. Any member locality which elects to withdraw from the commission shall be entitled to its full allocation as provided in §§ [16.1-309.6](#) and [16.1-309.7](#). The Department of Juvenile Justice shall provide technical assistance to localities, upon request, for establishing or expanding programs or services pursuant to this article.

C. Funds provided to implement the provisions of this article shall not be used to supplant funds established as the state pool of funds under § [2.2-5211](#).

D. Any county, city, or combination thereof which establishes a community-based system pursuant to this article shall biennially submit to the State Board for approval a local plan for the development, implementation, and operation of such services, programs, and facilities pursuant to this article. The plan shall provide (i) the projected number of juveniles served by alternatives to secure detention and (ii) any reduction in secure detention rates and commitments to state care as a result of programs funded pursuant to this article. The State Board shall solicit written comments on the plan from the judge

or judges of the juvenile and domestic relations court, the director of the court services unit, and, if applicable, the director of programs established pursuant to § [66-26](#). Prior to the initiation of any new services, the plan shall also include a cost comparison for the private operation of such services.

E. Each locality shall report quarterly to the Director the data required by the Department to measure progress on stated objectives and to evaluate programs and services within such locality's plan.

#### **§16.1-309.4. Statewide plan for juvenile services.**

It shall be the duty of the Department of Juvenile Justice to devise, develop and promulgate a statewide plan for the establishment and maintenance of a range of institutional and community-based, diversion, predispositional and postdispositional services to be reasonably accessible to each court. The Department shall be responsible for the collection and dissemination of the required court data necessary for the development of the plan. The plan shall utilize the information provided by local plans submitted under § [16.1-309.3](#). The plan shall be submitted to the Board on or before July 1 in odd-numbered years. The plan shall include a biennial forecast with appropriate annual updates as may be required of future juvenile correctional center and detention home needs.

#### **§16.1-309.5. Construction, etc., of detention homes and other facilities; reimbursement in part by Commonwealth.**

A. The Commonwealth shall reimburse any county, city or any combination thereof for one-half the cost of construction, enlargement, renovation, purchase or rental of a detention home or other facilities the plans and specifications of which were approved by the Board and the Governor in accordance with the provisions of subsection C of this section.

B. The construction, renovation, purchase, rental, maintenance and operation of a detention home or other facilities established by a county, city or any combination thereof and the necessary expenses incurred in operating such facilities shall be the responsibility of the county, city or any combination thereof.

C. The Board shall promulgate regulations to include criteria to serve as guidelines in evaluating requests for such reimbursements and to ensure the geographically equitable distribution of state funds provided for such purpose. Priority funding shall be given to multijurisdictional initiatives. No such reimbursement for costs of construction shall be made, however, unless the plans and specifications, including the need for additional personnel therefor, have been submitted to the Governor and the construction has been approved by him. Such reimbursement shall be paid by the State Treasurer out of funds appropriated to the Department. In the event that a county or city requests and receives financial assistance from other public fund sources outside the provisions of this law, the total financial assistance and reimbursement shall not exceed the total construction cost of the project exclusive of land and site improvement costs, and such funds shall not be considered state funds.

**§16.1-309.6. How state appropriations for operating costs of Juvenile Community Crime Control Act programs determined; notice of financial aid.**

The Governor's proposed biennial budget shall include, for each fiscal year, an appropriation for operating costs for Juvenile Community Crime Control Act programs. The proposed appropriation shall include amounts for compensating counties, cities and combinations thereof which elect to establish a system of community-based services pursuant to this article. Upon approval pursuant to the provisions of this article, any county, city or combination thereof which utilized predispositional or postdispositional block grant services or programs in fiscal year 1995 shall contribute an amount not less than the sum of its fiscal year 1995 expenditures for child care day placements in predispositional and postdispositional block grant alternatives to secure detention for implementation of its local plan. Such amount shall not include any expenditures in fiscal year 1995 for secure detention and placements made pursuant to § [2.2-5211](#).

The Department shall review annually the costs of operating services, programs and facilities pursuant to this article and recommend adjustments to maintain the Commonwealth's proportionate share. The Department shall no later than the fifteenth day following adjournment sine die of the General Assembly provide each county and city an estimate of funds appropriated pursuant to this article.

**§16.1-309.7. Determination of payment.**

A. The Commonwealth shall provide financial assistance to localities whose plans have been approved pursuant to subsection D of § [16.1-309.3](#) in quarterly payments based on the annual calculated costs which shall be determined as follows:

1. For community diversion services, one-half of the calculated costs as determined by the following factors: (i) the statewide daily average costs for predispositional non-residential services and (ii) the total number of children in need of services and children in need of supervision complaints diverted at intake by the locality in the previous year and the total number of children who have been screened for needing community diversion or community-based services using an evidence-based assessment protocol.

2. For predispositional community-based services, three-quarters of the calculated costs as determined by the following factors: (i) the statewide daily average cost evenly divided for predispositional community-based residential and nonresidential services and (ii) the number of arrests of juveniles based on the locality's most recent year available Uniform Crime Reports for (a) one-third of all Part 1 crimes against property, (b) one-third of all drug offenses and (c) all remaining Part 2 arrests.

3. For postdispositional community-based services for adjudicated juveniles, one-half of the calculated costs as determined by the following factors: (i) the statewide average daily costs for postdispositional community-based nonresidential services and (ii) the locality's total number of juveniles, who, in the previous year, were adjudicated delinquent for the first time.

4. For postdispositional community-based services for juveniles adjudicated delinquent for a second or subsequent offense, one-half of the calculated costs as determined by the following factors: (i) the statewide average daily costs evenly divided for postdispositional community-based residential and nonresidential services and (ii) the locality's total number of court dispositions which, in the previous year, adjudicated juveniles as (a) delinquent for a second or subsequent offense, (b) children in need of services, or (c) children in need of supervision, less those juveniles receiving services under the provisions of §§ [16.1-285.1](#) and [16.1-286](#).

B. Any moneys distributed by the Commonwealth under this article which are unexpended at the end of each fiscal year within a biennium shall be retained by the county, city or combination thereof and subsequently expended for operating expenses of Juvenile Community Crime Control Act programs. Any surplus funds remaining at the end of a biennium shall be returned to the state treasury.

**§16.1-309.8. Costs of maintenance of juveniles in Community Crime Control Act programs.**

Any county, city or combination thereof operating a Juvenile Community Crime Control Act program may collect from any locality of this Commonwealth from which a juvenile is placed in its program a daily rate calculated to allow the operating locality or localities to meet but not exceed the costs of providing services. Additionally, this rate may not be higher than the rate charged other counties, cities or combinations thereof using the same program.

1995, cc. [698](#), [840](#); 1996, cc. [671](#), [682](#); 1998, c. [538](#).

**§16.1-309.9. Establishment of standards; determination of compliance.**

A. The State Board shall also approve minimum standards for the construction and equipment of detention homes or other facilities and for food, clothing, medical attention, and supervision of juveniles to be housed in these facilities and programs.

B. The State Board may prohibit, by its order, the placement of juveniles in any place of residence which does not comply with the minimum standards. It may limit the number of juveniles to be detained or housed in a detention home or other facility and may designate some other place of detention or housing for juveniles who would otherwise be held therein.

C. The Department shall periodically review all services established and annually review expenditures made under this article to determine compliance with the approved local plans and operating standards. If the Department determines that a program is not in substantial compliance with the approved plan or standards, the Department may suspend all or any portion of financial aid made available to the locality until there is compliance.

D. Orders of the State Board of Juvenile Justice shall be enforced by circuit courts as is provided for the enforcement of orders of the State Board of Local and Regional Jails under § [53.1-70](#).

It shall be the duty of the superintendent to furnish the Department such reports and other statistical data relating to the operation of such detention homes, group homes or other residential care facilities for children in need of services or delinquent or alleged delinquent youth as may be required by the Director.

D. Each local youth justice diversion program advisory committee shall establish policies and procedures for the operation of the youth justice diversion program to attain the following goals: (i) early intervention in and prevention of delinquent behavior; (ii) providing positive alternative sanctions for offenders by providing a peer-driven sentencing mechanism that allows young people to take responsibility, to be held accountable, and to make restitution; (iii) advocating for fair, constructive, and restorative sentences predicated on sensitivity to the unique needs and the diversity of the participating juveniles; and (iv) developing positive citizenship attitudes, encouraging civic engagement, and promoting educational success through a diversity of service learning opportunities, strategies, and activities.

Such apportionment shall be made as follows:

The allocation shall be apportioned to provide each locality or commission operating a juvenile secure detention facility an allowance for salaries and expenses. Such allowance shall be at least equal to the amount of the allowance provided to each locality or commission for such salaries and expenses in the immediately preceding fiscal year for similar services. The Department may adjust such allowance, where applicable, for new programs and facilities or for discontinued programs and services.

The Department may reduce the apportionments made in accordance with this section from time to time if any facility fails to comply with Department policy or standards approved by the Board. In effecting such a reduction of funds, the Department shall not be required to comply with the provisions of Chapter 40 (§ [2.2-4000](#) et seq.) of Title 2.2. Each locality or commission eligible to receive state funds apportioned under this section shall maintain operational and financial records which shall be open for evaluation by the Department and audit by the Auditor of Public Accounts.

State moneys appropriated to the Department for the support of local juvenile secure detention facilities and apportioned in accordance with § [16.1-322.1](#) shall be paid to localities or commissions quarterly. If a local juvenile secure detention facility fails to comply with Department policy or standards adopted by the State Board, the next quarterly payment may be reduced and the difference paid into the general fund of the state treas-

ury. In effecting such a reduction of funds, the Department shall not be required to comply with the provisions of Chapter 40 (§ [2.2-4000](#) et seq.) of Title 2.2.

Any moneys distributed by the Commonwealth under this section which are unexpended at the end of each fiscal year within a biennium shall be retained by the locality or commission and subsequently expended for operating expenses of juvenile secure detention facilities. Each locality or commission eligible to receive state funds in accordance with the terms of this article shall report each month to the Director on blank forms furnished by the Department the number of child care days registered during the preceding month by each juvenile correctional program or facility operated by such locality or commission. Such report shall be signed by both the chief administrative officer of the facility or program and fiscal officer of the locality or commission who shall certify the accuracy of the report. Either signer found guilty of willfully falsifying the information contained in such report shall be guilty of a Class 1 misdemeanor.

If any locality or commission fails to send such report within five days after the date when the report should be forwarded, the Director shall notify the chief administrative officer of such locality or commission of such failure. If the locality or commission fails to make the report within ten days from the date of such notice, then the Director shall cause the report to be prepared from the books of the locality or commission and shall certify the cost thereof to the Comptroller. The Comptroller shall issue his warrant on the Treasurer for that amount, deducting the same from any that may be due the locality or commission pursuant to § [16.1-322.2](#) by the Commonwealth.

Daily cost shall be based on the cost of capital construction debt service and the cost of feeding, clothing, caring for, and furnishing medicine and medical attention for such child as may be agreed upon by the governmental units involved.

1983, c. 358; 1995, cc. [698](#), [840](#); 1998, c. [856](#).

**§16.1-322.5. State Board may authorize private construction, operation, etc., of local or regional detention homes, etc.**

A. The State Board of Juvenile Justice may authorize a county or city or any combination of counties, cities, or towns established pursuant to § [16.1-315](#) to contract with a private entity for the financing, site selection, acquisition, construction, maintenance, leasing, management or operation of a local or regional detention home or other secure facility, or any combination of those services. Any project authorized pursuant to this article shall be consistent with the statewide plan developed pursuant to § [16.1-309.4](#).

B. Any project the State Board authorizes pursuant to subsection A of this section shall be subject to the provisions of the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.) and subject to the requirements and limitations set out below.

1. Contracts entered into under the terms of this article shall be with an entity submitting an acceptable response pursuant to a request for proposals. An acceptable response shall be one which meets all the requirements in the request for proposals. However, no such contract may be entered into unless the private contractor demonstrates that it has:
  - a. The qualifications, experience and management personnel necessary to carry out the terms of this contract;
  - b. The financial resources to provide indemnification for liability arising from detention home or other secure facility management projects;
  - c. Evidence of past performance of similar contracts; and
  - d. The ability to comply with all applicable federal and state constitutional standards; federal, state, and local laws; court orders; and standards for a detention home or other secure facility.

2. Contracts awarded under the provisions of this article, including contracts for the provision of juvenile correctional facilities or programs or for the lease or use of public lands or buildings for use in the operation of facilities, may be entered into for a period of up to thirty years, subject to the requirements for expenditure of funds by the local governing body or bodies.

3. No contract for juvenile correctional facilities or programs shall be entered into unless the following requirements are met:

a. The contractor provides audited financial statements for the previous five years or for each of the years the contractor has been in operation if fewer than five years, and provides other financial information as requested; and

b. The contractor provides an adequate plan of indemnification, specifically including indemnity for civil rights claims. The indemnification plan shall be adequate to protect the county or city or combination of counties, cities, or towns established pursuant to § [16.1-315](#) and public officials from all claims and losses incurred as a result of the contract. Nothing herein is intended to deprive a contractor or the county or city or combination of counties, cities, or towns established pursuant to § [16.1-315](#) of the benefits of any law limiting exposure to liability or setting a limit on damages.

4. No contract for correctional services shall be executed unless:

a. The proposed contract has been reviewed and approved by the State Board;

b. An appropriation for the services to be provided under the contract has been expressly approved as is otherwise provided by law;

c. The juvenile correctional facilities or programs proposed by the contract are of at least the same quality as those routinely provided by a governmental agency to similarly situated children; and

d. An evaluation of the proposed contract demonstrates a cost benefit to the county or city or combination of counties, cities, or towns established pursuant to § [16.1-315](#) when compared to alternative means of providing the services through governmental agencies.

1991, c. 258; 1992, c. 652; 1995, cc. [696](#), [699](#).

No contract for juvenile correctional facilities or programs shall authorize, allow, or imply a delegation of authority or responsibility to a juvenile correctional facilities or programs contractor for any of the following:

1. Developing and implementing procedures for calculating a detainee's release date;
2. Classifying detainees or placing detainees in less restrictive custody or more restrictive custody;
3. Transferring a detainee; however, the contractor may make written recommendations regarding the transfer of a detainee or detainees;
4. Formulating rules of detainee behavior, violations of which may subject detainees to sanctions; however, the contractor may propose such rules for review and adoption, rejection, or modification as otherwise provided by law or regulation; and
5. Disciplining detainees in any manner which requires a discretionary application of rules of detainee behavior or a discretionary imposition of a sanction for violations of such rules.

1991, c. 258; 1992, c. 652.

**§16.1-322.7. State Board to promulgate regulations.**

The State Board shall make, adopt, and promulgate regulations governing the following aspects of private management and operation of local or regional detention homes or other secure facilities:

1. The schedule for state reimbursement to the cities or counties or any combination thereof, as the case may be, for costs of construction;
2. The manner of state payment to the localities for the care and custody costs at the facility of children for whom the Commonwealth is required to provide funds. However, in no event shall the payment to the localities, when calculated on a per diem per child basis, exceed the total cost ordinarily paid by the Commonwealth to the locality for the care and custody expenses of such children, when calculated on a per diem per child basis;
3. Minimum standards for the construction, equipment, administration, and operation of the facilities; however, the standards must be at least as stringent as those established for other local or regional detention homes or other secure facilities;
4. Contingency plans for operation of a contractor-operated facility in the event of a termination of the contract;

5. The powers and duties of contractors' personnel charged with the care and custody of detainees, including use of force and discipline;
6. Methods of monitoring a contractor-operated facility by an appropriate state or local governmental entity or entities;
7. Public access to a contractor-operated facility; and
8. Such other regulations as may be necessary to carry out the provisions of this article.

1991, c. 258; 1992, c. 652.

**§16.1-323. Governor to execute; form of compact.**

The Governor of Virginia is hereby authorized and requested to execute, on behalf of the Commonwealth of Virginia, with any other state or states legally joining therein, a compact which shall be in form substantially as follows:

Article I. Purpose.

The compacting states to this Interstate Compact recognize that each state is responsible for the proper supervision or return of juveniles, delinquents, and status offenders who are on probation or parole and who have absconded, escaped or run away from supervision and control and in so doing have endangered their own safety and the safety of others. The compacting states also recognize that each state is responsible for the safe return of juveniles who have run away from home and in doing so have left their state of residence. The compacting states also recognize that Congress by enacting the Crime Control Act, 4 U.S.C. § 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

It is the purpose of this compact, through means of joint and cooperative action among the compacting states, to (i) ensure that the adjudicated juveniles and status offenders subject to this compact are provided adequate supervision and services in the receiving state as ordered by the adjudicating judge or parole authority in the sending state; (ii) ensure that the public safety interests of the citizens, including the victims of juvenile offenders, in both the sending and receiving states are adequately protected; (iii) return juveniles who have run away, absconded or escaped from supervision or control or have been accused of an offense to the state requesting their return; (iv) make contracts for the cooperative institutionalization in public facilities in member states for delinquent youth needing special services; (v) provide for the effective tracking and supervision of juveniles; (vi) equitably allocate the costs, benefits and obligations of the compacting states; (vii) establish procedures to manage the movement between states of juvenile offenders

released to the community under the jurisdiction of courts, juvenile departments, or any other criminal or juvenile justice agency that has jurisdiction over juvenile offenders; (viii) ensure immediate notice to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; (ix) establish procedures to resolve pending charges (detainers) against juvenile offenders prior to transfer or release to the community under the terms of this compact; (x) establish a system of uniform data collection on information pertaining to juveniles subject to this compact that allows access by authorized juvenile justice and criminal justice officials, and regular reporting of compact activities to heads of state executive, judicial, and legislative branches and juvenile and criminal justice administrators; (xi) monitor compliance with rules governing interstate movement of juveniles and initiate interventions to address and correct noncompliance; (xii) coordinate training and education regarding the regulation of interstate movement of juveniles for officials involved in such activity; and (xiii) coordinate the implementation and operation of the compact with the Interstate Compact on the Placement of Children, the Interstate Compact for Adult Offender Supervision, and other compacts affecting juveniles particularly in those cases where concurrent or overlapping supervision issues arise. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and therefore are public business. Furthermore, the compacting states shall cooperate and observe their individual and collective duties and responsibilities for the prompt return and acceptance of juveniles subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the purposes and policies of the compact.

The commission shall have all the responsibilities, powers and duties set forth herein and additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states in accordance with the terms of this compact.

B. The Interstate Commission shall consist of commissioners appointed by the appropriate appointing authority in each state pursuant to the rules and requirements of each compacting state and in consultation with the State Council for Interstate Juvenile Supervision created in Article IX. The commissioner shall be the compact administrator, deputy compact administrator, or designee from that state who shall serve on the Interstate Commission in such capacity under or pursuant to the applicable law of the compacting state.

C. In addition to the commissioners who are the voting representatives of each state, the Interstate Commission shall include individuals who are not commissioners but who are members of interested organizations. Such noncommissioner members shall include a member of the national organizations of governors, legislators, state chief justices, attorneys general, Interstate Compact for Adult Offender Supervision, Interstate Compact on the Placement of Children, juvenile justice and juvenile corrections officials, and crime victims. All noncommissioner members of the Interstate Commission shall be ex officio (nonvoting) members. The Interstate Commission may provide in its bylaws for such additional ex officio (nonvoting) members, including members of other national organizations, in such numbers as shall be determined by the commission.

D. Each compacting state represented at any meeting of the commission is entitled to one vote. A majority of the compacting states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission.

E. The commission shall meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the compacting states, shall call additional meetings. Public notice shall be given of all meetings and meetings shall be open to the public.

F. The Interstate Commission shall establish an executive committee, which shall include commission officers, members, and others as determined by the bylaws. G. Each member of the Interstate Commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the Interstate Commission. A member shall vote in person and shall not delegate a vote to another compacting state. However, a commissioner, in consultation with the state council, shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the compacting state at a specific meeting. The bylaws may provide for members' participation in meetings by telephone or other means of telecommunication or electronic communication.

H. The Interstate Commission's bylaws shall establish conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure any information or official records to the extent that they would adversely affect personal privacy rights or proprietary interests.

I. Public notice shall be given of all meetings, and all meetings shall be open to the public except as set forth in the rules or as otherwise provided in the compact. 2. Disclose matters specifically exempted from disclosure by statute;

3. Disclose trade secrets or commercial or financial information that is privileged or confidential;

9. Specifically relate to the Interstate Commission's issuance of a subpoena or its participation in a civil action or other legal proceeding.

J. For every meeting closed pursuant to this provision, the Interstate Commission's legal counsel shall publicly certify that, in the legal counsel's opinion, the meeting may be closed to the public and shall reference each relevant exemptive provision. The Interstate Commission shall keep minutes that shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll call vote (reflected in the vote of each member on the question). All documents considered in connection with any action shall be identified in the minutes.

K. The Interstate Commission shall collect standardized data concerning the interstate movement of juveniles as directed through its rules that shall specify the data to be collected, the means of collection and data exchange, and reporting requirements. Such methods of data collection, exchange, and reporting shall insofar as is reasonably possible conform to up-to-date technology and coordinate its information functions with the appropriate repository of records.

#### Article IV. Powers and Duties of the Interstate Commission.

The commission shall have the following powers and duties:

1. To provide for dispute resolution among compacting states;

2. To promulgate rules to effect the purposes and obligations as enumerated in this compact, which shall have the force and effect of statutory law and shall be binding in the compacting states to the extent and in the manner provided in this compact;
3. To oversee, supervise, and coordinate the interstate movement of juveniles subject to the terms of this compact and any bylaws adopted and rules promulgated by the Interstate Commission;

To elect or appoint such officers, attorneys, employees, agents, or consultants and to fix their compensation, define their duties and determine their qualifications and to establish the Interstate Commission's personnel policies and programs relating to, inter alia, conflicts of interest, rates of compensation, and qualifications of personnel;
10. To accept any and all donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of it;
11. To lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve or use, any property, real, personal, or mixed;
12. To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

2. The Interstate Commission shall, through its executive committee, appoint or retain an executive director for such period, upon such terms and conditions, and for such compensation as the Interstate Commission may deem appropriate. The executive director shall serve as secretary to the Interstate Commission but shall not be a member and shall hire and supervise such other staff as may be authorized by the Interstate Commission.

C. Qualified immunity, defense and indemnification.

1. The commission's executive director and employees shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by, arising out of, or relating to any actual or alleged act, error, or omission that occurred or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; however, any such person shall not be protected from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person.

2. The liability of any commissioner or the employee or agent of a commissioner, acting within the scope of such person's employment or duties, for acts, errors, or omissions occurring within such person's state may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. Nothing in this subdivision shall be construed to protect any such person from suit or liability for

any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person.

3. The Interstate Commission shall defend the executive director or the employees or representatives of the Interstate Commission and, subject to the approval of the attorney general of the state represented by any commissioner of a compacting state, shall defend such commissioner or the commissioner's representatives or employees in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

4. The Interstate Commission shall indemnify and hold the commissioner of a compacting state, the commissioner's representatives or employees, or the Interstate Commission's representatives or employees harmless in the amount of any settlement or judgment obtained against such persons arising out of any actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

#### Article VI. Rulemaking Functions of the Interstate Commission.

A. The Interstate Commission shall promulgate and publish rules in order to effectively and efficiently achieve the purposes of the compact.

B. Rulemaking shall occur pursuant to the criteria set forth in this article and the bylaws and rules adopted pursuant thereto. Such rulemaking shall substantially conform to the principles of the Model State Administrative Procedure Act, 1981 Act, Uniform Laws Annotated, vol. 15, p. 1 (2000), or such other administrative procedures act, as the Interstate Commission deems appropriate consistent with due process requirements under the U.S. Constitution as now or hereafter interpreted by the U.S. Supreme Court. All rules and amendments shall become binding as of the date specified, as published with the final version of the rule as approved by the commission.

C. When promulgating a rule, the Interstate Commission shall, at a minimum:

2. Allow and invite any and all persons to submit written data, facts, opinions and arguments, which information shall be added to the record and be made publicly available;
3. Provide an opportunity for an informal hearing if petitioned by 10 or more persons; and
4. Promulgate a final rule and its effective date, if appropriate, based on input from state or local officials or interested parties.

D. Allow, not later than 60 days after a rule is promulgated, any interested person to file a petition in the United States District Court for the District of Columbia or in the federal district court where the Interstate Commission's principal office is located for judicial review of such rule. If the court finds that the Interstate Commission's action is not supported by substantial evidence in the rulemaking record, the court shall hold the rule unlawful and set it aside. For purposes of this subsection, evidence is substantial if it would be considered substantial evidence under the Model State Administrative Procedure Act.

E. If a majority of the legislatures of the compacting states rejects a rule, those states may, by enactment of a statute or resolution in the same manner used to adopt the compact, cause that such rule shall have no further force and effect in any compacting state.

F. The existing rules governing the operation of the Interstate Compact on Juveniles superseded by this act shall be null and void 12 months after the first meeting of the Interstate Commission created hereunder.

G. Upon determination by the Interstate Commission that a state of emergency exists, it may promulgate an emergency rule that shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to the rule as soon as reasonably possible, but no later than 90 days after the effective date of the emergency rule.

Article VII. Oversight, Enforcement and Dispute Resolution by the Interstate Commission.

A. Oversight.

1. The Interstate Commission shall oversee the administration and operations of the interstate movement of juveniles subject to this compact in the compacting states and shall monitor such activities being administered in noncompacting states that might significantly affect compacting states.

2. The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall be received by all the judges, public officers, commissions, and departments of the state government as evidence of the authorized statute and administrative rules. All courts shall take judicial notice of the compact and the rules. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact that may affect the powers, responsibilities or actions of the Interstate Commission, it shall be entitled to receive all service of process in any such proceeding and shall have standing to intervene in the proceeding for all purposes.

A. The Interstate Commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

B. The Interstate Commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the Interstate Commission and its staff that shall be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of each compacting state and the volume of interstate movement of juveniles in each compacting state and shall promulgate a rule binding upon all compacting states that governs said assessment.

C. The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet them; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

#### Article IX. The State Council.

Each member state shall create a State Council for Interstate Juvenile Supervision. While each state may determine the membership of its own state council, its membership shall include at least one representative from the legislative, judicial, and executive branches of government, victims groups, and the compact administrator, deputy compact administrator, or designee. Each compacting state retains the right to determine the qualifications of the compact administrator or deputy compact administrator. Each state council will advise and may exercise oversight and advocacy concerning that state's participation in Interstate Commission activities and other duties as may be determined by that state, including but not limited to development of policy concerning operations and procedures of the compact within that state.

#### Article X. Compacting States, Effective Date and Amendment.

A. Any state, the District of Columbia or its designee, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Northern Marianas Islands are eligible to become a compacting state.

B. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than 35 of the states. The initial effective date shall be the later of July 1, 2004, or upon enactment of the compact into law by the 35th jurisdiction. Thereafter it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state. The governors of nonmember states or their designees shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the compact by all states and territories of the United States.

C. The Interstate Commission may propose amendments to the compact for enactment by the compacting states. No amendment shall become effective and binding upon the Interstate Commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

#### Article XI. Withdrawal, Default, Termination, and Judicial Enforcement.

##### A. Withdrawal.

1. Once effective, the compact shall continue in force and remain binding upon each compacting state; provided that a compacting state may withdraw from the compact by specifically repealing the statute that enacted the compact into law.

2. The effective date of withdrawal is the effective date of the repeal.

3. The withdrawing state shall immediately notify the chairman of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other compacting states of the withdrawing state's intent to withdraw within 60 days of its receipt thereof.

4. The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including any obligations the performance of which extends beyond the effective date of withdrawal.

5. Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state's reenacting the compact or upon such later date as determined by the Interstate Commission.

##### B. Technical assistance, fines, suspension, termination, and default.

1. If the Interstate Commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact, the bylaws, or duly promulgated rules, the Interstate Commission may impose any or all of the following penalties:

a. Remedial training and technical assistance as directed by the Interstate Commission;

b. Alternative dispute resolution;

c. Fines, fees, and costs in such amounts as are deemed to be reasonable as fixed by the Interstate Commission; and

d. Suspension or termination of membership in the compact, which shall be imposed only after all other reasonable means of securing compliance under the bylaws and

rules have been exhausted and the Interstate Commission has therefore determined that the offending state is in default. Immediate notice of suspension shall be given by the Interstate Commission to the governor, the chief justice or the chief judicial officer of the state, the majority and minority leaders of the defaulting state's legislature, and the state council. The grounds for default include but are not limited to failure of a compacting state to perform such obligations or responsibilities imposed upon it by this compact, the bylaws, or duly promulgated rules and any other grounds designated in commission bylaws and rules. The Interstate Commission shall immediately notify the defaulting state in writing of the penalty imposed by the Interstate Commission and of the default pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state shall cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination.

2. Within 60 days of the effective date of the termination of a defaulting state, the commission shall notify the governor, the chief justice or chief judicial officer, the majority and minority leaders of the defaulting state's legislature, and the state council.

3. The defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including any obligations the performance of which extends beyond the effective date of termination.

4. The Interstate Commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

5. Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the Interstate Commission pursuant to the rules.

#### C. Judicial enforcement.

The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its offices, to enforce compliance with the provisions of the compact, its duly promulgated rules, and bylaws, against any compacting state in default. In the event that judicial

enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

#### D. Dissolution of compact.

1. The compact dissolves effective upon the date of the withdrawal or default of the compacting state that reduces membership in the compact to one compacting state.
2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and any surplus funds shall be distributed in accordance with the bylaws.

#### Article XII. Severability and Construction.

- A. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.
- B. The provisions of this compact shall be liberally construed to effectuate its purposes.

#### Article XIII. Binding Effect of Compact and Other Laws.

##### A. Other laws.

1. Nothing herein prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact.
2. All compacting states' laws other than state constitutions and other interstate compacts conflicting with this compact are superseded to the extent of the conflict.

##### B. Binding effect of the compact.

1. All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the compacting states.
2. All agreements between the Interstate Commission and the compacting states are binding in accordance with their terms.
3. When there is a conflict over meaning or interpretation of Interstate Commission, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation upon the request of a party to the conflict and upon a majority vote of the compacting states.

4. In the event that any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective, and such obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

**§16.1-330.1. Serious or Habitual Offender Comprehensive Action Program; definition; disclosure of information; penalty.**

A. For purposes of this article, a serious or habitual juvenile offender is a minor who has been (i) adjudicated delinquent or convicted of murder or attempted murder, armed robbery, any felony sexual assault or malicious wounding, or a felony violation of a gang-related crime pursuant to Article 2.1 (§ [18.2-46.1](#) et seq.) of Chapter 4 of Title 18.2, or (ii) convicted at least three times for offenses which would be felonies or Class 1 misdemeanors if committed by an adult. Qualifying convictions or adjudications shall include only those for offenses occurring after July 1, 1993. However, any Serious or Habitual Offender Comprehensive Action Program (SHOCAP) in existence on July 1, 1993, shall be deemed to have been established pursuant to this article and, notwithstanding the limitations of this subsection, may continue to supervise persons who were being supervised on July 1, 1993. Juvenile offenders under SHOCAP supervision at the time of their eighteenth birthday who have been committed to state care pursuant to subdivision A 14 of § [16.1-278.8](#) or § [16.1-285.1](#) may continue to be supervised by SHOCAP until their twenty-first birthday.

B. The Serious or Habitual Offender Comprehensive Action Program (SHOCAP) is a multidisciplinary interagency case management and information sharing system which

enables the juvenile and criminal justice system, schools, and social service agencies to make more informed decisions regarding juveniles who repeatedly commit serious criminal and delinquent acts. Each SHOCAP shall supervise serious or habitual juvenile offenders in the community as well as those under probation or parole supervision and enhance current conduct control, supervision and treatment efforts to provide a more coordinated public safety approach to serious juvenile crime, increase the opportunity for success with juvenile offenders and assist in the development of early intervention strategies.

C. Any county or city in the Commonwealth may by action of its governing body establish a SHOCAP committee. The committee shall consist of representatives from local law enforcement, schools, attorneys for the Commonwealth, juvenile court services, juvenile detention centers or group homes, mental and medical health agencies, state and local children and family service agencies, and the Department of Juvenile Justice. Any county or city which establishes a SHOCAP committee shall, within 45 days of such action, notify the Department of Criminal Justice Services. The Department shall issue statewide SHOCAP guidelines and provide technical assistance to local jurisdictions on implementation of SHOCAP.

D. Each SHOCAP committee shall share among its members and with other SHOCAP committees otherwise confidential information on identified serious or habitual juvenile offenders. Every person, including members of the SHOCAP committee, who is to receive confidential information pursuant to this article shall maintain the confidentiality of that information.

All records and reports concerning serious or habitual juvenile offenders made available to members of a SHOCAP committee and all records and reports identifying an individual offender which are generated by the committee from such reports shall be confidential and shall not be disclosed, except as specifically authorized by this article or other applicable law. Disclosure of the information may be made to other staff from member agencies as authorized by the SHOCAP committee for the furtherance of case management, community supervision, conduct control and locating of the offender for the application and coordination of appropriate services. Staff from the member agencies who receive such information will be governed by the confidentiality provisions of this article. The staff from the member agencies who will qualify to have access to the SHOCAP information shall be limited to those individuals who provide direct services to the offender or who provide community conduct control and supervision to the offender.

The provisions of this article authorizing information sharing between and among SHOCAP committees shall take precedence over the provisions of (i) Article 12 (§ [16.1-299](#) et seq.) of Chapter 11 of this title governing dissemination of court and law-enforcement records concerning juveniles, (ii) Article 5 (§ [22.1-287](#) et seq.) of Chapter 14 of Title 22.1 governing access to pupil records, (iii) Title 37.2 and any regulations enacted pursuant thereto governing access to juvenile mental health records, and (iv) Title 63.2 and any regulations enacted pursuant thereto governing access to records concerning treatments or services provided to a juvenile.

E. It shall be unlawful for any staff person from a member agency to disclose or to knowingly permit, assist or encourage the unauthorized release of any identifying information contained in any reports or records received or generated by a SHOCAP committee. A violation of this subsection shall be punishable as a Class 3 misdemeanor.

1993, cc. 465, 927; 1996, c. [293](#); 1999, c. [508](#); 2004, c. [418](#).

#### **§16.1-330.2. Immunity.**

Any staff person or agency who is sharing information within the structure of a SHOCAP committee established pursuant to this article shall have immunity from civil or criminal liability that otherwise might result by reason of the type of information exchanged.

1993, cc. 465, 927.

#### **§16.1-331. Petition for emancipation.**

Any minor who has reached his sixteenth birthday and is residing in this Commonwealth, or any parent or guardian of such minor, may petition the juvenile and domestic relations district court for the county or city in which either the minor or his parents or guardian resides for a determination that the minor named in the petition be emancipated. The petition shall contain, in addition to the information required by § [16.1-262](#), the gender of the minor and, if the petitioner is not the minor, the name of the petitioner and the relationship of the petitioner to the minor. If the petition is based on the minor's desire to enter into a valid marriage, the petition shall also include the name, age, date of birth, if known, and residence of the intended spouse. The petitioner shall also attach copies of any criminal records of each individual intending to be married. The petitioner shall also attach copies of any protective order issued between the individuals to be married.

1986, c. 506; 2016, cc. [457](#), [543](#).

#### **§16.1-332. Orders of court; investigation, report and appointment of counsel.**

If deemed appropriate the court may (i) require the local department of social services or any other agency or person to investigate the allegations in the petition and file a report of that investigation with the court, (ii) appoint counsel for the minor's parents or guardian, or (iii) make any other orders regarding the matter which the court deems appropriate. In any case pursuant to this article the court shall appoint counsel for the minor to serve as guardian ad litem.

1986, c. 506; 2002, c. [747](#).

**§16.1-333. Findings necessary to order that minor is emancipated.**

The court may enter an order declaring the minor emancipated if, after a hearing, it is found that: (i) the minor has entered into a valid marriage, whether or not that marriage has been terminated by dissolution; (ii) the minor is on active duty with any of the armed forces of the United States of America; (iii) the minor willingly lives separate and apart from his parents or guardian, with the consent or acquiescence of the parents or guardian, and that the minor is or is capable of supporting himself and competently managing his own financial affairs; or (iv) the minor desires to enter into a valid marriage and the requirements of § [16.1-333.1](#) are met.

1986, c. 506; 2016, cc. [457](#), [543](#).

**§16.1-333.1. Written findings necessary to order that minor is emancipated on the basis of intent to marry.**

The court may enter an order declaring such a minor who desires to get married emancipated if, after a hearing where both individuals intending to marry are present, the court makes written findings that:

1. It is the minor's own will that the minor enter into marriage, and the minor is not being compelled against the minor's will by force, threats, persuasions, menace, or duress;
2. The individuals to be married are mature enough to make such a decision to marry;
3. The marriage will not endanger the safety of the minor. In making this finding, the court shall consider (i) the age difference between the parties intending to be married; (ii) whether either individual to be married has a criminal record containing any conviction of an act of violence, as defined in § [19.2-297.1](#), or any conviction of a barrier crime, as defined in § [19.2-392.02](#); and (iii) any history of violence between the parties to be married; and
4. It is in the best interests of the minor petitioning for an order of emancipation that such order be entered. Neither a past or current pregnancy of either individual to be married or

between the individuals to be married nor the wishes of the parents or legal guardians of the minor desiring to be married shall be sufficient evidence to establish that the best interests of the minor would be served by entering the order of emancipation.

2016, cc. [457](#), [543](#); 2017, c. [809](#).

**§16.1-334. Effects of order.**

An order that a minor is emancipated shall have the following effects:

1. The minor may consent to medical, dental, or psychiatric care, without parental consent, knowledge, or liability;
2. The minor may enter into a binding contract or execute a will;
3. The minor may sue and be sued in his own name;
4. The minor shall be entitled to his own earnings and shall be free of control by his parents or guardian;
5. The minor may establish his own residence;
6. The minor may buy and sell real property;
7. The minor may not thereafter be the subject of a petition under this chapter as abused, neglected, abandoned, in need of services, in need of supervision, or in violation of a juvenile curfew ordinance enacted by a local governing body;
8. The minor may enroll in any school or institution of higher education, without parental consent;
9. The minor may secure a driver's license under § [46.2-334](#) or § [46.2-335](#) without parental consent;
10. The parents of the minor shall no longer be the guardians of the minor;
11. The parents of a minor shall be relieved of any obligations respecting his school attendance under Article 1 (§ [22.1-254](#) et seq.) of Chapter 14 of Title 22.1;
12. The parents shall be relieved of all obligation to support the minor;
13. The minor shall be emancipated for the purposes of parental liability for his acts;
14. The minor may execute releases in his own name;
15. The minor may not have a guardian ad litem appointed for him pursuant to any statute solely because he is under age 18; and
16. The minor may marry without parental, judicial, or other consent.

The acts done when such order is or is purported to be in effect shall be valid notwithstanding any subsequent action terminating such order or a judicial determination that the order was void ab initio.

1986, c. 506; 1990, c. 568; 1993, c. 778.

**§16.1-334.1. Identification card issued to minor by DMV.**

Upon application to the Department of Motor Vehicles and submission of the copy, the Department shall issue to the minor an identification card containing the minor's photograph, a statement that such minor is emancipated, and a listing of all effects of the emancipation order as set forth in § [16.1-334](#).

The order from a commitment hearing issued pursuant to this article for involuntary admission or mandatory outpatient treatment for a minor 14 years of age or older and the certification of any minor 14 years of age or older who has been the subject of a temporary detention order pursuant to § [16.1-340.1](#) and who, after being advised by the court that he will be prohibited from possessing a firearm pursuant to § [18.2-308.1:3](#), subsequently agreed to voluntary admission pursuant to § [16.1-338](#) shall be filed by the court with the clerk of the juvenile and domestic relations district court for the county or city where the hearing took place as soon as practicable but no later than the close of business on the next business day following the completion of the hearing.

B. Upon receipt of any order from a commitment hearing issued pursuant to this article for involuntary admission of a minor 14 years of age or older to a facility, the clerk of court shall, as soon as practicable but no later than the close of business on the next

following business day, certify and forward to the Central Criminal Records Exchange, on a form provided by the Exchange, a copy of the order. Upon receipt of any order from a commitment hearing issued pursuant to this article for mandatory outpatient treatment of a minor 14 years of age or older, the clerk of court shall, prior to the close of that business day, certify and forward to the Central Criminal Records Exchange, on a form provided by the Exchange, a copy of the order.

C. The clerk of court shall also, as soon as practicable but no later than the close of business on the next following business day, forward upon receipt to the Central Criminal Records Exchange, on a form provided by the Exchange, certification of any minor 14 years of age or older who has been the subject of a temporary detention order pursuant to § [16.1-340.1](#) and who, after being advised by the court that he will be prohibited from possessing a firearm pursuant to § [18.2-308.1:3](#), subsequently agreed to voluntary admission pursuant to § [16.1-338](#).

D. Except as provided in subdivision A 1 of § [19.2-389](#), the copy of the forms and orders sent to the Central Criminal Records Exchange pursuant to subsection B, and the forms and certifications sent to the Central Criminal Records Exchange regarding voluntary admission pursuant to subsection C, shall be kept confidential in a separate file and used only to determine a person's eligibility to possess, purchase, or transfer a firearm. No medical records shall be forwarded to the Central Criminal Records Exchange with any form, order, or certification required by subsection B or C. The Department of State Police shall forward only a person's eligibility to possess, purchase, or transfer a firearm to the National Instant Criminal Background Check System.

**§16.1-338. Parental admission of minors younger than 14 and nonobjecting minors 14 years of age or older.**

A. A minor younger than 14 years of age may be admitted to a willing mental health facility for inpatient treatment upon application and with the consent of a parent. A minor 14 years of age or older may be admitted to a willing mental health facility for inpatient treatment upon the joint application and consent of the minor and the minor's parent.

B. Admission of a minor under this section shall be approved by a qualified evaluator who has conducted a personal examination of the minor within 48 hours after admission and has made the following written findings:

1. The minor appears to have a mental illness serious enough to warrant inpatient treatment and is reasonably likely to benefit from the treatment; and
2. The minor has been provided with a clinically appropriate explanation of the nature and purpose of the treatment; and
3. If the minor is 14 years of age or older, that he has been provided with an explanation of his rights under this Act as they would apply if he were to object to admission, and that he has consented to admission; and
4. All available modalities of treatment less restrictive than inpatient treatment have been considered and no less restrictive alternative is available that would offer comparable benefits to the minor.

If admission is sought to a state hospital, the community services board serving the area in which the minor resides shall provide, in lieu of the examination required by this section, a preadmission screening report conducted by an employee or designee of the community services board and shall ensure that the necessary written findings have been made before approving the admission. A copy of the written findings of the evaluation or preadmission screening report required by this section shall be provided to the consenting parent and the parent shall have the opportunity to discuss the findings with the qualified evaluator or employee or designee of the community services board.

C. Within 10 days after the admission of a minor under this section, the director of the facility or the director's designee shall ensure that an individualized plan of treatment has been prepared by the provider responsible for the minor's treatment and has been explained to the parent consenting to the admission and to the minor. The minor shall be involved in the preparation of the plan to the maximum feasible extent consistent with his ability to understand and participate, and the minor's family shall be involved to the maximum extent consistent with the minor's treatment needs. The plan shall include a preliminary plan for placement and aftercare upon completion of inpatient treatment and shall include specific behavioral and emotional goals against which the success of treatment may be measured. A copy of the plan shall be provided to the minor and to his parents.

D. If the parent who consented to a minor's admission under this section revokes his consent at any time, or if a minor 14 or older objects at any time to further treatment, the minor shall be discharged within 48 hours to the custody of such consenting parent unless the minor's continued hospitalization is authorized pursuant to § [16.1-339](#), [16.1-](#)

[340.1](#), or [16.1-345](#). If the 48-hour time period expires on a Saturday, Sunday, legal holiday or day on which the court is lawfully closed, the 48 hours shall extend to the next day that is not a Saturday, Sunday, legal holiday or day on which the court is lawfully closed. If a minor 14 or older objects to further treatment, the mental health facility shall (i) immediately notify the consenting parent of the minor's objections and (ii) provide to the consenting parent a summary, prepared by the Office of the Attorney General, of the procedures for requesting continued treatment of the minor pursuant to § [16.1-339](#), [16.1-340.1](#), or [16.1-345](#).

E. Inpatient treatment of a minor hospitalized under this section may not exceed 90 consecutive days unless it has been authorized by appropriate hospital medical personnel, based upon their written findings that the criteria set forth in subsection B of this section continue to be met, after such persons have examined the minor and interviewed the consenting parent and reviewed reports submitted by members of the facility staff familiar with the minor's condition.

F. Any minor admitted under this section while younger than 14 and his consenting parent shall be informed orally and in writing by the director of the facility for inpatient treatment within 10 days of his fourteenth birthday that continued voluntary treatment under the authority of this section requires his consent.

G. Any minor 14 years of age or older who joins in an application and consents to admission pursuant to subsection A, shall, in addition to his parent, have the right to access his health information. The concurrent authorization of both the parent and the minor shall be required to disclose such minor's health information.

H. A minor who has been hospitalized while properly detained by a juvenile and domestic relations district court or circuit court shall be returned to the detention home, shelter care, or other facility approved by the Department of Juvenile Justice by the sheriff serving the jurisdiction where the minor was detained within 24 hours following completion of a period of inpatient treatment, unless the court having jurisdiction over the case orders that the minor be released from custody.

**§16.1-339. Parental admission of an objecting minor 14 years of age or older.**

A. A minor 14 years of age or older who (i) objects to admission or (ii) is incapable of making an informed decision may be admitted to a willing facility for up to 120 hours,

pending the review required by subsections B and C, upon the application of a parent. If admission is sought to a state hospital, the community services board serving the area in which the minor resides shall provide the preadmission screening report required by subsection B of § [16.1-338](#) and shall ensure that the necessary written findings, except the minor's consent, have been made before approving the admission.

B. A minor admitted under this section shall be examined within 24 hours of his admission by a qualified evaluator designated by the community services board serving the area where the facility is located. If the 24-hour time period expires on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the 24 hours shall extend to the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. The evaluator shall prepare a report that shall include written findings as to whether:

1. The minor appears to have a mental illness serious enough to warrant inpatient treatment and is reasonably likely to benefit from the treatment;
2. The minor has been provided with a clinically appropriate explanation of the nature and purpose of the treatment; and
3. All available modalities of treatment less restrictive than inpatient treatment have been considered and no less restrictive alternative is available that would offer comparable benefits to the minor.

The qualified evaluator shall submit his report to the juvenile and domestic relations district court for the jurisdiction in which the facility is located.

C. Upon admission of a minor under this section, the facility shall file a petition for judicial approval no sooner than 24 hours and no later than 120 hours after admission with the juvenile and domestic relations district court for the jurisdiction in which the facility is located. To the extent available, the petition shall contain the information required by § [16.1-339.1](#). A copy of this petition shall be delivered to the minor's consenting parent. Upon receipt of the petition and of the evaluator's report submitted pursuant to subsection B, the judge shall appoint a guardian ad litem for the minor and counsel to represent the minor, unless it has been determined that the minor has retained counsel. A copy of the evaluator's report shall be provided to the minor's counsel and guardian ad litem. The court and the guardian ad litem shall review the petition and evaluator's report and shall ascertain the views of the minor, the minor's consenting parent, the evaluator, and the attending psychiatrist. The court shall conduct its review in such place and

manner, including the facility, as it deems to be in the best interests of the minor. Based upon its review and the recommendations of the guardian ad litem, the court shall order one of the following dispositions:

1. If the court finds that the minor does not meet the criteria for admission specified in subsection B, the court shall issue an order directing the facility to release the minor into the custody of the parent who consented to the minor's admission. However, nothing herein shall be deemed to affect the terms and provisions of any valid court order of custody affecting the minor.

2. If the court finds that the minor meets the criteria for admission specified in subsection B, the court shall issue an order authorizing continued hospitalization of the minor for up to 90 days on the basis of the parent's consent.

Within 10 days after the admission of a minor under this section, the director of the facility or the director's designee shall ensure that an individualized plan of treatment has been prepared by the provider responsible for the minor's treatment and has been explained to the parent consenting to the admission and to the minor. A copy of the plan shall also be provided to the guardian ad litem and to counsel for the minor. The minor shall be involved in the preparation of the plan to the maximum feasible extent consistent with his ability to understand and participate, and the minor's family shall be involved to the maximum extent consistent with the minor's treatment needs. The plan shall include a preliminary plan for placement and aftercare upon completion of inpatient treatment and shall include specific behavioral and emotional goals against which the success of treatment may be measured.

3. If the court determines that the available information is insufficient to permit an informed determination regarding whether the minor meets the criteria specified in subsection B, the court shall schedule a commitment hearing that shall be conducted in accordance with the procedures specified in §§ [16.1-341](#) through [16.1-345](#). The minor may be detained in the hospital for up to 120 additional hours pending the holding of the commitment hearing.

D. A minor admitted under this section who rescinds his objection may be retained in the hospital pursuant to § [16.1-338](#).

E. If the parent who consented to a minor's admission under this section revokes his consent at any time, the minor shall be released within 48 hours to the parent's custody unless the minor's continued hospitalization is authorized pursuant to § [16.1-340.1](#) or

[16.1-345](#). If the 48-hour time period expires on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the 48 hours shall extend to the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed.

F. A minor who has been hospitalized while properly detained by a juvenile and domestic relations district court or circuit court shall be returned to the detention home, shelter care, or other facility approved by the Department of Juvenile Justice by the sheriff serving the jurisdiction where the minor was detained within 24 hours following completion of a period of inpatient treatment, unless the court having jurisdiction over the case orders that the minor be released from custody.

**§16.1-339.1. Minors in detention homes or shelter care facilities.**

If a minor admitted to a mental health facility pursuant to this article was in a detention home or a shelter care facility at the time of his admission, the director of the detention home or shelter care facility or his designee shall provide, if available, the charges against the minor that are the basis of the detention and the names and addresses of the minor's parents and the juvenile and domestic relations district court ordering the minor's placement in detention or shelter care to the mental health facility and to the juvenile and domestic relations district court for the jurisdiction in which the mental health facility is located if different from the court ordering the minor's placement in detention or shelter care.

2009, cc. [455](#), [555](#).

**§16.1-340. Emergency custody; issuance and execution of order.**

A. Any magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion, an emergency custody order when he has probable cause to believe that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusionary thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental

illness and is reasonably likely to benefit from the proposed treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § [16.1-337](#). This subsection shall not preclude any other disclosures as required or permitted by law. To the extent possible, the petition shall contain the information required by § [16.1-339.1](#).

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the minor, (3) any past mental health treatment of the minor, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any minor for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether he meets the criteria for temporary detention pursuant to § [16.1-340.1](#) and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board serving the area in which the minor is located who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided

by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the minor subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the minor who is the subject of the emergency custody order was taken into custody or, if the minor has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the minor is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the minor to the facility or location to which the minor is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the minor and others from harm, (ii) is actually capable of providing the level of security necessary to protect the minor and others from harm, and (iii) in cases in which

transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a minor meets the criteria for emergency custody as stated in this section may take that minor into custody and transport that minor to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the minor into custody.

H. A law-enforcement officer who is transporting a minor who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such minor into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the minor has revoked consent to be transported to a facility for the purpose of assessment or evaluation and (ii) based upon his observations, that probable cause exists to believe that the minor meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the minor into custody.

I. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emer-

gency custody order or after the person has been taken into custody pursuant to subsection G or H.

J. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section.

K. The minor shall remain in custody until a temporary detention order is issued, until the minor is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

M. In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the minor is detained in a state facility pursuant to subsection D of § [16.1-340.1](#), the state facility and an employee or designee of the community services board may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor.

N. Payments shall be made pursuant to § [37.2-804](#) to licensed health care providers for medical screening and assessment services provided to minors with mental illnesses while in emergency custody.

O. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

**§16.1-340.1. Involuntary temporary detention; issuance and execution of order.**

A. A magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § [16.1-345.1](#) by

an employee or designee of the local community services board to determine whether the minor meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician, clinical psychologist, clinical social worker, or licensed professional counselor treating the person, that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. The magistrate shall also consider the recommendations of the minor's parents and of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. To the extent possible, the petition shall contain the information required by § [16.1-339.1](#). Any temporary detention order entered pursuant to this section shall be effective until such time as the juvenile and domestic relations district court serving the jurisdiction in which the minor is located conducts a hearing pursuant to subsection B of § [16.1-341](#). Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § [16.1-337](#). This subsection shall not preclude any other disclosures as required or permitted by law.

B. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician, psychologist, clinical social worker, or licensed professional counselor licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

C. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection A if (i) the minor has been personally examined within the previous 72 hours by an employee or designee of the local community services

board or (ii) there is a significant physical, psychological, or medical risk to the minor or to others associated with conducting such evaluation.

D. An employee or designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § [16.1-340.1:1](#) for all minors detained pursuant to this section. An employee or designee of the local community services board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the minor given the specific security, medical, or behavioral health needs of the minor. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary detention, transportation of the minor to the alternative facility of temporary detention shall be provided in accordance with the provisions of § [16.1-340.2](#). The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § [16.1-340.1:1](#), if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § [16.1-340](#), the minor shall be detained in a state facility for the treatment of minors with mental illness and such facility shall be indicated on the temporary detention order. Except for minors who are detained for a criminal offense by a juvenile and domestic relations district court and who require hospitalization in accordance with this article, the minor shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the minor is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection.

E. Any facility caring for a minor placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the minor within its care. The costs incurred as a result of the hearings and by the facility in providing

services during the period of temporary detention shall be paid and recovered pursuant to § [37.2-804](#). The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

F. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the minor. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

G. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § [16.1-342](#), preparation of the preadmission screening report required by § [16.1-340.4](#), and initiation of mental health treatment to stabilize the minor's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 96 hours prior to a hearing. If the 96-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or, if the minor has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed, the minor may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or, if the minor has been admitted to a facility of temporary detention, day or part of a day on which the clerk's office is lawfully closed. The minor may be released, pursuant to § [16.1-340.3](#), before the 96-hour period herein specified has run.

H. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

I. For purposes of this section, a health care provider or an employee or designee of the local community services board shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

J. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the minor should not be subject to a temporary detention order, inform the petitioner and an on-site treating physician of his recommendation.

K. Each community services board shall provide to each juvenile and domestic relations district court and magistrate's office within its service area a list of employees and designees who are available to perform the evaluations required herein.

**§16.1-340.1:1. Facility of temporary detention.**

A. In each case in which an employee or designee of the local community services board is required to make an evaluation of a minor pursuant to subsection B, G, or H of § [16.1-340](#), an employee or designee of the local community services board shall, upon being notified of the need for such evaluation, contact the state facility for the area in which the community services board is located and notify the state facility that the minor will be transported to the facility upon issuance of a temporary detention order if no other facility of temporary detention can be identified by the time of the expiration of the period of emergency custody pursuant to § [16.1-340](#). Upon completion of the evaluation, the employee or designee of the local community services board shall convey to the state facility information about the minor necessary to allow the state facility to determine the services the minor will require upon admission.

B. A state facility may, following the notice in accordance with subsection A, conduct a search for an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor, which may include another state facility if the state facility notified in accordance with subsection A is unable to provide temporary detention and appropriate care for the minor. Under no circumstances shall a state facility fail or refuse to admit a minor who meets the criteria for temporary detention pursuant to § [16.1-340.1](#) unless an alternative facility that is able to provide temporary detention and appropriate care agrees to accept the minor for temporary detention, and the minor shall not during the duration of the temporary detention order be released from custody except for

purposes of transporting the minor to the state facility or alternative facility in accordance with the provisions of § [16.1-340.2](#). If an alternative facility is identified and agrees to accept the minor for temporary detention, the state facility shall notify the community services board, and an employee or designee of the community services board shall designate the alternative facility on the prescreening report.

C. The facility of temporary detention designated in accordance with this section shall be one that has been approved pursuant to regulations of the State Board of Behavioral Health and Developmental Services.

2014, cc. [691](#), [773](#); 2015, cc. [121](#), [309](#).

**§16.1-340.2. Transportation of minor in the temporary detention process.**

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the minor resides to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the minor resides is more than 50 miles from the nearest boundary of the jurisdiction in which the minor is located, the law-enforcement agency of the jurisdiction in which the minor is located shall execute the order and provide transportation.

B. The magistrate issuing the temporary detention order shall specify the law-enforcement agency to execute the order and provide transportation. However, the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the temporary detention order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to

execute the order, to take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order.

In such cases any case in which a magistrate authorizes transportation of a minor subject to a temporary detention order by an alternative transportation provider, a copy of the temporary detention order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the temporary detention facility. The temporary detention facility shall return a copy of the temporary detention order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

The order may include transportation of the minor to such other medical facility as may be necessary to obtain further medical evaluation or treatment prior to placement as required by a physician at the admitting temporary detention facility. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. If an alternative transportation provider providing transportation of a minor who is the subject of a temporary detention order becomes unable to continue providing transportation of the minor at any time after taking custody of the minor, the primary law-enforcement agency for the jurisdiction in which the alternative transportation provider is located at the time he becomes unable to continue providing transportation shall take custody of the minor and shall transport the minor to the facility of temporary detention. In such cases, (i) a copy of the temporary detention order shall accompany the minor being transported and shall be delivered to and returned by the temporary detention facility in accordance with the provisions of subsection B and (ii) if the alternative transportation provider originally authorized to provide transportation is a person other than the minor's parent, the alternative transportation provider shall notify the minor's parent (a) that the primary law-enforcement agency for the jurisdiction in which he is located has taken custody of the minor and is transporting the minor to the facility of temporary detention and (b) of the name of the law-enforcement officer providing transportation of the minor.

D. In cases in which an alternative facility of temporary detention is identified and the law-enforcement agency or alternative transportation provider identified to provide

transportation in accordance with subsection B continues to have custody of the minor, the local law-enforcement agency or alternative transportation provider shall transport the minor to the alternative facility of temporary detention identified by the employee or designee of the local community services board. In cases in which an alternative facility of temporary detention is identified and custody of the minor has been transferred from the law-enforcement agency or alternative transportation provider that provided transportation in accordance with subsection B to the initial facility of temporary detention, the employee or designee of the local community services board shall request, and a magistrate may enter an order specifying, an alternative transportation provider or, if no alternative transportation provider is available, willing, and able to provide transportation in a safe manner, the local law-enforcement agency for the jurisdiction in which the minor resides or, if the nearest boundary of the jurisdiction in which the minor resides is more than 50 miles from the nearest boundary of the jurisdiction in which the minor is located, the law-enforcement agency of the jurisdiction in which the minor is located, to provide transportation.

E. The magistrate may change the transportation provider specified in a temporary detention order at any time prior to the initiation of transportation of a minor who is the subject of a temporary detention order pursuant to this section. If the designated transportation provider is changed by the magistrate at any time after the temporary detention order has been executed but prior to the initiation of transportation, the transportation provider having custody of the minor shall transfer custody of the minor to the transportation provider subsequently specified to provide transportation. For the purposes of this subsection, "transportation provider" includes both a law-enforcement agency and an alternative transportation provider.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

G. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

**§16.1-340.3. Release of minor prior to commitment hearing for involuntary admission.**

Prior to a hearing as authorized in § [16.1-341](#), the judge may release the minor to his parent if it appears from all evidence readily available that the minor does not meet the commitment criteria specified in § [16.1-345](#). The director of any facility in which the minor is detained may release the minor prior to a hearing as authorized in § [16.1-341](#) if it appears, based on an evaluation conducted by the psychiatrist or clinical psychologist treating the minor, that the minor would not meet the commitment criteria specified in § [16.1-345](#) if released.

2010, cc. [778](#), [825](#).

**§16.1-340.4. Involuntary commitment; preadmission screening report.**

The juvenile and domestic relations district court shall require a preadmission screening report from the community services board that serves the area where the minor resides or, if impractical, where the minor is located. The report shall be prepared by an employee or designee of the community services board. The report shall be admitted as evidence of the facts stated therein and shall state (i) whether the minor has mental illness and whether, because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; (ii) whether the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment; (iii) whether inpatient treatment is the least restrictive alternative that meets the minor's needs; and (iv) the recommendations for the minor's placement, care, and treatment including, where appropriate, recommendations for mandatory outpatient treatment. The board shall provide the preadmission screening report to the court prior to the hearing, and the report shall be admitted into evidence and made part of the record of the case.

2010, cc. [778](#), [825](#).

**§16.1-341. Involuntary commitment; petition; hearing scheduled; notice and appointment of counsel.**

A. A petition for the involuntary commitment of a minor may be filed with the juvenile and domestic relations district court serving the jurisdiction in which the minor is located by a parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court. The

petition shall include the name and address of the petitioner and the minor and shall set forth in specific terms why the petitioner believes the minor meets the criteria for involuntary commitment specified in § [16.1-345](#). To the extent available, the petition shall contain the information required by § [16.1-339.1](#). The petition shall be taken under oath.

If a commitment hearing has been scheduled pursuant to subdivision 3 of subsection C of § 16.1-339, the petition for judicial approval filed by the facility under subsection C of § 16.1-339 shall serve as the petition for involuntary commitment as long as such petition complies in substance with the provisions of this subsection.

B. Upon the filing of a petition for involuntary commitment of a minor, the juvenile and domestic relations district court serving the jurisdiction in which the minor is located shall schedule a hearing which shall occur no sooner than 24 hours and no later than 96 hours from the time the petition was filed or from the issuance of the temporary detention order as provided in § [16.1-340.1](#), whichever occurs later, or from the time of the hearing held pursuant to subsection C of § 16.1-339 if the commitment hearing has been conducted pursuant to subdivision C 3 of § 16.1-339. If the 96-hour period expires on a Saturday, Sunday, legal holiday or day on which the court is lawfully closed, the 96 hours shall be extended to the next day that is not a Saturday, Sunday, legal holiday or day on which the court is lawfully closed. The attorney for the minor, the guardian ad litem for the minor, the attorney for the Commonwealth in the jurisdiction giving rise to the detention, and the juvenile and domestic relations district court having jurisdiction over any minor in detention or shelter care shall be given notice prior to the hearing.

If the petition is not dismissed or withdrawn, copies of the petition, together with a notice of the hearing, shall be served immediately upon the minor and the minor's parents, if they are not petitioners, by the sheriffs of the jurisdictions in which the minor and his parents are located. The hearing on the petition may proceed if the court determines that copies of the petition and notice of the hearing have been served on at least one parent and a reasonable effort has been made to serve such copies on both parents. No later than 24 hours before the hearing, the court shall appoint a guardian ad litem for the minor and counsel to represent the minor, unless it has determined that the minor has retained counsel. Upon the request of the minor's counsel, for good cause shown, and after notice to the petitioner and all other persons receiving notice of the hearing, the court may continue the hearing once for a period not to exceed 96 hours.

Any recommendation made by a state mental health facility or state hospital regarding the minor's involuntary commitment may be admissible during the course of the hearing.

**§16.1-342. Involuntary commitment; clinical evaluation.**

A. Upon the filing of a petition for involuntary commitment, the juvenile and domestic relations district court shall direct the community services board serving the area in which the minor is located to arrange for an evaluation by a qualified evaluator, if one has not already been performed pursuant to subsection B of § [16.1-339](#). All such evaluations shall be conducted in private. In conducting a clinical evaluation of a minor in detention or shelter care, if the evaluator finds, irrespective of the fact that the minor has been detained, that the minor meets the criteria for involuntary commitment in § [16.1-345](#), the evaluator shall recommend that the minor meets the criteria for involuntary commitment. The petitioner, all public agencies, and all providers or programs which have treated or who are treating the minor, shall cooperate with the evaluator and shall promptly deliver, upon request and without charge, all records of treatment or education of the minor. At least 24 hours before the scheduled hearing, the evaluator shall submit to the court a written report which includes the evaluator's opinion regarding whether the minor meets the criteria for involuntary commitment specified in § [16.1-345](#). A copy of the evaluator's report shall be provided to the minor's guardian ad litem and to the minor's counsel. The evaluator, if not physically present at the hearing, shall be available for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § [16.1-345.1](#). When the qualified evaluator attends the hearing in person or by electronic communication, he shall not be excluded from the hearing pursuant to an order of sequestration of witnesses.

B. Any evaluation conducted pursuant to this section shall be a comprehensive evaluation of the minor conducted in-person or, if that is not practicable, by a two-way electronic video and audio communication system as authorized in § [16.1-345.1](#). Translation or interpreter services shall be provided during the evaluation where necessary. The examination shall consist of (i) a clinical assessment that includes a mental status examination; determination of current use of psychotropic and other medications; a medical and psychiatric history; a substance use, abuse, or dependency determination; and a determination of the likelihood that, because of mental illness, the minor is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusory thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; (ii) a substance abuse

screening, when indicated; (iii) a risk assessment that includes an evaluation of the likelihood that, because of mental illness, the minor presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats; (iv) for a minor 14 years of age or older, an assessment of the minor's capacity to consent to treatment, including his ability to maintain and communicate choice, understand relevant information, and comprehend the situation and its consequences; (v) if prior to the examination the minor has been temporarily detained pursuant to this article, a review of the temporary detention facility's records for the minor, including the treating physician's evaluation, any collateral information, reports of any laboratory or toxicology tests conducted, and all admission forms and nurses' notes; (vi) a discussion of treatment preferences expressed by the minor or his parents or contained in a document provided by the minor or his parents in support of recovery; (vii) an assessment of alternatives to involuntary inpatient treatment; and (viii) recommendations for the placement, care, and treatment of the minor.

**§16.1-343. Involuntary commitment; duties of attorney for the minor.**

As far in advance as practicable after an attorney is appointed to represent a minor under this article, the minor's attorney shall interview the minor; the minor's parent, if available; the petitioner; and the qualified evaluator. He shall interview all other material witnesses, and examine all relevant diagnostic and other reports.

Any state or local agency, department, authority or institution and any school, hospital, physician or other health or mental health care provider shall permit the attorney appointed pursuant to this article to inspect and copy, without the consent of the minor or his parents, any records relating to the minor whom the attorney represents.

The obligation of the minor's attorney during the hearing or appeal is to interview witnesses, obtain independent experts when possible, cross-examine adverse witnesses, present witnesses on behalf of the minor, articulate the wishes of the minor, and otherwise fully represent the minor in the proceeding. Counsel appointed by the court shall be compensated in an amount not to exceed \$100.

1990, c. 975; 1993, c. 344; 2004, cc. [66](#), [1014](#); 2008, c. [807](#); 2010, cc. [778](#), [825](#).

**§16.1-344. Involuntary commitment; hearing.**

A. The court shall summon to the hearing all material witnesses requested by either the minor or the petitioner. All testimony shall be under oath. The rules of evidence shall

apply. The petitioner, minor and, with leave of court for good cause shown, any other person shall be given the opportunity to present evidence and cross-examine witnesses. The hearing shall be closed to the public unless the minor and petitioner request that it be open.

B. At the commencement of the hearing involving a minor 14 years of age or older, the court shall inform the minor whose involuntary commitment is being sought of his right to be voluntarily admitted for inpatient treatment as provided for in § [16.1-338](#) and shall afford the minor an opportunity for voluntary admission, provided that the minor's parent consents to such voluntary admission. The court shall advise the minor whose involuntary commitment is being sought that if the minor chooses to be voluntarily admitted pursuant to § [16.1-338](#), such minor will be prohibited from possessing, purchasing, or transporting a firearm pursuant to § [18.2-308.1:3](#). In determining whether a minor is capable of consenting to voluntary admission, the court may consider evidence regarding the minor's past compliance or noncompliance with treatment.

C. An employee or a designee of the community services board that arranged for the evaluation of the minor shall attend the hearing in person or, if physical attendance is not practicable, shall participate in the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § [16.1-345.1](#). If (i) the minor does not reside in the jurisdiction served by the juvenile and domestic relations district court that conducts the hearing and (ii) the minor is being considered for mandatory outpatient treatment pursuant to § [16.1-345.2](#), an employee or designee of the community services board serving the area where the minor resides shall also attend the hearing in person or, if physical attendance is not practicable, shall participate in the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § [16.1-345.1](#). The employee or designee of the community services board serving the area where the minor resides may, instead of attending the hearing, make arrangements with the community services board that arranged for the evaluation of the minor to present on its behalf the recommendations for a specific course of treatment and programs for the provision of mandatory outpatient treatment required by subsection C of § [16.1-345.2](#) and the initial mandatory outpatient treatment plan required by subsection D of § [16.1-345.2](#). When a community services board attends the hearing on behalf of the community services board serving the area where the minor resides, the attending community services board shall inform the community services board serving the area where the minor resides of the disposition of the matter upon the conclusion of the hearing. In addition, the attending community services board shall transmit the disposition through

certified mail, personal delivery, facsimile with return receipt acknowledged, or other electronic means to the community services board serving the area where the minor resides. Any employee or designee of the community services board attending or participating in the hearing shall not be excluded from the hearing pursuant to an order of sequestration of witnesses.

At least 12 hours prior to the hearing, the court shall provide the time and location of the hearing to the community services board that arranged for the evaluation of the minor. If the community services board will be present by telephonic means, the court shall provide the telephone number to the board.

1990, c. 975; 1992, c. 539; 2009, cc. [455](#), [555](#); 2010, cc. [778](#), [825](#); 2018, c. [846](#).

**§16.1-345. Involuntary commitment; criteria.**

After observing the minor and considering (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any qualified evaluator's report, (v) any medical records available, (vi) the preadmission screening report, and (vii) any other evidence that may have been admitted, the court shall order the involuntary commitment of the minor to a mental health facility for treatment for a period not to exceed 90 days if it finds, by clear and convincing evidence, that:

1. Because of mental illness, the minor (i) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats or (ii) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusionary thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control;
2. The minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment; and
3. If the court finds that inpatient treatment is not the least restrictive treatment, the court shall consider entering an order for mandatory outpatient treatment pursuant to § [16.1-345.2](#).

Upon the expiration of an order for involuntary commitment, the minor shall be released unless he is involuntarily admitted by further petition and order of a court, which shall be for a period not to exceed 90 days from the date of the subsequent court order, or the minor or his parent rescinds the objection to inpatient treatment and consents to

admission pursuant to § [16.1-338](#) or subsection D of § [16.1-339](#) or the minor is ordered to mandatory outpatient treatment pursuant to § [16.1-345.2](#).

A minor who has been hospitalized while properly detained by a juvenile and domestic relations district court shall be returned to the detention home, shelter care, or other facility approved by the Department of Juvenile Justice by the sheriff serving the jurisdiction where the minor was detained within 24 hours following completion of a period of inpatient treatment, unless the court having jurisdiction over the case orders that the minor be released from custody. However, such a minor shall not be eligible for mandatory outpatient treatment.

In conducting an evaluation of a minor who has been properly detained, if the evaluator finds, irrespective of the fact that the minor has been detained, that the minor meets the criteria for involuntary commitment in this section, the evaluator shall recommend that the minor meets the criteria for involuntary commitment.

If the parent or parents with whom the minor resides are not willing to approve the proposed commitment, the court shall order inpatient treatment only if it finds, in addition to the criteria specified in this section, that such treatment is necessary to protect the minor's life, health, safety, or normal development. If a special justice believes that issuance of a removal order or protective order may be in the child's best interest, the special justice shall report the matter to the local department of social services for the county or city where the minor resides.

Upon finding that the best interests of the minor so require, the court may enter an order directing either or both of the minor's parents to comply with reasonable conditions relating to the minor's treatment.

If the minor is committed to inpatient treatment, such placement shall be in a mental health facility for inpatient treatment designated by the community services board which serves the political subdivision in which the minor was evaluated pursuant to § [16.1-342](#). If the community services board does not provide a placement recommendation at the hearing, the minor shall be placed in a mental health facility designated by the Commissioner of Behavioral Health and Developmental Services.

When a minor has been involuntarily committed pursuant to this section, the judge shall determine, after consideration of information provided by the minor's treating mental health professional and any involved community services board staff regarding the minor's dangerousness, whether transportation shall be provided by the sheriff or may

be provided by an alternative transportation provider, including a parent, family member, or friend of the minor, a representative of the community services board, a representative of the facility at which the minor was detained pursuant to a temporary detention order, or other alternative transportation provider with personnel trained to provide transportation in a safe manner. If the judge determines that transportation may be provided by an alternative transportation provider, the judge may consult with the proposed alternative transportation provider either in person or via two-way electronic video and audio or telephone communication system to determine whether the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. If the judge finds that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner, the judge may order transportation by the proposed alternative transportation provider. In all other cases, the judge shall order transportation by the sheriff of the jurisdiction where the minor is a resident unless the sheriff's office of that jurisdiction is located more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place. In cases where the sheriff of the jurisdiction in which the minor is a resident is more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place, it shall be the responsibility of the sheriff of the latter jurisdiction to transport the minor.

If the judge determines that the minor requires transportation by the sheriff, the sheriff, as specified in this section shall transport the minor to the proper facility. In no event shall transport commence later than six hours after notification to the sheriff or alternative transportation provider of the judge's order.

If an alternative transportation provider providing transportation of a minor becomes unable to continue providing transportation of the minor at any time after taking custody of the minor, the primary law-enforcement agency for the jurisdiction in which the alternative transportation provider is located at the time he becomes unable to continue providing transportation shall take custody of the minor and shall transport the minor to the proper facility. In such cases, if the alternative transportation provider originally authorized to provide transportation is a person other than the minor's parent, the alternative transportation provider shall notify the minor's parent (a) that the primary law-enforcement agency for the jurisdiction in which he is located has taken custody of the minor and is transporting the minor to the facility of temporary detention and (b) of the name of the law-enforcement officer providing transportation of the minor.

No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

#### **§16.1-345.1. Use of electronic communication.**

A. Petitions and orders for emergency custody, temporary detention, and involuntary commitment of minors pursuant to this article may be filed, issued, served, or executed by electronic means, with or without the use of two-way electronic video and audio communication, and returned in the same manner with the same force, effect, and authority as an original document. All signatures thereon shall be treated as original signatures.

B. Any judge may conduct proceedings pursuant to this article using any two-way electronic video and audio communication system to provide for the appearance of any parties and witnesses. Any two-way electronic video and audio communication system used to conduct a proceeding shall meet the standards set forth in subsection B of § [19.2-3.1](#). When a witness whose testimony would be helpful to the conduct of the proceeding is not able to be physically present, his testimony may be received using a telephonic communication system.

#### **§16.1-345.2. Mandatory outpatient treatment; criteria; orders.**

A. After observing the minor and considering (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any evaluation of the minor, (v) any medical records available, (vi) the preadmission screening report, and (vii) any other relevant evidence that may have been admitted, the court shall order that the minor be admitted involuntarily to mandatory outpatient treatment for a period not to exceed 90 days if it finds, by clear and convincing evidence, that:

1. Because of mental illness, the minor (i) presents a serious danger to himself or others to the extent that severe or irreparable injury is likely to result, as evidenced by recent acts or threats or (ii) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusionary thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control;

2. The minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment;
3. Less restrictive alternatives to involuntary inpatient treatment that would offer an opportunity for improvement of his condition have been investigated and are determined to be appropriate;
4. The minor, if 14 years of age or older, and his parents (i) have sufficient capacity to understand the stipulations of the minor's treatment, (ii) have expressed an interest in the minor's living in the community and have agreed to abide by the minor's treatment plan, and (iii) are deemed to have the capacity to comply with the treatment plan and understand and adhere to conditions and requirements of the treatment and services; and
5. The ordered treatment can be delivered on an outpatient basis by the community services board or a designated provider.

Less restrictive alternatives shall not be determined to be appropriate unless the services are actually available in the community and providers of the services have actually agreed to deliver the services.

B. Mandatory outpatient treatment may include day treatment in a hospital, night treatment in a hospital, or other appropriate course of treatment as may be necessary to meet the needs of the minor. The community services board serving the area in which the minor resides shall recommend a specific course of treatment and programs for the provision of mandatory outpatient treatment. Upon expiration of an order for mandatory outpatient treatment, the minor shall be released from the requirements of the order unless the order is continued in accordance with § [16.1-345.5](#).

C. Any order for mandatory outpatient treatment shall include an initial mandatory outpatient treatment plan developed by the community services board serving the area in which the minor resides. The plan shall, at a minimum, (i) identify the specific services to be provided, (ii) identify the provider who has agreed to provide each service, (iii) describe the arrangements made for the initial in-person appointment or contact with each service provider, and (iv) include any other relevant information that may be available regarding the mandatory outpatient treatment ordered. The order shall require the community services board to monitor the implementation of the mandatory outpatient treatment plan and report any material noncompliance to the court.

D. No later than five business days after an order for mandatory outpatient treatment has been entered pursuant to this section, the community services board that is responsible

for monitoring compliance with the order shall file a comprehensive mandatory outpatient treatment plan. The comprehensive mandatory outpatient treatment plan shall (i) identify the specific type, amount, duration, and frequency of each service to be provided to the minor, (ii) identify the provider that has agreed to provide each service included in the plan, (iii) certify that the services are the most appropriate and least restrictive treatment available for the minor, (iv) certify that each provider has complied and continues to comply with applicable provisions of the Department of Behavioral Health and Developmental Services' licensing regulations, (v) be developed with the fullest involvement and participation of the minor and his parents and reflect their preferences to the greatest extent possible to support the minor's recovery and self-determination, (vi) specify the particular conditions with which the minor shall be required to comply, and (vii) describe how the community services board shall monitor the minor's compliance with the plan and report any material noncompliance with the plan. The minor shall be involved in the preparation of the plan to the maximum feasible extent consistent with his ability to understand and participate, and the minor's family shall be involved to the maximum extent consistent with the minor's treatment needs. The community services board shall submit the comprehensive mandatory outpatient treatment plan to the court for approval. Upon approval by the court, the comprehensive mandatory outpatient treatment plan shall be filed with the court and incorporated into the order of mandatory outpatient treatment. Any subsequent substantive modifications to the plan shall be filed with the court for review and attached to any order for mandatory outpatient treatment.

E. If the community services board responsible for developing the comprehensive mandatory outpatient treatment plan determines that the services necessary for the treatment of the minor's mental illness are not available or cannot be provided to the minor in accordance with the order for mandatory outpatient treatment, it shall notify the court within five business days of the entry of the order for mandatory outpatient treatment. Within five business days of receiving such notice, the judge, after notice to the minor, the minor's attorney, and the community services board responsible for developing the comprehensive mandatory outpatient treatment plan, shall hold a hearing pursuant to [§ 16.1-345.4](#).

F. Upon entry of any order for mandatory outpatient treatment, the clerk of the court shall provide a copy of the order to the minor who is the subject of the order, his parents, his attorney, his guardian ad litem, and the community services board required to monitor his compliance with the plan. The community services board shall acknowledge receipt

of the order to the clerk of the court on a form established by the Office of the Executive Secretary of the Supreme Court and provided by the court for this purpose.

G. After entry of any order for mandatory outpatient treatment if the court that entered the order is not the juvenile and domestic relations district court for the jurisdiction in which the minor resides, it shall transfer jurisdiction of the case to the court where the minor resides.

2009, cc. [455](#), [555](#); 2010, cc. [778](#), [825](#).

**§16.1-345.3. Monitoring mandatory outpatient treatment; motion for review.**

A. The community services board where the minor resides shall monitor the minor's compliance with the mandatory outpatient treatment plan ordered by the court pursuant to § [16.1-345.2](#). Monitoring compliance shall include (i) contacting the service providers to determine if the minor is complying with the mandatory outpatient treatment order and (ii) notifying the court of the minor's material noncompliance with the mandatory outpatient treatment order. Providers of services identified in the plan shall report any material non-compliance to the community services board.

B. If the community services board determines that the minor materially failed to comply with the order, it shall file with the juvenile and domestic relations district court for the jurisdiction in which the minor resides a motion for review of the mandatory outpatient treatment order as provided in § [16.1-345.4](#). The community services board shall file the motion for review of the mandatory outpatient treatment order within three business days of making that determination, or within 24 hours if the minor is being detained under a temporary detention order, and shall recommend an appropriate disposition. Copies of the motion for review shall be sent to the minor, his parents, his attorney, and his guardian ad litem.

C. If the community services board determines that the minor is not materially complying with the mandatory outpatient treatment order or for any other reason, and that because of mental illness, the minor (i) presents a serious danger to himself or others to the extent that severe or irreparable injury is likely to result, as evidenced by recent acts or threats or (ii) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control, it shall immediately request that the magistrate issue an emergency custody order pursuant to § [16.1-340](#) or a temporary detention order pursuant to § [16.1-340.1](#).

D. If the community services board determines at any time prior to the expiration of the mandatory outpatient treatment order that the minor has complied with the order and that continued mandatory outpatient treatment is no longer necessary, it shall file a motion to review the order with the juvenile and domestic relations district court for the jurisdiction in which the minor resides. The court shall schedule a hearing and provide notice of the hearing in accordance with subsection A of § [16.1-345.4](#).

2009, cc. [455](#), [555](#); 2010, cc. [778](#), [825](#).

**§16.1-345.4. Court review of mandatory outpatient treatment plan.**

A. The juvenile and domestic relations district court judge shall hold a hearing within 15 days after receiving the motion for review of the mandatory outpatient treatment plan; however, if the fifteenth day is a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the hearing shall be held on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. If the minor is being detained under a temporary detention order, the hearing shall be scheduled within the same time frame provided for a commitment hearing under § [16.1-341](#). The clerk shall provide notice of the hearing to the minor, his parents, the community services board, all treatment providers listed in the comprehensive mandatory outpatient treatment order, and the original petitioner for the minor's involuntary treatment. If the minor is not represented by counsel, the judge shall appoint an attorney to represent the minor in this hearing and any subsequent hearings under § [16.1-345.5](#), giving consideration to appointing the attorney who represented the minor at the proceeding that resulted in the issuance of the mandatory outpatient treatment order. The judge shall also appoint a guardian ad litem for the minor. The community services board shall offer to arrange the minor's transportation to the hearing if the minor is not detained and has no other source of transportation.

B. If requested by the minor's parents, the community services board, a treatment provider listed in the comprehensive mandatory outpatient treatment plan, or the original petitioner for the minor's involuntary treatment, the juvenile and domestic relations district court judge may order an evaluation and appoint a qualified evaluator in accordance with § [16.1-342](#) who shall personally examine the minor and certify to the court whether or not he has probable cause to believe that the minor meets the criteria for involuntary inpatient treatment or mandatory outpatient treatment as specified in § [16.1-345](#) and subsection A of § [16.1-345.2](#). The evaluator's report may be admitted into evidence without the appearance of the evaluator at the hearing if not objected to by the minor or his

attorney. If the minor is not detained in an inpatient facility, the community services board shall arrange for the minor to be examined at a convenient location and time. The community services board shall offer to arrange for the minor's transportation to the examination, if the minor has no other source of transportation. If the minor refuses or fails to appear, the community services board shall notify the court, and the court shall issue a mandatory examination order and a civil show cause summons. The return date for the civil show cause summons shall be set on a date prior to the review hearing scheduled pursuant to subsection A, and the examination of the minor shall be conducted immediately after the hearing thereon, but in no event shall the period for the examination exceed eight hours.

C. If the minor fails to appear for the hearing, the juvenile and domestic relations district court judge shall, after consideration of any evidence from the minor, from his parents, from the community services board, or from any treatment provider identified in the mandatory outpatient treatment plan regarding why the minor failed to appear at the hearing, either (i) reschedule the hearing pursuant to subsection A, (ii) issue an emergency custody order pursuant to § [16.1-340](#), or (iii) issue a temporary detention order pursuant to § [16.1-340.1](#).

D. After hearing the evidence regarding the minor's material noncompliance with the mandatory outpatient treatment order and the minor's current condition, and any other relevant information referenced in § [16.1-345](#) and subsection A of § [16.1-345.2](#), the juvenile and domestic relations district court judge may make one of the following dispositions:

1. Upon finding by clear and convincing evidence that the minor meets the criteria for involuntary admission and treatment specified in § [16.1-345](#), the judge shall order the minor's involuntary admission to a facility designated by the community services board for a period of treatment not to exceed 30 days;
2. Upon finding that the minor continues to meet the criteria for mandatory outpatient treatment specified in subsection A of § [16.1-345.2](#), and that a continued period of mandatory outpatient treatment appears warranted, the judge may renew the order for mandatory outpatient treatment, making any necessary modifications that are acceptable to the community services board or treatment provider responsible for the minor's treatment. In determining the appropriateness of outpatient treatment, the court may consider the minor's material noncompliance with the previous mandatory treatment order; or

3. Upon finding that neither of the above dispositions is appropriate, the judge may rescind the order for mandatory outpatient treatment.

Upon entry of an order for involuntary inpatient admission, transportation shall be provided in accordance with § [16.1-345](#).

E. For the purposes of this section, "juvenile and domestic relations district court judge" shall not include a special justice as authorized by § [37.2-803](#).

2009, cc. [455](#), [555](#); 2010, cc. [778](#), [825](#); 2014, cc. [691](#), [761](#).

**§16.1-345.5. Continuation of mandatory outpatient treatment order.**

A. At any time within 30 days prior to the expiration of a mandatory outpatient treatment order, the community services board that is required to monitor the minor's compliance with the order may file with the juvenile and domestic relations district court for the jurisdiction in which the minor resides a motion for review to continue the order for a period not to exceed 90 days.

B. The court shall grant the motion for review and enter an appropriate order without further hearing if it is joined by (i) the minor's parents and the minor if he is 14 years of age or older, or (ii) the minor's parents if the minor is younger than 14 years of age. If the minor's parents and the minor, if necessary, do not join the motion, the court shall schedule a hearing and provide notice of the hearing in accordance with subsection A of § [16.1-345.4](#).

C. Upon receipt of the motion for review, the court shall appoint a qualified evaluator who shall personally examine the minor pursuant to § [16.1-342](#). The community services board required to monitor the minor's compliance with the mandatory outpatient treatment order shall provide a preadmission screening report as required in § [16.1-340.4](#).

D. After observing the minor, reviewing the preadmission screening report, and considering the appointed qualified evaluator's report and any other relevant evidence referenced in § [16.1-345](#) and subsection A of § [16.1-345.2](#), the court may make one of the dispositions specified in subsection D of § [16.1-345.4](#). If the court finds that a continued period of mandatory outpatient treatment is warranted, it may continue the order for a period not to exceed 90 days. Any order of mandatory outpatient treatment that is in effect at the time a motion for review for the continuation of the order is filed shall remain in effect until the court enters a subsequent order in the case.

E. For the purposes of this section, the "court" shall not include a special justice as authorized in § [37.2-803](#).

2009, cc. [455](#), [555](#); 2010, cc. [778](#), [825](#).

**§16.1-345.6. Appeal of final order.**

A. The minor shall have the right to appeal any final order committing the minor or ordering the minor to mandatory outpatient treatment to the circuit court in the jurisdiction where the minor was committed, hospitalized pursuant to the commitment order, or ordered to mandatory outpatient treatment. Venue shall be in the circuit court having jurisdiction within the territory of the court that issued the final order. The circuit court may transfer the case upon a finding that another forum is more convenient. The appeal shall be heard de novo by the circuit court in accordance with the provisions set forth in this article. Any order of the circuit court shall not extend the period of commitment or mandatory outpatient treatment set forth in the order appealed from.

B. Notice of an appeal shall be filed within 10 days from the date of the order. The appeal shall be given priority over all other pending matters before the circuit court and heard as soon as possible, notwithstanding § [19.2-241](#) regarding the time within which the court shall set criminal cases for trial. A petition for or the pendency of an appeal shall not suspend any order unless so ordered by the court, however a minor may be released after a petition for or during the pendency of an appeal pursuant to subsection B of § [16.1-346](#). The clerk of the court from which the appeal is taken shall immediately transmit the record to the clerk of the appellate court. The clerk of the circuit court shall provide written notification of the appeal to the person who initiated the petition under this article in accordance with procedures set forth in § [16.1-112](#).

C. The juvenile and domestic relations district court shall appoint an attorney and a guardian ad litem to represent any minor desiring to appeal who is not already represented.

2010, cc. [778](#), [825](#).

**§16.1-346. Treatment plans; periodic review of status.**

A. Within 10 days of commitment ordered under § [16.1-345](#), the director of the facility to which the minor was committed shall ensure that an individualized plan of treatment has been prepared by the provider responsible for the minor's treatment and, if applicable, has been communicated to the parent. The minor shall be involved in the preparation of the plan to the maximum feasible extent consistent with his ability to understand and participate, and the minor's family shall be involved to the maximum extent consistent with the minor's treatment needs. The plan shall include a preliminary plan for placement and aftercare upon completion of inpatient treatment and shall include specific behavioral

and emotional goals against which the success of treatment may be measured. A copy of the plan shall be provided to the minor, his parents, and, upon request, to his attorney and his guardian ad litem.

B. A minor committed to inpatient treatment shall be discharged from the facility when he no longer meets the commitment criteria as determined by appropriate hospital medical staff review.

1990, c. 975; 1991, c. 159; 2010, cc. [778](#), [825](#).

#### **§16.1-346.1. Discharge plan.**

Prior to discharge of any minor admitted to inpatient treatment, including a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, a discharge plan shall be formulated, provided and explained to the minor, and copies thereof shall be sent (i) to the minor's parents or (ii) if the minor is in the custody of the local department of social services, to the department's director or the director's designee or (iii) to the minor's parents and (a) if the juvenile is to be housed in a detention home upon discharge, to the court in which the petition has been filed and the facility superintendent, or (b) if the minor is in custody of the local department of social services, to the department. A copy of the plan shall also be provided, upon request, to the minor's attorney and guardian ad litem. If the minor was admitted to a state facility, the discharge plan shall be contained in a uniform discharge document developed by the Department of Behavioral Health and Developmental Services. The plan shall, at a minimum, (i) specify the services required by the released minor in the community to meet his needs for treatment, housing, nutrition, physical care, and safety; (ii) specify any income subsidies for which the minor is eligible; (iii) identify all local and state agencies which will be involved in providing treatment and support to the minor; and (iv) specify services which would be appropriate for the minor's treatment and support in the community but which are currently unavailable. A minor in detention or shelter care prior to admission to inpatient treatment shall be returned to the detention home, shelter care, or other facility approved by the Department of Juvenile Justice within 24 hours by the sheriff serving the jurisdiction where the minor was detained upon release from the treating facility, unless the juvenile and domestic relations district court having jurisdiction over the case has provided written authorization for release of the minor, prior to the scheduled date of release.

**§16.1-349. Definitions.**

"Attending physician" means the physician who has primary responsibility for the treatment and care of a qualified parent.

"Designation" means a writing which (i) is voluntarily executed in conformance with the requirements of § [16.1-351](#) and signed by a parent and (ii) names a person to act as standby guardian.

"Determination of debilitation" means a written determination made by an attending physician that a qualified parent is chronically and substantially unable to care for a minor child as a result of a debilitating illness, disease or injury. Such a determination shall include the physician's medical opinion to a reasonable degree of medical certainty, regarding the nature, cause, extent and probable duration of the parent's debilitating condition.

"Determination of incompetence" means a written determination made by the attending physician that to a reasonable degree of medical certainty a qualified parent is chronically and substantially unable to understand the nature and consequences of decisions concerning the care of a minor child as a result of a mental or organic impairment and is consequently unable to care for the child. Such a determination shall include the physician's medical opinion, to a reasonable degree of medical certainty, regarding the nature, cause, extent and probable duration of the parent's incompetence.

"Parent" means a genetic or adoptive parent or parent determined in accordance with the standards set forth in § [20-49.1](#) or § [20-158](#), and includes a person, other than a parent, who has physical custody of a child and who has either been awarded custody by a court or claims a right to custody.

"Qualified parent" means a parent who has (i) been diagnosed, as evidenced in writing, by a licensed physician to be afflicted with a progressive or chronic condition caused by injury, disease or illness from which, to a reasonable degree of medical probability, the patient cannot recover or (ii) reason to anticipate possible detention, incarceration, or deportation connected to an immigration action.

"Standby guardian" means a person who, in accordance with this article, is designated in writing or approved by the court to temporarily assume the duties of guardian of the person or guardian of the property, or both, of a minor child on behalf of or in conjunction with a qualified parent upon the occurrence of a triggering event. The term shall be so construed as to enable the parent to plan for the future care of a child, without terminating parental or legal rights, and to give the standby guardian the authority to act in a manner consistent with the known wishes of a qualified parent regarding the care, custody and support of the minor child.

"Triggering event" means the event upon the occurrence of which the standby guardian may be authorized to act. The triggering event shall be specified in the court order or written designation and shall be the earlier of a determination of incompetence or the death of the qualified parent. However, in the case of a standby guardian judicially approved pursuant to § [16.1-350](#), the triggering event may also be specified as the qualified parent's written consent to the commencement of the standby guardian's authority. In the case of a standby guardian designated pursuant to § [16.1-351](#) or [16.1-352](#), the triggering event may also be specified as (i) a determination of debilitation of the qualified parent or evidence of the detention, incarceration, or deportation of the qualified parent connected to an immigration action or (ii) that parent's written consent to the commencement of the designated standby guardian's authority.

1998, c. [829](#); 2021, Sp. Sess. I, c. [241](#).

**§16.1-350. Petition for court approval of standby guardian.**

A. Upon petition of any person, the juvenile court of the jurisdiction in which a child resides may approve a person as standby guardian for a child of a qualified parent upon the occurrence of a specified triggering event. If requested in the petition, the court may also approve an alternate standby guardian identified by the petitioner, to act in the event that at any time after approval pursuant to this section the standby guardian is unable or unwilling to assume the responsibilities of the standby guardianship.

B. The petition shall state:

1. The name and address of the petitioner and his relationship to the child and the name and address of the child's qualified parent, and the name and address of any other parent of the child whose identity and whereabouts are known to the petitioner or can reasonably be ascertained;
2. The name, address and birthdate of the child;
3. The nature of the proposed triggering event, including when a qualified parent's consent would be effective in those cases where such consent is chosen as the triggering event;
4. Whether a determination of incompetence or debilitation has been made and, if so, when and by whom;
5. Whether there is a significant risk that the qualified parent will imminently become physically or mentally incapable of caring for the child or die as the result of a progressive chronic condition or illness, or be detained, incarcerated, or deported in connection with an immigration action; however, a petitioner shall not be required to submit documentation of a parent's medical or immigration status with the petition;
6. The name and address of the person proposed as standby guardian and any alternate and whether the petition requests that such person be given authority as a guardian of the person or guardian of the property of the minor, or both;
7. A statement of any known reasons as to why the child's other parent is not assuming or should not assume the responsibilities of a standby guardian;
8. Whether there is any prior judicial history regarding custody of the child or any pending litigation regarding custody of the child; and
9. The name and address of the attending physician.

C. Upon the filing of a petition, notice of the filing shall promptly be given to each parent of the child whose identity and whereabouts are known to the petitioner. The court shall direct the issuance of summonses to the child, if the child is 12 or more years of age and the proposed standby guardian and alternate, if any, and such other persons as appear to the court to be proper or necessary parties to the proceedings including the child's parents, guardian, legal custodian or other person standing in loco parentis, if the identity and whereabouts of such persons are known. Service of the summons shall be made pursuant to § [16.1-264](#).

An order approving the standby guardian shall not be entered without a hearing if there is another known parent, stepparents, adult siblings, or other adult related to the child by blood, marriage, or adoption who requests a hearing within 10 days of the date that notice of the filing was sent or if there is other litigation pending regarding custody of the child.

Prior to any hearing on the petition, the court may appoint a discreet and competent attorney at law as guardian ad litem to represent the child pursuant to § [16.1-266.1](#). In the case of a petition filed by anyone other than a parent of the child, the court shall appoint a guardian ad litem. The qualified parent shall not be required to appear in court if the parent is medically unable to appear, except upon motion for good cause shown.

1998, c. [829](#); 2021, Sp. Sess. I, c. [241](#).

**§16.1-351. Court order approving standby guardianship; authority; when effective.**

Upon consideration of the factors set out in § [20-124.3](#) and finding that (i) the child's parent is a qualified parent and (ii) appointment of a standby guardian is in the best interest of the child, the court shall appoint a proper and suitable person as standby guardian and, if requested, a proper and suitable person as alternate standby guardian. However, when a petition is filed by a person other than a parent having custody of the child, the standby guardian shall be appointed only with the consent of the qualified parent unless the court finds that such consent cannot be given for medical reasons.

The order shall specify the triggering event and shall provide that the authority of the standby guardian is effective (a) upon receipt by the standby guardian of (1) a determination of incompetence of the parent, (2) a certificate of death of the parent, (3) evidence of the detention, incarceration, or deportation of the parent connected to an immigration action, or (4) the earlier of clause (1), (2), or (3) or (b) if so requested in the petition, upon receipt by the standby guardian of a written consent of the qualified parent and filing of the consent with the court. The written consent shall be executed after the entry of the court order and signed by the qualified parent, or by another in his presence and on his behalf.

As soon as practicable after entry of the order, a copy shall be served on the standby guardian.

A standby guardian shall have the powers and duties of a guardian of the person and a guardian of the property of a minor, unless otherwise specified in the order.

The standby guardian shall file with the court, as soon as practicable but in no event later than 30 days following a parent's death, determination of incompetence, consent, or detention, incarceration, or deportation connected to an immigration action, a copy of the certificate of death, determination of incompetence, consent, or evidence of such detention, incarceration, or deportation of the qualified parent upon which his authority is based. Failure to file within the time specified shall be grounds for the court to rescind the authority of the standby guardian sua sponte or upon petition of any person but all acts undertaken by the standby guardian on behalf of and in the interests of the child shall be valid and enforceable.

1998, c. [829](#); 2021, Sp. Sess. I, c. [241](#).

**§16.1-352. Written designation of a standby guardian by a parent; commencement of authority; court approval required.**

A. A parent may execute a written designation of a standby guardian at any time. The written designation shall state:

1. The name, address and birthdate of the child affected;
2. The triggering event; and
3. The name and address of the person designated as standby guardian or alternate.

The written designation shall be signed by the parent. Another adult may sign the written designation on behalf of the parent if the parent is physically unable to do so, provided the designation is signed at the express request of the parent and in the presence of the parent. The designated standby guardian or alternate may not sign on behalf of the parent. The signed designation shall be delivered to the standby guardian and any alternate named as soon as practicable.

B. Following such delivery of the designation, the authority of a standby guardian to act for a qualified parent shall commence upon the occurrence of the specified triggering event and receipt by him of (i) a determination of incompetence; (ii) a certificate of death of the parent; (iii) evidence of the detention, incarceration, or deportation of the parent connected to an immigration action; or (iv) a determination of debilitation and the qualified parent's written consent to such commencement, signed by the parent or another on his behalf and at his direction as provided in subsection A for the designation.

C. A standby guardian under a designation shall have the authority of a guardian of the person and a guardian of the property of the child, unless otherwise specified in the designation.

D. A designated standby guardian or alternate shall file a petition for approval as standby guardian. The petition shall be filed as soon as practicable after the occurrence of the triggering event but in no event later than 30 days after the date of the commencement of his authority. The authority of the standby guardian shall cease upon his failure to so file, but shall recommence upon such filing. The petition shall be accompanied by a copy of the designation and any determinations of incapacity or debilitation or a certificate of death.

The provisions of subsection C of § [16.1-350](#) shall apply to a petition filed pursuant to this section. The court shall enter an order approving the designated guardian as standby guardian upon finding that:

1. The person was duly designated as standby guardian pursuant to this section and the designation has not been revoked;
2. A determination of incompetence was made; a determination of debilitation was made and the parent consented to commencement of the standby guardian's authority; the parent has died as evidenced by a death certificate; or the parent has been detained, incarcerated, or deported in connection with an immigration action;
3. The best interests of the child will be served by approval of the standby guardian; and
4. If the petition is by an alternate, that the designated standby guardian is unwilling or unable to serve.

1998, c. [829](#); 2021, Sp. Sess. I, c. [241](#).

**§16.1-353. Further proceedings to determine permanent guardianship, custody.**

A. If the triggering event was death of the qualified parent, within 90 days following the occurrence of the triggering event or, if later, commencement of the standby guardian's authority, the standby guardian shall (i) petition for appointment of a guardian for the child as otherwise provided by law or (ii) initiate other proceedings to determine custody of the child pursuant to Chapter 6.1 (§ [20-124.1](#) et seq.) of Title 20, or both.

B. In all other cases a standby guardian shall promptly after occurrence of the triggering event initiate such proceedings to determine permanent custody, absent objection by the qualified parent.

The petition shall be accompanied by:

1. The court order approving or written designation of a standby guardian; and

2. The attending physician's written determination of incompetence or debilitation; a verification of death; or evidence of the parent's detention, incarceration, or deportation in connection with an immigration action.

1998, c. [829](#); 2021, Sp. Sess. I, c. [241](#).

**§16.1-354. Revocation, refusal, termination of standby guardianship.**

A. The authority of a standby guardian approved by the court may be revoked by the qualified parent by his filing a notice of revocation with the court. The notice of revocation shall identify the standby guardian or alternate standby guardian to which the revocation will apply. A copy of the revocation shall also be delivered to the standby guardian whose authority is revoked and any alternate standby guardian who may then be authorized to act.

At any time following his approval by the court, a standby guardian approved by the court may decline to serve by filing a written statement of refusal with the court and having the statement personally served on the qualified parent and any alternate standby guardian who may then be authorized to act.

B. When a written designation has been executed, but is not yet effective because the triggering event has not yet occurred, the parent may revoke or the prospective standby guardian may refuse the designation by notifying the other party in writing.

A written designation may also be revoked by the execution of a subsequent inconsistent designation.

C. When a standby guardian's authority is effective upon debilitation or incompetence of the qualified parent, the standby guardian's authority to act on behalf of the parent continues even though the parent is restored to health unless the qualified parent notifies the guardian and, if appropriate, the court, in writing, that the standby guardian's authority is revoked upon such restoration or otherwise.

If at any time the court finds that the parent no longer meets the definition of "qualified parent," the court shall rescind its approval of the standby guardian.

1998, c. [829](#).

**§16.1-355. Review of standby guardianship.**

A child's parent, stepparent, adult sibling or any adult related to the child by blood, marriage or adoption may petition the court which approved the standby guardian at any time following such approval and prior to any termination of the standby guardianship for

review of whether continuation of the standby guardianship is in the best interests of the child. Notice of the filing of a petition shall promptly be given to the standby guardian, the child, if the child is twelve or more years of age, and each parent of the child whose identity and whereabouts are known or could reasonably be ascertained.

1998, c. [829](#).

**§16.1-356. Raising question of competency to stand trial; evaluation and determination of competency.**

A. If, at any time after the attorney for the juvenile has been retained or appointed pursuant to a delinquency proceeding and before the end of trial, the court finds, sua sponte or upon hearing evidence or representations of counsel for the juvenile or the attorney for the Commonwealth, that there is probable cause to believe that the juvenile lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist, clinical psychologist, licensed professional counselor, licensed clinical social worker, or licensed marriage and family therapist, who is qualified by training and experience in the forensic evaluation of juveniles.

The Commissioner of Behavioral Health and Developmental Services shall approve the training and qualifications for individuals authorized to conduct juvenile competency evaluations and provide restoration services to juveniles pursuant to this article. The Commissioner shall also provide all juvenile courts with a list of guidelines for the court to use in the determination of qualifying individuals as experts in matters relating to juvenile competency and restoration.

B. The evaluation shall be performed on an outpatient basis at a community services board or behavioral health authority, juvenile detention home, or juvenile justice facility unless the court specifically finds that (i) the results of the outpatient competency evaluation indicate that hospitalization of the juvenile for evaluation of competency is necessary or (ii) the juvenile is currently hospitalized in a psychiatric hospital. If one of these findings is made, the court, under authority of this subsection, may order the juvenile sent to a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for the evaluation of juveniles against whom a delinquency petition has been filed.

C. The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or petition; (ii) the names and addresses of

the attorney for the Commonwealth, the attorney for the juvenile, and the judge ordering the evaluation; and (iii) information about the alleged offense. The court shall require the attorney for the juvenile to provide to the evaluator only the psychiatric records and other information that is deemed relevant to the evaluation of competency. The moving party shall provide the evaluator a summary of the reasons for the evaluation request. All information required by this subsection shall be provided to the evaluator within 96 hours of the issuance of the court order requiring the evaluation and when applicable, shall be submitted prior to admission to the facility providing the inpatient evaluation. If the 96-hour period expires on a Saturday, Sunday, or other legal holiday, the 96 hours shall be extended to the next day which is not a Saturday, Sunday, or legal holiday. The appointed evaluator or the director of the community services board, behavioral health authority, or hospital shall acknowledge receipt of the court order to the clerk of the court on a form developed by the Office of the Executive Secretary of the Supreme Court of Virginia as soon as practicable but no later than the close of business on the next business day following receipt of the court order. If the appointed evaluator or the director of the community services board, behavioral health authority, hospital, or private evaluator is unable to conduct the evaluation, he shall inform the court on the acknowledgement form.

D. If the juvenile is hospitalized under the provisions of subsection B, the juvenile shall be hospitalized for such time as the director of the hospital deems necessary to perform an adequate evaluation of the juvenile's competency, but not to exceed 10 days from the date of admission to the hospital. All evaluations shall be completed and the report filed with the court within 14 days of receipt by the evaluator of all information required under subsection C.

E. Upon completion of the evaluation, the evaluator shall promptly and in no event exceeding 14 days after receipt of all required information submit the report in writing to the court and the attorneys of record concerning (i) the juvenile's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for services in the event he is found incompetent, including a description of the suggested necessary services and least restrictive setting to assist the juvenile in restoration to competency. No statements of the juvenile relating to the alleged offense shall be included in the report.

F. After receiving the report described in subsection E, the court shall promptly determine whether the juvenile is competent to stand trial for adjudication or disposition. A

hearing on the juvenile's competency is not required unless one is requested by the attorney for the Commonwealth or the attorney for the juvenile or when required under § [16.1-357](#) B. If a hearing is held, the party alleging that the juvenile is incompetent shall bear the burden of proving by a preponderance of the evidence the juvenile's incompetency. The juvenile shall have the right to notice of the hearing and the right to personally participate in and introduce evidence at the hearing.

If the juvenile is otherwise able to understand the charges against him and assist in his defense, a finding of incompetency shall not be made based solely on any or all of the following: (i) the juvenile's age or developmental factors, (ii) the juvenile's claim to be unable to remember the time period surrounding the alleged offense, or (iii) the fact that the juvenile is under the influence of medication.

1999, cc. [958](#), [997](#); 2000, c. [337](#); 2005, c. [110](#); 2009, cc. [813](#), [840](#); 2021, Sp. Sess. I, c. [311](#).

**§16.1-357. Disposition when juvenile found incompetent.**

A. Upon finding pursuant to subsection F of § [16.1-356](#) that the juvenile is incompetent, the court shall order that the juvenile receive services to restore his competency in either a nonsecure community setting or a secure facility as defined in § [16.1-228](#). A copy of the order shall be forwarded to the Commissioner of Behavioral Health and Developmental Services, who shall arrange for the provision of restoration services in a manner consistent with the order. Any report submitted pursuant to subsection E of § [16.1-356](#) shall be made available to the agent providing restoration.

B. If the court finds the juvenile incompetent but restorable to competency in the foreseeable future, it shall order restoration services for up to three months. At the end of three months from the date restoration is ordered under subsection A of this section, if the juvenile remains incompetent in the opinion of the agent providing restoration, the agent shall so notify the court and make recommendations concerning disposition of the juvenile. The court shall hold a hearing according to the procedures specified in subsection F of § [16.1-356](#) and, if it finds the juvenile unrestorably incompetent, shall order one of the dispositions pursuant to § [16.1-358](#). If the court finds the juvenile incompetent but restorable to competency, it may order continued restoration services for additional three-month periods, provided a hearing pursuant to subsection F of § [16.1-356](#) is held at the completion of each such period and the juvenile continues to be incompetent but restorable to competency in the foreseeable future.

C. If, at any time after the juvenile is ordered to undergo services under subsection A of this section, the agent providing restoration believes the juvenile's competency is restored, the agent shall immediately send a report to the court as prescribed in subsection E of § [16.1-356](#). The court shall make a ruling on the juvenile's competency according to the procedures specified in subsection F of § [16.1-356](#).

1999, cc. [958](#), [997](#); 2009, cc. [813](#), [840](#).

**§16.1-358. Disposition of the unrestorably incompetent juvenile.**

If, at any time after the juvenile is ordered to undergo services pursuant to subsection A of § [16.1-357](#), the agent providing restoration concludes that the juvenile is likely to remain incompetent for the foreseeable future, he shall send a report to the court so stating. The report shall also indicate whether, in the agent's opinion, the juvenile should be (i) committed pursuant to Article 16 (§ [16.1-335](#) et seq.) of this chapter or, if the juvenile has reached the age of eighteen years at the time of the competency determination, pursuant to Article 5 (§ [37.2-814](#) et seq.) of Chapter 8 of Title 37.2, (ii) certified pursuant to § [37.2-806](#), (iii) provided other services by the court, or (iv) released. Upon receipt of the report, the court shall make a competency determination according to the procedures specified in subsection F of § [16.1-356](#). If the court finds that the juvenile is incompetent and is likely to remain so for the foreseeable future, it shall order that the juvenile (i) be committed pursuant to Article 16 (§ [16.1-335](#) et seq.) of this chapter or, if the juvenile has reached the age of eighteen years at the time of the competency determination, pursuant to Article 5 (§ [37.2-814](#) et seq.) of Chapter 8 of Title 37.2, (ii) be certified pursuant to § [37.2-806](#), (iii) have a child in need of services petition filed on his behalf pursuant to § [16.1-260](#) D, or (iv) be released. If the court finds the juvenile incompetent but restorable to competency in the foreseeable future, it may order restoration services continued until three months have elapsed from the date of the provision of restoration ordered under subsection A of § [16.1-357](#).

If not dismissed without prejudice at an earlier time, charges against an unrestorably incompetent juvenile shall be dismissed in compliance with the time frames as follows: in the case of a charge which would be a misdemeanor, one year from the date of the juvenile's arrest for such charge; and in the case of a charge which would be a felony, three years from the date of the juvenile's arrest for such charges.

1999, cc. [958](#), [997](#); 2000, c. [216](#).

**§16.1-359. Litigating certain issues when the juvenile is incompetent.**

A finding of incompetency does not preclude the adjudication, at any time before trial, of a motion objecting to the sufficiency of the petition, nor does it preclude the adjudication of similar legal objections which, in the court's opinion, may be undertaken without the personal participation of the juvenile.

1999, cc. [958](#), [997](#).

**§16.1-360. Disclosure by juvenile during evaluation or restoration; use at guilt phase of trial adjudication or disposition hearing.**

No statement or disclosure by the juvenile concerning the alleged offense made during a competency evaluation ordered pursuant to § [16.1-356](#), or services ordered pursuant to § [16.1-357](#) may be used against the juvenile at the adjudication or disposition hearings as evidence or as a basis for such evidence.

1999, cc. [958](#), [997](#).

**§16.1-361. Compensation of experts.**

Each psychiatrist, clinical psychologist, licensed clinical social worker, licensed professional counselor, licensed marriage and family therapist, or other expert appointed by the court to render professional service pursuant to § [16.1-356](#), shall receive a reasonable fee for such service. With the exception of services provided by state hospitals or training centers, the fee shall be determined in each instance by the court that appointed the expert, in accordance with guidelines established by the Supreme Court after consultation with the Department of Behavioral Health and Developmental Services. If any such expert is required to appear as a witness in any hearing held pursuant to § [16.1-356](#), he shall receive mileage and a fee of \$100 for each day during which he is required to serve. An itemized account of expenses, duly sworn to, must be presented to the court, and when allowed shall be certified to the Supreme Court for payment out of the state treasury, and be charged against the appropriations made to pay criminal charges. Allowance for the fee and for the per diem authorized shall also be made by order of the court, duly certified to the Supreme Court for payment out of the appropriation to pay criminal charges.

1999, cc. [958](#), [997](#); 2000, c. [337](#); 2005, c. [110](#); 2009, cc. [813](#), [840](#); 2012, cc. [476](#), [507](#).

1996, cc. [795](#), [942](#).

## **§66-25.4. State juvenile correctional facilities; private contracts.**

The Director, subject to any applicable regulations which may be promulgated by the Board pursuant to § [66-10](#), is hereby authorized to enter into contracts for the financing, site selection, design, acquisition, construction, maintenance, leasing,

leasing/purchasing, management or operation of juvenile correctional facilities or any combination of those services subject to the requirements and limitations set out below.

1. Contracts entered into under the terms of this chapter shall be with an entity submitting an acceptable response pursuant to a request for proposals. An acceptable response shall be one which meets all the requirements in the request for proposals. However, no contract for juvenile correctional facilities or correctional services may be entered into unless the private contractor demonstrates to the satisfaction of the Director that it has:

- a. The qualifications, experience and management personnel necessary to carry out the terms of this contract;
- b. The financial resources to provide indemnification for liability arising from the management of juvenile correctional projects;
- c. Evidence of past performance of similar contracts; and
- d. The ability to comply with all applicable federal and state constitutional standards; federal, state, and local laws; court orders; and juvenile correctional standards.

2. Contracts awarded under the provisions of this chapter, including contracts for the provision of juvenile correctional services, the construction of juvenile correctional facilities, or for the lease, lease/purchase or use of public or private lands or buildings for use in the operation of facilities, may be entered into for a period of up to 30 years, subject to the requirements for annual appropriation of funds by the Commonwealth.

3. Contracts awarded under the provisions of this chapter shall, at a minimum, comply with the following:

- a. Provide for appropriate security to protect the public, employees and committed juveniles;
- b. Provide juveniles with work or training opportunities while incarcerated; however, the contractor shall not benefit financially from the labor of committed juveniles;
- c. Impose discipline on committed juveniles only in accordance with applicable regulations; and
- d. Provide proper food, clothing, housing and medical care for juveniles.

4. No contract for juvenile correctional facilities or juvenile correctional services shall be entered into unless the following requirements are met:

a. The contractor provides audited financial statements for the previous five years or for each of the years the contractor has been in operation, if fewer than five years, and provides other financial information as requested; and

b. The contractor provides an adequate plan of indemnification, specifically including indemnity for civil rights claims. The indemnification plan shall be adequate to protect the Commonwealth and public officials from all claims and losses incurred as a result of the contract. Nothing herein is intended to deprive a contractor or the Commonwealth of the benefits of any law limiting exposure to liability or setting a limit on damages.

5. No contract for juvenile correctional facilities or correctional services shall be executed by the Director nor shall any funds be expended for the contract unless:

a. The proposed contract complies with any applicable regulations which may be promulgated by the Board pursuant to § [66-10](#);

b. An appropriation for the facilities or the services to be provided under the contract has been expressly approved as is otherwise provided by law;

c. The juvenile correctional facilities or the correctional services proposed by the contract are of at least the same quality as those routinely provided by the Department to similar types of committed juveniles;

d. An evaluation of the proposed contract demonstrates a cost benefit to the Commonwealth when compared to alternative means of providing the facilities or the services through governmental agencies;

e. If a contract for acquiring facilities requires or otherwise contemplates that the Commonwealth, whether subject to appropriation or not, will make payments beyond the current biennium that are expected to pay debt service on any bonds or other obligations issued to finance such facilities, regardless of the issuer thereof, then (i) the Treasury Board shall approve the terms and structure of such bonds or other obligations and (ii) the appropriation for such facilities acknowledges that payments for the acquisition of such facilities are expected to be made beyond the current biennium under a capital lease, lease/purchase, or similar arrangement. Any contract that is for two years or less, or is cancelable by the Commonwealth without cause after such a period, shall not be deemed a contract as described herein; and

f. Nothing herein shall be construed to constitute a waiver for the Department or contractor from complying with the provisions of subdivision 4 of § [66-3](#).

1996, cc. [795](#), [942](#); 2012, cc. [803](#), [835](#).

**§66-25.5. Powers and duties not delegable to contractor.**

No contract for juvenile correctional services shall authorize, allow, or imply a delegation of authority or responsibility of the Director to a contractor for any of the following:

1. Developing and implementing procedures for calculating release and parole eligibility dates for committed juveniles;
2. Approving juveniles for furlough and work release;
3. Approving the type of work juveniles may perform and the wages which may be given the juveniles engaging in such work;
4. Classifying a committed juvenile or placing a committed juvenile in less restrictive custody or more restrictive custody;
5. Transferring a committed juvenile; however, the contractor may make written recommendations regarding the transfer of a committed juvenile;
6. Formulating rules of behavior for committed juveniles, violations of which may subject committed juveniles to sanctions; however, the contractor may propose such rules to the Director for his review and adoption, rejection, or modification as otherwise provided by law or regulation; and
7. Disciplining committed juveniles in any manner which requires a discretionary application of rules of behavior for committed juveniles or a discretionary imposition of a sanction for violations of such rules.

1996, cc. [795](#), [942](#).

**§66-25.6. Board shall promulgate regulations; local school board exemption.**

1. Contingency plans for state operation of a contractor-operated facility in the event of a termination of the contract;
2. Use of physical force and mechanical restraint by the contractors' security personnel;
3. Methods of monitoring a contractor-operated facility by the Department or the Board;
4. Public access to a contractor-operated facility; and
5. Such other regulations as may be necessary to carry out the provisions of this chapter.

B. Nothing in this chapter shall be construed to require local school boards to provide educational services to juveniles while committed to a state juvenile correctional facility.

1996, cc. [795](#), [942](#).

**§66-25.7. Fixed-price or not-to-exceed-price design-build-operate and related contracts authorized.**

Notwithstanding any other provisions of law to the contrary, but in accordance with the procedures consistent with those described in the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.) for procurement of nonprofessional services through competitive negotiation, the Director may enter into design-build-operate contracts for juvenile correctional facilities on a fixed-price or not-to-exceed-price basis, including related leases, lease/purchase contracts, agreements relating to the sale of securities to finance such facilities, and similar financing agreements and agreements for correctional services. For the purposes of this section, "design-build-operate contract" means a contract between the Commonwealth and another party in which the party contracting with the Commonwealth agrees to (i) design, build and operate the juvenile correctional facility or (ii) design and build the juvenile correctional facility where the facility is to be operated by a third party.

1. Any questioning of the officer shall take place at a reasonable time and place as designated by the investigating officer, preferably when the officer under investigation is on duty and at the office of the command of the investigating officer or at the office of the local precinct or police unit of the officer being investigated, unless matters being investigated are of such a nature that immediate action is required.

1. The law-enforcement officer shall be notified in writing of all charges, the basis therefor, and the action which may be taken;
2. The law-enforcement officer shall be given an opportunity, within a reasonable time limit after the date of the written notice provided for above, to respond orally and in writing to the charges. The time limit shall be determined by the agency, but in no event shall it be less than five calendar days unless agreed to by the law-enforcement officer;

**§9.1-504. Hearing; hearing panel recommendations.**

A. Whenever a law-enforcement officer is dismissed, demoted, suspended or transferred for punitive reasons, he may, within a reasonable amount of time following such action, as set by the agency, request a hearing. If such request is timely made, a hearing shall be held within a reasonable amount of time set by the agency. However, the hearing shall not be set later than fourteen calendar days following the date of request unless a later date is agreed to by the law-enforcement officer. At the hearing, the law-enforcement officer and his agency shall be afforded the opportunity to present evidence, examine and cross-examine witnesses. The law-enforcement officer shall also be given the opportunity to be represented by counsel at the hearing unless the officer and agency are afforded, by regulation, the right to counsel in a subsequent de novo hearing.

B. The hearing shall be conducted by a panel consisting of one member from within the agency selected by the grievant, one member from within the agency of equal rank of the grievant but no more than two ranks above appointed by the agency head, and a third member from within the agency to be selected by the other two members. In the event that such two members cannot agree upon their selection, the chief judge of the judicial circuit wherein the duty station of the grievant lies shall choose such third member. The hearing panel may, and on the request of either the law-enforcement officer or his agency shall, issue subpoenas requiring the testimony of witnesses who have refused or failed to appear at the hearing. The hearing panel shall rule on the admissibility of the evidence. A record shall be made of the hearing.

C. At the option of the agency, it may, in lieu of complying with the provisions of § [9.1-502](#), give the law-enforcement officer a statement, in writing, of the charges, the basis therefor, the action which may be taken, and provide a hearing as provided for in this sec-

tion prior to dismissing, demoting, suspending or transferring for punitive reasons the law-enforcement officer.

D. The recommendations of the hearing panel, and the reasons therefor, shall be in writing and transmitted promptly to the law-enforcement officer or his attorney and to the chief executive officer of the law-enforcement agency. **§9.1-505. Immediate suspension.**

Nothing in this chapter shall prevent the immediate suspension without pay of any law-enforcement officer whose continued presence on the job is deemed to be a substantial and immediate threat to the welfare of his agency or the public, nor shall anything in this chapter prevent the suspension of a law-enforcement officer for refusing to obey a direct order issued in conformance with the agency's written and disseminated regulations. In such a case, the law-enforcement officer shall, upon request, be afforded the rights provided for under this chapter within a reasonable amount of time set by the agency.

#### **§9.1-400.1. Line of Duty Death and Health Benefits Trust Fund.**

A. There is hereby established a permanent and perpetual fund to be known as the Line of Duty Death and Health Benefits Trust Fund, consisting of such moneys as may be appropriated by the General Assembly, contributions or reimbursements from participating and nonparticipating employers, gifts, bequests, endowments, or grants from

the United States government or its agencies or instrumentalities, net income from the investment of moneys held in the Fund, and any other available sources of funds, public and private. Any moneys remaining in the Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest and income earned from the investment of such moneys shall remain in the Fund and be credited to it. The moneys in the Fund shall be (i) deemed separate and independent trust funds, (ii) segregated and accounted for separately from all other funds of the Commonwealth, and (iii) administered solely in the interests of the persons who are covered under the benefits provided pursuant to this chapter. Deposits to and assets of the Fund shall not be subject to the claims of creditors.

B. The Virginia Retirement System shall invest, reinvest, and manage the assets of the Fund as provided in § [51.1-124.39](#) and shall be reimbursed from the Fund for such activities as provided in that section.

C. The Fund shall be used to provide the benefits under this chapter related to disabled persons, deceased persons, eligible dependents, and eligible spouses on behalf of participating employers and to pay related administrative costs.

D. Each participating employer shall make annual contributions to the Fund and provide information as determined by VRS. The amount of the contribution for each participating employer shall be determined on a current disbursement basis in accordance with the provisions of this section. For purposes of establishing contribution amounts for participating employers, a member of any fire company or department or rescue squad that has been recognized by an ordinance or a resolution of the governing body of any locality of the Commonwealth as an integral part of the official safety program of such locality shall be considered part of the locality served by the company, department, or rescue squad. If a company, department, or rescue squad serves more than one locality, the affected localities shall determine the basis and apportionment of the required covered payroll and contributions for each company, department, or rescue squad.

If any participating employer fails to remit contributions or other fees or costs associated with the Fund, VRS shall inform the State Comptroller and the affected participating employer of the delinquent amount. In calculating the delinquent amount, VRS may impose an interest rate of one percent per month of delinquency. The State Comptroller shall forthwith transfer such delinquent amount, plus interest, from any moneys otherwise distributable to such participating employer.

2016, c. [677](#); 2017, c. [439](#).

**§9.1-401. Continued health insurance coverage for disabled persons, eligible spouses, and eligible dependents.**

A. Disabled persons, eligible spouses, and eligible dependents shall be afforded continued health insurance coverage as provided in this section, the cost of which shall be paid by the nonparticipating employer to the Department of Human Resource Management or from the Fund on behalf of a participating employer, as applicable. If any disabled person or eligible spouse is receiving the benefits described in this section and would otherwise qualify for the health insurance credit described in Chapter 14 (§ [51.1-1400](#) et seq.) of Title 51.1, the amount of such credit shall be deposited into the Line of Duty Death and Health Benefits Trust Fund or paid to the nonparticipating employer, as applicable, from the health insurance credit trust fund, in a manner prescribed by VRS.

B. 1. The continued health insurance coverage provided by this section for all disabled persons, eligible spouses, and eligible dependents shall be through separate plans, referred to as the LODA Health Benefits Plans (the Plans), administered by the Department of Human Resource Management. The Plans shall comply with all applicable federal and state laws and shall be modeled upon state employee health benefits program plans. Funding of the Plans' reserves and contingency shall be provided through a line of credit, the amount of which shall be based on an actuarially determined estimate of liabilities. The Department of Human Resource Management shall be reimbursed for health insurance premiums and all reasonable costs incurred and associated, directly and indirectly, in performing the duties pursuant to this section (i) from the Line of Duty Death and Health Benefits Trust Fund for costs related to disabled persons, deceased persons, eligible dependents, and eligible spouses on behalf of participating employers and (ii) from a nonparticipating employer for premiums and costs related to disabled persons, deceased persons, eligible dependents, and eligible spouses for which the nonparticipating employer is responsible. If any nonparticipating employer fails to remit such premiums and costs, the Department of Human Resource Management shall inform the State Comptroller and the affected nonparticipating employer of the delinquent amount. In calculating the delinquent amount, the Department of Human Resource Management may impose an interest rate of one percent per month of delinquency. The State Comptroller shall forthwith transfer such delinquent amount, plus interest, from any moneys otherwise distributable to such nonparticipating employer.

2. In the event that temporary health care insurance coverage is needed for disabled persons, eligible spouses, and eligible dependents during the period of transition into the LODA Health Benefits Plans, the Department of Human Resource Management is

authorized to acquire and provide temporary transitional health insurance coverage. The type and source of the transitional health plans shall be within the sole discretion of the Department of Human Resource Management. Transitional coverage for eligible dependents shall comply with the eligibility criteria of the transitional plans until enrollment in the LODA Health Benefits Plan can be completed.

C. 1. a. Except as provided in subdivision 2 and any other law, continued health insurance coverage in any LODA Health Benefits Plans shall not be provided to any person (i) whose coverage under the Plan is based on a deceased person's death or a disabled person's disability occurring on or after July 1, 2017 and (ii) who is eligible for Medicare due to age.

b. Coverage in the LODA Health Benefits Plans shall also cease for any person upon his death.

2. The provisions of subdivision 1 a shall not apply to any disabled person who is eligible for Medicare due to disability under Social Security Disability Insurance or a Railroad Retirement Board Disability Annuity. The Department of Human Resource Management may provide such disabled person coverage under a LODA Health Benefits Plan that is separate from the plan for other persons.

3. Continued health insurance under this section shall also terminate upon the disabled person's return to full duty in any position listed in the definition of deceased person in [§ 9.1-400](#). Such disabled person shall promptly notify the participating or nonparticipating employer, VRS, and the Department of Human Resource Management upon his return to work.

4. Such continued health insurance shall be suspended for the Plan year following a calendar year in which the disabled person whose coverage under the Plan is based on a disability occurring on or after July 1, 2017, has earned income in an amount equal to or greater than the salary of the position held by the disabled person at the time of disability, indexed annually based upon the annual increases in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor. Such suspension shall cease the Plan year following a calendar year in which the disabled person has not earned such amount of income. The disabled person shall notify the participating or nonparticipating employer, VRS, and the Department of Human Resource Management no later than March 1 of the year following any year in which he earns income of such amount, and notify the participating or nonparticipating employer, VRS, and the

Department of Human Resource Management when he no longer is earning such amount. Upon request, a disabled person shall provide VRS and the Department of Human Resource Management with documentation of earned income.

**§9.1-401.1. Supplemental short-term disability benefit for state police officers.**

A state police officer who is a participating employee, as defined in § [51.1-1100](#), and who incurs a work-related injury in the line of duty, shall receive supplemental short-term disability coverage, pursuant to § [51.1-1121](#), that provides income replacement for 100 percent of the officer's creditable compensation for the first six months and, pursuant to a certification by the Superintendent of State Police, based on a medical evaluation, that the officer is likely to return to service within another six months, up to one calendar year, that the officer is disabled, without regard to the officer's number of months of state service. Except as provided in this section with regard to the rate of income replacement and the duration of supplemental short-term disability coverage, such state police officers shall be eligible for work-related, supplemental short-term disability benefits upon the same terms and conditions that apply to other participating employees pursuant to Article 4 (§ [51.1-1119](#) et seq.) of Chapter 11 of Title 51.1. Upon the expiration of the one-calendar-year period, such state police officers shall be eligible for supplemental long-term disability benefits as provided in § [51.1-1123](#).

2010, c. [654](#).

**§9.1-402. Payments to beneficiaries of certain deceased law-enforcement officers, firefighters, etc., and retirees.**

A. The beneficiary of a deceased person whose death occurred on or before December 31, 2005, while in the line of duty as the direct or proximate result of the performance of his duty shall be entitled to receive the sum of \$75,000, which shall be paid by the non-participating employer or from the Fund on behalf of a participating employer, as applicable, in gratitude for and in recognition of his sacrifice on behalf of the people of the Commonwealth.

B. The beneficiary of a deceased person whose death occurred on or after January 1, 2006, while in the line of duty as the direct or proximate result of the performance of his duty shall be entitled to receive the sum of \$100,000, which shall be paid by the non-participating employer or from the Fund on behalf of a participating employer, as applicable, in gratitude for and in recognition of his sacrifice on behalf of the people of the Commonwealth.

C. Subject to the provisions of § [27-40.1](#), [27-40.2](#), [51.1-813](#), or [65.2-402](#), if the deceased person's death (i) arose out of and in the course of his employment or (ii) was within five years from his date of retirement, his beneficiary shall be entitled to receive the sum of \$25,000, which shall be paid by the nonparticipating employer or from the Fund on behalf of a participating employer, as applicable.

1995, cc. [156](#), [597](#), § 2.1-133.7; 2000, c. [314](#); 2001, c. [844](#); 2006, c. [878](#); 2016, c. [677](#).

#### **§9.1-402.1. Payments for burial expenses.**

It is the intent of the General Assembly that expeditious payments for burial expenses be made for deceased persons whose death is determined to be a direct and proximate result of their performance in the line of duty as defined by the Line of Duty Act. Upon the approval of VRS, at the request of the family of a person who may be subject to the line of duty death benefits, payments shall be made to a funeral service provider for burial and transportation costs by the nonparticipating employer or from the Fund on behalf of a participating employer, as applicable. These payments would be advanced from the death benefit that would be due to the beneficiary of the deceased person if it is determined that the person qualifies for line of duty coverage. Expenses advanced under this provision shall not exceed the coverage amounts outlined in § [65.2-512](#). In the event a determination is made that the death is not subject to the line of duty benefits, VRS or other Virginia governmental retirement fund of which the deceased is a member will deduct from benefit payments otherwise due to be paid to the beneficiaries of the deceased payments previously paid for burial and related transportation expenses and return such funds to the nonparticipating employer or to the Fund on behalf of a participating employer, as applicable. The Virginia Retirement System shall have the right to file a claim with the Virginia Workers' Compensation Commission against any employer to recover burial and related transportation expenses advanced under this provision.

2012, cc. [90](#), [576](#); 2016, c. [677](#).

#### **§9.1-403. Claim for payment; costs.**

A. Every beneficiary, disabled person or his spouse, or dependent of a deceased or disabled person shall present his claim to the chief officer, or his designee, of the employer for which the disabled or deceased person last worked on forms to be provided by VRS. Upon receipt of a claim, the chief officer or his designee shall forward the claim to VRS within seven days. The Virginia Retirement System shall determine eligibility for benefits under this chapter. The Virginia Retirement System may request assistance in obtaining

information necessary to make an eligibility determination from the Department of State Police. The Department of State Police shall take action to conduct the investigation as expeditiously as possible. The Department of State Police shall be reimbursed from the Fund or the nonparticipating employer, as applicable, for the cost of searching for and obtaining information requested by VRS. The Virginia Retirement System shall be reimbursed for the reasonable costs incurred for making eligibility determinations by nonparticipating employers or from the Fund on behalf of participating employers, as applicable. If any nonparticipating employer fails to reimburse VRS for reasonable costs incurred in making an eligibility determination, VRS shall inform the State Comptroller and the affected nonparticipating employer of the delinquent amount. In calculating the delinquent amount, VRS may impose an interest rate of one percent per month of delinquency. The State Comptroller shall forthwith transfer such delinquent amount, plus interest, from any moneys otherwise distributable to such nonparticipating employer.

B. 1. Within 10 business days of being notified by an employee, or an employee's representative, that such employee is permanently and totally disabled due to a work-related injury suffered in the line of duty, the agency or department employing the employee shall provide him with information about the continued health insurance coverage provided under this chapter and the process for initiating a claim. The employer shall assist in filing a claim, unless such assistance is waived by the employee or the employee's representative.

2. Within 10 business days of having knowledge that a deceased person's surviving spouse, dependents, or beneficiaries may be entitled to benefits under this chapter, the employer for which the deceased person last worked shall provide the surviving spouse, dependents, or beneficiaries, as applicable, with information about the benefits provided under this chapter and the process for initiating a claim. The employer shall assist in filing a claim, unless such assistance is waived by the surviving spouse, dependents, or beneficiaries.

C. Within 30 days of receiving a claim pursuant to subsection A, an employer may submit to VRS any evidence that could assist in determining the eligibility of a claim. However, when the claim involves a presumption under § [65.2-402](#) or [65.2-402.1](#), VRS shall provide an employer additional time to submit evidence as is necessary not to exceed nine months from the date the employer received a claim pursuant to subsection A. Any such evidence submitted by the employer shall be included in the agency record for the claim.

1995, c. [156](#), § 2.1-133.8; 1998, c. [712](#); 2001, cc. [427](#), [844](#); 2007, c. [90](#); 2009, cc. [393](#), [580](#); 2016, c. [677](#).

**§9.1-404. Order of the Virginia Retirement System.**

A. 1. The Virginia Retirement System shall make an eligibility determination within 45 days of receiving all necessary information for determining eligibility for a claim filed under § [9.1-403](#). The Virginia Retirement System may use a medical board pursuant to § [51.1-124.23](#) in determining eligibility. If benefits under this chapter are due, VRS shall notify the nonparticipating employer, which shall provide the benefits within 15 days of such notice, or VRS shall pay the benefits from the Fund on behalf of the participating employer within 15 days of the determination, as applicable. The payments shall be retroactive to the first date that the disabled person was no longer eligible for health insurance coverage subsidized by his employer.

2. Two years after an individual has been determined to be a disabled person, VRS may require the disabled person to renew the determination through a process established by VRS. If a disabled person refuses to submit to the determination renewal process described in this subdivision, then benefits under this chapter shall cease for the individual, any eligible dependents, and an eligible spouse until the individual complies. If such individual does not comply within six months from the date of the initial request for a renewed determination, then benefits under this chapter shall permanently cease for the individual, any eligible dependents, and an eligible spouse. If VRS issues a renewed determination that an individual is no longer a disabled person, then benefits under this chapter shall permanently cease for the individual, any eligible dependents, and an eligible spouse. If VRS issues a renewed determination that an individual remains a disabled person, then VRS may require the disabled person to renew the determination five years after such renewed determination through a process established by VRS. The Virginia Retirement System may require the disabled person to renew the determination at any time if VRS has information indicating that the person may no longer be disabled.

3. For any medical review conducted for the purpose of making an eligibility determination pursuant to this section, VRS shall require such review to be conducted by a licensed health practitioner. **§55.1-1302. Term of rental agreement; renewal; security deposits.**

A. A landlord shall offer all current and prospective year-round residents a rental agreement with a rental period of not less than one year. Such offer shall contain the same terms and conditions as are offered with shorter term leases, except that rental discounts may be offered by a landlord to residents who enter into a rental agreement for a period of not less than one year.

B. Upon the expiration of a rental agreement, the agreement shall be automatically renewed for a term of one year with the same terms unless the landlord provides written notice to the tenant of any change in the terms of the agreement at least 60 days prior to the expiration date. In the case of an automatic renewal of a rental agreement for a year-round resident, the security deposit initially furnished by the tenant shall not be increased by the landlord, nor shall an additional security deposit be required.

C. Except as limited by subsection B, the provisions of § [55.1-1226](#) shall govern the terms and conditions of security deposits for rental agreements under this chapter.

1992, c. 709, § 55-248.42:1; 1999, c. [513](#); 2000, c. [41](#); 2019, c. [712](#).

**§55.1-1303. Landlord's obligations.**

The landlord shall:

1. Comply with applicable laws governing health, zoning, safety, and other matters pertaining to manufactured home parks;
2. Make all repairs and do whatever is necessary to put and keep the manufactured home park in a fit and habitable condition, including maintaining in a clean and safe condition all facilities and common areas provided by the landlord for use by the tenants of two or more manufactured home lots;

3. Maintain in good and working order and condition all electrical, plumbing, sanitary, heating, ventilating, air conditioning, and other facilities and appliances supplied or required to be supplied by the landlord;
4. Provide and maintain appropriate receptacles as a manufactured home park facility, except when door-to-door garbage and waste pickup is available within the manufactured home park for the collection and storage of garbage and other waste incidental to the occupancy of the manufactured home park, and arrange for the removal of the garbage and other waste;
5. Provide reasonable access to electric, water, and sewage disposal connections for each manufactured home lot. In the event of a planned disruption by the landlord in electric, water, or sewage disposal services, the landlord shall give written notice to tenants no less than 48 hours prior to the planned disruption in service; and
6. Provide a copy of any written rental agreement and the statement of tenant rights and responsibilities to the tenant within one month of the effective date of the written rental agreement. The parties to a written rental agreement shall sign the form developed by the Department of Housing and Community Development and posted on its website pursuant to § [36-139](#) acknowledging that the tenant has received from the landlord the statement of tenant rights and responsibilities. If a tenant fails to sign the form available pursuant to this subsection, the landlord shall record the date or dates on which he provided the form to the tenant and the fact that the tenant failed to sign such form. Subsequent to the effective date of the tenancy, a landlord may, but shall not be required to, provide a tenant with and allow such tenant an opportunity to sign the form described pursuant to this subsection. The failure of the landlord to deliver such a rental agreement and statement shall not affect the validity of the agreement. However, the landlord shall not file or maintain an action, including any summons for unlawful detainer, against the tenant in a court of law for any alleged lease violation until he has provided the tenant with the statement of tenant rights and responsibilities.

1975, c. 535, § 55-248.43; 1992, c. 709; 2001, c. [44](#); 2019, c. [712](#); 2021, Sp. Sess. I, cc. [91](#), [92](#); 2023, c. [450](#).

#### **§55.1-1304. Tenant's obligations.**

In addition to the provisions of the rental agreement, the tenant shall:

1. Comply with applicable laws affecting manufactured home owners and tenants;

2. Keep and maintain the exterior of the tenant's manufactured home and manufactured home lot as clean and safe as conditions permit;
3. Place all garbage and other waste in the appropriate receptacles, which shall be provided by the tenant when door-to-door garbage and waste pickup is provided;
4. Use in a reasonable and orderly manner all facilities and appliances in the manufactured home park and require any guest or invitee to do so;
5. Conduct himself and require any guest or invitee to conduct himself in a manner that will not disturb the tenant's neighbors' peaceful enjoyment of the premises;
6. Abide by all reasonable rules and regulations imposed by the landlord; and
7. In the absence of express written agreement to the contrary, occupy the tenant's manufactured home only as a dwelling unit.

1975, c. 535, § 55-248.44; 1992, c. 709; 2019, c. [712](#).

**§55.1-1305. Rent; liability of secured party taking possession of an abandoned manufactured home.**

A. A secured party shall have no liability for rent or other charges to a landlord except as provided in this section.

B. In the event that a manufactured home subject to a security interest becomes an abandoned manufactured home, the landlord shall send notice of abandonment to the manufactured home owner, the secured party, and the dealer as provided for in § [55.1-1202](#) at the addresses shown in the written rental agreement or rental application. The notice of abandonment shall state the amount of rent and the amount and nature of any reasonable charges in addition to rent for which the secured party will be liable. The notice shall include any written rental agreement previously signed by the tenant and the landlord.

C. A secured party that has a security interest in an abandoned manufactured home, and that has a right to possession of the manufactured home under § [8.9A-609](#) or under the applicable security agreement, is liable to the landlord under the same payment terms as the tenant prior to the secured party's accrual of the right of possession and for any other reasonable charges in addition to rent incurred. Such liability is for the period that begins 15 days from receipt of the notice of abandonment by the secured party and ends upon the earlier to occur of the removal of the abandoned manufactured home from the man-

ufactured home park or disposition of the abandoned manufactured home under §§ [8.9A-610](#) through [8.9A-624](#) or under the applicable security agreement.

D. This section shall not affect the availability of the landlord's lien as provided in § [55.1-1316](#), nor shall this section impact the priority of the secured party's lien as provided in § [46.2-640](#).

E. Any rent or reasonable charges in addition to rent owed by the secured party to the landlord pursuant to this section shall be paid to the landlord prior to the removal of the manufactured home from the manufactured home park.

F. If a secured party that has a secured interest in an abandoned manufactured home becomes liable to the landlord pursuant to this section, then the relationship between the secured party and the landlord shall be governed by the rental agreement previously signed by the tenant and the landlord unless otherwise agreed, except that the term of the rental agreement shall convert to a month-to-month tenancy. No waiver is required to convert the rental agreement to a month-to-month tenancy. Either the landlord or the secured party may terminate the month-to-month tenancy upon giving written notice of at least 30 days. The secured party and the landlord are not required to execute a new rental agreement. Nothing in this section shall be construed to be a waiver of any rights by the tenant.

1991, c. 500, § 55-248.44:1; 1992, c. 709; 2019, c. [712](#).

**§55.1-1306. Demands and charges prohibited; access by tenant's guest or invitee; purchases by manufactured home owner not restricted; exception; conditions of occupancy.**

A. A landlord shall not demand or collect:

1. An entrance fee for the privilege of leasing or occupying a manufactured home lot;
2. A commission on the sale of a manufactured home located in the manufactured home park, unless the tenant expressly employs him to perform a service in connection with such sale, but no such employment of the landlord by the tenant shall be a condition or term of the initial sale or rental;
3. A fee for improvements or installations on the interior of a manufactured home, unless the tenant expressly employs him to perform a service in connection with such improvements or installations;

4. A fee, charge, or other thing of value from any provider of cable television service, cable modem service, satellite master antenna television service, direct broadcast satellite television service, subscription television service, or service of any other television programming system in exchange for granting a television service provider mere access to the landlord's tenants or giving the tenants of such landlord mere access to such service. A landlord may enter into a service agreement with a television service provider to provide marketing and other services to the television service provider designed to facilitate the television service provider's delivery of its services. Under such a service agreement, the television service provider may compensate the landlord for the reasonable value of the services provided and for the reasonable value of the landlord's property used by the television service provider.

No landlord shall demand or accept any such payment from any tenants in exchange for such services, unless the landlord is itself the provider of the service, nor shall any landlord discriminate in rental charges between tenants who receive any such service and those who do not. Nothing in this subdivision shall prohibit a landlord from requiring that the provider of such service and the tenant bear the entire cost of the installation, operation, or removal of the facilities incident to such installation, operation, or removal or prohibit a landlord from demanding or accepting reasonable indemnity or security for any damages caused by such installation, operation, or removal; or

5. An exit fee for moving a manufactured home from a manufactured home park.

B. A guest or invitee of the tenant shall have free access to the tenant's manufactured home site without charge or registration.

C. A manufactured home owner shall not be restricted in his choice of vendors from whom he may purchase his (i) manufactured home, except in connection with the initial leasing or renting of a newly constructed lot not previously leased or rented to any other person, or (ii) goods and services. However, nothing in this chapter shall prohibit a landlord from prescribing reasonable requirements governing, as a condition of occupancy, the style, size, or quality of the manufactured home or other structures placed on the manufactured home lot.

1975, c. 535, § 55-248.45; 1987, c. 513; 1989, c. 87; 1992, c. 709; 2008, c. [329](#); 2019, c. [712](#).

**§55.1-1307. Charge for utility service.**

Notwithstanding the provisions of § [56-245.3](#), a landlord who purchases from a publicly regulated utility any electricity, gas, or other utility service, including water and sewer services, for resale or pass-through to a tenant may not charge for the resale or pass-through of such service an amount that exceeds the amount permitted under the provisions of § [55.1-1212](#).

1992, c. 709, § 55-248.45:1; 2006, c. [303](#); 2019, c. [712](#).

**§55.1-1308. Termination of tenancy.**

A. Either party may terminate a rental agreement with a term of 60 days or more by giving written notice to the other at least 60 days prior to the termination date; however, the rental agreement may require a longer period of notice. Notwithstanding the provisions of this section, where a landlord and seller of a manufactured home have in common (i) one or more owners, (ii) immediate family members, or (iii) officers or directors, the rental agreement shall be renewed except for reasons that would justify a termination of the rental agreement or eviction by the landlord as authorized by this chapter. A landlord may not cause the eviction of a tenant by willfully interrupting gas, electricity, water, or any other essential service, or by removal of the manufactured home from the manufactured home lot, or by any other willful self-help measure.

B. If the termination is due to a change in the use of all or any part of a manufactured home park by the landlord, including conversion to hotel, motel, or other commercial use, planned unit development, rehabilitation, or demolition, a 180-day written notice is required to terminate a rental agreement. Such termination notice requirement shall not be waived; however, a period of less than 180 days may be agreed upon by both the landlord and tenant in a written agreement separate from the rental agreement executed after such notice is given. The notice required by this section may be sent concurrently with the notice of intent to sell required by § [55.1-1308.2](#).

1975, c. 535, § 55-248.46; 1991, c. 185; 1992, c. 709; 2001, c. [47](#); 2005, c. [416](#); 2019, c. [712](#); 2020, c. [751](#).

**§55.1-1308.1. Sale of manufactured home park to developer; relocation expenses.**

If the termination of a rental agreement is due to the sale of the manufactured home park to a buyer that is going to redevelop the park and change its use, the landlord shall provide to each manufactured home owner in the park \$2,500 in relocation expenses within the 180-day notice period provided for in subsection B of § [55.1-1308](#) for the purpose of removing the manufactured home from the park. For manufactured home parks located in Planning District 8, the landlord shall provide to each manufactured home

owner in the park \$3,500 in relocation expenses within the 180-day notice period provided for in subsection B of § [55.1-1308](#) for the purpose of removing the manufactured home from the park. Such relocation expenses shall be subject to a written agreement between the landlord and the manufactured home owner to remove the manufactured home from the park. Notwithstanding any other provision of law, a landlord shall not be subject to any other requirement under a zoning ordinance or conditional use or other permit under Title 15.2 to pay additional funds or provide additional financial assistance to a manufactured home owner if a rental agreement is terminated due to the sale of the manufactured home park to a buyer that is going to redevelop the park and change its use.

2020, c. [391](#).

**§55.1-1308.2. Notice of intent to sell.**

A. A manufactured home park owner who offers or lists the park for sale to a third party shall provide written notice containing the date on which the notice is sent and the price for which the park is to be offered or listed for sale. Such notice shall be sent to the Department of Housing and Community Development, which shall make the information available on its website within five business days of receipt. Such written notice shall also be given to each tenant of the manufactured home park, in accordance with § [55.1-1202](#), at least 90 days prior to accepting an offer. A manufactured home park owner shall consider any offers to purchase received during such 90-day notice period. For purposes of this section, "third party" does not include a member of the manufactured park owner's family by blood or marriage or a person or entity that owns a portion of the park at the time of the offer or listing of such manufactured home park. Nothing shall be construed to require any subsequent notice by the manufactured home park owner after the written notice provided in this section.

B. If a manufactured home park owner receives an offer to purchase the park, acceptance of that offer shall be contingent upon the park owner sending written notice of the proposed sale and the purchase price in the real estate purchase contract at least 60 days before the closing date on such purchase contract to the Department of Housing and Community Development, which shall place the information on its website within five business days of receipt. Such written notice shall also be given to each tenant of the manufactured home park. During the 60-day notice period, the park owner shall consider additional offers to purchase the park made by an entity that provides documentation that it represents at least 25 percent of the tenants with a valid lease in the

manufactured home park at the time any such offer is made, but shall not be obligated to consider additional offers after the expiration of the 60-day notice period. Nothing shall be construed to require any subsequent notice by the manufactured home park owner after provision of the written notice required by this section.

2020, c. [751](#), § 55.1-1308.1.

**§55.1-1309. Waiver of landlord's right to terminate.**

Unless the landlord accepts the rent with reservation, and gives a written notice to the tenant of such acceptance within five business days of receipt of the rent, acceptance of periodic rent payments with knowledge in fact of a material noncompliance by the tenant shall constitute a waiver of the landlord's right to terminate the rental agreement. Except as provided in § [55.1-1250](#), if the landlord has given the tenant written notice that the rent payments have been accepted with reservation, the landlord may accept full payment of all rent payments and still be entitled to receive an order of possession terminating the rental agreement.

2001, c. [47](#), § 55-248.46:1; 2019, c. [712](#); 2020, c. [751](#).

**§55.1-1310. Sale or lease of manufactured home by manufactured home owner.**

A. For purposes of this section:

"Military status" means status as (i) a member of the uniformed forces, as defined in 10 U.S.C. § 101(a)(5), of the United States or a reserve component thereof named under 10 U.S.C. § 10101, (ii) a veteran as defined in 38 U.S.C. § 101(2), or (iii) a dependent as defined in 50 U.S.C. § 3911(4) except that the support provided by the service member to the individual shall have been provided 180 days immediately preceding an alleged action that if proven true would constitute unlawful discrimination under this section instead of 180 days immediately preceding an application for relief under 50 U.S.C. Chapter 50.

"Religion" includes any outward expression of religious faith, including adherence to religious dressing and grooming practices and the carrying or display of religious items or symbols.

B. No landlord shall unreasonably refuse or restrict the sale or rental of a manufactured home located in his manufactured home park by a tenant. No landlord shall prohibit the manufactured home owner from placing a "for sale" sign on or in the owner's home except that the size, placement, and character of all signs are subject to the rules and regulations of the manufactured home park. Prior to selling or leasing the manufactured

home, the tenant shall give notice to the landlord, including the name of the prospective vendee or lessee if the prospective vendee or lessee intends to occupy the manufactured home in that manufactured home park. The landlord shall have the burden of proving that his refusal or restriction regarding the sale or rental of a manufactured home was reasonable. The refusal or restriction of the sale or rental of a manufactured home exclusively or predominantly based on the age of the home shall be considered unreasonable. Any refusal or restriction based on race, color, religion, national origin, military status, familial status, marital status, elderliness, disability, sexual orientation, gender identity, sex, or pregnancy, childbirth or related medical conditions shall be conclusively presumed to be unreasonable.

If a landlord does not remedy a violation of an ordinance that pertains to the health and safety of tenants in a manufactured home park within seven days of receiving notice from the locality of such violation, the locality shall notify tenants of the manufactured home park who are affected by the violation. Such notification may consist of posting the notice of violation in a conspicuous place in the manufactured home park or mailing copies of the notice to affected tenants.

2017, c. [734](#), § 55-248.49:1; 2019, c. [712](#).

**§55.1-1314. Retaliatory conduct prohibited.**

A. Except as provided in this section, or as otherwise provided by law, a landlord shall not retaliate by selectively increasing rent or decreasing services or by bringing or threatening to bring an action for possession after the landlord has knowledge that (i) the tenant has complained to a governmental agency charged with responsibility for enforcement of a building or housing code of a violation applicable to the premises materially affecting health or safety, (ii) the tenant has made a complaint to or filed an action against the landlord for a violation of any provision of this chapter, (iii) the tenant has organized or become a member of a tenant's organization, or (iv) the tenant has testified in a court proceeding against the landlord.

B. The landlord shall be deemed to have knowledge of a fact if he has actual knowledge of it, he has received a notice or notification of it, or, from all the facts and circumstances known to him at the time in question, he has reason to know that it exists.

C. Notwithstanding the provisions of subsections A and B, a landlord may terminate the rental agreement pursuant to subsection A of § [55.1-1308](#) and bring an action for possession if:

1. Nonpayment of rent;
2. Violation of the applicable building and housing code caused by a lack of reasonable care by the tenant, a member of the tenant's household, or a guest or invitee of the tenant;
3. Violation of a federal, state, or local law or ordinance that is detrimental to the health, safety, and welfare of other tenants in the manufactured home park;
4. Violation of any rule or provisions of the rental agreement materially affecting the health, safety, and welfare of the tenant or others; or

5. Two or more violations of any rule or provision of the rental agreement occurring within a six-month period.

**§55.1-1316. Right to sell or rent manufactured home upon eviction.**

A. A tenant who has been evicted from a manufactured home park shall have 90 days after judgment has been entered in which to sell the manufactured home or remove the manufactured home from the manufactured home park. Such tenant shall be responsible for paying the rental amount and for regular maintenance of the manufactured home lot during the period between the date of eviction and the sale of the manufactured home or the removal of the manufactured home from the manufactured home park. During such term, a secured party shall be liable for such charges as provided in § [55.1-1305](#). The manufactured home park owner shall have a lien on the manufactured home to the extent that such rental payments are not made. Any sale of the manufactured home shall be subject to the rights of any secured party having a security interest in the home, and the lien granted to the manufactured home park owner under this section shall be subject to any such security interest.

B. A tenant who has been evicted from a manufactured home park shall have 90 days from after the judgment has been entered by a court of competent jurisdiction in which to rent the manufactured home to a subtenant, contingent on the subtenant making a rental application to the manufactured home park owner within such 90-day period and approval by the manufactured home park owner of such rental application from the subtenant. The tenant of the lot shall be responsible for paying the lot rent amount to the park owner and for regular maintenance of the manufactured home lot during the period between the date of eviction and any rental of the manufactured home to a subtenant. Such right to keep the manufactured home on the lot in the manufactured home park shall be conditioned upon the payment of all rent accrued prior to the date of judgment and prospective monthly rent as it becomes due. During such term, a secured party shall be liable for such charges as provided in § [55.1-1305](#).

A copy of such resolution duly certified by the clerks of the counties and towns by which it is adopted shall be admissible as evidence in any suit, action, or proceeding. Any political subdivision of the Commonwealth is authorized to join such Authority pursuant to the terms and conditions of this act.

1. Make such rule, regulation, alteration, amendment or modification in convenient form available for public inspection in the office of the Authority for at least ten days; and
2. #### **§15.2-6609. Reports.**

The Authority shall keep minutes of its proceedings, which minutes shall be open to public inspection during normal business hours. It shall keep suitable records of all its financial transactions and shall arrange to have the same audited annually by an independent certified public accountant. #### **§15.2-6610. Procurement.**

All contracts that the Authority may let for professional services, nonprofessional services, or materials shall be subject to the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.).

2002, c. [766](#).

#### **§15.2-6611. Deposit and investment of funds.**

Except as provided by contract with a participating political subdivision, all moneys received pursuant to the authority of this act, whether as proceeds from the sale of bonds or as revenues or otherwise, shall be deemed to be trust funds to be held and applied solely as provided in this act. All moneys of the Authority shall be deposited as soon as practicable in a separate account or accounts in one or more banks or trust companies organized under the laws of the Commonwealth or national banking associations having

their principal offices in the Commonwealth. Such deposits shall be continuously secured in accordance with the Virginia Security for Public Deposits Act (§ [2.2-4400](#) et seq.).

Funds of the Authority not needed for immediate use or disbursement may, subject to the provisions of any contract between the Authority and the holders of its bonds, be invested in securities that are considered lawful investments for fiduciaries.

2002, c. [766](#).

**§15.2-6612. Authority to issue bonds.**

The Authority shall have the power to issue bonds from time to time in its discretion, for any of its purposes, including the payment of all or any part of the cost of Authority facilities and including the payment or retirement of bonds previously issued by it. The Authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds payable, both as to principal and interest: (i) from its revenues and receipts generally and (ii) exclusively from the revenues and receipts of certain designated facilities or loans whether or not they are financed in whole or in part from the proceeds of such bonds. Any such bonds may be additionally secured by a pledge of any grant or contribution from a participating political subdivision, the Commonwealth or any political subdivision, agency or instrumentality thereof, any federal agency or any unit, private corporation, co-partnership, association, or individual, as such participating political subdivision, or other entities, may be authorized to make under general law or by pledge of any income or revenues of the Authority or by mortgage or encumbrance of any property or facilities of the Authority. Unless otherwise provided in the proceeding authorizing the issuance of the bonds, or in the trust indenture securing the same, all bonds shall be payable solely and exclusively from the revenues and receipts of a particular facility or loan. Bonds may be executed and delivered by the Authority at any time and from time to time may be in such form and denominations and of such terms and maturities, may be in registered or bearer form either as to principal or interest or both, may be payable in such installments and at such time or times not exceeding 40 years from the date thereof, may be payable at such place or places whether within or without the Commonwealth, may bear interest at such rate or rates, may be payable at such time or times and at such places, may be evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided and specified by the board of directors in authorizing each particular bond issue.

If deemed advisable by the board of directors, there may be retained in the proceedings under which any bonds of the Authority are authorized to be issued an option to redeem all or any part thereof as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings and as may be briefly recited on the face of the bonds, but nothing herein contained shall be construed to confer on the Authority any right or option to redeem any bonds except as may be provided in the proceedings under which they shall be issued. Any bonds of the Authority may be sold at public or private sale in such manner and from time to time as may be determined by the board of directors of the Authority to be most advantageous, and the Authority may pay all costs, premiums, and commissions that its board of directors may deem necessary or advantageous in connection with the issuance thereof. Issuance by the Authority of one or more series of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same facility or any other facility, but the proceedings whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge or mortgage made for any prior issue of bonds. Any bonds of the Authority at any time outstanding may from time to time be refunded by the Authority by the issuance of its refunding bonds in such amount as the board of directors may deem necessary, but not exceeding an amount sufficient to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon and any costs, premiums, or commissions necessary to be paid in connection therewith. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds to be refunded thereby, or by the exchange of the refunding bonds for the bonds to be refunded thereby, with the consent of the holders of the bonds so to be refunded, and regardless of whether or not the bonds to be refunded were issued in connection with the same facilities or separate facilities, and regardless of whether or not the bonds proposed to be refunded shall be payable on the same date or on different dates or shall be due serially or otherwise.

All bonds shall be signed by the chairman or vice-chairman of the Authority or shall bear his facsimile signature, and the corporate seal of the Authority or a facsimile thereof shall be impressed or imprinted thereon and attested by the signature of the secretary (or the secretary-treasurer) or the assistant secretary (or assistant secretary-treasurer) of the Authority or shall bear his facsimile signature, and any coupons attached thereto shall bear the facsimile signature of said chairman. In case any officer whose signature or a

facsimile of whose signature shall appear on any bonds or coupons shall cease to be an officer before delivery of such bonds, such signature, or such facsimile, shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. When the signatures of both the chairman or the vice-chairman and the secretary (or the secretary-treasurer) or the assistant secretary (or the assistant secretary-treasurer) are facsimiles, the bonds must be authenticated by a corporate trustee or other authenticating agent approved by the Authority.

If the proceeds derived from a particular bond issue, due to error of estimates or otherwise, shall be less than the cost of the Authority facilities for which such bonds were issued, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the proceedings authorizing the issuance of the bonds of such issue or in the trust indenture securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds of the first issue. If the proceeds of the bonds of any issue shall exceed such cost, the surplus may be deposited to the credit of the sinking fund for such bonds or may be applied to the payment of the cost of any additions, improvements, or enlargements of the Authority facilities for which such bonds shall have been issued.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds that shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions, or things that are specifically required by this act; provided, however, that nothing contained in this act shall be construed as affecting the powers and duties now conferred by law upon the State Corporation Commission.

All bonds issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of and shall be and are hereby made negotiable instruments under the Uniform Commercial Code of Virginia (§ [8.1A-101](#) et seq.), subject only to provisions respecting registration of the bonds.

In addition to all other powers granted to the Authority by this act, the Authority is authorized to provide for the issuance, from time to time of notes or other obligations of the Authority for any of its authorized purposes. All of the provisions of this act that relate to bonds or revenue bonds shall apply to such notes or other obligations insofar as such provisions may be appropriate.

2002, c. [766](#); 2003, c. [353](#).

**§15.2-6613. Fees, rents, and charges.**

The Authority is hereby authorized to and shall fix, revise, charge, and collect fees, rents, and other charges for the use and services of any facilities or access site. Such fees, rents, and other charges shall be so fixed and adjusted as to provide a fund sufficient with other revenues to pay the cost of maintaining, repairing, and operating the facilities and the principal and any interest on its bonds as the same shall become due and payable, including reserves therefor. Such fees, rents, and charges shall not be subject to supervision or regulation by any commission, board, bureau, or agency of the Commonwealth or any participating political subdivision. The fees, rents, and other charges received by the Authority, except such part thereof as may be necessary to pay the cost of maintenance, repair, and operation and to provide such reserves therefor as may be provided for in any resolution authorizing the issuance of such bonds or in any trust indenture or agreement securing the same, shall to the extent necessary be set aside at such regular intervals as may be provided in any such resolution or trust indenture or agreement in a sinking fund or sinking funds pledged to, and charged with, the payment and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of such bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made. So long as any of its bonds are outstanding, the fees, rents, and charges so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Authority irrespective of whether such parties have notice thereof. Neither the resolution nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of any such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust indenture or agreement.

2002, c. [766](#).

**§15.2-6614. Credit of Commonwealth and political subdivisions not pledged.**

Bonds issued pursuant to the provisions of this act shall not be deemed to constitute a debt of the Commonwealth, or any political subdivision thereof other than the Authority, but such bonds shall be payable solely from the funds provided therefor as herein authorized. All such bonds shall contain on the face thereof a statement to the effect that neither the Commonwealth, nor any political subdivision thereof, nor the Authority, shall be obligated to pay the same or the interest thereon or other costs incident thereto except from the revenues and money pledged therefor and that neither the faith and credit nor the taxing power of the Commonwealth, or any political subdivision thereof, is pledged to the payment of the principal of such bonds or the interest thereon or other costs incident thereto.

All expenses incurred in carrying out the provisions of this act shall be payable solely from the funds of the Authority and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall be available to the Authority.

Bonds issued pursuant to the provisions of this act shall not constitute an indebtedness within the meaning of any debt limitation or restriction.

2002, c. [766](#).

**§15.2-6615. Directors and persons executing bonds not liable thereon.**

Neither the board of directors nor any person executing the bonds shall be liable personally for the Authority's bonds by reasons of the issuance thereof.

2002, c. [766](#).

**§15.2-6616. Security for payment of bonds; default.**

The principal of and interest on any bonds issued by the Authority shall be secured by a pledge of the revenues and receipts out of which the same shall be made payable, and may be secured by a trust indenture covering all or any part of the Authority facilities from which revenues or receipts so pledged may be derived, including any enlargements of any additions to any such projects thereafter made. "Enhanced 9-1-1 service" or "E-911" means a service consisting of telephone network features and PSAPs provided for users of telephone systems enabling users to reach a PSAP by dialing the digits "9-1-1." Such service automatically directs 9-1-1 emergency telephone calls to the appropriate PSAPs by selective routing based on the geographical location from which the emergency call originated, and provides the capability for ANI and ALI features.

"ISDN Primary Rate Interface" means 24 bearer channels, each of which is a full 64,000 bits per second. One of the channels is generally used to carry signaling information for the 23 other channels.

"Network Access Register" means a central office register associated with Centrex service that is required in order to complete a call involving access to the public switched telephone network outside the confines of that Centrex company. Network Access Register may be incoming, outgoing, or two-way.

"PBX" means public branch exchange and is telephone switching equipment owned by the customer and located on the customer's premises.

"PBX trunk" means a connection of the customer's PBX switch to the central office.

"Public safety answering point" or "PSAP" means a communications facility equipped and staffed on a 24-hour basis to receive and process 911 calls.

B. There is hereby imposed a monthly tax of \$0.75 on the end user of each access line of the telephone service or services provided by a communications services provider.

However, no such tax shall be imposed on federal, state, and local government agencies or on consumers of CMRS, as that term is defined in § [56-484.12](#). The revenues shall be collected and remitted monthly by the communications services provider to the Department and deposited into the Communications Sales and Use Tax Trust Fund. This tax shall be subject to the notification and jurisdictional provisions of subsection C.

C. If a customer believes that an amount of tax or an assignment of place of primary use or taxing jurisdiction included on a billing is erroneous, the customer shall notify the communications services provider in writing. The customer shall include in this written notification the street address for the customer's place of primary use or taxing jurisdiction, the account name and number for which the customer seeks a correction, a description of the error asserted by the customer, and any other information that the communications services provider reasonably requires to process the request. Within 15 days of receiving a notice under this section, the communications services provider shall review its records within an additional 15 days to determine the customer's taxing jurisdiction. If this review shows that the amount of tax or assignment of place of primary use or taxing jurisdiction is in error, the communications services provider shall correct the error and refund or credit the amount of tax erroneously collected from the customer for a period of up to two years. If this review shows that the amount of tax or assignment of place of primary use or taxing jurisdiction is correct, the communications services provider shall provide a written explanation to the customer. The procedures in this section shall be the first course of remedy available to customers seeking correction of assignment of place of primary use or taxing jurisdiction, or a refund of or other compensation for taxes erroneously collected by the communications services provider, and no cause of action based upon a dispute arising from such taxes shall accrue until a customer has reasonably exercised the rights and procedures set forth in this subsection.

For the purposes of this subsection, the terms "customer" and "place of primary use" shall have the same meanings provided in § [58.1-647](#).

D. For the purpose of compensating a communications services provider for accounting for and remitting the tax levied by this section, each communications services provider shall be allowed 3% of the amount of tax revenues due and accounted for in the form of a deduction in submitting the return and remitting the amount due.

As used in this section, "digital media" means any audio-visual work received through the in-room television for a separate charge, including, but not limited to, any motion picture, television or audio programming, or game, regardless if it is transmitted in an analog or digital format. "Digital media" shall not include Internet access or telephone service.

2009, c. [531](#).

**§58.1-1732. Collection.**

**§58.1-1733. Disposition of proceeds.**

After the administrative costs for collecting the fees are recovered by the Department of Taxation, the remaining revenues shall be divided as follows:

1. Fifty percent shall be deposited into the state's general fund; and
2. Fifty percent shall be deposited into the Governor's Motion Picture Opportunity Fund established under § [2.2-2320](#). All revenues deposited to the Fund shall be used for film incentive programs established by the Virginia Film Office.

#### **§58.1-1736. Levy.**

A. There is hereby levied, in addition to all other taxes and fees of every kind now imposed by law, a tax upon the rental of a motor vehicle in Virginia, without regard to whether such vehicle is required to be licensed by the Commonwealth. However, such tax shall not be levied upon a rental to a person for re-rental as an established business or part of an established business, or incidental or germane to such business.

The amount of the tax to be collected shall be determined by the Tax Commissioner by the application of the following rates against the gross proceeds:

1. Four percent of the gross proceeds from the rental in Virginia of any motor vehicle, except those with a gross vehicle weight rating or gross combination weight rating of 26,001 pounds or more.
2. In addition to the tax levied pursuant to subdivision A 1, a tax of four percent of the gross proceeds shall be levied on the rental in Virginia of any daily rental vehicle, whether or not such vehicle is required to be licensed in the Commonwealth.

3. In addition to all other applicable taxes and fees, a fee of two percent of the gross proceeds shall be imposed on the rental in Virginia of any daily rental vehicle, whether or not such vehicle is required to be licensed in the Commonwealth. For purposes of this article, the rental fee shall be implemented, enforced, and collected in the same manner that rental taxes are implemented, enforced, and collected.

B. A motor vehicle subject to the tax imposed under subdivision A 1 of this section shall be subject to the tax under subdivision A 1 or A 2 of § [58.1-2402](#) when it ceases to be used for rental as an established business or part of an established business, or incidental or germane to such business.

C. Any motor vehicle, trailer, or semitrailer exempt from this tax under subdivision 1 or 2 of § [58.1-1737](#) shall be subject to the tax when such vehicle is no longer rented by the United States government or any governmental agency thereof, or the Commonwealth of Virginia or any political subdivision thereof, unless at such time the vehicle is sold or its ownership is otherwise transferred, in which case the tax imposed by § [58.1-2402](#) shall apply, subject to the exemptions provided for in § [58.1-2403](#).

D. There is hereby levied a tax upon peer-to-peer vehicle sharing, without regard to whether a shared vehicle is required to be licensed by the Commonwealth.

1. Beginning July 1, 2020, and ending July 1, 2021, in lieu of the tax levied under subsection A, if a shared vehicle owner registers no more than 10 different shared vehicles on any combination of peer-to-peer vehicle sharing platforms at any one time, the tax shall be imposed at a rate of six and one-half percent on the gross proceeds paid by the shared vehicle driver for the peer-to-peer vehicle sharing in the Commonwealth of any shared vehicle.

2. Beginning July 1, 2021, and thereafter, in lieu of the tax levied under subsection A, if a shared vehicle owner registers no more than 10 different shared vehicles on any combination of peer-to-peer vehicle sharing platforms at any one time, the tax shall be imposed at a rate of seven percent on the gross proceeds paid by the shared vehicle driver for the peer-to-peer vehicle sharing in the Commonwealth of any shared vehicle.

3. However, if, and for so long as, a shared vehicle owner registers more than 10 different vehicles on any combination of peer-to-peer vehicle sharing platforms at any one time, the taxes levied on the gross proceeds paid by the shared vehicle driver shall be the same taxes imposed and collected on the rental of a motor vehicle and a daily rental vehicle pursuant to subdivisions A 1, 2, and 3.

E. A peer-to-peer vehicle sharing platform shall require all shared vehicle owners to certify to the peer-to-peer vehicle sharing platform whether the shared vehicle owner or any affiliate or subsidiary has registered more than 10 different shared vehicles on any combination of platforms at any one time. A shared vehicle owner is under a continuing obligation to immediately notify all platforms upon which he has vehicles registered, if the registration of a shared vehicle on a platform by the shared vehicle owner will cause the shared vehicle owner to exceed 10 or more different shared vehicles registered on any combination of peer-to-peer vehicle sharing platforms at any one time. Such notification shall occur prior to sharing any additional shared vehicles on any platform, not including those already subject to a vehicle sharing platform agreement at the time the additional vehicle is registered with the platform by the shared vehicle owner. Failure by the shared vehicle owner to immediately notify any platform shall subject the shared vehicle owner to payment of the taxes due and applicable penalties. Any affirmation or notification by the shared vehicle owner of such certifications shall require the peer-to-peer vehicle sharing platform to collect the taxes pursuant to subsection A.

2011, cc. [405](#), [639](#); 2020, c. [1266](#).

#### **§58.1-1737. Exemptions.**

A. The tax on the rental of a motor vehicle pursuant to subsection A of § [58.1-1736](#) shall be paid by the person renting such motor vehicle, collected by the rentor of such motor vehicle, and remitted to the Tax Commissioner on or before the twentieth day of the month following the month in which the gross proceeds from such rental were due. All of the responsibilities imposed on dealers in Chapter 6 (§ [58.1-600](#) et seq.) shall apply to rentors for purposes of this article, except the provision in subsection A of § [58.1-615](#) requiring a sales or use tax return to be filed when the dealer is not liable to remit to the Tax Commissioner any tax for the period covered by the return. The tax on rental transactions in the Commonwealth shall apply regardless of the state for which a certificate of title is required.

B. The tax on the sharing of a motor vehicle pursuant to subsection D of § [58.1-1736](#) shall be paid by the shared vehicle driver. The tax shall be collectible from the peer-to-peer vehicle sharing platforms that have established sufficient contact with the Commonwealth by meeting at least one requirement in each of subdivisions C 1, 2, and 3 of § [58.1-612.1](#), mutatis mutandis. Shared vehicle owners are not eligible to collect taxes on shared vehicle transactions where such taxes are collectible by a peer-to-peer vehicle sharing platform. The tax shall be remitted to the Tax Commissioner on or before the twentieth day of the month following the month in which the gross proceeds from such sharing were due. The tax on peer-to-peer vehicle sharing in the Commonwealth shall apply regardless of the state for which a certificate of title for a shared vehicle is required.

C. The provisions of Chapter 6 (§ [58.1-600](#) et seq.) shall apply to this article, mutatis mutandis, except as herein provided.

2011, cc. [405](#), [639](#); 2019, c. [53](#); 2020, c. [1266](#).

**§58.1-1739. Forwarding of tax information to law-enforcement officials.**

The Tax Commissioner may, in his discretion, upon request duly received from the official charged with the duty of enforcement of motor vehicle tax laws of any other state, forward to such official any information that he may have in his possession relative to the registration and payment of any tax collected pursuant to this article.

2011, cc. [405](#), [639](#).

**§58.1-1740. Credits against tax.**

Credit shall be granted any rentor subject to the additional tax on the rental of a daily rental passenger car for a portion of the tangible personal property tax assessed by a Virginia locality on such car for a tax year ending after June 30, 1981. The amount of such credit shall be equal to the ratio of the number of months in such tax year after June 30 to the total number of months in the tax year. Any such credit may be carried over from month to month for a period of up to six months or until fully absorbed, whichever occurs first. To the extent any credit is claimed hereunder as to any tangible personal property tax properly assessed and not actually paid when due, such credit shall be subject to collection as an underpayment of the additional tax imposed under subdivision A 2 of § [58.1-1736](#) as of the date the credit was claimed, with penalties and interest as provided in § [58.1-2411](#), mutatis mutandis.

2011, cc. [405](#), [639](#).

**§58.1-1741. Disposition of revenues.**

A. After the direct costs of administering this article are recovered by the Department of Taxation, the remaining revenues collected hereunder by the Tax Commissioner shall be forthwith paid into the state treasury. Except as otherwise provided in this section, these funds shall constitute special funds within the Commonwealth Transportation Fund. Any balances remaining in these funds at the end of the year shall be available for use in subsequent years for the purposes set forth in this article, and any interest income on such funds shall accrue to these funds. The revenue so derived, after refunds have been deducted, is hereby allocated for the construction, reconstruction, and maintenance of highways and the regulation of traffic thereon and for no other purpose.

B. However, (i) all funds collected from the additional tax imposed by subdivision A 2 of § [58.1-1736](#) on the rental of daily rental vehicles and, beginning July 1, 2020, and ending July 1, 2021, an amount equal to a two and one-half percent tax on peer-to-peer vehicle sharing pursuant to subsection D of § [58.1-1736](#) and, beginning July 1, 2021, and thereafter, an amount equal to a three percent tax on peer-to-peer vehicle sharing pursuant to subsection D of § [58.1-1736](#) shall be distributed quarterly to the county, city, or town wherein such vehicle was delivered to the rentee or the shared vehicle driver; (ii) except as provided in clause (iii), an amount equivalent to the net additional revenues from the motor vehicle rental tax generated by enactments of the 1986 Special Session of the Virginia General Assembly which amended §§ [46.2-694](#), [46.2-697](#), and by §§ [58.1-1735](#), [58.1-1736](#) and this section, shall be distributed to and paid into the Commonwealth Transportation Fund established pursuant to § [33.2-1524](#), and are hereby

appropriated to the Commonwealth Transportation Board for transportation needs; (iii) all moneys collected from the tax on the gross proceeds from the rental in Virginia of any motor vehicle pursuant to subdivision A 1 of § [58.1-1736](#) at the tax rate in effect on December 31, 1986, and an amount equal to a four percent tax on the gross proceeds on peer-to-peer vehicle sharing pursuant to subsection D of § [58.1-1736](#) shall be paid by the Tax Commissioner into the state treasury and two-thirds of which shall be paid into the Commonwealth Transportation Fund established pursuant to § [33.2-1524](#) and one-third of which shall be deposited into the Washington Metropolitan Area Transit Authority Capital Fund pursuant to § [33.2-3401](#); and (iv) all additional revenues resulting from the fee imposed under subdivision A 3 of § [58.1-1736](#) shall be used to pay the debt service on the bonds issued by the Virginia Public Building Authority for the Statewide Agencies Radio System (STARS) for the Department of State Police pursuant to the authority granted by the 2004 Session of the General Assembly.

## **Motor Vehicle Warranty Enforcement Act**

**§59.1-207.9. Short title.**

This chapter may be cited as the Virginia Motor Vehicle Warranty Enforcement Act.  
1984, c. 773.

**§59.1-207.10. Intent.**

The General Assembly recognizes that a motor vehicle is a major consumer purchase, and there is no doubt that a defective motor vehicle creates a hardship for the consumer. It is the intent of the General Assembly that a good faith motor vehicle warranty complaint by a consumer should be resolved by the manufacturer, or its agent, within a specified period of time. It is further the intent of the General Assembly to provide the statutory procedures whereby a consumer may receive a replacement motor vehicle, or a full refund, for a motor vehicle which cannot be brought into conformity with the express warranty issued by the manufacturer. However, nothing in this chapter shall in any way limit the rights or remedies which are otherwise available to a consumer under any other law.

1984, c. 773.

"Reasonable allowance for use" shall not exceed one-half of the amount allowed per mile by the Internal Revenue Service, as provided by regulation, revenue procedure, or revenue ruling promulgated pursuant to § 162 of the Internal Revenue Code, for use of a personal vehicle for business purposes, plus an amount to account for any loss to the

fair market value of the vehicle resulting from damage beyond normal wear and tear, unless the damage resulted from nonconformity to any warranty.

"Serious safety defect" means a life-threatening malfunction or nonconformity that impedes the consumer's ability to control or operate the new motor vehicle for ordinary use or reasonable intended purposes or creates a risk of fire or explosion.

"Significant impairment" means to render the new motor vehicle unfit, unreliable or unsafe for ordinary use or reasonable intended purposes.

"Warranty" means any implied warranty or any written warranty of the manufacturer, or any affirmations of fact or promise made by the manufacturer in connection with the sale or lease of a motor vehicle that become part of the basis of the bargain. #### **§59.1-207.12. Conformity to all warranties.**

If a new motor vehicle does not conform to all warranties, and the consumer reports the nonconformity to the manufacturer, its agents, or its authorized dealer during the manufacturer's warranty period, the manufacturer, its agent or its authorized dealer shall make such repairs as are necessary to conform the vehicle to such warranties, notwithstanding the fact that such repairs are made after the expiration of such manufacturer's warranty period.

1984, c. 773; 1988, c. 603.

#### **§59.1-207.13. Nonconformity of motor vehicles.**

A. If the manufacturer, its agents or authorized dealers do not conform the motor vehicle to any applicable warranty by repairing or correcting any defect or condition, including those that do not affect the driveability of the vehicle, which significantly impairs the use, market value, or safety of the motor vehicle to the consumer after a reasonable number of attempts during the lemon law rights period, the manufacturer shall:

1. Replace the motor vehicle with a comparable motor vehicle acceptable to the consumer, or

2. Accept return of the motor vehicle and refund to the consumer, lessor, and any lienholder as their interest may appear the full contract price, including all collateral charges, incidental damages, less a reasonable allowance for the consumer's use of the vehicle up to the date of the first notice of nonconformity that is given to the manufacturer, its agents or authorized dealer. Refunds or replacements shall be made to the consumer, lessor or lienholder, if any, as their interests may appear. The consumer shall have the unconditional right to choose a refund rather than a replacement vehicle and to drive the motor vehicle until he receives either the replacement vehicle or the refund. The subtraction of a reasonable allowance for use shall apply to either a replacement or refund of the motor vehicle. Mileage, expenses, and reasonable loss of use necessitated by attempts to conform such motor vehicle to the express warranty may be recovered by the consumer.

A1. In the case of a replacement of or refund for a leased vehicle, in addition to any other damages provided in this chapter, the motor vehicle shall be returned to the manufacturer and the consumer's written lease shall be terminated by the lessor without penalty to the consumer. The lessor shall transfer title to the manufacturer as necessary to effectuate the consumer's rights pursuant to this chapter, whether the consumer chooses vehicle replacement or a refund.

B. It shall be presumed that a reasonable number of attempts have been undertaken to conform a motor vehicle to any warranty and that the motor vehicle is significantly impaired if during the lemon law rights period either:

1. The same nonconformity has been subject to repair three or more times by the manufacturer, its agents or its authorized dealers and the same nonconformity continues to exist;

2. The nonconformity is a serious safety defect and has been subject to repair one or more times by the manufacturer, its agent or its authorized dealer and the same nonconformity continues to exist; or

3. The motor vehicle is out of service due to repair for a cumulative total of 30 calendar days, unless such repairs could not be performed because of conditions beyond the control of the manufacturer, its agents or authorized dealers, including war, invasion, strike, fire, flood or other natural disasters.

C. The lemon law rights period shall be extended if the manufacturer has been notified but the nonconformity has not been effectively repaired by the manufacturer, or its agent, by the expiration of the lemon law rights period.

D. The manufacturer shall clearly and conspicuously disclose to the consumer, in the warranty or owner's manual, that written notification of the nonconformity to the manufacturer is required before the consumer may be eligible for a refund or replacement of the vehicle under this chapter. The manufacturer shall include with the warranty or owner's manual the name and address to which the consumer shall send such written notification.

E. It shall be the responsibility of the consumer, or his representative, prior to availing himself of the provisions of this section, to notify the manufacturer of the need for the correction or repair of the nonconformity, unless the manufacturer has been notified as defined in § [59.1-207.11](#). If the manufacturer or factory representative has not been notified of the conditions set forth in subsection B and any of the conditions set forth in subsection B already exists, the manufacturer shall be given an additional opportunity, not to exceed 15 days, to correct or repair the nonconformity. If notification shall be mailed to an authorized dealer, the authorized dealer shall upon receipt forward such notification to the manufacturer.

F. Nothing in this chapter shall be construed to limit or impair the rights and remedies of a consumer under any other law.

G. It is an affirmative defense to any claim under this chapter that:

1. An alleged nonconformity does not significantly impair the use, market value, or safety of the motor vehicle; or

2. A nonconformity is the result of abuse, neglect or unauthorized modification or alteration of a motor vehicle by a consumer.

1984, c. 773; 1987, c. 607; 1988, c. 603; 1990, c. 772; 1998, c. [671](#); 2022, c. [411](#).

**§59.1-207.14. Action to enforce provisions of chapter.**

Any consumer who suffers loss by reason of a violation of any provision of this chapter may bring a civil action to enforce such provision. Any consumer who is successful in such an action or any defendant in any frivolous action brought by a consumer shall recover reasonable attorney's fees, expert witness fees and court costs incurred by bringing such actions.

1984, c. 773; 1988, c. 603.

**§59.1-207.15. Informal dispute settlement procedure.**

A. If a manufacturer provides an informal dispute settlement procedure, it shall be the consumer's choice whether or not to use it prior to availing himself of his rights under this chapter.

B. If a dispute settlement procedure is resorted to by the consumer and the decision is for a refund or a comparable motor vehicle, the manufacturer shall have forty days from its receipt of the consumer's acceptance of the decision or from the date of a court order to comply with the terms of the decision.

C. In any action brought because of the manufacturer's failure to comply with the decision, within the scope of the procedure's authority, rendered as a result of a dispute resolution proceeding or a court order, the court may triple the value of the award stipulated in the decision as provided for in this chapter, plus award other equitable relief the court deems appropriate, including additional attorney's fees.

1988, c. 603; 1990, c. 772.

**§59.1-207.16. Action to be brought within certain time.**

Any action brought under this chapter shall be commenced within the lemon law rights period. However, any consumer whose good faith attempts to settle the dispute pursuant to the informal dispute settlement provisions of § [59.1-207.15](#) have not resulted in the satisfactory resolution of the matter shall have (i) 12 months from the date of the final action taken by the manufacturer in its dispute settlement procedure, if such procedure was resorted to within the lemon law rights period, or (ii) the original lemon law rights period, whichever is longer, to file an action in the proper court.

1988, c. 603; 1990, c. 772; 1999, c. [387](#); 2022, c. [411](#).

**§59.1-207.16:1. Disclosure of returned vehicles; penalty.**

A. If a motor vehicle that is returned to the manufacturer or distributor either under this chapter or by judgment, decree, or arbitration award in this or any other state and is then transferred by a manufacturer or distributor to a dealer, licensed under Chapter 15 (§ [46.2-1500](#) et seq.) of Title 46.2, in Virginia, the manufacturer or distributor shall disclose this information to the Virginia dealer.

B. If the returned vehicle is then made available for resale or for another lease, the manufacturer shall, prior to sale or lease, disclose in writing in a clear and conspicuous manner, on a separate piece of paper in ten-point capital type, to the Virginia dealer that this motor vehicle was returned to the manufacturer, distributor or factory branch, the nature

of the defect which resulted in the return, and the condition of the motor vehicle at the time of transfer to the Virginia dealer. It shall be the responsibility of the dealer that receives this disclosure to give notice of its contents to any prospective purchaser or lessee prior to sale or lease, and to transfer the disclosure, or a copy thereof, to the next purchaser or lessee. A dealer's responsibility under this section shall cease upon the sale or lease of the affected motor vehicle to the first purchaser or lessee not for resale or lease.

C. Any manufacturer or distributor who violates this section of the Motor Vehicle Warranty Enforcement Act shall be guilty of a Class 3 misdemeanor.

## Multiple Claimant Litigation Act

### §8.01-267.1. Standards governing consolidation, etc., and transfer.

On motion of any party, a circuit court may enter an order joining, coordinating, consolidating or transferring civil actions as provided in this chapter upon finding that:

1. Separate civil actions brought by six or more plaintiffs involve common questions of law or fact and arise out of the same transaction, occurrence or series of transactions or occurrences;
2. The common questions of law or fact predominate and are significant to the actions; and
3. The order (i) will promote the ends of justice and the just and efficient conduct and disposition of the actions, and (ii) is consistent with each party's right to due process of law, and (iii) does not prejudice each individual party's right to a fair and impartial resolution of each action.

Factors to be considered by the court include, but are not limited to, (i) the nature of the common questions of law or fact; (ii) the convenience of the parties, witnesses and counsel; (iii) the relative stages of the actions and the work of counsel; (iv) the efficient utilization of judicial facilities and personnel; (v) the calendar of the courts; (vi) the likelihood and disadvantages of duplicative and inconsistent rulings, orders or judgments; (vii) the likelihood of prompt settlement of the actions without the entry of the order; and (viii) as to joint trials by jury, the likelihood of prejudice or confusion.

The court may organize and manage the combined litigation and enter further orders consistent with the right of each party to a fair trial as may be appropriate to avoid unnecessary costs, duplicative litigation or delay and to assure fair and efficient conduct and resolution of the litigation, including orders that organize the parties into groups with like interest; appoint counsel to have lead responsibility for certain matters; allocate costs and attorney fees to separate issues into common questions that require treatment on a consolidated basis and individual cases that do not; and stay discovery on the issues that are not consolidated.

1995, c. [555](#); 2023, c. [563](#).

#### **§8.01-267.2. When actions pending in same court.**

For purposes of this chapter, actions shall be considered pending in the same circuit court when they have been (i) filed in that court, regardless of whether the defendant has been served with process, or (ii) properly transferred to that court.

1995, c. [555](#).

#### **§8.01-267.3. Consolidation and other combined proceedings.**

On motion of any party, a circuit court in which separate civil actions are pending which were brought by six or more plaintiffs may enter an order coordinating, consolidating or joining any or all of the proceedings in the actions upon making the findings required by § [8.01-267.1](#). The order may provide for any or all of the following:

1. Coordinated or consolidated pretrial proceedings;
2. A joint hearing or, if requested by any party, trial by jury with respect to any or all common questions at issue in the actions; or
3. Consolidation of the actions.

1995, c. [555](#).

#### **§8.01-267.4. Transfer.**

A. Whenever there are pending in different circuit courts of the Commonwealth civil actions brought by six or more plaintiffs which involve common issues of law or fact and arise out of the same transaction, occurrence or the same series of transactions or occurrences, any party may apply to a panel of circuit court judges designated by the Supreme Court for an order of transfer. Upon such application and upon making the findings required by § [8.01-267.1](#), the panel may order some or all of the actions transferred to a circuit court in which one or more of the actions are pending for purposes of

coordinated or consolidated pretrial proceedings. The circuit court to which actions are transferred may enter further orders as provided in § [8.01-267.3](#). Any subsequent application for further transfer shall be made to the circuit court to which the actions were transferred. Upon completion of pretrial proceedings and any joint hearings or trials, the circuit court may remand the actions to the circuit courts in which they were originally filed or may retain them for final disposition.

B. Any party who files an application for transfer shall at the same time give notice of such application to all parties and to the clerk of each circuit court in which an action that is the subject of the application is pending. Upon receipt of the notice, a circuit court shall not enter any further orders under § [8.01-267.3](#) until after the panel has entered an order granting or denying an application for transfer pursuant to subsection A.

1995, c. [555](#).

#### **§8.01-267.5. Joinder and severance.**

Six or more parties may be joined initially as plaintiffs in a single action if their claims involve common issues of fact and arise out of the same transaction or occurrence or the same series of transactions or occurrences. On motion of a defendant, the actions so joined shall be severed unless the court finds that the claims of the plaintiffs were ones which, if they had been filed separately, would have met the standards of § [8.01-267.1](#) and would have been consolidated under § [8.01-267.3](#). If the court orders severance, the claims may proceed separately upon payment of any appropriate filing fees due in the separate circuit courts within sixty days of entry of the order. The date of the original filing shall be the date of filing for each of the severed actions for purposes of applying the statutes of limitations.

1995, c. [555](#).

#### **§8.01-267.6. Separate trials; special interrogatories.**

In any combined action under this chapter, the court, on motion of any party, may order separate or bifurcated trials of any one or more claims, cross-claims, counterclaims, third-party claims, or separate issues, always preserving the right of trial by jury.

Additionally, the court may submit special interrogatories to the jury to resolve specific issues of fact.

1995, c. [555](#).

#### **§8.01-267.7. Later-filed actions.**

Later-filed actions may be joined with ongoing litigation in accordance with the procedures of § [8.01-267.3](#) or § [8.01-267.4](#) and the standards of § [8.01-267.1](#). Parties in later-filed actions joined with on-going multiple claimant litigation may, in the discretion of the court, be bound to prior proceedings but only to the extent permitted by law and only to the extent that the court finds that the interests of such parties were adequately and fairly represented. Consistent with the language of this section and the standards of § [8.01-267.1](#), the parties may utilize all prior discovery taken by any party in on-going multiple party litigation as if the parties in the later-filed actions had been parties at the time the discovery was taken. On motion of any party or by the person from whom discovery is sought, the court may limit or prohibit discovery by parties in later-filed actions if the court finds that the matters on which the discovery is sought have been covered adequately by prior discovery.

1995, c. [555](#).

#### **§8.01-267.8. Interlocutory appeal.**

A. The Court of Appeals, in its discretion, may permit an appeal to be taken from an order of a circuit court although the order is not a final order where the circuit court has ordered a consolidated trial of claims joined or consolidated pursuant to this chapter.

B. The Court of Appeals, in its discretion, may permit an appeal to be taken from any other order of a circuit court in an action combined pursuant to this chapter although the order is not a final order provided the written order of the circuit court states that the order involves a controlling question of law as to which there is substantial ground for difference of opinion and that an immediate appeal from the order may materially advance the ultimate termination of the litigation.

C. Application for an appeal pursuant to this section shall be made within 10 days after the entry of the order and shall not stay proceedings in the circuit court unless the circuit court or the appellate court shall so order.

1995, c. [555](#); 2021, Sp. Sess. I, c. [489](#).

#### **§8.01-267.9. Effect on other law.**

The procedures set out in this chapter are in addition to procedures otherwise available by statute, rule or common law and do not limit in any way the availability of such procedures, but shall not apply to any action against a manufacturer or supplier of asbestos or product for industrial use that contains asbestos to which the provisions of § [8.01-374.1](#) may apply.

1995, c. [555](#).

# Overhead High Voltage Line Safety Act

## **§59.1-406. Scope.**

This chapter (§ [59.1-406](#) et seq.) is enacted to promote the safety and protection of persons engaged in work or activity in the vicinity of overhead high voltage lines. The chapter defines the conditions under which work may be carried on safely and provides for the safety arrangements to be taken when any person engages in work or other activity in proximity to overhead high voltage lines.

1989, c. 341.

## **§59.1-407. Definitions.**

As used in this chapter:

"Covered equipment" means any mechanical equipment or hoisting equipment, any part of which is capable of vertical, lateral or swinging motion that could cause the equipment to be operated within ten feet of an overhead high voltage line, including but not limited to cranes, derricks, power shovels, drilling rigs, excavating equipment, hay loaders, hay stackers, combines, grain augers and mechanical cotton pickers.

"Notice" means actual notification in the manner prescribed in § [59.1-411](#).

"Overhead high voltage line" means all above ground bare or insulated electrical conductors of voltage in excess of 600 volts measured between conductors or measured between a conductor and the ground, except those conductors that are de-energized and grounded or that are enclosed in rigid metallic conduit or flexible armored conduit.

"Person" means natural person, firm, business association, company, partnership, corporation or other legal entity.

"Person responsible for the work" means the person performing or controlling the work.

"Warning sign" means a weather-resistant sign of not less than five inches by seven inches with a yellow background and black lettering reading as follows: "WARNING -- UNLAWFUL TO OPERATE THIS EQUIPMENT WITHIN 10 FEET OF OVERHEAD HIGH VOLTAGE LINES" or such other equally effective warning signs as may be approved for use by the Virginia Safety and Health Codes Board or the Commissioner of Labor and Industry.

"Work" means the physical act of performing or preparing to perform any activity under, over, by, or near overhead high voltage lines, including, but not limited to, the operation, erection, handling, storage, or transportation of any tools, machinery, ladders, antennas, equipment, covered equipment, supplies, materials, or apparatus, or the moving of any house or other structure, whenever such activity is done by a person or entity in pursuit of his trade or business.

"Working day" means every day except Saturdays, Sundays, and legal state and federal holidays.

1989, c. 341; 2003, c. [364](#).

**§59.1-408. Prohibited activities.**

Unless danger of contact with overhead high voltage lines has been guarded against as provided by § [59.1-410](#):

1. No person shall, individually or through an agent or employee, perform, or require any other person to perform, any work, as defined in § [59.1-407](#), that will cause any person or tools, machinery, ladders, antennas, equipment, covered equipment, supplies, materials, or apparatus to be placed within 10 feet (3.1 meters) of any overhead high voltage line.
2. A clearance greater than 10 feet (3.1 meters) may be required under the circumstances by the occupational safety and health regulations adopted by the Safety and Health Codes Board pursuant to Chapter 3 (§ [40.1-22](#) et seq.) of Title 40.1 and enforced by the Commissioner of Labor and Industry.
3. The prohibited activities as described in this section shall not apply to covered equipment as defined herein when lawfully driven or transported on public streets and highways in compliance with the height restriction imposed by § [46.2-1110](#), nor shall they apply to covered equipment, when used in agricultural or silvicultural activities, that is in compliance with the height restrictions imposed by § [46.2-1110](#) when driven or transported on land used for agricultural or silvicultural activities.

1989, c. 341; 1995, c. [298](#); 2003, c. [364](#).

**§59.1-409. Warning signs.**

A. No person shall, individually or through an agent or employee, or as an agent or employee, operate any covered equipment in the proximity of an overhead high voltage line unless there is posted and maintained a warning sign placed as follows:

1. Within the equipment and readily visible and legible to the operator of such equipment when at the controls of such equipment; and

2. On the outside of equipment in such numbers and locations as to be readily visible and legible at 12 feet to other persons engaged in the work operations.

B. It shall be the duty and responsibility of the owner, lessee, or employer of any covered equipment to acquaint themselves, and their employees who will be operating the equipment or will be engaged in work, with the provisions of this chapter and the regulations prescribed and promulgated pursuant to it.

1989, c. 341; 2003, c. [364](#).

**§59.1-410. Temporary safety arrangements.**

A. When any person desires to carry on any work in closer proximity to any overhead high voltage line than permitted by this chapter, the person responsible for the work shall promptly notify the owner or operator of the high voltage line on a working day, or in emergency situations as soon as possible under the circumstances, in the manner prescribed in § [59.1-411](#). The work shall be performed only after satisfactory mutual arrangements have been negotiated between the owner or the operator of the lines or both and the person responsible for the work. The negotiations shall proceed promptly and in good faith with the goal of accommodating the requested work consistent with the owner's or operator's service needs and the duty to protect the public from the danger of overhead high voltage lines. The owner or operator of the lines shall initiate the agreed upon safety arrangements within five working days from the date of the request of the person responsible for the work. The owner and operator of the lines shall complete the work promptly and without interruption, consistent with the owner's or operator's service needs. Arrangements may include (i) placement of temporary mechanical barriers separating and preventing contact between material, equipment, or persons and overhead high voltage lines, (ii) temporary de-energization and grounding, (iii) temporary relocation or raising of the lines, or (iv) other such measures found to be appropriate in the judgment of the owner or operator of the lines. The person responsible for the work shall ensure that the temporary safety arrangements described in this subsection are completed prior to the commencement of any such work.

B. The actual expense incurred by any owner or operator of overhead high voltage lines in taking precautionary measures as set out in subsection A of this section, including the wages of its workers involved in making safety arrangements, shall be paid by the person responsible for the work or a person subject to the following exceptions:

1. In the case of property used for residential purposes, such actual expenses shall be limited to those in excess of \$1,000;

2. Whenever any owner or operator of an overhead high voltage line has located its facilities within a public highway or street right-of-way and the work is performed by or for the Department of Transportation or a city, county or town, the actual expenses shall be the responsibility of the owner or operator of the overhead high voltage lines, unless the owner or operator can provide evidence of prior rights or there is a prior written agreement specifying cost responsibility; and

3. Whenever it is determined by the Department of Transportation or a city, county or town that the temporary safety arrangements are for the sole convenience of its contractor, the actual expense shall be the responsibility of the contractor.

C. When requested by a person, an owner or operator of a high voltage line shall provide within a reasonable period of time an estimate of the scope and cost of any required safety arrangements.

1989, c. 341; 1993, c. 284; 1995, c. [298](#); 1996, c. [267](#); 2003, c. [364](#).

**§59.1-411. Notification.**

A. Every notice served by any person on an owner or operator of an overhead high voltage line pursuant to § [59.1-410](#) shall contain the following information:

1. The name of the individual serving such notice;
2. The location or address of the tract or parcel of land upon which the work is to take place with sufficient particularity to enable the owner or operator of the overhead high voltage lines to ascertain the precise tract or parcel of land involved;
3. The name, address and work day telephone number of the person responsible for the work;
4. The field telephone number at the site of such work, if one is available;
5. The type and extent of the proposed work;
6. The name of the person for whom the proposed work is being performed;
7. The time and date of the notice; and
8. The dates upon which the work is scheduled to commence and be completed.

B. If the notification required by this chapter is made by telephone, a record of such notification shall be maintained by the owner or operator notified and the person giving the notice to document compliance with the requirements of this chapter.

C. To facilitate notification required by this chapter, every operator of overhead high voltage lines shall publish a phone number or numbers that, when called, will serve to provide initial notification of the need to arrange for the temporary safety arrangements pursuant to this chapter.

D. If, after the arrangements required by § [59.1-410](#) are made, a delay in commencing the work is encountered, then the person responsible for the work shall be required to give a new notice as specified in this section.

E. The provisions of this section shall not apply to the owner or leaseholder of real estate devoted to agricultural or silvicultural activities beneath a high voltage line, unless otherwise required by state or federal law.

1989, c. 341; 1995, c. [298](#); 1996, c. [267](#); 2003, c. [364](#).

#### **§59.1-412. Enforcement of chapter.**

The provisions of this chapter shall be considered as safety and health standards of the Commonwealth and enforced as to employers pursuant to § [40.1-49.4](#) by the Commissioner of Labor and Industry.

In the case of violations of this chapter over which the Commissioner of Labor and Industry does not have enforcement powers pursuant to § [40.1-49.4](#), a civil penalty of up to \$1,000 may be imposed at the discretion of the general district court for the jurisdiction in which the offense occurred.

1989, c. 341.

#### **§59.1-413. Exemptions.**

This chapter shall not apply to the construction, reconstruction, operation, and maintenance of overhead electrical or communication circuits or conductors and their supporting structures and associated equipment of (i) rail transportation systems, (ii) electrical generating, transmission or distribution systems, (iii) communication systems, including cable television, or (iv) any other publicly or privately owned system provided that such work on any of the foregoing systems is performed by the employees of the owner or operator of the systems or independent contractors engaged on behalf of the owner or operator of the system to perform the work.

This chapter also shall not apply to electrical or communications circuits or conductors on the premises of coal or other mines which are subject to the provisions of the Federal Mine Safety and Health Act of 1977 (30 U.S.C. § 801 et seq.) and regulations adopted pursuant to that Act by the Mine Safety and Health Administration.

1989, c. 341.

**§59.1-414. Application.**

A. The owner or operator of overhead high voltage lines shall not be liable for damage or loss to any person or property caused by work within 10 feet of overhead high voltage lines, unless notice has been given as required by § [59.1-411](#) and the owner or operator of the overhead high voltage line has failed to comply with the provisions of § [59.1-410](#).

B. Any person responsible for the work who violates the requirements of § [59.1-408](#) and whose subsequent activities within the vicinity of overhead high voltage lines cause damage to utility facilities or cause injury or damage to any person or property shall indemnify the owner or operator of such overhead high voltage lines against all claims arising from personal injury or death, property damage, or service interruptions, together with attorneys' fees and other costs incurred in defending any such claims directly resulting from work in violation of § [59.1-408](#).

C. Except as provided in subsection A, nothing in this chapter shall be construed or applied so as to alter the duty or degree of care applicable to owners or operators of overhead high voltage lines with respect to damage to property, personal injury or death.

D. Except for the rights provided to the owner or operator of the overhead high voltage line in subsection B, nothing contained in this chapter shall be construed to alter, amend, restrict, or limit the exclusive remedy provisions of § [65.2-307](#).

1989, c. 341; 2003, c. [364](#).

## Park Authorities Act

**§15.2-5700. Short title; application.**

This chapter shall be known and may be cited as the "Park Authorities Act." The chapter shall apply to all localities of the Commonwealth.

Code 1950, § 15-714.1; 1950, p. 1244; 1952, c. 401; 1962, c. 623, § 15.1-1228; 1997, c. 587.

### **§15.2-5701. Definitions.**

As used in this chapter, the following words and terms shall mean unless the context shall indicate otherwise:

"Authority" means an authority created under the provisions of § [15.2-5702](#) or, if any such authority shall be abolished, the entity succeeding to the principal functions thereof.

"Federal agency" means the United States of America and any department or bureau thereof, and any other agency or instrumentality of the United States of America heretofore established or which may be established hereafter.

"Park" means public parks and recreation areas as the terms are generally used.

### **§15.2-5702. Creation of authorities.**

A. A locality may by ordinance or resolution, or two or more localities may by concurrent ordinances or resolutions, signify their intention to create a park authority, under an appropriate name and title, containing the word "authority" which shall be a body politic and corporate.

Whenever an authority has been incorporated by two or more localities, any one or more of the localities may withdraw therefrom, but no locality shall be permitted to withdraw from any authority that has outstanding obligations unless United States securities have been deposited for their payment or without unanimous consent of all holders of the outstanding obligations.

Other localities may join the authority as provided in the ordinances or resolutions.

B. Each ordinance or resolution shall include articles of incorporation setting forth:

1. The name of the authority and the address of its principal office.
2. The name of each incorporating locality, together with the names, addresses and terms of office of the first members of the board of the authority.
3. The purpose or purposes for which the authority is created.

C. Each participating locality shall cause to be published at least one time in a newspaper of general circulation in its locality, a copy of the ordinance or resolution together with a notice stating that on a day certain, not less than seven days after publication of the notice, a public hearing will be held on such ordinance or resolution. If at the hearing

substantial opposition to the proposed park authority is heard, the members of the participating localities' governing bodies may in their discretion call for a referendum on the question of establishing such an authority. The request for a referendum shall be initiated by resolution of the governing body and filed with the clerk of the circuit court for the locality. The court shall order the referendum as provided for in § [24.2-681](#) et seq. Where two or more localities are participating in the formation of an authority the referendum, if any be ordered, shall be held on the same date in all such localities so participating. In any event if ten percent of the registered voters in such locality file a petition with the governing body at the hearing calling for a referendum such governing body shall request a referendum as herein provided.

D. Having specified the initial plan of organization of the authority, and having initiated the program, the localities organizing such authority may, from time to time, by subsequent ordinance or resolution, after public hearing, and with or without referendum, specify further parks to be acquired and maintained by the authority, and no other parks shall be acquired or maintained by the authority than those so specified. However, if the governing bodies of the localities fail to specify any project or projects to be undertaken, and if the governing bodies do not disapprove any project or projects proposed by the authority, then the authority shall be deemed to have all the powers granted by this chapter.

**§15.2-5703. Members of authority; appointment, terms, compensation, etc.; officers, quorum.**

Each authority created hereunder, whether created by single or multiple localities, shall be governed by a board of not less than six members, but always an even number, appointed by the governing body of the locality. The board members shall be appointed for staggered four-year terms. Members of the governing body may be appointed to the board but shall not comprise a majority thereon.

When an authority is created by participating localities, each shall appoint at least two members, one of whom may be a member of the governing body. One-half of the members first appointed by each governing body shall serve for two years and one-half shall serve for four years. After the first appointment, the term of office of all members shall be four years. When one or more additional localities join an existing authority, each of such participating localities shall have not less than two members on the authority's board.

The first members shall be appointed immediately upon the admission of the locality into the authority in the same manner as were the first members of the authority.

The members of the board of the authority shall elect one of their number chairman and shall elect a secretary and a treasurer who need not be members of the board of the authority. The offices of secretary and treasurer may be combined. A majority of the members of the authority shall constitute a quorum and the vote of a majority of such quorum shall be necessary for any action taken by the authority. No vacancy in the membership of the board of the authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the authority.

Localities which created or thereafter joined the authority, by ordinance or resolution or concurrent ordinances or resolutions, may provide for the payment of compensation to the members of the authority; provided no compensation shall be paid for meetings not attended and for the reimbursement to each member of the authority the amount of his actual expenses necessarily incurred in the performance of that member's duties.

2. To adopt bylaws for the regulation of its affairs and the conduct of its business;
3. To adopt an official seal and alter the same at pleasure;
4. To maintain an office at such place or places as it may designate;
5. To sue and be sued;

9. To issue revenue bonds and revenue refunding bonds of the authority, such bonds to be payable solely from revenues derived from the use of the facilities or the furnishing of park services;
10. To accept grants and gifts from the localities forming or thereafter joining the authority, the Commonwealth, the federal government or any other governmental bodies or political subdivisions, and from any other person;
11. To enter into contracts with the federal government, the Commonwealth, any political subdivision, or any agency or instrumentality thereof, or with any other person providing for or relating to the furnishing of park services or facilities;
12. To contract with any municipality, county, person or any public authority or political subdivision of this or any adjoining state, on such terms as the authority shall deem proper, for the construction, operation and maintenance of any park which is partly in this Commonwealth and partly in such adjoining state;
13. To exercise the same rights for acquiring property for the construction or improvement, maintenance or operation of a park as the locality or localities by which such authority is created may exercise. The governing body of any participating locality, notwithstanding any contrary provision of law, general or special, is authorized and empowered to transfer jurisdiction over, to lease, lend, grant or convey to the authority, upon the request of the authority, upon such terms and conditions as the governing body of such locality may agree with the authority as reasonable and fair, real or personal property as may be necessary or desirable in connection with the acquisition, construction, improvement, operation or maintenance of a park, including public roads and other property already devoted to public use. Agreements may be entered into by the authority with the Commonwealth, or any agency acting on behalf of the Commonwealth, for the acquisition of any lands or property, owned or controlled by the Commonwealth, for the purposes of construction or improvement, maintenance or operation of a park;
14. In the event of annexation by a municipality not a member of the authority of lands, areas, or territory served by the authority, then such authority may continue to do business, exercise its jurisdiction over properties and facilities in and upon or over such

Any locality which has formed or joined an authority may lend money to the authority. The power to borrow set forth in this subdivision shall be in addition to the power to issue revenue bonds and revenue refunding bonds set forth in subdivision 9 and § [15.2-5712](#). Notes, bonds or other obligations issued under this subdivision shall not be deemed to constitute a debt of the Commonwealth or of any political subdivision of the Commonwealth or a pledge of the faith and credit of the Commonwealth or of any political subdivision of the Commonwealth; and

18. To adopt such rules and regulations from time to time, not in conflict with the laws of this Commonwealth, concerning the use of properties under its control as will tend to the protection of such property and the public thereon. No such rule or regulation shall be adopted until after descriptive notice of an intention to propose such rule or regulation for passage has been published in accordance with the procedures required for the adoption of general county ordinances and emergency county ordinances as set forth in § [15.2-1427](#), mutatis mutandis. 1. To convey or lease to any authority created hereunder, with or without consideration, any park upon such terms and conditions as the governing body thereof shall determine to be for the best interests of such locality or other public body; and
2. To contract with any authority created hereunder for park services; provided, that no locality shall enter into any contract with an authority involving payments by such locality to such authority for park services which requires the locality to incur an indebtedness extending beyond one fiscal year, unless the question of entering into such contract shall first be submitted to the voters of the locality for approval or rejection by a majority vote. Nothing herein shall prevent any locality from making a voluntary contribution to any authority.

In the event that a locality shall desire to contract with an authority under this subdivision, such governing body shall adopt a resolution stating in brief and general terms the substance of the proposed contract for park services and requesting the circuit court for the locality to order an election upon the question of entering into such contract. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this chapter or any recitals in any bonds issued under the provisions of this chapter, all such bonds shall be deemed to be negotiable instruments under the laws of this Commonwealth. The bonds may be issued in coupon or registered form or both, as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the authority.

The resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional

Such new bond or coupon shall not be executed or delivered until the holder of the mutilated, lost or destroyed bond (i) has paid the reasonable expense and charges in connection therewith; (ii) in the case of a lost or destroyed bond, has filed with the authority and its treasurer satisfactory evidence that such bond was lost or destroyed and that the holder was the owner thereof; and (iii) has furnished indemnity satisfactory to its treasurer.

**§58.1-3524. Tangible personal property tax relief; local tax rates on vehicles qualifying for tangible personal property tax relief.**

A. For tax year 2006 and all tax years thereafter, counties, cities, and towns shall be reimbursed by the Commonwealth for providing the required tangible personal property tax relief as set forth herein.

B. For tax year 2006 and all tax years thereafter, the Commonwealth shall pay a total of \$950 million for each such tax year in reimbursements to localities for providing the required tangible personal property tax relief on qualifying vehicles in subsection C. No other amount shall be paid to counties, cities, and towns for providing tangible personal property tax relief on qualifying vehicles. Each county's, city's, or town's share of the \$950 million for each such tax year shall be determined pro rata based upon the actual payments to such county, city, or town pursuant to this chapter for tax year 2005 as compared to the actual payments to all counties, cities, and towns pursuant to this chapter for tax year 2005, as certified in writing by the Auditor of Public Accounts no later than March 1, 2006, to the Governor and to the chairmen of the Senate Committee on Finance and Appropriations and the House Committee on Appropriations. The amount reimbursed to a particular county, city, or town for tax year 2006 for providing tangible personal property tax relief shall be the same amount reimbursed to such county, city, or town for each subsequent tax year.

The reimbursement to each county, city, or town for tax year 2006 shall be paid by the Commonwealth over the 12-month period beginning with the month of July 2006 and ending with the month of June 2007, as provided in the general appropriation act. For all tax years subsequent to tax year 2006, reimbursements shall be paid over the same 12-month period. All reimbursement payments shall be made by check issued by the State Treasurer to the respective treasurer of the county, city, or town on warrant of the Comptroller.

C. For tax year 2006 and all tax years thereafter, each county, city, or town that will receive a reimbursement from the Commonwealth pursuant to subsection B shall provide tangible personal property tax relief on qualifying vehicles by reducing its local tax rate on qualifying vehicles as follows:

1. The local governing body of each county, city, or town shall fix or establish its tangible personal property tax rate for its general class of tangible personal property, which rate shall also be applied to that portion of the value of each qualifying vehicle that is in excess of \$20,000.

2. After fixing or establishing its tangible personal property tax rate for its general class of tangible personal property, the local governing body of the county, city, or town shall fix or establish one or more reduced tax rates (lower than the rate applied to the general class of tangible personal property) that shall be applied solely to that portion of the value of each qualifying vehicle that is not in excess of \$20,000. No other tangible personal property tax rate shall be applied to that portion of the value of each qualifying vehicle that is not in excess of \$20,000. Such reduced tax rate or rates shall be set at an effective tax rate or rates such that (i) the revenue to be received from such reduced tax rate or rates on that portion of the value of qualifying vehicles not in excess of \$20,000 plus (ii) the revenue to be received on that portion of the value of qualifying vehicles in excess of \$20,000 plus (iii) the Commonwealth's reimbursement is approximately equal to the total revenue that would have been received by the county, city, or town from its tangible personal property tax had the tax rate for its general class of tangible personal property been applied to 100 percent of the value of all qualifying vehicles.

3. Notwithstanding the provisions of subdivisions 1 and 2, beginning with tax year 2016, each county, city, and town that receives reimbursement shall ensure that the reimbursement pays for all of the tax attributable to the first \$20,000 of value on each qualifying vehicle leased by an active duty member of the United States military, his spouse, or both, pursuant to a contract requiring him, his spouse, or both to pay the tangible

personal property tax on such vehicle. The provisions of this subdivision apply only to a vehicle that would not be taxed in Virginia if the vehicle were owned by such military member, his spouse, or both.

D. On or before the date the certified personal property tax book is required by § [58.1-3118](#) to be provided to the treasurer, the commissioner of the revenue shall identify each qualifying vehicle and its value to the treasurer of the locality.

E. The provisions of this section are mandatory for any county, city, or town that will receive a reimbursement pursuant to subsection B.

The Department shall provide to the commissioners of revenue such data or information it has available which is needed for the commissioners of revenue to comply with the provisions of this chapter. Such data or information shall be made available in a manner which will allow for compliance with the provisions of this chapter.

1993, c. 869; 2000, c. [201](#).

**§54.1-2411. Prohibited referrals and payments; exceptions.**

A. Unless the practitioner directly provides health services within the entity and will be personally involved with the provision of care to the referred patient, or has been granted an exception by the Board or satisfies the provisions of subsections D or E of this section or of subsections D or E of § [54.1-2413](#), a practitioner shall not refer a patient for health services to an entity outside the practitioner's office or group practice if the practitioner or any of the practitioner's immediate family members is an investor in such entity.

B. The Board may grant an exception to the prohibitions in this chapter, and may permit a practitioner to invest in and refer to an entity, regardless of whether the practitioner provides direct services within such entity, if there is a demonstrated need in the community for the entity and all of the following conditions are met:

1. Individuals other than practitioners are afforded a bona fide opportunity to invest in the entity on the same and equal terms as those offered to any referring practitioner;
2. No investor-practitioner is required or encouraged to refer patients to the entity or otherwise generate business as a condition of becoming or remaining an investor;
3. The services of the entity are marketed and furnished to practitioner-investors and other investors on the same and equal terms;
4. The entity does not issue loans or guarantee any loans for practitioners who are in a position to refer patients to such entity;
5. The income on the practitioner's investment is based on the practitioner's equity interest in the entity and is not tied to referral volumes; and
6. The investment contract between the entity and the practitioner does not include any covenant or clause limiting or preventing the practitioner's investment in other entities.

Unless the Board, the practitioner, or entity requests a hearing, the Board shall determine whether to grant or deny an exception within 90 days of the receipt of a written request from the practitioner or entity, stating the facts of the particular circumstances and certifying compliance with the conditions required by this subsection. The Board's

decision shall be a final administrative decision and shall be subject to judicial review pursuant to the Administrative Process Act (§ [2.2-4000](#) et seq.).

C. When an exception is granted pursuant to subsection B:

1. The practitioner shall disclose his investment interest in the entity to the patient at the time of referral. If alternative entities are reasonably available, the practitioner shall provide the patient with a list of such alternative entities and shall inform the patient of the option to use an alternative entity. The practitioner shall also inform the patient that choosing another entity will not affect his treatment or care;
2. Information on the practitioner's investment shall be provided if requested by any third party payor;
3. The entity shall establish and utilize an internal utilization review program to ensure that practitioner-investors are engaging in appropriate and necessary utilization; and
4. In the event of a conflict of interests between the practitioner's ownership interests and the best interests of any patient, the practitioner shall not make a referral to such entity, but shall make alternative arrangements for the referral.

D. Further, a practitioner may refer patients for health services to a publicly traded entity in which such practitioner has an investment interest, without applying for or receiving an exception from the Board, if all of the following conditions are met:

1. The entity's stock is listed for trading on the New York Stock Exchange or the American Stock Exchange or is a national market system security traded under an automated interdealer quotation system operated by the National Association of Securities Dealers;
2. The entity had, at the end of the corporation's most recent fiscal year, total net assets of at least \$50,000,000 related to the furnishing of health services;
3. The entity markets and furnishes its services to practitioner-investors and other practitioners on the same and equal terms;
4. All stock of the entity, including the stock of any predecessor privately held company, is one class without preferential treatment as to status or remuneration;
5. The entity does not issue loans or guarantee any loans for practitioners who are in a position to refer patients to such entity;
6. The income on the practitioner's investment is not tied to referral volumes and is based on the practitioner's equity interest in the entity; and

7. The practitioner's investment interest does not exceed one half of one percent of the entity's total equity.

E. In addition, a practitioner may refer a patient to such practitioner's immediate family member or such immediate family member's office or group practice for health services if all of the following conditions are met:

1. The health services to be received by the patient referred by the practitioner are within the scope of practice of the practitioner's immediate family member or the treating practitioner within such immediate family member's office or group practice;

2. The practitioner's immediate family member or the treating practitioner within such immediate family member's office or group practice is qualified and duly licensed to provide the health services to be received by the patient referred to the practitioner;

3. The primary purpose of any such referral is to obtain the appropriate professional health services for the patient being referred, which are to be rendered by the referring practitioner's immediate family member or by the treating practitioner within such immediate family member's office or group practice who is qualified and licensed to provide such professional health services; and

4. The primary purpose of the referral shall not be for the provision of designated health services as defined in 42 U.S.C. § 1395nn and the regulations promulgated thereunder.

1993, c. 869; 2005, c. [402](#).

**§54.1-2412. Board to administer; powers and duties of Board; penalties for violation.**

A. In addition to its other powers and duties, the Board of Health Professions shall administer the provisions of this chapter.

B. The Board shall promulgate, pursuant to the Administrative Process Act (§ [2.2-4000](#) et seq.), regulations to:

1. Establish standards, procedures, and criteria which are reasonable and necessary for the effective administration of this chapter;

2. Establish standards, procedures, and criteria for determining compliance with, exceptions to, and violations of the provisions of § [54.1-2411](#);

3. Establish standards, procedures, and criteria for advising practitioners and entities of the applicability of this chapter to activities and investments;

4. Levy and collect fees for processing requests for exceptions from the prohibitions set forth in this chapter and for authorization to make referrals pursuant to subsection B of § [54.1-2411](#);

5. Establish standards, procedures, and criteria for review and referral to the appropriate health regulatory board of all reports of investigations of alleged violations of this chapter by practitioners and for investigations and determinations of violations of this chapter by entities;

6. Establish standards, procedures, and criteria for granting exceptions from the prohibitions set forth in this chapter; and

7. Establish such other regulations as may reasonably be needed to administer this chapter.

C. Upon a determination of a violation by the Board, pursuant to the Administrative Process Act, any entity, other than a practitioner, that presents or causes to be presented a bill or claim for services that the entity knows or has reason to know is prohibited by § [54.1-2411](#) shall be subject to a monetary penalty of no more than \$20,000 per referral, bill, or claim. The monetary penalty may be sued for and recovered in the name of the Commonwealth. All such monetary penalties shall be deposited in the Literary Fund.

D. Any violation of this chapter by a practitioner shall constitute grounds for disciplinary action as unprofessional conduct by the appropriate health regulatory board within the Department of Health Professions. Sanctions for violation of this chapter may include, but are not limited to, the monetary penalty authorized in § [54.1-2401](#).

1993, c. 869.

**§54.1-2413. Additional conditions related to practitioner-investors.**

A. No hospital licensed in the Commonwealth shall discriminate against or otherwise penalize any practitioner for compliance with the provisions of this chapter.

B. No practitioner, other health care worker, or entity shall enter into any agreement, arrangement, or scheme intended to evade the provisions of this chapter by inducing patient referrals in a manner which would be prohibited by this chapter if the practitioner made the referrals directly.

C. No group practice shall be formed for the purpose of facilitating referrals that would otherwise be prohibited by this chapter.

D. Notwithstanding the provisions of this chapter, a practitioner may refer a patient who is a member of a health maintenance organization to an entity in which the practitioner is an investor if the referral is made pursuant to a contract with the health maintenance organization.

E. Notwithstanding the provisions of this chapter, a referral to an entity in which the referring practitioner or his immediate family member is an investor shall not be in violation of this chapter if (i) the health service to be provided is a designated health service as defined in 42 U.S.C. § 1395nn (h)(6), as amended, and an exception authorized by 42 U.S.C. § 1395nn, as amended, or any regulations adopted pursuant thereto, applies, or (ii) the health service to be provided is not a designated health service as defined in 42 U.S.C. § 1395nn (h)(6), as amended, but would qualify for an exception authorized by 42 U.S.C. § 1395nn, as amended, or any regulations adopted pursuant thereto, if the health service were a designated health service.

1993, c. 869; 2005, c. [402](#); 2010, c. [743](#).

**§20-150. Content of agreement.**

Parties to a premarital agreement may contract with respect to:

1. The rights and obligations of each of the parties in any of the property of either or both of them whenever and wherever acquired or located;
2. The right to buy, sell, use, transfer, exchange, abandon, lease, consume, expend, assign, create a security interest in, mortgage, encumber, dispose of, or otherwise manage and control property;

1985, c. 434; 1986, c. 201.

**§20-151. Enforcement; void marriage.**

A. A premarital agreement is not enforceable if the person against whom enforcement is sought proves that:

1. That person did not execute the agreement voluntarily; or
2. The agreement was unconscionable when it was executed and, before execution of the agreement, that person (i) was not provided a fair and reasonable disclosure of the property or financial obligations of the other party; and (ii) did not voluntarily and

expressly waive, in writing, any right to disclosure of the property or financial obligations of the other party beyond the disclosure provided.

B. Any issue of unconscionability of a premarital agreement shall be decided by the court as a matter of law. Recitations in the agreement shall create a prima facie presumption that they are factually correct.

C. If a marriage is determined to be void, an agreement that would otherwise have been a premarital agreement shall be enforceable only to the extent necessary to avoid an inequitable result.

1985, c. 434; 1986, c. 201.

#### **§20-152. Limitation of actions.**

Any statute of limitations applicable to an action asserting a claim for relief under a premarital agreement is tolled during the marriage of the parties to the agreement. However, equitable defenses limiting the time for enforcement, including laches and estoppel, are available to either party.

1985, c. 434; 1986, c. 201.

#### **§20-153. Amendment or revocation of agreement.**

After marriage, a premarital agreement may be amended or revoked only by a written agreement signed by the parties. The amended agreement or the revocation is enforceable without consideration.

#### **§55.1-1801. Applicability.**

A. This chapter applies to developments subject to a declaration initially recorded after January 1, 1959, associations incorporated or otherwise organized after such date, and all subdivisions created under the Subdivided Land Sales Act (§ [55.1-2300](#) et seq.). For the purposes of this chapter, as used in the Subdivided Land Sales Act, the terms:

"Covenants," "deed restrictions," or "other recorded instruments" for the management, regulation, and control of a development are deemed to correspond with the term "declaration."

"Developer" is deemed to correspond with the term "declarant."

"Subdivision" is deemed to correspond with the term "development."

B. This chapter supersedes the Subdivided Land Sales Act (§ [55.1-2300](#) et seq.), and no development shall be subject to the Subdivided Land Sales Act on or after July 1, 1998.

This chapter shall not be construed to affect the validity of any provision of any declaration recorded prior to July 1, 1998, provided, however, that this chapter shall be applicable to any development established prior to the enactment of the Subdivided Land Sales Act (§ [55.1-2300](#) et seq.) (i) located in a county with an urban county executive form of government, (ii) containing 500 or more lots, (iii) each lot of which is located within the boundaries of a watershed improvement district established pursuant to Article 3 (§ [10.1-614](#) et seq.) of Chapter 6 of Title 10.1, and (iv) each lot of which is subject to substantially similar deed restrictions, which shall be considered a declaration under this chapter.

In addition, any development established prior to July 1, 1978, may specifically provide for the applicability of the provisions of this chapter.

C. This chapter shall not be construed to affect the validity of any provision of any prior declaration; however, to the extent that the declaration is silent, the provisions of this chapter shall apply. If any one lot in a development is subject to the provisions of this chapter, all lots in the development shall be subject to the provisions of this chapter notwithstanding the fact that such lots would otherwise be excluded from the provisions of this chapter. Notwithstanding any provisions of this chapter, a declaration may specifically provide for the applicability of the provisions of this chapter. The granting of rights in this chapter shall not be construed to imply that such rights did not exist with respect to any development created in the Commonwealth before July 1, 1989.

D. This chapter shall not apply to the (i) provisions of documents of, (ii) operations of any association governing, or (iii) relationship of a member to any association governing condominiums created pursuant to the Condominium Act (§ [55.1-1900](#) et seq.), cooperatives created pursuant to the Virginia Real Estate Cooperative Act (§ [55.1-2100](#) et seq.), time-shares created pursuant to the Virginia Real Estate Time-Share Act (§ [55.1-2200](#) et seq.), or membership campgrounds created pursuant to the Virginia Membership Camping Act (§ [59.1-311](#) et seq.). This chapter shall not apply to any nonstock, nonprofit, taxable corporation with nonmandatory membership which, as its primary function, makes available golf, ski, and other recreational facilities both to its members and to the general public.

**§55.1-1802. Developer to register and file annual report; payment of real estate taxes attributable to the common area.**

A. Unless control of the association has been transferred to the members, the developer shall register the association with the Common Interest Community Board within 30 days after recordation of the declaration and thereafter shall ensure that the report required pursuant to § [55.1-1835](#) and any required update has been filed.

B. Upon the transfer of the common area to the association, the developer shall pay all real estate taxes attributable to the open or common space as defined in § [58.1-3284.1](#) through the date of the transfer to the association.

1993, c. 956, § 55-509.1; 2018, c. [733](#); 2019, c. [712](#); 2023, cc. [387](#), [388](#).

**§55.1-1803. Limitation on certain contracts and leases by declarant.**

A. If entered into any time prior to the expiration of the period of declarant control contemplated by the declaration, no contract or lease entered into with the declarant or any entity controlled by the declarant, management contract, or employment contract that is directly or indirectly made by or on behalf of the association, its board of directors, or the lot owners as a group shall be entered into for a period in excess of five years. Any such contract or agreement may be terminated without penalty by the association or its board of directors upon not less than 90 days' written notice to the other party given no later than 60 days after the expiration of the period of declarant control contemplated by the declaration.

B. If entered into any time prior to the expiration of the period of declarant control contemplated by the declaration, any contract or lease entered into with the declarant or any entity controlled by the declarant, management contract, or employment contract that is directly or indirectly made by or on behalf of the association, its board of directors, or the lot owners as a group may be renewed for periods not in excess of five years; however, at the end of any five-year period, the association or its board of directors may terminate any further renewals or extensions of such contract or lease.

C. If entered into at any time prior to the expiration of the period of declarant control contemplated by the declaration, any contract, lease, or agreement, other than those subject to the provisions of subsection A or B, may be entered into by or on behalf of the association, its board of directors, or the lot owners as a group if such contract, lease, or agreement is bona fide and is commercially reasonable to the association at the time entered into under the circumstances.

D. This section shall be strictly construed to protect the rights of the lot owners.

2012, c. [671](#), § 55-509.1:1; 2019, c. [712](#).

Unless previously provided to the board of directors of the association, once the majority of the members of the board of directors other than the declarant are owners of improved lots in the association and the declarant no longer holds a majority of the votes in the association, the declarant shall provide to the board of directors or its designated agent the following: (i) all association books and records held by or controlled by the declarant, including minute books and rules and regulations and all amendments to such rules and regulations that may have been promulgated; (ii) a statement of receipts and expenditures from the date of the recording of the association documents to the end of the regular accounting period immediately succeeding the first election of the board of directors by the lot owners, not to exceed 60 days after the date of the election, such statement being prepared in an accurate and complete manner, utilizing the accrual method of accounting; (iii) the number of lots subject to the declaration; (iv) the number of lots that may be subject to the declaration upon completion of development; (v) a copy of the latest available approved plans and specifications for all improvements in the project or as-built plans if available; (vi) all association insurance policies that are currently in force; (vii) written unexpired warranties of the contractors, subcontractors, suppliers, and manufacturers, if any, relative to all common area improvements, including stormwater facilities; (viii) any contracts in which the association is a contracting party; (ix) a list of manufacturers of paints, roofing materials, and other similar materials if specified for use on the association property; (x) the number of members of the board of directors and number of such directors appointed by the declarant together with names and contact information of members of the board of directors; and (xi) an inventory and description of stormwater facilities located on the common area or which otherwise serve the development and for which the association has, or subsequently may have, maintenance, repair, or replacement responsibility, together with the requirements for maintenance thereof.

The requirement for delivery of stormwater facility information required by clause (xi) shall be deemed satisfied by delivery to the association of a final site plan or final construction drawings showing stormwater facilities as approved by a local government jurisdiction and applicable recorded easements or agreements, if any, containing requirements for the maintenance, repair, or replacement of the stormwater facilities.

If the association is managed by a common interest community manager in which the declarant, or its principals, has no pecuniary interest or management role, then such common interest community manager shall have the responsibility to provide the documents and information required by clauses (i), (ii), (vi), and (viii).

Nothing in this chapter shall be construed to authorize an association or common interest community manager to charge an inspection fee for an unimproved or improved lot except as provided in § 55.1-2316. The Common Interest Community Board may assess a monetary penalty for a violation of this section against any (a) association pursuant to § [54.1-2351](#) or (b) common interest community manager pursuant to § [54.1-2349](#), and may issue a cease and desist order pursuant to § [54.1-2352](#).

B. The association may require the lot owner to provide the association with (i) the names and contact information of and vehicle information for the tenants and authorized occupants under such lease and (ii) the name and contact information of any authorized agent of the lot owner. The association may require the lot owner to provide the association with the tenant's acknowledgment of and consent to any rules and regulations of the association.

9. Individual lot owner or member files, other than those of the requesting lot owner, including any individual lot owner's or member's files kept by or on behalf of the association.

D. Books and records kept by or on behalf of an association shall be withheld from inspection and copying in their entirety only to the extent that an exclusion from disclosure under subsection C applies to the entire content of such books and records. Otherwise, only those portions of the books and records containing information subject to an exclusion under subsection C may be withheld or redacted, and all portions of the books and records that are not so excluded shall be available for examination and copying, provided that the requesting member shall be responsible to the association for paying or reimbursing the association for any reasonable costs incurred by the association in responding to the request for the books and records and review for redaction of the same.

E. Prior to providing copies of any books and records to a member in good standing under this section, the association may impose and collect a charge, reflecting the reasonable costs of materials and labor, not to exceed the actual costs of such materials and

labor. Charges may be imposed only in accordance with a cost schedule adopted by the board of directors in accordance with this subsection. The cost schedule shall (i) specify the charges for materials and labor, (ii) apply equally to all members in good standing, and (iii) be provided to such requesting member at the time the request is made.

F. Notwithstanding the provisions of subsections B and C, all books and records of the association, including individual salary information for all employees and payments to independent contractors, shall be available for examination and copying upon request by a member of the board of directors in the discharge of his duties as a director.

G. Meetings of the association shall be held in accordance with the provisions of the bylaws at least once each year after the formation of the association. The bylaws shall specify an officer or his agent who shall, at least 14 days in advance of any annual or regularly scheduled meeting and at least seven days in advance of any other meeting, send to each member notice of the time, place, and purposes of such meeting. In the event of cancellation of any annual meeting of the association at which directors are elected, the seven-day notice of any subsequent meeting scheduled to elect such directors shall include a statement that the meeting is scheduled for the purpose of the election of directors.

Notice shall be sent by United States mail to all members at the address of their respective lots unless the member has provided to such officer or his agent an address other than the address of the member's lot. In lieu of sending such notice by United States mail, notice may instead be (i) hand delivered by the officer or his agent, provided that the officer or his agent certifies in writing that notice was delivered to the member, or (ii) sent to the member by electronic mail, provided that the member has elected to receive such notice by electronic mail and, in the event that such electronic mail is returned as undeliverable, notice is subsequently sent by United States mail. Except as provided in subdivision C 7, draft minutes of the board of directors shall be open for inspection and copying (a) within 60 days from the conclusion of the meeting to which such minutes appertain or (b) when such minutes are distributed to board members as part of an agenda package for the next meeting of the board of directors, whichever occurs first.

H. Unless expressly prohibited by the governing documents, a member may vote at a meeting of the association in person, by proxy, or by absentee ballot. Such voting may take place by electronic means, provided that the board of directors has adopted guidelines for such voting by electronic means. Members voting by absentee ballot or proxy shall be deemed to be present at the meeting for all purposes.

**§55.1-1816. Meetings of the board of directors.**

A. All meetings of the board of directors, including any subcommittee or other committee of the board of directors, where the business of the association is discussed or transacted shall be open to all members of record. The board of directors shall not use work sessions or other informal gatherings of the board of directors to circumvent the open meeting requirements of this section. Minutes of the meetings of the board of directors shall be recorded and shall be available as provided in subsection B of § [55.1-1815](#).

B. Notice of the time, date, and place of each meeting of the board of directors or of any subcommittee or other committee of the board of directors shall be published where it is reasonably calculated to be available to a majority of the lot owners.

A lot owner may make a request to be notified on a continual basis of any such meetings. Such request shall be made at least once a year in writing and include the lot owner's name, address, zip code, and any email address as appropriate. Notice of the time, date, and place shall be sent to any lot owner requesting notice (i) by first-class mail or email in the case of meetings of the board of directors or (ii) by email in the case of meetings of any subcommittee or other committee of the board of directors.

Notice, reasonable under the circumstances, of special or emergency meetings shall be given contemporaneously with the notice provided to members of the association's board of directors or any subcommittee or other committee of the board of directors conducting the meeting.

Unless otherwise exempt as relating to an executive session pursuant to subsection C, at least one copy of all agenda packets and materials furnished to members of an association's board of directors or subcommittee or other committee of the board of directors for a meeting shall be made available for inspection by the membership of the association at the same time such documents are furnished to the members of the board of directors or any subcommittee or committee of the board of directors.

Any member may record any portion of a meeting that is required to be open. The board of directors or subcommittee or other committee of the board of directors conducting the meeting may adopt rules (a) governing the placement and use of equipment necessary

for recording a meeting to prevent interference with the proceedings and (b) requiring the member recording the meeting to provide notice that the meeting is being recorded.

Except for the election of officers, voting by secret or written ballot in an open meeting shall be a violation of this chapter.

C. The board of directors or any subcommittee or other committee of the board of directors may (i) convene in executive session to consider personnel matters; (ii) consult with legal counsel; (iii) discuss and consider contracts, pending or probable litigation, and matters involving violations of the declaration or rules and regulations; or (iv) discuss and consider the personal liability of members to the association, upon the affirmative vote in an open meeting to assemble in executive session. The motion shall state specifically the purpose for the executive session. Reference to the motion and the stated purpose for the executive session shall be included in the minutes. The board of directors shall restrict the consideration of matters during such portions of meetings to only those purposes specifically exempted and stated in the motion. No contract, motion, or other action adopted, passed, or agreed to in executive session shall become effective unless the board of directors or subcommittee or other committee of the board of directors, following the executive session, reconvenes in open meeting and takes a vote on such contract, motion, or other action, which shall have its substance reasonably identified in the open meeting. The requirements of this section shall not require the disclosure of information in violation of law.

D. Subject to reasonable rules adopted by the board of directors, the board of directors shall provide a designated period during each meeting to allow members an opportunity to comment on any matter relating to the association. During a meeting at which the agenda is limited to specific topics or at a special meeting, the board of directors may limit the comments of members to the topics listed on the meeting agenda.

**§55.1-1817. Distribution of information by members.**

The board of directors shall establish a reasonable, effective, and free method, appropriate to the size and nature of the association, for lot owners to communicate among themselves and with the board of directors regarding any matter concerning the association.

**§55.1-1818. Common areas; notice of pesticide application.**

The association shall post notice of all pesticide applications in or upon the common areas. Such notice shall consist of conspicuous signs placed in or upon the common areas where the pesticide will be applied at least 48 hours prior to the application.

2011, c. [264](#), § 55-510.3; 2019, c. [712](#).

**§55.1-1819. Adoption and enforcement of rules.**

A. Except as otherwise provided in this chapter, the board of directors shall have the power to establish, adopt, and enforce rules and regulations with respect to use of the common areas and with respect to such other areas of responsibility assigned to the association by the declaration, except where expressly reserved by the declaration to the members. Rules and regulations may be adopted by resolution and shall be reasonably published or distributed throughout the development. At a special meeting of the association convened in accordance with the provisions of the association's bylaws, a majority of votes cast at such meeting may repeal or amend any rule or regulation adopted by the board of directors. Rules and regulations may be enforced by any method normally available to the owner of private property in Virginia, including application for injunctive relief or actual damages, during which the court shall award to the prevailing party court costs and reasonable attorney fees.

B. The board of directors shall also have the power, to the extent the declaration or rules and regulations duly adopted pursuant to such declaration expressly so provide, to (i) suspend a member's right to use facilities or services, including utility services, provided directly through the association for nonpayment of assessments that are more than 60 days past due, to the extent that access to the lot through the common areas is not precluded and provided that such suspension shall not endanger the health, safety, or property of any owner, tenant, or occupant, and (ii) assess charges against any member for any violation of the declaration or rules and regulations for which the member or his family members, tenants, guests, or other invitees are responsible.

C. Before any action authorized in this section is taken, the member shall be given a reasonable opportunity to correct the alleged violation after written notice of the alleged violation to the member at the address required for notices of meetings pursuant to § [55.1-1815](#). If the violation remains uncorrected, the member shall be given an opportunity to be heard and to be represented by counsel before the board of directors or other tribunal specified in the documents.

Notice of a hearing, including the actions that may be taken by the association in accordance with this section, shall be hand delivered or mailed by registered or certified mail, return receipt requested, to the member at the address of record with the association at least 14 days prior to the hearing. Within seven days of the hearing, the hearing result shall be hand delivered or mailed by registered or certified mail, return receipt requested, to the member at the address of record with the association.

D. The amount of any charges so assessed shall not be limited to the expense or damage to the association caused by the violation, but shall not exceed \$50 for a single offense or \$10 per day for any offense of a continuing nature, and shall be treated as an assessment against the member's lot for the purposes of § [55.1-1833](#). However, the total charges for any offense of a continuing nature shall not be assessed for a period exceeding 90 days.

E. The board of directors may file or defend legal action in general district or circuit court that seeks relief, including injunctive relief arising from any violation of the declaration or duly adopted rules and regulations.

F. After the date an action is filed in the general district or circuit court by (i) the association, by and through its counsel, to collect the charges or obtain injunctive relief and correct the violation or (ii) the lot owner challenging any such charges, no additional charges shall accrue. If the court rules in favor of the association, the association shall be entitled to collect such charges from the date the action was filed as well as all other charges assessed pursuant to this section against the lot owner prior to the action. In addition, if the court finds that the violation remains uncorrected, the court may order the lot owner to abate or remedy the violation.

G. In any action filed in general district court pursuant to this section, the court may enter default judgment against the lot owner on the association's sworn affidavit.

#### **§55.1-1819.1. Limitation of smoking in development.**

Except to the extent that the declaration provides otherwise, the board of directors may establish reasonable rules that restrict smoking in the development, including rules that prohibit smoking in the common areas. For developments that include attached private

dwelling units, such rules may prohibit smoking within such dwelling units. Rules adopted pursuant to this section may be enforced in accordance with § [55.1-1819](#).

**§55.1-1820. Display of the flag of the United States; necessary supporting structures; affirmative defense.**

A. In accordance with the federal Freedom to Display the American Flag Act of 2005 (P.L. 109-243), no association shall prohibit any lot owner from displaying upon property to which the lot owner has a separate ownership interest or a right to exclusive possession or use the flag of the United States whenever such display is in compliance with Chapter 1 of Title 4 of the United States Code (4 U.S.C. § 1 et seq.), or any rule or custom pertaining to the proper display of the flag. The association may, however, establish reasonable restrictions as to the size, place, duration, and manner of placement or display of the flag on such property, provided that such restrictions are necessary to protect a substantial interest of the association.

B. The association may restrict the display of such flag in the common areas.

C. In any action brought by the association under § [55.1-1819](#) for violation of a flag restriction, the association shall bear the burden of proof that the restrictions as to the size, place, duration, and manner of placement or display of such flag are necessary to protect a substantial interest of the association.

D. In any action brought by the association under § [55.1-1819](#), the lot owner shall be entitled to assert as an affirmative defense that the required disclosure of any limitations pertaining to the display of flags or any flagpole or similar structure necessary to display such flags was not contained in the resale certificate as required by § 55.1-2310.

**§55.1-1820.1. Installation of solar energy collection devices.**

A. As used in this section, "solar energy collection device" means any device manufactured and sold for the sole purpose of facilitating the collection and beneficial use of solar energy, including passive heating panels or building components and solar photovoltaic apparatus.

B. No association shall prohibit an owner from installing a solar energy collection device on that owner's property unless the recorded declaration for the association establishes such a prohibition. However, an association may establish reasonable restrictions

concerning the size, place, and manner of placement of such solar energy collection devices on property designated and intended for individual ownership and use. Any resale certificate issued pursuant to § 55.1-2309 given to a purchaser shall contain a statement setting forth any restriction, limitation, or prohibition on the right of an owner to install or use solar energy collection devices on his property.

C. A restriction shall be deemed not to be reasonable if application of the restriction to a particular proposal (i) increases the cost of installation of the solar energy collection device by five percent over the projected cost of the initially proposed installation or (ii) reduces the energy production by the solar energy collection device by 10 percent below the projected energy production of the initially proposed installation. The owner shall provide documentation prepared by an independent solar panel design specialist, who is certified by the North American Board of Certified Energy Practitioners and is licensed in Virginia, that is satisfactory to the association to show that the restriction is not reasonable according to the criteria established in this subsection.

D. The association may prohibit or restrict the installation of solar energy collection devices on the common elements or common area within the real estate development served by the association. An association may establish reasonable restrictions as to the number, size, place, and manner of placement or installation of any solar energy collection device installed on the common elements or common area.

**§55.1-1821. Home-based businesses permitted; compliance with local ordinances.**

A. Except to the extent that the declaration provides otherwise, no association shall prohibit any lot owner from operating a home-based business within his personal residence. The association may, however, establish (i) reasonable restrictions as to the time, place, and manner of the operation of a home-based business and (ii) reasonable restrictions as to the size, place, duration, and manner of the placement or display of any signs on the owner's lot related to such home-based business. Any home-based business shall comply with all applicable local ordinances.

B. If a development is located in a locality that classifies home-based child care services as an accessory or ancillary residential use under the locality's zoning ordinance, the provision of home-based child care services in a personal residence shall be deemed a residential use unless expressly (i) prohibited or restricted by the declaration or (ii) restricted by the association's bylaws or rules as provided in subsection A.

**§55.1-1822. Use of for sale signs in connection with sale.**

Except as expressly authorized in this chapter or in the declaration or as otherwise provided by law, no association shall require the use of any for sale sign that is (i) an association sign or (ii) a real estate sign that does not comply with the requirements of the Real Estate Board. An association may, however, prohibit the placement of signs in the common area and establish reasonable rules and regulations that regulate (a) the number of real estate signs to be located on real property upon which the owner has a separate ownership interest or a right of exclusive possession, so long as at least one real estate sign is permitted; (b) the geographical location of real estate signs on real property in which the owner has a separate ownership interest or a right of exclusive possession, so long as the location of the real estate signs complies with the requirements of the Real Estate Board; (c) the manner in which real estate signs are affixed to real property; and (d) the period of time after settlement when the real estate signs on such real property shall be removed.

**§55.1-1823. Designation of authorized representative.**

Except as expressly authorized in this chapter or in the declaration or as otherwise provided by law, no association shall require any lot owner to execute a formal power of attorney if the lot owner designates a person licensed under the provisions of § [54.1-2106.1](#) as the lot owner's authorized representative, and the association shall recognize such representation without a formal power of attorney, provided that the association is given a written authorization that includes the designated representative's name, contact information, and license number and the lot owner's signature. Notwithstanding the foregoing, the requirements of § [13.1-849](#) of the Virginia Nonstock Corporation Act (§ [13.1-801](#) et seq.) and the association's declaration, bylaws, and articles of incorporation shall be satisfied before any such representative may exercise a vote on behalf of a lot owner as a proxy.

**§55.1-1823.1. Electric vehicle charging stations permitted.**

A. Except to the extent that the declaration or other recorded governing document provides otherwise, no association shall prohibit any lot owner from installing an electric

vehicle charging station for the lot owner's personal use on property owned by the lot owner. An association may establish reasonable restrictions concerning the number, size, place, and manner of placement or installation of such electric vehicle charging station on the exterior of property owned by the lot owner.

B. An association may prohibit or restrict the installation of electric vehicle charging stations on the common area within the development served by the association and may establish reasonable restrictions as to the number, size, place, and manner of placement or installation of electric vehicle charging stations on the common area.

C. Any lot owner installing an electric vehicle charging station shall indemnify and hold the association harmless from all liability, including reasonable attorney fees incurred by the association resulting from a claim, arising out of the installation, maintenance, operation, or use of such electric charging station. An association may require the lot owner to obtain and maintain insurance covering claims and defenses of claims related to the installation, maintenance, operation, or use of the electric vehicle charging station and require the association to be included as a named insured on such policy.

2020, c. [1012](#).

**§55.1-1824. Assessments; late fees.**

Except to the extent that the declaration or any rules or regulations promulgated pursuant to such declaration provide otherwise, the board may impose a late fee that does not exceed the penalty provided in § [58.1-3915](#) for any assessment or installment that is not paid within 60 days of the due date for payment of such assessment.

2013, c. [256](#), § 55-513.3; 2014, c. [239](#); 2019, c. [712](#).

**§55.1-1825. Authority to levy special assessments.**

A. In addition to all other assessments that are authorized in the declaration, the board of directors shall have the power to levy a special assessment against its members if (i) the purpose in so doing is found by the board to be in the best interests of the association and (ii) the proceeds of the assessment are used primarily for the maintenance and upkeep of the common area and such other areas of association responsibility expressly provided for in the declaration, including capital expenditures. A majority of votes cast, in person or by proxy, at a meeting of the membership convened in accordance with the provisions of the association's bylaws within 60 days of promulgation of the notice of the assessment shall rescind or reduce the special assessment. No director or officer of the association shall be liable for failure to perform his fiduciary duty if a special assessment

for the funds necessary for the director or officer to perform his fiduciary duty is rescinded by the owners pursuant to this section, and the association shall indemnify such director or officer against any damage resulting from any such claimed breach of fiduciary duty.

B. The failure of a member to pay the special assessment allowed by subsection A shall entitle the association to the lien provided by § [55.1-1833](#) as well as any other rights afforded a creditor under law.

C. The failure of a member to pay the special assessment allowed by subsection A will provide the association with the right to deny the member access to any or all of the common areas. However, the member shall not be denied direct access to the member's lot over any road within the development that is a common area.

**§55.1-1826. Annual budget; reserves for capital components.**

A. Except to the extent provided in the declaration, the board of directors shall, prior to the commencement of the fiscal year, make available to lot owners either (i) the annual budget of the association or (ii) a summary of such annual budget.

B. Except to the extent otherwise provided in the declaration and unless the declaration imposes more stringent requirements, the board of directors shall:

1. Conduct at least once every five years a study to determine the necessity and amount of reserves required to repair, replace, and restore the capital components as defined in § [55.1-1800](#);
2. Review the results of that study at least annually to determine if reserves are sufficient; and
3. Make any adjustments the board of directors deems necessary to maintain reserves, as appropriate.

C. To the extent that the reserve study conducted in accordance with this section indicates a need to budget for reserves, the association budget shall include:

1. The current estimated replacement cost, estimated remaining life, and estimated useful life of the capital components as defined in § [55.1-1800](#);
2. As of the beginning of the fiscal year for which the budget is prepared, the current amount of accumulated cash reserves set aside to repair, replace, or restore capital components and the amount of the expected contribution to the reserve fund for that year;

3. A statement describing the procedures used for estimation and accumulation of cash reserves pursuant to this section; and

4. A statement of the amount of reserves recommended in the study and the amount of current cash for replacement reserves.

**§55.1-1827. Deposit of funds; fidelity bond.**

A. All funds deposited with a managing agent shall be handled in a fiduciary capacity and shall be kept in a fiduciary trust account in a federally insured financial institution separate from other assets of the managing agent. The funds shall be the property of the association and shall be segregated for each account in the managing agent's records in a manner that permits the funds to be identified on an individual association basis.

B. Any association collecting assessments for common expenses shall obtain and maintain a blanket fidelity bond or employee dishonesty insurance policy insuring the association against losses resulting from theft or dishonesty committed by the officers, directors, or persons employed by the association or committed by any managing agent or employees of the managing agent. Such bond or insurance policy shall provide coverage in an amount equal to the lesser of \$1 million or the amount of the reserve balances of the association plus one-fourth of the aggregate annual assessment income of such association. The minimum coverage amount shall be \$10,000. The board of directors or managing agent may obtain such bond or insurance on behalf of the association.

**§55.1-1828. Compliance with declaration.**

A. Every lot owner, and all those entitled to occupy a lot, shall comply with all lawful provisions of this chapter and all provisions of the declaration. Any lack of such compliance shall be grounds for an action to recover sums due, for damages or injunctive relief, or for any other remedy available at law or in equity, maintainable by the association or by its board of directors or any managing agent on behalf of such association or, in any proper case, by one or more aggrieved lot owners on their own behalf or as a class action. Except as provided in subsection B, the prevailing party shall be entitled to recover reasonable attorney fees, costs expended in the matter, and interest on the judgment as provided in § [8.01-382](#). This section shall not preclude an action against the association and authorizes the recovery by the prevailing party in any such action of

reasonable attorney fees, costs expended in the matter, and interest on the judgment as provided in § [8.01-382](#) in such actions.

B. In actions against a lot owner for nonpayment of assessments in which the lot owner has failed to pay assessments levied by the association on more than one lot or in which such lot owner has had legal actions taken against him for nonpayment of any prior assessment, and the prevailing party is the association or its board of directors or any managing agent on behalf of the association, the prevailing party shall be awarded reasonable attorney fees, costs expended in the matter, and interest on the judgment as provided in subsection A, even if the proceeding is settled prior to judgment. The delinquent owner shall be personally responsible for reasonable attorney fees and costs expended in the matter by the association, whether any judicial proceedings are filed.

C. A declaration may provide for arbitration of disputes or other means of alternative dispute resolution. Any such arbitration held in accordance with this subsection shall be consistent with the provisions of this chapter and Chapter 21 (§ [8.01-577](#) et seq.) of Title 8.01. The place of any such arbitration or alternative dispute resolution shall be in the county or city in which the development is located, or as mutually agreed to by the parties.

**§55.1-1829. Amendment to declaration and bylaws; consent of mortgagee.**

A. In the event that any provision in the declaration requires the written consent of a mortgagee in order to amend the bylaws or the declaration, the association shall be deemed to have received the written consent of a mortgagee if the association sends the text of the proposed amendment by certified mail, return receipt requested, or by regular mail with proof of mailing to the mortgagee at the address supplied by such mortgagee in a written request to the association to receive notice of proposed amendments to the declaration and receives no written objection to the adoption of the amendment from the mortgagee within 60 days of the date that the notice of amendment is sent by the association, unless the declaration expressly provides otherwise. If the mortgagee has not supplied an address to the association, the association shall be deemed to have received the written consent of a mortgagee if the association sends the text of the proposed amendment by certified mail, return receipt requested, to the mortgagee at the address filed in the land records or with the local tax assessor's office and receives no written objection to the adoption of the amendment from the mortgagee within 60 days of

the date that the notice of amendment is sent by the association, unless the declaration expressly provides otherwise.

B. Subsection A shall not apply to amendments that alter the priority of the lien of the mortgagee or that materially impair or affect a lot as collateral or the right of the mortgagee to foreclose on a lot as collateral.

C. Where the declaration is silent on the need for mortgagee consent, no mortgagee consent shall be required if the amendment to the declaration does not specifically affect mortgagee rights.

D. Except as otherwise provided in the declaration, a declaration may be amended by a two-thirds vote of the lot owners.

E. An action to challenge the validity of an amendment adopted by the association may not be brought more than one year after the amendment is effective.

F. Agreement of the required majority of lot owners to any amendment of the declaration adopted pursuant to subsection D shall be evidenced by their execution of the amendment, or ratifications of such amendment, and the same shall become effective when a copy of the amendment is recorded together with a certification, signed by the principal officer of the association or by such other officer or officers as the declaration may specify, that the requisite majority of the lot owners signed the amendment or ratifications of such amendment.

G. Subsections D and F shall not be construed to affect the validity of any amendment recorded prior to July 1, 2017.

**§55.1-1830. Validity of declaration; corrective amendments.**

A. All provisions of a declaration shall be deemed severable, and any unlawful provision of the declaration shall be void.

B. No provision of a declaration shall be deemed void by reason of the rule against perpetuities.

C. No restraint on alienation shall discriminate or be used to discriminate on any basis prohibited under the Virginia Fair Housing Law (§ [36-96.1](#) et seq.).

D. Subject to the provisions of subsection C, the rule of property law known as the rule restricting unreasonable restraints on alienation shall not be applied to defeat any

provision of a declaration restraining the alienation of lots other than such lots as may be restricted to residential use only.

E. The rule of property law known as the doctrine of merger shall not apply to any easement included in or granted pursuant to a right reserved in a declaration.

F. The declarant may unilaterally execute and record a corrective amendment or supplement to the declaration to correct a mathematical mistake, an inconsistency, or a scrivener's error or clarify an ambiguity in the declaration with respect to an objectively verifiable fact, including recalculating the liability for assessments or the number of votes in the association appertaining to a lot, within five years after the recordation of the declaration containing or creating such mistake, inconsistency, error, or ambiguity. No such amendment or supplement may materially reduce what the obligations of the declarant would have been if the mistake, inconsistency, error, or ambiguity had not occurred. Regardless of the date of recordation of the declaration, the principal officer of the association may also unilaterally execute and record such a corrective amendment or supplement upon a vote of two-thirds of the members of the board of directors. All corrective amendments and supplements recorded prior to July 1, 1997, are hereby validated to the extent that such corrective amendments and supplements would have been permitted by this subsection.

**§55.1-1831. Reformation of declaration; judicial procedure.**

A. An association may petition the circuit court in the county or city in which the development or the greater part of the development is located to reform a declaration where the association, acting through its board of directors, has attempted to amend the declaration regarding ownership of legal title of the common areas or real property using provisions outlined in such declaration to resolve (i) ambiguities or inconsistencies in the declaration that are the source of legal and other disputes pertaining to the legal rights and responsibilities of the association or individual lot owners or (ii) scrivener's errors, including incorrectly identifying the association, incorrectly identifying an entity other than the association, or errors arising from oversight or from an inadvertent omission or mathematical mistake.

B. The court shall have jurisdiction over matters set forth in subsection A regarding ownership of legal title of the common areas or real property to:

1. Reform, in whole or in part, any provision of a declaration; and

2. Correct any mistake or other error in the declaration that may exist with respect to the declaration for any other purpose.

C. A petition filed by the association with the court setting forth any inconsistency or error made in the declaration, or the necessity for any change in the declaration, shall be deemed sufficient basis for the reformation, in whole or in part, of the declaration, provided that:

1. The association has made three good faith attempts to convene a duly called meeting of the association to present for consideration amendments to the declaration for the reasons specified in subsection A, which attempts have proven unsuccessful as evidenced by an affidavit verified by oath of the principal officer of the association;

2. There is no adequate remedy at law as practical and effective to attain the ends of justice as may be accomplished in the circuit court;

3. Where the declarant of the development still owns a lot or other property in the development, the declarant joins in the petition of the association;

4. A copy of the petition is sent to all owners at least 30 days before the petition is filed as evidenced by an affidavit verified by oath of the principal officer of the association; and

5. A copy of the petition is sent to all mortgagees at least 30 days before the petition is filed as evidenced by an affidavit verified by oath of the principal officer of the association.

D. Any mortgagee of a lot in the development shall have standing to participate in the reformation proceedings before the court. No reformation pursuant to this section shall affect mortgagee rights, alter the priority of the lien of any mortgage, materially impair or affect any lot as collateral for a mortgage, or affect a mortgagee's right to foreclose on a lot as collateral without the prior written consent of the mortgagee. Consent of a mortgagee required by this section may be deemed received pursuant to § [55.1-1829](#).

2014, c. [659](#), § 55-515.2:1; 2019, c. [712](#).

**§55.1-1832. Use of technology.**

A. Unless expressly prohibited by the declaration, (i) any notice required to be sent or received or (ii) any signature, vote, consent, or approval required to be obtained under any declaration or bylaw provision or any provision of this chapter may be accomplished using electronic means.

B. The association, the lot owners, and those entitled to occupy a lot may perform any obligation or exercise any right under any declaration or bylaw provision or any provision of this chapter by use of electronic means.

C. An electronic signature meeting the requirements of applicable law shall satisfy any requirement for a signature under any declaration or bylaw provision or any provision of this chapter.

D. Voting on, consent to, and approval of any matter under any declaration or bylaw provision or any provision of this chapter may be accomplished by electronic means, provided that a record is created as evidence of such vote, consent, or approval and maintained as long as such record would be required to be maintained in nonelectronic form. If the vote, consent, or approval is required to be obtained by secret ballot, the electronic means shall protect the identity of the voter. If the electronic means cannot protect the identity of the voter, another means of voting shall be used.

E. Subject to other provisions of law, no action required or permitted by any declaration or bylaw provision or any provision of this chapter need be acknowledged before a notary public if the identity and signature of such person can otherwise be authenticated to the satisfaction of the board of directors.

F. Any meeting of the association, the board of directors, or any committee may be held entirely or partially by electronic means, provided that the board of directors has adopted guidelines for the use of electronic means for such meetings. Such guidelines shall ensure that persons accessing such meetings are authorized to do so and that persons entitled to participate in such meetings have an opportunity to do so. The board of directors shall determine whether any such meeting may be held entirely or partially by electronic means.

G. If any person does not have the capability or desire to conduct business using electronic means, the association shall make available a reasonable alternative, at its expense, for such person to conduct business with the association without use of such electronic means.

H. This section shall not apply to any notice related to an enforcement action by the association, an assessment lien, or foreclosure proceedings in enforcement of an assessment lien.

**§55.1-1833. Lien for assessments.**

A. The association shall have a lien, once perfected, on every lot for unpaid assessments levied against that lot in accordance with the provisions of this chapter and all lawful provisions of the declaration. The lien, once perfected, shall be prior to all other subsequent liens and encumbrances except (i) real estate tax liens on that lot, (ii) liens and encumbrances recorded prior to the recordation of the declaration, and (iii) sums unpaid on and owing under any mortgage or deed of trust recorded prior to the perfection of such lien. The provisions of this subsection shall not affect the priority of mechanics' and materialmen's liens. Notice of a memorandum of lien to a holder of a credit line deed of trust under § [55.1-318](#) shall be given in the same fashion as if the association's lien were a judgment.

B. The association, in order to perfect the lien given by this section, shall file, before the expiration of 12 months from the time the first such assessment became due and payable in the clerk's office of the circuit court in the county or city in which such development is situated, a memorandum, verified by the oath of the principal officer of the association or such other officer or officers as the declaration may specify, which contains the following:

1. The name of the development;
2. A description of the lot;
3. The name or names of the persons constituting the owners of that lot;
4. The amount of unpaid assessments currently due or past due relative to such lot together with the date when each fell due;
5. The date of issuance of the memorandum;
6. The name of the association and the name and current address of the person to contact to arrange for payment or release of the lien; and
7. A statement that the association is obtaining a lien in accordance with the provisions of the Property Owners' Association Act as set forth in Chapter 18 (§ [55.1-1800](#) et seq.) of Title 55.1.

It shall be the duty of the clerk in whose office such memorandum is filed as provided in this section to record and index the same as provided in subsection D, in the names of the persons identified in such memorandum as well as in the name of the association. The cost of recording and releasing the memorandum shall be taxed against the person found liable in any judgment or order enforcing such lien.

C. Prior to filing a memorandum of lien, a written notice shall be sent to the property owner by certified mail, at the property owner's last known address, informing the property owner that a memorandum of lien will be filed in the circuit court clerk's office of the applicable county or city. The notice shall be sent at least 10 days before the actual filing date of the memorandum of lien.

D. Notwithstanding any other provision of this section or any other provision of law requiring documents to be recorded in the miscellaneous lien books or the deed books in the clerk's office of any court, on or after July 1, 1989, all memoranda of liens arising under this section shall be recorded in the deed books in the clerk's office. Any memorandum shall be indexed in the general index to deeds, and the general index shall identify the lien as a lien for lot assessments.

E. No action to enforce any lien perfected under subsection B shall be brought or action to foreclose any lien perfected under subsection I shall be initiated after 36 months from the time when the memorandum of lien was recorded; however, the filing of a petition to enforce any such lien in any action in which the petition may be properly filed shall be regarded as the institution of an action under this section. Nothing in this subsection shall extend the time within which any such lien may be perfected.

F. The judgment or order in an action brought pursuant to this section shall include reimbursement for costs and reasonable attorney fees of the prevailing party. If the association prevails, it may also recover interest at the legal rate for the sums secured by the lien from the time each such sum became due and payable.

G. When payment or satisfaction is made of a debt secured by the lien perfected by subsection B, the lien shall be released in accordance with the provisions of [§ 55.1-339](#). Any lien that is not so released shall subject the lien creditor to the penalty set forth in subdivision B 1 of [§ 55.1-339](#). For the purposes of [§ 55.1-339](#), the principal officer of the association, or any other officer or officers as the declaration may specify, shall be deemed the duly authorized agent of the lien creditor.

H. Nothing in this section shall be construed to prohibit actions at law to recover sums for which subsection A creates a lien, maintainable pursuant to [§ 55.1-1828](#).

I. At any time after perfecting the lien pursuant to this section, the property owners' association may sell the lot at public sale, subject to prior liens. For purposes of this section, the association shall have the power both to sell and convey the lot and shall be

deemed the lot owner's statutory agent for the purpose of transferring title to the lot. A nonjudicial foreclosure sale shall be conducted in compliance with the following:

1. The association shall give notice to the lot owner prior to advertisement required by subdivision 4. The notice shall specify (i) the debt secured by the perfected lien; (ii) the action required to satisfy the debt secured by the perfected lien; (iii) the date, not less than 60 days from the date the notice is given to the lot owner, by which the debt secured by the lien must be satisfied; and (iv) that failure to satisfy the debt secured by the lien on or before the date specified in the notice may result in the sale of the lot. The notice shall further inform the lot owner of the right to bring a court action in the circuit court of the county or city where the lot is located to assert the nonexistence of a debt or any other defense of the lot owner to the sale.

2. After expiration of the 60-day notice period specified in subdivision 1, the association may appoint a trustee to conduct the sale. The appointment of the trustee shall be filed in the clerk's office of the circuit court in the county or city in which such development is situated. It shall be the duty of the clerk in whose office such appointment is filed to record and index the same as provided in subsection D, in the names of the persons identified in such appointment as well as in the name of the association. The association, at its option, may from time to time remove the trustee and appoint a successor trustee.

3. If the lot owner meets the conditions specified in this subdivision prior to the date of the foreclosure sale, the lot owner shall have the right to have enforcement of the perfected lien discontinued prior to the sale of the lot. Those conditions are that the lot owner (i) satisfy the debt secured by lien that is the subject of the nonjudicial foreclosure sale and (ii) pay all expenses and costs incurred in perfecting and enforcing the lien, including advertising costs and reasonable attorney fees.

4. In addition to the advertisement required by subdivision 5, the association shall give written notice of the time, date, and place of any proposed sale in execution of the lien, including the name, address, and telephone number of the trustee, by hand delivery or by mail to (i) the present owner of the property to be sold at his last known address as such owner and address appear in the records of the association, (ii) any lienholder who holds a note against the property secured by a deed of trust recorded at least 30 days prior to the proposed sale and whose address is recorded with the deed of trust, and (iii) any assignee of such a note secured by a deed of trust, provided that the assignment and address of the assignee are likewise recorded at least 30 days prior to the proposed sale. Mailing a copy of the advertisement or the notice containing the same information

to the owner by certified or registered mail no less than 14 days prior to such sale and to lienholders and their assigns, at the addresses noted in the memorandum of lien, by United States mail, postage prepaid, no less than 14 days prior to such sale, shall be a sufficient compliance with the requirement of notice.

5. The advertisement of sale by the association shall be in a newspaper having a general circulation in the county or city in which the property to be sold, or any portion of such property, is located pursuant to the following provisions:

a. The association shall advertise once a week for four successive weeks; however, if the property or some portion of such property is located in a city or in a county immediately contiguous to a city, publication of the advertisement on five different days, which may be consecutive days, shall be deemed adequate. The sale shall be held on any day following the day of the last advertisement that is no earlier than eight days following the first advertisement nor more than 30 days following the last advertisement.

b. Such advertisement shall be placed in that section of the newspaper where legal notices appear or where the type of property being sold is generally advertised for sale. The advertisement of sale, in addition to such other matters as the association finds appropriate, shall set forth a description of the property to be sold, which description need not be as extensive as that contained in the deed of trust but shall identify the property by street address, if any, or, if none, shall give the general location of the property with reference to streets, routes, or known landmarks. Where available, tax map identification may be used but is not required. The advertisement shall also include the date, time, place, and terms of sale and the name of the association. It shall set forth the name, address, and telephone number of the representative, agent, or attorney who may be able to respond to inquiries concerning the sale.

c. In addition to the advertisement required by subdivisions a and b, the association may further advertise as the association finds appropriate.

6. In the event of postponement of sale, which postponement shall be at the discretion of the association, advertisement of such postponed sale shall be in the same manner as the original advertisement of sale.

7. Failure to comply with the requirements for advertisement contained in this section shall, upon petition, render a sale of the property voidable by the court.

8. The association shall have the following powers and duties upon a sale:

a. Written one-price bids may be made and shall be received by the trustee from the association or any person for entry by announcement at the sale. Any person other than the trustee may bid at the foreclosure sale, including a person who has submitted a written one-price bid. Upon request to the trustee, any other bidder in attendance at a foreclosure sale shall be permitted to inspect written bids. Unless otherwise provided in the declaration, the association may bid to purchase the lot at a foreclosure sale. The association may own, lease, encumber, exchange, sell, or convey the lot. Whenever the written bid of the association is the highest bid submitted at the sale, such written bid shall be filed by the trustee with his account of sale required under subdivision I 10 and § [64.2-1309](#). The written bid submitted pursuant to this subsection may be prepared by the association, its agent, or its attorney.

b. The association may require any bidder at any sale to post a cash deposit of as much as 10 percent of the sale price before his bid is received, which shall be refunded to him if the property is not sold to him. The deposit of the successful bidder shall be applied to his credit at settlement, or, if such bidder fails to complete his purchase promptly, the deposit shall be applied to pay the costs and expenses of the sale, and the balance, if any, shall be retained by the association in connection with that sale.

c. The property owners' association shall receive and receipt for the proceeds of sale, no purchaser being required to see to the application of the proceeds, and apply the same in the following order: first, to the reasonable expenses of sale, including attorney fees; second, to the satisfaction of all taxes, levies, and assessments, with costs and interest; third, to the satisfaction of the lien for the owners' assessments; fourth, to the satisfaction in the order of priority of any remaining inferior claims of record; and fifth, to pay the residue of the proceeds to the owner or his assigns, provided, however, that, as to the payment of such residue, the association shall not be bound by any inheritance, devise, conveyance, assignment, or lien of or upon the owner's equity, without actual notice thereof prior to distribution.

9. The trustee shall deliver to the purchaser a trustee's deed conveying the lot with special warranty of title. The trustee shall not be required to take possession of the property prior to the sale of such property or to deliver possession of the lot to the purchaser at the sale.

10. The trustee shall file an accounting of the sale with the commissioner of accounts pursuant to § [64.2-1309](#), and every account of a sale shall be recorded pursuant to § [64.2-1310](#). In addition, the accounting shall be made available for inspection and copying

pursuant to § [55.1-1815](#) upon the written request of the prior lot owner, the current lot owner, or any holder of a recorded lien against the lot at the time of the sale. The association shall maintain a copy of the accounting for at least 12 months following the foreclosure sale.

11. If the sale of a lot is made pursuant to subsection I and the accounting is made by the trustee, the title of the purchaser at such sale shall not be disturbed unless within 12 months from the confirmation of the accounting by the commissioner of accounts the sale is set aside by the court or an appeal is filed in the Court of Appeals or granted by the Supreme Court and an order is entered requiring such sale to be set aside.

**§55.1-1834. Notice of sale under deed of trust.**

In accordance with the provisions of § [15.2-979](#), the association shall be given notice whenever a lot becomes subject to a sale under a deed of trust. Upon receipt of such notice, the board of directors, on behalf of the association, shall exercise whatever due diligence it deems necessary with respect to the lot subject to a sale under a deed of trust to protect the interests of the association.

**§55.1-1836. Condemnation of common area; procedure.**

When any portion of the common area is taken or damaged under the power of eminent domain, any award or payment for such portion shall be paid to the association, which shall be a party in interest in the condemnation proceeding. The common area that is affected shall be valued on the basis of the common area's highest and best use as though it were free from restriction to sole use as a common area.

Except to the extent that the declaration or any rules and regulations duly adopted pursuant to such declaration otherwise provide, the board of directors shall have the authority to negotiate with the condemning authority, agree to an award or payment amount with the condemning authority without instituting condemnation proceedings, and, upon such agreement, convey the subject common area to the condemning authority. Thereafter, the president of the association may unilaterally execute and record the deed of conveyance to the condemning authority.

A member of the association, by virtue of his membership, shall be estopped from contesting the action of the association in any proceeding held pursuant to this section.

Enter on any land, water or premises located within or outside the locality for the purpose of making surveys, borings, soundings or examinations in connection with any project; any such entry shall not be deemed a trespass or an entry under any eminent domain proceedings, but the locality shall make reimbursement for any actual damages resulting from the entry;
10. #### **§15.2-2605. Collection of rents and charges; liens on real estate; discharge and enforcement of liens.**

The rates, rents, fees or charges when made for the use of any revenue-producing undertaking may be collected by distress, levy, garnishment, attachment or as otherwise provided by law. Any unpaid rate, rent, fee or charge shall become a lien superior to the interest of any owner, lessee or tenant, and next in succession to taxes, on the real property on or for which the use of any such undertaking was made and for which the rate, rent, fee or charge was imposed. However, the lien shall not bind or affect a subsequent bona fide purchaser of the real estate for valuable consideration without actual notice of the lien, until amount of the rate, rent, fee or charge is entered in the judgment records kept in the clerk's office where deeds are recorded with respect to the real estate against which the lien is asserted. It shall be the duty of the clerk in such office to keep, preserve and hold available for public inspection the judgment records and to cause entries to be made and indexed in them from time to time upon certification by the locality.

The lien on any real estate may be discharged by the payment to the locality of the total amount of the lien, plus interest at the judgment rate of interest provided for in § [6.2-302](#) from the date the rate, rent, fee or charge was due and payable to the date of payment. It

shall be the duty of the locality to deliver a certificate of payment to the person paying the lien. Upon presentation of the certificate, the clerk having the record of the lien shall mark the lien satisfied.

Jurisdiction to enforce any lien shall be in equity, and the court may order any real estate subject to the lien, or any part of it, sold and the proceeds applied to the payment of the lien and the interest which may accrue to the date of payment.

Nothing contained in this section shall be construed to prejudice the right of the locality to recover the amount of any lien, or of the rate, rent, fee or charge, and the interest which may accrue, by action at law or otherwise.

**§15.2-2606. Public hearing before issuance of bonds.**

A. Notwithstanding any contrary provision of law, general or special, but subject to subsection B of this section, before the final authorization of the issuance of any bonds by a locality, the governing body of the locality shall hold a public hearing on the proposed bond issue. Notice of the hearing shall be published once a week for two successive weeks in a newspaper published or having general circulation in the locality, with the first notice appearing no more than 14 days before the hearing. The notice shall (i) state the estimated maximum amount of the bonds proposed to be issued, (ii) state the proposed use of the bond proceeds, and if there is more than one use, state the proposed uses for which more than 10 percent of the total bond proceeds is expected to be used, and (iii) specify the time and place of the hearing at which persons may appear and present their views. The hearing shall not be held less than six nor more than 21 days after the date the second notice appears in the newspaper.

B. No notice or public hearing shall be required for (i) bonds which have been approved by a majority of the voters of the issuing locality voting on the issuance of such bonds or (ii) obligations issued pursuant to § [15.2-2629](#), [15.2-2630](#) or [15.2-2643](#).

The governing body of any locality, subject to the approval of a majority of the qualified voters of the locality voting on the issuance of such bonds if required by the Constitution

of Virginia or by this chapter, is authorized to provide by ordinance or resolution for the issuance, at one time or from time to time, of bonds of the locality for the purposes set forth in and subject to the provisions of this chapter.

Any such ordinance or resolution may contain provisions which shall be a part of the contract with the owners of the bonds as to:

1. The payment of the principal of and premium, if any, and the interest on bonds from (i) ad valorem taxes to be levied without limitation as to rate or amount on all property subject to taxation or (ii) county food and beverage taxes levied pursuant to Article 7.1 (§ [58.1-3833](#) et seq.) of Chapter 38 of Title 58.1 and the pledging of the full faith and credit of the locality to secure the payment of bonds;

3. The granting of a mortgage or deed of trust lien on any specific revenue-producing undertaking or undertakings to secure the payment of the principal of and premium, if any, and interest on bonds issued to finance in whole or in part the costs of the undertaking or undertakings, but only if the full faith and credit of the locality is not pledged to the payment of the bonds;
4. The securing of the payment of the principal of and premium, if any, and interest on bonds by an ordinance resolution, trust agreement, indenture or other instrument, which may (i) appoint any trust company or bank having the powers of a trust company within or outside the Commonwealth as corporate trustee, (ii) set forth the rights and remedies of the bondholders and of the trustee, (iii) restrict the individual right of action by bondholders, and (iv) contain any other provisions as the governing body of the locality deems reasonable and proper for the security of the bondholders;
5. The payment of the principal of and premium, if any, and the interest on bonds from any one or more of the sources of funds provided for in this section or any combination of them and the pledging of any one or more of the sources of funds or any combination of them to secure the payment of the principal of and premium, if any and interest on bonds;
6. The rates, rents, fees, charges, taxes and other revenues or receipts of any revenue-producing undertaking or undertakings and the amounts to be raised in each year by

them, and the use and disposition of such rates, rents, fees, charges, taxes and other revenues and receipts of any undertaking or undertakings;

Any other matter required by any state or federal agency as a condition precedent to the obtaining of a direct grant or grants of money for or in aid of any project or to defray or partially to defray the cost of the labor and materials employed upon any project, or to obtain a loan or loans of money for or in aid of any project from any state or federal agency; and

14. Any provisions necessary to qualify the interest on the bonds for exclusion from gross income for federal income tax purposes and to maintain that exclusion.

Any ordinance or resolution authorizing the issuance of bonds may be finally adopted at the meeting at which it is introduced, which may be a regular or special meeting, by a majority of the members of the governing body. A certified copy of each such ordinance or resolution shall be filed in the circuit court having jurisdiction over the locality. When any town is situated partly in two or more counties, the certified copy of the ordinance or resolution may be presented to the circuit court for any of the counties. Except as expressly required by this article, the ordinance or resolution need not be published, posted or advertised.

**§15.2-2608. Bonds for revenue-producing undertakings.**

The governing body of any locality may, in accordance with the provisions of Article VII, Section 10 of the Constitution of Virginia, issue bonds for any revenue-producing undertaking.

Code 1950, § 15-666.21; 1958, c. 640; 1962, c. 623, § 15.1-178; 1971, Ex. Sess., c. 224; 1991, c. 668, § 15.1-227.10; 1997, c. 587.

**§15.2-2609. Covenants relating to issuance of revenue bonds.**

The governing body of any locality proposing to issue bonds for any revenue-producing undertaking may covenant in the ordinance, resolution, trust agreement, indenture or other instrument providing for the issuance of the bonds that the rates, rents, fees or other charges for the services and facilities furnished by, for the use of, or in connection with the undertaking shall be fixed and maintained at the level that will produce sufficient revenue to pay the cost of operation and administration, the cost of insurance against loss by injury to persons or property, and the principal of and premium, if any, and interest on the bonds when due and payable, and to provide reserves for such purposes. The ordinance, resolution, trust agreement, indenture or other instrument, in order to assure the faithful observance of such covenant, may provide for the creation of a commission, or the appointment of a receiver, vested with such powers as to the management of the undertaking, or the fixing of rates, rents, fees or other charges, or both, as the governing body may deem proper.

Code 1950, § 15-666.27; 1958, c. 640; 1962, c. 623, § 15.1-184; 1991, c. 668, § 15.1-227.11; 1997, c. 587.

**§15.2-2610. Request for referendum filed with court; order for election; notice.**

If voter approval of any bond issue by a locality is required by the Constitution of Virginia or this chapter or any charter provision, a copy of the resolution or ordinance adopted by the governing body of the locality, certified by the clerk of the governing body, requesting that a referendum on the question of the issuance of the bonds be held, shall be filed with the circuit court for the locality or in the case of a town the circuit court for the county in which the town is located. The circuit court shall order a special election, in accordance with § [24.2-681](#) et seq., requiring the election officers of the locality on the day fixed in the order to open the polls and take the sense of the voters of the locality on the question of contracting the debt and issuing bonds for the purpose or purposes set forth in the resolution or ordinance. When any town is situated partly in two or more counties, the certified copy of the resolution or ordinance may be presented to the circuit court for any of

the counties and the court shall order an election to be held in the town in accordance with the provisions of §§ [24.2-601](#) and [24.2-681](#) et seq. Notice of the election in the form prescribed by the court shall be published at least once but not less than ten days before the election in a newspaper published or having general circulation in the locality.

Where voter approval is required by the Constitution of Virginia, this chapter or any charter provision, a locality may, at its option, provide in the ordinance or resolution that any two or more purposes and amounts of the bonds proposed to be issued for such purposes be combined into a single question for the election and referred to as "capital improvement bonds" in an aggregate principal amount equal to the sum of the amounts for the purposes so combined.

Code 1950, §§ 15-666.25, 15-666.30; 1958, c. 640; 1962, c. 623, §§ 15.1-182, 15.1-187; 1968, c. 579; 1971, Ex. Sess., c. 224; 1975, c. 517; 1982, c. 181; 1991, c. 668, § 15.1-227.12; 1997, c. 587.

**§15.2-2611. Holding of election; order authorizing bonds; authority of governing body.**

The regular election officers of the locality at the time designated in the order authorizing the vote shall open the polls at the various voting places in the locality and conduct the election in the manner provided by law for other elections. At the election, each voter may cast his or her vote for or against the bond issue. The votes shall be counted, the returns made and canvassed and the results certified as provided in § [24.2-681](#) et seq. If it appears from the returns that a majority of the voters of the locality voting on the question at the election are against the proposed bond issue, an order shall be entered by the court to such effect. If a majority of the voters of the locality voting on the question approve the bond issue, the court shall enter an order to such effect, a copy of which shall be promptly certified by the clerk of the court to the governing body of the locality. The locality may then proceed to prepare, issue and sell its bonds up to the amount so authorized and in doing so shall have all of the powers granted to the locality by this chapter with respect to incurring debt and issuing bonds. Bonds authorized by a referendum may not be issued by a locality more than eight years after the date of the referendum; however, this eight-year period may, at the request of the governing body of the locality, be extended to up to ten years after the date of the referendum by order of the circuit court for the locality, or in the case of a town the circuit court for the county in which the town is located, entered before the expiration of the eight-year period. The court shall grant such extension unless the court is shown by clear and convincing evidence that the extension is not in the best interests of the locality.

**§15.2-2612. Dating; rate of interest; maturity; denomination; place of payment.**

The bonds of a locality may be dated, may mature at such time or times not exceeding forty years from their date or dates, may be subject to redemption or repurchase, at such price or prices and under such terms and conditions, and may contain such other provisions, all as determined before their issuance by the governing body or in such manner as the governing body may provide. The bonds may bear interest payable at such time or times and at such rate or rates as determined by the governing body or in such manner as the governing body may provide, including the determination by reference to indices or formulas or by agents designated by the governing body under guidelines established by it. The governing body may fix the denomination or denominations of the bonds and the place or places of payment.

**§15.2-2613. Form and manner of execution; signature of person ceasing to be officer.**

The governing body shall determine the form and the manner of execution of bonds. Any bonds issued under the provisions of this chapter, and any bonds previously or hereafter authorized to be issued by any locality under the provisions of any general or special law, if so authorized by the governing body of the locality, may bear or be executed with the facsimile signature of any official authorized to sign or execute them. If any law provides for the sealing of bonds with the official or corporate seal of the locality or of its governing body, a facsimile of the seal may be imprinted on the bonds, if so authorized by the governing body of the locality, and it will not be necessary in such case to impress the seal physically on the bonds.

In case any officer whose signature or a facsimile of whose signature appears on any bonds ceases to be such officer before the delivery of the bonds, the signature or facsimile will nevertheless be valid and sufficient for all purposes the same as if the officer had remained in office until the delivery. Any bond may bear the facsimile signature of, or may be signed by, the person who at the actual time of the execution of the bond is the proper officer to sign the bond although at the date of the bond the person may not have been such officer.

When all signatures on bonds are facsimiles, the bonds must be authenticated by an agent appointed by the governing body of the locality issuing the bonds or in such manner as the governing body may provide.

**§15.2-2615. Bonds deemed negotiable instruments.**

Notwithstanding any of the foregoing provisions of this chapter or any recitals in any bonds issued under the provisions of this chapter, all bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth.

**§15.2-2616. Interim receipts or temporary bonds exchangeable for definitive bonds.**

Before the preparation of definitive bonds, the governing body of a locality may, subject to the same provisions of this chapter as are applicable to the issuance of definitive bonds, issue interim receipts or temporary bonds, exchangeable for definitive bonds when such bonds have been executed and are available for delivery.

**§15.2-2618. Disposition of proceeds; separate fund.**

Unless otherwise specifically provided by the governing body of a locality or in the ordinance, resolution, trust agreement, indenture or other instrument authorizing the issuance

of bonds, all proceeds received from the sale of the bonds of any locality issued under the provisions of this chapter shall be paid to, or at the direction of, the treasurer or chief financial officer of the locality who shall promptly deposit the funds in a bank or other depository to the credit of the locality as prescribed by general law or the provisions of the charter applicable to the locality. The treasurer or chief financial officer shall account for the money through a fund, separate from all other funds, in the system of accounting of the locality.

**§15.2-2619. Investment of proceeds pending application to authorized purpose.**

Pending the application of the proceeds of any bonds authorized under the provisions of this chapter to the purpose or purposes for which the bonds have been authorized, all or any part of the proceeds may be invested, in accordance with Chapter 45 (§ [2.2-4500](#) et seq.) of Title 2.2. Any security purchased as an investment of the proceeds of bonds shall be deemed at all times to be a part of the proceeds, and the interest accruing on the investment and any profit realized from it shall be credited to the proceeds; provided, however, if authorized by resolution of the governing body, the locality may apply the interest accruing on the investment and any profit realized from it to pay costs as defined by this chapter.

**§15.2-2620. Bonds made legal investments.**

Bonds issued under this chapter are made securities in which public officers and bodies of the Commonwealth, counties, cities and towns and municipal subdivisions of the Commonwealth, insurance companies and associations, savings banks, savings institutions, savings and loan associations, trust companies, beneficial and benevolent associations, administrators, guardians, executors, trustees and other fiduciaries in the Commonwealth may properly and legally invest funds under their control.

**§15.2-2621. Bonds mutilated, lost or destroyed.**

If any bond is mutilated, destroyed or lost, the governing body of the locality obligated to pay the bond may cause a new bond of like date, number and tenor to be executed and

delivered in exchange and substitution for and upon the cancellation of the mutilated bond, or in lieu of and in substitution for the bond destroyed or lost, upon the owner paying the reasonable expense and charges in connection therewith. In the case of a bond destroyed or lost, its owner may be required to file with the person having custody of the funds from which the bond is to be paid evidence satisfactory to that person that the bond was destroyed or lost, and evidence of the ownership of the bond and may be required to furnish indemnity satisfactory to that person.

**§15.2-2622. Destruction of bonds and coupons after payment in full.**

A. Whenever the fiscal agent for any locality pays in full any bonds representing an obligation of the locality, the fiscal agent may, by agreement with the locality, destroy the bond and certify the facts of the payment and destruction to the treasurer or director of finance, as the case may be, of the locality.

B. The certification required by this section shall set forth the issue, series, number and maturity date of each bond, together with any additional facts as are necessary to specifically identify each bond paid and destroyed. However, the treasurer or director of finance may waive the requirement that the number of each interest coupon be supplied.

C. Every certification shall be in such form as is prescribed by the Auditor of Public Accounts and shall be acknowledged in the manner prescribed by law for the acknowledgment of deeds.

D. Whenever any certification, appearing on its face to have been executed and acknowledged as prescribed by this section, has been delivered to the treasurer or director of finance of any locality by the fiscal agent, the treasurer or director of finance shall, in the absence of actual knowledge of any misrepresentation or irregularity as to the certification, be relieved of all further liability for all the bonds represented in the certificate to have been paid and destroyed. For accounting purposes, every such certification which appears on its face to have complied with the requirements of this section shall constitute sufficient evidence of the facts set forth in it.

**§15.2-2623. Defeasance of indebtedness; rights of owners.**

The governing body of any locality is authorized to provide by resolution or ordinance for the defeasance of any bonds of the locality now or hereafter outstanding, to the extent that the defeasance of such bonds is not otherwise provided for in the resolution, ordinance, indenture or other document governing the issuance of such bonds. Bonds to be defeased pursuant to this section shall be deemed defeased and no longer outstanding when there has been established with a bank or trust company designated by the locality an escrow or sinking fund consisting of cash and noncallable obligations of, or unconditionally guaranteed by, the United States of America or noncallable obligations of, or unconditionally guaranteed by, the Commonwealth in an amount which together with interest to be earned on such obligations will be sufficient to pay all bonds to be defeased either at maturity or upon redemption; however, if such bonds are to be defeased either at maturity or upon redemption, notice of the redemption of such bonds shall have been duly given or irrevocable instructions to redeem such bonds shall have been given by the locality.

Any escrow fund established pursuant to this section shall be irrevocably pledged to the payment of the bonds to be defeased and shall be used solely to pay such bonds at maturity or upon earlier redemption. It is the intent that any escrow fund established pursuant to this section shall constitute a special fund for the payment of the defeased bonds and that the defeased bonds shall not be included for the purpose of determining any limitation upon the amount of indebtedness of the locality which is imposed by law.

The owners of any outstanding bonds to be defeased shall be divested of all rights and security relating to the bonds, except the right to payment due to principal, premium, if any, and interest, which shall be paid solely from the escrow fund.

**§15.2-2624. Tax to pay principal and interest.**

Notwithstanding any other provision of law or any charter provision, the governing body is authorized and required to levy and collect annually, at the same time and in the same manner as other taxes of the locality are assessed, levied and collected, a tax upon all taxable property within the locality, over and above all other taxes, authorized or limited by law and without limitation as to rate or amount, sufficient to pay when due the principal of and premium, if any, and interest on any general obligation bonds of the locality issued under the provisions of this chapter to the extent other funds of the locality are not lawfully available and appropriated for such purpose.

Unless otherwise provided in the ordinance, resolution, trust agreement, indenture or other instrument authorizing the issuance of bonds, all money collected and required to be set aside for the payment of bonds issued under the provisions of this chapter, whether from the proceeds of taxes levied for such purpose or from revenues or special assessments pledged for such purpose, shall be deposited in escrow with some solvent bank or trust company in the Commonwealth which is acceptable to the governing body and shall be secured pursuant to the Virginia Security for Public Deposits Act, Chapter 44 (§ [2.2-4400](#) et seq.) of Title 2.2. In lieu of retaining the money on deposit, all or part of the money may be invested in securities that are legal investments under the laws of the Commonwealth, which mature, or which are subject to redemption by the owner at the option of the owner, not later than the date upon which the money shall be required to make the payments for which it has been designated.

A. Any locality may enter into any contract which the governing body of the locality determines to be necessary or appropriate to place the obligation or investment of the locality, as represented by the bonds or the investment of their proceeds, in whole or in part, on the interest rate, cash flow or other basis desired by the locality, which contract may include without limitation, contracts commonly known as interest rate swap agreements, and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the locality in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the governing body of the locality, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate.

**§15.2-2627. Time for contesting validity of proposed bond issue; when bonds presumed valid.**

For a period of thirty days after the date of the filing with the circuit court having jurisdiction over the locality of a certified copy of the initial ordinance or resolution of the governing body of the locality authorizing the issuance of bonds, any person in interest has the right to contest the validity of the bonds, the taxes to be levied for the payment of the bonds, the rates, rents, fees and other charges for the services and facilities furnished by, for the use of, or in connection with, any revenue-producing undertaking, the pledge of the revenues of any revenue-producing undertaking, any provisions which may be recited in any ordinance, resolution, trust agreement, indenture or other instrument authorizing the issuance of bonds, or any matter contained in, provided for or done or to be done pursuant to the foregoing. If such contest is not begun within the thirty-day period, the authority to issue the bonds, the validity of the taxes or the pledge of revenues necessary to pay the bonds, the validity of any other provision contained in the ordinance, resolution, trust agreement, indenture or other instrument, and all proceedings in connection with the authorization and the issuance of the bonds shall be conclusively presumed to have been legally taken and no court shall have authority to inquire into such matters and no such contest shall thereafter be instituted.

Upon the delivery of any bonds reciting that they are issued pursuant to this chapter and an election held or ordinance or resolution adopted under this chapter, the bonds shall be conclusively presumed to be fully authorized by all the laws of the Commonwealth and to have been sold, executed and delivered by the locality in conformity with such laws, and the validity of the bonds shall not be questioned by a party plaintiff, a party defendant, the locality, any taxpayer of the locality, or any other interested party in any court, anything in this chapter or in any other statutes to the contrary notwithstanding.

**§15.2-2628. Notes in anticipation of bond issue.**

In anticipation of the issuance of bonds under the provisions of this chapter and of the receipt of the proceeds from the sale of bonds, any locality may borrow money and issue its notes for any purpose for which bonds of the locality have been authorized in a principal amount not to exceed the principal amount of the authorized bonds. The notes shall mature and be paid within five years of the date of their original issuance. Any

notes may be extended or refinanced from time to time, provided that no extension or refinancing matures later than five years from the date of the original issuance of the notes.

The locality may, in its discretion, retire any notes by means of current revenues, special assessments, or other funds, in lieu of retiring them by the issuance of bonds, provided that the maximum amount of bonds that has been authorized must be reduced by the amount of the notes retired in such manner.

Any locality may borrow money and issue its notes in anticipation of the collection of the taxes and revenues of the locality for the current year, but the principal amount of the notes may not exceed the anticipated revenues for such year. Such notes shall mature and be paid within one year from the date they are issued. No extension of such notes shall be valid and no additional notes shall be issued under this section until all notes issued during preceding years have been paid.

"Grants" means grants which the locality has been formally advised in writing it will receive and "reimbursements" means money which either the federal or state government is obligated to pay the locality on account of expenditures made in anticipation of receiving the payment from the federal or state government. The locality may borrow the full amount of the grant or reimbursement that the federal or state government is obligated to pay at the time the notes are issued. The notes shall be repaid by the earlier of thirty days after the grant or reimbursement is received or one year from the date of their issuance.

**§15.2-2634. Limitation on amount of outstanding bonds.**

Subject to §§ [15.2-2601](#) and [15.2-2635](#), no municipality may issue any bonds or other interest-bearing indebtedness which, including existing indebtedness, at any time exceeds ten percent of the assessed valuation of the real estate in the municipality subject to taxation, as shown by the last preceding assessment for taxes.

**§15.2-2636. Ordinance or resolution to provide for issue of bonds.**

Except as otherwise provided in this section, whenever any municipality proposes to borrow money and issue its bonds under the provisions of Article VII, Section 10(a), of the Constitution of Virginia and this chapter, the governing body shall adopt an ordinance or resolution, stating the maximum principal amount of the bonds to be issued and in brief and general terms the purpose or purposes for which the proceeds of the bonds are to be used. Subject to § [15.2-2601](#), if the proposed bond issue is pursuant to the provisions of Article VII, Section 10(a) of the Constitution of Virginia (other than subsection (2) thereof), the governing body may authorize and issue bonds in accordance with the applicable provisions of this chapter, without submission of the question of the issuance of the bonds to the voters for approval. If the bonds are being issued under the provisions of Article VII, Section 10(a)(2) of the Constitution of Virginia, and are not to be included within the otherwise authorized indebtedness of the municipality, the bonds shall be authorized by an ordinance which shall state that fact, as well as the specific undertaking for which the money is proposed to be borrowed and the bonds are to be issued, and request that a referendum on the issuance of the bonds be held in accordance with §§ [15.2-2610](#) and [15.2-2611](#). Any ordinance or resolution authorizing the issuance of bonds by a municipality must be passed by the recorded affirmative vote of a majority of all the members elected to its governing body. If the ordinance or resolution is vetoed by the mayor, where the power of veto exists, it may be adopted notwithstanding the veto in the manner prescribed by Article VII, Section 7 of the Constitution of Virginia.

**§15.2-2638. Powers of counties generally; approval of voters required.**

A. Except as provided in subsection B of this section, no county has the power to contract any debt or to issue its bonds unless a majority of the voters of the county voting on the question at an election held in accordance with §§ [15.2-2610](#) and [15.2-2611](#) approve contracting the debt, borrowing the money and issuing the bonds.

B. Voter approval is not required for a county (i) to contract debt or to issue bonds described in Article VII, Section 10(a)(1) and (3) of the Constitution of Virginia, (ii) to issue refunding bonds, or (iii) to issue bonds, with the consent of the school board and the governing body of the county, for capital projects for school purposes which are sold to the Literary Fund, the Virginia Retirement System, or other state agency prescribed by law.

Any county may, upon approval by the affirmative vote of the voters of the county voting in an election on the question, elect to be treated as a city for the purpose of incurring debt and issuing bonds under this chapter. If a county so elects, it will thereafter be subject to all of the benefits and limitations of Article VII, Section 10 (a) of the Constitution of Virginia and all provisions of this chapter relating to bonded indebtedness applicable to municipalities, but in determining the debt limitation for such county under § [15.2-2634](#) there shall be included, unless otherwise excluded under Article VII, Section 10 (a) of the Constitution of Virginia, indebtedness of any town or district in that county empowered to levy taxes on real estate.

**§15.2-2640. Resolution for bond issue; contents; request for bonds for school purposes.**

Whenever the governing body of any county determines that it is advisable to contract a debt and issue general obligation bonds of the county, it shall adopt an ordinance or resolution setting forth in brief and general terms the purpose or purposes for which the bonds are to be issued and the maximum amount of the bonds to be issued.

Where voter approval is required or permitted by the Constitution of Virginia or this chapter, the ordinance or resolution shall request the circuit court to order an election to be held pursuant to §§ [15.2-2610](#) and [15.2-2611](#) on the question of contracting the debt and issuing the proposed bonds.

Before the adoption of an ordinance or resolution by the governing body of any county requesting the ordering of an election on the question of contracting a debt and issuing bonds for school purposes, or, if no referendum is required, adopting an ordinance or resolution authorizing the issuance of bonds for school purposes, the school board of the county must first request, by resolution, the governing body of the county to take such action.

If voter approval is not required by the Constitution of Virginia or the provisions of this chapter, the governing body of the county has all the powers granted by this chapter to the governing bodies of municipalities with respect to incurring debt and issuing bonds.

#### **§15.2-2641. Subsequent resolutions.**

If the question of contracting a debt, borrowing money and issuing bonds for the purpose or purposes set forth in the ordinance or resolution is approved at the election called and held for such purpose, the governing body of the county, subsequent to the recording of the results of the election, may, by ordinance or resolution, at one time or from time to time, authorize the issuance of bonds. A copy of each ordinance or resolution authorizing the issuance of bonds, certified by the clerk of the governing body of the county, shall be filed with the clerk of the circuit court for the county.

#### **§15.2-2642. School district bonds.**

The governing body of any county, acting for and on behalf of any school district in the county, or acting for and on behalf of two or more school districts jointly, may provide for the issuance of general obligation bonds of the school district or districts for school purposes. Where voter approval is required by the Constitution of Virginia or the provisions of this chapter, the bonds shall not be issued unless a majority of the voters of the district voting in the election held pursuant to §§ [15.2-2610](#) and [15.2-2611](#) on the question in the district, or in each of the districts separately, approve the contracting of the debt and the issuing of the bonds. The bonds of two or more school districts shall be issued as joint obligations of such school districts. Any school district, or any school districts jointly, shall constitute a locality. For the purpose of this section, each magisterial district in each county shall constitute a school district, but any such school district shall not include a town constituting a separate school district. In any county where an

incorporated town constitutes both a school district and an entire magisterial district, the remaining magisterial districts shall, upon the adoption of resolutions by the governing body and the school board, constitute a single school district which may thereafter issue general obligation bonds for school purposes after approval by a majority of all the voters of the district voting in an election on the question. The issuance of the bonds shall be governed by the provisions of this chapter.

Code 1950, § 15-666.32:1; 1958, c. 640; 1962, cc. 76, 623, § 15.1-190; 1964, c. 133; 1968, c. 611; 1971, Ex. Sess., c. 224; 1991, c. 668, § 15.1-227.43; 1997, c. 587.

**§15.2-2643. Authority for issuance; resolutions or ordinances.**

The governing body of any locality is authorized to provide by resolution or ordinance for the issuance of bonds of the locality for the purpose of refunding any or all bonds of the locality now or hereafter outstanding, other than obligations issued in anticipation of the collection of the revenue of the locality for the then current year, and for the purpose of paying the cost of issuing the refunding bonds, whether the locality created the indebtedness or assumed or became liable for it and whether or not the indebtedness to be refunded has matured or is then subject to redemption.

This article shall without reference to any other sections of the Code or acts of the General Assembly be full authority for the issuance, sale, or exchange of bonds authorized under it, and no order, resolution or proceeding in respect of the issuance of the bonds shall be necessary except as required by this article. No approval of the authorization, sale, or exchange of bonds under this article shall be required by any official, court, board, or body and no publication of any notice, order, resolution, or proceeding relating to the issuance of refunding bonds shall be necessary, except as expressly required in this article. The authorization and issuance of refunding bonds shall not be subject to referendum.

Code 1950, § 15-666.33; 1958, c. 640; 1962, c. 623, § 15.1-192; 1977, c. 442; 1991, c. 668, § 15.1-227.44; 1997, c. 587.

**§15.2-2644. Issuance or exchange for indebtedness to be retired; sale and disposition of proceeds; rights of owners.**

Any refunding bonds may be issued or exchanged for the indebtedness to be retired by them, including indebtedness not matured, redeemable or surrendered for retirement. Unless so exchanged, any locality may sell refunding bonds authorized under the provisions of this article in such manner, either at public or private sale, and for such price as the governing body of the locality may determine. The proceeds of any refunding

bonds may be applied to (i) the payment of matured or redeemable indebtedness, including any redemption premium, (ii) the payment of unmatured indebtedness the evidences of which are on deposit with a bank or trust company designated by the locality for surrender to the locality upon receipt of payment in an amount not exceeding the amount of the indebtedness, or (iii) the establishment of an escrow or sinking fund consisting of cash and noncallable obligations of, or unconditionally guaranteed by, the United States of America or noncallable obligations of, or unconditionally guaranteed by, the Commonwealth in an amount which together with interest to be earned on such obligations shall be sufficient to pay all indebtedness to be refunded either at maturity or upon redemption as provided for upon the creation of the escrow or sinking fund. Any escrow or sinking fund established, in whole or in part, from the proceeds of the sale of refunding bonds shall be irrevocably pledged to the payment of the indebtedness to be refunded and shall be used solely to pay the indebtedness at maturity or upon redemption or for the purchase of not less than all of the indebtedness to be refunded. It is the intent that any escrow or sinking fund established pursuant to this section shall constitute a special fund for the payment of the refunded indebtedness and that the refunded indebtedness shall not be included for the purpose of determining any limitation upon the amount of indebtedness of the locality which is imposed by law.

The owners of any outstanding indebtedness to be refunded shall be divested of all rights and security relating to the indebtedness, except the right to payment when due of principal, premium, if any, and interest, which shall be paid solely from the escrow or sinking fund; provided that, in the case of debt issued before March 27, 1977, the governing body of the locality may provide that if the escrow or sinking fund is in any respect insufficient to make payment of principal, premium, if any, and interest, the original rights and security relating to the indebtedness shall be restored to the extent necessary to provide full payment.

**§15.2-2645. Amount of bonds.**

No refunding bonds shall be issued in a principal amount exceeding that necessary to amortize the principal of and premium, if any, and interest on the bonds to be refunded and pay all expenses reasonably incurred in the issuance of the refunding bonds less the amount then in any sinking, escrow and other funds which are available for the payment of the principal, premium, if any, or interest on the bonds to be refunded.

**§15.2-2646. Participation in funds donated by the Commonwealth.**

The issuance of refunding bonds for the retirement of bonds which are now or may hereafter be entitled to participate in funds donated by the Commonwealth, or funds receivable from any source other than local taxes levied for such purposes, shall not be construed to deprive the bonds of the right to continue to participate in the distribution of those funds, and the refunding bonds after their issuance shall enjoy all rights as would have been enjoyed by the bonds refunded.

**§15.2-2647. Expenses of authorization and issuance; agent to assist in refunding transaction.**

The governing body may authorize the payment by any locality of all expenses reasonably incurred by it in connection with the authorization and issuance of refunding bonds. The governing body may appoint or retain an agent for the purpose of assisting it in the refunding transaction and in obtaining the surrender of its outstanding bonds and may pay a fee to the agent as it may consider proper.

**§15.2-2648. Purchase in open market.**

Provision may be made in the proceedings authorizing refunding bonds for the purchase of the refunded bonds in the open market or pursuant to tenders made from time to time when there is available in the escrow or sinking fund for the payment of the refunded bonds a surplus in an amount or amounts to be fixed in such proceedings.

**§15.2-2649. District refunding bonds.**

The governing body of any county, acting for and in behalf of any road district, magisterial district, sanitary district, or school district in the county, may provide for the issuance of refunding bonds of the district for the purpose of refunding any bonds of the district. The issuance of the refunding bonds shall be governed by the provisions of this chapter insofar as they may be applicable.

**§15.2-2651. Proceeding by political subdivision to establish validity; procedure; parties defendant.**

The governing body of any locality or other political subdivision, agency or instrumentality of the Commonwealth or of any locality proposing to issue bonds may bring at any time a proceeding in any court of the county or city having general jurisdiction and in which the issuer is located to establish the validity of the bonds, the legality of all proceedings taken in connection with the authorization or issuance of the bonds, the validity of the tax or other means provided for the payment of the bonds, and the validity of all pledges of revenues and of all covenants and provisions which constitute a part of the contract between the issuer and the owners of the bonds. The proceeding shall be brought by filing a motion for judgment describing the bonds and the proceedings taken in connection with their issuance and alleging that the bonds when issued shall be valid and legal obligations of the issuer. In the motion for judgment the taxpayers, property owners and citizens of the jurisdiction where the issuer is located, including non-residents owning property in or subject to taxation by it, and all other persons interested in or affected in any way by the issuance of the bonds shall be made parties defendant.

**§15.2-2653. Contesting issuance of bonds; notice and hearing; service on member of governing body, etc.**

Any person, corporation, or association desiring to contest the issuance of any bonds pursuant to the provisions of this chapter, or any other law, general or special, shall proceed by filing a motion for judgment within thirty days after the filing of the resolution or ordinance authorizing the issuance of the bonds with the circuit court having jurisdiction over the issuer, or in contesting the validity of a petition for or the results of a referendum, within thirty days after the date that the result of the election for the issuance of the bonds is certified, in the court having jurisdiction as provided in § [15.2-2651](#). Upon the filing of a motion for judgment, the court shall fix a time and place for hearing the proceeding and shall enter an order requiring the publication of the motion for judgment or a summary of it approved by the court, together with the order setting forth the time and place of the hearing, once a week for two consecutive weeks in a newspaper published or having general circulation in the jurisdiction where the issuer is located, with the first notice appearing no more than 14 days before the hearing. Any property owner, taxpayer, citizen or other person in interest may become a party to the proceedings by pleading to the motion for judgment on or before the time set for hearing as provided by § [15.2-2652](#) or § [15.2-2653](#), or such earlier time as may be specified in the order of the court, or thereafter by intervention upon leave of the court. At the time and place designated in the order for the hearing as provided for in § [15.2-2652](#) or § [15.2-2653](#), the judge shall proceed to hear and determine all questions of law and fact in the proceeding and may make such orders as to the proceeding and such adjournments as will enable the judge properly to try and determine the proceeding and to render a final decree with the least possible delay. The court may order a joint hearing before it of all issues then pending in any actions or proceedings in any court in the Commonwealth, may order all such actions or proceedings consolidated with the validation proceeding pending before it, and may make such orders as may be necessary or proper to effect consolidation and as may tend to avoid unnecessary costs or delays. Such orders shall not be appealable.

### **§15.2-2656. Appeals.**

An appeal from the final judgment of the circuit court in a bond validation proceeding may be taken to the Court of Appeals. No appeal shall be allowed unless a notice of appeal is filed in the circuit court within 15 days after the date on which the final judgment of the court is entered and unless the appealing party's opening brief is filed with the Court of Appeals within 30 days after the date on which the final judgment of the court is entered. When a notice of appeal is timely and properly filed with the clerk of the circuit court, the clerk shall certify and transmit the record to the Clerk of the Court of Appeals within 30 days after the date on which the final judgment of the circuit court is entered and the Court of Appeals shall give the appeal an expedited review. ### **§15.2-2658. Bonds invalidated only for substantial defects, etc.; matters of form disregarded.**

No court in which a proceeding to invalidate or sustain bonds is brought shall invalidate the bonds unless it finds substantial defects, material errors, and omissions in the bond issue. Matters of form shall be disregarded.

**§15.2-2659. Investigation by Governor of alleged defaults; withholding state funds from defaulting locality; payment of funds withheld; receipts, reports, etc.; magisterial and school district defaults included.**

Whenever it appears to the Governor from an affidavit filed with him by or on behalf of the owner or owners of any general obligation bonds of any locality, or by any paying agent for the bonds that the locality has defaulted in the payment of the principal or premium, if any, or interest on any of its outstanding general obligation bonds, the Governor shall immediately make a summary investigation into the facts set forth in the affidavit.

If it is established to the satisfaction of the Governor that the locality is in default in the payment of its bonds or the interest on them, the Governor shall immediately make an order directing the Comptroller to withhold all further payment to the locality of all funds, or of any part of them, appropriated and payable by the Commonwealth to the locality for any and all purposes, until the default is cured. The Governor shall, while the default continues, direct in writing the payment of all sums withheld by the Comptroller, or as much of them as is necessary, to the owners of the bonds in default, or the paying agent for the bonds, so as to cure, or cure insofar as possible, the default as to the bonds or interest on them.

The Governor shall, as soon as practicable, give notice of the default and of the availability of funds with the paying agent or with the Comptroller by publication one time in a daily newspaper of general circulation in the City of Richmond and in the case of registered bonds, by mail, to the registered owners of the bonds. The cost of the publication and mailing shall be a further charge against the funds in the hands of the Comptroller payable to the locality. Any payment so made by the Comptroller to the owners of the bonds in default, or to the paying agent for the bonds, shall be credited as if made directly by the locality and shall be charged by the Comptroller against the first appropriations otherwise payable to the locality as if paid to the locality. The owners of the bonds in default, or the paying agent for the bonds, at the time of payment or at the time of each payment shall receipt for the payment and deliver to the Comptroller all bonds and interest coupons or assignments, in a form satisfactory to the Comptroller, of the right to receive the principal or interest satisfied by the payment. The Comptroller shall report each payment made to the governing body of the defaulting locality and deliver or

send by registered mail to the governing body all bonds, interest coupons, and assignments received by the Comptroller under the provisions of this section.

If there is no paying agent for the bonds, the Comptroller shall hold for the benefit of the owners of the bonds in default who do not present their bonds, coupons or assignments for payment their pro rata share of the amounts so withheld and shall pay their share of such amounts when the bonds, coupons or assignments are presented.

For the purpose of this section, bonds of any magisterial district or school district of any county shall be treated as bonds of the county in which the magisterial district or school district is located.

Nothing in this section shall be construed to create any obligation on the part of the Comptroller or the Commonwealth to make any payment on behalf of the defaulting locality other than from funds appropriated and payable to the defaulting locality.

**§15.2-2660. Bonds not affected by project undertaken.**

The authorization and issuance of the bonds under this chapter shall not be dependent on or affected in any way by proceedings taken, contracts made, or acts performed or done in connection with, or in furtherance of, the project undertaken by the locality authorizing and issuing the bonds.

**§15.2-2661. Provisions of chapter controlling; powers conferred are additional.**

Insofar as the provisions of this chapter are inconsistent with the provisions of any law, the provisions of this chapter shall be controlling. The powers conferred by this chapter are in addition to the powers conferred by any other law. Bonds may be issued under this chapter for any permitted purpose notwithstanding that any other law may provide for the issuance of bonds for like purposes and without regard to the requirements, restrictions or other provisions contained in any other law. Bonds may be issued under this chapter notwithstanding any debt or other limitation prescribed by any other law. The mode and method of procedure for the issuance of bonds under this chapter need not conform to the provisions of any other law.

Bonds may be issued under the provisions of this chapter without obtaining the consent of any commission, board, bureau or agency of the Commonwealth, and without any

other proceeding or the happening of any other condition or thing except those proceedings, conditions or things which are specifically required by this chapter.

Notwithstanding anything in this section to the contrary, any referendum requirement for the issuance of bonds or debt limitation contained in any charter or local or special act shall control over the provisions of this chapter after July 1, 1992.

#### **§15.2-2662. Validation of bonds.**

All proceedings taken before July 1, 1991, for or with respect to the authorization, issuance, sale, execution or delivery of bonds by or on behalf of any locality are validated, ratified, approved and confirmed, and any bonds so issued are valid, legal, binding and enforceable obligations of the locality.

### **§15.2-5602. Creation of authorities.**

A. A locality may by ordinance or resolution, or two or more localities, may by concurrent ordinances or resolutions, signify their intention to create an authority under an appropriate name and title containing the word "authority." Each participating locality shall hold a public hearing, notice of which shall be given by publication at least once, not less than seven days prior to the date fixed for the hearing, in a newspaper having general circulation in the locality. The notice shall contain a brief statement of the substance of the proposed authority, shall set forth the proposed articles of incorporation of the authority and shall state the time and place of the public hearing. The locality, by resolution, may call for a referendum on the question of the creation of an authority, which shall be held as provided by § [24.2-681](#) et seq. When a referendum is to be held in more than one locality, the referendum shall be held on the same date in all of such localities.

1. The name of the authority and address of its principal office.
2. A statement that the authority is created under this chapter.
3. The name of each participating locality.
4. The names, addresses and terms of office of the first members of the authority.
5. The purpose or purposes for which the authority is to be created.

C. Passage of such ordinance or resolution by the governing body or governing bodies shall constitute the authority a body politic and corporate of the Commonwealth.

D. Any locality may become a member of an existing authority, and any locality which is a member of an existing authority may withdraw therefrom, but no locality shall be

permitted to withdraw from any authority that has outstanding obligations unless United States securities have been deposited for their payment or without the unanimous consent of all holders of the outstanding obligations.

E. Having specified the initial purpose or purposes of the authority in the articles of incorporation, the governing bodies of the participating localities may, from time to time by subsequent ordinance or resolution, after public hearing, modify the articles of incorporation and the purpose or purposes specified therein. Such modification may be made either with or without a referendum.

Officers and employees of the participating localities may be appointed to the board and may constitute a majority of the members of the board. The members of the board shall elect one of their number chairman and shall elect a secretary and treasurer who need not be members of the board. The offices of secretary and treasurer may be combined. The members of the board shall be reimbursed for the amount of actual expenses incurred by them in the performance of their duties. The localities may provide for compensation of the members of the board; provided no compensation shall be paid for meetings not attended.

Alternate members of the board may also be selected. Such alternates shall be selected in the same manner as the members. The term of each alternate shall be the same as the term of the member for whom each serves as an alternate; however, the alternate's term shall not expire because of the member's death, disqualification, resignation or termination of employment with the member's locality. If a member is not present at a meeting of the authority, the alternate for the member shall have all the voting and other rights of a member and shall be counted for purposes of determining a quorum at any meeting of the authority.

**§15.2-5605. Transfers of property, appropriations and contracts by participating localities.**

Each participating locality is authorized and empowered:

1. To transfer jurisdiction over, to lease, lend, grant or convey to the authority at its request, with or without consideration, such real or personal property as may be necessary or desirable to carry out the purposes of the authority, upon such terms and conditions as such participating locality shall determine to be for its best interests;

The lease may be for a term ending not later than the end of the then current fiscal year of the locality and renewable for additional terms of one fiscal year each or as may be agreed upon by the parties provided that the total of the original term and any renewals shall in no event exceed fifty years. Each renewal shall be at the option of such locality and the lease may provide that it is renewed for an additional term if the locality fails to cancel the lease in writing on or prior to sixty days before the end of the then current term. Rentals under such lease may be computed at fixed amounts or by

a formula based on any factors provided therein and the rentals payable may include provision for all or any part of or a share of the amounts necessary (i) to pay or provide for the expenses of operation and maintenance of a project, (ii) to provide for the payment of principal and interest on any bonds of the authority, and (iii) to maintain such reserves or sinking funds as may be required by the terms of any contract of the authority or as may be deemed necessary or desirable by the authority. Such payments shall be payable only from revenues of the locality available during the fiscal year during which the lease is in effect. Notwithstanding the provisions of § [15.2-5606](#) or any other provision hereof the authority or the locality leasing the project may contract with a person as sublessee or operator of the project at a compensation to be agreed upon by the parties.

The authority shall have exclusive control over the revenues derived from its operations and may use revenues from one project in connection with any other project. No person shall receive any profit or dividend from the revenues, earnings or other funds or assets of the authority other than for debts contracted, for services rendered, for materials and supplies furnished and for other value actually received by the authority.

**§15.2-5607. Authority to issue bonds; source of payment.**

The authority is authorized to issue bonds from time to time in its discretion for the purpose of paying all or any part of the cost of acquiring, purchasing, constructing, reconstructing, improving or extending any project and acquiring necessary land and equipment therefor. The authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds payable as to principal and interest: (i) from its revenues generally; (ii) exclusively from the income and revenues of a particular project; or (iii) exclusively from the income and revenues of certain designated projects, whether or not they are financed in whole or in part from the proceeds of such bonds.

Any such bonds may be additionally secured by a pledge of any grant or contribution from a participating locality, the Commonwealth or any political subdivision, agency or instrumentality thereof, any federal agency or any unit, private corporation, copartnership, association, or individual, or a pledge of any income or revenues of the authority, or a mortgage on any project or other property of the authority, or any contract obligation or undertaking, whether in the nature of a guaranty or otherwise, of any participating locality. However, any such contract obligation or undertaking by any participating locality which is a city or town shall not be considered an indebtedness within the meaning of any debt limitation or restriction and that any such contract obligation or undertaking by a participating locality which is a county shall be authorized in accordance with the provisions of Article VII, Section 10 (b) of the Constitution of Virginia.

Neither the members of the board of the authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of the authority (and such bonds and obligations shall so state on their face) shall not be a debt of the Commonwealth or any political subdivision thereof other than the participating localities which have entered into contract obligations or other undertakings with respect to the repayment thereof as authorized in the preceding paragraph, and neither the Commonwealth nor any political subdivision thereof other than the authority and, to the extent provided in the preceding paragraph, participating localities, shall be liable thereon, nor shall such bonds or obligations be payable out of any funds or properties other than those of the authority and those created by contract obligations or undertakings of any participating localities entered into pursuant to the preceding paragraph. The bonds shall not constitute an indebtedness within the meaning of any debt limitation or restriction. Bonds of the authority are declared to be issued for an essential public and governmental purpose.

**§15.2-5608. Bond resolution; terms, conditions, form and execution of bonds; sale; interim receipts or temporary bonds.**

Bonds of the authority shall be authorized by resolution of the board and may be issued in one or more series, shall be dated, shall mature at such time or times not exceeding forty years from their date or dates and shall bear interest at such rate or rates, as may be determined by the authority, and may be made redeemable before maturity, at the option of the authority at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds. The authority shall determine the

form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or outside the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before delivery of such bond, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this chapter or any recitals in any bonds issued under the provisions of this chapter, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or registered form or both, as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the authority.

Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

Bonds may be issued under the provisions of this chapter without obtaining the consent of any commission, board, bureau or agency of the Commonwealth or of any political subdivision thereof, and without any other proceedings or the happening of other conditions or things than those proceedings, conditions or things which are specifically required by this chapter.

**§15.2-5609. Trust indenture or agreement to secure payment of bonds.**

In the discretion of the authority, any bonds issued under the provisions of this chapter may be secured by a trust indenture by way of conveyance, deed of trust or mortgage of any project or any other property of the authority, whether or not financed in whole or in part from the proceeds of such bonds, or by a trust agreement by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the Commonwealth or by both such conveyance,

deed of trust or mortgage and indenture or trust agreement. Such trust indenture or agreement, or the resolution providing for the issuance of such bonds may pledge or assign fees, rents, charges and receipts, collected by, payable to or otherwise derived by the authority, and all other moneys and income of whatever kind or character collected by, payable to or otherwise derived from any project. Such trust indenture or agreement, or resolution providing for the issuance of such bonds, may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and issuance of any project or other property of the authority, and the rates of fees, rents and other charges to be charged, and the custody, safeguarding and application of all moneys of the authority, and conditions or limitations with respect to the issuance of additional bonds. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of such bonds or of other revenues of the authority to furnish indemnifying bonds or to pledge such securities as may be required by the authority. Such trust indenture or agreement or resolution may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders.

In addition to the foregoing, such trust indenture or agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust indenture or agreement or resolution may be treated as a part of the cost of a project.

**§15.2-5610. Fees, rents and other charges; reserves.**

The authority is authorized to fix, revise, charge and collect fees, rents and other charges for the use of any project and the facilities thereof. The fees, rents and other charges shall be fixed and adjusted so as to provide funds, which when added to other funds, are sufficient to pay: (i) the cost of maintaining, repairing and operating the project and (ii) the principal and any interest on the bonds as the same shall become due and payable. Reserves may be accumulated and maintained out of the revenues and receipts of the authority for extraordinary repairs and expenses and for such other purposes as may be provided in any resolution authorizing a bond issue or in any trust indenture securing the authority's bonds. Such fees, rents and charges shall not be subject to supervision or reg-

ulation by any commission, board, bureau or agency of the Commonwealth or any participating locality.

Any holder of bonds, notes, certificates or other evidences of borrowing or any coupons appertaining thereto issued under the provisions of this chapter and the trustee under any trust indenture or agreement, except to the extent of the rights herein given may be restricted by such trust indenture, or agreement may protect and enforce their rights under (i) the laws of the Commonwealth; (ii) this chapter; (iii) the trust indenture or agreement; or (iv) the resolution authorizing the issuance of such bonds, notes or certificates. Such holder and trustee may enforce and compel the performance of all duties required by this chapter or by such trust indenture or agreement or resolution to be performed by the authority or by any officer or agent thereof, including the fixing, charging and collection of fees, rents and other charges.

The exercise of the powers granted by this chapter shall be in all respects for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their safety, health, welfare, convenience and prosperity, and as the operation and maintenance of any project which the authority may undertake will constitute the performance of an essential governmental function, no authority shall be required to pay any taxes or assessments upon any project acquired and constructed by it under the provisions of this chapter. If the participating localities are of the opinion that the facts stated in the authority's resolution are true and the authority should be dissolved, they shall so resolve and the authority shall stand dissolved as of the date on which the last participating locality adopts such resolution. Weldon Cooper Center for Public Service of the University of Virginia, which has been filed with the Department of Housing and Community Development, in which event the estimate shall govern.

1968, c. 224, § 15.1-1402; 1976, c. 760; 1986, c. 164; 1990, c. 722; 1995, cc. [732](#), [796](#); 1997, c. [587](#); 2017, c. [377](#).

**§15.2-4203. Organization of planning district commission.**

A. At any time after the establishment of the geographic boundaries of a planning district, the localities or Indian tribes embracing at least 45 percent of the population within the district acting by their governing bodies may organize a planning district commission by written agreement. Any locality not a party to such charter agreement shall continue as a part of the planning district, but, until such time as such locality elects to become a part of the planning district commission as hereinafter provided, shall not be represented in the composition of the membership of the planning district commission. Any Indian tribe (i) whose land is located within the boundaries of the planning district and (ii) that is not a party to such charter agreement may elect to become part of the planning district commission at any time after its formation, and may negotiate the terms of such membership with the planning district commission. Whenever a planning district is created which contains only two counties, the governing body of either county may organize a planning district commission in accordance with the provisions of this chapter if the governing body of the other county does not agree to organize such a planning district commission.

B. The charter agreement shall set forth:

1. The name of the planning district. An entity organized as a planning district commission under this act may employ the name "regional council" or "regional commission" as a substitute for the name "planning district commission."
2. The locality in which its principal office shall be situated.
3. The effective date of the organization of the planning district commission.
4. The composition of the membership of the planning district commission. At least a majority of its members shall be elected officials of the governing bodies of the localities within the district, or members of the General Assembly, with each county, city and town of more than 3,500 population having at least one representative. In any planning district other than planning district number 23, a town of 3,500 or less population may petition the planning district commission to be represented thereon. The planning district commission may, in its discretion, grant representation to such town by a majority vote of the

members of the commission. Other members shall be qualified voters and residents of the district. In planning districts number 4 and 14, the membership may also include representatives of higher education institutions. Should the charter agreement, as adopted, so provide, an alternate may serve in lieu of one of the elected officials of each of the governing bodies of the participating localities.

5. The term of office of the members, their method of selection or removal and the method for the selection and the term of office of a chairman.

6. The voting rights of members. Such voting rights need not be equal and may be weighed on the basis of the population of the locality represented by the member, the aggregation of the voting rights of members representing one locality, or otherwise.

7. The procedure for amendment, for addition of other localities within the planning district which are not parties to the original charter agreement, and the withdrawal from the charter agreement by localities within the planning district electing to do so.

C. The governing body of any locality which is a member of the planning district commission may provide for compensation to be paid by it for its commission members, except for any full-time salaried employees of the locality. The amount of such compensation shall not exceed the amount fixed by the planning district commission.

No part of the net earnings of any planning district commission organized under the provisions of this chapter shall inure to the benefit of, or be distributable to, any of its members, officers or other private persons, other than to its member localities as provided in this chapter. However, the commission may pay reasonable compensation for services rendered and make payments and distributions in furtherance of the purposes of a planning district commission as set forth in this chapter and in its charter and bylaws. Upon the dissolution or termination of any planning district commission, it shall, after paying or making provisions for the payment of its liabilities, distribute its assets to its member localities, pro rata, based upon the formula used to determine local government dues to the commission.

Upon organization of a planning district commission, pursuant to charter agreement, it shall be a public body corporate and politic, the purposes of which shall be to perform the planning and other functions provided by this chapter, and it shall have the power to perform such functions and all other powers incidental thereto.

B. Without in any manner limiting or restricting the general powers conferred by this chapter, the planning district commission may:

1. Adopt and have a common seal and to alter the same at pleasure.
2. Sue and be sued.
3. Adopt bylaws and make rules and regulations for the conduct of its business; however, a planning district commission shall not amend its budget once adopted during the applicable fiscal year except pursuant to an affirmative vote of the same number of the entire membership of the planning district commission required to adopt the budget.
4. Make and enter into all contracts or agreements, as it may determine, which are necessary or incidental to the performance of its duties and to the execution of the powers granted under this chapter.
5. Apply for and accept, disburse and administer, for itself or for member localities so requesting, loans and grants of money or materials or property at any time from any private or charitable source or the United States of America or the Commonwealth, or any agency or instrumentality thereof.
6. Exercise any power usually possessed by private corporations, including the right to expend such funds as may be considered by it to be advisable or necessary in the performance of its duties and functions.
7. Employ engineers, attorneys, planners, such other professional experts and consultants and such general and clerical employees as may be deemed necessary, and prescribe their powers and duties and fix their compensation.
8. Do and perform any acts and things authorized by this chapter through or by means of its own officers, agents and employees, or by contracts with any persons.
9. Execute instruments and do and perform acts or things necessary, convenient or desirable for its purposes or to carry out the powers expressly given in this chapter.
10. Create an executive committee which may exercise the powers and authority of the planning district commission under this chapter. The chairman of the planning district commission shall serve as a member and as the chairman of the executive committee.

The composition of the remaining membership of the executive committee, the term of office of its members and any alternate members, their method of selection or removal, the voting rights of members, procedures for the conduct of its meetings, and any limitations upon the general authority of the executive committee shall be established by the bylaws of the planning district commission. **§15.2-4207. Purposes of commission.**

A. It is the purpose of the planning district commission to encourage and facilitate local government cooperation and state-local cooperation in addressing on a regional basis problems of greater than local significance. The cooperation resulting from this chapter is intended to facilitate the recognition and analysis of regional opportunities and take account of regional influences in planning and implementing public policies and services. If requested by a member locality or group of member localities and to the extent the commission may elect to act, the commission may assist the localities by carrying out plans and programs for the improvement and utilization of their physical, social and economic elements. The commission shall not, however, have a legal obligation to perform the functions necessary to implement the plans and policies established by it or to furnish governmental services to the district. Additionally, Planning District Commissions 1, 2, and 13 shall be designated as economic development organizations within the Commonwealth.

C. The authority of the commission includes the power, to the extent the commission may from time to time determine, when requested to do so by a member locality or group of member localities, (i) to participate in the creation or organization of nonprofit corporations to perform functions or operate programs in furtherance of the purposes of this chapter; (ii) to perform such functions and to operate such programs itself; (iii) to contract with nonprofit entities, including localities, performing such functions or operating such programs to provide administrative, management, and staff support, accommodations in its offices, and financial assistance; and (iv) to provide financial assistance, including matching funds, to interdistrict entities which perform governmental or quasi-governmental functions directly benefiting the commission's district and which are organized under authority of the Commonwealth or of the federal government.

D. Nothing herein shall be construed to permit the commission to perform functions, operate programs, or provide services within and for a locality if the governing body of that jurisdiction opposes its doing so.

**§15.2-4209. Preparation and adoption of regional strategic plan.**

A. Except in planning districts in which regional planning also is conducted by multi-state councils of government, each planning district commission shall prepare a regional strategic plan for the guidance of the district. The plan shall concern those elements which are of importance in more than one of the localities within the district, as distinguished from matters of only local importance. The plan shall include regional goals and objectives, strategies to meet those goals and objectives and mechanisms for measuring progress toward the goals and objectives. The strategic plan shall include those subjects necessary to promote the orderly and efficient development of the physical, social and economic elements of the district such as transportation, housing, economic development and environmental management. The plan may be divided into parts or

sections as the planning district commission deems desirable. In developing the regional strategic plan, the planning district commission shall seek input from a wide range of organizations in the region, including local governing bodies, the business community and citizen organizations.

B. In planning districts in which regional planning also is conducted by multi-state councils of government, each planning district commission may prepare a regional strategic plan for the guidance of the district. If prepared in accordance with this section, such plan shall conform with the requirements of subsection A and also shall include references to the relevant provisions of the most current regional strategic plan prepared by the multi-state council of governments that includes any of the area comprising the planning district.

C. Before the strategic plan is adopted, it shall be submitted to the Department of Housing and Community Development and to the governing body of each locality within the district for a period of not less than thirty days prior to a hearing to be held by the planning district commission thereon, after notice as provided in § [15.2-2204](#). Each such local governing body shall make recommendations to the planning district commission on or before the date of the hearing with respect to the effect of the plan within its locality. The Department of Housing and Community Development shall notify the planning district commission prior to the hearing as to whether the proposed strategic plan conflicts with plans of adjacent planning districts.

D. Upon approval of the strategic plan by a planning district commission after a public hearing, it shall be submitted to the governing body of each locality (excluding towns of less than 3,500 population unless members of the commission) within the district for review and possible adoption. The plan shall become effective with respect to all action of a planning district commission upon approval by the planning district commission. The plan shall not become effective with respect to the action of the governing body of any locality within the district until adopted by the governing body of such locality.

E. The adopted strategic plan shall be submitted within thirty days of adoption to the Department of Housing and Community Development for information and coordination purposes.

**§15.2-4210. Commission to act only in conformity with regional strategic plan.**

**§15.2-4211. Amendment of regional strategic plan.**

The strategic plan may be amended in the same manner as provided for the original approval and adoption of the plan. However, if the planning district commission determines that a proposed amendment has less than districtwide significance, such amendment may be submitted only to the governing bodies of those localities which the planning district commission determines to be affected. The amended strategic plan shall be submitted within thirty days of amendment to the Department of Housing and Community Development.

1968, c. 224, § 15.1-1408; 1995, cc. [732](#), [796](#); 1997, c. 587.

**§15.2-4212. Review of regional strategic plan by commission.**

At least once every five years the regional strategic plan shall be revised and formally approved by the planning district commission. All agencies of the Commonwealth shall notify the Department of Housing and Community Development prior to engaging in planning activities which will require planning district commission participation. The fiscal year of the planning district commission shall end June 30.

The Fund shall be administered by the Department of Housing and Community Development. Fund availability is subject to the Appropriation Act.

B. From time to time the General Assembly and the Governor may designate specific functional areas or activities which are to be given highest priority for funding, including but not limited to economic development, criminal justice, solid waste management, water supply, emergency management and transportation.

C. Disbursements from the Regional Cooperation Incentive Fund shall be made on a matching grant basis to planning district commissions, or in the case of inter-local service delivery consolidation or coordination, to two or more cooperating localities. In order to be eligible to receive monies from the Fund, a planning district commission or single locality shall establish, in consultation with its metropolitan planning organization if one exists, an advisory transportation coordination committee and shall submit to the Disability Commission a plan for cost-effective coordination of specialized transportation services in the planning district or in localities within the planning district. Single localities may appoint an advisory transportation coordinating committee independent of the planning district commission and receive specialized transportation incentive funds if the locality is located in a regional planning district in which all other localities are recipients of the federal funds and subject to the provisions of Title II of the Americans with Disabilities Act, Public Law 101-336 (42 U.S.C. § 12131 et seq.). Advisory transportation coordination committees shall be composed of, but not limited to, elderly and disabled persons, providers of specialized transportation systems, participating public transportation systems, and local private for-profit and nonprofit transportation providers. Localities and public transportation systems subject to Title II of the Americans with Disabilities Act, Public Law 101-336 (42 U.S.C. § 12131 et seq.), shall not be required to participate in coordinated specialized transportation plans, but may participate at their option.

The locality shall notify the Department of Housing and Community Development of its membership status in the additional planning district commission within thirty days of becoming a member. Whenever a state-directed activity is conducted by all the planning district commissions, the planning district boundaries identified by the Department of Housing and Community Development shall be used, unless alternative boundaries are agreed to by the localities and the planning district commissions affected. No additional state financial support shall be paid due to a locality becoming a member of an additional planning district commission.

Upon such declaration, the commissions of the two districts shall be merged into one commission. The commission of the new district thereupon shall organize as provided in § [15.2-4203](#); however, nothing shall prevent the commissions of the two districts which are to be merged from agreeing to the terms of such organization prior to their vote to merge.

# Registration and Protection of Trademarks and Service Marks

## §59.1-92.1. Short title.

This chapter shall be known as the "Virginia Trademark and Service Mark Act (1998)."

1998, c. [819](#).

## §59.1-92.2. Definitions.

As used in this chapter, the following words shall have the following meanings:

"Abandoned" means either (i) the discontinuance of use of a mark with intent not to resume such use (intent not to resume may be inferred from circumstances, i.e., nonuse for three consecutive years shall constitute prima facie evidence of abandonment) or (ii) any course of conduct of the owner, including acts of omission as well as commission, which causes the mark to lose its significance as a mark.

"Applicant" means any person filing an application for registration of a mark under this chapter, and the legal representatives, successors, or assigns of such person.

"Commission" means the State Corporation Commission.

"Mark" means any trademark or service mark registered in the Commonwealth or the United States Patent and Trademark Office, or entitled to registration under this chapter, whether registered or not.

"Registrant" means any person to whom the registration of a mark under this chapter or prior law is issued, and the legal representatives, successors, or assigns of such person.

"Service mark" means any word, name, symbol, or device or any combination thereof used by a person to identify and distinguish the services of such person from the services of others.

"Trade name" means any name used by a person to identify a business or enterprise.

"Trademark" means any word, name, symbol, or device or any combination thereof used by a person to identify and distinguish the goods of such person from those manufactured or sold by others.

"Use" means the bona fide use of a mark in the ordinary course of trade, and not made merely to reserve a right in a mark. For the purposes of this chapter, a mark shall be deemed to be in use (i) on goods when it is placed in any manner on the goods or their containers or the displays associated therewith or on the tags or labels affixed thereto, or if the nature of the goods makes such placement impracticable, then on documents associated with the goods or their sale, and the goods are possessed in the Commonwealth or sold or otherwise distributed in commerce in the Commonwealth, and (ii) in connection with services when it is used or displayed in the course of selling or providing services in the Commonwealth, or advertising descriptive of services available within the Commonwealth that is communicated within or into the Commonwealth.

1998, c. [819](#); 2008, cc. [759](#), [800](#); 2011, c. [801](#).

### **§59.1-92.3. Registrability.**

A mark by which the goods or services of any applicant for registration may be distinguished from the goods or services of others shall not be registered if it consists of or comprises:

1. Any immoral, deceptive or scandalous matter;
2. Any matter which may falsely suggest a connection with persons, living or dead, institutions, beliefs, or national symbols, or bring them into contempt or disrepute;
3. The flag or coat of arms or other insignia of the United States, or of any state or municipality, or of any foreign nation, or any simulation thereof;
4. The name, signature or portrait identifying a particular living individual, except by the individual's written consent;
5. A mark which (i) when used on or in connection with the goods or services of the applicant, is merely descriptive or deceptively misdescriptive of them; (ii) when used on or in connection with the goods or services of the applicant, is primarily geographically descriptive or deceptively misdescriptive of them; or (iii) is primarily merely a surname; however, nothing in this subdivision shall prevent the registration of a mark used by the applicant which has become distinctive in this Commonwealth of the applicant's goods or services. The Commission may accept as prima facie evidence that the mark has become distinctive, as used on or in connection with the applicant's goods or services, proof of continuous use thereof as a mark by the applicant in this Commonwealth for the five years before the date of the application for registration; or

6. A mark which so resembles a mark registered in this Commonwealth or a trademark, service mark or trade name previously used in this Commonwealth by another and not abandoned, as to be likely, when used on or in connection with the goods or services of the applicant, to cause confusion or mistake, or to deceive.

1998, c. [819](#).

**§59.1-92.4. Application for registration.**

Subject to the limitations set forth in this chapter, any person who uses a mark may file with the Commission, in a manner complying with the requirements of the Commission, an application for registration of that mark setting forth, but not limited to, the following information:

1. The name and business address of the person applying for such registration; and, if a corporation, limited liability company, partnership, limited liability partnership, or any other legal entity, the state or other jurisdiction of incorporation, formation, or organization, as the case may be;
2. The goods or services on or in connection with which the mark is used and the manner in which the mark is used on or in connection with such goods or services and the class in which such goods or services fall;
3. The date when the mark was first used anywhere and the date when it was first used in this Commonwealth by the applicant or a predecessor in interest; and
4. A statement that the applicant is the owner of the mark, that the mark is in use in this Commonwealth, and that, to the knowledge of the person verifying the application, no other person has registered the mark in this Commonwealth, or has the right to use such mark in this Commonwealth either in the identical form thereof or in such near resemblance thereto as to be likely, when applied to the goods or services of such other person, to cause confusion or mistake, or to deceive.

The Commission may also require that a drawing of the mark, complying with such requirements as the Commission may specify, accompany the application.

The application shall be signed and verified (by oath, affirmation or declaration subject to perjury laws) by the applicant or by a person authorized by the applicant to make the application.

The application shall be accompanied by a specimen showing the mark as actually used.

The application shall be accompanied by a nonrefundable application fee.

1998, c. [819](#).

**§59.1-92.5. Filing of applications.**

A. Upon the filing of an application for registration and payment of the application fee, the Commission shall cause the application to be examined for conformity with this chapter.

B. The applicant shall provide any additional relevant information requested by the Commission, including a description of a design mark, and may make, or authorize the Commission to make, such amendments to the application as may be reasonably requested by the Commission or deemed by the applicant to be advisable to respond to any rejection or objection.

C. The Commission may require the applicant to disclaim any unregistrable component of a mark otherwise registrable, and an applicant may voluntarily disclaim any component of a mark sought to be registered. No disclaimer shall prejudice or affect the applicant's or registrant's common law rights then existing or thereafter arising in the disclaimed matter, or the applicant's or registrant's rights of registration on another application if the disclaimed matter is or has become distinctive of the applicant's or registrant's goods or services.

D. Amendments to the application may be made by the Commission with the applicant's consent.

E. If the applicant is found not to be entitled to registration, the Commission shall notify the applicant thereof in writing and of the reasons therefor. The applicant shall have ninety days from the date of the Commission's notice to make a bona fide reply, or to amend the application, in which event the application shall then be reexamined. This procedure may be repeated until (i) the Commission finally refuses registration of the mark or (ii) the applicant fails to reply or amend within the specified period, whereupon the request for registration shall be deemed to have been finally refused.

1998, c. [819](#).

**§59.1-92.6. Certificate of registration.**

Upon compliance by the applicant with the requirements of this chapter, the Commission shall cause a certificate of registration to be issued and delivered to the applicant. The certificate shall show (i) the name and business address of the registrant and, if a corporation, limited liability company, partnership, limited liability partnership, or any other

legal entity, the state or other jurisdiction of incorporation, formation, or organization, as the case may be; (ii) the date claimed for the first use of the mark anywhere and the date claimed for the first use of the mark in this Commonwealth; (iii) the class of goods or services and a description of the goods or services on or in connection with which the mark is used; (iv) a reproduction of the mark; and (v) the registration date and the term of the registration.

Any certificate of registration issued by the Commission under the provisions hereof or a copy thereof duly certified by the clerk of the Commission shall be prima facie evidence of the registrant's ownership of the mark, and of the registrant's exclusive right to use the registered mark within the Commonwealth on or in connection with the goods or services specified in the certificate, and shall be admissible in evidence as competent and sufficient proof of the registration of such mark in any actions or judicial proceedings in any court of this Commonwealth.

1998, c. [819](#).

#### **§59.1-92.7. Duration and renewal.**

A registration of a mark hereunder shall be effective for a term of five years from the date of registration and, upon application filed within six months prior to the expiration of such term, in a manner complying with the requirements of the Commission, the registration may be renewed for a like term from the end of the expiring term. A renewal fee shall accompany the application for renewal of the registration.

A registration may be renewed for successive periods of five years in like manner.

Any registration in force on the date on which this chapter becomes effective shall continue in full force and effect for the unexpired term thereof and may be renewed for five years by filing with the Commission, within six months prior to the expiration of the registration, an application for renewal complying with the requirements of the Commission and paying the aforementioned renewal fee therefor.

All applications for renewal under this chapter, whether of registrations made under this chapter or of registrations effected under any prior law, shall include a verified statement that the mark has been and is still in use and include a specimen showing actual use of the mark on or in connection with the goods or services.

1998, c. [819](#).

#### **§59.1-92.8. Assignments and changes of name.**

A. Any mark and its registration hereunder shall be assignable with the good will of the business in which the mark is used, or with that part of the good will of the business connected with the use of and symbolized by the mark. Assignment shall be by instruments in writing duly executed and may be filed with the Commission upon the payment of a fee. The Commission shall issue in the name of the assignee a new certificate for the remainder of the term of the registration or of the last renewal thereof. An assignment of any registration under this chapter shall be void as against any subsequent purchaser for valuable consideration without notice, unless it is filed with the Commission within three months after the date of the assignment or prior to such subsequent purchase.

B. Any applicant effecting a change of name may file a certificate of name change with the Commission upon the payment of a fee. The Commission shall prescribe the form and content of such certificate. If the Commission issues a registration based on such applicant's request for registration, the registration shall be issued in the new name of the applicant.

C. Any registrant effecting a change of name may file a certificate of name change with the Commission upon the payment of a fee. The Commission shall prescribe the form and content of such certificate. The Commission shall issue in the new name of the registrant a new certificate of registration for the remainder of the term of the registration or last renewal thereof.

D. A photocopy of any instrument referred to in this section shall be accepted for filing if it is certified by any of the parties thereto, or their successors, to be a true and correct copy of the original.

1998, c. [819](#).

#### **§59.1-92.9. Records.**

The Commission shall keep for public examination a record of all marks registered or renewed under this chapter, as well as a record of all documents filed pursuant to § [59.1-92.8](#).

1998, c. [819](#).

#### **§59.1-92.10. Cancellation.**

A. The Commission shall cancel, in whole or in part:

1. Any registration concerning which the Commission receives a voluntary request for cancellation thereof from the registrant or the assignee of record;

2. Any registration granted under this chapter or prior law and not renewed in accordance with the provisions hereof; or
  3. Any registration concerning which the Commission finds on its own motion, or on petition of any person who alleges that he is or will be damaged by such registration, that:
    - a. The registered mark has been abandoned;
    - b. The registrant is not the owner of the mark;
    - c. The registration was granted as a result of a clerical error;
    - d. The registration was obtained fraudulently;
    - e. The mark is or has become the generic name for the goods or services, or a portion thereof, for which it has been registered; or
    - f. There is a substantial likelihood of confusion with a mark or trade name previously used in this Commonwealth by another and not abandoned.
- B. The Commission may also cause a partial cancellation of a registration by requiring the registrant to amend the registration to adopt a narrower identification of goods or services than is identified in the original certificate.
- C. Before the Commission cancels or partially cancels any registration under subdivision A 3, the Commission shall give reasonable notice and an opportunity to be heard to the registrant and to other persons known to have or claim an interest in the mark.

1998, c. [819](#).

#### **§59.1-92.11. Classification.**

The Commission shall by regulation establish a classification of goods and services for convenience of the administration of this chapter, but not to limit or extend the applicant's or registrant's rights, and a single application for registration of a mark may include any or all goods upon which, or services in connection with which, the mark is actually being used indicating the appropriate class or classes of goods or services. When a single application includes goods or services which fall within multiple classes, the Commission may require payment of a fee for each class. To the extent practical, the classification of goods and services should conform to the classification adopted by the United States Patent and Trademark Office.

1998, c. [819](#).

It is hereby declared to be the policy of the Commonwealth, through the exercise by the General Assembly of its power to regulate commerce partly or wholly within the Commonwealth of Virginia, to correct as rapidly as practicable such inequities as may exist in the franchise system so as to establish a more even balance of power between franchisors and franchisees; to require franchisors to deal fairly with their franchisees with reference to all aspects of the franchise relationship and to provide franchisees more direct, simple, and complete judicial relief against franchisors who fail to deal in a lawful manner with them.

1972, c. 561.

**§13.1-559. Definitions; applicability of chapter.**

A. As used in this chapter, unless the context otherwise requires:

2. The operation of the franchisee's business pursuant to such plan or system is substantially associated with the franchisor's trademark, service mark, trade name, logotype, advertising or other commercial symbol designating the franchisor or its affiliate; and
3. The franchisee is required to pay, directly or indirectly, a franchise fee of \$500 or more.

"Franchise fee" means a fee or charge for the right to enter into or maintain a business under a franchise, including a payment or deposit for goods, services, rights, or training, but not including: (i) the payment of a bona fide wholesale price for starting and continuing inventory of goods for resale or (ii) the payment at fair market value for the purchase or lease of real property, fixtures, equipment, or supplies necessary to enter into or maintain the business.

A. A franchise may be registered after filing with the Commission an application containing such relevant information as the Commission may require. The franchise shall be registered if the Commission finds that the franchisor, including any controlling person of the franchisor, is a person of good character and reputation and that all information required of the applicant by the Commission has been supplied, that none of the grounds for revocation enumerated in § [13.1-562](#) are applicable to the franchise, and that the required fee has been paid.

B. The Commission may require, as a condition of registration or renewal of registration: (i) the escrow or deferral of franchise fees and other funds paid by the franchisee to the franchisor until the franchisor's preopening obligations are fulfilled, if the grounds enumerated in clause (i) of subdivision A 2 of § [13.1-562](#) exist, or (ii) the filing by a franchisor of a surety bond conditioned upon the payment of all criminal and civil penalties provided in this chapter in an amount determined by the Commission to be adequate to protect the public and all franchisees of the franchisor, taking into proper account the marketing plan or system to be franchised, the goods or services to be offered, whether or not the franchisor has a regular place of business in this Commonwealth, and any other facts indicating the necessary amount of the bond.

C. The Commission shall by rule or order prescribe the procedures for filing an application for exemption, amendments to the exemption, and when an exemption or renewal becomes effective.

D. All registrations, exemptions and renewals thereof shall expire at midnight on the annual date of their effectiveness. However, the Commission may extend such expiration of an exemption as much as 45 days.

E. Each application for the registration or exemption of a franchise shall be accompanied by a fee of \$500, payable to the Treasurer of Virginia. Each application for the renewal of a franchise registration or exemption, including any amendments to the registration or exemption application which accompany or are part of the application for renewal, shall be accompanied by a fee of \$250 payable to the Treasurer of Virginia. F. For the purposes of registration, exemption or renewal of registration of a franchise, a partnership shall be treated as the same partnership so long as two or more members of the partnership named in the application continue the business without change of location, and if the partnership, within one month after a change in the partnership, files with the Commission a copy of a certificate filed in compliance with § [50-74](#).

A. The Commission may, by order entered after a hearing on notice duly served on the defendant not less than thirty days before the date of the hearing, revoke the effectiveness of a franchise registration (or refuse to renew a registration if an application for renewal has been or is to be filed) if it finds that such an order is in the public interest or that the franchisor or any controlling person of the franchisor:

The franchisor shall have seven business days from the date of the written notice from the Commission within which to file a written response to the matters addressed in the notice. If (i) the Commission notified, or reasonably attempted to notify, the franchisor in writing, (ii) it appears to be in the public interest, and (iii) either the Commission, after consideration of the franchisor's response, reasonably believes the ground or grounds exist or a response is not filed in a timely manner, the Commission may summarily enter an order suspending the effectiveness of the franchisor's registration pending final determination of any proceeding under this section. The Commission shall promptly send a copy of the suspension order to the franchisor and each of its subfranchisors, if any are known to the Commission. At a minimum, the order shall set forth the basis for the suspension as well as the franchisor's or subfranchisor's right to file a written request for a hearing within twenty-one days after the date of entry of the order. If a hearing is requested in a timely manner, the Commission, after notice and an opportunity for a hearing as soon as practicable, may modify or vacate the suspension order or continue it in effect until final determination of the proceeding under this section. If a hearing is not requested in a timely manner, the suspension order shall remain in effect until it is modified or vacated by the Commission.

"Accommodations" means any room or rooms, lodgings, or accommodations in any hotel, motel, inn, tourist camp, tourist cabin, camping grounds, club, short-term rental, or any other place in which rooms, lodging, space, or accommodations are regularly furnished to transients for a consideration. "Accommodations" does not include rooms or space offered by a person in the business of providing conference rooms, meeting space, or event space if the person does not also offer rooms available for overnight sleeping.

"Accommodations fee" means the room charge less the discount room charge, if any, provided that the accommodations fee shall not be less than \$0.

"Accommodations intermediary" means any person other than an accommodations provider that (i) facilitates the sale of an accommodation and (ii) either (a) charges a room charge to the customer, and charges an accommodations fee to the customer, which fee it retains as compensation for facilitating the sale; (b) collects a room charge from the customer; or (c) charges a fee, other than an accommodations fee, to the customer, which

fee it retains as compensation for facilitating the sale. For purposes of this definition, "facilitates the sale" includes brokering, coordinating, or in any other way arranging for the purchase of the right to use accommodations via a transaction directly, including via one or more payment processors, between a customer and an accommodations provider.

"Accommodations intermediary" does not include a person:

1. If the accommodations are provided by an accommodations provider operating under a trademark, trade name, or service mark belonging to such person;
2. Who facilitates the sale of an accommodation if (i) the price paid by the customer to such person is equal to the price paid by such person to the accommodations provider for the use of the accommodations and (ii) the only compensation received by such person for facilitating the sale of the accommodation is a commission paid from the accommodations provider to such person; or
3. Who is licensed as a real estate licensee pursuant to Article 1 (§ [54.1-2100](#) et seq.) of Chapter 21 of Title 54.1, when acting within the scope of such license.

A "network" includes modems, fiber optic cables, coaxial cables, radio equipment, routing equipment, switching equipment, a cable modem termination system, associated software, transmitters, power equipment, storage devices, servers, multiplexers, and antennas, which network is used to provide Internet service, regardless of whether the provider of such service is also a telephone

"Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either directly or indirectly.

"Distribution" means the transfer or delivery of tangible personal property for use, consumption, or storage by the distributee, and the use, consumption, or storage of tangible personal property by a person that has processed, manufactured, refined, or converted such property, but does not include the transfer or delivery of tangible personal property for resale or any use, consumption, or storage otherwise exempt under this chapter.

"Gross proceeds" does not include finance charges, carrying charges, service charges, or interest from credit extended on the lease or rental of tangible personal property under conditional lease or rental contracts or other conditional contracts providing for the deferred payments of the lease or rental price.

"Gross sales" means the sum total of all retail sales of tangible personal property or services as defined in this chapter, without any deduction, except as provided in this chapter. There is hereby created in the state treasury a special nonreverting fund to be known as the Historic Triangle Marketing Fund, referred to in this section as "the Fund," to be managed and administered by the Williamsburg Tourism Council. The Fund shall be established on the books of the Comptroller. All revenues generated pursuant to this section shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of marketing, advertising, and promoting the Historic Triangle area as an overnight tourism destination, with the intent to attract visitors from a sufficient distance so as to require an overnight stay of at least one night, as set forth in this subsection. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Secretary of Finance.

2. The Williamsburg Tourism Council (the Council) is established as an advisory board in the legislative branch of state government. The Council shall consist of members as follows: one member of the James City County Board of Supervisors, one member of the York County Board of Supervisors; one member of the Williamsburg City Council, one representative of the Colonial Williamsburg Foundation, one representative of the Jamestown-Yorktown Foundation, one representative of Busch Gardens Williamsburg, one representative of the Jamestown Rediscovery Foundation, one representative of the Williamsburg Hotel and Motel Association, and one representative of the Williamsburg Area Restaurant Association. The Chair of the Greater Williamsburg Chamber of Commerce and the Chief Executive Officer of the Virginia Tourism Corporation shall serve as ex officio, nonvoting members of the Council.

3. The Council shall establish the Historic Triangle Office of Marketing and Promotion (the Office) to administer a program of marketing, advertising, and promotion to attract visitors to the Historic Triangle area, as required by this subsection. The Council shall use moneys in the Fund to fund the pay for necessary expenses of the Office and to fund the activities of the Office. The Office shall be overseen by a professional with extensive experience in marketing or advertising and in the tourism industry. The Office shall be responsible for (i) developing and implementing, in consultation with the Council, long-term and short-term strategic plans for advertising and promoting the numerous facilities, venues, and attractions devoted to education, historic preservation, amusement, entertainment, and dining in the Historic Triangle as a cohesive and unified travel destination for local, national, and international travelers; (ii) assisting, upon request, with the coordination of cross-advertising and cross-marketing efforts between various tourism venues and destinations in the Historic Triangle region; (iii) identifying strategies for both increasing the number of overnight visitors to the region and increasing the average length of stay of tourists in the region; and (iv) performing any other function related to the promotion of the Historic Triangle region as may be identified by the Council.

4. The Council shall report annually on its long-term and short-term strategic plans and the implementation of such plans; marketing efforts; metrics regarding tourism in the Historic Triangle region; use of the funds in the Fund; and any other details relevant to the work of the Council and the Office. Such report shall be delivered no later than December 1 of each year to the managers or chief executive officers of the City of Williamsburg and the Counties of James City and York, and to the Chairmen of the House Committees on Finance and Appropriations and the Senate Committee on Finance and Appropriations.

1. Of the cost price of each item or article of tangible personal property used or consumed in this Commonwealth. Tangible personal property that has been acquired for use outside this Commonwealth and subsequently becomes subject to the tax imposed hereunder shall be taxed on the basis of its cost price if such property is brought within

Such tax shall be based on such proportion of the cost price or current market value as the duration of time of use within this Commonwealth bears to the total useful life of such property (but it shall be presumed in all cases that such property will remain within this Commonwealth for the remainder of its useful life unless convincing evidence is provided to the contrary).

2. Of the cost price of each item or article of tangible personal property stored outside this Commonwealth for use or consumption in this Commonwealth.

3. A transaction taxed under § [58.1-603](#) shall not also be taxed under this section, nor shall the same transaction be taxed more than once under either section.

**§58.1-604.1. (Contingent expiration date -- see note\*) Use tax on motor vehicles, machinery, tools and equipment brought into Virginia for use in performing contracts.**

In addition to the use tax levied pursuant to § [58.1-604](#) and notwithstanding the provisions of § [58.1-611](#), a use tax is levied upon the storage or use of all motor vehicles, machines, machinery, tools or other equipment brought, imported or caused to be brought into this Commonwealth for use in constructing, building or repairing any building, highway, street, sidewalk, bridge, culvert, sewer or water system, drainage or dredging system, railway system, reservoir or dam, hydraulic or power plant, transmission line, tower, dock, wharf, excavation, grading, or other improvement or structure, or any part thereof. The rate of tax is 4.3 percent on all tangible personal property except motor vehicles, which shall be taxed at the rate set forth in § [58.1-2402](#); aircraft, which shall be taxed at the rate of two percent; and watercraft, which shall be taxed at the rate of two percent with a maximum tax of \$1,000. However, the total rate of the state use tax in any county or city for which the tax under § [58.1-604.01](#) is imposed shall be 5.0 percent on all tangible personal property except motor vehicles, which shall be taxed at the rate set forth in § [58.1-2402](#); aircraft, which shall be taxed at the rate of two percent; and watercraft, which shall be taxed at the rate of two percent with a maximum tax of \$1,000.

For purposes of this section, "motor vehicle" means any vehicle which is self-propelled and designed primarily for use upon the highways, any vehicle which is propelled by electric power obtained from trolley wires but not operated upon rails, and any vehicle designed to run upon the highways which is pulled by a self-propelled vehicle, but shall not include any implement of husbandry, farm tractor, road construction or maintenance

machinery or equipment, special mobile equipment or any vehicle designed primarily for use in work off the highway.

The tax shall be computed on the basis of such proportion of the original purchase price of such property as the duration of time of use in this Commonwealth bears to the total useful life thereof. For purposes of this section, "use" means use, storage, consumption and "stand-by" time occasioned by weather conditions, controversies or other causes. The tax shall be computed upon the basis of the relative time each item of equipment is in this Commonwealth rather than upon the basis of actual use. In the absence of satisfactory evidence as to the period of use intended in this Commonwealth, it will be presumed that such property will remain in this Commonwealth for the remainder of its useful life, which shall be determined in accordance with the experiences and practices of the building and construction trades.

A transaction taxed under § [58.1-604](#), [58.1-605](#), [58.1-1402](#), [58.1-1502](#), [58.1-1736](#), or [58.1-2402](#) shall not also be taxed under this section, nor shall the same transaction be taxed more than once under any section.

1988, c. 379; 2004, Sp. Sess. I, c. [3](#); 2011, cc. [405](#), [639](#); 2013, c. [766](#).

**§58.1-604.1. (Contingent effective date -- see note\*) Use tax on motor vehicles, machinery, tools and equipment brought into Virginia for use in performing contracts.**

In addition to the use tax levied pursuant to § [58.1-604](#) and notwithstanding the provisions of § [58.1-611](#), a use tax is levied upon the storage or use of all motor vehicles, machines, machinery, tools or other equipment brought, imported or caused to be brought into this Commonwealth for use in constructing, building or repairing any building, highway, street, sidewalk, bridge, culvert, sewer or water system, drainage or dredging system, railway system, reservoir or dam, hydraulic or power plant, transmission line, tower, dock, wharf, excavation, grading, or other improvement or structure, or any part thereof. The rate of tax is three and one-half percent through midnight on July 31, 2004, and four percent beginning on and after August 1, 2004, on all tangible personal property except motor vehicles, which shall be taxed at the rate of three percent; aircraft, which shall be taxed at the rate of two percent; and watercraft, which shall be taxed at the rate of two percent with a maximum tax of \$1,000.

For purposes of this section, the words "motor vehicle" mean any vehicle which is self-propelled and designed primarily for use upon the highways, any vehicle which is propelled by electric power obtained from trolley wires but not operated upon rails, and any vehicle designed to run upon the highways which is pulled by a self-propelled vehicle,

but shall not include any implement of husbandry, farm tractor, road construction or maintenance machinery or equipment, special mobile equipment or any vehicle designed primarily for use in work off the highway.

The tax shall be computed on the basis of such proportion of the original purchase price of such property as the duration of time of use in this Commonwealth bears to the total useful life thereof. For purposes of this section, the word "use" means use, storage, consumption and "stand-by" time occasioned by weather conditions, controversies or other causes. The tax shall be computed upon the basis of the relative time each item of equipment is in this Commonwealth rather than upon the basis of actual use. In the absence of satisfactory evidence as to the period of use intended in this Commonwealth, it will be presumed that such property will remain in this Commonwealth for the remainder of its useful life, which shall be determined in accordance with the experiences and practices of the building and construction trades.

A transaction taxed under § [58.1-604](#), [58.1-605](#), [58.1-1402](#), [58.1-1502](#), [58.1-1736](#) or [58.1-2402](#) shall not also be taxed under this section, nor shall the same transaction be taxed more than once under any section.

1988, c. 379; 2004, Sp. Sess. I, c. [3](#); 2011, cc. [405](#), [639](#).

\*This section is set out twice because the 14th enactment of Chapter 766 of the Acts of Assembly of 2013 states: "That the provisions of this act that generate additional revenue through state taxes or fees for transportation (i) throughout the Commonwealth and in Planning District 8 and Planning District 23 or (ii) in any other Planning District that becomes subject to the state taxes or fees imposed solely in Planning Districts pursuant to this act shall expire on December 31 of any year in which the General Assembly appropriates any of such additional revenues for any non-transportation-related purpose or transfers any of such additional revenues that are to be deposited into the Commonwealth Transportation Fund or any subfund thereof pursuant to general law for a non-transportation-related purpose. In the event a local government of any county or city wherein the additional taxes and fees are levied appropriates or allocates any of such additional revenues to a non-transportation purpose, such locality shall not be the direct beneficiary of any of the revenues generated by the taxes or fees in the year immediately succeeding the year in which revenues were appropriated or allocated to a non-transportation purpose."

**§58.1-604.2. Filing return; payment of tax.**

Before any property subject to the use tax is brought into this Commonwealth for use as provided in § [58.1-604.1](#), the owner, or, if the property is leased, the lessee shall register with the Tax Commissioner or the local commissioner of the revenue, if the local commissioner elects to provide such service.

After registration, the taxpayer shall file quarterly reports on forms furnished by the Tax Commissioner reporting such property brought, imported or caused to be brought into this Commonwealth during the preceding quarter together with remittance of the amount of tax due. Such reports are to be filed on or before the fifteenth of the month following the quarter in which such property was brought into this Commonwealth.

1988, c. 379; 2011, cc. [663](#), [674](#).

### **§58.1-604.3. Exemptions.**

The use tax imposed by this section shall not apply to any property brought into this Commonwealth by a resident of another state, if such state does not impose a similar use tax on Virginia contractors, nor shall the tax apply to the use in this Commonwealth of any motor vehicle, machine or machinery previously purchased at retail for use in another state and actually placed into substantial use in another state before being brought, imported or caused to be brought into this Commonwealth by the owner thereof for use in constructing or repairing its own buildings, structures or other property.

1988, c. 379.

### **§58.1-604.4. Not effective.**

Not effective.

### **§58.1-604.6. Gift transactions.**

A. For purposes of this section, a gift transaction means a retail sale resulting from an order for tangible personal property placed by any means by any person that is for delivery to a recipient, other than the purchaser, located in another state. A gift transaction does not include a business transaction between the purchaser and recipient or a transaction whereby the purchaser is contractually obligated to provide the tangible personal property to the recipient.

B. In cases involving a sale qualifying as a gift transaction, a dealer registered for the collection of the tax in the state of the recipient may, upon approval by the Tax Commissioner, elect to collect the tax imposed by the state of the recipient or the tax imposed under this chapter. If the dealer elected to collect the tax imposed by the state of the recipient, the dealer shall provide notice of such election to the Tax Department on a form

prescribed by the Tax Department which must be approved by the Tax Commissioner. In the event that the dealer is not registered for the collection of the tax in the state of the recipient, and such dealer holds a valid certificate of registration for the collection of the tax imposed under this chapter, such dealer shall collect the tax imposed under this chapter.

2005, c. [355](#).

**§58.1-605. To what extent and under what conditions cities and counties may levy local sales taxes; collection thereof by Commonwealth and return of revenue to each city or county entitled thereto.**

A. No county, city or town shall impose any local general sales or use tax or any local general retail sales or use tax except as authorized by this section or § [58.1-605.1](#).

B. The council of any city and the governing body of any county may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall be added to the rate of the state sales tax imposed by §§ [58.1-603](#) and [58.1-604](#) and shall be subject to all the provisions of this chapter and the rules and regulations published with respect thereto. No discount under § [58.1-622](#) shall be allowed on a local sales tax.

C. 1. The council of any city and the governing body of any county desiring to impose a local sales tax under this section may do so by the adoption of an ordinance stating its purpose and referring to this section, and providing that such ordinance shall be effective on the first day of a month at least 60 days after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

2. Prior to any change in the rate of any local sales and use tax, the Tax Commissioner shall provide remote sellers with at least 30 days' notice. Any change in the rate of any local sales and use tax shall only become effective on the first day of a calendar quarter. Failure to provide notice pursuant to this section shall require the Commonwealth and the locality to apply the preceding effective rate until 30 days after notification is provided.

D. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as provided for the state sales tax.

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund which is hereby created on the Comptroller's books under the name "Collections of Local Sales Taxes." Such local sales tax moneys shall be credited to the account of each particular city or county levying a local sales tax under this section. The basis of such credit shall be the city or county in which the sales were made as shown by the records of the Department and certified by it monthly to the Comptroller, namely, the city or county of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the city or county of possible use by the purchasers. If a dealer has any place of business located in more than one political subdivision by reason of the boundary line or lines passing through such place of business, the amount of sales tax paid by such a dealer with respect to such place of business shall be treated for the purposes of this section as follows: one-half shall be assignable to each political subdivision where two are involved, one-third where three are involved, and one-fourth where four are involved.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the Treasurer of Virginia in the proper amount in favor of each city or county entitled to the monthly return of its local sales tax moneys, and such payments shall be charged to the account of each such city or county under the special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers, or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payments for the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to the city or county and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. Such payments to counties are subject to the qualification that in any county wherein is situated any incorporated town constituting a special school district and operated as a separate school district under a town school board of three members appointed by the town council, the county treasurer shall pay into the town treasury for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of such town bears to the school age population of the entire county. If the school age population of any town constituting a separate school district is

increased by the annexation of territory since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

H. One-half of such payments to counties are subject to the further qualification, other than as set out in subsection G, that in any county wherein is situated any incorporated town not constituting a separate special school district that has complied with its charter provisions providing for the election of its council and mayor for a period of at least four years immediately prior to the adoption of the sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of each such town bears to the school age population of the entire county, based on the latest estimate provided by the Weldon Cooper Center for Public Service. The preceding requirement pertaining to the time interval between compliance with election provisions and adoption of the sales tax ordinance shall not apply to a tier-city. If the school age population of any such town not constituting a separate special school district is increased by the annexation of territory or otherwise since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

I. Notwithstanding the provisions of subsection H, the board of supervisors of a county may, in its discretion, appropriate funds to any incorporated town not constituting a separate school district within such county that has not complied with the provisions of its charter relating to the elections of its council and mayor, an amount not to exceed the amount it would have received from the tax imposed by this chapter if such election had been held; however, Charlotte County, Gloucester County, Halifax County, Henry County, Mecklenburg County, Northampton County, Patrick County, and Pittsylvania County may appropriate any amount to any such incorporated town.

J. It is further provided that if any incorporated town which would otherwise be eligible to receive funds from the county treasurer under subsection G or H be located in a county that does not levy a general retail sales tax under the provisions of this law, such town may levy a general retail sales tax at the rate of one percent to provide revenue for the

general fund of the town, subject to all the provisions of this section generally applicable to cities and counties. Any tax levied under the authority of this subsection shall in no case continue to be levied on or after the effective date of a county ordinance imposing a general retail sales tax in the county within which such town is located.

**§58.1-605.1. Additional local sales tax in certain localities; use of revenues for construction or renovation of schools.**

A. 1. In addition to the sales tax authorized under § [58.1-605](#), a qualifying locality may levy a general retail sales tax at a rate not to exceed one percent as determined by its governing body to provide revenue solely for capital projects for the construction or renovation of schools in each such locality. Such tax shall be added to the rates of the state and local sales tax imposed by this chapter and shall be subject to all the provisions of this chapter and the rules and regulations published with respect thereto. No discount under § [58.1-622](#) shall be allowed on this local sales tax.

2. Any tax imposed pursuant to this section shall expire (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subdivision B 1. Such expiration date shall not be more than 20 years after the date of the resolution passed pursuant to the provisions of subdivision B 1.

B. 1. This tax may be levied only if the tax is approved in a referendum within the qualifying locality held in accordance with § [24.2-684](#) and initiated by a resolution of the local governing body. Such resolution shall state (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, a specified date on which the sales tax shall expire.

2. The clerk of the circuit court shall publish notice of the referendum in a newspaper of general circulation in the qualifying locality once a week for three consecutive weeks prior to the election. The question on the ballot for the referendum shall include

language stating (i) that the revenues from the sales tax shall be used solely for capital projects for the construction or renovation of schools and (ii) the date on which the sales tax shall expire.

C. The governing body of the qualifying locality, if it elects to impose a local sales tax under this section after approval at a referendum as provided in subsection B shall do so by the adoption of an ordinance stating its purpose and referring to this section and providing that such ordinance shall be effective on the first day of a month at least 120 days after its adoption. Such ordinance shall state the date on which the sales tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

D. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same exemptions and penalties as provided for the state sales tax; however, the local sales tax levied under this section shall not be levied on food purchased for human consumption or essential personal hygiene products, as such terms are defined in § [58.1-611.1](#).

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund that is hereby created on the Comptroller's books for each qualifying locality under the name "Collections of Additional Local Sales Taxes in \_\_\_\_ (INSERT NAME OF THE QUALIFYING LOCALITY)." Each fund shall be administered as provided in § [58.1-605](#). A separate fund shall be created for each qualifying locality. Only local sales tax moneys collected in that qualifying locality shall be deposited in that locality's fund.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the State Treasurer in the proper amount in favor of each qualifying locality, and such payments shall be charged to the account of the qualifying locality under its special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payment for each of the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to each qualifying locality and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments

described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. The revenues from this tax shall be used solely for capital projects for new construction or major renovation of schools in the qualifying locality, including bond and loan financing costs related to such construction or renovation.

**§58.1-606. To what extent and under what conditions cities and counties may levy local use tax; collection thereof by Commonwealth and return of revenues to the cities and counties.**

A. The council of any city and the governing body of any county which has levied or may hereafter levy a city or county sales tax under § [58.1-605](#) may levy a city or county use tax at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall be added to the rate of the state use tax imposed by this chapter and shall be subject to all the provisions of this chapter, and all amendments thereof, and the rules and regulations published with respect thereto, except that no discount under § [58.1-622](#) shall be allowed on a local use tax.

B. The council of any city and the governing body of any county desiring to impose a local use tax under this section may do so in the manner following:

1. If the city or county has previously imposed the local sales tax authorized by § [58.1-605](#), the local use tax may be imposed by the council or governing body by the adoption of a resolution by a majority of all the members thereof, by a recorded yea and nay vote, stating its purpose and referring to this section, and providing that the local use tax shall become effective on the first day of a month at least 60 days after the adoption of the resolution. A certified copy of such resolution shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption. The resolution authorized by this paragraph may be adopted in the manner stated notwithstanding any other provision of law, including any charter provision.

2. If the city or county has not imposed the local sales tax authorized by § [58.1-605](#), the local use tax may be imposed by ordinance together with the local sales tax in the manner set out in subsections B and C of § [58.1-605](#).

C. Any local use tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as provided for the state use tax.

D. The local use tax authorized by this section shall not apply to transactions to which the sales tax applies, the situs of which for state and local sales tax purposes is the city or county of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the city or county of possible use by the purchasers. However, the local use tax authorized by this section shall apply to tangible personal property purchased without this Commonwealth for use or consumption within the city or county imposing the local use tax, or stored within the city or county for use or consumption, where the property would have been subject to the sales tax if it had been purchased within this Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal property where the place of business of the lessor is without this Commonwealth and such leases or rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state use tax applies.

E. Out-of-state dealers who hold certificates of registration to collect the use tax from their customers for remittance to this Commonwealth shall, to the extent reasonably practicable, in filing their monthly use tax returns with the Tax Commissioner, break down their shipments into this Commonwealth by cities and counties so as to show the city or county of destination. If, however, the out-of-state dealer is unable accurately to assign any shipment to a particular city or county, the local use tax on the tangible personal property involved shall be remitted to the Commonwealth by such dealer without attempting to assign the shipment to any city or county.

F. Local use tax revenue shall be distributed among the cities and counties for which it is collected, respectively, as shown by the records of the Department, and the procedure shall be the same as that prescribed for distribution of local sales tax revenue under [§ 58.1-605](#). The local use tax revenue that is not accurately assignable to a particular city or county shall be distributed monthly by the appropriate state authorities among the cities and counties in this Commonwealth imposing the local use tax upon the basis of taxable retail sales in the respective cities and counties in which the local sales and use tax was in effect in the taxable month involved, as shown by the records of the Department, and computed with respect to taxable retail sales as reflected by the amounts of the local sales tax revenue distributed among such cities and counties, respectively, in the month of distribution. Notwithstanding any other provision of this section, the Tax Commissioner shall develop a uniform method to distribute local use tax. Any significant changes to the method of local use tax distribution shall be phased in over a five-year period. Distribution information shall be shared with the affected localities prior to implementation of the changes.

G. All local use tax revenue shall be used, applied or disbursed by the cities and counties as provided in § [58.1-605](#) with respect to local sales tax revenue.

**§58.1-606.1. Additional local use tax in certain localities; use of revenues for construction or renovation of schools.**

A. 1. The governing body of a qualifying locality may levy a use tax at the rate of such sales tax under § [58.1-605.1](#) to provide revenue for capital projects for the construction or renovation of schools in such locality. Such tax shall be added to the rates of the state and local use tax imposed by this chapter and shall be subject to all the provisions of this chapter, and all amendments thereof, and the rules and regulations published with respect thereto, except that no discount under § [58.1-622](#) shall be allowed on a local use tax.

2. Any tax imposed pursuant to this section shall expire (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subsection B. Such expiration date shall not be more than 20 years after the date of the resolution passed pursuant to the provisions of subsection B.

B. The governing body of the qualifying locality, if it elects to impose a local use tax under this section may do so only if it has previously imposed the local sales tax authorized by § [58.1-605.1](#), by the adoption of an ordinance stating its purpose and referring to this section and providing that the local use tax shall become effective on the first day of a month at least 120 days after its adoption. Such ordinance shall state the date on which the use tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

C. Any local use tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same exemptions and penalties as provided for the state use tax; however, the local use tax levied under this section shall not be levied on food purchased for human consumption or essential personal hygiene products, as such terms are defined in § [58.1-611.1](#).

D. The local use tax authorized by this section shall not apply to transactions to which the sales tax applies, the situs of which for state and local sales tax purposes is the locality of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the locality of possible use by the purchasers. However, the local use tax authorized by this section shall apply to tangible personal property purchased outside the Commonwealth for use or consumption within the locality imposing the local use tax, or stored within the locality for use or consumption, where the property would have been subject to the sales tax if it had been purchased within the Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal property where the place of business of the lessor is outside the Commonwealth and such leases or rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state use tax applies.

E. Out-of-state dealers who hold certificates of registration to collect the use tax from their customers for remittance to the Commonwealth shall, to the extent reasonably practicable, in filing their monthly use tax returns with the Tax Commissioner, break down their shipments into the Commonwealth by counties and cities so as to show the county or city of destination. If, however, the out-of-state dealer is unable accurately to assign any shipment to a particular county or city, the local use tax on the tangible personal property involved shall be remitted to the Commonwealth by such dealer without attempting to assign the shipment to any county or city.

F. Local use tax revenue shall be deposited in the special fund established pursuant to subsection E of § [58.1-605.1](#). The Comptroller shall distribute the revenue to the qualifying locality.

G. All revenue from this local use tax revenue shall be used solely for capital projects for new construction or major renovation of schools in the qualifying locality, including bond and loan financing costs related to such construction or renovation.

**§58.1-607. Moving residence or business into Commonwealth.**

The use tax shall not apply to tangible personal property purchased outside this Commonwealth for use outside this Commonwealth by a then nonresident natural person or a business entity not actually doing business within this Commonwealth, who later brings such tangible personal property into this Commonwealth in connection with his establishment of a permanent residence or business in this Commonwealth, provided that such property was purchased more than six months prior to the date it was first

brought into this Commonwealth or prior to the establishment of such residence or business, whichever first occurs. This section shall not apply to tangible personal property temporarily brought into this Commonwealth for the performance of contracts for the construction, reconstruction, installation, repair, or for any other service with respect to real estate or fixtures thereon.

A. From July 1, 1993, through June 30, 2004, any organization meeting the following conditions and criteria may apply to the Department of Taxation for a refund of any taxes paid on tangible personal property pursuant to this chapter:

1. The organization is exempt from taxation under § 501(c)(3) of the Internal Revenue Code;
2. The organization is organized and operated primarily to acquire land and purchase materials to erect or rehabilitate low-cost homes on such land; and

**§58.1-608.3. Entitlement to certain sales tax revenues.**

A. As used in this section, the following words and terms have the following meanings, unless some other meaning is plainly intended:

"Bonds" means any obligations of a municipality for the payment of money.

"Cost," as applied to any public facility or to extensions or additions to any public facility, includes: (i) the purchase price of any public facility acquired by the municipality or the cost of acquiring all of the capital stock of the corporation owning the public facility and the amount to be paid to discharge any obligations in order to vest title to the public facility or any part of it in the municipality; (ii) expenses incident to determining the feasibility or practicability of the public facility; (iii) the cost of plans and specifications, surveys and estimates of costs and of revenues; (iv) the cost of all land, property, rights, easements and franchises acquired; (v) the cost of improvements, property or equipment; (vi) the cost of engineering, legal and other professional services; (vii) the cost of construction or reconstruction; (viii) the cost of all labor, materials, machinery and equipment; (ix) financing charges; (x) interest before and during construction and for up to one year after completion of construction; (xi) start-up costs and operating capital; (xii) payments by a municipality of its share of the cost of any multijurisdictional public facility; (xiii) administrative expense; (xiv) any amounts to be deposited to reserve or replacement funds; and (xv) other expenses as may be necessary or incident to the financing of the public facility. Any obligation or expense incurred by the public facility in connection with any of the foregoing items of cost may be regarded as a part of the cost.

"Municipality" means any county, city, town, authority, commission, or other public entity.

"Public facility" means (i) any auditorium, coliseum, convention center, or conference center, which is owned by a Virginia county, city, town, authority, or other public entity and where exhibits, meetings, conferences, conventions, seminars, or similar public events may be conducted; (ii) any hotel which is owned by a foundation whose sole purpose is to benefit a baccalaureate public institution of higher education in the Commonwealth and which is attached to and is an integral part of such facility, together with any lands reasonably necessary for the conduct of the operation of such events; (iii) any hotel which is attached to and is an integral part of such facility; (iv) any hotel that is adjacent to a convention center owned by a public entity and where the hotel owner enters into a public-private partnership whereby the locality contributes infrastructure, real property, or conference space; (v) a sports complex consisting of a minor league baseball stadium and related tournament, training, and parking facilities, where a municipality owns

a component of the sports complex; or (vi) any outdoor amphitheater, provided that a locality owns, wholly or partly, and contributes to financing the construction of such amphitheater. However, such public facility must be located in the City of Chesapeake, City of Fredericksburg, City of Hampton, City of Lynchburg, City of Newport News, City of Norfolk, City of Portsmouth, City of Richmond, City of Roanoke, City of Salem, City of Staunton, City of Suffolk, City of Virginia Beach, City of Winchester, or Town of Wise. Any property, real, personal, or mixed, which is necessary or desirable in connection with any such auditorium, coliseum, convention center, sports complex, or conference center, including, without limitation, facilities for food preparation and serving, parking facilities, and office space, is encompassed within this definition. However, structures commonly referred to as "shopping centers" or "malls" shall not constitute a public facility hereunder. A public facility shall not include residential condominiums, townhomes, or other residential units. In addition, only a new public facility, or a public facility which will undergo a substantial and significant renovation or expansion, shall be eligible under subsection C. A new public facility is one whose construction began after December 31, 1991. A substantial and significant renovation entails a project whose cost is at least 50 percent of the original cost of the facility being renovated and shall have begun after December 31, 1991. A substantial and significant expansion entails an increase in floor space of at least 50 percent over that existing in the preexisting facility and shall have begun after December 31, 1991; or an increase in floor space of at least 10 percent over that existing in a public facility that qualified as such under this section and was constructed after December 31, 1991.

"Sales tax revenues" means such tax collections realized under the Virginia Retail Sales and Use Tax Act (§ [58.1-600](#) et seq.), as limited herein. "Sales tax revenues" does not include the revenue generated by (i) the 0.5 percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly which shall be paid to the Commonwealth Transportation Fund established pursuant to § [33.2-1524](#), (ii) the 1.0 percent of the state sales and use tax revenue distributed among the counties and cities of the Commonwealth pursuant to subsection D of § [58.1-638](#) on the basis of school age population, or (iii) any sales and use tax revenues generated by increases or allocation changes imposed by the 2013 Session of the General Assembly.

B. Notwithstanding the definition of "public facility" in subsection A, a development project that meets the requirements for a "development of regional impact" set forth herein shall be deemed to be a public facility under the provisions of this section. The locality in which the public facility is located shall be entitled to all sales tax revenues generated by

transactions taking place at such public facility solely to pay the cost of any bonds issued to pay the cost, or portion thereof, of such public facility pursuant to subsection C. For purposes of this subsection, the development of regional impact must be located in the City of Bristol.

For purposes of this subsection, a "development of regional impact" means a development project (i) towards which the locality contributes infrastructure or real property as part of a public-private partnership with the developer that is equal to at least 20 percent of the aggregate cost of development, (ii) that is reasonably expected to require a capital investment of at least \$50 million, (iii) that is reasonably expected to generate at least \$5 million annually in state sales and use tax revenue from sales within the development, (iv) that is reasonably expected to attract at least one million visitors annually, (v) that is reasonably expected to create at least 2,000 permanent jobs, (vi) that is located in a locality that had a rate of unemployment at least three percentage points higher than the statewide average in November 2011, and (vii) that is located in a locality that is adjacent to a state that has adopted a Border Region Retail Tourism Development District Act. Within 30 days from the date of notification by a locality that it intends to contribute infrastructure or real property as part of a public-private partnership with the developer of a development of regional impact, the Department of Taxation shall review the findings of the locality with respect to clauses (i) through (vi) and shall file a written report with the Chairmen of the House Committee on Finance, the House Committee on Appropriations, and the Senate Committee on Finance and Appropriations.

C. Any municipality which has issued bonds (i) after December 31, 1991, but before January 1, 1996, (ii) on or after January 1, 1998, but before July 1, 1999, (iii) on or after January 1, 1999, but before July 1, 2001, (iv) on or after July 1, 2000, but before July 1, 2003, (v) on or after July 1, 2001, but before July 1, 2005, (vi) on or after July 1, 2004, but before July 1, 2007, (vii) on or after July 1, 2009, but before July 1, 2012, (viii) on or after January 1, 2011, but prior to July 1, 2015, or (ix) on or after January 1, 2013, but prior to July 1, 2024, to pay the cost, or portion thereof, of any public facility shall be entitled to all sales tax revenues generated by transactions taking place in such public facility. In the case of a public facility described in clause (v) of the definition of public facility, all such sales tax revenues shall be applied solely to repayment of the bonds issued to pay the cost, or portion thereof, of the municipality-owned component of the sports complex. Such entitlement shall continue for the lifetime of such bonds, or any refinancing or refunding thereof, but in no event shall such entitlement exceed 35 years from the initial date that any bonds were issued to pay the cost, or a portion thereof, of any public

facility, and all such sales tax revenues shall be applied to repayment of the bonds. The State Comptroller shall remit such sales tax revenues to the municipality on a quarterly basis, subject to such reasonable processing delays as may be required by the Department of Taxation to calculate the actual net sales tax revenues derived from the public facility. The State Comptroller shall make such remittances to eligible municipalities, as provided herein, notwithstanding any provisions to the contrary in the Virginia Retail Sales and Use Tax Act (§ [58.1-600](#) et seq.). No such remittances shall be made until construction is completed and, in the case of a renovation or expansion, until the governing body of the municipality has certified that the renovation or expansion is completed; however, in the case of any public facility consisting of more than one building or structure, such remittances shall be made on a quarterly basis beginning with the first quarter in which any sales tax revenue is generated by transactions taking place at any building or structure within such public facility, whether or not construction of all or any portion, phase, building, or structure of such public facility has been completed.

D. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the Commonwealth of Virginia, or any of its revenues, for the payment of any bonds. Any appropriation made pursuant to this section shall be made only from sales tax revenues derived from the public facility for which bonds may have been issued to pay the cost, in whole or in part, of such public facility.

17. Computer equipment purchased or leased on or before June 30, 2011, used in data centers located in a Virginia locality having an unemployment rate above 4.9 percent for the calendar quarter ending November 2007, for the processing, storage, retrieval, or communication of data, including but not limited to servers, routers, connections, and other enabling hardware when part of a new investment of at least \$75 million in such exempt property, when such investment results in the creation of at least 100 new jobs

paying at least twice the prevailing average wage in that locality, so long as such investment was made in accordance with a memorandum of understanding with the Virginia Economic Development Partnership Authority entered into or amended between January 1, 2008, and December 31, 2008. The exemption shall also apply to any such computer equipment purchased or leased to upgrade, add to, or replace computer equipment purchased or leased in the initial investment. The exemption shall not apply to any computer software sold separately from the computer equipment, nor shall it apply to general building improvements or fixtures.

18. a. Beginning July 1, 2010, and ending June 30, 2035, except as provided in subdivision 19, computer equipment or enabling software purchased or leased for the processing, storage, retrieval, or communication of data, including but not limited to servers, routers, connections, and other enabling hardware, including chillers and backup generators used or to be used in the operation of the equipment exempted in this paragraph, provided that such computer equipment or enabling software is purchased or leased for use in a data center, which includes any data center facilities located in the same locality as the data center that are under common ownership or affiliation of the data center operator, that (i) is located in a Virginia locality; (ii) results in a new capital investment on or after January 1, 2009, of at least \$150 million; and (iii) results in the creation on or after July 1, 2009, of at least 50 new jobs by the data center operator and the tenants of the data center, collectively, associated with the operation or maintenance of the data center provided that such jobs pay at least one and one-half times the prevailing average wage in that locality. The requirement of at least 50 new jobs is reduced to 10 new jobs if the data center is located in a distressed locality at the time of the execution of a memorandum of understanding with the Virginia Economic Development Partnership Authority. Additionally, the requirement of a \$150 million capital investment shall be reduced to \$70 million for data centers that qualify for the reduced jobs requirement.

This exemption applies to the data center operator and the tenants of the data center if they collectively meet the requirements listed in this section. Prior to claiming such exemption, any qualifying person claiming the exemption, including a data center operator on behalf of itself and its tenants, must enter into a memorandum of understanding with the Virginia Economic Development Partnership Authority that at a minimum provides the details for determining the amount of capital investment made and the number of new jobs created, the timeline for achieving the capital investment and new job goals, the repayment obligations should those goals not be achieved, and any conditions under which repayment by the qualifying data center or data center tenant

claiming the exemption may be required. In addition, the exemption shall apply to any such computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the initial investment. The exemption shall not apply to any other computer software otherwise taxable under Chapter 6 of Title 58.1 that is sold or leased separately from the computer equipment, nor shall it apply to general building improvements or other fixtures.

b. For purposes of this subdivision 18, "distressed locality" means:

(1) From July 1, 2021, until July 1, 2023, any locality that had (i) an annual unemployment rate for calendar year 2019 that was greater than the final statewide average unemployment rate for that calendar year and (ii) a poverty rate for calendar year 2019 that exceeded the statewide average poverty rate for that year; and

(2) From and after July 1, 2023, any locality that has (i) an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year.

c. For so long as a data center operator is claiming an exemption pursuant to this subdivision 18, such operator shall be required to submit an annual report to the Virginia Economic Development Partnership Authority on behalf of itself and, if applicable, its participating tenants that includes their employment levels, capital investments, average annual wages, qualifying expenses, and tax benefit, and such other information as the Virginia Economic Development Partnership Authority determines is relevant, pursuant to procedures developed by the Virginia Economic Development Partnership Authority. The annual report shall be submitted by the data center operator in a format prescribed by the Virginia Economic Development Partnership Authority. The Virginia Economic Development Partnership Authority shall share all information collected with the Department.

The Department, in collaboration with the Virginia Economic Development Partnership Authority, shall publish a biennial report on the exemption that shall include aggregate information on qualifying expenses claimed under this exemption, the total value of the tax benefit, a return on investment analysis that includes direct and indirect jobs created by data center investment, state and local tax revenues generated, and any other information the Department and the Virginia Economic Development Partnership Authority

deem appropriate to demonstrate the costs and benefits of the exemption. The report shall not include, and the Department and the Virginia Economic Development Partnership Authority shall not publish or disclose, any such information if it is unaggregated or if such report or publication could be used to identify a business or individual. The Department shall submit the report to the Chairmen of the Senate Committee on Finance and Appropriations and the House Committees on Appropriations and Finance. The Virginia Economic Development Partnership Authority may publish on its website and distribute annual information indicating the job creation and ranges of capital investments made by a data center operator and, if applicable, its participating tenants, in a format to be developed in consultation with data center operators.

19. a. Notwithstanding any provision of subdivision 18 to the contrary, the exemption set forth in subdivision 18 may be extended for the purchase or lease of computer equipment or enabling software by or on behalf of data center operators for use in data centers in the Commonwealth that are under common ownership or affiliation with the data center operator as set forth in this subdivision 19. For purposes of this subdivision 19, a data center operator shall be considered to own a data center if it is operated on behalf of the data center operator pursuant to a long-term lease of at least ten years.

b. To qualify for an extension pursuant to this subdivision 19, a data center operator shall enter into a memorandum of understanding with the Virginia Economic Development Partnership Authority on or after January 1, 2023, that at a minimum provides the details for determining the amount of capital investment made and the number of new jobs created; the locality or localities in which the capital investment shall be made and new jobs shall be created in order to qualify for the extension; and the timeline for making the capital investment and creating the new jobs in each specified locality. A data center operator shall only be required to enter into one memorandum of understanding pursuant to this subdivision 19 in order to qualify for the extension pursuant to both subdivisions c and d.

c. If on or after January 1, 2023, but before July 1, 2035, a data center operator that has entered into a memorandum of understanding pursuant to subdivision b (i) makes or causes to be made a capital investment of at least \$35 billion in data centers in localities identified in a memorandum of understanding and (ii) creates at least 1,000 new full-time jobs, as defined in § 59.1-284.41, at such data centers, of which at least 100 of such jobs shall pay at least one and one-half times the prevailing average wage in the Com-

monwealth, the data center operator shall be eligible to continue to utilize the exemption set forth in subdivision 18 through June 30, 2040.

d. If on or after January 1, 2023, but before July 1, 2040, a data center operator that has entered into a memorandum of understanding pursuant to subdivision b (i) makes a total capital investment of at least \$100 billion, inclusive of any investment made pursuant to subdivision c, in data centers in the localities identified in such memorandum of understanding and (ii) creates a total of at least 2,500 new full-time jobs, as defined in § 59.1-284.41, at such data centers, of which at least 100 of such jobs shall pay at least one and one-half times the prevailing average wage in the Commonwealth, inclusive of any new full-time jobs created pursuant to subdivision c, the data center operator shall be eligible to utilize the exemption set forth in subdivision 18 through June 30, 2050.

e. The extension provided in this subdivision 19 shall apply to the computer equipment or enabling software purchased or leased for use in the data centers subject to the capital investment and job requirements set forth herein, as well as to any such computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the initial investment. The extension shall also apply to any computer equipment or software purchased or leased in data centers under common ownership or affiliation with the data center operator for which the data center operator entered into a memorandum of understanding with the Virginia Economic Development Partnership Authority to qualify for the exemption set forth in subdivision 18.

f. The reporting requirements set forth in subdivision 18 shall continue to apply to a data center operator for the duration of any extension granted pursuant to this subdivision 19.

#### **§58.1-609.11. Exemptions for nonprofit entities.**

A. For purposes of this section, "nonprofit organization" or "nonprofit entity" means an entity that meets the requirements of subsection D. "Nonprofit organization" or "nonprofit entity" includes a single member limited liability company whose sole member is a nonprofit organization.

B. Any nonprofit organization that holds a valid certificate of exemption from the Department of Taxation, or any nonprofit church that holds a valid self-executing certificate of exemption, that exempts it from collecting or paying state and local retail sales or use taxes as of June 30, 2003, pursuant to § [58.1-609.4](#), [58.1-609.7](#), [58.1-609.8](#), [58.1-609.9](#), or [58.1-609.10](#), as such sections are in effect on June 30, 2003, shall remain exempt from the collection or payment of such taxes under the same terms and conditions as provided under such sections as such sections existed on June 30, 2003, until: (i) July 1, 2007, for such entities that were exempt under § [58.1-609.4](#); (ii) July 1, 2008, for such entities that were exempt under § [58.1-609.7](#); (iii) July 1, 2004, for the first one-half of such entities that were exempt under § [58.1-609.8](#), except churches, which will remain exempt under the same criteria and procedures in effect for churches on June 30, 2003;

(iv) July 1, 2005, for the second one-half of such entities that were exempt under § [58.1-609.8](#); and (v) July 1, 2006, for such entities that were exempt under § [58.1-609.9](#) or under § [58.1-609.10](#). At the end of the applicable period of such exemptions, to maintain or renew an exemption for the period of time set forth in subsection G, each entity must follow the procedures set forth in subsection C and meet the criteria set forth in subsection D. Provided, however, that any entity that was exempt from collecting sales and use tax shall continue to be exempt from such collection, and any entity that was exempt from paying sales and use tax for the purchase of services, as of June 30, 2003, shall continue to be exempt from such payment, provided that it follows the other procedures set forth in subsection C and meets the criteria set forth in subsection D. Provided further, however, that an educational institution doing business in the Commonwealth which provides a face-to-face educational experience in American government and was exempt pursuant to subdivision 4 of § [58.1-609.4](#) from paying sales and use tax for the purchase of services, as of June 30, 2003, shall continue to be exempt from such payment, provided that it follows the other procedures set forth in subsection C and meets the criteria set forth in subsection D.

C. 1. On and after July 1, 2004, in addition to the organizations described in subsection B, and except as restricted in subdivision 2, the tax imposed by this chapter or pursuant to the authority granted in §§ [58.1-605](#) and [58.1-606](#) shall not apply to purchases of tangible personal property for use or consumption by any nonprofit entity that, pursuant to this section, (i) files an appropriate application with the Department of Taxation, (ii) meets the applicable criteria, and (iii) is issued a certificate of exemption from the Department of Taxation for the period of time covered by the certificate.

2. If the entity that is exempt under this section is exempt from federal income tax under § 501(c)(19) of the Internal Revenue Code, or has annual gross receipts of less than \$5,000 and is organized for at least one of the purposes set forth in § 501(c)(19) of the Internal Revenue Code, then the exemption under this section for such entity shall not apply to purchases of tangible personal property that are used primarily (i) for social and recreational activities for members or (ii) for providing insurance benefits to members or members' dependents.

D. To qualify for the exemption under subsection C, a nonprofit entity must meet the applicable criteria under this subsection as follows:

1. a. The entity is exempt from federal income taxation (i) under § 501(c)(3) of the Internal Revenue Code; (ii) under § 501(c)(4) of the Internal Revenue Code and is organized for a charitable purpose; or (iii) under § 501(c)(19) of the Internal Revenue Code; or  
b. The entity has annual gross receipts of less than \$5,000, and the entity is organized for at least one of the purposes set forth in § 501(c)(3) of the Internal Revenue Code, one of the charitable purposes set forth in § 501(c)(4) of the Internal Revenue Code, or one of the purposes set forth in § 501(c)(19) of the Internal Revenue Code; and
2. The entity is in compliance with all applicable state solicitation laws and, where applicable, provides appropriate verification of such compliance; and
3. The entity's annual general administrative costs, including salaries and fundraising, relative to its annual gross revenue, under generally accepted accounting principles, is not greater than 40 percent; and
4. If the entity's gross annual revenue was at least \$750,000 in the previous year, then the entity must provide a financial review performed by an independent certified public accountant. However, for any entity with gross annual revenue of at least \$1 million in the previous year, the Department may require that the entity provide a financial audit performed by an independent certified public accountant. If the Department specifically requires an entity with gross annual revenue of at least \$1 million in the previous year to provide a financial audit performed by an independent certified public accountant, then the entity shall provide such audit in order to qualify for the exemption under this section, which audit shall be in lieu of the financial review; and
5. If the entity filed a federal 990 or 990 EZ tax form, or the successor forms to such forms, with the Internal Revenue Service, then it must provide a copy of such form to the Department of Taxation; and
6. If the entity did not file a federal 990 or 990 EZ tax form, or the successor forms to such forms, with the Internal Revenue Service, then the entity must provide the following information:
  - a. A list of the Board of Directors or other responsible agents of the entity, composed of at least two individuals, with names and addresses where the individuals physically can be found; and
  - b. The location where the financial records of the entity are available for public inspection.

E. On and after July 1, 2004, in addition to the criteria set forth in subsection D, the Department of Taxation shall ask each entity for the total taxable purchases made in the preceding year, unless such records are not available through no fault of the entity. If the records are not available through no fault of the entity, then the entity must provide such information to the Department the following year. No information provided pursuant to this subsection (except the failure to provide available information) shall be a basis for the Department of Taxation to refuse to exempt an entity.

F. Any entity that is determined under subsections C, D, and E by the Department of Taxation to be exempt from paying sales and use tax shall also be exempt from collecting sales and use tax, at its election, if (i) the entity is within the same class of organization of any entity that was exempt from collecting sales and use tax on June 30, 2003, or (ii) the entity is organized exclusively to foster, sponsor, and promote physical education, athletic programs, and contests for youths in the Commonwealth.

G. The duration of each exemption granted by the Department of Taxation shall be no less than five years and no greater than seven years. During the period of such exemption, the failure of an exempt entity to maintain compliance with the applicable criteria set forth in subsection D shall constitute grounds for revocation of the exemption by the Department. At the end of the period of such exemption, to maintain or renew the exemption, each entity must provide the Department of Taxation the same information as required upon initial exemption and meet the same criteria.

H. For purposes of this section, the Department of Taxation and the Department of Agriculture and Consumer Services shall be allowed to share information when necessary to supplement the information required.

annually. When such reports have been completed for each subgroup of the sales and use tax exemptions, the Tax Commissioner shall repeat the process beginning with the subgroup of exemptions for which a report was made in 2007. No exemption shall be analyzed under the provisions of this section more frequently than once every five years, excluding the annual fiscal impact of the sales and use tax exemptions for nonprofit entities, which shall be studied each year.

B. When the Tax Commissioner investigates and analyzes the tax exemptions in § [58.1-609.10](#), the following information shall be considered and included in the report:

1. Estimate of foregone state and local revenues as a direct result of the exemption;

5. Any external statutory, constitutional, or judicial mandates supporting the exemption;
6. Other Virginia taxes to which the person, entity, property, service, or industry is subject;
7. Similar taxpayers who are not entitled to a retail sales and use tax exemption; and
8. Other criteria, facts or circumstances that may be relevant to the exemption.

C. When the Tax Commissioner investigates and analyzes the tax exemptions in § [58.1-609.11](#), he shall report on the extent to which the person, entity, property, service, or industry is exempt from the retail sales and use tax in other states, particularly states contiguous to the Commonwealth.

D. For purposes of this section, the Department of Taxation and the Department of Agriculture and Consumer Services shall be allowed to share information when necessary to supplement the information required to be reported under this section.

G. Notwithstanding the other provisions of this section, any person or entity primarily engaged in the business of furnishing and installing tangible personal property that provides electronic or physical security on real property for the use of a financial institution, shall be deemed a retailer of such personal property, including when such personal property is installed on real property not for the use of a financial institution.

The retail sale of a modular building, as defined by § [58.1-602](#), by a modular building manufacturer or modular building retailer, as defined by § [58.1-602](#), shall be subject to the tax authorized by this chapter upon sixty percent of the retail sales price. If the modular building manufacturer has paid such tax on the cost price of materials incorporated in a modular building that has been constructed for sale without installation, it may credit against the tax shown to be due on the return the amount of sales or use tax paid on the cost of materials used in fabricating such a modular building.

**§58.1-611. Credit for taxes paid in another state.**

A credit shall be granted against the taxes imposed by this chapter with respect to a person's use in this Commonwealth of tangible personal property purchased by him in another state. The amount of the credit shall be equal to the tax paid by him to another state or political subdivision thereof by reason of the imposition of a similar tax on his purchase or use of the property. The amount of the credit shall not exceed the tax imposed by this chapter.

**§58.1-611.1. Exemption for food purchased for human consumption and essential personal hygiene products.**

A. Before January 1, 2023, the tax imposed by §§ [58.1-603](#) and [58.1-604](#) on food purchased for human consumption and essential personal hygiene products shall be one and one-half percent of the gross sales price. The revenue from the tax shall be distributed as follows: (i) the revenue from the tax at the rate of one-half percent shall be distributed as provided in subsection A of § [58.1-638](#) and (ii) the revenue from the tax at the rate of one percent shall be distributed as provided in subsections B, C, and D of § [58.1-638](#).

B. On and after January 1, 2023, and except for taxes imposed pursuant to §§ [58.1-605](#) and [58.1-606](#), no tax shall be imposed under this chapter, or pursuant to any authority granted under this chapter, on food purchased for human consumption or essential personal hygiene products.

C. Beginning February 1, 2023, an amount equal to the revenue that would have been distributed pursuant to clause (ii) of subsection A shall be distributed as provided in subsections B, C, and D of § [58.1-638](#) based on the estimates of the population of cities and counties ages five to 19.

D. 1. As used in this section, "food purchased for human consumption" has the same meaning as "food" defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal regulations adopted pursuant to that Act, except it shall not include seeds and plants which produce food for human consumption. For the purpose of this section, "food purchased for human consumption" shall not include food sold by any retail establishment where the gross receipts derived from the sale of food prepared by such retail establishment for immediate consumption on or off the premises of the retail establishment constitutes more than 80 percent of the total gross receipts of that retail establishment, including but not limited to motor fuel purchases, regardless of whether such prepared food is consumed on the premises of that retail establishment. For purposes of this section, "retail establishment" means each place of business for which any "dealer," as defined in § [58.1-612](#), is required to apply for and receive a certificate of registration pursuant to § [58.1-613](#).

2. As used in this section, "essential personal hygiene products" means (i) nondurable incontinence products such as diapers, disposable undergarments, pads, and bed sheets and (ii) menstrual cups and pads, pantyliners, sanitary napkins, tampons, and other products used to absorb or contain menstrual flow. "Essential personal hygiene products" does not include any item that is otherwise exempt pursuant to this chapter.

The tax exemption shall apply to each article of school supplies with a selling price of \$20 or less, and each article of clothing or footwear with a selling price of \$100 or less. Any discount, coupon, or other credit offered either by the retailer or by a vendor of the retailer to reduce the final price to the

customer shall be taken into account in determining the selling price for purposes of this exemption.

The Department shall develop guidelines that describe the items of merchandise that qualify for the exemption and make such guidelines available, both electronically and in hard copy, no later than July 15 of each year.

**§58.1-612. Tax collectible from dealers; "dealer" defined; jurisdiction.**

A. The tax levied by §§ [58.1-603](#) and [58.1-604](#) shall be collectible from all persons that are dealers, as defined in this section, and that have sufficient contact with the Commonwealth to qualify under (i) subsections B and C or (ii) subsections B and D.

B. As used in this chapter, "dealer" includes every person that:

1. Manufactures or produces tangible personal property for sale at retail, for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth;
2. Imports or causes to be imported into this Commonwealth tangible personal property from any state or foreign country, for sale at retail, for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth;
3. Sells at retail, or that offers for sale at retail, or that has in its possession for sale at retail, or for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth, tangible personal property;
4. Has sold at retail, used, consumed, distributed, or stored for use or consumption in this Commonwealth, tangible personal property and that cannot prove that the tax levied by this chapter has been paid on the sale at retail, the use, consumption, distribution, or storage of such tangible personal property;
5. Leases or rents tangible personal property for a consideration, permitting the use or possession of such property without transferring title thereto;
6. Is the lessee or rentee of tangible personal property and that pays to the owner of such property a consideration for the use or possession of such property without acquiring title thereto;

7. As a representative, agent, or solicitor, of an out-of-state principal, solicits, receives and accepts orders from persons in this Commonwealth for future delivery and whose principal refuses to register as a dealer under § [58.1-613](#); or

8. Becomes liable to and owes this Commonwealth any amount of tax imposed by this chapter, whether it holds, or is required to hold, a certificate of registration under § [58.1-613](#).

C. A dealer shall be deemed to have sufficient activity within the Commonwealth to require registration under § [58.1-613](#) if it:

1. Maintains or has within this Commonwealth, directly or through an agent or subsidiary, an office, warehouse, or place of business of any nature;

2. Solicits business in this Commonwealth by employees, independent contractors, agents or other representatives;

3. Advertises in newspapers or other periodicals printed and published within this Commonwealth, on billboards or posters located in this Commonwealth, or through materials distributed in this Commonwealth by means other than the United States mail;

4. Makes regular deliveries of tangible personal property within this Commonwealth by means other than common carrier. A person shall be deemed to be making regular deliveries hereunder if vehicles other than those operated by a common carrier enter this Commonwealth more than 12 times during a calendar year to deliver goods sold by him;

5. Solicits business in this Commonwealth on a continuous, regular, seasonal, or systematic basis by means of advertising that is broadcast or relayed from a transmitter within this Commonwealth or distributed from a location within this Commonwealth;

6. Solicits business in this Commonwealth by mail, if the solicitations are continuous, regular, seasonal, or systematic and if the dealer benefits from any banking, financing, debt collection, or marketing activities occurring in this Commonwealth or benefits from the location in this Commonwealth of authorized installation, servicing, or repair facilities;

7. Is owned or controlled by the same interests which own or control a business located within this Commonwealth;

8. Has a franchisee or licensee operating under the same trade name in this Commonwealth if the franchisee or licensee is required to obtain a certificate of registration under § [58.1-613](#);

9. Owns tangible personal property that is for sale located in this Commonwealth, or that is rented or leased to a consumer in this Commonwealth, or offers tangible personal property, on approval, to consumers in this Commonwealth;

10. Receives more than \$100,000 in gross revenue, or other minimum amount as may be required by federal law, from retail sales in the Commonwealth in the previous or current calendar year, provided that in determining the amount of a dealer's gross revenues, the sales made by all commonly controlled persons as defined in subsection D shall be aggregated; or

11. Engages in 200 or more separate retail sales transactions, or other minimum amount as may be required by federal law, in the Commonwealth in the previous or current calendar year, provided that in determining the total number of a dealer's retail sales transactions, the sales made by all commonly controlled persons as defined in subsection D shall be aggregated.

D. A dealer is presumed to have sufficient activity within the Commonwealth to require registration under § [58.1-613](#) (unless the presumption is rebutted as provided herein) if any commonly controlled person maintains a distribution center, warehouse, fulfillment center, office, or similar location within the Commonwealth that facilitates the delivery of tangible personal property sold by the dealer to its customers. The presumption in this subsection may be rebutted by demonstrating that the activities conducted by the commonly controlled person in the Commonwealth are not significantly associated with the dealer's ability to establish or maintain a market in the Commonwealth for the dealer's sales. For purposes of this subsection, a "commonly controlled person" means any person that is a member of the same "controlled group of corporations," as defined in § 1563(a) of the Internal Revenue Code of 1954, as amended or renumbered, as the dealer or any other entity that, notwithstanding its form of organization, bears the same ownership relationship to the dealer as a corporation that is a member of the same "controlled group of corporations," as defined in § 1563(a) of the Internal Revenue Code of 1954, as amended or renumbered.

E. Notwithstanding any other provision of this section, the following shall not be considered to determine whether a person that has contracted with a commercial printer for printing in the Commonwealth is a "dealer" and whether such person has sufficient contact with the Commonwealth to be required to register under § [58.1-613](#):

1. The ownership or leasing by that person of tangible or intangible property located at the Virginia premises of the commercial printer which is used solely in connection with the printing contract with the person;
2. The sale by that person of property of any kind printed at and shipped or distributed from the Virginia premises of the commercial printer;
3. Activities in connection with the printing contract with the person performed by or on behalf of that person at the Virginia premises of the commercial printer; and
4. Activities in connection with the printing contract with the person performed by the commercial printer within Virginia for or on behalf of that person.

F. In addition to the jurisdictional standards contained in subsections C and D, nothing contained in this chapter other than in subsection E shall limit any authority that this Commonwealth may enjoy under the provisions of federal law or an opinion of the United States Supreme Court to require the collection of sales and use taxes by any dealer that regularly or systematically solicits sales within this Commonwealth. Furthermore, nothing contained in subsection C shall require any broadcaster, printer, outdoor advertising firm, advertising distributor, or publisher which broadcasts, publishes, or displays or distributes paid commercial advertising in this Commonwealth which is intended to be disseminated primarily to consumers located in this Commonwealth to report or impose any liability to pay any tax imposed under this chapter solely because such broadcaster, printer, outdoor advertising firm, advertising distributor, or publisher accepted such advertising contracts from out-of-state advertisers or sellers.

**§58.1-612.1. Tax collectible from marketplace facilitators; "marketplace facilitator" defined.**

A. As used in this chapter:

"Marketplace facilitator" means a person that contracts with a marketplace seller to facilitate, for consideration and regardless of whether such consideration is deducted as fees from transactions, the sale of such marketplace seller's products through a physical or electronic marketplace operated by such person. "Marketplace facilitator" does not include a payment processor business appointed by a merchant to handle payment transactions from various channels, such as credit cards and debit cards, and whose sole activity with respect to marketplace sales is to handle transactions between two

parties. "Marketplace facilitator" does not include a platform or forum that exclusively provides internet advertising services, including any advertisements that may list products for sale, so long as such platform or forum does not also engage directly or indirectly through one or more commonly controlled persons, as defined in subsection D of § [58.1-612](#), in the activities described in subsection C.

"Marketplace seller" means a person that is not a commonly controlled person, as defined in subsection D of § [58.1-612](#), to a marketplace facilitator and that makes sales through any physical or electronic marketplace operated by such marketplace facilitator, even if such seller would not have been required to collect and remit sales and use tax had the sale not been made through such marketplace.

B. The tax levied under this chapter shall be collectible from all persons that are marketplace facilitators that have sufficient contact with Virginia to require registration under subsection C.

C. A marketplace facilitator shall be deemed to have sufficient activity within the Commonwealth to require registration under § [58.1-613](#) if it meets at least one requirement in each of subdivisions 1, 2, and 3:

1. It engages, either directly or indirectly, through a commonly controlled person as defined in subsection D of § [58.1-612](#) in any of the following activities:

- a. Transmitting or communicating an offer or acceptance between a purchaser and a marketplace seller;
- b. Owning or operating the infrastructure, whether electronic or physical, or technology that brings purchasers and marketplace sellers together; or
- c. Providing a virtual currency that purchasers are allowed or required to use to purchase products from the marketplace seller;

2. It engages in any of the following activities with respect to a marketplace seller's products:

- a. Payment processing;
- b. Fulfillment or storage;
- c. Listing products for sale;
- d. Setting prices;
- e. Branding sales as those of the marketplace facilitator; or

f. Providing customer service or accepting or assisting with returns or exchanges; and

3. It establishes economic nexus through either of the following activities:

a. Facilitating sales in Virginia that, in the aggregate, generate more than \$100,000 in gross revenue, or other minimum amount as may be required by federal law, for such marketplace facilitator. A marketplace facilitator may exceed this threshold based on sales for either the previous or current calendar year. In determining the amount of a marketplace facilitator's gross revenues, the sales made by all commonly controlled persons, as defined in subsection D of § [58.1-612](#), shall be aggregated; or

b. Facilitating 200 or more separate retail sale transactions, or other minimum amount as may be required by federal law, in the Commonwealth in the previous or current calendar year. In determining the total number of retail sales transactions attributable to a marketplace facilitator, the sales made by all commonly controlled persons, as defined in subsection D of § [58.1-612](#), shall be aggregated.

D. 1. A marketplace facilitator shall be considered a dealer for purposes of this chapter and shall collect the tax imposed by this chapter on all transactions that it facilitates through its marketplace.

2. No marketplace seller shall collect sales and use tax on a transaction made through a marketplace facilitator's marketplace.

3. Notwithstanding the provisions of subdivisions 1 and 2, the Department shall allow for a waiver from the requirements of subdivisions 1 and 2 if a marketplace facilitator demonstrates, to the satisfaction of the Commissioner, that either (i) all of its marketplace sellers already are registered dealers under § [58.1-613](#) or (ii) the marketplace seller has sufficient nexus to require registration under § [58.1-613](#) and that collection of the tax by the marketplace facilitator for such marketplace seller would create an undue burden or hardship for either party. If such waiver is granted, the tax levied under this chapter shall be collectible from the marketplace seller. The Department shall develop guidelines that establish (a) the criteria for obtaining a waiver pursuant to this section, (b) the process and procedure for a marketplace facilitator to apply for a waiver, and (c) the process for providing notice to an affected marketplace facilitator and marketplace seller of a waiver obtained pursuant to this subdivision.

E. A marketplace facilitator shall be relieved from liability, including penalties and interest, for the incorrect collection or remittance of sales and use tax on transactions it facilitates or for which it is the seller if the error is due to reasonable reliance on (i) an

invalid exemption certificate provided by the marketplace seller or the purchaser; (ii) incorrect or insufficient information provided by the Commonwealth; or (iii) incorrect or insufficient information provided by the marketplace seller or purchaser regarding the tax classification or proper sourcing of an item or transaction, provided that the marketplace facilitator can demonstrate it made a reasonable effort to obtain accurate information from the marketplace seller or purchaser. The relief from liability afforded to the marketplace facilitator pursuant to this subsection shall not exceed the total amount of tax due from the marketplace facilitator on the incorrect transaction independent of any penalties or interest that would have otherwise applied. Any deficiency resulting from incorrect information provided by the marketplace seller or as the result of an audit shall be the liability of the marketplace seller.

F. A marketplace facilitator is the sole entity subject to audit by the Department for sales and use tax collection for all transactions facilitated by the marketplace facilitator unless (i) the marketplace facilitator can demonstrate that its failure to collect the proper tax was due to incorrect information provided by the marketplace seller or (ii) the marketplace seller is subject to a waiver granted pursuant to subdivision D 3.

G. If a marketplace facilitator lacks physical presence in the Commonwealth and has both facilitated and made direct sales into the Commonwealth, both types of sales shall be considered in determining whether it has established economic nexus.

H. When a marketplace seller that is not otherwise required to register for the collection of the tax under any of the provisions contained in subdivisions C 1 through 9 of § [58.1-612](#) makes both direct sales and sales on a marketplace facilitator's marketplace, only the marketplace seller's direct sales shall be considered in determining whether the marketplace seller is required to register for the collection of the tax under subdivision C 10 or 11 of § [58.1-612](#).

I. No class action shall be brought against a marketplace facilitator in any court of the Commonwealth on behalf of customers arising from or in any way related to an overpayment of sales and use tax collected on sales facilitated by the marketplace facilitator, regardless of whether such claim is characterized as a tax refund claim. Nothing in this subsection shall affect a customer's right to seek a refund on an individual basis.

2019, cc. [815](#), [816](#), [854](#).

**§58.1-612.2. Tax collectible from accommodations providers and intermediaries.**

A. For any retail sale of accommodations not facilitated by an accommodations intermediary, the accommodations provider shall collect the retail sales and use taxes imposed in accordance with this chapter, computed on the total charges for the accommodations, and shall remit the same to the Department and shall be liable for the same.

B. For any retail sale of accommodations facilitated by an accommodations intermediary, the accommodations intermediary shall be deemed under this chapter as a dealer making a retail sale of an accommodation. The accommodations intermediary shall collect the retail sales and use taxes imposed in accordance with this chapter, computed on the room charge, and shall remit the same to the Department and shall be liable for the same.

C. For any transaction for the retail sale of accommodations involving two or more parties that meet the definition of accommodations intermediary, nothing in this section shall prohibit such parties from making an agreement regarding which party shall be responsible for collecting and remitting the tax, so long as the party so responsible is registered as a dealer with the Department. In such event, the party agreeing to collect and remit the tax shall be the sole party liable for the tax, and the other parties to such agreement shall not be liable for such tax.

D. For any retail sale of accommodations facilitated by an accommodations intermediary, nothing herein shall relieve the accommodations provider from liability for retail sales and use taxes on any amounts charged directly to the customer by the accommodations provider that are not collected by the accommodations intermediary.

E. For any retail sale of accommodations not facilitated by an accommodations intermediary, the accommodations provider shall separately state the amount of the tax on the bill, invoice, or similar documentation and shall add the tax to the total charges charged to the transient by the accommodations provider. For any retail sale of accommodations facilitated by an accommodations intermediary, the accommodations intermediary shall separately state the amount of the tax on the bill, invoice, or similar documentation and shall add the tax to the room charge; thereafter, such tax shall be a debt from the customer to the accommodations intermediary, recoverable at law in the same manner as other debts.

**§58.1-613. Dealers' certificates of registration.**

A. Every person desiring to engage in or conduct business as a dealer in this Commonwealth shall file with the Tax Commissioner or the local commissioner of the revenue, if the local commissioner elects to provide the services authorized under this section, an application for a certificate of registration for each place of business in this Commonwealth.

B. Every application for a certificate of registration shall set forth the name under which the applicant transacts or intends to transact business, the location of his place or places of business, and such other information as the Tax Commissioner may require.

C. When the required application has been made, the Tax Commissioner shall issue to each applicant a separate certificate of registration for each place of business within this Commonwealth. A certificate of registration is not assignable and is valid only for the person in whose name it is issued and for the transaction of business at the place designated therein. It shall be at all times conspicuously displayed at the place for which issued.

D. Whenever any person fails to comply with any provision of this chapter or any rule or regulation relating thereto, the Tax Commissioner, upon hearing after giving such person 10 days' notice in writing, specifying the time and place of hearing and requiring him to show cause why his certificate of registration should not be revoked or suspended, may revoke or suspend any one or more of the certificates of registration held by such person. The notice may be personally served or served by registered mail directed to the last known address of such person.

E. Any person who engages in business as a dealer in this Commonwealth without obtaining a certificate of registration, or after a certificate of registration has been suspended or revoked, and each officer of any corporation which so engages in business shall be guilty of a Class 2 misdemeanor. Each day's continuance in business in violation of this section shall constitute a separate offense.

F. If the holder of a certificate of registration ceases to conduct his business at the place specified in his certificate, the certificate shall thereupon expire, and such holder shall inform the Tax Commissioner in writing within 30 days after he has ceased to conduct such business at such place that he has so ceased. If the holder of a certificate of registration desires to change his place of business to another place in this Commonwealth, he shall so inform the Tax Commissioner in writing and his certificate shall be revised accordingly. The holder of a certificate of registration alternatively may complete the

transactions required under this subsection with any local commissioner of the revenue electing to provide the services authorized under this section.

G. This section shall also apply to any person who engages in the business of furnishing any of the things or services taxable under this chapter. Moreover, it shall apply to any person who is liable only for the collection of the use tax.

H. At the request of a local commissioner of revenue, the Tax Commissioner shall provide, on a quarterly basis, a listing of new businesses in the locality which obtained a certificate of registration.

I. A commissioner of the revenue electing to provide the services authorized under this section shall follow the guidelines, rules, or procedures set forth by the Tax Commissioner for providing such services and shall provide the Tax Commissioner on a quarterly basis a list of each certificate of registration he has issued or revised.

**§58.1-614. (Contingent expiration date -- see note\*) Vending machine sales.**

A. Notwithstanding the provisions of §§ [58.1-603](#) and [58.1-604](#), whenever a dealer makes sales of tangible personal property through vending machines, or in any other manner making collection of the tax impractical, as determined by the Tax Commissioner, such dealer shall be required to report his wholesale purchases for sale at retail from vending machines and shall be required to remit an amount based on 5.3 percent of such wholesale purchases. However, any dealer located in any county or city for which the taxes under §§ [58.1-603.1](#) and [58.1-604.01](#) are imposed shall be required to remit an amount based on 6.0 percent of such wholesale purchases.

B. Notwithstanding the provisions of §§ [58.1-605](#) and [58.1-606](#), dealers making sales of tangible personal property through vending machines shall report and remit the one percent local sales and use tax computed as provided in subsection A.

C. The provisions of subsections A and B shall not be applicable to vending machine operators all of whose machines are under contract to nonprofit organizations. Such operators shall report only the gross receipts from machines selling items for more than 10 cents and shall be required to remit an amount based on a percentage of their remaining gross sales established by the Tax Commissioner to take into account the inclusion of sales tax.

D. Notwithstanding any other provisions in this section, when the Tax Commissioner determines that it is impractical to collect the tax in the manner provided by those sections, such dealer shall be required to remit an amount based on a percentage of gross receipts which takes into account the inclusion of the sales tax.

E. The provisions of this section shall not be applicable to any dealer who fails to maintain records satisfactory to the Tax Commissioner. A dealer making sales of tangible personal property through vending machines shall obtain a certificate of registration under § [58.1-613](#) in relevant form for each county or city in which he has machines.

**§58.1-614. (Contingent effective date -- see note\*) Vending machine sales.**

A. Notwithstanding the provisions of §§ [58.1-603](#) and [58.1-604](#), whenever a dealer makes sales of tangible personal property through vending machines, or in any other manner making collection of the tax impractical, as determined by the Tax Commissioner, such dealer shall be required to report his wholesale purchases for sale at retail from vending machines and shall be required to remit an amount based on four and one-half percent through midnight on July 31, 2004, and five percent beginning on and after August 1, 2004, of such wholesale purchases.

B. Notwithstanding the provisions of §§ [58.1-605](#) and [58.1-606](#), dealers making sales of tangible personal property through vending machines shall report and remit the one percent local sales and use tax computed as provided in subsection A of this section.

C. The provisions of subsections A and B of this section shall not be applicable to vending machine operators all of whose machines are under contract to nonprofit organizations. Such operators shall report only the gross receipts from machines selling items for more than 10 cents and shall be required to remit an amount based on a percentage of their remaining gross sales established by the Tax Commissioner to take into account the inclusion of sales tax.

D. Notwithstanding any other provisions in this section, when the Tax Commissioner determines that it is impractical to collect the tax in the manner provided by those sections, such dealer shall be required to remit an amount based on a percentage of gross receipts which takes into account the inclusion of the sales tax.

E. The provisions of this section shall not be applicable to any dealer who fails to maintain records satisfactory to the Tax Commissioner. A dealer making sales of tangible

personal property through vending machines shall obtain a certificate of registration under § [58.1-613](#) in relevant form for each county or city in which he has machines.

\*This section is set out twice because the 14th enactment of Chapter 766 of the Acts of Assembly of 2013 states: "That the provisions of this act that generate additional revenue through state taxes or fees for transportation (i) throughout the Commonwealth and in Planning District 8 and Planning District 23 or (ii) in any other Planning District that becomes subject to the state taxes or fees imposed solely in Planning Districts pursuant to this act shall expire on December 31 of any year in which the General Assembly appropriates any of such additional revenues for any non-transportation-related purpose or transfers any of such additional revenues that are to be deposited into the Commonwealth Transportation Fund or any subfund thereof pursuant to general law for a non-transportation-related purpose. In the event a local government of any county or city wherein the additional taxes and fees are levied appropriates or allocates any of such additional revenues to a non-transportation purpose, such locality shall not be the direct beneficiary of any of the revenues generated by the taxes or fees in the year immediately succeeding the year in which revenues were appropriated or allocated to a non-transportation purpose."

**§58.1-615. Returns by dealers.**

A. Every dealer required to collect or pay the sales or use tax shall, on or before the twentieth day of the month following the month in which the tax shall become effective, transmit to the Tax Commissioner a return showing the gross sales, gross proceeds, or cost price, as the case may be, arising from all transactions taxable under this chapter during the preceding calendar month, and thereafter a like return shall be prepared and transmitted to the Tax Commissioner by every dealer on or before the twentieth day of each month, for the preceding calendar month. In the case of dealers regularly keeping books and accounts on the basis of an annual period which varies 52 to 53 weeks, the Tax Commissioner may make rules and regulations for reporting consistent with such accounting period.

Notwithstanding any other provision of this chapter, a dealer may be required by the Tax Commissioner to file sales or use tax returns on an accounting period less frequent than monthly when, in the opinion of the Tax Commissioner, the administration of the taxes imposed by this chapter would be enhanced. If a dealer is required to file other than

monthly, each such return shall be due on or before the twentieth day of the month following the close of the period. Each such return shall contain all information required for monthly returns.

A sales or use tax return shall be filed by each registered dealer even though the dealer is not liable to remit to the Tax Commissioner any tax for the period covered by the return.

The Tax Commissioner shall not require that more than one sales and use tax return per month be filed with the Department by any remote seller or any software provider on behalf of such remote seller.

B. [Expired.]

C. Any return required to be filed with the Tax Commissioner under this section shall be deemed to have been filed with the Tax Commissioner on the date that such return is delivered by the dealer to the commissioner of the revenue or the treasurer for the locality in which the dealer is located and receipt is acknowledged by the commissioner of the revenue or treasurer. The commissioner of the revenue or the treasurer shall stamp such date on the return, and shall mail the return to the Tax Commissioner no later than the following business day. The commissioner of the revenue or the treasurer may collect from the dealer the cost of postage for such mailing.

D. Every dealer that elects to file a consolidated sales tax return for any taxable period and that is required to remit payment by electronic funds transfer pursuant to subsection B of § [58.1-202.1](#) beginning on and after July 1, 2010, shall file its monthly return using an electronic medium prescribed by the Tax Commissioner. A waiver of this requirement may be granted if the Tax Commissioner determines that it creates an unreasonable burden on the dealer.

Code 1950, § 58-441.20; 1966, c. 151; 1972, c. 355; 1984, c. 675; 2003, c. [1042](#); 2004, c. [567](#); 2004, Sp. Sess. I, c. 4; 2005, c. [951](#); 2006, Sp. Sess. I, c. 2; 2010, cc. [36](#), [151](#); 2013, c. [766](#); 2019, cc. [815](#), [816](#), [854](#).

**§58.1-615.1. Repealed.**

Repealed by Acts 2009, c. [781](#), as amended by Acts 2010, c. [872](#), cl. 5, and Acts 2010, c. [874](#), cl. 7, as amended by Acts 2011, c. [890](#).

**§58.1-616. Payment to accompany dealer's return.**

At the time of transmitting the return required under § [58.1-615](#), the dealer shall remit to the Tax Commissioner the amount of tax due after making appropriate adjustments for

purchases returned, repossessions, and accounts uncollectible and charged off as provided in §§ [58.1-619](#), [58.1-620](#) and [58.1-621](#). The tax imposed by this chapter shall for each period become delinquent on the twenty-first day of the succeeding month if not paid.

Code 1950, § 58-441.21; 1966, c. 151; 1972, c. 355; 1984, c. 675.

**§58.1-617. Extensions.**

The Tax Commissioner for good cause may grant an extension upon written application therefor to the end of the calendar month in which any tax return is due hereunder, or for a period not exceeding thirty days, and no interest or penalty shall be charged, assessed or collected by reason of the granting of any such extension. Where any such extension is granted beyond the end of the calendar month in which any tax return is due hereunder, interest on the tax at a rate determined in accordance with § [58.1-15](#) shall be charged.

Code 1950, § 58-441.26; 1966, c. 151; 1977, c. 396; 1984, c. 675.

**§58.1-618. Assessment based on estimate.**

A. If any dealer fails to make a return as provided by this chapter, or a return that is false or fraudulent, it shall be the duty of the Tax Commissioner to make an estimate for the taxable period of the retail sales or distributions of such dealer, or of the gross proceeds from leases of tangible personal property, or taxable services by such dealer, or the cost price of all articles of tangible personal property imported by such dealer for use or consumption in the Commonwealth, or storage by such dealer of tangible personal property to be used or consumed in the Commonwealth, and assess the tax, plus such penalties as are provided in this chapter. The Tax Commissioner shall give such dealer ten days' notice in writing requiring such dealer to appear before him with such books, records, and papers as he may require relating to the business of such dealer for such taxable period. The Tax Commissioner may require such dealer or the agents and employees of such dealer to give testimony or to answer interrogatories under oath administered by the Tax Commissioner respecting such sale, distribution, lease, use, consumption, or storage of tangible personal property, or taxable services, or the failure to make a return thereof as provided in this chapter. If any dealer fails to make any such return or refuses to permit an examination of his books, records, or papers, or to appear and answer questions within the scope of such investigation, the Tax Commissioner is hereby authorized to make the assessment based upon such information as may be available to him and to issue a memorandum of lien under § [58.1-1805](#) for the collection of any such taxes and

penalties so found to be due. The assessment so made shall be deemed prima facie correct.

B. If the dealer has imported tangible personal property and fails to produce an invoice showing the sales price of the articles, or the invoice does not reflect the true or actual sales price as defined in this chapter, then the Tax Commissioner shall ascertain, in any manner feasible, the true sales price and assess and collect the tax, with penalties, to the extent such have accrued, on the true sales price as ascertained by him. The assessment so made shall be deemed prima facie correct.

C. In the case of the lease of tangible personal property, if the consideration given or reported by the dealer, in the judgment of the Tax Commissioner, does not represent the true or actual consideration, then the Tax Commissioner is authorized to fix the same and assess and collect the tax thereon in the same manner as above provided, with penalties to the extent such have accrued. The assessment so made shall be deemed prima facie correct.

Code 1950, § 58-441.28; 1966, c. 151; 1984, c. 675; 1985, c. 221.

#### **§58.1-619. Returned goods.**

In the event purchases are returned to the dealer by the purchaser or consumer after the tax imposed by this chapter has been collected or charged to the account of the purchaser, the dealer shall be entitled to reimbursement of the amount of tax so collected or charged by him, in the manner prescribed by the Tax Commissioner. The amount of tax so reimbursed to the dealer shall not, however, include the tax paid upon any cash retained by the dealer after such return of merchandise. In case the tax has not been remitted by the dealer, the dealer may deduct the same in submitting his return. The dealer shall be issued an official credit memorandum by the Tax Commissioner equal to the net amount remitted by the dealer for such tax collected. Such memorandum shall be accepted at full face value from the dealer to whom it is issued when such dealer remits subsequent taxes under the provisions of this chapter. In case the dealer has retired from business and has filed a final return, a refund of tax may be made if the dealer can establish that the tax was not due.

Code 1950, § 58-441.22; 1966, c. 151; 1984, c. 675.

#### **§58.1-620. Repossessions.**

A dealer who has paid the tax on tangible personal property sold under a retained title, conditional sale, or similar contract, may take credit for the tax paid by him upon the

unpaid balance due him when he repossesses the property, such credit to be reflected in the same manner as the credit for returned purchases under § [58.1-619](#). When such repossessed property is resold, such sale is subject in all respects to this chapter.

Code 1950, § 58-441.23; 1966, c. 151; 1984, c. 675.

**§58.1-621. Bad debts.**

A. In any return filed under the provisions of this chapter, the dealer may credit, against the tax shown to be due on the return, the amount of sales or use tax previously returned and paid on accounts which are owed to the dealer and which have been found to be worthless within the period covered by the return. The credit, however, shall not exceed the amount of the uncollected sales price determined by treating prior payments on each debt as consisting of the same proportion of sales price, sales tax and other nontaxable charges as in the total debt originally owed to the dealer. The amount of accounts for which a credit has been taken that are thereafter in whole or in part paid to the dealer shall be included in the first return filed after such collection.

B. Notwithstanding any other provision of this section, a dealer whose volume and character of uncollectible accounts, including checks returned for insufficient funds, renders it impractical to substantiate the credit on an account-by-account basis, may, subject to the approval of the Department, utilize an alternative method of substantiating the credit.

Code 1950, § 58-441.24; 1966, c. 151; 1974, c. 202; 1984, c. 675; 2005, c. [355](#).

**§58.1-622. Discount.**

For the purpose of compensating a dealer holding a certificate of registration under § [58.1-613](#) for accounting for and remitting the tax levied by this chapter, such dealer shall be allowed the following percentages of the first three percent of the tax levied by §§ [58.1-603](#) and [58.1-604](#) and accounted for in the form of a deduction in submitting his return and paying the amount due by him if the amount due was not delinquent at the time of payment.

Monthly Taxable Sales	Percentage
\$0 to \$62,500	4%
\$62,501 to \$208,000	3%
\$208,001 and above	2%

The discount allowed by this section shall be computed according to the schedule provided, regardless of the number of certificates of registration held by a dealer.

Code 1950, § 58.441.25; 1966, c. 151; 1984, c. 675; 1986, Sp. Sess., c. 12; 1989, c. 469; 2008, c. [488](#).

**§58.1-623. Sales or leases presumed subject to tax; exemption certificates.**

A. All sales or leases are subject to the tax until the contrary is established. The burden of proving that a sale, distribution, lease, or storage of tangible personal property is not taxable is upon the dealer unless he takes from the taxpayer a certificate to the effect that the property is exempt under this chapter. However, the sale or distribution of cigarettes shall be subject to the provisions of § [58.1-623.2](#) and require a cigarette exemption certificate issued pursuant to § [58.1-623.2](#).

B. The certificate mentioned in this section shall relieve the person who takes such certificate from any liability for the payment or collection of the tax, except upon notice from the Tax Commissioner that such certificate is no longer acceptable. Such certificate shall be signed by and bear the name and address of the taxpayer; shall indicate the number of the certificate of registration, if any, issued to the taxpayer; shall indicate the general character of the tangible personal property sold, distributed, leased, or stored, or to be sold, distributed, leased, or stored under a blanket exemption certificate; and shall be substantially in such form as the Tax Commissioner may prescribe. If an exemption pertains to a nonprofit organization, other than a nonprofit church, that has qualified for a sales and use tax exemption under § [58.1-609.11](#), the exemption certificate shall be valid until the scheduled expiration date stated on the exemption certificate.

C. If a taxpayer who gives a certificate under this section makes any use of the property other than an exempt use or retention, demonstration, or display while holding the property for resale, distribution, or lease in the regular course of business, such use shall be deemed a taxable sale by the taxpayer as of the time the property or service is first used by him, and the cost of the property to him shall be deemed the sales price of such retail sale. If the sole use of the property other than retention, demonstration, or display in the regular course of business is the rental of the property while holding it for sale, distribution, or lease, the taxpayer may elect to pay the tax on the amount of the rental charged, rather than the cost of the property to him.

D. If a taxpayer gives a certificate under this section with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased, but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales or distributions from the mass of commingled goods shall be deemed to be sales or distributions of the goods so purchased until a quantity of

commingled goods equal to the quantity of purchased goods so commingled has been sold or distributed.

E. If a taxpayer fails to give the dealer at the time of purchase an exemption certificate previously issued by the Department, no interest shall be paid on a subsequent refund claim for any period prior to the date the taxpayer makes a complete refund claim with the Department. This subsection shall not apply to transactions exempted under self-executing certificates of exemption not issued to a specific taxpayer by the Department.

Code 1950, § 58-441.17; 1966, c. 151; 1984, c. 675; 1999, cc. [762](#), [776](#); 2003, cc. [757](#), [758](#); 2016, cc. [303](#), [484](#); 2017, cc. [112](#), [453](#).

**§58.1-623.01. Online access to dealers' certificate of registration numbers.**

The Department shall provide online access by registered dealers to the names and certificate of registration numbers of dealers who are currently registered for the retail sales and use tax.

2017, c. [49](#).

**§58.1-623.1. Misuse of exemption certificates; suspension of exemptions; penalties.**

A. Whenever the Tax Commissioner determines that any person has misused an exemption certificate, the Tax Commissioner, after giving such person 10-days' notice in writing specifying the time and place of hearing and requiring him to show cause why the exemption should not be suspended, may suspend the exemption held by such person. The notice may be personally served or served by registered mail directed to the last known address of such person.

B. Any person who knowingly uses or gives an exemption certificate during a period of suspension of an exemption under this section shall be guilty of a Class 1 misdemeanor.

C. It shall be the duty of any person whose exemption is suspended under the provisions of this section to notify each dealer from whom purchases or leases of tangible personal property are made, of the suspension of its exemption, and of the invalidity of any exemption certificates filed with such dealers.

D. In lieu of the suspension of a person's exemption under subsection A, the Tax Commissioner may assess a penalty of up to \$1,000 for the misuse of an exemption certificate by that person or by any other person who, with the consent or knowledge of the exemption holder, has misused the certificate. The penalty shall be assessed and collected as a part of the tax, and the person so assessed may appeal the penalty pursuant to the provisions of Article 2 (§ [58.1-1820](#) et seq.) of Chapter 18 of this title.

E. In any instance in which the Tax Commissioner determines that there has been any misuse of an exemption certificate, the person holding the exemption shall be liable for the full amount of tax, and any interest thereon, applicable to any purchase improperly made with his exemption certificate.

F. The suspension of the exemption shall require that the person pay the full amount of the tax at the time of purchase and apply for a refund of the tax so paid. No interest shall be paid on any such refund. Upon application of the person whose certificate has been suspended, the Tax Commissioner, for good cause shown, may reinstate the person's certificate; however, any such suspension period shall run for at least one year.

G. Notwithstanding § [58.1-3](#), the Tax Commissioner may report any gross misuses of exemption certificates to the Secretary of Finance and the chairmen of the money committees, for their confidential use, prior to the beginning of the following session of the General Assembly.

1989, c. 12; 1999, cc. [762](#), [776](#); 2002, c. [775](#); 2003, cc. [757](#), [758](#).

**§58.1-623.2. Cigarette exemption certificate.**

A. 1. Notwithstanding any other provision of law, all sales of cigarettes, as defined in § [58.1-1031](#), bearing Virginia revenue stamps in the Commonwealth shall be subject to the tax until the contrary is established. The burden of proving that a sale is not taxable is upon the dealer unless he takes from the taxpayer a cigarette exemption certificate issued by the Department to the taxpayer to the effect that the cigarettes are exempt under this chapter for the purposes of resale in the Commonwealth.

2. The cigarette exemption certificate mentioned in this section shall relieve the person who takes such certificate from any liability for the payment or collection of the tax on the sale of cigarettes, except upon notice from the Tax Commissioner or the taxpayer that such certificate is no longer acceptable.

3. If a taxpayer who gives a cigarette exemption certificate under this section makes any use of the property other than an exempt use or retention, demonstration, or display while holding the property for resale or distribution in the regular course of business, such use shall be deemed a taxable sale by the taxpayer as of the time the property or service is first used by him, and the cost of the property to him shall be deemed the sales price of such retail sale.

B. 1. Prior to issuing a cigarette exemption certificate under this section, the Department shall conduct a background investigation on the taxpayer for the certificate. The

Department shall not issue a cigarette exemption certificate until at least 30 days have passed from the receipt of the application, unless the taxpayer qualifies for the expedited process set forth in subdivision 3, or any other expedited process set forth in guidelines issued pursuant to subsection L. If the taxpayer does not qualify for the expedited process, the Department shall inspect each location listed in the application and verify that any location that resells cigarettes meets the requirements prescribed in subsection E.

2. A taxpayer shall be required to pay an application fee, not to exceed \$50, to the Department for a cigarette exemption certificate.

3. A taxpayer shall be eligible for an expedited process to receive a cigarette exemption certificate if the taxpayer possesses, at the time of filing an application for a cigarette exemption certificate, (i) an active license, in good standing, issued by the Department of Alcoholic Beverage Control pursuant to Title 4.1, as verified by electronic or other means by the Department, or (ii) an active tobacco products tax distributor's license, in good standing, issued by the Department pursuant to § [58.1-1021.04:1](#). The Department may identify other categories of taxpayers who qualify for an expedited process through guidelines issued pursuant to subsection L. Taxpayers that qualify for an expedited process shall not be subject to the background check or the waiting period set forth in subdivision 1, nor shall such taxpayers be required to pay the application fee set forth in subdivision 2.

4. If a taxpayer has been denied a cigarette exemption certificate, or has been issued a cigarette exemption certificate that has subsequently been suspended or revoked, the Department shall not consider an application from the taxpayer for a new cigarette exemption certificate for six months from the date of the denial, suspension, or revocation.

C. The Department shall deny an application for a cigarette exemption certificate, or suspend or revoke a cigarette exemption certificate previously issued to a taxpayer, if the Department determines that:

1. The taxpayer is a person who is not 18 years of age or older;
2. The taxpayer is a person who is physically unable to carry on the business for which the application for a cigarette exemption certificate is filed, or has been adjudicated incapacitated;
3. The taxpayer has not resided in the Commonwealth for at least one year immediately preceding the application, unless in the opinion of the Department, good cause exists for

the taxpayer to have not resided in the Commonwealth for the immediately preceding year;

4. The taxpayer has not established a physical place of business in the Commonwealth, as described in subsection E;

5. A court or administrative body having jurisdiction has found that the physical place of business occupied by the taxpayer, as described in subsection E, does not conform to the sanitation, health, construction, or equipment requirements of the governing body of the county, city, or town in which such physical place is located, or to similar requirements established pursuant to the laws of the Commonwealth;

6. The physical place of business occupied by the taxpayer, as described in subsection E, is not constructed, arranged, or illuminated so as to allow access to and reasonable observation of, any room or area in which cigarettes are to be sold;

7. The taxpayer is not an authorized representative of the business;

8. The taxpayer made a material misstatement or material omission in the application;

9. The taxpayer has defrauded, or attempted to defraud, the Department, or any federal, state, or local government or governmental agency or authority, by making or filing any report, document, or tax return required by statute or regulation that is fraudulent or contains a false representation of material fact, or the taxpayer has willfully deceived or attempted to deceive the Department, or any federal, state, or local government or governmental agency or authority, by making or maintaining business records required by statute or regulation that are false or fraudulent;

10. The Tax Commissioner has determined that the taxpayer has misused the certificate;

11. The taxpayer has knowingly and willfully allowed any individual, other than an authorized representative, to use the certificate;

12. The taxpayer has failed to comply with or has been convicted under any of the provisions of this chapter or Chapter 10 (§ [58.1-1000](#) et seq.) or any of the rules of the Department adopted or promulgated under the authority of this chapter or Chapter 10; however, no certificate shall be denied, suspended, or revoked on the basis of a failure to file a retail sales and use tax return or remit retail sales and use tax unless the taxpayer is more than 30 days delinquent in any filing or payment and has not entered into an installment agreement pursuant to § [58.1-1817](#); or

13. The taxpayer has been convicted under the laws of any state or of the United States of (i) any robbery, extortion, burglary, larceny, embezzlement, gambling, perjury, bribery, treason, racketeering, money laundering, other crime involving fraud under Chapter 6 (§ [18.2-168](#) et seq.) of Title 18.2, or crime that has the same elements of the offenses set forth in § [58.1-1017](#) or [58.1-1017.1](#), or (ii) a felony.

D. The provisions of § [58.1-623.1](#) shall apply to the suspension and revocation of exemption certificates issued pursuant to this section, mutatis mutandis.

E. A cigarette exemption certificate shall only be issued to a taxpayer who:

1. Has a physical place of business in the Commonwealth, owned or leased by him, where a substantial portion of the sales activity of the retail cigarette sales activity of the business is routinely conducted and that (i) satisfies all local zoning regulations; (ii) has sales and office space of at least 250 square feet in a permanent, enclosed building not used as a house, apartment, storage unit, garage, or other building other than a building zoned for retail business; (iii) houses all records required to be maintained pursuant to § [58.1-1007](#); (iv) is equipped with office equipment, including but not limited to, a desk, a chair, a Point of Sale System, filing space, a working telephone listed in the name of the taxpayer or his business, working utilities, including electricity and provisions for space heating, and an Internet connection and email address; (v) displays a sign and business hours and is open to the public during the listed business hours; and (vi) does not occupy the same physical place of business of any other taxpayer who has been issued a cigarette exemption certificate;

2. Possesses a copy of the (i) corporate charter and articles of incorporation in the case of a corporation, (ii) partnership agreement in the case of a partnership, or (iii) organizational registration from the Virginia State Corporation Commission in the case of an LLC; and

3. Possesses a local business license, if such local business license is required by the locality where the taxpayer's physical place of business is located.

F. A taxpayer with more than one physical place of business shall be required to complete only one application for a cigarette exemption certificate but shall list on the application every physical place of business in the Commonwealth where cigarettes are purchased, stored, or resold by the taxpayer or his affiliate. Upon approval of the application, the Department shall issue a cigarette exemption certificate to the taxpayer. The taxpayer shall be authorized to resell cigarettes only at the locations listed on the

application. No cigarette exemption certificate shall be transferrable. For purposes of this subsection, a taxpayer shall be considered to have more than one physical place of business if the taxpayer owns or leases two or more physical locations in the Commonwealth where cigarettes are purchased, stored, or resold.

G. A cigarette exemption certificate issued to a taxpayer shall bear the address of the physical place of business occupied or to be occupied by the taxpayer in conducting the business of purchasing cigarettes in the Commonwealth. In the event that a taxpayer intends to move the physical place of business listed on a certificate to a new location, he shall provide written notice to the Department at least 30 days in advance of the move. A successful inspection of the new physical place of business shall be required by the Department prior to the issuance of a new cigarette exemption certificate bearing the updated address. If the taxpayer intends to change any of the required information relating to the physical places of business contained in the application for the cigarette exemption certificate submitted pursuant to subsection F, the taxpayer shall file an amendment to the application at least 30 days in advance of such change. The certificate with the original address shall become invalid upon the issuance of the new certificate, or 30 days after notice of the move is provided to the Department, whichever occurs sooner. A taxpayer shall not be required to pay a fee to the Department for the issuance of a new cigarette exemption certificate pursuant to this subsection.

H. The privilege of a taxpayer issued a cigarette exemption certificate to purchase cigarettes shall extend to any authorized representative of such taxpayer. The taxpayer issued a cigarette exemption certificate may be held liable for any violation of this chapter, Chapter 10 (§ [58.1-1000](#) et seq.), Chapter 10.1 (§ [58.1-1031](#) et seq.), or any related Department guidelines by such authorized representative.

I. A taxpayer issued a cigarette exemption certificate shall comply with the record-keeping requirements prescribed in § [58.1-1007](#) and shall make such records available for audit and inspection as provided therein. A taxpayer issued a cigarette exemption certificate who fails to comply with such requirements shall be subject to the penalties provided in § [58.1-1007](#).

J. A cigarette exemption certificate granted by the Department shall be valid for five years from the date of issuance. At the end of the five-year period, the cigarette exemption certificate of a taxpayer who qualifies for the expedited application process set forth in subdivision B 3 shall be automatically renewed and no fee shall be required. If a taxpayer does not qualify for the expedited application process, then such taxpayer shall

apply to the Department to renew the new cigarette exemption certificate as set forth in subdivision B 1 and shall pay an application fee not to exceed \$50 as set forth in subdivision B 2; however, the 30-day waiting period set forth in subdivision B 1 shall not apply.

K. No taxpayer issued a cigarette exemption certificate shall display the certificate, or a copy thereof, in the physical place of business where a substantial portion of the retail cigarette sales activity of the business is routinely conducted.

L. The Tax Commissioner shall develop guidelines implementing the provisions of this section, including but not limited to (i) defining categories of taxpayers who qualify for the expedited process, (ii) prescribing the form of the application for the cigarette exemption certificate, (iii) prescribing the form of the application for the expedited cigarette exemption certificate, (iv) establishing procedures for suspending and revoking the cigarette exemption certificate, and (v) establishing procedures for renewing the cigarette exemption certificate. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.).

M. For the purposes of this section:

"Authorized representative" means an individual who has an ownership interest in or is a current employee of the taxpayer who possesses a valid cigarette exemption certificate pursuant to this section.

2017, cc. [112](#), [453](#).

#### **§58.1-624. Direct payment permits.**

A. Notwithstanding any other provision of this chapter, the Tax Commissioner may authorize a manufacturer, mine operator, or public service corporation that is a user, consumer, distributor, or lessee to which sales, distributions, leases, or storage of tangible personal property are made under circumstances which normally make it impossible at the time thereof to determine the manner in which such property will be used by such person, or any person who stores tangible personal property in this Commonwealth for use both within and outside this Commonwealth, to pay any tax levied by this chapter directly to this Commonwealth and waive the collection of the tax by the dealer. No such authority shall be granted or exercised except upon application to the Tax Commissioner and the issuance by the Tax Commissioner of a direct payment permit. If a direct payment permit is granted, then payment of the tax on all sales, distributions, and leases, including sales, distributions, leases, and storage of tangible personal property and sales of

taxable services for use known at the time thereof, shall be made directly to the Tax Commissioner by the permit holder.

B. On or before the twentieth day of each month every permit holder shall make and file with the Tax Commissioner a return for the preceding month in the form prescribed by the Tax Commissioner showing the total value of the tangible personal property so used, the amount of tax due from the permit holder, which amount shall be paid to the Tax Commissioner with such return, and such other information as the Tax Commissioner deems necessary. The Tax Commissioner, upon written request by the permit holder, may grant a reasonable extension of time for making and filing returns and paying the tax. Interest on such tax shall be chargeable on every such extended payment at the rate determined in accordance with § [58.1-15](#).

C. A permit granted pursuant to this section shall continue to be valid until surrendered by the holder or cancelled for cause by the Tax Commissioner.

D. Persons who hold a direct payment permit which has not been cancelled shall not be required to pay the tax to the dealer as otherwise herein provided. Such persons shall notify each dealer from whom purchases or leases of tangible personal property are made of their direct payment permit number and that the tax is being paid directly to the Tax Commissioner. Upon receipt of such notice, such dealer shall be absolved from all duties and liabilities imposed by this chapter for the collection and remittance of the tax with respect to sales, distributions, leases, or storage of tangible personal property to such permit holder. Dealers who make sales upon which the tax is not collected by reason of the provisions of this section shall maintain records in such manner that the amount involved and identity of each such purchaser may be ascertained.

E. Upon the cancellation or surrender of a direct payment permit, the provisions of this chapter, without regard to this section, shall thereafter apply to the person who previously held such permit, and such person shall promptly so notify in writing dealers from whom purchases, leases, and storage of tangible personal property are made of such cancellation or surrender. Upon receipt of such notice, the dealer shall be subject to the provisions of this chapter, without regard to this section, with respect to all sales, distributions, leases, or storage of tangible personal property thereafter made to such person.

Code 1950, § 58-441.33; 1966, c. 151; 1981, c. 95; 1984, c. 675.

**§58.1-625. Collection of tax.**

A. The tax levied by this chapter shall be paid by the dealer, but the dealer shall separately state the amount of the tax and add such tax to the sales price or charge. Thereafter, such tax shall be a debt from the purchaser, consumer, or lessee to the dealer until paid and shall be recoverable at law in the same manner as other debts. No action at law or suit in equity under this chapter may be maintained in this Commonwealth by any dealer that is not registered under § [58.1-613](#) or is delinquent in the payment of the taxes imposed under this chapter.

B. Notwithstanding any exemption from taxes which any dealer now or hereafter may enjoy under the Constitution or laws of this or any other state, or of the United States, such dealer shall collect such tax from the purchaser, consumer, or lessee and shall pay the same over to the Tax Commissioner as herein provided.

C. Any dealer collecting the sales or use tax on transactions exempt or not taxable under this chapter shall transmit to the Tax Commissioner such erroneously or illegally collected tax unless or until it can affirmatively show that the tax has since been refunded to the purchaser or credited to its account.

D. 1. Any dealer that neglects, fails, or refuses to collect such tax upon every taxable sale, distribution, lease, or storage of tangible personal property made by it, its agents, or employees shall be liable for and pay the tax itself, and such dealer shall not thereafter be entitled to sue for or recover in this Commonwealth any part of the purchase price or rental from the purchaser until such tax is paid. Moreover, any dealer that neglects, fails, or refuses to pay or collect the tax herein provided, either by itself or through its agents or employees, is guilty of a Class 1 misdemeanor.

2. Notwithstanding subdivision 1, any remote seller or marketplace facilitator that has collected an incorrect amount of sales and use tax shall be relieved from liability for such amount, including any penalty or interest, if the error is a result of the remote seller's or marketplace facilitator's reasonable reliance on information provided by the Commonwealth.

E. All sums collected by a dealer as required by this chapter shall be deemed to be held in trust for the Commonwealth.

F. Notwithstanding the foregoing provisions of this section, any dealer is authorized during the period of time set forth in § [58.1-611.2](#) not to collect the tax levied by this chapter or levied under the authority granted in §§ [58.1-605](#) and [58.1-606](#) from the purchaser, and to absorb such tax itself. A dealer electing to absorb such taxes shall be liable for

payment of such taxes to the Tax Commissioner in the same manner as it is for tax collected from a purchaser pursuant to this section.

**§58.1-626.1. Absorption of tax permitted.**

A. A dealer may absorb and assume payment of all or any part of the sales or use tax otherwise due from the purchaser, consumer, or lessee.

B. A dealer shall separately state the sales price of an item and the full amount of sales and use tax due on such item at the point of the sale or transaction, even if the dealer intends to absorb and assume the amount of tax due.

C. For each sale for which the dealer absorbs and assumes all or any part of the sales and use tax due, the dealer shall remit to the Department the full amount of tax due with the return that covers the period in which the dealer completed the sale or transaction.

**§58.1-628.1. Not effective.**

Not effective.

**§58.1-628.2. Adjustment to the rate of tax imposed under this chapter.**

If a dealer can show to the satisfaction of the Tax Commissioner that more than 85 percent of the total dollar volume of his gross taxable sales during the taxable month was from individual sales at prices of 10 cents or less each and that he was unable to adjust his prices in such manner as to prevent the economic incidence of the sales tax from falling on him, the Tax Commissioner shall determine the proper tax liability of the dealer based on that portion of the dealer's gross taxable sales that was from sales at prices of 11 cents or more.

2004, Sp. Sess. I, c. [3](#).

**§58.1-629. Sale of business.**

If any dealer liable for any tax, penalty, or interest levied hereunder sells out his business or stock of goods or quits the business, he shall make a final return and payment within fifteen days after the date of selling or quitting the business. His successors or assigns, if any, shall withhold sufficient of the purchase money to cover the amount of such taxes, penalties, and interest due and unpaid until such former owner produces a receipt from the Tax Commissioner showing that they have been paid or a certificate stating that no taxes, penalties, or interest is due. If the purchaser of a business or stock of goods fails to withhold the purchase money as above provided, he shall be personally liable for the payment of the taxes, penalties, and interest due and unpaid on account of the operation of the business by any former owner. Nothing herein shall be deemed to qualify or limit the exemption as to such a sale as is covered by subdivision 2 of § [58.1-609.10](#).

Code 1950, § 58-441.30; 1966, c. 151; 1984, c. 675; 1993, c. 310.

**§58.1-630. Bond.**

The Tax Commissioner may, when in his judgment it is necessary and advisable so to do in order to secure the collection of the tax levied by this chapter, require any person subject to such tax to file with him a bond, with such surety as the Tax Commissioner determines is necessary to secure the payment of any tax, penalty or interest due or which may become due from such person. In lieu of such bond, securities approved by the Tax Commissioner may be deposited with the State Treasurer, which securities shall be kept in the custody of the State Treasurer, and shall be sold by him, at the request of the Tax Commissioner, at public or private sale if it becomes necessary so to do in order to recover any tax, penalty or interest due the Commonwealth under this chapter. Upon any such sale, the surplus, if any, above the amounts due under this chapter shall be returned to the person who deposited the securities.

Code 1950, § 58-441.31; 1966, c. 151; 1984, c. 675.

**§58.1-631. Jeopardy assessment.**

If the Tax Commissioner is of the opinion that the collection of any tax or any amount of tax required to be collected and paid under this chapter will be jeopardized by delay, he shall make an assessment of the tax or amount of tax required to be collected and shall mail or issue a notice of such assessment to the taxpayer together with a demand for immediate payment of the tax or of the deficiency in tax declared to be in jeopardy including penalties. In the case of a tax for a current period, the Tax Commissioner may

declare the taxable period of the taxpayer immediately terminated and shall cause notice of such finding and declaration to be mailed or issued to the taxpayer together with a demand for immediate payment of the tax based on the period declared terminated and such tax shall be immediately due and payable, whether or not the time otherwise allowed by law for filing a return and paying the tax has expired. Assessments provided for in this section shall become immediately due and payable, and if any such tax, penalty or interest is not paid upon demand of the Tax Commissioner, he shall proceed to collect the same by legal process, or, in his discretion, he may require the taxpayer to file such bond as in his judgment may be sufficient to protect the interest of the Commonwealth.

Code 1950, § 58-441.32; 1966, c. 151; 1984, c. 675.

**§58.1-632. Memorandum of lien.**

The Tax Commissioner is empowered, when any tax becomes delinquent under this chapter, to issue a memorandum of lien for the collection of the tax, penalty and interest from each delinquent taxpayer. Section [58.1-1805](#) shall apply to such memorandum, except that the same may be issued as soon as the tax becomes delinquent.

Code 1950, § 58-441.36; 1966, c. 151; 1984, c. 675.

**§58.1-633. Records.**

A. Every dealer required to make a return and pay or collect any tax under this chapter shall keep and preserve suitable records of the sales, leases, or purchases, as the case may be, taxable under this chapter, and such other books of account as may be necessary to determine the amount of tax due hereunder, and such other pertinent information as may be required by the Tax Commissioner.

B. In order to aid in the administration and enforcement of the provisions of this chapter, all wholesalers and jobbers in this Commonwealth shall keep a record of all sales of tangible personal property, whether such sales be for cash or on terms of credit. Such records shall include the name and address of the purchaser, the number of the certificate of registration issued to the purchaser, the date of the purchase, the article purchased, and the price at which the article is sold to the purchaser. Any wholesaler or jobber failing to keep such records shall be guilty of a Class 1 misdemeanor. Any person who is both a retailer and a wholesaler or jobber and who fails to keep proper records showing wholesale sales and retail sales separately shall pay the tax as a retailer on both classes of his business.

C. For the purpose of enforcing the collection of the tax levied by this chapter, the Tax Commissioner is authorized to examine the books, records, and other documents of all transportation companies, agencies, firms, or persons as defined herein that conduct their business by truck, rail, water, airplane, or otherwise, in order to determine what dealers are importing or otherwise are shipping articles of tangible personal property which are liable for the tax. If such transportation company, agency, firm or person as defined herein refuses to permit such examination of its or his books, records, and other documents by the Tax Commissioner, as aforesaid, it or he shall be guilty of a Class 1 misdemeanor. The Tax Commissioner may proceed by petitioning the appropriate circuit court to require the transportation company, agency, firm, or person to show cause as to why such books, records, and other documents should not be examined pursuant to the injunction of the court, and as to why a bond should not be required with proper security in the penalty of not more than \$2,000 conditioned upon compliance with the provisions hereof for a period of not more than 1 year.

Code 1950, § 58-441.29; 1966, c. 151; 1984, c. 675.

**§58.1-634. Period of limitations.**

The taxes imposed by this chapter shall be assessed within three years from the date on which such taxes became due and payable. In the case of a false or fraudulent return with intent to evade payment of the taxes imposed by this chapter, or a failure to file a return, the taxes may be assessed, or a proceeding in court for the collection of such taxes may be begun without assessment, at any time within six years from such date. The Tax Commissioner shall not examine any person's records beyond the three-year period of limitations unless he has reasonable evidence of fraud, or reasonable cause to believe that such person was required by law to file a return and failed to do so.

Code 1950, § 58-441.38; 1966, c. 151; 1980, c. 633; 1983, c. 104; 1984, c. 675.

**§58.1-635. Failure to file return; fraudulent return; civil penalties.**

A. When any dealer fails to make any return and pay the full amount of the tax required by this chapter, there shall be imposed, in addition to other penalties provided herein, a specific penalty to be added to the tax in the amount of six percent if the failure is for not more than one month, with an additional six percent for each additional month, or fraction thereof, during which the failure continues, not to exceed 30 percent in the aggregate. In no case, however, shall the penalty be less than \$10 and such minimum penalty shall apply whether or not any tax is due for the period for which such return was required. If such failure is due to providential or other good cause shown to the

satisfaction of the Tax Commissioner, such return with or without remittance may be accepted exclusive of penalties. In the case of a false or fraudulent return where willful intent exists to defraud the Commonwealth of any tax due under this chapter, or in the case of a willful failure to file a return with the intent to defraud the Commonwealth of any such tax, a specific penalty of 50 percent of the amount of the proper tax shall be assessed. All penalties and interest imposed by this chapter shall be payable by the dealer and collectible by the Tax Commissioner in the same manner as if they were a part of the tax imposed.

B. It shall be prima facie evidence of intent to defraud the Commonwealth of any tax due under this chapter when any dealer reports its gross sales, gross proceeds or cost price, as the case may be, at 50 percent or less of the actual amount.

C. Interest at a rate determined in accordance with § [58.1-15](#), shall accrue on the tax until the same is paid, or until an assessment is made, pursuant to § [58.1-15](#), after which interest shall accrue as provided therein.

D. Notwithstanding any other provision of this section, any remote seller or marketplace facilitator that has collected an incorrect amount of sales and use tax shall be relieved from liability for such amount, including any penalty or interest, if the error is a result of the remote seller's or marketplace facilitator's reasonable reliance on information provided by the Commonwealth.

Code 1950, § 58-441.27; 1966, c. 151; 1972, c. 355; 1973, c. 269; 1975, c. 52; 1977, c. 396; 1984, c. 675; 1991, cc. 316, 331; 2013, c. [766](#); 2019, cc. [815](#), [816](#), [854](#).

**§58.1-636. Penalty for failure to file return or making false return.**

Any dealer subject to the provisions of this chapter failing or refusing to file a return herein required to be made, or failing or refusing to file a supplemental return or other data required by the Tax Commissioner, or who makes a false or fraudulent return with intent to evade the tax hereby levied, or who makes a false or fraudulent claim for refund, or who gives or knowingly receives a false or fraudulent exemption certificate, or who violates any other provision of this chapter, punishment for which is not otherwise herein provided, shall be guilty of a Class 1 misdemeanor.

Code 1950, § 58-441.39; 1966, c. 151; 1984, c. 675.

**§58.1-637. Bad checks.**

If any check tendered for any amount due under this chapter is not paid by the bank on which it is drawn and such person fails to pay the Commissioner the amount due the

Commonwealth within five days after the Commissioner has given him written notice by registered or certified mail or in person by an agent that such check was returned unpaid, the person by whom such check was tendered shall be guilty of a violation of § [18.2-182.1](#).

Code 1950, § 58-441.35; 1966, c. 151; 1984, c. 675; 1992, c. 763.

**§58.1-638. Disposition of state sales and use tax revenue.**

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Commonwealth Transportation Fund established pursuant to § [33.2-1524](#). The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are dependents living on any

federal military or naval reservation or other federal property within the school division in which the institutions or federal military or naval reservation or other federal property is located. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for members of the military services who are under 20 years of age within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for individuals receiving services in state hospitals, state training centers, or mental health facilities, persons who are confined in state or federal correctional institutions, or persons who attend the Virginia School for the Deaf and the Blind within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who attend institutions of higher education within the school division in which the student's parents or guardians legally reside. To such estimate, the Department of Education shall add the population of students with disabilities, ages two through four and 20 through 21, as provided to the Department of Education by school divisions. The revenue so apportionable and distributable is hereby appropriated to the several counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last estimate of school population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such estimate and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.

E. Beginning July 1, 2000, of the remaining sales and use tax revenue, the revenue generated by a two percent sales and use tax, up to an annual amount of \$13 million, collected from the sales of hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment, wildlife-watching equipment, and auxiliary

wildlife-watching equipment in Virginia, as estimated by the most recent U.S. Department of the Interior, Fish and Wildlife Service and U.S. Department of Commerce, Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, shall be paid into the Game Protection Fund established under § [29.1-101](#) and shall be used, in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established under § [29.1-101.01](#), is equal to or in excess of \$35 million, any portion of sales and use tax revenues that would have been transferred to the Game Protection Fund, established under § [29.1-101](#), in excess of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the balance in the Capital Improvement Fund is less than \$35 million.

F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § [58.1-638.1](#) an amount equivalent to one-half of the net revenue generated from such one-half percent increase as provided in this subdivision. The transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the net revenue generated (and collected in the succeeding month) from such one-half percent increase for the month of August 2004 and for each month thereafter.

2. Beginning July 1, 2013, of the remaining sales and use tax revenue, an amount equal to the revenue generated by a 0.125 percent sales and use tax shall be distributed to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § [58.1-638.1](#), and be used for the state's share of Standards of Quality basic aid payments.

3. For the purposes of the Comptroller making the required transfers under subdivision 1 and 2, the Tax Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each month certifying the sales and use tax revenues generated in the preceding month. Within three calendar days of receiving such certification,

the Comptroller shall make the required transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

G. (Contingent expiration date) Beginning July 1, 2020, of the remaining sales and use tax revenue, an amount equal to 20 percent of the revenue generated by a one-half percent sales and use tax, such as that paid to the Commonwealth Transportation Fund as provided in subsection A, shall be paid to the Commonwealth Transportation Fund established pursuant to § [33.2-1524](#).

The Commonwealth Transportation Fund's share of the net revenue distributable under this subsection shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

H. (Contingent expiration date)

5. The net revenues distributable under this subsection shall be computed as an estimate of the net revenue to be received by the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the appropriate funds on the last day of each month.

I. K. If errors are made in any distribution, or adjustments are otherwise necessary, the errors shall be corrected and adjustments made in the distribution for the next quarter or for subsequent quarters.

In the event the Commission takes such actions, the Authorized Control Level Event shall be deemed an indication of a hazardous financial condition which serves as sufficient grounds for the Commission to commence delinquency proceedings, and the receiver appointed in conjunction with such proceedings shall have the rights, powers and duties with respect to the licensee as are set forth in Chapter 15 or any order of liquidation, rehabilitation or conservation entered pursuant thereto. 4. Notification to a licensee by the Commission of a Corrective Order with respect to the licensee.

B. The licensee shall notify the Commission of its request for a hearing within five days after the notification by the Commission under subdivision 1, 2, 3 or 4 of subsection A. 1995, c. [789](#); 2000, c. [47](#).

**§38.2-5508. Confidentiality; prohibition on announcements; prohibition on use in rate-making.**

A. All RBC Plans and RBC Reports, to the extent the information therein is not required to be set forth in a publicly available annual statement schedule, which are filed with the Commission with respect to any domestic licensee or foreign licensee, constitute information that might be damaging to the licensee if made available to its competitors, and therefore shall be kept confidential by the Commission. This information shall not be made public nor shall it be subject to subpoena, other than by the Commission and then only for the purpose of enforcement actions taken by the Commission pursuant to this Act or any other provision of the insurance laws of this Commonwealth; however, the Commission may at its discretion disclose such confidential information to (i) a regulatory official of any state or country; (ii) the NAIC, its affiliate or its subsidiary; or (iii) a law-enforcement authority of any state or country. Any such disclosure by the Commission shall not constitute a waiver of confidentiality of such plans, reports, and information. As used in this subsection, RBC Reports and RBC Plans shall include the results or report of any examination or analysis of a licensee performed by the Commission pursuant to the provisions of this Act or by the insurance regulatory officials of another state pursuant to the provisions of a substantially similar risk-based capital statute.

B. The comparison of a licensee's Total Adjusted Capital to any of its RBC Levels is a regulatory tool which may indicate the need for possible corrective action with respect to the licensee, and is not intended as a means to rank licensees generally. Therefore, except as otherwise required under the provisions of this Act, the making, publishing, disseminating, circulating or placing before the public, or causing, directly or indirectly to be made, published, disseminated, circulated or placed before the public, in a newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio or television station, or in any other way, an advertisement, announcement or statement containing an assertion, representation or statement ranking any licensee relative to other licensees solely on the basis of comparisons between Total Adjusted Capital and RBC Levels or any component derived in the calculation of RBC Levels, by any licensee, agent, broker or other person engaged in any manner in the insurance business would be misleading and is therefore prohibited. If any materially false statement comparing a licensee's Total Adjusted Capital to its RBC Levels, or any of them, or a misleading comparison of any other amount to the licensee's RBC Levels is published in any written publication and the licensee is able to demonstrate to the Commission with substantial proof the falsity or misleading nature of such statement, as the case may be, then the licensee may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false or misleading statement.

C. RBC Instructions, RBC Reports, Adjusted RBC Reports, RBC Plans and Revised RBC Plans are intended solely for use by the Commission in monitoring the solvency of licensees and the need for possible corrective action with respect to licensees and shall not be used by the Commission for ratemaking nor considered or introduced as evidence in any rate proceeding nor used by the Commission to calculate or derive any elements of an appropriate premium level or rate of return for any line of insurance which a licensee or any affiliate is authorized to write.

1995, c. [789](#); 2000, c. [47](#); 2001, c. [519](#).

**§38.2-5509. Supplemental provisions; rules; exemption.**

[38.2-1040](#), subdivision A 7 of § [38.2-4316](#), and Chapter 15 (§ [38.2-1500](#) et seq.) and any regulations issued thereunder.

B. The Commission may adopt reasonable rules necessary for the implementation of this Act.

C. The Commission may exempt from the application of this Act any domestic property and casualty insurer which:

1. Writes direct business only in this Commonwealth;
2. Writes direct annual premiums of \$2 million or less; and
3. Assumes no reinsurance in excess of five percent of direct premium written.

D. The Commission may exempt from the application of this Act an insurer organized and operating under the laws of this Commonwealth and licensed pursuant to the provisions of Chapter 25 (§ [38.2-2500](#) et seq.).

E. The Commission may exempt from the application of this Act a domestic health organization that writes direct business only in this Commonwealth and assumes no reinsurance in excess of five percent of direct premium written, and either (i) writes direct annual premiums of two million dollars or less for comprehensive medical coverages or (ii) is licensed pursuant to Chapter 45 (§ [38.2-4500](#) et seq.) and covers less than 2,000 lives. As used in this subsection, "comprehensive medical coverages" means contracts providing basic health care services and Medicare and Medicaid risk coverages or policies providing hospital, surgical, major medical, Medicare risk and Medicaid risk coverages. Medicare supplement need not be included and premiums for administrative services shall not be included.

1995, c. [789](#); 2000, c. [47](#); 2018, c. [706](#).

#### **§38.2-5510. Foreign licensees.**

A. Any foreign licensee shall, upon the written request of the Commission, submit to the Commission an RBC Report as of the end of the calendar year just ended not later than the later of:

1. The date an RBC Report would be required to be filed by a domestic licensee under this Act; or
2. Fifteen days after the request is received by the foreign licensee.

Any foreign licensee shall, at the written request of the Commission, promptly submit to the Commission a copy of any RBC Plan that is filed with the insurance commissioner of any other state.

B. In the event of a Company Action Level Event, Regulatory Action Level Event or Authorized Control Level Event with respect to any foreign licensee as determined under the RBC statute applicable in the state of domicile of the licensee, or, if no RBC provision is in force in that state, under the provisions of this Act, if the insurance commissioner of the state of domicile of the foreign licensee fails to require the foreign licensee to file an RBC Plan in the manner specified under the RBC statute, or, if no RBC provision is in force in the state, under § [38.2-5503](#) hereof, the Commission may require the foreign licensee to file an RBC Plan with the Commission. In such event, the failure of the foreign licensee to file an RBC Plan with the Commission shall be grounds to order the licensee to cease writing new insurance business in this Commonwealth or to suspend, revoke or refuse to issue a license pursuant to § [38.2-1040](#).

C. If such county, city, town or other public corporation, board or body shall not within such time cease supplying water to, and selling water for use on, such real estate, the commission may shut off the supply of water to such real estate and for such purpose, may enter on any lands, waters and premises of such county, city, town or other public corporation, board, or body, or of any person. The water supply to or for any person, or for use on real estate of any person, shall not be shut off or stopped under the provisions of this section, if the State Health Commissioner, upon application of the local board of health or health officer of the county, city or town wherein such water is supplied or such

real estate is located, shall have found and shall certify to the authorities charged with the responsibility of ceasing to supply or sell such water, or to shut off the supply of such water, that ceasing to supply or shutting off such water supply will endanger the health of such person and the health of others in such county, city or town.

The question so submitted shall be "Do you favor the issuance of not exceeding \$..... bonds of the..... sanitation district commission (inserting the amount of bonds stated in such resolution and the name of the commission)?" Such a notice shall constitute prima facie evidence of the existence of facilities sufficient for the disposal of such sewage. The provisions of this section shall not prohibit the disposal of sewage and industrial wastes in the manner in which the same is now being disposed of, or in any other reasonable manner, by any county, city or town, no part of which constitutes a part of any district, or by any person in any such county, city or town, no part of which constitutes a part of any district.

A savings and loan association or a savings bank, or the service corporation of either, may enter into an agreement with any person or entity which is a registered broker-dealer under the applicable provisions of this chapter and under the Securities Exchange Act of 1934, for the purpose of making brokerage services available to customers of the association or savings bank. The existence of such an agreement shall not of itself be sufficient to require employees of the association, savings bank or service corporation to register as an agent under the provisions of this article, so long as the employees' activities with regard to such brokerage services are limited to the providing of clerical or ministerial services.

1984, c. 334.

H. For the purposes of registration as a broker-dealer or an investment advisor, a partnership shall be treated as the same partnership so long as two or more members of the partnership named in the application continue the business without change of location, if the partnership, within one month after a change in the partnership, files with the Commission a copy of a certificate filed in compliance with § [50-74](#).

I. The Commission shall either grant or deny each application for registration within thirty days after it is filed. However, if additional time is needed to obtain or verify information regarding the application, the Commission may extend such period as much as ninety days by giving written notice to the applicant. No more than three such extensions may be made on any one application. An extension of the initial thirty-day period, not to exceed ninety days, shall be granted upon written request of the applicant.

J. A renewal of registration shall be granted as a matter of course upon receipt of the proper application and fee together with any surety bond that the Commission may pursuant to subsection B require unless the registration was, or the renewal would be, subject to revocation under § [13.1-506](#).

#### **§13.1-506. Revocation of registration.**

The Commission may, by order entered after a hearing on notice duly served on the defendant not less than thirty days before the date of the hearing, revoke the registration of a broker-dealer, investment advisor, investment advisor representative or agent, or refuse to renew a registration if an application for renewal has been or is to be filed, if it finds that such an order is in the public interest and that such broker-dealer, investment advisor or any partner, officer or director of such broker-dealer or investment advisor, or any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling or controlled by such broker-dealer or investment advisor or that such agent or investment advisor representative:

**§13.1-507. Registration requirement; exemptions.**

Code 1950, § 13-110; 1956, c. 428; 1997, c. [279](#); 2003, c. [595](#).

**§13.1-508. Registration by notification.**

A. The following securities may be registered by notification:

1. Any security whose issuer (which, for the purposes of this subsection, shall include any predecessor by merger, consolidation or acquisition of assets) has been in

continuous operation for at least five years if there has been no default within the past three fiscal years in the payment of principal, interest or dividends on any security of the issuer with a fixed maturity or a fixed interest or dividend provision, and (where the security being registered does not have a fixed maturity or a fixed interest or dividend provision) (a) the issuer is a corporation which has assets of at least \$500,000 after deduction of depreciation and other reserves, which has a net worth of at least \$10,000, which is incorporated under the laws of this Commonwealth and which conducts a substantial portion of its business in this Commonwealth, or (b) the issuer during its past three fiscal years has had average net earnings applicable to all securities without a fixed maturity or a fixed interest or dividend provision (whether of one or more classes) outstanding at the date when the registration statement is filed (i) aggregating at least five percent of the amount of such outstanding securities as measured by their maximum public offering price or their market price on a day within 30 days of the date of filing the registration statement, whichever is higher, or their book value on a day within 90 days of the date of filing the registration statement if there is neither a readily determinable market price nor a public offering price or (ii) if no such securities are outstanding, then aggregating at least five percent of the amount of such securities then offered for sale based upon the maximum price at which such securities are to be offered for sale; and all accounting determinations required by this section shall be made in accordance with generally accepted accounting practices. Noncumulative preferred stock shall be deemed for the purposes of this subsection a security with a fixed dividend provision.

2. Any security registered for nonissuer distribution if (i) any security of the same class has ever been registered or (ii) the security being registered was originally issued pursuant to an exemption in this chapter.

B. A registration statement under this section shall state the facts showing eligibility of the securities for registration by notification, the amount and maximum offering price of the securities proposed to be offered in this Commonwealth, and a copy of any prospectus to be used in connection with the offering. It shall be accompanied by a fee of  $\frac{1}{20}$  of one percent of the maximum offering price of the securities proposed to be offered in this Commonwealth; provided that the fee shall not be less than \$100 nor more than \$250.

C. If no stop order is in effect and no proceeding for the issuance of a stop order is pending, a registration statement under this section shall automatically become effective at three o'clock in the afternoon of the second full business day after filing of the

registration statement or the last amendment thereto or at such earlier time as the Commission may determine by order, letter, telegram, or electronic means.

D. The Commission may require that a prospectus be used in connection with the offering. If the Commission requires the use of a prospectus, it shall be unlawful to sell any security registered under this section except upon delivery of a prospectus to each person to whom an offer is made. The prospectus shall contain such information specified in subsection (b) of § [13.1-510](#) as may be designated by the Commission as necessary for the protection of investors and such additional information as the Commission may require.

1956, c. 428; 1981, c. 168; 1984, c. 771; 1993, c. 179; 2003, c. [595](#).

### **§13.1-509. Registration by coordination.**

A. Any security for which a registration statement has been filed under the Securities Act of 1933 in connection with the same offering may be registered by coordination if no stop order or refusal order is in effect against such registration statement and no proceeding looking toward such an order is pending.

B. A registration statement under this section shall consist of the prospectus filed under the Securities Act of 1933 together with all amendments or supplements thereto and a statement of the amount and maximum offering price of the securities proposed to be offered in this Commonwealth. The Commission may require that it also include the articles of incorporation and bylaws, any agreements with underwriters, any indenture or any other instrument governing the issuance of the security to be registered, a specimen of the security and any other information documents filed under the Securities Act of 1933. The registration statement shall be accompanied by a fee of one-twentieth of one percent of the maximum aggregate offering price of the securities proposed to be offered in this Commonwealth; provided that the fee shall not be less than \$200 nor more than \$700, except that in the case of a unit investment trust, as that term is defined in the Investment Company Act of 1940, the fee shall not be less than \$400 nor more than \$1,000.

C. A registration statement under this section shall automatically become effective at the moment the federal registration statement becomes effective if all of the following conditions are satisfied: (i) No stop order is in effect and no proceeding for the issuance of a stop order is pending and (ii) the registration statement and all amendments other than a final amendment (hereinafter termed the "price amendment") which is limited substantially to information concerning the offering price, underwriting and selling discounts

or commissions, amount of proceeds, conversion rates, call prices, and other matters dependent upon the offering price have been on file with the Commission, or any entity designated by order or rule of the Commission, for at least three full business days. Unless the definitive information concerning price and other matters dependent thereon has been so on file with the Commission or such entity, the registrant shall promptly notify the Commission by telephone, telegram, or electronic means of the date and time when the federal registration statement became effective and the content of the federal price amendment, if any, and shall promptly file a post-effective amendment containing the information in the federal price amendment but exclusive of exhibits. Failure to receive such notification or such post-effective amendment if required shall be grounds for the entry of a stop order retroactively denying effectiveness to the registration statement, without notice or hearing, if the Commission promptly notifies the registrant by telephone, telegram, or electronic means (and promptly confirms by letter, telegram, or electronic means when it notifies by telephone) of the issuance of such an order. If the registrant proves that he complied with the requirements of this subsection as to notice and post-effective amendment, the stop order shall be void as of the time of its entry. The Commission may, by order, letter, telegram, or electronic means, accelerate the effectiveness of any registration statement and may waive any or all of the conditions specified in clause (ii) above. If the federal registration has become effective before all of such conditions have been satisfied and they are not so waived, the registration statement under this section shall automatically become effective as soon as all of such conditions have been satisfied.

(11) The dates of, parties to and general effect concisely stated of, every management or other material contract made or to be made otherwise than in the ordinary course of business if it is to be performed in whole or in part at or after the filing of the registration statement or was made within the past two years, together with a copy of every such contract; and a description of any pending litigation or proceeding to which the issuer is a party and which materially affects its business or assets (including any such litigation or proceeding known to be contemplated by governmental authorities);

(12) A copy of any prospectus, pamphlet, circular, form letter, advertisement or sales literature intended as of the effective date to be used in connection with the offering;

(15) A balance sheet of the issuer as of a date within four months prior to the filing of the registration statement; a profit and loss statement and analysis of surplus for each of the three fiscal years preceding the date of the balance sheet and for any period between the close of the last fiscal year and the date of the balance sheet, or for the period of the issuer's and any predecessor's existence if less than three years; and if any part of the proceeds of the offering is to be applied to the purchase of any business, the same financial statements which would be required if such business were the registrant;

(c) A registration statement shall state the amount of securities to be offered in this Commonwealth and shall be accompanied by a filing fee of one-tenth of one percent of the maximum aggregate offering price at which the securities are proposed to be offered in this Commonwealth; provided that the fee shall not be less than \$250 nor more than \$500.

(d) A registration statement under this section shall become effective when the Commission so orders.

(e) It shall be unlawful to sell any security registered under this section that constitutes the whole or a part of an unsold allotment or subscription by a broker-dealer as a participant in the underwriting of such securities except upon delivery to the purchaser of a prospectus. The prospectus shall contain such part of the information specified in subsection (b) as may be designated by the Commission as necessary for the protection of investors.

(f) The Commission shall have authority in its discretion to require that sales be made only pursuant to a subscription contract the form of which shall have been filed as an exhibit to the registration statement. If the Commission requires a subscription contract, it shall be unlawful to sell any security registered under this section except pursuant to

such a subscription contract duly signed by the purchaser, a copy of which shall be delivered to him.

(g) [Repealed.]

(h) If any prospectus, document or exhibit filed as provided in this section discloses that any of the securities sought to be registered by qualification, or as much as twenty-five percent of any class of the securities of the issuer to be outstanding, were or are intended to be issued for any patent right, copyright, trademark, process, formula, goodwill or other intangible assets, or for organization or promotion fees or expenses, the Commission may require that such securities shall be delivered in escrow to some satisfactory depository under an escrow agreement. The owners of such securities shall not be entitled to sell or transfer such securities or to withdraw such securities from escrow until the issuer in any period of thirty-six consecutive months earns an annual average of six percent of the public offering price times all shares of common stock then outstanding plus those to be outstanding through the exercise of warrants or options as computed under normal and customary accounting procedures or upon order of the Commission, when no circumstance is apparent which, in the opinion of the Commission, would warrant continuation of the escrow. In case of dissolution or insolvency during the time such securities are held in escrow, the owners of such securities shall not participate in the assets until after the owners of all other securities shall have been paid in full. If any securities sought to be registered by qualification are to be sold for the account of the issuer, and not by underwriters who have or at the time of offering shall have purchased such securities from the issuer, the Commission may require that the proceeds from the sale of such securities be delivered in escrow to some satisfactory depository until all or a reasonable portion of the total securities originally proposed to be offered and sold shall have been sold and paid for.

For the purposes of this section, such securities shall be deemed to have been sold and paid for at such time as the subscribers therefor deliver to, or for the benefit of, the issuer, an amount equal to the purchase price specified for such securities either in cash, a draft, check or note (other than any such instrument which is drawn without recourse) or any combination thereof.

### **§13.1-511. Effectiveness and reports.**

A registration statement filed under this article may be filed by the issuer, any other person on whose behalf the offer is to be made or by any registered broker-dealer. When

securities are registered, they may be offered and sold by the issuer, by such other person or by any registered broker-dealer, whether or not named in the registration statement. Every registration statement shall remain effective until revoked by the Commission or until terminated upon request of the registrant with the consent of the Commission. So long as a registration statement remains effective, all outstanding securities of the same class shall be considered to be registered for the purpose of any non-issuer distribution. So long as the registration statement remains effective, the Commission may require the registrant to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement. The Commission may require such information to be included in the prospectus.

**§13.1-512. Repealed.**

Repealed by Acts 2003, c. [595](#).

**§13.1-513. Stop orders.**

(a) The Commission may issue a stop order denying effectiveness to, or revoking the effectiveness of, any registration statement if it finds that such an order is in the public interest and that:

(1) The registration statement together with any amendments, or any report filed by the registrant or any other document filed in connection with the registration statement contained any statement which was, at the time and in the circumstances in which it was made, false or misleading with respect to any material fact or omitted to state any material fact required to be stated therein;

(2) The applicant or registrant or any agent, partner, officer or director of the applicant or registrant (or any person occupying a similar status or performing similar functions) or any person directly or indirectly controlling or controlled by the applicant or registrant has violated, in connection with the offering, any provision of this chapter or of any other law applicable to the offering, or any rule, order or condition lawfully imposed under this chapter;

(3) Any person specified in subdivision (2) of this subsection has failed to furnish any information lawfully requested by the Commission;

(4) The right to sell the securities which are the subject of the registration statement has been denied or revoked or is suspended under any federal act applicable to the offering (and such denial, revocation or suspension is still in effect);

(5) The issuer is insolvent, either in the sense that its liabilities exceed its assets or in the sense that it cannot meet its obligations as they mature;

(6) The issuer's business includes or probably will include activities which are forbidden by law;

(7) The offering has worked or tended to work a fraud upon investors or probably will so operate; or

(8) Where a security is to be or has been registered by notification, it is not eligible for such registration.

(b) No stop order shall be entered without reasonable notice to the applicant or registrant.

(c) In any proceeding under this section, the Commission may refrain from issuing or, after issuing, may revoke a stop order on condition that the persons against whom it is directed correct the matters complained of on which it is based.

2. Any nonissuer distribution by a registered broker-dealer and its registered agent of a security that has been outstanding in the hands of the public for the past five years, if the issuer in each of the past three fiscal years has lawfully paid dividends on its common stock aggregating at least four percent of its current market price;

6. Any offer or sale to a corporation, investment company or pension or profit-sharing trust or to a broker-dealer;

7. a. b. To the extent the Commission by rule or order permits, any sale of its securities by an issuer or any sale of securities by a registered broker-dealer and its registered agent acting on behalf of an issuer to not more than 35 persons in the Commonwealth during any period of 12 consecutive months, whether or not the issuer or any purchaser is then present in the Commonwealth, if the issuer or broker-dealer reasonably believes that all the purchasers in the Commonwealth are purchasing for investment, and if the securities have not been offered to the general public by advertisement or general solicitation. The Commission may, by rule or order, as to any security or transaction or any type of

security or transaction, withdraw or further condition this exemption, increase or decrease the number of purchasers permitted, or waive the condition relating to their investment intent. The Commission may assess and collect in connection with any filing pursuant to this exemption a nonrefundable fee not to exceed \$250.

With respect to this subdivision 7, and except to the extent the Commission by rule or order may otherwise permit, the number of security holders of an issuer or the number of purchasers from an issuer, as the case may be, shall not be deemed to include the security holders of any other corporation, partnership, limited liability company, unincorporated association or trust unless it was organized to raise capital for the issuer. Notwithstanding the provisions of subdivision 15, the merger or consolidation of corporations, partnerships, limited liability companies, unincorporated associations or other entities shall be a violation of this chapter if the surviving or new entity has more than 35 security holders or purchasers and all the securities of the parties thereto were issued under this exemption, unless all of the parties thereto have been engaged in transacting business for more than two years prior to the merger or consolidation;

8. 9. Any offer (but not a sale) of a security for which registration statements have been filed, but are not effective, under both this chapter and the Securities Act of 1933; but this exemption shall not apply while a stop order is in effect or, after notice to the issuer, while a proceeding or examination looking toward such an order is pending under either act;

10. The issuance of not more than three shares of common stock to one or more of the incorporators of a corporation and the initial transfer thereof;

12. Any offer or sale of any interest in any partnership, corporation, association or other entity created solely to provide residential housing located in the Commonwealth, provided that such offer or sale is by the issuer or by a real estate broker or real estate agent duly licensed in Virginia;

13. The Commission is authorized to create by rule a limited offering exemption, the purpose of which shall be to further the objectives of compatibility with similar exemptions from federal securities regulation and uniformity among the states; providing that such rule shall not exempt broker-dealers or agents from the registration requirements of this chapter, except in the case of an agent of the issuer who either (i) receives no sales commission directly or indirectly for offering or selling the securities or (ii) effects transactions in a security exempt from registration under the Securities Act of 1933 pursuant to rules and regulations promulgated under § 4(2) thereof. Any filing made with the Commission pursuant to any exemption created under this subdivision shall be accompanied by a \$250 fee;

14. The issuance of any security dividend, whether the corporation distributing the dividend is the issuer of the security or not, if nothing of value is given by stockholders for the distribution other than the surrender of a right to a cash dividend where the stockholder can elect to take a dividend in cash or in a security;

16. Any offer or sale of a security issued by a Virginia church if the offer and sale are only to its members and the security is offered and sold only by its members who are Virginia residents and who do not receive remuneration or compensation directly or indirectly for offering or selling the security;

17. Any offer or sale of securities issued by a professional business entity (as defined in subsection A of § [13.1-1102](#)) to a person licensed or otherwise legally authorized to render within this Commonwealth the same professional services (as defined in subsection A of § [13.1-1102](#)) rendered by the professional business entity. Notwithstanding the foregoing, nothing in this subdivision shall be deemed to provide that shares of stock, partnership or membership interests or other representations of ownership in a professional business entity are securities except to the extent otherwise provided by subsection A of this section;

18. Any offer that is communicated on the Internet, World Wide Web or similar proprietary or common carrier electronic system and that is in compliance with requirements prescribed by rule or order of the Commission;

19. To the extent the Commission by rule or order permits, any offer or sale to an accredited investor, as defined by the Commission, if the issuer reasonably believes before the sale that the accredited investor, either alone or with the accredited investor's representative, has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of the prospective investment. The Commission may assess and collect in connection with any filing pursuant to this exemption a nonrefundable fee not to exceed \$250;

20. Any transaction by a bank pursuant to an unsolicited offer or order to buy or sell any security, provided such transaction is not effected by an employee of the bank who is also an employee of a broker-dealer;

21. To the extent the Commission by rule or order permits, any security issued by an entity if:

a. The offering of the security is conducted in accordance with § 3(a)(11) of the Securities Act of 1933 and Rule 147 adopted under the Securities Act of 1933 or the U.S. Securities and Exchange Commission's Rule 147A;

b. The offer and sale of the security are made only to residents of Virginia. However, for an offering conducted in accordance with the U.S. Securities and Exchange Commission's Rule 147A, the offer may be made accessible to residents outside of Virginia provided that the sale of the security is made only to residents of Virginia;

c. The aggregate price of securities in an offering under this exemption does not exceed \$2 million, which sum the Commission, by rule or order, may increase or decrease;

d. The total consideration paid by any purchaser of securities in an offering under this exemption does not exceed \$10,000, unless the purchaser is an accredited investor as defined by Rule 501 of the U.S. Securities and Exchange Commission's Regulation D (17 C.F.R. § 230.501). The Commission, by rule or order, may increase or decrease such limit on the total consideration to be paid by any purchaser of securities in an offering under this exemption;

e. No compensation is paid to employees, agents, or other persons for the solicitation of, or based on the sale of, securities in connection with an offering of securities under this

exemption to any person who is not registered as a broker-dealer or agent, except to the extent permitted by rule or order of the Commission;

f. Neither the issuer nor any person related to the issuer is subject to disqualification as established by the Commission by rule or order; and

g. The security is sold in an offering conducted in compliance with any conditions established by rule or order of the Commission, which may include:

(1) Restrictions on the nature of the issuer;

(2) Limitations on the number and manner of offerings;

(3) Disclosures required to be provided to investors, including disclosures of risk factors related to the issuer and the offering;

(4) Requirements that all proceeds received from purchasers be placed in escrow in a depository institution located in the Commonwealth until the minimum amount of the offering is raised;

(5) Filings with the Commission of notices and other materials related to the offering;

(6) Requirements regarding the preparation and submission of the issuer's financial statements, including (i) the form and content of such statements and (ii) whether such statements are required to be audited or reviewed by an independent certified public accountant in accordance with generally accepted accounting principles; and

# Act

## §56-531. Definitions.

As used in this chapter, which may be cited as the "Small Investor-Owned Telephone Utility Act":

"Commission" means the "State Corporation Commission."

"Small investor-owned telephone utility" means any investor-owned public utility (other than a cooperative) which serves fewer than 100,000 access lines in Virginia and which owns, manages, or controls any plant or equipment or any part of a plant or equipment within the Commonwealth for the conveyance of telephone messages, either directly or indirectly, to or for the public.

1986, c. 337; 1987, c. 295; 1998, c. [64](#).

## §56-532. Tariff filings.

A. Any change in any rate, toll, charge, fee, rule, or regulation (hereafter collectively referred to as tariffs) of a small investor-owned telephone utility shall become effective thirty days after notice has been mailed to each customer unless:

1. A protest or objection is filed by the lesser of 5 percent or 150 customers subject to a small investor-owned telephone utility's tariffs; or
2. The Commission acts, on its own motion, to investigate the utility's tariffs after at least thirty days' notice by the utility to the Commission and to the public.

B. Whenever the lesser of 5 percent or 150 customers subject to a small investor-owned telephone utility's tariffs file a protest or objection to any change in any schedule of that utility's tariffs, the Commission may suspend the enforcement of any or all of the proposed tariffs for a period not exceeding 150 days from the date of the filing of those tariffs with the Commission and shall convene a hearing to determine whether the proposed tariffs are reasonable and just. At the conclusion of the hearing, the Commission may fix and order substituted tariffs as shall be just and reasonable.

C. Notice of the suspension of any proposed tariff and the scheduling of a hearing shall be given by the Commission to the small investor-owned telephone utility prior to the expiration of the thirty days' notice to the Commission and to the public as prescribed in subsection A of this section. If the proceeding has not been concluded and an order

made at the expiration of the suspension period, after notice to the Commission by the utility making the filing, the proposed tariffs shall go into effect. Where increased rates, tolls, or charges are thus made effective, the Commission shall by order:

1. Require the small investor-owned telephone utility to furnish a bond, which at the Commission's discretion may bear interest at a rate specified by the Commission, in order to refund any amounts ordered by the Commission;
2. Require the utility to keep detailed accounts of all amounts received by reason of such increase; and
3. Upon completion of the hearing and decision, order the small investor-owned telephone utility to refund the portion of such increased rates, tolls, or charges found by the Commission's decision to be unjustified.

D. The Commission may, acting on its own motion, suspend the utility's proposed tariffs. The Commission shall give notice of its intention to suspend the proposed tariffs to the small investor-owned telephone utility within thirty days' notice after the filing of these proposed tariffs.

E. The Commission is authorized to promulgate any rules necessary to implement this section.

## **§56-265.13:4. Rates and services.**

A small water or sewer utility shall be required to furnish reasonably adequate services and facilities, subject to the regulation of the Commission. The charges made by any small water or sewer utility for any service rendered shall be (i) uniform as to all persons or corporations using such service under like conditions and (ii) nondiscriminatory, reasonable and just. Every charge for service found to be otherwise shall be unlawful.

Reasonable and just charges for service within the meaning of this section shall be the

lowest charges as shall produce sufficient revenues to pay all lawful and necessary expenses incident to:

1. The operation of the system, including maintenance costs, operating charges, and interest charges on bonds or other obligations;
2. The providing for the liquidation of bonds or other evidence of indebtedness and the attraction of capital;
3. The providing of adequate funds to be used as working capital, as well as reasonable reserves and funds for making replacements, which may be escrowed and used only as working capital if the Commission so directs as a result of a proceeding conducted pursuant to § [56-265.13:6](#);
4. The providing for the payment of taxes that may be assessed against the small water or sewer utility or its property; and
5. Compensation of owners of the utility for their capital or property invested in the system, if any, and for their time and other resources expended in the operation of the system not otherwise recovered under subdivisions 1 through 4 of this section.

1986, c. 323.

**§56-265.13:5. Notice of rate changes.**

A. A small water or sewer utility shall make a copy of its current rates, charges, fees, rules and regulations available for public inspection during regular business office hours in its designated business office where bills can be paid.

B. Unless a small water or sewer utility notifies in writing all of its customers of any changes in its rates, charges, fees, rules and regulations at least forty-five days in advance of any change in any one of them, the utility shall not make any such changes. A copy of such notification shall be forwarded to the Commission at the same time as provided to the customers. The notice to the customers shall identify the nature of the change, the effective date of the change, and in the case of changes in rates, fees, and charges, shall identify the new rates, fees, and charges.

1986, c. 323; 1994, c. [313](#).

**§56-265.13:6. Public hearing on application; prohibition of multiple rate increases within any 12-month period.**

A. Upon application to the Commission by at least 25 percent of all customers affected by a rate change or by 250 affected customers, whichever number is lesser, or by the

small water or sewer utility itself, or by the Commission, upon its own motion, a hearing shall be held after at least 30 days' notice to the small water or sewer utility and to its customers. The Commission may order such improvements or changes in service, measurements, practices, acts, rates, charges, fees, and rules and regulations of such utility as are just and reasonable.

When a hearing is ordered, the Commission shall have the authority to suspend such rates, charges, fees, and rules and regulations for no more than 60 days or to declare them to be interim, or both. Interim rates, fees, and charges shall be subject to refund with interest until such time as the Commission has made its final determination in the proceeding. Upon completion of the hearing and decision, the Commission may order such public utility to refund, with interest at a rate set by the Commission, the portion of such rates, charges, or fees found not justified by its decision.

B. A small water or sewer utility shall not implement an increase in the utility's rates or charges more than once within any 12-month period. This limitation shall not prohibit applications for increases in rates or charges pursuant to § [56-245](#).

C. If the change in rates, fees, and charges results in an increase of 50 percent or greater of the small water or sewer utility's annual revenues, the small water or sewer utility shall file the financial data required by the Commission's rules under this chapter simultaneously with providing notice of such change as prescribed by subsection B of § [56-265.13:5](#), and, if a hearing is ordered, the Commission shall expedite the hearing on the change in rates, fees, and charges. The Commission shall also direct that the funds produced by the increase in rates, fees, and charges shall be held in escrow by the small water or sewer utility until the Commission has rendered its decision, at which time the funds held in escrow shall either be released to the small water or sewer utility or refunded to its customers. The Commission may, however, allow the funds held in escrow to be used as necessary to comply with environmental or health laws or regulations or to allow the small water or sewer utility to provide adequate service to its customers.

**§56-265.13:6.1. Appointment of receiver; penalty.**

A. The Commission may, either upon petition of two-thirds of the affected customers or upon petition of its staff or upon a petition of the Board of Health, appoint a receiver to operate a small water or sewer utility which is unable or unwilling to provide adequate service to its customers. The utility shall be deemed to be unable or unwilling to provide

adequate service if the Commission finds, after notice to the utility and the Department of Health and hearing, that:

1. The utility has failed to supply water or sewer service to a majority of the consumers for five days or more during the preceding three months for reasons within the control of the water and sewer utility; or
2. The Department of Health has certified that the utility has not met Department standards regarding the provision of an adequate quality and quantity of public drinking water and the Department of Health has found that the utility is unwilling to take action to meet these standards; or
3. The utility is grossly mismanaged; or
4. The utility has failed to comply with an order of the Commission to provide adequate service to the customers.

Upon appointment, the receiver shall take possession of the assets of the utility and operate them in the best interests of the customers. Control of and responsibility for the utility shall remain in the receiver until the utility can, in the best interests of customers, be returned to the original owners, transferred to new owners, or liquidated, whichever the Commission may determine to be in the public interest.

B. The provisions of §§ [8.01-583](#) through [8.01-590](#) shall apply mutatis mutandis. The receiver shall be empowered to make application to the Commission for temporary and permanent rate increases and changes in the utility's rules and regulations.

C. If the Commission determines that the utility's actions that caused it to be placed under the control and responsibility of the receiver, under this section, were due to intentional misappropriation or wrongful diversion of the assets or income of such utility or to other willful misconduct by any director, officer, or manager of the utility, it may require such director, officer, or manager to make restitution to the utility. In addition to the foregoing, any such director, officer, manager, or affiliate that commits such misappropriation or wrongful diversion or fails, neglects, or refuses to obey an order, rule, direction, or requirement of the Commission to make restitution to the utility shall be subject to a civil penalty of no more than \$500 for each offense, and each day of such conduct shall constitute a separate offense.

Small water or sewer utilities shall not be subject to Chapters 3 (§ [56-55](#) et seq.) and 4 (§ [56-76](#) et seq.) of Title 56.

B. The Commission is authorized to promulgate any rules necessary to implement this chapter.

## State and Local Government Conflict of Interests Act

### §2.2-3100. Policy; application; construction.

The General Assembly, recognizing that our system of representative government is dependent in part upon (i) citizen legislative members representing fully the public in the legislative process and (ii) its citizens maintaining the highest trust in their public officers and employees, finds and declares that the citizens are entitled to be assured that the judgment of public officers and employees will be guided by a law that defines and prohibits inappropriate conflicts and requires disclosure of economic interests. To that end and for the purpose of establishing a single body of law applicable to all state and local government officers and employees on the subject of conflict of interests, the General Assembly enacts this State and Local Government Conflict of Interests Act so that the standards of conduct for such officers and employees may be uniform throughout the Commonwealth.

The provisions of this chapter do not preclude prosecution for any violation of any criminal law of the Commonwealth, including Articles 2 (Bribery and Related Offenses, § [18.2-438](#) et seq.) and 3 (Bribery of Public Servants and Party Officials, § [18.2-446](#) et seq.) of Chapter 10 of Title 18.2, and do not constitute a defense to any prosecution for such a violation.

This chapter shall be liberally construed to accomplish its purpose.

In addition to any other powers and duties prescribed by law, the Attorney General shall have the following powers and duties within the area for which he is responsible under this section:

1. He shall advise the agencies of state government and officers and employees serving at the state level of government on appropriate procedures for complying with the requirements of this chapter. He may review any disclosure statements, without notice to the affected person, for the purpose of determining satisfactory compliance, and shall investigate matters that come to his attention reflecting possible violations of the provisions of this chapter by officers and employees serving at the state level of government;
2. If he determines that there is a reasonable basis to conclude that any officer or employee serving at the state level of government has knowingly violated any provision of this chapter, he shall designate an attorney for the Commonwealth who shall have complete and independent discretion in the prosecution of such officer or employee;
3. He shall render advisory opinions to any state officer or employee who seeks advice as to whether the facts in a particular case would constitute a violation of the provisions

of this chapter. He shall determine which opinions or portions thereof are of general interest to the public and may, from time to time, be published.

Irrespective of whether an opinion of the Attorney General has been requested and rendered, any person has the right to seek a declaratory judgment or other judicial relief as provided by law.

B. The provisions of this chapter relating to an officer or employee serving at the local level of government shall be enforced by the attorney for the Commonwealth within the political subdivision for which he is elected.

Each attorney for the Commonwealth shall be responsible for prosecuting violations by an officer or employee serving at the local level of government and, if the Attorney General designates such attorney for the Commonwealth, violations by an officer or employee serving at the state level of government. In the event the violation by an officer or employee serving at the local level of government involves more than one local jurisdiction, the Attorney General shall designate which of the attorneys for the Commonwealth of the involved local jurisdictions shall enforce the provisions of this chapter with regard to such violation.

Each attorney for the Commonwealth shall establish an appropriate written procedure for implementing the disclosure requirements of local officers and employees of his county, city or town, and for other political subdivisions, whose principal offices are located within the jurisdiction served by such attorney for the Commonwealth. The attorney for the Commonwealth shall provide a copy of this act to all local officers and employees in the jurisdiction served by such attorney who are required to file a disclosure statement pursuant to Article 5 (§ [2.2-3113](#) et seq.) of this chapter. Failure to receive a copy of the act shall not be a defense to such officers and employees if they are prosecuted for violations of the act.

Each attorney for the Commonwealth shall render advisory opinions as to whether the facts in a particular case would constitute a violation of the provisions of this chapter to the governing body and any local officer or employee in his jurisdiction and to political subdivisions other than a county, city or town, including regional political subdivisions whose principal offices are located within the jurisdiction served by such attorney for the Commonwealth. If the advisory opinion is written, then such written opinion shall be a public record and shall be released upon request. In case the opinion given by the attorney for the Commonwealth indicates that the facts would constitute a violation, the officer or employee affected thereby may request that the Attorney General review the opinion.

A conflicting opinion by the Attorney General shall act to revoke the opinion of the attorney for the Commonwealth. The Attorney General shall determine which of his reviewing opinions or portions thereof are of general interest to the public and may, from time to time, be published.

Irrespective of whether an opinion of the attorney for the Commonwealth or the Attorney General has been requested and rendered, any person has the right to seek a declaratory judgment or other judicial relief as provided by law.

## **State Government Volunteers Act**

#### **§2.2-3600. Short title; declaration of legislative intent.**

A. This chapter may be cited as the Virginia State Government Volunteers Act.

B. Since the spirit of volunteerism has long animated generations of Americans to give of their time and abilities to help others, the Commonwealth would be wise to make use of volunteers in state service wherever practically possible. Effective use of volunteers in state service, however, requires that state agencies be provided guidelines for the development of volunteer programs and the utilization of volunteers. The General Assembly intends by this chapter to assure that people of Virginia may derive optimal benefit from

volunteers, and that the time and talents of volunteers in state service may be put to their best use.

1977, c. 347, § 2.1-554; 2001, c. [844](#).

"Material donor" means any person who, without financial gain, provides funds, materials, employment, or opportunities for clients of agencies, instrumentalities, or political subdivisions of the Commonwealth;

"Occasional-service volunteer" means any person who provides a one-time or occasional voluntary service;

"Regular-service volunteer" means any person engaged in specific voluntary service activities on an ongoing or continuous basis;

enumerated in or consistent with § [2.2-3605](#). Volunteers shall, however, at all times comply with applicable work rules.

C. Every department utilizing the services of volunteers may provide volunteers with such incidental reimbursements as are consistent with the provisions of § [2.2-3605](#), including transportation costs, lodging, and subsistence, as the department deems appropriate to assist volunteers in performing their duties.

D. For the purposes of this chapter, individuals involved in emergency services and preparedness activities pursuant to the definition of "emergency services" in § [44-146.16](#) shall be considered volunteers in state and local services and shall be accordingly entitled to the benefits conferred in this chapter. #### **§2.2-3603. Responsibilities of departments.**

Each department utilizing the services of volunteers shall:

1. Take actions necessary and appropriate to develop meaningful opportunities for volunteers involved in its programs and to improve public services;
2. Develop written rules governing the recruitment, screening, training, responsibility, utilization and supervision of volunteers;
3. Take actions necessary to ensure that volunteers and paid staff understand their respective duties and responsibilities, their relationship to each other, and their respective roles in fulfilling the objectives of their department;
4. Take actions necessary and appropriate to ensure a receptive climate for citizen volunteers;
5. Provide for the recognition of volunteers who have offered exceptional service to the Commonwealth; and
6. Recognize prior volunteer service as partial fulfillment of state employment requirements for training and experience established by the Department of Human Resource Management.

The Director shall be discharged of all liability upon payment of a prize pursuant to this section.

B. Investments of prize proceeds made by the Department to fund the payment of an annuitized prize are to be held in the name of the Department or the Commonwealth and not in the name of the prize winner. The fact that no purchase is required in order to participate shall not exclude such game or contest from the provisions of this section; however, nothing in this section shall prohibit any retail establishment from using a Virginia lottery ticket to promote or further the sale of any products except those having both a federal and state excise tax placed on them. Any person convicted of a violation of this section shall be guilty of a Class 3 misdemeanor.

**§58.1-4020. Unclaimed prizes.**

A. Unclaimed prizes for a winning ticket or share shall be retained by the Director for the person entitled thereto for 180 days after the drawing in which the prize was won in the case of a drawing prize and for 180 days after the announced end of the lottery game in the case of a prize determined in any manner other than by means of a drawing. If no claim is made for the prize within the 180 days, the Director shall deem such prize forfeited by the person entitled to claim such winnings.

B. All prizes deemed forfeited pursuant to subsection A shall be paid into the Literary Fund. The Director may develop procedures, to be approved by the Auditor of Public Accounts, for estimating the cumulative total of such unclaimed prizes in any lottery game in lieu of specifically identifying unclaimed prizes where such specific identification would not be cost effective. The Director, within 60 days after the end of each 180-day retention period, shall report the total value of prizes forfeited at the end of such period to the Comptroller, who shall promptly transfer the total of such prizes to the

Literary Fund. The total value of prizes forfeited during the fiscal year shall be audited by the Auditor of Public Accounts in accordance with § [58.1-4023](#). In the case of a prize payable over time on one or more winning tickets, if one or more winning tickets is not claimed within the 180-day redemption period, the Department shall transfer the then current monetary value of such portion of the prize remaining unclaimed to the Literary Fund in accordance with procedures approved by the State Treasurer. "Current monetary value" shall be determined by the net proceeds from the sale of that portion of jackpot securities allocated to the unclaimed winner plus the amount of the initial cash payment.

C. Subsection B of this section shall not apply to prizes of \$25 or less resulting from any lottery game other than a lottery game in which a drawing determined the prize. The Board shall adopt regulations for the disposition of all such unclaimed prizes of \$25 or less not resulting from a drawing. Such disposition shall be directed in whole or in part to either the Virginia Lottery Fund or to other forms of compensation to licensed sales agents.

D. For purposes of this section, "prize" refers to a cash prize. In the case of a prize payable over time and not as a lump sum payment, "prize" means the present cash value of the prize, not the value paid over time.

E. In accordance with the provisions of the Soldiers' and Sailors' Civil Relief Act of 1940 (50 App. U.S.C.A. § 525), any person whose unclaimed prize was deemed forfeited pursuant to subsection A while he was in active military service may claim such forfeited prize by presenting his winning ticket to the Director no later than 180 days after his discharge from active military service. Within 30 days of such presentation, the Director shall verify the claim and report the verification to the Comptroller. The Comptroller shall promptly pay the verified claim first from funds available in the Unclaimed Property Trust Fund in § 3-2.00 of the general appropriations act; if such funds are insufficient, then, from any undesignated, unreserved year-end balance of the general fund. All verified claims shall be paid in accordance with the Board's rules and regulations then in effect regarding the manner of payment of prizes to the holders of winning tickets or shares.

1987, c. 531; 1989, c. 478; 1992, c. 449; 1994, c. [49](#); 1996, c. [975](#); 2014, c. [225](#).

**§58.1-4020.1. Voluntary assignment of lottery prizes or pledge as collateral for a loan; requirements for the assignees and lenders.**

A. Lottery prizes, payable in installments over a period of time, excluding prizes payable for the winner's life, may be voluntarily assigned or pledged as collateral for a loan, in whole or in part, by the person entitled to such installments, by written contract affirming

that the requirements of this section have been met and endorsed by written order of a court of competent jurisdiction after a hearing. The order shall specify the name, address and social security number or tax identification number of the assignee or lender and shall specifically describe the payments be assigned or pledged as collateral by date and gross pre-tax amount. The Department shall be given notice of any hearing held pursuant to this section and shall have the right to appear and participate in such hearing. Venue for hearings held pursuant to this section shall be in the Circuit Court of the City of Richmond.

The rate charged for any such assignment or loan shall not exceed 15 percent.

The contract shall:

1. Be signed by the assignor and the assignee or the lender and the borrower, and the assignor or borrower shall affirm the assignment or loan has been voluntarily executed.
2. Include or be accompanied by a sworn statement attesting that the assignor or borrower (i) is of sound mind and not acting under duress; (ii) has been advised in writing by the assignee or lender to seek independent legal counsel and independent financial counsel concerning the implications of the assignment or loan, including the tax consequences, and has either received such advice or knowingly waived such advice in writing; (iii) understands that he is relinquishing or limiting his rights to receive the lottery proceeds; and (iv) has received from the Virginia Lottery, in response to a written request therefor, confirmation of the assignee's or lender's registration with the Virginia Lottery in accordance with subsection E of this section.
3. Include a disclosure statement setting forth (i) the amounts assigned or loaned; (ii) the dates such amounts are payable; (iii) the purchase price paid for the assignment or loan; (iv) the rate of discount to present value, assuming daily compounding and funding on the contract date; (v) the amount of any fees associated with the assignment or loan and by whom such fees are payable; and (vi) the tax identification number of the assignee.
4. Expressly state that the assignor or borrower has three business days after signing the contract to cancel the assignment or loan.
5. Expressly state that the assignee or lender is eligible to purchase, share or receive prizes of the Virginia Lottery pursuant to §§ [58.1-4015](#), [58.1-4016](#) and subsection A of § [58.1-4019](#), and that the Virginia Lottery has complied with subsection B of § [58.1-4019](#) in that the original prizewinner is (or if deceased, was) a natural person if and to the

extent that the prize was awarded on or after the effective date pursuant to subsection B of § [58.1-4019](#).

6. Expressly state that no amounts assigned or loaned are subject to setoff pursuant to Article 21 (§ [58.1-520](#) et seq.) of Chapter 3 of this title.

B. The Commonwealth, the Virginia Lottery and any employee or representative of either shall be indemnified and held harmless upon payment of amounts due as set forth in the court order.

C. The Lottery may establish a reasonable fee to process the assignments provided for in this section and to receive, review and file the registration required by subsection E and confirm compliance with the registration requirements. The fee shall be reflective of the direct and indirect costs of processing the assignments or registrations.

D. Notwithstanding the provisions of this section, the Commonwealth and the Virginia Lottery shall not accept any assignment if either of the following has occurred:

1. Federal law provides that the right to assign lottery proceeds is deemed receipt of income in the year the lottery prize is won for all installment lottery prize winners.

"Federal law" includes statutory law, rulings of courts of competent jurisdiction, and published rulings by the Internal Revenue Service.

2. State law provides that the right to assign lottery proceeds is deemed receipt of income in the year the lottery prize is won for all installment lottery prize winners. "State law" includes statutory law, rulings of courts of competent jurisdiction, and published rulings by the Department of Taxation.

E. An assignee, prospective assignee, lender or prospective lender shall not make any representation in any written or oral communications with a lottery winner that implies that the assignee, prospective assignee, lender or prospective lender is associated with or an agent of the Virginia Lottery. Every prospective assignee or prospective lender shall register with the Virginia Lottery, prior to contracting for any assignment or loan pursuant to this section. The registration shall include (i) the assignee's or lender's standard information packet or materials given or sent to prospective assignees or borrowers, (ii) the assignee's or lender's standard form of agreement, (iii) the assignee's or lender's federal tax identification number, and (iv) where applicable, the assignee's or lender's most recent public financial statement. The Director may deny, suspend or revoke a registration for a violation of this chapter or for such other reason as the Board, by regulation, may establish.

2003, c. [924](#); 2004, c. [630](#).

**§58.1-4021. Deposit of moneys received by agents; performance of functions, etc., in connection with operation of lottery; compensation of agents.**

A. The Director shall require all lottery sales agents to deposit to the credit of the Virginia Lottery Fund in banks, designated by the State Treasurer, all moneys received by such agents from the sale of lottery tickets or shares, less any amount paid as prizes or retained as compensation to agents for the sale of the tickets or shares, and to file with the Director, or his designated agents, reports of their receipts, transactions and disbursements pertaining to the sale of lottery tickets in such form and containing such information as he may require. Such deposits and reports shall be submitted at such times and within such intervals as shall be prescribed by rule and regulation of the Department. The Director may arrange for any person, including a bank, to perform such functions, activities or services in connection with the operation of the lottery as he may deem advisable pursuant to this chapter and the rules and regulations of the Department, and such functions, activities and services shall constitute lawful functions, activities and services of the person.

B. The rules and regulations of the Department shall provide for a service charge to the licensed agent if any payor bank dishonors a check or draft tendered for deposit to the credit of the Virginia Lottery Fund by a licensed agent or for an electronic transfer of funds to the Virginia Lottery Fund from the account of a licensed agent for money received from the sale of lottery tickets.

The regulations of the Department shall provide for a service charge and penalty to a licensed agent if any payor bank dishonors a check or draft from the account of a licensed agent tendered for payment of any prize by a licensed agent to any claimant. Any such charge or penalty so collected by the Department shall be used first to reimburse the claimant for any charges or penalties incurred by him as a result of the licensed agent's dishonored check tendered as payment of any prize and the remainder to offset the Department's administrative costs.

C. A licensed agent shall be charged interest as provided in § [58.1-15](#) on the money that is not timely paid to the Virginia Lottery Fund in accordance with the rules and regulations of the Department and shall in addition thereto pay penalties as provided by rules and regulations of the Department.

D. Should the Department refer the debt of any licensed agent to the Attorney General, the Department of Taxation as provided in § [58.1-520](#) et seq., or any other central

collection unit of the Commonwealth, an additional service charge shall be imposed in the amount necessary to cover the administrative costs of the Department and agencies to which such debt is referred.

E. Notwithstanding the provisions of Chapter 5 (§ [8.01-257](#) et seq.) of Title 8.01, in any action for the collection of a debt owed by any licensed agent to the lottery, venue shall lie in the City of Richmond.

F. All proceeds from the sale of lottery tickets or shares received by a person in the capacity of a sales agent shall constitute a trust fund until deposited into the Virginia Lottery Fund either directly or through the Department's authorized collection representative. Proceeds shall include cash proceeds of the sale of any lottery products, less any amount paid as prizes or retained as compensation to agents for the sale of the tickets or shares. Sales agents shall be personally liable for all proceeds.

G. If the Director determines that the deposit or collection from any sales agent of any moneys or proceeds under this section is or will be jeopardized or will otherwise be delayed, he may adjust either the time or the interval or both for such deposits or collections of any sales agent; require that all such moneys or proceeds shall be kept separate and apart from all other funds and assets and shall not be commingled with any other funds or assets prior to their deposit or collection under this section; and require such other security of any sales agent as he may deem advisable to ensure the timely deposit or collection of moneys or proceeds to the credit of the Virginia Lottery Fund.

Collection of moneys or proceeds "is or will be jeopardized or will otherwise be delayed" when (i) a check, draft, or electronic funds transfer to the credit of the Virginia Lottery Fund is dishonored as described in subsection B; (ii) an independent auditor states that the lottery sales agent's financial condition raises substantial doubt about its ability to continue as a going concern; or (iii) the lottery sales agent (a) closes for business or fails to maintain normal business hours without reasonable explanation, (b) has a credit record reflecting recent actions which cast doubt as to its creditworthiness, (c) states it has or may have cash flow problems or may be unable to meet its financial obligations, (d) states it may seek the protection of the federal bankruptcy or state insolvency law, (e) refuses to purchase additional lottery tickets or returns tickets ordered without good cause, or (f) does any other act tending to prejudice or to render wholly or partially ineffectual proceedings to collect moneys or proceeds which are or will become due and payable to the Virginia Lottery Fund.

**§58.1-4022. Virginia Lottery Fund.**

A. All moneys received from the sale of lottery tickets or shares, less payment for prizes and compensation of agents as authorized by regulation and any other revenues received under this chapter, shall be placed in a special fund known as the "Virginia Lottery Fund." Notwithstanding any other provisions of law, interest earned from moneys in the Virginia Lottery Fund shall accrue to the benefit of such Fund.

B. The total costs for the operation and administration of the lottery shall be funded from the Virginia Lottery Fund and shall be in such amount as provided in the general appropriation act. Appropriations to the Department during any fiscal year beginning on and after July 1, 1989, exclusive of agent compensation, shall at no time exceed 10 percent of the total annual estimated gross revenues to be generated from lottery sales.

However, should it be anticipated at any time by the Director that such operational and administrative costs for a fiscal year will exceed the limitation provided herein, the Director shall immediately report such information to the Board, the Governor and the Chairmen of the Senate Committee on Finance and Appropriations and the House Committee on Appropriations. From the moneys in the Fund, the Comptroller shall establish a special reserve fund in such amount as shall be provided by regulation of the Department for (i) operation of the lottery, (ii) use if the game's pay-out liabilities exceed its cash on hand, or (iii) enhancement of the prize pool with income derived from lending securities held for payment of prize installments, which lending of securities shall be conducted in accordance with lending programs approved by the Department of the Treasury.

C. The Comptroller shall transfer to the Lottery Proceeds Fund established pursuant to § [58.1-4022.1](#), less the special reserve fund, the audited balances of the Virginia Lottery Fund at the close of each fiscal year. The transfer for each year shall be made in two parts: (i) on or before June 30, the Comptroller shall transfer balances of the Virginia Lottery Fund for the fiscal year, based on an estimate determined by the Virginia Lottery, and (ii) no later than 10 days after receipt of the annual audit report required by § [58.1-4023](#), the Comptroller shall transfer to the Lottery Proceeds Fund the remaining audited balances of the Virginia Lottery Fund for the fiscal year. If such annual audit discloses that the actual revenue is less than the estimate on which the transfer was based, the State Comptroller shall transfer the difference between the actual revenue and the estimate from the Lottery Proceeds Fund to the Virginia Lottery Fund.

D. In addition to such other funds as may be appropriated, 100 percent of the lottery revenues transferred to the Lottery Proceeds Fund shall be appropriated entirely and solely

for the purpose of public education in the Commonwealth unless otherwise redirected pursuant to Article X, Section 7-A of the Constitution of Virginia. The additional appropriation of lottery revenues to local school divisions for public education purposes consistent with this provision shall be used for operating, capital outlay, or debt service expenses, as determined by the appropriation act. The additional appropriation of lottery revenues shall not be used by any local school division to reduce its total local expenditures for public education in accordance with the provisions of the general appropriation act.

E. As a function of the administration of this chapter, funds may be expended for the purposes of reasonably informing the public concerning (i) the facts embraced in the subjects contained in subdivisions A 1 through 7 of § [58.1-4007](#) and (ii) the fact that the net proceeds are paid into the Lottery Proceeds Fund of the Commonwealth, but no funds shall be expended for the primary purpose of inducing persons to participate in the lottery.

Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The Fund shall consist of amounts deposited into it from the net revenues of any lottery conducted by the Commonwealth pursuant to Article X, Section 7-A of the Constitution of Virginia.

B. For purposes of any appropriation act enacted by the General Assembly and for the purposes of the Comptroller's preliminary and final annual reports required by § [2.2-813](#), all deposits to and appropriations from the Lottery Proceeds Fund shall be accounted for and considered to be a part of the general fund of the state treasury.

No person shall become a member of the Board who receives, or during the previous two years has received, a significant portion of his income directly or indirectly from certificate or permit holders or applicants for a certificate or permit.

For the purposes of this section, "significant portion of income" means 10 percent or more of gross personal income for a calendar year, except that it means 50 percent or more of gross personal income for a calendar year if the recipient is over 60 years of age and is receiving that portion under retirement, pension, or similar arrangement. Income includes retirement benefits, consultant fees, and stock dividends. Income is not received directly or indirectly from certificate or permit holders or applicants for certificates or permits when it is derived from mutual fund payments, or from other diversified investments for which the recipient does not know the identity of the primary sources of income.

B. Notwithstanding any other provision of this section relating to Board membership, the qualifications for Board membership shall not be more strict than those that are required by federal statute or regulations of the United States Environmental Protection Agency.

**§62.1-44.14. Chairman; Executive Director; employment of personnel; supervision; budget preparation.**

The Board shall elect its chairman, and the Executive Director shall be appointed as set forth in § [2.2-106](#). The Executive Director shall serve as executive officer and devote his whole time to the performance of his duties, and he shall have such administrative powers as are conferred upon him by the Board; and, further, the Board may delegate to its Executive Director any of the powers and duties invested in it by this chapter except the adoption and promulgation of standards, rules and regulations; and the revocation of certificates. The Executive Director is further authorized to employ such consultants and full-time technical and clerical workers as are necessary and within the available funds to carry out the purposes of this chapter.

It shall be the duty of the Executive Director to exercise general supervision and control over the quality and management of all state waters and to administer and enforce this chapter, and all certificates, standards, policies, rules, regulations, rulings and special orders promulgated by the Board. The Executive Director shall prepare, approve, and submit all requests for appropriations and be responsible for all expenditures pursuant to appropriations. The Executive Director shall be vested with all the authority of the Board when it is not in session, except for the Board's authority to issue special orders pursuant to subdivisions (8a) and (8b) of § [62.1-44.15](#) and subject to such regulations as may be prescribed by the Board. **§62.1-44.15. (Effective until July 1, 2024) Powers and duties; civil penalties.**

It shall be the duty of the Board and it shall have the authority:

(1) [Repealed.]

(2) To study and investigate all problems concerned with the quality of state waters and to make reports and recommendations.

(2a) To study and investigate methods, procedures, devices, appliances, and technologies that could assist in water conservation or water consumption reduction.

(2b) To coordinate its efforts toward water conservation with other persons or groups, within or without the Commonwealth.

(2c) To make reports concerning, and formulate recommendations based upon, any such water conservation studies to ensure that present and future water needs of the citizens of the Commonwealth are met.

(3a) To establish such standards of quality and policies for any state waters consistent with the general policy set forth in this chapter, and to modify, amend or cancel any such standards or policies established and to take all appropriate steps to prevent quality alteration contrary to the public interest or to standards or policies thus established, except that a description of provisions of any proposed standard or policy adopted by regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the standard or policy are most properly referable. The Board shall, from time to time, but at least once every three years, hold public hearings pursuant to § [2.2-4007.01](#) but, upon the request of an affected person or upon its own motion, hold hearings pursuant to § [2.2-4009](#), for the purpose of reviewing the standards of quality, and, as appropriate, adopting, modifying, or canceling such standards. Whenever the Board considers the adoption, modification, amendment or cancellation of any standard, it shall give due consideration to, among other factors, the economic and social costs and benefits which can reasonably be expected to obtain as a consequence of the standards as adopted, modified, amended or cancelled. The Board shall also give due consideration to the public health standards issued by the Virginia Department of Health with respect to issues of public health policy and protection. If the Board does not follow the public health standards of the Virginia Department of Health, the Board's reason for any deviation shall be made in writing and published for any and all concerned parties.

(3b) Except as provided in subdivision (3a), such standards and policies are to be adopted or modified, amended or cancelled in the manner provided by the Administrative Process Act (§ [2.2-4000](#) et seq.).

(4) To conduct or have conducted scientific experiments, investigations, studies, and research to discover methods for maintaining water quality consistent with the purposes of this chapter. To this end the Board may cooperate with any public or private agency in the conduct of such experiments, investigations and research and may receive in behalf of the Commonwealth any moneys that any such agency may contribute as its share of the cost under any such cooperative agreement. Such moneys shall be used only for the purposes for which they are contributed and any balance remaining after the conclusion

of the experiments, investigations, studies, and research, shall be returned to the contributors.

(5) To issue, revoke or amend certificates under prescribed conditions for: (a) the discharge of sewage, industrial wastes and other wastes into or adjacent to state waters; (b) the alteration otherwise of the physical, chemical or biological properties of state waters; (c) excavation in a wetland; or (d) on and after October 1, 2001, the conduct of the following activities in a wetland: (i) new activities to cause draining that significantly alters or degrades existing wetland acreage or functions, (ii) filling or dumping, (iii) permanent flooding or impounding, or (iv) new activities that cause significant alteration or degradation of existing wetland acreage or functions. However, to the extent allowed by federal law, any person holding a certificate issued by the Board that is intending to upgrade the permitted facility by installing technology, control equipment, or other apparatus that the permittee demonstrates to the satisfaction of the Director will result in improved energy efficiency, reduction in the amount of nutrients discharged, and improved water quality shall not be required to obtain a new, modified, or amended permit. The permit holder shall provide the demonstration anticipated by this subdivision to the Department no later than 30 days prior to commencing construction.

(5a) All certificates issued by the Board under this chapter shall have fixed terms. The term of a Virginia Pollution Discharge Elimination System permit shall not exceed five years. The term of a Virginia Water Protection Permit shall be based upon the projected duration of the project, the length of any required monitoring, or other project operations or permit conditions; however, the term shall not exceed 15 years. The term of a Virginia Pollution Abatement permit shall not exceed 10 years, except that the term of a Virginia Pollution Abatement permit for confined animal feeding operations shall be 10 years. The Department of Environmental Quality shall inspect all facilities for which a Virginia Pollution Abatement permit has been issued to ensure compliance with statutory, regulatory, and permit requirements. Department personnel performing inspections of confined animal feeding operations shall be certified under the voluntary nutrient management training and certification program established in § [10.1-104.2](#). The term of a certificate issued by the Board shall not be extended by modification beyond the maximum duration and the certificate shall expire at the end of the term unless an application for a new permit has been timely filed as required by the regulations of the Board and the Board is unable, through no fault of the permittee, to issue a new permit before the expiration date of the previous permit.

(5b) Any certificate issued by the Board under this chapter may, after notice and opportunity for a hearing, be amended or revoked on any of the following grounds or for good cause as may be provided by the regulations of the Board:

1. The owner has violated any regulation or order of the Board, any condition of a certificate, any provision of this chapter, or any order of a court, where such violation results in a release of harmful substances into the environment or poses a substantial threat of release of harmful substances into the environment or presents a hazard to human health or the violation is representative of a pattern of serious or repeated violations which, in the opinion of the Board, demonstrates the owner's disregard for or inability to comply with applicable laws, regulations, or requirements;
2. The owner has failed to disclose fully all relevant material facts or has misrepresented a material fact in applying for a certificate, or in any other report or document required under this law or under the regulations of the Board;
3. The activity for which the certificate was issued endangers human health or the environment and can be regulated to acceptable levels by amendment or revocation of the certificate; or
4. There exists a material change in the basis on which the permit was issued that requires either a temporary or a permanent reduction or elimination of any discharge controlled by the certificate necessary to protect human health or the environment.

(5c) Any certificate issued by the Board under this chapter relating to dredging projects governed under Chapter 12 (§ [28.2-1200](#) et seq.) or Chapter 13 (§ [28.2-1300](#) et seq.) of Title 28.2 may be conditioned upon a demonstration of financial responsibility for the completion of compensatory mitigation requirements. Financial responsibility may be demonstrated by a letter of credit, a certificate of deposit or a performance bond executed in a form approved by the Board. If the U.S. Army Corps of Engineers requires demonstration of financial responsibility for the completion of compensatory mitigation required for a particular project, then the mechanism and amount approved by the U.S. Army Corps of Engineers shall be used to meet this requirement.

(6) To make investigations and inspections, to ensure compliance with any certificates, standards, policies, rules, regulations, rulings and special orders which it may adopt, issue or establish and to furnish advice, recommendations, or instructions for the purpose of obtaining such compliance. In recognition of §§ [32.1-164](#) and [62.1-44.18](#), the Board and the State Department of Health shall enter into a memorandum of

understanding establishing a common format to consolidate and simplify inspections of sewage treatment plants and coordinate the scheduling of the inspections. The new format shall ensure that all sewage treatment plants are inspected at appropriate intervals in order to protect water quality and public health and at the same time avoid any unnecessary administrative burden on those being inspected.

(7) To adopt rules governing the procedure of the Board with respect to: (a) hearings; (b) the filing of reports; (c) the issuance of certificates and special orders; and (d) all other matters relating to procedure; and to amend or cancel any rule adopted. Public notice of every rule adopted under this section shall be by such means as the Board may prescribe.

(8a) Except as otherwise provided in Articles 2.4 (§ [62.1-44.15:51](#) et seq.) and 2.5 (§ [62.1-44.15:67](#) et seq.), to issue special orders to owners who (i) are permitting or causing the pollution, as defined by § [62.1-44.3](#), of state waters to cease and desist from such pollution, (ii) have failed to construct facilities in accordance with final approved plans and specifications to construct such facilities in accordance with final approved plans and specifications, (iii) have violated the terms and provisions of a certificate issued by the Board to comply with such terms and provisions, (iv) have failed to comply with a directive from the Board to comply with such directive, (v) have contravened duly adopted and promulgated water quality standards and policies to cease and desist from such contravention and to comply with such water quality standards and policies, (vi) have violated the terms and provisions of a pretreatment permit issued by the Board or by the owner of a publicly owned treatment works to comply with such terms and provisions or (vii) have contravened any applicable pretreatment standard or requirement to comply with such standard or requirement; and also to issue such orders to require any owner to comply with the provisions of this chapter and any decision of the Board. Except as otherwise provided by a separate article, orders issued pursuant to this subdivision may include civil penalties of up to \$32,500 per violation, not to exceed \$100,000 per order. The Board may assess penalties under this subdivision if (a) the person has been issued at least two written notices of alleged violation by the Department for the same or substantially related violations at the same site, (b) such violations have not been resolved by demonstration that there was no violation, by an order issued by the Board or the Director, or by other means, (c) at least 130 days have passed since the issuance of the first notice of alleged violation, and (d) there is a finding that such violations have occurred after a hearing conducted in accordance with subdivision (8b). The actual amount of any penalty assessed shall be based upon the severity of the violations, the

extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this subdivision. The issuance of a notice of alleged violation by the Department shall not be considered a case decision as defined in § [2.2-4001](#). Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact finding from the Department on whether or not a violation has occurred, and nothing in this section shall preclude an owner from seeking such a determination. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ [10.1-2500](#) et seq.), except that civil penalties assessed for violations of Article 9 (§ [62.1-44.34:8](#) et seq.) or Article 11 (§ [62.1-44.34:14](#) et seq.) shall be paid into the Virginia Petroleum Storage Tank Fund in accordance with § [62.1-44.34:11](#), and except that civil penalties assessed for violations of Article 2.3 (§ [62.1-44.15:24](#) et seq.) shall be paid in accordance with the provisions of § [62.1-44.15:48](#).

(8b) Such special orders are to be issued only after a hearing before a hearing officer appointed by the Supreme Court in accordance with § [2.2-4020](#) or, if requested by the person, before a quorum of the Board with at least 30 days' notice to the affected owners, of the time, place and purpose thereof, and they shall become effective not less than 15 days after service as provided in § [62.1-44.12](#); provided that if the Board finds that any such owner is grossly affecting or presents an imminent and substantial danger to (i) the public health, safety or welfare, or the health of animals, fish or aquatic life; (ii) a public water supply; or (iii) recreational, commercial, industrial, agricultural or other reasonable uses, it may issue, without advance notice or hearing, an emergency special order directing the owner to cease such pollution or discharge immediately, and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof to the owner, to affirm, modify, amend or cancel such emergency special order. If an owner who has been issued such a special order or an emergency special order is not complying with the terms thereof, the Board may proceed in accordance with § [62.1-44.23](#), and where the order is based on a finding of an imminent and substantial danger, the court shall issue an injunction compelling compliance with the emergency special order pending a hearing by the Board. If an emergency special order requires cessation of a

discharge, the Board shall provide an opportunity for a hearing within 48 hours of the issuance of the injunction.

(8c) The provisions of this section notwithstanding, the Board may proceed directly under § [62.1-44.32](#) for any past violation or violations of any provision of this chapter or any regulation duly promulgated hereunder.

(8d) With the consent of any owner who has violated or failed, neglected or refused to obey any regulation or order of the Board, any condition of a permit or any provision of this chapter, the Board may provide, in an order issued by the Board against such person, for the payment of civil charges for past violations in specific sums not to exceed the limit specified in § [62.1-44.32](#) (a). Such civil charges shall be instead of any appropriate civil penalty which could be imposed under § [62.1-44.32](#) (a) and shall not be subject to the provisions of § [2.2-514](#). Such civil charges shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ [10.1-2500](#) et seq.), excluding civil charges assessed for violations of Article 9 (§ [62.1-44.34:8](#) et seq.) or 10 (§ [62.1-44.34:10](#) et seq.) of Chapter 3.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles, or civil charges assessed for violations of Article 2.3 (§ [62.1-44.15:24](#) et seq.), or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under that article.

The amendments to this section adopted by the 1976 Session of the General Assembly shall not be construed as limiting or expanding any cause of action or any other remedy possessed by the Board prior to the effective date of said amendments.

(8e) The Board shall develop and provide an opportunity for public comment on guidelines and procedures that contain specific criteria for calculating the appropriate penalty for each violation based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty.

(8f) Before issuing a special order under subdivision (8a) or by consent under (8d), with or without an assessment of a civil penalty, to an owner of a sewerage system requiring corrective action to prevent or minimize overflows of sewage from such system, the Board shall provide public notice of and reasonable opportunity to comment on the proposed order. Any such order under subdivision (8d) may impose civil penalties in amounts up to the maximum amount authorized in § 309(g) of the Clean Water Act. Any

person who comments on the proposed order shall be given notice of any hearing to be held on the terms of the order. In any hearing held, such person shall have a reasonable opportunity to be heard and to present evidence. If no hearing is held before issuance of an order under subdivision (8d), any person who commented on the proposed order may file a petition, within 30 days after the issuance of such order, requesting the Board to set aside such order and provide a formal hearing thereon. If the evidence presented by the petitioner in support of the petition is material and was not considered in the issuance of the order, the Board shall immediately set aside the order, provide a formal hearing, and make such petitioner a party. If the Board denies the petition, the Board shall provide notice to the petitioner and make available to the public the reasons for such denial, and the petitioner shall have the right to judicial review of such decision under § [62.1-44.29](#) if he meets the requirements thereof.

(8g) To issue special orders for violations of this chapter to persons constructing or operating any natural gas transmission pipeline greater than 36 inches inside diameter. An order issued pursuant to this subdivision may include a civil penalty of up to \$50,000 per violation, not to exceed \$500,000 per order. The Board may assess a penalty under this subdivision if (i) the person has been issued at least two written notices of alleged violation by the Department for violations involving the same pipeline; (ii) such violations have not been resolved by a demonstration that there was no violation, by an order issued by the Board or the Director, including an order pursuant to subdivision (8d), or by other means; and (iii) there is a finding that such violation occurred after a hearing was conducted (a) before a hearing officer appointed by the Supreme Court, (b) in accordance with § [2.2-4020](#), and (c) with at least 30 days' notice to such person of the time, place, and purpose thereof. Such order shall become effective not less than 15 days after service as provided in § [62.1-44.12](#). The actual amount of any penalty assessed shall be based upon the severity of the violation, the extent of any potential or actual environmental harm, the compliance history of the person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this subdivision. The issuance of a notice of alleged violation by the Department shall not be a case decision as defined in § [2.2-4001](#). Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact-finding from the Department on whether or not a violation has occurred, and nothing in this subdivision shall preclude a person from

seeking such a determination. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ [10.1-2500](#) et seq.), except that civil penalties assessed for violations of Article 2.3 (§ [62.1-44.15:24](#) et seq.) or 2.4 (§ [62.1-44.15:51](#) et seq.) shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Stormwater Management Fund (§ [62.1-44.15:29](#)).

(9) To make such rulings under §§ [62.1-44.16](#), [62.1-44.17](#), and [62.1-44.19](#) as may be required upon requests or applications to the Board, the owner or owners affected to be notified by certified mail as soon as practicable after the Board makes them and such rulings to become effective upon such notification.

(10) To adopt such regulations as it deems necessary to enforce the general water quality management program of the Board in all or part of the Commonwealth, except that a description of provisions of any proposed regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the regulation are most properly referable.

(11) To investigate any large-scale killing of fish.

(a) Whenever the Board shall determine that any owner, whether or not he shall have been issued a certificate for discharge of waste, has discharged sewage, industrial waste, or other waste into state waters in such quantity, concentration or manner that fish are killed as a result thereof, it may effect such settlement with the owner as will cover the costs incurred by the Board and by the Department of Wildlife Resources in investigating such killing of fish, plus the replacement value of the fish destroyed, or as it deems proper, and if no such settlement is reached within a reasonable time, the Board shall authorize its executive secretary to bring a civil action in the name of the Board to recover from the owner such costs and value, plus any court or other legal costs incurred in connection with such action.

(b) If the owner is a political subdivision of the Commonwealth, the action may be brought in any circuit court within the territory embraced by such political subdivision. If the owner is an establishment, as defined in this chapter, the action shall be brought in the circuit court of the city or the circuit court of the county in which such establishment is located. If the owner is an individual or group of individuals, the action shall be brought

in the circuit court of the city or circuit court of the county in which such person or any of them reside.

(c) For the purposes of this subdivision 11, the State Water Control Board shall be deemed the owner of the fish killed and the proceedings shall be as though the State Water Control Board were the owner of the fish. The fact that the owner has or held a certificate issued under this chapter shall not be raised as a defense in bar to any such action.

(d) The proceeds of any recovery had under this subdivision 11 shall, when received by the Board, be applied, first, to reimburse the Board for any expenses incurred in investigating such killing of fish. The balance shall be paid to the Board of Wildlife Resources to be used for the fisheries' management practices as in its judgment will best restore or replace the fisheries' values lost as a result of such discharge of waste, including, where appropriate, replacement of the fish killed with game fish or other appropriate species. Any such funds received are hereby appropriated for that purpose.

(e) Nothing in this subdivision 11 shall be construed in any way to limit or prevent any other action which is now authorized by law by the Board against any owner.

(f) Notwithstanding the foregoing, the provisions of this subdivision 11 shall not apply to any owner who adds or applies any chemicals or other substances that are recommended or approved by the State Department of Health to state waters in the course of processing or treating such waters for public water supply purposes, except where negligence is shown.

(12) To administer programs of financial assistance for planning, construction, operation, and maintenance of water quality control facilities for political subdivisions in the Commonwealth.

(13) To establish policies and programs for effective area-wide or basin-wide water quality control and management. The Board may develop comprehensive pollution abatement and water quality control plans on an area-wide or basin-wide basis. In conjunction with this, the Board, when considering proposals for waste treatment facilities, is to consider the feasibility of combined or joint treatment facilities and is to ensure that the approval of waste treatment facilities is in accordance with the water quality management and pollution control plan in the watershed or basin as a whole. In making such determinations, the Board is to seek the advice of local, regional, or state planning authorities.

(14) To establish requirements for the treatment of sewage, industrial wastes and other wastes that are consistent with the purposes of this chapter; however, no treatment shall be less than secondary or its equivalent, unless the owner can demonstrate that a lesser degree of treatment is consistent with the purposes of this chapter.

(15) To promote and establish requirements for the reclamation and reuse of wastewater that are protective of state waters and public health as an alternative to directly discharging pollutants into waters of the state. The requirements shall address various potential categories of reuse and may include general permits and provide for greater flexibility and less stringent requirements commensurate with the quality of the reclaimed water and its intended use. The requirements shall be developed in consultation with the Department of Health and other appropriate state agencies. This authority shall not be construed as conferring upon the Board any power or duty duplicative of those of the State Board of Health.

(16) To establish and implement policies and programs to protect and enhance the Commonwealth's wetland resources. Regulatory programs shall be designed to achieve no net loss of existing wetland acreage and functions. Voluntary and incentive-based programs shall be developed to achieve a net resource gain in acreage and functions of wetlands. The Board shall seek and obtain advice and guidance from the Virginia Institute of Marine Science in implementing these policies and programs.

(17) To establish additional procedures for obtaining a Virginia Water Protection Permit pursuant to §§ [62.1-44.15:20](#) and [62.1-44.15:22](#) for a proposed water withdrawal involving the transfer of water resources between major river basins within the Commonwealth that may impact water basins in another state. Such additional procedures shall not apply to any water withdrawal in existence as of July 1, 2012, except where the expansion of such withdrawal requires a permit under §§ [62.1-44.15:20](#) and [62.1-44.15:22](#), in which event such additional procedures may apply to the extent of the expanded withdrawal only. The applicant shall provide as part of the application (i) an analysis of alternatives to such a transfer, (ii) a comprehensive analysis of the impacts that would occur in the source and receiving basins, (iii) a description of measures to mitigate any adverse impacts that may arise, (iv) a description of how notice shall be provided to interested parties, and (v) any other requirements that the Board may adopt that are consistent with the provisions of this section and §§ [62.1-44.15:20](#) and [62.1-44.15:22](#) or regulations adopted thereunder. This subdivision shall not be construed as

limiting or expanding the Board's authority under §§ [62.1-44.15:20](#) and [62.1-44.15:22](#) to issue permits and impose conditions or limitations on the permitted activity.

(18) To be the lead agency for the Commonwealth's nonpoint source pollution management program, including coordination of the nonpoint source control elements of programs developed pursuant to certain state and federal laws, including § 319 of the federal Clean Water Act and § 6217 of the federal Coastal Zone Management Act. Further responsibilities include the adoption of regulations necessary to implement a nonpoint source pollution management program in the Commonwealth, the distribution of assigned funds, the identification and establishment of priorities to address nonpoint source related water quality problems, the administration of the Statewide Nonpoint Source Advisory Committee, and the development of a program for the prevention and control of soil erosion, sediment deposition, and nonagricultural runoff to conserve Virginia's natural resources.

**§62.1-44.15. (Effective July 1, 2024) Powers and duties; civil penalties.**

It shall be the duty of the Board and it shall have the authority:

(1) [Repealed.]

(2) To study and investigate all problems concerned with the quality of state waters and to make reports and recommendations.

(2a) To study and investigate methods, procedures, devices, appliances, and technologies that could assist in water conservation or water consumption reduction.

(2b) To coordinate its efforts toward water conservation with other persons or groups, within or without the Commonwealth.

(2c) To make reports concerning, and formulate recommendations based upon, any such water conservation studies to ensure that present and future water needs of the citizens of the Commonwealth are met.

(3a) To establish such standards of quality and policies for any state waters consistent with the general policy set forth in this chapter, and to modify, amend, or cancel any such standards or policies established and to take all appropriate steps to prevent quality alteration contrary to the public interest or to standards or policies thus established, except that a description of provisions of any proposed standard or policy adopted by regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the standard or policy are most properly referable. The Board shall, from time to time, but at least once every three years, hold public hearings pursuant to § [2.2-4007.01](#) but, upon the request of an affected person or upon its own motion, hold hearings pursuant to § [2.2-4009](#), for the purpose of reviewing the standards of quality, and, as appropriate, adopting, modifying, or canceling such standards. Whenever the Board considers the adoption, modification, amendment, or cancellation of any standard, it shall give due consideration to, among other factors, the economic and social costs and benefits which can reasonably be expected to obtain as a consequence of the standards as adopted, modified, amended, or cancelled. The Board shall also give due consideration to the public health standards issued by the Virginia Department of Health with respect to issues of public health policy and protection. If the Board does not follow the public health standards of the Virginia Department of Health, the Board's reason for any deviation shall be made in writing and published for any and all concerned parties.

(3b) Except as provided in subdivision (3a), such standards and policies are to be adopted or modified, amended, or cancelled in the manner provided by the Administrative Process Act (§ [2.2-4000](#) et seq.).

(4) To conduct or have conducted scientific experiments, investigations, studies, and research to discover methods for maintaining water quality consistent with the purposes of this chapter. To this end the Board may cooperate with any public or private agency in the conduct of such experiments, investigations, and research and may receive in behalf of the Commonwealth any moneys that any such agency may contribute as its share of the cost under any such cooperative agreement. Such moneys shall be used only for the purposes for which they are contributed and any balance remaining after the conclusion of the experiments, investigations, studies, and research, shall be returned to the contributors.

(5) To issue, revoke, or amend certificates and land-disturbance approvals under prescribed conditions for (a) the discharge of sewage, stormwater, industrial wastes, and other wastes into or adjacent to state waters; (b) the alteration otherwise of the physical, chemical, or biological properties of state waters; (c) excavation in a wetland; or (d) on and after October 1, 2001, the conduct of the following activities in a wetland: (i) new activities to cause draining that significantly alters or degrades existing wetland acreage or functions, (ii) filling or dumping, (iii) permanent flooding or impounding, or (iv) new activities that cause significant alteration or degradation of existing wetland acreage or functions. However, to the extent allowed by federal law, any person holding a certificate issued by the Board that is intending to upgrade the permitted facility by installing technology, control equipment, or other apparatus that the permittee demonstrates to the satisfaction of the Director will result in improved energy efficiency, reduction in the amount of nutrients discharged, and improved water quality shall not be required to obtain a new, modified, or amended permit. The permit holder shall provide the demonstration anticipated by this subdivision to the Department no later than 30 days prior to commencing construction.

(5a) All certificates issued by the Board under this chapter shall have fixed terms. The term of a Virginia Pollution Discharge Elimination System permit shall not exceed five years. The term of a Virginia Water Protection Permit shall be based upon the projected duration of the project, the length of any required monitoring, or other project operations or permit conditions; however, the term shall not exceed 15 years. The term of a Virginia Pollution Abatement permit shall not exceed 10 years, except that the term of a Virginia Pollution Abatement permit for confined animal feeding operations shall be 10 years. The Department of Environmental Quality shall inspect all facilities for which a Virginia Pollution Abatement permit has been issued to ensure compliance with statutory, regulatory, and permit requirements. Department personnel performing inspections of confined animal feeding operations shall be certified under the voluntary nutrient management training and certification program established in § [10.1-104.2](#). The term of a certificate issued by the Board shall not be extended by modification beyond the maximum duration and the certificate shall expire at the end of the term unless an application for a new permit has been timely filed as required by the regulations of the Board and the Board is unable, through no fault of the permittee, to issue a new permit before the expiration date of the previous permit.

(5b) Any certificate or land-disturbance approval issued by the Board under this chapter may, after notice and opportunity for a hearing, be amended or revoked on any of the following grounds or for good cause as may be provided by the regulations of the Board:

1. The owner has violated any regulation or order of the Board, any condition of a certificate or land-disturbance approval, any provision of this chapter, or any order of a court, where such violation results in a release of harmful substances into the environment, poses a substantial threat of release of harmful substances into the environment, causes unreasonable property degradation, or presents a hazard to human health or the violation is representative of a pattern of serious or repeated violations which, in the opinion of the Board, demonstrates the owner's disregard for or inability to comply with applicable laws, regulations, or requirements;
2. The owner has failed to disclose fully all relevant material facts or has misrepresented a material fact in applying for a certificate or land-disturbance approval, or in any other report or document required under this law or under the regulations of the Board;
3. The activity for which the certificate or land-disturbance approval was issued endangers human health or the environment or causes unreasonable property degradation and can be regulated to acceptable levels or practices by amendment or revocation of the certificate or land-disturbance approval; or
4. There exists a material change in the basis on which the certificate, land-disturbance approval, or permit was issued that requires either a temporary or a permanent reduction or elimination of any discharge or land-disturbing activity controlled by the certificate, land-disturbance approval, or permit necessary to protect human health or the environment or stop or prevent unreasonable degradation of property.

(5c) Any certificate issued by the Board under this chapter relating to dredging projects governed under Chapter 12 (§ [28.2-1200](#) et seq.) or Chapter 13 (§ [28.2-1300](#) et seq.) of Title 28.2 may be conditioned upon a demonstration of financial responsibility for the completion of compensatory mitigation requirements. Financial responsibility may be demonstrated by a letter of credit, a certificate of deposit, or a performance bond executed in a form approved by the Board. If the U.S. Army Corps of Engineers requires demonstration of financial responsibility for the completion of compensatory mitigation required for a particular project, then the mechanism and amount approved by the U.S. Army Corps of Engineers shall be used to meet this requirement.

(6) To make investigations and inspections, to ensure compliance with the conditions of any certificates, land-disturbance approvals, standards, policies, rules, regulations, rulings, and orders that it may adopt, issue, or establish, and to furnish advice, recommendations, or instructions for the purpose of obtaining such compliance. In recognition of §§ [32.1-164](#) and [62.1-44.18](#), the Board and the State Department of Health shall enter into a memorandum of understanding establishing a common format to consolidate and simplify inspections of sewage treatment plants and coordinate the scheduling of the inspections. The new format shall ensure that all sewage treatment plants are inspected at appropriate intervals in order to protect water quality and public health and at the same time avoid any unnecessary administrative burden on those being inspected.

(7) To adopt rules governing the procedure of the Board with respect to (a) hearings; (b) the filing of reports; (c) the issuance of certificates and orders; and (d) all other matters relating to procedure; and to amend or cancel any rule adopted. Public notice of every rule adopted under this section shall be by such means as the Board may prescribe.

(8a) Except as otherwise provided in subdivision (19) and Article 2.3 (§ [62.1-44.15:24](#) et seq.), to issue special orders to owners, including owners as defined in § [62.1-44.15:24](#), who (i) are permitting or causing the pollution, as defined by § [62.1-44.3](#), of state waters or the unreasonable degradation of property to cease and desist from such pollution or degradation, (ii) have failed to construct facilities in accordance with final approved plans and specifications to construct such facilities in accordance with final approved plans and specifications, (iii) have violated the terms and provisions of a certificate or land-disturbance approval issued by the Board to comply with such terms and provisions, (iv) have failed to comply with a directive from the Board to comply with such directive, (v) have contravened duly adopted and promulgated water quality standards and policies to cease and desist from such contravention and to comply with such water quality standards and policies, (vi) have violated the terms and provisions of a pretreatment permit issued by the Board or by the owner of a publicly owned treatment works to comply with such terms and provisions, or (vii) have contravened any applicable pretreatment standard or requirement to comply with such standard or requirement; and also to issue such orders to require any owner to comply with the provisions of this chapter and any decision of the Board. Except as otherwise provided by a separate article, orders issued pursuant to this subdivision may include civil penalties of up to \$ 32,500 per violation, not to exceed \$ 100,000 per order. The Board may assess penalties under this subdivision if (a) the person has been issued at least two written notices of alleged violation by the Department for the same or substantially related violations at the same

site, (b) such violations have not been resolved by demonstration that there was no violation, by an order issued by the Board or the Director, or by other means, (c) at least 130 days have passed since the issuance of the first notice of alleged violation, and (d) there is a finding that such violations have occurred after a hearing conducted in accordance with subdivision (8b). The actual amount of any penalty assessed shall be based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this subdivision. The issuance of a notice of alleged violation by the Department shall not be considered a case decision as defined in § [2.2-4001](#). Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact finding from the Department on whether or not a violation has occurred, and nothing in this section shall preclude an owner from seeking such a determination. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ [10.1-2500](#) et seq.), except that civil penalties assessed for violations of Article 9 (§ [62.1-44.34:8](#) et seq.) or Article 11 (§ [62.1-44.34:14](#) et seq.) shall be paid into the Virginia Petroleum Storage Tank Fund in accordance with § [62.1-44.34:11](#), and except that civil penalties assessed for violations of subdivision (19) or Article 2.3 (§ [62.1-44.15:24](#) et seq.) shall be paid into the Stormwater Local Assistance Fund in accordance with § [62.1-44.15:29.1](#).

(8b) Such special orders are to be issued only after a hearing before a hearing officer appointed by the Supreme Court in accordance with § [2.2-4020](#) or, if requested by the person, before a quorum of the Board with at least 30 days' notice to the affected owners, of the time, place, and purpose thereof, and they shall become effective not less than 15 days after service as provided in [62.1-44.12](#), provided that if the Board finds that any such owner is grossly affecting or presents an imminent and substantial danger to (i) the public health, safety, or welfare, or the health of animals, fish, or aquatic life; (ii) a public water supply; or (iii) recreational, commercial, industrial, agricultural, or other reasonable uses, it may issue, without advance notice or hearing, an emergency special order directing the owner to cease such pollution or discharge immediately, and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof to the owner, to affirm, modify, amend, or cancel such emergency special order. If an owner

who has been issued such a special order or an emergency special order is not complying with the terms thereof, the Board may proceed in accordance with [62.1-44.23](#), and where the order is based on a finding of an imminent and substantial danger, the court shall issue an injunction compelling compliance with the emergency special order pending a hearing by the Board. If an emergency special order requires cessation of a discharge, the Board shall provide an opportunity for a hearing within 48 hours of the issuance of the injunction.

(8c) The provisions of this section notwithstanding, the Board may proceed directly under § [62.1-44.32](#) for any past violation or violations of any provision of this chapter or any regulation duly promulgated hereunder.

(8d) Except as otherwise provided in subdivision (19), subdivision 2 of § [62.1-44.15:25](#), or § [62.1-44.15:63](#), with the consent of any owner who has violated or failed, neglected, or refused to obey any regulation or order of the Board, any condition of a certificate, land-disturbance approval, or permit, or any provision of this chapter, the Board may provide, in an order issued by the Board against such person, for the payment of civil charges for past violations in specific sums not to exceed the limit specified in subsection (a) of § [62.1-44.32](#). Such civil charges shall be instead of any appropriate civil penalty which could be imposed under subsection (a) of § [62.1-44.32](#) and shall not be subject to the provisions of § [2.2-514](#). Such civil charges shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ [10.1-2500](#) et seq.), excluding civil charges assessed for violations of Article 9 (§ [62.1-44.34:8](#) et seq.) or 10 (§ [62.1-44.34:10](#) et seq.) of Chapter 3.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles, or civil charges assessed for violations of Article 2.3 (§ [62.1-44.15:24](#) et seq.) or 2.5 (§ [62.1-44.15:67](#) et seq.) or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under Article 2.3 or 2.5.

The amendments to this section adopted by the 1976 Session of the General Assembly shall not be construed as limiting or expanding any cause of action or any other remedy possessed by the Board prior to the effective date of said amendments.

(8e) The Board shall develop and provide an opportunity for public comment on guidelines and procedures that contain specific criteria for calculating the appropriate penalty for each violation based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person,

any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty.

(8f) Before issuing a special order under subdivision (8a) or by consent under (8d), with or without an assessment of a civil penalty, to an owner of a sewerage system requiring corrective action to prevent or minimize overflows of sewage from such system, the Board shall provide public notice of and reasonable opportunity to comment on the proposed order. Any such order under subdivision (8d) may impose civil penalties in amounts up to the maximum amount authorized in § 309(g) of the Clean Water Act. Any person who comments on the proposed order shall be given notice of any hearing to be held on the terms of the order. In any hearing held, such person shall have a reasonable opportunity to be heard and to present evidence. If no hearing is held before issuance of an order under subdivision (8d), any person who commented on the proposed order may file a petition, within 30 days after the issuance of such order, requesting the Board to set aside such order and provide a formal hearing thereon. If the evidence presented by the petitioner in support of the petition is material and was not considered in the issuance of the order, the Board shall immediately set aside the order, provide a formal hearing, and make such petitioner a party. If the Board denies the petition, the Board shall provide notice to the petitioner and make available to the public the reasons for such denial, and the petitioner shall have the right to judicial review of such decision under § [62.1-44.29](#) if he meets the requirements thereof.

(8g) To issue special orders for violations of this chapter to persons constructing or operating any natural gas transmission pipeline greater than 36 inches inside diameter. An order issued pursuant to this subdivision may include a civil penalty of up to \$50,000 per violation, not to exceed \$500,000 per order. The Board may assess a penalty under this subdivision if (i) the person has been issued at least two written notices of alleged violation by the Department for violations involving the same pipeline; (ii) such violations have not been resolved by a demonstration that there was no violation, by an order issued by the Board or the Director, including an order pursuant to subdivision (8d), or by other means; and (iii) there is a finding that such violation occurred after a hearing was conducted (a) before a hearing officer appointed by the Supreme Court, (b) in accordance with § [2.2-4020](#), and (c) with at least 30 days' notice to such person of the time, place, and purpose thereof. Such order shall become effective not less than 15 days after service as provided in § [62.1-44.12](#). The actual amount of any penalty assessed shall be based upon the severity of the violation, the extent of any potential or actual environmental harm, the compliance history of the person, any economic benefit realized

from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this subdivision. The issuance of a notice of alleged violation by the Department shall not be a case decision as defined in § [2.2-4001](#). Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact-finding from the Department on whether or not a violation has occurred, and nothing in this subdivision shall preclude a person from seeking such a determination. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ [10.1-2500](#) et seq.), except that civil penalties assessed for violations of Article 2.3 (§ [62.1-44.15:24](#) et seq.) or 2.4 (§ [62.1-44.15:51](#) et seq.) shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Stormwater Management Fund (§ [62.1-44.15:29](#)).

(9) To make such rulings under §§ [62.1-44.16](#), [62.1-44.17](#), and [62.1-44.19](#) as may be required upon requests or applications to the Board, the owner or owners affected to be notified by certified mail as soon as practicable after the Board makes them and such rulings to become effective upon such notification.

(10) To adopt such regulations as it deems necessary to enforce the general soil erosion control and stormwater management program and water quality management program of the Board in all or part of the Commonwealth, except that a description of provisions of any proposed regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the regulation are most properly referable.

(11) To investigate any large-scale killing of fish.

(a) Whenever the Board shall determine that any owner, whether or not he shall have been issued a certificate for discharge of waste, has discharged sewage, industrial waste, or other waste into state waters in such quantity, concentration, or manner that fish are killed as a result thereof, it may effect such settlement with the owner as will cover the costs incurred by the Board and by the Department of Wildlife Resources in investigating such killing of fish, plus the replacement value of the fish destroyed, or as it deems proper, and if no such settlement is reached within a reasonable time, the Board shall authorize its executive secretary to bring a civil action in the name of the Board to

recover from the owner such costs and value, plus any court or other legal costs incurred in connection with such action.

(b) If the owner is a political subdivision of the Commonwealth, the action may be brought in any circuit court within the territory embraced by such political subdivision. If the owner is an establishment, as defined in this chapter, the action shall be brought in the circuit court of the city or the circuit court of the county in which such establishment is located. If the owner is an individual or group of individuals, the action shall be brought in the circuit court of the city or circuit court of the county in which such person or any of them reside.

(c) For the purposes of this subdivision 11, the State Water Control Board shall be deemed the owner of the fish killed and the proceedings shall be as though the State Water Control Board were the owner of the fish. The fact that the owner has or held a certificate issued under this chapter shall not be raised as a defense in bar to any such action.

(d) The proceeds of any recovery had under this subdivision 11 shall, when received by the Board, be applied, first, to reimburse the Board for any expenses incurred in investigating such killing of fish. The balance shall be paid to the Board of Wildlife Resources to be used for the fisheries' management practices as in its judgment will best restore or replace the fisheries' values lost as a result of such discharge of waste, including, where appropriate, replacement of the fish killed with game fish or other appropriate species. Any such funds received are hereby appropriated for that purpose.

(e) Nothing in this subdivision 11 shall be construed in any way to limit or prevent any other action which is now authorized by law by the Board against any owner.

(f) Notwithstanding the foregoing, the provisions of this subdivision 11 shall not apply to any owner who adds or applies any chemicals or other substances that are recommended or approved by the State Department of Health to state waters in the course of processing or treating such waters for public water supply purposes, except where negligence is shown.

(12) To administer programs of financial assistance for planning, construction, operation, and maintenance of water quality control facilities for political subdivisions in the Commonwealth.

(13) To establish policies and programs for effective area-wide or basin-wide water quality control and management. The Board may develop comprehensive pollution

abatement and water quality control plans on an area-wide or basin-wide basis. In conjunction with this, the Board, when considering proposals for waste treatment facilities, is to consider the feasibility of combined or joint treatment facilities and is to ensure that the approval of waste treatment facilities is in accordance with the water quality management and pollution control plan in the watershed or basin as a whole. In making such determinations, the Board is to seek the advice of local, regional, or state planning authorities.

(14) To establish requirements for the treatment of sewage, industrial wastes, and other wastes that are consistent with the purposes of this chapter; however, no treatment shall be less than secondary or its equivalent, unless the owner can demonstrate that a lesser degree of treatment is consistent with the purposes of this chapter.

(15) To promote and establish requirements for the reclamation and reuse of wastewater that are protective of state waters and public health as an alternative to directly discharging pollutants into waters of the state. The requirements shall address various potential categories of reuse and may include general permits and provide for greater flexibility and less stringent requirements commensurate with the quality of the reclaimed water and its intended use. The requirements shall be developed in consultation with the Department of Health and other appropriate state agencies. This authority shall not be construed as conferring upon the Board any power or duty duplicative of those of the State Board of Health.

(16) To establish and implement policies and programs to protect and enhance the Commonwealth's wetland resources. Regulatory programs shall be designed to achieve no net loss of existing wetland acreage and functions. Voluntary and incentive-based programs shall be developed to achieve a net resource gain in acreage and functions of wetlands. The Board shall seek and obtain advice and guidance from the Virginia Institute of Marine Science in implementing these policies and programs.

(17) To establish additional procedures for obtaining a Virginia Water Protection Permit pursuant to §§ [62.1-44.15:20](#) and [62.1-44.15:22](#) for a proposed water withdrawal involving the transfer of water resources between major river basins within the Commonwealth that may impact water basins in another state. Such additional procedures shall not apply to any water withdrawal in existence as of July 1, 2012, except where the expansion of such withdrawal requires a permit under §§ [62.1-44.15:20](#) and [62.1-44.15:22](#), in which event such additional procedures may apply to the extent of the expanded withdrawal only. The applicant shall provide as part of the application (i) an

analysis of alternatives to such a transfer, (ii) a comprehensive analysis of the impacts that would occur in the source and receiving basins, (iii) a description of measures to mitigate any adverse impacts that may arise, (iv) a description of how notice shall be provided to interested parties, and (v) any other requirements that the Board may adopt that are consistent with the provisions of this section and §§ [62.1-44.15:20](#) and [62.1-44.15:22](#) or regulations adopted thereunder. This subdivision shall not be construed as limiting or expanding the Board's authority under §§ [62.1-44.15:20](#) and [62.1-44.15:22](#) to issue permits and impose conditions or limitations on the permitted activity.

(18) To be the lead agency for the Commonwealth's nonpoint source pollution management program, including coordination of the nonpoint source control elements of programs developed pursuant to certain state and federal laws, including § 319 of the federal Clean Water Act and § 6217 of the federal Coastal Zone Management Act. Further responsibilities include the adoption of regulations necessary to implement a nonpoint source pollution management program in the Commonwealth, the distribution of assigned funds, the identification and establishment of priorities to address nonpoint source related water quality problems, the administration of the Statewide Nonpoint Source Advisory Committee, and the development of a program for the prevention and control of soil erosion, sediment deposition, and nonagricultural runoff to conserve Virginia's natural resources.

(19) To review for compliance with the provisions of this chapter the Virginia Erosion and Stormwater Management Programs adopted by localities pursuant to § [62.1-44.15:27](#), the Virginia Erosion and Sediment Control Programs adopted by localities pursuant to subdivision B 3 of § [62.1-44.15:27](#), and the programs adopted by localities pursuant to the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.). The Board shall develop and implement a schedule for conducting such program reviews as often as necessary but at least once every five years. Following the completion of a compliance review in which deficiencies are found, the Board shall establish a schedule for the locality to follow in correcting the deficiencies and bringing its program into compliance. If the locality fails to bring its program into compliance in accordance with the compliance schedule, then the Board is authorized to (i) issue a special order to any locality imposing a civil penalty not to exceed \$ 5,000 per violation with the maximum amount not to exceed \$ 50,000 per order for noncompliance with the state program, to be paid into the state treasury and deposited in the Stormwater Local Assistance Fund established in § [62.1-44.15:29.1](#) or (ii) with the consent of the locality, provide in an order issued against the locality for the payment of civil charges for violations in lieu of civil penalties, in

specific sums not to exceed the limit stated in this subdivision. Such civil charges shall be in lieu of any appropriate civil penalty that could be imposed under subsection (a) of § [62.1-44.32](#) and shall not be subject to the provisions of § [2.2-514](#). The Board shall not delegate to the Department its authority to issue special orders pursuant to clause (i). In lieu of issuing an order, the Board is authorized to take legal action against a locality pursuant to § [62.1-44.23](#) to ensure compliance.

**§62.1-44.15:01. Further duties of Board; localities particularly affected.**

A. After June 30, 1994, before promulgating any regulation under consideration or granting any variance to an existing regulation, or issuing any permit, if the Board finds that there are localities particularly affected by the regulation, variance or permit, the Board shall:

1. Publish, or require the applicant to publish, a notice in a local paper of general circulation in the localities affected at least 30 days prior to the close of any public comment period. Such notice shall contain a statement of the estimated local impact of the proposed action, which at a minimum shall include information on the specific pollutants involved and the total quantity of each that may be discharged.
2. Mail the notice to the chief elected official and chief administrative officer and planning district commission for those localities.

Written comments shall be accepted by the Board for at least 15 days after any hearing on the regulation, variance or permit, unless the Board votes to shorten the period.

For the purposes of this section, the term "locality particularly affected" means any locality that bears any identified disproportionate material water quality impact that would not be experienced by other localities.

B. On or after January 1, 2007, the Board shall ensure that all wetland inventory maps that identify the location of wetlands in the Commonwealth and that are maintained by the Board be made readily available to the public. The Board shall notify the circuit court clerk's office and other appropriate officials in each locality of the availability of the

wetland inventory maps and request that the locality provide information in the location where the land records of the locality are maintained on the availability of the wetland inventory maps as well as the potential Virginia Water Protection Permit requirements.

**§62.1-44.15:03. Disposal of fill; notice to locality.**

The Department shall establish a process whereby any person that receives coverage under the General Virginia Pollutant Discharge Elimination System Permit for Discharges of Stormwater from Construction Activities and that will be transporting fill from a project site for disposal as part of its land-disturbing activities shall disclose to the Department the following information, which the Department shall disclose to every locality where such fill will be disposed of: (i) the source of the fill to be disposed of, (ii) the contents of the fill, and (iii) the location of the disposal.

**§62.1-44.15:1. Limitation on power to require construction of sewerage systems or sewage or other waste treatment works; ammonia criteria.**

A. Nothing contained in this chapter shall be construed to empower the Board to require the Commonwealth, or any political subdivision thereof, or any authority created under the provisions of § [15.2-5102](#) or §§ [15.2-5152](#) through [15.2-5158](#), to construct any sewerage system, sewage treatment works, or water treatment plant waste treatment works or system necessary to (i) upgrade the present level of treatment in existing systems or works to abate existing pollution of state waters or (ii) expand a system or works to accommodate additional growth, unless the Board shall have previously committed itself to provide financial assistance from federal and state funds equal to the maximum amount provided for under § 8 or other applicable sections of the Federal Water Pollution Control Act, P.L. 84-660, as amended, or unless the Commonwealth or political subdivision or authority voluntarily agrees, or is directed by the Board with the concurrence of the Governor, to proceed with such construction, subject to reimbursement under § 8 or other applicable sections of such federal act.

The foregoing restriction shall not apply to those cases where existing sewerage systems or sewage or other waste treatment works cease to perform in accordance with their approved certificate requirements.

B. Nothing contained in this chapter shall be construed to empower the Board to require the Commonwealth, or any political subdivision thereof, to upgrade the level of treatment in any works to a level more stringent than that required by applicable provisions of the Federal Water Pollution Control Act, P.L. 84-660, as amended.

C. Nothing contained in this chapter shall be construed to empower the Board to adopt the 2013 proposed Aquatic Life Ambient Water Quality Criteria for Ammonia of the U.S. Environmental Protection Agency unless the Board includes in such adoption a phased implementation program consistent with the federal Clean Water Act (33 U.S.C. § 1251 et seq.) that includes (i) consideration of the relative priority of ammonia criteria and other water quality and water infrastructure needs of the local community, (ii) mechanisms to coordinate implementation timing with grant funding mechanisms pursuant to § [10.1-2131](#) and other treatment facility expansion and upgrade plans, (iii) appropriate long-term compliance schedules for facilities or classes of facilities utilizing multiple permit cycles, and (iv) appropriate mechanisms to address affordability limitations and financial hardship situations remaining notwithstanding the other elements of the phased implementation program.

**§62.1-44.15:1.1. Special orders; penalties.**

The Board is authorized to issue special orders in compliance with the Administrative Process Act (§ [2.2-4000](#) et seq.) requiring that an owner file with the Board a plan to abate, control, prevent, remove, or contain any substantial and imminent threat to public health or the environment that is reasonably likely to occur if such facility ceases operations. Such plan shall also include a demonstration of financial capability to implement the plan. Financial capability may be demonstrated by the establishment of an escrow account, the creation of a trust fund to be maintained within the Board, submission of a bond, corporate guarantee based upon audited financial statements, or such other instruments as the Board may deem appropriate. The Board may require that such plan and instruments be updated as appropriate. The Board shall give due consideration to any plan submitted by the owner in accordance with §§ [10.1-1309.1](#), [10.1-1410](#), and [10.1-1428](#), in determining the necessity for and suitability of any plan submitted under this section.

For the purposes of this section, "ceases operation" means to cease conducting the normal operation of a facility which is regulated under this chapter under circumstances

where it would be reasonable to expect that such operation will not be resumed by the owner at the facility. The term shall not include the sale or transfer of a facility in the ordinary course of business or a permit transfer in accordance with Board regulations.

Any person who ceases operations and who knowingly and willfully fails to implement a closure plan or to provide adequate funds for implementation of such plan shall, if such failure results in a significant harm or an imminent and substantial threat of significant harm to human health or the environment, be liable to the Commonwealth and any political subdivision thereof for the costs incurred in abating, controlling, preventing, removing, or containing such harm or threat.

Any person who ceases operations and who knowingly and willfully fails to implement a closure plan or to provide adequate funds for implementation of such plan shall, if such failure results in a significant harm or an imminent and substantial threat of significant harm to human health or the environment, be guilty of a Class 4 felony.

**§62.1-44.15:1.2. Lake level contingency plans.**

Any Virginia Pollutant Discharge Elimination System permit issued for a surface water impoundment whose primary purpose is to provide cooling water to power generators shall include a lake level contingency plan to allow specific reductions in the flow required to be released when the water level above the dam drops below designated levels due to drought conditions. The plan shall take into account and minimize any adverse effects of any release reduction requirements on beneficial uses, as defined in § [62.1-10](#), within the impoundment, and on downstream users. The reduction in release amounts required by a lake level contingency plan shall not be implemented to the extent they result in an adverse impact to (i) the ability to meet water quality standards based upon permitted discharge amounts, (ii) the ability to provide adequate water supplies for consumptive purposes such as drinking water and fire protection, and (iii) fish and wildlife resources. In the event there is an imminent threat of such an adverse impact, the permit holder and the Department of Environmental Quality shall be notified. Upon such notification, the permit holder may increase release amounts as specified in the permit for up to forty-eight hours or until such time as the Department of Environmental Quality determines whether or not the increase in release amounts is necessary. This section shall not apply to any such facility that addresses releases and flow requirements during drought conditions in a Virginia Water Protection Permit.

**§62.1-44.15:2. Extraordinary hardship program.**

There is hereby established a supplemental program of financial assistance for the construction of water quality control facilities by political subdivisions of the Commonwealth. All sums appropriated for this program shall be apportioned by the Board among the political subdivisions qualifying, to provide financial assistance in addition to that otherwise available to help relieve extraordinary hardship in local funding of the construction of such facilities.

1975, c. 339.

**§62.1-44.15:3. When application for permit considered complete.**

A. No application submitted to the Board for a new individual Virginia Pollutant Discharge Elimination permit authorizing a new discharge of sewage, industrial wastes, or other wastes shall be considered complete unless it contains notification from the county, city, or town in which the discharge is to take place that the location and operation of the discharging facility are consistent with applicable ordinances adopted pursuant to Chapter 22 (§ [15.2-2200](#) et seq.) of Title 15.2. The county, city, or town shall inform in writing the applicant and the Board of the discharging facility's compliance or noncompliance not more than thirty days from receipt by the chief administrative officer, or his agent, of a request from the applicant. Should the county, city, or town fail to provide such written notification within thirty days, the requirement for such notification is waived. The provisions of this subsection shall not apply to any discharge for which a valid certificate had been issued prior to March 10, 2000.

B. No application for a certificate to discharge sewage into or adjacent to state waters from a privately owned wastewater treatment system serving fifty or more residences shall be considered complete unless the applicant has provided the Executive Director with notification from the State Corporation Commission that the applicant is incorporated in the Commonwealth and is in compliance with all regulations and relevant orders of the State Corporation Commission.

**§62.1-44.15:4. Notification of local governments and property owners.**

A. Upon determining that there has been a violation of a regulation promulgated under this chapter and such violation poses an imminent threat to the health, safety or welfare of the public, the Executive Director shall immediately notify the chief administrative officer of any potentially affected local government. Neither the Executive Director, the

Commonwealth, nor any employee of the Commonwealth shall be liable for a failure to provide, or a delay in providing, the notification required by this subsection.

B. Upon receiving a nomination of a waterway or segment of a waterway for designation as an exceptional state water pursuant to the Board's antidegradation policy, as required by 40 C.F.R. § 131.12, the Board shall notify each locality in which the waterway or segment lies and shall make a good faith effort to provide notice to impacted riparian property owners. The written notice shall include, at a minimum: (i) a description of the location of the waterway or segment; (ii) the procedures and criteria for designation as well as the impact of designation; (iii) the name of the person making the nomination; and (iv) the name of a contact person at the Department of Environmental Quality who is knowledgeable about the nomination and the waterway or segment. Notice to property owners shall be based on names and addresses taken from local tax rolls. Such names and addresses shall be provided by the Commissioners of the Revenue or the tax assessor's office of the affected jurisdictions upon request by the Board. After receipt of the notice of the nomination localities shall be provided sixty days to comment on the consistency of the nomination with the locality's comprehensive plan.

C. Upon determining that a waterway or any segment of a waterway does not meet its water quality standard use designation as set out in the Board's regulations and as required by § 1313 (d) of the federal Clean Water Act (33 U.S.C. § 1251 et seq.) and 40 C.F.R. § 130.7 (b), the Board shall notify each locality in which the waterway or segment lies. The written notification shall include, at a minimum: (i) a description of the reasons the waters do not meet the water quality standard including specific parameters and criteria not met; (ii) a layman's description of the location of the waters; (iii) the known sources of the pollution; and (iv) the name of a contact person at the Department of Environmental Quality who is knowledgeable about the failure of the waterway or segment to meet the standards. After receipt of the notification, local governments shall have thirty days to comment.

D. Upon receipt of an application for the issuance of a new or modified permit other than those for agricultural production or aquacultural production activities, the Board shall notify, in writing, the locality wherein the discharge does or is proposed to take place of, at a minimum: (i) the name of the applicant; (ii) the nature of the application and proposed discharge; (iii) the availability and timing of any comment period; and (iv) upon request, any other information known to, or in the possession of, the Board or the Department regarding the applicant not required to be held confidential by this chapter. The

Board shall make a good faith effort to provide this same notice and information to (i) each locality and riparian property owner to a distance one quarter mile downstream and one quarter mile upstream or to the fall line whichever is closer on tidal waters, and (ii) each locality and riparian property owner to a distance one half mile downstream on non-tidal waters. Distances shall be measured from the point, or proposed point, of discharge. If the receiving river, at the point or proposed point of discharge, is two miles wide or greater, the riparian property owners on the opposite shore need not be notified. Notice to property owners shall be based on names and addresses taken from local tax rolls. Such names and addresses shall be provided by the Commissioners of the Revenue or the tax assessor's office of the affected jurisdictions upon request by the Board.

E. Upon the commencement of public notice of an enforcement action pursuant to this chapter, the Board shall notify, in writing, the locality where the alleged offense has or is taking place of: (i) the name of the alleged violator; (ii) the facts of the alleged violation; (iii) the statutory remedies for the alleged violation; (iv) the availability and timing of any comment period; and (v) the name of a contact person at the Department of Environmental Quality who is knowledgeable about the alleged violation.

F. The comment periods established in subsections B and C shall in no way impact a locality's ability to comment during any additional comment periods established by the Board.

Monthly notification to the Department of Health shall occur within one week from the last day of the previous month and shall include information on the location of the site of each confirmed release or discharge during the monthly reporting period. The reporting of such information shall begin for releases or discharges of oil that have been confirmed on and after January 1, 1999.

**§62.1-44.15:5.01. Coordinated review of water resources projects.**

A. Applications for water resources projects that require an individual Virginia Water Protection Permit and a Virginia Marine Resources permit under § [28.2-1205](#) shall be submitted and processed through a joint application and review process.

B. The Director and the Commissioner of the Virginia Marine Resources Commission, in consultation with the Virginia Institute of Marine Science, the Department of Wildlife Resources, the Department of Historic Resources, the Department of Health, the Department of Conservation and Recreation, the Virginia Department of Agriculture and Consumer Services, and any other appropriate or interested state agency, shall coordinate the joint review process to ensure the orderly evaluation of projects requiring both permits.

C. The joint review process shall include, but not be limited to, provisions to ensure that: (i) the initial application for the project shall be advertised simultaneously by the Department of Environmental Quality and the Virginia Marine Resources Commission; (ii) project reviews shall be completed by all state agencies that have been asked to review and provide comments within 45 days of project notification by the Department of Environmental Quality and the Virginia Marine Resources Commission; (iii) the Board and the Virginia Marine Resources Commission shall coordinate permit issuance and, to the extent practicable, shall take action on the permit application no later than one year after the agencies have received complete applications; (iv) to the extent practicable, the Board and the Virginia Marine Resources Commission shall take action concurrently, but no more than six months apart; and (v) upon taking its final action on each permit, the Board and the Virginia Marine Resources Commission shall provide each other with notification of their actions and any and all supporting information, including any background materials or exhibits used in the application. Any state agency asked to review and provide comments in accordance with clause (ii) shall provide such comments within 45 days of project notification by the Department of Environmental Quality and the Virginia Marine Resources Commission or be deemed to have waived its right to provide comment.

D. If requested by the applicant, the Department of Environmental Quality shall convene a preapplication review panel to assist applicants for water resources projects in the early identification of issues related to the protection of beneficial instream and offstream uses of state waters. The Virginia Marine Resources Commission, the Virginia Institute of Marine Science, the Department of Wildlife Resources, the Department of Conservation and Recreation, and the Department of Environmental Quality shall participate

in the preapplication review panel by providing information and guidance on the potential natural resource impacts and regulatory implications of the options being considered by the applicant. However, the participation by these agencies in such a review process shall not limit any authority they may exercise pursuant to state and federal laws or regulations.

**§62.1-44.15:5.02. Low-flow protections in Potomac River.**

A. Virginia Water Protection Permits issued after July 1, 2007, authorizing withdrawal of water from the Potomac River or its tributaries between the West Virginia border and Little Falls for any purpose other than municipal water supply, shall incorporate low-flow protection requirements if the maximum consumptive use allowed by the permit exceeds 500,000 gallons per day. Such permits shall require that the permittee provide or secure sufficient offstream storage to augment instream flow during low-flow periods in an amount equal to the amount that the permittee's consumptive use exceeds 500,000 gallons per day. The permit shall specify the instream flow volume at which low-flow protection is to be implemented.

B. Permittees may comply with the requirements of this section by: (i) constructing or acquiring facilities for offstream storage of water that may be used to replace their consumptive use withdrawals exceeding 500,000 gallons per day during low-flow periods; (ii) purchasing storage capacity in facilities owned by another entity, sufficient to replace their consumptive use withdrawals exceeding 500,000 gallons per day during low-flow periods; or (iii) agreeing to a permit condition limiting consumptive use to not more than 500,000 gallons per day during low-flow periods as designated in the permit.

C. No owner who holds a Virginia Water Protection Permit as described in this section shall withdraw water for consumptive use in excess of 500,000 gallons per day, except in compliance with permit requirements for low-flow augmentation.

D. Should the implementation of emergency measures pursuant to applicable law, regulation, or interjurisdictional agreement require more stringent temporary restrictions on consumptive use, those requirements shall override the provisions of permits issued pursuant to this section during the period that such requirements are in effect.

E. The requirements of this section shall not apply to the reissuance or amendment of any Virginia Water Protection Permit issued prior to July 1, 2007, unless such reissuance or amendment: (i) authorizes an increase in the permitted withdrawal in excess

of 500,000 gallons per day for consumptive use; or (ii) authorizes a change from non-consumptive to consumptive use, in excess of 500,000 gallons per day.

**§62.1-44.15:5.1. General permit for certain water quality improvement activities.**

A. The Board shall coordinate the development of a general permit for activities such as bioengineered streambank stabilization projects and livestock stream crossings that: (i) are coverable by the Nationwide Permit Program (33 C.F.R. Part 330) of the United States Army Corps of Engineers and for which certification has not been waived by the Board; (ii) are conservation practices designed and supervised by a soil and water conservation district; (iii) meet the design standards of the Department of Conservation and Recreation and the United States Department of Agriculture's Natural Resource Conservation Service; and (iv) are intended to improve water quality. The development of the general permit shall be exempt from Article 2 (§ [2.2-4006](#) et seq.) of the Administrative Process Act.

B. The development of the general permit shall be a coordinated effort between the Department of Environmental Quality, the Virginia Marine Resources Commission and such other agencies as may be needed to develop a single, unified, process that will expedite the implementation of the projects described in subsection A and unify and streamline the permitting process for such projects.

C. A general permit pursuant to this section shall be promulgated as final by July 1, 1998.

B. The pretreatment standards adopted by the Board shall require any industrial user of a publicly owned treatment works that receives and cleans, repairs, refurbishes, or processes any equipment, parts, or media used to treat any water or wastewater from any off-site manufacturing process that the industrial user knows or reasonably should know uses PFAS chemicals to test its wastestream for PFAS chemicals prior to and after cleaning, repairing, refurbishing, or processing such items. The results of such tests shall be transmitted to the receiving publicly owned treatment works within three days of receipt of the test results by the industrial user of the publicly owned treatment works.

**§62.1-44.15:6. Permit fee regulations.**

A. The Board shall promulgate regulations establishing a fee assessment and collection system to recover a portion of the State Water Control Board's, the Department of Wildlife Resources' and the Department of Conservation and Recreation's direct and indirect costs associated with the processing of an application to issue, reissue, amend or modify any permit or certificate, which the Board has authority to issue under this chapter and Chapters 24 (§ [62.1-242](#) et seq.) and 25 (§ [62.1-254](#) et seq.) of this title, from the applicant for such permit or certificate for the purpose of more efficiently and expeditiously processing permits. The fees shall be exempt from statewide indirect costs charged and collected by the Department of Accounts. The Board shall have no authority to charge such fees where the authority to issue such permits has been delegated to another agency that imposes permit fees.

B1. Permit fees charged an applicant for a Virginia Pollutant Discharge Elimination System permit or a Virginia Pollution Abatement permit shall reflect the average time and complexity of processing a permit in each of the various categories of permits and permit actions. However, notwithstanding any other provision of law, in no instance shall the Board charge a fee for a permit pertaining to a farming operation engaged in production

for market or for a permit pertaining to maintenance dredging for federal navigation channels or other Corps of Engineers- or Department of the Navy-sponsored dredging projects or for the regularly scheduled renewal of an individual permit for an existing facility. Fees shall be charged for a major modification or reissuance of a permit initiated by the permittee that occurs between permit issuance and the stated expiration date. No fees shall be charged for a modification or amendment made at the Board's initiative. In no instance shall the Board exceed the following amounts for the processing of each type of permit/certificate category:

The fee for the major modification of a permit or certificate that occurs between the permit issuance and expiration dates shall be 50 percent of the maximum amount established by this subsection. No fees shall be charged for minor modifications or minor amendments to such permits. For the purpose of this subdivision, "minor modifications" or

"minor amendments" means specific types of changes defined by the Board that are made to keep the permit current with routine changes to the facility or its operation that do not require extensive review. A minor permit modification or amendment does not substantially alter permit conditions, increase the size of the operation, or reduce the capacity of the facility to protect human health or the environment.

B2. Each permitted facility shall pay a permit maintenance fee to the Board by October 1 of each year, not to exceed the following amounts:

Type of Permit/Certificate Category	Maximum Amount

An additional permit maintenance fee of \$1,000 shall be collected from facilities in a toxics management program and an additional permit maintenance fee shall be collected from facilities that have more than five process wastewater discharge outfalls. Permit maintenance fees shall be collected annually and shall be remitted by October 1 of each year. For a local government or public service authority with permits for multiple facilities in a single jurisdiction, the permit maintenance fees for permits held as of April 1, 2004, shall not exceed \$20,000 per year. No permit maintenance fee shall be assessed for

facilities operating under a general permit or for permits pertaining to a farming operation engaged in production for market.

B3. Permit application fees charged for Virginia Water Protection Permits, ground water withdrawal permits, and surface water withdrawal permits shall reflect the average time and complexity of processing a permit in each of the various categories of permits and permit actions and the size of the proposed impact. Only one permit fee shall be assessed for a water protection permit involving elements of more than one category of permit fees under this section. The fee shall be assessed based upon the primary purpose of the proposed activity. In no instance shall the Board charge a fee for a permit pertaining to maintenance dredging for federal navigation channels or other U.S. Army Corps of Engineers- or Department of the Navy-sponsored dredging projects, and in no instance shall the Board exceed the following amounts for the processing of each type of permit/certificate category:

General-greater than 1/2 to one acre impact	\$1,200
General-greater than one acre to two acres of impact	\$120 per 1/10 acre of impact
2. Ground Water Withdrawal	\$9,000
3. Surface Water Withdrawal	\$12,000

No fees shall be charged for minor modifications or minor amendments to such permits. For the purpose of this subdivision, "minor modifications" or "minor amendments" means specific types of changes defined by the Board that are made to keep the permit current

with routine changes to the facility or its operation that do not require extensive review. A minor permit modification or amendment does not substantially alter permit conditions, increase the size of the operation, or reduce the capacity of the facility to protect human health or the environment.

C. When promulgating regulations establishing permit fees, the Board shall take into account the permit fees charged in neighboring states and the importance of not placing existing or prospective industries in the Commonwealth at a competitive disadvantage.

D. Beginning January 1, 1998, and January 1 of every even-numbered year thereafter, the Board shall make a report on the implementation of the water permit program to the Senate Committee on Agriculture, Conservation and Natural Resources, the Senate Committee on Finance and Appropriations, the House Committee on Appropriations, the House Committee on Agriculture, Chesapeake and Natural Resources and the House Committee on Finance. The report shall include the following: (i) the total costs, both direct and indirect, including the costs of overhead, water quality planning, water quality assessment, operations coordination, and surface water and ground water investigations, (ii) the total fees collected by permit category, (iii) the amount of general funds allocated to the Board, (iv) the amount of federal funds received, (v) the Board's use of the fees, the general funds, and the federal funds, (vi) the number of permit applications received by category, (vii) the number of permits issued by category, (viii) the progress in eliminating permit backlogs, (ix) the timeliness of permit processing, and (x) the direct and indirect costs to neighboring states of administering their water permit programs, including what activities each state categorizes as direct and indirect costs, and the fees charged to the permit holders and applicants.

E. Fees collected pursuant to this section shall not supplant or reduce in any way the general fund appropriation to the Board.

F. Permit fee schedules shall apply to permit programs in existence on July 1, 1992, any additional permits that may be required by the federal government and administered by the Board, or any new permit required pursuant to any law of the Commonwealth.

G. The Board is authorized to promulgate regulations establishing a schedule of reduced permit fees for facilities that have established a record of compliance with the terms and requirements of their permits and shall establish criteria by regulation to provide for reductions in the annual fee amount assessed for facilities accepted into the Department's programs to recognize excellent environmental performance.

**§62.1-44.15:7. Permit Program Fund established; use of moneys.**

A. There is hereby established a special, nonreverting fund in the state treasury to be known as the State Water Control Board Permit Program Fund, hereafter referred to as the Fund. Notwithstanding the provisions of § [2.2-1802](#), all moneys collected pursuant to § [62.1-44.15:6](#) shall be paid into the state treasury to the credit of the Fund.

B. Any moneys remaining in the Fund shall not revert to the general fund but shall remain in the Fund. Interest earned on such moneys shall remain in the Fund and be credited to it.

C. The Board is authorized and empowered to release moneys from the Fund, on warrants issued by the State Comptroller, for the purposes of recovering portions of the costs of processing applications under this chapter and Chapters 24 (§ [62.1-242](#) et seq.) and 25 (§ [62.1-254](#) et seq.) of this title under the direction of the Executive Director.

D. An accounting of moneys received by and distributed from the Fund shall be kept by the State Comptroller and furnished upon request to the Governor or the General Assembly.

1992, cc. 621, 657.

**§62.1-44.15:8. Conformance with federal requirements.**

Notwithstanding the provisions of this article, any fee system developed by the Board may be modified by regulation promulgated by the Board, as may be necessary to conform with the requirements of the federal Clean Water Act and any regulations promulgated thereunder. Any modification imposed under this section shall be submitted to the members of the Senate Committees on Agriculture, Conservation and Natural Resources, and on Finance and Appropriations; and the House Committees on Appropriations, Conservation and Natural Resources, and Finance.

1992, cc. 621, 657.

**§62.1-44.15:20. Virginia Water Protection Permit.**

A. Except in compliance with an individual or general Virginia Water Protection Permit issued in accordance with this article, it shall be unlawful to:

1. Excavate in a wetland;
2. On or after October 1, 2001, conduct the following in a wetland:

- a. New activities to cause draining that significantly alters or degrades existing wetland acreage or functions;
- b. Filling or dumping;
- c. Permanent flooding or impounding; or
- d. New activities that cause significant alteration or degradation of existing wetland acreage or functions; or

3. Alter the physical, chemical, or biological properties of state waters and make them detrimental to the public health, animal or aquatic life, or to the uses of such waters for domestic or industrial consumption, or for recreation, or for other uses unless authorized by a certificate issued by the Board.

B. The Board shall, after providing an opportunity for public comment, issue a Virginia Water Protection Permit if it has determined that the proposed activity is consistent with the provisions of the Clean Water Act and the State Water Control Law and will protect instream beneficial uses.

C. Prior to the issuance of a Virginia Water Protection Permit, the Board shall consult with and give full consideration to any relevant information contained in the state water supply plan described in subsection A of § [62.1-44.38:1](#) as well as to the written recommendations of the following agencies: the Department of Wildlife Resources, the Department of Conservation and Recreation, the Virginia Marine Resources Commission, the Department of Health, the Department of Agriculture and Consumer Services, and any other interested and affected agencies. When considering the state water supply plan, nothing shall be construed to limit the operation or expansion of an electric generation facility located on a man-made lake or impoundment built for the purpose of providing cooling water to such facility. Such consultation shall include the need for balancing instream uses with offstream uses. Agencies may submit written comments on proposed permits within 45 days after notification by the Board. If written comments are not submitted by an agency within this time period, the Board shall assume that the agency has no comments on the proposed permit and deem that the agency has waived its right to comment. After the expiration of the 45-day period, any such agency shall have no further opportunity to comment.

D. Issuance of a Virginia Water Protection Permit shall constitute the certification required under § 401 of the Clean Water Act, except for any applicant to the Federal Energy Regulatory Commission for a certificate of public convenience and necessity

pursuant to § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)) to construct any natural gas transmission pipeline greater than 36 inches inside diameter, in which case issuance of a Virginia Water Protection Permit pursuant to this article and a certification issued pursuant to Article 2.6 (§ [62.1-44.15:80](#) et seq.) shall together constitute the certification required under § 401 of the federal Clean Water Act.

E. No locality may impose wetlands permit requirements duplicating state or federal wetlands permit requirements. In addition, no locality shall impose or establish by ordinance, policy, plan, or any other means provisions related to the location of wetlands or stream mitigation in satisfaction of aquatic resource impacts regulated under a Virginia Water Protection Permit or under a permit issued by the U.S. Army Corps of Engineers pursuant to § 404 of the Clean Water Act. However, a locality's determination of allowed uses within zoning classifications or its approval of the siting or construction of wetlands or stream mitigation banks or other mitigation projects shall not be affected by the provisions of this subsection.

F. The Board shall assess compensation implementation, inventory permitted wetland impacts, and work to prevent unpermitted impacts to wetlands.

2007, c. [659](#); 2010, c. [233](#); 2011, cc. [829](#), [842](#); 2012, c. [628](#); 2018, c. [636](#); 2020, c. [958](#).

#### **§62.1-44.15:21. Impacts to wetlands.**

A. Permits shall address avoidance and minimization of wetland impacts to the maximum extent practicable. A permit shall be issued only if the Board finds that the effect of the impact, together with other existing or proposed impacts to wetlands, will not cause or contribute to a significant impairment of state waters or fish and wildlife resources.

B. Permits shall contain requirements for compensating impacts on wetlands. Such compensation requirements shall be sufficient to achieve no net loss of existing wetland acreage and functions and may be met through (i) wetland creation or restoration, (ii) purchase or use of mitigation bank credits pursuant to § [62.1-44.15:23](#), (iii) contribution to the Wetland and Stream Replacement Fund established pursuant to § [62.1-44.15:23.1](#) to provide compensation for impacts to wetlands, streams, or other state waters that occur in areas where neither mitigation bank credits nor credits from a Board-approved fund that have met the success criteria are available at the time of permit application, or (iv) contribution to a Board-approved fund dedicated to achieving no net loss of wetland acreage and functions. The Board shall evaluate the appropriate compensatory mitigation option on a case-by-case basis with consideration for which option is practicable and ecologically and environmentally preferable, including, in terms of

replacement of acreage and functions, which option offers the greatest likelihood of success and avoidance of temporal loss of acreage and function. This evaluation shall be consistent with the U.S. Army Corps of Engineers Compensatory Mitigation for Losses of Aquatic Resources (33 C.F.R. Part 332). When utilized in conjunction with creation, restoration, or mitigation bank credits, compensation may incorporate (a) preservation or restoration of upland buffers adjacent to wetlands or other state waters or (b) preservation of wetlands.

C. The Board shall utilize the U.S. Army Corps of Engineers' "Wetlands Delineation Manual, Technical Report Y-87-1, January 1987, Final Report" as the approved method for delineating wetlands. The Board shall adopt appropriate guidance and regulations to ensure consistency with the U.S. Army Corps of Engineers' implementation of delineation practices. The Board shall also adopt guidance and regulations for review and approval of the geographic area of a delineated wetland. Any such approval of a delineation shall remain effective for a period of five years; however, if the Board issues a permit pursuant to this article for an activity in the delineated wetland within the five-year period, the approval shall remain effective for the term of the permit. Any delineation accepted by the U.S. Army Corps of Engineers as sufficient for its exercise of jurisdiction pursuant to § 404 of the Clean Water Act shall be determinative of the geographic area of that delineated wetland.

D. The Board shall develop general permits for such activities in wetlands as it deems appropriate. General permits shall include such terms and conditions as the Board deems necessary to protect state waters and fish and wildlife resources from significant impairment. The Board is authorized to waive the requirement for a general permit or deem an activity in compliance with a general permit when it determines that an isolated wetland is of minimal ecological value. The Board shall develop general permits for:

1. Activities causing wetland impacts of less than one-half of an acre;
2. Facilities and activities of utilities and public service companies regulated by the Federal Energy Regulatory Commission or State Corporation Commission, except for construction of any natural gas transmission pipeline that is greater than 36 inches inside diameter pursuant to a certificate of public convenience and necessity under § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)). No Board action on an individual or general permit for such facilities shall alter the siting determination made through Federal Energy Regulatory Commission or State Corporation Commission approval. The Board and the State Corporation Commission shall develop a memorandum of

agreement pursuant to §§ [56-46.1](#), [56-265.2](#), [56-265.2:1](#), and [56-580](#) to ensure that consultation on wetland impacts occurs prior to siting determinations;

3. Coal, natural gas, and coalbed methane gas mining activities authorized by the Department of Energy, and sand mining;

4. Virginia Department of Transportation or other linear transportation projects; and

5. Activities governed by nationwide or regional permits approved by the Board and issued by the U.S. Army Corps of Engineers. Conditions contained in the general permits shall include, but not be limited to, filing with the Board any copies of pre-construction notification, postconstruction report, and certificate of compliance required by the U.S. Army Corps of Engineers.

E. Within 15 days of receipt of an individual permit application, the Board shall review the application for completeness and either accept the application or request additional specific information from the applicant. Provided the application is not administratively withdrawn, the Board shall, within 120 days of receipt of a complete application, issue the permit, issue the permit with conditions, deny the permit, or decide to conduct a public meeting or hearing. If a public meeting or hearing is held, it shall be held within 60 days of the decision to conduct such a proceeding, and a final decision as to the permit shall be made within 90 days of completion of the public meeting or hearing. A permit application may be administratively withdrawn from processing by the Board if the application is incomplete or for failure by the applicant to provide the required information after 60 days from the date of the latest written information request made by the Board. Such administrative withdrawal shall occur after the Board has provided (i) notice to the applicant and (ii) an opportunity for an informal fact-finding proceeding pursuant to § [2.2-4019](#). An applicant may request a suspension of application review by the Board. A submission by the applicant making such a request shall not preclude the Board from administratively withdrawing an application. Resubmittal of a permit application for the same or similar project, after such time that the original permit application was administratively withdrawn, shall require submittal of an additional permit application fee and may be subject to additional notice requirements. In addition, for an individual permit application related to an application to the Federal Energy Regulatory Commission for a certificate of public convenience and necessity pursuant to § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)) for construction of any natural gas transmission pipeline greater than 36 inches inside diameter, the Board shall complete its consideration within the one-year period established under 33 U.S.C. § 1341(a).

F. Within 15 days of receipt of a general permit coverage application, the Board shall review the application for completeness and either accept the application or request additional specific information from the applicant. Provided the application is not administratively withdrawn, the Board shall, within 45 days of receipt of a complete application, deny, approve, or approve with conditions any application for coverage under a general permit within 45 days of receipt of a complete preconstruction application. The application shall be deemed approved if the Board fails to act within 45 days. A permit coverage application may be administratively withdrawn from processing by the Board if the application is incomplete or for failure by the applicant to provide the required information after 60 days from the date of the latest written application request made by the Board. Such administrative withdrawal shall occur after the Board has provided (i) notice to the applicant and (ii) an opportunity for an informal fact-finding proceeding pursuant to § [2.2-4019](#). An applicant may request suspension of an application review by the Board. A submission by the applicant making such a request shall not preclude the Board from administratively withdrawing an application. Resubmittal of a permit coverage application for the same or similar project, after such time that the original permit application was administratively withdrawn, shall require submittal of an additional permit application fee and may be subject to additional notice requirements.

G. No Virginia Water Protection Permit shall be required for impacts to wetlands caused by activities governed under Chapter 13 (§ [28.2-1300](#) et seq.) of Title 28.2 or normal agricultural activities or normal silvicultural activities. This section shall also not apply to normal residential gardening, lawn and landscape maintenance, or other similar activities that are incidental to an occupant's ongoing residential use of property and of minimal ecological impact. The Board shall develop criteria governing this exemption and shall specifically identify the activities meeting these criteria in its regulations.

H. No Virginia Water Protection Permit shall be required for impacts caused by the construction or maintenance of farm or stock ponds, but other permits may be required pursuant to state and federal law. For purposes of this exclusion, farm or stock ponds shall include all ponds and impoundments that do not fall under the authority of the Virginia Soil and Water Conservation Board pursuant to Article 2 (§ [10.1-604](#) et seq.) of Chapter 6 pursuant to normal agricultural or silvicultural activities.

I. No Virginia Water Protection Permit shall be required for wetland and open water impacts to a stormwater management facility that was created on dry land for the purpose of conveying, treating, or storing stormwater, but other permits may be required

pursuant to local, state, or federal law. The Department shall adopt guidance to ensure that projects claiming this exemption create no more than minimal ecological impact.

J. An individual Virginia Water Protection Permit shall be required for impacts to state waters for the construction of any natural gas transmission pipeline greater than 36 inches inside diameter pursuant to a certificate of public convenience and necessity under § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)). For purposes of this subsection:

1. Each wetland and stream crossing shall be considered as a single and complete project; however, only one individual Virginia Water Protection Permit addressing all such crossings shall be required for any such pipeline. Notwithstanding the requirement for only one such individual permit addressing all such crossings, individual review of each proposed water body crossing with an upstream drainage area of five square miles or greater shall be performed.

2. All pipelines shall be constructed in a manner that minimizes temporary and permanent impacts to state waters and protects water quality to the maximum extent practicable, including by the use of applicable best management practices that the Board determines to be necessary to protect water quality.

3. The Department shall assess an administrative charge to any applicant for such project to cover the direct costs of services rendered associated with its responsibilities pursuant to this subsection. This administrative charge shall be in addition to any fee assessed pursuant to § [62.1-44.15:6](#).

**§62.1-44.15:22. (For contingent expiration date, see Acts 2021, Sp. Sess. I, c. 100)**

**Water withdrawals and preservation of instream flow.**

A. Conditions contained in a Virginia Water Protection Permit may include but are not limited to the volume of water which may be withdrawn as a part of the permitted activity and conditions necessary to protect beneficial uses. Domestic and other existing beneficial uses shall be considered the highest priority uses.

B. Notwithstanding any other provision, no Virginia Water Protection Permit shall be required for any water withdrawal in existence on July 1, 1989; however, a permit shall be required if a new § 401 certification is required to increase a withdrawal. No Virginia Water Protection Permit shall be required for any water withdrawal not in existence on

July 1, 1989, if the person proposing to make the withdrawal received a § 401 certification before January 1, 1989, with respect to installation of any necessary withdrawal structures to make such withdrawal; however, a permit shall be required before any such withdrawal is increased beyond the amount authorized by the certification.

C. The Board may issue an Emergency Virginia Water Protection Permit for a new or increased withdrawal when it finds that because of drought there is an insufficient public drinking water supply that may result in a substantial threat to human health or public safety. Such a permit may be issued to authorize the proposed activity only after conservation measures mandated by local or state authorities have failed to protect public health and safety and notification of the agencies designated in § [62.1-44.15:20](#) C and only for the amount of water necessary to protect public health and safety. These agencies shall have five days to provide comments or written recommendations on the issuance of the permit. Notwithstanding the provisions of § [62.1-44.15:20](#) B, no public comment shall be required prior to issuance of the emergency permit. Not later than 14 days after the issuance of the emergency permit, the permit holder shall apply for a Virginia Water Protection Permit authorized under the other provisions of this section. The application for the Virginia Water Protection Permit shall be subject to public comment for a period established by the Board. Any Emergency Virginia Water Protection Permit issued under this section shall be valid until the Board approves or denies the subsequent request for a Virginia Water Protection Permit or for a period of one year, whichever occurs sooner. The fee for the emergency permit shall be 50 percent of the fee charged for a comparable Virginia Water Protection Permit.

2007, c. [659](#).

**§62.1-44.15:22. (For contingent effective date, see Acts 2021, Sp. Sess. I, c. 100)**

**Water withdrawals and preservation of instream flow.**

A. 1. Conditions contained in a Virginia Water Protection Permit may include the volume of water that may be withdrawn as a part of the permitted activity and conditions necessary to protect beneficial uses. Domestic and other existing beneficial uses shall be considered the highest priority uses.

2. Every application for a Virginia Water Protection Permit for a surface water withdrawal shall include a (i) water auditing plan and (ii) leak detection and repair plan. Both such plans shall comply with requirements established by the Board in regulations. The Board shall approve every water auditing plan and leak detection and repair plan that complies with such regulatory requirements. Once approved by the Board, such water

auditing plan and leak detection and repair plan shall be incorporated by reference as a condition in the Virginia Water Protection Permit. The Board shall not issue a Virginia Water Protection Permit for a surface water withdrawal without an approved water auditing plan and an approved leak detection and repair plan.

B. Notwithstanding any other provision of law, no Virginia Water Protection Permit shall be required for any water withdrawal in existence on July 1, 1989; however, a permit shall be required if a new § 401 certification is required to increase a withdrawal. No Virginia Water Protection Permit shall be required for any water withdrawal not in existence on July 1, 1989, if the person proposing to make the withdrawal received a § 401 certification before January 1, 1989, with respect to installation of any necessary withdrawal structures to make such withdrawal; however, a permit shall be required before any such withdrawal is increased beyond the amount authorized by the certification.

C. The Board may issue an Emergency Virginia Water Protection Permit for a new or increased withdrawal when it finds that because of drought there is an insufficient public drinking water supply that may result in a substantial threat to human health or public safety. Such a permit may be issued to authorize the proposed activity only after conservation measures mandated by local or state authorities have failed to protect public health and safety and notification of the agencies designated in subsection C of § [62.1-44.15:20](#) and only for the amount of water necessary to protect public health and safety. Such agencies shall have five days to provide comments or written recommendations on the issuance of the permit. Notwithstanding the provisions of subsection B of § [62.1-44.15:20](#), no public comment shall be required prior to issuance of the emergency permit. Not later than 14 days after the issuance of the emergency permit, the permit holder shall apply for a Virginia Water Protection Permit authorized under other provisions of this section. The application for such Virginia Water Protection Permit shall be subject to public comment for a period established by the Board. Any Emergency Virginia Water Protection Permit issued under this section shall be valid until the Board approves or denies the subsequent request for a Virginia Water Protection Permit or for a period of one year, whichever occurs sooner. The fee for the emergency permit shall be 50 percent of the fee charged for a comparable Virginia Water Protection Permit.

2007, c. [659](#); 2021, Sp. Sess. I, c. [100](#).

**§62.1-44.15:23. Wetland and stream mitigation banks.**

A. For purposes of this section:

"Physiographic province" means one of the five physiographic provinces of Virginia designated as the Appalachian Plateaus, Blue Ridge, Coastal Plain, Piedmont, and Ridge and Valley physiographic provinces as identified on Figure 2 in the Overview of the Physiography and Vegetation of Virginia prepared by the Department of Conservation and Recreation, Division of Natural Heritage and dated February 2016. The Department of Environmental Quality may adjust the boundaries of a physiographic province to reflect site-specific boundaries based on relative elevation, relief, geomorphology, and lithology provided by the bank sponsor.

"Primary service area" means the fourth order subbasin in which the bank is located, as defined by the hydrologic unit boundaries of the National Watershed Boundary Dataset or the hydrologic unit system or dataset utilized and depicted or described in the bank's approved mitigation banking instrument, and any adjacent fourth order subbasin within the same river watershed.

"River watershed" means the Potomac River Basin; Shenandoah River Basin; James River Basin; Rappahannock River Basin; Roanoke and Yadkin Rivers Basin; Chowan River Basin, including the Dismal Swamp and Albemarle Sound; Tennessee River Basin/Big Sandy River Basin Complex; Chesapeake Bay and its Small Coastal Basins; Atlantic Ocean; York River Basin; and New River Basin.

"Secondary service area" means the area outside the primary service area but within the same physiographic province in which the bank is located and any adjacent physiographic province within the same river watershed.

"Tree canopy" includes all of the area of canopy coverage by self-supporting and healthy woody plant material exceeding five feet in height.

B. When a Virginia Water Protection Permit is conditioned upon compensatory mitigation for adverse impacts to wetlands or streams, the applicant may be permitted to satisfy all or part of such mitigation requirements by the purchase or use of credits from any wetland or stream mitigation bank in the Commonwealth, or in Maryland on property wholly surrounded by and located in the Potomac River if the mitigation banking instrument provides that the Board shall have the right to enter and inspect the property and that the mitigation bank instrument and the contract for the purchase or use of such credits may be enforced in the courts of the Commonwealth, including any banks owned by the permit applicant, that has been approved and is operating in accordance with applicable federal and state guidance, laws, or regulations for the establishment, use, and operation of mitigation banks as long as (i) the impacted site is located in the bank's

primary or secondary service area as provided in subsection C or it meets all the conditions found in clauses (a) through (d) and either clause (e) or (f); (ii) the bank is ecologically preferable to practicable onsite and offsite individual mitigation options as defined by federal wetland regulations; and (iii) the banking instrument, if approved after July 1, 1996, has been approved by a process that included public review and comment. When the impacted site is not located in the bank's primary or secondary service area, the purchase or use of credits shall not be allowed unless the applicant demonstrates to the satisfaction of the Department of Environmental Quality that (a) the impacts will occur as a result of a Virginia Department of Transportation linear project or as the result of a locality project for a locality whose jurisdiction encompasses multiple river watersheds; (b) there is no practical same river watershed mitigation alternative; (c) the impacts are less than one acre in a single and complete project within a subbasin; (d) there is no significant harm to water quality or fish and wildlife resources within the river watershed of the impacted site; and either (e) impacts within the Chesapeake Bay watershed are mitigated within the Chesapeake Bay watershed as close as possible to the impacted site or (f) impacts within subbasins 02080108, 02080208, and 03010205, as defined by the National Watershed Boundary Dataset, are mitigated in-kind within those subbasins, as close as possible to the impacted site. For the purposes of this subsection, the hydrologic unit boundaries of the National Watershed Boundary Dataset or other hydrologic unit system may be adjusted by the Department of Environmental Quality to reflect site-specific geographic or hydrologic information provided by the bank sponsor.

C. For impacts to a site for which no credits are available to purchase (i) in the primary service area of any mitigation provider or (ii) at a price below 200 percent of the current price of credits applicable to that site from a Board-approved fund dedicated to achieving no net loss of wetland acreage and functions, a permit applicant may be permitted to purchase or use credits from the secondary service area of a mitigation provider to satisfy all or any part of such applicant's mitigation requirements. For purposes of this subsection, the permit applicant shall provide a determination of credit availability and credit price no later than the time such applicant submits to the Department (a) its proof of credit acquisition or (b) a later change to such proof.

If a permit applicant purchases or uses credits from a secondary service area, the permit applicant shall:

1. Acquire three times the credits it would have had to acquire from a bank in the primary service area for wetland impacts and two times the number of credits it would have had to acquire in the primary service area for stream impacts;

2. When submitting proof of acquisition of credits for a subdivision or development, provide to the Department a plan that the permit applicant will implement that is certified by a licensed professional engineer, surveyor, or landscape architect for the planting, preservation, or replacement of trees on the development site such that the minimum tree canopy percentage 20 years after development is projected to be as follows:

a. Ten percent tree canopy for a site zoned for business, commercial, or industrial use;

b. Ten percent tree canopy for a residential site zoned for 20 or more units per acre;

c. Fifteen percent tree canopy for a residential site zoned for more than eight but fewer than 20 units per acre;

d. Twenty percent tree canopy for a residential site zoned for more than four but not more than eight units per acre;

e. Twenty-five percent tree canopy for a residential site zoned for more than two but not more than four units per acre; and

f. Thirty percent tree canopy for a residential site zoned for two or fewer units per acre.

For a mixed-use development, the tree canopy percentage required pursuant to this subdivision shall be that which is applicable to the predominant use.

The tree canopy requirements established under this subsection shall not supersede any additional requirements imposed by a locality pursuant to § [15.2-961](#) or [15.2-961.1](#).

D. The Department is authorized to serve as a signatory to agreements governing the operation of mitigation banks. The Commonwealth and its officials, agencies, and employees shall not be liable for any action taken under any agreement developed pursuant to such authority.

E. State agencies and localities are authorized to purchase credits from mitigation banks.

F. A locality may establish, operate and sponsor wetland or stream single-user mitigation banks within the Commonwealth that have been approved and are operated in accordance with the requirements of subsection B, provided that such single-user banks may only be considered for compensatory mitigation for the sponsoring locality's

municipal, joint municipal or governmental projects. For the purposes of this subsection, the term "sponsoring locality's municipal, joint municipal or governmental projects" means projects for which the locality is the named permittee, and for which there shall be no third-party leasing, sale, granting, transfer, or use of the projects or credits. Localities may enter into agreements with private third parties to facilitate the creation of privately sponsored wetland and stream mitigation banks having service areas developed through the procedures of subsection B.

G. Notwithstanding any provision of this section restricting the location of the source of credits, the Department may, for tidal wetland impacts, authorize the use of, including without the application of subsection C, a tidal wetland mitigation bank located in an adjacent river watershed when such bank contains the same plant community type and salinity regime as the impacted wetlands, which shall be the preferred form of compensation. This subsection shall apply only (i) to tidal wetland mitigation banks with a polyhaline salinity regime located in subbasins 02080102, 02080107, 02080108, and 02080208 and (ii) when a tidal wetland mitigation bank with the same plant community type and salinity regime as the impacted wetlands is not available in the same river watershed as the impacted wetland.

**§62.1-44.15:23.1. Wetland and Stream Replacement Fund established.**

There is hereby created in the state treasury a special nonreverting fund to be known as the Wetland and Stream Replacement Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. All contributions to the Board pursuant to clause (iii) of subsection B of § [62.1-44.15:21](#) shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The Fund shall be administered and utilized by the Department. The Fund may be used as an additional mechanism for compensatory mitigation for impacts to aquatic resources (i) that result from activities authorized under (a) § 404 and 401 of the Clean Water Act (33 U.S.C. § 1251 et seq.), (b) the Virginia Water Protection Permit Regulation (9 VAC 25-210 et seq.), or (c) § 10 of the Rivers and Harbors Act (33 U.S.C. § 403); (ii) that result from unauthorized activities in waters of the United States or state waters; and (iii) in other cases, as the appropriate regulatory agencies deem acceptable.

Moneys in the Fund shall be used for the purpose of purchasing mitigation bank credits in compliance with the provisions of subsection B of § [62.1-44.15:23](#) as soon as practicable after moneys are collected. If the Department determines within two years after the collection of moneys for a specific impact that credits will not be available within three years of the collection of moneys for such specific impact, then funds may be utilized either (1) to purchase credits from a Board-approved fund that have met the success criteria, if qualifying credits are available, (2) for the planning, construction, monitoring, and preservation of wetland and stream mitigation projects and preservation, enhancement, or restoration of upland buffers adjacent to wetlands or other state waters when used in conjunction with creation or restoration of wetlands and streams, or (3) for other water quality improvement projects as deemed acceptable by the Department. Such projects developed under clause (2) shall be developed in accordance with guidelines, responsibilities, and standards established by the Department for use, operation, and maintenance consistent with 33 CFR Part 332, governing compensatory mitigation for activities authorized by U.S. Army Corps of Engineer permits. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Department. The Department may charge a reasonable fee to administer the Fund.

With the consent of any owner subject to requirements under this article, the Board may provide, in an order issued by the Board pursuant to subdivision (8d) of § [62.1-44.15](#) against such owner, for the payment of civil charges for violations in specific sums. Such sums shall not exceed the limit specified in subdivision A 1 or B 1, as applicable, of § [62.1-44.15:48](#). Such civil charges shall be collected in lieu of any appropriate civil penalty that could be imposed pursuant to § [62.1-44.15:48](#) and shall not be subject to the provisions of § [2.2-514](#). Such civil charges shall be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund established pursuant to § [62.1-44.15:29.1](#).

**§62.1-44.15:26. (For repeal date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) State permits.**

A. All state permits issued by the Board under this article shall have fixed terms. The term of a state permit shall be based upon the projected duration of the project, the length of any required monitoring, or other project operations or permit conditions;

however, the term shall not exceed five years. The term of a permit issued by the Board shall not be extended by modification beyond the maximum duration and the permit shall expire at the end of the term unless it is administratively continued in accordance with Board regulations.

B. State individual construction permits shall be administered by the Department.

**§62.1-44.15:26.1. Termination of Construction General Permit coverage.**

A. A VSMP authority shall recommend that the Department of Environmental Quality terminate coverage under a General Permit for Discharges of Stormwater from Construction Activities (Construction General Permit) within 60 days of receiving a complete notice of termination from the operator of the construction activity.

B. Coverage under a Construction General Permit shall be deemed to be terminated 90 days after the receipt by the VSMP authority of a complete notice of termination from the operator of the construction activity.

C. If a VSMP authority receives a notice of termination of a Construction General Permit that it determines to be incomplete, the VSMP authority shall, within a reasonable time, inform the operator of the construction activity of such incompleteness and provide the operator with a detailed list itemizing the elements of information that are missing from the notice.

**§62.1-44.15:27. (Effective until July 1, 2024) Establishment of Virginia Stormwater Management Programs.**

A. Any locality that operates a regulated MS4 or that notifies the Department of its decision to participate in the establishment of a VSMP shall be required to adopt a VSMP for land-disturbing activities consistent with the provisions of this article according to a schedule set by the Department. Such schedule shall require implementation no later than July 1, 2014. Thereafter, the Department shall provide an annual schedule by which localities can submit applications to implement a VSMP. Localities subject to this subsection are authorized to coordinate plan review and inspections with other entities in accordance with subsection H.

The Department shall operate a VSMP on behalf of any locality that does not operate a regulated MS4 and that does not notify the Department, according to a schedule set by the Department, of its decision to participate in the establishment of a VSMP. A locality

that decides not to establish a VSMP shall still comply with the requirements set forth in this article and attendant regulations as required to satisfy the stormwater flow rate capacity and velocity requirements set forth in the Erosion and Sediment Control Law (§ [62.1-44.15:51](#) et seq.). A locality that is subject to the provisions of the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.) also shall adopt requirements set forth in this article and attendant regulations as required to regulate Chesapeake Bay Preservation Act land-disturbing activities in accordance with § [62.1-44.15:28](#). To comply with the water quantity technical criteria set forth in this article and attendant regulations, a rural Tide-water locality may adopt a tiered approach to water quantity management for Chesapeake Bay Preservation Act land-disturbing activities pursuant to § [62.1-44.15:27.2](#).

Notwithstanding any other provision of this subsection, any county that operates an MS4 that became a regulated MS4 on or after January 1, 2014 may elect, on a schedule set by the Department, to defer the implementation of the county's VSMP until no later than January 1, 2015. During this deferral period, when such county thus lacks the legal authority to operate a VSMP, the Department shall operate a VSMP on behalf of the county and address post-construction stormwater runoff and the required design criteria for stormwater runoff controls. Any such county electing to defer the establishment of its VSMP shall still comply with the requirements set forth in this article and attendant regulations as required to satisfy the stormwater flow rate capacity and velocity requirements set forth in the Erosion and Sediment Control Law (§ [62.1-44.15:51](#) et seq.).

B. Any town, including a town that operates a regulated MS4, lying within a county that has adopted a VSMP in accordance with subsection A may decide, but shall not be required, to become subject to the county's VSMP. Any town lying within a county that operates an MS4 that became a regulated MS4 on or after January 1, 2014 may elect to become subject to the county's VSMP according to the deferred schedule established in subsection A. During the county's deferral period, the Department shall operate a VSMP on behalf of the town and address post-construction stormwater runoff and the required design criteria for stormwater runoff controls for the town as provided in subsection A. If a town lies within the boundaries of more than one county, the town shall be considered to be wholly within the county in which the larger portion of the town lies. Towns shall inform the Department of their decision according to a schedule established by the Department. Thereafter, the Department shall provide an annual schedule by which towns can submit applications to adopt a VSMP.

C. In support of VSMP authorities, the Department shall:

1. Provide assistance grants to localities not currently operating a local stormwater management program to help the localities to establish their VSMP.
2. Provide technical assistance and training.
3. Provide qualified services in specified geographic areas to a VSMP to assist localities in the administration of components of their programs. The Department shall actively assist localities in the establishment of their programs and in the selection of a contractor or other entity that may provide support to the locality or regional support to several localities.

D. The Department shall develop a model ordinance for establishing a VSMP consistent with this article and its associated regulations, including the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities.

E. Each locality that administers an approved VSMP shall, by ordinance, establish a VSMP that shall be administered in conjunction with a local MS4 program and a local erosion and sediment control program if required pursuant to the Erosion and Sediment Control Law (§ [62.1-44.15:51](#) et seq.), and which shall include the following:

1. Consistency with regulations adopted in accordance with provisions of this article;
2. Provisions for long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff; and
3. Provisions for the integration of the VSMP with local erosion and sediment control, flood insurance, flood plain management, and other programs requiring compliance prior to authorizing construction in order to make the submission and approval of plans, issuance of permits, payment of fees, and coordination of inspection and enforcement activities more convenient and efficient both for the local governments and those responsible for compliance with the programs.

F. The Board may approve a state entity, including the Department, federal entity, or, for linear projects subject to annual standards and specifications, electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, railroad companies, or authorities created pursuant to § [15.2-5102](#) to operate a Virginia Stormwater Management Program consistent with the requirements of this article and its associated regulations and the VSMP authority's Department-approved annual standards and specifications. For these programs, enforcement shall be administered by the

Department and the Board where applicable in accordance with the provisions of this article.

G. The Board shall approve a VSMP when it deems a program consistent with this article and associated regulations, including the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities.

H. A VSMP authority may enter into agreements or contracts with soil and water conservation districts, adjacent localities, or other public or private entities to carry out or assist with the responsibilities of this article. A VSMP authority may enter into contracts with third-party professionals who hold certificates of competence in the appropriate subject areas, as provided in subsection A of § [62.1-44.15:30](#), to carry out any or all of the responsibilities that this article requires of a VSMP authority, including plan review and inspection but not including enforcement.

I. If a locality establishes a VSMP, it shall issue a consolidated stormwater management and erosion and sediment control permit that is consistent with the provisions of the Erosion and Sediment Control Law (§ [62.1-44.15:51](#) et seq.). When available in accordance with subsection J, such permit, where applicable, shall also include a copy of or reference to state VSMP permit coverage authorization to discharge.

J. Upon the development of an online reporting system by the Department, but no later than July 1, 2014, a VSMP authority shall then be required to obtain evidence of state VSMP permit coverage where it is required prior to providing approval to begin land disturbance.

K. Any VSMP adopted pursuant to and consistent with this article shall be considered to meet the stormwater management requirements under the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.) and attendant regulations, and effective July 1, 2014, shall not be subject to local program review under the stormwater management provisions of the Chesapeake Bay Preservation Act.

L. All VSMP authorities shall comply with the provisions of this article and the stormwater management provisions of the Erosion and Sediment Control Law (§ [62.1-44.15:51](#) et seq.) and related regulations. The VSMP authority responsible for regulating the land-disturbing activity shall require compliance with the issued permit, permit conditions, and plan specifications. The state shall enforce state permits.

M. In the case of a land-disturbing activity located on property controlled by a regional industrial facility authority established pursuant to Chapter 64 (§ [15.2-6400](#) et seq.) of

Title 15.2, if a participating local member of such an authority also administers a VSMP, such locality shall be authorized to administer the VSMP on authority property, in accordance with an agreement entered into with all relevant localities and the existing VSMP for the property.

**§62.1-44.15:27.1. (Effective July 1, 2024) Virginia Stormwater Management Programs administered by the Board.**

A. The Board shall administer a Virginia Stormwater Management Program (VSMP) on behalf of any locality that notifies the Department pursuant to subsection B of § [62.1-44.15:27](#) that it has chosen to not administer a VESMP as provided by subdivision B 3 of § [62.1-44.15:27](#). In such a locality:

1. The Board shall implement a VSMP in order to manage the quality and quantity of stormwater runoff resulting from any land-disturbing activity that (i) disturbs one acre or more of land or (ii) disturbs less than one acre of land and is part of a larger common plan of development or sale that results in one acre or greater of land disturbance, as required by this article.

2. No person shall conduct a land-disturbing activity until he has obtained land-disturbance approval from the VESCP authority and, if required, submitted to the Department an application that includes a permit registration statement and stormwater management plan, and the Department has issued permit coverage.

B. The Board shall adopt regulations establishing specifications for the VSMP, including permit requirements and requirements for plan review, inspection, and enforcement that reflect the analogous stormwater management requirements for a VESMP set forth in applicable provisions of this article.

2016, cc. [68](#), [758](#).

**§62.1-44.15:27. (Effective July 1, 2024) Virginia Programs for Erosion Control and Stormwater Management.**

A. Any locality that operates a regulated MS4 or that administers a Virginia Stormwater Management Program (VSMP) as of July 1, 2017, shall be required to adopt and administer a VESMP consistent with the provisions of this article that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square

feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.). The VESMP shall be adopted according to a process established by the Department.

B. Any locality that does not operate a regulated MS4 and for which the Department administers a VSMP as of July 1, 2017, shall choose one of the following options and shall notify the Department of its choice according to a process established by the Department:

1. Adopt and administer a VESMP consistent with the provisions of this article that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.);

2. Adopt and administer a VESMP consistent with the provisions of this article that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.), except that the Department shall provide the locality with review of the plan required by § [62.1-44.15:34](#) and provide a recommendation to the locality on the plan's compliance with the water quality and water quantity technical criteria; or

3. Adopt and administer a VESCP pursuant to Article 2.4 (§ [62.1-44.15:51](#) et seq.) that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.). For such a land-disturbing activity in a Chesapeake Bay Preservation Area, the VESCP authority also shall adopt requirements set forth in this article and attendant regulations as required to regulate those activities in accordance with §§ [62.1-44.15:28](#) and [62.1-44.15:34](#).

The Board shall administer a VSMP on behalf of each VESCP authority for any land-disturbing activity that (a) disturbs one acre or more of land or (b) disturbs less than one acre of land and is part of a larger common plan of development or sale that results in one acre or greater of land disturbance.

C. Any town that is required to or elects to adopt and administer a VESMP or VESCP, as applicable, may choose one of the following options and shall notify the Department of its choice according to a process established by the Department:

1. Any town, including a town that operates a regulated MS4, lying within a county may enter into an agreement with the county to become subject to the county's VESMP. If a town lies within the boundaries of more than one county, it may enter into an agreement with any of those counties that operates a VESMP.

2. Any town that chooses not to adopt and administer a VESMP pursuant to subdivision B 3 and that lies within a county may enter into an agreement with the county to become subject to the county's VESMP or VESCP, as applicable. If a town lies within the boundaries of more than one county, it may enter into an agreement with any of those counties.

3. Any town that is subject to the provisions of the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.) may enter into an agreement with a county pursuant to subdivision C 1 or 2 only if the county administers a VESMP for land-disturbing activities that disturb 2,500 square feet or more.

D. Any locality that chooses not to implement a VESMP pursuant to subdivision B 3 may notify the Department at any time that it has chosen to implement a VESMP pursuant to subdivision B 1 or 2. Any locality that chooses to implement a VESMP pursuant to subdivision B 2 may notify the Department at any time that it has chosen to implement a VESMP pursuant to subdivision B 1. A locality may petition the Board at any time for approval to change from fully administering a VESMP pursuant to subdivision B 1 to administering a VESMP in coordination with the Department pursuant to subdivision B 2 due to a significant change in economic conditions or other fiscal emergency in the locality. The provisions of the Administrative Process Act (§ [2.2-4000](#) et seq.) shall govern any appeal of the Board's decision.

E. To comply with the water quantity technical criteria set forth in this article and attendant regulations for land-disturbing activities that disturb an area of 2,500 square feet or more but less than one acre, any rural Tidewater locality may adopt a tiered approach to water quantity management pursuant to § [62.1-44.15:27.2](#).

F. In support of VESMP authorities, the Department shall provide technical assistance and training and general assistance to localities in the establishment and administration of their individual or regional programs.

G. The Department shall develop a model ordinance for establishing a VESMP consistent with this article.

H. Each locality that operates a regulated MS4 or that chooses to administer a VESMP shall, by ordinance, establish a VESMP that shall be administered in conjunction with a local MS4 management program, if applicable, and which shall include the following:

1. Ordinances, policies, and technical materials consistent with regulations adopted in accordance with this article;
2. Requirements for land-disturbance approvals;
3. Requirements for plan review, inspection, and enforcement consistent with the requirements of this article, including provisions requiring periodic inspections of the installation of stormwater management measures. A VESMP authority may require monitoring and reports from the person responsible for meeting the permit conditions to ensure compliance with the permit and to determine whether the measures required in the permit provide effective stormwater management;
4. Provisions charging each applicant a reasonable fee to defray the cost of program administration for a regulated land-disturbing activity that does not require permit coverage. Such fee may be in addition to any fee charged pursuant to the statewide fee schedule established in accordance with subdivision 9 of § [62.1-44.15:28](#), although payment of fees may be consolidated in order to provide greater convenience and efficiency for those responsible for compliance with the program. A VESMP authority shall hold a public hearing prior to establishing such fees. The fee shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and the VESMP authority's expense involved;
5. Provisions for long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff; and
6. Provisions for the coordination of the VESMP with flood insurance, flood plain management, and other programs requiring compliance prior to authorizing land disturbance in order to make the submission and approval of plans, issuance of land-disturbance approvals, payment of fees, and coordination of inspection and enforcement activities more convenient and efficient both for the local governments and those responsible for compliance with the programs.

I. The Board shall approve a VESMP when it deems a program consistent with this article and associated regulations.

J. A VESMP authority may enter into agreements or contracts with the Department, soil and water conservation districts, adjacent localities, planning district commissions, or other public or private entities to carry out or assist with plan review and inspections. A VESMP authority may enter into contracts with third-party professionals who hold certifications in the appropriate subject areas, as provided in subsection A of § [62.1-44.15:30](#), to carry out any or all of the responsibilities that this article requires of a VESMP authority, including plan review and inspection but not including enforcement.

K. A VESMP authority shall be required to obtain evidence of permit coverage from the Department's online reporting system, where such coverage is required, prior to providing land-disturbance approval.

L. The VESMP authority responsible for regulating the land-disturbing activity shall require compliance with its applicable ordinances and the conditions of its land-disturbance approval and plan specifications. The Board shall enforce permits and require compliance with its applicable regulations, including when serving as a VSMP authority in a locality that chose not to adopt a VESMP in accordance with subdivision B 3.

M. In the case of a land-disturbing activity located on property controlled by a regional industrial facility authority established pursuant to Chapter 64 (§ [15.2-6400](#) et seq.) of Title 15.2, if a participating local member of such an authority also administers a VESMP, such locality shall be authorized to administer the VESMP on authority property, in accordance with an agreement entered into with all relevant localities and the existing VSMP or VESMP for the property.

**§62.1-44.15:27.2. Rural Tidewater localities; water quantity technical criteria; tiered approach.**

A. For determining the water quantity technical criteria applicable to a land disturbance equal to or greater than 2,500 square feet but less than one acre, any rural Tidewater locality may elect to use certain tiered water quantity control standards based on the percentage of impervious cover in the watershed as provided in this section. The establishment and conduct of the tiered approach by the locality pursuant to this section

shall be subject to review by the Department. The Board shall adopt regulations to carry out provisions of this section.

B. 1. The local governing body shall make, or cause to be made, a watershed map showing the boundaries of the locality. The governing body shall use the most recent version of Virginia's 6th order National Watershed Boundary Dataset to show the boundaries of each watershed located partially or wholly within the locality. The map shall indicate the percentage of impervious cover within each watershed. Data provided by the Virginia Geographic Information Network (VGIN) shall be sufficient for the initial determination of impervious cover percentage at the time of the initial adoption of the map.

2. The watershed map also shall show locations at which the governing body expects or proposes that development should occur and may indicate the projected future percentage of impervious cover based on proposed development. The governing body may designate certain areas within a watershed in which it proposes that denser-than-average development shall occur and may designate environmentally sensitive areas in which the energy balance method for water quantity management, as set forth in the regulations adopted by the Board pursuant to this article, shall apply.

3. After the watershed map has been made, the governing body may then approve and adopt the map by a majority vote of its membership and publish it as the official watershed map of the locality. No official watershed map shall be adopted by the governing body or have any effect until it is approved by an ordinance duly passed by the governing body of the locality after a public hearing, preceded by public notice as required by § [15.2-2204](#). Within 30 days after adoption of the official watershed map, the governing body shall cause the map to be filed in the office of the clerk of the circuit court.

4. At least once each year, the local governing body shall by majority vote make additions to or modifications of the official watershed map to reflect actual development projects. The governing body shall change the indication on the map of the impervious cover percentage within a watershed where the percentage has changed and shall update the map and supporting datasets with actual development project information, including single-family housing projects and any projects covered by the General Permit for Discharges of Stormwater from Construction Activities and administered by the Department for opt-out localities pursuant to § [62.1-44.15:27](#). The governing body may incorporate into the official watershed map the most recent VGIN data, including data on state and federal projects that are not reviewed or approved by the locality. The governing body shall keep current its impervious cover percentage for each watershed

located within the locality, as reflected in the official watershed map, and shall make the map and such percentages available to the public.

5. The locality shall notify the Department and update the official map within 12 months of the approval of the development plan for any project that exceeds the impervious cover percentage of the watershed in which it is located and causes the percentage for that watershed to rise such that the watershed steps up to the next higher tier pursuant to subsection C.

6. No official watershed map or its adopting or amending ordinances shall take precedence over any duly adopted zoning ordinance, comprehensive plan, or other local land-use ordinance, and in the case of a conflict, the official watershed map or ordinance shall yield to such land-use ordinance.

C. When the locality evaluates any development project in a watershed that is depicted on the official watershed map as having an impervious cover percentage of:

1. Less than five percent, the locality shall apply the regulatory minimum standards and criteria adopted by the Board pursuant to Article 2.4 (§ [62.1-44.15:51](#) et seq.) and in effect prior to July 1, 2014, for the protection of downstream properties and waterways from sediment deposition, erosion, and damage due to increases in volume, velocity, and peak flow rate of stormwater runoff for the stated frequency storm of 24-hour duration.

2. Five percent or more but less than 7.5 percent, the locality shall require practices designed to detain and release over a 24-hour period the expected rainfall resulting from the one year, 24-hour storm, which practices shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels.

3. Seven and one-half percent or more, the locality shall apply the energy balance method as set forth in regulations adopted by the Board.

D. The locality shall require that any project whose construction would cause the impervious cover percentage of the watershed in which it is located to rise, such that the watershed steps up to the next higher tier, shall meet the current water quantity technical criteria using the energy balance method or a more stringent alternative.

2018, c. [154](#).

**§62.1-44.15:27.3. Acceptance of signed and sealed plan in lieu of local plan review.**

A. Any rural Tidewater locality, whether or not it administers a VSMP or VESCP pursuant to § [62.1-44.15:27](#), may require that a licensed professional retained by the applicant prepare and submit a set of plans and supporting calculations for a land-disturbing activity of 2,500 square feet or more but less than one acre in extent.

B. Such professional shall be licensed to engage in practice in the Commonwealth under Chapter 4 (§ [54.1-400](#) et seq.) or 22 (§ [54.1-2200](#) et seq.) of Title 54.1 and shall hold a certificate of competence in the appropriate subject area, as provided in § [62.1-44.15:30](#).

C. Such plans and supporting calculations shall be appropriately signed and sealed by the professional with a certification that states: "This plan is designed in accordance with applicable state law and regulations."

D. The rural Tidewater locality is authorized to accept such signed and sealed plans in satisfaction of the requirement of this article that, for a land-disturbing activity of 2,500 square feet or more but less than one acre in extent, it retain a local certified plan reviewer or conduct a local plan review. This section shall not excuse any applicable performance bond requirement pursuant to § [62.1-44.15:34](#) or [62.1-44.15:57](#).

2018, c. [155](#).

**§62.1-44.15:27.4. Department acceptance of plans in lieu of plan review.**

A. Notwithstanding any other provision of this article, the Board, when administering a VSMP or VESMP pursuant to Article 2.3 (§ [62.1-44.15:24](#) et seq.), may choose to accept a set of plans and supporting calculations for any land-disturbing activity determined to be de minimis using a risk-based approach established by the Board.

B. The Board is authorized to accept such plans and supporting calculations in satisfaction of the requirement of this article that it retain a certified plan reviewer or conduct a plan review. This section shall not excuse any applicable performance bond requirement pursuant to § [62.1-44.15:34](#) or § [62.1-44.15:57](#).

2020, c. [812](#).

**§62.1-44.15:28. (Effective until July 1, 2024) Development of regulations.**

A. The Board is authorized to adopt regulations that specify minimum technical criteria and administrative procedures for Virginia Stormwater Management Programs. The regulations shall:

1. Establish standards and procedures for administering a VSMP;

2. Establish minimum design criteria for measures to control nonpoint source pollution and localized flooding, and incorporate the stormwater management regulations adopted pursuant to the Erosion and Sediment Control Law (§ [62.1-44.15:51](#) et seq.), as they relate to the prevention of stream channel erosion. These criteria shall be periodically modified as required in order to reflect current engineering methods;
3. Require the provision of long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff;
4. Require as a minimum the inclusion in VSMPs of certain administrative procedures that include, but are not limited to, specifying the time period within which a VSMP authority shall grant land-disturbing activity approval, the conditions and processes under which approval shall be granted, the procedures for communicating disapproval, the conditions under which an approval may be changed, and requirements for inspection of approved projects;
5. Establish by regulations a statewide permit fee schedule to cover all costs associated with the implementation of a VSMP related to land-disturbing activities of one acre or greater. Such fee attributes include the costs associated with plan review, VSMP registration statement review, permit issuance, state-coverage verification, inspections, reporting, and compliance activities associated with the land-disturbing activities as well as program oversight costs. The fee schedule shall also include a provision for a reduced fee for land-disturbing activities between 2,500 square feet and up to one acre in Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.) localities. The fee schedule shall be governed by the following:
  - a. The revenue generated from the statewide stormwater permit fee shall be collected utilizing, where practicable, an online payment system, and the Department's portion shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund established pursuant to § [62.1-44.15:29](#). However, whenever the Board has approved a VSMP, no more than 30 percent of the total revenue generated by the statewide stormwater permit fees collected shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund, with the balance going to the VSMP authority.
  - b. Fees collected pursuant to this section shall be in addition to any general fund appropriation made to the Department or other supporting revenue from a VSMP; however, the fees shall be set at a level sufficient for the Department and the VSMP to fully carry out

their responsibilities under this article and its attendant regulations and local ordinances or standards and specifications where applicable. When establishing a VSMP, the VSMP authority shall assess the statewide fee schedule and shall have the authority to reduce or increase such fees, and to consolidate such fees with other program-related charges, but in no case shall such fee changes affect the amount established in the regulations as available to the Department for program oversight responsibilities pursuant to subdivision 5 a. A VSMP's portion of the fees shall be used solely to carry out the VSMP's responsibilities under this article and its attendant regulations, ordinances, or annual standards and specifications.

c. Until July 1, 2014, the fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities issued by the Board, or where the Board has issued an individual permit or coverage under the General Permit for Discharges of Stormwater from Construction Activities for an entity for which it has approved annual standards and specifications, shall be \$750 for each large construction activity with sites or common plans of development equal to or greater than five acres and \$450 for each small construction activity with sites or common plans of development equal to or greater than one acre and less than five acres. On and after July 1, 2014, such fees shall only apply where coverage has been issued under the Board's General Permit for Discharges of Stormwater from Construction Activities to a state agency or federal entity for which it has approved annual standards and specifications. After establishment, such fees may be modified in the future through regulatory actions.

d. Until July 1, 2014, the Department is authorized to assess a \$125 reinspection fee for each visit to a project site that was necessary to check on the status of project site items noted to be in noncompliance and documented as such on a prior project inspection.

e. In establishing the fee schedule under this subdivision, the Department shall ensure that the VSMP authority portion of the statewide permit fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities for small construction activity involving a single family detached residential structure with a site or area, within or outside a common plan of development or sale, that is equal to or greater than one acre but less than five acres shall be no greater than the VSMP authority portion of the fee for coverage of sites or areas with a land-disturbance acreage of less than one acre within a common plan of development or sale.

f. When any fees are collected pursuant to this section by credit cards, business transaction costs associated with processing such payments may be additionally assessed;

6. Establish statewide standards for stormwater management from land-disturbing activities of one acre or greater, except as specified otherwise within this article, and allow for the consolidation in the permit of a comprehensive approach to addressing stormwater management and erosion and sediment control, consistent with the provisions of the Erosion and Sediment Control Law (§ [62.1-44.15:51](#) et seq.) and this article. However, such standards shall also apply to land-disturbing activity exceeding an area of 2,500 square feet in all areas of the jurisdictions designated as subject to the Chesapeake Bay Preservation Area Designation and Management Regulations;

7. Establish a procedure by which a stormwater management plan that is approved for a residential, commercial, or industrial subdivision shall govern the development of the individual parcels, including those parcels developed under subsequent owners;

8. Notwithstanding the provisions of subdivision 5, establish a procedure by which payment of the Department's portion of the statewide permit fee established pursuant to that subdivision shall not be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale;

9. Provide for the certification and use of a proprietary best management practice only if another state, regional, or national program has verified its nutrient or sediment removal effectiveness and all of such program's established test protocol requirements were met or exceeded. As used in this subdivision and any regulations or guidance adopted pursuant to this subdivision, "certification" means a determination by the Department that a proprietary best management practice is approved for use in accordance with this article;

10. Require that VSMPs maintain after-development runoff rate of flow and characteristics that replicate, as nearly as practicable, the existing predevelopment runoff characteristics and site hydrology, or improve upon the contributing share of the existing predevelopment runoff characteristics and site hydrology if stream channel erosion or localized flooding is an existing predevelopment condition. Except where more stringent requirements are necessary to address total maximum daily load requirements or to protect exceptional state waters, any land-disturbing activity that provides for stormwater management shall satisfy the conditions of this subsection if the practices are designed to (i) detain the water quality volume and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year,

and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition, and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or any ordinances adopted pursuant to § [62.1-44.15:27](#) or [62.1-44.15:33](#);

11. Encourage low-impact development designs, regional and watershed approaches, and nonstructural means for controlling stormwater;
12. Promote the reclamation and reuse of stormwater for uses other than potable water in order to protect state waters and the public health and to minimize the direct discharge of pollutants into state waters;
13. Establish procedures to be followed when a locality that operates a VSMP wishes to transfer administration of the VSMP to the Department;
14. Establish a statewide permit fee schedule for stormwater management related to municipal separate storm sewer system permits;
15. Provide for the evaluation and potential inclusion of emerging or innovative non-proprietary stormwater control technologies that may prove effective in reducing non-point source pollution;
16. Require the owner of property that is zoned for residential use and on which is located a privately owned stormwater management facility serving one or more residential properties to record the long-term maintenance and inspection requirements for such facility with the deed for the owner's property;
17. Require that all final plan elements, specifications, or calculations whose preparation requires a license under Chapter 4 (§ [54.1-400](#) et seq.) or 22 (§ [54.1-2200](#) et seq.) of Title 54.1 be appropriately signed and sealed by a professional who is licensed to engage in practice in the Commonwealth. Nothing in this subdivision shall authorize any person to engage in practice outside his area of professional competence; and
18. Establish a procedure by which a registration statement shall not be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for a small construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale.

B. The Board may integrate and consolidate components of the regulations implementing the Erosion and Sediment Control program and the Chesapeake Bay Preservation Area Designation and Management program with the regulations governing the Virginia Stormwater Management Program (VSMP) Permit program or repeal components so that these programs may be implemented in a consolidated manner that provides greater consistency, understanding, and efficiency for those regulated by and administering a VSMP.

**§62.1-44.15:28. (Effective July 1, 2024) Development of regulations.**

The Board is authorized to adopt regulations that establish requirements for the effective control of soil erosion, sediment deposition, and stormwater, including nonagricultural runoff, that shall be met in any VESMP to prevent the unreasonable degradation of properties, stream channels, waters, and other natural resources, and that specify minimum technical criteria and administrative procedures for VESMPs. The regulations shall:

1. Establish standards and procedures for administering a VESMP;
2. Establish minimum standards of effectiveness of the VESMP and criteria and procedures for reviewing and evaluating its effectiveness. The minimum standards of program effectiveness established by the Board shall provide that (i) no soil erosion control and stormwater management plan shall be approved until it is reviewed by a plan reviewer certified pursuant to § [62.1-44.15:30](#), (ii) each inspection of a land-disturbing activity shall be conducted by an inspector certified pursuant to § [62.1-44.15:30](#), and (iii) each VESMP shall contain a program administrator, a plan reviewer, and an inspector, each of whom is certified pursuant to § [62.1-44.15:30](#) and all of whom may be the same person;
3. Be based upon relevant physical and developmental information concerning the watersheds and drainage basins of the Commonwealth, including data relating to land use, soils, hydrology, geology, size of land area being disturbed, proximate water bodies and their characteristics, transportation, and public facilities and services;
4. Include any survey of lands and waters as the Board deems appropriate or as any applicable law requires to identify areas, including multijurisdictional and watershed areas, with critical soil erosion and sediment problems;

5. Contain conservation standards for various types of soils and land uses, which shall include criteria, techniques, and methods for the control of soil erosion and sediment resulting from land-disturbing activities;
6. Establish water quality and water quantity technical criteria. These criteria shall be periodically modified as required in order to reflect current engineering methods;
7. Require the provision of long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff;
8. Require as a minimum the inclusion in VESMPs of certain administrative procedures that include, but are not limited to, specifying the time period within which a VESMP authority shall grant land-disturbance approval, the conditions and processes under which such approval shall be granted, the procedures for communicating disapproval, the conditions under which an approval may be changed, and requirements for inspection of approved projects;
9. Establish a statewide fee schedule to cover all costs associated with the implementation of a VESMP related to land-disturbing activities where permit coverage is required, and for land-disturbing activities where the Board serves as a VESMP authority or VSMP authority. Such fee attributes include the costs associated with plan review, permit registration statement review, permit issuance, permit coverage verification, inspections, reporting, and compliance activities associated with the land-disturbing activities as well as program oversight costs. The fee schedule shall also include a provision for a reduced fee for a land-disturbing activity that disturbs 2,500 square feet or more but less than one acre in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.). The fee schedule shall be governed by the following:
  - a. The revenue generated from the statewide fee shall be collected utilizing, where practicable, an online payment system, and the Department's portion shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund established pursuant to § [62.1-44.15:29](#). However, whenever the Board has approved a VESMP, no more than 30 percent of the total revenue generated by the statewide fees collected shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund, with the balance going to the VESMP authority;

b. Fees collected pursuant to this section shall be in addition to any general fund appropriation made to the Department or other supporting revenue from a VESMP; however, the fees shall be set at a level sufficient for the Department, the Board, and the VESMP to fully carry out their responsibilities under this article and local ordinances or standards and specifications where applicable. When establishing a VESMP, the VESMP authority shall assess the statewide fees pursuant to the schedule and shall have the authority to reduce or increase such fees, and to consolidate such fees with other program-related charges, but in no case shall such fee changes affect the amount established in the regulations as available to the Department for program oversight responsibilities pursuant to subdivision a. A VESMP's portion of the fees shall be used solely to carry out the VESMP's responsibilities under this article and associated ordinances;

c. In establishing the fee schedule under this subdivision, the Department shall ensure that the VESMP authority portion of the statewide fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities for small construction activity involving a single-family detached residential structure with a site or area, within or outside a common plan of development or sale, that is equal to or greater than one acre but less than five acres shall be no greater than the VESMP authority portion of the fee for coverage of sites or areas with a land-disturbance acreage of less than one acre within a common plan of development or sale;

d. When any fees are collected pursuant to this section by credit cards, business transaction costs associated with processing such payments may be additionally assessed;

e. Notwithstanding the other provisions of this subdivision 9, establish a procedure by which payment of the Department's portion of the statewide fee established pursuant to this subdivision 9 shall not be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale;

f. Establish a procedure by which a registration statement shall not be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for a small construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale;

10. Establish statewide standards for soil erosion control and stormwater management from land-disturbing activities;

11. Establish a procedure by which a soil erosion control and stormwater management plan or stormwater management plan that is approved for a residential, commercial, or industrial subdivision shall govern the development of the individual parcels, including those parcels developed under subsequent owners;

12. Provide for the certification and use of a proprietary best management practice only if another state, regional, or national program has verified its nutrient or sediment removal effectiveness and all of such program's established test protocol requirements were met or exceeded. As used in this subdivision and any regulations or guidance adopted pursuant to this subdivision, "certification" means a determination by the Department that a proprietary best management practice is approved for use in accordance with this article;

13. Require that VESMPs maintain after-development runoff rate of flow and characteristics that replicate, as nearly as practicable, the existing predevelopment runoff characteristics and site hydrology, or improve upon the contributing share of the existing predevelopment runoff characteristics and site hydrology if stream channel erosion or localized flooding is an existing predevelopment condition.

a. Except where more stringent requirements are necessary to address total maximum daily load requirements or to protect exceptional state waters, any land-disturbing activity that was subject to the water quantity requirements that were in effect pursuant to this article prior to July 1, 2014, shall be deemed to satisfy the conditions of this subsection if the practices are designed to (i) detain the water volume equal to the first one-half inch of runoff multiplied by the impervious surface of the land development project and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition. Any land-disturbing activity that complies with these requirements shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or any ordinances adopted pursuant to [§ 62.1-44.15:27](#) or [62.1-44.15:33](#);

b. Any stream restoration or relocation project that incorporates natural channel design concepts is not a man-made channel and shall be exempt from any flow rate capacity

and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this article;

14. Encourage low-impact development designs, regional and watershed approaches, and nonstructural means for controlling stormwater;

15. Promote the reclamation and reuse of stormwater for uses other than potable water in order to protect state waters and the public health and to minimize the direct discharge of pollutants into state waters;

16. Establish procedures to be followed when a locality chooses to change the type of program it administers pursuant to subsection D of § [62.1-44.15:27](#);

17. Establish a statewide permit fee schedule for stormwater management related to MS4 permits;

18. Provide for the evaluation and potential inclusion of emerging or innovative non-proprietary stormwater control technologies that may prove effective in reducing non-point source pollution;

19. Require the owner of property that is zoned for residential use and on which is located a privately owned stormwater management facility serving one or more residential properties to record the long-term maintenance and inspection requirements for such facility with the deed for the owner's property; and

20. Require that all final plan elements, specifications, or calculations whose preparation requires a license under Chapter 4 (§ [54.1-400](#) et seq.) or 22 (§ [54.1-2200](#) et seq.) of Title 54.1 be appropriately signed and sealed by a professional who is licensed to engage in practice in the Commonwealth. #### **§62.1-44.15:28.1. Pollutant removal by dredging.**

Upon approval by the Chesapeake Bay Program as a creditable practice for pollutant removal, the Board shall establish a procedure for the approval of dredging operations in the Chesapeake Bay Watershed as a method of meeting pollutant reduction and loading requirements. The dredging operation and disposal of dredged material shall be conducted in compliance with all applicable local, state, and federal laws and regulations.

Any locality imposing a fee relating to stormwater pursuant to § [15.2-2114](#) may make funds available for stormwater maintenance dredging, including at the point of discharge, where stormwater has contributed to the deposition of sediment in state waters.

There is hereby created in the state treasury a special nonreverting fund to be known as the Virginia Stormwater Management Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. All moneys collected by the Department pursuant to §§ [62.1-44.15:28](#), [62.1-44.15:38](#), and [62.1-44.15:71](#) and all civil penalties collected pursuant to § [62.1-44.19:22](#) shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of carrying out the Department's responsibilities under this article. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director.

An accounting of moneys received by and distributed from the Fund shall be kept by the State Comptroller.

**§62.1-44.15:29.1. (Effective July 1, 2024) Stormwater Local Assistance Fund.**

A. The State Comptroller shall continue in the state treasury the Stormwater Local Assistance Fund (the Fund) established by Chapter 806 of the Acts of Assembly of 2013, which shall be administered by the Department. All civil penalties and civil charges collected by the Board pursuant to §§ [62.1-44.15:25](#), [62.1-44.15:48](#), [62.1-44.15:63](#), and [62.1-44.15:74](#), subdivision (19) of § [62.1-44.15](#), and § [62.1-44.19:22](#) shall be paid into the state treasury and credited to the Fund, together with such other funds as may be made available to the Fund, which shall also receive bond proceeds from bonds authorized by the General Assembly, sums appropriated to it by the General Assembly, and other grants, gifts, and moneys as may be made available to it from any other source, public or private. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund.

B. The purpose of the Fund is to provide matching grants to local governments for the planning, design, and implementation of stormwater best management practices that address cost efficiency and commitments related to reducing water quality pollutant loads. Moneys in the Fund shall be used to meet (i) obligations related to the Chesapeake Bay total maximum daily load (TMDL) requirements, (ii) requirements for local impaired stream TMDLs, (iii) water quality measures of the Chesapeake Bay Watershed Implementation Plan, and (iv) water quality requirements related to the permitting of small municipal separate storm sewer systems. **§62.1-44.15:31. (For effective date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Standards and specifications for state agencies, federal entities, and other specified entities.**

A. As an alternative to submitting soil erosion control and stormwater management plans for its land-disturbing activities pursuant to § [62.1-44.15:34](#), the Virginia Department of Transportation shall, and any other state agency or federal entity may, submit standards and specifications for its conduct of land-disturbing activities for Department of Environmental Quality approval. Approved standards and specifications shall be consistent with this article. The Department of Environmental Quality shall have 60 days after receipt in which to act on any standards and specifications submitted or resubmitted to it for approval.

B. As an alternative to submitting soil erosion control and stormwater management plans pursuant to § [62.1-44.15:34](#), electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, railroad companies, and authorities created pursuant to § [15.2-5102](#) may submit standards and specifications for Department approval that describe how land-disturbing activities shall be conducted. Such standards and specifications may be submitted for the following types of projects:

1. Construction, installation, or maintenance of electric transmission and distribution lines, oil or gas transmission and distribution pipelines, communication utility lines, and water and sewer lines; and
2. Construction of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of a railroad company.

The Department shall have 60 days after receipt in which to act on any standards and specifications submitted or resubmitted to it for approval. A linear project not included in subdivision 1 or 2, or for which the owner chooses not to submit standards and specifications, shall comply with the requirements of the VESMP or the VESCP and VSMP, as appropriate, in any locality within which the project is located.

C. As an alternative to submitting soil erosion control and stormwater management plans pursuant to § [62.1-44.15:34](#), any person engaging in more than one jurisdiction in the creation and operation of a wetland mitigation or stream restoration bank that has been

approved and is operated in accordance with applicable federal and state guidance, laws, or regulations for the establishment, use, and operation of (i) a wetlands mitigation or stream restoration bank, pursuant to a mitigation banking instrument signed by the Department, the Marine Resources Commission, or the U.S. Army Corps of Engineers, or (ii) a stream restoration project for purposes of reducing nutrients or sediment entering state waters may submit standards and specifications for Department approval that describe how land-disturbing activities shall be conducted. The Department shall have 60 days after receipt in which to act on standards and specifications submitted to it or resubmitted to it for approval.

D. All standards and specifications submitted to the Department shall be periodically updated according to a schedule to be established by the Department and shall be consistent with the requirements of this article. Approval of standards and specifications by the Department does not relieve the owner or operator of the duty to comply with any other applicable local ordinances or regulations. Standards and specifications shall include:

1. Technical criteria to meet the requirements of this article and regulations developed under this article;
2. Provisions for the long-term responsibility and maintenance of any stormwater management control devices and other techniques specified to manage the quantity and quality of runoff;
3. Provisions for administration of the standards and specifications program, project-specific plan design, plan review and plan approval, and construction inspection and compliance;
4. Provisions for ensuring that personnel and contractors assisting the owner in carrying out the land-disturbing activity obtain training or qualifications for soil erosion control and stormwater management as set forth in regulations adopted pursuant to this article;
5. Provisions for ensuring that personnel implementing approved standards and specifications pursuant to this section obtain certifications or qualifications comparable to those required for VESMP personnel pursuant to subsection C of § [62.1-44.15:30](#);
6. Implementation of a project tracking system that ensures notification to the Department of all land-disturbing activities covered under this article; and
7. Requirements for documenting onsite changes as they occur to ensure compliance with the requirements of this article.

E. The Department shall perform random site inspections or inspections in response to a complaint to ensure compliance with this article and regulations adopted thereunder.

F. The Department shall assess an administrative charge to cover the costs of services rendered associated with its responsibilities pursuant to this section, including standards and specifications review and approval, project inspections, and compliance. The Board may take enforcement actions in accordance with this article and related regulations.

1989, cc. 467, 499, § 10.1-603.5; 2004, c. [372](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2016, cc. [68](#), [758](#); 2018, c. [627](#).

**§62.1-44.15:32. (For repeal date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Duties of the Department.**

A. The Department shall provide technical assistance, training, research, and coordination in stormwater management technology to VSMP authorities consistent with the purposes of this article.

B. The Department is authorized to review the stormwater management plan for any project with real or potential interjurisdictional impacts upon the request of one or all of the involved localities to determine that the plan is consistent with the provisions of this article. Any such review shall be completed and a report submitted to each locality involved within 90 days of such request being accepted. The Department may charge a fee of the requesting locality to cover its costs for providing such services.

C. The Department shall be responsible for the implementation of this article.

1989, cc. 467, 499, § 10.1-603.6; 2004, c. [372](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#).

**§62.1-44.15:33. (Effective until July 1, 2024) Authorization for more stringent ordinances.**

A. Localities that are VSMP authorities are authorized to adopt more stringent stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of a MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to address TMDL requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to

adopting more stringent ordinances a public hearing is held. Notice of such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing.

B. Localities that are VSMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VSMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.
2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more

stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local stormwater management program in existence before January 1, 2013, that contains more stringent provisions than this article shall be exempt from the requirements of this section. However, such provisions shall be reported to the Board at the time of the locality's VSMP approval package.

1989, cc. 467, 499, § 10.1-603.7; 1991, c. 84; 2004, c. [372](#); 2011, cc. [341](#), [353](#); 2012, cc. [785](#), [819](#); 2013, cc. [591](#), [756](#), [793](#); 2014, cc. [303](#), [598](#); 2023, cc. [506](#), [507](#).

**§62.1-44.15:33. (Effective July 1, 2024) Authorization for more stringent ordinances.**

A. Localities that are serving as VESMP authorities are authorized to adopt more stringent soil erosion control or stormwater management ordinances than those necessary to ensure compliance with the Board's minimum regulations, provided that the more stringent ordinances are based upon factual findings of local or regional comprehensive watershed management studies or findings developed through the implementation of an MS4 permit or a locally adopted watershed management study and are determined by the locality to be necessary to prevent any further degradation to water resources, to

address total maximum daily load requirements, to protect exceptional state waters, or to address specific existing water pollution including nutrient and sediment loadings, stream channel erosion, depleted groundwater resources, or excessive localized flooding within the watershed and that prior to adopting more stringent ordinances a public hearing is held. Notice of such hearing shall be given by publication once a week for two consecutive weeks in a newspaper of general circulation in the locality seeking to adopt the ordinance, with the first publication appearing no more than 14 days before the hearing. This process shall not be required when a VESMP authority chooses to reduce the threshold for regulating land-disturbing activities to a smaller area of disturbed land pursuant to § [62.1-44.15:34](#). However, this section shall not be construed to authorize a VESMP authority to impose a more stringent timeframe for land-disturbance review and approval than those provided in this article.

B. Localities that are serving as VESMP authorities shall submit a letter report to the Department when more stringent stormwater management ordinances or more stringent requirements authorized by such stormwater management ordinances, such as may be set forth in design manuals, policies, or guidance documents developed by the localities, are determined to be necessary pursuant to this section within 30 days after adoption thereof. Any such letter report shall include a summary explanation as to why the more stringent ordinance or requirement has been determined to be necessary pursuant to this section. Upon the request of an affected landowner or his agent submitted to the Department with a copy to be sent to the locality, within 90 days after adoption of any such ordinance or derivative requirement, localities shall submit the ordinance or requirement and all other supporting materials to the Department for a determination of whether the requirements of this section have been met and whether any determination made by the locality pursuant to this section is supported by the evidence. The Department shall issue a written determination setting forth its rationale within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

C. Localities shall not prohibit or otherwise limit the use of any best management practice (BMP) approved for use by the Director or the Board except as follows:

1. When the Director or the Board approves the use of any BMP in accordance with its stated conditions, the locality serving as a VESMP authority shall have authority to preclude the onsite use of the approved BMP, or to require more stringent conditions upon its use, for a specific land-disturbing project based on a review of the stormwater

management plan and project site conditions. Such limitations shall be based on site-specific concerns. Any project or site-specific determination purportedly authorized pursuant to this subsection may be appealed to the Department and the Department shall issue a written determination regarding compliance with this section to the requesting party within 90 days of submission. Any such determination, or a failure by the Department to make any such determination within the 90-day period, may be appealed to the Board.

2. When a locality is seeking to uniformly preclude jurisdiction-wide or otherwise limit geographically the use of a BMP approved by the Director or Board, or to apply more stringent conditions to the use of a BMP approved by the Director or Board, upon the request of an affected landowner or his agent submitted to the Department, with a copy submitted to the locality, within 90 days after adoption, such authorizing ordinances, design manuals, policies, or guidance documents developed by the locality that set forth the BMP use policy shall be provided to the Department in such manner as may be prescribed by the Department that includes a written justification and explanation as to why such more stringent limitation or conditions are determined to be necessary. The Department shall review all supporting materials provided by the locality to determine whether the requirements of this section have been met and that any determination made by the locality pursuant to this section is reasonable under the circumstances. The Department shall issue its determination to the locality in writing within 90 days of submission. Such a determination, or a failure by the Department to make such a determination within the 90-day period, may be appealed to the Board.

D. Based on a determination made in accordance with subsection B or C, any ordinance or other requirement enacted or established by a locality that is found to not comply with this section shall be null and void, replaced with state minimum standards, and remanded to the locality for revision to ensure compliance with this section. Any such ordinance or other requirement that has been proposed but neither enacted nor established shall be remanded to the locality for revision to ensure compliance with this section.

E. Any provisions of a local erosion and sediment control or stormwater management program in existence before January 1, 2016, that contains more stringent provisions than this article shall be exempt from the requirements of this section if the locality chooses to retain such provisions when it becomes a VESMP authority. However, such

provisions shall be reported to the Board at the time of submission of the locality's VESMP approval package.

1989, cc. 467, 499, § 10.1-603.7; 1991, c. 84; 2004, c. [372](#); 2011, cc. [341](#), [353](#); 2012, cc. [785](#), [819](#); 2013, cc. [591](#), [756](#), [793](#); 2014, cc. [303](#), [598](#); 2016, cc. [68](#), [758](#); 2023, cc. [506](#), [507](#).

**§62.1-44.15:34. (Effective until July 1, 2024) Regulated activities; submission and approval of a permit application; security for performance; exemptions.**

A. A person shall not conduct any land-disturbing activity until he has submitted a permit application to the VSMP authority that includes a state VSMP permit registration statement, if such statement is required, and, after July 1, 2014, a stormwater management plan or an executed agreement in lieu of a stormwater management plan, and has obtained VSMP authority approval to begin land disturbance. A locality that is not a VSMP authority shall provide a general notice to applicants of the state permit coverage requirement and report all approvals pursuant to the Erosion and Sediment Control Law (§ [62.1-44.15:51](#) et seq.) to begin land disturbance of one acre or greater to the Department at least monthly. Upon the development of an online reporting system by the Department, but no later than July 1, 2014, a VSMP authority shall be required to obtain evidence of state VSMP permit coverage where it is required prior to providing approval to begin land disturbance. The VSMP authority shall act on any permit application within 60 days after it has been determined by the VSMP authority to be a complete application. The VSMP authority may either issue project approval or denial and shall provide written rationale for the denial. The VSMP authority shall act on any permit application that has been previously disapproved within 45 days after the application has been revised, resubmitted for approval, and deemed complete. Prior to issuance of any approval, the VSMP authority may also require an applicant, excluding state and federal entities, to submit a reasonable performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement acceptable to the VSMP authority, to ensure that measures could be taken by the VSMP authority at the applicant's expense should he fail, after proper notice, within the time specified to initiate or maintain appropriate actions that may be required of him by the permit conditions as a result of his land-disturbing activity. If the VSMP authority takes such action upon such failure by the applicant, the VSMP authority may collect from the applicant the difference should the amount of the reasonable cost of such action exceed the amount of the security held. Within 60 days of the completion of the requirements of the permit conditions, such bond, cash escrow, letter of credit, or other legal arrangement, or the unexpended

or unobligated portion thereof, shall be refunded to the applicant or terminated. These requirements are in addition to all other provisions of law relating to the issuance of permits and are not intended to otherwise affect the requirements for such permits.

B. A Chesapeake Bay Preservation Act Land-Disturbing Activity shall be subject to coverage under the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities until July 1, 2014, at which time it shall no longer be considered a small construction activity but shall be then regulated under the requirements of this article.

C. Notwithstanding any other provisions of this article, the following activities are exempt, unless otherwise required by federal law:

1. Permitted surface or deep mining operations and projects, or oil and gas operations and projects conducted under the provisions of Title 45.2;

2. Clearing of lands specifically for agricultural purposes and the management, tilling, planting, or harvesting of agricultural, horticultural, or forest crops, livestock feedlot operations, or as additionally set forth by the Board in regulations, including engineering operations as follows: construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds, ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation; however, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (§ [10.1-1100](#) et seq.) or is converted to bona fide agricultural or improved pasture use as described in subsection B of § [10.1-1163](#);

3. Single-family residences separately built and disturbing less than one acre and not part of a larger common plan of development or sale, including additions or modifications to existing single-family detached residential structures. However, localities subject to the provisions of the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.) may regulate these single-family residences where land disturbance exceeds 2,500 square feet;

4. Land-disturbing activities that disturb less than one acre of land area except for land-disturbing activity exceeding an area of 2,500 square feet in all areas of the jurisdictions designated as subject to the Chesapeake Bay Preservation Area Designation and Management Regulations adopted pursuant to the provisions of the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.) or activities that are part of a larger common plan

of development or sale that is one acre or greater of disturbance; however, the governing body of any locality that administers a VSMP may reduce this exception to a smaller area of disturbed land or qualify the conditions under which this exception shall apply;

5. Discharges to a sanitary sewer or a combined sewer system;

6. Activities under a state or federal reclamation program to return an abandoned property to an agricultural or open land use;

7. Routine maintenance that is performed to maintain the original line and grade, hydraulic capacity, or original construction of the project. The paving of an existing road with a compacted or impervious surface and reestablishment of existing associated ditches and shoulders shall be deemed routine maintenance if performed in accordance with this subsection; and

8. Conducting land-disturbing activities in response to a public emergency where the related work requires immediate authorization to avoid imminent endangerment to human health or the environment. In such situations, the VSMP authority shall be advised of the disturbance within seven days of commencing the land-disturbing activity, and compliance with the administrative requirements of subsection A is required within 30 days of commencing the land-disturbing activity.

1989, cc. 467, 499, § 10.1-603.8; 1994, cc. [605](#), [898](#); 2004, c. [372](#); 2011, c. [400](#); 2012, cc. [785](#), [819](#); 2013, cc. [756](#), [793](#); 2014, cc. [303](#), [598](#).

**§62.1-44.15:34. (Effective July 1, 2024) Regulated activities; submission and approval of a permit application; security for performance; exemptions.**

A. A person shall not conduct any land-disturbing activity until (i) he has submitted to the appropriate VESMP authority an application that includes a permit registration statement, if required, a soil erosion control and stormwater management plan or an executed agreement in lieu of a plan, if required, and (ii) the VESMP authority has issued its land-disturbance approval. In addition, as a prerequisite to engaging in an approved land-disturbing activity, the name of the individual who will be assisting the owner in carrying out the activity and holds a Responsible Land Disturber certificate pursuant to § [62.1-44.15:30](#) shall be submitted to the VESMP authority. Any VESMP authority may waive the Responsible Land Disturber certificate requirement for an agreement in lieu of a plan; however, if a violation occurs during the land-disturbing activity, then the owner shall correct the violation and provide the name of the individual holding a Responsible Land Disturber certificate as provided by § 62.1-14:30. Failure to provide the name of an

individual holding a Responsible Land Disturber certificate prior to engaging in land-disturbing activities may result in revocation of the land-disturbance approval and shall subject the owner to the penalties provided in this article.

1. A VESMP authority that is implementing its program pursuant to subsection A of § [62.1-44.15:27](#) or subdivision B 1 of § [62.1-44.15:27](#) shall determine the completeness of any application within 15 days after receipt, and shall act on any application within 60 days after it has been determined by the VESMP authority to be complete. The VESMP authority shall issue either land-disturbance approval or denial and provide written rationale for any denial. Prior to issuing a land-disturbance approval, a VESMP authority shall be required to obtain evidence of permit coverage when such coverage is required. The VESMP authority also shall determine whether any resubmittal of a previously disapproved application is complete within 15 days after receipt and shall act on the resubmitted application within 45 days after receipt.

2. A VESMP authority implementing its program in coordination with the Department pursuant to subdivision B 2 of § [62.1-44.15:27](#) shall determine the completeness of any application within 15 days after receipt, and shall act on any application within 60 days after it has been determined by the VESMP authority to be complete. The VESMP authority shall forward a soil erosion control and stormwater management plan to the Department for review within five days of receipt. If the plan is incomplete, the Department shall return the plan to the locality immediately and the application process shall start over. If the plan is complete, the Department shall review it for compliance with the water quality and water quantity technical criteria and provide its recommendation to the VESMP authority. The VESMP authority shall either (i) issue the land-disturbance approval or (ii) issue a denial and provide a written rationale for the denial. In no case shall a locality have more than 60 days for its decision on an application after it has been determined to be complete. Prior to issuing a land-disturbance approval, a VESMP authority shall be required to obtain evidence of permit coverage when such coverage is required.

The VESMP authority also shall forward to the Department any resubmittal of a previously disapproved application within five days after receipt, and the VESMP authority shall determine whether the plan is complete within 15 days of its receipt of the plan. The Department shall review the plan for compliance with the water quality and water quantity technical criteria and provide its recommendation to the VESMP authority, and the VESMP authority shall act on the resubmitted application within 45 days after receipt.

3. When a state agency or federal entity submits a soil erosion control and stormwater management plan for a project, land disturbance shall not commence until the Board has reviewed and approved the plan and has issued permit coverage when it is required.

a. The Board shall not approve a soil erosion control and stormwater management plan submitted by a state agency or federal entity for a project involving a land-disturbing activity (i) in any locality that has not adopted a local program with more stringent ordinances than those of the state program or (ii) in multiple jurisdictions with separate local programs, unless the plan is consistent with the requirements of the state program.

b. The Board shall not approve a soil erosion control and stormwater management plan submitted by a state agency or federal entity for a project involving a land-disturbing activity in one locality with a local program with more stringent ordinances than those of the state program, unless the plan is consistent with the requirements of the local program.

c. If onsite changes occur, the state agency or federal entity shall submit an amended soil erosion control and stormwater management plan to the Department.

d. The state agency or federal entity responsible for the land-disturbing activity shall ensure compliance with the approved plan. As necessary, the Board shall provide project oversight and enforcement.

4. Prior to issuance of any land-disturbance approval, the VESMP authority may also require an applicant, excluding state agencies and federal entities, to submit a reasonable performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement acceptable to the VESMP authority, to ensure that measures could be taken by the VESMP authority at the applicant's expense should he fail, after proper notice, within the time specified to comply with the conditions imposed by the VESMP authority as a result of his land-disturbing activity. If the VESMP authority takes such action upon such failure by the applicant, the VESMP authority may collect from the applicant the difference should the amount of the reasonable cost of such action exceed the amount of the security held. Within 60 days of the completion of the VESMP authority's conditions, such bond, cash escrow, letter of credit, or other legal arrangement, or the unexpended or unobligated portion thereof, shall be refunded to the applicant or terminated.

B. The VESMP authority may require changes to an approved soil erosion control and stormwater management plan in the following cases:

1. Where inspection has revealed that the plan is inadequate to satisfy applicable regulations or ordinances; or

2. Where the owner finds that because of changed circumstances or for other reasons the plan cannot be effectively carried out, and proposed amendments to the plan, consistent with the requirements of this article, are agreed to by the VESMP authority and the owner.

C. In order to prevent further erosion, a VESMP authority may require approval of a soil erosion control and stormwater management plan for any land identified as an erosion impact area by the VESMP authority.

D. A VESMP authority may enter into an agreement with an adjacent VESMP authority regarding the administration of multijurisdictional projects, specifying who shall be responsible for all or part of the administrative procedures. Should adjacent VESMP authorities fail to reach such an agreement, each shall be responsible for administering the area of the multijurisdictional project that lies within its jurisdiction.

E. The following requirements shall apply to land-disturbing activities in the Commonwealth:

1. Any land-disturbing activity that (i) disturbs one acre or more of land or (ii) disturbs less than one acre of land and is part of a larger common plan of development or sale that results in one acre or greater of land disturbance may, in accordance with regulations adopted by the Board, be required to obtain permit coverage.

2. For a land-disturbing activity occurring in an area not designated as a Chesapeake Bay Preservation Area subject to the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.):

a. Soil erosion control requirements and water quantity technical criteria adopted pursuant to this article shall apply to any activity that disturbs 10,000 square feet or more, although the locality may reduce this regulatory threshold to a smaller area of disturbed land. A plan addressing these requirements shall be submitted to the VESMP authority in accordance with subsection A. This subdivision shall also apply to additions or modifications to existing single-family detached residential structures.

b. Soil erosion control requirements and water quantity and water quality technical criteria shall apply to any activity that (i) disturbs one acre or more of land or (ii) disturbs less than one acre of land and is part of a larger common plan of development or sale that results in one acre or greater of land disturbance, although the locality may reduce

this regulatory threshold to a smaller area of disturbed land. A plan addressing these requirements shall be submitted to the VESMP authority in accordance with subsection A.

3. For a land-disturbing activity occurring in an area designated as a Chesapeake Bay Preservation Area subject to the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.):

a. Soil erosion control and water quantity and water quality technical criteria shall apply to any land-disturbing activity that disturbs 2,500 square feet or more of land, other than a single-family detached residential structure. However, the governing body of any affected locality may reduce this regulatory threshold to a smaller area of disturbed land. A plan addressing these requirements shall be submitted to the VESMP authority in accordance with subsection A.

b. For land-disturbing activities for single-family detached residential structures, soil erosion control and water quantity technical criteria shall apply to any land-disturbing activity that disturbs 2,500 square feet or more of land, and the locality also may require compliance with the water quality technical criteria. A plan addressing these requirements shall be submitted to the VESMP authority in accordance with subsection A.

F. Notwithstanding any other provisions of this article, the following activities are not required to comply with the requirements of this article unless otherwise required by federal law:

1. Minor land-disturbing activities, including home gardens and individual home landscaping, repairs, and maintenance work;
2. Installation, maintenance, or repair of any individual service connection;
3. Installation, maintenance, or repair of any underground utility line when such activity occurs on an existing hard surfaced road, street, or sidewalk, provided the land-disturbing activity is confined to the area of the road, street, or sidewalk that is hard surfaced;
4. Installation, maintenance, or repair of any septic tank line or drainage field unless included in an overall plan for land-disturbing activity relating to construction of the building to be served by the septic tank system;
5. Permitted surface or deep mining operations and projects, or oil and gas operations and projects conducted pursuant to Title 45.2;

6. Clearing of lands specifically for bona fide agricultural purposes; the management, tilling, planting, or harvesting of agricultural, horticultural, or forest crops; livestock feedlot operations; agricultural engineering operations, including construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds, ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation; or as additionally set forth by the Board in regulations. However, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (§ [10.1-1100](#) et seq.) or is converted to bona fide agricultural or improved pasture use as described in subsection B of § [10.1-1163](#);

7. Installation of fence and sign posts or telephone and electric poles and other kinds of posts or poles;

8. Shoreline erosion control projects on tidal waters when all of the land-disturbing activities are within the regulatory authority of and approved by local wetlands boards, the Marine Resources Commission, or the United States Army Corps of Engineers; however, any associated land that is disturbed outside of this exempted area shall remain subject to this article and the regulations adopted pursuant thereto;

9. Repair or rebuilding of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of a railroad company;

10. Land-disturbing activities in response to a public emergency where the related work requires immediate authorization to avoid imminent endangerment to human health or the environment. In such situations, the VESMP authority shall be advised of the disturbance within seven days of commencing the land-disturbing activity, and compliance with the administrative requirements of subsection A is required within 30 days of commencing the land-disturbing activity; and

11. Discharges to a sanitary sewer or a combined sewer system that are not from a land-disturbing activity.

G. Notwithstanding any other provision of this article, the following activities are required to comply with the soil erosion control requirements but are not required to comply with the water quantity and water quality technical criteria, unless otherwise required by federal law:

1. Activities under a state or federal reclamation program to return an abandoned property to an agricultural or open land use;

2. Routine maintenance that is performed to maintain the original line and grade, hydraulic capacity, or original construction of the project. The paving of an existing road with a compacted or impervious surface and reestablishment of existing associated ditches and shoulders shall be deemed routine maintenance if performed in accordance with this subsection; and

3. Discharges from a land-disturbing activity to a sanitary sewer or a combined sewer system.

**§62.1-44.15:35. (Effective until July 1, 2024) Nutrient credit use and additional offsite options for construction activities.**

A. As used in this section:

"Nutrient credit" or "credit" means a nutrient credit certified pursuant to Article 4.02 (§ [62.1-44.19:12](#) et seq.).

"Tributary," within the Chesapeake Bay watershed, has the same meaning as in § [62.1-44.19:13](#). For areas outside of the Chesapeake Bay watershed, "tributary" includes the following watersheds: Albemarle Sound, Coastal; Atlantic Ocean, Coastal; Big Sandy; Chowan; Clinch-Powell; New Holston (Upper Tennessee); New River; Roanoke; and Yadkin.

"Virginia Stormwater Management Program Authority" or "VSMP authority" has the same meaning as in § [62.1-44.15:24](#) and includes, until July 1, 2014, any locality that has adopted a local stormwater management program.

B. A VSMP authority is authorized to allow compliance with stormwater nonpoint nutrient runoff water quality criteria established pursuant to § [62.1-44.15:28](#), in whole or in part, through the use of the applicant's acquisition of nutrient credits in the same tributary.

C. No applicant shall use nutrient credits to address water quantity control requirements. No applicant shall use nutrient credits or other offsite options in contravention of local water quality-based limitations (i) determined pursuant to subsection B of § [62.1-44.19:14](#), (ii) adopted pursuant to § [62.1-44.15:33](#) or other applicable authority, (iii) deemed necessary to protect public water supplies from demonstrated adverse nutrient impacts, or (iv) as otherwise may be established or approved by the Board. Where such a limitation exists, offsite options may be used provided that such options do not preclude or impair compliance with the local limitation.

D. A VSMP authority shall allow offsite options in accordance with subsection I when:

1. Less than five acres of land will be disturbed;
2. The postconstruction phosphorous control requirement is less than 10 pounds per year; or
3. The state permit applicant demonstrates to the satisfaction of the VSMP authority that (i) alternative site designs have been considered that may accommodate onsite best management practices, (ii) onsite best management practices have been considered in alternative site designs to the maximum extent practicable, (iii) appropriate onsite best management practices will be implemented, and (iv) full compliance with postdevelopment nonpoint nutrient runoff compliance requirements cannot practicably be met onsite. For purposes of this subdivision, if an applicant demonstrates onsite control of at least 75 percent of the required phosphorous nutrient reductions, the applicant shall be deemed to have met the requirements of clauses (i) through (iv).

E. Documentation of the applicant's acquisition of nutrient credits shall be provided to the VSMP authority and the Department in a certification from the credit provider documenting the number of phosphorus nutrient credits acquired and the associated ratio of nitrogen nutrient credits at the credit-generating entity. Until the effective date of regulations establishing application fees in accordance with § [62.1-44.19:20](#), the credit provider shall pay the Department a water quality enhancement fee equal to six percent of the amount paid by the applicant for the credits. Such fee shall be deposited into the Virginia Stormwater Management Fund established by § [62.1-44.15:29](#).

F. Nutrient credits used pursuant to subsection B shall be generated in the same or adjacent eight-digit hydrologic unit code as defined by the United States Geological Survey as the permitted site except as otherwise limited in subsection C. Nutrient credits outside the same or adjacent eight-digit hydrologic unit code may only be used if it is determined by the VSMP authority that no credits are available within the same or adjacent eight-digit hydrologic unit code when the VSMP authority accepts the final site design. In such cases, and subject to other limitations imposed in this section, credits available within the same tributary may be used. In no case shall credits from another tributary be used.

G. For that portion of a site's compliance with stormwater nonpoint nutrient runoff water quality criteria being obtained through nutrient credits, the applicant shall (i) comply with a 1:1 ratio of the nutrient credits to the site's remaining postdevelopment nonpoint nutri-

ent runoff compliance requirement being met by credit use and (ii) use credits certified as perpetual credits pursuant to Article 4.02 (§ [62.1-44.19:12](#) et seq.).

H. No VSMP authority may grant an exception to, or waiver of, postdevelopment non-point nutrient runoff compliance requirements unless offsite options have been considered and found not available.

I. The VSMP authority shall require that nutrient credits and other offsite options approved by the Department or applicable state board, including locality pollutant loading pro rata share programs established pursuant to § [15.2-2243](#), achieve the necessary nutrient reductions prior to the commencement of the applicant's land-disturbing activity. A pollutant loading pro rata share program established by a locality pursuant to § [15.2-2243](#) and approved by the Department or applicable state board prior to January 1, 2011, including those that may achieve nutrient reductions after the commencement of the land-disturbing activity, may continue to operate in the approved manner for a transition period ending July 1, 2014. The applicant shall have the right to select between the use of nutrient credits or other offsite options, except during the transition period in those localities to which the transition period applies. The locality may use funds collected for nutrient reductions pursuant to a locality pollutant loading pro rata share program under § [15.2-2243](#) for nutrient reductions in the same tributary within the same locality as the land-disturbing activity or for the acquisition of nutrient credits. In the case of a phased project, the applicant may acquire or achieve the offsite nutrient reductions prior to the commencement of each phase of the land-disturbing activity in an amount sufficient for each such phase.

J. Nutrient reductions obtained through nutrient credits shall be credited toward compliance with any nutrient allocation assigned to a municipal separate storm sewer system in a Virginia Stormwater Management Program Permit or Total Maximum Daily Load applicable to the location where the activity for which the nutrient credits are used takes place. If the activity for which the nutrient credits are used does not discharge to a municipal separate storm sewer system, the nutrient reductions shall be credited toward compliance with the applicable nutrient allocation.

K. A VSMP authority shall allow the full or partial substitution of perpetual nutrient credits for existing onsite nutrient controls when (i) the nutrient credits will compensate for 10 or fewer pounds of the annual phosphorous requirement associated with the original land-disturbing activity or (ii) existing onsite controls are not functioning as anticipated after reasonable attempts to comply with applicable maintenance agreements or

requirements and the use of nutrient credits will account for the deficiency. Upon determination by the VSMP authority that the conditions established by clause (i) or (ii) have been met, the party responsible for maintenance shall be released from maintenance obligations related to the onsite phosphorous controls for which the nutrient credits are substituted.

L. To the extent available, with the consent of the applicant, the VSMP authority, the Board or the Department may include the use of nutrient credits or other offsite measures in resolving enforcement actions to compensate for (i) nutrient control deficiencies occurring during the period of noncompliance and (ii) permanent nutrient control deficiencies.

M. This section shall not be construed as limiting the authority established under § [15.2-2243](#); however, under any pollutant loading pro rata share program established thereunder, the subdivider or developer shall be given appropriate credit for nutrient reductions achieved through nutrient credits or other offsite options.

N. In order to properly account for allowed nonpoint nutrient offsite reductions, an applicant shall report to the Department, in accordance with Department procedures, information regarding all offsite reductions that have been authorized to meet stormwater postdevelopment nonpoint nutrient runoff compliance requirements.

O. An applicant or a permittee found to be in noncompliance with the requirements of this section shall be subject to the enforcement and penalty provisions of this article.

2009, c. [364](#), § [10.1-603.8:1](#); 2010, c. [686](#); 2011, c. [523](#); 2012, cc. [748](#), [785](#), [808](#), [819](#); 2013, cc. [756](#), [793](#); 2015, c. [164](#).

**§62.1-44.15:35. (Effective July 1, 2024) Nutrient credit use and additional offsite options for construction activities.**

A. As used in this section:

"Nutrient credit" or "credit" means a type of offsite option that is a nutrient credit certified pursuant to Article 4.02 (§ [62.1-44.19:12](#) et seq.).

"Offsite option" means an alternative available, away from the real property where land disturbance is occurring, to address water quality or water quantity technical criteria established pursuant to § [62.1-44.15:28](#).

"Tributary," within the Chesapeake Bay watershed, has the same meaning as in § [62.1-44.19:13](#). For areas outside of the Chesapeake Bay watershed, "tributary" includes the following watersheds: Albemarle Sound, Coastal; Atlantic Ocean, Coastal; Big Sandy;

Chowan; Clinch-Powell; New Holston (Upper Tennessee); New River; Roanoke; and Yadkin.

B. No offsite option shall be used in contravention of local water quality-based limitations (i) determined pursuant to subsection B of § [62.1-44.19:14](#), (ii) adopted pursuant to § [62.1-44.15:33](#) or other applicable authority, (iii) deemed necessary to protect public water supplies from demonstrated adverse nutrient impacts, or (iv) as otherwise may be established or approved by the Board. Where such a limitation exists, offsite options may be used provided that such options do not preclude or impair compliance with the local limitation.

C. Unless prohibited by subsection B, a VESMP authority or a VSMP authority:

1. May allow the use of offsite options for compliance with water quality and water quantity technical criteria established pursuant to § [62.1-44.15:28](#), in whole or in part; and

2. Shall allow the use of nutrient credits for compliance with the water quality technical criteria when:

a. Less than five acres of land will be disturbed;

b. The phosphorous water quality reduction requirement is less than 10 pounds per year; or

c. It is demonstrated to the satisfaction of the VESMP or VSMP authority that (i) alternative site designs have been considered that may accommodate onsite best management practices, (ii) onsite best management practices have been considered in alternative site designs to the maximum extent practicable, (iii) appropriate onsite best management practices will be implemented, and (iv) compliance with water quality technical criteria cannot practicably be met onsite. The requirements of clauses (i) through (iv) shall be deemed to have been met if it is demonstrated that onsite control of at least 75 percent of the required phosphorous water quality reduction will be achieved.

D. No VSMP or VESMP authority may grant an exception to, or waiver of, post-development nonpoint nutrient runoff compliance requirements unless offsite options have been considered and found not available.

E. The VSMP or VESMP authority shall require that offsite options approved by the Department or applicable state board achieve the necessary phosphorous water quality reductions prior to the commencement of the land-disturbing activity. A pollutant loading pro rata share program established by a locality pursuant to § [15.2-2243](#) and approved

by the Department or applicable state board prior to January 1, 2011, including those that may achieve nutrient reductions after the commencement of the land-disturbing activity, may continue to operate in the approved manner for a transition period ending July 1, 2014. In the case of a phased project, the land disturber may acquire or achieve the off-site nutrient reductions prior to the commencement of each phase of the land-disturbing activity in an amount sufficient for each such phase. The land disturber shall have the right to select between the use of nutrient credits or other offsite options, except during the transition period in those localities to which the transition period applies.

F. With the consent of the land disturber, in resolving enforcement actions, the VESMP authority or the Board may include the use of offsite options to compensate for (i) nutrient control deficiencies occurring during the period of noncompliance and (ii) permanent nutrient control deficiencies.

G. This section shall not be construed as limiting the authority established under § [15.2-2243](#); however, under any pollutant loading pro rata share program established thereunder, the subdivider or developer shall be given appropriate credit for nutrient reductions achieved through offsite options. The locality may use funds collected for nutrient reductions pursuant to a locality pollutant loading pro rata share program for nutrient reductions in the same tributary within the same locality as the land-disturbing activity, or for the acquisition of nutrient credits.

H. Nutrient credits shall not be used to address water quantity technical criteria. Nutrient credits shall be generated in the same or adjacent fourth order subbasin, as defined by the hydrologic unit boundaries of the National Watershed Boundary Dataset, as the land-disturbing activity. If no credits are available within these subbasins when the VESMP or VSMP authority accepts the final site design, credits available within the same tributary may be used. The following requirements apply to the use of nutrient credits:

1. Documentation of the acquisition of nutrient credits shall be provided to the VESMP authority and the Department or the VSMP authority in a certification from the credit provider documenting the number of phosphorus nutrient credits acquired and the associated ratio of nitrogen nutrient credits at the credit-generating entity.

2. Until the effective date of regulations establishing application fees in accordance with § [62.1-44.19:20](#), the credit provider shall pay the Department a water quality enhancement fee equal to six percent of the amount paid for the credits. Such fee shall be deposited into the Virginia Stormwater Management Fund established by § [62.1-44.15:29](#).

3. For that portion of a site's compliance with water quality technical criteria being obtained through nutrient credits, the land disturber shall (i) comply with a 1:1 ratio of the nutrient credits to the site's remaining post-development nonpoint nutrient runoff compliance requirement being met by credit use and (ii) use credits certified as perpetual credits pursuant to Article 4.02 (§ [62.1-44.19:12](#) et seq.).

4. A VESMP or VSMP authority shall allow the full or partial substitution of perpetual nutrient credits for existing onsite nutrient controls when (i) the nutrient credits will compensate for 10 or fewer pounds of the annual phosphorous requirement associated with the original land-disturbing activity or (ii) existing onsite controls are not functioning as anticipated after reasonable attempts to comply with applicable maintenance agreements or requirements and the use of nutrient credits will account for the deficiency. Upon determination by the VESMP or VSMP authority that the conditions established by clause (i) or (ii) have been met, the party responsible for maintenance shall be released from maintenance obligations related to the onsite phosphorous controls for which the nutrient credits are substituted.

I. The use of nutrient credits to meet post-construction nutrient control requirements shall be accounted for in the implementation of total maximum daily loads and MS4 permits as specified in subdivisions 1, 2, and 3. In order to ensure that the nutrient reduction benefits of nutrient credits used to meet post-construction nutrient control requirements are attributed to the location of the land-disturbing activity where the credit is used, the following account method shall be used:

1. Chesapeake Bay TMDL.

a. Where nutrient credits are used to meet nutrient reduction requirements applicable to redevelopment projects, a 1:1 credit shall be applied toward MS4 compliance with the Chesapeake Bay TMDL waste load allocation or related MS4 permit requirement applicable to the MS4 service area, including the site of the land-disturbing activity, such that the nutrient reductions of redevelopment projects are counted as part of the MS4 nutrient reductions to the same extent as when land-disturbing activities use onsite measures to comply.

b. Where nutrient credits are used to meet post-construction requirements applicable to new development projects, the nutrient reduction benefits represented by such credits shall be attributed to the location of the land-disturbing activity where the credit is used to the same extent as when land-disturbing activities use onsite measures to comply.

c. A 1:1 credit shall be applied toward compliance by a locality that operates a regulated MS4 with its Chesapeake Bay TMDL waste load allocation or related MS4 permit requirement to the extent that nutrient credits are obtained by the MS4 jurisdiction from a nutrient credit-generating entity as defined in § [62.1-44.19:13](#) independent of or in excess of those required to meet the post-construction requirements.

2. Local nutrient-related TMDLs adopted prior to the land-disturbing activity.

a. Where nutrient credits are used to meet nutrient reduction requirements applicable to redevelopment projects, a 1:1 credit shall be applied toward MS4 compliance with any local TMDL waste load allocation or related MS4 permit requirement applicable to the MS4 service area, including the site of the land-disturbing activity, such that the nutrient reductions of redevelopment projects are counted as part of the MS4 nutrient reductions to the same extent as when land-disturbing activities use onsite measures to comply, provided the nutrient credits are generated upstream of where the land-disturbing activity discharges to the water body segment that is subject to the TMDL.

b. Where nutrient credits are used to meet post-construction requirements applicable to new development projects, the nutrient reduction benefits represented by such credits shall be attributed to the location of the land-disturbing activity where the credit is used to the same extent as when land-disturbing activities use onsite measures to comply, provided the nutrient credits are generated upstream of where the land-disturbing activity discharges to the water body segment that is subject to the TMDL.

c. A 1:1 credit shall be applied toward MS4 compliance with any local TMDL waste load allocation or related MS4 permit requirement to the extent that nutrient credits are obtained by the MS4 jurisdiction from a nutrient credit-generating entity as defined in § [62.1-44.19:13](#) independent of or in excess of those required to meet the post-construction requirements. However, such credits shall be generated upstream of where the land-disturbing activity discharges to the water body segment that is subject to the TMDL.

3. Future local nutrient-related TMDLs.

This subdivision applies only to areas where there has been a documented prior use of nutrient credits to meet nutrient control requirements in an MS4 service area that flows to or is upstream of a water body segment for which a nutrient-related TMDL is being developed. For a TMDL waste load allocation applicable to the MS4, the Board shall develop the TMDL waste load allocation with the nutrient reduction benefits represented

by the nutrient credit use being attributed to the MS4, except when the Board determines during the TMDL development process that reasonable assurance of implementation cannot be provided for nonpoint source load allocations due to the nutrient reduction benefits being attributed in this manner. The Board shall have no obligation to account for nutrient reduction benefits in this manner if the MS4 does not provide the Board with adequate documentation of (i) the location of the land-disturbing activities, (ii) the number of nutrient credits, and (iii) the generation of the nutrient credits upstream of the site at which the land-disturbing activity discharges to the water body segment addressed by the TMDL. Such attribution shall not be interpreted as amending the requirement that the TMDL be established at a level necessary to meet the applicable water quality standard.

**§62.1-44.15:36. Repealed.**

Repealed by Acts 2013, cc. [756](#) and 793, cl. [4](#).

**§62.1-44.15:37. (Effective until July 1, 2024) Monitoring, reports, investigations, inspections, and stop work orders.**

A. The VSMP authority (i) shall provide for periodic inspections of the installation of stormwater management measures, (ii) may require monitoring and reports from the person responsible for meeting the permit conditions to ensure compliance with the permit and to determine whether the measures required in the permit provide effective stormwater management, and (iii) shall conduct such investigations and perform such other actions as are necessary to carry out the provisions of this article. If the VSMP authority, where authorized to enforce this article, or the Department determines that there is a failure to comply with the permit conditions, notice shall be served upon the permittee or person responsible for carrying out the permit conditions by mailing with confirmation of delivery to the address specified in the permit application, or by delivery at the site of the development activities to the agent or employee supervising such activities. The notice shall specify the measures needed to comply with the permit conditions and shall specify the time within which such measures shall be completed. Upon failure to comply within the time specified, a stop work order may be issued in accordance with subsection B by the VSMP authority, where authorized to enforce this article, or by the Board, or the permit may be revoked by the VSMP authority, or the state permit may be revoked by the Board. The Board or the VSMP authority, where authorized to enforce this article, may pursue enforcement in accordance with § [62.1-44.15:48](#).

B. If a permittee fails to comply with a notice issued in accordance with subsection A within the time specified, the VSMP authority, where authorized to enforce this article, or the Department may issue an order requiring the owner, permittee, person responsible for carrying out an approved plan, or person conducting the land-disturbing activities without an approved plan or required permit to cease all land-disturbing activities until the violation of the permit has ceased, or an approved plan and required permits are obtained, and specified corrective measures have been completed.

Such orders shall be issued (i) in accordance with local procedures if issued by a locality serving as a VSMP authority or (ii) after a hearing held in accordance with the requirements of the Administrative Process Act (§ [2.2-4000](#) et seq.) if issued by the Department. Such orders shall become effective upon service on the person by mailing, with confirmation of delivery, sent to his address specified in the land records of the locality, or by personal delivery by an agent of the VSMP authority or Department. However, if the VSMP authority or the Department finds that any such violation is grossly affecting or presents an imminent and substantial danger of causing harmful erosion of lands or sediment deposition in waters within the watersheds of the Commonwealth or otherwise substantially impacting water quality, it may issue, without advance notice or hearing, an emergency order directing such person to cease immediately all land-disturbing activities on the site and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof, to such person, to affirm, modify, amend, or cancel such emergency order.

If a person who has been issued an order is not complying with the terms thereof, the VSMP authority or the Department may institute a proceeding in accordance with § [62.1-44.15:42](#).

1989, cc. 467, 499, § 10.1-603.11; 2004, c. [372](#); 2012, cc. [785](#), [819](#), 2013; cc. [756](#), [793](#).

**§62.1-44.15:37. (Effective July 1, 2024) Notices to comply and stop work orders.**

A. When the VESMP authority or the Board determines that there is a failure to comply with the permit conditions or conditions of land-disturbance approval, or to obtain an approved plan, permit, or land-disturbance approval prior to commencing land-disturbing activities, the VESMP authority or the Board may serve a notice to comply upon the owner, permittee, or person conducting land-disturbing activities without an approved plan, permit, or approval. Such notice to comply shall be served by delivery by facsimile, email, or other technology; by mailing with confirmation of delivery to the address specified in the permit or land-disturbance application, if available, or in the land records of

the locality; or by delivery at the site to a person previously identified to the VESMP authority by the permittee or owner. The notice to comply shall specify the measures needed to comply with the permit or land-disturbance approval conditions, or shall identify the plan approval or permit or land-disturbance approval needed to comply with this article, and shall specify a reasonable time within which such measures shall be completed. In any instance in which a required permit or land-disturbance approval has not been obtained, the VESMP authority or the Board may require immediate compliance. In any other case, the VESMP authority or the Board may establish the time for compliance by taking into account the risk of damage to natural resources and other relevant factors. Notwithstanding any other provision in this subsection, a VESMP authority or the Board may count any days of noncompliance as days of violation should the VESMP authority or the Board take an enforcement action. The issuance of a notice to comply by the Board shall not be considered a case decision as defined in § [2.2-4001](#).

B. Upon failure to comply within the time specified in a notice to comply issued in accordance with subsection A, a locality serving as the VESMP authority or the Board may issue a stop work order requiring the owner, permittee, or person conducting the land-disturbing activities without an approved plan or required permit or land-disturbance approval to cease all land-disturbing activities until the violation has ceased, or an approved plan and required permits and approvals are obtained, and specified corrective measures have been completed. The VESMP authority or the Board shall lift the order immediately upon completion and approval of corrective action or upon obtaining an approved plan or any required permits or approvals.

C. When such an order is issued by the Board, it shall be issued in accordance with the procedures of the Administrative Process Act (§ [2.2-4000](#) et seq.). Such orders shall become effective upon service on the person in the manner set forth in subsection A. However, where the alleged noncompliance is causing or presents an imminent and substantial danger of causing harmful erosion of lands or sediment deposition in waters within the watersheds of the Commonwealth or otherwise substantially impacting water quality, the locality serving as the VESMP authority or the Board may issue, without advance notice or procedures, an emergency order directing such person to cease immediately all land-disturbing activities on the site and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof, to such person, to affirm, modify, amend, or cancel such emergency order.

D. The owner, permittee, or person conducting a land-disturbing activity may appeal the issuance of any order to the circuit court of the jurisdiction wherein the violation was alleged to occur or other appropriate court.

E. An aggrieved owner of property sustaining pecuniary damage from soil erosion or sediment deposition resulting from a violation of an approved plan or required land-disturbance approval, or from the conduct of a land-disturbing activity commenced without an approved plan or required land-disturbance approval, may give written notice of an alleged violation to the locality serving as the VESMP authority and to the Board.

1. If the VESMP authority has not responded to the alleged violation in a manner that causes the violation to cease and abates the damage to the aggrieved owner's property within 30 days following receipt of the notice from the aggrieved owner, the aggrieved owner may request that the Board conduct an investigation and, if necessary, require the violator to stop the alleged violation and abate the damage to the property of the aggrieved owner.

2. Upon receipt of the request, the Board shall conduct an investigation of the aggrieved owner's complaint. If the Board's investigation of the complaint indicates that (i) there is a violation and the VESMP authority has not responded to the violation as required by the VESMP and (ii) the VESMP authority has not responded to the alleged violation in a manner that causes the violation to cease and abates the damage to the aggrieved owner's property within 30 days from receipt of the notice from the aggrieved owner, then the Board shall give written notice to the VESMP authority that the Board intends to issue an order pursuant to subdivision 3.

3. If the VESMP authority has not instituted action to stop the violation and abate the damage to the aggrieved owner's property within 10 days following receipt of the notice from the Board, the Board is authorized to issue an order requiring the owner, person responsible for carrying out an approved plan, or person conducting the land-disturbing activity without an approved plan or required land-disturbance approval to cease all land-disturbing activities until the violation of the plan has ceased or an approved plan and required land-disturbance approval are obtained, as appropriate, and specified corrective measures have been completed. The Board also may immediately initiate a program review of the VESMP.

4. Such orders are to be issued in accordance with the procedures of the Administrative Process Act (§ [2.2-4000](#) et seq.) and they shall become effective upon service on the person by mailing, with confirmation of delivery, sent to his address specified in the land

records of the locality, or by personal delivery by an agent of the Board. Any subsequent identical mail or notice that is sent by the Board may be sent by regular mail. However, if the Board finds that any such violation is grossly affecting or presents an imminent and substantial danger of causing harmful erosion of lands or sediment deposition in waters within the watersheds of the Commonwealth, it may issue, without advance notice or hearing, an emergency order directing such person to cease all land-disturbing activities on the site immediately and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof, to such person, to affirm, modify, amend, or cancel such emergency order.

5. If a person who has been issued an order or an emergency order is not complying with the terms thereof, the Board may institute a proceeding in the appropriate circuit court for an injunction, mandamus, or other appropriate remedy compelling the person to comply with such order. Any person violating or failing, neglecting, or refusing to obey any injunction, mandamus, or other remedy obtained pursuant to this section shall be subject, in the discretion of the court, to a civil penalty in accordance with the provisions of § [62.1-44.15:48](#). Any civil penalties assessed by a court shall be paid into the state treasury and deposited by the State Treasurer into the Stormwater Local Assistance Fund established pursuant to § [62.1-44.15:29.1](#).

**§62.1-44.15:37.1. Inspections; land-disturbing activities of natural gas pipelines; stop work instructions.**

A. The Department is authorized to conduct inspections of the land-disturbing activities of interstate and intrastate natural gas pipeline companies that have approved annual standards and specifications pursuant to § [62.1-44.15:31](#) as such land-disturbing activities relate to construction of any natural gas transmission pipeline equal to or greater than 24 inches inside diameter to determine (i) compliance with such annual standards and specifications, (ii) compliance with any site-specific plans, and (iii) if there have been or are likely to be adverse impacts to water quality as a result of such land-disturbing activities, including instances where (a) there has been a violation of any water quality standard adopted pursuant to the State Water Control Law (§ [62.1-44.2](#) et seq.), (b) sediment has been deposited in significant amounts in areas where those deposits are not contained by best management practices, (c) there are repeated instances of adverse impacts or likely adverse impacts within a 30-day period, or (d) there have been

widespread and repeated instances of adverse impacts or likely impacts. When the Department determines that there has been a substantial adverse impact to water quality or that an imminent and substantial adverse impact to water quality is likely to occur as a result of such land-disturbing activities, the Department may issue a stop work instruction, without advance notice or hearing, requiring that all or part of such land-disturbing activities on the part of the site that caused the substantial adverse impacts to water quality or are likely to cause imminent and substantial adverse impacts to water quality be stopped until corrective measures specified in the stop work instruction have been completed and approved by the Department. Where substantial adverse impacts or likely adverse impacts are found on a repeated, frequent, and widespread basis, the Department may issue a stop work instruction for every work area in Virginia until the Department determines that any systemic cause that contributed to such occurrences has been corrected.

Such stop work instruction shall become effective upon service on the company by email or other technology agreed to in writing by the Department and the company, by mailing with confirmation of delivery to the address specified in the annual standards and specifications, if available, or by delivery at the site to a person previously identified to the Department by the company. Upon request by the company, the Director or his designee shall review such stop work instruction within 48 hours of issuance.

B. Within 10 business days of issuance of a stop work instruction, the Department shall promptly provide to such company an opportunity for an informal fact-finding proceeding concerning the stop work instruction and any review by the Director or his designee. Reasonable notice as to the time and place of the informal fact-finding proceeding shall be provided to such company. Within 10 business days of the informal fact-finding proceeding, the Department shall affirm, modify, amend, or cancel such stop work instruction. Upon written documentation from the company of the completion and approval by the Department in writing of the corrective measures specified in the stop work instruction, the instruction shall be immediately lifted.

C. The company may appeal such stop work instruction or preliminary decision rendered by the Director or his designee to the circuit court of the jurisdiction wherein the land-disturbing activities subject to the stop work instruction occurred, or to another appropriate court, in accordance with the requirements of the Administrative Process Act (§ [2.2-4000](#) et seq.). Any person violating or failing, neglecting, or refusing to obey a stop work instruction issued by the Department may be compelled in a proceeding instituted in the

circuit court of the jurisdiction wherein the violation was alleged to have occurred or other appropriate court to obey same and to comply therewith by injunction, mandamus, or other appropriate remedy. Nothing in this section shall prevent the Board or the Department from taking any other action authorized by this chapter.

**§62.1-44.15:38. (For repeal date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Department to review VSMPs.**

A. The Department shall develop and implement a review and evaluation schedule so that the effectiveness of each VSMP authority, Municipal Separate Storm Sewer System Management Program, and other MS4 permit requirements is evaluated no less than every five years. The review shall include an assessment of the extent to which the program has reduced nonpoint source pollution and mitigated the detrimental effects of localized flooding. Such reviews shall be coordinated with those being implemented in accordance with the Erosion and Sediment Control Law (§ [62.1-44.15:51](#) et seq.) and associated regulations and, where applicable, the Chesapeake Bay Preservation Act (§ [62.1-44.15:67](#) et seq.) and associated regulations.

B. Following completion of a compliance review of a VSMP, the Department shall provide results and compliance recommendations to the Board in the form of a corrective action agreement if deficiencies are found; otherwise, the Board may find the program compliant. If, after such a review and evaluation, a VSMP is found to have a program that does not comply with the provisions of this article or regulations adopted thereunder, the Board shall establish a schedule for the VSMP authority to come into compliance. The Board shall provide a copy of its decision to the VSMP authority that specifies the deficiencies, actions needed to be taken, and the approved compliance schedule. If the VSMP has not implemented the necessary compliance actions identified by the Board within 30 days following receipt of the corrective action agreement, or such additional period as is granted to complete the implementation of the corrective action, then the Board shall have the authority to (i) issue a special order to any VSMP imposing a civil penalty not to exceed \$5,000 per day with the maximum amount not to exceed \$20,000 per violation for noncompliance with the requirements of this article and its regulations, to be paid into the state treasury and deposited in the Virginia Stormwater Management Fund established by § [62.1-44.15:29](#) or (ii) revoke its approval of the VSMP. The Administrative Process Act (§ [2.2-4000](#) et seq.) shall govern the activities and proceedings of the Board under this article and the judicial review thereof.

If the Board revokes its approval of a VSMP, the Board shall find the VSMP authority provisional and shall have the Department assist with the administration of the program until the VSMP authority is deemed compliant with the requirements of this article and associated regulations. Assisting with administration includes the ability to review and comment on plans to the VSMP authority, to conduct inspections with the VSMP authority, and to conduct enforcement in accordance with this article and associated regulations.

In lieu of issuing a special order or revoking the program, the Board may take legal action against a VSMP pursuant to § [62.1-44.15:48](#) to ensure compliance.

In addition to the Board's authority set forth in § [62.1-44.20](#), a locality serving as a VESMP authority or any duly authorized agent thereof may, at reasonable times and under reasonable circumstances, enter any establishment or upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations necessary in the enforcement of the provisions of this article. For localities that

operate regulated municipal separate storm sewer systems, this authority shall apply only to those properties from which a discharge enters their municipal separate storm sewer systems.

In accordance with a performance bond with surety, cash escrow, letter of credit, any combination thereof, or such other legal arrangement, a VESMP authority may also enter any establishment or upon any property, public or private, for the purpose of initiating or maintaining appropriate actions that are required by conditions imposed by the VESMP authority on a land-disturbing activity when an owner, after proper notice, has failed to take acceptable action within the time specified.

A locality serving as a VESMP authority may apply to the appropriate court in any jurisdiction wherein the land lies to enjoin a violation or a threatened violation of the provisions of a local ordinance or order or the conditions of a local land-disturbance approval. Any person violating or failing, neglecting, or refusing to obey any injunction, mandamus, or other remedy obtained pursuant to this article shall be subject, in the discretion of the court, to a civil penalty that shall be assessed and used in accordance with the provisions of subsection A or B, as applicable.

Such locality may utilize the civil penalty provisions in subsection A of § [62.1-44.15:48](#), the injunctive authority as provided for in subdivision D 1 of § [62.1-44.15:48](#), and the civil charges as authorized in subdivision D 2 of § [62.1-44.15:48](#), to enforce the ordinance.
